HIGHMARK BENEFITS GROUP

An independent licensee of the Blue Cross and Blue Shield Association

May 17, 2023

Ms. Lindsi Swartz, MBA, MCM, Director – Accident and Health Rate and Policy Form Review
Bureau of Life, Accident & Health Insurance
Commonwealth of Pennsylvania Insurance Department
1311 Strawberry Square
Harrisburg, PA 17120

Re: Highmark Benefits Group (HBG) 2024 ACA Rate Filing (Small Group Market)
HBG Filing # 1A-SG-HBG-2024 (SERFF Filing # HGHM-133667934)

This constitutes Notice pursuant to Section 707 of the Pennsylvania Right-to-Know Law that the attached Highmark Benefits Group 2024 Small Group Market Rates Filing contains Trade Secret and Confidential Proprietary Information. Therefore, Highmark Benefits Group must, prior to the release of any portion of this Filing, be notified of any request by a third party for access to this Filing, and the Trade Secret and/or Confidential Proprietary Information identified by Highmark Benefits Group should be redacted before release.

Dear Ms. Swartz:

This Filing includes Highmark Benefits Group (HBG) (NAIC # 15508; HIOS Issuer ID # 79962) Small Group Market Off Exchange ACA rate filing and the supporting rate development for policies with effective dates on or after **January 1, 2024.**

In the event the Department decides to publish this Filing in the PA Bulletin, the company information requested as per the Department's 2024 ACA-Compliant Health Insurance Rate Filing Guidance, Section B, is provided below:

1. Company Name & NAIC #: **Highmark Benefits Group, NAIC # 15508 ("Company")**

2. Market: **Small Group ("Market")**

3. On or Off Exchange: This Company's products are offered **Off Exchange only**

4. Effective date of coverage: **January 1, 2024**

5. Average rate change requested: **5.7% increase**

6. Range of rate change requested: **4.6% to 6.9%**

7. Total additional annual revenue generated from the proposed rate change: **$11,171,794**

8. Product(s): **PPO**

9. Rating Areas and the change from 2023: **Regions 6, 7, 9** (Central, PA only)

   There are no changes in our covered Rating Areas from the 2021 rate filing.

10. Metal Levels and Catastrophic Plans: This filing reflects that the Company anticipates selling the following Metal Levels of coverage in the indicated Market: **Platinum, Gold, Silver, and Bronze**

11. Current number of covered lives and of policyholders as of February 1, 2023: **21,816 covered lives; 13,675 policyholders**

12. Number of plans offered in 2024 and the change this represents from 2023: **43**

    The Company offered 42 plans in 2023. For 2024, the Company is terminating 7 plans from the Market, renewing 35 plans, and offering 8 new plans

    Please note that inclusion of premium rates in this filing for a given offering should not be construed to mean that the offering will ultimately be made available for sale in the market. Final offering decisions will be made consistent with and within the timelines set forth in CMS rules and/or ACA regulations.

13. Corresponding contract form number, SERFF and Binder ID numbers: The corresponding SERFF binder number is **HGHM-PA24-125116321**affecting the following Company products and forms:

Product Name / Type	**Contract Form & SERFF #**
PPO Blue	CERT-HBG-PPO-SM-2024; HGHM-133665404
PPO Blue Qualified	CERT-HBG-HDHP-SM-2024; HGHM-133665405
Choice Blue PPO	CERT-HBG-PPO-T-SM-2024; HGHM-133665406
Lehigh Valley Flex Blue PPO	CERT-HBG-PPO-T-SM-2024; HGHM-133665406
Choice Blue PPO Qualified	CERT-HBG-HDHP-T-SM-2024; HGHM-133665407

Product Name / Type	Contract Form & SERFF #
Lehigh Valley Flex Blue PPO Qualified	CERT-HBG-HDHP-T-SM-2024; HGHM-133665407

14. HIOS Issuer ID # and submission tracking number: **HIOS Issuer ID # 79962, Company Filing # 1A-SG-HBG-2024 (SERFF Filing # HGHM-133667934)**

Additional Filing Disclosures

The Company has submitted all Required Documents stipulated by the Department, including the federal documents related to this filing, in its SERFF submission. In addition to the Required Documents, the Company has submitted a Supplemental Exhibits file containing additional detailed exhibits on items referenced in the PA Actuarial Memorandum. All tables, exhibits, and detail in support of this filing and the PA Actuarial Memorandum have been included in Excel format. For the Department's benefit, the Excel files have retained their formulas to the extent possible.

CMS has instructed issuers that it no longer requires any interim changes to the URRT to be submitted.

Potential for Material Unforeseen Impacts: This filing assumes that there will be no significant changes in legislation, regulations or otherwise (i.e. rules, regulatory guidance, etc.) impacting the ACA market, and that there are no significant changes in the participation of QHP issuers that would materially change risk adjustment transfer amounts. This filing also assumes that transitional plan coverage will be available in the Pennsylvania Small Group market through 2024. Modifications to the rate development may be necessary if significant unforeseen events occur. Examples include, but are not limited to, repeal or invalidation of the ACA. As a result, Highmark Benefits Group reserves the right to submit a revised filing.

Request for Confidentiality

Please note that the rates and the supporting rate development contained in this Filing are competitively sensitive, are not in the public domain, and constitute business confidential proprietary/trade secret information that would cause harm to the competitive position of Highmark Benefits Group if disclosed to the public.

Public disclosure of any information contained in this Filing would allow Highmark Benefits Group competitors to better understand or discover its confidential and proprietary rating, pricing and/or marketing practices, would undermine competition in the Small Group market, and could have negative consequences for the operation of Highmark Benefits Group's business. Therefore, Highmark Benefits Group asserts that this Filing, in its entirety, constitutes Trade Secret and Confidential Proprietary Information and should not be disclosed.

It is our understanding that the Department does not intend to publish the confidential and proprietary information contained in this Filing or to otherwise permit this Filing and its confidential information, other than the redacted information and final approved rates, to be disclosed or released.

Furthermore and pursuant to the Pennsylvania Right-to-Know Law ("RTKL"), Highmark Benefits Group must be notified prior to release of information contained in this Filing and be given the opportunity to respond to requests for such information. Should the Department receive such request or require the release of information contained in this Filing for its own purposes, Highmark Benefits Group asserts its right to release a redacted version of the Filing. In accordance with the RTKL, please contact the Highmark Benefits Group RTKL representative identified below prior to release of any information contained in this Filing:

Jill Rosengren, Esq.
RTKL Representative
Director Privacy & Data Ethics
120 Fifth Avenue, Suite 2114
Pittsburgh, PA 15222

Furthermore, it should be noted that Highmark Benefits Group is equally concerned that even if this information is released in aggregate form, it still may be easy to identify the carrier that submitted it.

Should you have any questions regarding the attached Filing, please feel free to contact me at (412) 544-3845 or via e-mail at: Cory.Orzak@highmark.com.

Sincerely,

Cory Orzak, FSA, MAAA
Vice President, Actuarial Services
Highmark Inc.

Pennsylvania Actuarial Memorandum

Notable Changes from 2023

Plan offering changes:

- Seven plans have been discontinued for 2024 due to name changes requiring new HIOS IDs.
- Eight new plans have been added for 2024, seven of which are the plans with new names, one is a new plan design.

1. Basic Information and Data

A. Company Information (Table 0)

Table 0 has been completed as per the instructions. Please refer to the Excel file "2024 PA Actuarial Memorandum Rate Exhibits_HBG_05172023" submitted with this filing containing the department's required tables. General information pertaining to this rate filing is summarized below:

- Company Name: Highmark Benefits Group ("HBG", "Company")
- NAIC #: 15508
- HIOS Issuer ID: 79962
- State: Pennsylvania
- Market: Small Group
- Rating Area: Pennsylvania Rating Regions 6, 7, and 9
- Effective Date: 1/1/2024
- SERFF Rate Filing #: HGHM-133667934

This filing assumes that there will be no significant changes in legislation, regulations or otherwise (i.e. rules, regulatory guidance, etc.) impacting the ACA market subsequent to the filing date, and that there are no significant changes in the participation of QHP issuers that would materially change the company's expected liabilities. This filing also assumes that transitional plan coverage will be available in the Pennsylvania Small Group market through 2024. Modifications to the rate development may be necessary if significant unforeseen events occur. Examples include, but are not limited to, repeal or invalidation of the ACA. As a result, HBG reserves the right to submit a revised filing.

