

COMMONWEALTH OF PENNSYLVANIA  
OFFICE OF THE GOVERNOR  
HARRISBURG

THE GOVERNOR

February 3, 2004

To The People of Pennsylvania:

A year ago, facing a \$2.5 billion budget deficit, a troubled economy and a nation on the brink of war, I proposed a responsible budget for Pennsylvania based on the promises and the vision I set forth in my campaign – a budget that controlled spending while making strategic investments to build a new and better Pennsylvania.

After many months of debate, the General Assembly and my administration at last approved a budget for Fiscal Year 2003-04 this past December. That budget substantially reduces Pennsylvania's structural deficit and significantly restrains state administrative spending. Even more importantly, our 2003-04 state budget is an important step forward in making Pennsylvania once again a desired place for all Americans to live, work and do business.

Before asking the people of Pennsylvania to send an additional penny of their money to Harrisburg, I promised I would attack wasteful spending. The budget I proposed last year contained more than \$1 billion in spending reductions in an overall budget of more than \$21 billion, and included cuts of more than \$210 million in administrative spending by state agencies. To insure that these spending cuts do not adversely affect vital public services, my administration has also launched a major effort to improve the productivity and efficiency of state government that will save taxpayers over \$25 million in 2003-04 alone and aims to achieve nearly \$1 billion in savings over the next four years.

Pennsylvania received some unanticipated fiscal help from the federal government this year, over \$800 million in total. We used about half of this unforeseen and non-recurring revenue in Fiscal Year 2003-2004 to restore some of the most severe spending cuts that were initially made in essential state programs. The budget package agreed to in December closed the budget deficit further through enhanced revenue from a variety of sources. While raising taxes is always painful, this government has relied for too long on one-time revenue sources to achieve budget balance while our recurring fiscal condition deteriorated. Failure to address our structural deficit at this crucial time would have put future generations of Pennsylvanians at risk.

Closing the state budget gap is important and necessary, but we must do much more if we hope to address the underlying conditions that have troubled Pennsylvania for so long and led our Commonwealth into its current cycle of inadequate and uncompetitive economic performance.

For this reason, I proposed three major initiatives in my 2003-04 budget message: a significant and targeted program of investment to improve our elementary-secondary education system, a substantial cut in local property taxes, and an unprecedented economic stimulus program.

I am happy to report that progress is being made on all three fronts.

In December we reached agreement to make several major new state investments in public education. The first, included in the 2003-04 budget agreement, provides \$34 million for tutoring programs to help students who have fallen behind. The second, a program to provide block grants to school districts for targeted programs including early-childhood education and smaller class sizes, will take effect during the 2004-2005 school year, with a \$250 million proposed spending level. Finally, an additional \$15 million in state funds to support Head Start is also included in the 2004-05 budget proposal. These investments represent a significant commitment by the state of Pennsylvania to improved academic achievement by our children.

During my campaign for Governor, and in my first budget message, I promised to increase the state's contribution to the cost of public education and reduce our school districts' reliance on property taxes to fund public schools. Your representatives and I have developed a framework for a program that could eventually cut school property taxes by as much as 20 percent across Pennsylvania using revenue generated by slot-machine gaming at a limited number of locations. After 15 years of effort, state-funded property-tax tax relief is within reach.

Finally, the administration and the General Assembly are nearing agreement on a comprehensive economic-stimulus proposal that will use over \$2 billion in state bonds to leverage another \$3.1 billion to help jump start Pennsylvania's economy.

My budget for Fiscal Year 2004-2005 is designed first and foremost to implement these programs. With few exceptions, state agencies are being called upon in 2004-05 to build upon the savings that were implemented in 2003-2004 and to reduce administrative spending even further, other than to fund rising health benefit costs. Maintaining budget balance will remain a formidable challenge for the foreseeable future. Our prison population continues to expand. Enrollment in Medical Assistance and other state-funded safety net programs continues to rise. Health-care costs are soaring. If we do not control these costs, the structural deficit will reappear and grow. Unlike many other states, we have continued to provide comprehensive public health coverage to our low-income families and the elderly. It is my hope that we will never have to reduce health care services for any Pennsylvanian in need.

The programs we are implementing now will help us make progress toward our goal of building a New Pennsylvania on a foundation of high-skill, high-wage jobs and boundless entrepreneurial opportunity. But if we hope to make our Commonwealth a great place to live, work and do business, we need to do more. And so I am proposing several new initiatives this year to help us meet this essential goal.

First, we must address the inequities in our business-tax system. A simpler, fairer and more competitive tax structure for business is essential for sustained economic growth. Too many businesses pay little or nothing in state taxes, while other business enterprises endure high tax burdens that hurt Pennsylvania's competitiveness. I will therefore create a blue ribbon commission this year to assess our business tax system and propose improvements.

Second, we must ensure that the infrastructure that supports our economy is up-to-date. Our future will depend on a high-quality, comprehensive *telecommunications infrastructure* that serves every region of the state. Access to broadband communications will enable businesses across the Commonwealth to compete in a global economy, while guaranteeing that every child has access to the information and knowledge that he or she needs. A modern *transportation infrastructure*, including roads, mass transit and airports, is also a precondition for robust growth. Our *energy infrastructure* must be reliable, affordable and diverse to support a healthy and growing economy and environment. Pennsylvania led the nation into the Industrial Revolution through the development of its coal and petroleum industries. We can and should lead the nation again in the generation of renewable energy.

Finally, we need to do more to preserve and create livable communities that offer a clean environment, abundant open space, lively town centers and vibrant neighborhoods so Pennsylvania will be a place where companies want to invest and grow, and where workers want to live and raise their families.

The proposed budget for Fiscal Year 2004-2005 contains specific proposals to advance each of these goals.

Last year our state took some important steps to improve our competitiveness and prosperity. This year, we can build on those efforts and make strategic investments in our common wealth that will help us grow and prosper. I am confident our brightest days are still ahead—in a New Pennsylvania.

Pursuant to Article VIII, Section 12 of the Constitution of Pennsylvania, and Section 613 of the Administrative Code of 1929 (71 P.S. Section 233), I am transmitting to your representatives in the General Assembly my proposed budget for Fiscal Year 2004-2005.

Sincerely,

A handwritten signature in black ink that reads "Edward G. Rendell". The signature is written in a cursive, slightly stylized font.

Edward G. Rendell

GOVERNMENT FINANCE OFFICERS ASSOCIATION

*Distinguished  
Budget Presentation  
Award*

PRESENTED TO

**Commonwealth of Pennsylvania**

For the Fiscal Year Beginning

**July 1, 2003**

President

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented an award of Distinguished Presentation to the Commonwealth of Pennsylvania for its annual budget for the fiscal year beginning July 1, 2003. This award is valid for a period of one year.

In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan and as a communication device.

# Overview of Sections within the Budget

## **Preface**

Includes the Governor's letter, Distinguished Budget Presentation Award, an overview of sections within the budget, table of contents and a reader's guide which explains the budget process, structure of the budget and various terms used in the budget.

## **A. Overview and Summaries**

Provides an overview of program and financial goals and administration policies. It discusses the economic outlook, major operating funds and overall complement. It summarizes the budget for several major Commonwealth funds including the General Fund, Motor License Fund, Environmental Stewardship Fund, Lottery Fund, Tobacco Settlement Fund and Budget Stabilization Reserve (Rainy Day) Fund. It also provides summary information regarding 2003-04 Program Policy Direction and Budget Themes, Federal Block Grants, Public Information & Communications and selected other summaries.

## **B. Program Budget Summary**

Provides a summary of the 2003-04 Budget by major revenue source and provides information for each major program by component categories and subcategories (subdivisions of programs).

## **C. Summary by Fund**

Provides a summary for the General Fund, the major operating fund of the Commonwealth, and twelve selected special funds. Detailed data regarding revenues and a summary of expenditures for each individual fund is presented. Detailed expenditure and program information is found within Section E: Department Presentations.

## **D. Tax Expenditures**

Provides information regarding tax expenditures for the General Fund, Motor License Fund and selected other funds. These are tax credits, deductions, exceptions and exclusions provided in law which result in a significant reduction in revenues that would otherwise be received at current tax rates.

## **E. Department Presentations**

Provides detailed expenditure information by agency, program and funding source. Program performance measures including outcomes, efficiency, output/activity indicators and need/demand estimators for those programs administered by the agency are presented.

## **F. Capital Budget**

Provides detailed information by agency regarding proposed capital budget projects recommended in 2003-04. In addition, proposed funding sources and amounts needed to support the entire capital program for the next five years are listed.

## **G. Public Debt**

Provides data on the debt obligations of the Commonwealth used to fund capital programs, voter-approved bond referendums and certain disaster relief programs.

## **H. Other Special Funds**

Provides a brief description and financial data for all Commonwealth funds not given an expanded treatment in other sections of the budget.

## **I. Complement**

Provides a summary by department of salaried complement on a full-time equivalent (FTE) basis for the actual, available and budget years. It also provides a brief description by agency and appropriation of the changes recommended in the budget.

## **J. Statistical Data**

Provides historical data for various Pennsylvania economic indicators.

# READER'S GUIDE

This section of the budget is intended to assist readers with interpreting and understanding the content of the Governor's annual recommended budget.

It contains an organization chart of the Commonwealth, descriptions of the operating and capital budget processes, an explanation of the accounting basis, terms used in the budget process and a list of the most common abbreviations used to identify Federal funds.

The government of the Commonwealth is composed of three separate branches: Executive, Legislative and Judicial. The general organization chart of Commonwealth government shown on the following page provides additional details.

# **The Budget Process**

The Governor's Budget is developed with a focus on the results of government programs and provides information about program goals, objectives, accomplishments and effects.

The Governor's Budget is a statement of the Commonwealth's program plan, the resources necessary to support that plan, a description of how resources are to be used, and an assessment of the effects of programs on people and the environment. This information is presented so that the levels of expenditure are associated with levels of government services and, ultimately, with the resulting effects on important public policy issues and concerns faced by the Commonwealth.

## **PHASES OF THE BUDGET PROCESS**

The State budget process can be divided into four stages: gubernatorial preparation and submission to the General Assembly; approval (involving the executive and legislative branches); execution; and program performance evaluation and financial audit.

### **PREPARATION**

The preparation stage of the budget process begins nearly twelve months prior to the start of that fiscal year. The first step of the preparation stage is the distribution of the Budget Instructions by the Office of the Budget and the Program Policy Guidelines by the Governor. The Program Policy Guidelines define major policy issues, spell out priorities and provide policy direction to the agencies for budget preparation.

Agency budget requests are submitted to the Office of the Budget beginning in early October. Agencies prepare and submit their requests using computerized systems. The Agency Program Plan, the programmatic presentation of agency budget requests, and the appropriation level information are prepared and submitted in the format and manner specified in Budget Instructions issued annually by the Office of the Budget.

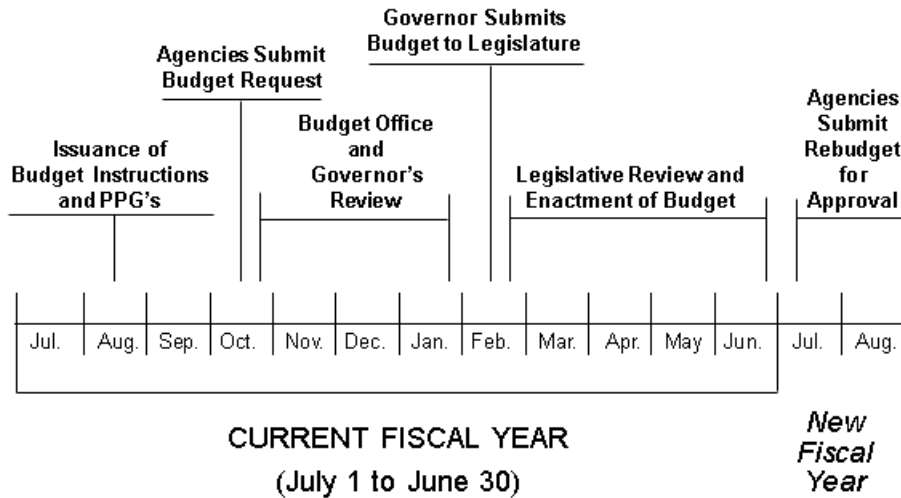

During December, the Governor apprises Legislative leaders of anticipated spending and revenue levels and major fiscal issues expected to be addressed in the upcoming budget.

The Secretary of the Budget and his staff review agency budget requests for accuracy and for adherence to the Governor's policy guidelines. The Agency Program Plan and the appropriation templates are used by the Office of the Budget to analyze the agency requests and prepare funding recommendations for the Secretary of the Budget and the Governor. Total agency requests must be brought into balance with total funds estimated to be available from existing sources and any new revenue sources that are recommended. The Secretary of the Budget makes recommendations to the Governor on the expenditure proposals contained in each agency budget request and, in conjunction with the Secretary of Revenue, provides revenue estimates. The Governor reviews these recommendations and makes final budget decisions. The Governor's Executive Budget document is then completed and submitted to a joint session of the General Assembly by the Governor through the budget address.

### **APPROVAL**

Shortly after receiving the Governor's budget request, the Appropriations Committees of the House of Representatives and Senate hold public hearings to review individual agency requests for funds. The appropriations hearings provide the legislators with an opportunity to review the specific programmatic, financial and policy aspects of each agency's programs. The legislators' decisions on the budget are reflected in the annual General Appropriation Bill and individual appropriation bills. The General Appropriation Bill contains appropriations for the executive, legislative and judicial departments, public schools and for public debt. All other appropriations are made individually by separate special bills.

## BUDGET CYCLE IN PENNSYLVANIA

Appropriations made to institutions not under the absolute control of the Commonwealth are considered nonpreferred appropriations and require a two-thirds vote of each House of the General Assembly for passage. The passage of the General Appropriation Bill and other appropriation bills by the General Assembly and the passage of any revenue measures which may be required to ensure a balanced budget constitute the legislative approval phase of the budget process.

At the time that the General Appropriation Bill and other appropriation bills are presented to the Governor for approval, the official revenue estimates for the budget year are established by the Governor. If the appropriations passed by the Legislature exceed the revenue estimates plus any available surplus, the Governor has the authority and duty either to veto entire appropriation bills or to reduce the amount of appropriations in order to produce a budget that is in balance with total resources available. The Governor also has the power to reduce or item veto any appropriation he thinks excessive or unnecessary even if the total appropriations passed by the legislators do not exceed estimated resources available. A Governor's item veto may be overridden by a two-thirds vote of each House of the General Assembly.

The signing of the appropriations bills and any revenue bills by the Governor is the last step in the approval stage of the budget process.

On occasion, additional appropriations are made subsequent to the enactment of the General Appropriation Act. These additional appropriations are made for a purpose for which either no appropriation was originally made or where the General Assembly deems it desirable or necessary that an original appropriation be increased in the current fiscal year period. These appropriations are made in supplemental appropriation bills that are passed in the same manner as regular appropriation bills.

### EXECUTION

The Office of the Budget has the authority to request and approve agency spending plans, commonly referred to as rebudgets, and to establish authorized levels for agency's full-time equivalent (FTE) salaried complement, ie, personnel. The rebudgets are based primarily on the enacted appropriations. The Office of the Budget uses Imagine PA to electronically enter allocation amounts into the accounting system based upon the approved rebudget. Program managers and administrators are responsible for operating their programs within the resources that are available and for producing the results cited in the budget.

### AUDIT

The last stage of the budget cycle, which occurs after the close of the fiscal year, encompasses audit and review of program and financial performance. The Office of the Budget informally reviews program and financial performance and performs formal evaluations of selected programs. In addition, the Auditor General performs a financial post audit.

# **The Capital Budget Process**

The capital budget process in Pennsylvania is similar to the process for operating budgets. It has a preparation and submission to the General Assembly phase, an approval phase involving both the executive and legislative branches, and an execution phase.

The preparation phase follows the operating budget preparation cycle for a fiscal year beginning July 1. When agencies submit the budget requests to the Secretary of the Budget beginning in early October, a capital budget request itemizing the projects the agencies want to undertake is also submitted. The requests are reviewed and recommendations developed based on the Governor's financial parameters and policies.

Final decisions on the capital budget are made by the Governor at the same time as the operating budget. The Governor's final recommendations are contained in a separate Capital Budget section in the Governor's Executive Budget document which is submitted to the General Assembly.

The recommendations in the budget document along with any additions or deletions made by the General Assembly are contained in a separate bill usually known as the Capital Budget Project Itemization Act. This bill, along with the Capital Budget Act which contains the maximum debt limitations for the next fiscal year beginning July 1, must be passed by both Houses of the General Assembly and presented to the Governor for signature. The Governor reviews the projects contained in the Capital Budget Project Itemization Act taking into consideration his priorities, the importance of the project and the impact on operating budgets. The Governor may approve the bill as is or item veto parts or all of the amounts contained in the bill. Any item veto may be overridden by a two-thirds vote of each House of the General Assembly.

The Governor's approval of the Capital Budget Project Itemization Act is the final stage of the capital budget approval process.

Each year, even if a capital project itemization bill is not passed, legislation establishing limitations on the debt to be incurred for capital projects is passed and signed into law. This legislation is known as the Capital Budget Act. The act establishes a debt ceiling for each major category of the capital program and remains in force for a single fiscal year.

After projects have been approved in an enacted Project Itemization Act, in order for a project to be activated, the Department of General Services must request that it be implemented. All requests for project activation are reviewed by the Office of the Budget for consistency with the Governor's priorities and policies. Projects approved by the Office of the Budget are scheduled for release — first for design and, when design is complete, then for construction. These releases are made in accordance with certain fiscal guidelines in order to keep the entire capital budget at affordable levels each year.

## *The Structure of the Budget*

### **THE COMMONWEALTH PROGRAM PLAN**

The budget presentation for each department or agency is shown on an appropriation basis and also on a program/subcategory basis. Program/subcategory explanations, analyses and measures are shown by individual departments. A summary presentation by Commonwealth Program shows program costs according to eight major program classifications. These program classifications are each defined in terms of broadly stated goals of State Government. One of these Commonwealth Programs, Direction and Supportive Services, includes the costs of supporting administrative functions which affect the overall operations of the Commonwealth. Debt Service includes the resources to meet the timely payment of Commonwealth debt obligations. The remaining Commonwealth Programs are substantive in nature and deal with costs related to the following areas:

- Protection of Persons and Property
- Education
- Health and Human Services
- Economic Development
- Transportation and Communication
- Recreation and Cultural Enrichment

Each of the Commonwealth Programs is subdivided into program categories defined by goals that are more specific in nature. Program categories are broken down into program subcategories which are defined by program objectives. It is at the program subcategory level that program explanations, analyses and measures are shown by individual department. To clearly show the link between the Commonwealth Program Plan and agency program subcategories, identical or similar titles have been used in both places. Debt Service is also shown as a separate Commonwealth Program and is not merged with program expenditures so that direct program expenditures may be seen more clearly.

### **THE DEPARTMENTAL PRESENTATION**

Recommendations for the continuation of current programs at essentially current levels of commitment are shown within departmental program subcategories. Recommendations for major program changes in 2004-05 are identified as departmental Program Revision Requests (PRRs) which provide explanations and justification for the change.

Beyond 2004-05, the projections of financial data, as well as impacts and other program measures, show the future implications of the 2004-05 recommendations and policies. Consequently, the five-year plan is a base line which represents the future program effort and financial resources needed to sustain the 2004-05 level of commitment.

To assist in understanding the individual agency presentations, descriptive information and detailed samples are shown in following pages.

### ***Summary By Fund And Appropriation***

This part of the presentation identifies the State appropriations and those Federal funds, augmentations, and other funds which supplement the activities funded by that individual State appropriation for each department. The following key will help to identify individual items:

**General Government Operations** — A title which identifies a specific appropriation by the General Assembly or an executive authorization (EA) by the Governor to spend State monies.

For purposes of this presentation, State funds include the General, Motor License, Banking Department, Boat, Environmental Stewardship, Farm Products Show, Fish, Game, Keystone Recreation, Park and Conservation, Lottery, Milk Marketing, Racing and Tobacco Settlement Funds.

“(F)” Identifies a Federal appropriation by the General Assembly or an executive authorization by the Governor to spend Federal monies. Medical Assistance is an example of Federal funds.

The amounts shown as “Federal funds” include appropriations to date as well as anticipated adjustments because of increases or decreases in the amount of funds to be received. Because of the manner in which Federal funds are appropriated, they are deposited as General Fund revenues rather than augmentations. They are not, however, included in the revenue sections of the budget. Instead, they are shown with the State funds which they supplement.

For the sake of brevity and ease of identification, common abbreviations are used in the Federal titles. The most common are listed at the end of this Reader's Guide.

“(A)” Identifies monies which augment a State appropriation. Institutional collections are an example of an augmentation.

“(R)” Identifies funds which are in a restricted account and which may only be spent for very limited purposes related to the State appropriation. Receipts from snowmobile regulations are an example of a restricted account.

In some cases the budget may propose the shifting of appropriations between agencies, departmental reorganizations or the restructuring of appropriations within or between departments. Usually, for ease of comparison, all columns in the budget presentation are shown consistent with the recommendation in the budget year. This means, however, that the amounts shown in the actual and available columns may not be consistent with those shown in accounting reports and appropriations acts. When this occurs, explanations have been included within the agency presentations.

## ***Program Presentation***

Each Program Presentation provides a written and financial explanation of the activities of the program. These include:

**Objective**—A summary statement of the program's purpose in terms of desired accomplishments.

**Narrative**—Describes program services and activities.

**Program Recommendations**—Identifies the increases or decreases over available year funding as presented in the summary by fund and appropriation.

**Appropriations within this Program**—Identifies State appropriations which support the activities within the program. Each appropriation appears in only one agency program.

**Program Element**—Is used within a program narrative to identify sub-program components.

**Program Measures**—Indicate the expected impact of the proposed budget on services, costs, etc., involved in the program.

Section H of this document provides brief descriptive and financial data for those special funds of the Commonwealth not given an expanded treatment in other sections of the budget.

# The Summary by Fund and Appropriation

A summary by fund and appropriation (SFA) is shown at the beginning of each agency presentation in Section E. The SFA identifies all State appropriations within the agency and those Federal funds, augmentations, and other funds which supplement the activities within the respective State appropriation.

**General Fund** — The fund into which the general (non-earmarked) revenues of the State are deposited and from which monies are appropriated to pay the general expenses of the State.

**General Government** — A Character of Expenditure which is a classification of appropriations according to their general purpose. Other characters of expenditure are institutional, grants and subsidies, capital improvements and debt service.

**General Government Operations** — Identifies an appropriation by the General Assembly or an executive authorization (EA) by the Governor to spend State monies.

**"(F)"** Identifies a Federal appropriation by the General Assembly or an executive authorization by the Governor to spend Federal monies.

**"(A)"** Identifies other monies which augment a State appropriation.

**"(R)"** Identifies funds which are in a restricted account and which may only be spent for very limited purposes related to the State appropriation.

This means, however, that the amounts shown in the actual and available columns may not be consistent with those shown in accounting reports and appropriation acts. When this occurs, explanations have been included in the footnotes to the Summary by Fund and Appropriation.

Identifies one of a group of special funds which are presented fully in Section C: Summary by Fund. For purposes of this presentation, State funds include the General, Motor License, Banking Department, Boat, Environmental Stewardship, Farm Products Show, Fish, Game, Keystone Recreation, Park and Conservation, Lottery, Milk Marketing, Racing and Tobacco Settlement funds.

Identifies selected restricted accounts and/or one of a group of special funds which are presented on a limited basis in Section H: Other Special Funds.

## Program Presentation

Each Program Presentation provides a written and financial explanation of the activities of the program. Recommendations for the continuation of current programs at essentially current levels of commitment are shown within department program subcategories. Recommendations for major program changes in 2004-05 are identified as department Program Revision Requests (PRRs) which provide explanations and justification for the change.

**Program Recommendations** — Identifies the increases or decreases over the available year funds as presented in the Summary by Fund and Appropriation.

**General Government Operations** — Identifies a specific appropriation.

**PRR** — A Program Revision Request identifies a major program change and is explained in more depth in a presentation following the program.

**Appropriations within this Program** — Identifies all State appropriations which support the activities within the program. Each appropriation appears in only one agency program.

## Historic

**PROGRAM OBJECTIVE:** To manage a resources through a comprehensive histor to interpret, research and preserve all area

### Program: State Historic Preservation

The State Historical Preservation Program administered by the Historical and Museum Commission is comprised of four major elements. These elements include Executive Direction and Administration, Pennsylvania State and Local Records, Historic Site and Museum Operations, and Historic Preservation.

#### Program Element: Executive Direction and Administration

This element provides general policy and direction for administering the commission's operations. It includes legislative and press relations, personnel management, procurement, information technology, financial grant administration, fiscal and revenue management, and other services. In addition, it administers a Property Management and Lease Program through cooperative agreements with management groups or profit and nonprofit organizations to operate, maintain and utilize historic sites, buildings and agricultural lands under the custody of the commission.

### Program Measures:

#### Historic Preservation

Objects maintained and conserved (in thousands) .....	2,000	2,000
Commission buildings undergoing improvement .....	88	76

The measure "Commission buildings undergoing improvement" because 1) all bond funds under the Keystone Recreation, Park and Historic Resources Act, June 30, 1997 and 2) revised approach to managing maintenance

### Program Recommendations:

This budget re

\$ 1,000

#### General Government Operations

—PRR — Administrative Support for Historic Sites. To provide administrative support necessary to open the Erie Maritime Museum, and for the expansion of the Railroad Museum of Pennsylvania, and the Somerset Historical Center. See the Program Revision following this program for additional information.

230 —to continue current program.

\$ 1,230

Appropriation Increase

### Appropriations within this Program:

# Historical and Museum Commission

to identify, protect and safeguard Pennsylvania's historic and cultural resources, and to develop and promote the state's history and museum program to educate and inform the public about Pennsylvania history.

## Program

### Program Element: Historic Preservation

This element is responsible for the identification, protection and enhancement of buildings, structures and districts of historic and architectural significance within the Commonwealth. It provides for the infusion of Federal funds from the Department of the Interior to enhance the economic base of many communities in Pennsylvania; provide a survey and National Register nomination program; maintain an information network providing direction and assistance to local preservation organizations; administer an archeological program to improve policies and procedures and provide direction to the professional and advocational community; and preserve and protect endangered historic public and private buildings, structures and landmarks through a nonprofit Statewide revolving fund.

2000	2,000	2,000	2,000	2,000	2,000
2006	50	50	50	50	50

"Management" has been reduced substantially from last year's budget. The Park and Conservation Fund are anticipated to be expended by maintenance projects.

Budget recommends the following changes: (Dollar Amounts in Thousands)

\$	-6	<b>Records and Management Information</b> —to continue current program.
\$	56	<b>Maintenance Program</b> —to continue current program.

(Dollar Amounts in Thousands)

	2004-05 Budget	2005-06 Estimated	2006-07 Estimated	2007-08 Estimated	2008-09 Estimated
\$	18,891	\$ 19,916	\$ 20,262	\$ 20,610	\$ 20,973
\$	0	0	0	0	0
\$	1,000	1,020	1,040	1,061	1,082
\$	19,891	\$ 20,936	\$ 21,302	\$ 21,671	\$ 22,055

Identifies the agency being presented.

**Objective** — A statement of the program's purpose in terms of desired accomplishments.

**Program** — The agency program focuses upon objectives which can be measured in terms of quantifiable impact.

**Program Element** — Used within a program narrative to identify sub-program components.

**Narrative** — Describes program services and activities.

**Program Measures** — Indicates the expected impact of the proposed budget on services, costs, etc., involved in the program.

## **Budgetary Basis of Accounting**

The Commonwealth's Constitution requires that the Governor submit a budget annually to be adopted by the General Assembly for the ensuing fiscal year. The General Assembly may add, change or delete any items in the budget proposed by the Governor, but the Governor retains veto power over the individual appropriations passed by the General Assembly. The Governor may also reduce individual appropriations, but may not increase them. A gubernatorial veto can be overridden only by a two-thirds majority of each House of the General Assembly.

The Commonwealth's budgets are prepared essentially on a modified cash basis. Total appropriations enacted by the General Assembly may not exceed the ensuing fiscal year's estimated revenues, as developed by the Governor, plus (less) the unappropriated fund balance (deficit) of the preceding fiscal year, except for constitutionally authorized debt service payments.

Budgetary control is exercised at the appropriation level (legislative spending authority level). Encumbrances and expenditures cannot exceed appropriated amounts. Appropriation transfers between departments and any supplemental appropriations require both executive and legislative branch approval. Uncommitted and unexpended appropriations return to the fund balance at fiscal year end and become available for appropriation in the subsequent year. On the budgetary basis of accounting, certain estimated tax revenue accruals are recorded at fiscal year end for the General Fund and the Motor License Fund, a special revenue fund. Accruals include sales and use taxes and personal income taxes, both applicable to the General Fund, and liquid fuels taxes applicable to the Motor License Fund, which are estimated to be owed to the Commonwealth but not collected at fiscal year end. Also, funds are retained at fiscal year end to pay direct expenditures such as salaries, wages, travel, and utility costs payable against prior year appropriation authority but expended in the subsequent year. Over-estimates of prior year encumbrances are lapsed in the subsequent year and under-estimates are paid from subsequent year appropriations.

Budgets are statutorily adopted each fiscal year for the General Fund and the following special revenue funds: Banking, Lottery, Milk Marketing, Motor License, Workmen's Compensation Administration, Emergency Medical Services Operating, Energy Conservation and Assistance, Hazardous Materials Response and Ben Franklin/Technology Development Authority. Budgets are also statutory adopted for the administration of the State Employees' Retirement and Public School Employees' Retirement Funds.

Not all special revenue funds are controlled by statutorily adopted budgets. Controls over spending in such special revenue funds are maintained by use of spending limits (executive authorizations) established by the Governor, within parameters established by the General Assembly.

The Commonwealth also makes appropriations to authorize expenditures for various capital projects. Appropriations for capital projects normally remain in effect until the completion of each project unless modified or rescinded.

## **GAAP Basis of Accounting**

The budgetary basis financial information maintained by the Commonwealth to monitor and enforce budgetary control is adjusted at fiscal year end to reflect appropriate accruals for financial reporting in conformity with generally accepted accounting principles (GAAP). The use of GAAP requires a modified accrual basis of accounting for governmental and certain fiduciary fund types whereby revenues are recognized when they become both measurable and available to finance expenditures and whereby expenditures are generally recognized and recorded when a liability to make a payment, regardless of when the cash disbursement is to be made, is incurred. For proprietary and certain fiduciary fund types, GAAP requires a full accrual basis of accounting.

Financial statements of the Commonwealth prepared under GAAP differ from those traditionally prepared on a budgetary basis for several reasons. Among other differences, the GAAP statements (i) generally recognize revenues when they become measurable and available rather than when cash is received, (ii) report expenditures when goods and services are received and a liability incurred rather than when cash is disbursed, (iii) include a combined balance sheet for the Commonwealth presented by GAAP fund type rather than by Commonwealth funds, and (iv) include activities of all funds in the reporting entity, including agencies and authorities usually considered as independent of the Commonwealth for budgetary and financial reporting purposes. Budgetary basis revenues and expenditures required to conform to GAAP accounting generally require including (i) corporation tax accruals and audit adjustments for other accrued taxes, (ii) tax refunds payable and tax credits, and (iii) expenses not covered by appropriations.

## Terms Used in the Budget Process

**Appropriation:** Legislation requiring the Governor's approval authorizing an agency, department, board, commission, or institution to spend a specified amount of money for a stated purpose or purposes during a particular period of time, usually one fiscal year.

**Augmentation:** Monies such as institutional billings or fees credited to a specific appropriation of State revenues. An augmentation can usually be spent for those purposes authorized for the appropriation it augments. Although augmentations usually are appropriated in general terms with no specific dollar limits, Federal aid monies must be appropriated specifically.

**Balanced Budget:** A budget in which proposed expenditures equal actual and estimated revenues and surplus. The Constitution of Pennsylvania requires the Governor to submit a balanced budget and prohibits the General Assembly from appropriating monies in excess of actual and estimated revenues and surplus.

**Budget:** A statement of the State's program plan, the resources necessary to support that plan, a description of how and for what purposes the resources are to be used, and a projection of the effects of the programs on people and the environment.

**Capital Authorization:** The appropriations and/or debt authorization enacted in an annual Capital Budget to fund any permitted capital program.

**Capital Budget:** The Capital Budget is that portion of the State Budget that deals with projects for the construction, renovation, improvement, acquisition and original furniture and equipment of any building, structure, facility, land or land rights. Projects must have an estimated useful life in excess of five years and an estimated cost in excess of \$100,000 or more if bond funds are used and \$300,000 or more when current revenues are used. Those projects under these thresholds are not considered capital and are funded from operating budgets. Most of the capital budget projects in the past have been paid from monies obtained by the sale of bonds.

**Character of Expenditure:** A classification of appropriations according to their general purpose: general government, institutional, grants and subsidies, capital improvements, and debt service.

**Deficit:** A fiscal condition for an individual fund that may occur at the end of a fiscal year, whereby expenditures for a fiscal year exceed the actual revenues during the same period plus the prior year surplus. The deficit must be paid from the next year's revenues.

**Encumbrance:** That portion of an appropriation representing an expenditure pursuant to a contract, a purchase order, or a known invoice but where an actual disbursement has not been made. In accrual accounting it is treated as a debit against the appropriation in the same manner as a disbursement of cash.

**Executive Authorization:** An authorization made in the name of the Governor to spend money from funds which had been previously appropriated through blanket action of the General Assembly. Usually this term is used in connection with the special funds. An example of this would be Tax Anticipation Notes interest and Sales Tax refunds.

**Expenditure:** As contrasted with disbursement, an accounting entry which is both the payment of cash or any encumbrance, as in accrual accounting.

**Federal Fiscal Year (FFY):** A twelve-month period beginning October 1 and ending September 30 of the following calendar year which is used as the Federal accounting and appropriation period. Referred to by the year in which the fiscal year ends. For example, October 1, 2003 to Sept. 30, 2004 would be FFY 2004.

**Federal Funds Appropriation:** An appropriation of monies received from the Federal Government. All monies, regardless of source, deposited in the State Treasury must be appropriated. Federal funds are appropriated for a specific time period.

**Fiscal Year:** A twelve-month period beginning July 1 and ending June 30 of the following calendar year which is used as the State's accounting and appropriation period. Referred to by the year in which the fiscal year begins, for example, July 1, 2004 to June 30, 2005 would be 2004.

- *Actual Year – Includes all expenditures and encumbrances chargeable to that fiscal year as of June 30 of the previous year plus available balances held for certain commitments and any supplementals enacted after June 30. In the case of continuing appropriations, the actual figure will also include any available balances. For non-appropriated and non-executively authorized restricted receipts and restricted revenues, it reflects expenditures only.*
- *Available (Current) Year – For State funds, includes amounts appropriated to date and supplemental appropriations recommended in this Budget. For non-appropriated and non-executively authorized restricted receipts and restricted revenues, the best estimate of expenditures currently available is used.*
- *Budget Year – Reflects the amounts being recommended by the Governor in this document for the next fiscal year.*
- *Planning Years 1, 2, 3 and 4 – Reflects only the cost of the budget year projected into the future and the implementation of legislatively mandated increases which may be effective in a future year.*

**Fund:** An independent fiscal and accounting entity comprising a source of money set aside by law for the purpose of carrying on specific activities in accordance with special regulations, restrictions, or limitations. A fund is created by legislation. The General Fund is the fund from which most State programs are financed.

**Fund Balance:** The beginning balance is the ending balance brought forward from the previous year. The ending balance (positive or negative) is the sum of the beginning balance, revenues/receipts and lapses less expenditures within the fiscal year.

**General Appropriation Act:** A single piece of legislation containing numerous individual appropriations. The General Appropriation Act contains only appropriations for the executive, legislative and judicial departments of the Commonwealth, for the public debt and for public schools. All other appropriations are made by separate acts each concerning one subject.

**General Fund:** The fund into which the general (non-earmarked) revenues of the State are deposited and from which monies are appropriated to pay the general expenses of the State.

**Goal:** A goal is a desired state of affairs based upon current knowledge and values. It is timeless in the sense that as achievement approaches, goals tend to be restated at a higher level of aspiration or new goals are projected. Goals reflect the basic values of society and are therefore always culture bound and subjective.

**Item Veto:** The Constitution of Pennsylvania empowers the Governor to disapprove part or all of any item or items of any bill making appropriations of money. The part or parts of the bill approved become law and the item or items disapproved become void. This power is known as the item veto.

**Lapse:** The return of unencumbered or unexpended monies from an appropriation or executive authorization to the fund from which the money was appropriated. Most appropriations are for one fiscal year and any unencumbered and unexpended monies usually lapse automatically at the end of that fiscal year.

**Mandated Expenditures:** Expenditures that are authorized and required by legislation, other than appropriation acts, or required by the State Constitution. Such expenditures include payment of public debt.

**Nonpreferred Appropriations:** An appropriation to any charitable or educational institution not under the absolute control of the Commonwealth which requires the affirmative vote of two-thirds of the members elected to each House of the General Assembly.

**Objective:** A statement of program purposes in terms of desired accomplishments measured by impact indicators. Ideally accomplishments are intended effect (impact) upon individuals, the environment and upon institutions. The intended effect should be quantifiable and achievable within a specific time and stated resources, and contribute toward pursuing the goals of the Commonwealth. Objectives are found at the program subcategory level.

**Official Revenue Estimate:** The estimate of revenues for the coming fiscal year determined by the Governor at the time he signs the General Appropriation Act. This revenue estimate is used to determine whether appropriations are in balance with available revenues.

**Operating Budget:** The operating budget is that portion of the State budget that deals with the general day to day activities and expenses of State Government, paid out of revenues derived from taxes, fees for licenses and permits, etc.

**Preferred Appropriation:** An appropriation for the ordinary expenses of State Government which only requires the approval of a majority of the Senators and Representatives elected to the General Assembly.

**Program Budgeting:** A method of budgeting that relates expenditures to government program accomplishments. Program budgeting generally includes the identification of programs and their objectives, a system of measuring and reporting program results and the allocation of funds with a consideration of program effectiveness.

**Program Category:** The first major subdivision of the Commonwealth program. The program category is defined in terms of desired goals, e.g., clean air environment.

**Program Measure:** A general term applied to any of the substantive measures found in the agency programs. Included are impacts, outputs and need and/or demand estimators.

**Program Revision Request (PRR):** A PRR is submitted to support new programs or major changes in existing programs. The PRR reflects the guidance provided by the Governor's Annual Program Policy Guidelines, results obtained from special analytic studies, and needs or demands considered relevant by the Governor.

**Program Structure:** The system used to organize goals and objectives within a logical framework so that activities of different organizational units designed to accomplish similar results can be reviewed for decision purposes within the appropriate program context. Program structure also provides the means for determining what information is required in order to identify the needs and demands on government and what information is required for the management and evaluation of program operations.

**Program Subcategory:** A subdivision of a program category. The subcategory focuses upon objectives which can be measured in terms of quantifiable impact. Program subcategories within agencies are called programs within the Governor's Budget.

**Restricted Receipts:** Monies received by a State fund (usually the General Fund) from a source outside of the State which may be used only for a specific purpose. The funds are held in a trust capacity for a period of time and then are disbursed to authorized recipients including other State agencies. Restricted receipts do not augment an appropriation. Usually the State makes no other appropriation for the purpose specified for the restricted receipt.

**Restricted Revenue:** Monies designated either by law or by administrative decision for specific purposes. The revenues are deposited in the General Fund or in certain special funds but reported separately. Restricted revenue accounts continue from one year to the next and finance a regular operation of State Government. Disbursements from restricted revenue accounts must be accounted for as expenses of State Government.

**Revenue:** Monies received from taxes, fees, fines, Federal grants, bond sales and other sources deposited in the State Treasury and available as a source of funds to State Government.

**Special Fund:** A fund in which revenues raised from special sources named by law are deposited (earmarked revenue). Such revenues can be spent only for purposes prescribed by law and for which the revenues were collected. Examples are: Motor License Fund, Game Fund and Boat Fund.

**Surplus:** A fiscal condition that may occur in a fund at the end of a fiscal year, whereby expenditures are less than the fund's beginning balance, revenues/receipts and lapses during the same period. The surplus funds become available for appropriation during the following year.

## **Federal Funds Identification**

The most common abbreviations used to identify Federal funds in this document are:

ADA	Americans with Disabilities Act
ARC	Appalachian Regional Commission
BG	Block Grant
CCDFBG	Child Care and Development Fund Block Grant
CSBG	Community Services Block Grant
DCSI	Drug Control and Systems Improvement
DFSC	Safe and Drug Free Schools and Communities
DOE	Department of Energy
EDA	Economic Development Administration
EEOC	Equal Employment Opportunity Commission
EPA	Environmental Protection Agency
EPCA	Energy Policy and Conservation Act
ESEA	Elementary and Secondary Education Act
FEMA	Federal Emergency Management Agency
FFY	Federal Fiscal Year (October 1 to September 30)
FHWA	Federal Highway Administration
FTA	Federal Transit Administration
HIPAA	Health Insurance Portability and Accountability Act
HHS	Health and Human Services
HUD	Department of Housing and Urban Development
LIHEABG	Low-Income Home Energy Assistance Block Grant
LSTA	Library Services and Technology Act
LWCF	Land and Water Conservation Fund
MA	Medical Assistance
MAGLOCLN	Middle Atlantic Great Lakes Organized Crime Law Enforcement Network
MCH	Maternal and Child Health
MCHSBG	Maternal and Child Health Services Block Grant
MH/MR	Mental Health/Mental Retardation Services
MHSBG	Mental Health Services Block Grant
MR	Mental Retardation
NEA	National Endowment for the Arts
NPDES	National Pollutant Discharge Elimination System
NSF	National Science Foundation
OEP	Office of Emergency Preparedness
OSM	Office of Surface Mining
PHHSBG	Preventive Health and Health Services Block Grant
RSAT	Residential Substance Abuse Treatment
SABG	Substance Abuse Block Grant
SCDBG	Small Communities Development Block Grant
SDA	Service Delivery Area
SSA	Social Security Act
SSBG	Social Services Block Grant
SSI	Supplemental Security Income
TANFBG	Temporary Assistance to Needy Families Block Grant
TEA	Transportation Efficiency Act
USFWS	United States Fish and Wildlife Service
VA	Veterans' Administration
VOCA	Victims of Crime Act
WIA	Workforce Investment Act
WIC	Women, Infants and Children Program
YDC	Youth Development Center

## OVERVIEW

Pennsylvania is going to reclaim its place as a leader among the states. The success of this State will be measured by the success of our communities. As such, the Commonwealth will work to strengthen communities throughout the Commonwealth by working in partnership with localities to stimulate their economies and create new jobs, boost the performance of their public schools, improve access to quality health care, guarantee the highest level of protection for natural resources and provide for a safe and secure community. The revitalization of Pennsylvania's communities is the key to the revitalization of Pennsylvania. This Administration will allocate available State resources in the manner best suited to bring about the revival of our economy, the renewal of our communities and the rekindling of our belief that we can chart a better future for the next generation.

### **GOAL: CREATE JOBS AND BUILD A VITAL ECONOMY**

Pennsylvania will craft innovative public/private partnerships and invest new capital in small and large communities seeking a competitive edge in the global economy. State Government resources will be strategically linked with private capital to support economic development opportunities that offer the greatest potential for new jobs that pay a family-sustaining wage. Pennsylvania will fashion new financial tools to attract businesses that increasingly link Pennsylvania's economy to the industries of the future.

### **GOAL: BUILD A WORLD CLASS PUBLIC EDUCATION SYSTEM**

Pennsylvania will offer its children an invigorated public education system that delivers a high quality education to every child regardless of where that child lives. Driven by high standards of achievement for every child, this public education system will offer the supports necessary to prepare every child academically to succeed in college or his/her chosen career after graduation.

### **GOAL: INCREASE ACCESS TO HIGH QUALITY HEALTH CARE**

Pennsylvania is home to some of the nation's finest health care facilities and caregivers. The State will employ innovative quality improvements, cost controls and financial strategies to bring down the cost of insurance and thereby free up resources to increase access to affordable high quality health care. These reforms will offer children, families and senior citizens the medical care necessary for healthy and independent lives.

### **GOAL: BOOST THE SKILLS OF OUR WORKERS**

Pennsylvania's greatest untapped resource - its dedicated working men and women - must be prepared for the demanding new jobs that increasingly rely on new technologies to compete in the global economy. Pennsylvania's workforce training and development system will be streamlined and focused to give employers and workers the resources to take full advantage of every opportunity to boost the number of jobs and the wages of workers.

### **GOAL: PROTECT OUR NATURAL RESOURCES**

The goal of building a vibrant economy in this Commonwealth will be married with a commitment to the preservation and maintenance of Pennsylvania's natural resources. With an eye toward the future, Pennsylvania will support clean air and waterways, agricultural policies that protect our environment and sound land use policies that preserve open spaces.

### **GOAL: ENSURE THE SAFETY OF OUR CITIZENS**

Every state in the union faces greater challenges in ensuring the safety of our communities. Public safety planning must be coordinated and comprehensive; linking traditional law enforcement activities and the new infrastructure necessary to address homeland security issues. Pennsylvania will develop new cross-agency and cross-jurisdictional partnerships to ensure that this State is able to deliver on the promise of safety in a thriving democracy.

### **GOAL: DELIVER GREATER VALUE AND EFFICIENCY IN GOVERNMENT**

The role of government is to add value to efforts made by individuals, localities and organizations to enhance the quality of our lives. This government will identify new ways to mobilize resources to eliminate waste and redirect under-utilized resources to ensure maximum service to our citizens. Taxpayers will see greater efficiency and a higher return on the investment made to support the operation of this government.

## ECONOMIC OUTLOOK

The economic assumptions used to produce many of the tax revenue estimates in this budget were obtained from two main sources of forecast data: 1) Global Insight, Inc. (formerly known as DRI-WEFA) of Lexington, Massachusetts and 2) Economy.com, Inc. of West Chester, Pennsylvania. Both of these firms are private economic forecasting and consulting firms currently providing forecast data to the Commonwealth. Various projections from both Global Insight's national baseline and low growth forecasts as well as forecasts produced by Economy.com were used to develop the estimates of revenue for the budget year and other future fiscal years in this document. Analyses and discussion in this section, as well as the revenue estimates utilized in this budget, are based on a combination of data from each source of econometric forecast. The resulting budget year forecast may be characterized as a "conservative baseline" projection in that it is below the national baseline estimate developed by Global Insight yet above its low-growth forecast. Further, the economic forecast that is utilized for this budget is also generally consistent with many of the forecast assumptions contained in Economy.com's forecasts.

### Recent Trends

According to the National Bureau of Economic Research, the most recent U.S. recession ended in November 2001. However, with persistent state budget deficits across the nation, slow growing state revenues, equally slow growing levels of personal income, a steep wave of job losses now followed by a persistent lack of job creation, one would be hard pressed to delineate the start of the ensuing recovery.

**Chart 1**  
**Quarterly Real GDP Growth**

During the past three years, most measures of economic activity have consistently performed below expectation. While the last recession was not particularly long or deep, the post-recession economy has been disappointingly sluggish to date, although the spike in growth in the third quarter of 2003 was intriguing and potentially promising.

Growth in real gross domestic product (GDP) has been erratic over the past 2 years, with a quarter of strong economic gains more often than not followed by growth levels that were well below the

prior quarter and also well below expectations. Chart 1 displays the on again-off again nature of the recovery to date. As a result of this whipsaw effect since 2002, the U.S. economy has seen a continuing pattern where sustained growth has been stymied by mounting layoffs combined with a reluctance on the part of businesses to spend on capital investments or expanded payrolls. The result has been a recovery supported solely by consumer spending and productivity gains. Business investment has been non-existent until recently and job losses have been mounting with over 3 million jobs lost nationally since 2001. This persistent combination, along with external shocks to the economy coming from corporate accounting scandals and the war with Iraq, have short-circuited the recovery to date.

Recent economic indicators at the national level portray a more robust and sustainable recovery that may be starting to take shape. However, reasons for caution remain. Real GDP grew at a very healthy annual rate of 8.2 percent in the third quarter of 2003, but much of that gain was fueled by federal tax cuts, refund checks and mortgage refinancing, the latter two being temporary fiscal stimuli only. As the impacts from these temporary stimuli fade, real job growth will be needed in order for the consumer to sustain the current rate of growth in personal consumption. Virtually all growth during the recovery through the second quarter of 2003 has been from either productivity gains or the rise in consumer spending, which has been steady since the recession despite the wave of layoffs. Continued lack of job growth, slow growth in wages, high debt burdens, and the likely peak in mortgage refinancing could potentially combine to slow future growth in personal consumption.

The degree of success of the emerging recovery will eventually turn on whether improvements can be achieved in the labor markets. Since the recession, businesses have been purging themselves of excess capacity and payrolls have been in constant retreat until only recently. The focus on productivity gains to improve corporate profits has been a double-edged sword. While these gains can improve business income, restrain inflation, lower the cost of borrowing and improve real personal income, recent productivity gains have come largely at the expense of job growth. With productivity rising at twice the rate of growth in demand, firms have been able to meet orders for goods and services even while they were cutting payrolls. Businesses are facing intense cost pressures ranging from global competition to soaring health care costs to under-funded pension liabilities — all these factors are combining to reduce profit margins. Double digit increases in health care costs in particular are likely restraining growth in salaries and wages. Forecasts project a 12 percent increase in such costs for 2004. Pension fund losses are also diverting revenues away from wage growth as a recent federal study found that 90 percent of the S&P 500 companies had under-funded pensions, with total under-funding in excess of \$200 billion. With little room to maneuver on prices in a low inflation environment, businesses have been responding to all of these pressures by squeezing more output from fewer hours worked. The result has been the jobless recovery the U.S. has experienced through the fourth quarter of 2003.

The U.S. unemployment rate currently stands at 5.7 percent, down slightly from its nine-year high in June. The drop in the unemployment rate to 5.7 percent in December, from 5.9 percent in November, was the result of people leaving the labor force, perhaps giving up hope of finding a job, not the result of increased employment. As a result of this trend, a lower percentage of the U.S. population is currently in the labor force. From 1997 to 2000, the percentage of the U.S. adult population either employed or actively seeking employment was around 67 percent. By December 2003, the participation rate slipped to 66 percent. While this difference may appear minor, had the rate stayed at 67 percent an additional 2 million people would be working or looking for work. Further, the modest gain in payrolls during the fall came to an abrupt halt with the release of the December 2003 employment figures, which indicated that nationally only 1,000 jobs were created that month.

As a result, caution regarding the prospects for sustainable job creation within the national economy is warranted. The pace of growth in employment is well below a typical recovery. However, recent upward trends do indicate a marked change over the past few years which showed the longest drop in payrolls since the Great Depression, with 3 million jobs were lost nationally, including 1.3 million manufacturing jobs. Due to globalization, a greater number of these job losses are now likely permanent, rather than the temporary side effects from the business cycle.

If the labor markets have in fact stabilized, hiring must now rise to a level sufficient for a self-sustaining recovery to ensue. Growth in job creation in excess of 150,000 net new jobs per month is the general benchmark needed to begin to see declines in the unemployment rate. This level of job growth is necessary because of the level of new entrants into the labor force on a monthly basis. Growth in excess of 200,000 per month is typical of a normal recovery.

**Chart 2**  
**US LABOR FORCE AND EMPLOYMENT**

While job losses appear to have ceased, job creation at the national level over the past four months has been sub par, with only 277,000 jobs having been created, or 69,250 jobs per month.

Chart 2 indicates that the US economy has generated little growth in employment. What growth there has been is well below that which is needed to reduce the unemployment rate and sustain a prolonged recovery.

Given the very low level of job creation from September through December 2003, it is likely that the decline in the unemployment rate was solely a function of lack of growth in the labor force itself as participation in the labor force fell to a 12-year low during the fall. Participation is continuing to decline, as the national labor force declined in excess of 300,000 persons in December. Productivity gains will need to slow and demand will need to rise in order for gains to be achieved in the labor market. However, at the same time, reductions in productivity could likely restrain growth in real GDP.

## **Current Conditions**

Various national economic indicators have recently shown signs of improvement. Business investment has re-emerged following 3 years that saw either absolute reductions and/or little growth. This lack of business investment has been a key factor stifling the recovery to date. Thus, it has been a welcome change that capital spending on new equipment and software grew at a rate of 18.4 percent in the third quarter, up from 8.3 percent in the second quarter of 2003. Much of this expansion can be attributed to the lucrative accelerated federal tax depreciation benefits enacted in 2002. These benefits were increased during the summer of 2003 but are scheduled to return to former levels at the start of 2005. Continued expansion in capital spending is largely dependent upon growth in demand, which is expected to slow from its current pace. As result, capital spending is expected to grow at a rate near 10 percent in 2004.

Productivity improvements are positively impacting real GDP growth and corporate profits but adversely impacting job growth. Businesses are relying on productivity to boost output and profitability without the need for additional workers, as evidenced by the annual increase in productivity since 2001 of 4.3 percent versus growth in the national economy of 2.6 percent annually since 2001. Gains in productivity over the past two years are expected to slow in 2004 and 2005, which could lead to improvements in the labor markets. In the meantime, the end result of productivity gains and the shedding of excess capacity by businesses has been falling payrolls and an unemployment rate that has risen to a nine year high during 2003. Fewer reductions in business inventories have also been boosting real GDP growth. Current inventories are low, indicating a potential need for increases in factory orders; however, the manufacturing sector has yet to pick up in response.

U.S. job losses within manufacturing have totaled over 1.3 million since 2001, with most of the losses feared to be permanent. The unemployment rate is expected to hover around 6 percent through 2005.

Interest rates remain at 45-year lows, with the federal funds rate at 1 percent while the real rate is more likely -1 percent. Favorable policy statements from the Federal Reserve indicate a willingness to maintain low interest rates until the recovery gains strength.

Core inflation has been very low excluding food and energy. Overall inflation is estimated to rise just over 1.5 percent in 2004.

While recent third quarter national economic figures are encouraging, reasons for caution remain and the recovery may continue to be subdued. Although real GDP growth in the third quarter reached 8.2 percent and consumer spending was up 6.9 percent for the quarter, it is likely that only the growth in business investment for capital spending, which grew 14 percent in the quarter, looks to be sustainable, and even that at a reduced level. Much of the recent growth in real GDP and consumer spending appears to have been driven by temporary fiscal stimuli in the

form of federal tax cuts, tax refunds and mortgage refinancing. Of these, only the federal tax cuts are recurring.

The general consensus is that in the near term consumer spending will retreat significantly from third quarter levels, and real GDP growth will moderate to around 3.4 percent on an annual basis for the fourth quarter. Once the benefit of temporary fiscal stimuli passes, improvements in job creation will be necessary to sustain consumer spending and demand, both of which have been slowing from third quarter levels. Reductions in the growth of demand will adversely impact the willingness of businesses to invest in capital equipment or expand payrolls.

Productivity gains have added significantly to the growth to date in real GDP. In order for improvements to be achieved in jobs, productivity will need to slow.

The lack of job growth has been a restraint on the growth in real personal income, which was 1.3 percent in the third quarter of 2003, a level considerably lower than the 4 percent annual rate achieved prior to the recession. Surging benefits costs for employers, which have risen to their highest levels in over a decade, are suppressing job creation and adding costs to employers.

Geo-political risks also remain, highlighted by the uncertain security situation in Iraq.

Combined, these concerns indicate that while the recovery appears to be taking hold, it remains at risk from external shocks as well as internal inefficiencies which could undermine growth. It is expected that growth in the national economy will slow significantly from the pace set in the third quarter of 2003, led by a slowing in the rate of growth of consumer spending. The result is likely to be an annual rate of growth in real GDP of 3 percent for the year.

Moderate growth in personal consumption will likely continue and the re-emergence of capital spending by businesses is expected to continue beyond the current quarter, albeit at a reduced rate. However, until labor markets begin to improve, the U.S. economy is forecast to grow only at a moderate rate, possibly 4.3 percent in 2004.

## The Forecast

The current recovery, though slow to take hold, is projected to continue at a modest pace according to a combination of data from both Global Insight's baseline and low-growth forecasts as well as Economy.com's economic forecast.

Indicator	2002	2003p	2004p	2005p
Nominal GDP	3.6	4.7	5.4	4.2
Real GDP	2.4	3.0	4.3	2.9
Real Personal Consumption	3.1	3.0	3.6	3.5
Corporate Profits (After Tax)	-4.0	11.2	17.3	10.1
Unemployment Rate (Rate)	5.8	6.0	6.1	5.8
CPI	1.6	2.4	1.4	1.5
Federal Funds (Rate)	1.7	1.1	1.4	3.7

\*Assumptions contained herein as well as others are incorporated in the 2004-05 fiscal year revenue estimates.

p=projected

A combination of this data, from both sources, is highlighted in Table 1. This table presents actual data for 2002 and forecasts for the 2003-2005 period for several national economic indicators. As shown, both real and nominal GDP are expected to moderately expand in 2004 while giving back some gains in 2005. The forecasts anticipate that economic activity will be positively impacted by the recent participation of businesses in the recovery. Capital investment in new equipment, particularly information technology equipment is expected to accelerate and contribute significantly to growth in real GDP, partially offsetting weakening consumer spending. Consistent demand has pressured businesses to begin to rebuild inventories. The replenishment of inventories is expected to boost the

economy starting in 2004. The forecasts anticipate that the recovery will shift in 2004 from consumer-led to business-led drivers of demand, generally in the form of higher capital spending, inventory rebuilding and increased exports. While the consumer has maintained spending during the recovery it is likely that such spending will begin to wane. The various forecasts referenced

herein generally agree that while business activity will boost recovery, the consumer's retrenchment of spending levels will ensure that the recovery will be modest in nature.

Reduced consumer spending will likely be seen through weaker vehicle sales and housing demand. Consumer spending to date has been driven in large part by record low interest rates and a resulting wave of mortgage refinancing. Any movement in monetary policy to tighten supply will likely lead to lower demand for such items as vehicles and housing.

Recent evidence suggests that consumers are becoming more cautious in their spending, and consequently, consumption growth for 2004 is expected to be moderate. Due to continued weakness in the labor markets, flat incomes and rising uncertainties, overall consumption is expected to rise little more than one-half percentage point in 2004 to 3.6 percent. Chart 3 displays the actual and projected slow growth, relative to prior years, in personal consumption from 2001 through the end of 2005. Unemployment and the lack of wage growth are likely to continue to impact consumption. The unemployment rate is projected to climb through the first half of 2004, reaching 6.2 percent by the end of the second quarter. For all of 2004, the unemployment rate is projected at an average of 6.1 percent, with progress in job growth likely to occur only in the latter part of the year.

**Chart 3**  
**PERSONAL CONSUMPTION EXPENDITURES**  
Annual Average Growth

Risks to the forecast remain a concern. The lack of job growth is constraining consumer demand. Low growth in wages and personal income are also drags on the economy. Consumer confidence, which picked up following the completion of the ground phase of the Iraq war, has lost momentum. Concerns over the labor market and the lack of job growth dominate consumer decision-making at this time. Geopolitical uncertainty remains, not only with the tenuous security situation in Iraq but also due to international threats in North Korea, Syria and Iran as well as the possibility of further terrorist strikes at American interests at home or abroad. Therefore, the possibility of external shocks to the economy remains high.

## Pennsylvania Outlook

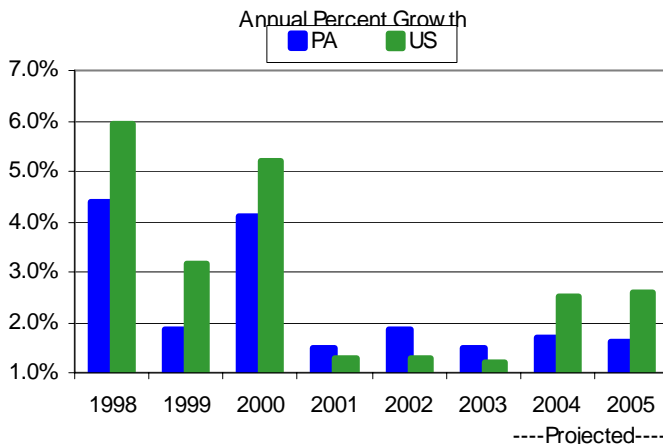

The Pennsylvania economy has traditionally been reflective of national economic trends albeit at reduced levels. While the drop in the national economy during the recession was somewhat more moderate in Pennsylvania, the recovery from the recession has likewise been more moderate in Pennsylvania than what have experienced nationally in recent months. The most recent Index of State Economic Momentum, as published by State Policy Reports, indicates that the Commonwealth is 42<sup>nd</sup> in total economic momentum as measured by the combination of 1) population growth, 2) personal income growth, and 3) employment growth. Similarly, Pennsylvania ranked 38<sup>th</sup> and 31<sup>st</sup> in personal income growth and employment growth in the same study. Pennsylvania currently ranks 48<sup>th</sup> in terms of job creation nationally and little improvement in unemployment levels is forecast for Pennsylvania compared to projected improvements in the national rates. Employment losses have been broad-based over the prior two years as the manufacturing, transportation, utilities, trade, finance, insurance and real estate sectors have weakened.

A struggling recovery and the lack of job growth are having disproportional impacts on State personal income growth. Chart 4 plots actual and forecast annual real personal income growth for Pennsylvania and the United States for the years 1998 through 2005. As shown, growth in real personal income within Pennsylvania lagged the national rate during the period when the economy

was expanding. As indicated, national real personal income growth rate has slowed to a level below that of the Commonwealth during the recession and the subsequent “non-recovery” period to date. However, since the national economy is projected to expand, the divergence between the State and national rates is projected to reappear. Continued weakness in the State’s old-line manufacturing and transportation industries, particularly aviation, reduce the prospects for

significant State economic growth. Growth in service sector employment and stabilization of employment losses in other sectors are projected to result in growth in real personal income during calendar years 2004 and 2005, but at levels below the national average.

**Chart 4**  
**PA AND US REAL PERSONAL INCOME**

The strong presence of manufacturing in the Commonwealth and the lack of growth in this important sector have been restraining growth in the Pennsylvania economy. Improvements in the Commonwealth’s economic

performance will be largely dependent upon improvements in job growth. Pennsylvania’s manufacturing sector is projected to begin a rebound in 2004 as business investment restarts. However, in the near term most new jobs are expected to continue to be created in the service sector. The industries driving Pennsylvania’s labor markets continue to be higher education, pharmaceuticals, high-technology electronic component manufacturing, financial services, health care, and trucking and warehousing.

Pennsylvania’s labor market continues to struggle through the recovery. Job losses and lack of significant growth following the recent recession continue to adversely impact growth in the Commonwealth. Although the Pennsylvania economy generally tracks the national economy, our unemployment rates had not risen as dramatically as the national average during the depths of the recession. However, the reason Pennsylvania has been experiencing a lower unemployment rate than the U.S. as a whole is because of the lack of growth in the State’s labor force over the past few years. Chart 5 indicates that Pennsylvania’s labor force is down 2.1 percent and employment is down 1.2 percent since January 2003. As result, most reductions in the Pennsylvania unemployment rate seen since February are the result of a smaller labor force rather than actual job creation.

**Chart 5**  
**PA LABOR FORCE AND EMPLOYMENT**

Current forecasts indicate that the Pennsylvania labor force will not return to its prior high of 6.3 million participants until December 2005. Mitigating this trend, recent overall lack of significant job growth in the northeast United States has tended to reverse the out-migration of Pennsylvania residents for a period of time. But resurgent job growth in neighboring states could re-start out-migration patterns in the near-term. As seen in Chart 6, employment growth in Pennsylvania has

been moving in the opposite direction from the national economy. As opposed to the moderately growing national employment base, Pennsylvania has been experiencing a net loss in employment growth since January 2003. Current forecasts predict national employment growth of nearly 2 percent annually versus half that for Pennsylvania through 2008.

The short-term outlook for Pennsylvania's economy remains heavily dependent on trends in the national economy. Economic growth in Pennsylvania has a high correlation with growth in the U.S. economy overall. It is estimated that 89 percent of Pennsylvania's employment volatility is associated with U.S. employment changes.

Over the long term, Pennsylvania's economy continues to diversify significantly, and this should enable the State to better cope with cyclical downturns. Pennsylvania's economy is more diverse than those of its neighbors and is second in the nation only to Missouri in terms of diversity as compared to the U.S. economy overall. This diversity means that Pennsylvania's economy is more likely to follow the national economy.

However, due to weak demographic trends, Pennsylvania's economy is also likely to recover at a subdued rate. Demographically, Pennsylvania will continue to experience slow growth in population, and out-migration will likely restart as the national economy improves. On the positive side, the business climate continues to improve within Pennsylvania, with business costs now equal to the national average. Pennsylvania is also succeeding in attracting high value-added industries such as electronics, pharmaceuticals and computer services. On balance, the continued diversification of the Pennsylvania economy and improvements to the business climate are projected to support a rebound, but demographic challenges and an aging infrastructure will likely lead to a slower recovery in Pennsylvania compared to the rest of the U.S.

## SUMMARY OF MAJOR OPERATING FUNDS

The total 2004-05 operating budget for the Commonwealth is \$50.1 billion. It includes \$22.3 billion in the General Fund, \$2.1 billion in the Motor License Fund, \$16.9 billion in Federal funds and \$8.8 billion in fees and other special fund revenues. The amounts for the General Fund and Federal funds reflect the use of \$377.6 million in Federal Fiscal Relief funds that this budget proposes to appropriate in lieu of General Fund monies.

The majority of the Commonwealth's operating expenses are paid from the General Fund, Motor License Fund and Lottery Fund. The following provides an overview of major revenues and expenditures. More details regarding these funds may be found in Section C – Summary by Fund and Section E – Department Presentations.

### General Fund

#### Revenue

The General Fund is the Commonwealth's largest operating fund. It receives all tax revenue, non-tax revenue and Federal grants and entitlements not specified by law to be deposited elsewhere. The General Assembly makes appropriations of specific amounts from tax revenue and certain non-tax revenue of the General Fund. These amounts are contained in this budget as General Fund Revenue Sources.

Tax revenue in the General Fund constitutes over 96 percent of annual General Fund revenue. Four taxes account for the majority of General Fund tax revenue. The personal income tax, the sales and use tax, the corporate net income tax and the capital stock and franchise tax together provide approximately 79 percent of annual General Fund revenue. For non-tax revenue, the largest single source of revenue is the escheats or "unclaimed property" program.

**Recent Revenue Trends:** For the five fiscal years ending with 2002-03, total General Fund revenue grew by 10.9 percent, an annual rate of 2.6 percent. The rate of growth for revenue during the period has been affected by the enactment of several tax rate and tax base changes that have impacted receipts. Without adjusting for tax rate and base changes, the major tax revenue sources experiencing the largest growth during this period were the cigarette tax, the realty transfer tax, the liquor tax and the insurance premiums tax. All had five-year increases of over 26 percent. Revenue from some tax sources declined over the period. Receipts from the major corporate taxes and inheritance tax fell by an average annual amount of 5.1 percent and 2.3 percent respectively. The declines in these taxes were partially the result of periodic reductions to the rates and bases enacted over the prior five fiscal years. Non-tax revenue sources during this period increased by 108.3 percent. Increased liquor store profits transfer and miscellaneous receipts, led by revisions to the Commonwealth's escheats program and transfers to the General Fund accounted for most of the increase during the period.

Receipts from the personal income tax in recent fiscal years have been impacted by a slower than projected recovery to the recession of 2001 for both the national and state economies. Personal income tax collections over the past five completed fiscal years have averaged 1.6 percent annual growth. Prior to an upward revision in the personal income tax rate enacted in December 2003, receipts from the personal income tax were anticipated to rise 1.6 percent over prior year levels. Following enactment of a modest increase in the personal income tax rate, receipts are expected to increase 7.2 percent over 2002-03 levels. For fiscal year 2004-05, personal income tax receipts are anticipated to rise 9.8 percent above the official 2003-04 estimate. Estimates for the personal income tax are developed from a regression equation that uses forecasts of wages, salaries, interest, dividends and rents.

The sales and use tax is levied on taxable property and services used by consumers and by businesses. Recently, annual growth rates for this tax have varied significantly from a high of 7.4 percent in 1998-99 to a low of 1.2 percent in 2001-02. Sales and use tax receipts over the past five completed fiscal years have averaged 3.3 percent annual growth with a significant portion of this growth occurring recently within the motor vehicle sales portion of the tax. Sales and use tax receipts through December are 2.2 percent over 2002-03 levels. For 2004-05, the expectation for modest gains in consumption spending is expected to produce a growth rate of 3.1 percent over the 2003-04 official estimate. Estimates for the sales and use tax are developed from a regression equation that uses forecasts of national consumer expenditures on durable goods, national consumption on new and used motor vehicles and the Pennsylvania unemployment rate.

The largest General Fund tax on business is the corporate net income tax. Annual receipts from the corporate net income tax can vary significantly from year-to-year and may experience a year-over-year decline. This variability is due to fluctuations in corporate profitability, including losses, the availability and use of tax credits and net operating loss deductions, and the timing of estimated and final state tax payments based on when a corporation's tax year begins. Corporate tax receipts, including both the corporate net income tax and the capital stock and franchise tax, have experienced negative year over year growth due in part to both recently enacted tax base reductions to the capital stock and franchise tax as well as from the continued impacts of the slower than projected recovery to the 2001 recession. Corporate tax receipts over the past five completed fiscal years have declined by an average of 5.1 percent annually. However, moderately rebounding corporate profits are aiding receipts from this tax for the fiscal year. Current fiscal year-to-date corporate tax receipts are 5.6 percent above 2002-03 levels through November. Receipts for all of 2003-04 are projected to increase by 5.1 percent. More recent economic forecasts indicate that the outlook for corporate profits may continue to improve during calendar year 2004, and tax receipts from corporate taxes are anticipated to increase by 3.6 percent for fiscal year 2004-05 after accounting for tax rate and base reductions scheduled to occur in 2004-05. Estimates for the corporate taxes are developed from a regression equation that uses forecasts of national before-tax corporate profits.

**Proposed Tax and Revenue Modifications:** The Governor's proposed 2004-05 General Fund Budget includes a new sales tax holiday and revisions to fees imposed on the disposal of municipal and residual waste in Pennsylvania.

**Sales and Use Tax Holiday** – A sales and use tax holiday is proposed for qualifying residential purchases of Energy Star household appliances. The estimated 2004-05 cost of this proposal is \$2.6 million.

**Research and Development Tax Credit** – An increase of \$10 million to the \$30 million annual cap on total research and development tax credits is proposed to be effective for credits awarded after January 1, 2005.

**Keystone Innovation Zone Tax Credit** – A new tax credit program is proposed to provide up to \$25 million in tax credits annually to businesses in targeted industry segments operating in Keystone Innovation Zones. These credits are expected to be utilized beginning in fiscal year 2005-06.

**Municipal and Residual Waste Disposal Fees** – A proposed increase in the Municipal Waste Disposal Fee of \$4.00 per ton of waste deposited in Pennsylvania municipal waste landfills is proposed to be effective July 1, 2004. A new fee of \$4.00 per ton on residual waste disposed in Pennsylvania is proposed to be effective January 1, 2005. The proposed fee increase is estimated to raise \$70 million in 2004-05 to be used exclusively to fund the proposed Growing Greener II initiative.

## Expenditures

The General Fund is the primary funding source for most State agencies and institutions. About three quarters of every dollar is returned to individuals, local governments, institutions, school districts, etc. in the form of grants and subsidies. The remainder pays operating expenses and debt service.

The total General Fund budget proposed for 2004-05 is \$22.3 billion, an increase of \$872 million or 4.1 percent. These amounts reflect the use of \$377.6 million in Federal Fiscal Relief funds that this budget proposes to appropriate in lieu of General Fund monies. Major program expenditures occur in the areas of state correctional institutions, education, and public health and welfare.

**State Correctional Institutions:** The 2004-05 budget proposed for the State correctional institutions is in excess of \$1.3 billion. This area has shown a constant upward trend in cost in recent years. From 2000-01 to 2004-05, total costs have grown from nearly \$1.2 billion to over \$1.3 billion. This is due to the continuing rise in the inmate population in the State correctional institutions, which has grown from 36,810 inmates in 2000-01 to an estimated 42,409 inmates in 2004-05.

**Basic Education:** The financial responsibility for public education in Pennsylvania is shared by the Commonwealth and 501 local school districts. Funds provided by the

Commonwealth supplement the funds raised locally. State aid to local school districts is provided through various school subsidy payments for basic instruction, vocational education, debt service, pupil transportation, employee retirement programs including social security and various special education programs.

The largest such subsidy is the Basic Education Funding subsidy, which provides Commonwealth aid to local school districts. This budget proposes over \$4.3 billion for the Basic Education Funding subsidy in 2004-05. It also proposes \$250 million for a new accountability grant program.

**Higher Education:** Higher education in Pennsylvania is provided through 239 degree-granting institutions, which include the fourteen universities of the State System of Higher Education, four State-related universities, community colleges and various other independent institutions. The budget proposes over \$1.85 billion for higher education institutions and students. This includes nearly \$357 million for the Grants to Students Program.

**Public Health and Welfare:** The Commonwealth provides temporary support for its residents who are seeking to achieve and sustain independence. It also provides care, treatment and rehabilitation to persons with mental and physical disabilities and supports programs to prevent or reduce social, mental and physical disease and disabilities. For 2003-04, the total public health and human services expenditures from all sources is \$22.4 billion. For 2004-05, \$23.8 billion has been proposed for these programs. In 2004-05, the amount from the General Fund will be \$8 billion, which is an increase of \$570 million or 7.6 percent.

The largest component of the public health and welfare expenditures is the Medical Assistance Program. In the last ten years, the program grew at an annual rate of 8.96 percent. While the overall economy is rebounding from the recent recession, the jobless recovery results in continued growth in caseload. Technological advances in medicine and general medical inflation, including increase in pharmaceutical prices, result in a significant increase in the projected State MA match requirement for 2004-05. This budget proposes various alternative revenue and cost containment strategies to offset General Fund costs. The 2003-04 cost from all sources is \$12.2 billion and the 2004-05 budget proposes appropriations totaling \$13.3 billion. Normal growth of Medical Assistance would have required a State fund match of \$4.6 billion in 2004-05. However, because of the revenue and cost containment measures built into the 2004-05 budget, \$4.0 billion is proposed in the budget as the level of State match.

Income maintenance, including cash assistance payments to families in transition to independence and self-sufficiency, totaled \$2.3 billion from all sources for 2003-04. The 2004-05 budget proposes total resources of \$2.4 billion. The Commonwealth's General Fund appropriation is increased from \$910 million to \$917 million. The budget provides a total of \$512.5 million for child care services. This represents an increase of 68 percent since 1998-99. The number of children served from low-income families increased by 176 percent.

The 2004-05 budget continues the policy of supporting independence for people with mental retardation and mental health disabilities. In June 1998, the State supported 6,811 institutional beds. By June 2004, that will be reduced to 3,863, a reduction of 43 percent. Over that period, the community budgets will have grown by \$699 million in total funds, an increase of 64 percent.

## Motor License Fund

The Motor License Fund is one of the special revenue funds of the Commonwealth and a major operating fund of the Commonwealth. It is the fund that receives most of the revenues required by the Constitution of Pennsylvania to be used only for costs of construction, reconstruction, maintenance and repair of and safety on highways and bridges in the Commonwealth and for the payment of debt service on obligations incurred for such purposes. The major sources of revenue to the Motor License Fund are from motor fuels taxes, vehicle registration fees, license and operators' license fees and excise taxes imposed on products used in motor transportation. Certain of these revenues are further restricted to specific highway uses and are not included in the Motor License Fund estimate of revenue.

Liquid fuels taxes provided approximately 55 percent of total Motor License Fund revenues in 2002-03. Revenue from liquid fuels taxes has increased only slightly over the past five fiscal years. For the five-year period ending with 2002-03, liquid fuels tax revenues increased at an annual average of 1.6 percent. The budget for 2004-05 projects a 1.0 percent increase.

License and fee revenues represent the other major source of revenues for the Motor License Fund. Annual growth of receipts from these sources has been increasing. For the five-year period ending with 2002-03, license and fee revenues increased at an annual average of 2.3 percent. For 2004-05, a 1.0 percent increase is projected.

For the seventh year in a row, the budget for 2004-05 recommends over a billion dollars for highway maintenance. More importantly, revenue enhancements have permitted a shift in highway maintenance from the least costly and least effective "oil and chip" patch repairs to more substantial and desirable resurfacing and reconstruction methods. At the same time, the additional revenues have allowed more miles of roads to be repaired and safety enhancements to be made in all of the Commonwealth's counties.

In addition to the above, improvements continue to be made in customer services at the Department of Transportation. In 2001, the department successfully implemented its Internet renewal system for use by the general public. This new program gives customers the ability to renew their non-commercial driver's license, photo identification card or vehicle registration electronically. The issuing of licenses and registrations continues to be decentralized, making it easier for the citizens of the Commonwealth to use these services. In addition, the time needed to issue licenses and registrations continues to be reduced.

Looking to the future, the department is researching highway systems technology in such areas as intelligent transportation systems, advanced maintenance technologies, and high performance pavement markings. In addition, the department will provide quality services that are user-friendly and customer-focused and will remain responsive and accountable to the citizens of the Commonwealth.

The Department of Transportation will continue to establish and maintain a first-rate infrastructure, which unites roads, rails, waterways, airports and information networks linking goods, services, people and ideas to our community, state and world markets.

## Environmental Stewardship Fund

The Environmental Stewardship Fund is a special fund of the Commonwealth, created in December 1999 by Act 68 of 1999, the Environmental Stewardship and Watershed Protection Act. This is the primary source of funding for the broad "Growing Greener" initiative that addresses environmental issues such as farmland preservation, open space protection, maintenance in State parks, abandoned mine reclamation, watershed protection and restoration, recreational trails, local parks, land use planning, and local drinking water and sewer systems.

This fund is composed of monies received from landfill fees and interest earnings. The Environmental Stewardship Fund originally received revenue from a 25 cent per ton, or 25 cent per three cubic yards, fee for all solid waste received at a landfill in the Commonwealth. Act 90 of 2002 added an additional \$4 per ton disposal fee for all solid waste disposed of at any municipal waste landfill.

This budget proposes an additional \$1 per ton fee on the disposal of municipal solid waste to support the activities currently funded by the Environmental Stewardship Fund. Without this new revenue source, funding for Growing Greener programs would decrease in fiscal year 2004-05 to \$90 million from \$107 million in fiscal year 2003-04. The higher funding level was made possible by transfers from the Recycling Fund and Hazardous Sites Cleanup Fund, but these transfers are no longer possible due to low fund balances in these two funds.

In addition, this budget proposes reestablishing permanent funding for the Agriculture Conservation Easement Purchase Fund by providing this program with a yearly percentage (14.8%) of Environmental Stewardship Fund revenues.

The Commonwealth agencies involved with the "Growing Greener" programs are the Department of Conservation and Natural Resources, the Department of Environmental Protection, the Department of Agriculture, and the Infrastructure Investment Authority. For additional details, please see the Environmental Stewardship Fund in Section C.

## **Lottery Fund**

The Lottery Fund is a special revenue fund that receives the proceeds of lottery sales. It provides funding for lottery prizes and for programs supporting older Pennsylvanians. These programs include property tax and rent assistance, community care programs, mass transit fare subsidies, and assistance in the purchase of pharmaceuticals.

In recent years, the Pennsylvania State Lottery had reached a state of maturity where growth in sales revenues had slowed dramatically because of decreased participation in the online games. The online games only showed results primarily when there were unusually large jackpots of several million dollars. In addition, the more popular instant games, although increasing in volume, also carry a lower profitability factor. To counter that trend of slow growth in revenues, the Lottery has joined the multi-state Powerball game, is working with retailers to expand sales, has implemented midday drawings, and has expanded advertising campaigns to promote higher levels of participation. Player Activated Terminals are being distributed throughout wider retail locations to broaden game accessibility. Combined, these efforts will address the Fund's previous inability to maintain programs.

The total cost of programs funded through the Lottery Fund continues to increase. The largest program in the Lottery Fund is the Pharmaceutical Assistance Contract for the Elderly (PACE) Program. This program provides pharmaceutical benefits to qualified older Pennsylvanians who face a growing burden from the cost of drugs required to maintain healthy and productive lives. Act 37 of 2003 expanded the income eligibility limits of the PACE Program making more than 100,000 additional individuals eligible for enrollment. The expansion is funded through a combination of Lottery revenue enhancements and cost containment initiatives in the PACE Program. In addition, the Federal Medicare pharmacy program is expected to result in as-yet unquantified savings to the Lottery Fund. For 2004-05, a transfer of \$370 million to the Pharmaceutical Assistance Fund will provide assistance to 277,150 older Pennsylvanians at an estimated cost of \$469.8 million. This is a \$133 million (56 percent) increase in the transfer compared to 1997-98. The second largest program in the Lottery Fund is the PENNCARE Program that provides in-home and community-based services to older Pennsylvanians to enrich their lives and enable them to delay or avoid institutionalization. For 2004-05, \$207.8 million is provided for the PENNCARE appropriation. Combined, these programs account for approximately 69 percent of total Lottery Fund program expenditures.

## **Tobacco Settlement Fund**

On December 17, 1999, Pennsylvania finalized its contractual agreement with the five major tobacco companies under the Master Settlement Agreement (MSA). The MSA provides a perpetual reimbursement to states for the costs incurred as a result of tobacco use. Pennsylvania's share of the MSA funds for the first 25 years of the agreement is in excess of \$9 billion, with annual payments ranging between \$322 million and \$434 million from 1999 to 2025.

The Tobacco Settlement Act 77 of 2001 established the Tobacco Settlement Fund as the special revenue fund that receives the proceeds from the MSA for the Commonwealth. It provides funding for programs such as health care insurance for the uninsured, home and community-based care, contributions to the PACENET program, tobacco use prevention and cessation, broad-based health research, medical care for workers with disabilities, and uncompensated care.

The fund also maintains an endowment component to preserve a portion of the receipts to ensure funds for future generations, sustain critical programs if tobacco allocations decrease, and provide ongoing revenue if tobacco allocations cease. The initial payment from the MSA of \$142 million was deposited into the endowment account. In addition, strategic contribution payments, earnings from investments, and eight percent of the annual payment from the MSA are deposited into the endowment account.

## Rainy Day Fund

Act 91 of 2002 created the Budget Stabilization Reserve Fund to replace the Tax Stabilization Reserve Fund as the Commonwealth's Rainy Day Fund. The purpose of the Rainy Day Fund is to provide financial assistance to counterbalance downturns in the economy that result in revenue shortfalls in order to promote greater continuity and predictability in the funding of vital government services.

The Budget Stabilization Reserve Fund is to receive an annual transfer of 25 percent of the General Fund's fiscal year ending balance. The transfer requirement is reduced to 10 percent of the General Fund's ending balance if the balance of the Budget Stabilization Reserve Fund equals or exceeds 6 percent of actual General Fund revenues received for the fiscal year. Appropriations out of the Budget Stabilization Reserve Fund require approval by two-thirds of the members of each house of the General Assembly.

At the close of the 2001-02 fiscal year, the balance of the former Tax Stabilization Reserve Fund was nearly \$1.04 billion. As shown on the graph below, the fund balance had been built up substantially during the latter part of the 1990's. In order to balance the 2001-02 and 2002-03 General Fund budgets, Act 91 of 2002 repealed the Tax Stabilization Reserve Fund and by law the entire balance was transferred to the General Fund. The General Appropriation Act of 2002 transferred \$300 million from the General Fund as an initial deposit into the new Budget Stabilization Reserve Fund. Subsequently, the General Appropriation Act of 2003 repealed this transfer and the \$300 million reverted back to the General Fund. In accordance with Act 91 of 2002, 25 percent of the General Fund's 2002-03 fiscal year ending balance, or \$69.8 million, was transferred to the Rainy Day Fund after the close of the fiscal year. This transfer put the fund's balance at a level roughly equivalent to the balance at the end of the 1994-95 fiscal year. This budget projects statutory year-end transfers to the Rainy Day Fund of \$14.5 million and \$0.5 million at the end of fiscal years 2003-04 and 2004-05, respectively.

## Complement

A major component of any budget is the size of its workforce or complement. In Pennsylvania, a complement level (the number of full-time equivalent (FTE) salaried positions) is authorized by appropriation for each agency under the Governor's jurisdiction. A summary of authorized salaried complement by department is included in Section I of this budget document.

The Commonwealth's total authorized complement level was 86,125 positions when the Rendell Administration took office in January 2003. This level has been reduced thus far during the 2003-04 fiscal year to 84,538 – a reduction of 1,587 positions. This budget proposes an additional reduction in the Commonwealth's total authorized FTE salaried complement level in 2004-05 of 633 positions, from 84,538 to 83,905 positions. Therefore, the total authorized complement level will be reduced by 2,220 positions since the Administration took office.

In conjunction with this reduction in authorized position levels, the number of filled positions has also been declining. The number of filled salaried positions in agencies under the Governor's jurisdiction was 80,673 when the Rendell Administration took office in January 2003. As of mid-January 2004, the number of filled salary positions was 78,297. This represents a reduction of 2,376 filled positions, or a reduction of nearly 3 percent, in the first year the Rendell Administration has been in office.

### Filled Salaried Complement

---

# STATEMENTS

This section summarizes the budget for the General Fund and selected Special Funds. It includes seven year financial statements for each of these funds, a seven year summary by agency and fund, summaries by the seven Commonwealth Programs, and several summaries for the General Fund including income by major source and outgo by program.

## Seven Year Financial Statements By Fund

The following financial statements are a summary of the General Fund and selected Special Fund revenues and expenditures for the 2002-03 actual year, 2003-04 available year, 2004-05 budget year, as well as future year estimates "prior to corrective action". Additional information on revenues and expenditures is detailed in subsequent tables and in Section C of this budget.

Debt Service	\$779,974	3.4%
Other Programs	\$524,821	2.3%
Economic Development	\$464,800	2.1%

This presentation shows the amount and proportion for the major revenue sources and major program areas for the total General Fund.

# USE OF THE GENERAL FUND DOLLAR

2004-05 Fiscal Year

Over three quarters of each General Fund dollar is returned to individuals, local governments, institutions, school districts, etc. in the form of grants and subsidies.

---

# **2004-05 FISCAL AND PROGRAM POLICY DIRECTION AND BUDGET THEMES**

The 2004-05 Fiscal and Program Policy Direction section immediately following this page presents the fiscal and program policies that guided the development of the Governor's Executive Budget. The revenue and expenditure recommendations included in this Budget seek to provide a solid fiscal foundation for the Governor to successfully address his vision, goals and program priorities for Pennsylvania.

This section summarizes the Governor's recommended budget initiatives within the following five budget theme presentations: Smart Investments to Create Jobs and Improve Our Communities; Investing in Our Children, Investing in Our Future; Relieving the Burden of Property Taxes on Our Homeowners, Our Schools and Our Communities; Growing Greener II: Investing in Our Quality of Life; and Making Government Work Smarter. Theme topics may vary from year to year based on the funding priorities established by the Governor and the recommended budget initiatives proposed in the Budget. Themes may include Program Revision budget recommendations. If so, detailed Program Revision presentations, including discussion of the Program Revision and its associated program measures, funding recommendations and costs by appropriation can be found in Section E. Department Presentations within the agency responsible for leading the Program Revision implementation.

## 2004-05 Fiscal and Program Policy Direction

This section presents the fiscal and program policies that guided the development of the 2004-05 Governor's Executive Budget. The 2004-05 Budget Instructions issued in August 2003 directed agencies to prepare budget requests consistent with the Governor's policy guidance and seek responses to the specific issues that the Governor wished to address in his Executive Budget.

With the strength of the economic recovery uncertain, it was important for agencies to use substantial caution in budget planning for 2004-05. Tax revenues are sensitive to changes in economic growth and therefore the economic outlook became a critical component of budget planning. Given the economic forecast, agencies were directed to prepare 2004-05 budget requests building upon the administrative spending constraints and operational efficiencies initiated during the 2003-04 budget process. The Budget Instructions noted that citizens of the Commonwealth, as well as State and local governments, continued to face unprecedented financial uncertainty. Slow revenue growth and double digit inflation in health care and retirement benefits, combined with projected double digit growth in Medical Assistance, the single largest Commonwealth Program, would continue to exert intense pressure on State agencies to hold down expenditure growth. Agencies were to make every effort to eliminate nonessential spending and deliver essential services at reduced cost.

Agencies were directed to continue to develop plans and policies designed to make State government more efficient and effective. Budget requests were to reflect the continuation of that commitment, the positive ongoing effect of current year efforts, and the best efforts to critically evaluate agency programs and activities. To aid this effort, the Budget Instructions directed agencies to submit efficiency Program Revision Request proposals to eliminate nonessential services and deliver essential services at reduced cost, in addition to traditional proposals requesting new programs or significant expansions to or reductions in existing programs.

Further guidance on efficiency Program Revision Request proposals was provided to agencies in September 2003 as part of the budget planning process. Every agency was directed to submit efficiency proposals that focused on program and operational efficiencies. Proposals were to result in actual savings of up to 3 percent of an agency's general government operations budget. Agencies were to request additional resources for program additions or changes only after they had explored offsetting cost savings in other programs. Agencies also had to justify why new programs or program changes could not be implemented using resources from other less effective or responsive programs or from improvements in program efficiency.