B. Rate History and Proposed Variations in Rate Changes

The most recent three years of historical rate changes in the Pennsylvania Small Group Market for the Company are as follows:

Period	Avg. Increase	SERFF ID#
2023	5.1%	HGHM-133250446
2022	5.5%	HGHM-132830994
2021	2.4%	HGHM-132380419

The rate changes vary by plan due to changes in the allowable plan level base rate components (pricing actuarial factors, geographic rating factors, network discounts, and administrative charges). These components are re-evaluated each year to keep pace with market changes and changes in health care costs. The rate changes also vary by plan due to mappings between discontinued and new plans. For 2024, the Company's proposed rate revisions vary by plan according to the detail presented in the URRT, Worksheet 2, and the PA Rate Template Table 10.

C. Average Rate Change

The average rate change from Table 11, Cell AN13 is 5.7%. The rates shown in Table 11 apply the Geographic Area Factors to the Table 10 calibrated index rates.

For comparison, the change in 21-year-old non-tobacco premium PMPM calculated in Table 10, Cell AC15, is 5.6%.

The primary drivers of the 5.7% rate increase can be seen in the Table 8 results of the Pennsylvania Actuarial Memorandum exhibits.

D. Membership Count (Table 1)

Table 1 has been completed according to the instructions with the average age, age breakdown and total number of members or member months, as indicated in the table. For the 2/1/2023 data, this table reflects all the Company's Small Group ACA enrollment, including enrollment from 2022 and 2023 plan year plans.

E. Benefit Changes

Some plan designs were changed due to a re-evaluation of benefit designs and marketing considerations.

For the 2024 plan year, there were no benefit changes necessary to the Company's plans to cover the benefits contained in the state's Essential Health Benefit (EHB) benchmark plan.

F. Experience Period Claims and Premium (Table 2)

Please see Table 2 for the experience period data for the most recent calendar year, for the Company and Market. The experience period paid claims data represents the 2022 calendar year results for all Affordable Care Act compliant policies in the single risk pool, with run out through February, 2023 (2 months). This data is consistent with the data reported in Section I of Worksheet I of the URRT (see below commentary).

The components of this exhibit were developed as follows:

- The Earned Premium represents actual revenues earned in the experience period.

- The Allowed Claims represent the Company's best estimate of the total claims prior to member cost sharing incurred during the experience period. The Allowed Claims include:
    - Two months of run out from the end of the experience period,
    - Claims processed outside of the Company's claims system (e.g., settlements), and
    - The Company's best estimate of claims incurred but not paid as of the end of the run-out period.

  Note that the Incurred Claims and Allowed Claims presented in the URRT are net of the Prescription Drug Rebates on their appropriate basis, while Table 2 has the Prescription Drug Rebates separately identified and grossed up by the experience period paid to allowed ratio. As per the URR instructions, Allowed Claims do not include reinsurance recoveries or pooling charges, nor do they include quality incentive payments.
- Prescription Drug Rebates are used to reduce the level of Incurred Claims in the experience period. However, for entry into Table 2, the Prescription Drug Rebates are grossed up by the experience period paid to allowed ratio since they are ultimately used to reduce allowed claims. This allows for the Table 2 results to feed into Table 5 without adjustment, but it does cause the calculated loss ratio in Table 2 to be slightly mis-stated.
- There are no non-EHB benefits or costs in the experience period.
- The EHB coverage for pediatric vision benefits are provided by the Company's vision coverage vendor under a capitation arrangement. These costs are $0.46 PMPM uniform across each member in the experience period and are reflected in Table 2 under the Total EHB Capitation section, where the capitation rate that the Company actually paid is grossed up by the experience period paid to allowed ratio, to get the capitations on an allowed claims basis. This further causes the calculated loss ratio in Table 2 to be slightly mis-stated.
- The Estimated Risk Adjustment represents the Company's best estimate of the year end risk adjustment transfer payment that the Company will incur based on the results in the experience period.
- The calculated loss ratio is 85.1%. This number is slightly below the actual loss ratio due to the adjustments to prescription drug rebates and capitations described above.

G. Credibility of Data (Tables 2b, 3b, 4b)

The Company has employed a credibility methodology consistent with ASOP #25 to determine the appropriate level of credibility to be assigned to the base experience period data. The assigned credibility level has been determined by referencing published studies from the Society of Actuaries (SOA), most notably "A Practical Approach to Assigning Credibility for Group Medical Insurance Pricing (December 2015)[1]," as well as utilizing actuarial judgment in consideration of the Company's base experience period and projection period computations. Employing the conclusions confirmed in the referenced SOA study, the Company has established a full credibility threshold of 2,000 average members for the experience period. As the average members from the experience period membership for the active population for this Company is 17,687, full credibility has been assigned to the base experience period.

H. Trend Identification (Table 3)

Table 3 identifies the annual medical and prescription drug allowed claims cost and utilization trends, as requested by the Pennsylvania Insurance Department. The definitions of service categories, cost, and utilization in Table 3 are consistent with the URRT instructions. The numbers entered in the Cost and Utilization columns are consistent with those entered in Worksheet I, Section 2 of the URRT, except as noted below.

To arrive at the trend assumption, the experience period cost and utilization data were pulled from the Company's claims systems by the defined benefit categories. For the trend component development, the Company uses results from the combined experience of the following companies within the Highmark corporate family: Highmark Inc. and Highmark Coverage Advantage. The combined experience used is limited to the Company's Rating Area and Market and provides a more material base to analyze the trend components impacting the business in the Company's Market. The trend development uses a projection of allowed claim PMPMs by service category that takes into account many factors, including the Company's expectations of changes in in-network provider contracting levels, changes in out-of-network costs, changes in utilization from medical management programs, and changes in drug costs from impacts such as generic drug development and new drug treatments. To reflect the impact of provider contracting on trend, changes in in-network provider contracting levels, either known or anticipated, are factored into the cost component of trend using detailed analysis of the impact on claim levels from each material provider arrangement.

The allowed claims used for the development of the trend are adjusted and normalized to obtain a claim basis appropriate for trend development. These adjustments include changes for in-network provider contracting levels, changes for out-of-network costs, changes in utilization from medical management programs, and changes in drug costs from impacts such as generic drug development and new drug treatments. In addition, the trend estimates normalize for benefit leveraging, population aging, changes in fee schedules, and external trend drivers. The projection of claim costs into the rating period utilizes the same categories of adjustment factors, adjusts for seasonality, and uses a statistical regression of historical trend levels to project monthly claim levels. This normalized and adjusted claim progression is then used to provide the basis for the Company's trend regression model, which will be used to establish the Company's rating trend.

The regression trend model is used to smooth out noise in the historical claim levels and to provide an appropriate jumping off point for projected claim levels. Using the factors discussed above to adjust projected claim levels, an appropriate assumption for trend was established using the experience period claim levels as the starting point. Since historical experience would encompass the expected coverage and demographic makeup of the membership, historical claim levels, adjusted for these factors and projected forward, would represent the best estimates of trend for this block of business.

For the rate development, the Company uses the aggregate claim trend for all types of service, applied to the experience period. This is done so that the combined trend is reasonable in consideration of the various pricing trend components and the overall anticipated trend level. Based on a review of the projected normalized annual trends for 2023 and 2024, an overall claim trend of 7.1% (4.0% cost; 2.9%

utilization) was selected for the 2024 rate development. Please refer to the "Trend Support" exhibit in the "2024 Supplemental Exhibits - HBG – 05172023.xlsx" file showing the historical and projected normalized claim values for the Company's trend determination, along with the Company's proposed base medical and drug claim trends.

In addition to the base medical and drug claims trend discussed above, the trend illustrated in Table 3 reflects changes in anticipated costs for claims processed outside of the Company's claims system, including Rx rebates and settlements. After the trends for the claims processed outside the Company's claims system are weighted in with the base medical and drug claim trend, we arrive at a trend of 7.6% (4.4% cost; 3.2% utilization), as seen entered in for the Year 2 trend on URRT Worksheet 1. This trend is the trend entered into Table 3 for non-capitated services.