The 2004-05 budget planning process also significantly changed and enhanced the Performance Measurement goal-setting component of budget planning. Additional Performance Measurement instructions were issued to agencies in September 2003 directing agencies to put major emphasis on improving program performance measurement. Program measures were expected to go beyond identifying levels of activity, and instead identify qualitative and quantitative outcomes from program activities, and the efficiency with which resources were used to produce results. Program measures were to emphasize program efficiency and effectiveness and be designed to help the agency, the Office of the Budget and the Governor's Office evaluate the impact of proposed program expenditure levels in relation to each agency's mission and program goals.

The Performance Measurement submission is the foundation for a more comprehensive Performance Reporting, Monitoring and Accountability process that the Office of the Budget and the Office of Administration will implement to monitor agency performance and hold agencies accountable for program results throughout the fiscal year. Agency results-based plans and program performance data will be considered as decisions are made about statewide spending priorities and resource allocation between various agency budgets.

The Budget Instructions also emphasized the importance of monitoring and assuring program performance and directed agencies to focus on the long-term fiscal management of their programs and operations. Agencies were to strengthen the multi-year planning component of their budget requests to realistically reflect the future year consequences of actions proposed. Expected trends in eligible populations served, mandated service levels and improved program efficiencies were among the factors agencies needed to consider when preparing multi-year projections.

The reader is referred to the Overview portion of the Overview and Summaries section for a summary of Governor Rendell's vision and goals for Pennsylvania. Specific budget recommendations for each program appropriation can be found in the agency Program Presentations in Section E. Department Presentations. The reader is also referred to the 2004-05 Budget in Brief, a separate booklet, for summary information on the Governor's 2004-05 Executive Budget, including recommended program changes and funding levels in pursuit of the Administration's mission and goals for the Commonwealth.

## Smart Investments to Create Jobs and Improve Our Communities

Pennsylvania is at a turning point — we can make proactive investments and create employment in targeted growth sectors by supplying the capital our communities and businesses need to grow — or we can maintain the status quo and continue to lose our competitive advantage, our people and our jobs.

We must take action to change the way that we support our communities and to create new business opportunities. We must expand our commitment to provide capital, sites, infrastructure, and housing for our communities and businesses to grow and retain our young people.

The Rendell administration has proposed a comprehensive Economic Stimulus Program that addresses the key elements needed to “jumpstart” Pennsylvania’s economy. Some elements of the stimulus package were adopted in conjunction with the 2003-04 budget. It is anticipated that the remainder of the program will be enacted by early Spring 2004.

The Governor's Economic Development Stimulus Program calls for \$2.0 billion in grants, loans and guarantees over the next three years and leverages these funds to generate a minimum of \$3.1 billion in private investment in economic development projects across this Commonwealth. The program directs investments to blighted rural, urban and suburban sites and offers critical new capital resources to small cities and communities. It will help Pennsylvania become a leader in real estate and business development and offers a set of incentives and services that will attract high growth firms.

The principal program components are:

### **Pennsylvania Business in Our Sites**

The Business in Our Sites Fund would provide \$300 million in flexible loans and grants for local municipalities and their economic development partners to create future business growth and attract opportunities through the acquisition and preparation of key sites for development.

### **Redevelopment Assistance**

Redevelopment assistance provides funding for substantial local capital projects. The Economic Stimulus plan proposes increasing the amount available for these grants by \$640 million. Over the next three years, these funds would be used to support nearly \$1.3 billion in construction projects across the State.

### **Water and Sewer Systems**

The availability of public infrastructure often affects economic development projects. The Economic Stimulus plan recognizes this fact by calling for \$250 million in loans and grants to job creation projects that require improvements in water and sewer systems.

### **Real Estate Construction Fund**

The Real Estate Construction Fund would provide \$150 million to be matched by private investors and foundations. This \$300 million in total funding would be used to provide mezzanine capital to developers seeking to redevelop and revitalize real estate assets in small to mid-sized Pennsylvania communities.

### **New Ventures Investment Guarantee Fund**

The New Ventures Investment Guarantee Fund, the first program of its kind in the country, would provide \$250 million in financing guarantees to top performing fund managers who target their resources toward Pennsylvania’s companies seeking early stage financing. An additional \$60 million would be made available for loans to Pennsylvania-focused venture capital companies investing in companies within the Commonwealth. These funds will allow Pennsylvania companies to grow and create new jobs.

## **Keystone Innovation Zones**

Keystone Innovation Zones (KIZs) are intended to be geographically designated zones of opportunity and innovation designed to harness resources and foster collaborative partnerships between educational and business institutions. A total of \$10 million in State resources would be provided to help universities develop and expand their technology transfer programs and develop intellectual property policies. Up to \$25 million in annual tax credits would be available beginning in 2005-06 for companies located in the Keystone Innovation Zones that are part of the strategic priorities of the zone and show positive growth as defined by the department.

## **Expanded Research and Development**

The Commonwealth currently awards \$15 million in Research and Development Tax Credits. The Plan for a New Pennsylvania increases this program to \$30 million in fiscal year 2004-05 and \$40 million in 2005-06.

## **Equipment and Working Capital Assistance**

The Core Industries stimulus program would enhance the successful Machinery and Equipment Loan Fund (MELF) by adding an additional \$50 million in revolving loan funds, increasing the maximum loan amount from half a million to five million dollars, and by substantially lowering the interest rate on loans.

A Secondary Stage Loan Guarantee program would offer up to \$50 million in loan guarantees for successful Pennsylvania businesses seeking working capital financing from private lenders. The principal target for these loans will be small manufacturers and small technology companies.

The Governor's Economic Stimulus program also proposes making a substantial investment in health care that will dramatically improve the efficiency of hospitals while potentially saving millions of dollars. Up to \$25 million would be made available in low interest revolving loans to help hospitals introduce handheld pharmaceutical devices, which will significantly reduce dispensing errors.

## **Agriculture and Tourism**

Agriculture and tourism are Pennsylvania's two largest industry segments. The Governor's Economic Stimulus proposal proposes \$150 million in low-interest loan financing to these important industry sectors through the existing Small Business First and Machinery and Equipment Loan Fund programs.

## **Commonwealth Tax Increment Financing (TIF) Loan Guarantee Fund**

The TIF Loan Guarantee Fund would offer technical assistance to all municipalities except cities of the first and second class to guide them through the process of identifying and creating a TIF district, assessing revenue impact, and encouraging the local taxing bodies to support the TIF process. Communities will have the ability to issue TIF bonds through the Pennsylvania Economic Development Financing Authority (PEDFA).

## **Pennsylvania Section 108 Initiative**

The Pennsylvania Section 108 Loan Pool would extend the benefits of the successful Federal 108 loan program to smaller communities throughout the Commonwealth. Local governments in small cities, small to medium counties and rural areas will now be eligible to leverage the State's Community Development Block Grant (CDBG) allocation to create a \$288 million federal loan pool that will be backed by the Commonwealth.

## **Expanded Main Street Program**

The plan's commitment to smaller towns and urban centers expands the Main Street program. Seven million dollars would be available to encourage the revitalization of key commercial corridors across the Commonwealth.

## **A New Elm Street Program**

The Elm Street program would provide \$7 million in funding to encourage improvements to residential communities that are located next to commercial corridors and other economic development initiatives.

## Investing in Our Children, Investing in Our Future

Across this Commonwealth inspired and talented teachers and administrators are helping our students achieve. As a result, the majority of Pennsylvania students are meeting national standards. But in spite of the best efforts of our public schools, 44 percent of Pennsylvania's schoolchildren – more than two in five – still cannot read or do math at a level that meets the State standard of grade level proficiency. More troubling is that over the last ten years the percentage of Pennsylvania fourth grade students reading at grade level did not budge on national assessments. In 2002, President Bush challenged the nation with the passage of the Federal No Child Left Behind Act. This federal law requires that 35 percent of our students are proficient in math and at least 45 percent proficient in reading in 2004. In 2005, the standards will increase to 45 percent proficient in math and 54 percent proficient in reading. By the time our current elementary-school students graduate high school, all students will have to be proficient in reading and math. Pennsylvania is not meeting the modest standards now set by No Child Left Behind, and will have a hard time keeping up as the standards increase. That is why this budget recommends nearly \$300 million in targeted educational investments that are proven to boost student skills especially among those students who traditionally struggle to meet academic standards.

All of Pennsylvania's children deserve the opportunity to receive high quality early learning, education and care. Decades of research clearly indicate that if students are expected to achieve at high levels, early and effective learning opportunities are critical. The RAND Corporation examined all of the evidence on pre-school effects and came to two key conclusions: early intervention "can provide significant benefits" for disadvantaged children, and investing public funds in these programs can lead to real future savings. The U.S. Business Roundtable concluded, "A successful system recognizes the importance of the years before children come to school. It provides high-quality pre-kindergarten education for disadvantaged children." The National Academy of Science wrote that, "Striking disparities in what children know and can do are evident well before they enter kindergarten. Redressing these disparities is critical, both for the children whose life opportunities are at stake and for a society whose goals demand that children be prepared to begin school, achieve academic success, and ultimately sustain economic independence and engage constructively with others as adult citizens."

During his term in office Governor Schweiker established a blue-ribbon Task Force on Early Childhood Care and Education. Following comprehensive research and analysis, the Task Force made the following recommendations; that, "Quality preschool should be available to all 3- and 4-year-olds on a voluntary basis and funded beginning with children who are at risk of school failure . . . Expanding kindergarten to full-day, particularly for children most likely to benefit or in districts with high proportions of students likely to benefit, represents a sound investment in future educational success." Improvement in access to subsidized child care for low and moderate income families is necessary, as well as investment in systematic efforts to improve child care quality.

This budget recognizes the impact that early childhood learning, education and care have on school readiness and academic success and recommends the a program of targeted educational investments to aid Pennsylvania's youngest citizens. In addition, to assure continued development of a systematic and coordinated approach to early learning, the Governor's Office has established an Early Learning Team comprised of representatives from the Departments of Education, Health, and Public Welfare as well as Head Start and the Governor's Office.

**Accountability Block Grant.** Major new strategic investments in schools are provided primarily through a flexible Accountability Block Grant that offers school districts a range of proven program options to meet the special needs of their struggling students. Every school district will receive a share of \$250 million in recommended Block Grants for the 2004-2005 school year. School districts can use their block grants for a number of proven programs, including three that are targeted specifically to early childhood education: high-quality pre-school, full-day kindergarten, and small class size in grades K-3.

**Head Start Supplemental Assistance Program.** Early learning will be enhanced by additional funds targeted to match the federally funded Head Start program. This budget invests \$15 million in expanding and enhancing Head Start. Passage of this budget will mark the first time that Pennsylvania will directly supplement federal Head Start money. Existing Head Start providers will receive resources to expand their programs to additional children and to offer extended-day services. Head Start providers

can offer extended-day services themselves or collaborate with a licensed child-care center or a registered family or group day-care home.

**Early Intervention.** Early intervention provides services to children who have a disability or developmental delay, and need specialized instruction. The Department of Public Welfare provides early intervention services to children from birth through age two, and the Department of Education provides services to children age three through age five. Early intervention services are intended to minimize developmental delay and the need for special education, to enhance the potential for independent living, and to assist families in meeting their children's special needs.

**Child Care Service Capacity.** Working families are often challenged by regulatory barriers that impede their ability to access child care services. In addition, many families who qualify for child care subsidy find themselves on waiting lists for this critical service. Through this budget, funds are allocated to address significant barriers that prevent children and families from using essential child care services and to assure that more of Pennsylvania's working parents can secure child care for their children.

**Keystone Stars Quality Improvement.** Child care programs provide an important source of early care and education to Pennsylvania children. Through this budget, the Keystone Stars quality improvement program will be expanded and strengthened. Keystone Stars encourages child care programs to improve their quality, offering educational scholarships to assist teachers to improve their knowledge and practice in early childhood, and providing retention awards for qualified teachers and merit awards for programs that demonstrate progress in meeting standards.

**Child Care Provider Reimbursement Rate Limits.** To ensure that low-income working parents have access to and choice among quality child care providers, State reimbursement rates must be adequate to pay qualified staff. This budget proposes to increase the reimbursement rate limits for child care providers experiencing the greatest need.

**Educational Improvement Tax Credit for Preschool.** The budget provides for the expansion of pre-school programs by launching a tax credit program for private pre-school scholarships. Pennsylvania businesses will be able to receive up to \$5 million in state tax credits for donations to pre-school scholarship organizations. The scholarships will make tuition grants available to parents to pay for the pre-school of their choice throughout the state.

In addition to focusing on early childhood services before first grade, this budget also addresses the challenges that large class sizes cause for our young students. Three out of every four Pennsylvania students are in an elementary-school class size with more than twenty students. Research from other states confirms that students in small K-3 classes outperform other students in reading, language arts, math, and science and sustain gains as they progress into higher grade levels. As a result of a historic compromise hammered out this year by the General Assembly and the Rendell administration, Pennsylvania will be able to use funds provided by the Accountability Block Grant to begin early childhood education services and reduce the student-to-teacher ratios in our early grades.

With this budget, Pennsylvania will join the best of the states that are making smart and aggressive investments in proven educational programs with nearly \$300 million targeted to boost student achievement. Of that total, \$250 million is recommended for the Pennsylvania Accountability Block Grant investment in proven programs to help school districts attain or maintain academic performance targets. Every school district will receive a share of the Block Grant in the 2004-2005 school year. School districts can use Accountability Grants for high-quality pre-school, full-day kindergarten, small class size in grades K-3, tutoring, teacher training, science materials and equipment, incentives to recruit and retain the most qualified teachers where needed most, closing achievement gaps, and strengthening links to social and health services. School districts also have the option to invest in other research-backed strategies, upon notification and review by the Department of Education. The Pennsylvania Accountability Block Grants are a win-win for school districts and taxpayers – communities have maximum local control and the flexibility to implement those programs that best serve their individual needs, while the focus on targeted and proven programs ensures the efficient and effective use of taxpayer resources.

Pennsylvania has one of the highest achievement gaps in the country. This, coupled with the pressured need to meet the standards set by the Federal No Child Left Behind Act, adds a greater sense of urgency to the effort to secure additional support and resources designed to help all students succeed. Research indicates that tutoring services are one of the most effective tools in boosting student achievement. This budget therefore recommends continuation of the Educational Assistance Program

implemented as part of the 2003-04 enacted budget. The enacted budget appropriated a total of \$34 million for tutoring in each of the 2003-04 and 2004-05 fiscal years.

The Educational Assistance Program, funded at \$25 million, targets school districts with the most severe academic challenges – those schools that did not meet No Child Left Behind Average Yearly Progress targets in math or reading. Students who score below the standard in grades K-3, 4, 6, or 9, or are below proficient on the reading or math PSSA in grades 5 and 8 can receive tutoring under this program. Students can receive tutoring before school, after school, on weekends or during the summer. New guidelines ensure that tutoring takes place in a class size capped at 10 students during the school year and 15 students during the summer. Districts eligible for the Educational Assistance Program may use their allocated funding to provide programs either in-house or through approved outside providers. All tutoring providers are required to use evidence-based models for instruction. The academic progress of students receiving instruction must be reviewed by a school district assessment mechanism. Tutoring must be aligned to the school curriculum and tutors must collaborate with the classroom teacher. Tutoring providers will be evaluated annually; specific measurable outcomes must be achieved before a provider will be approved to continue tutoring into the following year.

This Program Revision also provides \$9 million for the continuation of Classroom Plus, a tutoring program for students who have received low standardized assessment results. Classroom Plus provides up to \$500 per student per fiscal year for tutoring from state approved providers. Public and private school students are able to access tutoring vouchers to use to purchase tutoring services in their communities.

In addition, this budget recommends a two and one-half percent increase in funding for basic and special education programs provided by school districts and intermediate units, as well as a two and one-half percent increase in funding for vocational education programs provided by area vocational and technical schools. These increases will provide an additional \$105.2 million for Basic Education Funding, \$22.6 million for Special Education and \$1.4 million for Vocational Education.

With this budget, more children will benefit from proven programs like full day kindergarten and extensive tutoring, struggling school districts will have new resources to improve academic achievement, teachers will have increased access to quality tools and professional development, and schools will be better equipped to meet demanding academic standards required under No Child Left Behind. The focus on high-quality early childhood programs and services before first grade will help the Commonwealth address and mitigate the social and educational disparities of young children that influence their ability to be prepared to begin school, achieve academic success, and attain economic independence and self-sufficiency as adult citizens.

### Relieving the Burden of Property Taxes on Our Homeowners, Our Schools and Our Communities

Pennsylvania homeowners have been hit hard by repeated property tax increases. As school districts have raised local property taxes by 25, 50, and even 75 percent, seniors and others on fixed incomes have been unable to keep pace and are forced to lower the standard of living or even to sell their homes. This same trend has prevented young families from purchasing a first home. Soaring property taxes have also forced farmers to sell their land to developers. Moreover, in many Pennsylvania communities stagnant economic conditions and weak residential property markets have meant that even with constant property tax increases, homeowners have not been able to generate enough tax income to adequately fund their schools and make up for a declining State share of public education costs.

As a result, Pennsylvania now ranks 49th among all states when it comes to school funding equity. On January 8, 2004, *Education Week* identified Pennsylvania as the second worst state in the nation with respect to educational equity. Their Quality Counts ranking was based on the extraordinary share of school funding coming from local taxpayers and the disparities such local dependence creates. Over the last decade, Pennsylvania's rankings have declined steadily based on the share of total public education funding that is provided by the state government and the degree of funding equity found among our school districts.

Across the United States, the percentage of public school funding provided by state governments now averages 56 percent, up from 51 percent just four years ago. By 2002, Pennsylvania's share of public school funding had declined to an all-time low of 36 percent, far below our State's one-time high of 50 percent. Local property taxes have had to fill in the resulting school funding gap. As a result, since 1992 local property taxes have increased by 54.8 percent in Pennsylvania.

This budget assumes the passage of a bill that ensures tax relief by authorizing a limited expansion in gaming to fund property tax relief for homeowners across the Commonwealth and wage tax relief for residents of Philadelphia. Upon passage of the property tax relief legislation, Pennsylvania can begin to reverse spiraling local property tax increases by offering substantial property tax reduction. Every school district would be guaranteed at least a minimum local tax reduction, and most districts would receive far more – up to a maximum set in law.

The Governor expects that this legislation will ultimately increase State aid to school districts by \$1 billion to make property tax relief possible. If this occurs the Commonwealth's share of the cost of supporting our schools will increase to nearly 44 percent.

This funding will not result in an increase in local school spending. For every new dollar that the State sends to a school district under this property tax relief proposal, school districts will be required to cut local property taxes by the exact same amount – a dollar for dollar exchange.

## Growing Greener II: Investing in Our Quality of Life

This budget proposes new investments in an area that will be crucial to ensuring Pennsylvania's future competitiveness — our quality of life. The types of companies and industries that Pennsylvania needs to retain and attract often have a choice of where to do business. Increasingly, they judge a location on its ability to offer their workers a place they want to call home — a place that has a clean and safe environment, lively town centers and neighborhoods and abundant green space.

This budget recommends new investments in critical programs to improve the quality of our lives and our communities ranging from protecting open space, to cleaning up abandoned industrial sites, to clearing our streams of acid mine drainage, to upgrading habitat for wildlife, to restoring mine lands, to protecting working farms and forests. The central feature of this new effort is a proposal to renew and expand Pennsylvania's successful Growing Greener program.

The redesigned Growing Greener II proposal contains the following major components:

### **Protect existing Growing Greener Resource Renewal Programs**

Because of the way the original Growing Greener program was financed, absent a new source of revenue spending on Growing Greener programs will need to be reduced from \$107 million in 2003-04 to \$90 million in 2004-05. This budget proposes a new fee of \$1.00 per ton on the disposal of municipal solid waste solely for the Environmental Stewardship Fund, providing an additional \$21 million for Growing Greener programs in fiscal year 2004-05. This would provide a permanent funding source for the Agriculture Conservation Easement Purchase Fund by re-establishing a fixed annual percentage (14.8%) of Environmental Stewardship Fund payouts dedicated to farmland preservation.

### **Increase the impact of Growing Greener II with a Voter Approved Expansion**

To enhance our investment in existing and new Growing Greener efforts, voter approval will be sought for an \$800 million Growing Greener bond issue. Bond proceeds would be spent over a period of four years on parks, open space and farmland (\$330 million), environmental cleanup (\$300 million) and revitalization of older communities (\$170 million).

### **Establish a Home Town Streets Program at PennDOT**

At the heart of many of Pennsylvania's cities and towns both large and small are older streets and boulevards that have seen better days. Many of these are owned by the Commonwealth. The traditional method of allocating road funds, to repair condition problems or address traffic congestion, can often leave these roads behind. Under the Home Town Streets Program, Pennsylvania towns and cities that have State roads as their main streets and commercial corridors can seek State support to revitalize these arteries. The Department of Transportation will allocate \$200 million from its capital plan toward this program over the next four years.

### **Increase Funding for Recycling and Other Programs**

This program includes \$25 million per year in increased State support for recycling programs in communities of all sizes, \$2 million per year to allow the Commonwealth to purchase 20 percent of its electricity from renewable and other preferred sources of energy, and \$7.5 million per year to aid communities that wish to plan more comprehensively for future growth.

### **Targeted Tax Credits**

Two targeted tax incentives, one for community revitalization and one to promote energy conservation would complement these programs. An allocation of \$11.5 million will cover the cost of a Historic Preservation Tax Credit to help small businesses, developers and some homeowners rebuild the fabric of hundreds of older communities. Also, a twice-per-year Green Tag sales tax holiday on the purchase of energy efficient appliances is proposed to encourage the purchase of these products, thus conserving natural resources.

## Paying For Growing Greener II

These activities would be funded by a new \$5.00 per ton fee on the disposal of municipal solid waste and a new \$4.00 fee on residual waste. All new revenue would flow to the General Fund except for the \$1.00 per ton fee on municipal waste going to the Environmental Stewardship Fund. Revenue flowing to the General Fund would support debt service on the Growing Greener bond issue, tax credits and the other items that make up the Growing Greener II program.

Below is a summary of the Growing Greener II Proposal, which totals \$91 million in 2004-05.

	<b>State Funds</b>	
	<b>(Dollar Amounts in Thousands)</b>	
	<b><u>2004-05</u></b>	<b><u>2005-06</u></b>
<b>General Fund Revenues</b>		
Tipping Fee Increase .....	\$ 63,000	\$ 84,000
Residual Waste Fee.....	<u>7,000</u>	<u>28,000</u>
<i>General Fund Revenues:</i> .....	<u>\$ 70,000</u>	<u>\$ 112,000</u>
<b>Environmental Stewardship Fund Revenues</b>		
Tipping Fee Increase .....	\$ 21,000	\$ 21,000
<b>Total Growing Greener II Revenues</b> .....	<b><u>\$ 91,000</u></b>	<b><u>\$ 133,000</u></b>
<b>Uses:</b>		
Environmental Stewardship Fund - Maintain Current Program Levels ....	\$ 21,000	\$ 21,000
General Fund:		
Debt Service for Growing Greener II Environmental Bond Issue .....	2,330	18,151
Historic Preservation Tax Credit .....	11,500	11,500
Transfer to Recycling Fund .....	25,000	25,000
DCED - Center for Local Government Services .....	7,500	7,500
Transfer to Hazardous Sites Cleanup Fund .....	19,000	45,200
DGS - Energy Costs-Increased Use of Green Energy .....	2,000	2,000
Green Tax Holiday .....	<u>2,600</u>	<u>2,600</u>
<i>Total General Fund Uses</i> .....	<u>\$ 69,930</u>	<u>\$ 111,951</u>
<b>Total Growing Greener II Uses</b> .....	<b><u>\$ 90,930</u></b>	<b><u>\$ 132,951</u></b>
Available Balance	<u>\$ 70</u>	<u>\$ 49</u>

## Preserving Our Ability To Clean Up Hazardous Sites

Pennsylvania's major source of support for the clean up of hazardous waste sites is the Hazardous Sites Cleanup Fund. Prior to 2002, this Fund was supported by a share of the Capital Stock and Franchise Tax. As this tax rate was lowered, the Fund was deprived of that source of revenue. Absent new revenues, the Hazardous Sites Cleanup Fund will no longer have the ability to clean up the worst of our hazardous sites. The 2004-05 budget therefore includes additional revenue for the preservation of this Fund. The revenue is generated by a new 15 cent per pound fee on the release of toxic chemicals listed on the federal government's Toxics Release Inventory list. A \$2 million annual cap on this fee would be imposed for any one company and a \$5 million annual cap on the combined total of the toxics release fee and residual waste fee would apply to any one company. The toxics release fee would go into effect July 1, 2004 and would raise \$20.4 million annually. In addition, the Hazardous Sites Cleanup Fund would be supplemented by a General Fund transfer in 2004-05 and 2005-06.

## Hazardous Sites Cleanup Fund Preservation Plan

	<b>(Dollar Amounts in Thousands)</b>	
	<b><u>2004-05</u></b>	<b><u>2005-06</u></b>
Revenue from Toxics Release Fee .....	\$ 20,400	\$ 20,400
Transfer from the General Fund.....	<u>19,000</u>	<u>45,200</u>
<b>Revenues for Hazardous Sites Preservation Plan:</b> .....	<b><u>\$ 39,400</u></b>	<b><u>\$ 65,600</u></b>

## Making Government Work Smarter

In the face of shrinking revenues resulting from uncertain economic times coupled with a critical need for increase investment in the improve academic achievement, economic development, and essential safety net services for our Commonwealth's neediest citizens, Pennsylvania has no choice but to operate more efficiently so that limited financial resources can be directed to the areas of greatest need. With the ambitious goal of reducing the cost to operate State government by \$1 billion over four years, the 2003-04 budget reduced agencies' administrative budgets by nearly \$212 million. In this year's budget process, agencies were challenged to trim spending again by an average of 3 percent. Agencies' responses to this challenge can be found in the form of operational reductions throughout this budget. In addition to challenging agencies to identify their own efficiency initiatives, the Office of Management and Productivity was created last April to spearhead the effort to make Pennsylvania's government work smarter. The first ten months have yielded exceptional results, and during the next twelve months, the Office of Management and Productivity will continue to work to lower the cost of State government operations by an even greater amount than has already been saved. Listed below are the results of the first ten months totaling over \$25 million in annual savings.

### ***Telecommunication Infrastructure Initiatives***

- Consolidating data communication lines at State Correctional Institutions and Probation Offices ~ \$172,000 savings
- Eliminating unused telephone lines and unnecessary telephone features ~ \$43,000 savings in the Office of Administration alone

### ***Renegotiated Contract Costs with Existing Vendors***

- Renegotiation of a two-year extension for PennDOT's Driver License and Motor Vehicle Call Center ~ \$1.45 million savings
- Negotiating with IT professional services contractors for lower prices ~ \$2.7 million savings
- IT maintenance contract renegotiations ~ \$774,000 savings

### ***Strategic Sourcing/Procurement Savings***

- Increasing the trade-in threshold for Commonwealth vehicles from 65,000 to 80,000 miles ~ \$13.7 million savings
- Reductions in natural gas contracts for three State Correctional Institutions ~ \$370,000 savings
- Negotiating a new software contract ~ \$4 million savings
- Computer lease of 4,500 PCs ~ \$1.3 million savings
- Reducing the number of paper calendars ordered ~ \$109,000 savings
- Reduced costs from a new paper contract ~ \$170,000 savings

### ***Agency-Specific Cost Reduction Examples***

- Use of postage discounts by two additional agencies ~ \$50,000 savings
- Decreasing the number of copies of the PA Manual from 29,000 to 6,000 and eliminating the printing of hard cover PA Manuals ~ \$90,000 savings
- Use of on-line auctions at the Department of General Services for surplus state property ~ \$43,000 in additional revenue
- Reductions in the distribution of promotional items by the Department of Environmental Protection ~ \$295,000 savings
- Eliminate the mailing of the Department of Environmental Protection's weekly newsletter ~ \$240,000 savings

---

# FEDERAL BLOCK GRANTS

The Federal Government has two primary types of grants: categorical grants and block grants. The categorical grants are generally distributed for specific purposes. Block grants are distributed to state and local governments based on a distribution formula and are available for an activity that falls within the purposes of the Federal authorizing legislation. Generally the block grants provide states greater flexibility than categorical grants.

The Commonwealth implemented eight block grants based on the Federal Omnibus Reconciliation Act of 1981. Since that time, block grants have been added based on changes in Federal law. The Personal Responsibility and Work Opportunity Reconciliation Act of 1996 created two new block grants: Temporary Assistance to Needy Families and the Child Care Development Fund which replaced the Child Care Block Grant. These programs and Workforce Investment are scheduled to be reauthorized in 2003-04.

In addition, three programs have been included in this presentation because the Federal Government provides flexibility on the activities eligible for funding. These programs are: Workforce Investment, Innovative Education Program Strategies and Anti-Drug Abuse Programs.

The tables within this section provide information on the estimated amount to be received from the Federal Government and an estimated distribution of the funds by program within the block grant. Generally, the amounts shown for administrative costs represent the amount allowable by the Federal Government. The 2003-04 estimated block grant amounts reflect the current estimate of amounts available and, therefore, may be different from amounts appropriated.

The recommended distribution by program for 2004-05 is a preliminary proposal. Opportunities for public review and comment may result in modifications to the proposed distribution.

# SUMMARY OF FEDERAL BLOCK GRANTS

This table shows a summary by Federal block grant of 2002-03 expenditures, 2003-04 available and 2004-05 amounts budgeted as presented in the 2004-05 Governor's Executive Budget.

## Community Services

This block grant provides funds for community-based programs that offer health, nutrition, housing and employment related services to improve the standard of living of low-income persons. Programs consolidated into the block grant include Community Action, Senior Opportunities and Services, Community Food and Nutrition, Energy Conservation and Training, Evaluation and Technical Assistance.

Federal law requires that 90 percent of the funding be distributed to Community Action Agencies (CAAs). Five percent is allowed for administration and the remaining five percent is utilized for competitive projects. The 90 percent program monies are being granted to existing CAAs for operating costs and low-income energy assistance efforts, the Pennsylvania Directors' Association for Community Action, and competitive grants are awarded in the areas of employment training, job preparedness, community conservation corps, community economic development, summer employment and youth programs, emergency assistance and homeless assistance.

The funds estimated for administration are based on the statutory limitation of five percent and will be utilized for program purposes if not needed for administration.

## Small Communities

The Housing and Community Development Act of 1974, Title I created this block grant which provides assistance in expanding low and moderate income housing opportunities, enhancing economic development and job opportunities for low and moderate income individuals, correcting deficiencies in public facilities such as water and sewer systems, and improving public facilities that affect the public health and safety.

Act 179 of 1984 requires that funds be allocated on a formula basis. Eighty-five percent of the funds must be used for grants to eligible cities, boroughs and townships and counties, of which 24 percent is allocated to cities, 38 percent to boroughs and townships and 38 percent for counties. There is a 13 percent set aside for discretionary projects which the department distributes to boroughs and townships under 10,000 in population. The remaining two percent is for administrative costs.

Beginning in Fiscal Year 2001-02 the Federal funds, with the exception of those for administration and special projects, are granted directly to the local governments through the implementation of the United States Department of Housing and Urban Development Integrated Disbursement and Information System and do not flow through the state. The Commonwealth, however, maintains administrative oversight.

HUD Disaster Recovery funds are one-time grant awards to the Commonwealth that support a cadre of special projects. Funds are generally used for hazard mitigation, although projects sometimes include activities such as Appalachian Regional Commission Economic Development Administration revitalization projects. These funds supplement discretionary projects although funds are not distributed by formula.

## Innovative Education Programs

This program is authorized by Elementary and Secondary Education Act of 1965 as amended by Title V of the No Child Left Behind Act of 2001, to assist State and local education agencies in the reform of elementary and secondary education.

These funds may be used to support education reform efforts that are consistent with and support statewide education reform efforts. Funding also enables state educational agencies and local educational agencies to implement promising educational reform programs based on scientifically based research, and to provide a continuing source of innovation and educational improvement, including support programs to provide library services and instructional and media materials. This program also seeks to meet the educational needs of all students, including at-risk youth and to develop and implement education programs to improve school, student and teacher performance, including professional development activities and class size reduction programs.

Federal law provides that the Commonwealth must distribute at least 85 percent of the funds to local education agencies. The remaining 15 percent is available to the State for targeted assistance and no more than 25 percent of this amount may be used for State administrative cost.

<sup>b</sup> Includes one-time funding of \$44 million for school construction renovations to be expended in both FY 2002-03 and 2003-04.

## Maternal and Child Health

This block grant provides funds for planning, promoting, and evaluating health care for pregnant women, mothers, infants, and children with special health care needs. This is accomplished by providing health services for mothers and children who do not otherwise have access to adequate health care and nutritional resources. Administrative costs cannot exceed ten percent. These personnel and operational costs are found in the Administration and Operations line item which also contains some programmatic costs. These include outreach, promotional costs, laboratory supplies, and help line services.

## Preventive Health and Health Services

This block grant provides funds for preventive health services. Programs include activities to affect improvements in health status through achievement of the National Year 2010 Health Objectives; programs for community and school based fluoridation; feasibility studies and planning for emergency medical services systems and the establishment, expansion and improvement of such systems; services to victims of sex offenses; and related planning, administration and educational activities. Funding also works toward eliminating disparities between the health status of the general population and that of identifiable subpopulations including: geographical, racial, ethnic, gender, or other groups. Administration is limited to ten percent. Rape Prevention and Education funding was removed from the Preventive Health and Health Services block grant by the Federal Violence Against Women Act of 2000 and is appropriated separately; the sex offender portion of the Rape Crisis program remains in the block grant.

## Workforce Investment

The Federal Workforce Investment Act (WIA) of 1998 replaced the Job Training Partnership Act (JTPA), on July 1, 2000. WIA reformed Federal job training programs and created a new comprehensive workforce investment system governing programs of job training, adult education and literacy, and vocational rehabilitation, and replaced them with streamlined and more flexible components of workforce development systems. The act provided for an orderly transition from JTPA to the new programs. In addition, the law gave states and individuals more authority and responsibility for job training needs and decisions. WIA was scheduled for reauthorization in 2003. The level of integration, coordination, and collaboration between the Temporary Assistance to Needy Families (TANF) and Workforce Investment Act (WIA) programs in each state has been reviewed as part of the reauthorization process. Reauthorization legislation is anticipated soon.

Pennsylvania is implementing the act through the Pennsylvania Workforce Investment Board (PWIB) – a public-private partnership among businesses, government, communities and economic developers to provide resources needed for businesses in Pennsylvania. The PWIB is comprised of five State agencies: Departments of Aging, Community and Economic Development, Education, Labor and Industry and Public Welfare with private sector members from the State's employers, educators, labor unions, and community leaders. WIA emphasizes job placement over job training, with customers empowered to make informed choices about their career path, education and training they need to reach their career goals. The PWIB coordinates the provision of services and use of funds and resources among State agencies consistent with the laws and regulations governing the programs.

Title I of WIA established a one-stop career center system, state and local workforce investment boards, and a unified strategic five-year plan. Funding for numerous career service programs has been consolidated into three basic grants: adult employment and training, disadvantaged youth employment and training, and dislocated workers.

Eighty-five percent of the adult and youth employment and training funds are distributed to local workforce investment boards. Fifteen percent of the adult and youth employment and training funds can be used for Statewide activities of which five percent can be used for administration. Adult program activities include, but are not limited to, basic skills training, occupational skills training, on-the-job training, customized training, skill upgrade and retraining, and supportive services. Training is available for those who met intensive services eligibility, but were unable to find employment.

At least 30 percent of the funds for youth employment and training must be used for services to out-of-school youth. Activities for youth programs, include, but are not limited to, study skills training and instruction leading to completion of secondary school, alternative secondary school services, summer employment directly linked to academic and occupational learning, and occupational skill training.

Sixty percent of dislocated worker funds must go to local workforce investment boards. Twenty-five percent are used for rapid response activities and fifteen percent can be used for Statewide activities. Program activities for dislocated workers include, but are not limited to, intensive services available for unemployed individuals who have been unable to obtain jobs through core services. Training services are available for those individuals who met intensive services eligibility, but were unable to find employment and those defined as incumbent workers.

WIA Title II reauthorized the Federal Adult Education and Literacy programs. WIA Title III amended the Federal Wagner Peyser Act to require the Federal Employment Service/Job Statistics programs to become part of the one-stop career system and established a national employment statistics initiative. WIA Title IV reauthorized the Federal Vocational Rehabilitation Act programs, and links these programs to the workforce development system. Title V contains general provisions that include authority for unified planning, incentive grants for states exceeding performance levels, the Adult Education Act and the Carl D. Perkins Vocational and Technical Education Act.

## Child Care and Development Fund

The Personal Responsibility and Work Opportunity Reconciliation Act of 1996 created this block grant which provides funds to states for an integrated child care program. This program allows states flexibility in developing programs to provide child care to children of low-income working parents and parents trying to become independent of public assistance, to provide consumer education information to parents, to promote parental choice, and to implement state health, safety, licensing and registration standards. States are not required to match discretionary funds, however, there are some maintenance of effort and state matching requirements.

## Low-Income Home Energy Assistance

This block grant provides funds to assist eligible low-income individuals and families meet the cost of home energy through cash assistance and to alleviate crisis situations. The amounts below include weather-related contingency funding. The Department of Public Welfare's energy assistance program received \$113,000 in supplemental funding from the Energy Conservation and Assistance Fund in 2003-04.

## Social Services

Funds are provided to help individuals achieve or maintain self-sufficiency; to prevent, reduce or eliminate dependency; to prevent or remedy abuse and neglect of children and adults; and to prevent or reduce institutional care. Most services are delivered by local entities that receive grants or contract with the Department of Public Welfare. These Federal allocations serve to augment State appropriations thereby increasing the total level of services provided.

In addition to funds received directly through the Social Services Block Grant, the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 authorized transfers from the Temporary Assistance to Needy Families Block Grant.

The Omnibus Reconciliation Act of 1993 included a grant program to states under the Social Services Block Grant for the establishment of empowerment zones and enterprise communities. Federal funds were targeted to specific urban or rural areas in proven economic distress. Funds received by the State go directly to eligible communities. Pennsylvania's share of the one-time grant was \$88,007,000 which was totally committed but is being spent over several years. The amounts shown below represent estimated carryover of commitments from the one-time grant. The program was transferred to the Department of Community and Economic Development in 1997-98.

## Temporary Assistance to Needy Families

The Personal Responsibility and Work Opportunity Reconciliation Act of 1996 created a block grant that makes funds available to the states to operate the Temporary Assistance to Needy Families (TANF) Program. Pennsylvania implemented the TANF program on March 3, 1997. Funds are available to provide temporary cash and other benefits to help needy families participating in activities designed to end the dependence on government benefits and to provide services for dependent and abused children. In addition, funds may be utilized for services designed to prevent future dependency. This block grant requires a state maintenance of effort and establishes mandatory work participation rates. States are allowed to transfer up to a total of 30 percent of their TANF funds to the Child Care and Development Fund and Social Services Block Grants. No more than 10 percent may be transferred to the Social Services Block Grant.

## Anti-Drug Abuse

Two grant programs initially authorized by the Anti-Drug Abuse Act of 1986, the Drug Control and System Improvement (DCSI) grant and the Safe and Drug Free Schools and Communities (DFSC) grant, are presented below.

The objective of the Drug Control and System Improvement grant is to assist states and units of local government increase the apprehension, prosecution, adjudication, detention, rehabilitation and treatment of persons who violate State and local laws relating to the production, possession and transfer of controlled substances and to improve the criminal justice system.

The objective of the Safe and Drug Free Schools and Communities program is to establish State and local programs for alcohol and drug abuse education and prevention, in addition to violence prevention, coordinated with related community efforts and resources. The allocation made to Pennsylvania is administered by the Department of Education and the Commission on Crime and Delinquency, with the majority of these funds going to local education agencies.

The Commonwealth also receives funds from the Substance Abuse Block Grant. This program, along with funding recommendations, is described elsewhere in this section.

## Public Information and Communications

The Commonwealth spends funds on activities to provide government information to the news media and the general public and for other essential communications efforts. Funds are budgeted in over 30 agencies to provide public notification and information to the Commonwealth's public, news media, businesses, legislators and citizens regarding the bidding of contracts, issuance of rules and regulations, announcement of public hearings and the availability of services and financial aid. The amounts that are detailed below exclude those items that are strictly educational and materials that are offered for public sale such as the "Game News" and "Pennsylvania Angler and Boater".

	(Dollar Amounts in Thousands)

Transportation.....	1,483	1,524
<b>TOTAL</b>	<b>\$10,773</b>	<b>\$11,192</b>

The Commonwealth also spends funds in these areas:

---- *Lottery sales promotion* - \$30 million will be spent on advertising campaigns to promote lottery sales and to disseminate information on the various lottery programs including property tax and rent assistance for older Pennsylvanians during 2004-05. These expenditures are expected to generate approximately \$2.6 billion in lottery revenues during 2004-05.

---- *Economic development* - A total of \$23.6 million is budgeted in the General Fund to promote tourism and economic development. This will contribute to an estimated \$23.2 billion in 2004-05 travel revenues to Pennsylvania and supports the State's aggressive effort to preserve and create jobs.

---

# COMMONWEALTH PROGRAM BUDGET

This section summarizes the 2004-05 fiscal year budget by major revenue source and major program area of expenditure. This summary includes programs funded from the General Fund, the twelve budgeted special revenue funds, Federal funds, and other revenues including augmentations, restricted receipts and revenues, and other special revenue funds.

Detailed supporting information is provided for each major program area of expenditure by component categories and subcategories (subdivisions of activities) which contribute to the Commonwealth's total effort in that program. Detailed information on individual revenue sources may be found in the appropriate fund presentation in the Summary by Fund section of this document.

# Program Budget Summary

## SUMMARY OF REVENUES AND EXPENDITURES FOR THE OPERATING PROGRAM

The following table is a seven year summary of the revenues and expenditures by Commonwealth Program for the operating budget. Balances are included only for State funds - General Fund and Special Funds - as Federal Funds and Other Funds revenues and expenditures are considered to be self-balancing.

# Program Budget Summary

## Direction and Supportive Services

The goal of this Commonwealth program is to provide an efficient and effective administrative support system through which the goals and objectives of the Commonwealth programs can be attained. This Commonwealth program supports the Administration's goal to Deliver Greater Value and Efficiency in Government through the activities of centralized agencies to support this goal.

Centralized functions affecting all agencies make up this program. Administrative costs specifically related to particular programs usually appear in a program subcategory to which they specifically relate.

The agencies in this program include the Governor's Office, Executive Offices, Lieutenant Governor, Auditor General, Treasury, Civil Service Commission, Department of General Services, Department of Revenue, the State Employees' Retirement System and the Legislature.

# Program Budget Summary

## Protection of Persons and Property

The goal of this Commonwealth program is to provide an environment and a social system in which the lives of individuals and the property of individuals and organizations are protected from natural and man-made disasters and from illegal and unfair actions. This Commonwealth program supports the Administration's goal to Ensure the Safety of Our Citizens as well as the goal to Protect Our Natural Resources.

This program deals with the following substantive areas: consumer and environmental protection, certain regulatory activities, the criminal justice system and mitigation of the effects of disasters. Within these broad areas, the State Police, Department of Banking, Attorney General, Department of Corrections, Public Utility Commission, Liquor Control Board, Emergency Management Agency, Board of Probation and Parole, the Judiciary, Milk Marketing Board, Securities Commission, Department of State and the Insurance Department deal almost entirely with protection of persons and property. Several agencies such as the Executive Offices and the Departments of Environmental Protection, Agriculture, Labor and Industry, and Military and Veterans Affairs are more diversified and some of their activities are included in this program as well as in other Commonwealth programs.

# Program Budget Summary

## Education

The goal of this program is to ensure that funds for education are spent on proven practices that will boost student achievement. Services provided through this program include funding for the first time for pre-kindergarten, full day kindergarten, and class size reduction. In addition, this program ensures the long-standing priority uses for these funds of tutoring, improving teacher practice, upgrading curricula and technology and ensuring high quality vocation and higher education experiences. This Commonwealth program supports the Administration's goal to Build a World Class Public Education System.

This Commonwealth program is financed primarily through the Department of Education. Other agencies providing support are the Departments of Revenue, Public Welfare and Labor and Industry and the Higher Education Assistance Agency and the Tax Equalization Board.

# Program Budget Summary

## Health and Human Services

The goals of this program are to ensure access to quality medical care for all citizens; to support people seeking self-sufficiency; to provide military assistance; and to maximize the capacity of individuals and families to participate in society. This Commonwealth program includes activities that support the Administration's goal to Increase Access to High Quality Health Care.

This program addresses the following substantive areas: research; prevention and treatment of physical, mental health and mental retardation disorders; maternal and child health care; financial assistance for older Pennsylvanians, medically needy individuals and families in transition; and other programs aimed at addressing the various problems individuals encounter in a complex society.

These activities are primarily the responsibility of the Departments of Aging, Health and Public Welfare with contributions by the Departments of Agriculture, Labor and Industry, Military and Veterans Affairs, Revenue and Transportation.

# Program Budget Summary

## Economic Development

The goal of this program is to invest public resources to create jobs for Pennsylvanians. To do so, this program offers a compendium of grants, loans and loan guarantees that in tandem will stimulate economic investment, growth and expanded employment. This Commonwealth program supports the Administration's goal to Create Jobs and Build a Vital Economy as well as the goal to Boost the Skills of Our Workers.

This program works in tandem with numerous State authorities and agencies to aggregate resources that are strategically invested to expand and retain Pennsylvania based firms and attract new companies to the Commonwealth that offer Pennsylvania's communities stability, vitality and job opportunities. This program leverages workforce and community development resources that together with business investment enable Pennsylvania to compete on behalf of and for its business partners.

The total efforts of the Department of Community and Economic Development, the Pennsylvania Economic Development Financing Authority, and the Infrastructure Investment Authority (PENNVEST) are devoted to this program. The Executive Offices, Auditor General, Housing Finance Agency, and the Departments of Education, Labor and Industry, and Revenue also contribute to this program.

# Program Budget Summary

## Transportation and Communication

The purpose of this program is to provide a system for the fast, convenient, efficient and safe movement of individuals, cargo, and information within the Commonwealth that is interfaced with a national and international system of transportation and communication. This Commonwealth program supports the Administration's goal to Create Jobs and Build a Vital Economy through the establishment of a first-rate infrastructure.

Transportation systems are developed to serve the needs of citizens, commerce and industry and are financed through the Department of Transportation.

The Growing Greener proposal for fiscal year 2004-05 includes an effort by the Department of Transportation called the Home Town Streets Program. Under this program, the Department will work with communities to prioritize the rebuilding of State roads that constitute main streets, retail corridors and other key economic and community centers.

# Program Budget Summary

## Recreation and Cultural Enrichment

The goal of this program is to improve the quality of life in Pennsylvania's urban, suburban and rural communities. This program focuses resources on our recreational and cultural amenities ensuring that Pennsylvanians can fully enjoy the natural beauty of the Commonwealth. This program also ensures that residents and visitors can explore the diversity of cultural traditions, the creativity of our artistic community and the bountiful history of our state and its prominence in forming the heritage of our nation. This Commonwealth program supports the Administration's goals to Protect Our Natural Resources and Create Jobs and Build a Vital Economy.

In working toward these broad Commonwealth program goals, the Department of Conservation and Natural Resources undertakes a wide variety of activities in the development and provision of outdoor recreational opportunities. The Department of Education conducts a program to develop a system of local, county and regional public libraries, including the operation of the State Library at Harrisburg, and provides recreational opportunities through local school districts. The Historical and Museum Commission provides State and local museum assistance.

In addition, the Fish and Boat Commission, Game Commission, Public Television Network and Council on the Arts contribute to this Commonwealth category.

# Program Budget Summary

## Debt Service

The goal of this Commonwealth program is to provide sufficient financial resources necessary to meet the timely payment of Commonwealth debt obligations. Debt financing is used by the Commonwealth to finance its capital programs, finance voter-approved bond referendums and to fund certain disaster relief programs. Most long-term financing of the Commonwealth is provided by the issuance of general obligation debt. Debt financing is utilized by all other Commonwealth programs to support the goals of each of the Commonwealth's program categories.

The agency that participates in this program is Treasury.

# GENERAL FUND

The General Fund is the major operating fund of the Commonwealth. It receives all tax receipts and other types of revenue not specified by law to be placed in special funds. Except for certain restricted receipts, the income of the General Fund is appropriated in specific amounts for the ordinary programs of government.

Pennsylvania's major sources of General Fund revenues are corporation taxes, consumption taxes, the Personal Income tax and nontax revenues.

## FINANCIAL STATEMENT

The following financial statement and accompanying notes are a summary of the General Fund revenues and expenditures for the 2002-03 actual year, 2003-04 available year and 2004-05 budget year. The financial statement excludes augmentations and Federal funds that are detailed in subsequent tables.

# General Fund Revenue Sources

This section provides a brief description of the tax and non-tax State revenue sources for the General Fund. For more complete information refer to the *Pennsylvania Tax Compendium* prepared by the Department of Revenue.

## Corporate Net Income Tax

**Tax Base:** This tax is paid by all domestic and foreign business corporations for the privilege of doing business, carrying on activities, or employing or owning capital or property in Pennsylvania and is levied on Federal taxable income with Pennsylvania modifications. When the entire business of any corporation is not transacted within Pennsylvania, taxable income usually is determined by a three factor apportionment formula, where the sales factor is given a weight of 60 percent.

<b>Tax Rates:</b>	January 1, 1995 and thereafter .....	9.99%
	January 1, 1994 to December 31, 1994 .....	11.99%
	January 1, 1991 to December 31, 1993 .....	12.25%
	January 1, 1987 to December 31, 1990 .....	8.50%
	January 1, 1985 to December 31, 1986 .....	9.50%
	January 1, 1977 to December 31, 1984 .....	10.50%

**Reference:** Purdon's Title 72 P.S. §7401—§7412.

## Capital Stock and Franchise Taxes

**Tax Base:** The taxes are levied on the capital stock value of domestic and foreign corporations doing business or having property or capital employed in the State on that portion of the capital stock value apportionable to Pennsylvania under a statutory formula. The first \$125,000 of capital stock value is exempt. Beginning in fiscal year 2002-03, the semiannual transfer to the Hazardous Sites Cleanup Fund (HSCF) is suspended unless the Fund balance is expected to be less than \$5 million.

**Tax Rates:**

January 1, 2004 through December 31, 2004 ....	6.99 mills (Beginning in 2005, the rate is reduced by one mill per year until the tax is eliminated on January 1, 2011).
January 1, 2002 through December 31, 2003....	7.24 mills
January 1, 2001 through December 31, 2001 ....	7.49 mills (including 0.25 mill for transfer semiannually to HSCF).
January 1, 2000 through December 31, 2000....	8.99 mills (including 0.25 mill for transfer semiannually to HSCF).
January 1, 1999 to December 31, 1999 .....	10.99 mills (including 0.25 mill for transfer semiannually to HSCF).
January 1, 1998 to December 31, 1998 .....	11 mills plus a 0.99 mill surtax (including 0.5 mill for transfer semiannually to HSCF).
January 1, 1992 to December 31, 1997 .....	11 mills plus a 1.75 mill surtax (including 0.5 mill for transfer semiannually to HSCF).
January 1, 1991 to December 31, 1991 .....	11 mills plus a 2 mill surtax (including 0.5 mill for transfer semiannually to HSCF and 0.25 mill for transfer semiannually to the State Lottery Fund).
January 1, 1988 to December 31, 1990 .....	9.5 mills (including 0.5 mill for transfer semiannually to HSCF).
January 1, 1987 to December 31, 1987 .....	9 mills.
Prior to January 1, 1987 .....	10 mills.

**Reference:** Purdon's Title 72 P.S. §7601—§7606.

**Proposed Change:** The semiannual transfer to the HSCF is proposed for repeal effective July 1, 2004.

# General Fund Revenue Sources

## Gross Receipts Tax

**Tax Base:** This tax is levied on the gross receipts from business transacted within Pennsylvania by specified companies owned, operated or leased by corporations, associations or individuals. Beginning January 1, 2004, interstate and cellular telecommunications services are subject to the gross receipts tax. An exemption from the gross receipts tax for the resale of telecommunication services became effective January 1, 2000. Gross receipts of regulated gas companies from the sale of natural and artificial gas were exempted from the tax effective January 1, 2000. The tax on motor transportation companies was repealed effective January 1, 1998. In fiscal year 1998-99 through fiscal year 2002-03, 0.18 percent of total electric gross receipts is transferred to the Public Transportation Assistance Fund. Beginning with fiscal year 1993-94, 0.25 mill is transferred to the Alternative Fuels Incentive Grant Fund. The revenues shown for the General Fund are net of these transfers.

<b>Tax Rates:</b> July 1, 1991 to Current .....	45 mills plus a 5 mill surtax (electric utilities pay 44 mills or a rate as adjusted by the revenue neutral reconciliation rate, which was permanently set at 15 mills for 2003 and thereafter).
January 1, 1988 to June 30, 1991 .....	44 mills.
Prior to January 1, 1988 .....	45 mills.

**Reference:** Purdon's Title 72 P.S. §8101—§8102; 72 P.S. §2183—§2194.

## Public Utility Realty Tax

**Tax Base:** This tax is levied on the State taxable value of the property owned by utilities furnishing utility service and regulated by the Pennsylvania Public Utility Commission or similar regulatory body. The State taxable value is defined as the current market value of utility realty. Effective January 1, 2000, electric generation assets became subject to local real estate tax and were excluded from the Public Utility Realty Tax base.

**Tax Rate:** The tax rate is set each year upon determination by the Department of Revenue of the required distribution of the realty tax equivalent to local tax authorities. Revenue from an additional 7.6 mills is deposited in the General Fund. For tax year 2004 and thereafter, the Department of Revenue will calculate a Gross Receipts Tax surcharge in the event refunds for Public Utility Realty Tax appeals exceed \$5 million in the prior fiscal year.

**Reference:** Purdon's Title 72 P.S. §8101-A—§8109-A.

## Insurance Premiums Tax

**Tax Base:** This tax is levied on the gross premiums from all business transacted within the Commonwealth during each calendar year by domestic and foreign insurance companies.

**Tax Rates:** The rate is 2 percent of gross premiums plus a retaliatory tax where applicable. Marine insurance companies pay a 5 percent tax on underwriting profits attributable to Pennsylvania in lieu of the gross premiums tax. A tax of 3 percent is imposed on all gross premiums of surplus lines written with an unlicensed insurer.

**Reference:** Purdon's Title 72 P.S. §7901—§7906.

## Financial Institutions Taxes

**Tax Base:** This category includes taxes levied on the taxable amount of the capital stock of banks, trust and domestic title insurance companies, and on the taxable net income of mutual thrift institutions.

**Tax Rates:** Since calendar year 1990 the tax rate for the Bank and Trust Company Shares Tax and Title Insurance Shares Tax has been 1.25 percent. For calendar year 1989 the rate was 10.77 percent. Before January 1, 1989, the rate for both taxes was 1.075 percent on the value of capital stock shares. The Mutual Thrift Institutions Tax rate is 20 percent for tax years 1987 through 1990, 12.5 percent for tax year 1991 and 11.5 percent thereafter.

**Reference:** Purdon's Title 72 P.S. §7701—§7702. Bank and Trust Company Shares Tax  
Purdon's Title 72 P.S. §8501—§8505. Mutual Thrift Institution Tax  
Purdon's Title 72 P.S. §7801—§7806. Title Insurance Companies Shares Tax

# General Fund Revenue Sources

## Other Selective Business Taxes

---

**Tax Base:** Other selective business taxes include: State Personal Property Tax Act, Act of June 22, 1935, P.L. 414 as amended; Electric Cooperative Law of 1990, 15 Pa.C.S.A. §7301 et seq.; and Agricultural Cooperative Associations Corporate Tax, Act of May 23, 1945, P.L. 893.

**Tax Rates:** The Loans Tax rate is 4 mills on each dollar of taxable indebtedness. Electric cooperative corporations annually pay a fee of \$10 for each 100 members. The rate for the Agricultural Cooperative Associations Corporate Tax is 4 percent on net income.

**Reference:** Purdon's Title 72 P.S. §3242—§3250-15. State Personal Property Tax  
Purdon's Title 72 P.S. §3420-21—§3420-28. Agricultural Cooperative Associations  
15 Pa.C.S.A. §7333 – Electric Cooperative Law Tax

## Sales and Use Tax

---

**Tax Base:** The tax is levied on the sale at retail, including rental, of tangible personal property and certain services, or upon the use within Pennsylvania of tangible personal property, or taxable services purchased at retail if the tax was not paid at time of purchase. A tax on the occupancy of hotel rooms is imposed as part of the sales and use tax law. A transfer of 0.53 percent of revenues from this tax is deposited in the Public Transportation Assistance Fund. Beginning in fiscal year 1997-98, 1.22 percent of receipts, up to \$75 million, is transferred annually to the General Fund Supplemental Public Transit Account. Beginning in fiscal year 2003-04, an additional 0.417 percent of receipts is transferred to the Public Transportation Assistance Fund. The revenues shown for the General Fund are net of these transfers.

**Tax Rate:** A bracket system based on 6 percent of purchase price for Sales and Use Tax and 6 percent of rent for Hotel Occupancy Tax. The current tax rate was enacted in 1968.

**Reference:** Purdon's Title 72 P.S. §7201 et seq.

**Proposed Change:** A tax holiday is proposed for qualifying residential purchases of Energy Star household appliances. Retail sales of such appliances will be exempt from the Sales and Use Tax if purchased during two specifically designated periods in the fiscal year.

## Cigarette Tax

---

**Tax Base:** The tax is imposed and assessed on the sale or possession of cigarettes within Pennsylvania. Only one sale of the cigarette is taxable.

**Tax Rates:** The rate is 6.75 cents per cigarette. Beginning in January 2004, 18.52 percent of cigarette tax receipts is transferred to the Health Care Provider Retention Account. Beginning in fiscal year 2002-03, fixed annual amounts of \$30.73 million and \$20.485 million of Cigarette Tax receipts are transferred to the Children's Health Insurance Program (CHIP) and the Agricultural Conservation Easement Purchase (ACEP) Fund, respectively. Transfers of Cigarette Tax receipts to CHIP began in fiscal year 1992-93 at the rate of two thirty-firsts of receipts. After January 1, 1997, the transfer amount was increased to three thirty-firsts of receipts. Transfers of Cigarette Tax receipts to the ACEP Fund began in fiscal year 1993-94 at the rate of two thirty-firsts of receipts. The revenues shown for the General Fund are net of these transfers.

**Reference:** Purdon's Title 72 P.S. §8201 et seq.

# General Fund Revenue Sources

## Malt Beverage Tax

**Tax Base:** The tax is levied on the manufacture, sale and use of malt or brewed beverage within the Commonwealth by manufacturers, distributors and importers.

**Tax Rates:** The tax rate is two-thirds of a cent (2/3¢) per half pint of 8 fluid ounces or fraction thereof, and in larger quantities at the rate of one cent (1¢) per pint of 16 fluid ounces or fraction thereof.

**Reference:** Purdon's Title 72 P.S. §9001 et seq.

## Liquor Tax

**Tax Base:** All liquor sold by the Pennsylvania Liquor Control Board.

**Tax Rate:** The rate is 18 percent of the net retail purchase price.

**Reference:** Purdon's Title 47 P.S. §794—§796.

## Personal Income Tax

**Tax Base:** The tax is paid by all residents, resident trust and estates on eight separate classes of income: (1) compensation, (2) net profits, (3) interest, (4) dividends, (5) income from the disposition of property, (6) rents and royalties, (7) gambling and lottery winnings (except Pennsylvania Lottery winnings won after July 20, 1983), and (8) income from estates and trusts. The tax is also paid by non-resident individuals, estates and trusts on the following income from sources within the Commonwealth: compensation for personal services performed in Pennsylvania unless the taxpayer is a resident of a state with which there is a reciprocal agreement; net profits from activity conducted in Pennsylvania; income from the rental, ownership or disposition of any real or personal property, and income from gambling activity in Pennsylvania except prizes of the Pennsylvania State Lottery. A loss in one class of income may not be offset against income in another class, nor may gains or losses be carried back or forward from year to year. A credit is available to those individuals receiving tax forgiveness under the special provisions for poverty. Beginning in 1999, a qualified single individual with eligibility income of \$6,500 or less would receive 100 percent tax forgiveness. The amount of forgiveness declines by 10 percent for each \$250 of income. The eligibility income limit for each qualifying dependent of a claimant for tax forgiveness under the special tax provisions for poverty increased from \$9,000 in 2003 to \$9,500 in 2004.

**Tax Rates:** For calendar and fiscal year filers whose year begins in the following periods:

2004 and thereafter .....	3.07%
1993 to 2003 .....	2.80%
1992 .....	2.95%
1991 .....	2.60%
1987 to 1990 .....	2.10%
1986 .....	2.16%
1985 .....	2.35%

**Reference:** Purdon's Title 72 P.S. §7301 et seq.

## Realty Transfer Tax

**Tax Base:** The tax is levied on the value of the real estate transferred by a deed, instrument or other writing. Other taxable transfers include long-term leases greater than thirty years, transfers of real estate from industrial development authorities that will not be used primarily for industrial purposes, and "deemed" transfers of real estate because of the acquisition of companies which are in the business of holding or selling real estate. Beginning in July 1994, 15 percent of the revenues are transferred to the Keystone Recreation, Park and Conservation Fund. The transfer rate was reduced to 10 percent of revenues from January 2002 through June 2002, and to 7.5 percent from July 2002 through June 2003. The transfer rate returned to 15 percent for July 2003 and thereafter. The revenues shown for the General Fund are net of this transfer.

# General Fund Revenue Sources

**Tax Rate:** Rate of 1 percent of the value of the property transferred.

**Reference:** Purdon's Title 72 P.S. §8101-C—§8113-C.

## Inheritance and Estate Taxes

---

**Tax Base:** The Inheritance Tax is imposed on the value of property transferred to beneficiaries of a deceased person and certain transfers made during the decedent's lifetime. The value of the transfer is established on the date of the decedent's death. The Estate Tax is levied when the Federal estate tax credit for State death taxes exceeds a decedent's Inheritance Tax liability. The Federal estate tax credit is scheduled to be phased out between 2002 and 2005.

**Tax Rates:** Rates are based on the relationship of the decedent and the beneficiary. Transfers of non-jointly held property to spouses are taxed at a rate of 0 percent. Transfers to parents of decedents 21 years of age or younger are taxed at a rate of 0 percent (effective July 1, 2000). Transfers to lineal beneficiaries are taxed at 4.5 percent (effective July 1, 2000). Transfers to siblings of the decedents are subject to a 12 percent tax rate (effective July 1, 2000). Transfers to all other beneficiaries are taxed at 15 percent. The Estate Tax equals the Federal credit for state death taxes, less the Inheritance Tax paid.

**Reference:** Purdon's Title 72 P.S. §9101 et seq.

## Minor and Repealed Taxes

---

**Minor Taxes Include:** Tax on Legal Documents, Act of April 6, 1830, P.L. 272 (Purdon's Title 72 P.S. §3171) and excess Vehicle Rental Tax, Act of June 16, 1994, P.L. 279 (Purdon's Title 72 P.S. §8601-A). The Spirituous and Vinous Liquors Tax, Acts of December 5, 1933, P.L. 38 (Special Session) and December 22, 1933, P.L. 91 (Special Session) (Purdon's Title 47 P.S. §745) was repealed effective July 1, 2001.

## State Stores Fund Transfer

---

The State Stores Fund Transfer is an amount determined by the Liquor Control Board to be available for transfer to the General Fund to be used for general appropriation purposes as provided by Act No. 412-½ of July 18, 1935, P.L. 1316 (Purdon's Title 47 P.S. §744-907b).

## Licenses, Fees and Miscellaneous Revenue

---

Licenses and fees include collections by Commonwealth agencies that are not specifically required by law to be placed in special funds to support a specific purpose. Although amounts obtained from an individual class of license very often are sufficient only to cover regulatory costs, any additional money is available for general purposes. Many licenses and fees are required by laws designed to protect the public from indiscriminate and unsafe practices.

Miscellaneous revenues include all other income to be used for general appropriation purposes in the General Fund, except monies which are given to the Commonwealth by individuals, or are provided by law to be deposited in the Judicial Computer System Augmentation Account in accordance with Act 1988-79 (Purdon's Title 42 Pa.C.S.A. §3733). Any fines, fees or costs which are allocated to counties and municipalities are not affected by this act.

**Proposed Change:** A proposed increase in the Municipal Waste Disposal Fee of \$4.00 per ton of waste deposited in Pennsylvania municipal waste landfills is proposed to be effective July 1, 2004. A new fee of \$4.00 per ton of residual waste disposed in Pennsylvania is proposed to be effective January 1, 2005.

## Fines, Penalties and Interest

---

This revenue source includes penalties and interest collected in the enforcement of corporation taxes.

Also included are fines and penalties not required by law to be placed into a special fund for a specific purpose. Most of these fines and penalties collected by the various departments are an integral part of enforcement of the laws providing for licenses and fees.

# MOTOR LICENSE FUND

The Motor License Fund is a special revenue fund composed of monies received from liquid fuels taxes, licenses and fees on motor vehicles, aviation fuel tax revenues, Federal aid for highway and aviation purposes, contributions from local subdivisions for highway projects and other miscellaneous highway revenues.

The fund provides for highway and bridge improvement, design, maintenance, and purchase of rights-of-way, as well as aviation activities and Department of Transportation licensing and safety activities. It also finances State Police highway patrol operations and pays subsidies to local subdivisions for construction and maintenance of roads.

2002-03.....	1,105,459	2008-09.....	1,189,950

#### **Tax Base and Rates:**

**Liquid Fuels and Fuels Tax:** The Liquid Fuels and Fuels Tax is based on the number of gallons of liquid fuels (primarily gasoline) and fuels (primarily diesel) used, sold or delivered within the Commonwealth by distributors. All monies collected are placed in the Motor License Fund, except discounts and an amount equal to one-half cent per gallon which is placed in the Liquid Fuels Tax Fund. The present tax rate is twelve cents per gallon. Prior to October 1, 1997, liquid fuels and fuels were taxed separately under the Liquid Fuels Tax Act and the Fuels Use Tax Act respectively. Both acts were repealed effective October 1, 1997.

**Alternative Fuels Tax:** The Alternative Fuels Tax became effective October 1, 1997, and is imposed on fuels other than liquid fuels or fuels used to propel motor vehicles on public highways. The tax rate applied to each gasoline gallon equivalent of alternative fuel equals the current total of the liquid fuels and fuels tax and the oil company franchise tax applicable to one gallon of gasoline.

**Motor Carriers Road Tax-International Fuel Tax Agreement:** The Motor Carriers Road Tax is levied on motor carriers operating vehicles with a gross weight or registered gross weight in excess of 26,000 pounds. The tax is comprised of: a twelve cent per gallon tax and an oil company franchise tax element based upon 153.5 mills of the average wholesale price for liquid fuels and 208.5 mills of the average wholesale price for fuels and is imposed on a cents-per-gallon equivalent basis. Previously, the tax rate was 115 mills. Prior to October 1, 1997, an additional tax of 6 cents per gallon was collected through the motor carriers road tax. This tax was repealed and replaced by a fifty-five mill addition to the oil company franchise tax rate, imposed on fuels effective October 1, 1997. The fifty-five mill portion of the tax rate is dedicated to the highway bridge restricted account. Credit against the tax is given for liquid fuels and fuels tax and oil company franchise tax paid at the pump or directly remitted. Credit is also given for tax paid on motor fuels purchased in Pennsylvania but consumed elsewhere.

The Motorbus Road Tax which imposed taxes on the amount of motor fuel used by bus companies in their operations on highways within the Commonwealth was repealed, effective January 1, 1996, with the enactment of the International Fuel Tax Agreement (IFTA).

Identification markers are required to be issued annually upon a payment of \$5 per vehicle for each vehicle subject to these taxes based in the Commonwealth.

**Interstate Bus Compact Fuels Tax.** This tax which imposed a tax on fuels consumed by interstate buses was repealed, effective January 1, 1993, and replaced by the Motorbus Road Tax.

**International Fuel Tax Agreement (IFTA).** Effective January 1, 1996, Pennsylvania implemented IFTA. Under this agreement, qualified vehicles are subject to base State reporting and payment of fuel tax obligations. Qualified vehicles are those with two axles greater than 26,000 pounds, combinations greater than 26,000 pounds and those with three or more axles regardless of weight. Therefore, 17,001 to 26,000 pound vehicles, which previously were subject to the Motor Carriers Road Tax, are not subject under IFTA. Additionally, the Motorbus Road Tax was repealed and a bus meeting the qualified vehicle definition is subject to IFTA provisions. Identification markers remain at \$5 per qualified vehicle. The underlying fuel tax rates are unaffected by IFTA.

**Oil Company Franchise Tax.** This tax is an excise tax on all fuels taxed pursuant to the Liquid Fuels and Fuels Tax and Alternative Fuels Tax. The current tax rate is 153.5 mills for liquid fuels and alternative fuels and 208.5 mills for fuels and is imposed on a cents-per-gallon equivalent basis. The tax rate was increased by 38.5 mills effective May 1, 1997. The revenues from this rate increase are dedicated to specific highway maintenance purposes. Of the current tax rate, 57 mills is deposited as unrestricted Motor License Fund revenues. The balance of the tax rate represents revenues restricted to certain highway activities. These dedicated and restricted taxes are not included in the above estimates. Bus companies are entitled to a refund equal to 55 mills of the Oil Company Franchise Tax paid on fuels.

## Revenue Sources (Continued)

### Motor Licenses and Fees

Actual		Estimated	
1997-98.....	\$ 703,051	2003-04.....	\$ 836,450
1998-99.....	755,430	2004-05.....	841,740
1999-00.....	807,859	2005-06.....	850,590
2000-01.....	795,371	2006-07.....	858,230
2001-02.....	814,350	2007-08.....	871,320
2002-03.....	828,821	2008-09.....	876,770

The Commonwealth receives revenue from the collection of fees levied for the registration and titling of motor vehicles and for the issuance of learners' permits, operators' licenses, certificates of title and transfers of registration. Various motor vehicle registration fees were increased as of either July 1, 1997, or January 1, 1998, by Act 3 of 1997.

### Other Motor License Fund Revenues

Actual		Estimated	
1997-98.....	\$ 87,290	2003-04.....	\$ 88,640
1998-99.....	94,680	2004-05.....	89,160
1999-00.....	97,478	2005-06.....	89,530

2002-03.....	64,487	2008-09.....	90,690

Other Motor License Fund revenues include the following sources:

Fines — Aeronautics fines collected under the Liquid Fuels and Fuels Tax Act and certain vehicle code fines.

Miscellaneous Revenue — Interest on Motor License Fund deposits; investments and securities, the sale of unserviceable properties, maps, plans and inspection stickers; and the rental of State properties.

Gross Receipts Tax — This excise tax imposed upon the gross receipts of owners and operators of motor vehicles transporting property for hire on public highways was repealed effective January 1, 1998.

Beginning in July 1987, the total of all fines, fees and costs collected by any division of the Unified Judicial System which is in excess of the amount collected from such sources in 1986-87 is to be deposited in the Judicial Computer System Augmentation Account in accordance with Act 64 of 1987. Any fines, fees or costs which are allocated by law to counties and municipalities are not affected by this act.

## Revenue Detail

The following is a detailed list of all revenues available for Motor License Fund appropriations. Restricted receipts and revenues for the aviation, highway bridge improvement, State highway turnback programs and the Oil Company Franchise Tax restricted account are not included in these amounts.

## Restricted Revenues Not Included in Department Total

### Aviation Revenues

Actual		Estimated	
1997-98.....	\$ 19,314	2003-04.....	\$ 9,675
1998-99.....	11,085	2004-05.....	9,675
1999-00.....	11,658	2005-06.....	9,680
2000-01.....	14,921	2006-07.....	9,680
2001-02.....	12,929	2007-08.....	9,680
2002-03.....	10,316	2008-09.....	9,680

Aviation revenue includes taxes levied on aviation gasoline and jet fuel, and income earned at State-owned airports. Effective January 2, 1998, in accordance with Act 60 of 1997, ownership of these airports was transferred to a local authority. Therefore, starting with 1997-98, aviation revenues exclude State-owned airport revenue. Aviation gasoline and jet fuel tax rates are adjusted annually based on the change in the jet fuel price index. In accordance with Act 164 of 1984, the aviation gasoline rate is not to exceed 6.0 cents per gallon nor be less than 3.0 cents per gallon. The jet fuel tax is not to exceed 2.0 cents per gallon nor be less than 1.5 cents per gallon. The tax rate as of January 1, 2003, is 4.1 cents per gallon on aviation gasoline and 1.8 cents per gallon on jet fuel. Aviation restricted revenues are not included in Motor License Fund revenue totals.

	2002-03 Actual	2003-04 Estimate	2004-05 Budget
<b>AVIATION REVENUES</b>			
Aviation Liquid Fuels Tax.....	\$ 9,144	\$ 8,675	\$ 8,675
Interest.....	1,172	1,000	1,000
<b>TOTAL AVIATION REVENUES.....</b>	<b>\$ 10,316</b>	<b>\$ 9,675</b>	<b>\$ 9,675</b>

### Highway Bridge Improvement Revenues

Actual		Estimated	
1997-98.....	\$ 101,393	2003-04.....	\$ 84,680
1998-99.....	76,777	2004-05.....	85,890
1999-00.....	85,118	2005-06.....	86,950
2000-01.....	80,613	2006-07.....	88,020
2001-02.....	83,345	2007-08.....	89,110
2002-03.....	84,989	2008-09.....	90,210

Highway bridge improvement revenues enacted by Act 56 of 1987, as amended by Act 3 of 1997, include the following: a 55 mill Oil Company Franchise Tax on fuel consumed in Pennsylvania by qualified vehicles; a portion of the registration fee for Pennsylvania based motor vehicles in classes 9-25; and temporary permit fees collected from out-of-state motor carriers for travel in Pennsylvania. Although repealed by Act 3 of 1997, nominal revenues are still received from the motor carrier surcharge.

	2002-03 Actual	2003-04 Estimate	2004-05 Budget
<b>HIGHWAY BRIDGE IMPROVEMENT REVENUES</b>			
Registration Fee Portion-PA-Based Motor Vehicles.....	\$ 18,168	\$ 17,980	\$ 18,020
Temporary Permit Fees.....	188	180	180
Oil Company Franchise Tax.....	66,633	66,520	67,690
<b>TOTAL HIGHWAY BRIDGE REVENUES.....</b>	<b>\$ 84,989</b>	<b>\$ 84,680</b>	<b>\$ 85,890</b>

## Restricted Revenues Not Included in Department Total (continued)

### State Highway Transfer Revenues

Actual		Estimated	
1997-98.....	\$ 15,194	2003-04.....	\$ 18,060
1998-99.....	16,988	2004-05.....	18,240
1999-00.....	17,255	2005-06.....	18,510
2000-01.....	17,070	2006-07.....	18,790
2001-02.....	17,754	2007-08.....	19,070
2002-03.....	18,059	2008-09.....	19,360

State highway transfer restricted revenues are provided by three mills of the Oil Company Franchise Tax. Act 32 of 1983 established a local highway turnback program funded by a restricted revenue account within the Motor License Fund.

### Oil Company Franchise Tax Revenues

Actual		Estimated	
1997-98.....	\$ 278,481	2003-04.....	\$ 331,180
1998-99.....	311,443	2004-05.....	334,380
1999-00.....	316,342	2005-06.....	339,400
2000-01.....	312,946	2006-07.....	344,490
2001-02.....	325,486	2007-08.....	349,660
2002-03.....	331,089	2008-09.....	354,900

Oil Company Franchise Tax Restricted Account revenues are provided by 55 mills of the Oil Company Franchise Tax as a result of Act 26 of 1991. Revenues are restricted to the following purposes: 42 percent for maintenance, 17 percent for capital projects, 13 percent for bridges, 12 percent for municipalities, 14 percent for toll roads and 2 percent for county or forestry bridges.

### Supplemental Maintenance Revenues

Actual		Estimated	
1997-98.....	\$ 215,210	2003-04.....	\$ 231,820
1998-99.....	217,871	2004-05.....	234,070
1999-00.....	221,401	2005-06.....	237,580
2000-01.....	219,062	2006-07.....	241,150
2001-02.....	227,840	2007-08.....	244,760
2002-03.....	231,757	2008-09.....	248,430

Supplemental Maintenance Restricted Account revenues are provided by 38.5 mills of the Oil Company Franchise Tax as a result of Act 3 of 1997. Revenues are restricted to the following purposes: 12 percent for municipalities and 88 percent for maintenance.

The Commonwealth receives revenue from examination fees based on the actual costs of examining credit unions, savings associations, trust companies, check cashers, consumer discount companies, first mortgage companies, loan correspondents, money transmitters, pawnbrokers and second mortgage companies. Assessment fees, based on total assets, also are charged against all depository institutions (banks, credit unions, savings associations and trust companies). Depository institutions also pay application fees for new charters, branches and mergers. Annual license fees are paid by check cashers, collector-repossessors, consumer discount companies, first mortgage companies, installment sellers, loan brokers, money transmitters, pawnbrokers, sales finance companies and second mortgage companies.

The Boat Fund receives revenue from boat registration fees. Act 39 of 1991 increased and added fees. For motorboats up to 16 feet in length, the annual registration fee is \$10.00. For those between 16 and 20 feet, the fee is \$15.00 per year. The annual fee for motorboats over 20 feet is \$20.00. There is also a voluntary registration fee of \$5.00 per year for all boats not equipped with motors. Other fees, such as duplicate registrations (\$5.00 each) and commercial passenger boat registrations (\$25.00 each), were also affected by Act 39.

#### Fines and Penalties

2002-03..... 55,629	2008-09..... 109,000

The Environmental Stewardship Fund originally received revenue from a 25 cent per ton, or 25 cent per three cubic yards, fee for all solid waste received at a landfill in the Commonwealth. Act 90 of 2002 added an additional \$4 per ton disposal fee for all solid waste disposed of at any municipal waste landfill. For fiscal year 2002-03, the first \$50 million received from this fee was deposited into this special fund. In fiscal year 2003-04, all revenue from these fees was deposited in this special fund. New revenue is proposed to support activities currently funded within the Environmental Stewardship Fund. An additional \$1 per ton fee on the disposal of municipal solid waste is proposed to ensure the continuation of current activity levels. In addition, this proposal includes reestablishing permanent funding for the Agriculture Conservation Easement Purchase Fund by providing this program with a set percentage (14.8%) of the Environmental Stewardship Fund. It is proposed that the Act 233 of 2002 language providing a one time \$16.5 million to this program for 2004-05 be repealed.

#### Miscellaneous Revenues

The intent of Act 68 of 1999 is that an annual appropriation would be made from the General Fund for five years, and that funds from the Hazardous Sites Cleanup Fund and Recycling Fund are transferred annually for five years. Act 90 of 2002 replaced the General Fund appropriation with the \$4 per ton waste disposal fee.

2002-03..... 18,723	2008-09..... 18,830

The Commonwealth issues resident fishing licenses to persons between the ages of 16 and 64 if the applicant can prove residency within the Commonwealth for 60 days. Through the passage of Act 47 of 1995, the resident fees were increased to \$16.25. The Commonwealth also issues senior resident fishing licenses to persons 65 years of age and older for a fee of \$3.25. An individual eligible for a senior resident license can purchase a lifetime license for a fee of \$15.25. Act 47 of 1995 also increased nonresident fees to \$34.25 and the tourist fishing license to \$29.25. Tourist licenses are valid for a period of seven consecutive days. Persons fishing for trout or salmon are required to buy a \$5.00 stamp in addition to their regular fishing licenses. Other sources of revenue include special eel licenses and Lake Erie commercial fishing licenses.

#### Fines and Penalties

### Revenue Sources

#### Licenses and Fees

Actual	Estimated
1997-98..... \$ 21,370	2003-04..... \$ 28,891
1998-99..... 21,878	2004-05..... 30,284
1999-00..... 28,394	2005-06..... 30,284
2000-01..... 27,060	2006-07..... 30,284
2001-02..... 29,956	2007-08..... 30,284
2002-03..... 30,288	2008-09..... 30,284

Through the passage of Act 166 of 1998, new fees for licenses became effective July 1999. For resident hunting and resident furtaker licenses, the fees are: ages 17 to 64, \$19.00; over age 65, \$12.00; ages 12 to 16, \$5.00. Resident senior lifetime hunting and furtaker licenses are \$50.00 each; and a resident senior lifetime combination hunting and furtaking license is \$100.00. A junior resident combination hunting and furtaker license is \$8.00. Resident bear hunting and archery licenses are \$15.00; a muzzleloading resident license, \$10.00; and a resident antlerless deer license, \$5.00. For nonresidents of the Commonwealth, hunting licenses are: over age 17, \$100.00; ages 12 to 16, \$40.00. A junior nonresident combination hunting and furtaker license is \$50.00. In addition, a license for a nonresident to hunt bear is \$35.00; a license for a nonresident to hunt antlerless deer, \$25.00; and a muzzleloading license for a nonresident, \$20.00. Nonresidents are also able to purchase an adult furtaker license for \$80.00; a junior furtaker license for \$40.00; and a seven-day license to hunt small game for \$30.00. Amounts shown from 1997-98 through 2008-09 are net of transfers of funds to restricted revenue accounts for general habitat improvement, deer food and cover, and natural propagation of game. Please see the Game Commission presentation in Section E for additional information.

#### Fines and Penalties

Actual	Estimated
1997-98..... \$ 1,534	2003-04..... \$ 1,502
1998-99..... 1,240	2004-05..... 1,503
1999-00..... 1,076	2005-06..... 1,503
2000-01..... 1,503	2006-07..... 1,503
2001-02..... 1,288	2007-08..... 1,503
2002-03..... 1,509	2008-09..... 1,503

The Commonwealth receives revenue in the form of fines and penalties resulting from Game Law violations.

## Revenue Sources (continued)

### Miscellaneous Revenue

Actual		Estimated	
1997-98.....	\$ 17,053	2003-04.....	\$ 15,772
1998-99.....	17,975	2004-05.....	15,873
1999-00.....	20,296	2005-06.....	15,874
2000-01.....	19,756	2006-07.....	15,874
2001-02.....	16,215	2007-08.....	15,874
2002-03.....	16,227	2008-09.....	15,874

The Commonwealth receives Game Fund revenue from various miscellaneous sources including the sale of wood products; interest on deposits and securities; monies from the sale of publications; funds from the sale of unserviceable property, skins and guns; monies from the rental of State property; gas and oil ground rentals and royalties; and other miscellaneous revenues.

### Revenue Sources

#### Sale of Bonds

Actual	Estimated
1997-98..... \$ 14,140	2003-04..... \$ 0
1998-99..... 0	2004-05..... 0
1999-00..... 0	2005-06..... 0
2000-01..... 0	2006-07..... 0
2001-02..... 0	2007-08..... 0
2002-03..... 0	2008-09..... 0

Act 50 of 1993 authorized a total of \$50,000,000 in bonds to fund various programs. Proceeds from the sale of these bonds, less costs of issuance and bond discounts, are deposited in this fund and distributed to agencies according to the formula specified in Act 50.

#### Realty Transfer Tax

Actual	Estimated
1997-98..... 41,237	2003-04..... \$ 66,124
1998-99..... 45,577	2004-05..... 65,500
1999-00..... 48,321	2005-06..... 65,800
2000-01..... 47,048	2006-07..... 69,400

2002-03..... 28,465	2008-09..... 75,900

Act 50 of 1993 approved the transfer of 15% of the revenues from the State Realty Transfer Tax to this fund. Act 89 of 2002 authorized temporary reductions in the 15% rate: 10% rate for the second half of 2001-02 and a 7.5% rate for the entire 2002-03. To implement this, a retroactive reduction for fiscal 2001-02 of \$8.027 million was made in fiscal year 2002-03. This reduction is shown as an adjustment to the 2002-03 beginning balance on this financial statement.

### Revenue Sources

#### Net Lottery Collections

Actual	Estimated
1997-98.....	909,844
1998-99.....	899,691
1999-00.....	908,760
2000-01.....	858,531
2001-02.....	989,631
2002-03.....	1,057,046
2003-04.....	\$ 1,180,096
2004-05.....	\$ 1,299,482
2005-06.....	\$ 1,320,207
2006-07.....	\$ 1,339,099
2007-08.....	\$ 1,353,053
2008-09.....	\$ 1,359,642

Net lottery collections consist of the proceeds from lottery ticket sales less commissions and some prizes. Currently prizes of \$2,500 or less for the on-line games and prizes of \$500 or less for instant games can be paid by the ticket agents. The State Lottery is currently operating seven games. The "Daily Number" game introduced in March 1977, the "Big 4" game introduced in November 1980, the "Cash 5" game introduced in April 1992, and the "Super Six" game introduced in September 1998, all utilize computer sales terminals located across the Commonwealth. The fifth game is the instant game which consists of variations of instant game tickets introduced at routine intervals during the year. The sixth and seventh games are Powerball and Powerplay which began in 2002 as multi-state games. Ticket prices are \$1 for "Cash 5" which consists of 1 play to pick 5 of 39 numbers, and "Super Six" which consists of three individual game plays to pick six of 69 numbers. "Daily Number" and "Big 4" game ticket prices range from \$.50 to \$5. The "Instant Game" ticket prices range from \$1 to \$20. Powerball is played for \$1 per play and Powerplay, which doubles winnings, can be added for \$1 per play as well.

Powerball is a lotto game which is a combined large jackpot game and a cash game. It involves drawing five out of 49 numbers and one out of 42 numbers. Players win by matching one of nine ways. The Multi-State Lottery Association administers the Powerball game and is a non-profit government-benefit association entirely owned and operated by the member state lotteries. Powerball is a 50% prize payout game which means that 50 cents of every one dollar ticket is paid out in prizes. The State Lottery keeps 50% as its share and then pays the remaining 50% in two parts: out in cash prizes directly to the players in its state, and a percentage share for the jackpot prize back to the association where it is held until there is a winner.

Net lottery collections as reported above correspond to the Lottery Fund revenue remitted to the Commonwealth and reported in the Commonwealth's accounting system. Net lottery collections are derived by subtracting the commissions retained and prizes paid by local lottery agents from the total lottery ticket sales. The table below shows the calculation of the net revenue amount.

2002-03..... 2,191	2008-09..... 2,865

The Commonwealth receives revenues from licenses and fees collected annually by the Milk Marketing Board. A flat rate fee is based on the daily average number of pounds of milk handled by dealers and an additional fee, levied on milk for which the board fixes minimum prices, is based on the number of pounds of such milk sold by dealers. Additional license fees are for weighing and measuring permits, testers certificates of proficiency, weighers and samplers certificates of proficiency and applications for examination. Act 135 of 1988 allows the Milk Marketing Board to set fees by regulation. On May 29, 2003, the Independent Regulatory Review Commission approved the regulation increasing fees.

#### Fines and Penalties

Actual	Estimated
1997-98..... \$ 4	2003-04..... \$ 10

2002-03..... 12,252	2008-09..... 13,817

Act 93 of 1983 combined the Harness Racing Fund and the Horse Racing Fund into the Racing Fund. This act amended portions of the Race Horse Industry Reform Act. For licensed racing corporations annually conducting at least 100 days of racing or for two licensed corporations conducting their racing at the same facility with a minimum of 175 combined racing days, the previous sliding wagering tax rate was changed to 1.5 percent effective July 1, 1986, and thereafter. For licensed racing corporations not conducting the minimum number of racing days, the wagering rate was changed to 2.5 percent from July 1, 1984 to June 30, 1986, and 2 percent thereafter. Act 23 of 2000 changed the amount allocated from the State Racing Fund to the Pennsylvania Breeding Fund to 1 percent of the daily amount wagered for thoroughbred horse racing. Act 127 of 1988 permits off-track betting in the Commonwealth.

#### Licenses and Fees

Actual	Estimated
1997-98..... 425	2003-04..... \$ 420
1998-99..... 357	2004-05..... 436
1999-00..... 360	2005-06..... 436
2000-01..... 409	2006-07..... 436
2001-02..... 401	2007-08..... 436
2002-03..... 383	2008-09..... 436

Licenses and fees are revenues derived from the licensing of jockeys and such other persons participating in horse racing meets as prescribed by the State Racing Commissions.

## Revenue Sources (continued)

### Miscellaneous Revenue

### Revenue Sources

#### Tobacco Settlement Revenue

Actual	Estimated
1997-98..... \$ 0	2003-04..... \$ 374,130
1998-99..... 0	2004-05..... 357,566
1999-00..... 464,554	2005-06..... 354,676
2000-01..... 345,013	2006-07..... 351,438
2001-02..... 433,529	2007-08..... 354,883
2002-03..... 416,918	2008-09..... 351,683

Tobacco Settlement revenue includes payments from all tobacco settlements under the Master Tobacco Settlement Agreement not set aside in the restricted revenue Health Endowment Account for Long-Term Hope. Pending creation of the fund, 1999-00 and 2000-01 year receipts were held in a restricted receipt account.

#### Miscellaneous Revenue

Actual	Estimated
1997-98..... \$ 0	2003-04..... \$ 0
1998-99..... 0	2004-05..... 0

2002-03.....	34,531	2008-09.....	119,374

Health Endowment Account for Long-Term Hope restricted revenue includes all interest earned in the Tobacco Settlement Fund, the initial payment of Tobacco Settlement funds, strategic contribution payments (beginning in 2007-08), eight percent of each Annual Payment and lapses from the appropriations in the fund except for moneys provided for the Home and Community-Based Care Program and the Health Investment Insurance Program which are reallocated to their respective programs. 1999-00 represents \$142,262,000 Initial Payment; \$4,881,000 interest; and \$25,783,000 in transfer all of which were actually distributed in 2001-02 with the formal establishment of the Fund. The total of the Tobacco Endowment Account includes \$27,601,000 in transfer and \$39,490,000 actually distributed in 2001-02 with the formal establishment of the Fund. The Total Tobacco Endowment Account includes \$34,682,000 in transfer and \$19,407,000 interest received prior to June 30, 2002 transferred on or prior to that date and \$2,617,000 interest received prior to June 30, 2002, but transferred after that date.

Act 91 of 2002 suspends the transfer of lapsing funds and investment earnings to the Health Endowment Account for Long-Term Hope during 2002-03 and directs those moneys to the Tobacco Settlement Fund itself.

# TAX EXPENDITURES

Tax credits, deductions, exemptions and exclusions are provided in law which result in a significant reduction in revenues that would otherwise be received at current tax rates. These reductions are tax expenditures.

## TAX EXPENDITURE ANALYSIS

The traditional budget process involves estimating Commonwealth revenues and appropriating these moneys for numerous programs. The process is subject to intense scrutiny by interests inside and outside Government. Constrained by available revenues, programs are initiated, expanded, limited or deleted based on merit. To augment the traditional budget process, this budget includes an analysis of indirect expenditures that occur through special treatment within the tax structure. Various tax credits, deductions, exemptions and exclusions are provided which result in reductions in revenue that would otherwise be received by the Commonwealth at current tax rates. Cumulatively, they are referred to in this budget as “tax expenditures.”

The Commonwealth’s tax structure contains many tax expenditures. Examples include items as diverse as the sales and use tax exemption for firewood to the S corporation exemption in the corporate net income tax. In general, they are characterized by the fact that they confer special treatment to specific taxpayers, specific activities, or specific goods or services. The tax expenditures listed in this budget are the accumulation of many prior legislative sessions, and the original intent of certain tax expenditures may no longer be valid or consistent with current policies. A comprehensive tax expenditure analysis permits an on-going evaluation of each tax expenditure.

Act 180 of 1992 revised the requirements for the Governor’s Executive Budget tax expenditure analysis. This act stipulated that the tax expenditure data be revised and updated every two years. Therefore, consistent with this provision, tax expenditures presented in this and subsequent budget documents will be updated and revised biennially. Exceptions include tax expenditures initiated, deleted or amended by statute, expenditures where improved data allow significant revisions or items of significant policy interest. Due to the late enactment of the fiscal year 2003-04 budget, this analysis does not reflect any rate changes, amendments to existing expenditures or new expenditures affected by Acts 45, 46, 48 and 51 of 2003.

The 2004-05 Governor’s Executive Budget presents this tax expenditure analysis covering Commonwealth taxes with annual receipts of at least \$15 million. A complete list of covered taxes is shown in the Table of Contents. The intended purposes of the current analyses are to:

- (1) Identify indirect sources of budgetary support for various activities,
- (2) Present estimated costs associated with each tax expenditure,
- (3) Present actual or estimated costs of administering each tax expenditure,
- (4) Present actual or estimated numbers and descriptions of benefiting taxpayers, and
- (5) Allow for administration, legislative and public scrutiny and facilitate discussion on each tax expenditure’s merits.

For the purposes of this document, “tax expenditure” is defined as a reduction in revenue that would otherwise be collected by the Commonwealth as the result of an exemption, reduction, deduction, limitation, exclusion, tax deferral, discount, refund, commission, credit, special rate or special treatment. This definition provides a general framework within which to determine whether to classify certain items as tax expenditures. To facilitate this classification process, six specific criteria have been adopted to augment the general definition of tax expenditure:

- (1) Reduces State revenues,
- (2) Confers special treatment,
- (3) Is included in the defined tax base,
- (4) Is not subjected to equivalent alternative taxation,
- (5) Can be altered by a change in State law, and
- (6) Is not an appropriation.

## Tax Expenditure Analysis (continued)

The following examples of several items not considered to be tax expenditures clarify the use of these criteria:

Purchases made by Commonwealth agencies are not subject to sales and use tax. Were these transactions not exempted, tax revenues would increase but increased Commonwealth expenses would offset revenues. Therefore, no net budgetary change occurs. This item is not a tax expenditure.

The exclusion of a sale for resale from sales and use tax is not considered a tax expenditure because the tax is imposed on each separate sale at retail of tangible personal property or services.

Financial institutions and insurance companies are exempted from corporate net income tax (CNIT) and capital stock / foreign franchise tax (CS/FT). However, these corporations are subject to alternative taxes: the bank and trust company shares tax, mutual thrift institutions tax or insurance premiums tax. The exemption of these corporations from the CNIT and CS/FT is not in itself a tax expenditure; however, to the extent that those taxes may not impose proportionate tax burdens on the exempted companies, the overall tax structure may involve some indirect tax expenditure.

The pro rata exclusion of U.S. securities from the bank and trust company shares tax was a State legislative response to a Federal prohibition against direct taxation of these obligations or income derived from them. As this cannot be altered by changing State law, this exclusion is not a tax expenditure.

There are three primary limitations on the tax expenditure estimates. First, estimated revenue foregone due to a tax expenditure should not be construed as the revenue that could be gained if the tax expenditure provision were to be rescinded. No attempt has been made to account for changes in taxpayer behavior that may occur because of tax law changes. For example, if the sales and use tax exemptions were rescinded for equipment and utilities directly used in manufacturing, it is possible that capital investment in manufacturing would be reduced and that these sales and use tax receipts would be less than the tax expenditure estimate.

A second limitation is that individual estimates are not additive. It is not always possible to estimate each tax expenditure with regard to interactions with other provisions of that tax or other taxes. For example, certain exempt items qualify under multiple tax expenditures. If gasoline were to be included in the sales and use tax base, agricultural, political subdivision, and manufacturing/processing use would continue to be exempt under other provisions. Therefore, no bottom line can be presented similar to that shown for total revenues or expenditures in the current Governor's Executive Budget.

Third, these estimates are, in many cases, necessarily derived from data completely independent of taxpayer returns. Minor differences in data collection techniques among the various data sources used could introduce a small element of error into the estimates. Thus, these estimates are intended to represent the magnitude of each tax expenditure, not to provide pinpoint accuracy.

All estimates appear in millions of dollars. The word "nominal" is used when the estimated impact is less than \$100,000. Estimates of revenue loss or beneficiary count and description that are not available are represented by "NA." Costs incurred to administer tax expenditures are estimated by major tax category or, if available, by specific tax expenditure. Identified costs for a major tax category are provided at the beginning of the tax expenditure group. No administrative costs are reported for tax expenditures that provide incentives to implement or continue programs that replace or supplement efforts that would otherwise be the responsibility of state government.

This analysis is a general guide to tax expenditures in Pennsylvania. It is not intended to be a tax manual, and statements within it should not be construed as interpretations of the law or regulations.

## CREDIT PROGRAMS

### NEIGHBORHOOD ASSISTANCE PROGRAMS

**Authorization:** Article XIX-A of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

**Description:** A tax credit is available to banks, thrift institutions, title insurance and trust companies, and insurance companies (other than foreign fire/casualty insurance companies), as well as corporations doing business in Pennsylvania and subject to the corporate net income tax and the capital stock/foreign franchise tax that engage in certain assistance programs in impoverished areas or contribute to neighborhood organizations which provide such activities. The credit is allowed for neighborhood assistance, job training or education for individuals, community services, economic development or crime prevention in an impoverished area. The program must be approved by the Secretary of Community and Economic Development. The credit available to a taxpayer equals up to 50 percent of the contribution to approved programs during the tax year, but may not exceed \$250,000. An expanded credit of 70 percent (maximum of \$350,000 per taxpayer) may be available for investments in certain priority programs defined by the Secretary of Community and Economic Development. The total amount of credits awarded to all taxpayers cannot exceed \$18 million in a fiscal year.

**Purpose:** This program encourages taxpayers to contribute to neighborhood organizations and engage in activities that promote community economic development in impoverished areas.

**Administrative Costs:** Costs to administer the Neighborhood Assistance Program credits are borne by the Department of Community and Economic Development and the Department of Revenue. Estimated costs for both departments total \$0.3 million per year.

# General Fund Tax Expenditures

## EMPLOYMENT INCENTIVE PAYMENTS

**Authorization:** Article XVII-A of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

**Description:** Any bank, thrift institution, title insurance and trust company, or insurance company, as well as any corporation or person subject to the corporate net income tax or the personal income tax, employing persons formerly receiving welfare benefits may claim an employment incentive payment as credit against any tax liability in selected taxes. The credit is for a portion of wages paid to a qualifying employee in the first three years of employment. Employment incentive payment credits are available for employees hired up to December 31, 2004. Additional credit is available for financing associated day care costs. Total employment incentive payment credits authorized cannot exceed \$25 million in any fiscal year.

**Purpose:** This program provides tax relief to taxpayers that hire persons previously receiving aid to families with dependent children or classified as chronically or transitionally needy at the time of employment and reduces state aid payments to those individuals.

**Administrative Costs:** Costs to administer the Employment Incentive Payments credit program are borne by the Department of Public Welfare, Department of Labor and Industry and the Department of Revenue. Estimated costs for all departments total \$0.2 million per year.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<b>Corporate Taxes</b>

	\$ 7.0	\$ 7.0	\$ 7.0	\$ 7.0	\$ 7.0	\$ 7.0	\$ 7.0

**Beneficiaries:** Employers of approximately 6,000 qualifying employees in Pennsylvania are expected to benefit from this tax expenditure.

## HOMEOWNERS' EMERGENCY MORTGAGE ASSISTANCE FUND

**Authorization:** Act of December 23, 1983 (P.L. 385, No. 91), as amended.

**Description:** A tax credit is available to any bank, thrift institution, title insurance and trust company, and insurance company (other than a foreign fire/casualty insurance company), as well as any corporation doing business in Pennsylvania and subject to the corporate net income tax, for amounts contributed to the Homeowner's Emergency Mortgage Assistance Fund.

**Purpose:** This credit encourages businesses to contribute to a fund established to prevent mortgage foreclosure and distress sale of a home resulting from circumstances beyond a homeowner's control.

**Administrative Costs:** Nominal

**Estimates:** There has been no application of credits during FY 1985-86 through FY 2002-03. Limited participation in this program is expected in the future.

**Beneficiaries:** NA

# General Fund Tax Expenditures

## JOB CREATION TAX CREDIT

**Authorization:** Act of June 29, 1996 (P.L. 434, No. 67), as amended.

**Description:** A tax credit is available to businesses and individuals creating and sustaining jobs. The tax credit equals \$1,000 per job for each year in the approved term and may be applied to the corporate net income tax, capital stock/foreign franchise tax, insurance premiums tax, gross receipts tax, bank and trust company shares tax, mutual thrift institution tax, title insurance company shares tax, personal income tax or any combination thereof. The total amount of funds for tax credits available in a year is \$22.5 million.

**Purpose:** This tax credit encourages job creation and preservation in the Commonwealth.

**Administrative Costs:** Costs to administer the Job Creation Tax credits are borne by the Department of Community and Economic Development and the Department of Revenue. Estimated costs for both departments total \$0.2 million per year.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 22.5	\$ 22.5	\$ 22.5	\$ 22.5	\$ 22.5	\$ 22.5	\$ 22.5

**Beneficiaries:** Approximately 110 companies doing business in Pennsylvania benefit from this tax expenditure.

## RESEARCH AND DEVELOPMENT TAX CREDIT

**Authorization:** Act of May 7, 1997 (P.L. 85, No. 7).

**Description:** A research and development tax credit is available for performing qualified research in Pennsylvania. The credit equals 10 percent of the increase in qualified research expenses for the current taxable year over a base period. Total credits in any one fiscal year are capped at \$15 million with \$3 million of the total earmarked exclusively for small business. The credit may be applied against the corporate net income tax, capital stock/foreign franchise tax, personal income tax, or any combination thereof, but may not exceed 50 percent of such qualified tax liability. Unused credits may be carried forward fifteen taxable years. Credits are available for tax years ending on or before December 31, 2006.

**Purpose:** This tax credit is intended to encourage businesses in the Commonwealth to conduct research, especially research of a technological or scientific nature.

**Administrative Costs:** Costs to administer the Research and Development Tax credits are borne by the Department of Revenue. These costs are estimated to be nominal.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 15.0	\$ 15.0	\$ 15.0	\$ 15.0	\$ 15.0	\$ 15.0	\$ --

**Beneficiaries:** Approximately 300 companies performing qualified research and development in Pennsylvania benefit from this tax expenditure.

# General Fund Tax Expenditures

## KEYSTONE OPPORTUNITY ZONE

**Authorization:** Act of October 6, 1998 (P.L. 702, No. 92), as amended.

**Description:** The Department of Community and Economic Development has designated specific areas of deteriorated property as keystone opportunity zones and keystone opportunity expansion zones. Act 217 of 2002 allowed existing zones to expand to pre-authorized acreage limits and permitted the creation of keystone opportunity improvement zones. The Governor proposed eleven properties as keystone opportunity improvement zones by Executive Order on December 31, 2002.

Economic activity occurring in these zones is exempt from most local taxation for a period of fifteen years beginning with the creation of the particular zone. In addition to benefiting from a limited state sales and use tax exemption, zone residents and qualified businesses are exempt from the following state taxes: corporate net income, capital stock/foreign franchise, bank shares, and mutual thrift institutions taxes. In addition, qualified businesses may receive credits against insurance premiums tax for jobs created in a zone. The tax expenditure is the value of all the credits and the state taxes waived within the zone.

**Purpose:** This program provides tax relief to economically distressed urban and rural communities in an attempt to revive these areas.

**Administrative Costs:** Costs to administer the Keystone Opportunity Zone program are borne by the Department of Revenue and the Department of Community and Economic Development. Estimated costs for both departments total \$0.5 million annually.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 9.9	\$ 13.2	\$ 17.5	\$ 17.7	\$ 18.8	\$ 18.9	\$ 20.0

**Beneficiaries:** Qualified businesses and residents of the designated zones within this Commonwealth benefit from this tax expenditure.

## COAL WASTE REMOVAL AND ULTRACLEAN FUELS TAX CREDIT

**Authorization:** Act of May 12, 1999 (P.L. 26, No. 4).

**Description:** A tax credit is available for qualifying capital expenditures on facilities producing fuels from coal, culm or silt. The credit can be used against sales and use tax, corporate net income tax and capital stock/foreign franchise tax. The total cost of the credit is capped at \$18 million per year.

**Purpose:** This tax credit provides an incentive for taxpayers to develop facilities dedicated to the production of synthetic fuels within this Commonwealth while removing coal waste from the environment.

**Administrative Costs:** Costs to administer the Coal Waste Removal and Ultraclean Fuels Tax credit are borne by the Department of Revenue and are considered to be nominal.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	NA	NA	NA	NA	NA	NA	NA

**Beneficiaries:** A small number of corporate taxpayers are expected to benefit from this credit program.

# General Fund Tax Expenditures

## EDUCATIONAL IMPROVEMENT TAX CREDIT

*Authorization:* Article XX-B of the Public School Code of 1949 (P.L. 30, No. 14), as amended.

*Description:* A tax credit is available to banks, thrift institutions, title insurance and trust companies, and insurance companies, as well as corporations doing business in Pennsylvania and subject to the corporate net income tax and the capital stock/foreign franchise tax that contribute to nonprofit scholarship organizations or educational improvement organizations approved by the Department of Community and Economic Development (DCED). A tax credit shall be granted to a business firm providing proof of a contribution to a scholarship organization or an educational improvement organization equal to 75% of the total amount contributed during the taxable year. The tax credit must be applied in the taxable year the contribution is made. Any unused portion of the tax credit may not be carried forward or back, nor is it refundable or transferable. A tax credit shall be granted equal to 90% of the total amount contributed, if the business provides a written commitment to DCED to contribute the same amount for two consecutive tax years. A tax credit shall not exceed the tax liability of a business for any given taxable year, nor shall the credit exceed \$100,000 per business per taxable year. The total amount of tax credits approved for all taxpayers cannot exceed \$30 million in a fiscal year, with no less than \$20 million for contributions to scholarship organizations, and no less than \$10 million for contributions to educational improvement organizations.

*Purpose:* This program encourages taxpayers to contribute to scholarship organizations or educational improvement organizations in order to promote expanded educational opportunities for students in the Commonwealth.

*Administrative Costs:* Costs to administer Educational Improvement Tax credits are primarily borne by the Department of Community and Economic Development along with the Department of Revenue and the Department of Education. Estimated costs for all departments total \$0.2 million per year.

	\$ 30.0	\$ 30.0	\$ 30.0	\$ 30.0	\$ 30.0	\$ 30.0	\$ 30.0

*Beneficiaries* Approximately 1,050 companies and 330 scholarship organizations and educational improvement organizations benefit from this tax expenditure.

# General Fund Tax Expenditures

## CORPORATION TAXES

**Administrative Costs:** Costs to administer various tax expenditures associated with the corporate net income tax and the capital stock/foreign franchise tax cannot be separately identified. Tax expenditures are a significant factor associated with the need for more compliance audits and increased complexity of such audits as well as legal rulings, pronouncements and bulletins. Tax expenditures also contribute significantly to the tax appeals process.

## CORPORATE NET INCOME TAX

**Authorization:** Article IV of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

The Pennsylvania corporate net income tax is imposed on domestic and foreign corporations for the privilege of doing business, carrying on activities, having capital or property employed or used, or owning property in Pennsylvania. Certain corporations are exempt from the tax.

The tax is based on federal taxable income before net operating loss deduction and special deductions (line 28 of page 1 of federal IRS form 1120) modified by additions and subtractions to arrive at Pennsylvania taxable income. Taxes based on income and certain tax items are added back to federal taxable income. The tax rate is 9.99 percent for tax years 1995 and thereafter.

Any deductions, exemptions or types of special treatment that are reflected in line 28 on the IRS form 1120 not modified or adjusted by Pennsylvania statute are not included below.

### DIVIDENDS PAID

**Description:** A public utility is allowed a deduction for dividends paid on non-participating cumulative preferred stock issued before October 1, 1942.

**Purpose:** This special deduction is pursuant to IRC section 247 that retains the dividend deduction that was in effect at the time of the change in the federal code in 1942. It provides tax relief to public utilities and also benefits customers to the extent it is reflected in lower utility rates.

\$ 0.3	\$ 0.3	\$ 0.3	\$ 0.3	\$ 0.3	\$ 0.3	\$ 0.3

**Beneficiaries:** A minimal number of public utilities benefit from this tax expenditure.

# General Fund Tax Expenditures

## NET OPERATING LOSS CARRYFORWARD

**Description:** Corporations may deduct from current taxable income the net losses from previous years to arrive at their tax liability.

Act 45 of 1998 increased the three-year carryforward period to ten years for tax years 1995 and thereafter. This act provided a phase-in schedule of net loss deductions making the first ten-year carryforward available in tax year 2005. Suspended losses from 1988 through 1994 could be used variously against 1995 through 1997 tax years. Act 4 of 1999 increased the annual cap on deductions to \$2 million in each of the ten years following the loss, effective January 1, 1999. Act 89 of 2002 increased the ten-year carryforward period to twenty years for losses incurred in the 1998 taxable year and thereafter.

**Purpose:** This deduction reduces the tax burden for a period of time after an operating loss period thereby aiding a corporation that has returned to economic viability as measured by taxable income.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 146.3	\$ 168.0	\$ 194.9	\$ 218.0	\$ 232.4	\$ 244.7	\$ 258.1

**Beneficiaries:** Approximately 30,500 businesses per year benefit from this tax expenditure.

## TRIPLE-WEIGHTED SALES FACTOR

**Description:** Beginning in tax year 1995, corporations apportioned their net income using a three-factor formula (payroll, property and sales) that double-weighted the sales factor. The sales factor in the numerator of the corporate net income tax apportionment formula was multiplied by two and the denominator was four. Act 4 of 1999 provided for the sales factor to be triple-weighted beginning in tax year 1999. The sales factor in the numerator is multiplied by three instead of two and the denominator is five.

**Purpose:** Corporations with a higher percentage of property and payroll invested in Pennsylvania (compared to their percentage of sales in Pennsylvania) will have less taxable income apportioned to the Commonwealth. Therefore, those corporations will have a reduced tax burden. This encourages business investment in Pennsylvania in the form of property and employment.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 53.5	\$ 57.9	\$ 64.1	\$ 69.7	\$ 73.9	\$ 77.7	\$ 81.1

**Beneficiaries:** Approximately 10,800 corporations operating in Pennsylvania may benefit from this tax expenditure.

# General Fund Tax Expenditures

## NONPROFIT CORPORATIONS

**Description:** Nonprofit corporations are exempt from the corporate net income tax. Act 7 of 1997 provided that any nonprofit corporation or entity that is an exempt organization as defined by section 501 of Internal Revenue Code of 1986 (P.L. 99-514, 26 U.S.C.) is exempt from the corporate net income tax. Corporations organized as a nonprofit but not operating as a nonprofit are excluded from this exemption. Act 4 of 1999 provided that insurance and travel agency activities carried on by an auto club are subject to the corporate net income tax. The same act restored exempt status to homeowners associations and membership organizations. The estimates below are based on unrelated business income taxed by the federal government.

**Purpose:** This exemption provides tax relief to nonprofit corporations including religious, charitable, educational and scientific organizations that are perceived as providing social benefits.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 7.7	\$ 8.1	\$ 8.8	\$ 9.6	\$ 10.4	\$ 11.3	\$ 12.4

**Beneficiaries:** Approximately 800 nonprofit corporations operating in Pennsylvania with unrelated business income benefit from this tax expenditure.

## PENNSYLVANIA S CORPORATIONS

**Description:** Corporations with a valid Pennsylvania S corporation election in effect for the taxable year are exempt from the corporate net income tax. However, Pennsylvania S corporation shareholders must include their distributive share of Pennsylvania S corporation income for Pennsylvania personal income tax purposes. The tax expenditure is the difference between what is paid by the shareholders under the personal income tax and what the corporations would have paid under the corporate net income tax. Act 7 of 1997 provided conformity with the federal Small Business Job Protection Act of 1996 by allowing an increase in the number of shareholders from 35 to 75, effective January 1, 1997. Act 7 also permitted S corporations to have qualified subsidiaries. The subsidiary can be either an S or a C corporation. Act 4 of 1999 eliminated the 25 percent passive income test and waived the five-year waiting period with respect to corporations whose S election was terminated for exceeding the passive income limitation.

**Purpose:** S corporations are often small, closely-held corporations and are believed to be major job creators. This exemption provides an incentive for their existence within the Commonwealth.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 490.7	\$ 496.2	\$ 534.6	\$ 582.7	\$ 628.4	\$ 667.3	\$ 698.0

**Beneficiaries:** Approximately 125,000 sub-chapter S corporations doing business in Pennsylvania could benefit from this tax expenditure.

# General Fund Tax Expenditures

## LIMITED LIABILITY COMPANIES (LLCs)

**Description:** Limited liability companies (LLCs) are hybrid business entities that combine the corporate characteristic of limited liability for all owners (members) with the tax treatment of a partnership. LLCs that are not taxed as corporations for federal purposes are exempt from the Pennsylvania corporate net income tax. Act 45 of 1998 clarified that LLCs and business trusts classified by the federal government as "disregarded entities" are not subject to the Pennsylvania corporate net income tax. Members of the LLC must include their share of the LLC's income for Pennsylvania personal income tax purposes or corporate net income tax (if a corporate member). The tax expenditure is the difference between what is paid by the members under the personal income tax and corporate net income tax and what the LLC entities would have paid under the corporate net income tax. Act 124 of 1998 provided that a bank or banking organization may organize as an LLC for the sole purpose of marketing and selling title insurance. An insurance agency may also be organized as an LLC.

**Purpose:** LLCs are a preferred type of business entity for start-up companies. They combine the limited liability of a corporation with the flexibility of a partnership. By taxing LLCs as a flow-through, Pennsylvania is a more attractive place for these new companies.

(Dollar Amounts in Millions)

Estimates:	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 133.2	\$ 204.4	\$ 278.5	\$ 338.5	\$ 394.2	\$ 453.3	\$ 517.0

**Beneficiaries:** Approximately 43,000 companies doing business in Pennsylvania benefit from this tax expenditure.

## COMMERCIAL PRINTERS

**Description:** The mere usage of commercial printer services in Pennsylvania by an out-of-state entity does not create nexus for maintaining a place of business in Pennsylvania.

**Purpose:** The higher nexus standard ensures that Pennsylvania commercial printers will not lose business due to a concern of the out-of-state customer that he may be subject to Pennsylvania taxation only for such a printing contract.

(Dollar Amounts in Millions)

Estimates:	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	NA	NA	NA	NA	NA	NA	NA

**Beneficiaries:** A minimal number of corporate taxpayers benefit from this tax expenditure.

## FICA TAX ON TIPS

**Description:** Eating and drinking establishments can claim a deduction from their Pennsylvania taxable income equal to the amount of federal FICA (Federal Insurance Contributions Act) tax on employees' tips.

**Purpose:** This deduction corrects for a change in federal law. In 1993, a credit was created in the Internal Revenue Code. Taxpayers taking the credit may not also take a deduction for the amount of FICA tax on employees' tips. Pennsylvania does not permit the credit and instead allows this additional deduction from federal taxable income.

(Dollar Amounts in Millions)

Estimates:	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 1.3	\$ 1.3	\$ 1.3	\$ 1.4	\$ 1.4	\$ 1.4	\$ 1.4

**Beneficiaries:** Approximately 2,400 taxpayers representing eating and drinking establishments could benefit from this tax expenditure.

# General Fund Tax Expenditures

## CAPITAL STOCK/FOREIGN FRANCHISE TAX

*Authorization:* Article VI of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

The capital stock tax is a property tax imposed on every domestic corporation with capital stock, every joint-stock association and limited partnership and every other company organized or incorporated in Pennsylvania. The franchise tax is a privilege tax imposed on foreign corporations, joint-stock associations, limited partnerships and other companies doing business and liable for taxation within Pennsylvania or having capital or property employed or used in Pennsylvania. Certain corporations are exempt from these taxes, and some corporations are afforded special treatment.

The capital stock/foreign franchise tax is based on capital stock value which is defined as one-half of the sum of the average net income capitalized at the rate of 9.5 percent plus 75 percent of the net worth, less \$125,000. Act 23 of 2000 authorized the tax to be phased out through a 2 mill reduction to 8.99 mills for 2000, a 1.5 mill reduction to 7.49 mills for 2001, and an annual 1 mill reduction for 2002 through 2008 until the tax is eliminated. Act 23 of 2000 also eliminated the minimum payment. Act 89 of 2002 modified the Act 23 of 2000 phase-out schedule by reducing the 2001 rate to 7.24 mills in 2002, further reducing the rate to 6.99 mills in 2003, and by reducing the rate by 1 mill per year thereafter until the tax is eliminated for all tax years beginning after December 31, 2009. Act 89 of 2002 also suspended the automatic transfer of 0.25 mill of the tax to the Hazardous Sites Cleanup Fund. Beginning in fiscal year 2002-03, the Hazardous Sites Cleanup Fund transfer will only occur if the balance in the Fund is expected to fall below \$5 million. The estimates in this analysis include only the General Fund portion of the tax and reflect the Act 89 of 2002 phase-out.

Various types of assets are exempt from tax. The valuation of capital stock is not affected by these exemptions, but the exemptions are reflected in apportionment formulas used to compute the percentage of the capital stock value base actually subject to tax.

## NONPROFIT CORPORATIONS

*Description:* Nonprofit corporations are exempt from the capital stock/foreign franchise tax. Act 7 of 1997 provided that any nonprofit corporation or entity that is an exempt organization as defined by section 501 of Internal Revenue Code of 1986 (P.L. 99-514, 26 U.S.C.) is exempt. Act 4 of 1999 provided that insurance and travel agency activities carried on by an auto club are subject to the capital stock/foreign franchise tax. The same act restored exempt status to homeowners associations and membership organizations. The estimates below are based on unrelated business income taxed by the federal government.

*Purpose:* This exemption provides tax relief to nonprofit corporations including religious, charitable, educational and scientific organizations that are perceived as providing social benefits.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 4.2	\$ 4.0	\$ 3.6	\$ 3.1	\$ 2.5	\$ 1.9	\$ 1.3

*Beneficiaries:* Approximately 2,000 nonprofit corporations benefit from this tax expenditure.

# General Fund Tax Expenditures

## FAMILY FARM CORPORATIONS

**Description:** Family farm corporations are exempt from the capital stock/foreign franchise tax. A family farm corporation is one that devotes at least 75 percent of its assets to agriculture and at least 75 percent of its stock is owned by members of the same family.

Act 45 of 1998 specifically defined LLCs and business trusts to be corporations for capital stock/foreign franchise tax purposes. As a result, LLCs and business trusts are eligible for the family farm exemption, if appropriate.

**Purpose:** This exemption provides tax relief to family farm corporations thereby recognizing the importance of family-owned farms.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 1.1	\$ 1.0	\$ 0.9	\$ 0.8	\$ 0.7	\$ 0.5	\$ 0.3

**Beneficiaries:** Approximately 430 family farm corporations operating in Pennsylvania could benefit from this tax expenditure.

## ASSETS USED IN MANUFACTURING, PROCESSING, AND RESEARCH AND DEVELOPMENT

**Description:** Corporations (except those which enjoy the right of eminent domain, i.e., utilities) organized for manufacturing, processing, or research and development purposes may claim an exemption for capital stock invested in such activities within Pennsylvania. Pollution control assets are included for these corporations. This exemption is reflected in computing the percentage of the capital stock value actually subject to tax and applies to both single-factor and three-factor apportionment.

Act 63 of 1999 modified the manufacturing exemption by disallowing the exemption provided for manufacturing, processing, or research and development activities from the numerator of the sales factor and expanding the exemption by excluding property and payroll attributable to manufacturing, processing, or research and development activities outside of the Commonwealth from the numerator of the property and payroll factors.

**Purpose:** This exemption encourages investment in manufacturing, processing, and research and development activities that improves the Commonwealth's economic position.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 291.1	\$ 279.2	\$ 250.4	\$ 215.5	\$ 176.9	\$ 135.5	\$ 91.1

**Beneficiaries:** Approximately 8,500 corporations operating in Pennsylvania benefit from this tax expenditure.

# General Fund Tax Expenditures

## APPORTIONMENT FORMULA OPTIONS

**Description:** Corporations that have multistate operations have the option of using either a single-factor or a three-factor formula to compute the portion of the capital stock value that is subject to tax. The single-factor formula is based on the ratio of the book value of taxable assets to book value of total assets. The three-factor formula is based on property, payroll, and sales within and without Pennsylvania. Historically, only domestic corporations were permitted to choose the single-factor apportionment method until the Pennsylvania Supreme Court ruled that foreign corporations must be allowed the same option. These estimates measure the difference between the tax on capital stock value apportioned using three-factor apportionment for those corporations choosing the single-factor method and able to use the three-factor method.

**Purpose:** This option provides tax relief to those corporations with considerable tangible investment in the Commonwealth and thereby encourages corporate investment in Pennsylvania.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 111.8	\$ 107.2	\$ 96.1	\$ 82.7	\$ 67.9	\$ 52.0	\$ 35.0

**Beneficiaries:** Approximately 2,500 corporations doing business in Pennsylvania benefit from this tax expenditure.

## POLLUTION CONTROL DEVICES

**Description:** Equipment, machinery, facilities and other tangible property used during the tax year within Pennsylvania for water or air pollution control or abatement devices utilized for the benefit of the general public are exempt from the capital stock/foreign franchise tax. This exemption is reflected as an exclusion from the numerator of the single asset apportionment fraction or the numerator of the property factor when the three-factor apportionment formula is used. However, for manufacturing, processing, or research and development corporations these assets are included as exempt equipment and shown in the expenditure for assets used in manufacturing, processing, and research and development.

**Purpose:** This exemption provides tax relief to corporations required to install pollution control devices and encourages investment in pollution control assets.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 2.7	\$ 2.6	\$ 2.3	\$ 2.0	\$ 1.7	\$ 1.3	\$ 0.9

**Beneficiaries:** Approximately 20 companies doing business in Pennsylvania benefit from this tax expenditure.

# General Fund Tax Expenditures

## DEDUCTION FROM THE FIXED FORMULA

**Description:** For tax years beginning in 1997 and thereafter, corporations may deduct \$125,000 from the capital stock value which is then subject to apportionment to determine the taxable base. The valuation deduction was \$100,000 for tax years 1995 and 1996.

**Purpose:** This exemption provides a tax-free portion of capital stock value for corporations, particularly beneficial to new businesses realizing little or no profit during their early years.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 63.6	\$ 61.0	\$ 54.7	\$ 47.1	\$ 38.6	\$ 29.6	\$ 19.9

**Beneficiaries:** Approximately 184,000 corporations doing business in Pennsylvania benefit from this tax expenditure.

## HOLDING COMPANIES

**Description:** Holding companies may elect, in lieu of a standard apportionment formula, a special apportionment formula that computes the taxable portion of capital stock value by taking 10 percent of the total capital stock value. The single-factor apportionment formula was used as the standard apportionment formula in the estimating process. Holding companies are corporations (1) which derive at least 90 percent of their income from stock or securities and the rendering of administrative or management services to subsidiary corporations and (2) whose assets are at least 60 percent comprised of securities or indebtedness of subsidiary corporations. Act 45 of 1998 clarified that limited liability companies and business trusts are eligible to receive holding company tax treatment.

**Purpose:** This special treatment is intended to provide tax relief to those holding companies with considerable intangible assets that otherwise are not exempt under the single assets apportionment fraction.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 69.2	\$ 66.4	\$ 59.5	\$ 51.2	\$ 42.1	\$ 32.2	\$ 21.7

**Beneficiaries:** Approximately 700 companies doing business in Pennsylvania benefit from this tax expenditure.

# General Fund Tax Expenditures

## REGULATED INVESTMENT COMPANIES/REAL ESTATE INVESTMENT TRUSTS

**Description:** Regulated investment companies (RICs) are subject to special valuation for capital stock/foreign franchise tax purposes. Their tax is computed by adding the net asset value multiplied by \$75 and divided by one million to the apportioned undistributed personal income multiplied by the personal income tax rate. Undistributed taxable personal income is apportioned to Pennsylvania by a fraction, the numerator of which is all income distributed during the taxable year to resident shareholders and the denominator of which is all income distributed to all shareholders.

There is a potential revenue loss from regulated investment companies and real estate investment trusts (REITs) organized as business trusts. These entities are not subject to capital stock/foreign franchise tax; no cost estimate is available.

There is also a potential revenue loss associated with corporations that conduct Pennsylvania business activity through an investment in business trust RICs, REITs and certain other related entities. Generally, a corporation's interest in an entity that is not a corporation is considered to be a direct ownership interest in the assets of the entity rather than an intangible interest. Act 232 of 2002 created exceptions to this general rule for RICs, REITs and certain other related entities that are organized as business trusts. No cost estimate is available.

**Purpose:** RICs are corporations that derive at least 90 percent of their income from dividends, interest, and gains on disposition of stock and securities. REITs are corporations that own real estate investments and must distribute at least 90% of their income as dividends. This special treatment provides tax relief to these companies thereby allowing them to earn higher rates of return on their investments that, in turn, are passed on to their shareholders. The higher earnings rates may result in higher investment in the economy that is channeled through these companies.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 7.0	\$ 6.7	\$ 6.0	\$ 5.2	\$ 4.2	\$ 3.2	\$ 2.2

**Beneficiaries:** At least 60 RICs, REITs and other related entities doing business in Pennsylvania benefit from this tax expenditure. In addition, an unknown number of corporations may benefit from the provisions of Act 232 of 2002.

## COMMERCIAL PRINTERS

**Description:** The mere usage of commercial printer services in Pennsylvania by an out-of-state entity does not create nexus for maintaining a place of business in Pennsylvania.

**Purpose:** The higher nexus standard ensures that Pennsylvania commercial printers will not lose business due to a concern of the out-of-state customer that he may be subject to Pennsylvania taxation only for such a printing contract.

## RESTRICTED PROFESSIONAL COMPANIES

*Description:* Restricted professional companies (RPCs) are limited liability companies (LLCs) performing restricted professional services. LLCs are hybrid business entities that combine the corporate characteristic of limited liability for all owners (members) with the tax treatment of a partnership. Restricted professional services include chiropractic, dentistry, law, medicine and surgery, optometry, osteopathic medicine, podiatry medicine, public accounting, psychology, and veterinary medicine. These types of businesses give members the protection of limited liability for the neglect of another member. RPCs are exempt from the capital stock/foreign franchise tax. However, an annual fee of \$360 per resident member is imposed under the Associations Code, \$25 of which is credited to the Corporation Bureau's restricted account.

No cost estimate is available.

*Purpose:* RPCs perform valuable professional services for citizens of the Commonwealth.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	NA	NA	NA	NA	NA	NA	NA

*Beneficiaries:* Approximately 1,250 companies doing business in Pennsylvania benefit from this tax expenditure.

## EXEMPTION FOR STUDENT LOAN ASSETS

*Description:* Act 45 of 1998 provided that student loan related assets owned or held by a trust or other entity formed for the securitization of student loans are exempt from capital stock/foreign franchise tax. This provision is effective for tax years beginning on or after January 1, 1998.

*Purpose:* This program exempts student loan related assets held by loan securitization trusts from the capital stock/foreign franchise tax to conform with the Commonwealth public policy of promoting higher education.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	NA	NA	NA	NA	NA	NA	NA

*Beneficiaries:* A minimal number of business trusts and other entities formed for the securitization of student loan assets are the beneficiaries of this tax expenditure.

# General Fund Tax Expenditures

## FINANCIAL INSTITUTION BUSINESS TRUSTS

**Description:** Act 23 of 2000 created an exemption from tax for a domestic or foreign business trust that is created or managed by an entity subject to bank shares or mutual thrifts tax, or an 80 percent affiliate thereof. The trust must also be created and managed to facilitate the securitization of intangible assets. For federal tax purposes it is classified as a partnership or disregarded entity. This exemption applies to taxable years beginning after December 31, 1999.

**Purpose:** This exemption acts as an incentive for these trusts to form and operate in the Commonwealth.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	NA	NA	NA	NA	NA	NA	NA

**Beneficiaries:** NA

## GROSS RECEIPTS TAX

**Authorization:** Article XI of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

The gross receipts tax is imposed on the following companies conducting business in Pennsylvania: pipeline, conduit, steamboat, canal, slack water navigation and transportation companies; freight or oil transporters; telephone and telegraph companies; express service, palace car or sleeping car companies; and electric light, water power and hydroelectric energy companies. Municipalities are entitled to exemptions.

A tax is levied at 50 mills on gross receipts from passengers, baggage, freight and oil transported within the state; telephone and telegraph messages transmitted within the state; and at 44 mills on sales of electric energy. The 44 mill tax rate on sales of electric energy is subject to change based on the revenue neutral reconciliation (RNR) tax rate calculated annually pursuant to Act 138 of 1996, which governs the restructuring of the electric utility industry in Pennsylvania. Act 89 of 2002 established the permanent RNR tax rate at 15 mills for tax years beginning January 1, 2003 and thereafter. The sale of natural gas was subject to the gross receipts tax before Act 4 of 1999 repealed these provisions, effective January 1, 2000.

## MUNICIPALLY-OWNED PUBLIC UTILITIES

**Description:** Gross receipts of public utilities owned or operated by a municipality are exempt from tax to the extent the gross receipts are derived from business done inside the limits of the municipality. The figures for this expenditure are at the statutory utilities gross receipts tax rates applicable to the appropriate tax year.

**Purpose:** This tax relief encourages municipalities to develop and invest in public utility services and supplemental energy sources including cogeneration facilities. It also benefits residents to the extent the tax relief is reflected through lower utility rates.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 5.3	\$ 5.3	\$ 5.4	\$ 5.6	\$ 5.7	\$ 5.8	\$ 5.8

**Beneficiaries:** The 31 municipally-owned utilities operating in the Commonwealth benefit from this tax expenditure.

# General Fund Tax Expenditures

## NUCLEAR GENERATING FACILITY DAMAGE

**Description:** Gross receipts derived from the sale of electricity by an electric light company which are attributable to the recovery of purchased energy costs, clean-up costs, and investment write-off costs due to damage to a nuclear generating facility are exempt from tax.

**Purpose:** This tax relief alleviates the financial hardship faced by the public utility as a result of damage caused by an accident or natural disaster. It also benefits consumers to the extent the tax relief is reflected in lower utility rates.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	NA	NA	NA	NA	NA	NA	NA

**Beneficiaries:** 47 electric suppliers could potentially benefit from this tax expenditure.

## ELECTRIC COOPERATIVES

**Description:** Gross receipts of electric cooperatives are exempt from the tax. The figures for this expenditure are at the statutory utility gross receipts tax rates applicable to the appropriate tax year.

**Purpose:** These cooperatives are nonprofit corporations organized to engage in rural electrification and are perceived to provide public benefit. This exemption permits this service to be rendered at a reduced cost to the rate payers.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 13.8	\$ 13.7	\$ 14.1	\$ 14.5	\$ 14.9	\$ 15.0	\$ 15.0

**Beneficiaries:** The 13 cooperatives in the Commonwealth benefit from this tax expenditure.

## TELECOMMUNICATIONS SALE FOR RESALE EXEMPTION

**Description:** Gross receipts from the sale for resale of telecommunication services to purchasers subject to the gross receipts tax who subsequently resell the telecommunication services for final consumption are exempt from the tax for tax years beginning after December 31, 1999.

**Purpose:** The sale for resale exemption is intended to ensure that telecommunication services are not subject to double taxation under the gross receipts tax.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 15.0	\$ 15.8	\$ 16.6	\$ 17.4	\$ 18.3	\$ 19.2	\$ 20.1

**Beneficiaries:** Approximately 580 telecommunication companies could benefit from this tax expenditure.

# General Fund Tax Expenditures

## PUBLIC UTILITY REALTY TAX

*Authorization:* Article XI-A of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

The public utility realty tax (PURTA) is imposed on public utilities furnishing services under the jurisdiction of the Pennsylvania Public Utility Commission or a regulatory body of another state or the United States.

Act 4 of 1999 fundamentally overhauled PURTA for tax year 1998 and thereafter. The tax rate is annually calculated by the Department of Revenue in order to raise an amount of tax revenue equal to the realty tax equivalent (with an additional 7.6 mills for the Public Transportation Assistance Fund). Beginning with PURTA tax year 1998, utilities are taxed on the basis of the property's fair market value, which is the local assessed value adjusted by the common level ratio. After December 31, 1999, assets used in the generation of electricity are excluded from the PURTA tax base and the realty tax equivalent. The estimates in this portion of the analysis include only the variable tax. The 7.6 mill portion of the tax is shown under the Public Transportation Assistance Fund. The Commonwealth imposes this tax on public utility realty in lieu of local real estate taxes and distributes revenue to local taxing authorities based on the realty tax equivalent.

### PROPERTY SUBJECT TO LOCAL TAXATION

*Description:* Property subject to local real estate taxation under any law in effect on April 23, 1968, is excluded from the PURTA base.

*Purpose:* The Constitution of Pennsylvania was amended April 23, 1968, to provide for state taxation of public utility realty property; however, any law in effect which subjected real property of a public utility to local real estate taxation was left in full force. This provision prevents the double taxation of such property.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 2.5	\$ 2.5	\$ 2.5	\$ 2.5	\$ 2.6	\$ 2.6	\$ 2.6

*Beneficiaries:* The 417 public utilities could benefit from this tax expenditure.

### EASEMENTS

*Description:* Easements or similar interests are excluded from the PURTA base. An easement is an interest in land owned by another entity that entitles the public utility company to limited use related to the provision of utility service.

*Purpose:* PURTA is intended as a tax on real property, and not as a tax on property such as these rights.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 2.2	\$ 2.2	\$ 2.2	\$ 2.3	\$ 2.3	\$ 2.3	\$ 2.3

*Beneficiaries:* The 417 public utilities could benefit from this tax expenditure.

# General Fund Tax Expenditures

## RAILROAD RIGHTS-OF-WAY

*Description:* Railroad rights-of-way and superstructures thereon are excluded from the PURTA base. Railroad rights-of-way are limited ownership of land to be used exclusively for the provision of rail transportation service.

*Purpose:* PURTA is intended as a tax on real property, and not as a tax on property such as these rights. This tax relief may encourage the development of our railroad network that benefits the economy.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 5.1	\$ 5.1	\$ 5.2	\$ 5.2	\$ 5.3	\$ 5.4	\$ 5.4

*Beneficiaries:* The 71 railroad public utilities could benefit from this tax expenditure.

## SEWAGE SERVICES

*Description:* Public utilities furnishing sewage services are exempt from tax.

*Purpose:* This provides tax relief to companies that are in the business of sewage treatment and encourages investment in sewage treatment facilities that provide public environmental benefits. It also benefits consumers to the extent the tax relief is reflected in lower utility rates.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 4.5	\$ 4.5	\$ 4.6	\$ 4.6	\$ 4.7	\$ 4.7	\$ 4.8

*Beneficiaries:* The 85 public utilities that provide sewage services benefit from this tax expenditure.

## MUNICIPALITIES

*Description:* Municipalities or municipal authorities furnishing electric, natural gas, telephone or water public utility services are exempt from tax.

*Purpose:* The realty used for municipally-furnished utility services is public property used for public purposes. Moreover, taxing such property would result in the municipal government funding the realty tax equivalent distributed to local taxing authorities.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 2.7	\$ 2.8	\$ 2.8	\$ 2.8	\$ 2.9	\$ 2.9	\$ 3.0

*Beneficiaries:* The 455 municipal authorities and the 33 municipal public utilities benefit from this tax expenditure.

# General Fund Tax Expenditures

## ELECTRIC GENERATION FACILITIES

*Description:* After December 31, 1999, land and improvements indispensable to the generation of electricity are subject to local real estate tax and are excluded from the PURTA tax base and the realty tax equivalent.

*Purpose:* Electric generation facilities were removed from the PURTA tax base because electric generation is no longer regulated as a public utility function. The electric competition statute, Act 138 of 1996, changed the definition of public utility, and generation facilities can be owned by unregulated entities. This exemption allows a level playing field for participants in electricity supply.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 17.0	\$ 17.2	\$ 17.4	\$ 17.6	\$ 17.8	\$ 18.0	\$ 18.2

*Beneficiaries:* The 22 electric utilities owning generating assets in Pennsylvania benefit from this tax expenditure.

## TRANSITION CREDIT

*Description:* During the transition years 1998 through 2001, the liability of a public utility under PURTA is limited to 250 percent of its immediate prior year's liability with any reduction in the liability capped at \$100,000 per taxable year.

*Purpose:* The PURTA transition credit provides limited relief to taxpayers having a significant increase in their PURTA tax base as a result of Act 4 of 1999.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 0.5	--	--	--	--	--	--

*Beneficiaries:* Approximately 85 taxpayers benefit from this tax expenditure.

## INSURANCE PREMIUMS TAX

*Authorization:* Article IX of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

The insurance premiums tax is imposed on domestic and foreign insurance companies that transact business in Pennsylvania. Certain types of insurance companies are exempt from the tax.

The tax is levied on gross premiums received from business done within Pennsylvania during each calendar year. A retaliatory tax is also imposed on taxable insurance companies incorporated in other states that impose a higher burden on Pennsylvania companies doing business there.

The basic tax rate is 2 percent of gross premiums plus any retaliatory tax. A 3 percent rate is imposed on insurance premiums for policies written with unlicensed insurers by a surplus lines agent. Marine insurance companies are subject to a 5 percent tax on their underwriting profits in lieu of the insurance premiums tax.

The estimates in this analysis include the full amount of revenues and the retaliatory charges that would be received from affected insurance companies.

## MUTUAL BENEFICIAL ASSOCIATIONS

*Description:* Purely mutual beneficial associations, whose funds benefit members, families or heirs and are made up entirely of member contributions and accumulated interest, are exempt from the insurance premiums tax. For the purpose of this tax expenditure, these associations are treated as life insurance companies.

*Purpose:* Mutual beneficial associations are charitable and benevolent organizations that provide life, accident and health benefits for their members. The exemption indirectly benefits subscribers to the extent that it is reflected in reduced premiums.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 9.1	\$ 11.1	\$ 10.3	\$ 10.5	\$ 11.0	\$ 11.5	\$ 11.9

*Beneficiaries:* The 73 mutual beneficial associations doing business in Pennsylvania benefit from this tax expenditure.

## NONPROFIT HOSPITAL AND MEDICAL CARE SERVICE ORGANIZATIONS

*Description:* Companies organized under the Nonprofit Hospital Plan Act (Act of June 21, 1937, P.L. 1948, No. 378) and the Nonprofit Medical, Osteopathic, Dental and Podiatry Service Corporation Act (Act of June 27, 1939, P.L. 1125, No. 399) are exempt from the insurance premiums tax. Those exempt include, for example, Capital Blue Cross, Hospital Service Association of Northeastern Pennsylvania, Good Vision Plan, Inc., Highmark Inc., Pennsylvania Dental Service Corp., and Vision Service Plan of Pennsylvania.

*Purpose:* These companies are deemed to be charitable and benevolent institutions that provide hospital and/or medical care to their subscribers. The exemption provides indirect tax relief to subscribers to the extent that it is reflected in lower premiums.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 126.7	\$ 134.5	\$ 149.6	\$ 158.8	\$ 167.8	\$ 178.1	\$ 190.8

*Beneficiaries:* The 13 nonprofit hospital and medical care service organizations doing business in Pennsylvania benefit from this tax expenditure.

# General Fund Tax Expenditures

## EXTRAORDINARY MEDICAL BENEFIT

**Description:** An exemption is allowed for premiums collected by automobile insurance companies for optional extraordinary medical benefit coverage from \$100,000 to \$1,100,000. This exemption applies only to premiums collected in association with policies written after June 1, 1989.

**Purpose:** This exemption benefits private insurance companies that are required to provide the extraordinary medical coverage as a result of the repeal of Pennsylvania's Catastrophic Loss Trust Fund. This exemption also indirectly benefits subscribers to the extent that it is reflected in reduced premiums.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 0.6	\$ 0.7	\$ 0.7	\$ 0.7	\$ 0.7	\$ 0.8	\$ 0.8

**Beneficiaries:** The 789 automobile insurance companies licensed to do business in Pennsylvania may benefit from this tax expenditure.

## LIFE AND HEALTH INSURANCE GUARANTY ASSOCIATION CREDIT

**Description:** A tax credit is available to companies that are members of the Pennsylvania Life and Health Insurance Guaranty Association. These companies may offset a proportionate part of assessment payments made to the association against the insurance premiums tax. The credit is for the portion of the assessment that is unrecoverable through premiums and must be taken over five years.

**Purpose:** The Pennsylvania Life and Health Insurance Guaranty Association protects policyholders and claimants by providing for the payment of benefits and the continuation of coverage under life, health and accident, and annuity policies under certain circumstances. Members are assessed to provide funds to carry out the purpose of the association. This credit provides relief to member companies by allowing them to recoup a portion of their assessment payments in the form of tax credits. This credit also provides indirect relief to subscribers to the extent that lower premium rates are maintained.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 4.7	\$ 4.7	\$ 0.3	\$ 0.1	\$ 0.1	\$ 0.2	\$ 0.2

**Beneficiaries:** The 530 life, accident and health insurance companies doing business in Pennsylvania may benefit from this tax expenditure.

# General Fund Tax Expenditures

## PROPERTY AND CASUALTY INSURANCE GUARANTY ASSOCIATION (PP&CIGA) CREDIT

*Description:* A tax credit is available to companies that are members of the Pennsylvania Property and Casualty Insurance Guaranty Association (PP&CIGA). Companies may claim a credit for assessments paid to the association in a calendar year that exceed one percent of gross premiums collected from policyholders. The credit must be taken proportionately over five years, beginning the year after the assessment is paid. This tax credit was enacted as part of Act 23 of 2000 to allow member companies to recoup a portion of assessments paid to the association in the form of tax credits.

*Purpose:* The Pennsylvania Property and Casualty Insurance Guaranty Association protects policyholders and claimants by providing for the payment of benefits and claims for property and casualty policies under certain circumstances. Members are assessed to provide funds to carry out the purpose of the association. This credit also provides indirect relief to property and casualty policyholders to the extent that lower premium rates are maintained.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 19.1	\$ 25.9	\$ 32.8	\$ 29.7	\$ 24.5	\$ 19.2	\$ 13.7

*Beneficiaries:* The 1,006 property and casualty insurers doing business in Pennsylvania benefit from this tax expenditure.

## BANK AND TRUST COMPANY SHARES TAX

*Authorization:* Article VII of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

The bank and trust company shares tax is imposed on every bank and trust company having capital stock and doing business in Pennsylvania.

This tax is imposed annually on the value of shares as of January 1. The value of shares is a six-year average calculated by dividing the total number of shares into the average of each of the previous six years' quarterly average value of shares adjusted to exclude the value of United States obligations. The tax rate on the dollar value of each taxable share of stock is 1.25 percent.

The bank and trust company shares tax contains no expenditures as defined for this tax expenditure analysis.

## MUTUAL THRIFT INSTITUTIONS TAX

*Authorization:* Article XV of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

The mutual thrift institutions tax is imposed on the net income of savings institutions, savings banks without capital stock, savings and loan associations, and building and loan associations conducting business in Pennsylvania.

The tax is based on net income determined in accordance with generally accepted accounting principals with the following major exceptions: income earned from United States obligations or Pennsylvania state and local obligations is excluded; the interest expense associated with tax exempt interest income is disallowed as a deduction; and net operating losses from previous years may be carried forward for a maximum of three years. Taxable net income is apportioned to Pennsylvania by a three-factor formula comprised of payroll, receipts and deposits.

The current tax rate is 11.5 percent.

### NET OPERATING LOSS CARRYFORWARD

*Description:* Thrift institutions may deduct from current taxable income the net losses from previous taxable years. A net loss for a taxable year may be carried over three years and must be carried to the earliest allowable tax year. There is no carryback of losses to prior years.

*Purpose:* This deduction reduces the tax burden for a period of time after an operating loss period thereby aiding the thrift institution after it has attained economic health as measured by its taxable income.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 3.1	\$ 2.3	\$ 1.9	\$ 1.7	\$ 1.6	\$ 1.5	\$ 1.5

*Beneficiaries:* The 205 mutual thrift companies could benefit from this tax expenditure.

### CREDIT UNIONS

*Description:* Credit unions are exempt from taxation. The tax expenditure is determined by applying the appropriate mutual thrift institutions tax rate to their net earnings.

*Purpose:* Credit unions are cooperative associations incorporated to promote thrift and to provide a source of credit for their members. This program provides tax relief to credit unions as well as their members to the extent that it is reflected in higher rates earned on savings and lower rates charged for loans.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 16.1	\$ 17.0	\$ 17.9	\$ 18.8	\$ 19.8	\$ 20.8	\$ 21.9

*Beneficiaries:* The 707 state and federal credit unions operating in Pennsylvania benefit from this tax expenditure.

# General Fund Tax Expenditures

## SALES AND USE TAX

*Authorization:* Article II of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

*Administrative Costs:* Costs incurred to administer the multiple tax expenditures associated with the sales and use tax cannot be separately identified. Tax expenditures are a significant factor associated with the need for more and the increased complexity of compliance audits. These audits contribute significantly to the volume of appeals processed by the Department of Revenue.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 12.2	\$ 12.4	\$ 12.5	\$ 12.7	\$ 12.9	\$ 13.1	\$ 13.3

*Beneficiaries:* Information provided under the sales and use tax "Beneficiaries" heading represent an actual or estimated number and description of Pennsylvania residents, households or businesses benefiting from that specific tax expenditure. An unreported number of non-Pennsylvania entities may also benefit from the tax expenditure.

## GENERAL/PERSONAL EXPENDITURES

### FOOD

*Description:* Food and beverages intended for human consumption purchased from a bakery, pastry shop, donut shop, delicatessen, grocery store, supermarket, farmer's market, convenience store, or vending machine are exempt from taxation. Exceptions are the sale of meals, sandwiches, food from salad bars, hand-dipped or hand-served iced based products including ice cream and yogurt, hot soup, hot pizza and other hot food items, brewed coffee and hot beverages. The exemption does not apply to soft drinks, alcoholic beverages, or food purchased from an establishment from which ready-to-eat food and beverages are sold.

*Purpose:* Food is considered to be a basic necessity of life. Additionally, this provision reduces the regressive nature of the tax and eases the tax burden on families who spend a disproportionate share of income on these products.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 954.7	\$ 994.8	\$1,017.7	\$1,040.1	\$1,064.0	\$1,088.5	\$1,114.6

*Beneficiaries:* Virtually all 4.8 million households benefit from this tax expenditure.

# General Fund Tax Expenditures

## CANDY AND GUM

**Description:** The purchase at retail or use of candy and gum, regardless of where sold, is exempt from taxation.

**Purpose:** Candy and gum are considered to be food. Exempting candy and gum regardless of where sold provides for uniformity in the taxation of these items.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 41.2	\$ 42.9	\$ 43.9	\$ 44.9	\$ 45.9	\$ 47.0	\$ 48.1

## PERSONAL HYGIENE PRODUCTS

**Description:** The purchase at retail or use of disposable diapers, incontinence products, toilet paper, feminine hygiene products, toothpaste, toothbrushes, or dental floss are exempt from taxation.

**Purpose:** These products are considered essential for maintaining a basic standard of life.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 42.0	\$ 44.1	\$ 47.5	\$ 50.9	\$ 54.4	\$ 58.6	\$ 63.1

**Beneficiaries:** Virtually all 4.8 million households benefit from this tax expenditure.

## NEWSPAPERS

**Description:** The purchase or use of newspapers or publications containing information of general interest and reports of current events that qualify as a "newspaper of general circulation qualified to carry a legal advertisement," not including magazines, is exempt from taxation.

**Purpose:** The purpose of this tax exemption is to encourage citizens to be well informed.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 27.3	\$ 27.6	\$ 27.9	\$ 28.2	\$ 28.4	\$ 28.7	\$ 29.0

**Beneficiaries:** NA

# General Fund Tax Expenditures

## MAGAZINES

**Description:** The purchase at retail or use of subscriptions for magazines is exempt from taxation. A "magazine" is a periodical published at regular intervals not exceeding three months and circulated among the general public. The exclusion includes any printed advertising material circulated with the periodical. This tax expenditure became effective July 1, 1994, under Act 48 of 1994.

**Purpose:** The purpose of this tax exemption is to encourage citizens to be well informed.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 24.6	\$ 26.3	\$ 28.0	\$ 29.9	\$ 31.8	\$ 33.9	\$ 36.2

**Beneficiaries:** Approximately 3.2 million households benefit from this tax expenditure.

## CLOTHING AND FOOTWEAR

**Description:** The purchase at retail or use of wearing apparel, footwear and other articles of clothing worn on the human body is exempt from taxation. Additionally, the purchase at retail or use of clothing patterns and other items that are to be a component part of clothing is exempt from tax. Accessories, ornamental wear, formal day or evening apparel, furs and sporting goods are taxable.

**Purpose:** Clothing and footwear are considered essential for maintaining a basic standard of life. This provision reduces the regressive nature of the tax and eases the tax burden on families who spend a disproportionate share of income purchasing these products.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 895.3	\$ 928.0	\$ 961.1	\$ 997.2	\$1,030.4	\$1,064.6	\$1,100.0

**Beneficiaries:** Virtually all 4.8 million households benefit from this tax expenditure.

## AMUSEMENT DEVICES

**Description:** Expenditures to play amusement devices are not rentals and therefore not taxable. Examples of such devices are flipper games, video games, pool tables, soccer tables, arcade games and kiddy rides.

**Purpose:** These expenditures are considered to be payments for nontaxable services.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 18.3	\$ 18.0	\$ 17.8	\$ 17.5	\$ 17.3	\$ 17.0	\$ 16.8

**Beneficiaries:** Approximately 1.8 million persons may benefit from this tax expenditure.

# General Fund Tax Expenditures

## PRESCRIPTION DRUGS AND ORTHOPEDIC EQUIPMENT

**Description:** The purchase at retail or use of prescription drugs and orthopedic equipment is exempt from taxation. Such equipment includes crutches, wheelchairs, false teeth and dental materials, eyeglasses, artificial limbs and eyes, hearing devices, braces and supports. Also included are devices to alleviate a physical incapacity such as a hospital bed or dialysis machine.

**Purpose:** Prescription drugs and orthopedic equipment are considered essential for maintaining a basic standard of life. This provision reduces the regressive nature of the tax and eases the tax burden on families who must spend a disproportionate share of income on these products.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 324.8	\$ 349.5	\$ 376.0	\$ 402.8	\$ 434.1	\$ 461.3	\$ 489.7

**Beneficiaries:** NA

## NON-PRESCRIPTION DRUGS

**Description:** The purchase at retail or use of non-prescription drugs such as antiseptics, aspirin, milk of magnesia, castor oil, cold capsules, eyewashes and vitamins is exempt from taxation.

**Purpose:** Non-prescription drugs are considered essential for maintaining a basic standard of life. This provision reduces the regressive nature of the tax and eases the tax burden on families who spend a disproportionate share of income on these products.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 68.5	\$ 70.1	\$ 71.8	\$ 73.6	\$ 75.4	\$ 77.2	\$ 79.1

**Beneficiaries:** Virtually all 4.8 million households benefit from this tax expenditure.

## LIQUOR OR MALT BEVERAGE PURCHASED FROM RETAIL DISPENSER

**Description:** Alcoholic beverages purchased in a drinking place or bar are exempt from taxation. Purchases from a state liquor store or a beer distributor are taxed, despite the wholesale nature of a portion of these sales. The estimates represent the difference in the tax that would be collected at the retail level and the tax presently collected on the bulk sale.

**Purpose:** Taxing container sales rather than per drink sales reduces overall administrative and reporting burdens for vendors and audit efforts by the Department of Revenue.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 88.1	\$ 91.6	\$ 95.3	\$ 99.1	\$ 103.1	\$ 107.3	\$ 111.6

**Beneficiaries:** Approximately 4.4 million people benefit from this tax expenditure.

# General Fund Tax Expenditures

## CHARGES FOR RETURNABLE CONTAINERS

**Description:** Separately stated deposit charges for returnable containers are excluded from the purchase price and are exempt from taxation.

**Purpose:** Deposit charges usually represent a security in the event a container is not returned. For this reason, a true exchange of property is not considered to have occurred.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 10.2	\$ 10.7	\$ 11.2	\$ 11.8	\$ 12.4	\$ 13.1	\$ 13.9

**Beneficiaries:** Approximately 188,000 business establishments and an unknown number of households may benefit from this tax expenditure.

## WRAPPING AND PACKING SUPPLIES

**Description:** The purchase or use of wrapping paper, twine, bags, cartons, tape, rope, labels, nonreturnable containers and all other wrapping supplies which are incidental to the delivery of personal property is exempt from taxation. This exclusion applies to retailers only. A separately stated charge for wrapping or packaging is taxable.

**Purpose:** Exemption of these items prevents double taxation since the cost of wrapping supplies, as a final input of the product, is included in the price charged by the retailer.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	NA	NA	NA	NA	NA	NA	NA

**Beneficiaries:** Approximately 82,300 retail and wholesale establishments benefit from this tax expenditure.

## CASKETS AND BURIAL VAULTS

**Description:** The purchase or use of caskets, burial vaults, markers, cremation urns and tombstones for human graves, including foundations, is exempt from taxation.

**Purpose:** These items are considered to be the final basic necessity of life. Additionally, this exemption reduces the regressive nature of the tax and eases the burden on low-income families.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 24.7	\$ 25.9	\$ 27.8	\$ 29.5	\$ 31.5	\$ 33.7	\$ 35.5

**Beneficiaries:** As many as 130,100 households benefit from this tax expenditure annually.

# General Fund Tax Expenditures

## FLAGS

**Description:** The purchase or use of Pennsylvania and United States flags is exempt from taxation.

**Purpose:** The exemption of flags may be based on the perception that governmental support of national and state symbols is a worthy public policy objective.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 1.6	\$ 1.7	\$ 1.8	\$ 2.0	\$ 2.1	\$ 2.3	\$ 2.4

**Beneficiaries:** Approximately 2.4 million households and numerous businesses and organizations benefit from this tax expenditure.

## TEXTBOOKS

**Description:** The purchase or use of textbooks for use in schools, colleges and universities is exempt from taxation. The purchase must be on behalf of or through schools recognized by the Department of Education as institutions of learning.

**Purpose:** The education of the Commonwealth's citizens is a major policy objective of state government. This exemption helps to reduce the overall cost of obtaining an education.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 24.8	\$ 26.0	\$ 27.3	\$ 28.6	\$ 30.0	\$ 31.5	\$ 33.0

**Beneficiaries:** As many as 591,100 college students may benefit from this tax expenditure.

## CATALOGS AND DIRECT MAIL ADVERTISING

**Description:** The purchase or use of a mail order catalog or direct mail advertising literature and materials is exempt from taxation. Effective July 1, 1998, this exemption was extended to the purchase or use of electoral literature or material and certain mailing lists.

**Purpose:** The purchase of these items may be perceived as incidental to the advertising service being provided.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 58.4	\$ 62.2	\$ 66.2	\$ 70.2	\$ 74.5	\$ 79.0	\$ 83.8

**Beneficiaries:** NA

# General Fund Tax Expenditures

## FOOD STAMP PURCHASES

*Description:* The purchase at retail or use of tangible personal property in accordance with the federal Food Stamp Act of 1977 is exempt from taxation. Primarily, exempt items are soft drinks, certain drink mixes, vegetable and fruit seeds and plants, and certain prepared cold foods.

*Purpose:* This provision is mandated by federal law for continued state participation in the federally funded food stamp program.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 2.7	\$ 2.7	\$ 2.7	\$ 2.6	\$ 2.6	\$ 2.6	\$ 2.6

*Beneficiaries:* Approximately 362,800 households benefit from this tax expenditure.

## GRATUITIES

*Description:* Any amount paid, in excess of charges and tax, for service relating to the purchase of food or beverages or hotel or motel accommodations is an exempt gratuity.

*Purpose:* Gratuities or tips are not included in the cost of the meal or accommodation acquired by the purchaser but are considered costs of the accompanying non-taxable services.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 58.6	\$ 59.1	\$ 60.0	\$ 60.2	\$ 60.8	\$ 61.4	\$ 62.1

*Beneficiaries:* Approximately 4.6 million households and an unknown number of businesses benefit from this tax expenditure.

# General Fund Tax Expenditures

## FUELS AND UTILITIES

### COAL

---

*Description:* The purchase or use of coal is exempt from taxation.

*Purpose:* This exemption provides special tax treatment of coal versus alternative energy forms. Other major energy sources are exempt only when used directly by the purchaser for residential use. Encouragement of coal consumption may have been perceived as providing or preserving employment when mining was a major employer within the Commonwealth.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 114.0	\$ 111.7	\$ 109.4	\$ 107.2	\$ 105.0	\$ 102.9	\$ 100.8

*Beneficiaries:* Approximately 106,900 households and 8,400 businesses benefit from this tax expenditure.

### FIREWOOD

---

*Description:* The purchase or use of firewood cut into lengths for burning or wood pellets is exempt from taxation when used as fuel for cooking, or for heating water, or residential dwellings.

*Purpose:* Alternative energy sources such as heating oil, natural gas, coal and electricity are exempt when used for residential purposes. The extension of this exemption to firewood provides consistency among all major energy sources.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 1.0	\$ 1.1	\$ 1.2	\$ 1.2	\$ 1.3	\$ 1.4	\$ 1.6

*Beneficiaries:* Approximately 678,000 households that use firewood or wood pellets as their primary heat source benefit from this tax expenditure. Also, there are over 1.6 million households with usable fireplaces that may benefit from this tax expenditure.

# General Fund Tax Expenditures

## RESIDENTIAL UTILITIES

**Description:** As defined by law, "tangible personal property" specifies taxable items. Specifically omitted from this definition are electricity, steam, natural, manufactured and bottled gas and fuel oil, basic local telecommunications service when purchased directly by the user solely for his residential use and charges for coin-operated telephone calls. Court decisions have expanded the electricity exemption to include purchases for residential use through an agent, where there is no commercial interest.

**Purpose:** Residential utilities are considered essential for maintaining a basic standard of life. Additionally, this provision reduces the regressive nature of the tax and reduces the tax burden on families who spend a disproportionate share of income on these services.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<b>Electric:</b>						
	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 266.9	\$ 271.0	\$ 275.2	\$ 279.4	\$ 282.7	\$ 286.1	\$ 289.6
	<b>Fuel Oil/Gas:</b>						
	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 201.8	\$ 191.1	\$ 180.6	\$ 170.1	\$ 170.5	\$ 172.2	\$ 174.1
	<b>Telephone:</b>						
	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 90.1	\$ 92.2	\$ 94.4	\$ 97.1	\$ 99.8	\$ 102.7	\$ 105.8

**Beneficiaries:** Approximately 4.6 million households (electricity), 3.8 million households (fuel oil/gas) and 4.6 million households (telephone) benefit from this tax expenditure.

## WATER

**Description:** The purchase at retail or use of water or ice is exempt from taxation.

**Purpose:** Water is a basic necessity of life. Additionally, this provision reduces the regressive nature of the tax and reduces the tax burden on families who spend a disproportionate share of income on this product.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 167.6	\$ 179.1	\$ 192.5	\$ 206.4	\$ 221.3	\$ 237.5	\$ 255.3

**Beneficiaries:** Approximately 3.6 million households and about 274,300 businesses benefit from this tax expenditure.

# General Fund Tax Expenditures

## GASOLINE AND MOTOR FUELS

*Description:* The purchase or use of gasoline and other motor fuels, taxed under the Liquid Fuels and Fuels Tax Act, is exempt from the sales and use tax.

*Purpose:* Because these items are already subject to fuels taxes, the legislature has provided for their exemption from the sales and use tax.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 515.2	\$ 530.3	\$ 557.3	\$ 566.2	\$ 575.3	\$ 584.5	\$ 593.8

*Beneficiaries:* Approximately 4.4 million households and owners of more than 1.5 million heavy trucks, buses, etc., benefit from this tax expenditure.

## MOTOR VEHICLES / VESSELS

### COMMON CARRIERS

*Description:* Vehicles purchased by a public utility, engaged in business as a common carrier, to be used in rendering utility services are exempt from taxation. Since the enactment of the Federal Aviation Act, effective January 1, 1995, Pennsylvania has recognized contract carriers as common carriers. Household goods carriers and private carriers remain taxable.

*Purpose:* Without this exemption, the tax would be built into the rate base of public utility services and, ultimately, passed on to consumers. Therefore, this exemption reduces the overall cost of utility services that are considered to be basic necessities.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 292.4	\$ 300.9	\$ 309.6	\$ 318.6	\$ 327.8	\$ 337.3	\$ 347.1

*Beneficiaries:* Approximately 6,100 common carriers could benefit from this tax expenditure.

### COMMERCIAL VESSELS (Construction)

*Description:* The purchase or use of commercial vessels of fifty tons or larger is exempt from taxation if delivery is taken in Pennsylvania.

*Purpose:* This exclusion places Pennsylvania shipbuilders at a competitively neutral position relative to shipbuilders in those states allowing this exemption.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 3.5	\$ 3.6	\$ 3.7	\$ 3.8	\$ 3.9	\$ 4.0	\$ 4.1

*Beneficiaries:* NA

# General Fund Tax Expenditures

## COMMERCIAL VESSELS (Repair)

**Description:** Property or services purchased or used in building, rebuilding, repairing and making additions to or replacements in commercial vessels of fifty tons or more are exempt from taxation.

**Purpose:** Imposition of the tax at the point of sale would place Pennsylvania ship repair facilities at a competitive disadvantage relative to those states allowing this exemption.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 1.3	\$ 1.3	\$ 1.3	\$ 1.3	\$ 1.3	\$ 1.3	\$ 1.3

**Beneficiaries:** As many as 10 establishments may benefit from this tax expenditure.

## COMMERCIAL VESSELS (Equipment, Maintenance)

**Description:** The purchase or use of fuel, supplies, equipment, ships or sea stores and cleaning or maintenance supplies is exempt from taxation. This exemption applies to vessels of fifty tons or more designed for commercial use.

**Purpose:** Imposition of the tax at the point of sale would place Pennsylvania vendors at a competitive disadvantage relative to those vendors operating in other states that allow this exemption.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	NA	NA	NA	NA	NA	NA	NA

**Beneficiaries:** NA

## MOTOR VEHICLES (Out-of-State Purchasers)

**Description:** The purchase or use of a motor vehicle by a non-resident, to be used outside Pennsylvania, which is registered in another state within twenty days of delivery is exempt from taxation. Delivery must be taken outside of Pennsylvania.

**Purpose:** The exemption protects the participation of Pennsylvania car dealers in the out-of-state market while preventing potential abuses of such an exemption by Pennsylvania residents.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	NA	NA	NA	NA	NA	NA	NA

**Beneficiaries:** NA

# General Fund Tax Expenditures

## SCHOOL BUSES

*Description:* The purchase at retail or use of school buses is exempt from taxation. These buses must be used exclusively for the transportation of children for school purposes. The provision is extended to persons who have contracts with school districts to transport children.

*Purpose:* The costs of transporting school children are directly borne by school districts and indirectly by state government through subsidy programs. This exemption, while limiting state sales and use tax revenues, also decreases state educational subsidy costs.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 14.7	\$ 15.3	\$ 15.9	\$ 16.5	\$ 17.2	\$ 17.9	\$ 18.7

*Beneficiaries:* Approximately 900 private contractors and 5,700 schools benefit from this tax expenditure.

# General Fund Tax Expenditures

## PRODUCTION EXPENDITURES

### MANUFACTURING EXEMPTION (Manufacture and Processing)

**Description:** By law, "sale at retail" does not include, and therefore exempts, rendering services or the purchase or use of machinery, equipment and parts and supplies including utilities used directly or consumed in the manufacture and processing of personal property or remanufacture of certain motor vehicle parts. This exemption does not apply to motor vehicles, maintenance facilities, managerial or other nonoperational activities or materials, supplies, or equipment used relative to real estate or obtaining disinfecting or pest control services or building maintenance and cleaning services.

**Purpose:** Exemption of manufacturing equipment and supplies prevents the multiple taxation that could occur in the production of a finished good for consumption. Were these items not exempt, this additional cost would be passed through to the ultimate consumer.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 819.4	\$ 844.4	\$ 883.7	\$ 959.2	\$1,034.2	\$1,050.5	\$1,064.2

**Beneficiaries:** Approximately 16,000 manufacturers and an unknown number of processors and remanufacturers benefit from this tax expenditure.

### MANUFACTURING EXEMPTION (Agriculture)

**Description:** By law, "sale at retail" does not include, and therefore exempts, rendering services or the purchase or use of machinery, equipment and parts and supplies including utilities used directly or consumed in farming, dairying, horticulture, floriculture, or aquaculture. Under Act 45 of 1998, farming includes the propagation and raising of horses to be used exclusively for commercial racing activities. This exemption does not apply to motor vehicles, maintenance facilities, managerial or other nonoperational activities or materials, supplies, or equipment used relative to real estate or obtaining disinfecting or pest control services or building maintenance and cleaning services.

**Purpose:** Exemption of agricultural equipment and supplies prevents the multiple taxation that could occur in the production of an agricultural commodity for sale and consumption. Were these items not exempt, this additional cost would be passed through to the ultimate consumer.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 188.7	\$ 197.3	\$ 206.3	\$ 215.7	\$ 225.5	\$ 235.8	\$ 246.7

**Beneficiaries:** Approximately 59,000 farm operators benefit from this tax expenditure.

# General Fund Tax Expenditures

## MANUFACTURING EXEMPTION (Public Utility)

*Description:* By law, "sale at retail" does not include, and therefore exempts, rendering services or the purchase or use of machinery, equipment and parts and supplies used directly or consumed in producing, delivering or rendering a public utility service. This exemption does not apply to motor vehicles (except those used as common carriers), maintenance facilities, managerial or other nonoperational activities or materials, supplies, or equipment used relative to real estate or obtaining disinfecting or pest control services or building maintenance and cleaning services.

*Purpose:* Exemption of equipment and supplies used in producing and delivering a public utility service prevents the multiple taxation that could occur in providing the service. Were these items not exempt, this additional cost would be passed through to the ultimate consumer.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	NA	NA	NA	NA	NA	NA	NA

*Beneficiaries:* Approximately 7,000 public utilities could benefit from this tax expenditure.

## MANUFACTURING EXEMPTION (Foundations for Machinery and Equipment)

*Description:* Foundations for machinery and equipment used directly in manufacturing, farming, dairying, agriculture, horticulture, floriculture, aquaculture, processing or producing and delivering or rendering a public utility service are exempt from taxation. Included for a public utility, are sand, gravel, crushed rock, concrete, or similar material used as bedding or surrounding pipe used directly to render sewer or water service.

*Purpose:* Exemption of foundations for manufacturing equipment prevents the multiple taxation that could occur in the production of a finished good for consumption. Were these items not exempt, this additional cost would be passed through to the ultimate consumer.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 1.1	\$ 1.2	\$ 1.3	\$ 1.4	\$ 1.5	\$ 1.5	\$ 1.6

*Beneficiaries:* Approximately 82,800 entities benefit from this tax expenditure.

# General Fund Tax Expenditures

## CONTRACT FARMING

**Description:** The purchase or use of tangible personal property or services that are directly used in farming, dairying, or agriculture for the production of food are exempt from tax, even if the purchaser is not the entity directly involved in the agricultural activity. This exemption applies to machinery, equipment, parts, supplies, and utilities used in the production of food.

**Purpose:** Exemption of agricultural equipment and supplies prevents the multiple taxation that could occur in the production of an agricultural food commodity for sale and consumption. Were these items not exempt, this additional cost would be passed through to the ultimate consumer.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 31.4	\$ 33.0	\$ 34.6	\$ 36.3	\$ 38.1	\$ 40.0	\$ 41.9

**Beneficiaries:** An unknown number of businesses engaged in contract farming benefit from this tax expenditure.

## COMMERCIAL MOTION PICTURES

**Description:** Tangible personal property used directly in the production of a feature-length commercial motion picture distributed to a national audience is exempt from taxation. This exemption does not apply to nonoperational activities or materials.

**Purpose:** Exemption of property used directly in producing a commercial motion picture provides an incentive for businesses to operate in Pennsylvania.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 1.0	\$ 1.1	\$ 1.2	\$ 1.3	\$ 1.4	\$ 1.5	\$ 1.6

**Beneficiaries:** Approximately 10 film companies annually benefit from this tax expenditure.

## OTHER

### AIRLINE CATERING

**Description:** Airline purchases of catered food and non-alcoholic beverages served to passengers in connection with the airline service is exempt from tax.

**Purpose:** This tax exemption lowers the cost of catered food and non-alcoholic beverages purchased by airlines, which may also reduce the cost of airline travel for consumers.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 3.7	\$ 3.8	\$ 3.8	\$ 3.9	\$ 3.9	\$ 3.9	\$ 4.0

**Beneficiaries:** Approximately 25 airlines may benefit from this expenditure.

# General Fund Tax Expenditures

## COIN-OPERATED FOOD AND BEVERAGE VENDING MACHINES

*Description:* The tax on food and beverages dispensed from coin-operated vending machines is derived from total receipts collected from the machines rather than from the price of individual items sold.

*Purpose:* This provision eases reporting and administrative burdens on the vendor and reduces audit efforts required by the Department of Revenue.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 1.9	\$ 2.0	\$ 2.0	\$ 2.1	\$ 2.1	\$ 2.2	\$ 2.3

*Beneficiaries:* As many as 695 vending machine operators may benefit from this tax expenditure.

## HOTEL-PERMANENT RESIDENT

*Description:* An exemption is provided, under the hotel occupancy tax, for a person occupying or having the right to occupy a room in a hotel, inn, tourist home, lodging house, rooming house, summer camp, apartment hotel, resort lodging, or cabin for 30 consecutive days or more. This exemption does not extend to prepared meals or other taxable items.

*Purpose:* Residency of this length is felt to approximate permanent dwelling rental, which is non-taxable as a basic necessity of life.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 0.5	\$ 0.5	\$ 0.5	\$ 0.5	\$ 0.5	\$ 0.5	\$ 0.5

*Beneficiaries:* Approximately 2,700 persons benefit from this tax expenditure.

# General Fund Tax Expenditures

## COMMISSION

**Description:** A licensed vendor is permitted a 1% discount as a credit against the gross amount of tax collected provided that a tax return, with full payment due the department, is postmarked on or before the due date. Nearly all tax returns are due 20 days after the end of a collection period.

**Purpose:** This provision is intended to defray the vendor's cost of collecting and remitting the sales and use tax.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 58.2	\$ 59.0	\$ 61.3	\$ 63.4	\$ 65.7	\$ 67.9	\$ 69.8

**Beneficiaries:** Approximately 214,000 vendors benefit from this tax expenditure.

## OUT-OF-STATE CREDIT

**Description:** A credit is allowed for the purchase of personal property or taxable services for use outside Pennsylvania equal to the sales tax paid in the applicable state. The state must grant substantially similar tax relief as provided by Pennsylvania.

**Purpose:** Allowing a credit for tax paid in another state prevents double taxation.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	NA	NA	NA	NA	NA	NA	NA

**Beneficiaries:** NA

## TRADE-IN VALUE

**Description:** A deduction is allowed against the gross purchase price for the value of personal property actually taken in trade or exchange. The trade-in property does not have to be of like kind to the purchased property. The reduction in purchase price is considered to be the value of the trade-in.

**Purpose:** Usually, tangible personal property taken as a trade-in is resold. Therefore, it is treated as a sale for resale.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 287.5	\$ 291.7	\$ 301.6	\$ 310.4	\$ 323.4	\$ 333.2	\$ 345.2

**Beneficiaries:** Approximately 90 purchasers of aircraft, 11,900 purchasers of computers, 11,900 purchasers of boats and 699,000 purchasers of cars and trucks annually benefit from this tax expenditure.

# General Fund Tax Expenditures

## ISOLATED SALES

**Description:** Infrequent personal property sales of a non-recurring nature by persons not in the business of selling such items are exempt from taxation. By regulation, exempt entity sales can occur no more than three times nor more than a total of seven days in a year. These sales may include the sale of a lawn mower to a neighbor, liquidation of an estate, sale of a used typewriter by an insurance company, or yard sale items. Motor vehicles and property that must be registered or licensed are not granted this exemption.

**Purpose:** The exclusion of isolated sales from taxation greatly reduces compliance and administration burdens for the seller and the Commonwealth.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 80.5	\$ 82.4	\$ 85.0	\$ 87.8	\$ 91.1	\$ 94.1	\$ 96.9

**Beneficiaries:** NA

## TEMPORARY USAGE

**Description:** Property purchased outside Pennsylvania by a nonresident and temporarily used in Pennsylvania for seven days or less or any length of time by a tourist or vacationer is exempt from taxation. If the property is consumed in the state it becomes taxable.

**Purpose:** Providing an exemption for temporary usage of taxable property in Pennsylvania does not discourage entry into the state by vacationers, tourists, or others who attend or are involved in specific short term events or activities.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	NA	NA	NA	NA	NA	NA	NA

**Beneficiaries:** NA

## HORSES

**Description:** The sale of a horse is exempt from taxation if the seller is directed to deliver the horse to an out-of-state location. A horse may be temporarily delivered to a resident or agent prior to being delivered out-of-state.

**Purpose:** This exemption provides preferential treatment of horses relative to other tangible personal property by permitting temporary location in Pennsylvania before being delivered out-of-state.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 3.0	\$ 3.2	\$ 3.2	\$ 3.2	\$ 3.2	\$ 3.2	\$ 3.2

**Beneficiaries:** Approximately 1,900 Standardbred horse purchasers and an unknown number of purchasers of other types of horses benefit from this tax expenditure.

# General Fund Tax Expenditures

## YOUTH SPORTS PROGRAMS

**Description:** The purchase of food and beverages from nonprofit associations which support sports programs for participants aged 18 or younger or for persons with a physical or mental handicap regardless of age is exempt from taxation.

**Purpose:** The exemption of these items encourages such organizations to support programs that provide activities beneficial to young people and the handicapped.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	NA	NA	NA	NA	NA	NA	NA

**Beneficiaries:** NA

## EXEMPT ORGANIZATIONS

**Description:** The sale of personal property or services to or for use by any institution of purely public charity as defined by Act 55 of 1997 is exempt from taxation. Act 45 of 1998 extended this exemption to include the purchase or use of certain machinery and equipment used in a construction contract with an exempt entity. The purchase or use may be made by a construction contractor or the exempt entity. Transactions unrelated to the trade or business of such organizations are taxable as are certain materials and supplies purchased for use in connection with real estate.

**Purpose:** These organizations provide public and charitable services that are perceived to benefit the general public. This exemption permits these services to be rendered at reduced cost.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<b>Charitable Organizations:</b>						
	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 232.6	\$ 236.5	\$ 239.7	\$ 244.8	\$ 248.9	\$ 254.7	\$ 260.1

	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 46.9	\$ 47.7	\$ 48.4	\$ 49.4	\$ 50.2	\$ 51.4	\$ 52.5

**Beneficiaries:** Approximately 33,200 organizations currently benefit from this tax expenditure.

# General Fund Tax Expenditures

## EXEMPT GOVERNMENTAL UNITS

**Description:** The sale of tangible personal property or services to or for use by the federal government, the Commonwealth, or its instrumentalities, or political subdivisions is exempt from taxation. Act 45 of 1998 extended this exemption to include the purchase or use of certain machinery or equipment used in a construction contract with a governmental unit. The purchase or use may be by a contractor or governmental unit. Based on the criteria adopted to define tax expenditures, federal transactions are not included in this study. Commonwealth transactions are also excluded because revenues would offset expenditures with no net effect. The estimates, therefore, represent the tax on local government expenditures and construction contractors.

**Purpose:** This exemption is an indirect means of assistance to local governments and may reduce the taxes levied by these entities.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 297.8	\$ 304.6	\$ 314.4	\$ 329.5	\$ 343.1	\$ 356.3	\$ 369.1

**Beneficiaries:** Approximately 3,100 local governmental units benefit from this tax expenditure.

## VETERANS' ORGANIZATIONS

**Description:** Act 96 of 1998 provides that the sale of tangible personal property or services to or for use by veteran organizations for benevolent, charitable, or patriotic purposes is exempt from taxation. Certain machinery and equipment, purchased for or used in construction contracts with veteran organizations, is also exempt, whether purchased or used by a contractor or the veteran organization. Purchases of alcoholic beverages remain taxable.

**Purpose:** These organizations provide patriotic and charitable services. This exemption permits these services to be rendered at reduced cost.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 1.3	\$ 1.3	\$ 1.3	\$ 1.3	\$ 1.4	\$ 1.4	\$ 1.4

**Beneficiaries:** Approximately 1,500 organizations benefit from this tax expenditure.

## SUBSTITUTED TAX BASE

**Description:** The tax on tangible personal property purchased at least six months prior to the first taxable use in Pennsylvania may be based on the prevailing market price at the time of the taxable use. This substituted base would be in lieu of taxing the original purchase price.

**Purpose:** This alternative tax base permits taxpayers to pay tax relative to the current market value of such assets that most closely approximates current taxable value.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	NA	NA	NA	NA	NA	NA	NA

**Beneficiaries:** NA

# General Fund Tax Expenditures

## OUT-OF-STATE PURCHASES

**Description:** Tangible personal property purchased and used outside the state by a nonresident who later brings the property into Pennsylvania while establishing a permanent residence or business is exempt from taxation. This property must be purchased more than six months prior to the first taxable use in Pennsylvania.

**Purpose:** This provision eases administrative costs for the Commonwealth and compliance costs for the taxpayer and prevents a substantial tax liability from being imposed when a person moves to Pennsylvania.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	NA	NA	NA	NA	NA	NA	NA

**Beneficiaries:** NA

## RAIL TRANSPORTATION EQUIPMENT

**Description:** The purchase or use of rail transportation equipment by a business, other than a utility, in the movement of its own personal property is exempt from taxation.

**Purpose:** Exemption of rail equipment provides preferential treatment benefiting specific users of this transportation mode. Were these items not exempt, this additional cost may be passed through to the ultimate consumer.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	NA	NA	NA	NA	NA	NA	NA

**Beneficiaries:** NA

## FISH FEED

**Description:** The purchase or use of fish feed by sportsmen's clubs, fish cooperatives, or nurseries approved by the Pennsylvania Fish Commission is exempt from taxation.

**Purpose:** The exemption provides special treatment benefiting organizations that raise fish intended for human consumption.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	Nominal	Nominal	Nominal	Nominal	Nominal	Nominal	Nominal

**Beneficiaries:** The 176 cooperative nurseries and an unknown number of other entities benefit from this tax expenditure.

# General Fund Tax Expenditures

## TOURIST PROMOTION AGENCIES

**Description:** The purchase or use of supplies and materials by tourist promotion agencies for distribution to the public is exempt from taxation. To be permitted this exemption, an agency must receive grants from the state.