Capitation rates are provided by our vision provider, and as such, their trend is handled separately from the other benefits. The capitation trend rate is 0.44%. This trend is different than the capitation trend in the URRT because it includes the impact of induced utilization changes that get averaged across all service categories in the URRT. This allows for a consistent change in induced demand to be applied in Table 3 as gets applied on the URRT.

I. Historical Experience (Table 4)

Table 4 presents the most recent 48 months (4 calendar years) of Company data with run-out through February 2023. Paid and allowed claims are sourced from detailed claim records. The data in table 4 excludes capitations, settlements, and other claims paid outside of the system since that data is not considered in developing trend assumptions. The claim add-ons excluded are projected independently. The Table 4 data matches the data in Table 2 if the claim add-ons are added in. This data combined with the data from other companies within Highmark's corporate family was used to develop the trend in Table 3. Please see Section 1.H above for further details.

2. Rate Development & Change

A. Projected Index Rate, Market-Adjusted Index Rate, & Total Allowed Claims (Table 5)

The development of the Projected Index Rate, Projected Market-Adjusted Index Rate, and Projected Total Allowed Claims, shown in Table 5, closely follows that utilized in the development presented in Worksheet 1 of the URRT, a discussion of which can be found in the Part III Actuarial Memorandum submitted in the Rate Filing Justification. Some of the items separately identified in Table 5 include:

- The Change in Morbidity represents an adjustment from the experience period claims to the projection period.
- The Change in Demographics adjustment factor of 0.998 reflects the change in age and geography factors the Company expects from the experience period to the projection period.

- The Change in Network adjustment reflects the change in the allowed claims the Company anticipates due to changes in in-network discount levels between the experience period and the projection period.
- The Change in Benefits adjustment reflects the change in the EHB benefits from the experience period and the projection period: None.

Please see the worksheet named "Table 5 Support" in the "2024 Supplemental Exhibits - HBG – 05172023.xlsx" file for the calculation of these factors from the Company's experience period data and projected rate results.

The Company's initial step in developing the index rates is to determine the expected covered membership for the rating period. The Company estimates the covered member base by adjusting for those groups known to have lapsed during the experience period, and those that are expected to lapse prior to the projection period. Then expected new business is added from groups with current transitional coverage moving to ACA plans, and groups currently with another carrier.

As the Company has seen through the transitional coverage availability period, many of the Small Group market customers have retained their pre-ACA coverage, and have yet to join the ACA risk pool. With the transitional coverage provisions indefinite extension, the Company continues to believe that many groups, especially lower-risk groups, will continue to retain their current transitional coverage until required to transfer coverage. The Company is expecting that enrollment increases slightly but the covered population will remain similar to the base experience period. Also, with the continued availability of transitional coverage, the Company expects any new groups moving into ACA products from transitional coverage will be of higher morbidity.

The development of the Projected Paid to Allowed Ratio shown in Table 5 is presented in the "2024 Supplemental Exhibits - HBG – 05172023.xlsx" file in the "Table 5 Paid-to-Allowed" worksheet. This value is consistent with the paid-to-allowed ratio in the URRT Worksheet 2, line 4.15 Incurred Claims, divided by line 4.11 Allowed Claims.

Table 5 reflects that the Company is assuming a Projected Risk Adjustment receipt in the projection period of $24.68 PMPM. The quantitative development of the projected risk adjustment transfer amount for the Company is shown in the worksheet named "Table 5 Risk Adjustment" in the "2024 Supplemental Exhibits - HBG – 05172023.xlsx" file (redacted from the public PDF). Verbally, the projected risk adjustment PMPMs were set equal to the 2022 actual PMPMs that were calculated from the preliminary release of RATEE data from the PID as of May 3, 2023.

The $24.68 PMPM value in cell C31 of Table 5 equals the $28.15 PMPM risk adjustment transfer value discussed above, along with a charge of -$4.99 PMPM for the projected net impact of the High Cost Risk Pool program, as well as a credit for high cost risk pool claims from the experience period of $1.51 PMPM. Please note that the risk adjustment user fee is captured in the taxes and fees portion of administrative costs. The development of the final Table 5 Risk Adjustment PMPM is also shown in the supporting exhibit.

The Projected Paid Exchange User Fees are developed from the Exchange user fees to be charged by CMS in 2024, multiplied by the percentage of business the Company expects to purchase Market coverage through the Exchange for this Company. For this Company, all business will be offered Off Exchange in 2024, so there are no Exchange User Fees charged in the rate development.

Small Group Quarterly Rates

For this Small Group Market filing, Table 5A has been completed, showing the number of member months renewing by quarter, and the quarterly Single Risk Pool Projected Allowed Claims. For this filing, quarterly rates are proposed, with rates adjusted each quarter as shown in the quarterly Annual Trends presented in Table 5A. Note that several adjustments are made to the Total Annual Trend from Table 3 to arrive at the quarterly Annual Trends shown in Table 5A. These adjustments include:

a. The Induced Utilization trend is excluded from the quarterly rate trends;
b. The quarterly rate trends are further adjusted to remove the impact of the Company's cost saving initiatives that produce one-time savings;
c. The timing of the renewals within the quarter are more appropriately considered; and
d. The quarterly rate trends more appropriately reflect that administrative costs do not increase at the same rate as claims.

b. Retention Items (Table 6)

Table 6 has been completed with the requested retention elements for the proposed rates for the rating period. The administrative expenses and taxes and fees presented in the rate development in Table 6 cell C53 equal the Taxes and Fees in Table 10.

Administrative costs reflect internal costs that the Company is projected to incur in the projected experience period, and are developed from standard expense allocation methods. Agent/broker fees and commissions reflect the Company's anticipated costs for these items in the experience period.

The development of internal administrative costs utilizes an allocation of Company costs back to lines of business. The allocation method uses measurable stats such as claims worked, inquiries worked, contracts, and members to allocate the majority of expenses. When possible, expenses are direct charged if they can be identified by product instead of going through an allocation method. For corporate allocations, a TCI (total costs incurred) methodology is generally used to allocate by product.

Administrative expense loads vary by plan to more appropriately capture the costs associated with plan administration. The total administrative costs anticipated by the Company have been split such that each plan receives a PMPM administrative load, along with a percent of premium administrative load. This methodology results in percent of premium expense loads that vary by plan.

The following Taxes and Fees were included in the rate development:

- $0.29 PMPM for the PCORI Fee

- $0.21 PMPM for the Risk Adjustment User Fee

Note the following regarding plan level retention items:

- The rate development reflects a 0% profit and risk load for all products and plans. The Company has voluntarily refrained from including a profit and risk load in this filing. By this voluntary action, the Company is not waiving any right to include a profit and risk load which the Company believes is consistent with historical and legal interpretations of the Company and the Department.
- Expenses for Quality Improvement Initiatives are estimated to be 7% of internal Company expenses, based upon historical analysis of these costs.

c. Normalized Market-Adjusted Projected Allowed Total Claims (Table 7)

The normalization factors presented in Table 7 are each determined from the underlying membership demographics expected in the projected rating period. The 2023 values are pulled from the prior year's filing, while the 2024 values represent the Company's projection for 2024 assumed in the 2024 rate development.

The Age Factor is the weighted average of the Average Age Factors for the Current ACA Book of Business as of February 2023 and for the membership moving to the ACA Book (from transitional and new business).

The Geographic Calibration Factor is the weighted average of the Area Factors, weighted by the projected membership in each rating area.

The Tobacco Surcharge is not applicable since the Company does not use one.

d. Components of Rate Change (Tables 8 and 9)

Table 8 presents the components of change in the proposed 2024 Calibrated Plan Adjusted Index Rate (PMPM). The 2023 base period allowed claims is carried over from the 2023 rate filing. Row H of Table 8 may differ from Row A due to the detailed breakdown of all the components of the increases in rows B through G not calculating exactly to the change in the calibrated plan adjusted index rate in Row A, which is the more accurate percentage change based on the rate development.

Table 9 presents the data elements supporting the calculations in Table 8. The amounts shown in the 2023 Column match those entered in the 2023 Column in the plan year 2023 rate filing.

3. Plan Rate Development (Table 10)

Table 10 showing the plan rate development has been completed following the instructions in the 2024 ACA Rate Filing Guidance. This table shows the plans that the Company intends to offer in 2024, as well as plans discontinued from the 2023 portfolio for 2024. Since many Small Group market enrollees as of 2/1/2023 are still in plan year 2022 plans, the enrollees in plan year 2022 plans were mapped to the plan year 2023 plan that the Company anticipates they will renew into in 2023. The calibrated plan adjusted index rates for 2024 and 2023, and all the supporting factors, are calculated according to the instructions.

Each plan takes the Market Adjusted Index Rate and multiplies by the Pricing AV, Benefit Richness Factor, Benefits in Addition to EHB Factor, Provider Network Factor, Catastrophic Eligibility Factor, and Non-Funding of CSR Adjustment Factor (not applicable to Small Group) in order to calculate the Pure Premium. The Pure Premium is then grossed up to account for expenses (Admin Costs, Taxes & Fees, and Profit or Contingency) in order to calculate the Calibrated Plan Adjusted Index Rate.

[Note that the HHS Actuarial Value Calculator was unable to accommodate all of the Company's benefit designs. Plans needing certification are marked in column I of Table 10. Screen shots of all of the AV calculations and the appropriate certifications are included as a separate attachment within the *Supporting Documentation* section in SERFF.]

The requested Induced Utilization Exhibit was completed and is presented within the "2024 Supplemental Exhibits – HBG – 05172023" file submitted with this filing (worksheet named "Induced Utilization"). Note that the calculated Induced Utilization factor in Column (8) is a component of the Actuarial Value Allowable Modifier. As such, it is adjusted by the Average Benefit Richness normalization factor of 1.122. In multiplying the Induced Utilization column (8) result by the Average Benefit Richness normalization factor, the result is the Induced Utilization factor appropriate for the plan's metal level (before normalization). These induced demand factors are consistent with the methodology described in the Department's rate filing guidance, which utilizes each plan's actuarial value to establish the appropriate induced demand factor for the plan.

The member- and network-weighted average of the pure plan-level Induced Utilization factors in the last column of the induced utilization exhibit against the projected membership does match the 1.000 expectation of the Department. This calculation can be seen at the bottom of the Induced Utilization Exhibit, where the formulas used in the calculation have been retained.

The Child Capping Adjustment is applied to the Age Calibration Factor in Table 10 to reflect the limitation on the number of children allowed in rating. This factor is determined by estimating the amount of lost revenue due to this restriction, and applying the resulting factor to the normalized age factor in the base rate development.

Support for the calibration factors is shown in the "2024 Supplemental Exhibits – HBG – 05172023" file on the worksheet named "Table 10 Calibration Factors".

4. Plan Premium Development for 21-Year-Old Non-Tobacco User (Table 11)

Table 11 presents the Company's 21-year-old non-tobacco premium in the Market for each rating quarter in 2024. As mentioned in Section 1.C above, the change in 21-year-old non-tobacco premium PMPM calculated in this table is a 5.7% increase.

As requested, membership by county and plan as of February 2023 is included in Table 11.

5. Plan Factors

A. Age and Tobacco Factors (Table 12)

Please see Table 12 for the Company's age and tobacco factors.

B. Geographic Factors (Table 13)

Please see Table 13 for the Company's geographic factors. The Company's geographic factors for the rating period were updated as a component of this rate filing submission. The proposed geographic factors were developed based on a review of the average facility costs for PPO products by region, using a market basket approach to procedures by facility. Similar levels of professional and pharmaceutical costs were added to each region to get an appropriate allowed claim basis for the geographic factors. Note that since this analysis is based only upon PPO costs and based only upon facility schedules, these factors do not reflect morbidity differences among regions, nor do they reflect differences based upon network discount levels.

As mentioned in the Cover Letter, the Company is not changing its product offerings by Rating Area.

C. Network Factors (Table 14)

Please see Table 14 for the Company's network rating factors. The Company's network factors for the rating period are unchanged from the currently approved factors.

D. Rate Change Summary

The Company requests and initial average rate increase of 5.7%. The proposed increases are being driven by rising medical care costs, which are expected to continue through the remainder of 2023 and throughout 2024 because of both higher utilization and the increasing cost of healthcare services.

E. Service Area Composition

The Company follows the Rating Area designations created by the state. All counties within a Rating Area are serviced by the Company, according to the Rating Areas specified in Table 14. The Company has submitted its current 2023 service area and its proposed 2024 service area in the file "Pennsylvania Counties Map - 2024 Filings – HBG.pdf" submitted with this filing. There are no proposed changes to the Company's service area from 2023 to 2024.

F. Composite Rating

The Company is currently not planning to use CMS's composite rating method for any of its off-SHOP plans offered during the rating period.

G. Connectivity Factors

The product filing does not have connectivity features.

6. Actuarial Certifications

I am a member of the American Academy of Actuaries and meet its qualification standards for actuaries issuing statements of actuarial opinions in the United States. This filing is prepared on behalf of the Company to accompany its rate filing (for calendar year 2024) for the Small Group Market off the Pennsylvania Exchange.

I hereby certify that the projected Index Rate is, to the best of my knowledge and understanding:

- In compliance with all applicable State and Federal Statutes and Regulations (45 CFR 156.80 and 147.102)
- Developed in compliance with the applicable Actuarial Standards of Practice
- Reasonable in relation to the benefits provided and the population anticipated to be covered
- Neither excessive nor deficient.

I certify that the Index Rate and only the allowable modifiers as described in 45 CFR 156.80(d)(1) and 45 CFR 156.80(d)(2) were used to generate plan level rates.

I certify that all factor, benefit and other changes from the prior approved filing have been disclosed in the actuarial memorandum.

I certify that any new plan is not a modification of an existing plan (per the uniform modification standards in 45 CFR 147.106).

I certify that the geographic rating factors reflect only differences in the costs of delivery (which can include unit cost and provider practice pattern differences) and do not include differences for population morbidity by geographic area.

I certify that the AV Calculator was used to determine the AV Metal Values shown in Part I of Worksheet 2 in the URRT for all plans.

The Unified Rate Review Template does not demonstrate the process used by the Company to develop the rates. Rather, it represents information required by Federal regulation to be provided in support of the review of rate increases, for certification of Qualified Health Plans for Federally-facilitated Exchanges, and for certification that the Index Rate is developed in accordance with Federal regulation and used consistently and only adjusted by the allowable modifiers.

I certify that the information presented in the PA Actuarial Memorandum and PA Actuarial Memorandum Rate Exhibits is consistent with the information presented in the 2024 Rate Filing Justification.

Signed: [Redacted]

E. Standard Questions

2024 ACA Small Group Rate Filing

Highmark Benefits Group

SERFF Rate Filing # HGHM-133667934

1. Membership

a. **If the projected membership for plan year 2024 significantly differs from the current 2/1/2023 membership, please explain why.**
   Projected membership for plan year 2024 does not significantly differ from the current 2/1/2023 membership.

2. Experience Period Claims

a. **Please confirm that all claims which are capitated have been removed from the experience period claims.**
   All claims which are capitated have been removed from the experience period claims.
b. **Please confirm that all non-EHB claims have been removed from the experience period claims.**
   All non-EHB claims have been removed from the experience period claims.
c. **How are drug rebates projected to change from the base period to the rating period? How has this change been reflected in the rate development?**
   Redacted.