**Purpose:** Excluding supplies and materials used by tourist promotion agencies that receive state grants reduces the cost of performing promotional activities. The need for direct support to these agencies is decreased by providing this exemption.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 0.5	\$ 0.5	\$ 0.5	\$ 0.6	\$ 0.6	\$ 0.7	\$ 0.7

**Beneficiaries:** All 45 tourist promotion agencies benefit from this tax expenditure.

## TROUT

**Description:** The purchase or use of brook trout, brown trout or rainbow trout is exempt from taxation.

**Purpose:** Special treatment is conferred to those involved in the raising or sale of trout intended for human consumption.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	Nominal	Nominal	Nominal	Nominal	Nominal	Nominal	Nominal

**Beneficiaries:** Approximately 40 entities benefit from this tax expenditure.

## CONSTRUCTION OF MEMORIALS

**Description:** The purchase or use of materials used in the construction or erection of objects commemorating or memorializing historical events is exempt from taxation. These objects must be purchased by not-for-profit organizations and erected on publicly owned property.

**Purpose:** This exemption has been provided because these memorials are presumably erected for public benefit and gratification.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 0.1	\$ 0.1	\$ 0.1	\$ 0.1	\$ 0.1	\$ 0.1	\$ 0.1

**Beneficiaries:** NA

# General Fund Tax Expenditures

## STORAGE

**Description:** Charges for storage, other than for self-storage, of tangible personal property are exempt from taxation.

**Purpose:** Commercial storage services may be considered an integral part of the production and distribution of tangible personal property.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 31.4	\$ 32.9	\$ 34.6	\$ 36.3	\$ 38.1	\$ 40.0	\$ 42.0

**Beneficiaries:** NA

## PUBLIC TRANSPORTATION (Local)

**Description:** Expenditures for public transportation fares are not taxable.

**Purpose:** State and local governments are the primary financial contributors to public transportation systems. Taxing these services would be contrary to the public policy of supporting public transportation.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 140.6	\$ 153.0	\$ 158.4	\$ 163.1	\$ 167.5	\$ 172.2	\$ 177.2

**Beneficiaries:** Approximately 5.3 million people benefit from this tax expenditure.

## STAIR LIFT DEVICES

**Description:** The purchase or use of property or services used in installing or repairing stair lift devices is exempt from taxation when the device is installed or used in the residence of a physically disabled person requiring the device to ascend or descend stairs. The physical disability must be certified by a physician.

**Purpose:** Stair lift devices could be considered essential for people with a physical disability that prevents them from ascending or descending stairs. This exemption reduces the regressive nature of the tax and eases the tax burden on people requiring the devices.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 0.5	\$ 0.5	\$ 0.6	\$ 0.6	\$ 0.6	\$ 0.6	\$ 0.6

**Beneficiaries:** Approximately 1,018,000 disabled persons could benefit from this tax expenditure.

# General Fund Tax Expenditures

## BAD DEBTS

*Description:* Sales tax vendors may apply for a refund equal to one hundred percent of bad debts associated with sales tax paid to the state for sales written off by the vendor and deducted for federal income tax purposes because the vendor did not receive full payment from the purchaser. No refund is granted for interest, finance charges, or expenses incurred in attempting to collect receivables. The fiscal year 2002-03 cost of this expenditure reflects actual refund amounts approved by the Department.

*Purpose:* The bad debt refund provision lessens the economic impact experienced by vendors when they extend credit to customers for taxable purchases and subsequently incur uncollectible accounts receivable (bad debts).

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 3.7	\$ 3.8	\$ 3.9	\$ 4.0	\$ 4.2	\$ 4.3	\$ 4.5

*Beneficiaries:* Any of the 250,000 licensed vendors could benefit from this tax expenditure, if they extend credit or accept checks for payment.

## UNIFORM COMMERCIAL CODE FILING FEES

*Description:* Separately stated Uniform Commercial Code (UCC) filing fees, copy requests, and certification fees paid to a state or local agency are exempt from tax.

*Purpose:* UCC filing legally identifies the lien holder for personal property collateral. These fees may be perceived as incidental to the purchase or use of the tangible personal property and as such, are exempt from tax.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 0.6	\$ 0.6	\$ 0.6	\$ 0.7	\$ 0.7	\$ 0.7	\$ 0.7

*Beneficiaries:* As many as 79,500 entities benefit from this tax expenditure annually.

# General Fund Tax Expenditures

## SERVICES

**Description:** Expenditures for services are not taxable under the sales and use tax except when specifically taxed by law.

**Purpose:** Because the primary basis for the sales and use tax is tangible personal property, the majority of services are not taxed unless they are related to taxable property. Legislation adopted in 1991 imposed the tax on charges for selected business services. Act 7 of 1997 removed computer services from the list of taxable services.

(Dollar Amounts in Millions)

<sup>(1)</sup> These services are specifically exempt by statute.

**Beneficiaries:** Virtually all 4.8 million households benefit from one or more of these service tax expenditures.

# General Fund Tax Expenditures

## CIGARETTE TAX

*Authorization:* Article XII of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

The cigarette tax is an excise tax, based on a rate of 5.0 cents per cigarette, levied on the sale or possession of cigarettes in Pennsylvania. Prior to July 15, 2002 the tax rate was 1.55 cents per cigarette. Only one sale of cigarettes, whether individual cigarettes, packages, cartons, or cases, is taxable. Beginning in fiscal year 2002-03, fixed annual amounts of \$30.73 million and \$20.485 million of Cigarette Tax receipts are transferred to the Children's Health Insurance Program (CHIP) and the Agricultural Conservation Easement Purchase (ACEP) Fund, respectively. Transfers of Cigarette Tax receipts to CHIP began in fiscal year 1992-93 at the rate of two thirty-firsts of receipts. After January 1, 1997, the transfer amount was increased to three thirty-firsts of receipts. Transfers of Cigarette Tax receipts to the ACEP fund began in fiscal year 1993-94 at the rate of two thirty-firsts of receipts. The analyses below reflect only the General Fund portion of the tax expenditures.

*Administrative Costs:* Costs to administer the cigarette tax expenditures are nominal.

### STATE VETERANS HOMES

*Description:* Sales to retail dealers located in state veterans homes for resale to residents in such homes are exempt. Federal veterans hospitals are exempt under federal law.

*Purpose:* It is perceived to be good public policy to reduce taxes for veterans who have served their country and are now residing in a veteran's home or hospital.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 0.1	\$ 0.1	\$ 0.1	\$ 0.1	\$ 0.1	\$ 0.1	\$ 0.1

*Beneficiaries:* Residents in four state veterans homes benefit from this tax expenditure.

### UNSTAMPED CIGARETTES (200 AND UNDER)

*Description:* Vacationers or tourists crossing state lines with one carton or less of unstamped cigarettes are not required to pay tax on those cigarettes. The carton (200 cigarettes) cannot be resold and must be for personal use only.

*Purpose:* Persons crossing state lines with one carton or less of cigarettes are presumed to possess such cigarettes for personal use rather than intentionally avoiding payment of the cigarette tax. This expenditure helps to relieve administration and enforcement burdens as well as promote tourism.

*Beneficiaries:* NA

# General Fund Tax Expenditures

## COMMISSIONS ON SALES OF STAMPS

**Description:** Cigarette stamping agents are permitted a commission of 1.25 percent of the value of all cigarette tax stamps purchased from the Department of Revenue or its authorized agents to be affixed to cigarettes for sale within the Commonwealth. Prior to July 15, 2002, the commission was equal to 3 percent. The commission does not apply to purchases of stamps by a cigarette-stamping agent in amounts of less than one hundred dollars (\$100).

**Purpose:** This commission is paid to the cigarette-stamping agent as compensation for services and expenses incurred while acting as an agent of the Commonwealth in affixing tax stamps.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 11.4	\$ 11.2	\$ 11.1	\$ 10.9	\$ 10.7	\$ 10.5	\$ 10.3

**Beneficiaries:** Approximately 130 cigarette stamping agents may benefit from this tax expenditure.

## MALT BEVERAGE TAX

**Authorization:** Article XX of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

The malt beverage tax is levied on malt and brewed beverages manufactured, sold and used in Pennsylvania, or manufactured outside of Pennsylvania but sold for importation and use in Pennsylvania. The tax is borne by the consumer, but manufacturers, distributors and importers remit the tax to the Commonwealth.

**Administrative Costs:** Costs to administer the malt beverage tax expenditures are nominal.

## EMERGENCY TAX CREDIT

**Description:** The emergency tax credit provides manufacturers of malt or brewed beverages, whose annual production of malt or brewed beverages does not exceed 300,000 barrels, a maximum annual credit of \$200,000 for capital improvement expenditures. This tax credit cannot exceed the amount of qualifying capital expenditures made during the emergency tax credit period (items of plant, equipment and machinery intended for use in the manufacture and sale of malt or brewed beverages within the Commonwealth). Under current law, the effective tax credit period expires after December 31, 2003. This tax credit may only be used during the emergency tax credit period.

**Purpose:** This credit grants a limited tax subsidy for capital improvements made by small brewers. This provision could help lower the risk of business failure and subsequent loss of employment opportunities.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 0.3	\$ 0.3	NA	NA	NA	NA	NA

**Beneficiaries:** Approximately 20 manufacturers of malt or brewed beverages may benefit from this tax expenditure.

# General Fund Tax Expenditures

## LIQUOR TAX

Enabling legislation is the Liquor Code, Act of June 29, 1987 (P.L. 32, No. 14) and the Emergency Liquor Sales Tax Act, Act of June 9, 1936 (Special Session, P.L. 13). The liquor tax is imposed on all liquor sold by the Pennsylvania Liquor Control Board. The tax is assessed, since 1968, at the rate of 18 percent of the net price paid by the consumer.

The liquor tax contains no tax expenditures as defined for this tax expenditure analysis.

## PERSONAL INCOME TAX

*Authorization:* Article III of the Tax Reform Code of 1971 (P.L. 6 No. 2), as amended.

The personal income tax is levied against the taxable income of resident and nonresident individuals, estates and trusts, partnerships, S corporations, business trusts and limited liability companies that are not taxed as corporations for federal purposes. Pennsylvania taxes eight classes of income: (1) compensation; (2) net profits from the operation of a business, profession, or farm; (3) net gains on income less net losses from dispositions of property; (4) net gains on income from rents, royalties, patents and copyrights; (5) dividends; (6) interest; (7) gambling and lottery winnings; and (8) net gains on income derived through estates or trusts.

*Administrative Costs:* Costs to administer various tax expenditures associated with the personal income tax cannot be separately identified. The existence of tax expenditures may result in taxpayer uncertainties, which creates an administrative burden on the department relative to additional compliance audits, letter rulings, pronouncements and bulletins.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 3.1	\$ 3.2	\$ 3.3	\$ 3.4	\$ 3.5	\$ 3.6	\$ 3.7

## EXCLUSIONS FROM INCOME

### RETIREMENT INCOME

---

*Description:* Payments commonly recognized as old age or retirement benefits paid to persons retired from service after reaching a specific age or after a stated period of service are exempt from taxation.

*Purpose:* The exemption limits the impact of the tax on retired persons. It also prevents taxation of previously taxed employee contributions to retirement plans.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$1,581.4	\$1,693.9	\$1,814.4	\$1,943.5	\$2,081.8	\$2,229.9	\$2,388.5

*Beneficiaries:* As many as 2.0 million retired residents and their survivors benefit from this tax expenditure.

# General Fund Tax Expenditures

## RETIREMENT CONTRIBUTIONS BY EMPLOYERS

*Description:* Payments made by employers for programs covering employee retirement and employer social security contributions are exempt from taxation.

*Purpose:* This provision lessens the burden of the tax on Pennsylvania wage earners and maintains fairness, since the employee often does not have the right to possess the funds in the retirement plan except upon retirement or separation from the company after a set number of years of service.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 513.3	\$ 528.4	\$ 550.8	\$ 575.9	\$ 602.1	\$ 629.1	\$ 656.7

*Beneficiaries:* As many as 5.7 million employees benefit from this tax expenditure.

## EMPLOYEE BENEFIT PROGRAM EMPLOYER CONTRIBUTIONS

*Description:* Payments made by employers or labor unions for programs covering hospitalization, sickness, disability, or death, supplemental unemployment benefits, group life insurance, and strike benefits are exempt from taxation. Effective January 1, 1998, this expenditure also includes personal use of employer provided property and services.

*Purpose:* This provision lessens the burden of the tax upon Pennsylvania wage earners, along with maintaining fairness, since these payments are not usually based on actual use by each wage earner.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 587.5	\$ 604.9	\$ 630.6	\$ 659.2	\$ 689.2	\$ 720.1	\$ 751.7

*Beneficiaries:* As many as 5.7 million employees benefit from this tax expenditure.

## CAFETERIA PLANS

*Description:* Payments made by employers, on behalf of employees, into a qualifying cafeteria plan are exempt from taxation if the program does not discriminate in favor of highly compensated individuals. This exemption parallels the limited exemption treatment of employee benefit programs covering hospitalization, sickness, disability, or death, supplemental unemployment benefits, or strike benefits. Effective January 1, 1998, this expenditure also includes payments made on behalf of employees for personal use of employer provided property and services.

*Purpose:* This provision lessens the burden of the tax upon Pennsylvania wage earners, along with maintaining fairness, since these payments are not usually based on actual use by each wage earner.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 51.9	\$ 53.4	\$ 55.7	\$ 58.2	\$ 60.9	\$ 63.6	\$ 66.4

*Beneficiaries:* NA

# General Fund Tax Expenditures

## LIFE INSURANCE PROCEEDS

*Description:* Amounts paid to beneficiaries or the estate of a decedent due to the death of the decedent are exempt from tax.

*Purpose:* Life insurance proceeds are not considered compensation for services rendered. Also, premiums are often paid with after-tax dollars.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 65.5	\$ 68.9	\$ 72.5	\$ 76.3	\$ 80.2	\$ 84.4	\$ 88.8

*Beneficiaries:* The death payment beneficiaries of approximately 190,100 life insurance policies benefit from this tax expenditure.

## SICKNESS OR DISABILITY PROCEEDS

*Description:* Payments, other than regular wages or salary, received for periods of sickness or disability are excluded from compensation.

*Purpose:* These payments are excluded because they do not take the place of an employee's regular wages or salary. However, sick pay in the form of regular wages or salary is taxable.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	NA	NA	NA	NA	NA	NA	NA

*Beneficiaries:* NA

## UNEMPLOYMENT AND SUPPLEMENTAL UNEMPLOYMENT COMPENSATION

*Description:* Amounts received as unemployment compensation or supplemental unemployment compensation are excluded from taxable income.

*Purpose:* This exemption assists unemployed persons in providing the basic necessities of life.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 105.4	\$ 91.6	\$ 74.9	\$ 74.4	\$ 76.6	\$ 78.9	\$ 81.3

*Beneficiaries:* Approximately 775,000 people benefit from this tax expenditure.

# General Fund Tax Expenditures

## WORKER'S COMPENSATION

*Description:* Disability, retirement, or other payments arising under workmen's compensation acts, occupational disease acts, and similar legislation are exempt from taxation.

*Purpose:* These benefits are not related to services rendered and are intended to provide income or subsistence during periods of disability when the taxpayer was injured on the job and also to pay workers' medical bills for injuries sustained on the job. These benefits more closely resemble insurance payments, which are not taxable.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 69.6	\$ 70.0	\$ 70.5	\$ 70.9	\$ 71.3	\$ 71.8	\$ 72.2

*Beneficiaries:* As many as 95,200 residents benefit from this tax expenditure.

## STRIKE BENEFITS

*Description:* Amounts designated as strike benefits are exempt from tax.

*Purpose:* These benefits are not considered compensation for services rendered and are thus excluded from tax.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	NA	NA	NA	NA	NA	NA	NA

*Beneficiaries:* NA

## PUBLIC ASSISTANCE

*Description:* Public assistance payments from governmental entities are excluded from taxable income.

*Purpose:* This provision limits the impact of the tax on the poor and increases the effectiveness of state payments under this program.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 12.7	\$ 13.0	\$ 13.2	\$ 13.3	\$ 13.4	\$ 13.5	\$ 13.5

*Beneficiaries:* Approximately 274,300 people benefit from this tax expenditure.

# General Fund Tax Expenditures

## SALE OF A PRINCIPAL RESIDENCE

**Description:** Beginning January 1, 1998, the gain from a sale of principal residence is excludable from income. Prior to January 1, 1998, this expenditure was a once in a lifetime exclusion of up to \$100,000 for those 55 and over.

**Purpose:** A principal residence is typically sold to meet the changing needs of the taxpayer and not in an effort to recognize a capital gain.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 85.6	\$ 86.5	\$ 87.9	\$ 89.9	\$ 92.1	\$ 94.3	\$ 96.6

**Beneficiaries:** The owners of approximately 178,500 principal residences that are sold each year in Pennsylvania benefit from this tax expenditure.

## COMPENSATION FOR MILITARY SERVICE

**Description:** Compensation for military service by a Pennsylvania resident in a combat zone is excludable from tax. Income received for military service outside the Commonwealth (whether or not it is in a combat zone) while on active duty as a member of the armed forces is excludable from compensation.

**Purpose:** This provision reduces tax on members of the armed forces while on active duty in service of the country.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 68.6	\$ 71.5	\$ 76.3	\$ 81.4	\$ 85.9	\$ 90.7	\$ 95.7

**Beneficiaries:** Approximately 61,200 residents benefit from this tax expenditure.

## SCHOLARSHIPS, GRANTS, FELLOWSHIPS, AND STIPENDS

**Description:** Scholarships, grants, fellowships, and stipends awarded on the basis of need or academic achievement for the purpose of encouraging or allowing the recipient to further his educational development are not taxable. Fellowships and stipends are taxable if they are awarded as compensation for past, present, or future services.

**Purpose:** Awards made on the basis of detached generosity are considered to be gifts and are not taxable as income.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 48.8	\$ 52.6	\$ 56.8	\$ 61.2	\$ 66.0	\$ 71.2	\$ 76.8

**Beneficiaries:** The recipients of approximately 150,000 state grants and scholarships, 154,000 federal grants and scholarships, and an unknown number of private scholarships, grants, fellowships, and stipends, benefit from this tax expenditure.

# General Fund Tax Expenditures

## REIMBURSEMENTS FOR ACTUAL EXPENSES

**Description:** Payments by an employer to an employee to reimburse actual expenses incurred by the employee in the conduct of the employer's business are excludable from compensation.

**Purpose:** This provision insures that employees incurring business expenses, for which they are later reimbursed in the actual amount of the expenses, are not taxed on the reimbursements. Such expenses and reimbursements are treated as if the employer had made the expenditure directly.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	NA	NA	NA	NA	NA	NA	NA

**Beneficiaries:** NA

## UNREIMBURSED EXPENSES

**Description:** Unreimbursed expenditures made by employees are excludable from compensation if they are: necessary to enable the taxpayer to properly perform the duties of employment, reasonable in amount, directly related to the taxpayer's occupation, and customary in the taxpayer's occupation.

**Purpose:** This provision enhances the fairness of the tax for those employees who incur expenses for the benefit of the employer, in order to properly perform a job, or to retain a rate of compensation.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 64.9	\$ 67.1	\$ 69.5	\$ 71.9	\$ 74.4	\$ 77.0	\$ 79.7

**Beneficiaries:** Individuals filing approximately 1.2 million returns benefit from this tax expenditure.

## BUSINESS INCOME DEDUCTIONS

**Description:** Ordinary and reasonable expenses necessary to operate a business or profession may be deducted from the gross receipts of that business or profession. This expenditure does not measure the cost of sales and operations or wages and salaries deductions.

**Purpose:** Businesses and professions are taxed on "net" profits; therefore, expenses necessary to produce the income may be deducted before tax is computed.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<b><u>Depreciation:</u></b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>

		\$ 820.8	\$ 893.5	\$ 960.5	\$1,014.7	\$1,062.1	\$1,126.7	\$1,190.2

**Beneficiaries:** Approximately 1.2 million businesses and professions benefit from this tax expenditure.

# General Fund Tax Expenditures

## FOSTER CARE

**Description:** Payments received by foster parents are explicitly excluded from the definition of compensation.

**Purpose:** This exemption provides an incentive for families to bear the burden of caring for foster children.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 5.4	\$ 5.7	\$ 5.9	\$ 6.2	\$ 6.5	\$ 6.8	\$ 7.0

**Beneficiaries:** The foster parents of approximately 21,400 children benefit from this tax expenditure.

## MEDICAL SAVINGS ACCOUNTS

**Description:** Annual contributions made to medical savings accounts via an account administrator and the interest earned on these accounts are not taxable. The account must be combined with a health insurance policy with an annual deductible of \$1,500 to \$2,500 for an individual and \$3,000 to \$4,500 for a family. Tax-deductible annual contributions must not exceed 65 percent of the insurance policy's deductible for individual coverage and 75 percent for family coverage. Act 179 of 1996 established this expenditure based on a four-year federal pilot program effective January 1, 1997. Participants in the program may continue to contribute after the federal pilot program's expiration date. In addition, new participants may be permitted on a limited basis.

**Purpose:** This exemption reduces the cost and could improve the quality and availability of health care to Pennsylvanians.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 0.3	\$ 0.3	\$ 0.3	\$ 0.3	\$ 0.3	\$ 0.4	\$ 0.4

**Beneficiaries:** Individuals filing approximately 10,400 returns benefit from this tax expenditure.

## TUITION PREPAYMENT PROGRAM

**Description:** The tax expenditure is based on the difference between the amount paid into the program and the value of credits redeemed or payments from the program. The value of credits redeemed from a tuition prepayment program is exempt from taxation.

**Purpose:** This provision lessens the burden of tax on families saving for college education.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>

**Beneficiaries:** NA

# General Fund Tax Expenditures

## EXEMPTION FOR ELECTION OFFICIALS

*Description:* Compensation and other payments received by county election officials are exempt from taxation.

*Purpose:* This exemption provides an incentive to serve as a county election official.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 0.4	\$ 0.4	\$ 0.4	\$ 0.4	\$ 0.4	\$ 0.4	\$ 0.4

*Beneficiaries:* As many as 104,400 election officials benefit from this tax expenditure.

## PENNSYLVANIA LOTTERY WINNINGS

*Description:* Prizes of the Pennsylvania Lottery are exempt from the state personal income tax. Prior to fiscal year 1999-00, an amount equal to total Lottery prizes paid multiplied by the current PIT rate was transferred from the Lottery Fund to the General Fund. Since the General Fund was reimbursed for the exemption of Lottery prizes, this transfer was considered a Lottery expenditure. Act 4 of 1999 eliminated the transfer, creating an actual General Fund expenditure. Since Pennsylvania Lottery winnings paid (if they were reported on a taxpayer return) could be offset by lottery and other gambling losses on a taxpayer's return, an estimate of this expenditure is not available.

*Purpose:* This provision provides an additional benefit to individuals winning lottery prizes.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	NA	NA	NA	NA	NA	NA	NA

*Beneficiaries:* NA

## CREDITS

### SPECIAL POVERTY PROVISIONS (TAX FORGIVENESS)

*Description:* Special tax forgiveness provisions allow eligible claimants to reduce their tax liability depending on the amount of their eligibility income. For tax year 2003, a taxpayer with no dependents and with eligibility income of \$8,750 or less will qualify for some amount of forgiveness. A married couple with no dependents and with eligibility income of \$15,250 or less will also qualify for some amount of forgiveness. The eligibility income limits increase by \$9,000 for each dependent.

*Purpose:* This provision provides tax relief for taxpayers with low incomes.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 276.3	\$ 268.0	\$ 260.0	\$ 252.3	\$ 244.8	\$ 237.5	\$ 230.4

*Beneficiaries:* Individuals filing approximately 1.3 million returns benefit from this tax expenditure.

# General Fund Tax Expenditures

## OUT-OF-STATE CREDIT

**Description:** Pennsylvania residents who have income which is subject to both Pennsylvania personal income tax and the income or wage tax of another state (excluding compensation earned in states with reciprocal agreements) or country may claim the lesser of the actual tax paid to the other state or country or the tax calculated using PA taxable income earned in the other state or country multiplied by the current PA tax rate as a credit against the personal income tax.

**Purpose:** This provision prevents the double taxation of income earned by a Pennsylvania resident in another state or country.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 135.1	\$ 140.1	\$ 148.9	\$ 157.7	\$ 166.0	\$ 175.0	\$ 185.0

**Beneficiaries:** Individuals filing approximately 115,100 returns benefit from this tax expenditure.

## ESTIMATED TAXES

### ESTIMATED TAXES FOR FARMERS

**Description:** Individuals having an estimated gross income from farming which is at least two-thirds of their total gross income may file an estimated tax declaration any time on or before January 15 of the succeeding year. If such an individual files a final return and pays the entire tax due by March 1, the return may be considered the declaration due on or before January 15. The estimates measure the interest lost due to delayed estimated payments.

**Purpose:** This provision provides assistance to farmers by allowing more liberal estimated payment rules, enhancing the farmers' cash flow.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	Nominal	Nominal	Nominal	Nominal	Nominal	Nominal	Nominal

**Beneficiaries:** Farmers operating approximately 59,000 farms benefit from this tax expenditure.

### ESTIMATED PAYMENTS FOR SMALL AMOUNTS

**Description:** Individuals with taxable income of \$8,000 or less not subject to withholding are not required to pay estimated taxes. The threshold was changed from \$2,500 effective January 1, 2000.

**Purpose:** These provisions reduce paperwork for the Department of Revenue and taxpayers with small amounts of income not subject to withholding.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 0.7	\$ 0.9	\$ 0.9	\$ 0.9	\$ 0.9	\$ 0.9	\$ 0.9

**Beneficiaries:** Approximately 1.6 million Pennsylvania residents benefit from this tax expenditure.

## REALTY TRANSFER TAX

**Authorization:** Article XI-C of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

The realty transfer tax is a documentary stamp tax on the value of any interest in real estate transferred by deed. The tax rate is 1 percent of the value of the real estate transferred. Each party to a document is jointly and severally liable for the tax imposed, unless the party is an excluded party or the document evidences an excludable transaction. The excluded status of a party does not relieve the other parties to a transaction from the entire tax due. The amounts below represent the General Fund portion of the realty transfer tax expenditures only and do not include expenditures for the portion transferred to the Keystone Recreation, Park and Conservation Fund pursuant to Act 50 of 1993, as amended by Act 89 of 2002. Prior to Act 89 of 2002, 15 percent of the state levied realty transfer tax was transferred to the Keystone Recreation Park and Conservation Fund. Act 89 of 2002 lowered the transfer to 10 percent for January 2002 through June 2002 and to 7.5 percent for July 2002 through June 2003. For July 2003 and thereafter the transfer rate returns to 15 percent.

**Administrative Costs:** Costs to administer the realty transfer tax expenditures are approximately \$0.3 million annually.

### TRANSFERS TO GOVERNMENTAL UNITS

**Description:** A transfer to the Commonwealth, the federal government, or their agencies, political subdivisions, or instrumentalities by gift, dedication, condemnation, or in lieu of condemnation is exempt from taxation.

**Purpose:** This exemption provides tax relief to the grantor of property to a governmental entity. Without an exemption, the grantor would be required to pay the tax. The exemption may encourage donation of property to a governmental entity.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 2.9	\$ 3.0	\$ 2.9	\$ 3.1	\$ 3.3	\$ 3.5	\$ 3.6

**Beneficiaries:** Approximately 3,100 local governmental units could benefit from this tax expenditure.

### PARTITION OF REALTY BY CO-TENANTS

**Description:** A partition of realty, passed by testate or intestate succession and held by co-tenants, into two or more distinctive portions with each party taking shares equal to their undivided interest is an excluded transaction.

**Purpose:** Tax relief is given to the heirs to assist in the equitable settlement of the estate. Heirs to realty do not always want joint ownership in the realty willed to them as co-tenants. This exemption enables the parties to partition the realty into two or more distinct portions with each party taking shares equal to their undivided interest without incurring tax.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	Nominal	Nominal	Nominal	Nominal	Nominal	Nominal	Nominal

# General Fund Tax Expenditures

## TRANSFERS AMONG FAMILY MEMBERS

*Description:* Transfers between husband and wife, parent and child or the spouse of such child, siblings and/or the spouse of a sibling, and a grandparent and grandchild or the spouse of such a grandchild are exempt from taxation.

*Purpose:* This exemption reduces the tax burden on families by exempting transfers to family members.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 59.6	\$ 61.6	\$ 59.8	\$ 63.3	\$ 67.9	\$ 71.3	\$ 73.8

*Beneficiaries:* NA

## TRANSFERS TO SHAREHOLDERS OR PARTNERS

*Description:* A transfer from a corporation or association to its shareholder or member, where the grantee owns stock or holds an interest in the same proportion as his interest in the real estate being conveyed is an excluded transaction. The stock or interest must be held by the grantee for more than two years.

*Purpose:* This exemption recognizes that the grantee has an ownership interest in the realty conveyed to him in the same proportion as stock owned in the corporation or interest in the association.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 1.3	\$ 1.3	\$ 1.3	\$ 1.4	\$ 1.5	\$ 1.6	\$ 1.6

*Beneficiaries:* NA

## TRANSFERS TO OR FROM A NONPROFIT INDUSTRIAL DEVELOPMENT AGENCY

*Description:* A transfer to a nonprofit industrial development agency or authority is an excluded transaction. A transfer from a nonprofit industrial development agency or authority to a grantee purchasing directly from it is an excluded transaction if (1) the grantee uses such real estate for the primary purpose of manufacturing, fabricating, compounding, processing, publishing, research and development, transportation, energy conversion, energy production, pollution control, warehousing, or agriculture and (2) the authority has full ownership interest in the real estate transferred.

*Purpose:* These exemptions encourage transfers of realty to nonprofit organizations for industrial development and from nonprofit organizations for use in various activities that may contribute to economic development in the Commonwealth.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 2.8	\$ 2.9	\$ 2.8	\$ 3.0	\$ 3.2	\$ 3.4	\$ 3.5

*Beneficiaries:* NA

# General Fund Tax Expenditures

## TRANSFERS BETWEEN RELIGIOUS ORGANIZATIONS

**Description:** A transfer between religious organizations or persons holding title for a religious organization, with both parties possessing tax-exempt status under the Internal Revenue Code, is an excluded transaction. The real estate cannot have been used by such transferor for commercial purposes.

**Purpose:** This exemption provides tax relief to religious organizations that are perceived to provide social benefits.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 1.1	\$ 1.1	\$ 1.1	\$ 1.2	\$ 1.2	\$ 1.3	\$ 1.3

**Beneficiaries:** Approximately 18,900 religious organizations could benefit from this tax expenditure.

## TRANSFERS TO A CONSERVANCY

**Description:** A transfer to or from a conservancy that possesses a tax-exempt status pursuant to the Internal Revenue Code and which has as its primary purpose preservation of land for historic, recreational, scenic, agricultural, or open space opportunities is an excluded transaction.

**Purpose:** This exemption encourages the preservation of realty with historic, recreational, scenic, or agricultural value.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 0.1	\$ 0.1	\$ 0.1	\$ 0.2	\$ 0.2	\$ 0.2	\$ 0.2

**Beneficiaries:** Approximately 80 land conservancies could benefit from this tax expenditure.

## REAL ESTATE DEVOTED TO AGRICULTURE

**Description:** A transfer of real estate devoted to the business of agriculture to a family farm corporation or family farm partnership by a member of the same family is an excluded transaction. The family must own at least 75 percent of each class of stock in a family farm corporation. The family farm may also lease the farmland as long as it is used for farming.

**Purpose:** This exemption provides tax relief for the establishment or expansion of the family farm corporation or family farm partnership thereby recognizing the importance of the family-owned farm.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	NA	NA	NA	NA	NA	NA	NA

**Beneficiaries:** Approximately 4,450 family farm corporations or partnerships could benefit from this tax expenditure.

# General Fund Tax Expenditures

## OWNERSHIP INTEREST IN REAL ESTATE COMPANY OR FAMILY FARM \_\_\_\_\_

*Description:* A transfer between members of the same family of an ownership interest in a real estate company, family farm corporation or family farm partnership is an excluded transaction.

*Purpose:* A transfer of ownership interest between members of the same family is not considered a change in ownership of the business. This exemption encourages the preservation of family farm corporations, family farm partnerships, and family-owned real estate businesses by allowing transfers of ownership interests between members of the same family not to count toward the corporation becoming an acquired company.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	NA	NA	NA	NA	NA	NA	NA

*Beneficiaries:* Approximately 4,450 family farm corporations or partnerships and an unknown number of real estate companies could benefit from this tax expenditure.

## TRANSFERS OF REALTY VALUED AT \$100 OR LESS \_\_\_\_\_

*Description:* A transaction where the tax due is one dollar (\$1.00) or less is an excluded transaction.

*Purpose:* The administrative costs of collecting the revenue from a transfer of realty valued at \$100 or less are thought to be greater than the revenue.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>

*Beneficiaries:* NA

## PRODUCTION OR EXTRACTION OF COAL, OIL, NATURAL GAS, OR MINERALS \_\_\_\_\_

*Description:* Leases for the production or extraction of coal, oil, natural gas, or minerals and assignments thereof are excluded transactions.

*Purpose:* This exemption gives tax relief to the mining and extracting industries to produce and extract coal, oil, natural gas, and minerals at a lower cost.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	NA	NA	NA	NA	NA	NA	NA

*Beneficiaries:* Approximately 1,400 companies may benefit from this tax expenditure.

# General Fund Tax Expenditures

## PUBLIC UTILITY EASEMENTS

**Description:** A transfer of an easement to a person furnishing public utility service is an excluded transaction if the easement is used in, or useful for, furnishing public utility services.

**Purpose:** Public utility easements are numerous and the majority of them are conveyed for a small consideration. The administrative costs of collecting the revenue from an easement to a provider of public utility services are thought to be greater than the revenue.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	Nominal	Nominal	Nominal	Nominal	Nominal	Nominal	Nominal

**Beneficiaries:** The 417 public utilities could benefit from this tax expenditure.

## STANDING TIMBER OR CROPS

**Description:** Standing timber and crops are not deemed to actually pass with the conveyance of realty when the instrument provides for severance and removal within an immediate ascertainable date.

**Purpose:** Timber and crops are personal property in this instance, the transfer of which is not subject to realty transfer tax.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	NA	NA	NA	NA	NA	NA	NA

**Beneficiaries:** NA

# INHERITANCE TAX

**Authorization:** Article XXI of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

**Administrative Costs:** Costs to administer the inheritance tax expenditures are approximately \$0.3 million annually. Costs incurred to administer the multiple tax expenditures associated with inheritance tax cannot be separately identified.

## FAMILY RELATED EXEMPTIONS AND EXCLUSIONS

### PREFERENTIAL RATE FOR TRANSFERS TO LINEAL BENEFICIARIES

**Description:** Effective July 1, 2000, assets transferred to lineal beneficiaries are taxed at a 4.5 percent rate rather than the 15 percent rate for assets transferred to non-lineal heirs. Lineal beneficiaries include grandparents, parents, and lineal descendants (including adopted or step children). Prior to July 1, 2000, transfers to lineal beneficiaries were taxed at a rate of 6 percent.

**Purpose:** This provision lowers the tax burden on immediate family members of the decedent.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 657.1	\$689.5	\$ 716.6	\$ 745.3	\$ 774.7	\$ 805.7	\$ 837.8

**Beneficiaries:** Approximately 27,500 estates benefit from this tax expenditure.

# General Fund Tax Expenditures

## TRANSFERS OF PROPERTY TO SPOUSE

**Description:** Property passing to a spouse of a decedent is exempt from inheritance tax. This estimate is based on the difference between taxing all assets transferred between spouses at the lineal rate of 4.5 percent and the spousal rate of 0 percent.

**Purpose:** This provision prevents an undue tax burden on a surviving spouse especially when assets cannot be jointly owned. It allows spouses to maintain homes and other assets without being subject to inheritance tax.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$1,004.4	\$1,042.9	\$1,084.5	\$1,127.8	\$1,172.8	\$1,219.6	\$1,268.3

**Beneficiaries:** Approximately 34,000 estates benefit from this tax expenditure.

## EXEMPTION FOR TRANSFERS OF PROPERTY FROM A CHILD TO PARENT

**Description:** Property passing from a child twenty-one years of age or younger to a parent is subject to a 0 percent tax rate. This estimate measures the difference between taxing child to parent transfers at the lineal rate of 4.5 percent and the child to parent rate of 0 percent.

**Purpose:** This provision reduces the tax burden on families receiving assets due to the untimely death of a child. The transfer of assets to parents was previously taxed as a lineal transfer. This rate change, authorized by Act 23 of 2000, is effective for decedents dying July 1, 2000 or later.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 7.3	\$ 7.7	\$ 8.0	\$ 8.4	\$ 8.7	\$ 9.0	\$ 9.4

**Beneficiaries:** Approximately 600 estates benefit from this tax expenditure.

## PREFERENTIAL RATE FOR TRANSFERS TO SIBLINGS

**Description:** Effective July 1, 2000, assets transferred to siblings, defined as brothers or sisters with at least one parent in common, by blood or adoption, are taxed at a rate of 12 percent rather than at a rate of 15 percent for assets transferred to non-lineal heirs. Prior to July 1, 2000, transfers to siblings were taxed at a rate of 15 percent.

**Purpose:** This provision reduces the tax burden on estates that transfer assets to a sibling of the decedent. It recognizes that a sibling is often a decedent's closest relative and that transfers to siblings should be taxed at a lower rate than transfers to unrelated beneficiaries.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 30.6	\$ 32.6	\$ 33.8	\$ 35.2	\$ 36.6	\$ 38.0	\$ 39.6

**Beneficiaries:** Approximately 5,000 estates benefit from this tax expenditure.

# General Fund Tax Expenditures

## LIFE INSURANCE PROCEEDS

**Description:** Life insurance proceeds, whether or not payable to the estate of the decedent, are exempt from inheritance tax.

**Purpose:** This provision lessens the tax burden on the insurance beneficiaries of the decedent, who are likely to be family members. A common reason for purchasing life insurance is to assist with the payment of inheritance and estate taxes.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 94.0	\$ 98.6	\$ 103.4	\$ 108.5	\$ 113.8	\$ 119.4	\$ 125.2

**Beneficiaries:** Estates of the decedents associated with approximately 190,100 life insurance policies benefit from this expenditure.

## FEDERAL WAR RISK INSURANCE AND NATIONAL SERVICE LIFE INSURANCE PROCEEDS

**Description:** Proceeds of federal war risk insurance, national service life insurance, or other similar governmental insurance are exempt from inheritance tax.

**Purpose:** This provision lessens the tax burden on beneficiaries of U.S. military personnel and dependents who receive increased insurance when stationed in an area where military conflict is possible.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	Nominal	0.2	Nominal	Nominal	Nominal	Nominal	Nominal

**Beneficiaries:** The families of fallen Pennsylvanians benefit from this tax expenditure.

## FAMILY EXEMPTION

**Description:** A \$3,500 family exemption from inheritance tax is permitted for the decedent's surviving spouse, children, or parents living in the decedent's household at the time of death.

**Purpose:** This provision allows a small tax-free transfer of property to immediate family members residing with the decedent. Smaller taxable estates benefit to a greater extent.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 1.4	\$ 1.4	\$ 1.4	\$ 1.4	\$ 1.4	\$ 1.4	\$ 1.4

**Beneficiaries:** Approximately 9,000 families benefit from this tax expenditure.

# General Fund Tax Expenditures

## PERSONAL EXCLUSIONS AND DEDUCTIONS

### EMPLOYMENT BENEFITS

---

**Description:** Employment benefits that the decedent did not have the right to possess, enjoy, assign, or anticipate before death are exempt from inheritance tax. Exempt benefits include pensions, stock-bonuses, profit-sharing plans, Keoghs, Individual Retirement Accounts and other retirement plans. If the decedent did have the right to possess, enjoy, assign, or anticipate the benefits, they are exempt from Pennsylvania inheritance tax only to the same extent they are exempt from the federal estate tax.

**Purpose:** This provision limits inheritance tax on employment benefits to which the decedent did not have full rights. An individual is presumed to have full rights to these employment benefits after age 59 ½ -- the age at which someone may utilize at least a portion of these funds without penalty under the Internal Revenue Code.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 18.5	\$ 19.9	\$ 21.4	\$ 23.0	\$ 24.8	\$ 26.7	\$ 28.7

**Beneficiaries:** Estates of the approximately 7,000 decedents of working age and under 59 ½ at death may benefit from this tax expenditure.

### ESTATE ADMINISTRATION EXPENSES

---

**Description:** Expenses for attorney fees, funeral and burial expenses, tombstones and grave markers, and other expenses incurred in administering the estate are deductible from the taxable estate.

**Purpose:** This provision allows for the deduction of reasonable and necessary expenses associated with managing the estate.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 66.6	\$ 69.2	\$ 71.9	\$ 74.8	\$ 77.8	\$ 80.9	\$ 84.1

**Beneficiaries:** Approximately 46,000 estates benefit from this tax expenditure.

### DEBTS AND LIABILITIES OF THE DECEDENT

---

**Description:** A deduction from the gross estate is allowed for debts and liabilities of the decedent.

**Purpose:** This provision increases the fairness of the tax by insuring that property is included in the taxable estate based on its net value. For example, a mortgage is deducted from the value of real property to properly value the decedent's interest in that property.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 37.6	\$ 39.0	\$ 40.6	\$ 42.2	\$ 43.9	\$ 45.6	\$ 47.5

**Beneficiaries:** Approximately 30,000 estates benefit from this tax expenditure.

# General Fund Tax Expenditures

## SOCIAL SECURITY DEATH PAYMENTS

**Description:** The lump-sum social security death benefit is exempt from inheritance tax.

**Purpose:** This provision helps limit the impact of the tax on poorer beneficiaries. The social security death benefit could comprise the majority of assets for many small taxable estates.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 1.0	\$ 1.0	\$ 1.0	\$ 1.0	\$ 1.0	\$ 1.0	\$ 1.0

**Beneficiaries:** Approximately 48,000 estates benefit from this tax expenditure.

## RAILROAD RETIREMENT BURIAL BENEFITS

**Description:** The lump-sum railroad retirement burial benefit is exempt from inheritance tax.

**Purpose:** This provision helps limit the impact of the tax on poorer beneficiaries. The railroad retirement burial benefit could comprise the majority of assets for many small taxable estates.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	Nominal	Nominal	Nominal	Nominal	Nominal	Nominal	Nominal

**Beneficiaries:** An estimated 400 estates receive lump sum benefit payments from the U.S. Railroad Retirement Board.

## ADVANCEMENTS

**Description:** Transfers made as an advancement of or on account of an intestate share or in satisfaction or partial satisfaction of a gift by will are exempt unless the gift was made within a year of death and gifts to the transferee exceeded \$3,000 during that calendar year.

**Purpose:** Gifts, as long as they are not made within one year of the date of death, are exempt from inheritance tax. This provision provides that these advancements be treated as gifts that are not intended to avoid the tax.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	NA	NA	NA	NA	NA	NA	NA

**Beneficiaries:** Approximately 56,000 estates might benefit from this tax expenditure.

# General Fund Tax Expenditures

## PROPERTY SUBJECT TO POWER OF APPOINTMENT

*Description:* Property left to a trust by the decedent (grantor) subject to a power of appointment (by a grantee), whether or not exercised and notwithstanding any blending of such property with property of the grantee, is exempt from inheritance tax in the estate of the grantee.

*Purpose:* Pennsylvania taxes the transfer of these assets subject to a power of appointment at the time the interest is created (when the grantor dies). The grantee may have a life interest in the estate with any remainder passing to some other person. This provision prevents taxation when the property is subsequently distributed upon the death of the grantee, having already been taxed in the estate of the grantor.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	NA	NA	NA	NA	NA	NA	NA

*Beneficiaries:* NA

## NOMINAL OWNERSHIP OF PROPERTY

*Description:* Property held in the name of a decedent who held no beneficial interest in the property is exempt from inheritance tax.

*Purpose:* This provision prevents property in which the decedent had no real interest from being included in the taxable estate.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>

*Beneficiaries:* NA

# General Fund Tax Expenditures

## BUSINESS RELATED EXCLUSIONS AND DEDUCTIONS

### PREFERENTIAL VALUATION OF FARMLAND

*Description:* Farmland which was devoted to agricultural use for the three years preceding the death of the decedent and is not less than ten contiguous acres or has an anticipated yearly gross income derived from agricultural use of \$2,000 or more, is valued based on its current use rather than its highest use.

*Purpose:* This provision helps to maintain family farms since land currently devoted to agricultural use is often more valuable if developed.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	NA	NA	NA	NA	NA	NA	NA

*Beneficiaries:* NA

### SMALL BUSINESS INTEREST TRANSFER EXTENDED PAYMENT SCHEDULE

*Description:* The inheritance tax due on the transfer of a qualified small business interest may be paid in 20 consecutive quarterly installments beginning nine months after the decedent's death. Each installment payment bears interest of 9 percent per annum.

*Purpose:* This provision helps protect small business upon the death of the owner from a sudden tax burden. Payments are spread out over time so that asset sales can be avoided.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	NA	NA	NA	NA	NA	NA	NA

*Beneficiaries:* NA

## OTHER EXCLUSIONS

### TRANSFERS TO GOVERNMENTS

*Description:* Intervivos transfers and bequests to governments are exempt from inheritance tax.

*Purpose:* This exemption is an indirect means of assistance to governments and may reduce the taxes levied by these entities.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 0.6	\$ 0.6	\$ 0.7	\$ 0.7	\$ 0.7	\$ 0.7	\$ 0.8

*Beneficiaries:* Approximately 3,100 governmental units could benefit from this tax expenditure.

# General Fund Tax Expenditures

## TRANSFERS TO CHARITABLE AND FRATERNAL ORGANIZATIONS

*Description:* Intervivos transfers and bequests to charitable and fraternal organizations are exempt from inheritance tax.

*Purpose:* Charitable and fraternal organizations provide public services that are believed to benefit citizens. This exemption represents an indirect means of assistance to these entities and may increase the money available for charitable purposes.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 94.1	\$ 97.8	\$ 101.7	\$ 105.7	\$ 109.9	\$ 114.3	\$ 118.9

*Beneficiaries:* An estimated 33,200 charitable and fraternal organizations might benefit from this tax expenditure.

# Motor License Fund Tax Expenditures

## LIQUID FUELS AND FUELS TAX

**Authorization:** Chapter 90 of Title 75 of the Pennsylvania Consolidated Statutes. The tax is a permanent trust fund tax of 12.0 cents per gallon imposed on all liquid fuels and fuels used or sold and delivered by distributors in the Commonwealth beginning October 1, 1997. Prior to this date, liquid fuels were taxed under the provisions of the Act of May 21, 1931 (P.L. 149, No. 105), as amended, known as the Liquid Fuels Tax Act and fuels were taxed under the Act of January 14, 1952 (P.L. 1965 No. 550), as amended, known as the Fuels Use Tax Act. Both of these acts were repealed effective October 1, 1997. Aviation gasoline and jet fuel are also taxed under the liquid fuels and fuels tax. However, separate tax rates are set for these fuels. Effective January 1, 2002, the tax rate for aviation gasoline is 4.1 cents per gallon and the tax rate for jet fuels is 1.8 cents per gallon.

## OIL COMPANY FRANCHISE TAX

**Authorization:** Chapter 95 of Title 75 of the Pennsylvania Consolidated Statutes. Beginning October 1, 1997, the tax is imposed on all taxable liquid fuels and fuels on a cents-per gallon equivalent basis. The tax rate is calculated annually by the Department of Revenue. The tax rate for calendar year 2004 is 14.2 cents per gallon for liquid fuels and 19.2 cents per gallon for fuels. Receipts from 57 mills of the tax are deposited as unrestricted Motor License Fund revenue. Prior to October 1, 1997, the tax was an excise tax of 153.5 mills per gallon imposed on all oil companies conducting business in Pennsylvania for the privilege of exercising their corporate franchise, doing business, employing capital, owning or leasing property, maintaining an office or having employees in the Commonwealth.

## ALTERNATIVE FUELS TAX

**Authorization:** Chapter 90 of Title 75 of the Pennsylvania Consolidated Statutes. Beginning October 1, 1997, the tax is imposed on alternative fuels used to propel vehicles on public highways. Alternative fuels include natural gas, compressed natural gas, liquid propane gas and liquefied petroleum gas, alcohols, gasoline-alcohol mixtures containing at least 85 percent alcohol by volume, hydrogen, hythane, electricity, and any other fuel not taxable as liquid fuels or fuels. The tax rate applied to each gasoline gallon equivalent of alternative fuel equals the current liquid fuels tax and oil company franchise tax applicable to one gallon of gasoline.

**Administrative Costs:** Costs to administer the multiple tax expenditures associated with the liquid fuels and fuels, oil company franchise and alternative fuels taxes cannot be separately identified. Tax expenditures are a significant factor associated with the need for more compliance audits and the increased complexity of such audits.

(Dollar Amounts in Millions)

## DISCOUNT

*Description:* A distributor is permitted a variable percentage discount based on gross tax due provided the liquid fuels and fuels tax return and payment due are timely filed. Returns and payments are due on or before the 20th day of each month for the preceding month's sales.

*Purpose:* This discount is intended to defray the cost of preparing and remitting the liquid fuels and fuels tax reports and payments.

# Motor License Fund Tax Expenditures

## BUSES

**Description:** A bus company is entitled to a refund equal to 55 mills of the oil company franchise tax imposed on fuels consumed by motorbuses within this Commonwealth.

**Purpose:** Act 3 of 1997 repealed the 6 cent surtax imposed on all motor carriers and replaced it with a 55 mill increase in the oil company franchise tax imposed on fuels. Since buses were historically exempt from the surtax, they have been granted a refund for the 55-mill surtax replacement effective January 1, 1999.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 0.2	\$ 0.2	\$ 0.2	\$ 0.2	\$ 0.3	\$ 0.3	\$ 0.3

**Beneficiaries:** Approximately 100 bus companies benefit from this tax expenditure.

## MOTOR CARRIERS ROAD TAX / IFTA

**Authorization:** Chapter 96 of Title 75 of the Pennsylvania Consolidated Statutes. The motor carriers road tax is equal to the current Pennsylvania liquid fuels and fuels or alternative fuels tax rate per gallon plus the oil franchise tax currently in effect. Prior to October 1, 1997, an additional tax of 6 cents per gallon was collected through the motor carriers road tax. Effective October 1, 1997, this tax was repealed and replaced by a tax of 55 mills on each gallon of fuels and collected through the oil franchise tax. Effective January 1, 1996, under Act 75 of 1995, Pennsylvania implemented the provisions of the International Fuel Tax Agreement (IFTA). Under IFTA, fuel consumed in "qualified motor vehicles" is subject to taxation at current rates. A qualified motor vehicle is a motor vehicle, other than a recreational vehicle, which is used, designed, or maintained for transportation of persons or property and which has two axles and a registered gross weight exceeding 26,000 pounds, three axles or more regardless of weight or used in combination when the registered gross weight exceeds 26,000 pounds. IFTA provisions do not distinguish taxable use by vehicle types, only by weight and axle configuration. Therefore, Act 75 of 1995 repealed the motorbus road tax effective January 1, 1996. The following estimates reflect the full tax rate imposed.

**Administrative Costs:** Costs to administer the multiple tax expenditures associated with motor carrier road tax/IFTA cannot be identified separately. Tax expenditures are not believed to be a significant factor associated with the need for more compliance audits and contribute minimally to the length of time necessary to complete such audits.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>

## POLITICAL SUBDIVISIONS

*Description:* Vehicles operated by political subdivisions are exempt from the requirements of the motor carriers road tax.

*Purpose:* This exemption is an indirect means of assistance to local governments and may reduce the taxes levied by these entities.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 11.1	\$ 11.1	\$ 11.4	\$ 11.6	\$ 11.7	\$ 11.9	\$ 12.1

*Beneficiaries:* Approximately 3,100 governmental units benefit from this tax expenditure.

## FARM VEHICLES

*Description:* Qualified motor vehicles bearing a Pennsylvania farm truck registration operating under restricted use and farm vehicles exempt from registration are exempt from the motor carriers road tax.

*Purpose:* This exemption allows farmers to provide agricultural products at a reduced price.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 3.3	\$ 3.3	\$ 3.4	\$ 3.4	\$ 3.5	\$ 3.5	\$ 3.6

*Beneficiaries:* Individuals operating approximately 59,000 farms benefit from this tax expenditure.

## EMERGENCY VEHICLES

*Description:* Fire, rescue, ambulance, and select other emergency vehicles are exempt from the motor carriers road tax.

*Purpose:* Emergency organizations provide public services that are perceived to benefit citizens. This exemption permits these services to be rendered at a reduced cost.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 6.5	\$ 6.6	\$ 6.7	\$ 6.8	\$ 6.9	\$ 7.0	\$ 7.1

*Beneficiaries:* Approximately 2,500 fire departments and an unknown number of other organizations benefit from this tax expenditure.

# Motor License Fund Tax Expenditures

## SPECIAL MOBILE EQUIPMENT

**Description:** Vehicles not designed or used primarily for the transportation of persons or property that only incidentally operate or move over a highway, such as ditch digging apparatus, well-boring apparatus, earth moving and road construction machinery, are exempt from the motor carriers road tax.

**Purpose:** Exemption is granted to these vehicles because of their specialized off-highway use.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 1.0	\$ 1.0	\$ 1.0	\$ 1.0	\$ 1.0	\$ 1.0	\$ 1.0

**Beneficiaries:** The owners of approximately 1,700 special mobile equipment vehicles benefit from this tax expenditure.

## IMPLEMENTS OF HUSBANDRY

**Description:** A vehicle designed or adapted to be used exclusively for agricultural operations is exempt from the motor carriers road tax.

**Purpose:** This exemption allows the farmer to provide agricultural products at a reduced price.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	Nominal	Nominal	Nominal	Nominal	Nominal	Nominal	Nominal

**Beneficiaries:** The owners of approximately seven implements of husbandry vehicles benefit from this tax expenditure.

## CHARITABLE AND RELIGIOUS ORGANIZATIONS

**Description:** Vehicles operated by charitable and religious organizations are exempt from the motor carriers road tax.

**Purpose:** These organizations provide services which are perceived to benefit the general public. This exemption permits these services to be rendered at reduced cost.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 1.3	\$ 1.3	\$ 1.3	\$ 1.4	\$ 1.4	\$ 1.4	\$ 1.4

**Beneficiaries:** Approximately 33,200 charitable and religious organizations may benefit from this tax expenditure.

# Motor License Fund Tax Expenditures

## CHURCHES

*Description:* A motorbus owned by and registered to a church, exempt under section 1901 of Title 75, is exempt from the motor carriers road tax.

*Purpose:* These organizations provide services which are perceived to benefit the general public. This exemption permits these services to be rendered at reduced cost.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	NA	NA	NA	NA	NA	NA	NA

*Beneficiaries:* As many as 12,000 churches may benefit from this tax expenditure.

## ELECTRIC COOPERATIVES

*Description:* Qualified motor vehicles operated by electric cooperatives are exempt from the motor carriers road tax.

*Purpose:* These cooperatives are nonprofit corporations organized to engage in rural electrification and are perceived to provide public benefit. This exemption permits this service to be rendered at a reduced cost to the rate payers.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	NA	NA	NA	NA	NA	NA	NA

*Beneficiaries:* There are 13 cooperatives in the Commonwealth that benefit from this tax expenditure.

## VEHICLES NEEDING EMERGENCY REPAIRS

*Description:* A qualified motor vehicle needing emergency repairs, which was granted authorization from the Pennsylvania State Police to enter this Commonwealth, is exempt from the motor carriers road tax.

*Purpose:* This exemption was granted due to the temporary emergency nature of the vehicle entering Pennsylvania for needed repairs.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	NA	NA	NA	NA	NA	NA	NA

*Beneficiaries:* NA

# Motor License Fund Tax Expenditures

## VEHICLES SECURING REPAIRS OR RECONDITIONING

*Description:* Exemption from the motor carriers road tax is provided for unladen or towed motor vehicles or unladen trailers entering Pennsylvania solely for the purpose of securing repairs or reconditioning.

*Purpose:* This exemption was granted so as to not discourage vehicle owners from obtaining repairs or reconditioning of a vehicle from a Pennsylvania business.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	NA	NA	NA	NA	NA	NA	NA

*Beneficiaries:* NA

## SCHOOL BUSES

*Description:* Buses designed to carry 11 or more passengers used for the transportation of preprimary, primary or secondary school students to or from public, private or parochial schools or school-related activities or events are exempt from the motor carriers road tax.

*Purpose:* Since state government indirectly subsidizes transporting school children, this exemption decreases state educational subsidy costs.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 7.9	\$ 8.0	\$ 8.2	\$ 8.3	\$ 8.4	\$ 8.5	\$ 8.7

*Beneficiaries:* Approximately 5,700 schools benefit from this tax expenditure.

## RECREATIONAL VEHICLES

*Description:* Qualified motor vehicles such as motor homes, pickup trucks with attached campers and buses when used exclusively for personal pleasure by individuals are exempt from the motor carriers road tax.

*Purpose:* The motor carrier road tax/IFTA requirements are intended to apply to selected commercial vehicles. This provision exempts personal use only vehicles which would otherwise be subject to these taxing requirements.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>

# Motor License Fund Tax Expenditures

## MOTOR VEHICLE CODE

**Authorization:** The Motor Vehicle Code, contained in Title 75 of the Act of June 17, 1976 (P.L. 162, No. 81), became effective July 1, 1977. This amended the Act of April 29, 1959 (P.L. 58, No. 32) known as "The Vehicle Code." Contained in the Motor Vehicle Code are provisions for the titling, registration and licensing of vehicles, operation of vehicles, vehicle characteristics and the administration and enforcement of the code.

**Administrative Costs:** Costs to administer motor vehicle code tax expenditures are borne by the Department of Transportation and cannot be separately identified.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 0.1	\$ 0.1	\$ 0.1	\$ 0.1	\$ 0.1	\$ 0.1	\$ 0.1

## VEHICLE REGISTRATIONS

**Description:** Specific entities that request the authority to operate are granted a full or partial exemption from the registration fee. Not shown below are exempt categories with unknown numbers of vehicles which include, for example, mobile/modular homes and off road construction vehicles.

**Purpose:** This exemption provides relief to the organizations or individuals cited below. Many of those cited are dependent upon charitable contributions or augmented incomes. This exemption is also an indirect means of assistance to local governments and may reduce the taxes levied by these entities.

*Beneficiaries:* As many as 3,100 political subdivisions may benefit from this tax expenditure.

# Racing Fund Tax Expenditures

The Racing Fund, a special revenue fund, is comprised of monies received from taxes, licenses and fees and miscellaneous revenues collected by the State Racing Commissions derived from the regulation of harness and horse racing. Prior to December 30, 1983, thoroughbred racing tax revenues consisted of wagering, breakage and admissions taxes and harness racing tax revenues consisted of wagering and admissions taxes as assessed by the Race Horse Industry Reform Act (Act 135 of December 17, 1981). The Harness Racing Fund and the Horse Racing Fund were combined into the Racing Fund by Act 93 of 1983. This act also amended portions of the Race Horse Industry Reform Act relating to taxation.

*Administrative Costs:* Administrative costs associated with these tax expenditures are nominal.

## WAGERING TAX

*Authorization:* Act of May 16, 1986 (P.L. 205, No. 63).

### NEW CORPORATIONS

---

*Description:* Racing Corporations licensed after May 16, 1986 are subject to a reduced wagering tax rate, 1 percent rather than the normal 1.5 percent rate, for a period of four years.

*Purpose:* This provision may have been perceived as an incentive to promote the formation of new racing corporations.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	NA	NA	NA	NA	NA	NA	NA

*Beneficiaries:* Any racing corporation licensed after the cited date will benefit from this tax expenditure.

## ADMISSIONS TAX

*Authorization:* Department of Revenue letter ruling with concurrence of counsel for Racing Commission.

### DARK DAY SIMULCASTS

---

*Description:* The minimum admissions tax, currently 5 percent of 50 cents, is waived at events where no admission charge is levied and where simulcasts of races from other facilities are featured rather than live races.

*Purpose:* This provision may have been perceived as a way to promote simulcast attendance at Commonwealth racing facilities.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	NA	NA	NA	NA	NA	NA	NA

*Beneficiaries:* All seven racing associations benefit from this tax expenditure.

## UNEMPLOYMENT COMPENSATION INSURANCE TAX

**Administrative Costs:** The costs of administering the tax expenditure associated with the unemployment compensation insurance tax are nominal.

### LIMITATION OF THE TAXABLE WAGE BASE

**Authorization:** Act of December 5, 1936 (2nd special session, 1937 P.L. 2897, No. 1), 4(x)(1), as amended, 43 P.S. 753(x)(1).

**Description:** The Commonwealth's unemployment compensation law provides for a limitation of the taxable wage base to the first \$8,000 of wages paid to each employee during a calendar year by an employer. Prior to 1984 the limitation on taxable remuneration had been \$7,000. All state governments are required by the federal government to tax at least the first \$7,000 of subject wages. Many states, including Pennsylvania, have chosen to keep their bases close to the federal minimum. The estimate represents the cost of this limitation as measured by the difference between contributions based on taxable wages and contributions based on total wages. In 1988, legislation was enacted which provides for a "trigger" mechanism to regulate employer and employee contributions. The trigger mechanism working in conjunction with the experience rating system would change tax rates in response to a change in the taxable wage base. The methodology used for this estimate does not incorporate the changes that would occur to the tax rates as a result of tax base changes. Projected tax rates were used to estimate contributions based on currently taxable wages. The same tax rates were used to estimate contributions based on total wages paid by contributory employers.

**Purpose:** The limitation on taxable wages limits growth in employer tax liabilities that would otherwise occur as wages rise.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$4,533.1	\$5,470.2	\$6,611.8	\$7,422.3	\$7,917.3	\$8,393.0	\$8,852.3

**Beneficiaries:** Pennsylvania's unemployment compensation tax system is legislatively designed to generate a sufficient amount of revenue to meet annual benefit payments and maintain an adequate reserve in the state's Unemployment Compensation Trust Fund. Since the tax rates are a function of taxable wages, an increase in the amount of taxable wages to total wages would result in a decrease in the assigned tax rates (trigger mechanism). Ultimately, this would maintain revenues at a level comparable to the current tax structure. This situation, however, involves special treatment for some employers compared to others based upon the level of wages paid to the employees. This special treatment (tax expenditure) would be different for every contributory employer in each major industry division and would have to be calculated on an individual employer basis. In general, under the current system, an employer with higher wage employees benefits by paying on a small portion of total wages. If the taxable wage base were total wages paid to employees, the employer with higher employee wages would have to pay a greater amount in taxes, even though the rate would be reduced significantly.

As of the first quarter of 2003 there were 267,881 contributory employers to the Unemployment Compensation Fund. The following is a breakdown of these employers according to major industry division<sup>1</sup>:

Agriculture, Forestry and Fisheries .....	6,733	Wholesale Trade .....	23,098
Mining .....	808	Retail Trade .....	49,634
Construction .....	30,765	F.I.R.E. ....	18,787
Manufacturing .....	16,665	Services .....	105,889
Transportation and Public Utilities .....	9,938	Local Government .....	836

<sup>1</sup>Data may not add to totals due to the unavailability of industry classification for some employers.

## PUBLIC TRANSPORTATION ASSISTANCE FUND

*Authorization:* Article XXIII of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

The Public Transportation Assistance Fund provides for the capital, asset maintenance and certain other transportation needs of the Commonwealth's public transit entities.

Fund revenues are derived from a portion of the public utility realty tax (PURTA); a motor vehicle lease tax; a motor vehicle rental fee; a fee on the sale of new tires; 0.44 percent of total sales and use tax receipts in lieu of the repealed periodicals tax; and 0.09 percent of total sales and use tax receipts in lieu of the repealed lease tax on class four and above motor carriers. Act 138 of 1996 (electric competition) provided for transfers from the utility gross receipts tax to the Public Transportation Assistance Fund beginning in fiscal year 1998-99. Certain entities and transactions are exempt from these taxes and fees.

The utility realty tax expenditures for this fund parallel the PURTA General Fund tax expenditures since, by statute, the provisions of Article XI-A of the Tax Reform Code of 1971 apply to the 7.6 mills levy accruing to the Public Transportation Assistance Fund. With the exception of the fee on tires and the class 4 and above motor carrier tax expenditure, the remaining tax expenditures parallel those in the General Fund sales and use tax expenditures.

*Administrative Costs:* Administrative costs are believed to be nominal.

## PUBLIC UTILITY REALTY TAX

Every entity required to pay the tax imposed under Article XI-A of the Tax Reform Code of 1971 must also remit an additional 7.6 mills upon each dollar of the state taxable value of its utility realty at the end of the calendar year. The authorization, explanation and administrative costs of this tax are given in the General Fund Tax Expenditure section.

### PROPERTY SUBJECT TO LOCAL TAXATION

*Description:* Property subject to local real estate taxation under any law in effect on April 23, 1968 is excluded from the PURTA base.

*Purpose:* The Constitution of Pennsylvania was amended April 23, 1968 to provide for state taxation of public utility realty property; however, any law in effect which subjected real property of a public utility to local real estate taxation was left in full force. This provision prevents the double taxation of such property.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 0.8	\$ 0.8	\$ 0.8	\$ 0.8	\$ 0.8	\$ 0.8	\$ 0.9

*Beneficiaries:* The 417 public utilities could benefit from this tax expenditure.

# Special Fund Tax Expenditures

## EASEMENTS

*Description:* Easements or similar interests are excluded from the PURTA base. An easement is an interest in land owned by another entity that entitles the public utility company to limited use related to the provision of utility service.

*Purpose:* PURTA is intended as a tax on real property, and not as a tax on property such as these rights.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 0.7	\$ 0.7	\$ 0.7	\$ 0.7	\$ 0.7	\$ 0.8	\$ 0.8

*Beneficiaries:* The 417 public utilities could benefit from this tax expenditure.

## RAILROAD RIGHTS-OF-WAY

*Description:* Railroad rights-of-way and superstructures thereon are excluded from the PURTA base. Railroad rights-of-way are limited ownership of land to be used exclusively for the provision of rail transportation service.

*Purpose:* PURTA is intended as a tax on real property, and not as a tax on property such as these rights. This tax relief may encourage the development of our railroad network that benefits the economy.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 1.6	\$ 1.7	\$ 1.7	\$ 1.7	\$ 1.7	\$ 1.8	\$ 1.8

*Beneficiaries:* The 71 railroad public utilities could benefit from this tax expenditure.

## SEWAGE SERVICES

*Description:* Public utilities furnishing sewage services are exempt from tax.

*Purpose:* This provides tax relief to companies that are in the business of sewage treatment and encourages investment in sewage treatment facilities that provide public environmental benefits. It also benefits consumers to the extent the tax relief is reflected in lower utility rates.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 1.5	\$ 1.5	\$ 1.5	\$ 1.5	\$ 1.5	\$ 1.5	\$ 1.6

*Beneficiaries:* The 85 public utilities that provide sewage services benefit from this tax expenditure.

# Special Fund Tax Expenditures

## MUNICIPALITIES

*Description:* Municipalities or municipal authorities furnishing electric, natural gas, telephone, or water public utility services are exempt from tax.

*Purpose:* The realty used for municipally-furnished utility services is public property used for public purposes. Moreover, taxing such property would result in the municipal government funding the realty tax equivalent distributed to local taxing authorities.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 0.9	\$ 0.9	\$ 0.9	\$ 0.9	\$ 0.9	\$ 1.0	\$ 1.0

*Beneficiaries:* The 455 municipal authorities and 33 municipal public utilities benefit from this tax expenditure.

## ELECTRIC GENERATION FACILITIES

*Description:* After December 31, 1999, land and improvements indispensable to the generation of electricity become subject to local real estate tax and are excluded from the PURTA tax base and the realty tax equivalent.

*Purpose:* Electric generation facilities are removed from the PURTA tax base when electric generation is no longer regulated as a public utility function. The electric competition statute changed the definition of public utility, and generation facilities can be owned by unregulated entities. This exemption allows a level playing field for participants in electricity supply.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 5.5	\$ 5.6	\$ 5.7	\$ 5.7	\$ 5.8	\$ 5.9	\$ 5.9

*Beneficiaries:* The 22 electric utilities owning generating assets in Pennsylvania benefit from this tax expenditure.

## MOTOR VEHICLE LEASE TAX AND MOTOR VEHICLE RENTAL FEE

The Commonwealth levies a 3 percent tax on the total price charged for each lease of a motor vehicle subject to tax under Article II of the Tax Reform Code of 1971.

A fee of \$2 per day or portion of a day is imposed on each rental of a motor vehicle subject to tax under Article II of the Tax Reform Code of 1971.

### COMMON CARRIERS

**Description:** Vehicles leased or rented by a public utility, engaged in business as a common carrier, to be used in rendering utility services are exempt from taxation. Since the enactment of the Federal Aviation Act, effective January 1, 1995, Pennsylvania has recognized contract carriers as common carriers. Household goods carriers and private carriers remain taxable.

**Purpose:** Without this exemption, the tax would be built into the rate base of these types of public utility services and, ultimately, passed on to consumers. Therefore, this exemption reduces the overall cost of utility services that are considered to be basic necessities.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<b>Motor Vehicle Leases:</b>						
	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	NA	NA	NA	NA	NA	NA	NA
	<b>Motor Vehicle Rentals:</b>						
	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	NA	NA	NA	NA	NA	NA	NA

**Beneficiaries:** Approximately 6,100 common carriers could benefit from this tax expenditure.

### SCHOOL BUSES

**Description:** The lease or rental of school buses is exempt from taxation. These buses must be used exclusively for the transportation of children for school purposes. The provision is extended to persons who have contracts with school districts to transport children. For the purposes of this analysis, the majority of these contracts are assumed to be leases.

**Purpose:** The costs of transporting school children are directly borne by school districts and indirectly by state government through subsidy programs. This exemption, while limiting state Public Transportation Assistance Fund revenues, decreases state educational subsidy costs.

(Dollar Amounts in Millions)

<b>Estimates:</b>	<b>Motor Vehicle Leases:</b>						
	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 3.9	\$ 4.0	\$ 4.2	\$ 4.4	\$ 4.5	\$ 4.7	\$ 4.9
	<b>Motor Vehicle Rentals:</b>						
	<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
	\$ 0.1	\$ 0.1	\$ 0.1	\$ 0.1	\$ 0.1	\$ 0.1	\$ 0.1

**Beneficiaries:** Approximately 5,700 schools may benefit from this tax expenditure.

# Special Fund Tax Expenditures

## MOTOR CARRIERS (CLASS 4 AND ABOVE)

*Description:* Motor carriers in vehicle classes 4 and above are exempt from the motor vehicle lease tax.

*Purpose:* This exemption benefits those entities engaged in commercial leasing. Presumably, many of these vehicles are operated as common carriers that are normally treated as a utility service.

(Dollar Amounts in Millions)

*Estimates:* **Motor Vehicle Leases:**

<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
NA	NA	NA	NA	NA	NA	NA

*Beneficiaries:* The owners of 296,300 motor carrier vehicles (class 4 and above) benefit from this tax expenditure.

## EXEMPT ORGANIZATIONS

*Description:* The lease or rental of personal property to or for use by any (1) charitable organization, (2) volunteer fireman's organization, (3) nonprofit educational institution, or (4) religious organization is exempt from taxation. Transactions unrelated to the trade or business of such organizations are taxable.

*Purpose:* These organizations provide public and charitable services that are perceived to benefit the general public. This exemption permits these services to be rendered at reduced cost.

(Dollar Amounts in Millions)

*Estimates:* **Motor Vehicle Leases:**

<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
NA	NA	NA	NA	NA	NA	NA

**Motor Vehicle Rentals:**

<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
NA	NA	NA	NA	NA	NA	NA

*Beneficiaries:* Approximately 33,200 organizations might benefit from this tax expenditure.

# Special Fund Tax Expenditures

## EXEMPT GOVERNMENTAL UNITS

**Description:** The lease or rental of personal property to or for use by the federal government, the Commonwealth, or its instrumentalities or political subdivisions is exempt from taxation. Based on the criteria adopted to define tax expenditures, federal transactions are not included in this study. Commonwealth transactions are also excluded because revenues would offset expenditures with no net effect. The estimates, therefore, represent local government tax expenditures.

**Purpose:** This exemption is an indirect means of assistance to local governments and may reduce the taxes levied by these entities.

(Dollar Amounts in Millions)

**Estimates: Motor Vehicle Leases:**

<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
\$ 0.7	\$ 0.7	\$ 0.7	\$ 0.8	\$ 0.8	\$ 0.8	\$ 0.8

**Motor Vehicle Rentals:**

<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
\$ 0.4	\$ 0.4	\$ 0.4	\$ 0.4	\$ 0.5	\$ 0.5	\$ 0.5

**Beneficiaries:** Approximately 3,100 political subdivisions may benefit from this tax expenditure.

## TIRE FEE

The Commonwealth imposes a \$1 fee per tire on each sale of new tires intended for highway use.

## EXEMPT GOVERNMENTAL UNITS

**Description:** The sale of new tires to or for use by the federal government, the Commonwealth, or its instrumentalities or political subdivisions is exempt from taxation. Based on the criteria adopted to define tax expenditures, federal transactions are not included in this study. Commonwealth transactions are also excluded because revenues would offset expenditures with no net effect. The estimates, therefore, represent only local government tax expenditures.

**Purpose:** This exemption is an indirect means of assistance to local governments and may reduce the taxes levied by these entities.

(Dollar Amounts in Millions)

**Estimates:**

<u>2002-03</u>	<u>2003-04</u>	<u>2004-05</u>	<u>2005-06</u>	<u>2006-07</u>	<u>2007-08</u>	<u>2008-09</u>
Nominal	Nominal	Nominal	Nominal	Nominal	Nominal	Nominal

**Beneficiaries:** Approximately 3,100 political subdivisions may benefit from this tax expenditure.

---

# GOVERNOR'S OFFICE

The Governor directs and coordinates the work of State Government and guides the programs of the agencies in the direction that assures compliance with existing law, definable needs and administration goals.

*PROGRAM OBJECTIVE: To provide an effective administrative system through which the substantive programs of the Commonwealth can be accomplished.*

## Program: Executive Direction

The executive authority of the Commonwealth is vested in the Governor by the Pennsylvania Constitution. It is the duty of the Governor to ensure that the laws of the Commonwealth are faithfully executed. The Governor also oversees the publication of public information including bulletins of the work of State Government. The Governor submits an annual budget to the General Assembly and performs all other functions required of this office as delegated by the State Constitution and in law.

This program also provides for the Governor's Residence. The residence is used for State functions and to provide a domicile for the Governor and the First Family. The expenses for official functions, as well as those essential to managing a household, are paid from the Governor's Office appropriation. As one of the Commonwealth's public buildings, the maintenance of the residence is primarily the responsibility of the Department of General Services. Equipment, supplies (except food) and housekeeping services are provided by the department.

# EXECUTIVE OFFICES

To assist the Governor in the administration of State Government, the Office of Administration performs the duties of a central management agency and coordinates through the Office of Information Technology the Commonwealth's information technology strategies. The Office of the Budget performs the duties of a central financial management agency, prepares the annual Governor's Budget and Five Year Financial Plan based upon the Governor's priorities and analysis of program effectiveness, and provides comptroller services for the maintenance and management of all agency accounts in the Commonwealth.

The Office of General Counsel provides legal counsel in matters affecting the operation of State agencies. The Juvenile Court Judges Commission provides technical and financial assistance to the juvenile probation staffs of the county courts. The Inspector General investigates suspected improper use of State resources and investigates and recovers funds disbursed as a result of fraud or overpayment of welfare benefits. The Commission on Crime and Delinquency provides the planning and technical assistance for the improvement of the criminal justice system as well as financial assistance to relieve the financial hardship of individuals who have been victimized by criminal acts.

The Human Relations Commission, the Commission for Women, the African-American Affairs Commission and the Latino Affairs Commission promote equal opportunities for all people in employment, housing, public accommodations and education.

The Rural Development Council works to promote rural development in Pennsylvania. The Council on the Arts provides for encouragement and development of the arts in Pennsylvania. The Public Employee Retirement Commission monitors public employee retirement plans to assure their actuarial viability.

*PROGRAM OBJECTIVE: To provide an effective administrative system through which the substantive programs of the Commonwealth can be achieved.*

## Program: Executive Direction

The Executive Direction Program provides administrative support and policy direction for implementing, maintaining and monitoring the substantive programs of the Commonwealth.

### **Program Element: Administration**

The Office of Administration provides administrative support and policy direction of centralized human resource services to all agencies under the Governor's jurisdiction. The Office of Administration provides leadership in transformation of human resource business systems and processes through implementation of the Enterprise Resource Planning initiative, Imagine PA. The Office of Administration sustains positive working relationships with unions, negotiating and administering collective bargaining agreements between the Commonwealth and the various unions representing State employees under the provision of the Public Employee Relations Act of 1970, as well as administering the classification, salary, and benefits structures for all employees. The Office of Administration maximizes performance through attracting, developing, training, and retaining human resources. The Office of Administration also assures a diverse workforce and workplace free from discrimination by administering the Commonwealth's Equal Employment Opportunity policy and programs.

The Office of Administration also provides overall direction and support for the Governor's cost saving, revenue enhancement, and customer service initiatives through The Office of Management and Productivity.

### **Program Element: Information Technology**

The Office of Administration is responsible for developing and administering statewide policies and standards governing management and use of the Commonwealth's information technology (IT) resources.

These responsibilities are coordinated through the Office for Information Technology (OIT), which is comprised of six organizational units: Bureau of Enterprise Architecture; Bureau of Enterprise Projects; Bureau of Planning and Administration; Bureau of Services and Solutions; Bureau of Infrastructure and Operations, and Bureau of Geographic Information Systems (GIS) Coordination.

The Bureau of Enterprise Architecture is responsible for overseeing development of IT technical standards and monitoring compliance across Commonwealth agencies. It also has responsibility for establishing enterprise architectural guidance in policy and technology, including network management security, monitoring of IT product licensing and enterprise architecture policy and planning.

The Bureau of Enterprise Projects coordinates development of significant Commonwealth enterprise-wide initiatives. These are projects which have multi-agency/disciplinary impact and implications, including the Justice Network (JNET), PA Open for Business, Public Safety Radio, as well as continuity of government (CoG) and homeland security related initiatives.

The Bureau of Planning and Administration directs IT strategic planning efforts through an integrated "communities of practice" focus involving all Commonwealth agencies; conducts IT recruiting, training, grant writing activities, and oversees issuance of Information Technology Bulletins (ITBs), which document enterprise IT policies and practices. This bureau also provides oversight for OIT budget, procurement, and contracting-related activities, and administers the Invitation to Qualify (ITQ) process.

The Bureau of Services and Solutions provides direct customer service and support to agencies across a broad range of OIT initiatives. This includes offering enterprise client/server application management and Unix, NT and database development services and support for OA and Commonwealth agencies. This bureau also is responsible for continued development and management of Pennsylvania state government's Internet portal and other enterprise applications. This bureau also is responsible for enterprise database services.

The Bureau of Infrastructure and Operations provides overall direction, support and management of Technology Park, which includes the Commonwealth Technology Center (CTC). This bureau manages the Enterprise Server Farm (ESF) and Exchange email operations for 70,000 users in 47 agencies under the Governor's jurisdiction.

It also provides data voice, video network management administration, engineering and support services; manages service and performance requirements for the Data PowerHouse; and, coordinates disaster recovery and Alternate Site planning efforts; facilitates delivery of Desktop Technology services and manages the OA's video conferencing facilities and cable television resources.

The Bureau of Geographic Information Systems (GIS) Coordination works with local, state and federal agencies to implement enterprise GIS data standards and facilitate interoperability of data and systems across all levels of government.

### **Program Element: Fraud Detection and Prevention**

The purpose of the Office of Inspector General is to detect, deter and eradicate fraud and waste of State resources, and misconduct by State employees; keep the Governor

## Program: Executive Direction (continued)

fully informed of problems and deficiencies in executive agencies; and help ensure that executive agencies operate efficiently, with integrity, and in accordance with applicable laws and regulations. The Office of Inspector General is designed to maintain public confidence, integrity and efficiency in State Government.

The Office of Welfare Fraud Investigations and Recovery Management, within the Office of Inspector General, is responsible for conducting investigations into suspected welfare fraud and abuse as well as performing collection activities for welfare programs administered by the Department of Public Welfare. The collection activities involve the recovery of benefits provided due to clerical errors, omissions or inaccurate information supplied by applicants, and in the case of medical assistance, charges for services exceeding allowable amounts. In addition, the Office of Inspector General recovers the costs of benefits provided to recipients who are eligible for Supplemental Security Income, tort recoveries, unemployment compensation, workers' compensation and veterans' benefits.

### **Program Element: Commonwealth Budget and Accounting**

The Office of the Budget assists the Governor in formulating fiscal policies and procedures, and in preparing the Commonwealth Budget for delivery to the General Assembly. The establishment of authorized complement levels for those agencies within the scope of authority of the Governor is the responsibility of the Office of the Budget. The office also prepares fiscal notes and reviews proposed regulations as mandated by Act 149 of 1978.

In addition, the Office of the Budget provides accounting, auditing and financial advisory and supportive services to all Commonwealth agencies. The office also provides resources and support to the ImaginePA initiative.

### **Program Element: Rural Development**

The Rural Development Council is responsible for the development and implementation of plans that integrate private expertise and Federal, State and local government efforts for the promotion of rural development in Pennsylvania. The Council's responsibilities include: assessing Pennsylvania's rural development needs, identifying the State's various available resources and compiling and analyzing data to produce insights into rural development.

### **Program Element: Public Employee Pensions**

The Public Employee Retirement Commission, in accordance with Act 66 of 1981 and Act 205 of 1984, provides an ongoing mechanism to monitor public employee retirement plans in the Commonwealth. The commission also is mandated to provide financial analyses to the General Assembly and the Governor in conjunction with their consideration of public pension legislation.

### **Program Element: Medical Malpractice**

The Health Care Services Malpractice Act of 1975 established the Medical Professional Liability Catastrophe Loss Fund to provide a source of funds to pay for judgments, awards or settlements in medical malpractice claims that exceed the basic limits of coverage provided by the professional liability insurance policy. Act 135 of 1996 amended the original legislation to increase the mandated basic insurance coverage for those policies issued or renewed in calendar years 2000 and beyond. Act 13 of 2002 abolished the Medical Professional Liability Catastrophe Loss Fund and replaced it with the Medical Care Availability and Reduction of Error (Mcare) Fund to be administered by the Insurance Department. A Statement of Cash Receipts and Disbursements for the Medical Professional Liability Catastrophe Loss Fund is included in the Special Funds Appendix. The final expenditures for the fund are also reflected as other funds in the Executive Offices Summary by Fund and Appropriation.

## Program: Executive Direction (continued)

### Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

<b>GENERAL FUND</b>					
<b>Office of Administration</b>					
\$	–255	—Initiative—Operational and Administrative Efficiency. Savings from operational and administrative efficiencies.	\$	–297	—Initiative—Operational Efficiency. Savings from operational efficiencies.
	301	—to continue current program.	\$	–1	
\$	46	<i>Appropriation Increase</i>		–8	
			\$	–9	<i>Appropriation Decrease</i>
<b>Medicare Part B Penalties</b>					
\$	40	—to continue current program.			
<b>Health Insurance Portability and Accountability Act</b>					
\$	–4,000	—nonrecurring costs.	\$	–4	—Initiative—Operational Efficiency. Savings from operational efficiencies.
				33	—to continue current program.
<b>Commonwealth Technology Services</b>				20	—to provide for non-recurring actuarial support
\$	–880	—Initiative—Operational Efficiency. Savings from operational efficiencies.	\$	49	<i>Appropriation Increase</i>
	6,927	—to continue current program			
\$	6,047	<i>Appropriation Increase</i>			
<b>Integrated Management Systems</b>					
\$	–1,350	—Initiative—Operational Efficiency. Savings from operational efficiencies.	\$	–378	Office of the Budget —to continue current program.
	–148	—to continue current program.			
\$	–1,498	<i>Appropriation Decrease</i>	\$	15	<b>Statewide Radio System</b> —to continue current program.
<b>Office of Inspector General</b>					
\$	–55	—Initiative—Operational Efficiency. Savings from operational efficiencies.			
\$	175	—to continue current program.	\$	–276	<b>TOBACCO SETTLEMENT FUND</b> Tobacco Settlement Investment Board —program reduction
	120	<i>Appropriation Increase</i>			
			\$	–4,502	<b>Transfer to Health Endowment Account for Long-Term Hope (EA)</b> —to continue transfers to the Tobacco Endowment Account in accordance with the provisions of the Tobacco Settlement Act.
<b>Inspector General - Welfare Fraud</b>					
\$	–69	—Initiative—Operational Efficiency. Savings from operational efficiencies.			
	668	—to continue current program.			
\$	599	<i>Appropriation Increase</i>			

All other appropriations are recommended at the current year funding levels.

In addition, savings of \$275,000 in General Fund augmentations and \$44,000 in Motor License Fund augmentations accrue from operational efficiencies.

*PROGRAM OBJECTIVE: To provide legal advice to the Governor and the Cabinet, and to supervise, coordinate and administer legal services for the Commonwealth.*

## Program: Legal Services

The Office of the General Counsel was created by Act 164 of 1980. The General Counsel serves as the chief legal advisor to the Governor and has the responsibility to appoint deputy general counsel, the chief counsel and assistant counsel in each Executive Branch agency and to supervise, coordinate and administer legal services throughout the Executive Branch.

There are several areas of responsibility for the Office of General Counsel (OGC). The major responsibility is to provide general legal advice to the Governor, his staff and the Cabinet. This includes rendering legal advice and representation concerning matters and issues arising in connection with the operation of agencies under the Governor's jurisdiction. The office and agency chief counsel review and approve for form and legality all Commonwealth deeds, leases, contracts, rules and regulations.

In 1999-2000, OGC began the initial steps toward implementing a program designed to increase and to improve coordination, integration and resource sharing among the various Offices of Chief Counsel. The system creates a knowledge management system known as OGC LawNet, and includes an Intranet Portal through which nearly 1,000 OGC users are connected to the system providing a customizable single point of access to relevant organizational information and systems. OGC LawNet includes communication tools such as a virtual law library, a skills tracking database and a continuing legal education

module for registration and tracking of Continuing Legal Education (CLE) courses and credits. Ongoing maintenance and further enhancements to the system are planned for 2003-04.

The Office of General Counsel provides advice to the Governor on pending legislative matters and issues and reviews for constitutionality and legality all legislation presented to the Governor for approval. OGC also is responsible for initiating appropriate actions or defending the Commonwealth when the Attorney General delegates or declines to initiate appropriate proceedings. It also has the authority to intervene in any action by or against an agency under the Governor's jurisdiction whenever the Governor requests. The General Counsel administers the operations of the Juvenile Court Judges Commission and provides the legal representation for the Pennsylvania Public Television Network.

In addition, the General Counsel serves as a member of the Board of Commissioners on Uniform State Laws, the Pennsylvania Emergency Management Agency, the Joint Committee on Documents, the Board of Property, the Local Government Records Committee, the Medical Advisory Board, the Board of Finance and Revenue and the Civil Disorder Commission.

### Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

		<b>Office of General Counsel</b>
\$	-290	—Initiative—Operational Efficiency. Savings from operational efficiencies.
	88	—to continue current program.
	-202	<i>Appropriation Decrease</i>

*PROGRAM OBJECTIVE: To insure equal opportunities and participation for all individuals regardless of race, religion, color, creed, handicap or disability, ancestry, national origin, familial status, age or sex in all areas of employment, housing, credit, commercial property, public accommodations and education.*

## Program: Prevention and Elimination of Discriminatory Practices

The Human Relations Commission is responsible for identifying, preventing and eliminating illegal discriminatory practices as defined by the Pennsylvania Human Relations Act and the Pennsylvania Fair Educational Opportunities Act. The two principal methods utilized by the commission to secure compliance with the law are processing complaints of discrimination that might result in legal proceedings being initiated, and providing technical assistance to organizations, businesses, governmental bodies and individuals to promote voluntary compliance. Processing formal complaints continues to be the major activity of the commission.

Substantial resources are also devoted to providing technical assistance to anyone who requests guidance in avoiding illegal discriminatory acts. The commission coordinates the State's response to racial and ethnic tensions, and trains law enforcement officials and local government and community leaders on appropriate responses. The commission is also involved with major outreach programs to provide information to community leaders and public officials regarding the Pennsylvania Human Relations Act and its procedures.

The commission, in conjunction with the Pennsylvania Department of Education, is working with several urban school districts to improve the educational achievement of minority and disadvantaged students.

Federal funds are received for investigating complaints that are dual filed with the commission and with either the Equal Employment Opportunity Commission or the U.S. Department of Housing and Urban Development.

The commission's efforts to identify and remedy systemic discrimination continue in order to address the major problems of discrimination against whole classes of individuals. In addition, litigation remains a significant feature of the commission's workload.

In 1999-2000, the Human Relations Commission initiated a project to develop and implement an agency-wide case processing, management and tracking system for the investigation of complaints. It is expected that the project, now completed, will facilitate the resolution of cases in a more efficient and effective manner.

The Latino Affairs Commission functions as an advocate for the Latino community. The commission advises the Governor on policies, procedures, legislation and regulations that impact upon the Latino community. The commission also assists Latino individuals in making the most of their talents and capabilities, and works with local Latino communities in developing strategies and programs that enhance their social and economic status.

The African American Affairs Commission functions as the Commonwealth's advocate for the African American community. The commission advises the Governor and legislative caucuses on policies, procedures, legislation and regulations that impact upon the African American community.

The Commission for Women functions as the Commonwealth's advocate for women and is responsible for developing and implementing policies and programs that work to ensure equal opportunity. A large part of the work of the commission is the distribution of information on subjects that affect equal opportunities and full participation. The commission disseminates information through publication of periodicals, handbooks or checklists on specific subjects; news releases and other information to press and broadcast media; speeches to groups and broadcast appearances; and the provision of information to individuals requesting assistance.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09
<b>Human Relations Commission:</b>

**PROGRAM OBJECTIVE:** *To increase public exposure to quality artistic and cultural programs and to stimulate a climate that offers opportunities and encouragement to artists.*

## Program: Development of Artists and Audiences

The Commonwealth encourages cultural development in the arts through the Pennsylvania Council on the Arts. The 19-member council supports the arts through a grant program, service programs and community organizations. The organizations and artists served are geographically, culturally and ethnically diverse and range from small community organizations that engender and support local arts programs to world-renowned orchestras, museums, dance companies, theatres and festivals.

The council functions with 17 advisory panels, each chaired by a council member and composed of nine or ten professionals in each program area such as: dance, folklore and music. These peer review panels review program structures and recommend needed changes in policy and procedures.

The council supports and assists the arts in the Commonwealth in two specific areas: 1) a grant program that responds to applications and program initiatives that address issues that are beyond the capacity of a single arts institution, and 2) staff services and technical assistance to arts and community organizations. The first involves direct expenditure of grant funds. The second is carried out by the program staff, panelists and council members, and is supported entirely by the administrative appropriation.

The grant program provides funds to support nonprofit arts organizations, specific arts projects and artistic development. The grant program also funds the Minority Arts Program that encourages minority, traditional and ethnic artists and ensembles to participate in the arts.

*PROGRAM OBJECTIVE: To provide criminal and juvenile justice system policy analysis, coordination and planning to improve criminal justice programs.*

### Program: Criminal and Juvenile Justice Planning and Coordination

#### **Program Element: Planning and Coordination**

The Pennsylvania Commission on Crime and Delinquency (PCCD) supports the criminal justice system by providing system-wide criminal statistical and analytical services, and by fostering interagency coordination and cooperation, as well as by rendering training and technical assistance. Appointed task forces, advisory groups and planning committees, encompassing commission and non-commission members, advise the commission in addressing specific problem areas.

The commission also administers a mix of State and Federal grant programs that are designed to provide support to local elements of the criminal justice system and, through selective financing of proposals, demonstrate new solutions to Statewide problems.

The commission fosters the development of criminal justice policy by conducting research on timely criminal justice issues and has established a link to Pennsylvania's academic community through the formation of an evaluation advisory committee composed of leading criminal justice researchers. Integral to its role in criminal justice coordination and analysis of legislative issues, PCCD has formed a multi-agency correctional population projection committee that provides policymakers with accurate projections of the Commonwealth's correctional population and conducts policy impact analysis. In the area of criminal justice record information, PCCD coordinates a multidisciplinary committee that analyzes criminal justice information and develops and implements strategies to improve the quality and value of the information.

The commission is the designated State agency to administer the Federal Violence Against Women Act of 1994. The program provides funding to Pennsylvania to develop a coordinated and integrated approach to improving the criminal justice system's response to violence against women.

Under the guidance of its gubernatorially appointed Juvenile and Delinquency Prevention Advisory Committee, PCCD occupies a central role in the interaction among the Department of Public Welfare, the Juvenile Court Judges Commission and other agencies in the development and implementation of policy and programming relative to juvenile justice. PCCD is the State's focal point for promoting local efforts to implement risk-focused, community mobilization programming directed toward preventing delinquent behavior among youths. The Research-based Violence Prevention Program has supported these efforts since 1998-99. The commission administers the Federal Juvenile Justice and Delinquency Prevention Act Formula Grant Program, as well as the Juvenile Accountability Incentive Grant Program that also provide funds.

The commission provides training and technical assistance to county prison boards and local officials through the County Intermediate Punishment Act. This act provided counties with opportunities to develop various intermediate punishment programs for nonviolent offenders to alleviate overcrowding in the county prisons. The Commission also administers a program to support drug and alcohol assessment, evaluation and treatment services related to this program.

Through the use of Federal Drug Control and System Improvement (DCSI) formula grant funds administered by PCCD, State and local units of government receive start-up monies for projects to improve the justice system. Major priorities for new local projects include juvenile justice initiatives; community-based criminal justice initiatives; corrections; community-based planning initiatives; new and expanded criminal justice automation efforts; comprehensive victim services; training; and evaluation activities.

PCCD administers a training program for deputy sheriffs that is financed through a surcharge on fees levied by the sheriffs for legal services executed. In 2003, the Board began a new 760-hour basic training curriculum, which provides for certification of deputy sheriffs and biennial continuing education, which provides for re-certification. Similarly, PCCD provides training and certification for constables. The 80-hour basic and 20 hour annual continuing education training is supported through a surcharge on constable services.

PCCD provides Statewide training and technical assistance for law enforcement personnel to implement community-based crime reduction strategies; coordinates Statewide efforts promoting law enforcement's involvement in policing practices, sponsors an annual program to recognize citizen contributions to local crime reduction projects, and administers a Statewide crime prevention review group. PCCD also provides training to law enforcement agencies to implement drug education and law enforcement education in the schools.

The commission administers the Federal Residential Substance Abuse Treatment Program of the Violent Crime Control and Law Enforcement Act of 1994. This program provides funding to develop and implement residential substance abuse treatment programs within State and local correctional facilities in which prisoners are incarcerated for a period of time sufficient to permit substance abuse treatment. In addition, the commission also administers the Governor's portion of the Local Law Enforcement Block Grant (LLEBG) Program that provides support to local jurisdictions that by formula do not qualify for a direct LLEBG allocation.

## Program: Criminal and Juvenile Justice Planning and Coordination (continued)

Through Act 30 of 2001, the powers and duties of PCCD were expanded to include the continuing development of comprehensive, community-based violence prevention plans including efforts initiated by the Governor's Partnership for Safe Children, as well as the development and promotion of comprehensive targeted crime prevention efforts and a planning process for the revitalization of high-crime and distressed communities, such as those already underway with the Weed and Seed Program.

### Program Element: Victim Services

PCCD uses county-based policy boards to define local victim service needs and develop cost-effective victim/witness service strategies. Technical and financial assistance is provided to community-based organizations and district attorney offices in all 67 counties to support comprehensive service to victims of all violent crime with particular emphasis on services to victims of sexual assault, domestic violence and child abuse. Grants are made using court imposed costs authorized by Act 96 of 1984, as amended by Act 155 of 1992, and the Federal Victims of Crime Act of 1984. The commission also administers the formula grant, Title V and State Challenge Activities components of the Federal Juvenile Justice and Delinquency Prevention Act of 1974. In addition, the Victims of Juvenile Offenders Program supports community-based services to assist victims of juvenile offenders.

Act 86 of 2000 amended the Crime Victims Act by adding definitions for adult, juvenile and preadjudication disposition. The act provides victims of crimes committed by juvenile

offenders with the same rights as victims of crimes committed by adult offenders including receiving basic information pertaining to victims assistance, obtaining access to information concerning disposition of cases and receiving reimbursement of losses.

The Crime Victims Compensation Program was created by Act 139 of 1976 to ameliorate the financial burden faced by victims of crime. The Office of Victim Services is responsible for the administration of the program. Reimbursements to victims are made for medical expenses, counseling, loss of earnings and cash loss of benefits. In the event of death, funeral expenses and loss of support may be compensated to those who qualify. The maximum award is \$35,000 including \$20,000 for loss of support and \$15,000 for loss of earnings. The Crime Victims Compensation Program is the payer of last resort for crime victims' losses and the office is required to verify all aspects of each claim prior to payment.

Payments to victims are disbursed from a restricted revenue account that receives its funding from the collection of costs assessed against certain offenders who are convicted. Payment funds are also provided by the Federal Victims of Crime Act of 1984 that allocates Federal reimbursements to states based on a formula of prior year payments to victims. Act 144 of 2002 authorized a one-time transfer of surplus funds from the Victim Witness Services Restricted Revenue Account to the Crime Victims Payments Restricted Revenue Account in the amount of \$1,000,000. The restricted revenue account is listed as Other Funds in the Executive Offices Summary by Fund and Appropriation.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09
<b>Planning and Coordination</b>							
Persons attending crime prevention course and in-service instructors' workshop .....	351	300	300	300	300	300	300
Communities/School District Sites ..... implementing Communities That Care .....	127	127	136	146	156	166	176
New law enforcement officers certified as drug education and law enforcement program instructors .....	116	260	260	260	260	260	260
New deputy sheriffs certified through completion of training .....	201	240	240	240	240	240	240

Persons attending crime prevention courses and in-service instructors' workshops increased in 2003-04 over the projection shown in last year's budget based on actual activity.

## Program: Criminal and Juvenile Justice Planning and Coordination (continued)

Program Measures: (continued)	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09
<b>Victim Services</b>							
Crime Victims Compensation:							
New claims received, reviewed and accepted .....	4,787	5,172	5,755	6,346	6,504	6,667	6,833
Claims paid .....	3,094	4,061	4,438	4,222	4,328	4,436	4,547
Claims denied .....	392	412	432	454	476	500	525
Claims administratively closed .....	1033	1085	1139	1196	1256	1318	1384
Claims reopened for additional losses .....	1,578	1,800	1,900	1,948	1,996	2,046	2,097
Victims compensation claim processing time (in weeks)* .....	N/A	N/A	12.00	11.50	11.00	10.50	10.00

Claims administratively closed increased in 2003-04 over the projection shown in last year's budget due to an increased public awareness of this program yielding an increase in the number of claims filed.

The average Crime Victim's Compensation program reimbursement per claim in 2002-03 was \$2,323.

\*New program measure.

### Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

**Commission on Crime and Delinquency**  
\$ -153 —to continue current program.

**Partnership for Safe Children**  
\$ 31 —to continue current program.

**Victims of Juvenile Crime**  
\$ 21 —to continue current program.

**Weed and Seed Program**  
\$ -16 —to continue current program.

**Intermediate Punishment Drug & Alcohol**  
\$ 325 —to continue current program.

All other appropriations are recommended at the current year funding levels.

*PROGRAM OBJECTIVE: To reduce the recurrence of juvenile delinquency through replacement of criminal behavior with socially acceptable behavior.*

## Program: Reintegration of Juvenile Delinquents

The Juvenile Court Judges Commission (JCJC) is responsible for the development and improvement of juvenile probation services throughout the Commonwealth. These services focus on the provision of balanced attention to the protection of the community, the imposition of accountability for offenses committed and the development of competencies to enable children to become responsible and productive members of the community. The provision of Statewide juvenile justice training, education, research, statistical information, and the development and enhancement of specialized intensive probation and aftercare services for juveniles have significantly improved the quality of service within the Commonwealth's juvenile justice system.

All of the Commonwealth's sixty-seven counties participate in the commission's grant-in-aid program and have adopted the commission's required Juvenile Court Standards, participated in commission sponsored training programs and complied with all commission statistical reporting requirements. The grant-in-aid program is the only source of State funding for juvenile probation services. It supports the commission's major programs including training, education and specialized projects such as the provision of liability insurance and financial support for necessary equipment and software to enable counties to participate in the commission's juvenile probation management information system.

The commission annually sponsors from 40 to 45 state-of-the-art-training programs for juvenile justice practitioners. In addition to the provision of training, the commission, in conjunction with Shippensburg University, provides the support to enable probation officers to receive Master of Science Degrees in the Administration of Justice. By the end of 2003-04, 455 juvenile justice professionals will have earned graduate degrees through this program since its

inception in 1982.

The commission continues to support the Specialized Probation Services Program, including school-based probation, community-based probation, intensive probation and aftercare services including assistance for drug and alcohol abuse prevention and treatment. The commission provides support for 412 specialized probation officers pursuant to JCJC standards. Of these positions, 144 are for school-based probation, 114 are for community-based probation, 66 are for intensive probation, 58 are for aftercare services, and 30 are specialized probation services supervisors. The commission will continue this program during 2004-05.

The commission's Drug and Alcohol initiative continues to be a priority. Fifty-eight of the Commonwealth's counties are using urinalysis drug testing techniques on those juveniles who are known or suspected drug users. Juveniles referred by the court are tested for one or more of the following drugs: THC, cocaine, barbiturates, amphetamines, opiates, PCP, benzodiazepines and alcohol. Outcome information regarding each youth tested is collected by the commission and entered into its drug-testing database.

Juvenile arrests for violent crimes (murder, forcible rape, robbery and aggravated assault) decreased from 4,533 in 2001 to 4242 in 2002. The arrest rate per 100,000 juveniles decreased from 332 in 2001 to 310 in 2002.

JCJC participates in the Commonwealth's Unified Information Technology System. The commission's primary role in the project is to assist in the design, development and implementation of a juvenile tracking system. The project is part of the development of the Statewide Integrated Criminal Justice System and the establishment of a Justice Network (J-Net) to electronically connect criminal justice agencies to facilitate information sharing.

# Lieutenant Governor

*PROGRAM OBJECTIVE: To provide an effective administrative system through which substantive programs of the agency can be accomplished.*

## Program: Executive Direction

This program provides for the execution of duties relating to the Office of the Lieutenant Governor. These duties, as prescribed by the Constitution, include presiding over the Senate; assuming the Office of the Governor for the remainder of the Governor's term, if necessary, as a result of the death, conviction or impeachment, failure to qualify or resignation of the Governor; and serving as Chairman of

the Pennsylvania Board of Pardons which reviews applications for reprieve, commutation of sentences and pardons. Through statute, the Lieutenant Governor also serves as Chairman of the Local Government Advisory Committee, which advises the Governor's Center for Local Government Services and the Administration on the needs and concerns of local government entities.

### Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

\$ -7 **Lieutenant Governor's Office**  
—to continue current program.

\$ 4 **Board of Pardons**  
—to continue current program.

# ATTORNEY GENERAL

The State constitution provides that the Attorney General shall be the chief law enforcement officer of the Commonwealth and shall exercise such powers and perform such duties as may be imposed by law.

The Commonwealth Attorneys Act establishes the Attorney General as the chief legal and law enforcement officer of the Commonwealth and provides the following fundamental duties and responsibilities of the Office of Attorney General:

To be the Commonwealth's chief law enforcement officer charged with the responsibility for the prosecution of organized crime and public corruption. This law enforcement program includes a criminal investigations unit and drug law enforcement program as well as direction of Statewide and multi-county investigating grand juries and a Medicaid Fraud Control Section.

To represent the Commonwealth and all Commonwealth agencies and upon request the Auditor General, State Treasurer and Public Utility Commission in any action brought by or against the Commonwealth or its agencies; to furnish upon request legal advice to the Governor or the head of any Commonwealth agency.

To review for form and legality all proposed rules and regulations for Commonwealth agencies.

To review for form and legality all Commonwealth deeds, leases and contracts to be executed by Commonwealth agencies.

To collect, by suit or otherwise, all debts, taxes and accounts due the Commonwealth which shall be referred to and placed with the Attorney General.

To administer the provisions relating to consumer protection as well as appoint the Advisory Committee.

To represent the Commonwealth and its citizens in any action brought for violation of the Antitrust Laws of the United States and the Commonwealth.

The Attorney General, in addition, serves as a member of the Board of Pardons, the Joint Committee on Documents, the Hazardous Substances Transportation Board, the Board of Finance and Revenue, the Pennsylvania Commission on Crime and Delinquency, the Civil Disorder Commission and the Municipal Police Officers Education and Training Commission.

*PROGRAM OBJECTIVE: To enforce the criminal laws of the Commonwealth to protect the interests of Pennsylvania citizens in areas of consumer protection, antitrust enforcement, operation of charitable trusts and organizations, and civil rights; and to provide legal services to Commonwealth agencies.*

## Program: Public Protection and Law Enforcement

The Attorney General as the chief law enforcement officer of the Commonwealth is charged with the responsibility for the investigation and prosecution of organized crime and public corruption. The agency investigates and prosecutes criminal activity in accordance with Sections 205 and 206 of the Commonwealth Attorneys Act, and utilizes Statewide investigative grand juries as appropriate. The Attorney General's Office works with the State Police to curtail drug abuse in the Commonwealth by immobilizing illegal drug traffickers.

Other major activities of this program involve: decreasing the incidence of fraud and deceptive business practices and securing recovery of damages to the Commonwealth and its citizens; encouraging free enterprise and competition; prosecuting hazardous waste cases; and providing for representation of the consumer in utility rate

proceedings before the Public Utility Commission through the Office of the Consumer Advocate. The Consumer Advocate also represents the consumer in cases such as competition in the electric, gas and telecommunications industries, filings of alternative regulatory plans by telephone utilities, purchased gas cases, and filings by major natural gas pipelines. Act 166 of 1994 established a Section of Insurance Fraud within the Attorney General's Office to prosecute and investigate insurance fraud.

This program also provides legal services for governmental agencies of the Commonwealth, as required by Section 204 of the Commonwealth Attorneys Act. Specifically, the Attorney General's Office represents the Commonwealth in any action brought by or against the Commonwealth or its agencies, particularly tort claims.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09
Cases presented to the Statewide Investigating Grand Jury .....	71	72	75	75	75	75	75
Local drug task force arrests .....	5,397	5,400	5,400	5,400	5,400	5,400	5,400
Drug arrests resulting from Grand Jury presentments .....	204	215	220	220	220	220	220
Review of estates, charities, nonprofits, and healthcare conversions for compliance with rules and regulations ....	2,162	2,400	2,400	2,400	2,400	2,400	2,400
Consumer complaints concerning business practices investigated and mediated .....	43,688	37,000	37,000	37,000	37,000	37,000	37,000
Dollar value of recoupment to consumers regarding business practices (in thousands) .....	\$6,161	\$6,500	\$6,500	\$6,500	\$6,500	\$6,500	\$6,500
Consumer complaints concerning business practices - health care industry* .....	1,252	1,500	1,500	1,500	1,500	1,500	1,500

Cases presented to the Statewide investigating Grand Jury increased from those shown in last year's budget due to a greater emphasis on drug investigations placed before the grand jury.

Drug arrests resulting from Grand Jury presentments decreased from projections shown in last year's budget because of the complex, time-consuming nature of the cases.

Consumer complaints concerning business practices investigated and mediated were higher than projected in last year's budget due to high growth in "do not call" complaints.

Dollar value of recoupment to consumers regarding business practices is less than the amount projected in last year's budget because a portion of the funds are reported in the new measure for the Health Care Section.

\*New program measure.

## Program: Public Protection and Law Enforcement (continued)

Program Measures: (continued)	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09
Money returned to consumers from Healthcare Section intervention* (in thousands) .....	\$1,547	\$1,200	\$1,200	\$1,200	\$1,200	\$1,200	\$1,200
Antitrust cases: dollars paid or agreed to be paid to the Commonwealth or directly to its citizens (in thousands) .....	\$1,757	\$1,000	\$1,000	\$1,000	\$1,000	\$1,000	\$1,000
Rate cases argued by the Consumer Advocate .....	32	18	N/A	N/A	N/A	N/A	N/A
Other cases argued by the Consumer Advocate .....	248	244	N/A	N/A	N/A	N/A	N/A

Antitrust cases: dollars paid or agreed to be paid to the Commonwealth or directly to its citizens is greater than the estimate for 2002-03 in last year's budget because of one unusually high settlement.

\*New program measure.

## Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

All General Fund appropriations are recommended at the current year funding levels.

This budget also recommends the following for the Office of the Consumer Advocate from its restricted account in the General Fund.

**Office of the Consumer Advocate**  
\$ 95 —to continue current program.

# AUDITOR GENERAL

The Department of the Auditor General post-audits the affairs of State Government agencies and certain local government agencies, officials and organizations. The objective is to insure conformance with established legislative and administrative regulations and to assure that all money has been disbursed legally and properly. In addition, the Auditor General examines the accounts of revenue collecting agents to insure that all money due the Commonwealth was reported and transmitted properly.

**PROGRAM OBJECTIVE:** *To insure that all revenue to which the Commonwealth is entitled is deposited in the State Treasury and that public money is disbursed legally and properly.*

## Program: Auditing

The Auditor General is required by the Fiscal Code to audit the financial affairs of State Government and certain local government entities. The Auditor General is mandated to perform audits of any entity receiving funds from the Commonwealth or any entity collecting funds that belong to the Commonwealth. Each year, the department performs thousands of regular and special post audits of Commonwealth agencies, persons, associations and corporations to insure money is disbursed legally and properly. The Auditor General also examines accounts of revenue collecting agents to assure that all funds due the Commonwealth have been reported and transmitted properly and that the Commonwealth's financial statements conform to Generally Accepted Accounting Principles (GAAP).

The Single Audit, which is a single financial/compliance audit of the Commonwealth's Federal aid programs, and an audit of the Commonwealth's General Purpose Financial Statements are jointly performed each year by the Auditor General and an independent certified public accounting firm.

Special audits may be made when the Auditor General determines they appear to be necessary. Special audits must also be conducted when the Governor calls upon the Auditor General to do them.

The Fiscal Code also requires the Auditor General to audit public assistance payments to determine the eligibility of persons receiving public assistance grants. Recipients are subject to continuous audit. These audits serve to adjust grants to persons either ineligible or receiving overpayments or underpayments.

In addition to fiscal duties, by statute the Auditor General serves as a member of the State Public School Building Authority and other major Commonwealth boards and commissions.

The Board of Claims operates within this program as an independent judicial and administrative body with jurisdiction to hear and determine claims against the Commonwealth that equal or exceed \$300.

### Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

**Auditor General's Office**  
\$ 908 —to continue current program.

**Computer Enhancements**  
\$ -2,000 —nonrecurring program.

**Board of Claims**  
\$ 41 —to continue current program.

*PROGRAM OBJECTIVE: To assist municipal pension systems through loans and disbursement of annual supplemental State assistance.*

## Program: Municipal Pension Systems

In 1984, the General Assembly passed Act 205, known as the Municipal Pension Plan Funding Standard and Recovery Act. The enactment of this legislation was in response to the solvency problems facing many of the Commonwealth's municipal pension systems. The act requires the submission of municipal pension plan actuarial reports to the Public Employee Retirement Commission (PERC) every two years and establishes criteria for determination of actuarial soundness and the amount of State financed support that will be provided. The Auditor General is responsible for audits of approximately 1,300 municipal pension funds for nonuniformed employees where

municipalities choose to allocate State aid to those funds.

Under Act 205, the Auditor General is responsible for the administration of the Supplemental State Assistance Program, including disbursement of funds to distressed municipal pension systems based on certifications provided by PERC. Since 1989-90, revenues for the Supplemental State Assistance Fund have been provided entirely by General Fund appropriations. By statute, this program and fund terminated in 2003. The unspent balance within the fund shall be transferred to the General Fund.

### Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

**Municipal Pension System State Aid**  
\$ -330 —program eliminated per Act 205 of 1984.

# **TREASURY DEPARTMENT**

The Treasury Department is responsible for receiving all Commonwealth monies and for depositing such monies in State depositories approved by the Board of Finance and Revenue, for managing all securities in its custody to the best advantage of the Commonwealth, for preauditing all requisitions for the expenditures of funds and for disbursement of all State monies upon proper authorization to those entitled to receive payment.

*PROGRAM OBJECTIVE: To receive and safeguard the monies of the Commonwealth, to manage the funds to the best advantage of the Commonwealth and to insure that all disbursements of funds are legal and proper.*

## Program: Disbursement

The Treasury Department is required by the Fiscal Code to receive and deposit all monies of the Commonwealth; to invest in securities any Commonwealth monies which accumulate beyond the daily needs of the various funds; to manage to the best possible advantage all securities in its custody; to preaudit all requisitions for the expenditure of funds; and to disburse all State monies upon proper authorization to those entitled to receive payment. In this capacity the department is responsible for the receipt, custody and disbursement of billions of dollars each year.

The Treasury Department also audits disbursement records, maintains accounting controls and disburses all checks to recipients of public assistance. Thousands of checks are processed each working day for distribution to recipients. This processing includes preauditing, collating, authenticating and mailing the checks to individual recipients and banks. Hundreds of participating banks throughout the Commonwealth distribute thousands of checks daily.

The State Treasurer is Chairman of the Board of Finance and Revenue and serves on various State boards and commissions including several public retirement boards.

The Board of Finance and Revenue operates within this program by reviewing and deciding appeals concerning settlements made between the Commonwealth and persons, associations and corporations. The board also administers the program for refunding certain monies to which the Commonwealth is not legally entitled.

Under the provisions of Act 101 of 1976, as amended by Act 161 of 1994, the Treasury Department is required to pay death benefits, adjusted annually for inflation, to the surviving spouse or children of firemen or law enforcement officers of the Commonwealth killed in the performance of their duties and to reimburse political subdivisions for such payments made to survivors of local firemen or law enforcement officers. This current payment includes benefit increases with inflation.

The Treasury Department administers the Tuition Account Program that provides for two programs for postsecondary educational savings. The Tuition Account Guaranteed Savings Program Fund provides for the advance purchase of tuition credits for students who will attend institutions of higher education. Savings for higher education may also be made through the Tuition Account Investment Program Fund. A cash flow statement for each fund is included in the Special Funds Appendix.

The State Treasurer is responsible for the administration and enforcement of the Commonwealth's abandoned and unclaimed property laws. Tangible and intangible property that has remained unclaimed for five or more years is reported and remitted to the Treasury Department by holders in possession of the property. The Commonwealth maintains perpetual custody of the property until it is claimed by the rightful owner. Revenues generated by collection of unclaimed property cover the costs of paying claims.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09

*PROGRAM OBJECTIVE: To promote interstate cooperation and progress through participation in various associations and organizations both regionally and nationally.*

## Program: Interstate Relations

Pennsylvania helps promote interstate progress and cooperation through participation in various organizations, associations and commissions with other states and other units of government. As a member of the Council of State Governments, Education Commission of the States, National Conference of State Legislatures and the National Governors' Association, Pennsylvania helps coordinate ideas on programs, interstate progress, budgets, Federal-State relations, education, labor, research, governmental techniques and general information with other states, the Congress and the Federal Executive Branch.

The Governmental Accounting Standards Board is also included within this program. The board provides guidance and establishes standards to promote uniformity and

comparability in governmental accounting and financial reporting.

The State and Local Legal Center provides for Pennsylvania's participation in a center to advance and defend the interests of state and local governments in matters involving Federal preemption, state taxing and spending powers, the tenth amendment and other issues.

This program also covers Pennsylvania's cost of the Great Lakes Commission and the Council of Great Lakes Governors. These organizations were established to plan and promote a unified and balanced program for the development, use and conservation of Great Lakes Basin water resources.

### Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

\$ 3 **Intergovernmental Organizations**  
—to continue current program.

*PROGRAM OBJECTIVE: To provide for interest and principal requirements of notes and bonds issued by the Commonwealth and other expenses related to debt service.*

## Program: Debt Service

The Commonwealth, through the Treasury Department, is obligated to meet principal and interest requirements and other expenses related to debt service.

Long-term bonds are issued by the State to cover the cost of financing public improvements which represent such a heavy financial burden that they cannot be funded through current revenues. These bond issues have provided funds for the acquisition and development of public recreation and historic sites and facilities; payment for disaster recovery costs; economic revitalization efforts; low-cost loans for water supply and sewage treatment improvements; loans to

volunteer fire companies; and a wide variety of construction and renovation projects for hospitals, higher education facilities, State parks, flood control, correctional institutions and various public buildings.

The Commonwealth has saved substantial amounts of debt service interest payments through the issuance of refunding bonds to retire debt incurred in prior years when interest rates were considerably higher. The Commonwealth continues to monitor its debt for additional refunding opportunities.

### Program Recommendations:

**GENERAL FUND**  
\$ 110,897 —the net effect on principal and interest requirements and other costs relating to the General Fund debt service.

**MOTOR LICENSE FUND**  
\$ -16,759 —the net effect on principal and interest requirements and other costs relating to the Motor License Fund debt service.

# DEPARTMENT OF AGING

*The mission of the Department of Aging is to enhance the quality of life of older Pennsylvanians by empowering the community, the family and the individual.*

The Department of Aging consolidates services for older Pennsylvanians and provides a single point of contact through which older Pennsylvanians can address their concerns to State Government.

Statewide services are provided through the local Area Agencies on Aging. Services include long-term care assessment, home and community-based services, nutrition, employment, transportation, domiciliary care and protection. Additionally, the Department of Aging manages the pharmaceutical assistance program for older Pennsylvanians.

*PROGRAM OBJECTIVE: To enable older Pennsylvanians to maintain active and independent lives in their own homes or alternative community living arrangements.*

## Program: Community Services for Older Pennsylvanians

The Department of Aging has established a network of in-home and community-based services addressing the varied needs of older Pennsylvanians. These programs enrich the lives of older Pennsylvanians and enable frail older Pennsylvanians to delay or avoid institutionalization. The 52 Area Agencies on Aging, serving all 67 counties, provide aging services at the local level.

Many older Pennsylvanians require only minimal outside support to function independently, therefore, a basic service of Area Agencies on Aging (AAA) is to inform these people of available services. AAAs sponsor over 500 senior centers throughout the Commonwealth that provide a full range of socialization, recreational and educational activities. Congregate meals, served by the centers at lunchtime, provide older Pennsylvanians with a hot, nutritionally balanced meal. Transportation services arranged by the agencies allow older Pennsylvanians to visit the doctor, shop or attend senior center events. Job placement services help older Pennsylvanians find unsubsidized private sector employment and offers job training and subsidized part-time community service employment.

Frail older Pennsylvanians require more extensive and personalized services to remain in their homes and communities and avoid relocating to an institutional setting such as a nursing home or personal care home. A nursing home pre-admission screening program helps older Pennsylvanians and their families determine the least restrictive environment needed and assists them in securing and managing intensive in-home services tailored to their needs. A continuum of services is available based on the functional and financial qualifications of the consumer ranging from home delivered meals to intensive in-home services for older Pennsylvanians needing the level of care

available in institutional settings. Persons with higher income or assets share in the cost of services. This budget proposes a substantial increase in the utilization of home and community-based care as an alternative to nursing facility care. Home and community-based services promote independence and self-reliance, and maximize opportunities for family and community involvement.

A variety of personal support services are available for the growing population of frail older Pennsylvanians. The most common service is home delivered meals for people unable to prepare adequate meals for themselves or participate in group dining at senior centers. Personal care and related services assist functionally limited persons with key activities of daily living such as eating, dressing and personal hygiene either in their own homes or in adult daily living centers. Home support services provide for performance of labor intensive, unskilled or semiskilled maintenance, cleaning tasks or routine household chores. Protective services are provided to older Pennsylvanians who are at imminent risk of abuse, neglect, exploitation or abandonment. Services are designed to provide the least restrictive alternative to meet the client's need.

Attendant care services are maintained for disabled adults transitioning at age 60 from the Department of Public Welfare's Attendant Care Program. The enhanced level of personal care services is provided until health changes indicate a change in care level is appropriate.

The Department of Aging assists families who maintain frail relatives in their home through the Family Caregiver Program. Working through the AAAs, the program provides benefits counseling and, depending on income, financial assistance including supplies, services and home adaptations and devices.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09
Pennsylvanians 60 years and older .....	2,439,900	2,443,400	2,447,000	2,450,500	2,487,400	2,524,200	2,561,000
Pennsylvanians 85 years and older .....	271,300	288,200	305,100	322,000	330,700	339,300	348,000
Persons served who are clinically nursing home eligible .....	20,402	23,035	27,380	27,380	27,380	27,380	27,380
Persons receiving assistance:							
Congregate meals .....	148,372	149,370	150,300	151,200	151,200	151,200	151,200
Transportation (complete round trips) .....	99,376	106,345	112,900	119,800	119,800	119,800	119,800

## Program: Community Services for Older Pennsylvanians (continued)

<b>Program Measures: (continued)</b>	<b>2002-03</b>	<b>2003-04</b>	<b>2004-05</b>	<b>2005-06</b>	<b>2006-07</b>	<b>2007-08</b>	<b>2008-09</b>
Attendant care services .....	540	754	938	940	940	940	940
Home delivered meals .....	48,706	50,150	52,450	54,800	54,800	54,800	54,800
Home support services .....	9,639	9,235	8,900	8,600	8,600	8,600	8,600
Personal care services .....	20,640	19,865	19,125	18,400	18,400	18,400	18,400
Protective services .....	11,459	12,205	12,900	13,600	13,600	13,600	13,600
Families receiving caregiver support .....	7,246	7,400	7,400	7,400	7,400	7,400	7,400
<b>Pre-Admission Assessment:</b>							
Initial Assessments .....	62,854	64,870	86,300	86,300	86,300	86,300	86,300
Referrals to nursing homes .....	38,064	39,285	47,465	47,465	47,465	47,465	47,465
Referrals for community services .....	21,540	22,230	38,835	38,835	38,835	38,835	38,835

Persons receiving personal assistance services, home support services, and personal care services decreased from the projections shown in last year's budget as a result of the increase in Tobacco-funded home and community-based waiver services which shifted many nursing home eligible consumers from the Department of Aging to the Department of Public Welfare's in-home service funding streams.

Persons receiving home delivered meals increased from the projections shown in last year's budget as a result of consumer demand and the shift in consumers referenced above which allowed for increased funding of home delivered meals.

Persons receiving protective services increased in 2003-04 from the projection shown in last year's budget due to additional reporting requirements for institutions that has resulted in an ongoing increase in the number of persons served.

Pre-admission assessments and referrals for both nursing homes and community services decrease in 2003-04 from the projections shown in last year's budget since a decision on the Taylor versus White litigation is still pending in court.

**Program Recommendation:**

This budget recommends the following changes: (Dollar Amounts in Thousands)

*PROGRAM OBJECTIVE: To assist eligible older Pennsylvanians who experience difficulty meeting the cost of prescription drugs necessary to maintain healthy lives.*

## Program: Pharmaceutical Assistance

The pharmaceutical assistance program provides limited pharmaceutical assistance to qualified older Pennsylvanians who are 65 years of age and over and who face a growing burden from the cost of drugs required to maintain healthy, productive lives. The program, financed by Lottery and Tobacco Settlement Fund revenue and administered by the Department of Aging, is referred to as PACE.

The PACE program has two components. Act 37 of 2003 expanded the income eligibility limits for both components to enroll additional consumers. The traditional, comprehensive program is for older Pennsylvanians whose annual income is at or below \$14,500 for single persons and \$17,700 for married persons. PACE pays the entire cost of prescription drugs and insulin supplies after a mandatory copayment of \$6 for generic and \$9 for brand-name prescriptions is made. The PACE Needs Enhancement Tier (PACENET) program is available for older Pennsylvanians whose annual income is between \$14,500 and \$23,500 for single persons and between \$17,700 and \$31,500 for married persons. PACENET pays the entire cost of prescription drugs and insulin supplies after a claimant meets a \$40 per person per month deductible and a mandatory copayment of \$8 for generic and \$15 for brand-name prescriptions. The \$40 deductible is cumulative if it is not met each month. Participating pharmacies are reimbursed at 90 percent of the average wholesale costs of prescription drugs plus a dispensing fee, their usual and customary charge, or the most current Federal upper payment limit established in the Medicaid Program for generic drugs plus a dispensing fee, whichever is less. Pharmacies are required to stock and dispense A-rated generic drugs included in the Federal Drug Administration

“Orange Book” unless an A-rated generic drug is deemed by the Department of Aging to have too narrow a therapeutic index for safe and effective dosing or the usual and customary charge for the brand name drug is equal to or less than the least expensive generic drug. In addition, Act 134 of 1996 prohibits payment for cosmetic drugs and for less than effective drugs without certification by a physician.

The Department of Aging is responsible for insuring compliance with the PACE program requirements. In addition to careful review of eligibility, including income verification by matching with Pennsylvania income tax returns, the department audits providers to detect and deter fraud and has established both a prospective and a retrospective drug utilization review system to monitor and correct misuse of drug therapies.

A prudent pharmaceutical purchasing program ensures that the PACE program receives a discount from drug manufacturers. PACE pays for drug products from manufacturers who agree to pay a rebate for brand drugs pursuant to the determination established by section 1927(c) (1) of the Social Security Act and a rebate of 14 percent of the average manufacturer price for generic drugs purchased through the program. In addition, participating manufacturers agree to pay an excessive pharmaceutical price inflation discount equivalent to the difference between the quarterly average manufacturers price charged for a drug and the average quarterly price charged for that drug one year earlier inflated by the Consumer Price Index-Urban.

As provided in Act 37 of 2003, the department will facilitate the enrollment of its participants in the new Federal Medicare pharmacy benefit, while working with the Federal government and Medicare benefit plans to develop and implement a seamless coordination of benefits.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09
Comprehensive PACE Program:							
Older Pennsylvanians enrolled (average) .	192,340	197,400	198,450	196,500	188,600	181,100	173,850
Total prescriptions per year .....	9,665,650	10,024,640	10,848,100	11,310,800	11,431,500	11,558,700	11,684,000
Average PACE cost per prescription .....	\$43.07	\$46.56	\$50.41	\$54.41	\$58.73	\$63.40	\$68.44
PACE Needs Enhancement Tier (PACENET):							
Older Pennsylvanians enrolled (average)	30,779	52,000	78,700	115,050	127,200	138,000	149,700
Total prescriptions per year .....	1,007,036	1,519,885	3,076,500	4,978,700	6,093,500	7,318,300	8,788,200
Average PACENET cost per prescription ..	\$39.13	\$44.80	\$48.08	\$51.08	\$54.35	\$57.84	\$61.55

PACENET Older Pennsylvanians enrolled and total prescriptions per year increase beginning in 2003-04 from the projections shown in last year's budget due to Act 37 of 2003 which increased eligibility limits thereby expanding the number of consumers enrolled in the program.

The program measures above do not reflect any impact of the Federal Medicare pharmacy benefit plan.

## Program: Pharmaceutical Assistance (continued)

## Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

**PACENET Transfer (EA)**  
 \$ -4,502 —reduction in Tobacco Settlement Funds  
 available for transfer.

All other appropriations are recommended at the current year funding levels.

---

# DEPARTMENT OF AGRICULTURE

*The mission of the Department of Agriculture is to encourage and promote agriculture and related industries throughout the Commonwealth.*

The department's mission is accomplished through four major programs: consumer protection, property protection, farmland preservation and farmers and agribusiness development. The department provides a full range of services to farmers and consumers from Harrisburg and through seven regional offices located around the State.

The Department of Agriculture carries out activities to ensure wholesome and safe agricultural products for consumers; expand existing and develop new domestic and foreign markets for Pennsylvania's farmers to compete in the global economy; develop and encourage proper farming and conservation practices; prevent, control and eradicate diseases among livestock, poultry and plants; regulate the conduct of horse racing and improve the quality of life in rural Pennsylvania.

*PROGRAM OBJECTIVE: To strengthen the agricultural economy and related enterprises.*

## Program: Protection and Development of Agricultural Industries

The Department of Agriculture administers several related elements within this program.

### **Program Element: Agribusiness Development**

This program element includes: a commodity promotion section; a domestic and international business development section; a market opportunities section and an agricultural land preservation section.

The commodity promotion section focuses on direct consumer market development and creating trade and consumer demands for Pennsylvania agriculture and food products, usually through promotional activities. Equally important, promotional activities are designed to increase and enhance the awareness of consumers within and outside the borders of Pennsylvania about the product and agribusiness opportunities in the Commonwealth.

The domestic and international and business development section helps Pennsylvania companies market their products outside Pennsylvania by providing promotional opportunities in foreign market places. The International Trade section offers technical outreach to Pennsylvania food and agriculture businesses to enable them to adequately understand and prepare for market opportunities in foreign economies.

The market opportunities section examines domestic and foreign market places to identify market needs and communicate these needs to the Pennsylvania food and agriculture industry. Pennsylvania businesses then are better able to expand as they develop products and services that meet the needs of the Pennsylvania farmer, producer and processor

The market opportunities section provides funds for the operation of the Farm Show Complex in Harrisburg. A grant program, Payments to Pennsylvania Fairs, provides for agricultural fair operating reimbursements and grants to Statewide agricultural organizations, Future Farmers of America and 4-H groups in accordance with the guidelines of Act 92 of 1986. After these requirements have been fulfilled, the remaining appropriation balance is used for capital improvements at fairgrounds.

Other promotional activities include appearances at shopping centers and other public functions; developing and displaying exhibits that depict agriculture's role in the economy of Pennsylvania; and working with statewide commodity organizations.

The agricultural land preservation section, through a special fund created by Act 64 of 1988 that implemented a referendum approved by the electorate in November of 1988, purchases easements on prime agricultural land to ensure its continued use for agricultural purposes. Easements have been funded from bonds and a dedicated portion of the cigarette tax. In 1999, two separate acts provided new funding for the program. Act 15 of 1999 established a

Supplemental Agricultural Conservation Easement Purchase Program and made \$43 million available from the General Fund to accelerate the purchase of easements. Act 68 of 1999, the Environmental Stewardship and Watershed Protection Act, provides \$82.6 million from the General Fund and Environmental Stewardship Fund for farmland preservation over a period of about five years. Beginning in 2004-05, Growing Greener II will continue funding for the farmland preservation program through the Environmental Stewardship Fund, for the continued purchase of agricultural easements.

Agricultural research grants provide for scientific research into plant and animal health. This research identifies prevention mechanisms for disease and proactive mechanisms for enhancement of the quality and quantity of agricultural products.

### **Program Element: Animal Health**

The objective of this element is to maintain the health of domestic animals in order to protect human health, to protect the quantity, quality and safety of food of animal origin, and to provide for the general welfare of domestic animals. Emphasis is placed on disease prevention by surveillance and diagnostic activity to detect disease, control of animal movements to prevent the spread of disease, health certification programs to identify disease-free animals, and research to develop improved husbandry and health maintenance methods. Of major concern are interstate and international movements of animals and animal products that may introduce any one of numerous dangerous transmissible diseases existing outside the Commonwealth. Compliance with animal health rules is achieved by regular inspection of animal marketing and processing activities by veterinarians and livestock disease control technicians.

The Pennsylvania Animal Health and Diagnostic Commission provide animal research initiatives and coordination of animal disease diagnostic laboratories. This commission, an administrative unit within the Department of Agriculture, coordinates the Pennsylvania Animal Diagnostic Laboratory System (PADLS), which is composed of the diagnostic laboratory resources of the Department of Agriculture, Pennsylvania State University and the University of Pennsylvania School of Veterinary Medicine. PADLS is part of a nationwide network of state and federal laboratories dedicated to identifying and combating animal diseases. The system provides rapid and accurate diagnostic services to clients while maintaining a bio-secure environment. The laboratories provide animal health services for domestic animals with emphasis on infectious, nutritional and toxic diseases; state-of-the-art testing methods to help diagnose common diseases; and surveillance to detect emerging diseases. All of the programs are designed to protect the

## Program: Protection and Development of Agricultural Industries (continued)

livestock, poultry, wildlife, food chain and human population of Pennsylvania. The laboratories also provide testing for state and federal regulatory programs and the export testing of live animals and genetic materials.

Also included in this program is dog law enforcement. Primary functions include: control and regulation of the sale and transportation of dogs; kennel inspections; reimbursement of law enforcement agencies for the detention and disposition of stray dogs and reimbursement to owners of livestock and poultry for damage caused by dogs and coyotes. In 2002, 973,718 dogs and 2,393 kennels were licensed under this program.

Dog law expenditures are reflected in this program as Other Funds.

### **Program Element: Consumable Agricultural Products**

The Department of Agriculture is committed through regulatory efforts to protect the health and safety of the consumer and assure the availability of quality agriculture products to consumers. Act 124 of 2000 established a voluntary food safety training program for non-profit organizations. Department personnel conduct training courses for food handlers including school cafeteria, day care center, fair concession and other nonprofit organizations. The Bureau of Food Safety and Laboratory Services inspects and registers 4,615 food manufacturing firms, 2,150 warehouses, and 15,110 retail food stores; licenses and inspects 21,720 public eating and drinking places, and 4,250 frozen dessert operations; inspects 2,735 schools and approximately 600 camps and summer food sites; and permits and inspects approximately 280 seasonal farm labor camps. The division of Milk Sanitation issues milk permits and inspects approximately 400 dairy processing, manufacturing and distribution facilities. The Eggs, Fruits, and Vegetables division inspects egg processing plants, grocery stores, and warehouses in relation to eggs, fruits and vegetables grading.

Also included in this element are activities that regulate and maintain uniform standards of legal weights and measures of Commonwealth products. The Weights and Measures Division of the Bureau of Ride and Measurement Standards performed 40,462 inspections in 2002-03 and expects to perform 55,000 in 2003-04. The Amusement Ride Division completed 1,994 inspections in 2002-03 and expects to perform 1,700 in 2003-04.

Additional activities guarantee the quality of animal feeds, fertilizers, liming materials, plant materials and pesticides. Act 53 of 1996 transferred the responsibility for enforcement of the Seasonal Farm Labor Act from the Department of Environmental Protection to the Department of Agriculture. Act 97 of 2001 updated the licensing and registration requirements relating to the sale and distribution of fertilizers, soil conditioners and plant growth substances in the Commonwealth.

To protect the consumer and ensure the availability of quality agriculture products, the department regulates the sale of feed, fertilizer, lime and seeds by requiring certain label information and by sampling and analyzing products in its Harrisburg laboratories. During 2002-03, 2,545 agribusinesses were inspected and 2,561 feed, fertilizer and lime samples were analyzed. In addition, 5,602 samples of seed were tested. The department inspects stone fruit trees for the plum pox virus to control the disease and reduce the potential harm to the fruit industry.

The department is improving the process to protect Pennsylvania's food production system from agro-terrorism. Fertilizer, feed and pesticide manufacturers, dealers and distributors will be advised on preventing the use of agricultural production tools for terrorist activities. An extensive training program for veterinarians and growers will be developed and implemented to recognize animal diseases or agents that may be used by bioterrorists.

The department inspects all ornamental nurseries and greenhouses periodically to determine the presence of new plant pests. Laboratories staffed by scientists to insure correct diagnosis of the pest and to quarantine and/or prescribe proper treatment support the field staff. During 2002-03, 1,632 dealer and 3,209 nursery and greenhouse inspections were conducted, along with 1,992 certificates for the exportation of plant material. The department also inspected 1,212 apiaries involving 8,377 colonies of bees in 2002-03 for disease problems.

The Pesticide Control Law provides for the regulation of the use, handling, storage and transportation of pesticides. The department fulfills its statutory responsibilities by requiring registration of all pesticide products, testing and licensing of all persons who use pesticides to insure minimum competency levels, and periodically inspecting those who use, store or transport pesticides. The department also investigates complaints about misuse. During 2002-03, 620 pesticide dealers and 5,942 pesticide application businesses were licensed, 33,796 pesticide applicators certified, 2,758 service technicians registered, more than 11,800 pesticide products registered, 806 inspections and investigations conducted, and 67 samples analyzed. This program attempts to provide for the optimum use of pesticides while minimizing their adverse effects on human life and the environment.

Pesticide expenditures are reflected in this program as Other Funds.

The State Conservation Commission, whose chairmanship alternates each year between the Secretary of Agriculture and the Secretary of the Department of Environmental Protection, is the primary implementing authority for the Nutrient Management Act. The law is designed to minimize surface and ground water pollution from agricultural operations. The Departments of Agriculture and Environmental Protection in cooperation with the commission work with farmers to develop and implement nutrient management plans to reduce pollution.

## Program: Protection and Development of Agricultural Industries (continued)

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09
<b>Agribusiness Development:</b>

<b>Animal Health:</b> .....							
Animals examined to determine disease (thousands) .....	815	825	825	825	825	825	825
Animals quarantined (thousands) .....	16	15	15	15	15	15	15
Animals destroyed (thousands) .....	19.5	20	20	20	20	20	20
<b>Consumable Agricultural Products:</b> .....							
Consumer commodities inspected .....	63,200	64,000	64,000	64,000	64,000	64,000	64,000

Animals examined to determine disease increase from the projections shown in last year's budget due to expanded efforts to reduce the risk of the spread of avian influenza and pseudorabies.

Additional farm acreage preserved under perpetual easements increases from the projections shown in last year's budget because of funds available from the Growing Greener programs.

Animals quarantined decrease from the projections shown in last year's budget due to reduced infections.

Animals destroyed were greater than the projections shown in last year's budget based on actual data.

\*New program measure.

*PROGRAM OBJECTIVE: To prevent consumer fraud in the racing industry.*

## Program: Horse Racing Regulation

Activities in this program area include the development and implementation of rules, regulations and procedures to insure the public and harness and horse owners of honest, safe, and competitive pari-mutuel harness and horse racing.

Horse racing in Pennsylvania is governed by Act 93 of 1983. This act merged the State Harness Racing Fund and the State Horse Racing Fund into the Racing Fund, adjusted the tax schedule and revised the distribution of funds in order to assist the racing industry by increasing the funds retained by the tracks.

The Racing Fund pays all expenses of the State Racing Commissions. After these obligations have been met, a portion of the money remaining in the fund is credited to the

Breeding Fund and Sire Stakes Fund. The amount credited to each fund is a percentage of the amount wagered as specified by law. Act 23 of 2000 amended the Race Horse Industry Reform Act to increase the percentage credited to the Breeding Fund from 0.7 to 1.0% of the amount wagered on thoroughbred races. The Sire Stakes Fund is credited with 1.5% of wagers on harness races. All remaining monies in the Racing Fund are then transferred to the General Fund in the subsequent fiscal year.

The Equine Toxicology and Research Laboratory tests for the presence of foreign substances in the blood and urine of race horses following all races to ensure that no foreign substances have been administered prior to a race.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09

Harness .....	358	368	368	368	368	368	368
Horse .....	431	430	430	430	430	430	430

Horse and Harness racing licenses suspended for noncompliance with rules and regulations decrease from the projections shown in last year's budget because investigations found fewer instances of noncompliance than anticipated.

## Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

**RACING FUND**  
 State Racing Commissions (EA)  
 —to continue current program.  
 \$ 167

**Transfer to General Fund (EA)**  
 —increase in funds available to transfer.  
 Law requires June 30th ending surplus to be transferred to the General Fund.  
 \$ 1,611

The Equine Toxicology and Research Laboratory (EA) is recommended at the current year funding level.

## Program: Horse Racing Regulation (continued)

### Appropriations within this Program:

(Dollar Amounts in Thousands)

*PROGRAM OBJECTIVE: To distribute surplus and donated food through institutions and counties or designated lead agencies to individuals and families who are dependent or disadvantaged to support minimum standards of living and economic independence.*

## Program: Emergency Food Assistance

The State Food Purchase Program provides grants to counties or a designated lead agency to purchase food to be provided to the needy. Grants are allocated based on unemployment, food stamp recipients not on public assistance, legal immigrants, medical assistance recipients and households with earned income receiving assistance. Administrative costs of this program are funded from the grants with an eight percent limit on administrative allocations.

This program distributes Federal surplus food through the traditional program involving schools, prisons, hospitals and summer camps. The Federal Emergency Food

Assistance Program (TEFAP) involves distribution of U.S. Department of Agriculture surplus food to the needy in Pennsylvania who meet certain eligibility criteria.

The traditional program distributes commodities among the states based on the prior year participation and allocates commodities within the State based on the same criteria. The TEFAP commodities are allocated among the states according to unemployment and poverty levels and are allocated within the State based on the same criteria. Administrative and warehousing costs for both programs are borne by the Federal Government.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09

# DEPARTMENT OF BANKING

*The mission of the Department of Banking is to ensure the safety and soundness of State-chartered deposit-taking institutions; to ensure compliance with State laws and regulations which impact other financial service entities; and to provide a regulatory environment that will facilitate development of a sound financial services industry that adequately meets the needs of industry and the public.*

The Department of Banking protects the public through the supervision, regulation and examination of records, accounts and policies of State-chartered financial institutions.

*PROGRAM OBJECTIVE: To insure the maintenance of an economically sound and competitive system of State-chartered financial institutions.*

## Program: Financial Institution Regulation

This program involves supervision, regulation and examination of the records, accounts and policies of State-chartered banking institutions, savings associations, credit unions and state-licensed sales finance companies, installment sellers, money transmitters, consumer discount companies, collector-repossessors, pawnbrokers, first mortgage bankers and brokers, second mortgage lenders, brokers and brokers' agents, and check cashers. In addition to these activities, the department received approximately 5,800 consumer inquiries during 2002-03.

As of June 30, 2003, there were 169 banking institutions under the department's supervision: 44 commercial banks, 48 bank and trust companies, 50 savings banks, one private bank, 25 non-depository trust companies, and one foreign bank which maintained a representative office in Pennsylvania. There were 13 savings associations and 80 credit unions chartered and supervised by the Department of Banking. Also operating in the Commonwealth were 134 one-bank holding companies and 19 multi-bank holding companies. The department renews non-depository institution licenses annually and issues new licenses upon review and approval of license applications. The 14,001 non-depository entities at the end of June 2003 included: 3,728 installment sellers; 4,275 first mortgage bankers and brokers; 3,728 second mortgage lenders, brokers and brokers' agents; 909 sales finance companies; and 500 consumer discount companies. The remaining 861 licenses were held by pawnbrokers, money transmitters, check cashers and collector-repossessors.

Recent legislative enactments have impacted the Department of Banking's program responsibilities. Act 22 of 1998, as amended by Act 200 of 2002, requires the annual licensing, or for certain retail food stores the registration, and regulation of all check cashers doing business in Pennsylvania.

Act 89 of 2000 provides state-chartered commercial and savings banks with parity in activities permitted for national banks and federally chartered savings banks and savings associations. It also provides parity in activities permitted state-chartered banks located in other states when the activity has been approved by the Federal Deposit Insurance Corporation (FDIC) (under Section 24 of the FDIC Act).

Act 55 of 2001, the Mortgage Bankers and Brokers and Consumer Equity Protection Act, provides the department with broad regulatory and enforcement authority over financial entities which make covered or "predatory loans" in the Commonwealth; strengthens industry bonding requirements; authorizes the department to obtain criminal background information from applicants and provides licensing exemption for religious organizations which meet certain requirements.

Act 186 of 2002, which amended the Motor Vehicle Sales Finance Act, provides increased exam and enforcement authority and additional consumer disclosures and permits incidental items relating to automobile sales to be financed under the Act.

An electronic government initiative to develop an internet-based licensing and reporting application will be completed in 2003-04.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09
Supervision of State-chartered:							
Banks .....	169	172	174	174	173	173	173

Check casher licenses .....	624	624	624	624	624	624	624

## Program: Financial Institution Regulation (continued)

Program Measures: (continued)	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09
Electronic filing of license applications* .....	N/A	N/A	640	1,280	1,282	1,284	1,286
Percentage of license applications filed electronically* .....	N/A	N/A	5.1%	10.1%	10.2%	10.2%	10.2%
Electronic filing of annual reports* .....	N/A	N/A	266	553	573	593	616
Percentage of annual reports filed electronically* .....	N/A	N/A	2.1%	4.4%	4.5%	4.7%	4.9%

Savings and loan associations decreased compared to the projections in last year's budget due to a continued trend to merge or convert to savings banks.

First mortgage bankers/brokers, second mortgage lenders/brokers/brokers agents, and sales finance companies licenses increased compared to the projections in last year's budget because federal preemption from state licensing requirements did not occur on the scale initially expected. Estimates for 2003-04 and subsequent years have been reduced to reflect current market conditions and anticipated federal preemption from state licensing requirements.

Check casher licenses increased compared to the projections in last year's budget due to the inclusion of grocery store registrations.

\*New program measure.

## Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

General Government Operations	
\$ 437	—to continue current program.
—142	—nonrecurring research studies.

General Government Operations .....	\$ 11,720	\$ 10,825	\$ 11,120	\$ 11,120	\$ 11,120	\$ 11,120	\$ 11,120

---

# CIVIL SERVICE COMMISSION

*The mission of the Civil Service Commission is to provide greater efficiency and economy in the government of the Commonwealth by establishing conditions of employment which will attract to the service of the Commonwealth qualified persons of character and ability and appointing and promoting all persons on the basis of merit and fitness.*

The Civil Service Commission administers the Commonwealth's merit system. The responsibilities of the commission include recruitment of qualified candidates; evaluation of applicants' education and experience to determine if minimum requirements have been met; development and administration of examinations; and certification of eligibles to the appointing agencies.

# Civil Service Commission

**PROGRAM OBJECTIVE:** To provide a sufficient number of qualified, available persons to meet agency merit system staffing needs.

## Program: Personnel Selection

Through this program, the Civil Service Commission provides qualified persons to meet merit system staffing needs.

The commission works toward bringing the Commonwealth merit system into full compliance with all State laws and regulations concerning employee selection procedures and the Federal Uniform Guidelines on Employee Selection Procedures. This includes job analysis and implementation of a program to identify and correct adverse impacts of examinations on protected groups.

Goals of the commission include identification and elimination of adverse impact, development of more valid examinations, identification and elimination of discrimination

in the Commonwealth's personnel system, increased efficiency in meeting personnel needs of State agencies, and prompt and accurate resolution or adjudication of complaints, grievances and appeals.

Computerized testing has been implemented in all of the Civil Service Commission's testing centers. Candidate Application Processing and Scheduling (CAPS), which will allow applicants to receive a high level pre-qualification as they complete their applications as well as schedule examinations online, is expected to be implemented in February 2004.

The funds supporting this program are received from billing various General and Special Fund agencies.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09
Total eligibles on list .....	206,011	200,000	200,000	200,000	200,000	200,000	200,000
Persons scheduled for exams .....	166,662	175,000	175,000	130,000	130,000	130,000	130,000
Appeal requests received and processed .....	471	550	550	550	550	550	550
Certifications audited .....	9,860	11,000	11,000	11,000	11,000	11,000	11,000
People with disabilities provided employment information .....	2,800	3,000	3,000	3,000	3,000	3,000	3,000
Persons taking computerized exams .....	50,727	60,000	60,000	50,000	50,000	50,000	50,000
Annual cost of merit system per covered employee* .....	N/A	N/A	\$222	\$222	\$222	\$222	\$222
Agency client satisfaction rating (based on a 5-point scale)* .....	N/A	N/A	3	3	3	3	3
Test-taker satisfaction rating (based on a 5-point scale)* .....	N/A	N/A	3	3	3	3	3

Appeals requests received and processed decreased in 2002-03 from the projection in last year's budget because there were significantly fewer furloughs, limited hiring and promotion of personnel, and an increased use of union grievances versus the appeal process.

Persons taking computerized exams increased from the projections shown in last year's budget due to a high demand for open job announcements.

\*New program measure.

Program Recommendations:	This budget recommends the following changes in augmentations received from agency billings: (Dollar Amounts in Thousands)	
<b>General Government Operations</b>	-77	—Initiative—Operational Efficiency. Savings from administrative efficiencies.
\$ 541 —to continue current program.		
-36 —Initiative—Civil Service Examination Efficiency. Savings from on-line scheduling of civil service examinations.	-858	—nonrecurring costs for imaging system development.
	<u>\$ -430</u>	<i>Augmentation Decrease</i>

# DEPARTMENT OF COMMUNITY AND ECONOMIC DEVELOPMENT

*The mission of the Department of Community and Economic Development is to foster opportunities for businesses and communities to succeed and thrive in a global economy, thereby enabling Pennsylvanians to achieve a superior quality of life.*

The Department of Community and Economic Development administers programs which recognize that community development and economic development are linked. This includes expanding and providing for more efficient delivery of local services; coordinating community and economic development resources to restore and maintain the vitality of our communities; advancing the economic well-being of communities through the maximization of community and economic development resources; and promoting housing and community revitalization in conjunction with economic development activities.

# Community and Economic Development

*PROGRAM OBJECTIVE: To utilize State economic development resources in a cohesive and cost-effective manner in order to assist in the job creation and retention process within the Commonwealth.*

## Program: Community and Economic Development Support Services

This program works in partnership with hundreds of local, community and regional service providers to deliver resources to businesses, communities and individuals in need of assistance. Because of the complexity of the delivery system, the department plays a key role in ensuring that the system is effective and efficient. This ensures that Pennsylvania's businesses and communities provide the opportunity for all of the Commonwealth's residents to achieve a high quality of life.

A key function is the Governor's Action Team. The Action Team reacts immediately to major problems and opportunities related to economic development including major business locations, relocations, expansions or dislocations, which require administration-wide, multi-departmental involvement.

Marketing and local planning assistance efforts further supplement the daily operations of the Department of Community and Economic Development. Marketing plays an important role in two distinct areas: promoting Pennsylvania to individuals as an attractive place to vacation in order to maximize Pennsylvania's share of the tourism dollar and promoting Pennsylvania to industry as possessing a good business climate, as well as being an excellent place to live and work. Toward these ends, the department operates two separate extensive multi-media advertising campaigns, one targeting economic development and the other targeting tourism. The department also focuses on interactive marketing to highlight Pennsylvania's economy and quality of life.

The economic development marketing component includes efforts to increase foreign and domestic investments

in Pennsylvania, and to expand the markets for products of Pennsylvania firms overseas. Trade missions and trade shows provide opportunities for companies to develop their export potential and expand their export base. In collaboration with 15 contracted trade offices, small businesses are provided support in overcoming the many legal, financial and logistical problems inherent in doing business internationally. Domestically the marketing program targets key industries—those in which Pennsylvania has exhibited a particular competitive advantage.

The tourism marketing component involves the Tourist Promotion Assistance (TPA) Grant Program, which assists county and regional tourist promotion agencies in Pennsylvania by providing grants as matching assistance for advertising and promotion expenses. A key element of tourism marketing is the coordination of the Commonwealth's tourism program with the TPAs efforts. The Regional Marketing Partnership Program coordinates regional efforts to promote tourist destinations and events. Act 189 of 2002 further supports these efforts through the Pennsylvania Travel and Tourism Partnership by ensuring the Commonwealth's strategic tourism plan is continually evaluated and advanced.

Local business development organizations assist in arranging financing packages, and local marketing and promotion activities, while providing direct managerial and technical assistance to small businesses. Development of collaborative day care options by groups of small businesses is supported by grants through Act 100 of 1998.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09

# Community and Economic Development

*PROGRAM OBJECTIVE: To ensure that capital for the creation, location, retention and expansion of private business is available at each step of the business life cycle for all types and sizes of business, and to make possible lower capital costs as an attraction for businesses to invest or re-invest in Pennsylvania.*

---

## Program: Business and Job Development

---

The department has a broad array of programs available to create the best possible climate for business development. The InventPA website links new and developing businesses to information and applications. The single application process allows businesses to apply for funding from the many available loan and grant programs with one application, which may be accessed and submitted online.

### **Program Element: Economic Development**

The Business Retention and Expansion program works with the Commonwealth's ten marketing regions to promote job retention, expansion and creation by contacting Pennsylvania businesses to identify their needs in an effort to retain and improve their operations in Pennsylvania. Information gathered is entered into a database, providing an efficient means to access, analyze and acquire in-depth information on Pennsylvania's community and economic assets.

The Export Network links the ten regions to the overseas offices, which offer assistance to support the international trade activities of PA businesses. The Entrepreneurial Support Networks provides improved quality and availability of services to potential entrepreneurs.

The Opportunity Grant Program is a tool used by the Governor's Action Team to secure job creating economic development opportunities by preserving and expanding existing industry as well as attracting economic development prospects to the Commonwealth. The program's flexibility is the key to its usefulness. Program funds are used for job training, infrastructure, land and building improvements, machinery and equipment, working capital and environmental assessment and remediation.

The Small Business First Fund (fund), created by Act 67 of 1996, merged the Pennsylvania Capital Loan Fund, Storage Tank Loan Fund and Air Quality Loan Fund into a single multi-purpose fund that can make loans to small businesses for a wide range of needs. Eligible uses include financing for: environmental needs like air quality, storage tank replacement, recycling and water quality, as well as defense conversion and hospitality industry projects. In addition, the Small Business First Fund provides financial assistance for export-related, advanced technology and computer-related services. Act 213 of 2002 expanded the definition of a small business to include agricultural producers. The department began the Community and Economic Development Loan Program for small businesses located in distressed areas that have social or economic

disadvantage in 1999. Act 100 of 1998 allows for the fund to provide pollution prevention loans; Act 213 of 2002 increased the maximum loan from \$50,000 to \$100,000.

The Infrastructure Development Program provides grants and loans to develop and improve business sites. Funding may be provided for specific infrastructure improvements necessary to complement planned industrial investment by private companies, to restore blighted land to productive use and to develop the restored land, or to develop local infrastructure at present and future business sites. Local public and nonprofit sponsors may receive grants and loans on behalf of industrial, manufacturing, research and development, agriculturally-related and export service enterprises for the following improvements: energy facilities, fire and safety facilities, sewer and water systems, transportation and waste disposal facilities. Private real estate developers are also eligible if they are developing sites for eligible private companies.

The Pennsylvania Industrial Development Authority (PIDA) was established in 1956 to make long-term, low-interest business loans for job-creation or retention to firms, which are engaged in manufacturing or industrial enterprises. PIDA funds may be used for land and buildings. Current policy targets PIDA funds to small and advanced technology businesses, and areas of high unemployment. A qualified business may receive up to \$1.75 million at interest rates ranging from two and three quarters percent to four percent, depending upon the unemployment rate in the county where the project is located.

The Machinery and Equipment Loan Fund, recodified in Act 213 of 2002, provides low-interest loan financing to manufacturing and industrial companies and to production agriculture to acquire and install new or used machinery and equipment. Interest rates are similar to PIDA and vary depending on the county and municipality unemployment levels. A criterion of the program is that the applicant must agree to create or preserve jobs.

Job Creation Tax Credits, authorized by Act 23 of 2001, provide \$1,000 in tax credits to approved businesses that agree to create or preserve jobs in the Commonwealth within three years. Businesses must agree to create at least 25 new jobs or new jobs equaling at least 20 percent of the existing workforce. Twenty-five percent of the tax credits allocated each year are reserved for businesses with less than 100 employees and may not be utilized until the jobs are actually created. Annually, \$22.5 million is available for

# Community and Economic Development

## Program: Business and Job Development (continued)

these credits; credits not fully utilized or recaptured from any fiscal year may be reissued by the department.

The Industrial Sites Program provides grants and low-interest loan financing to companies, private real estate developers, and municipalities performing environmental site assessment and remediation work at former industrial sites. Funds are not available for companies that caused the environmental contamination on the property.

### **Program Element: Workforce Development**

The Customized Job Training (CJT) Program supports new and existing firms in Pennsylvania by specifically training Pennsylvanians for new jobs or upgrading existing employees skills to accommodate new technologies. WEDnetPA, a major part of CJT, works with companies in need of workers with special skills and guarantees training to meet the standards agreed to between the company and the educational provider. Most of the training is targeted to manufacturing and technology-based companies providing jobs, which pay at least 150 percent of minimum wage. WEDnetPA has trained over 256,000 employees since its inception and is critical to ensuring that highly skilled workers are available for Pennsylvania companies. The Job Enhancement Act of 2002 recodified CJT, expanded eligible programs and included private companies and local workforce investment boards as potential applicants.

The Workforce Leadership Grants Program establishes integrated academic programs in three industry clusters: bio/life sciences, information technology/optoelectronics and advanced manufacturing and materials..

Another focus of workforce development is the retention of young people who are trained in the colleges, universities and technical schools in the Commonwealth. The Stay Invent

the Future Program helps to market Pennsylvania, showcasing its opportunities, and helps bring students and Pennsylvania employers together through internships and informational sessions.

### **Program Element: Ports Development**

The PENNPORTS office provides for the development of Pennsylvania's ports, including Erie Port, the Philadelphia Regional Port Authority and the Pittsburgh Port Commission. Funding is used to aid in the development of these ports, which not only generate port and shipping related jobs, but also assist Pennsylvania firms in exporting their products.

### **Program Element: Pennsylvania Economic Development Financing Authority (PEDFA)**

The Pennsylvania Economic Development Financing Authority (PEDFA) pools taxable and tax-exempt bond financing with the ability to finance economic development projects. PEDFA can finance land, buildings, machinery and equipment, and working capital including refinancing. Applications must be submitted through an industrial development authority.

### **Program Element: Minority Business**

The Pennsylvania Minority Business Development Authority (PMBDA) offers low-interest loans to minority-owned businesses for fixed asset financing, working capital and other financing needs. These efforts can be particularly crucial given the difficulty minority entrepreneurs have in securing adequate funding, especially working capital. Since 1998-99, some of these programs are provided through a transfer from the Pennsylvania Minority Business Development Fund to the Small Business First Fund.

<b>Program Measures:</b>	<b>2002-03</b>	<b>2003-04</b>	<b>2004-05</b>	<b>2005-06</b>	<b>2006-07</b>	<b>2007-08</b>	<b>2008-09</b>
Businesses assisted .....	4,664	4,100	4,500	4,750	4,750	4,750	4,750
Persons receiving job training* .....	N/A	N/A	155,000	162,750	162,750	162,750	162,750
Opportunity grant projects .....	83	83	83	83	83	83	83

Opportunity grant projects decreased from the projections shown in last year's budget because higher impact multi-year projects were funded.

\*New program measure.

# Community and Economic Development

*PROGRAM OBJECTIVE: To promote the use of advanced technology in order to help Pennsylvania industries compete successfully in the national and international market places; to encourage research and development of new products and processes that will foster the start-up of new business within the Commonwealth; and to fund research centers that will provide an incentive for indigenous business formation, as well as serving to attract investment in Pennsylvania.*

## Program: Technology Development

Recognizing the instrumental role that technology development plays in Pennsylvania's effort to remain competitive in the national and international marketplace, the Commonwealth supports efforts to develop technological advances of benefit to its businesses and industries.

The Ben Franklin Technology Development Authority was established by Act 38 of 2001 to continue the promotion of advanced technology in Pennsylvania's traditional and emerging manufacturing industries as well as small businesses. The program supports a wide range of initiatives to modernize machinery and equipment to improve productivity, streamline operations and increase product choice and develop a technologically skilled workforce for Pennsylvania. The Pennsylvania Technology Investment Authority (PTIA), within the Ben Franklin Technology Development Authority Fund, focuses on helping companies that want to develop new technologies. Its efforts are designed to meet the financing needs of high technology, knowledge-based companies whose needs differ from more traditional asset-based financing. The Authority provides a series of support and financing including a Technology Company Investment program, a Technology Development Grant program, and University Research Grants program. A

loan guarantee program for individuals with disabilities so that they may purchase assistive technologies, which allow them to fully participate in their community's economy, is also included.

The Industrial Resource Centers (IRCs) were established as an entity separate from the Ben Franklin program by Act 31 of 2001. The IRCs are designed to improve the competitive ability of Pennsylvania's traditional and emerging manufacturing firms by helping them to understand and implement modern manufacturing techniques and technologies. The IRCs work with existing small- and medium-size manufacturers to quickly adopt existing technologies and techniques that do not require substantial research. The centers are operated as nonprofit corporations and are given significant direction from the IRC Strategic Advisory Board, comprised, in the majority, of private sector representatives.

The Pennsylvania Infrastructure Technical Alliance (the PITA) integrates university-based technology research with business and economic development by partnering students at major universities in the State with businesses for research and development.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09
Jobs created.....	2,475	2,300	2,323	2,346	2,369	2,392	2,415
Public/private funds leveraged ( in thousands) .....	\$236,016	\$250,000	\$230,000	\$230,000	\$230,000	\$230,000	\$230,000

# Community and Economic Development

*PROGRAM OBJECTIVE: To enhance the total environment of Pennsylvania's communities through improvements in the areas of housing, community development, job training and human services.*

## Program: Community Development

### **Program Element: Housing and Redevelopment**

Housing and Redevelopment provides grants to communities, redevelopment authorities and nonprofit organizations to improve blighted neighborhoods through redevelopment, to revitalize central business districts in aging communities, and to provide low- and moderate-income housing through rehabilitation. Brownfields for housing provides funding for counties to rehabilitate and develop housing on previously developed sites. Persons with disabilities are provided with financial assistance for home modifications and home ownership through both the Department of Community and Economic Development and the Pennsylvania Housing Finance Agency (PHFA).

The weatherization component of the program provides funds to weatherize existing housing through furnace retrofits as well as the installation of insulation, storm doors and windows in homes of persons who meet income eligibility standards developed by the Federal Government. Weatherization is funded from U.S. Department of Energy weatherization funds and U.S. Department of Health and Human Services (HHS) LIHEAP weatherization funds.

The National Affordable Housing Act of 1990 provides funding to expand the supply of affordable housing for low-income families. A variety of options is available to meet this objective: incentives to develop and support rental housing and home ownership through acquisition, construction or rehabilitation; funding to finance relocation of displaced persons; rental assistance; and rehabilitation of substandard housing. Federal funds are provided to recipients through the U.S. Department of Housing and Urban Development (HUD) Integrated Disbursement and Information System. Administrative funds are appropriated to the department to administer the program.

Act 172 of 1992 established a separate special fund entitled the HOME Investment Trust Fund, as required by HUD, to administer these funds. HOME Investment Trust Fund monies are provided to PHFA for development of affordable rental housing and home ownership through acquisition, construction or rehabilitation.

### **Program Element: Pennsylvania Housing Finance Agency**

The Pennsylvania Housing Finance Agency (PHFA) operates programs to increase and protect the supply of decent, safe and affordable multi-family rental and single family homeownership housing. These programs are financed with proceeds from the sale of securities to private investors.

The Growing Greener II bond referendum planned for

2004-05 would enhance PHFA's capacity to finance housing initiatives and mixed use redevelopment projects.

The Single Family Homeownership Program is the PHFA homebuyer assistance program which offers below market rate mortgage loans to first time buyers of single-family houses. Funds to operate the program come from the sale of mortgage revenue bonds. In 2003, the agency financed the purchase of houses for 2,810 Pennsylvania families with \$192 million of funding.

The PHFA also operates the Homeowners Emergency Mortgage Assistance Program (HEMAP), a program to protect distressed homeowners from foreclosure. HEMAP was established by Act 91 of 1983, and amended by Act 160 of 1998 to protect citizens who, through no fault of their own, are in danger of losing their homes to foreclosure. Eligible applicants receive assistance in an amount sufficient to bring mortgage payments current and may also receive continuing assistance for up to 24 months. HEMAP payments are loans upon which repayment begins and interest starts to accrue when the recipient is financially able to pay. Current law requires HEMAP loan recipients to repay their loans only when the recipient's housing expense (mortgage, taxes, utilities and insurance) does not exceed 40 percent of net household income (gross income minus Federal, State and local income taxes).

PHFA has channeled over \$ 177 million of General Fund monies and \$169 million of repayments into HEMAP to save more than 31,500 homes from foreclosure. The provisions of Act 160 of 1998 have moved HEMAP from reliance on General Fund monies to a self-sustaining revolving loan program.

### **Program Element: Community Development**

The Federal Small Communities Development Block Grant (SCDBG) provides assistance in expanding low- and moderate-income housing opportunities, enhancing economic development and job opportunities for low- and moderate-income individuals, correcting public facilities such as water and sewer systems, and improving public facilities that affect public health and safety.

The New Communities Program continues to support Pennsylvania's downtown areas by targeting "Anchor Buildings", which serve as a central focus of downtown commerce and other activities. These efforts are also supported by use of Neighborhood Assistance Tax Credits which give tax credits to organizations servicing the low income.

Act 92 of 1998 established the Keystone Opportunity Zones (KOZs). The KOZs are community development

# Community and Economic Development

## Program: Community Development (continued)

initiatives to revive economically distressed urban and rural communities. These zones are defined, limited areas in communities with greatly reduced or no tax burdens for residents and businesses located within the zones. Twelve zones are designated for this one-time program. Act 119 of 2000 extended the life of a KOZ from 12 to 15 years and authorized the department to establish 12 smaller Keystone Opportunity Expansion Zones (KOEZs). The act extended the expiration date of the program until 2013 and, increased the eligible tax-exempt activity. Act 217 of 2002 provided for designation of subzones within KOZs and KOEZs to enable acreage remaining undesignated within the original limitation to be designated for State and local tax exemption. In accordance with the act, the Keystone Opportunity Improvement Zones (KOIZ) were designated by Executive Order in 2002.

The Land Use Planning and Technical Assistance Program helps communities develop strategies and plans for economic development, growth management and environmental protection with emphasis on multi-municipal efforts. This program coordinated by the Center for Local Government Services, addresses issues raised by the 21st Century Commission and contains the Planning Assistance Program. The Growing Greener II planned for 2004-05 would increase the capacity of the Center to provide planning assistance to counties and municipalities.

The Shared Municipal Services Program assists communities in improving operational efficiencies through cooperative activities. This program assists Councils of Governments and other agencies in implementing programs

of inter-municipal cooperation, which will reduce local government costs and implement more efficient and coordinated local government programs and services.

Communities declared financially distressed in accordance with the provisions of Act 157 of 1988 receive assistance in the form of grants and loans.

The Job Enhancement Act as amended by Act 100 of 1998 established the Community Development Bank. The bank makes capital available for community development lending and provides technical assistance grants to promote the creation and ownership of community development financial institutions within distressed communities.

The Local Government Capital Loan Program provides low interest loans for municipal facilities. The program gives small local governments that find conventional borrowing prohibitive an opportunity to secure needed funds for equipment and buildings.

### **Program Element: Job Training and Human Services**

The Community Conservation and Employment Program provides funds to municipalities, community action agencies and nonprofit sponsors for the development of employment opportunity and conservation activities.

Act 23 of 1997 established the Family Savings Account Program to provide matching funds as an incentive for low-income families to establish savings accounts for home ownership, educational expenses and to start businesses.

The Community Services Block Grant (CSBG) provides funds for community-based programs that offer health, nutrition, housing and employment related services to improve the standard of living of low-income persons.

<b>Program Measures:</b>	<b>2002-03</b>	<b>2003-04</b>	<b>2004-05</b>	<b>2005-06</b>	<b>2006-07</b>	<b>2007-08</b>	<b>2008-09</b>
Housing and Redevelopment:							
Housing units assisted .....	4,168	5,800	5,800	5,800	5,800	5,800	5,800
Homes weatherized .....	12,157	9,621	10,000	10,000	10,000	10,000	10,000
Community Development:							
Designated distressed communities assisted .....	14	15	14	14	14	13	13

# DEPARTMENT OF CONSERVATION AND NATURAL RESOURCES

*The mission of the Department of Conservation and Natural Resources is to promote sound stewardship of Pennsylvania's State Park and State Forest lands, provide education information and technical assistance regarding geologic and ecologic resources of the State, and provide funding to help develop and acquire recreation lands and facilities, greenways, river corridors, and to conserve the State's natural and cultural heritage. The department is the State's lead land conservation and outdoor recreation agency and advocate for the wise management of natural resources on both public and private lands. The department's programs support the revitalization of communities, sustainable economic growth, outdoor and nature tourism, and help improve the quality of life for all citizens.*

---

*PROGRAM OBJECTIVE: To protect and manage outdoor recreation facilities and open space areas, to provide, or assist in, effective management of forest lands, to reduce plant loss and damage caused by insects, disease and forest fires, and to provide data on geology, energy resources, groundwater and topography within the Commonwealth.*

## Program: Parks and Forests Management

### ***Program Element: Management of Recreation Facilities and Areas***

The system of State parks consists of 116 parks and 2 conservation areas in 62 counties. Over 255,860 acres of land and 33,500 acres of water are within these parks. They attract over 36 million visitors each year and provide picnicking, swimming, hiking, bicycling, horseback riding, cross-country skiing, camping, boating, fishing and hunting opportunities for citizens and guests of the Commonwealth. In addition to managing these facilities, this program element also maintains and restores the State parks and upgrades facilities where needed. Upgraded amenities are needed to provide quality visitor services, increase tourism and enhance revenue opportunities. User fees and concession charges are used to support the maintenance and operation of the park system. The Keystone Recreation, Park and Conservation Fund provides real-estate transfer tax revenues for rehabilitation, repairs and upgrade of facilities and land acquisition for State park and forest lands. Act 68 of 1999 created the Environmental Stewardship Fund, providing funds for additional rehabilitation projects and land acquisitions as part of the "Growing Greener" initiative. With the passage of Act 90 of 2002, the primary revenue source for the Environmental Stewardship Fund was restructured from a General Fund contribution to a \$4 tipping fee per ton of solid waste disposed in Pennsylvania's municipal waste landfills. The first \$50 million of revenue from the fee was deposited into the Environmental Stewardship Fund in 2002-03, with the fund receiving all revenue generated by the fee thereafter. This provides a specific, dedicated source of funding for the Growing Greener program and extends the \$4 tipping fee until 2012. The Growing Greener II proposal for fiscal 2004-05 includes a new \$1.00 municipal solid waste disposal fee dedicated solely to the Environmental Stewardship Fund in order to maintain current program funding levels.

### ***Program Element: Management of Forest Resources***

This element is responsible for the management of two million acres of State forest lands. These forest lands offer many social and recreational opportunities and help enhance rural economies. Hiking, camping, hunting, fishing, cross-country skiing, canoeing and snowmobiling are examples of the diverse activities in State forests. Properly managed, forests yield economic benefits such as the promotion of tourism, harvest of timber for wood products, the protection of groundwater for municipal and other uses, and the

production and underground storage of natural gas. This element also provides management assistance to the more than 490,000 owners of private forestlands and oversees fire, insect and disease control activities affecting Pennsylvania's forests. Private forest lands constitute three-quarters of all forest land in the state, and the conservation of these lands is important to the future health of the forests, protecting water quality and water supplies, providing recreational opportunities, and maintaining the state's \$5 billion a year timber industry.

Although there are five native insects that defoliate trees, the primary insect threat to Pennsylvania's forests is the gypsy moth. Growing populations of gypsy moth and other insects increase the number of acres that need treatment. The need for targeted intervention will remain because it is difficult to predict outbreaks of insect species.

The other major threat to Pennsylvania's forests is fire. Through aggressive prevention and extinction activities, the size of the average forest fire has been held to about five acres.

This program element also maintains the Pennsylvania Natural Diversity Inventory. This computerized database contains location information for rare, unique and unusual features of the Commonwealth. While new research and information is needed to make this a more valuable tool to support land development and conservation decisions, this program currently provides basic information for State and Federal regulatory agencies and for State, regional and local government planning.

### ***Program Element: Topographic and Geologic Services***

This element gathers, analyzes, interprets and disseminates information about the surface and subsurface geology, mineral and fossil energy resources, groundwater, and digital and analog topography of all areas of the Commonwealth. These surveys are used to locate hazards such as sinkholes and areas prone to landslide, to catalog coal extraction, for oil and gas drilling operations, and to provide data for activities where knowledge of the Commonwealth's topography and geology is needed.

### ***Program Element: Local Recreation & Conservation Programs***

The department administers Community, Land Trust, Rivers Conservation and Rail-to-Trails Grants from the Keystone Recreation, Park and Conservation Fund, the Environmental Stewardship Fund, and Recreational Trails Grants from the Federal TEA 21 (Transportation Equity Act

# Conservation and Natural Resources

## Program: Parks and Forests Management (continued)

for the 21st Century) Program. The department also administers the Act 68 Snowmobile/ATV Fund, and the Federal Land and Water Conservation Fund. Grants and technical assistance are provided to communities and non-profit organizations for the planning, acquisition, and development of park, recreation and conservation areas and facilities, and linking these investments to build greenways, promote tourism, reduce sprawl, and foster sustainable development. Grants are provided to urban areas to promote

neighborhood revitalization and rehabilitation of recreational facilities, and are provided to rapidly developing areas outside cities to purchase park lands, protect open space, and provide the tools to encourage more environmentally sensitive growth.

The Heritage Parks Program is an economic development and conservation partnerships initiative that enables regions of the Commonwealth to comprehensively plan, enhance, manage and market significant natural, cultural, recreational and scenic resources for heritage tourism.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09
<b>Management of Recreation Facilities and Areas</b>

# DEPARTMENT OF CORRECTIONS

*The mission of the Department of Corrections is to protect the public by confining persons committed to the department's custody in safe, secure facilities, and to provide opportunities for inmates to acquire the skills and values necessary to become productive law-abiding citizens; while respecting the rights of crime victims.*

The department maintains a State system for the custody and rehabilitation of convicted criminals. Included within this system are residential programs and pre-release programs to provide inmates with supervision, counseling and treatment to enable them to satisfactorily adjust to society.

*PROGRAM OBJECTIVE: To decrease the recurrence of crime by replacing criminal behavior with socially acceptable behavior.*

## Program: Institutionalization of Offenders

The State-administered system for the institutionalization of offenders includes 26 correctional institutions, 14 community corrections centers and a motivational boot camp. There were 40,817 inmates housed in the State system at the end of December 2003 with a multiple occupancy strategy capacity of 34,240. During 2003, SCI Fayette opened and SCI Waynesburg was closed. SCI Pittsburgh began a planned phaseout which will culminate in its closure during 2004. SCI Forest, currently under construction, is scheduled to open in the fall of 2004 and is expected to be fully operational by the summer of 2005.

In addition to providing the basic necessities of life, programs are available which enable inmates to leave prison better prepared to adjust to life in the community. These include educational services, vocational training, drug and alcohol therapy and counseling.

Educational programs offer inmates the opportunity to obtain high school diplomas or adult basic educational skills.

Vocational training is dedicated to the development of marketable job skills so that inmates are more employable

upon their release. A variety of programs are offered which may lead to employment as plumbers, electricians, auto mechanics, sheet metalworkers, barbers or cosmeticians.

Counseling services are designed to modify social behavior to a more acceptable level. Mental health and sex offender units have been opened at many institutions. Alcohol and drug rehabilitation programs are also available.

Community correction centers permit highly screened inmates, who meet established criteria, to live in halfway houses in the community. At these centers, inmates receive 24 hour supervision and can utilize counseling services while working or attending school.

The Department of Corrections is expanding its efforts to have inmates perform meaningful work. Community work crews have been established at most locations. Efforts are also underway to expand Correctional Industries, which provides inmates with vocational training and work experience through the manufacture and sale of various products and services.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09
Inmates (December) .....	40,090	40,817	42,409	42,229	42,370	42,671	42,943
Cost per inmate per year (state funds)* ....	\$28,623	\$30,809	\$31,416	\$30,597	\$30,496	\$30,280	\$30,089
Inmates per Central Office Staff* .....	112	120	126	127	129	130	131
Prison Multiple Occupancy Capacity (December) .....	34,583	34,240	35,484	37,655	37,655	37,655	37,655
Inmates receiving high school diplomas/ GED's .....	786	1,172	1,350	1,350	1,350	1,350	1,350
Inmates involved in work programs .....	26,908	28,491	29,450	29,393	29,705	29,901	30,077
Inmates receiving educational training .....	11,286	11,300	11,549	11,624	11,624	11,624	11,624
Inmates receiving drug and alcohol treatment programs .....	16,735	16,924	17,387	17,318	17,371	17,495	17,606

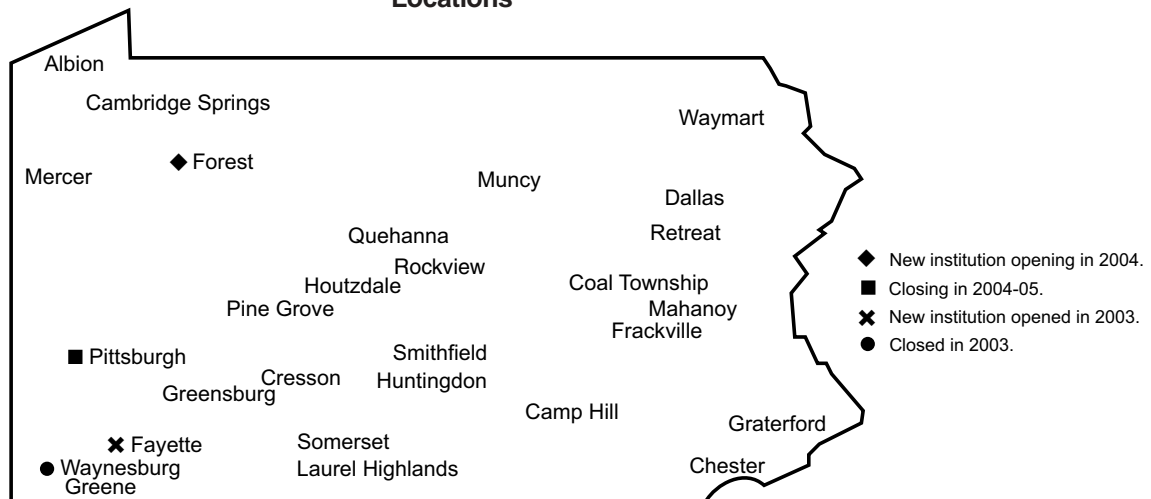

Multiple Occupancy Strategy (MOS) is a strategy to house offenders at levels above the single cell capacity based on an assessment of the square footage and security level assigned to a designated housing area. The MOS capacity is cited because it is used in day-to-day operational decisions.

Inmates receiving high school diplomas/GED's decreased in 2002-03 from the projection shown in last year's budget due to the introduction of a new test in 2002 which discarded scores from prior test sections.

\*New program measure.