3. COVID

a. **Please confirm that Tables 2-4 of the PAAM Exhibits do not have any COVID adjustment. Additionally, please confirm that any COVID adjustment factor in the filing is reflected in Table 5 of the PAAM Exhibits.**
   Tables 2-4 of the PAAM Exhibits do not have any COVID adjustment. There are no COVID adjustment factors other than 1.0 in the filing.
b. **If there is a COVID adjustment factor other than 1.0, please provide a quantitative exhibit supporting the factor.**
   N/A

4. Trend

a. **[SG. Only] If the Total Annual Trend in Table 3 (weighted by credibility) and the Annual Trend used to calculate quarterly rates in Table 5A differ, please provide an explanation and exhibit in support of the variation.**

As mentioned in the Pennsylvania Actuarial Memorandum, the quarterly rate trends are developed so that the resulting rates more appropriately reflect the claim costs and administrative charges expected in the quarterly rating periods, including the distribution of renewals expected within a rating quarter. Please see the "Quarterly Trend Support" tab in the "2024 Supplemental Exhibits – HBG -05172023.xlsx" file, which develops each quarterly trend factor from the annual trend assumption.

b. **[SG. Only] In Table 5A, if cells K32:M32 are left to equal J32, please explain why that is a reasonable assumption.**

   N/A

5. Table 6 – Retention

a. **Please confirm that the federal income tax is calculated using a Federal Income Tax Rate of 21%. If other adjustments were made in Table 6, cell C57, please provide a demonstration of how this number was calculated and an explanation of the other adjustments included in the calculation.**

   A federal Income Tax Rate of 21% is included in our General Admin. No adjustments are made in Table 6, cell C57.

b. **Please confirm that the Risk Adjustment User Fee PMPM is consistent with HHS Final Notice of Benefit and Payment Parameters for plan year 2024.**

   A Risk Adjustment User Fee of $0.21 PMPM was used, consistent with the HHS Final Notice of Benefit and Payment parameters for plan year 2024.

c. **Please provide an exhibit showing the commission PMPM amount to be paid to brokers in the following situations: Open-Enrollment Enrollee – Renewing, Open Enrollment Enrollee – New, Special Enrollment Period Enrollee – New, Special Enrollment Enrollee – Renewing. If the commission PMPM is not consistent between the four options above, please provide a detailed explanation as to the reason for the difference.**

   Redacted.

6. Pricing AVs

a. **Please confirm that the Pricing AVs were calculated using a single risk pool (i.e., claims experience is not separated by metal level).**

   The Pricing AVs were calculated using a single risk pool.

b. **Please identify and support any differences between the company's metallic AV calculator results and the corresponding Pricing AVs.**

   The Company has an internal continuance table-based model to assist in development of the projected paid/allowed ratios. The Company's model is dependent on claim-line detail derived from our entire Central PA small group population along with the benefit information for each plan. Beyond the model outputs, the Company reviews the results and applies actuarial judgement to determine the final plan level projected paid/allowed ratios used within this rate filing.

7. Expanded Bronze Plans

a. **Please provide an exhibit which demonstrates that the criteria for expanded bronze plans have been met.**

The requirements for using the expanded bronze plan de minimus range require that the bronze plan either

(1) covers and pays for at least one major service, other than preventive services, before the deductible or

(2) meets the requirements to be a high deductible health plan.

Below is a list of all HBG expanded bronze plans and the feature of the plan that satisfies the criteria for expanded bronze plans.

HIOS ID	Plan Name	Criteria for Qualifying as Expanded Bronze Plan
79962PA0260006-00	PPO Blue Qualified Embedded $7050 100/100 Bronze	Covers and pays for at least one major service before the deductible: PCP
79962PA0180004-00	Choice Blue Qualified Embedded 6650 Bronze	Covers and pays for at least one major service before the deductible: PCP

8. PAAM Exhibits – Consumer Factors

a. **Please provide quantitative and qualitative support for the proposed geographic rating area factors, if different from the previous year.**

The Company has a large hospital with unfavorable contract renewal within Rating Region 6. We have adjusted the geographic rating area factor of 0.930 (2023) to a proposed factor of 0.932 to account for this unfavorable renewal.

b. **Please provide quantitative and qualitative support for the proposed network factors, if different from the previous year.**

Network factors have not changed from 2023.

9. Public Health Emergency

a. **With the Public Health Emergency expected to end on May 11th, how has the rate development been affected? Please provide support for any adjustments, or support for making no adjustments, if applicable.**

Highmark agrees Covid has become an endemic contagion and is not planning for future surges in care. While the cost of vaccines will shift from the Federal government to insurance carriers, covid testing will be covered as other medical tests, allowing cost sharing. Given these offsetting factors, Highmark has not made an adjustment to pricing related to Covid.

b. **Furthermore, with the Public Health Emergency scheduled to end on May 11th, has any adjustment been made specifically to the morbidity assumption for Plan Year 2024?**
No adjustment has been made specifically to the morbidity assumption for Plan Year 2024.

c. **Please provide commentary on how the Company believes services such as COVID vaccinations and COVID testing will be handled in PY24. Within your response please clarify if these services will be considered preventative and covered at 100%.**
The Company is following the below assumptions:
    - COVID Vaccines
        - INN – preventative
        - OON – follows OON cost share design of the plan
    - Testing (Diagnostic/Antibody)
        - Defaults to cost share design of the plan for lab services
        - Occupational testing is excluded/not covered
        - OTC tests are not covered

10. MLR Exhibit

a. **Please complete table below which summarizes the most recent three years of complete MLR information.**
    i. **Actual is the final information which was filed for the specified calendar year**
    ii. **Pricing is the information which was projected in the final annual filing for the given year (i.e., 2020 pricing information is from the plan year 2020 annual filing submitted in 2019)**

	MLR		Member Months	
Calendar Year	**Actual**	**Projected**	**Actual**	**Projected**
2019	78.7%	89.4%	144,084	165,012
2020	78.9%	86.8%	164,887	152,256
2021	89.2%	90.2%	202,896	137,040

b. **Are the MLRs and Member Months between Actual and Pricing comparable? If not, explain.**
Please note that the values in the Projected columns above come from the Pennsylvania Actuarial Memorandum exhibits for the referenced pricing year (Tables 5, 6, and 10). The Actual results shown are from the URRT Worksheet 1 values from the pricing year in which the referenced calendar year is the base experience period. Since the URRT Worksheet 1 Actual values represent calendar year results, while the Pricing values represents policy year estimates, variations between these two amounts are expected.

c. **Does the insurer expect to pay MLR rebates for the 3-year period above?**
The Company does not expect to pay MLR rebates for the 3-year period above.

11. Plan of Withdrawal

a. **Please confirm that a Plan of Withdrawal has been submitted if any plans are being discontinued.**

Key Information

Jan. 2022 - Dec. 2022 Financial Experience

Premium	$	153,927,648.62
Claims	$	132,561,714.81
Administrative Expenses		$15,693,268
Taxes & Fees		$103,024
Company Made After Taxes	$	5,569,642.10

How It Plans to Spend Your Premium

This is how the company plans to spend the premium it collects in 2024:

Claims:	91%
Administrative Expenses:	9%
Taxes & Fees:	0%
Profit:	0%

The company expects its annual medical costs to increase: 7.76%

Explanation of requested rate change: The proposed increases are being driven by rising medical care costs, which are expected to continue through the remainder of 2023 and throughout 2024 because of both higher utilization and the increasing cost of healthcare services.

I. General Information

Document Overview

This document contains the Part III Actuarial Memorandum for Highmark Benefits Group ("HBG", "Company") Small Group block of business rate filing ("Filing"), for products with effective dates in calendar year 2024. This actuarial memorandum is submitted in conjunction with the Part I Unified Rate Review Template.

The purpose of the actuarial memorandum is to provide certain information related to the submission, including support for the values entered into the Part I Unified Rate Review Template, which supports compliance with the market rating rules and reasonableness of applicable rate increases. This information may not be appropriate for other purposes.

This information is intended for use by the Pennsylvania Insurance Department, the Center for Consumer Information and Insurance Oversight (CCIIO), and their subcontractors to assist in the review of HBG's Filing. However, we recognize that this certification may become a public document. HBG makes no representations or warranties regarding the contents of this letter to third parties. Likewise, third parties are instructed that they are to place no reliance upon this actuarial memorandum prepared by HBG that would result in the creation of any duty or liability under any theory of law by HBG or its employees to third parties.

The results are actuarial projections. Actual experience is likely to differ for a number of reasons, including population changes, claims experience, and random deviations from assumptions.

I.1 Company Identifying Information:

- Company Legal Name: Highmark Benefits Group
- State: The Commonwealth of Pennsylvania has regulatory authority over these policies
- HIOS Issuer ID: 79962
- Market: Small Group
- Effective Date: January 1, 2024

II. Proposed Rate Changes

Please refer to the Pennsylvania Actuarial Memorandum and Exhibits submitted with this filing for a breakdown of the component items driving this rate change for first quarter renewals.

For all rate increases by plan, see the 'Cumulative Rate Change % (over 12 mos prior)' found in line Worksheet 2, 1.11 of the URRT. The rate changes vary by plan due to changes in the allowable plan level base rate components (pricing actuarial factors, geographic rating factors, network discounts, and administrative charges). These components are re-evaluated each year

to keep pace with market changes and changes in health care costs. For 2024, the Company's proposed rate revisions vary by plan according to the detail presented in the URRT, Worksheet 2.

This filing assumes that there will be no significant changes in legislation, regulations or otherwise (i.e. rules, regulatory guidance, etc.) impacting the ACA market subsequent to the filing date, and that there are no significant changes in the participation of QHP issuers that would materially change the company's expected liabilities. This filing also assumes that transitional plan coverage will be available in the Pennsylvania Small Group market through 2024. Modifications to the rate development may be necessary if significant unforeseen events occur. Examples include, but are not limited to, repeal or invalidation of the ACA. As a result, HBG reserves the right to submit a revised filing.

III. Experience and Current Period Premium, Claims, and Enrollment

III.1 Paid through Date:

Experience period claims were based on incurred calendar year 2022, paid through February 2023. This experience includes 2022 experience in Affordable Care Act compliant plans. HBG's transitional plan experience for 2022 has not been included in the experience period data.

III.2 Current Date:

The current date used for enrollment and premium is February 2023.

III.3 Allowed and Incurred Claims Incurred During the Experience Period:

- Historical Experience: The URRT historical experience section was completed with HBG's current experience for the small group block of business for the period January 1, 2022 through December 31, 2022, with claims paid through February 2023.

- Claims Incurred During the 12-month experience period: Worksheet 1, Section I shows the Company's best estimate of the amount of claims that were incurred during the 12-month experience period for HBG's small group book-of-business. This section includes:

  - The amount of claims which were processed through the Company's claims system,

  - Claims processed outside of the Company's claims system (Rx rebates, settlements, capitated benefits), and

  - The Company's best estimate of claims incurred but not paid as of the Paid through Date stated above.

- Method for Determining Allowed Claims: For non-capitated claims, the allowed charges are summarized from HBG's detailed claim-level historical data. This experience includes 2022 claims in Affordable Care Act compliant plans. HBG's transitional plan experience for 2022 has not been included in the experience period data.] For capitated and other off-system claims, historical capitations and experience were tabulated and added to the claims.

- Paid Claims: Paid claims were summarized from detailed member records. The paid-to-allowed ratio for the experience period reflects the underlying benefit plan designs chosen by each member.

- Incurred but Not Paid (IBNR) Claims Estimate: HBG's estimate of the remaining incurred but not recorded (IBNR) claims reflects the anticipated IBNR as of the end of the paid claim run out period. The IBNR completion factor of 0.973 was developed for HBG's total small group business through analysis of historical claim completion factors. The completion factor was applied equally to both paid and allowed total claims (as a change in utilization) to complete the experience.

IV. Benefit Categories

Experience period claims data were pulled from the Company's claims systems and categorized into benefit category components according to types of services associated with each claim. The resulting categories closely adhere to the preferred definitions of the Benefit Categories included in the URRT instructions, including the "Other Medical" category. The "Other Medical" category units reflect visits for PDN/home health, trips for ambulance and procedures for DME/prosthetics. The "Capitation" category represents the monthly charge paid to the Company's Vision benefit provider for covering pediatric vision benefits.

V. Projection Factors

V.1 Trend Factors (cost/utilization)

This development of the CY 2024 rates reflects an annual trend rate of 7.6% (4.4% cost, 3.2% utilization). To arrive at the trend assumption, the experience period cost and utilization data were pulled from the Company's claims systems by the defined benefit categories. For the trend component development, the Company uses results from the combined experience of the following companies within the Highmark corporate family: Highmark Inc., and Highmark Coverage Advantage. The combined experience used is limited to the Company's Rating Area and Market and provides a more material base to analyze the trend components impacting the business in the Company's Market. The trend development uses a projection of allowed claim PMPMs by service category that takes into account many factors, including the Company's expectations of changes in in-network provider contracting levels, changes in out-of-network costs, changes in utilization from medical management programs, and changes in drug costs from impacts such as generic drug development and new drug treatments. To reflect the impact of provider contracting on trend, changes in in-network provider contracting levels, either

known or anticipated, are factored into the cost component of trend using detailed analysis of the impact on claim levels from each material provider arrangement.

The allowed claims used for the development of the trend are adjusted and normalized to obtain a claim basis appropriate for trend development. These adjustments include changes for in-network provider contracting levels, changes for out-of-network costs, changes in utilization from medical management programs, and changes in drug costs from impacts such as generic drug development and new drug treatments. In addition, the trend estimates normalize for benefit leveraging, population aging, changes in fee schedules, and external trend drivers. The projection of claim costs into the rating period utilizes the same categories of adjustment factors, adjusts for seasonality, and uses a statistical regression of historical trend levels to project monthly claim levels. This normalized and adjusted claim progression is then used to provide the basis for the trend regression model, which will be used to establish the Company's rating trend.

The regression trend model is used to smooth out noise in the historical claim levels and to provide an appropriate jumping off point for projected claim levels. Using the factors discussed above to adjust projected claim levels, an appropriate assumption for trend was established using the experience period claim levels as the starting point. Since historical experience would encompass the expected coverage and demographic makeup of the membership, historical claim levels, adjusted for these factors and projected forward, would represent the best estimates of trend for this block of business.

For the rate development, the Company uses the aggregate claim trend for all types of service, applied to the experience period. This is done so that the combined trend is reasonable in consideration of the various pricing trend components and the overall anticipated trend level. Claim variations due to the specific projected enrolled population in this single risk pool are reflected in the morbidity adjustment. Lastly, note that COVID-19 is assumed to be endemic going forward, like the cold or flu. As such Covid is not called out as a separate factor. It is included in general trend development.

In addition to the trend in medical and drug claims discussed above, the trend reflects changes in anticipated costs for claims processed outside of the Company’s claims system, including Rx rebates and settlements. The trend for capitated benefits is determined from the anticipated change in the per member costs from the experience period to the projection period. Projected capitation rates are provided by our vision provider.

V.2 Morbidity Adjustment

The morbidity adjustment reflects the /anticipated changes in the average morbidity of the covered population (beyond allowable rating factors) from the experience period to the rating period. As the Company has seen through the transitional coverage availability period, many of the Small Group market customers have retained their pre-ACA coverage, and have yet to join the ACA risk pool. With the transitional coverage provisions extended indefinitely, the Company continues to believe that many groups, especially lower-risk groups, will continue to retain their current transitional coverage until required to transfer coverage. The Company

has observed that the groups currently enrolled are of higher morbidity than the groups that have lapsed and has reflected that difference in the morbidity adjustment.

Total Morbidity Adjustment

In total, the Company expects that morbidity will worsen from the experience period. For the development of the CY 2024 rates, this is reflected with a 1.006 Morbidity Adjustment factor in the URRT Worksheet 1.

V.3 Demographic Shifts

The Company is expecting a slight decrease in the average age from the experience period to the projection period as the average age factor or our current business is lower than that in the experience period. For the development of the CY 2024 rates, this is reflected with a 0.998 Demographic Shift factor in the URRT Worksheet 1.

The region 6 area factor is expected to increase because of an unfavourable increase in a large hospital contract due to inflation. The changes in average area factors would be impacting this factor.

V.4 Plan Design Changes

The following adjustments were made to reflect the expected differences in benefits between the experience period and projection period:

- Anticipated changes in the average utilization of services due to differences in average cost sharing requirements during the experience period and average cost sharing requirements in the projection period: 0.23%
- Change in network benefits: -0.14%
- Newly mandated benefits required under state law, which are not reflected in the experience period claims: None.
- New benefits that are not part of the essential health benefit package or required under state law that did not exist in the experience period claims: None.
- The removal of benefits covered in the experience period claims that will not be covered in the projection period: None.