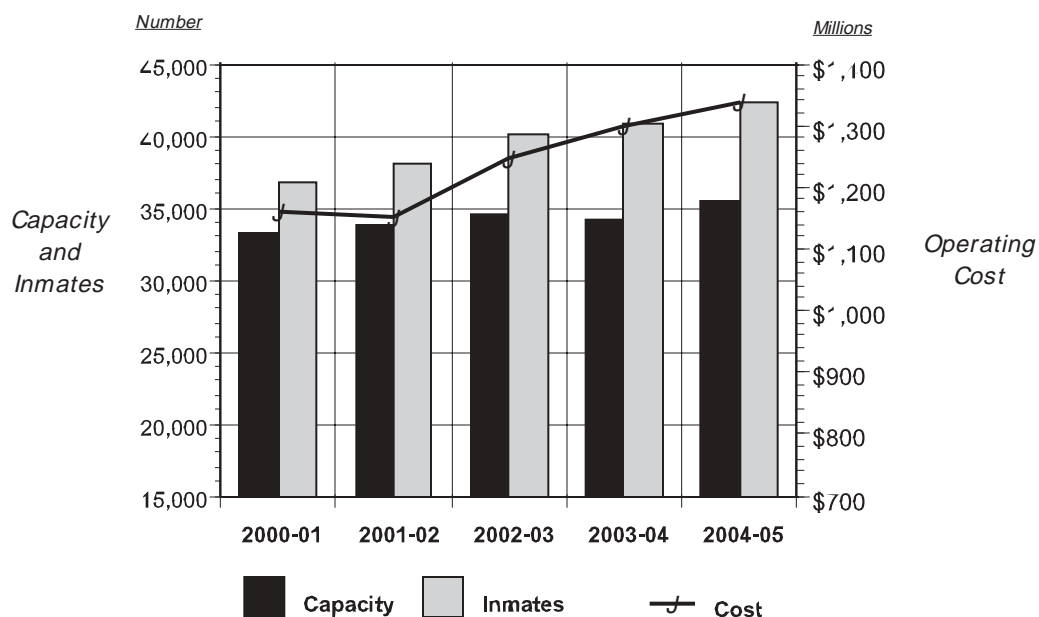

## Program: Institutionalization of Offenders (continued)

### State Correctional Institutions Locations

### State Correctional Institutions

#### Capacity, Inmate Population and Operating Costs

The cost of operating the State correctional institution system has increased from nearly \$1.2 billion in 2000-01 to over \$1.3 billion in 2004-05. During this timeframe, the inmate population is projected to increase from 36,810 to 42,409 and the multiple occupancy capacity from 33,180 to an estimated 35,484.

## Program: Institutionalization of Offenders (continued)

### Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

<b>General Government Operations</b>		<b>State Correctional Institutions</b>	
\$ -2,992	—to continue current program.	\$ 47,688	—to continue current program.
		-16,282	—closure of SCI's Pittsburgh and Waynesburg and annualization of SCI Fayette.
<b>Medical Care</b>			
\$ 4,749	—to continue current program.	-2,000	—Initiative - Commissary Efficiency. Savings from administrative and operational efficiencies in commissary operations.
483	—Initiative - Expanded Housing. To provide resources for inmate medical care at SCI Forest.	6,718	—Initiative - Expanded Housing. To provide resources for administrative and operating support at SCI Forest.
<u>\$ 5,232</u>	<i>Appropriation Increase</i>	<u>\$ 36,124</u>	<i>Appropriation Increase</i>
<b>Inmate Education and Training</b>			
\$ 656	—to continue current program.		
246	—Initiative - Expanded Housing. To provide resources for inmate education and training at SCI Forest.		
<u>\$ 902</u>	<i>Appropriation Increase</i>

# DEPARTMENT OF EDUCATION

*The mission of the department is to academically prepare children and adults to succeed in their chosen profession. The department seeks to ensure that the technical support, resources and physical plant are in place for all students whether children or adults to receive a high quality education.*

The department establishes standards and measures aimed at continuous improvement of school curriculum. The department manages staff development and research dissemination systems to ensure that all educational institutions can select from proven practices to boost student achievement. Local school districts, school boards and other educational institutions receive technical assistance from the department via a network of Intermediate Units. The department supports the improvement of Pennsylvania's higher education and community colleges via educational programs, funding to support students and direct resources for facility development.

*PROGRAM OBJECTIVE: To provide an effective administrative system through which the substantive programs of the agency can be achieved.*

## Program: Education Support Services

Education Support Services provides for the administrative and overhead systems that support the operation of programs necessary for the achievement of agency objectives. The success or failure of these supportive efforts can only be indirectly reflected by the effectiveness of the activities they support. A primary concern of the Commonwealth and each agency is to minimize these administrative costs in relation to the costs of services provided.

In addition to including the executive, budget, publication and legal offices of the agency, this program also provides staff support to the State Board of Education and other administrative boards and commissions. These include boards for private, academic, business, trade and correspondence schools, and the Professional Standards and Practices Commission. A three-year initiative, funded

through 2003-04, enabled the department to migrate its legacy mainframe database to a relational database. This information technology upgrade offers program managers improved flexibility and responsiveness in data management.

The funds from the School Employees' Retirement Fund used for administration of the School Employees' Retirement System are also included as Other Funds in this program. Administration of the School Employees' Retirement System is directed by the Pennsylvania School Employees' Retirement Board and includes provision of benefits for retired school employees and counseling and information services for active employees. The system currently provides benefits to over 141,000 retirees and beneficiaries. The School Employees' Retirement Fund is shown in the Special Funds Appendix.

### Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

**General Government Operations**  
\$ -1,187 —to continue current program.

**Information and Technology Improvement**  
\$ 107 —to continue current program.

In addition, this budget recommends \$283,000 in School Employees' Retirement Fund savings from replacing contracted Help Desk services with in-house staff.

*PROGRAM OBJECTIVE: To provide students with the skills, attitudes and abilities needed for effective living in our complex society.*

## Program: Basic Education

### ***Program Element: Basic Education***

The Commonwealth and local school districts share the financing of public elementary and secondary education in Pennsylvania. There are 501 local school districts and 102 charter schools in Pennsylvania. Each is governed by a locally elected school board that is responsible for the administration of the public schools in the district. Funding provided to the school districts by the Commonwealth supplements the funds raised locally.

The Basic Education Funding appropriation is the largest subsidy the Commonwealth provides to support local school districts. Funding is allocated to each district through a formula that is based on district enrollment and relative wealth. Act 48 of 2003 established the funding formula for the 2003-04 Basic Education Funding appropriation. In addition to providing each school district an amount equal to its 2002-03 allocation, the formula contains five components: a base (equity) supplement, growth supplements, a minimum increase guarantee; a small district assistance supplement and a supplement based upon enrollment and relative local taxing effort.

### ***Program Element: Educational Support***

The activities included in this element are those that support basic education programs but are not directly involved with their implementation. These programs include: payments to school districts to cover the State share of payroll costs for Social Security and retirement, authority rental and sinking fund payments for school infrastructure, pupil transportation, school food service subsidy and subsidy payments to intermediate units.

More than two-thirds of the school buildings in the Commonwealth were constructed prior to 1965. Since that time, needs have changed in terms of instructional programs, accessibility, educational philosophy and technology. Buildings have also experienced normal deterioration from use. These factors, as well as demographic changes and a favorable investment climate, have resulted in a continued increase in the number of school building and renovation projects reviewed annually. Of the projects supported with Commonwealth funds, eighty percent of all projects involve renovation or expansion of existing facilities. Funds also support renovations and expansions of regional career and technical education schools. The Commonwealth currently reimburses districts for debt service payments on approximately 1,400 bond issues used to finance these projects. Act 35 of 2001 also provides for the reimbursement to districts for annual leases of buildings or portions of buildings and for 90 charter schools.

### ***Program Element: Basic Education-Nonpublic Schools***

The Commonwealth provides aid to nonprofit, nonpublic

schools through this element. Appropriations are for auxiliary services, textbooks, instructional materials and transportation to and from nonpublic schools.

Services provided include guidance counseling, testing, psychological services, speech and hearing services, remedial reading, remedial math and services for exceptional children. Textbooks are loaned to children in nonpublic schools under a program established by Act 195 of 1972. Act 90 of 1975 authorizes instructional materials to be loaned to nonpublic schools. Transportation is provided to and from school for nonpublic school students in accordance with the Public School Code.

### ***Program Element: Basic Education — Adjudicated Youth***

This element includes educational services for those in rehabilitative or correctional facilities. The Commonwealth's Youth Development Centers house minors adjudicated from the court system. These centers provide rehabilitation and education for incarcerated juveniles. The appropriation within this element is Youth Development Centers-Education.

### ***Program Element: Special Education***

Special education, in partnership with basic education, is serving approximately 315,000 school-aged students in Pennsylvania school districts, intermediate units, approved private schools, private residential facilities and State centers.

The major special education appropriation provides support for programs for exceptional children served by the public schools of the Commonwealth. Public school special education programs are administered by all 501 school districts. These programs may be directly operated by the districts or contracted with other school districts, intermediate units or other providers. When appropriate public education is not available, students may be assigned to department approved private schools.

Funds are also provided under this element for the State-operated Scranton State School for the Deaf, Early Intervention and Approved Private/Charter Schools.

### ***Program Element: Vocational Education***

Vocational Education, also in partnership with basic education, is serving approximately 100,000 secondary students and indirectly assists in workforce preparation of 40,000 adults. The appropriation for vocational education is paid to area vocational-technical schools, school districts and charter schools that provide approved vocational-technical instruction. Approved programs must collaborate with business and industry and target services at demand occupations based on projections of local labor market demand.

## Program: Basic Education (continued)

### **Program Element: Education Mentoring**

This program element supports community-based organizations that partner with schools to provide senior/adult/older mentors to at-risk teens and younger students. Mentors are matched with those students most at-risk of dropping out, students with high absentee rates or truancy and poor academic performance. Funds are also distributed to school districts to enhance long-range comprehensive strategies for dropout prevention and dropout reduction. Grants are awarded on a competitive basis.

### **Program Element: Basic Education — Teen Parenting**

Through this element, the Commonwealth offers program grants, training and technical assistance to schools to provide educational and support services necessary to help pregnant and parenting teens stay in school and graduate. Services include case management, parenting education, referral to pre- and post-natal health care, childcare services, transportation and other services.

### **Program Element: Charter Schools**

This program element provides for grants to groups and schools interested in planning and starting charter schools. Charter schools are public schools, approved by local school

districts. They are created and controlled by parents, community leaders and/or teachers. Charter schools operate free from educational mandates, except those concerning nondiscrimination, health and safety.

### **Program Element: Safe and Alternative Schools**

Through the Office of Safe Schools, school districts receive grants to implement their localized innovative plans for safer schools. A portion of the funding is targeted to those school districts that have experienced the greatest problems with violence. This effort is intended to provide children with the opportunity to learn and teachers with the opportunity to teach in environments unhindered by violence and disciplinary problems.

This program element also provides for the development of alternative education programs for disruptive students. School districts receive formula-based grants to aid in offsetting the costs of operating these programs. Local participation is encouraged through the requirement of local matching support. School districts are further encouraged to work together to tailor the types of programs necessary to meet their needs, either through consortia or an intermediate unit.

<b>Program Measures:</b>	<b>2002-03</b>	<b>2003-04</b>	<b>2004-05</b>	<b>2005-06</b>	<b>2006-07</b>	<b>2007-08</b>	<b>2008-09</b>

Scranton School for the Deaf enrollment .....	115	119	125	125	125	125	125
Approved vocational education programs: ..							
Students enrolled .....	18,500	18,600	18,700	18,800	18,900	19,000	19,000
Students completing programs .....	3,800	3,820	3,840	3,860	3,880	3,900	3,900

Students taking PA Assessment test increased in 2002-03 from the projection shown in last year's budget because third grade assessments were administered in reading and mathematics for the first time during the 2002-03 school year. Increases in 2005-06 reflect planned expansion of PA Assessment in reading and mathematics in grades four, six and seven beginning in 2005-06. A science assessment test will be implemented in grades four, seven and ten beginning in 2007-08.

Total GED diplomas decrease from the projections shown in last year's budget due to the implementation of a new examination. Fewer individuals took the test in 2002-03 and the pass rate of those taking the test dropped from 72% to 67%.

## Program: Basic Education (continued)

<b>Program Measures: (continued)</b>	<b>2002-03</b>	<b>2003-04</b>	<b>2004-05</b>	<b>2005-06</b>	<b>2006-07</b>	<b>2007-08</b>	<b>2008-09</b>
<b>Vocational Education</b>							
Enrollment .....	94,000	94,500	95,000	95,500	96,000	96,500	97,000
Students placed in jobs .....	8,610	8,656	8,700	8,750	8,795	9,600	10,475
<b>Basic Education—Education Mentoring</b>							
Education mentoring/dropout prevention program enrollment .....	5,610	5,600	5,600	5,600	5,600	5,600	5,600
<b>Basic Education—Teen Parenting</b>							
Students served by teen parenting programs	5,650	5,650	5,650	5,650	5,650	5,650	5,650

Vocational Education students placed in jobs decrease from the projections shown in last year's budget because numbers were revised to provide actual students who completed the program and responded to actual student surveys. Previous estimates were based upon a sampling of data.

Education mentoring/dropout prevention program enrollments increase from the projections shown in last year's budget due to the increased number of grantees receiving funding. These grantees built on existing capacity to provide services to additional students.

## Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

<b>GENERAL FUND</b>			
<b>Office of Safe Schools Advocate</b>			
\$	–652		—program reduction.
<b>Youth Development Centers — Education</b>			
\$	552		—to continue current program.
<b>Scranton State School for the Deaf</b>			
\$	50		—to continue current program.
<b>Basic Education Funding</b>			
\$	105,266		—PRR —Investing in Our Students' Success. This Program Revision provides for a two and one-half percent increase for basic education programs. See the Program Revision following this program for additional information.
<b>Basic Education/Reimbursement of Additional Expenses</b>			
\$	–4,600		—nonrecurring 2003-04 payment.
<b>Education Support Services</b>			
\$	9,000		—PRR —Investing in Our Students' Success. This Program Revision provides Classroom Plus grants to assist students who need additional services to perform at grade level. See the Program Revision following this program for additional information.
	–9,000		—Education Support Services funding in the 2003-04 budget.
\$	0		<i>Appropriation Unchanged</i>
<b>Pennsylvania Accountability Grants</b>			
\$	250,000		—PRR —Investing in Our Students' Success. This Program Revision provides flexible block grant resources for proven programs to help school districts attain or maintain academic performance targets. See the Program Revision following this program for additional information.
<b>Education Assistance Program</b>			
\$	25,000		—PRR —Investing in Our Students' Success. This Program Revision provides tutoring resources to schools that have not made Adequate Yearly Progress in math or reading. See the Program Revision following this program for additional information.
	–25,000		—Education Assistance Program funding in the 2003-04 budget.
	0		<i>Appropriation Unchanged</i>
<b>Head Start Supplemental Assistance</b>			
\$	15,000		—PRR —Investing in Our Students' Success. This Program Revision provides for resources to federal Head Start providers to expand programs to additional children and to offer extended-day services. See the Program Revision following this program for additional information.
<b>Science Education Program</b>			
\$	–2,000		—nonrecurring project.
<b>Vocational Education</b>			
\$	1,419		—PRR —Investing in Our Students' Success. This Program Revision provides for a two and one-half percent increase for vocational education programs. See the Program Revision following this program for additional information.
<b>New Choices/New Options</b>			
\$	–2,000		—nonrecurring project.
<b>Pupil Transportation</b>			
\$	24,380		—to continue current program.
<b>Nonpublic and Charter School Pupil Transportation</b>			
\$	21		—to continue current program.

## Program: Basic Education (continued)

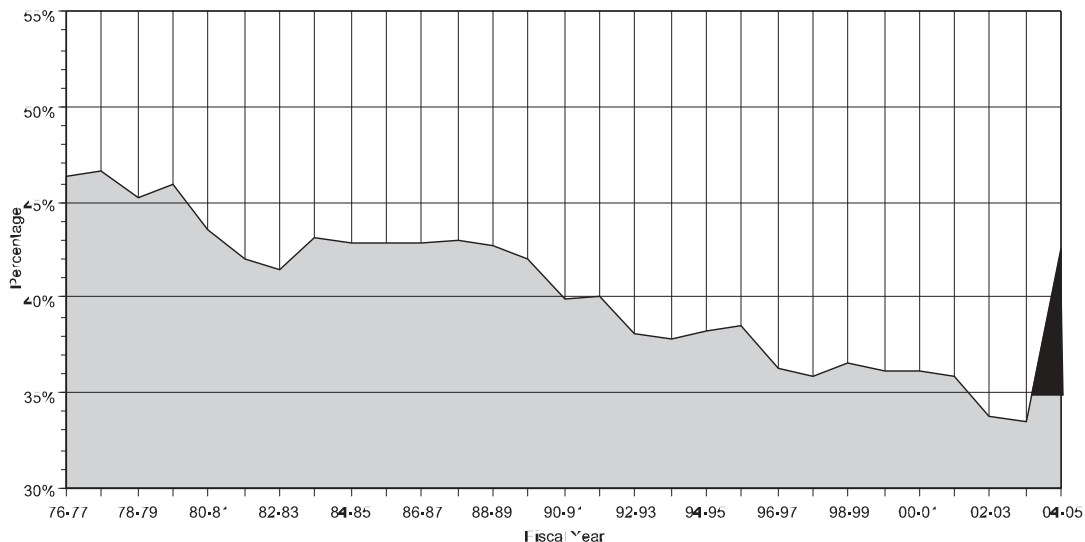

### Program Recommendations: (continued)

This budget recommends the following changes: (Dollar Amounts in Thousands)

\$ 22,615	<b>Special Education</b> —PRR —Investing in Our Students' Success. This Program Revision provides for a two and one-half percent increase for special education programs. See the Program Revision following this program for additional information.	\$ 65,083	<b>School Employees' Retirement</b> —to continue current program at the actuarially determined employer contribution rate.
\$ 4,496	<b>Early Intervention</b> —to continue current program.	\$ -13,000	<b>School District Demonstration Projects</b> —nonrecurring projects.
\$ -68	<b>Homebound Instruction</b> —to continue current program.	\$ -45	<b>Education of Indigent children</b> —to continue current program.
\$ 2,717	<b>Tuition for Orphans and Children Placed in Private Homes</b> —to continue current program.	\$ 1,851	<b>Services to Nonpublic Schools</b> —to continue current program.
\$ 28	<b>Payments in Lieu of Taxes</b> —to continue current program.	\$ 566	<b>Textbooks, Materials and Equipment for Nonpublic Schools</b> —to continue current program.
\$ 25	<b>Education of Migrant Laborer's Children</b> —to continue current program.	\$ -5,100	<b>Job Training Programs</b> —nonrecurring projects.
\$ 669	<b>PA Charter School for the Deaf and Blind</b> —to continue current program.	\$ -500	<b>Independent Schools</b> —program elimination.
\$ 1,636	<b>Special Education - Approved Private Schools</b> —to continue current program.	\$ 2,647	<b>Reimbursement of Charter Schools</b> —to continue current program.
\$ 702	<b>School Food Services</b> —to continue current program.	\$ -7,200	<b>Alternative Education Demonstration Grants</b> —nonrecurring projects.
\$ 17,459	<b>School Employees' Social Security</b> —to continue current program.		

All other appropriations are recommended at the current year funding levels.

## State Support for Basic Education

The Commonwealth's participation in funding basic education has declined from 50% in 1975-76 to under 34% in 2003-04.

This budget recommends a \$105.3 million basic education funding increase and a \$250 million accountability block grant. If enacted, the State's share of the cost of supporting our schools would increase to nearly 35%.

The property tax relief proposal, if enacted, could increase State support by as much as \$1 billion, and would increase the State's share of the cost of supporting our schools to nearly 44%.

## Program Revision: Investing in Our Students' Success

Across this Commonwealth, inspired and talented teachers and administrators are helping our students achieve. As a result, the majority of Pennsylvania students are meeting national standards. But in spite of the best efforts of our public schools, 44 percent of Pennsylvania's schoolchildren – more than two in five – still cannot read or do math at a level that meets the State standard of grade level proficiency. More troubling is that over the last ten years the percentage of Pennsylvania fourth grade students reading at grade level did not budge on national assessments. In 2002, President Bush challenged the nation with the passage of The Federal No Child Left Behind Act. This federal law requires that 35 percent of our students are proficient in math and at least 45 percent proficient in reading in 2004. In 2005, the standards will increase to 45 percent proficient in math and 54 percent proficient in reading. By the time our current elementary school students graduate high school, all students will have to be proficient in reading and math. Pennsylvania is not meeting the modest standards now and will have a hard time keeping up as the standards increase.

This Program Revision recommends a total of \$428.3 million in new education funding, including \$250 million in targeted educational investments proven to boost student skills especially among those students who traditionally struggle to meet the standards, \$34 million in tutoring funding for schools that have not made Adequate Yearly Progress in math or reading, \$15 million to supplement federal Head Start programs, and \$129.3 million in new support for basic, vocational and special education programs.

### Pennsylvania Accountability Grants

The 2003-04 enacted education legislation established an Accountability Block Grant beginning in the 2004-05 fiscal year. This flexible block grant provides the majority of the Commonwealth's new strategic investment in schools and offers school districts proven educational program options to meet the special needs of their struggling students and to attain or maintain academic performance targets. This Program Revision recommends \$250 million in Block Grant funding. Every school district will receive a share of the Block Grant in the 2004-2005 school year. School districts can use Block Grant funding for high-quality pre-school, full-day kindergarten, small class size in grades K-3, tutoring, teacher training, science materials and equipment, incentives to recruit and retain the most qualified teachers where needed most, closing achievement gaps, and strengthening links to social and health services. Block Grant funding amounts are determined by a set formula: 75 percent of allocated funding is based on the percentage of students scoring below proficiency on the Pennsylvania System of

School Assessment (PSSA) in order to target those students who need the extra assistance the most; and 25 percent of allocated funding is based on the percentage of students scoring proficient or above on the PSSA in an effort to maintain the achievement of those students. School districts also have the option to invest in other research-backed strategies, upon notification and review by the Department of Education. The Pennsylvania Accountability Block Grants are a win-win for school districts and taxpayers – communities have maximum local control and the flexibility to implement those programs that best serve their individual needs, and the focus on proven programs ensures the efficient and effective use of taxpayer resources.

### Tutoring

Pennsylvania has one of the highest achievement gaps in the country. This, coupled with meeting standards set by the Federal No Child Left Behind Act, adds a greater sense of urgency to add additional support and resources designed to help all students succeed. Research indicates that tutoring services are one of the most effective tools in boosting student achievement. This Program Revision recommends continuation of the Educational Assistance Program implemented as part of the 2003-04 enacted budget. The enacted budget appropriated a total of \$34 million for tutoring in each of the 2003-04 and 2004-05 fiscal years.

The Educational Assistance Program, funded at \$25 million, targets school districts with the most severe academic challenges – those schools that did not meet Average Yearly Progress targets in math or reading. Currently, 81 districts in Pennsylvania have at least one school that will qualify for the Educational Assistance Program. Students who score below the standard in grades K-3, 4, 6, or 9, or are below proficient on the reading or math PSSA in grades 5 and 8 can receive tutoring under this program. Students would receive tutoring before school, after school, on weekends or during the summer. New guidelines ensure that tutoring takes place in a class size capped at 10 students during the school year and 15 students during the summer. Districts eligible for the Educational Assistance Program may use their allocated funding to provide programs either in-house or through approved outside providers. All tutoring providers are required to use evidence-based models for instruction. The academic progress of students receiving instruction must be reviewed by a school district assessment mechanism. Tutoring must be aligned to the school curriculum and tutors must collaborate with the classroom teacher. Tutoring providers will be evaluated annually; specific measurable outcomes must be achieved before a provider will be approved to continue tutoring into the following year.

## Program Revision: Investing in Our Students' Success (continued)

This Program Revision also provides \$9 million for the continuation of Classroom Plus, a tutoring program for students who have received low standardized assessment results. Classroom Plus provides up to \$500 per student per fiscal year for tutoring from state approved providers. Public and private school students are able to access tutoring vouchers to use to purchase tutoring services in their communities.

### Head Start Supplemental Assistance

The 2003-04 enacted education legislation included a \$15 million set aside for the 2004-05 fiscal year targeted to match the world renowned federally funded Head Start program. Consistent with that legislation, this Program Revision recommends \$15 million to supplement federal Head Start programs. Grants will be provided to existing Head Start providers to expand their programs to additional children and to offer extended-day services. Head Start providers can either provide extended-day services themselves or collaborate with a licensed child-care center or a registered family or group day-care home. This first-time investment removes Pennsylvania from a list of only nine states that do not provide funding for pre-school education and positions the Commonwealth for future expansion of the Governor's early childhood initiatives.

### Education Tax Credits

This Program Revision also provides for the expansion of pre-school programs by recommending a tax credit program for private pre-school scholarships. Pennsylvania businesses will be able to receive up to \$5 million in state tax credits for donations to pre-school scholarship

organizations. The scholarships will make tuition grants available to parents to pay for the pre-school of their choice throughout the state. The program will function like the current Educational Improvement Tax Credits – which is also expanded to \$40 million. These tax credits can be used for two purposes – donations to non-profits that fund innovative educational programs in public schools and donations to scholarship organizations that provide personal tuition grants for private schools.

### Enhanced Education Funding

In addition, this Program Revision recommends a two and one-half percent increase in funding for basic education, special education and vocational education programs offered by our school districts. These increases will provide an additional \$105.2 million for Basic Education Funding, \$22.6 million for Special Education and \$1.4 million for Vocational Education.

This Program Revision continues the Commonwealth's significant investment in basic education by strengthening and expanding successful programs and by creating new and innovative strategies to enhance educational opportunities and provide quality education to all Pennsylvania's children. More children will benefit from proven programs like full day kindergarten and extensive tutoring, struggling school districts will have help to get back on track, teachers will have increased access to quality tools and professional development, and schools will be better equipped to meet demanding academic standards required under No Child Left Behind.

*PROGRAM OBJECTIVE: To provide and improve library services to citizens of the Commonwealth, special libraries, and government agencies and employees.*

## Program: Library Services

This program supports and improves State and local library services and ensures access to these services by citizens of the Commonwealth.

The Office of Commonwealth Libraries is the agency of the Commonwealth charged with developing, improving and coordinating library services and systems in the State. It provides Statewide leadership in the development of libraries as essential contributors to the cultural and economic well being of Pennsylvania communities.

The State Library, located in Harrisburg, is a major resource library serving State Government, as well as libraries and residents of the Commonwealth. It includes an extensive general and legal reference collection, comprehensive collections of Pennsylvania newspapers and Pennsylvania State and U.S. Government publications, computer search services to provide reference and research assistance to State Government personnel from more than 300 databases, and a computer-based catalog to give users more rapid access to information about the collection. Since 1998, the catalog has been available on the internet as part of the Access Pennsylvania library database.

The library development function provides leadership and advisory services to public, academic and special libraries; coordinates a Statewide system of public libraries; administers a program of State-aid to public libraries and promotes sharing of library resources through a variety of cooperative programs affecting libraries throughout the Commonwealth. The Improvement of Library Services appropriation supports basic operations in local public libraries, enabling these libraries to provide direct service to meet the demands of Pennsylvania residents for information, education and cultural enrichment. These funds support the district library center program in 28 designated public libraries, which are charged with providing resources and services to the local libraries and residents of their defined geographic areas. In addition, these funds subsidize four Statewide Library Resources Center Libraries named in the Library Code and charged with acquiring research collections, making those collections available to all residents, providing online reference services and reference

databases, and converting historic parts of their collections to digital format, accessible via the Internet.

Library Services for Visually Impaired and Disabled provides operating funds to Pennsylvania's regional libraries for direct mail services to Pennsylvania residents who are blind or who have a physical disability that prevents them from using regular print materials. Seventy percent of the users of this program are elderly persons who are often homebound and isolated with no other access to the world of books. The service is provided in partnership with the Carnegie Library of Pittsburgh and the Free Library of Philadelphia. The Federal government waives postage and provides talking books for circulation by the regional libraries.

The Library ACCESS Program supports three program components. First, the Statewide Library Card Program allows people to use any participating public library no matter where they live. Libraries are reimbursed for the cost of lending books to people living outside their service areas. Second, the Interlibrary Delivery Service (IDS) provides cost-effective transportation and delivery of materials between libraries. Library Access pays a subsidy to IDS so that the libraries' share of delivery costs are reduced. Third, the Pennsylvania Online World of Electronic Resources (POWER) Library provides online periodical and reference databases covering a broad range of subjects for public and school library users and by Pennsylvania residents at home through their public libraries' web sites. The POWER Library provides equity because it provides both quality and quantity of resources formerly unattainable in rural areas or cash-strapped urban schools.

The Electronic Library Catalog Program, known as Access Pennsylvania, is a web-based automated catalog of more than 2,700 Pennsylvania libraries and provides access to books, journals and other information held by any participating school, public, college or university library. The program's objective is to increase access to educational materials held in Pennsylvania's libraries by facilitating interlibrary loan and resource sharing. The program improves the educational curriculum across the Commonwealth by providing access to information.

## Program: Library Services (continued)

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09
Items accessed (in thousands) .....	137,925	139,304	140,697	142,104	143,525	144,961	146,410
Titles in State Library collection listed in machine readable catalog database .....	1,006,546	1,016,611	1,026,778	1,037,045	1,047,416	1,057,890	1,068,469
Patron queries handled by State Library staff .....	225,422	227,676	229,953	232,252	234,575	236,921	232,290
Items loaned under the Statewide Library ACCESS program .....	13,809	14,085	14,367	14,654	14,947	15,246	15,551

Items accessed has increased since last year's budget because the measure was changed from items loaned to items accessed. This measure now counts the number of documents that are utilized within the library as well as documents that are loaned out.

Patron queries handled by State Library staff has been revised to include web-based access to library resources. Previously only "in person" queries were included in this program measure.

## Program Recommendations: This budget recommends the following changes: (Dollar Amounts in Thousands)

<b>GENERAL FUND:</b>		<b>KEYSTONE RECREATION, PARK AND CONSERVATION FUND:</b>	
\$	11	State Library	<b>Local Libraries Rehabilitation and Development (EA)</b>
		—to continue current program.	—nonrecurring projects.
\$	4,779	<b>Improvement of Library Services</b>	\$ -1,484
		—to continue current program.	

All other appropriations are recommended at the current year funding levels.

*PROGRAM OBJECTIVE: To fulfill Pennsylvania's requirements for graduates of higher education programs, to respond to the demands of students for higher education and to support the public institutions providing those programs.*

## Program: Higher Education

Higher education in Pennsylvania is provided through 264 degree-granting institutions, which include the State System of Higher Education, the community colleges, the four State-related universities, the Commonwealth's independent universities and colleges, the State affiliated Thaddeus Stevens College of Technology and other specialized associate degree-granting institutions.

Funding for these institutions is through direct grant appropriations and, for most of the independent sector, through the Institutional Assistance Grants and student support programs of the Pennsylvania Higher Education Assistance Agency.

**Table 1**

<b>TOTAL .....</b>	<b>357,225</b>	<b>364,974</b>	<b>370,940</b>	<b>375,702</b>	<b>379,950</b>	<b>384,237</b>	<b>390,085</b>

### **Program Element: State System of Higher Education**

Funding for the 14 universities of the State System of Higher Education is distributed through the Chancellor's Office to the individual universities in accordance with a formula that considers the enrollment and programs of the school and the cost of operating and maintaining the individual campuses. While all the universities provide a broad liberal arts curriculum, each has a specific mission — health sciences, business, technologies, etc. All of the universities provide teacher preparation programs. Also, most offer the master's degree level in some of their programs.

### **Program Element: Community Colleges**

Funding for the community colleges is shared by sponsoring counties or school districts, the students through tuition payments and the Commonwealth. Commonwealth appropriations are based on a formula that considers the number of students enrolled, the number of students in each of several technical programs for which additional stipends are paid to recognize the high cost of those programs and the capital costs of the colleges. The colleges offer two-year liberal arts curricula for transfer to other institutions and two-year programs in technologies or other vocational areas that culminate in an associate degree or certificate. They also offer non-credit programs such as public safety, or for the improvement of personal and professional skills.

### **Program Element: State-related Universities**

Funding for the four State-related universities —

Pennsylvania State University, the University of Pittsburgh, Temple University and Lincoln University — provides basic support for their educational programs. The first three of these Commonwealth universities are major research universities; they provide programs to the doctoral level in the arts and sciences and professional schools in the medical and legal fields. They also play a major role in the Commonwealth's workforce development initiative.

### **Program Element: Enrollment and Degree Programs**

In 2002, approximately 75% percent of high school graduates planned to attend postsecondary institutions. This is a significant improvement over the past decade when only slightly more than half of Pennsylvania high school graduates indicated they planned to attend a postsecondary institution. Also, participation rates of older students and part-time students continue to increase. Full-time equivalent enrollment in State-supported universities and colleges is expected to increase in the immediate future at levels in excess of two percent annually with the trends differing from sector to sector. Community College growth, for example, has been and will continue to be much more dramatic, especially if a sluggish economy persists in upcoming fiscal years. This overall growth is not only the result of minor growth in the population of traditional age students but also especially due to the increase in participation rates of non-traditional and part-time students. The enrollment is affected by two factors: as the population of traditional college age students continues to decline that

## Program: Higher Education (continued)

**Table 2**

decrease is offset by increases in the participation rates of non-traditional and part-time students.

The Pennsylvania Higher Education Assistance Agency and the Department of Education work with school districts to disseminate information to students and their parents about the importance of postsecondary education, the choices available to students, the financial aid available and the high school preparation required.

Along with higher education enrollment size, the mix of enrollments by discipline will shape the future of higher education. Table 2 shows projections of enrollment by subject area in the State-supported universities and colleges

from 2002-03 through 2008-09. It reflects the increased choices of career-oriented disciplines with good employment rates such as engineering technology and industrial technologies, but also reflects slower than anticipated growth in the engineering and physical science and mathematics enrollments.

The State-supported universities and colleges in Pennsylvania graduate over 75,000 students annually with degrees ranging from the two-year associate degree to doctoral and professional degrees. Pennsylvania degree graduates from both State-supported and private universities and colleges total over 121,000 annually.

***Program Element: Support for Educationally Disadvantaged and Minority Students***

Under Act 101 of 1971, the Higher Education Equal Opportunity Program provides grants to colleges for tutorial and counseling services for economically and educationally disadvantaged students to aid them in succeeding in college.

In 1996, the Department of Education and the Federal Office of Civil Rights embarked on a joint venture designed to assess and address the challenges in providing higher education opportunities for African American students in Pennsylvania. Funding is included in this subcategory and in the capital budget to further help with the cost of recruiting and retaining minority students. Funds are also provided for an affirmative action program at the State System of Higher Education and to continue infrastructure improvements at Cheyney and Lincoln Universities. In addition, funding for higher education scholarships for students of Cheyney and Lincoln Universities is made available through programs administered by the Pennsylvania Higher Education Assistance Agency.

***Program Element: Research***

An essential ingredient for a healthy economy and the creation of new jobs in any region is the existence of vigorous research universities. Regions with the most dynamic economies are those where research and development investments have been significant. The research university not only provides new ideas, technologies and products to industry, but also educates and motivates graduates to turn those ideas, technologies and products into industry and jobs.

While the University of Pittsburgh and Temple University are also major research universities, Pennsylvania State University (Penn State) is the primary recipient of direct research funds designated by the Commonwealth to support research in agriculture, engineering, biological and physical sciences, earth and mineral sciences, health and human services, and other disciplines. Pennsylvania State University is the Commonwealth's Federally designated land-grant university and as such has received funds designated for agricultural research since 1901.

The continued State support for organized research is a means of promoting a responsive position on the ever-changing needs of the Commonwealth. In this regard, colleges and universities play a major role in the economic development of the Commonwealth through the creation of a climate that will attract new high technology industries to the State.

***Program Element: Community Service***

Public and community services are provided by all sectors of higher education and include short-term courses and workshops and programs in the arts. The bulk of Commonwealth funding in this area supports the Cooperative Extension Service of Penn State. The service offers consultation to any State resident on agricultural or environmental issues. It operates the Agricultural Extension Computer Network, which, with a computer in every county extension office, offers a Statewide network of information linked to the resources of the main campus.

***Program Element: Support Services and Performance Indicators***

The Department of Education provides leadership and support services to all sectors of higher education. Responsibilities include liaison with the national accrediting agencies, the State Board of Education and other governing boards; policy review and development based on comprehensive planning and research; and implementation of the higher education master plan and the Commonwealth's plan for equal education opportunity. The Department also partners with other Commonwealth agencies on workforce development strategies. Additionally, the department provides certificates to those seeking teaching certification in Pennsylvania.

Pennsylvania has been a national leader in education reform by introducing concepts of quality performance and accountability in basic and secondary education. This budget will continue these efforts and introduce programmatic initiatives through a combined effort of elementary/secondary and postsecondary and higher education, jointly with the United States Department of Education, to fulfill the initiatives of "No Child Left Behind".

# EMERGENCY MANAGEMENT AGENCY

The Pennsylvania Emergency Management Agency develops and maintains a comprehensive plan and program for the civil defense of the Commonwealth. Primarily the plan calls for the protection of life and property both prior to and in the event of natural and other disasters. The agency, through the Office of the State Fire Commissioner, provides loans to volunteer fire, ambulance and rescue companies, and coordinates State fire services. The Emergency Management Agency also administers post-disaster aid to affected localities and citizens.

# Emergency Management Agency

*PROGRAM OBJECTIVE: To develop and maintain a Statewide emergency force capable of immediate and effective action in the event of natural, technological or other man-made disasters and rapid organizational expansion to assure civil preparedness for war or resource based emergencies.*

---

## Program: Emergency Management

---

The Pennsylvania Emergency Management Agency (PEMA) has developed an organization designed on the National Governors' Association model of comprehensive emergency management. A multi-agency training program develops and maintains a Statewide emergency force composed of State, county and local units jointly capable of: prompt and effective action to protect life and property; alleviating human suffering and hardship resulting from natural and man-made disasters; and deploying rapidly when required in the event of war or other resource based emergencies.

Act 1 of Special Session 2 of 1996 increased the amount of unused appropriated funds available for the Governor to transfer for disaster relief from \$5 million to \$10 million in any one year.

Act 64 of 1999, the Emergency Management Assistance Compact, allows PEMA to provide and coordinate emergency services to other states participating in a mutual assistance agreement. The Governor is authorized to transfer up to \$15 million in unused appropriated funds for these expenses, which may be reimbursed by other states.

The agency's mission includes programs concerning prison/community safety, 911-program implementation and maintenance, statewide chemical and nuclear power safety, and hazardous materials transportation.

The Commonwealth's civil preparedness and emergency response capability is provided through the maintenance of a Statewide system, to facilitate hazard assessment, emergency planning, warning, and emergency communications. A network for radiation monitoring is provided. To facilitate rapid deployment of resources to protect life and property, an emergency response and command center has been developed. Training and education are provided to county and local entities on an ongoing basis to maintain their civil preparedness and emergency response readiness.

Counties are required to have an approved emergency program plan consisting of: a statement of

accomplishments, required financial needs, hazard vulnerability and goals indicating projected activity. The Federal Emergency Management Agency (FEMA) requires annual review and update of emergency operations plans. Federal and State laws mandate conduct of exercise programs. The FEMA requirement calls for a four-year rotation of natural, technological and national security exercises at the State, county and local (over 50,000 population) level annually. The comprehensive exercise program is an extensive and integrated training and testing program that enhances and measures the ability of county and local forces to provide a comprehensive and coordinated first line of response to emergency conditions. The agency coordinates urban search and rescue capabilities for response to certain types of disasters. Regional rapid assessment teams are trained to provide assessment of needs in disaster areas. The agency coordinates regional counter-terrorism task forces and incident support teams. The agency is constructing a resource database and an online disaster information center so that information can be provided in a timely manner to State and county entities.

Activities required by the Environmental Protection Agency under the Federal Superfund Amendments and Reauthorization Act (SARA Title III) and the Federal Clean Air Act amendments include upgrading chemical emergency preparedness facility plans. Responsibilities for preparedness involve State and county governments and chemical manufacturers. Agency activities also required by SARA Title III are planning and training activities for compliance with the Hazardous Materials Transportation Uniform Safety Act.

Act 56 of 2003 provides for the collection of a monthly surcharge on wireless telephone customers to support a Statewide integrated wireless E-911 system. The surcharge will fund grants to public safety answering points to upgrade 911 technology enabling emergency responders to locate emergency calls from wireless telephones.

Emergency exercise participants .....	800,000	800,000	800,000	800,000	800,000	800,000	800,000
Responses to Statewide emergency incidents .....	4,445	5,462	6,200	6,200	6,200	6,200	6,200
Federal disaster funds disbursed (in thousands) .....	\$102,993	\$127,686	\$76,882	\$15,465	\$15,465	\$15,465	\$15,465

County/Local Emergency plans developed is updated to reflect actual number of plans submitted to the agency for review. Future year estimates assume emergency plans will only be submitted for review when significant changes are made.

Emergency management grants increased from the projections shown in last year's budget due to additional grant programs including state planning and first responder grants.

Responses to Statewide emergency incidents is updated to reflect the actual number of incidents reported to the agency's web-based reporting system. Future year estimates assume a greater awareness and use of the system.

Federal disaster funds disbursed increased from the projections shown in last year's budget based on actual data and estimated cost of recent disasters.

## Program Recommendations:

# Emergency Management Agency

*PROGRAM OBJECTIVE: To minimize the loss of life and property due to fire by developing and maintaining Statewide municipal fire and emergency service capability.*

## Program: Fire Prevention and Safety

This program provides operating funds for the Fire Commissioner to coordinate and organize State-level fire safety functions, the administration and operation of the Volunteer Loan Assistance Program, and the administration and operation of the State Fire Academy that provides training classes to paid and volunteer fire personnel.

The State Fire Commissioner is responsible for coordinating Federal, State and private fire safety funds; assisting State agencies in the development of plans related to fire safety; reviewing existing or proposed rules and regulations affecting the safety of Commonwealth citizens; and providing a cost-effective fire-loss management system for the Commonwealth.

Through contacts with government agencies, the business community, consumers and the fire service, the Fire Commissioner's Office renders technical assistance; collects, reviews and disseminates pertinent information about fire death data and fire prevention and control techniques; and conducts statewide fire safety educational programs for the entire fire community.

The State Fire Academy at Lewistown is the foundation for fire training delivery. The academy provides advanced professional development for fire service officers, command personnel, instructors and other specialists engaged in fire prevention and suppression activities; offers a Firefighter Certification Program based on nationally accepted professional standards; acts as the educational hub for all other fire and emergency services training in Pennsylvania; and serves as the designated Commonwealth government center for hazardous chemical and radioactive material training, providing training for both first responders and certified county hazardous materials response teams. Fire Academy personnel work closely with the community colleges for local level course development, community college and county fire school instructor certification and

delivery of local level fire training courses to over 60,000 students a year.

Another area of assistance to the fire fighting, ambulance and rescue community is the Volunteer Company Loan Assistance Program. The purpose of the program is to improve the capabilities of volunteer fire companies, ambulance services and rescue squads by offering low-interest loans (two percent per annum) for establishing or modernizing facilities to house fire fighting apparatus, purchasing new apparatus or equipment for fire fighting, communications and accessory equipment. Priority is given to replacement of outmoded or unsafe equipment and the purchase of additional equipment to meet unusual demand. Under this program, loans of \$15,000 or less are limited to five years, loans between \$15,001 and \$99,000 are limited to 10 years, and loans between \$99,001 up to the maximum of \$200,000 are limited to 15 years. Funding for the loan program is reflected in the financial statement for the Volunteer Companies Loan Fund included in the Special Funds Appendix.

Act 17 of 2003 established the Volunteer Companies Grants program. The program provides \$25 million for volunteer fire companies and ambulance services for the purpose of further supporting emergency services. Grants are awarded based on a formula which considers purchase or upgrade of safety equipment, debt reduction, and personnel certification among other factors. Fire companies are eligible for grants up to \$15,000 and ambulance services are eligible for grants up to \$10,000. In 2003, for the first time, applicants could apply electronically via the Internet.

The Volunteer Fire and Emergency Services referendum, approved by the voters on November 5, 2002, allows incurring indebtedness up to \$100 million to support firefighting and emergency activities. Legislation would be required to establish a program.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09
Local fire training graduates .....	79,682	75,000	75,000	75,000	75,000	75,000	75,000
State Fire Academy resident training hours* .....	30,527	32,300	33,000	33,000	33,000	33,000	33,000
Volunteer loans granted (in thousands) ....	\$16,240	\$19,000	\$18,000	\$18,000	\$17,000	\$17,000	\$17,000
Fire departments participating in Fire Information Reporting System .....	800	1,500	1,800	2,000	2,100	2,100	2,100

Local fire training graduates increased from the projections shown in last years budget based on improved reporting capabilities and the latest evaluation of future year projections.

Volunteer loans granted have been updated to reflect actual activity and the latest evaluation of future year loan activity.

\*New program measure.

**Emergency Management Agency**

**Program: Fire Prevention and Safety (continued)**

### Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

**GENERAL FUND:**

**September 2003 Storm Relief**  
\$ -100 —nonrecurring cost.

\$ -73 **State Fire Commissioner**  
—nonrecurring program costs.

		<b>July 2003 Storm Relief</b>
\$	—100	— nonrecurring cost.

All other appropriations are recommended at the current year funding levels.

**Appropriations within this Program:**

# DEPARTMENT OF ENVIRONMENTAL PROTECTION

*The mission of the Department of Environmental Protection is to protect Pennsylvania's air, land and water from pollution and to provide for the health and safety of its citizens through a cleaner environment. The department will work as partners with individuals, organizations, governments and businesses to prevent pollution and restore our natural resources.*

# Environmental Protection

**PROGRAM OBJECTIVE:** To provide administrative and technical support for the Commonwealth's environmental protection programs.

## Program: Environmental Support Services

This program provides the administrative and technical systems that direct and support the department's programs. It includes the executive and administrative offices, the Office of Chief Counsel, information and data processing systems, the Citizens Advisory Council, the Environmental Quality Board and the Bureau of Laboratories.

The Environmental Hearing Board's purpose is to safeguard the environmental rights of Pennsylvania's citizens through appeals of actions taken or instituted by the Department of Environmental Protection and/or the private sector. It is included here for presentation purposes.

### Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

**General Government Operations**

\$ 1,528	—Initiative—Operational Efficiency. Replacing contracted information technology services with agency staff.
614	—to continue current program.
-5,288	—Initiative—Operational Efficiency. Savings from replacing contracted information technology services with agency staff.
<u>\$ -3,146</u>	<i>Appropriation Decrease</i>

**Environmental Hearing Board**

\$ 7	—to continue current program.
------	-------------------------------

*PROGRAM OBJECTIVE: To protect and improve the quality of the air, water and environment for the health and safety of the citizens of the Commonwealth, to protect the people from dangerous or unnecessary radiation from natural and man-made sources, including occupational and medical exposure and to manage water and mineral resources in a way which insures against their undue destruction and depletion while allowing economic benefits from their use.*

---

## Program: Environmental Protection and Management

---

This program encompasses the major program elements that protect the health and safety of the citizens of the Commonwealth as well as the quality of their environment. While protection of citizens and the environment is the highest priority, the Commonwealth's economic health and development are also major concerns.

Act 68 of 1999, the Environmental Stewardship and Watershed Protection Act, authorized the beginning of the "Growing Greener" Program. The goal of this program is to ensure citizens their rights to clean air, to pure water and to the preservation of the natural, scenic, historic and esthetic values of the environment. In the Department of Environmental Protection, a number of program elements are affected: Water Quality Protection, Water Supply Management, Regulation of Mining and Watershed Conservation. Expanded activities include the reclamation of abandoned mines, plugging of certain oil and gas wells, protection and restoration of watersheds, and improvements to drinking water and sewer systems. With the passage of Act 90 of 2002, the primary revenue source for the Environmental Stewardship Fund was restructured from a General Fund contribution to a \$4 tipping fee per ton of solid waste disposed in Pennsylvania's municipal waste landfills. The first \$50 million of revenue from the fee was deposited into the Environmental Stewardship Fund in 2002-03, with the fund receiving all revenue generated by the fee in 2003-04 and thereafter. The act provides a specific, dedicated source of funding for the Growing Greener Program and extends the \$4 tipping fee until 2012. The Growing Greener II proposal for fiscal year 2004-05 includes a new \$1.00 municipal solid waste disposal fee dedicated solely to the Environmental Stewardship Fund in order to maintain current program funding levels.

The Bureau of Laboratories provides analytical data for the department that determines and identifies pollution levels in samples from any part of the environment. Samples from streams and lakes, solid wastes, drinking water, industrial wastes and fish are analyzed for toxic chemicals. Milk, food, water and air are examined for radiation. Water from supply systems, beaches and sewage treatment plants is examined for bacteria; and homeowners' water is examined for potability. With the passage of the Environmental Laboratory Accreditation Act (Act 90 of 2002), an accreditation program for environmental laboratories within

the department was established to assure the quality of compliance data in all program areas.

### **Program Element: Air Quality**

Emissions of air contaminants from existing and future sources must be closely monitored and controlled by the Department of Environmental Protection in order to improve air quality as mandated by the Federal Clean Air Act. The goal of these activities is to achieve the best air quality and meet State implementation requirements while providing for industrial growth and environmentally sound energy utilization. Some pollutants of primary concern to the agency include suspended particulates, sulfur and nitrogen oxides, ground-level ozone, volatile organic compounds and toxic air pollutants.

Monitoring air quality occurs at two levels. Ambient (outside) monitoring measures overall air quality in an area. The Commonwealth maintains a network of 60 ambient monitoring sites and 26 fine-particulate monitoring sites. Sites are chosen primarily for their proximity to populated areas in order to determine the air quality where the greatest number of people is affected. Source monitoring, by both operators and mobile teams from the department, is used to check individual sources of emissions. In addition, certain large facilities are required to have instruments installed that continuously monitor emissions, minimizing the risk of accidental release of large amounts of pollutants.

Permits and inspections are the primary regulatory means for ensuring that sources of emissions are designed, constructed and operated within air quality regulations. The department must approve plans for new construction or modification of existing facilities before enhancements are made. Inspections are conducted to assure the facility has conformed to approved designs before permits are issued. In addition, on-site inspections are conducted to investigate complaints, initiate enforcement actions and to provide assistance during emergencies. The department uses compliance agreements and abatement orders to correct violations of air emission standards.

A program governing the removal of asbestos from public buildings is also included in air quality. As required by Federal regulations, the department reviews plans for the management of asbestos in schools, regulates companies doing removal work and oversees the safe disposal of the asbestos.

## Program: Environmental Protection and Management (continued)

### ***Program Element: Water Quality Protection***

The objective of the Water Quality Protection Program is to protect the health, safety and well-being of the public through the administration of environmental protection and pollution prevention programs focused on enhancing and maintaining the Commonwealth's water quality. Chronic surface and groundwater pollution problems in Pennsylvania originate from a variety of sources and are classified into two general categories: point and non-point sources. Point sources are those in which the polluting substances are conveyed into a body of water by a pipe or channel, most commonly sewage discharges, industrial waste discharges, and storm or combined sewage drainage. Non-point sources are generally diffused discharges, such as polluted groundwater, drainage from abandoned mines and agricultural runoff. Particular issues under this program include biosolids, wastewater management, erosion control, nutrient management, the Chesapeake Bay, wetlands protection, water obstructions and encroachments, and conservation district support.

Through its planning, permitting, surveillance and monitoring, enforcement and grants administration activities, the department carries out its duties and responsibilities for regulating water pollution control facilities and maintaining a Statewide surface and groundwater quality monitoring program. In addition, the National Pollutant Discharge Elimination System (NPDES), a delegated Federal program under the Clean Water Act, has increased the responsibilities of the Commonwealth to permit and monitor beyond the requirements of State law including requirements for permitting stormwater discharges and combined sewer overflows. The program also reviews plans for facilities and assists local governments in accommodating growth and development. Pennsylvania's 66 county conservation districts have been delegated authority for local administration of several of the water quality protection programs such as erosion and sedimentation control, wetlands and stream encroachments, agricultural application of sewage sludge and dirt and gravel road maintenance. This program provides management, technical, administrative and financial support to the districts in these efforts.

### ***Program Element: Water Supply Management***

The major portion of Water Supply Management is concerned with providing the citizens of the Commonwealth with safe, clean drinking water by regulating approximately 10,100 public water systems. These systems provide drinking water to the majority of citizens of the Commonwealth. There are about 2,200 community water systems in the Commonwealth serving 10.4 million residents and 7,900 non-community water systems generally serving restaurants, industries, schools and motels, which must comply with standards. The department also provides some

consultative services and inspections for the 700,000 domestic water supplies (residential wells) in Pennsylvania. Regulatory activities involve permitting and compliance, contaminant investigation and control, public education, and consultative services and inspections.

As a result of amendments to the Federal Safe Drinking Water Act in 1996, many of the activities of this program are receiving increased emphasis such as developing capacity development strategies for public water systems to address technical, managerial and financial issues. These amendments also placed additional emphasis on water infrastructure financing programs like the Clean Water State Revolving Fund and the Safe Drinking Water State Revolving Fund, which are used to increase State technical assistance and regulation. To date, over 800 wastewater and 650 drinking water projects have been funded through these programs.

The Black Fly Control Program, by treating 1,600 stream miles of the Susquehanna, Delaware and Allegheny rivers and their major tributaries, reduces the black fly population and gives relief to the citizens and visitors of the Commonwealth. During the 2003 spray season, 32 counties participated in the black fly suppression effort with an impact on 4.2 million residents. Two additional counties have requested participation for the 2003 spray season and two counties have suspended their participation.

The department has been given the responsibility for West Nile Virus (WNV) surveillance and control in an interagency effort with the Departments of Health and Agriculture. Protecting the public from this virus requires an integrated pest management program. This program includes monitoring of mosquito populations, control activities for mosquitoes that may carry the virus, determination of virus distribution, and examination of unknown vectors and reservoirs involved in the transmission of this virus. This program also involves development and maintenance of a data sharing system, outreach, and a funding program to build a long-term infrastructure for county government. Coordinated communications play a key role in each phase of this effort. This program is not intended to be a general mosquito control program, but to reduce the public safety health threat.

When the department's Mosquito Surveillance Program began on April 3, 2000, there were no counties actively conducting WNV surveillance. West Nile has now spread Statewide. Human cases, horse cases as well as West Nile-positive birds and mosquitoes were found in nearly every county in 2002. All 67 counties are participating in the 2003 season. The program builds infrastructure at the State and county level through a working partnership by providing technical support and grant funds to counties for mosquito surveillance and control programs to reduce WNV exposure to citizens of the Commonwealth.

## Program: Environmental Protection and Management (continued)

### ***Program Element: Municipal and Residual Waste***

The primary focus of the Municipal and Residual Waste Program is to encourage reduction in the amount of wastes produced, to maximize recycling and reuse of waste products and to assure the disposal of the remainder. For years, Pennsylvania relied on landfilling for management of 95 percent of its 11 million tons of municipal waste, while recycling only one percent. Implementation of Act 101 of 1988, the Municipal Waste Planning and Recycling Act, shifted this balance by requiring mandatory recycling in 408 communities. Under Act 101, counties have adopted waste management plans. Municipalities have implemented recycling programs. Communities in which landfills or waste-to-energy facilities are located have taken an active role in permitting and inspecting landfills and facilities to assure that these are being operated in a proper manner. In addition, host communities receive money from a tipping fee to use in any way they wish. The department regulates new and existing landfills to ensure that they are designed, constructed and operated with minimal risk to nearby residents and to the environment.

In 1998, Pennsylvania exceeded the goal set by Act 101 by recycling more than 25 percent of its municipal waste. As a result, the goal for recycling of its municipal waste has been raised to 35 percent by the year 2003. Act 175 of 2002 amended Act 101, and requires the department to develop a plan to assist municipalities in making recycling programs under this act financially self-sufficient.

The Waste Transportation Act (Act 190 of 2002) was enacted to address the problem of increased truck traffic transporting waste on Pennsylvania highways. Transporters of municipal and residual waste will have to obtain written authorization from the department, which works closely with the Department of Transportation and the Pennsylvania State Police to conduct waste truck inspections to improve compliance.

Act 93 of 1988 requires the regulation and control of the disposal of infectious (hospital) wastes. To do this, a manifest system tracks this waste from generation until disposal and a system of inspections assures proper handling of infectious waste. Overall management is guided by regulations and a Statewide plan to address present and future needs for incineration and disposal.

Residual waste is non-hazardous material from industrial, mining, commercial and other similar operations with approximately 2.8 million tons being disposed of in the State's municipal waste landfills annually. A comprehensive set of new regulations for residual waste disposal sites was implemented in July 1992. These regulations required residual waste facilities to be permitted or re-permitted. Many have chosen to close, requiring the department to approve closure plans and inspections to assure that closures are done in an environmentally sound manner. In 1997, the

regulations were amended to reduce reporting requirements by up to 50 percent, saving resources at the State and local government levels as well as for the private sector. The Growing Greener II proposal would be funded by new disposal fees placed on municipal and residual waste.

### ***Program Element: Hazardous Waste***

Hazardous waste management in Pennsylvania consists of regulating the ongoing generation, transportation, treatment, recycling and disposal of hazardous waste plus overseeing the cleanup of improper sites. Generators and transporters of hazardous waste are licensed and all treatment, recycling and disposal operations are permitted. Through a manifest system, the movement of waste is tracked from generation to ultimate treatment or disposal. A state-of-the-art optical imaging system enables the department to process manifest report data, store optical images of documents, identify discrepancies and develop reports. Approximately 250,000 manifests are processed each year. In 1998, the department began accepting various reports electronically to reduce the need to enter data and facilitate reporting by industry.

In May 1999, the department finalized comprehensive revisions to its hazardous waste regulations to make them consistent with the Federal requirements, thereby easing the regulatory burden on business by assuring one standard for compliance. EPA updated Pennsylvania's program authorization on November 27, 2000.

The budget for fiscal year 2004-2005 assumes the imposition of new fees on the emissions of toxic chemicals and a General Fund transfer to allow for the preservation of the Hazardous Sites Cleanup Fund. Without new fees and the General Fund transfer, the programs supported by the Hazardous Sites Cleanup Fund would lose a majority of their funding.

### ***Program Element: Land Recycling Program***

Pennsylvania's Land Recycling Program is designed to promote partnerships among local businesses, government, financial institutions, local communities and the Department of Environmental Protection to restore contaminated sites to safe and productive uses. Three statutes were passed in 1995 to make contaminated sites safe, return sites to productive use and preserve farmland and greenspace. Collectively, these statutes are referred to as the Land Recycling Program, and are comprised of: Act 2, the Land Recycling and Environmental Remediation Standards Act; Act 3, the Economic Development Agency, Fiduciary and Lender Environmental Liability Act; and Act 4, the Industrial Sites Environmental Assessment Act. Cleanup standards under Act 2 fall into three broad categories: Background, Statewide Health, and Site-Specific. A Cleanup Standards Science Advisory Board has been established to assist the department in publicizing science-based standards and

## Program: Environmental Protection and Management (continued)

cleanup regulations.

The Land Recycling Program identifies risk-based standards for cleanup, simplifying the approval process and limiting future liability when cleanup standards are achieved. Grants and loans are available to help finance environmental assessments and site cleanups that in turn provide economic and environmental benefits. This has helped move Pennsylvania away from the controversial and costly Federal Superfund Program and streamlined the State Hazardous Sites Cleanup Program. At present, the department is actively involved in over 94 Superfund sites and 123 State Hazardous Sites Cleanup Program sites.

To date, the Land Recycling Program has received nearly 1,900 notices of intent to remediate a site, while over 1,319 cleanups have been completed in eight years under the Land Recycling Program. Additionally, the department created the Brownfields Inventory Grant Program in 1999 to further encourage cleanups by providing grants to local government and economic development agencies to inventory brownfields properties in their areas.

### ***Program Element: Regulation of Mining***

Regulation of mining helps to ensure the wise use of Pennsylvania's mineral resources and prevent adverse impacts of mining on the public and the environment. This includes active mining for coal and other minerals, oil and gas well drilling, deep mine safety, mine subsidence and reclamation of abandoned mines.

Relating to the coal industry, regulatory activities are designed to ensure proper land reclamation, prevent water and air pollution and protect the health and safety of the public. On July 31, 1982, Pennsylvania was designated as the primary agent for administering the Federal Surface Mining Conservation and Reclamation Act (SMCRA). The SMCRA established a comprehensive set of performance standards for mining and reclamation of surface coal mines, underground coal mines, coal refuse disposal, and coal preparation facilities, and for controlling mine subsidence and the use of explosives on surface coal mines. Pennsylvania is required to follow a mandatory enforcement and civil penalty program imposed by SMCRA, and inspect each mining operation violator monthly until reclamation is achieved.

The Small Operator Assistance Program (SOAP) collects information for use in mine permit applications filed by operators who mine 300,000 tons or less per year. Consultants collect the data and provide reports to the department and to the small operators. The operator in the permit application uses the report. The department pays for the report using Federal grant money. The Remining Operator Assistance Program (ROAP) is a State-funded program that provides assistance to coal operators who mine and reclaim abandoned mine lands by paying for the cost of data collected and analysis necessary for an

operator to obtain permits for remining.

In addition to the environmental regulatory, inspection and compliance activities, the Regulation of Mining is concerned with the safety of mine operations and the safety training of miners. The Bureau of Deep Mine Safety conducts mine safety-training programs to minimize the number of accidents. The bureau also directs the certification requirements for underground mine workers thereby influencing the type and degree of expertise of personnel working underground.

The Bureau of Oil and Gas Management is responsible for administering laws and regulations covering the oil and gas industry in Pennsylvania. Through a permitting system for drilling activity, inspecting drilling and storage sites, and monitoring and enforcement actions, the bureau works toward protecting the environment and balancing conflicting interests of the oil, gas and coal industries.

Another aspect of the Regulation of Mining Program is to resolve environmental degradation and health and safety problems resulting from inactive and abandoned coal mines. This includes the reclamation of abandoned mines, abatement and treatment of acid mine drainage, control of underground mine fires and refuse bank fires, and control of surface subsidence from abandoned deep mines.

The mining program also offers mine subsidence insurance to residential and small commercial owners of property and private structures. This insurance program is financially self-supporting and directed by the Coal and Clay Mine Subsidence Insurance Board. The board administers the Insurance Fund, with premium and investment income being deposited and from which insurance claims and costs are paid. The growth in the number and value of policies has steadily increased since the program's inception in 1961. With increasing property values and public awareness, this trend is expected to continue. A cash flow statement for this fund is included in the Special Funds Appendix.

### ***Program Element: Radiation Protection***

Radiation Protection utilizes several means to protect citizens from exposure to dangerous levels of radiation. One is the regulation, licensing and inspection of radiation source users. This involves registering radiation-producing equipment, licensing of users of radioactive materials and inspecting facilities to assure compliance with regulations. For example, the department is responsible for the inspection of over 11,000 users possessing approximately 30,000 x-ray units and over 460 users of naturally occurring and accelerator-produced radioactive material.

The department also monitors the environment for radiation. This is done primarily in the vicinity of major users of radioactive materials, such as nuclear power plants. Ambient air, milk produced on local farms, surface waters, vegetation, fish and silt samples are collected and tested at regular intervals. The Radon Surveillance and Action

## Program: Environmental Protection and Management (continued)

Program is also part of this activity, measuring levels in private dwellings, advising owners on remedial actions they can take, and conducting research for effective solutions. The department certifies radon testing and mitigation firms to protect the public from inaccurate test results and ineffective construction or remedial techniques.

Another protection activity is the routine inspection and oversight of nuclear power generating facilities in the Commonwealth. These are: Beaver Valley Power Station, Limerick Generating Station, Peach Bottom Atomic Power Station, Susquehanna Steam Electric Station and Three Mile Island Nuclear Station. An agreement with the U.S. Nuclear Regulatory Commission (NRC) allows State nuclear engineers to review and evaluate plant design and operations, participate in any NRC hearings and participate in routine NRC inspections.

Radiation Protection is also involved in protecting the citizens of Pennsylvania in the event of accidents involving radioactive materials at power plants and other facilities utilizing radioactive materials.

Safe disposal of low-level radioactive waste, including contaminated filters, gloves and clothing from hospitals, industries and university research centers, is also a part of the Radiation Protection Program. (Spent nuclear fuel and similar highly radioactive materials are not included.) The Appalachian Low-Level Radioactive Waste Compact, Act 120 of 1985, committed Pennsylvania to establish a low-level radioactive waste (LLRW) disposal site for the four states in the compact—Delaware, Maryland, West Virginia and Pennsylvania. The Low-Level Radioactive Waste Disposal Act of 1988 and the Low-Level Radioactive Waste Regional Facility Act of 1990, establishes criteria for the selection of a site, operation of a facility and transportation of wastes to the site.

In 1998, the department suspended the siting process after discussing the issue with its Low-Level Waste Advisory Committee and the Appalachian Compact Commission. Suspension of the process was the result of the dramatic reduction in the volume of LLRW being generated in the Appalachian Compact and the availability of out-of-state disposal capacity. The department has prepared a siting re-start plan and will monitor national LLRW disposal developments to insure disposal capacity will continue to be available to generators of LLRW in the Appalachian Compact. The department will also continue to promote LLRW volume reduction during the suspension period.

### ***Program Element: Waterways Engineering***

The objective of the Waterways Engineering Program is to investigate, determine feasibility, design and construct flood protection and stream improvement projects in Pennsylvania and to ensure the safety of major dams.

The Dam Safety and Encroachments Act of 1978,

authorizes the department's regulation of dams and reservoirs to protect life, property and the environment. This involves the review of plans and specifications that accompany an application for a dam permit, the field inspection of construction of new dams, and inspection of existing dams to determine their general condition. There are approximately 3,000 dams under active permits in the Commonwealth. Of this total, there are 900 high-hazard dams and 2,100 additional dams that require inspection and monitoring. The high-hazard dams are inspected annually to assure proper operation and maintenance because of the significant threat posed by their possible failure. In addition, the department regulates the construction and maintenance of any obstructions, encroachments and changes to the course and current of streams, as well as the related flood plains.

This program, in existence for over 50 years, involves the tangible efforts of flood protection through the construction of physical structures such as dams, levees, walls, channels, culverts, etc. that eliminate imminent threats to habitable structures and rehabilitate flood damaged stream channels. The program provides long term relief through projects requiring extensive and permanent protective works and short term relief by the removal of channel blockage, bedload debris and streambank stabilization

### ***Program Element: Watershed Conservation***

The objective of Watershed Conservation is to maintain and enhance the quality of Pennsylvania's water resources through comprehensive watershed management so that public health and safety is protected and natural aquatic systems are sustained. Specific activities designed to achieve these objectives include: monitoring and assessing surface water quality; developing water quality standards; managing nonpoint pollution source problems; improving citizen volunteer monitoring programs; planning water resources use; regulating allocation of surface waters; managing excess stormwater runoff; protecting coastal zone resources; and regulating above and below ground storage tanks.

Water quality assessments have been collected for 45,234 miles of streams in the Commonwealth. A total of 37,041 stream miles were assessed as supporting the Federal "fishable/swimmable" goal and the fish and aquatic life use designated in Pennsylvania's water quality standards. This represents 82% of the miles assessed.

The 2002 Water Quality Assessment prepared by the department reported that of the 52,889 miles of stream assessed for fish and aquatic life use, 16% or 8,385 miles were identified as impaired by either point sources or nonpoint sources. The major nonpoint source impacts were caused by abandoned mine drainage (3,129 miles) and

## Program: Environmental Protection and Management (continued)

agricultural runoff (3,116 miles).

### Program Element: Office of Energy and Technology Development

The Office of Energy and Technology Development (OETD), previously known as the Office of Pollution Prevention and Compliance Assistance (OPPCA), will serve as the department's principal office for energy policy, the assessment of energy and environmental technology, and the use of appropriate technology to address environmental problems. While the OETD will focus primarily on energy and technology priorities, it will still retain several of the programmatic responsibilities of the OPPCA. The Small Business Ombudsman's Office will remain in the OETD, which provides free and confidential environmental services to the small business community. The Ombudsman and related staff also oversee a grant program that allows businesses to hire a consultant to assess pollution prevention opportunities, and a loan program that small businesses can use for equipment that prevents pollution.

The Pennsylvania Low-Income Energy Assistance Program offers energy assistance to low-income Pennsylvanians. The act states that at least 75 percent of the total appropriations are to be spent for this type of supplemental program. The remaining 25 percent of the funds are used to supplement the Federal energy programs and other energy conservation and development projects.

The State Energy Program (SEP) is a Federal program that provides funding to promote energy efficiency and pollution prevention. The program specifically addresses issues related to transportation, industry/commercial, building/residential, and State and local government sectors. The SEP programs range from a Pollution Prevention/Energy Efficiency Conference that yields a wealth of technology transfer opportunities to the Governor's Green Government Council which commits the Commonwealth to set an example for the community in taking the lead in reducing operating costs in areas such as energy efficiency, cleaner fleet vehicles and recycling.

Act 166 of 1992 provided for an alternative fuels grant program to be funded by a portion of the Utilities Gross Receipts Tax. The grants to school districts, municipal authorities, political subdivisions and other nonprofit entities are to fund a portion of the expenses incurred to retrofit vehicles to operate using alternative fuels or the additional costs incurred in purchasing vehicles manufactured specifically to operate on fuels other than gasoline. In addition, grants are to partially fund the cost to install equipment necessary to refuel the modified vehicles.

The OETD also houses the Grants Center. This center provides a single point of contact to obtain streamlined information about environmental grants available from the department and other agencies. The Center's purpose is to evaluate and improve effectiveness, prevent fraud and reduce waste.

These analyses are conducted based on the need for laboratory testing. Therefore, it is difficult to project the number of tests that will be needed.							
*New program measure							
<b>Air Quality</b>							
Air quality-staff hours per permit* .....	193	172	172	172	172	172	172
Air quality permits in effect* .....	1,666	1,800	2,000	2,350	2,600	2,850	2,850
Air emission inspections performed .....	10,656	11,000	11,000	11,000	11,000	11,000	11,000
<b>Water Quality Protection</b>							
Sewage and industrial waste discharge inspections .....	4,396	4,500	4,500	4,500	4,500	4,500	4,500
Permits issued for water pollution control facilities .....	1,320	1,300	1,300	1,300	1,300	1,300	1,300
Enforcement actions .....	155	150	150	150	150	150	150
Stormwater construction permits issued ...	5,400	5,400	6,000	6,000	6,000	6,000	6,000

Stormwater construction permits issued increased from the projections shown in last year's budget based on actual activity.

\*New program measure

## Program: Environmental Protection and Management (continued)

<b>Program Measures: (continued)</b>	<b>2002-03</b>	<b>2003-04</b>	<b>2004-05</b>	<b>2005-06</b>	<b>2006-07</b>	<b>2007-08</b>	<b>2008-09</b>
<b>Water Supply Management</b>							
Residents of areas in Black Fly Suppression Program .....	4,200,000	4,200,000	4,200,000	4,200,000	4,200,000	4,200,000	4,200,000
Inspections of public drinking water supplies .....	2,352	2,784	3,000	3,000	3,000	3,000	3,000
Community water systems complying with reporting requirements. ....	82%	83%	80%	80%	80%	80%	80%
Non-community water systems complying with reporting requirements. ....	85%	82%	87%	87%	87%	87%	87%
Cumulative assessed stream miles attaining designated use .....	50,006	54,552	55,089	63,644	68,191	69,363	70,111
Residents of areas in the Black Fly Suppression program increased from the projections shown in last year's budget due to revised population numbers based on 2000 census figures.							
Inspections of public drinking water supplies decreased in 2002-03 from the projection shown in last year's budget due to a shift in staff resources to implement new regulatory requirements.							
<b>Waterways Engineering</b>							
Dam inspections .....	1,324	1,371	1,300	1,300	1,300	1,300	1,300
<b>Municipal and Residual Waste</b>							
Municipal and residual waste facilities receiving permit or closure action .....	8,275	8,275	8,275	8,275	8,275	8,275	8,275
Percent of Pennsylvanians with recycling	85%	88%	90%	90%	90%	90%	90%
Municipal and residual waste facilities receiving permit or closure action increased from the projections shown in last year's budget due to the implementation of Act 90 (the Waste Transportation Safety Act) and Act 190 (the Waste Tire Recycling Act). The number of actions also now includes department deemed approvals, which were previously excluded.							
<b>Hazardous Waste</b>							
Hazardous waste inspections performed.	1,137	1,150	1,150	1,150	1,150	1,150	1,150
Hazardous waste sites permitted and licensed under Act 108 .....	122	125	125	125	125	125	125
<b>Land Recycling Program</b>							
Cleaned-up land recycling sites .....	251	250	250	250	250	250	250
<b>Regulation of Mining</b>							
Mine permit actions:							
Coal .....	1,605	1,500	1,500	1,500	1,500	1,500	1,500
Non-coal .....	690	600	600	600	600	600	600
Inspections:							
Total coal inspections .....	22,378	22,000	22,000	22,000	22,000	22,000	22,000
Total non-coal inspections .....	6,169	6,500	6,500	6,500	6,500	6,500	6,500
Total oil and gas field inspections .....	8,841	9,000	9,000	9,000	9,000	9,000	9,000
Mining compliance orders issued .....	576	450	450	450	450	450	450
Mine subsidence insurance policies in effect .....	57,280	58,500	64,500	71,000	78,000	78,000	78,000
Employees trained in mine safety .....	9,285	9,000	9,000	9,000	9,000	9,000	9,000
Abandoned mine sites designated as potential safety problems .....	1,127	1,105	1,083	1,061	1,039	1,017	1,017
Acres of coal mining lands declared forfeited .....	1,291	1,200	1,200	1,200	1,200	1,200	1,200

Non-coal mine permit actions increased from projections shown in last year's budget due to increased program activity and more permits being issued.

Acres of coal mining lands declared forfeited decreased from the projections shown in last year's budget due to permit variability in the number of acres covered for each site. The number of permits forfeited is relatively constant, but total acreage to be forfeited cannot be predicted accurately.

# FISH AND BOAT COMMISSION

*The mission of the Fish and Boat Commission is to provide fishing and boating opportunities through the protection and management of aquatic resources.*

# Fish and Boat Commission

*PROGRAM OBJECTIVE: To conserve aquatic resources including fish and wildlife populations, to provide recreational opportunities for fishing and boating on Commonwealth waters, and to promote safe recreational use of these aquatic resources.*

## Program: Recreational Fishing and Boating

The Fish and Boat Commission is responsible for the enforcement of the fishing and boating laws and regulations, registration of boats, the State boating and water safety education programs, and the management and promotion of recreational boating. The Boating Advisory Board, a group of knowledgeable boaters appointed by the Governor, advises the commission on boating matters.

In addition to recreational boating, the commission is responsible for recreational fishing in the Commonwealth.

This includes fish propagation, stocking, fisheries, environmental services, the cooperative nurseries program, research and fish management. The commission also provides for the development, improvement and maintenance of facilities for lake and access areas. As water quality is a major factor in aquatic recreation, the commission's goals are to protect, conserve and enhance aquatic resources by monitoring the water quality of many streams, lakes and rivers in the Commonwealth.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09
Fishing licenses sold .....	907,313	945,559	912,329	912,329	912,329	912,329	912,329
Fishing licenses sold - cost per license * ..	\$0.43	\$0.42	\$0.53	\$0.54	\$0.56	\$0.57	\$0.58

Convictions for violations of fishing and boating laws .....	8,191	9,000	9,000	9,000	9,000	9,000	9,000

\* New Program Measure.

Pounds of fish stocked in Commonwealth streams and lakes decreased in 2002-03 from the projection shown in last year's budget. This is the result of reducing the number of trout raised at commission hatcheries because of operational changes to reduce wastewater/effluent treatment problems, as well as decreased capacity with the closure of the Big Spring Fish Culture Station.

## Program Recommendations:

# GAME COMMISSION

*The mission of the Game Commission is to protect, conserve and manage the diversity of wildlife and their habitats, provide wildlife related education and recreational opportunities for both consumptive and non-consumptive uses of wildlife, and maintain and promote Pennsylvania's hunting and trapping heritage.*

*PROGRAM OBJECTIVE: To establish habitats and environments which will sustain wildlife populations for recreational uses and for the perpetuation of species.*

## Program: Wildlife Management

The main responsibility of the Game Commission is the perpetuation of the species of wildlife found in Pennsylvania. The commission achieves its mission through wildlife research, management of game habitat, operation of programs for endangered and threatened species, and enforcement of the Game and Wildlife Code. Wildlife conservation officers enforce the provisions of the Game and Wildlife Code to protect the natural balance of the Commonwealth's wildlife population.

The primary means of ensuring the propagation and preservation of wildlife is properly managed land and game habitat. The commission currently administers over 1.4 million acres of State Game Lands and is judiciously acquiring additional lands, including critically important wetlands. The commission also administers cooperative programs to encourage good land use management and habitat improvement by private landowners. Wildlife habitat assessment techniques are used to develop management

plans. These assessments apply to all Pennsylvania State Game Lands, Farm Game Projects and other areas actively managed by the Game Commission.

All species receive mandated protection. However, those species considered game animals, such as deer, turkey and bear, receive the most attention. The number of antlerless deer licenses available for sale is based on the deer population projections. The optimal number of deer is based on acres of forested land in the Commonwealth. Hunting, while recreational in nature, is a management tool as well. Future year projection numbers indicate the number of deer that need to be harvested to sustain the population. Also protected by the commission are endangered and threatened species such as river otters, osprey, peregrine falcons, and bald and golden eagles. The expanded ten hour comprehensive Hunter-Trapper Education Program is annually presented to over 38,000 first-time hunters and trappers.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09
Hunting licenses sold .....	1,017,154	1,020,000	1,020,000	1,020,000	1,020,000	1,020,000	1,020,000
Deer taken .....	517,529	500,000	500,000	500,000	500,000	500,000	500,000
Arrests for violation of game laws .....	8,481	7,750	7,750	7,750	7,750	7,750	7,750
Development of wildlife management plans * .....	2	5	2	2	2	2	2

Wildlife management plans are developed jointly by the commission and interest groups to assess specific game or endangered animal species in the Commonwealth. Only a few plans are completed annually due to the amount of time required to study a specific animal population.

\*New program measure.

Program Recommendations:	This budget recommends the following changes: (Dollar Amounts in Thousands)	
<b>GAME FUND</b>		<b>Land Acquisition and Development (EA)</b>
<b>General Operations (EA)</b>		—nonrecurring land acquisition and development costs.
\$ -825 —nonrecurring operating costs for current program.	\$ -1,000

# DEPARTMENT OF GENERAL SERVICES

*The mission of the Department of General Services is to provide the highest quality services, support, commodities, and facilities based on customer needs to get the best value for the taxpayers' money. The department strives to improve operational efficiency, reduce costs and burdens of doing business, and expand government contracting opportunities, while ensuring integrity and accountability in operations and activities.*

The Department of General Services administers the leasing, purchasing, transportation, construction, repair and maintenance services for all agencies of the Commonwealth.

*PROGRAM OBJECTIVE: To maintain the Commonwealth's real property and facilities; to provide Commonwealth agencies with quality commodities in a timely manner; and to settle tort claims in an equitable manner while reducing risks.*

---

### Program: Facility, Property and Commodity Management

---

This program provides for management of the 26 State-owned buildings of the Capitol complex and Harrisstown; five regional State office buildings in Pittsburgh, Philadelphia, Scranton, Hazleton and Reading and two executive residences. These facilities contain nearly 6.7 million square feet of office space, with 117 acres of related grounds, parking areas and roadways. The department also manages the acquisition and utilization of space and facilities by State agencies totaling 10.4 million square feet for 1,259 leases, with annual rental costs exceeding \$129 million and provides agencies with commodities that conform to accepted standards of quality. This program is responsible for preparing plans, designs, surveys and specifications for all State construction projects. All projects are closely monitored to ensure compliance with State laws and building codes.

Police and security services are provided within the Capitol Complex and related buildings as well as for the regional State office buildings.

Act 57 of 1998 amended Title 62, the Procurement Code, by codifying Commonwealth procurement policies and practices into a single, all-inclusive Commonwealth Procurement Code. The Procurement Code centralizes the policy-making and procurement activities for supplies, goods, commodities and services within the Department of General Services. Through this program the department establishes and administers 268 statewide contracts and processes purchase requests for items not covered under statewide contracts. The Department has begun a strategic sourcing initiative that will leverage the Commonwealth's buying power by aggregating agency volume purchases to achieve better pricing on various commodities and services which will result in lower operating costs for Commonwealth agencies.

The department handles tort claims, in conjunction with the Attorney General's Office, brought against the Commonwealth, its officials and employees. Act 151 of 1986 reaffirmed the Commonwealth's use of sovereign immunity as a defense against tort claims, but established criteria for limited amounts of liability in nine specific areas: vehicle liability; medical professional liability; personal property; Commonwealth real estate; potholes and other dangerous conditions; care, custody and control of domestic animals; liquor store sales; National Guard activities; and toxoids and vaccines. The department investigates claims in the pre-litigation stage, while the Office of Attorney General defends those claims in litigation. This program is responsible for the Commonwealth's Liability Self-Insurance Programs. Claims are a result of damages incurred because of a willful

act or an act of negligence by employees of departments, boards or commissions. Coverage is provided for 26,104 Commonwealth vehicles (including construction trucks and trailers) that travel 305 million miles annually. Excess liability coverage is extended for employees using personal vehicles on Commonwealth business.

This program funds the ongoing assessment of the asbestos danger in Commonwealth-owned buildings. In locations where asbestos is present, the assessment allows the hazard potential to be calculated and abatement costs estimated.

This program provides funding to purchase catastrophic property insurance on Commonwealth-owned buildings.

COSTARS, the Commonwealth's cooperative purchasing program, makes Commonwealth contracts available to local governments, school districts and higher education institutions, giving them the same purchasing power as Commonwealth agencies and resulting in lower prices. Because the strategic sourcing initiative will create more competitive pricing on Commonwealth contracts, local procurement units that previously used Commonwealth contracts only for benchmarking purposes will now purchase from them.

The Commonwealth Agency Recycling Office assists agencies in collecting more than 3,800 tons of paper, generating \$113,000 in revenue and saving \$190,000 in disposal costs during 2003-04. Collection of other types of recyclable materials generated additional income of \$356,000.

Commonwealth Media Services provides high quality, cost-effective, creative audio-video, photographic and media services required by State agencies. Services are available on a continuous basis in the event of emergencies. News conferencing facilities are maintained for more than 150 events at the Capitol Media Center. In addition, a full range of creative audio-video services are incorporated into the production of 200 documentary, educational, promotional, training and public service programs.

This program administers the Federal and State surplus property programs. The property is sold to State agencies, local municipalities, not-for-profit organizations and law enforcement entities for a nominal service charge. During 2003-04, property originally valued at \$47.3 million was distributed to eligible organizations. Through the Shelter Share Program, the bureau donated \$700,000 in clothing, beds, blankets, and medical equipment and supplies to needy citizens. Disposal of unneeded items generated nearly \$4.32 million in revenue in 2003-04.

## Program: Facility, Property and Commodity Management (continued)

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09
Commonwealth spending awarded to MBE's/WBE's*	N/A	N/A	4.0%	6.0%	8.0%	10.0%	11.0%

Total square footage leased by Executive agencies (in thousands)*	N/A	N/A	7,500	7,200	6,900	6,900	6,900
Surplus property distributed (in thousands)	\$47,294	\$ 24,660	\$23,250	\$22,440	\$20,930	\$20,930	\$20,930
Capital facilities projects in design and/or construction	389	375	375	375	375	375	375
Capital projects completed within 10% of schedule date	N/A	N/A	85.0%	90.0%	90.0%	90.0%	90.0%
Value (in thousands)	\$2,057,000	\$1,900,000	\$1,900,000	\$1,900,000	\$1,900,000	\$1,900,000	\$1,900,000
Tort claims filed	7,929	7,734	7,599	7,695	7,886	7,784	7,694
Tort claims closed (includes settlements, .. judgments and denials)	8,592	8,206	8,071	8,203	8,327	8,276	8,188
Tort claims pending	9,216	8,789	8,316	7,809	7,368	6,876	6,382
Amount of claims pending (in thousands)	\$279,894	\$269,602	\$272,856	\$274,825	\$280,298	\$281,378	\$284,060

\* New measure.

Surplus property distributed increased in 2002-03 from the projection shown in last year's budget due to the release of an unexpectedly large number of computers. This volume is not anticipated in the future years.

Tort claims closed increased in 2002-03 from the projection show in last year's budget based on actual cases closed.

Amount of claims pending increased from the projections shown in last year's budget based on a Generally Accepted Accounting Principles analysis of reserves for cases pending litigation.

## Program Recommendation:

This budget recommends the following changes: (Dollar Amounts in Thousands)

<b>General Government Operations</b>		<b>Printing the Pennsylvania Manual</b>	
\$ -830	— Initiative – Operational Efficiency. Savings from administrative and operational efficiencies.	\$ 201	—biennial cost scheduled for budget year.
297	— to continue current program.	-42	— Initiative – Operational Efficiency. Savings from operational efficiencies.
-533	<i>Appropriation Decrease</i>	159	<i>Appropriation Increase</i>
<b>Capitol Police Operations</b>		<b>Asbestos Response</b>	
\$ -480	—program reduction.	\$ -168	— Initiative – Operational Efficiency. Savings from operational efficiencies.
<b>Harristown Rental Charges</b>		<b>Excess Insurance Coverage</b>	
\$ -1	—decrease in debt service schedule.	\$ -753	— Initiative – Operational Efficiency. Savings from operational efficiencies.
<b>Utility Costs</b>		<b>Capitol Project Leasing</b>	
\$ 2,000	—to reflect an increase in the purchase of Green Energy derived from renewable resources.	\$ -92	— Initiative – Operational Efficiency. Savings from operational efficiencies.
1,696	—to reflect increased consumption and energy costs.		
3,696	<i>Appropriation Increase</i>		
<b>Harristown Utility and Municipal Charges</b>		<b>BANKING DEPARTMENT FUND</b>	
\$ 6	—to provide pro rata share of charges.	\$ -20	Harristown Utility and Municipal Charges —reduction in pro rata share of charges.
		<b>MOTOR LICENSE FUND</b>	
		3	Harristown Rental Charges —to provide pro rata share of charges.
		<b>Harristown Utility and Municipal Charges</b>	
		\$ 13	—to provide pro rata share of charges.

All other appropriations are recommended at the current year funding level.

# DEPARTMENT OF HEALTH

*The mission of the Department of Health is identified through its slogan, "....in pursuit of good health," and all of its activities are defined by its core functions: health needs assessment, resource development, assuring access to health care, promoting health and disease prevention, assuring quality, and providing leadership in the area of health planning and policy development.*

The department works in active partnership with providers and consumers of health care services to assess, analyze, and report on health threats; promote healthy behavior; reduce illness, injury, disability, and premature death; support research; and assure the quality and availability of health care services.

*PROGRAM OBJECTIVE: To provide effective administration and support systems through which the substantive programs of the health delivery system and the department can be achieved.*

## Program: Health Support Services

Health Support Services provides administrative and technical systems which support disease prevention and treatment. Also included in this program are quality assurance activities and State Laboratory facilities.

The Bureau of Health Statistics and Research is the focal point in Pennsylvania for coordinating the collection, analysis and dissemination of health statistics and information. The bureau collects statistical information on the health status of the population including leading causes of death, life expectancy and infant mortality. The bureau responds to about 3,500 requests for services each year and conducts an annual survey of all hospitals, nursing homes and ambulatory surgery centers in Pennsylvania to obtain information on health resources and health services availability, utilization, staffing and patient characteristics. The Bureau operates several Statewide data collection systems/registries, such as the Behavioral Risk Factor Surveillance System, the Statewide Immunization Registry, and the Pennsylvania Cancer Registry. Many of the bureau's publications and statistics are available through the department's website.

The Bureau of Epidemiology administers studies related to the etiology, distribution and trends of major diseases. The department provides epidemiologic assessment of health problems that include environmental occupational hazards, health risk behaviors and life styles of the general public or selected populations. The department also provides professional consultation and technical support for other agencies, county health departments and local municipalities.

The Quality Assurance program conducts surveys and inspections of health care facilities, drug and alcohol programs, and intermediate care facilities to determine compliance with State and Federal standards and regulations and as a condition of receiving Federal Medicare and Medicaid financial support. The surveys determine compliance with various standards including sanitation, fire safety, health and level of care. If deficiencies are noted, a plan for correction is required and may be submitted via a web-based system. Facilities unable or unwilling to correct deficiencies according to a plan agreeable to the department are subject to various penalties. The public web component displays completed surveys for public access.

The frequency of inspections varies by type of facility as required by either State or Federal law or regulations. Initial inspections are conducted prior to issuances of licenses. Acute care hospitals are surveyed and licensed on a two-year cycle. Nursing homes are subject to annual

inspections. Home health agencies are inspected on a flexible 12 to 36 month schedule; the frequency of inspections is based on the facility's history of compliance. Hospice agencies are inspected on-site every other year. Currently, ten percent of other outpatient facilities providing physical therapy, occupational therapy and speech therapy and rural health clinic services are inspected annually. Birth centers and pediatric extended care centers are also inspected annually. More frequent inspections are made in response to complaints or life-threatening situations.

The Bureau of Managed Care is responsible for oversight and regulation of managed care plans including health maintenance organizations (HMOs), gatekeeper preferred provider organizations (PPOs) and point of service (POS) products. It licenses new plans, ensures availability and accessibility of health services in plan "service areas" and monitors quality of care through periodic inspections and external quality reviews. It reviews and approves provider contracts and reimbursement methods. It licenses and oversees capitated dental plans (dental HMOs), traditional PPOs, nonprofit medical-surgical, vision, and dental plans (including Pennsylvania Blue Shield). Under Act 68 of 1998, the bureau certifies managed care utilization review organizations and monitors compliance with utilization review standards. The bureau also reviews complaints under Act 68 and coordinates third level grievance reviews conducted by certified external review entities.