For the development of the CY 2024 rates, the combination of the above factors produces a 1.0001 Plan Design Changes factor in the URRT Worksheet 1.

V.5 Other Adjustments

The Company's rate development for 2024 does not utilize any additional adjustment factors other than those discussed above. For the development of the CY 2024 rates, a 1.000 factor is shown for the Other adjustment factor in the URRT Worksheet 1.

VI. Manual Rate Adjustments

HBG's small group experience is fully credible (see Credibility of Experience section below); no manual rate is developed or used in this projection.

VII. Credibility of Experience

The Company has employed a credibility methodology consistent with ASOP #25 to determine the appropriate level of credibility to be assigned to the base experience period data. The assigned credibility level has been determined by referencing published studies from the Society of Actuaries (SOA), most notably "A Practical Approach to Assigning Credibility for Group Medical Insurance Pricing," as well as utilizing actuarial judgment in consideration of the Company's base experience period and projection period computations. Employing the conclusions confirmed in the referenced SOA study, the Company has established a full credibility threshold of 2,000 average members for the experience period. As the average members from the experience period membership for currently active members for this Company is 17,687, full credibility has been assigned to the base experience period.

VIII. Establishing the Index Rate

The index rates as shown on Worksheet 1 of the URRT are simply the average allowed claims for the Essential Health benefits for the experience and projected populations, respectively, for HBG. It is not adjusted for the risk adjustment program or any other fee. For the projection period, it is the member-weighted average of the quarterly rate indices (Jan 1, Apr 1, Jul 1, and Oct 1) based on the assumed membership distribution effective in each quarter, as shown in the table below.

2024	% of Members	Projected Quarterly Index Rate PMPM
1Q	43.3%	$792.29
2Q	14.5%	$808.85
3Q	13.8%	$823.13
4Q	28.4%	$838.66
Composite	100.0%	$812.13

See the sections below for a description of how the projected index rate is adjusted to arrive at each plan adjusted index rate.

IX. Development of the Market-wide Adjusted Index Rate

The limitations imposed by verifications and rounding in the URRT v6.0 workbook produce a Market-wide Adjusted Index Rate that is slightly different from the one ultimately used in the rate development. Please see Exhibit I for a numerical demonstration of the Market-wide Adjusted Index Rate development that removes these limitations, including the Reinsurance, Risk Adjustment Payment/Charge, and Exchange User Fees discussed below.

IX.1 Reinsurance

HBG does not have any reinsurance contracts in effect that would impact this rate development. The consideration for the federal high-cost risk pooling program is discussed in the following Risk Adjustment Payment/Charge section.

IX.2 Risk Adjustment Payment/Charge

To arrive at the anticipated risk transfer for 2024, the Company determines the risk adjustment calculation components for the projected 2024 Company portfolio and uses its current knowledge of the Pennsylvania Small Group market profile to estimate the risk adjustment components for the entire state Market. This Market-wide profile is developed from available Market data, including the Interim Summary Report on Risk Adjustment for the 2022 Benefit Year published by CMS, the PA Insurance Department's calculation of 2022 risk adjustment transfer amounts using the final RATEE files, prior years' risk adjustment transfer results, publicly available data (such as MLR reports and rate filings), and outside expertise from actuarial consultants. For 2024, the Company is projecting a risk adjustment transfer amount of $28.15

The $28.65 PMPM value in Worksheet 1 of the URRT equals the $28.15 PMPM risk adjustment transfer value discussed above, along with a charge of -$4.99 PMPM for the projected net impact of the High Cost Risk Pool program as well as a credit for high cost risk pool claims from the experience period of $1.51 PMPM. This total risk adjustment transfer amount of $25.46 is then grossed up by the average paid to allowed ratio of 0.861 to arrive at the appropriate value for the URRT.

IX.3 Exchange User Fees

The projected Exchange User Fees are developed from the Exchange user fees to be charged by CMS in 2024, multiplied by the percentage of business the Company expects to purchase Market coverage through the Exchange for the Company. For the Company, all business will be offered Off Exchange in 2024, so there are no Exchange User Fees charged in the rate development.

X. Plan Adjusted Index Rates

The Plan Adjusted Index Rates can be found on line 3.10, Worksheet 2 of the URRT. The Plan Adjusted Index Rates are calculated by applying the allowable rating factors as described below to the Market-wide Adjusted Index Rate. Please see Exhibit II for the development of the Plan Adjusted Index Rate for each plan.

X.1 AV and Cost Sharing Design of Plan

The AV and Cost Sharing allowable rating factor is comprised of the following components:

- The utilization due to differences in cost sharing is based on the factors calculated using a methodology prescribed in the Department's guidance relative to the weighted average. No differences due to health status are in these adjustments.

- The pricing AV for the benefits and cost sharing of the plan.

X.2 Provider Network Adjustment

The provider network adjustments are developed by dividing the plan level network factors by the overall weighted average from all plans.

X.3 Benefits in Addition to EHB

Only the expected costs of essential health benefits (EHB) are included in each of the Company's plans.

X.4 Administrative Expense

The proposed rates reflect internal administrative costs, including commissions and quality improvement admin. This cost was developed based on standard expense allocation methods, as follows:

- Administrative expenses are recorded in the general ledger. Indirect operating expenses are then grouped based upon like functions, responsibilities or cost drivers and allocated to final cost objects via an appropriate cost driver.

Administrative expense loads vary by plan to more appropriately capture the costs associated with plan administration. The total administrative costs anticipated by the Company have been split such that each plan receives a PMPM administrative load, along with a percent of premium administrative load. This methodology results in percent of premium expense loads that vary by plan.

X.5 Taxes and Fees

The following taxes and fees were included in the 2024 rate development:

- $0.29 PMPM for the PCORI Fee
- $0.21 PMPM for the Risk Adjustment User Fee

In total, these taxes and fees amount to 0.07% of the anticipated premium collected in 2024.

X.6 Profit & Risk Load

The proposed rates reflect 0% of premium as a profit and risk load. The Company has voluntarily refrained from including a profit and risk load in this filing. By this voluntary action, the Company is not waiving any right to include a profit and risk load which the Company believes is consistent with historical and legal interpretations of the Company and the Department.

XI. Calibration

XI.1 Age Curve Calibration (to age 21, non-smoker, area with 1.0 geographic factor, January 1 effective date)

The projected weighted average age factor is 1.511. Each Plan Adjusted Index Rate represents the rate for an average member (i.e., a member with an age factor is 1.511 Please note that no member will pay these rates because the age factor of 1.511 is not found on the HHS Age Curve. It only represents the average age factor of the projected population. Please see Exhibit I for the development of the calibration factor, which calibrates the index rate to an Age 21 age factor. The Age Calibration Factor shown in URRT Worksheet 2 is the inverse of weighted average age factor, which for HBG is 0.6620.

XI.2 Geographic Factor Calibration

The projected weighted average geographic factor is 0.995. Each Plan Adjusted Index Rate represents the rate for an average member with a geographic factor of 0.995. Please note that no member will pay these rates because HBG is not using a geographic factor of 0.995 for any of the Pennsylvania rating areas. It only represents the average geographic factor of the projected population. Please see Exhibit I for the development of the calibration factor. The Geographic Calibration Factor shown in URRT Worksheet 2 is the inverse of weighted average geographic factor, which for HBG is 1.005.

XI.3 Tobacco Use Rating Factor Calibration

The Company does not currently utilize tobacco rating factors.

XII. Consumer Adjusted Premium Rate Development

The Calibrated Plan Adjusted Index Rate shown in URRT Worksheet 2 represents the rate for a non-smoker member with a 1.0 age factor and 1.0 geographic factor for a 1/1/2024 renewal. The appropriate value to calibrate the Plan Adjusted Index Rate by is located at the bottom of Exhibit I. By applying the 'Combined Calibration Factor' found in Exhibit I or the calibration factors in 3.11, 3.12 and 3.13 of URRT Worksheet II Section III to the Plan Adjusted Index Rates, the resulting value will represent the plan premium for a 21-year-old in a 1.0 area on 1/1/2024. The standard HHS Age Curve and area factors of 0.932 for region 6, 1.026 for region 7 and 0.991 for region 9 can be used to calculate any rate found in the QHP rate template.