The department operates the State Laboratory, which maintains a state of readiness to support the investigation of disease outbreaks or threats to the public health. The laboratory performs approximately 180,000 tests each year for diseases including HIV, rabies, hypothyroidism, blood lead, phenylketonuria, tuberculosis and maple syrup urine disease. The laboratory supports disease prevention through the provision of investigatory, diagnostic and confirmatory testing for both infectious and non-infectious diseases including the isolation of West Nile Virus (WNV) from mosquitoes and birds, and the provision for diagnosis of arbovirus infection (including WNV) in humans. The State Laboratory is designated by the Federal Bureau of Investigation as the primary laboratory for the detection and identification of bioterrorism agents. It establishes and monitors the performance standards for 8,000 clinical and physician office laboratories in the Commonwealth and recommends certification of clinical laboratories under the requirements of the Federal Clinical Laboratory Improvement Amendments.

## Program: Health Support Services (continued)

The Federal Centers for Disease Control and Prevention (CDC) and the Health Resources and Services Administration (HRSA) have made funding available to the Department of Health to strengthen the public health infrastructure and enhance the ability to respond to terroristic biological/chemical attacks. The department created the Office of Public Health Preparedness and has developed a statewide plan for preparedness and response for terroristic events, infectious disease outbreaks, or other public health emergencies. Public health preparedness activities across the Commonwealth include upgrading infectious disease surveillance/investigation, expanding public health laboratory capacity, enhancing communications systems, and facilitating state and regional hospital preparedness planning

and response efforts. The Office of Public Health Preparedness also acts as liaison for the Pennsylvania Emergency Management Agency (PEMA), the state Office of Homeland Security, and field public health and emergency preparedness specialists. The Public Health Preparedness Office works to strengthen public health emergency preparedness and response capabilities, professional training and public education.

The Office of Health Care Reform (OHCR) aims at improving access, affordability and quality by rejuvenating Pennsylvania State Government's approach to health care. The OHCR is responsible for the coordination of the health care reform agenda for Pennsylvania.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09

*PROGRAM OBJECTIVE: To develop better basic scientific knowledge of the nature of disease, illness and the environment which will improve the use of existing and new health resources.*

## Program: Health Research

The Division of Vital Records in the Bureau of Health Statistics and Research is the central repository for over 32 million records of births, deaths, and fetal deaths, which occur in the Commonwealth. Through automation of this operation, all Pennsylvania birth records from 1923 to the present are available through the department's computer system at all branch offices. The system processes more than 650,000 requests annually for certified copies of birth and death records for proof of age, citizenship, litigation and genealogy. This system assists in the detection of fraudulent record usage, child support and the report of missing children. Birth and death records are also available on microfilm for preservation and retrieval if required.

The bureau also operates the Commonwealth Universal Research Enhancement (CURE) program which was established under the Tobacco Settlement Act, Act 77 of 2001. The program provides funds to various research institutions across the State to support basic biomedical, clinical, health service, and other health research services to improve the health of all Pennsylvania citizens. Act 77 provided that funds will be used to focus on the health research priorities established by the department in conjunction with the Health Research Advisory Committee. The Health Research Program provides health research grants to Pennsylvania-based researchers, universities, medical schools, and other institutions.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09

*PROGRAM OBJECTIVE: To reduce morbidity and mortality through the early detection of disease and health defects and the promotion of sound health practices and remedial care.*

## Program: Preventive Health

A key to the promotion of sound health practices is insuring that all Pennsylvanians are able to access a range of preventive health and early disease detection services. Outreach and education services facilitated by the Department of Health make people aware of the importance of sound health practices and the availability of services to meet their needs.

The department, through its network of six district offices, 57 State health centers, other public health clinical providers and 10 county and municipal health departments, provides a limited range of public health services. These programs include communicable disease tracking, investigation, intervention and control services, family health and chronic disease prevention, assessment and intervention services, and special environmental health services. The six county and four city health departments also provide a range of individual and environmental public health services within their jurisdictions and are funded through grants and contracts awarded by the department.

To improve the availability of health care in underserved rural and urban areas, the department has established grant programs which enhance the recruitment and retention of primary health care physicians, dentists, and other health professionals. Programs include grant awards to establish medical and dental clinics (which require matching funds), awards to increase the supply of dentists' student intern programs to provide clinic services, educational loan repayment and visa waivers for healthcare professionals practicing in designated shortage areas, and support for the stabilization of small rural hospitals.

In addition to these general activities to promote sound health practices, the department provides a variety of programs targeted to specific populations and diseases that represent significant health risks.

### **Program Element: Woman and Infant Programs**

The department, through a maternal and child health outreach program called "Love 'em with a Checkup", addresses the problems of infant mortality and low birth weight. This outreach campaign alerts women to the importance of early prenatal care and primary care for children. It also provides information on access and appropriate use of health services including the Children's Health Insurance Program (CHIP) and Adult Basic Health Insurance.

The Genetics Program ensures access to genetic screening, education and counseling services for families. It encourages the assessment of patient genetic risks through primary health care providers and pays directly for

testing and counseling services for eligible low-income patients. The program targets education and services to underserved populations and areas of the State. The Program, in conjunction with the Women, Infants and Children (WIC) Program, supports outreach activities to promote the intake of folic acid by women of child bearing years.

The Women, Infants, and Children (WIC) Program is a Federally-funded program administered by the department. It serves pregnant, breast-feeding, and postpartum women, infants, and children up to five years of age who are at risk due to medical conditions and/or inadequate diet and low income. The program supplies supplemental foods that are rich in nutrients frequently lacking in the diets of the target population. The program ensures that WIC participants receive routine health care, and that nutrition education and counseling are made available on a regular basis. Participants are also referred to other appropriate local medical, health and social services. Program benefits promote optimal pregnancy outcome, improve participant use of pediatric and obstetrical services and enhance early interventions into potential health problems.

In order to minimize severe health risks to infants, the department conducts a Newborn Screening Program that includes testing for Phenylketonuria (PKU), Hypothyroidism, Sickle Cell Disease, Maple Syrup Urine Disease (MSUD), Congenital Adrenal Hyperplasia (CAH), and Galactosemia. The department assures appropriate follow-up services for all newborns with abnormal or inconclusive test results. In addition, these newborns and their families are linked with treatment specialists who conduct diagnostic testing and coordinate the required care. The department also distributes specialized metabolic products Statewide for children and pregnant women with PKU or MSUD to lessen the adverse effects of those conditions.

The Newborn Hearing Screening and Intervention Program seeks to assure that all newborns are screened for hearing loss within the first 30 days, diagnosed within three months, and receive prescribed treatment or intervention services within six months of birth. The Department performs follow-up and tracking of infants not passing their follow-up re-screening to assure that appropriate assessment and evaluation are completed. The Sudden Infant Death Syndrome (SIDS) Program provides supportive services to families following a sudden infant death. Education regarding SIDS is provided to health professionals and others who normally interact with families following such a death.

The department facilitates a number of programs designed

**Program: Preventive Health: (continued)**

to help improve the health status of women. These programs include a Statewide breast and cervical cancer early detection program, an HIV and pregnancy initiative, and a sexually transmitted disease program targeted to chlamydia and gonorrhea.

The department supports a special smoking cessation program for pregnant women. This includes a promotional campaign advising health care and child care providers of the availability of self-help materials and training opportunities to help women quit smoking.

***Program Element: Children's Programs***

The department's Immunization Program provides immunizations to infants, children and adolescents to reduce the incidence of vaccine preventable diseases in the Commonwealth. While vaccinations are encouraged for all ages, special emphasis is placed on reaching children less than two years old. The program also coordinates the surveillance of vaccine preventable diseases, provides consultation during disease outbreaks, assesses immunization levels, conducts professional and public education programs, and initiates, processes, and evaluates the child care and school immunization reporting system. In addition, the program provides vaccine and guidance to school districts for the provision of hepatitis B, measles/mumps/rubella and varicella immunizations for school students. The department also promotes appropriate adult immunization services. These services range from assuring that older citizens and others with chronic illnesses have access to annual influenza and pneumococcal immunizations to providing information to fire companies, school districts, ambulance corps, correction officials, State Police and other public organizations with regard to the purchase of hepatitis B vaccine at reduced rates.

The health hazards of environmental lead are addressed through the department's Childhood Lead Poisoning Prevention Program. The program identifies children with, or at risk for, lead poisoning. It assures timely medical follow-up, environmental investigation and reduction of lead hazards in order to prevent adverse effects on intellectual functioning, behavior and overall health status attributable to lead exposure. Appropriate educational, medical and environmental follow-up is provided for the family of each child with a positive screening test result.

The School Health Program supports health services for all children who are attending elementary or secondary school, either public or private. The program reimburses 501 school districts and ten vocational technical schools for a portion of the costs associated with providing school nursing and dental services.

***Program Element: Other Health Promotion and Disease and Injury Prevention Programs***

The department ensures that all residents of the

Commonwealth are served through an infectious disease epidemiological surveillance, investigation and control system. Reported cases of infectious diseases are investigated by the department to determine the infection source, transmission mode and control measures to prevent additional cases. The agency also provides a secure, confidential Statewide disease surveillance system. This computerized system compares incidence and prevalence rates and identifies risk factors. Disease trends are determined and corrective action recommended to abate or ameliorate public health risks. Diseases investigated range from giardiasis, hepatitis, salmonellosis, shigellosis, rabies and Lyme disease, to tuberculosis, AIDS, and the other prevalent sexually transmitted diseases.

Chronic disease control and injury prevention programs are increasing in light of the fact that chronic diseases and injuries and their associated risk factors are the leading causes of preventable morbidity and premature mortality within the Commonwealth.

The Cardiovascular Health Program promotes healthy active lifestyles through systems, policy, and environmental changes. These changes support the development of positive individual behaviors to reduce and control diabetes, hypertension and prevent heart disease and stroke. The Cancer Prevention and Control Program focuses on encouraging lifestyle changes to prevent the development of cancer and to support research, routine testing, screening, and early interventions to improve the chance of survival for those who have cancer.

The Injury Prevention Program is designed to reduce the incidence of unintentional injuries, violence, and injury-related fatalities through the development of surveillance systems, education programs for at-risk populations and training of health professionals. The department provides funding to ten county and municipal health departments and other providers to raise public awareness of childhood injuries, educate parents and caregivers about safer environments for children, and provide prevention programs on fire safety, poisoning, bicycle safety, falls, firearms storage, drowning, and violence prevention.

The Asthma Program provides education and information to persons with asthma, caregivers and health professionals that support the identification of triggers and self-management of asthma. The department's Acquired Immune Deficiency Syndrome (AIDS) programs are a coordinated strategy to prevent and change high-risk behaviors and provide resources and direction for sustaining preventive behavior and avoiding infection with the Human Immunodeficiency Virus (HIV). Emphasis is placed on enhancing local decision-making processes and targeting activities to local needs through seven regional planning coalitions, county/municipal health departments, and other providers. The program includes on-site training, both print

**Program: Preventive Health: (continued)**

and electronic public information services, community intervention projects for at-risk populations, and the provision of care, case management and supportive services for persons infected and affected by HIV/AIDS. Confidential and anonymous HIV testing and partner notification services are also provided at over 500 sites Statewide.

The goal of the Sexually Transmitted Disease (STD) Program is to reduce the incidence of syphilis, gonorrhea, chlamydia and other STDs. The STD Program supports a Statewide network of clinical service sites that offer testing, treatment and risk-reduction information, and conduct contact elicitation interviews and related investigative services. Special attention and follow-up is accorded to those age 15 and under who have an STD or who are sexual partners of persons who have an STD, and, in order to prevent medical complications among newborns, to pregnant women who have an STD or who are a sexual partner of persons who have an STD.

The Tuberculosis Control Program provides outpatient examination, diagnosis and appropriate treatment for persons with tuberculosis disease and infection. Key to preventing the spread of the disease is contact examination and treatment of latent tuberculosis infection in close contacts of infectious cases or other high-risk people.

The Oral Health Program assesses the status of the oral health of Pennsylvanians, and plans and implements strategies and programs to improve oral health. The program provides oral and dental health educational material primarily in schools and county health offices that are designed to encourage the prevention of tooth decay, periodontal (gum) disease and other oral diseases. The program also promotes the beneficial health effects of fluoridation of public water systems.

The department maintains a Statewide cancer registry to provide important information to better understand and address the cancer burden within the Commonwealth. Data

describing the occurrence of cancer, types of cancer, extent of disease at the time of diagnosis, treatment and demographics are included in the registry database. Information derived through the cancer registry is used for planning and evaluating cancer control programs including cancer prevention and early detection, cancer research, surveillance, and special studies.

The department seeks to control the epidemic of disease, disability, and death related to the use of tobacco products by Pennsylvania residents. The goals of the agency are to change community norms through State-advised, community-driven systems that create environments where it is uncommon to see, use, and be negatively impacted by tobacco products and tobacco smoke pollution; and to reduce the consumption of tobacco to less than 12% by the year 2010.

Act 77 of 2001 established the Tobacco Settlement Fund and programs to improve the health of Pennsylvanians through research, and tobacco prevention and cessation programs. Grants are used to establish a Statewide comprehensive tobacco use prevention and cessation program consistent with best practices as defined by the Federal Centers for Disease Control and Prevention's Best Practices for Comprehensive Tobacco Control Programs. These include community programs to reduce tobacco use, chronic disease programs to reduce the burden of tobacco related diseases, school programs, enforcement, Statewide programs, counter marketing, cessation programs, surveillance and evaluation, and administration and management. Those contractors also survey establishments to determine compliance with the Clean Indoor Air Law and encourage them to become smoke free. Seventy percent of the funds go to "primary contractors" (lead agencies) at the local level to develop, implement and monitor programs in all 67 counties. Thirty percent of the funds go towards programs administered at the State level.

<b>Program Measures:</b>	<b>2002-03</b>	<b>2003-04</b>	<b>2004-05</b>	<b>2005-06</b>	<b>2006-07</b>	<b>2007-08</b>	<b>2008-09</b>
Women and children's programs: .....							
Percent low birth weight live births .....	8.2%	7.9%	7.9%	8.0%	8.0%	8.1%	8.1%
Average number of persons participating in women, infants and children (WIC) programs each month .....	225,000	235,000	235,000	235,000	235,000	235,000	235,000
Other communicable disease programs:							
HIV tests at publicly-funded sites .....	51,200	53,000	53,500	54,000	54,500	55,000	55,500
Percentage of persons screened found with gonorrhea .....	1.9%	1.2%	1.2%	1.2%	1.2%	1.2%	1.2%

HIV tests at publicly-funded sites increase from the projections shown in last year's budget due to the expansion of service provider locations that provide services to at-risk populations.

Percentage of persons screened found with gonorrhea increased in 2002-03 from the projection shown in last year's budget as a result of enhanced screening activities.

## Program: Preventive Health: (continued)

Program Measures: (continued)	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09
Communicable disease incidences reported:							
Gonorrhea .....	12,884	12,820	12,756	12,692	12,692	12,500	12,500
Infectious Syphilis .....	112	88	70	68	66	64	62
AIDS .....	1,083	900	825	775	696	696	696
Primary care physicians receiving loan repayment forgiveness .....	104	100	100	100	100	100	100
Cancer abstracts received .....	108,000	110,000	115,000	120,000	120,000	120,000	120,000
Tobacco Prevention and Cessation Contacts to the Statewide tobacco cessation and prevention counseling information line .....	10,601	16,000	18,000	20,000	21,000	22,000	23,000
Percentage of adults who smoke .....	24.5%	24.0%	23.0%	22.0%	21.0%	20.0%	19.0%
Percentage of high school students who smoke .....	36%	28%	28%	28%	28%	28%	28%

Incidents of infectious syphilis reported increased in 2002-03 from the projection shown in last year's budget due to an outbreak of the disease.

Contacts to the Statewide tobacco cessation and prevention counseling information line increase in the projections shown in last year's budget based on the free quitline's launch during June of 2002 .

Percentage of adults who smoke increased from the projections shown in last year's budget as a result of corrected data results.

Percentage of high school students who smoke increased for 2002-03 and beyond from the projections shown in last year's budget based on actual data.

## Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

<b>GENERAL FUND:</b>					<b>Local Health - Environmental</b>
<b>State Health Care Centers</b>				\$ 410	—increased costs based on current population and local budget projections.
\$ -250	—Initiative—Operational Efficiency. Savings from maximizing the use of Federal funds.				
940	—to continue current program.				
\$ 690	<i>Appropriation Increase</i>			\$ -985	<b>Maternal and Child Health</b>
					—nonrecurring Federal match requirements.
<b>School District Health Services</b>					
\$ 832	—based on normal fluctuations in attendance and audit payments.			\$ -6,754	<b>TOBACCO SETTLEMENT FUND:</b>
					<b>Tobacco Use Prevention and Cessation</b>
					—to continue the program to encourage prevention and cessation of tobacco use based on estimated payments.
<b>Local Health Departments</b>					
\$ 1,194	—increased costs based on current population and local budget projections.				

All other appropriations are recommended at the current year funding levels.

*PROGRAM OBJECTIVE: To maximize the individual's capacity for independent living through the provision of an array of service and support programs.*

## Program: Health Treatment Services

The department has the responsibility of coordinating a variety of specialized medical services for Commonwealth patients. The department also pays for these services in cases where all other available resources, including Medical Assistance and the Children's Health Insurance Program (CHIP), have been utilized.

### **Program Element: Inpatient Services**

One of the principal concerns of patient management is to provide treatment services at the least expensive level of care while remaining consistent with standards of good medical practice. Inpatient hospital and nursing care is provided for only the most acute medical conditions that require the facilities and services available in an inpatient setting. Because inpatient care is very expensive, programs providing this type of care have imposed strict controls on admissions and, where possible, are using outpatient services in lieu of hospital admissions. Inpatient care is provided for the treatment of tuberculosis, cleft palate, cystic fibrosis, spina bifida, children's cardiac conditions, speech and hearing problems, and orthopedic conditions.

### **Program Element: Outpatient Services**

Outpatient treatment services are more economical and cost-effective than inpatient care and are utilized whenever possible to provide needed treatment services for chronic diseases (including respiratory), physical rehabilitation and reconstruction, catastrophic blood disorders and acute conditions.

Clinical services are offered in a variety of settings, including State and community health centers, family planning clinics and practicing physicians' offices. Minors may seek and receive care under the treatment of minors provisions of the Disease Prevention and Control Law.

The Bureau of Family Health facilitates connections to service for children with special needs through its Special Kids Network (SKN). SKN provides families and health care providers with information about more than 10,000 local, regional, and Statewide resources that serve these children. The network is coordinated by a Statewide contractor and implemented by six regional contractors located in the department's six health districts. A family consultant is located in each of Pennsylvania's four tertiary children's hospitals to assist and advocate for families as they access services. This consultant links families to the SKN for information and referral to local services.

The Comprehensive Specialty Care programs provide children and adults with a variety of services including diagnosis, direct medical care, case management,

comprehensive evaluations, rehabilitative services including, pharmaceuticals, and blood products for certain health conditions. In a joint effort to improve utilization of State funds, individuals who appear to be eligible for Medical Assistance and CHIP are referred to the appropriate program.

Medical payment services are available for the following conditions: cardiac, child rehabilitation, cleft palate, hearing and speech impairment, orthopedic, ventilator dependency, cystic fibrosis, spina bifida and hemophilia.

The home ventilator program provides Statewide case management and support services to children with chronic respiratory failure who are ventilator dependent, allowing them to receive life-support equipment and nursing care in their homes.

The Hemophilia Program utilizes nine specialized centers to provide comprehensive evaluation, rehabilitation services and blood products for outpatient or home use. Patients must be registered with a center to receive these benefits and must ensure that third party resources are used before State program funds are expended.

Sickle Cell disease (SCD) is a genetically determined red blood cell disorder which occurs most frequently in the African-American population. Comprehensive medical and psychosocial services are available to patients at different service sites.

The Adult Cystic Fibrosis Program provides comprehensive treatment and care coordination to an increasing number of adults who survive this chronic childhood condition.

The Chronic Renal Disease Program provides dialysis, kidney transplant, drugs, certain physician fees, medical supplies and transportation services to persons with chronic renal failure. The department's Health Promotion Program conducts a public information and education program to encourage organ and tissue donation as one means of managing this disease and increasing the quality of life.

The department is the lead agency for the Commonwealth emergency medical services system as defined in Act 45 of 1985 known as the Emergency Medical Services Act. This includes planning, developing, implementing and evaluating the system (including emergency preparedness and response) through sixteen regional councils and a Statewide advisory council. This program is responsible for licensure of ambulances, medical command facility accreditation, medical command physician recognition, training institute accreditation, certification of prehospital practitioners and distribution of funding. With the passage of prehospital "Do Not

## Program: Health Treatment Services (continued)

Resuscitate” (DNR) legislation, regulations and implementation of the DNR program are managed through the program as well.

The Head Injury Program provides case management services and post-acute head injury rehabilitation services to individuals with traumatic head injury. Services are

provided through contractual agreements with regional case managers and head injury rehabilitation providers in the Commonwealth. Funding is made available through the Emergency Medical Services Operating Fund included in the Special Fund Appendix.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09

*PROGRAM OBJECTIVE: To provide education, intervention and treatment programs to reduce drug and alcohol abuse and dependency.*

## Program: Drug and Alcohol Abuse Prevention and Treatment

This program provides counties with funding to provide drug and alcohol services for Pennsylvanians who do not have insurance or resources to pay for treatment. Single County Authorities (SCA) prepare prevention, intervention and treatment plans tailored to the needs of their respective geographic areas. The department approves these plans and formulates a Statewide plan based on those findings.

Statewide prevention programs provide current information on the effects of drugs and alcohol and assists individuals in developing or improving skills that will enable them to choose a lifestyle free of substance abuse. This is done through educational sessions, workshops, media presentations and an information clearinghouse operated by the department. Primary emphasis has been given to youth, and a special curriculum is now used in all school districts to address drug and alcohol problems.

Intervention services provide support to those individuals affected by drug or alcohol problems. Services include information hotlines, drop-in centers, alcohol safety programs and employee assistance programs. The Student Assistance Program (SAP), which encompasses all 501 Commonwealth school districts, provides school personnel with the knowledge and skills needed to identify students using

alcohol or drugs. Students are referred to professional evaluators and, if needed, receive treatment services. Special services are designed to divert certain criminal offenders into rehabilitation programs.

Treatment services are funded in hospitals, prisons, shelters, residential units and outpatient programs. Treatment often consists of short-term detoxification followed by a longer term rehabilitation. Most inpatient services are rendered in a nonhospital setting. Outpatient services may follow discharge from a residential program; however, many persons receive their initial treatment in an outpatient setting. Typically, admissions to treatment are approximately 59 percent drug related and 41 percent alcohol related. Males represent 69 percent of all treatment admissions. After alcohol, the second most predominant drug abuse problem is heroin use. Multiple drug use is also a significant problem.

Drug and alcohol education and training programs are provided for substance abuse and human services professionals. Issues such as prevention, intervention and treatment are addressed through a variety of educational initiatives. This program is accompanied by Federal Drug and Alcohol programs totaling over \$68 million.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09

# HIGHER EDUCATION ASSISTANCE AGENCY

*The mission of the Higher Education Assistance Agency is to provide financial aid to higher education students in the form of grants, loans and employment opportunities through the coordination of State and Federal aid programs. In addition, the agency provides Institutional Assistance Grants to private institutions enrolling students who participate in the State Grant Program.*

# Higher Education Assistance Agency

*PROGRAM OBJECTIVE: To provide financial assistance to Commonwealth residents in order to promote access to institutions of higher education.*

## Program: Financial Assistance to Students

The Pennsylvania Higher Education Assistance Agency (PHEAA) offers three financial assistance programs to students in the form of grants, work study awards and guaranteed student loans. Disbursements for the various financial assistance programs are made by PHEAA from its Higher Education Assistance Fund. All General Fund appropriations are transferred to PHEAA's Higher Education Assistance Fund prior to distribution to students and institutions. The Higher Education Assistance Fund is shown in the Special Funds Appendix.

Direct grants to students are funded by an annual appropriation from the General Fund, interest earnings from the deposit of that appropriation in the Higher Education Assistance Fund and Federal Leveraging Educational Assistance Partnership (LEAP) Grant funds. The PHEAA Board annually determines by regulation the distribution of funds to applicants on criteria including family income, family size and the cost of the institution the student will be attending.

The objective of the program is to reduce financial barriers and thereby provide access to higher education for all Commonwealth residents and, within the limits of the resources available, help to provide freedom of choice between public colleges and universities and private universities, colleges and postsecondary schools.

The Federal Family Education Loan Program (FFELP), established by the Federal Government and administered

by PHEAA, enables students to secure long-term loans from lending institutions. PHEAA includes in this program funds for parents to obtain loans for the education of their children.

The SciTech and Technology Scholarships Program provides grants to eligible Pennsylvania students who are enrolled in an approved postsecondary science or technology curriculum. Students participating in this program must maintain the grade point average required and must also meet the post-graduation work requirement.

The Matching Funds Program provides funds to match Federal and other funds for Perkins Loans, Match Grants and Work-Study awards which students earn through several on-campus and off-campus job opportunities and for activities related to the professional development of financial aid personnel. The On-Campus Jobs Program generally provides employment in campus services; off-campus jobs place students in career and course of study related work in local communities.

The Horace Mann Bond-Leslie Pinckney Hill Scholarship Program (formerly the Equal Opportunity Professional Education Program) provides grants to graduates of Lincoln University and Cheyney University of Pennsylvania who enter the professional programs of law, medicine, or dentistry at Temple University, the Pennsylvania State University or the University of Pittsburgh.

# Higher Education Assistance Agency

## Program: Financial Assistance to Students (continued)

### Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

\$ 8,698	<b>Grants to Students</b> —to continue current program.	\$ -661	<b>SciTech and Technology Scholarships—Administration</b> —nonrecurring cost.
\$ -350	<b>Matching Payments for Student Aid Funds</b> —to continue current program.	\$ -100	<b>Cheyney Keystone Academy</b> —to continue current program.
\$ -125	<b>Agricultural Loan Forgiveness</b> —to continue current program.	\$ -200	<b>Pennsylvania Internship Program Grants</b> —nonrecurring program.

All other appropriations are recommended at the current year funding levels.

### Grants to Students

This budget recommends increasing funding for grants to students by nearly \$8.7 million, or 2.5%, to over \$356.6 million.

### Appropriations within this Program:

# Higher Education Assistance Agency

*PROGRAM OBJECTIVE: To assist independent post-secondary institutions to maintain enrollments and stabilize their educational costs thereby promoting access to institutions in all sectors for Pennsylvania students.*

## Program: Financial Aid to Institutions

The Institutional Assistance Grants Program, which began in 1974, provides grants to assist independent post-secondary institutions that are nonprofit, nondenominational and non-recipients of direct State appropriations.

The appropriated funds provide equal per capita grants to the schools based on the number of student grant recipients enrolled during the academic year. Eighty-four institutions are expected to participate in the 2004-05 program.

The program helps to preserve and develop the diverse system of higher education in Pennsylvania by allowing private colleges and universities to stabilize their educational costs and maintain enrollments. It recognizes the desirability of helping independent institutions remain fiscally sound and serves to promote full student access to institutions in all sectors by assisting student attendance at Pennsylvania's independent colleges and universities.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09

# HISTORICAL AND MUSEUM COMMISSION

*The mission of the Historical and Museum Commission is to preserve the Commonwealth's past through leadership, stewardship and service. The commission believes that future generations will be strengthened and inspired by the ideals and traditions of Pennsylvania's heritage.*

# Historical and Museum Commission

*PROGRAM OBJECTIVE: To manage and safeguard Pennsylvania's historic resources through a comprehensive history and museum program to educate, interpret, research and preserve all areas of Pennsylvania history.*

---

## Program: State Historic Preservation

---

The State Historic Preservation Program administered by the Historical and Museum Commission is comprised of four major elements. These elements include Executive Direction and Administration, Pennsylvania State and Local Records, Historic Site and Museum Operations and Historic Preservation.

### ***Program Element: Executive Direction and Administration***

This element provides general policy and direction for administering the commission's operations. It includes legislative, marketing and press relations, human resources management, procurement, information technology and management of the Commission's website, financial grant administration, fiscal and revenue management, and other support services.

### ***Program Element: State and Local Records***

This element supports the operation of the State Archives, the State Records Center and the Document Image Services Center. The State Archives is responsible for identifying, acquiring, preserving and providing continuing public access to the permanently valuable and historical records created by government. This mandate extends to electronic records and to the use of electronic and web technology to facilitate public access. The Archives maintains and preserves program files, maps, correspondence, reports, photographs, minutes, case files and various records that document the significant activities of Pennsylvania's proprietary, revolutionary and State governments including the records of the land office and hundreds of existing and defunct governmental agencies. The Document Image Service Center provides storage services on electronic media and microfiche to governmental agencies. The Center's activities are funded through revenues received for provision of these services.

This element also administers State executive branch and local government records management programs and provides other services to state and local government offices. These services include preparation of records retention schedules; processing of records disposal requests; promulgation of standards for retention of records in different storage media; and training and technical assistance to records custodians.

A five-year plan for an electronic document records and retention system to be utilized by all State agencies is currently under development.

### ***Program Element: Historic Site and Museum Operations***

This element supports the operation of 26 historic sites and museums throughout the Commonwealth which are open to the public on a regular schedule, including the State Museum of Pennsylvania. This program provides educational collections and exhibition programs; provides living history and other types of tours to interpret Pennsylvania history; and utilizes cooperative initiatives with associate organizations to further provide for educational and public programs. This program element includes facility development and architectural and design activities as part of a preservation maintenance program funded through the Keystone Recreation, Park and Conservation Fund Grant Program; collections management; and conservation of historical artifacts, papers, and paintings.

In addition, this element supports a Property Management and Lease Program through cooperative agreements with management groups, for profit and nonprofit organizations to operate, maintain and utilize historic sites, buildings and agricultural lands under the custody of the commission.

### ***Program Element: Historic Preservation***

This element is responsible for the identification, protection and enhancement of buildings, structures and districts of historic and architectural significance within the Commonwealth. It provides for the infusion of Federal funds from the Department of the Interior to enhance the economic base of many communities in Pennsylvania; provides a survey and National Register nomination program; maintains an information network providing direction and assistance to local preservation organizations; administers an archaeological program to protect resources and improve policies and procedures and provide direction to the professional and advocational community; and preserves and protects endangered historic public and private buildings, structures and landmarks through a nonprofit Statewide revolving fund.

# Historical and Museum Commission

*PROGRAM OBJECTIVE: To assure provision of representative artifacts, specimens of history, art and science for all citizens through the support of museums within the Commonwealth.*

## Program: Museum Assistance

This program is comprised of three major components: the Museum Assistance and Local History Grant Program, Museum Assistance General Operating Support and the Keystone Recreation, Park and Conservation Fund. The three programs provide financial assistance designed to enhance the quality of history and museum activities in Pennsylvania.

The Museum Assistance and Local History Grant Program, established in 1985, is a competitive financial assistance process available to all qualified history related institutions within Pennsylvania. Organizations may apply to the Historical and Museum Commission for projects in various grant categories ranging from the research of an historic event to a comprehensive exhibit plan and program having significant Statewide impact. Special Project Support Grants and Local History General Operating Grants, the largest of the financial award categories, require the successful grantee to provide dollar-for-dollar matching funds.

All other categories are non-matching, but grantees are encouraged to provide in-kind support where possible.

The Museum Assistance General Operating Program provides support to qualified history and cultural related institutions in the Commonwealth. Financial assistance to these institutions supports a portion of their general operating budgets.

The Keystone Recreation, Park and Conservation Fund Grant Program is a competitive grants process created by Act 50 of 1993. Funding is available to Pennsylvania non-profit organizations and public agencies that operate a publicly accessible historic property listed in, or eligible for, the National Register of Historic Places, or that operate a contributing historic property in a National Register Historic District. Grants are awarded on a 50-50 matching basis and support projects in the areas of redevelopment, preservation, rehabilitation, restoration and other related projects.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09
Museum assistance competitive grants awarded .....	232	260	260	260	260	260	260
Museum assistance general operating support grants .....	147	150	150	150	150	150	150
Non-State dollars generated through matching grants (in thousands)* .....	N/A	N/A	\$5,000	\$5,000	\$5,000	\$5,000	\$5,000

Museum assistance competitive grants awarded increased in 2002-03 from the projection shown in last year's budget due to more grants awarded in smaller amounts.

# INFRASTRUCTURE INVESTMENT AUTHORITY

*The mission of the Infrastructure Investment Authority (PENNVEST) is to improve Pennsylvania's water and foster job creation opportunities through the provision of low interest loans and limited grants to municipalities, municipal authorities and private entities for the construction of drinking water, wastewater, and stormwater projects.*

The Pennsylvania Infrastructure Investment Authority administers the PENNVEST program authorized in Act 16 of 1988.

# Infrastructure Investment Authority

*PROGRAM OBJECTIVE: To promote public health and a clean environment and to further economic development in the Commonwealth by providing a financing program, technical assistance and administrative support for community drinking water systems, municipal sewage treatment facilities and stormwater control projects.*

## Program: PENNVEST

The PENNVEST Program authorized by Act 16 of 1988 provides an investment pool of capital to rebuild and expand community drinking water systems and municipal sewage treatment facilities in the Commonwealth. These systems and facilities are essential for the protection of public health and the promotion of economic development. Many systems and facilities need to be repaired, upgraded or expanded to meet environmental standards and economic development goals. Act 5 of 1992 established a program to fund stormwater control projects. Funding these needed improvements has often proved difficult, especially for small communities.

Initial funding for the PENNVEST Fund came from several sources: the \$300 million bond issue approved by voter referendum, the balance of approved Water Facilities Loan Fund bonds, Federal seed money for a sewage treatment facilities revolving loan fund and a drinking water project revolving loan fund, and some available Capital Facilities bonds. Act 5 of 1992 authorized a \$350 million bond issue, which was approved by referendum, to provide additional funding for the program. In 1990-91, the PENNVEST Revenue Bond Pool Program began providing funding. Act 68 of 1999 also provides additional grant funds for stormwater, water and sewer projects as part of the Growing Greener initiatives. Added to this are interest earnings on the fund's cash flow, and interest and principal payments made on loans.

PENNVEST funds are used for loans and grants to municipalities, municipal authorities and private firms to improve water, sewage and stormwater systems they own. Loans are available to individual homeowners to upgrade their on-lot septic systems. The Pennsylvania Infrastructure Investment Authority, supported by the Department of Environmental Protection, helps system owners apply for funding, provides technical assistance in planning and designing projects, and, if necessary, reviews the applicant operations to improve efficiency.

To facilitate fund management and accounting, several separate funds have been established. The PENNVEST Fund serves as the repository of interest and investment income, and loan repayments. Loans and grants and administrative costs are paid from this fund. The PENNVEST Water Pollution Control Revolving Fund combines the Federal seed money and the Commonwealth's required matching funds to create a revolving loan fund for sewage treatment facilities construction. The PENNVEST Drinking Water Revolving Fund combines Federal seed money and the Commonwealth's required matching funds to create a revolving loan fund for drinking water projects and technical assistance. The PENNVEST Revolving Fund receives the proceeds from the sale of bonds mentioned above. The PENNVEST Revenue Bond Pool is supported by loan interest and principal repayments from loans and disburses the proceeds from the sale of PENNVEST Revenue Bonds.

# INSURANCE DEPARTMENT

*The mission of the Insurance Department is to serve Pennsylvania's insurance consumers through fair and efficient regulation of the insurance industry.*

The Insurance Department executes the insurance laws of the Commonwealth, monitors the financial solvency of insurance companies conducting business in Pennsylvania, regulates insurance rates and policy forms, licenses insurance companies and producers to conduct business in the state, and liquidates insolvent insurance companies. The department answers consumer inquiries, responds to consumer complaints, and produces and distributes educational information on insurance.

The Insurance Department manages the Children's Health Insurance Program (CHIP), Adult Basic (adultBasic) Insurance program, the Medical Care Availability and Reduction of Error (Mcare) program, the Underground Storage Tank Indemnification Fund, the Catastrophic Loss Benefits Continuation Fund, and the Workers' Compensation Security Fund.

*PROGRAM OBJECTIVE: To serve Pennsylvania's insurance consumers through fair and efficient regulation of the insurance industry.*

## Program: Insurance Industry Regulation

The Insurance Department's responsibilities are to protect insurance consumers by providing adequate safeguards, to ensure that products are available, and to provide a fair regulatory climate that will encourage insurance companies to conduct business in the Commonwealth.

The Insurance Department regulates all aspects of the insurance industry in Pennsylvania. It supervises the operation of 1712 insurance companies; authorizes the admission of new insurers to the State; tests and licenses insurance agents, brokers and bondsmen; reviews and approves about 17,000 rate and policy form filings each year. It analyzes annual and quarterly financial statements and other corporate transactions filed by insurance companies and other regulated entities; conducts an average of 90 on-site financial examinations of domestic insurance companies each year; conducts adjudicatory hearings; and handles nearly 800,000 consumer and producer interventions and inquiries annually.

The financial condition of insurers licensed to transact business in Pennsylvania is monitored and regulated through the department's examination and financial analysis functions. Because of the concern regarding the number of financially troubled insurers and national attention focused on the quality of state regulation and insurer solvency, the department continues to commit its resources to solvency regulation. The department has implemented risk-based capital requirements for all types of insurers and increased its use of targeted or limited scope financial examinations in response to market conditions or deteriorating insurer financial results. Resources continue to be focused on improving the effectiveness of regulatory actions taken to correct problems before they lead to insolvency.

The Federal Gramm-Leach-Bliley Financial Services Modernization Act of 1999 enables insurance companies, banks and securities firms to merge and sell one another's products. Pennsylvania is acting in concert with other states to develop a blueprint for state insurance regulation. The Insurance Department is working toward educating consumers with respect to the vast array of products available and providing a regulatory climate that will enable insurance companies to remain competitive in an increasingly global marketplace. Additional coordination with other states aims for more uniform and streamlined producer licensing.

The Consumer Liaison office established in 2004 will enhance the Department's role as an active advocate for insurance consumers. The Insurance Department's three regional offices provide the public with insurance information, education and complaint resolution services. The department

conducts field investigations of insurance law violations and undertakes on-site market conduct examinations of insurance company records, files and operations.

The Insurance Commissioner by law serves as statutory liquidator/receiver for Pennsylvania domestic insurers found to be insolvent by the Commonwealth Court and for unlicensed insurance entities.

The department administers the Children's Health Insurance Program (CHIP), which was established by Act 113 of 1992 and significantly expanded with the passage of Act 68 of 1998. CHIP makes comprehensive free or low-cost health insurance available to the children of low-income working parents. CHIP offers a comprehensive package of benefits, including well child visits, immunizations, prescription coverage, emergency care, inpatient services, mental health services and hearing, vision and dental services. When initially implemented in 1993, CHIP provided the free portion of the program to those under 185 percent of the Federal poverty guidelines and the subsidized program to children from families earning between 185 percent and 235 percent of poverty. With the passage of Act 68 of 1998, the free program was expanded to children of families under 200 percent of poverty and the age limit was increased from sixteen to eighteen. The subsidized program, which provides half the cost of the insurance premium, was adjusted to between 200 and 235 percent of poverty and the age limit was increased from age 5 to age 18. The coverage is funded from a portion of cigarette tax receipts, a State appropriation, the Federal State Children's Health Insurance Program under Title XXI of the Social Security Act, and payments by participating working families in accordance with a sliding fee scale. As of December 31, 2003, enrollment increased to about 137,430 children.

Act 77 of 2001 established the Tobacco Settlement Fund and provided funding for programs that improve the health status of Pennsylvania citizens. A portion of fund revenues is provided for the Adult Basic Coverage Insurance Program, which began coverage on July 1, 2002. The program provides health care insurance for adults between 19 and 65 years of age whose household income is less than 200 percent of poverty and who are ineligible for other insurance. The department's responsibility includes contracting with insurers for a benefit package and providing for outreach activities. Enrolled adults contribute monthly to the cost of the coverage. As of December 31, 2003, enrollment has reached over 44,700 adults.

The Catastrophic Loss Benefits Continuation Fund, funded through certain motor vehicle violation surcharge fees, provides benefits to Pennsylvanians who were

## Program: Insurance Industry Regulation (continued)

catastrophically injured in motor vehicle accidents prior to January 1, 1990, and incurred medical expenses in excess of \$100,000. Effective January 1, 2004 the surcharge fees are deposited to the Mcare Fund for a ten-year period and then revert to the General Fund. Revenue from investment income will continue to accrue to this fund.

The Underground Storage Tank Indemnification Fund, established pursuant to Act 32 of 1989, the Storage Tank and Spill Prevention Act, provides claims payments to owners and operators of underground storage tanks. The program is funded through a fee schedule based on the type of product stored in the underground storage tank. In addition to making claim payments to eligible tank owners or operators for damages caused by releases from their tanks, programs include the Tank Installation Indemnification Program in the Insurance Department, the Upgrade Loan Program in the Department of Community and Economic Development, and the Pollution Prevention and Environmental Clean-Up Program through the Department of Environmental Protection.

Act 13 of 2002 established the Medical Care Availability and Reduction of Error (Mcare) Fund; the act established requirements for basic insurance coverage for health care providers and for their purchase of excess insurance through this program. The program is responsible for payment of claims against participating health care providers for losses or damages awarded in medical professional liability actions against them in excess of basic insurance coverage. Revenue is derived by levying an annual surcharge on health care providers and from motor vehicle violation surcharges. Act 44 of 2003 provides for transfer of a portion of the moving violations surcharge to the Health Care Provider Retention Account for the Health Care Provider Retention Program; the account will also receive 18.52% of the cigarette tax. This program will provide surcharge abatements to health care providers for calendar years 2003 and 2004. Abatements are 100% of the Mcare billing for providers in high rate classes and 50% abatement for others.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09
Interventions on behalf of consumers .....	154,000	159,000	162,000	163,000	163,000	165,000	166,000
Companies in liquidation .....	17	15	12	7	5	3	3

Insurer Market Conduct Examinations compiled .....	21	30	35	40	40	40	40
Average cost per investigation completed* .....	NA	\$23,968	\$26,141	\$26,729	\$27,331	\$27,946	\$28,575
Producer licensing filings .....	301,000	301,000	310,000	319,000	327,000	335,000	343,000
Company financial and corporate filings reviewed .....	2,753	2,900	2,900	2,900	2,900	2,900	2,900
Children's Health Insurance Program enrollment .....	131,695	143,257	152,093	161,474	171,433	182,007	193,233
Adult Basic Insurance Coverage enrollment .....	34,171	42,243	35,539	25,250	22,042	18,958	16,333

Insurance companies in liquidation increases from the projections shown in last year's budget due to additional companies entering liquidation and fewer companies being discharged than originally forecast. Future liquidations may decrease but are not readily predictable.

Rate and policy/form filings have increased from the projections shown in last year's budget as changes in market conditions result in changes to policies and rates; efficient use of technology provides the resources for the additional reviews.

Administrative hearings held increased from the projection shown in last year's budget due to an increase in Mcare appeals, Right to Know issues, and managed care appeals.

Enforcement investigation completed have decreased from the projections shown in last year's budget because resources were committed to working on multi-state exams.

Adult Basic enrollment changed from the projections shown in last year's budget due to actual data and revised estimates of the cost per enrollment.

Children's Health Insurance enrollment increases from the projections shown in last year's budget due to an increase in the rate of new enrollments to date and revised future year projections.

\* New program measure.

---

# DEPARTMENT OF LABOR AND INDUSTRY

*The mission of the Department of Labor and Industry is to foster and maintain economic growth and economic development in Pennsylvania.*

The mission is accomplished through programs which protect the health, welfare and safety of workers, provide meaningful job training and placement services, stabilize the incomes of injured, disabled or unemployed workers, and facilitate labor-management cooperation.

*PROGRAM OBJECTIVE: To further economic development in the Commonwealth by promoting the health, welfare and safety of employees, and acting to maintain continuous production and employment through mediation.*

## Program: Community and Occupational Safety and Stability

The department is responsible for administering a wide range of laws designed to enhance income security, safeguard the health of workers and the general public, protect the rights of Pennsylvania workers, and promote labor relations stability and labor-management cooperation.

### **Program Element: Income Security and Workers' Rights**

The department monitors and enforces the Minimum Wage, Wage Payment and Collection, and Prevailing Wage laws to protect the income of employees. The department also protects workers' rights by ensuring compliance with the Child Labor, Seasonal Farm Labor, Industrial Homework, Equal Pay and Medical Pay laws. The department informs employees and employers about the laws, conducts investigations and resolves disputes.

### **Program Element: Labor Relations**

Labor relations stability is promoted through the provision of mediation services to the public and private sectors. Under the Public Employee Relations Act, parties to a contract in the public sector must notify the department if no agreement has been reached after contract negotiations have commenced. In the private sector, dispute notices must be filed with the department based on the National Labor Relations Act. Mediation services are mandatory in the public sector and voluntary in the private sector. Each year over 1,000 cases are mediated by the department.

The Pennsylvania Labor Relations Board enforces and implements the provisions of the Commonwealth's laws relating to private and public sector collective bargaining, including the Pennsylvania Labor Relations Act, the Public Employee Relations Act and acts relating to police and fire employees. The board determines collective bargaining representatives, prevents and discourages unfair practices and in the public sector, contributes to the resolution of bargaining disputes by the issuance of arbitration panels and the appointment of fact finders.

The Office of Labor-Management Cooperation promotes labor-management cooperation through support of and coordination with the area labor-management committees throughout Pennsylvania. The Pennsylvania Bureau of Mediation provides technical assistance as facilitator for cooperative programs. In addition to promoting labor-management cooperation, the office also recognizes and awards existing successful labor-management cooperation efforts in the Commonwealth. It provides support and technical assistance to the Governor's Committee on Economic Development through Labor-Management Partnerships.

### **Program Element: Public Health and Safety**

The Uniform Construction Code, Bedding and Upholstery, Stuffed Toy, Employment Agency, LP Gas, Boiler, Lead Certification, and Asbestos Occupations Accreditation and Certification Acts are all administered by the Bureau of Occupational and Industrial Safety (BOIS). The bureau enforces the acts through promulgation of regulations, conducting field inspections, licensing and certification, and investigating complaints. The department is also responsible for insuring that buildings are accessible and usable by persons with disabilities under the State's Universal Accessibility Act.

Act 45 of 1999, the Uniform Construction Code Act, required the department to adopt a nationally recognized construction code for communities within the Commonwealth in place of disparate community-based codes previously in existence. As authorized by the act, the department is establishing a program of training, including continuing education, testing and certification for code administrators, municipal code officials, construction code officials or persons designated by the department. Final regulations are under review for publication in 2003-04. Buildings must comply in seven distinct areas with the approved code for occupancy approval. These areas are: (1) building, (2) electrical, (3) mechanical, (4) plumbing, (5) energy, (6) accessibility and (7) fire protection. Department certified inspectors will ensure compliance with approved plans prior to issuance of an occupancy permit.

The Worker and Community Right-to-Know Act requires all employers doing business in Pennsylvania to provide certain information about hazardous chemicals found in their workplace and to make that information available to emergency response organizations and the public. The department enforces worker right-to-know provisions for public employees and those in the mining industry, and provides over 100 education/outreach programs annually. Training and technical assistance are provided to employers to assist them in establishing department-certified workplace safety committees. The department also provides training and outreach programs related to underground utility line damage prevention.

The Office for the Deaf and Hard of Hearing responds to requests for information and referral, promotes access for people who are deaf, and provides public education about hearing loss and deafness.

## Program: Community and Occupational Safety and Stability (continued)

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09
Minimum wage violations cited .....	136	149	149	149	149	149	149
Child labor law violations .....	226	248	248	248	248	248	248
Nonpayment of wage violations .....	3,831	4,195	4,195	4,195	4,195	4,195	4,195
Mediated cases involving work stoppages:							
Public bargaining units .....	1.4%	1.0%	1.0%	1.0%	1.0%	1.0%	1.0%
Private bargaining units .....	0.0%	2.0%	2.0%	2.0%	2.0%	2.0%	2.0%
Unfair labor practice cases concluded .....	618	590	590	590	590	590	590
Union representation cases concluded .....	174	195	195	195	195	195	195
Total inspections performed .....	134,352	130,000	130,000	130,000	130,000	130,000	130,000
Prevailing Wage Law violations .....	341	373	373	373	373	373	373
Building approvals issued .....	13,774	13,500	10,000	3,700	3,700	3,700	3,700
New buildings certified .....	7,162	7,000	5,200	1,925	1,925	1,925	1,925
Renovations of existing buildings certified	6,612	6,500	4,800	1,775	1,775	1,775	1,775

Minimum wage violations cited decreased from those shown in last year's budget due to a decline in the number of minimum wage jobs and fewer complaints.

Child Labor Law and Nonpayment of Wage Violations increase from the projections shown in last year's budget due to an increase in tips from the public regarding potential violations.

Unfair labor practice cases concluded increased from the projection in last year's budget because of an intensive effort to close dormant and inactive cases.

Prevailing wage law violations increased from those shown in last year's budget because of increased management enforcement efforts.

Building approvals issued, new buildings certified, and renovations of existing buildings certified will require fewer, but more extensive, reviews and inspections resulting in a decrease in future years.

*PROGRAM OBJECTIVE: To further economic development in the Commonwealth by stabilizing the incomes of employees who become unemployed.*

## Program: Workers' Compensation and Assistance

This program provides income and medical services security to qualifying individuals. This program includes workers' compensation, unemployment compensation, occupational disease payments, and Social Security disability payments.

Workers' Compensation is a system of payments made through private insurance companies, the State Workers' Insurance Fund, and self-insured employers to employees who sustain injuries or diseases during their course of employment. The Commonwealth's administrative expenses are funded from assessments on the insurance industry.

Act 57 of 1996 substantially amended the Workers' Compensation Act. The amendments addressed the high cost of workers' compensation in the Commonwealth with respect to premiums, wage benefits, medical treatment and review, and litigation. The amendments were intended to provide expedited settlement of issues, reduce fraud, counteract disincentives to return to work, and encourage workplace safety. Their impact is a reduction of burdensomely high costs for businesses and the resultant improvement of the business climate in the Commonwealth.

Act 41 of 2001 amended the Workers' Compensation Act to transfer up to \$3.8 million from the Workmen's Compensation Administration Fund to the Self-Insurance Guaranty Fund's Prefund Account to pay workers'

compensation benefits to eligible claimants injured prior to Act 44 of 1993. Act 44 of 1993 provided for payments to eligible claimants from the Self-Insurance Guaranty Fund. Eligible claimants are those affected by defaulting self-insured employers or defaulting members of self-insurance pooling arrangements.

The department processes applications for Federal disability benefits, gathers medical evidence for each claim and makes recommendations to the Social Security Administration under the Social Security Administration's Disability Determination Program guidelines.

Occupational Disease Payments are made primarily to victims of silicosis, and related diseases, commonly referred to as "black lung." Victims of these diseases are covered based on their date of last exposure and disability.

Unemployment compensation payments are made to individuals and their dependents during periods of involuntary unemployment. The payments are funded from taxes on employers and employees paid into the Unemployment Compensation Trust Fund. The tax rates vary according to the financial condition of the fund. The maximum weekly benefit rate is calculated as 66 2/3% of the average weekly wage for the preceding year. The maximum weekly payment during calendar year 2003 was \$451.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09
Claimants qualifying for occupational disease payments from Commonwealth funds .....	1,178	1,085	975	875	875	875	875

*PROGRAM OBJECTIVE: To provide meaningful job training and placement services in a coordinated role with other Commonwealth agencies, the private sector and the Federal Government in order to secure unsubsidized employment for unemployed Pennsylvanians.*

## Program: Workforce Investment

This program provides a range of employment and training services through the Team Pennsylvania CareerLink, the Bureau of Workforce Investment, the Bureau of Employer and Career Services, the Center for Workforce Information and Analysis, the Bureau of Unemployment Compensation Benefits and Allowances and the Pennsylvania Conservation Corps.

The Department of Labor and Industry is the lead agency in administering interagency employment and training programs. The Joint Jobs Initiative is designed to target resources of the Departments of Labor and Industry and Public Welfare to improve job training and employment service programs for welfare recipients. The Single Point of Contact (SPOC) Program provides comprehensive employment and training services to Temporary Assistance to Needy Families (TANF) recipients with multiple barriers to employment. Services are co-located in County Assistance Offices.

### **Program Element – Workforce Investment**

Act 224 of 2002 amends the Workforce Development Act of 2001 to require the Pennsylvania Workforce Investment Board to establish quality guarantees for training programs, to coordinate workforce development programs, expand and make permanent the Critical Job Training Grant Program serving dislocated workers and underemployed workers and establish the Workforce Leadership Grant Program.

The act provides for workforce leadership grants for the development of innovative programs to address workforce development needs in three cluster areas: Bio-technology/Life Sciences: Information Technology/optoelectronics and advanced manufacturing and materials. The act also provides for reimbursements to Community Colleges offering non-credit workforce investment courses.

Local workforce investment boards plan and oversee the local delivery of services with approval by the Governor. The boards in partnership with local elected officials, identify providers of training services, monitor system performance and help develop the labor market information system. The Federal Workforce Investment Act (WIA) of 1998, which repealed the Job Training Partnership Act and the Economic Dislocation and Worker Adjustment Assistance Act, was enacted to improve the delivery of job training services. The WIA provided for an orderly transition from the Job Training Partnership Act programs to an improved workforce preparation and employment system. The authorization of

WIA expired on September 30, 2003, but new legislation is expected to reauthorize the program.

Funding for numerous programs has been consolidated under the WIA into three basic grants under Title I-B:

- adult employment and training,
- dislocated worker employment and training, and
- youth employment and training.

In addition, the law gives states and local areas more authority and responsibility for job training needs and decisions, and individuals more customer choice.

### **Program Element – CareerLink**

The former Job Centers have evolved into Team Pennsylvania CareerLink Centers, a one-stop services system. The transition has improved service for employers, job seekers and other customers by integrating systems and coordinating services. Services available at the centers include: job search and placement assistance (including career counseling), labor market information (which identifies job vacancies, skills needed for in-demand jobs and local, regional and national trends), initial assessment of skills and needs, information about available services and follow-up services to help customers keep their jobs after placement.

Team Pennsylvania CareerLink is a cooperative effort involving the Departments of Aging, Community and Economic Development, Education, Labor and Industry, and Public Welfare in partnership with private sector employers, trade associations, local elected officials, job seekers and community leaders to provide a one-stop delivery of career services.

### **Program Element: Dislocated Workers**

The department provides funds to assist dislocated workers through training programs, rapid response efforts, support services, and needs-based payments.

The department's Rapid Response Program is operated by the Dislocated Worker Unit in conjunction with the Department of Community and Economic Development. When a business relocates to another state or employees are laid off, the Department of Labor and Industry's Rapid Response Team is available to bring a wide variety of State and local resources to the job site to assist laid-off individuals in finding reemployment. The department also promotes labor-management cooperation by encouraging the formation of labor-management committees at the job site to coordinate the mix of available services.

# Labor and Industry

## Program: Workforce Investment (continued)

Twenty percent of Federal funds appropriated for dislocated workers are retained at the Federal level to provide national emergency grants, dislocated worker demonstration projects and technical assistance. Of the remaining eighty percent allocated to states, sixty percent is allocated to local areas with forty percent retained at the state level

(fifteen percent for statewide activities and twenty-five percent for rapid response efforts).

Eighty-five percent of the Federal funds appropriated for adult and youth services are allocated to the local areas; the remainder is reserved for statewide activities.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09
Individuals obtaining employment							
with Job Service assistance .....	48,191	50,000	50,000	50,000	50,000	50,000	50,000
Workforce Investment Act:							
Adult entered employment rate .....	75%	73%	74%	74%	75%	76%	76%
Adult retention rate .....	83%	82%	83%	84%	85%	85%	85%
Adult average wage gain after six months	\$2,719	\$3,400	\$3,400	\$3,400	\$3,400	\$3,400	\$3,400

*PROGRAM OBJECTIVE: To enable eligible persons with disabilities to obtain competitive employment.*

## Program: Vocational Rehabilitation

This program, conducted in conjunction with the Federal Government, targets the estimated 540,000 citizens of the Commonwealth who have physical or mental impairments that present a substantial impediment to employment. During 2002, approximately 79,150 customers with disabilities were referred to and/or served by the Office of Vocational Rehabilitation.

The Federal Rehabilitation Act of 1973, as amended through 1992, established eligibility criteria for vocational rehabilitation services. Services are provided to individuals who can benefit from and who need services to prepare for, enter or retain employment. Primary emphasis is placed on serving individuals with the most severe disabilities. These individuals generally require extensive and varied services over an extended period of time. State and Federal funds are expended through the Vocational Rehabilitation Fund.

Act 15 of 1999 transferred the administration of services provided to persons who are blind or visually impaired from the Department of Public Welfare to the Department of Labor and Industry. This realignment provides more efficient and higher quality services while maintaining a distinct and specialized service model.

Training and employment services are provided to those most likely to be employed in the short term through the

fully State-funded Vocational Rehabilitation Services Program.

To address the needs of individuals who do not meet Federal eligibility criteria, State funds are provided for the Centers for Independent Living (CILs). CILs are non-residential centers that provide information and referral services, peer counseling, independent living skills training and other services to Pennsylvanians with disabilities.

The Supported Employment Program improves employment opportunities for those previously considered to have disabilities so severe that they could not benefit from the traditional vocational rehabilitation program. Supported employment combines job placement in the community with job training at the job site. Full-time training and support services are provided.

Grants are provided through the Independence Capital Access Network (ICAN) to businesses for the purchase of specialized or adaptive equipment to employ Pennsylvanians with disabilities.

This program also includes the Hiram G. Andrews Center in Johnstown. The center is funded from fees for services rendered. The center provides a wide array of vocational rehabilitation and job training services.

# LIQUOR CONTROL BOARD

*The mission of the Liquor Control Board is to regulate the alcohol beverage industry in a fair and consistent manner; provide the best service to its customers through modern, convenient outlets, superior product selection and competitive prices in a controlled environment; and to provide factual information on alcohol and its effects through a comprehensive alcohol education program.*

The Liquor Control Board controls the manufacture, possession, sale, consumption, importation, use, storage, transportation and delivery of liquor, alcohol and malt or brewed beverages in the Commonwealth.

*PROGRAM OBJECTIVE: To control the manufacture, distribution and sale of alcoholic beverages in Pennsylvania.*

## Program: Liquor Control

All bottle sales of wines and spirits in Pennsylvania, with the exception of sales by licensed limited wineries, are made through approximately 636 State Liquor Stores operated by the Liquor Control Board. This includes both retail sales to individual consumers and wholesale sales to those private establishments that make retail sales of alcoholic beverages by the drink.

Revenues from the sale of wines and spirits cover the cost of merchandise sold in the stores, all costs of operating the Liquor Control Board, and the cost of operating the Office of the Comptroller for the Board. Additionally, these revenues fund the costs of the PA State Police Bureau of Liquor Control Enforcement and provide funding to the PA Department of Health to support drug and alcohol programs.

The Liquor Control Board's marketing strategy is geared to offering increased service to customers of legal age while maintaining the necessary controls at the point of purchase of alcoholic beverages. Recent agency initiatives to increase service include an expanded premium product selection, the opening of Premium Collection stores, an E-Commerce site for purchase of products and the opening of Liquor Control Board operated stores within existing grocery store outlets. Expanded customer service has also resulted from passage of Act 212 of 2002, which amended the Liquor Code to allow for in-store sampling of products and a two-year pilot on Sunday sales in 10% of State stores. Act 212 of 2002, along with Act 1 of 2003, allow for the sale of wine accessories and trade publications, while Act 15 of 2003 provided for the sale of liquor accessories.

The Board licenses private establishments that make retail sales of alcoholic beverages by the drink and regulates the sale of malt and brewed beverages by licensing the distributors, restaurants, hotels and clubs that sell these items. In all, some 86,000 licensing transactions of all types are processed each year. In 2001, Act 141 revised the existing license quota system from municipal-based to

county-based to allow for flexibility of licenses in developing areas most needed within the counties.

The Liquor Control Board has established an important Nuisance Bar Program to ensure the safety and security of our citizens. This program supports a task force that utilizes the expertise of representatives of community affairs offices, district attorney offices, local and state police, drug task forces, local communities and the General Assembly. If it is determined that a licensed business has abused its license privilege and, through its conduct or record of violations, demonstrates a pattern of activities that threatens the health and safety of the local community, the Liquor Control Board will refuse to renew its license. Through December of 2003, the Board has objected to the renewal of over 785 licenses.

In 1994, the Liquor Control Board formalized its commitment to providing information about alcohol consumption by establishing the Bureau of Alcohol Education. The bureau's annual budget supports its three-fold mission of delivering a no-alcohol use or "zero tolerance" message to all citizens under the age of 21, encouraging responsibility and moderation for any adult age 21 and over who chooses to drink alcoholic beverages, and promoting responsible alcohol beverage service and practices among licensees and persons that serve beverage alcohol in Pennsylvania. The Bureau of Alcohol Education is currently developing and piloting a highly visible enforcement-driven "under 21" alcohol intervention project.

Act 141 of 2001 expanded the role of the Liquor Control Board through establishing a comprehensive Responsible Alcohol Management Program (RAMP) that offers responsible service training to licensees in Pennsylvania. The Bureau of Alcohol Education is responsible for overseeing this program, including offering owner/manager training to licensees and certifying, monitoring and tracking all server/seller training in Pennsylvania.

<b>Program Measures:</b>	<b>2002-03</b>	<b>2003-04</b>	<b>2004-05</b>	<b>2005-06</b>	<b>2006-07</b>	<b>2007-08</b>	<b>2008-09</b>
Pennsylvania State Liquor Stores .....	638	636	640	642	644	646	646
Gross Sales (includes taxes) (in thousands) .....	\$1,268,703	\$1,319,451	\$1,372,229	\$1,427,118	\$1,484,203	\$1,543,571	\$1,605,314
Net sales per dollar operating cost-all stores* .....	\$5.90	\$6.40	\$6.30	\$6.30	\$6.20	\$6.20	\$6.20
Net sales per dollar operating cost-premium collection stores* .....	\$6.60	\$7.10	\$7.00	\$7.00	\$6.90	\$6.90	\$6.90
Alcohol education materials distributed* ....	3,130,969	3,200,000	3,300,000	3,300,000	3,300,000	3,400,000	3,400,000
Licensees receiving RAMP (Responsible Alcohol Management Program) training ....	7,423	7,500	7,600	7,700	7,800	7,800	7,800

Licensees receiving RAMP training are higher than projected in last year's budget due to a higher participation rate among licensees.

\*New program measure.

Program: Liquor Control (continued)

Program Recommendations:

<b>STATE STORES FUND:</b>		
<b>General Operations</b>		
\$	15,457	—to continue current program.
<b>Comptroller Operations</b>		
\$	–233	—to continue current program.
<b>Transfer of Profits to General Fund</b>		
\$	5,000	—increase in the amount available for transfer to General Fund.

---

# DEPARTMENT OF MILITARY AND VETERANS AFFAIRS

*The Department of Military and Veterans Affairs has two roles in State government. One role of the department is to provide world-class service to Pennsylvania veterans, their spouses, and their dependents by operating a network of veterans' assistance programs, a school for veterans' children, and six veterans homes.*

*The other role of the department is to provide combat-ready units of the Pennsylvania Army and Air National Guard to protect the lives and property of the people of the Commonwealth and preserve peace, order and public safety. The Pennsylvania National Guard has dual missions. Their Federal mission is to be trained and equipped to join the active military forces in time of war or national emergency; and their State mission is to respond to the orders of the Governor in the event of natural and man-made disasters.*

*The Department of Military and Veterans Affairs consists of the Adjutant General, the State Armory Board, the State Veterans' Commission, the Soldiers and Sailors Home in Erie, the Veterans Home in Hollidaysburg, the Southeastern Veterans Home in Spring City, the Gino J. Merli Veterans Home in Scranton, the Southwestern Veterans Home in Pittsburgh, the Delaware Valley Veterans Home in Philadelphia and the Scotland School for Veterans Children near Chambersburg.*

---

# Military and Veterans Affairs

*PROGRAM OBJECTIVE: To achieve and maintain a readiness capability in units of the Pennsylvania National Guard for quick and effective response to State or Federal mobilization.*

## Program: State Military Readiness

This program provides the administrative, logistical and training support necessary for the Pennsylvania National Guard to maintain requisite readiness capability to serve during emergencies. Such emergencies may result in full or partial mobilization of the Pennsylvania National Guard for State service in the Commonwealth or Federal service anywhere in the world. Costs for military equipment, supplies and training, such as monthly training assemblies and 15 days annual training, are funded 100 percent by the Federal Government.

The readiness capability of Pennsylvania National Guard units is evaluated according to established Federal inspection and training standards. Primary efforts are directed toward having the Pennsylvania National Guard in top readiness condition in order to perform its State and Federal missions. The training of personnel is directly dependent upon the

adequacy of the operation, maintenance and repair of numerous National Guard armories, support facilities, Air National Guard bases and installations. A Statewide communications network is in operation providing a quicker and more effective response to State or Federal mobilization. During 2002-03, funds were provided for base stations and mobile/portable radio equipment for agency participation in the Statewide Public Safety Radio System.

Included within this program are those activities essential to operate a network of 96 community armories and 6 air bases that serve as training locations for National Guard units. The Commonwealth is responsible for providing for the operation, maintenance and repair of the armories. These armories may also be utilized as mass care centers for disaster victims and to provide meeting and recreational facilities for local civic and youth organizations.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09

# Military and Veterans Affairs

*PROGRAM OBJECTIVE: To provide nursing and domiciliary care for veterans and a school to educate veterans' children.*

## Program: Veterans Homes and School

The Department of Military and Veterans Affairs provides skilled nursing and domiciliary care for veterans who are disabled, indigent or in need of care. There are six veterans homes currently providing such care: the Soldiers and Sailors Home in Erie, the Veterans Home at Hollidaysburg, the Southeastern Pennsylvania Veterans Center in Spring City, the Gino J. Merli (Northeastern) Veterans Center in Scranton, the Southwestern Veterans Center in Pittsburgh and the Delaware Valley Veterans Home which opened in January 2003.

The program receives assistance from the Federal Department of Veterans Affairs at levels of \$26.95 per patient

day for domiciliary care and \$56.24 per patient day for nursing home care.

Residents of State veterans homes receive a daily allowance from the Federal Department of Veterans Affairs. Residents use these funds plus their own funds to help offset the cost of their care.

The Scotland School for Veterans Children, located near Chambersburg, provides a student-centered elementary and secondary curriculum for individual needs including college preparatory classes and vocational offerings.

### Program Measures:

	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09

Capacity .....	370	370	370	360	360	360	360
Population .....	315	321	350	350	350	350	350

The Gino J. Merli Veterans Center was formerly known as the Northeastern Veterans Center.

The capacity and population of the Erie Soldiers and Sailors Home decreased in 2004-05 from the projections shown in last year's budget reflecting a delay in constructing a 75-bed Alzheimer's Unit.

The difference between capacity and population of the Delaware Valley Veterans Home reflects the continued planned opening of this new facility.

The population of the Scotland School is lower in 2002-03 and in 2003-04 because of the temporary closing of residential cottages for renovations.

### State Veterans Homes

Veterans receiving care at State Veterans Homes is projected to increase to 1,534 in 2004-05.

# Military and Veterans Affairs

*PROGRAM OBJECTIVE: To provide advisory and financial assistance to eligible Pennsylvania veterans, National Guardsmen and their dependents.*

## Program: Compensation and Assistance

The Department of Military and Veterans Affairs administers several activities within this program.

### **Program Element: Veterans Assistance**

Temporary financial assistance is provided for eligible veterans, their spouses and dependent children who are in need of financial assistance. Financial assistance is authorized for food, fuel, shelter and clothing and is limited to a period not exceeding three months.

### **Program Element: Blind Veterans Pension**

Pensions of \$150 per month are provided for those Pennsylvania veterans who incurred functional blindness while performing active military service.

### **Program Element: National Guard Pensions**

This program is responsible for the payment of a pension to guardsmen, widows and dependent family members. A National Guardsman who is injured, otherwise disabled or dies as a result of injuries or other disability received or contracted while performing duty in active service of the Commonwealth, or in the performance of other State military duty, is eligible. Current law provides for a monthly pension for dependents up to a maximum of \$300 per month for a period of ten years. In the case of children of a deceased member, the pension is paid until the child reaches 18 years of age.

### **Program Element: Education of Children of Deceased and Disabled Veterans**

Educational grants are provided for children of honorably discharged veterans who have been certified as having wartime service-connected disabilities rated as

total and permanent or children of veterans who have died of wartime service-connected disabilities. Under current law, \$500 per semester is available for eligible students attending post secondary institutions within the Commonwealth.

### **Program Element: Education — National Guard**

Tuition grants are provided for certain members of the Pennsylvania National Guard who enroll in a Pennsylvania institution of higher learning with degree-granting status, as approved by the Department of Education. Act 11 of 2000 enhanced this educational assistance program. Grants are available for full-time students for up to 100 percent of the tuition charged to a Pennsylvania resident at a member institution of the State System of Higher Education. These public service educational grants not only serve as an incentive to the Pennsylvania National Guard's recruiting and retention efforts but also reward those Pennsylvanians who volunteer to serve their nation and the Commonwealth.

### **Program Element: Paralyzed Veterans Pension**

This program provides a pension of \$150 per month to those Pennsylvania veterans who have lost the use of two or more extremities while serving on active duty in the armed forces of the United States. Act 109 of 2001 expanded this program by eliminating the residency and wartime service requirement. Thus, former residents of Pennsylvania and those who served in the military during peacetime are now eligible for the pension if all other requirements are met.

<b>Program Measures:</b>	<b>2002-03</b>	<b>2003-04</b>	<b>2004-05</b>	<b>2005-06</b>	<b>2006-07</b>	<b>2007-08</b>	<b>2008-09</b>
Veterans in Pennsylvania .....	1,210,000	1,180,000	1,150,000	1,120,000	1,090,000	1,059,000	1,029,000
Recipients of veterans emergency assistance .....	1,507	1,500	1,500	1,500	1,500	1,500	1,500
Recipients of blind veterans pensions .....	120	120	120	120	120	120	120
Education of children of deceased and disabled veterans .....	135	135	135	135	135	135	135
National Guard personnel receiving educational financial aid .....	2,735	3,145	3,617	4,160	4,784	5,502	6,327
Participants in paralyzed veterans programs .....	218	220	220	220	220	220	220

Recipients of veterans emergency assistance has been revised to reflect only the number of veterans receiving assistance. In previous budgets, the measure also included dependents.

National Guard personnel receiving educational financial aid decreased in 2002-03 and 2003-04 from the projections shown in last year's budget because of the deployment of troops.

# Military and Veterans Affairs

## Program: Compensation and Assistance (continued)

### Educational Financial Aid for National Guard Personnel

Educational financial aid for National Guard personnel has increased from \$3.1 million in 1998-99 to nearly \$11.1 million in 2004-05 - an increase of nearly \$8.0 million.

#### Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

**Education - National Guard**  
\$ 2,138 —for increased reimbursement of educational costs of National Guard personnel.

**Civil Air Patrol**  
\$ -300 —nonrecurring grant

**Disabled American Veterans Transportation**  
\$ -250 —nonrecurring grant.

The budget recommends continuation of all other programs at sufficient levels to carry current programs forward.

# MILK MARKETING BOARD

*The mission of the Milk Marketing Board is to ensure that Pennsylvania's dairy industry remains vital by providing a regulatory environment that facilitates a safe, adequate supply of wholesome milk while providing security for its dairy farmers and milk dealers, and protection for the public health and welfare of consumers.*

*PROGRAM OBJECTIVE: To maintain an adequate supply of wholesome fluid milk.*

## Program: Milk Industry Regulation

The Milk Marketing Board is a special fund agency financed from milk industry license fees, permit fees and fines. The board supervises, inspects and regulates the milk industry of the Commonwealth and establishes reasonable trade control and marketing practices. It formulates policy, holds public hearings and subsequently issues and enforces General Marketing Orders, rules and regulations. The board also handles prosecution and levying of penalties against violators of the Milk Marketing Law, the Milk Producer's Security Act and board regulations.

The board's major function continues to be ensuring an adequate milk supply by setting minimum prices paid to farmers, minimum prices dealers can charge wholesale and retail customers, and minimum prices stores can charge consumers. The regulation process is complicated by the existence of Federal Marketing Orders, which are prices established by the Federal Government that must be paid to producers.

The board has implemented an automated Milk Accounting and Regulatory System (MARS). The system values milk based on component pricing, allowing adaptation to changes in the state and federal regulatory environment. Pricing information collected through the system and from public hearings is used by the board to establish minimum milk prices.

The board had previously considered the ratio of the supply of milk fluid to demand in the regulation process, but other indicators are more relevant to the process and that ratio is no longer calculated. Factors such as the price of milk in neighboring states and the ratio of the cost of production to current or expected prices are more important to price establishment and are widely discussed at the public meetings.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09
Licenses and permits issued .....	2,904	2,900	2,900	2,900	2,900	2,900	2,900
Audits of milk dealers for compliance with milk sales' rules and regulations .....	611	650	650	650	650	650	650

Audits of milk dealers for compliance with milk sales' rules and regulations decrease from the projection shown in last year's budget due to an increased emphasis on financial audits.

## Program Recommendation: This budget recommends the following changes: (Dollar Amounts in Thousands)

**MILK MARKETING FUND**  
**General Operations**  
 \$ 227 —to continue current program.

# BOARD OF PROBATION AND PAROLE

*The mission of the Board of Probation and Parole is to protect the safety of the public, address the needs of crime victims, improve county adult probation and parole services, and assist in the fair administration of justice by ensuring the custody, control and treatment of offenders under the jurisdiction of the Board.*

The Board of Probation and Parole rehabilitates and supervises persons on probation or parole, helping them to reintegrate within society. The board provides for the reintegration of persons who have served their minimum sentence in a correctional institution as well as identifies those who cannot adjust to the community. State probation services and investigations are also provided upon request from the courts. The Office of Victim Advocate within the Board of Probation and Parole administers the victim service programs of both the board and the Department of Corrections. The Sexual Offenders Assessment Board is responsible for the review of registration of sexual offenders.

*PROGRAM OBJECTIVE: To decrease the recurrence of crime by replacing criminal behavior with socially acceptable behavior.*

## Program: Reintegration of the Adult Offender

The Pennsylvania Board of Probation and Parole operates in a complex and interdependent criminal justice system in the Commonwealth.

The board's primary goal is to protect the community from crime through a process of supervising offenders who are serving sentences in the community. The primary functions of the board are to grant parole and supervise adult offenders with a maximum sentence of two years or more, revoke the parole of technical parole violators and criminal violators convicted of new crimes, and discharge from parole offenders under supervision who have fulfilled their sentences in compliance with the conditions governing parole. Commonwealth judges parole inmates with maximum sentences under two years. Under the direction of the county courts, cases can be certified to the State under special probation and parole supervision.

The board also has quasi-judicial case decision-making responsibility. Two dominant types of decisions are made from information provided by field and institutional staff: parole release decisions and revocation decisions.

Explicit parole guidelines are used in the decision-making process in order to structure discretion and maintain fairness in the system. The effect of these successful program efforts in decision-making is that justice is administered fairly and decision-making is more accountable to the public.

In addition to operating the State parole program, the board has the responsibility of administering a grant-in-aid program to support county adult probation personnel and services. The grant-in-aid program provides funds to any county which adds probation staff for presentence investigations and for improved probation supervision and programs. Act 134 of 1986, which amended the Probation

and Parole Act, provides that counties shall be reimbursed for up to eighty percent of the personnel costs incurred to administer these additional services and programs, provided that sufficient funds are appropriated.

Act 35 of 1991 mandates that a monthly supervision fee be paid by all offenders under State supervision unless a waiver is granted. In addition, Act 35 requires that the sentencing judge of the Court of Common Pleas impose upon county offenders as a condition of supervision, a monthly supervision fee of at least twenty-five dollars unless reduced, waived or deferred.

Act 8 of Special Session One of 1995 created the Office of Victim Advocate within the board to represent the interests of crime victims before the board or the Department of Corrections.

Act 24 of 1995, or Megan's Law as it is commonly known, established the Sexual Offenders Assessment Board. Act 18 of 2000 substantially amended Act 24. The board is responsible for conducting assessments of convicted sexual offenders. The assessments are provided to district attorneys to assist in the determination, prior to sentencing, of those offenders who may be found by the court to be sexually violent predators. Prior to parole considerations, the Board of Probation and Parole may request assessments of sexually violent predators and sexual offenders. In addition, Act 18 requires the registration of all sexual offenders and sexually violent predators. Under Act 21 of 2003, certain sexually violent adolescent sex offenders will be subject to an assessment by the board upon reaching age 20. The assessment will be used by the courts to determine the need for involuntary commitment and treatment of these offenders.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09
Probationers and parolees in caseload:							
County .....	190,314	198,611	203,952	209,292	214,632	219,973	225,313
State .....	24,538	26,260	27,259	27,791	28,048	28,206	28,340
Percentage of available parole cases reviewed on a monthly basis* .....	N/A	N/A	76%	78%	80%	82%	84%
Annual addition to caseload population .....	11,943	12,001	12,457	12,700	12,818	12,890	12,951
Investigative reports completed .....	33,653	35,976	37,345	38,074	38,426	38,642	38,826

Investigative reports completed increased from those shown in last year's budget because of growth in the volume of investigations, including increases in the number of inmates eligible for parole consideration.

\*New program measure.

# Probation and Parole

## Program: Reintegration of the Adult Offender (continued)

Program Measures: (continued)	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09
Annual caseload additions likely to return . to prison:							
-within one year of release .....	2,295	2,508	2,520	2,616	2,667	2,692	2,707
-within three years of release .....	4,590	5,016	5,040	5,232	5,334	5,384	5,414
As a percentage of annual additions to caseload:							
-within one year of release .....	21%	21%	21%	21%	21%	21%	21%
-within three years of release .....	42%	42%	42%	42%	42%	42%	42%
Total State supervision dollars collected annually (in thousands)* .....	N/A	N/A	\$1,400	\$1,500	\$1,600	\$1,700	\$1,800
Notifications to crime victims* .....	N/A	N/A	18,337	18,357	18,377	18,397	19,417

Annual caseload additions likely to return to prison within three years of release, and percentage of annual additions to caseload likely to return to prison within three years of release, increased from the projections shown in last year's budget because the data has been updated based on offenders released from prison to parole during 2000-01 who were tracked for three years.

\*New program measure.

## Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

<b>General Government Operations</b>		<b>Improvement of Adult Probation Services</b>	
\$ -746	—to continue current program.		
-2,399	—operating cost reductions.	\$ 441	—for grants to counties for professional county personnel salary costs. A charge of \$25 per month offsets the costs of administering this program for employed offenders on State county parole supervision. Estimated fee collections for 2004-05 are \$11,805,000. This amount will augment State funds of \$20,983,000 and provide \$32,788,000 or 77 percent reimbursement to the counties.
\$ -3,145	<i>Appropriation Decrease</i>		
<b>Sexual Offenders Assessment Board</b>			
\$ 387	—to continue current program.		
<b>Drug Offenders Work Program</b>			
\$ -2	—to continue current program.	-2	—training costs.
		\$ 439	<i>Appropriation Increase</i>

# PUBLIC TELEVISION NETWORK

*The mission of the Public Television Network Commission is to be a leader in using various technologies to educate, enlighten and connect citizens of all ages—contributing to the lives of families, the success of schools and colleges, the productivity of businesses and the quality of communities.*

The Public Television Network Commission promotes and encourages public television in Pennsylvania. The network facilities provide services to the eight public television stations and one affiliated station including the recording, storage and delivery of programs and the interconnection of the stations for Statewide program production and exchange. The network also administers a grant program to support station operations, instructional television services, program production and program acquisition.

*PROGRAM OBJECTIVE: To provide for the development and support of Pennsylvania's network of noncommercial public television stations.*

## Program: Public Television Services

The Pennsylvania Public Television Network Commission, established by Act 329 of 1968, links eight independent noncommercial television stations in Pennsylvania to create a system in which stations provide programming to the people of Pennsylvania through independent and group efforts. The stations are located in Bethlehem, Erie, Philadelphia, Pittsburgh, Pittston, University Park and Harrisburg.

Funding for the operations of the noncommercial television stations in Pennsylvania comes from several sources. Private donations from business, industry and foundations; grants from the Commonwealth and Federal Government; and contributions from individuals provide over 60 percent of the revenue needed for operations.

The network, located in Hershey, is directed by a commission, the membership of which includes representatives from the eight stations, the education community, the General Assembly, the Council on the Arts, the Office of Information Technology and the public. The commission provides governance of the network and Statewide coordinating functions through a computerized microwave telecommunications system. Through the network each station has access to programs produced by other Pennsylvania stations and programs acquired from outside sources. Network promotion and audience research services are also provided as well as guidance in producing programs on cultural, educational and public affairs of interest to all Pennsylvanians.

Instructional television is provided by each of the stations in cooperation with school districts and intermediate units, which purchase broadcast rights for some nationally produced programs. Pennsylvania stations produce some educational television series for broadcast on Statewide and national television. These instructional series are curriculum-based and increasingly utilize on-line network services. An increasing number of the stations broadcast 24 hours a day with telecourses, General Education Degree courses and a wide variety of educational programming carried during the early morning hours. During 2002, more than 1,530 hours of local television programming were produced by Pennsylvania Public Television Stations.

Currently, commercial and noncommercial television stations broadcast analog signals. The U.S. Congress has mandated that by May 1, 2003, all noncommercial stations must transmit digital television signals along with analog. In addition, by 2006, all analog transmissions must cease provided that 85 percent of U.S. television households in a station's market can receive a digital signal. The differences in the signals are two-fold. First, a sharper, clearer picture can be received by a digital television set. Second, while only one analog signal can be broadcast in a particular band, digital signals offer at least four separate programming signals that can be sent within the same band. In 1998-99, the Public Television Network, including the member stations, began the conversion process which was completed during 2001-02.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09
Households watching public television at least once a week.....	2,288,000	2,300,000	2,300,000	2,300,000	2,300,000	2,300,000	2,300,000
Contributing memberships .....	221,159	230,000	230,000	230,000	230,000	235,000	235,000

## Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

**General Government Operations**  
\$ 185 —to continue current program.

**Public Television Station Grants**  
\$ -750 —nonrecurring project.

# PUBLIC UTILITY COMMISSION

*The mission of the Public Utility Commission is to provide for regulation of public utilities and includes establishing reasonable rates; providing for safe service; conducting audits; and ensuring compliance with public utility regulations.*

The commission is comprised of five members appointed by the Governor with Senate confirmation.

*PROGRAM OBJECTIVE: To ensure that safe and adequate public utility services are available to the public at fair and reasonable rates.*

---

## Program: Regulation of Public Utilities

---

The Public Utility Code requires the Public Utility Commission (PUC), an arm of the General Assembly, to ensure that safe and adequate utility service is available to the public at fair and reasonable rates.

The commission regulates about 8,057 utilities which include electric, gas, steam heat, water, telephone, telegraph, and sewage collection and disposal services; transportation of passengers and property by railroad, aircraft, boat, ferry and motor carrier; and transportation of certain products by pipeline.

The Commission is funded by assessment of public utilities. Subject to budgetary approval, the Commission may assess up to three-tenths of one percent of gross interstate revenues to cover the cost of regulation. Public utility assessments and fees are deposited into a restricted account within the General Fund.

In 2002-03, the Public Utility Commission completed 16 fixed utility rate cases. Rate increases of nearly \$25 million were allowed. Rate increases of \$2.1 million requested by transportation utilities were also allowed.

Pennsylvania has taken a leadership role in the deregulation of the electric industry. Act 138 of 1996 has become model legislation for other states desiring to deregulate the electric industry with the intended effect of lowering electric utility rates through increased competition. Electric customers are able to choose the company that supplies their electricity.

Federal Law (P.L. 103-305) effective January 1, 1995, pre-empts State regulation of trucking rates and routes. The PUC's jurisdiction on motor carrier regulation has now been essentially limited to safety authority, insurance coverage, and transportation of household goods and passengers.

Act 21 of 1999 deregulated the natural gas industry. It allows for retail gas consumers to have the opportunity to choose their natural gas suppliers. The PUC provides educational information to the consumers to help them benefit from the legislative and regulatory changes.

Act 230 of 2002 transferred regulatory authority for the limousine and taxicab services in Philadelphia to the Philadelphia Parking Authority. Regulatory powers and duties including the First Class Taxicab Regulatory Fund

will be transferred from the PUC to the Authority no later than July 1, 2004. The Act also provided for a one-time appropriation to improve services provided by Philadelphia taxicabs and limousines. All costs of the transition will be paid from the regulatory fund. On November 7, 2003, the Supreme Court found Act 230 to be inconsistent with Article III Section 3 of the Constitution, but decided to stay the decision for 90 days to afford time for the Legislature to enact similar provisions in a manner consistent with the Constitution. This budget assumes remedial legislation will be enacted that is consistent with the Constitution and Act 230.

In addition to its primary duty of ensuring that adequate service at reasonable rates is available to the public, the commission is required or empowered to:

- prescribe rates for certain types of common carrier by motor vehicle type and to establish accounting and service requirements for them;
- regulate the formation, merger and consolidation of public utilities;
- determine whether a public utility should be permitted to discontinue service to the public other than for non-payment for service rendered;
- regulate the crossing of public highways by the facilities of public utilities;
- inspect the properties, test the equipment and examine the books and other records of utilities;
- prescribe systems of accounting for public utilities;
- determine whether the issuance of utility stocks and long-term debt by public utilities is necessary or proper for the present and probable future capital needs of the utilities;
- inquire into the reasonableness, from the point of view of the public interest, of contracts between public utilities and municipalities, and of contracts for services between public utilities and their affiliates;
- assess all its expenses on utilities in accordance with Act 33 of 1972; and conduct management efficiency investigations and construction cost audits.

# Public Utility Commission

## Program: Regulation of Public Utilities (continued)

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09

Businesses eligible to participate (thousands) .....	627	640	650	670	685	695	705
Estimated Savings:							
Homes (millions) .....	\$406	\$430	\$455	\$408	\$320	\$340	\$365
Businesses (millions) .....	\$827	\$870	\$920	\$820	\$650	\$680	\$700

Utilities regulated: transportation decreases beginning in 2004-05 because Act 230 of 2002 transferred regulatory authority for limousine and taxicab services in Philadelphia to the Philadelphia Parking Authority effective July 1, 2004.

Electric generation suppliers decrease from the projections shown in last year's budget because of fluctuations in the recent competitive markets.

Rail safety investigations decrease from the projections shown in last year's budget because of a change in the measure definition. Individual railroad cars are no longer counted separately.

## Program Recommendations:

This budget recommends the following from restricted accounts:  
(Dollar Amounts in Thousands)

<b>General Government Operations</b>		<b>First Class City Taxicab Regulation (EA)</b>	
\$	3,850	\$	-1,807
—Initiative—Integrated Case and Document Management Portal. To improve document management and electronic business through the development of an information technology system.		—nonrecurring program. Act 230 of 2002 transferred the program to the Philadelphia Parking Authority.	

---

# DEPARTMENT OF PUBLIC WELFARE

*The mission of the Department of Public Welfare is to promote, improve and sustain the quality of family life, break the cycle of dependency, and protect and serve Pennsylvania's most vulnerable citizens.*

This mission is accomplished by promoting the financial independence of clients through a range of services including employment and training, work support, child care, medical assistance and transportation. The mission is also accomplished by providing community living arrangements for those in need of assistance with activities of daily living and, when necessary, through institutional care and treatment in settings that are responsive to human needs.

*PROGRAM OBJECTIVE: To provide effective administrative and support systems through which the substantive programs of the department can be operated.*

## Program: Human Services Support

The Human Services Support program provides the policy direction, management and administrative systems required to implement, maintain and monitor the substantive programs of the department.

A key function is the development and operation of information technology systems that assure accurate and timely payments to clients and service providers and provide data for management analysis and program control. Web-based technology under development will allow on-line application for services and will maintain common client

and provider databases and case management systems for use across program lines.

Additionally, this program ensures the quality of services for Pennsylvania residents by licensing and regulating child care and selected medical facilities, and provides direction for health programs for Pennsylvania residents who are unable to purchase adequate health care services.

A primary concern is to minimize administrative costs in relation to service costs.

<b>Program Measures:</b>	<b>2002-03</b>	<b>2003-04</b>	<b>2004-05</b>	<b>2005-06</b>	<b>2006-07</b>	<b>2007-08</b>	<b>2008-09</b>

*PROGRAM OBJECTIVE: To support a health care delivery system that provides comprehensive health care services in appropriate settings for the eligible populations.*

## Program: Medical Assistance

The Medical Assistance Program insures access to comprehensive health care services for low-income individuals and families or those with medical expenses exceeding available income. Qualified individuals may receive a complete package of benefits, including cash assistance, under the Temporary Assistance for Needy Families (TANF) Block Grant, Supplemental Security Income or General Assistance programs. Medically needy persons are individuals who do not receive cash assistance grants but spend a significant portion of their income for medical expenses. General Assistance-Medically Needy Only benefits restrict participation to families with children who do not otherwise qualify for cash benefits, individuals over the age of 59 and individuals that work at least 100 hours per month. A verifiable medical condition, which precludes work, will also allow participation. Eligibility has been expanded to include women diagnosed with breast or cervical cancer who qualify for treatment within enhanced Federal guidelines.