The Company is filing quarterly Index Rate trends that vary by quarter. Subsequent quarterly rates can be developed by multiplying the first quarter rates by 1.021 for second quarter rates; 1.039 for third quarter rates; and 1.059 for fourth quarter rates. Please refer to the Pennsylvania Actuarial Memorandum submitted with this filing for additional commentary related to the development of these quarterly Index Rate trends.

XIII. Projected Loss Ratio

The anticipated medical loss ratio reflected in this annual rate change filing is 91.2% relative to total premium less taxes and fees. This loss ratio is calculated consistent with the federally prescribed MLR methodology.

XIV. AV Metal Values

The AV Metal Values included in Worksheet 2 of the Part I Unified Rate Review Template were based the Federal AV Calculator. Some plans did require an adjustment to the inputs entered into the AV calculator. Screen shots and certifications for these plans were submitted as part of the Company's QHP application.

XV. Membership Projections

Since transitional policy relief has been extended indefinitely, the Company projects that the bulk of the members in the small group market will remain outside of the ACA-compliant products, and remain outside the ACA single-risk pool. Any new business anticipated in HBG will come primarily from current ACA customers. HBG is expecting growth in its ACA membership from the experience to the projection period. See line 4.9 of the URRT Worksheet 2 to see projected membership by plan.

XVI. Terminated Plans and Products

HBG is terminating 7 plans that were active in the 2022 experience period. These plans are being terminated due to a re-evaluation of benefit design options and marketing considerations. These plans will be mapped to a corresponding plan of similar metal level and plan design, and the experience period members and allowed charges will be moved to the mapped plans in the URRT.

Exhibit III lists all terminating QHP plans, as well as their URRT plan mappings.

XVII. Plan Type

The Plan types listed in Worksheet 2, Section I of the Part I Unified Rate Review Template describe the Company's plans adequately.

XVIII. Actuarial Certification

I am a member of the American Academy of Actuaries and meet its qualification standards for actuaries issuing statements of actuarial opinions in the United States. This filing is prepared on behalf of HBG to accompany its rate filing (for calendar year 2024) for the Small Group Market off the Pennsylvania Exchange.

I hereby certify that the projected Index Rate is, to the best of my knowledge and understanding:

- In compliance with all applicable State and Federal Statutes and Regulations (45 CFR 156.80 and 147.102);
- Developed in compliance with the applicable Actuarial Standards of Practice;
- Reasonable in relation to the benefits provided and the population anticipated to be covered;
- Neither excessive nor deficient.

I certify that the Index Rate and only the allowable modifiers as described in 45 CFR 156.80(d)(1) and 45 CFR 156.80(d)(2) were used to generate plan level rates.

I certify that the AV Calculator was used to determine the AV Metal Values shown in Part I of Worksheet 2 in the Unified Rate Review Template for all plans. If any adjustments were required outside of the AV Calculator, appropriate certification has been provided to CMS through the QHP application process.

I certify that the geographic rating factors reflect only differences in the costs of delivery (which can include unit cost and provider practice pattern differences) and do not include differences for population morbidity by geographic area.

The Part I Unified Rate Review Template does not demonstrate the process used by HBG to develop the rates. Rather, it represents information required by Federal regulation to be provided in support of the review of rate increases, for certification of Qualified Health Plans for Federally-facilitated Exchanges and for certification that the Index Rate is developed in accordance with Federal regulation and used consistently and only adjusted by the allowable modifiers.

[1] **Permitted Plan-Level Adjustments to the Index Rate as prescribed in 45 CFR Part 156, §156.80(d)(2):**

(i) The actuarial value and cost-sharing design of the plan.

(ii) The plan's provider network, delivery system characteristics, and utilization management practices.

(iii) The benefits provided under the plan that are in addition to the essential health benefits.

(iv) Administrative costs, excluding Exchange user fees.

(v) With respect to catastrophic plans, the expected impact of the specific eligibility categories for those plans.

2024 Rates Table Template v13.0

All fields with an asterisk (*) are required. To validate press Validate button or Ctrl + Shift + I. To finalize, press Finalize button or Ctrl + Shift + F.

If you are in a community rating state, select Family-Tier Rates under Rating Method and fill in all columns.

If you are not in a community rating state, select Age-Based Rates under Rating Method and provide an Individual Rate for every age band.

If Tobacco is Tobacco User/Non-Tobacco User, you must give a rate for Tobacco Use and Non-Tobacco Use.

To add a new sheet, press the Add Sheet button, or Ctrl + Shift + H. All plans must have the same dates on a sheet.

2024 Rates Table Template v13.0

All fields with an asterisk (*) are required. To validate press Validate button or Ctrl + Shift + I. To finalize, press Finalize button or Ctrl + Shift + F.

If you are in a community rating state, select Family-Tier Rates under Rating Method and fill in all columns.

If you are not in a community rating state, select Age-Based Rates under Rating Method and provide an Individual Rate for every age band.

If Tobacco is Tobacco User/Non-Tobacco User, you must give a rate for Tobacco Use and Non-Tobacco Use.

To add a new sheet, press the Add Sheet button, or Ctrl + Shift + H. All plans must have the same dates on a sheet.

HIOS Issuer ID*	79962
Rate Effective Date*	04/01/2024
Rate Expiration Date*	06/30/2024
Rating Method*	Age-Based Rates

Plan ID*	Rating Area ID*	Tobacco*	Age*	Individual Rate*
Required: Enter the 14-character Plan ID	**Required:** Select the Rating Area ID	**Required:** Select if Tobacco use of subscriber is used to determine if a person is eligible for a rate from a plan	**Required:** Select the age of a subscriber eligible for the rate	**Required:** Enter the rate of an Individual Non-Tobacco or No Preference enrollee on a plan

2024 Rates Table Template v13.0

All fields with an asterisk (*) are required. To validate press Validate button or Ctrl + Shift + I. To finalize, press Finalize button or Ctrl + Shift + F.

If you are in a community rating state, select Family-Tier Rates under Rating Method and fill in all columns.

If you are not in a community rating state, select Age-Based Rates under Rating Method and provide an Individual Rate for every age band.

If Tobacco is Tobacco User/Non-Tobacco User, you must give a rate for Tobacco Use and Non-Tobacco Use.

To add a new sheet, press the Add Sheet button, or Ctrl + Shift + H. All plans must have the same dates on a sheet.

HIOS Issuer ID*	79962
Rate Effective Date*	07/01/2024
Rate Expiration Date*	09/30/2024
Rating Method*	Age-Based Rates

Plan ID*	Rating Area ID*	Tobacco*	Age*	Individual Rate*
Required: Enter the 14-character Plan ID	**Required:** Select the Rating Area ID	**Required:** Select if Tobacco use of subscriber is used to determine if a person is eligible for a rate from a plan	**Required:** Select the age of a subscriber eligible for the rate	**Required:** Enter the rate of an Individual Non-Tobacco or No Preference enrollee on a plan

2024 Rates Table Template v13.0

All fields with an asterisk (*) are required. To validate press Validate button or Ctrl + Shift + I. To finalize, press Finalize button or Ctrl + Shift + F.

If you are in a community rating state, select Family-Tier Rates under Rating Method and fill in all columns.

If you are not in a community rating state, select Age-Based Rates under Rating Method and provide an Individual Rate for every age band.

If Tobacco is Tobacco User/Non-Tobacco User, you must give a rate for Tobacco Use and Non-Tobacco Use.

To add a new sheet, press the Add Sheet button, or Ctrl + Shift + H. All plans must have the same dates on a sheet.

HIOS Issuer ID*	79962
Rate Effective Date*	10/01/2024
Rate Expiration Date*	12/31/2024
Rating Method*	Age-Based Rates

Plan ID*	Rating Area ID*	Tobacco*	Age*	Individual Rate*
Required: Enter the 14-character Plan ID	**Required:** Select the Rating Area ID	**Required:** Select if Tobacco use of subscriber is used to determine if a person is eligible for a rate from a plan	**Required:** Select the age of a subscriber eligible for the rate	**Required:** Enter the rate of an Individual Non-Tobacco or No Preference enrollee on a plan