Disabled workers are able to participate in the Medical Assistance program through a purchase program authorized by Act 77 of 2001, the Tobacco Settlement Act. Workers with incomes under 250 percent of the Federal poverty guidelines pay a premium equal to five percent of their monthly income to participate in the complete package of benefits.

### **Program Element: Outpatient Services**

Outpatient services include the majority of preventive services available to a person who does not need extended acute care in a health care facility. Outpatient services include medical or dental care in a clinic or office setting, outpatient surgery, rehabilitation, drug and alcohol treatment, pharmaceutical products, ambulance transportation, home health care, medical supplies and equipment and prosthetic devices.

Persons qualifying for comprehensive benefits are eligible for the complete array of services provided under the Outpatient Program, while medically needy persons are eligible for all services except pharmaceutical products, dental care, medical supplies and equipment and prosthetic devices. Additional service restrictions, comparable to private insurance, apply to adult general assistance recipients. An exception process is available for unusual circumstances.

In the outpatient component of the Medical Assistance Program, providers of service are primarily reimbursed on a fee-for-service basis according to the Medical Assistance Fee Schedule.

### **Program Element: Inpatient Services**

Inpatient hospital services include care for Medical Assistance patients in acute care, rehabilitation and private psychiatric hospitals.

The Inpatient Medical Assistance Program provides eligible recipients coverage on a 24-hour basis for room, board and professional services. A recipient is only eligible for admission under Medical Assistance upon the recommendation of a physician, dentist or podiatrist. Medical Assistance does not cover hospital care solely for cosmetic procedures, as well as diagnostic or therapeutic procedures solely for experimental, research or educational purposes. Individuals eligible for Medically Needy Only benefits pay an annual deductible of \$150.

The department uses a Prospective Payment System (PPS) to reimburse general hospitals. Acute care general hospitals are paid a predetermined amount per discharge based on the patient's diagnosis, the procedures performed and the patient's age, sex and discharge status. The Diagnosis Related Groups (DRG) system is used to classify the various diagnoses based on the amount of resources hospitals customarily use for treatment. The department's payment for compensable inpatient hospital services under the DRG payment system is the product of the hospital specific average cost per case multiplied by the relative value of the DRG assigned to the admission. The DRG system also accounts for certain cases that cannot fall into the predetermined reimbursement schedule. These "outlier" costs are reimbursed on an exceptional cost basis in the prospective payment to the hospital. When professional care is provided to a Medical Assistance recipient, the department separately reimburses the physician, dentist, podiatrist or midwife who provided direct care services to the recipient and is under salary or contract with the hospital. These services are reimbursed in accordance with the fees established under the Medical Assistance Fee Schedule through the Medical Assistance Outpatient appropriation.

Freestanding psychiatric and rehabilitation hospitals and distinct part psychiatric and rehabilitation units of acute care hospitals are reimbursed on a prospective basis through per diem payments.

Act 77 of 2001, the Tobacco Settlement Act, authorized an additional payment to hospitals to partially offset the cost of uncompensated care or extraordinary medical services provided by hospitals to individuals with no, or inadequate, health care insurance.

**Program: Medical Assistance (continued)*****Program Element: Capitation***

Alternative health care delivery systems for Medical Assistance recipients are available through Managed Care Organizations (MCOs). Generally referred to as Health Maintenance Organizations (HMOs), these mechanisms provide services utilizing a fixed rate per recipient enrolled. MCOs emphasize outpatient preventive health services as a means of controlling costs. The coordinated approach allows enhanced continuity of care, improves recipients' access to primary physician care and specialized behavioral health programs, provides strengthened oversight of operational standards and facilitates an efficient utilization of limited health care resources.

Mandatory managed care is provided to most eligible clients in five counties in Southeastern Pennsylvania, ten counties in Southwestern Pennsylvania and ten counties in the Lehigh/Capital region of Pennsylvania. Physical health care is provided through contracts with six HMOs while behavioral health is provided through contracts with the participating counties who utilize an independent MCO. Certain Healthy Horizons participants remain in the fee-for-service program. Participation in managed care will remain voluntary for clients in the remainder of the State. The department currently contracts with four HMOs to provide services to recipients in the voluntary program.

HMOs have an incentive to effectively manage the primary care provided to enrolled recipients. If the recipient utilizes more health care than anticipated in the predetermined rate, expenditures increase and the HMO loses money. If service costs are controlled, the provider can make a profit.

***Program Element: Long-Term Care***

Long-term care is a continuum of services ranging from independent living at home with the support of community services to institutional care. The Department of Aging's Pre-Admission Assessment Program acts as a "gatekeeper" to manage access to this continuum.

Institutional services are provided to eligible persons by nursing facilities certified, in accordance with established standards, to participate in the Medical Assistance Program. Nursing facility care involves daily medical treatment and rehabilitation services prescribed by a licensed physician. The services are provided by or under the supervision of licensed professional, nursing personnel or other professional health personnel.

Nursing facilities are paid for services through a case mix prospective payment system that recognizes net operating and capital costs and is based on the resources required to meet individual care requirements. Residents at each facility are classified based on Resource Utilization Groups, Version III (RUG-III), which reflect both clinical variables and rehabilitation needs. The classifications are then ranked according to the resources utilized to provide care and a case mix factor is developed for each facility

that reflects average resource requirements. Nursing facilities are placed into peer groups reflecting facility bed size and Metropolitan Statistical Areas. In each peer group, a median price is developed for the individual cost components. The net operating portion of the per diem rates is broken into resident care, other resident services and administrative cost components. The resident care cost component is adjusted to reflect the individual facility's case mix. Capital costs not related to resident care are added to the net operating rate. Facility capital costs reflect the fair market rental rate based on appraisals of each facility.

Older Pennsylvanians who are in need of nursing home care can receive services in the community through the Federal Medicaid Home and Community-Based Waiver Program. The program provides assistance with activities of daily living as well as nursing services while incorporating the informal supports available through family and friends.

This budget proposes a substantial increase in the utilization of home and community-based care as an alternative to nursing facility care. Home and community-based services promote independence and self-reliance, and maximize opportunities for family and community involvement. The program capacity will be expanded by 3,524 slots by the end of 2004-05.

***Program Element: Medical Assistance Transportation Program***

The Medical Assistance Transportation Program provides funding to county governments for Medical Assistance recipients who need assistance traveling to and from a health care service provider or a health care facility. Services include urgent care/same day coverage, parent/escort payments, select return trip reimbursement and door-to-door assistance under certain circumstances.

County governments can provide this service directly, contract with an independent transportation agency or pay agencies that provide transportation as part of a whole human services system.

Sixty-six counties have elected to provide transportation directly. The department selected a provider from a competitive bidding process for the remaining county.

***Program Element: Special Pharmaceutical Benefits Program***

The Special Pharmaceutical Benefits programs (SPBP) pays for a limited number of drugs for low and moderate-income persons with HIV/AIDS disease and for limited mental health drug therapy for persons residing in the community who suffer from schizophrenia. People with a gross annual income of less than \$30,000 for an individual or \$30,000 plus \$2,480 for each additional family member benefit from this program.

## Program: Medical Assistance (continued)

### Program Element: Expanded Medical Services for Women

The Expanded Medical Services for Women Program provides a range of medical and counseling services to women. Services include counseling, pregnancy tests, pap smears, contraceptives, family planning, prenatal care referrals, adoption referrals, sexually-transmitted disease tests, laboratory analysis, and services providing alternatives to abortion. Follow-up of positive test results is done to insure that women are notified of needed medical treatment. Services are usually provided in conjunction with breast cancer screening.

*Program Objective: To promote personal and parental responsibility and encourage economic independence and self-sufficiency through temporary cash assistance, job training and child care for families or individuals.*

## Program: Income Maintenance

The broad purpose of public assistance is to provide temporary support to families in transition from dependency to economic self-sufficiency. Support may include limited education, job training and placement assistance, child care, transportation and other support services and cash.

### Program Element: Income Assistance

Cash assistance is provided for a limited time to people who meet income and resource guidelines and who comply with work activity requirements.

The cornerstone of the program is an Agreement of Mutual Responsibility (AMR) established between the client and the Commonwealth. Caseworkers in the County Assistance Offices (CAO) meet with applicants for cash assistance, medical assistance and food stamps to review financial and nonfinancial criteria to determine eligibility for benefits. As a condition of eligibility for cash assistance, recipients are required to sign and comply with the obligations in the AMR. The AMR outlines the personal and parental obligations that the individual must fulfill to maintain eligibility for benefits. Most adult welfare recipients are required to immediately look for work upon applying for welfare benefits and, within two years, work or participate in a work-related activity for at least twenty hours per week.

Upon application or redetermination for cash, data is entered into the department's client information system and is available for Medical Assistance program determinations as well as cash assistance and food

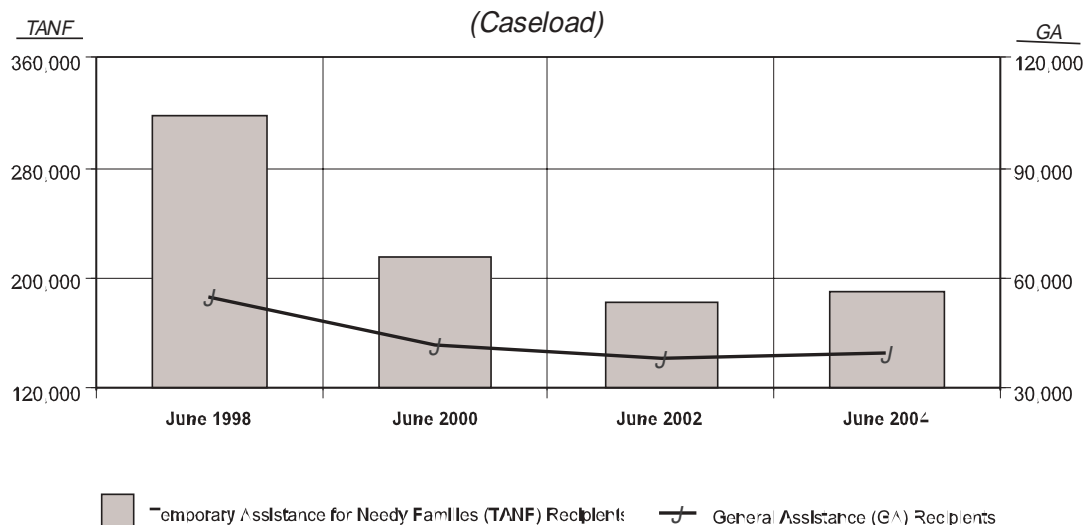

stamps. All final Medical Assistance claims payments and most Cash Grants payments are generated through the central office using automated systems.

Cash assistance is provided to persons determined by the staff in CAOs to be eligible for the Temporary Assistance for Needy Families (TANF), the State General Assistance (GA) and the State Blind Pension (SBP) programs. The TANF block grant provides Federal funds for temporary cash support for families in transition to self-sufficiency. TANF payments are funded by Federal and State dollars. GA and SBP, on the other hand, are entirely State-funded programs. Most GA recipients are individuals or married couples with no dependent children but with disabilities that prevent employment. State Blind Pension recipients are persons who meet age, vision and personal resource requirements specified in the Public Welfare Code.

Federal regulations that place a five-year lifetime limit on cash assistance benefits for most adult recipients allow a hardship exemption for up to twenty percent of the caseload. The five-year limit was reached in March, 2002. The department has implemented regulations that define the hardship exemption and make stringent provisions for extending eligibility.

The Low Income Home Energy Assistance Program (LIHEAP) assists eligible households by offsetting the burden of high energy costs and intervening in energy crisis situations. The eligibility standard, which is subject to annual revision based on the availability of funding, includes

## Cash Grants

## Program: Income Maintenance (continued)

every household member's income. Cash payments are made to energy suppliers for persons responsible for paying heating costs or directly to those households where home heating is included in the rent. Crisis payments may cover heating costs as well as emergency repairs to heating systems.

The Supplemental Security Income (SSI) Program provides aged, blind and disabled persons with a monthly payment based on nationally uniform eligibility standards. Presently, the basic monthly rate for individuals is \$591.40 and \$889.70 for couples. Pennsylvania will contribute a supplemental grant of \$27.40 for an individual and \$43.70 for couples to SSI recipients through the Federal Government. A special monthly State supplement is paid to SSI eligible persons in domiciliary care facilities and personal care homes. For SSI residents in personal care homes, the minimum personal care allowance is \$60.00 a month. The department administers a Disability Advocacy Program (DAP) to assist mentally and physically disabled individuals in establishing their eligibility for Federal SSI benefits.

### **Program Element: Employment, Training and Work Supports**

The employment and training program known as the Road to Economic Self-Sufficiency through Employment and Training (RESET) assists welfare recipients to enter the workforce and achieve economic independence. Pennsylvania's employment and training for welfare clients emphasizes work first. Training and education programs are designed to prepare individuals unable to secure employment to get and keep available jobs. Job retention, advancement, rapid reemployment and case management services are also offered to help individuals retain employment. In order to meet the employment needs of Pennsylvania's diverse welfare population, various strategies such as rapid attachment, grant diversion and education activities are being implemented. The department will continue the Single Point of Contact Program (SPOC), subsidized employment and other education and training programs in conjunction with the Departments of Community and Economic Development and Labor and Industry that respond to the needs of the local business community. In addition to training for welfare clients, programs to assist noncustodial parents to enter and advance in the workplace are provided to improve family economic viability.

### **Program Element: Child Care and Supportive Services**

Child care and supportive services are provided to facilitate a welfare client's transition to independence. In addition to the cash grant paid to welfare clients, child care is provided

to those participating in training or a work activity or who have obtained employment. Child care can continue after the employed client no longer requires TANF assistance as long as the family needs child care and remains income eligible. In addition to child care, the grant can provide other supportive services, such as transportation.

Subsidized child care is also provided for low-income families needing child care to maintain employment. A local Child Care Information Service (CCIS) Agency offers parents a choice of child care services and provides information on how to select good child care. The subsidy encourages families to be self-supporting and self-sufficient. Both State and Federal funds supplement the parent's copayments.

Parents can receive subsidized child care from various child care facilities including licensed centers, group child care homes, registered family child care homes and relatives or neighbors. Relative/neighbor providers are required to undergo the child abuse and criminal history background check mandated for other types of providers. An exemption from the check is available for all providers affirmed by the parent as being the child's grandparent, aunt or uncle by blood or marriage.

All child care facilities must meet health and safety standards developed by the department. Nonlicensed care providers must register with the local Child Care Information Service Agency to participate in the program. A 3-year demonstration program to improve the quality of care provided in regulated child care facilities was undertaken in 2002-03.

Local program administration is designed to allow more licensed/registered providers to participate in the State subsidized system and allow the Commonwealth to purchase services at rates that assure adequate access to care.

## Program: Income Maintenance (continued)

### Program Element: Child Support Enforcement

Child Support Enforcement Program services are provided at the local level through Cooperative Agreements between the Department of Public Welfare and the Domestic Relations Section of the County Courts of Common Pleas. The services include the establishment of paternity for children born outside of marriage, the determination, establishment and enforcement of a financial child support obligation paid by a noncustodial parent to meet the ongoing daily needs of the children, the procurement of medical support including health insurance and/or the reimbursement of uninsured medical expenses for the children, and child care support designed to help offset the cost of child care if the custodial parent works or

is enrolled in an education/training program to secure employment.

Child support enforcement services are available to children from birth to the age of 18 or until the child graduates from high school or is emancipated. The courts may require child support to be paid for an individual over the age of 18 if extraordinary needs — excluding college tuition — exist. A designated portion of child support paid on behalf of children receiving TANF benefits is passed through to the custodial parent and any residual amount is assigned to the Department of Public Welfare to reimburse cash assistance benefits issued to the child's family.

Children receiving child care is revised from the measure shown in last year's budget due to separating welfare and former welfare recipients and including low-income families which were previously shown in the Human Services program.

The average monthly child care system capacity measure shown in last year's budget is replaced by the total number of children receiving child care services.

\*New program measure.

## Program: Income Maintenance (continued)

### Child Care

*In 2004-05, the child care system will serve an estimated 58,200 more children of low-income working families than in 1998-99, an increase of 176%.*

### Program Recommendation:

This budget recommends the following changes: (Dollar Amounts in Thousands)

<b>County Administration-Statewide</b>	
\$ 2,094	—to continue current program.
—653	—nonrecurring projects.
—208	—to reflect change in Federal earnings.
1,936	—Initiative—Operational Efficiency. To develop the capacity for the Commonwealth to issue State Supplemental Security Income supplement checks as an alternative to paying the Federal government to issue the checks.
—10,235	—Initiative—Operational Efficiency. Savings from operational efficiencies.
<b>\$ —7,066</b>	<b>Appropriation Decrease</b>

<b>County Assistance Offices</b>	
\$ 7,622	—to continue current program.
—5,093	—nonrecurring projects.
—4,787	—to reflect change in Federal earnings.
45	—Initiative—Operational Efficiency. To develop the capacity for the Commonwealth to issue State Supplemental Security Income supplement checks as an alternative to paying the Federal government to issue the checks.
—237	—Initiative—Operational Efficiency. Savings from operational efficiencies.
<b>\$ —2,450</b>	<b>Appropriation Decrease</b>

<b>Child Support Enforcement</b>	
\$ 1,680	—increase in PA Child Support Enforcement System (PACSES) operating costs.
487	—increase in operating costs for the State centralized child support collection and disbursement system.
98	—to continue current program.
—251	—nonrecurring projects.
—3,571	—Initiative —Operational Efficiency. Savings from operational efficiencies.
<b>\$ —1,557</b>	<b>Appropriation Decrease</b>

<b>New Directions</b>	
\$ 636	—to continue current program.
—1,198	—nonrecurring projects.
500	—Initiative—Work Capacity Evaluations. To evaluate the psychological capacity of long-term General Assistance recipients to participate in the workforce.
<b>\$ —62</b>	<b>Appropriation Decrease</b>

## Program: Income Maintenance (continued)

### Program Recommendations: (continued)

This budget recommends the following changes: (Dollar Amounts in Thousands)

<b>Cash Grants</b>		<b>Supplemental Grants - Aged, Blind, Disabled</b>	
\$ 22,235	—increase in Federal Maintenance of Effort requirement for Temporary Assistance to Needy Families Block Grant.	\$ 2,812	—for increased caseload and average benefits.
10,063	—impact of caseload increases.	1,062	—to reflect Federal administrative fee increases.
694	—increase in child support collections.	24	—Initiative—Work Capacity Evaluations. To provide benefits to former General Assistance recipients who have been determined disabled as a result of work capacity evaluations.
–834	—nonrecurring projects.		
–3,500	—increased augmentations.		
–88	—Initiative —Savings from transferring General Assistance recipients to the Supplemental Security Income Program when the work capacity evaluation establishes Federal disability qualification.	–14,460	—Initiative—Operational Efficiency. Savings from directly issuing State Supplemental Security Income supplement checks as an alternative to paying the Federal government to issue the checks.
<u>\$ 28,570</u>	<i>Appropriation Increase</i>	<u>\$ –10,562</u>	<i>Appropriation Decrease</i>

This budget recommends \$23,781,000 in Federal Temporary Assistance for Needy Families Block Grant (TANFBG) funds to redesign employment and training programs for welfare recipients to enable more individuals to attain self-sufficiency.

This budget also recommends \$14,100,000 in Federal Temporary Assistance for Needy Families Block Grant (TANFBG) funds and Child Care and Development Fund Block Grant (CCDFBG) funds to provide subsidized child care services to 3,986 additional low-income children, increase reimbursement ceiling rates for targeted services, and expand provider participation in the Keystone Stars quality improvement initiative.

Child Care Services is recommended at the current year funding level.

**PROGRAM OBJECTIVE:** *To maximize the individual's capacity for independent living through the provision of an array of service and support programs.*

## Program: Mental Health

This program provides for an integrated mental health system consisting of comprehensive community mental health services and State operated hospitals. Community mental health services are administered under the Pennsylvania Mental Health and Mental Retardation (MH/MR) Act of 1966 and the Mental Health Procedures Act (MHPA) of 1976. There are nine mental hospitals and one restoration (long-term care) center in the State mental hospital system.

### **Program Element: Community Mental Health Services**

The MH/MR Act of 1966 requires county governments to provide an array of community-based mental health services, including unified intake, community consultation and education, support for families caring for members with mental disorders and community residential programs. Community services are targeted to adults with serious mental illness and children/adolescents with or at risk of serious emotional disturbance. A key for all community care is case management designed to assist both families and residents of care facilities to access and manage needed services. Non-residential services include family-based support, outpatient care, partial hospitalization, emergency and crisis intervention and after care. Community residential

services consist of housing support, residential treatment, inpatient care, crisis services and community residential rehabilitation (CRR) care. Services are administered by single counties, county joiners or through contracts with private, nonprofit organizations or agencies. Services, with some exceptions, are funded with State funds and county matching funds.

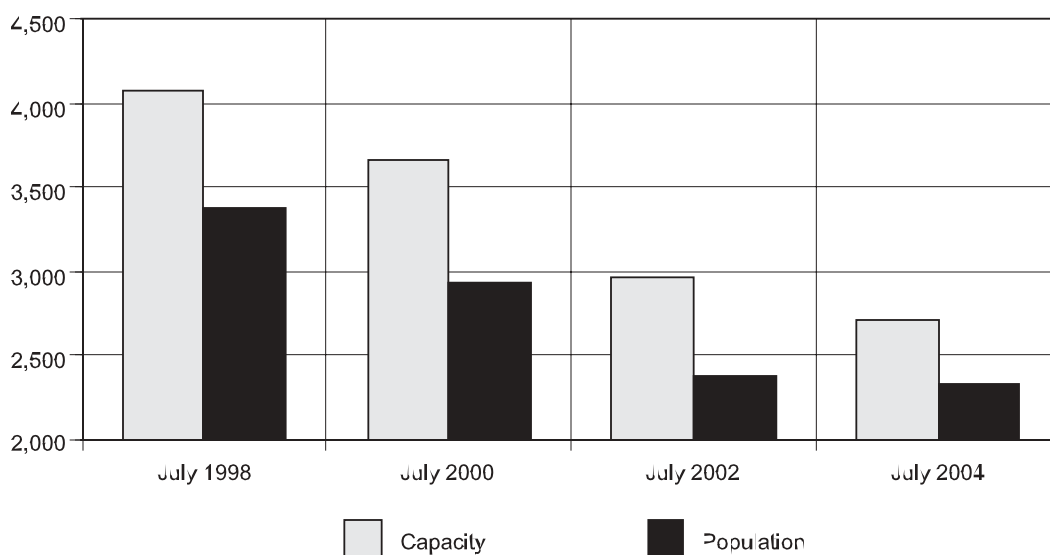

### **Program Element: State Mental Hospitals**

State mental hospitals provide long-term inpatient care for individuals who require intensive inpatient treatment or individuals who have no available alternatives. Additionally, they provide specialized inpatient care for adolescents, criminal offenders and elderly (long-term) populations. Efforts continue to transfer patients to community mental health programs, providing a less restrictive level of care through the Community/Hospital Integration Projects Program (CHIPPs).

Act 21 of 2003 mandates the establishment of a new unit at a State Hospital for treatment of violent sexual predators whose commitment in the Youth Development Center system terminates at age 21.

## Mental Hospitals

*Population Compared to Capacity*

*As more people receive mental health services in the community, the population at State mental hospitals has declined by 1,054, or 31%, since July 1998.*

## Program: Mental Health (continued)

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09
Persons provided mental health services (unduplicated):							
Adults*.....	134,196	135,538	136,895	138,260	139,645	141,040	142,450
Children*.....	68,264	68,946	69,635	70,330	71,035	71,745	72,460
Reduction of State Mental Hospital capacity and redirected to Community Hospital Projects Program.....	2,203	2,236	2,270	2,270	2,270	2,270	2,270
State mental hospital per diem rate*.....	\$476	\$499	\$525	\$550	\$580	\$605	\$635
Admissions to state mental hospitals*.....	1,638	1,622	1,605	1,590	1,575	1,560	1,540
Percentage of adults readmitted to State Mental Hospitals within one year of last discharge.....	12%	11%	10%	9%	8%	7%	6%
Average cost per client receiving community services*.....	\$2,710	\$2,737	\$2,765	\$2,790	\$2,820	\$2,850	\$2,880
Persons served in community residential mental health facilities.....	7,805	7,883	7,960	7,960	7,960	7,960	7,960
Persons receiving intensive case management.....	12,205	12,327	12,450	12,450	12,450	12,450	12,450
Persons receiving family based mental health health services .....	2,216	2,238	2,260	2,260	2,260	2,260	2,260

Persons provided mental health services has been revised to show adults and children separately. The number served increased from the projections in last year's budget due to the restoration of the Behavioral Health Services funding.

Persons receiving intensive case management and family based mental health services decrease from the projections shown in last year's budget because of a change in data collection methodology.

\*New program measure.

## Program: Mental Health (continued)

### Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

	<b>Mental Health Services</b>		
\$ 3,485	—replacement of one-time enhanced Federal financial participation.	-6,797	—Initiative — Operational Efficiency. Savings from State mental hospital operational and administrative efficiencies.
1,281	—to annualize prior year community placements and diversion costs.	1,320	—Initiative — Expanded Community Mental Health Services. To provide home and community-based services for 33 persons currently residing in State hospitals.
4,249	—to establish a treatment unit for sexual predators as required by Act 21 of 2003.		
-342	—transfer of client advocacy program to the General Government Operations appropriation.	-9,908	—Initiative—Operational Efficiency. Savings from claiming Federal reimbursement for allowable administrative case management costs.
1,840	—security and maintenance costs for the State-owned facility formerly occupied by Eastern Pennsylvania Psychiatric Institute.		
		\$ 13,159	<i>Appropriation Increase</i>
236	—revision of Federal financial participation from 54.76% to 53.84%.		
8,923	—to continue current program for State mental hospitals.		
8,872	—to replace nonrecurring funds due to a Federal regulatory change.		

All other appropriations are recommended at the current year funding levels.

*PROGRAM OBJECTIVE: To maximize each individual's capacity for more independent living and participation in community life by providing needed training and support services.*

## Program: Mental Retardation

The Department of Public Welfare supports a comprehensive array of services for people with mental retardation including community residential and non-residential programs, which are either administered or operated by the counties, and institutional programs operated by the State and private providers. In addition to State and Federal funding, local funding is provided for community programs as required by the Mental Health and Mental Retardation Act of 1966.

The mental retardation program is evolving from a predominately facility-based system, comprised of large congregate residential facilities, to a flexible and dynamic system of community supports and services tailored to the needs of persons living in the community. The trend is toward using formalized services to enhance the natural supports that exist in the family and the community.

### **Program Element: Institutional Services**

The Department of Public Welfare operates or provides funding for privately operated institutional care for people with mental retardation. The Commonwealth provides services through six State centers. The primary goal is to develop each resident's ability to function more independently thus preparing them to live in less restrictive environments. All facilities are currently certified for Medical Assistance under standards established by the Federal Center for Medicare and Medicaid Services. Private ICF/MR facilities also provide intensive habilitative services to persons with mental retardation. Large facilities are single or multiple buildings on campus-like sites accommodating more than eight persons while small facilities may be located in the community and serve eight persons or less.

### **Program Element: Community Mental Retardation Services**

The Mental Health and Mental Retardation Act of 1966 provides the statutory basis for the development of community-based services for people with mental retardation. Community residential facilities include group

homes, single apartments with a roommate, or a family living setting with family or friends. Day services such as supported employment, training and recreation are provided to residential and non-residential clients living in the community. A wide array of services is also available to support families caring for a child or sibling with mental retardation. Services include case management, mobility training, employment training and opportunities and adult day care. Some services are eligible for Federal funds under the Medicaid Home and Community-Based Waiver Program.

### *Community Mental Retardation Services*

*Expansion of the community care program has reduced the waiting list and increased the number of people served by 6,272 since 1998. Over the same period, the State Centers population will have decreased by 41%.*

### **Program Element: Early Intervention**

The Department of Public Welfare administers the Early Intervention Program for children from birth through age two. Services include health care, skill development and social services. These services are intended to minimize developmental delay and the need for special education, to enhance potential for independent living, and to assist families in meeting their children's special needs.

## Program: Mental Retardation (continued)

### Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

<b>State Centers for the Mentally Retarded</b>	
\$ 1,033	—to continue current program.
1,732	—revision of Federal financial participation from 54.76% to 53.84%
7,430	—replacement of one-time enhanced Federal financial participation.
–8,066	—mental retardation facility assessment.
–2,776	—Initiative — Operational Efficiency. Savings from State mental retardation center operational and administrative efficiencies.
<u>\$ -647</u>	<i>Appropriation Decrease</i>

<b>Intermediate Care Facilities—Mentally Retarded</b>	
\$ 2,119	—to provide a two percent per diem increase as mandated by Federal regulations.
4,459	—to annualize facility per diem rates including prior year rate waivers.
1,779	—revision of Federal financial participation from 54.76% to 53.84%
7,301	—replacement of one-time enhanced Federal financial participation.
1,860	—transfer of medically fragile people into more secure residential facilities.
1,389	—to continue current program.
–8,584	—mental retardation facility assessment.
<u>\$ 10,323</u>	<i>Appropriation Increase</i>

## Program: Mental Retardation (continued)

**Program Recommendations: (continued)** This budget recommends the following changes: (Dollar Amounts in Thousands)

<b>Community Mental Retardation Services</b>		<b>Pennhurst Dispersal</b>	
\$ 3,009	—to continue current program.	\$ 11	—revision of Federal financial participation from 54.76% to 53.84%
6,972	—revision of Federal financial participation from 54.76% to 53.84%	49	—replacement of one-time enhanced Federal financial participation.
32,708	—replacement of one-time enhanced Federal financial participation.	\$ 60	<i>Appropriation Increase</i>
638	—to annualize previous program revisions providing enhanced community services.		
8,574	—Initiative— Expanded Community Mental Retardation Services. To provide home and community-based services for 531 additional persons with mental retardation.		
<hr/>			
\$ 51,901	<i>Appropriation Increase</i>		
<b>Early Intervention</b>			
\$ 191	—revision of Federal financial participation from 54.76% to 53.84%		
958	—replacement of one-time enhanced Federal financial participation.		
-1,053	—non-recurring projects.		
2,421	—to annualize children added in 2003-04.		
3,248	—to provide services to 1,150 additional children.		
<hr/>			
\$ 5,765	<i>Appropriation Increase</i>		

MR Residential Services-Lansdowne is recommended at the current year funding level.

**PROGRAM OBJECTIVE:** *To enhance the social and economic well being of families and individuals through the provision of an array of services and support programs.*

## Program: Human Services

The department operates a variety of programs designed to provide supportive services to people while they overcome an adverse behavior or circumstance that has affected their lives.

### **Program Element: Family Support Service**

Providing services to children who are in need of care and protection is the joint responsibility of the Department of Public Welfare and county government. Each county is responsible for developing and administering a program of services designed to treat and prevent child abuse, neglect and exploitation and to provide services that reduce dependency and delinquency. The County Children and Youth Program includes services to parents and children to enable children to remain in their own homes and communities. However, the safety of children is a paramount concern of this program. Policies and procedures have been instituted to protect children from harm and to minimize time in foster homes and institutions. Court oversight for children who have been abused and neglected has been increased and new emphasis has been placed on parental responsibility for children.

Counties provide services including temporary placement for children who cannot live with their own family, assistance to provide a permanent legal family for any child who cannot be returned to his own family, adoption assistance, day treatment services, child protective services, emergency shelter, counseling and juvenile detention.

Special programs have been developed to support the delivery of services by county child welfare agencies. One program provides equalized access to adoption services for all eligible children through a Statewide adoption network. Facilitated by the Adoptions and Safe Families Act, this includes services to children who are in foster placement and cannot be returned to their natural parents. Community Based Family Centers also provide coordinated services to children and their families in a neighborhood setting.

The courts may order any service or care for children who have been adjudicated dependent or delinquent. This may include youth adjudicated delinquent but remanded to private residential treatment programs. Treatment is reviewed on a periodic basis.

### **Program Element: Youth Development Service**

Pennsylvania's juvenile justice system is designed to minimize institutionalization while recognizing that confinement in a treatment environment is necessary for certain juveniles who pose a threat to themselves or others. The court may sentence youth to either the Youth Development Center and Youth Forestry Camp (YDC/YFC) System or a private facility. Both systems can provide

residential programs for the treatment of Pennsylvania's serious juvenile offenders and those with special problems in a secure setting. The purpose of the system is to bring about positive changes in the juveniles by developing skills and attitudes that will enable them to become responsible, productive members of society.

Administrative Complex	July 2002 Population	July 2003 Population	Projected July 2004 Population	Projected July 2004 Capacity	Projected July 2004 % of Capacity
YFC – Hickory Run .....	41	37	46	49	93.9%
YFC – Trough Creek .....	50	54	51	50	102.0%
New Castle .....	349	348	354	364	97.3%
Loysville .....	<u>314</u>	<u>229</u>	<u>290</u>	<u>318</u>	<u>91.2%</u>
<b>Total Current Programs</b>	<b>754</b>	<b>668</b>	<b>741</b>	<b>781</b>	<b>94.9%</b>

The YDCs/YFCs have a total capacity of 781 youth. Included in the system are specialized treatment services for sex offenders, arsonists, drug and alcohol abusers, and emotionally disturbed and mentally retarded youth.

The Master Case Planning System guides treatment of youth within the YDCs/YFCs. This system requires comprehensive diagnosis and assessment of each youth in care, development of an individualized treatment plan, implementation strategies, periodic reviews and revisions of each plan, and identification of aftercare needs. Individual and group counseling forms the core of the treatment process.

The YDCs/YFCs emphasize programs and activities designed to promote youth competency, victim awareness, social and financial restitution and public safety and protection. Each program provides training and education in daily living skills. Many YDCs/YFCs also provide actual job training and work experience opportunities where youth may be paid. Youth are required to use a portion of their earnings for restitution.

Education is a major component of the YDC/YFC system. Each program includes both academic and vocational curricula. Educational diagnostic testing precedes all academic placements and is utilized in the development of Individual Education Plans (IEPs) for each youth.

### **Program Element: Family Planning and Breast Cancer Screening**

Family planning clinics provide educational, medical and social services to persons over age 16 to address contraceptive or infertility issues. Grants are provided to 200 clinics in the State.

Breast cancer screening for low-income women is directed toward those at high risk of developing breast cancer.

## **Program: Human Services (continued)**

The target group is all new family planning clients, all women 35 years of age and older and women with a family history of breast cancer.

### ***Program Element: Services to the Disabled***

A variety of services are provided which enable people with severe physical or cognitive impairments to attain their highest functioning level and live in the community. People served through these programs do not qualify for services from other programs provided by the department.

The attendant care program serves adults ages 18-59 through a variety of program models. Personal assistance services such as dressing and grooming are provided enabling recipients to remain in or return to their own homes and maintain an independent lifestyle. Persons age 60 and over receive attendant care through funding provided by the Department of Aging.

People with physical disabilities such as cerebral palsy and other impairments (not including mental illness) are served both in nursing homes and community residential settings. Persons who are developmentally disabled have limitations in the areas of self-care, understanding and/or use of language, learning, mobility, self-direction and capacity for independent living. The services assist consumers to function as independently as possible. Many of the people served had been in nursing homes but were able to live in the community with support. Others are able to avoid institutionalization through supports offered by the program.

Similar services are provided to individuals with cognitive disabilities such as, but not limited to traumatic brain injury or autism, who do not have other related disabilities. These services are provided to enable the consumers to function in the community as independently as possible after they have progressed beyond initial acute rehabilitation. This population requires a special mix of services to address short-term memory issues through functional rather than medical supports.

This budget proposes a substantial increase in the utilization of home and community based care as an alternative to nursing facility care. Home and community-based services promote independence and self-reliance, and maximize opportunities for family and community involvement.

### ***Program Element: Legal Services***

The department contracts with the Pennsylvania Legal Services Center, a private, nonprofit corporation, to provide civil legal assistance for low-income persons with family, consumer, employment and other problems. The emphasis of the service delivery is to provide emergency legal services in situations that threaten the basic needs of individuals. These services do not include political activities, services to organizations, or services in criminal matters.

### ***Program Element: Domestic Violence and Rape Crisis***

Domestic violence services are provided through a contract with a Statewide coalition which, in turn, subcontracts for services at the local level. The services to victims of domestic violence include: crisis intervention, counseling, victim advocacy, information and referral and temporary shelter for victims and their dependent children. Prevention and education programs are provided by local groups to lessen the risk of domestic violence in the community at large.

Rape crisis services are provided through a contract with a Statewide coalition which, in turn, subcontracts for services at the local level. Rape crisis programs provide crisis intervention services, counseling, victim advocacy, information and referral and accompaniment through police, medical and judicial systems. Prevention and educational programs are also provided to lessen the risk of sexual assault for adults and children in the community at large.

### ***Program Element: Homeless Assistance***

The Homeless Assistance Program operates through counties to provide temporary shelter to homeless individuals and rental assistance to those in immediate danger of becoming homeless. Shelter may be provided in large mass shelters or in hotels and motels through a voucher system.

Housing assistance can include a cash payment to an individual or family to prevent or end homelessness or intervention to prevent homelessness where an eviction is imminent. In addition to preventing homelessness, housing assistance is available to move people out of temporary shelters into permanent housing.

Case management services are utilized to assure ongoing coordination with the client and to assist the client with activities needed for self-sufficient living.

## Program: Human Services (continued)

Persons with developmental disabilities served in the community .....	1,030	1,262	2,290	2,290	2,290	2,290	2,290

YDC youth in work experience increased in 2002-03 from the projection shown in last year's budget because additional work opportunities became available.

The children receiving child welfare services at home and out of home placements in community residential programs have been revised from last year's budget to show the actual unduplicated number of children at the end of the calendar year rather than an estimate of the annual unduplicated children served.

Out of home placement in institutional care programs decreased from the projections shown in last year's budget because of increased efforts to maintain children in their own homes.

Legal service clients increased in 2002-03 from the projection shown in last year's budget because additional services were provided through the utilization of program efficiencies.

\*New program measure.

## Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

	<b>Youth Development Institutions and Forestry Camps</b>
\$ 2,796	—to continue current program.
1,000	—to reflect redirection of Federal TANF funds.
-639	—nonrecurring projects.
-1,911	—Initiative—Operational Efficiency. Savings from operational and administrative efficiencies.
<u>\$ 1,246</u>	<i>Appropriation Increase</i>

	<b>County Child Welfare</b>
\$ 67,174	—for county needs-based budgets as mandated by Act 30 of 1991.
-55,086	—enhanced Federal earnings.
1,697	—to continue current program.
<u>\$ 13,785</u>	<i>Appropriation Increase</i>

## Program: Human Services (continued)

### Program Recommendations: (continued)

This budget recommends the following changes: (Dollar Amounts in Thousands)

<b>Homeless Assistance</b>		<b>Attendant Care</b>	
\$ -1,000	—nonrecurring project.	\$ 1,796	—to continue current program.
		2,544	—to provide service to 432 additional persons with disabilities.
<b>Services to Persons with Disabilities</b>		-5,737	—nonrecurring projects.
\$ 4,349	—to continue current program.	1,430	—replacement of one time enhanced Federal participation.

# DEPARTMENT OF REVENUE

*The mission of the Department of Revenue is to administer the tax laws of the Commonwealth in a fair and equitable manner. The Department of Revenue also administers the State lottery which generates funds for programs that benefit older Pennsylvanians.*

The Department of Revenue collects all tax levies as well as various fees, fines and other monies due the Commonwealth. The department also supervises the administration and collection of monies for the first and second class county sales tax and various special funds.

The department prepares the official estimates of the tax yield due the Commonwealth and analyzes the effect on revenues of proposed changes in either the laws or the tax structure of the Commonwealth.

*PROGRAM OBJECTIVE: To assure the availability of resources for the Commonwealth's programs through the equitable and efficient administration of Pennsylvania's revenue system.*

## Program: Revenue Collection and Administration

This program administers the Commonwealth's revenue statutes by assessing and collecting various taxes. Major revenue sources for the General Fund include corporation, personal income, inheritance, sales and use, cigarette, beverage and realty transfer taxes. Tax revenue is also collected for the first and second class county sales taxes and for the Motor License and Racing Funds.

The department continues to expand the use of automated procedures thereby permitting quick deposit of funds and review of a tax return's accuracy. It has added automated processes that assist taxpayers in filing accurately and more efficiently. These include the Electronic Tax and Data Exchange System (E-TIDES), an Internet system for filing business taxes such as sales tax, employer withholding tax, liquid fuels tax, fuel tax, corporation tax extensions and estimates. There are also three electronic systems for filing and payment of personal income tax: by Internet (PA Direct File); by Federal / State e-file which allows for the simultaneous filing of Federal and State returns; and by telephone (Telefile). Revenue collection efforts are being enhanced to improve violation enforcement and improve

business practices. This has permitted the department to keep the cost of collection under \$0.90 for every \$100 collected.

To ensure fairness in tax administration, the department audits and verifies tax returns to detect fraud and non-filers. In addition, there is extensive delinquent tax collection effort that involves automation as well as traditional tax collection methods.

This program is responsible for the administration of the State Lottery. Through a network of private retailers, the Commonwealth sells lottery tickets, the proceeds of which support programs for older Pennsylvanians. Recent expansions include participation in the multi-state Powerball Game, midday drawings, and Player Activated Terminal installations.

The Governor's 2004-05 Executive Budget, including the presentation for the Department of Revenue, does not include any assumptions regarding the Governor's gaming proposals. Revenue estimates have not been modified to incorporate any elements of that proposal and will be revised accordingly as the program is implemented.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09

*PROGRAM OBJECTIVE: To equitably distribute the Public Utility Realty Tax to all reporting local taxing authorities.*

## Program: Community Development and Preservation

A 1968 amendment to the State Constitution exempted public utilities from locally administered property taxes and authorized the collection of a similar Statewide tax known as the Public Utility Realty Tax. The proceeds of the tax are distributed to each local taxing authority thereby providing local revenue while insuring fair treatment for utilities. Act 4 of 1999 revised the definition of public utility property and specifically removed, after December 31, 1999, electricity generation facilities from the definition.

This was done in conjunction with electric de-regulation which opened market competition and moved away from previous public utility definitions for power generation.

The distribution is based on the ratio between the total tax receipts of a local taxing authority and the total tax receipts of all reporting tax authorities. This ratio is then applied to the total amount of taxes that reporting authorities could have collected had they been able to directly tax public utility realty.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09
Taxing authorities receiving funds .....	3,017	3,013	3,017	3,017	3,017	3,017	3,017

### Program Recommendation:

This budget recommends the following changes: (Dollar Amounts in Thousands)

**Distribution of Public Utility Realty Tax**  
 \$ -8,830 —reflects normal fluctuations in tax assessments.

### Appropriations within this Program:

(Dollar Amounts in Thousands)

	2002-03 Actual	2003-04 Available	2004-05 Budget	2005-06 Estimated	2006-07 Estimated	2007-08 Estimated	2008-09 Estimated
<b>GENERAL FUND:</b>							
Distribution of Public Utility Realty Tax .....	\$ 25,615	\$ 41,750	\$ 32,920	\$ 33,316	\$ 33,717	\$ 34,123	\$ 34,534

*PROGRAM OBJECTIVE: To increase economic stability by assisting eligible Pennsylvania citizens to maintain their homes.*

## Program: Homeowners and Renters Assistance

This program allows older Pennsylvanians, surviving spouses over 50 and permanently disabled citizens to lead fuller lives by restoring a portion of their income through property tax and rent rebate assistance.

Act 53 of 1985 set the income ceiling for program eligibility at \$15,000 per household. The assistance declines from a

maximum benefit of 100 percent of the tax or \$500 whichever is less. Act 30 of 1999 excludes 50 percent of Social Security Income and Railroad Retirement Benefits from the income eligibility calculation. In 2002-03, the average tax assistance payment was \$361.46 and the average rent rebate was \$388.03.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09
Households provided property tax or rent assistance .....	326,353	325,000	325,000	325,000	325,000	325,000	325,000

The projections increase from last year's budget based on current trends.

### Program Recommendation:

This budget recommends the following changes: (Dollar Amounts in Thousands)

**Property Tax & Rent Assistance for Older Pennsylvanians (EA)**  
 \$ -475 —in spite of increases in eligibility the erosion in the base of recipients is higher than anticipated.

### Appropriations within this Program:

(Dollar Amounts in Thousands)

# SECURITIES COMMISSION

*The mission of the Securities Commission is to protect Pennsylvania investors from fraudulent and abusive practices in the offer and sale of securities in the Commonwealth, and to foster legitimate capital formation activities to grow Pennsylvania businesses.*

*PROGRAM OBJECTIVE: To reduce fraud and to protect public investors involved in securities transactions as well as to facilitate legitimate capital formation in the State.*

## Program: Securities Industry Regulation

The primary function of the Pennsylvania Securities Commission is to encourage the financing of legitimate business and industry in the Commonwealth while protecting the investing public from fraudulent and unfair practices in the securities industry.

The commission protects the investing public through the registration and regulation of salespersons and companies dealing in securities. It also issues cease and desist orders to persons and corporations attempting to sell securities without approval, as well as pursuing prosecution of violators of the Pennsylvania Securities Act.

The commission works with other State, Federal and independent regulatory agencies and the various stock exchanges to develop uniform filing requirements to eliminate duplicative State and Federal examination and registration requirements. The commission is increasing the use of information technology to monitor the offering and sale of securities via electronic means. Fees collected from the securities industry support compliance and enforcement activities, as well as a portion of ongoing operations of the commission.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09
Securities filings received .....	4,283	4,600	4,600	4,600	4,600	4,600	4,600
Securities filings cleared .....	4,008	4,500	4,500	4,500	4,500	4,500	4,500
Dollar amounts of securities cleared for ... sale (millions): .....	\$ 240,476	\$ 240,000	\$ 240,000	\$ 240,000	\$ 240,000	\$ 240,000	\$ 240,000
Broker-dealers registered .....	2,560	2,730	2,800	2,840	2,900	2,950	3,010

# DEPARTMENT OF STATE

*The mission of the Department of State is to monitor and enforce the standards of ethics and competence in a variety of areas, including professional licensure, corporate law, charitable solicitation, the electoral process and professional boxing and wrestling.*

The Department of State is administered by the Secretary of the Commonwealth and includes the Bureau of Charitable Organizations, the Bureau of Commissions, Elections and Legislation, the Corporation Bureau, the State Athletic Commission, the Bureau of Enforcement and Investigation, and the Bureau of Professional and Occupational Affairs, which provides support to 27 professional and occupational licensing boards.

*PROGRAM OBJECTIVE: To protect the consumer from fraudulent solicitation and unqualified professional and occupational practitioners and establishments.*

## Program: Consumer Protection

The Department of State administers several program elements within the Consumer Protection Program.

### ***Program Element: Protection of the Electoral Process***

This program element is directed towards insuring efficiency, honesty and uniformity in the administration of the Election Code. Act 25 of 1995, the Pennsylvania Voter Registration Act, integrated voter registration into driver's license applications and made other voter registration changes to comply with the National Voter Registration Act. Nomination petitions for Statewide and legislative offices are reviewed for compliance with statutory standards and are processed for inclusion on the ballot. Campaign expense reports are filed and reviewed as required by the Election Code. The public is provided the opportunity to review the reports. The department tabulates, publishes and disseminates statistics for both voter registration and all elections; it also serves as the repository of the maps and descriptions of the Commonwealth's 9,424 election precincts.

Act 61 of 2001 amended the Pennsylvania Voter Registration Act and requires the department to develop a Statewide Uniform Registry of Electors (SURE) – an integrated voter registration database containing all electors in the Commonwealth. The act also created an advisory board to establish the requirements of a SURE system.

Other functions in this program include commissioning gubernatorial appointees to boards and commissions and preparing commissions for judges, justices of the peace and notaries public as well as enforcement of the Notary Public Law. In addition, a record of all legislation passed by the General Assembly is maintained by docketing the bills and assigning act numbers.

### ***Program Element: Protection of Professional Licensing***

The focus of this program element is on assuring acceptable professional and technical services to the Commonwealth's residents. To accomplish this, twenty-seven boards of the Bureau of Professional and Occupational Affairs (BPOA) utilize licensing, enforcement and administrative authority to regulate and service the various professions.

The department investigates complaints against licensees for legal or ethical violations that may result in disciplinary action by the boards.

Mechanisms utilized in controlling the quality of practitioners include regulating education, experience and degree of technical expertise demonstrated through applications and subsequent written examination and/or demonstrated practical ability. Requirements for continuing education also serve as a means of meeting the constantly

changing developments in the various professions and occupations.

Act 124 of 1978 created a restricted Professional Licensure Augmentation Account (PLAA) enabling this program to be funded from fees and fines collected by the Bureau of Professional and Occupational Affairs. Thus, the bureau operates entirely out of restricted funds, considered for budgetary purposes as Other Funds, rather than from a General Fund appropriation.

Act 13 of 2002, the Medical Care Availability and Reduction of Error (Mcare) Act further provides for medical malpractice liability insurance, tort reform, mandatory reporting by and to State licensing boards and continuing medical education. The Act established the Patient Safety Authority to review and recommend improvements in patient safety.

Fees are revised according to the specific enabling legislation for each board.

### ***Program Element: Regulation of Consumer Products and Promotion of Fair Business Practices***

This program element encompasses the activities of the Corporation Bureau, the Bureau on Charitable Organizations and the State Athletic Commission.

The Corporation Bureau is responsible for both profit and nonprofit businesses incorporation filings and submission of Uniform Commercial Code (UCC) filings. There are approximately 2 million corporate entities in the database and the bureau processes approximately 36,000 new corporations annually. It also registers approximately 25,000 trademarks and fictitious names as well as 122,000 UCC filings annually. The primary goals of the Corporation Bureau are to make the registration process as efficient as possible and to enhance public access in order to promote a more favorable business climate within the Commonwealth.

Act 198 of 1990 established a restricted account with funding levels to be executively authorized by the Governor to fund the Corporation Bureau.

The Bureau on Charitable Organizations is responsible for the registration of charitable organizations, professional fundraisers and solicitors, as well as regulation of the actual solicitation and distribution of collected funds. The major objective of the bureau is to increase the awareness and understanding of the Charitable Solicitations Act among Pennsylvania consumers and charitable organizations.

Act 55 of 1997 increased the number of charities required to register with the Department of State and established a system of mandatory arbitration to resolve complaints of unfair competition filed by small businesses against charities.

**Program: Consumer Protection (continued)**

The State Athletic Commission monitors and regulates all professional and amateur boxing and kickboxing, amateur wrestling contests, and the licensing of all persons who participate in these events. There are eleven categories of licenses issued by the Athletic Commission. These

categories include announcer, boxer, judge, manager, matchmaker, physician, promoter (including those promoting professional wrestling), referee, timekeeper and trainer.

<b>Program Measures:</b>	<b>2002-03</b>	<b>2003-04</b>	<b>2004-05</b>	<b>2005-06</b>	<b>2006-07</b>	<b>2007-08</b>	<b>2008-09</b>
Voter registration transactions .....	741,699	900,000	1,000,000	800,000	800,000	800,000	1,000,000
Campaign finance reports filed via the Internet* .....	NA	NA	1,000	1,000	1,000	1,000	1,000
Professional licenses and renewals issued .....	418,000	375,000	418,000	375,000	418,000	375,000	418,000
Disciplinary actions by boards .....	2,207	2,250	2,475	2,575	2,600	2,650	2,700
Case files opened (BPOA) .....	9,195	17,000	17,000	18,000	19,000	20,000	21,000
Case files closed (BPOA) .....	7,267	13,000	13,000	14,000	15,000	16,000	17,000
Medical facilities filing patient safety data* .....	NA	NA	400	400	400	400	400
Uniform Commercial Code financing statement filings and information requests fulfilled .....	122,152	123,000	123,000	123,000	123,000	123,000	123,000
Charity registrations .....	7,480	7,500	7,500	7,500	7,500	7,500	7,500
Open charities investigations .....	227	250	250	250	250	250	250
Closed charities investigations .....	184	200	200	200	200	200	200
Reviews of fictitious names, business corporations, corporations and trademark applications .....	106,200	110,000	110,000	110,000	110,000	110,000	110,000
Corporation information requests processed .....	215,696	220,000	220,000	220,000	220,000	220,000	220,000

Disciplinary actions by boards and case files opened and closed decrease from the projections shown in last year's budget based on actual data.

Uniform Commercial Code financing statements and Information requests fulfilled decrease from the projections shown in last year's budget because of fluctuations in the economy and changes in filing practices.

Open and closed charity investigations decreased in 2002-03 from the projections shown in last year's budget due to an increase in large cases involving a higher percentage of resources.

Corporation information requests processed decrease from the projections shown in last year's budget because more information is available online.

\*New program measure.

**Program Recommendations:**

This budget recommends the following changes: (Dollar Amounts in Thousands)

<b>General Government Operations</b>	
\$ -134	—nonrecurring costs.
34	—to continue current program.
<b>\$ -100</b>	<b>Appropriation Decrease</b>
<b>Voter Registration</b>	
\$ -2,064	—nonrecurring costs.
-426	—information technology costs.
47	—to continue current program.
<b>\$ -2,443</b>	<b>Appropriation Decrease</b>

<b>Publishing Constitutional Amendments (EA)</b>	
\$ -728	—nonrecurring costs.
<b>Electoral College</b>	
\$ 10	—to continue current program.
<b>Voting of Citizens in Military Service</b>	
\$ 12	—to continue current program.
<b>County Election Expenses (EA)</b>	
\$ 400	—to continue current program.

In addition, the SURE Circuits Initiative provides \$25,000 in Federal funds for recurring circuit line connection costs for the Statewide Uniform Registry of Electorate program.

## Program: Consumer Protection (continued)

**Program Recommendations: (continued)** This budget recommends the following changes: (Dollar Amounts in Thousands)

This budget also recommends the following changes in appropriations and an executive authorization from restricted accounts:

			\$	105	<b>State Board of Osteopathic Medicine</b> —to continue current program.
			\$	48	<b>State Board of Podiatry</b> —to continue current program.
\$	1,569	<b>Professional and Occupational Affairs</b> —to continue current program.			
	150	— <i>Initiative</i> — Communications Enhancement. To upgrade the telephone system for the Boards of cosmetology, nursing, medicine and real estate.	\$	12	<b>State Athletic Commission</b> —to continue current program.
			\$	409	<b>Corporation Bureau (EA)</b> —to continue current program.
\$	1,719	<i>Appropriation Increase</i>			
		<b>State Board of Medicine</b> —to continue current program.			
\$	518	— <i>Initiative</i> — Communications Enhancement. To upgrade the telephone system for the Boards of cosmetology, nursing, medicine and real estate.			
	50				
\$	568	<i>Appropriation Increase</i>			

Recommendations assume that fees for all boards will be sufficient to fund the recommended expenditure level.

# STATE EMPLOYEES' RETIREMENT SYSTEM

*The mission of the State Employees' Retirement System is to administer the retirement benefits plan for State employees and elected officials in accordance with Pennsylvania statutes; provide effective services to all active and retired members; to accumulate, manage and disburse the retirement fund assets in accordance with fiduciary standards and at a reasonable cost to Commonwealth taxpayers; and to maximize investment return while exercising a "prudent person" investment policy.*

The State Employees' Retirement System is responsible for administering the State Employees' Retirement Fund and the supplemental retirement allowances and cost-of-living increases for annuitants. The system also administers the Commonwealth Deferred Compensation Program.

# State Employees' Retirement System

*PROGRAM OBJECTIVE: To provide an effective administrative system for the operation of the retirement system for State employees.*

## Program: State Employees' Retirement

The State Employees' Retirement System was established to administer the pension system created in 1924. Contributions by the employees and the employing agencies are made to the State Employees' Retirement Fund that uses those moneys and interest earnings for payment of annuities and disability benefits and for administration of the system. The State Employees' Retirement Fund is shown in the Special Funds Appendix.

The net assets available for benefits are in excess of \$22 billion dollars. The system is funded in accordance with generally accepted actuarial standards; the funding is reviewed annually by a contracted actuarial firm and an experience review is completed every five years.

The three major sources of current income to the system are earnings from investments, and employer and member contributions. The employer contribution rate is established annually by the board upon the recommendation of the actuary. Employer contribution rates differ in accordance with the class of employees for which they are contributing. There is additional cost for employees in safety positions, the Legislature and the Judiciary. As a result of Act 9 of

2001, effective January 2002, most system members contribute six and one-quarter percent of pay to the system, depending upon individual employee election of membership. Normal retirement from the system is at age 60, age 50 for safety employees and members of the Legislature, or at any age with 35 years of service. Retirement before those times is possible after five years of service but is actuarially reduced to the equivalent of the annuity which would have been payable at superannuation retirement. Act 40 of 2003 changed the funding period for most of system's actuarial liabilities from ten years to thirty years, effectively spreading out the payment of its costs and liabilities. Act 40 is expected to reduce employer contributions over a ten-year period by approximately \$5 billion.

The State Employees' Retirement Board is responsible for the administration of the Commonwealth Deferred Compensation Program that allows Commonwealth employees to defer a portion of their salaries to a retirement savings account. The Deferred Compensation Fund is shown in the Special Funds Appendix.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09
Benefit payments processed .....	7,900	8,000	8,000	8,000	8,000	8,000	8,000
Return on investment (in millions) .....	\$48	\$1,878	\$1,932	\$2,004	\$2,098	\$2,213	\$2,346

The average processing time for benefit payments is 12 days.

Return on investment in 2002-03 is lower than the projection shown in last year's budget. The expected returns for 2003-04 and beyond are based upon current estimates.

# STATE POLICE

The mission of the State Police is to promote traffic safety, effectively investigate crime and reduce criminal activity and to provide investigative assistance and support services to all law enforcement agencies within the Commonwealth. In addition, the State Police maintains and provides to criminal justice agencies, up-to-date law enforcement information, continually evaluates the competence level of law enforcement within the Commonwealth and provides prompt, competent service in emergency situations. The State Police ensures personal protection and security for the Governor and other persons designated by proper authority and enforces all other State statutes as directed by proper authority.

*PROGRAM OBJECTIVE: The State Police enforce the law and preserve the peace through detection of crime and apprehension of criminals, patrol of highways, and enforcement of the vehicle and liquor codes.*

## Program: Public Protection and Law Enforcement

### **Program Element: Management**

This program element provides direction and coordination for all line and staff activities of the State Police, including administrative and overhead systems for the operation of various law enforcement programs. Protection for the Governor and visiting dignitaries, security of the executive residence, and background investigations on state job applicants are components of this program.

State-of-the-art technology is automating a full range of State Police functions. The Incident Information Management System (IIMS) is currently being implemented. Data terminals have been installed in patrol vehicles, and bar-coding capabilities are being developed to process evidence. Dispatching services will be improved through the use of global positioning systems and mapping programs to identify and assign the nearest available patrol unit to any incident, significantly reducing response times. When fully implemented, the IIMS will enhance the effectiveness and efficiency of troopers patrolling the highways by supplying critical crime and traffic information directly to their vehicles thus reducing the time they spend on paperwork.

In 2003, the Pennsylvania Criminal Intelligence Center (PaCIC) was implemented. The PaCIC provides analytical assistance to Pennsylvania law enforcement agencies. Trained, professional Intelligence Analysts supply law enforcement agencies with various intelligence/information products needed for tactical and strategic planning. Intelligence Analysts also offer access to archived public information, investigative information, and intelligence information from a multitude of statewide and national databases.

### **Program Element: Vehicle Standards Control**

The vehicle inspection program within the Commonwealth is conducted jointly by the Department of Transportation and the State Police. This program was established to provide vehicle safety through periodic inspection of motor vehicles and removal of unsafe vehicles from the Commonwealth's highways. The administrative supervision of motor vehicle safety inspection stations, emissions inspection stations and motor vehicle dealers was transferred to the Department of Transportation on January 1, 1998. State Police continue to administer the school bus and mass transit vehicle inspection function; investigate complaints of improper practices by official inspection stations and motor vehicle dealers.

### **Program Element: Traffic Supervision**

Enforcing the Commonwealth's traffic laws is a major

responsibility of the State Police. The department emphasizes reducing traffic crashes and bringing the motoring public into voluntary compliance with all traffic laws through patrol and enforcement activities. Traffic patrol and enforcement is provided by the State Police in those municipalities where there are no full-time police departments and on all interstate highways. Traffic assistance is also provided, upon request, to municipalities with full-time police departments.

The State Police utilize various patrol and enforcement techniques; however, the very presence of visible police patrols continues to have the greatest impact on reducing traffic crashes. In this regard, the State Police attempt to allocate patrol activities to those areas and locations with high traffic and accident volume. Supplemental patrolling is provided in construction zones for the safety of motorists and construction workers. Aircraft piloted by State Police troopers routinely monitor the speeds of vehicles on interstate and secondary highways. This method of speed enforcement is especially effective against commercial vehicles and other vehicles equipped with citizen band radios and radar detecting devices.

Emphasis continues on two special traffic enforcement programs. Operation Centipede targets speeding violators by positioning multiple radar equipped patrol vehicles within a short distance of one another. The Ticket the Aggressive Driver (TAG-D) program focuses on crash reduction through enforcement that concentrates on drivers who display aggressive and dangerous driving behavior.

The department continues the use of DUI Sobriety Checkpoints to combat drunk driving. Operation Nighthawk was initiated as a statewide training and enforcement program providing legal updates, development strategies and operational tactics combined with saturation DUI enforcement teams.

The Commonwealth Commercial Vehicle Enforcement Program is a combined effort of the Pennsylvania State Police and the Pennsylvania Department of Transportation. One permanent facility along Interstate 80 and 26 mobile weight teams throughout the state enforce the Commonwealth's vehicle weight and size limitations. The State Police also participate in the Federal Motor Carrier Safety Assistance Program (MCSAP). MCSAP consists of 253 active inspectors throughout the State enforcing Federal Motor Carrier Safety Regulations. These regulations pertain to drivers, equipment, documents, loads and hazardous materials transportation. Federal regulations are applicable to both interstate and intrastate motor carrier vehicles. In

## Program: Public Protection and Law Enforcement (continued)

addition, the State Police aggressively conduct a program to reduce the number of truck crashes occurring in Pennsylvania through the Troop Truck Crash Prevention Initiative (TTCPI). TTCPI concentrates on the detection and enforcement of moving traffic violations committed by commercial motor vehicle drivers. The operations are directed toward reducing crashes on specific highways and areas that have been identified as having a high number of commercial vehicle crashes.

In a program sponsored by the National Highway Traffic Safety Administration, 215 Pennsylvania State Troopers are currently certified as child passenger safety technicians. The State Police maintain permanent child safety fitting stations. Each station conducts inspections on a designated date at posted times at least once a month.

### ***Program Element: Crime Prevention***

Combating crime is not the responsibility of police alone. It requires the active, organized involvement of the public if any significant results are to be realized. The State Police crime prevention mission is to reduce the incidence of crime through citizen involvement and educational crime prevention techniques. This includes programs such as neighborhood crime watch groups, block parents, and crime stoppers.

The State Police provides assistance to municipalities in suppression of violent crime through the Operation Triggerlock Program. Under this program, the State Police works hand-in-hand with Federal and local law enforcement officials to purge violent crime from urban neighborhoods. Community involvement, intelligence gathering, and saturation patrols are essential components of this operation.

The Citizens' Police Academy Program offers a 10-12 week seminar providing members of the public with an opportunity to learn about various law enforcement issues and resources. Speakers from the Pennsylvania State Police, Federal and local agencies discuss a wide range of law enforcement topics.

### ***Program Element: Criminal Law Enforcement***

The majority of State Police efforts in criminal law enforcement is performed at the station level and consist of investigations of violence and property crimes. At the statewide level, there are special investigations involving drugs and narcotics, organized crime, terrorism, white-collar crime, public corruption, arson, computer crime, and criminal personality profiling.

State Police troopers, along with local, state and federal agencies, target major drug trafficking organizations utilizing a comprehensive strategy that involves intelligence gathering, financial background information, criminal investigation and asset forfeiture proceedings.

On February 20, 2002, the Pennsylvania State Police instituted a non-family child abduction alert notification system called the Pennsylvania Amber Alert Plan. This

utilizes the Emergency Alert System to inform the public of an abduction of a child under the age of 16 or under the age of 18 with a proven mental or physical disability; and in certain instances, which the police believe the child is in danger of serious bodily harm or death.

A Computer Crime Unit provides investigative assistance to all local, State, and Federal law enforcement agencies in cases where a computer has been utilized for a criminal purpose. The unit is equipped with the newest technology and is comprised of several full-time and part-time computer crime investigators assigned at strategic locations throughout the state. The Computer Crime Unit also provides educational information for local law enforcement agencies and prosecutors.

### ***Program Element: Emergency Assistance***

The State Police are normally called upon whenever any emergency situation occurs within the Commonwealth. The department has primary police jurisdiction in large areas of the Commonwealth and also provides assistance to a variety of local and state agencies, particularly law enforcement agencies. The Department classifies emergency assistance into two separate categories: civil disorder and emergency management.

Civil disorders are incidents that may become criminal in nature in such categories as prison disturbances, labor disorders, strikes, campus-school disorders, youth group disorders, terrorism and hostage situations. Emergency management deals with prevention, mitigation and response to natural and/or man-made hazards to prevent loss of life or property, economic loss and disruption of normal living conditions.

The Office of Domestic Security (ODS) was formed in October, 2002 to administer and coordinate numerous homeland and domestic security responsibilities. ODS has four primary missions: emergency planning and preparedness, liaison to the Governor's Office of Homeland Security, facility security for department installations, and risk and vulnerability assessments for facilities and critical infrastructures.

The Special Emergency Response Team (SERT) is comprised of carefully selected, uniquely trained, and specially equipped troopers responsible for an incident-specific approach to high-risk and special emergency situations. Specially trained K-9 Dog Teams provide drug, arson, and explosive detection during emergency incidents. The department's fleet of eight helicopters and seven airplanes are frequently called upon to provide assistance during emergencies.

### ***Program Element: Liquor Control Enforcement***

The Bureau of Liquor Control Enforcement directs and controls a coordinated enforcement effort toward violations of the Pennsylvania Liquor Code and related sections of the

## Program: Public Protection and Law Enforcement (continued)

Crimes Code. Operations include covert and overt investigations, assisting municipal police agencies, conducting routine license investigations, and performing establishment audits and border patrols. The State Police have implemented a high school and middle school education program to deter minors from using alcoholic beverages. Called "Choices", the program involves a liquor control enforcement officer speaking to school students. The State

Police conduct the Enforcing the Underage Drinking Laws Program to effect a change in the culture of college students to reduce binge drinking and deglamorize underage drinking. The project consists of establishing partnerships with college administrators, college students, the alcohol industry and community members to determine and implement effective measures to reduce the harmful consequences caused by underage and binge drinking.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09

# TAX EQUALIZATION BOARD

*The mission of the State Tax Equalization Board is to provide an effective administrative system to assess taxable real property value which is the basis for an equitable distribution of tax funds to support education services.*

*PROGRAM OBJECTIVE: To provide an effective administrative system to assess taxable real property value which is the basis for an equitable distribution of tax funds to support education services.*

## Program: Education Support Services

The Tax Equalization Board is an independent administrative board created to ensure equitable distribution of tax funds among the State's school districts. The board, in accordance with Act 147 of 1947, determines annually the aggregate market value of taxable real property in each of the more than 2,500 municipalities and 501 school districts in the Commonwealth and certifies the market value to the Secretary of Education. The results are used in determining distribution of State subsidies to school districts

and local libraries, limitations on real estate taxes in school districts lying in more than one county, tax limitations in financing community colleges, and overall tax limitations for political subdivisions and school districts. The program includes holding hearings and analyzing real estate values and transactions. Act 267 of 1982 requires the board to establish annually a common level ratio of assessed value to market value in each county for the prior calendar year.

# DEPARTMENT OF TRANSPORTATION

*The mission of the Department of Transportation is to provide, through the active involvement of customers, employees and partners, an intermodal transportation system and services that exceed the expectation of those who use them.*

*PROGRAM OBJECTIVE: To provide an effective administrative system supporting both non-highway and highway transportation programs.*

## Program: Transportation Support Services

This program provides for administrative and overhead services that support the operation of programs necessary for the achievement of Commonwealth and department objectives.

The non-highway related activities include providing administrative coordination, planning and support for all urban, rural and intercity mass transit and rail freight transportation. Another part of the non-highway related activity is the oversight of the Public Transportation Assistance Fund created by Act 26 of 1991 and additional funds provided by Act 3 of 1997. To promote efficient and effective urban mass transit, the program conducts analysis of local transit operations and procedures, coordination and funding of urban planning and study projects, and review of local operating subsidy and capital grant projects. Activities that continue and improve rail and bus service between Pennsylvania's urbanized areas and bus service in rural areas include preparing and coordinating needs studies, analyzing existing and proposed service levels, and evaluating the overall effectiveness of the program.

The highway related activities develop basic guidelines for the highway program. This part of the program directs and coordinates specific construction, maintenance, safety and licensing activities and highway technology projects. Support is also provided in legal, budgetary, accounting, policy, personnel, procurement, information systems and public relations matters including tourist promotional television spots and films. The department supports its portion of the work of the Inspector General's Office along with the activities of the State Transportation Commission and the Transportation Advisory Committee through this program.

Funded within this program are various initiatives to pilot and test new technologies, material, and equipment to achieve a broad range of goals including improved traffic congestion and safety, longer life cycles for pavements and road markings, and improved efficiency in winter maintenance operations.

Also included is the Agility Program, which forges new innovative ways for the department to interact with municipal governments in order to accomplish road improvements.

*PROGRAM OBJECTIVE: To provide a highway and bridge system capable of meeting the economic and recreational needs of the Commonwealth.*

## Program: State Highway and Bridge Construction/Reconstruction

This program involves major construction or reconstruction work on the Commonwealth's Interstate Highway System, on other priority State highways and on State bridges that contribute to the economic growth of the Commonwealth and the mobility of the State's citizens.

This program includes Interstate and major primary roads, as well as those State roads that are not part of the Federal aid system. Within the funding available from Federal aid, local construction contributions and current State revenues, the Department of Transportation has the responsibility of developing and executing a program that will correct the most critical deficiencies on the State-administered highway system including projects to enhance safety and mobility.

Included in this program are improvements to State-owned bridges listed in Act 235 of 1982, the Highway, Railroad and Highway Bridge Capital Act and later amendments. Funding

for these bridge improvements comes from annual registration fees for Commonwealth-registered vehicles having a gross weight in excess of 26,000 pounds and a 55 mill Oil Company Franchise Tax based on the average wholesale price of motor fuel used by motor carriers in the operation of their commercial vehicles on highways within the Commonwealth.

Act 26 of 1991 provides additional State highway and bridge construction/reconstruction funds through a 55 mill Oil Company Franchise Tax of which 17 percent is specifically dedicated to highway capital projects and 13 percent to bridges.

Act 3 of 1997 provides additional State highway construction/reconstruction funds through vehicle registration fees, with \$28 million earmarked for the Turnpike Commission.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09
Miles of new highway construction .....	44	40	40	40	40	40	40
Miles of Interstate reconstruction .....	79	75	75	75	75	75	75

\*New program measure.

### Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

#### Highway and Safety Improvement

—This funding is in combination with Act 26 of 1991 revenues for 2004-05 of \$62.914 million (17 percent of 55 mills) and Highway Capital Projects authorized in Act 3 of 1997. New highway construction focuses on projects that will spur economic development. Key projects expected to be under construction in 2004-05 include relocation and reconstruction of US 22/322 (Lewistown Narrows) in Mifflin County; a four-lane relocation of US 222 in Lehigh County; restoration of PA 309 in Montgomery County; reconstruction of US 22 in Westmoreland County; adding lanes to US 222 in Berks County; reconstruction and widening of US 119 in Indiana County; reconstruction of the US 202 / US 422 interchange in Montgomery County; widening of US 30 in Bedford County; construction of a new interchange on US 22

near Settlers Cabin in Allegheny County; realignment of US 22 in Cambria County and construction of a new diamond interchange for improved access from I-80 to the DuBois-Jefferson County Airport in Jefferson County.

Another priority is the preservation of the Interstate Highway System. During 2004-05 key projects in this area will include the reconstruction of 22 miles of I-81 in Lebanon County; the reconstruction of I-83 between Exits 14 and 15 in York County; restoration of 13 miles of I-79 in Allegheny County; reconstruction of 3.7 miles of I-78 in Berks County.

New construction will continue on approximately 27 miles of I-99 in Centre County.

## Program: State Highway and Bridge Construction/Reconstruction (continued)

### Program Recommendation: (continued)

**Highway Capital Projects (EA)**  
\$ -1,832 —to continue current program.

Main Street Bridge in Butler County;  
Etna Bridges in Allegheny County and  
Yough Dam Bridge in Westmoreland  
County.

**Bridge Restricted Revenue**  
—Major bridge projects to be started or  
continued during 2004-05 include I-90  
Bridges in Erie County; I-80 East and West  
Bridges in Clearfield County; Market Street  
Bridge in Lycoming County; US 6 Bridge  
at PA 347 in Lackawanna County;  
Slatington Bridge in Lehigh County; Old  
Betzwood Bridge in Montgomery County;  
Otter Creek Bridge II in York County;  
Seventh Street Bridge in Blair County;

**Security Wall Pilot Program**  
\$ -5,000 —program reduction.

Payment to the Turnpike Commission is  
recommended at the current year  
funding level.

*PROGRAM OBJECTIVE: To provide general routine maintenance, betterments and resurfacing necessary to preserve the quality of existing State-administered roads and bridges and to provide prompt winter services to enable safe passage of vehicles.*

## Program: State Highway and Bridge Maintenance

Pennsylvania, with the fourth largest state maintained highway system in the nation and subject to severe winter weather, is faced with significant highway and bridge maintenance challenges.

Work carried out by the department or by contract includes patching, surface treatment, resurfacing, stabilization and minor betterment projects, and repair of bridges, tunnels and minor storm damage. The department places a heavy emphasis on durable resurfacing of high-volume primary highways, the majority of which serve interstate and regional commerce, intermodal transportation facilities and major population centers. Snow and ice control services are performed on all State-administered highways. Other routine maintenance and betterment work includes safety improvements such as skid resistant pavement applications, left turn lanes, intersection sight improvements, shoulder improvements, guiderail updates and curve banking adjustments. This program also has the responsibility of completing maintenance activities that are not directly involved with the roadway surface itself such as pipe replacement, ditch cleaning and various safety measures such as repairing traffic signals and guiderails.

The department issues special permits to truck operators for the use of certain highways and bridges with weight or special operating restrictions. By issuing these permits, the department is able to facilitate the movement of goods over Pennsylvania's roadways without adversely affecting the structural integrity of the highways and bridges or the safe and convenient passage of traffic.

The Motor Carrier Safety Enforcement Program is

credited with reducing maintenance costs for highways and bridges and increasing the public safety by minimizing the number of dangerously overloaded trucks. The department continues to provide state-of-the-art training and equipment technology to maximize enforcement efficiency. At the same time, delays to motor carriers have been minimized through the use of weigh-in-motion technology.

The accident analysis program uses computer programs to identify those highway locations that have experienced statistically more accidents than similar roads with similar traffic volumes. Another program identifies locations that have had an inordinate number of accidents in which vehicles ran off the road or hit fixed objects. These programs allow for the ranking of high-accident locations and provide a systematic means of selecting the highest priority sites for maintenance and reconstruction.

Under the Home Town Streets Program, towns and cities around the Commonwealth that have State roads as their main streets and commercial corridors can seek State support in revitalizing these arteries. PennDOT will allocate \$200 million from its capital plan toward this program over the next four years.

Act 26 of 1991 provides additional State highway and bridge maintenance funds through a 55 mill Oil Company Franchise Tax of which 42 percent is specifically dedicated for highway maintenance.

Act 3 of 1997 dedicated 88 percent of a 38.5 mill Oil Franchise Tax to highway maintenance, restoration and improvements.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09
Miles of State maintained highways .....	39,906	39,907	39,739	39,675	39,612	39,549	39,484
Miles of State maintained highways improved:

*PROGRAM OBJECTIVE: To assist local governments in the maintenance and construction of their portion of the total highway and bridge system.*

## Program: Local Highway and Bridge Assistance

The Commonwealth provides a number of programs to assist municipalities in the maintenance and construction of their highway and bridge systems.

Legislatively mandated programs earmark a portion of Pennsylvania's liquid fuels tax and oil franchise tax for local governments to use on their roads. These include:

### Liquid Fuels Tax

- The first one-half cent of the twelve-cent per gallon liquid fuels tax is deposited directly into the Liquid Fuels Tax Fund and apportioned to the 67 counties.
- Of the remaining eleven and one-half cents fuels tax, 20 percent is distributed from the Motor License Fund to 2,566 municipalities.

### Oil Franchise Tax

- In addition to the distribution of 20 percent of the remaining eleven and one-half cent liquid fuels tax, the 2,566 municipalities also receive:
  - 20 percent of the first 35 mills of the 60 mill oil franchise tax.
  - 12 percent of an additional 55 mill portion of the oil franchise tax as provided for in Act 26 of 1991.
  - Another 12 percent of an additional 38.5 mill oil franchise tax created by Act 3 of 1997.

### Motor License Fund

- In 1980, the General Assembly established an annual appropriation of \$5 million to be returned to local governments for further highway improvements.

Act 32 of 1983 established a local highway turnback program by authorizing the establishment of a separate

restricted revenue account within the Motor License Fund. Funding for this program currently consists of three mills of the oil franchise tax. Funds deposited into this account are used for restoration work to upgrade State designated roads that function as local roads to acceptable standards and to provide annual maintenance payments in the amount of \$2,500 per mile. Since inception of the program in 1983, more than 4,750 miles of these roads have been returned to the Commonwealth's municipalities.

The General Assembly authorized improvements to local bridges through the Highway Bridge Capital Act of 1982 and subsequent amendments. Currently, there are over 6,300 local bridges larger than 20 feet maintained in the Commonwealth. As with the State bridges contained in these capital budget acts, the improvements are funded through annual registration fees for Commonwealth-registered vehicles having a gross weight in excess of 26,000 pounds and a 55 mill oil company franchise tax. Act 26 of 1991 also provides additional local bridge assistance funds through one percent of the 55 mill oil company franchise tax.

A local bridge inspection program, funded from the Highway Maintenance appropriation included in the State Highway and Bridge Maintenance Subcategory, is being administered by the department to assist local governments in meeting the requirements of National Bridge Inspection Standards as mandated by Federal law. This action prevents the potential loss of Federal aid for noncompliance of standards as well as minimizing future tort liability in this area. Because of the benefits of this program to local governments, the General Assembly has authorized that the cost of the inspections be deducted from the municipalities' liquid fuels tax allocation.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09

**PROGRAM OBJECTIVE:** *To provide frequent, fast, inexpensive transit services between residential neighborhoods and employment centers at a level sufficient to alleviate prevailing pressures on urban road systems caused by congestion and lack of parking facilities and to provide transit service that will increase the mobility of rural Pennsylvanians.*

## Program: Mass Transportation

Act 26 of 1991 made numerous revisions to the Pennsylvania Mass Transportation Law including the establishment of the Public Transportation Assistance Fund (PTAF). This fund provides a dedicated source of revenue to the Commonwealth's transit providers that can be used for capital replacement and asset maintenance. This source of transit revenue is in addition to the mass transit assistance program funded by the General Fund. The General Fund program is based on fixed percentages of the total amount appropriated annually by the General Assembly. These percentages take into consideration historical funding, fare box revenues and vehicle miles. Under this formula three classes of urban transit entities have been established based on the number of vehicles operated during peak hours. A local or private funding commitment is required in an amount not less than one-third of the total State grant. Each system, on an annual basis, is required to adopt a specific series of

service standards and performance evaluation measures. The Commonwealth, along with Federal and local governments, annually provide grants to the State's twenty-one urban transit systems.

Act 26 of 1991 provides for a fourth class of transit entity to include rural and small urban transit entities once mass transportation assistance has reached a "trigger" amount. Since 1995-96, rural and small urban entities are funded from the Mass Transportation Assistance appropriation since the trigger amount has been exceeded.

Act 3 of 1997 provides additional State funding for urban, rural and community transportation systems by dedicating 1.22 percent of sales and use tax collections up to a maximum of \$75 million per year. Most of these funds can be used for operating assistance as well as for capital replacement.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09

*PROGRAM OBJECTIVE: To facilitate the development of improved rail, cargo service and intercity bus service between major urban areas of the Commonwealth, thereby providing relief for over utilized intercity highway and air systems.*

## Program: Intercity Transportation

Commonwealth activities involve four separate intercity transportation programs: intercity bus service such as that operated by Greyhound and Trailways, Commonwealth flight services, intercity rail passenger service operated by Amtrak, and rail freight service of importance to local shippers on the State's Rail Branchline System.

The Commonwealth's intercity bus program supports systems where, without operating assistance, essential service would be terminated. It is estimated that about 411,000 passengers will utilize Commonwealth subsidized intercity bus services in 2003-04. As private operators propose termination of such services, the Department of Transportation will continue to evaluate the economic and social impacts of service termination and the merits of public subsidy. Federal funds are also used to support intercity bus operations and supplement the existing State-sponsored program.

Intercity rail passenger service in Pennsylvania, as distinguished from local or regional commuter service, is presently provided by the National Railroad Passenger Corporation (Amtrak). The majority of the service is operated as part of Amtrak's national system without financial assistance from the Commonwealth. The department has contracted with Amtrak to provide additional service to supplement Amtrak's national system schedule. This subsidized service, the Keystone Rail Service, is provided on the Philadelphia/Harrisburg corridor and consists of 44 one-way trains per week.

The Commonwealth's rail freight network provides a competitive cost advantage for business and industry that depend upon cost effective transportation of bulk commodities.

The Commonwealth's rail freight program provides assistance for accelerated maintenance and capital projects on non-State-owned lines. The Accelerated Maintenance Program was established in 1982 in response to a substantial, expedited abandonment program undertaken by Conrail in accordance with provisions of the Northeast Rail Service Act (NERSA) of 1981. NERSA allowed Conrail to rid itself of unprofitable lines in a procedure not subject to appeal, as one of a number of ways for the Conrail system to achieve profitability. Under this Commonwealth program, funding is provided for basic track rehabilitation and other infrastructure improvements.

The State share for the larger capital projects comes from bond funds and generally represents 50 percent of the total project cost for construction projects and 75 percent of the total project cost for maintenance projects. Smaller maintenance and construction projects are funded from current revenues through the Rail Freight Assistance appropriation. The Department of Transportation generally provides 75 percent of the funding for accelerated maintenance projects not to exceed \$250,000 and 50 percent of the funding for construction projects not to exceed \$100,000.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09

*PROGRAM OBJECTIVE: To promote the development of a system of airport facilities adequate to meet the passenger and cargo needs of the Commonwealth's citizens.*

## Program: Air Transportation

Aviation plays a major role in the movement of passengers and cargo throughout the Commonwealth. With nearly 800 landing areas, Pennsylvania is fifth nationally in both the number of airports and in landing facilities per square mile. In addition to facilitating the movement of people and goods, air transportation facilities bring substantial economic benefits to the State directly through air transportation or related jobs and indirectly through additional incentives to industry to locate and conduct business in Pennsylvania. The department provides programs to improve the safety and effectiveness of the Commonwealth's aviation network, including an airport inspection and licensing program. The department also administers grant programs that are funded from the Aviation Restricted Revenue Account. These programs include:

- An airport development grant program for public use airports based on the site and economic viability of the

project. Grants provide a maximum of five percent of the total project cost for Federally funded projects and a maximum of seventy-five percent of the total project costs for nonfederal projects.

- A real estate tax rebate program for public airports that is funded exclusively from the Statewide aviation fuel tax.

In addition, the Commonwealth is one of only nine states chosen as a Federal block grant state. The Commonwealth, through the Department of Transportation, is receiving approximately \$17 million each year from the Federal Aviation Administration (FAA) to be distributed to qualifying airports throughout the Commonwealth. To qualify, an airport must be a public use airport as identified in the National Plan of Integrated Airport Systems. The funds may be used for runways, taxiways, terminals and other related projects.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09

\*New program measure.

## Program Recommendations:

The budget recommends the Airport Development Grants Program at the \$8 million level. It is funded from the Aviation Restricted Revenue Account.

*PROGRAM OBJECTIVE: To minimize traffic accidents attributable to driver error and mechanically defective vehicles and to promote highway safety programs.*

## Program: Safety Administration and Licensing

The Safety Administration and Licensing Program is responsible for a number of front-line customer services that affect most of Pennsylvania's adult population such as the issuance of vehicle registrations and driver's licenses. The department is responsible for processing applications and collecting fees for all vehicle registrations, titles and operator licenses. Last year, over 10.6 million vehicles were registered under Pennsylvania's annual renewal cycle. This total included over 187,000 heavy trucks greater than 17,000 pounds and more than 128,000 trailers greater than 10,000 pounds. The number of licensed drivers has remained consistent over the past few years at 8.3 million, including 390,000 commercial drivers. The four-year driver's license expiration cycle is staggered so that about two million renewals are processed each year.

The testing, inspection and revocation aspects of operator and vehicular licensing activities fall within the Safety Administration and Licensing Program. The driver's testing program is designed to screen out applicants with insufficient driving knowledge or skills as well as identify applicants with mental or physical disabilities. The department also operates the Driver's License Examination Program. More than 810,000 driving knowledge and skills tests were conducted in fiscal year 2002-03 so those applicants can be certified to operate passenger and commercial vehicles and motorcycles. A Statewide network of facilities is utilized to conduct written, oral and skills tests. In compliance with the Federal Commercial Motor Vehicle Safety Act of 1986, commercial and bus operators receive a specialized written and driving test.

The safety inspection program for the Commonwealth's more than 10 million motor vehicles is intended to minimize traffic accidents due to mechanical failure. The Commonwealth's current emission inspection program inspects 3.6 million vehicles annually with the intended purpose of improving air quality. Beginning in December 2003, an Onboard Diagnostic (OBD) program for 1996 and newer vehicles will be implemented in the existing program areas, as well as the counties of: Berks, Cumberland, Dauphin, Lancaster, Lebanon, Lehigh, Northampton and York. Approximately 2 million vehicles will be impacted by this expansion. Beginning in January 2004, a visual anti-tampering check and a gas-cap test will be implemented in the eight northern counties of Blair, Cambria, Centre, Erie, Lackawanna, Luzerne, Lycoming and Mercer for most 1975 and newer model-year vehicles. Approximately 1 million vehicles will be impacted by this expansion. From January through June, the existing counties in the Philadelphia and

Pittsburgh Regions will begin transitioning to OBD, which will replace the existing tailpipe test for 1996 and newer vehicles. Also, in the remaining 42 counties that do not participate in the emissions inspection program, an enhanced safety inspection program will begin in December 2003, which will incorporate a visual anti-tampering check for the presence of emission control components that were installed on the vehicle by the manufacture. Approximately 2.2 million vehicles will be impacted by this change. The department licenses inspection stations, trains vehicle inspectors and monitors the work of mechanics to assure compliance with approved safety standards.

Pennsylvania enforcement officials are responsible for the issuance of citations for vehicle code violations. Over one-half of the one million citations issued annually result in the department having to take some action against a driver or vehicle record. In addition to assigning points for driver infractions, the department suspends or revokes licenses for an accumulation of points. Commercial drivers may be sanctioned by having their commercial driving privilege revoked for certain offenses if committed in a commercial motor vehicle. The department, however, is authorized to issue an Occupational Limited License (OLL) to certain suspended drivers if mandated criteria for eligibility is met. The license is limited to specific hours and destinations as described by the applicant and approved by the department. Act 143 of 1994 redefines the criteria used to classify habitual offenders — people whose driving privileges have been revoked for five years or longer due to an accumulation of three or more convictions for certain serious offenses. This legislation also established a "Probationary License," which is not restricted to work-related use. Successful applicants must meet strict criteria.

The Safety Administration and Licensing Program also administers provisions of the National Voter Registration Act of 1993, better known as "Motor Voter," and the Commonwealth's Organ Donor Program.

The department also processes cancellation notices received from insurance companies. Notification of cancellation prompts the department to have registrants revalidate proper insurance coverage for the vehicle. This program combined with the authority granted enforcement officials to cite motorists detected as not having insurance can result in a revocation or suspension of vehicle registration.

The Department of Transportation currently has 99 offices Statewide that offer driver examination and/or photo licensing services and is working with private business to further decentralize its driver and vehicle services to improve

## Program: Safety Administration and Licensing (continued)

access. The computerized on-line messenger program, which connects the private business with the Department of Transportation, has been the cornerstone in this effort. Currently there are 199 messenger sites on-line, with further expansion planned through 2004. Other efforts to improve service include more efficient linkage between the department and automobile dealers, leasing and rental agencies and fleet owners for the immediate processing of registration and titling transactions. In addition, the department has instituted a mobile driver and services unit and has implemented a program that enables driver education teachers at schools to administer the skills test to their students.

On May 16, 2001, PENNDOT successfully implemented its Internet renewal system for use by the general public. This program gives customers the ability to renew their non-commercial driver's license, photo identification card or vehicle registration via the Internet. As of July 2003, over 1.8 million customers (driver license and vehicle registration) have used the Internet renewal services. Over 10.5% of those eligible for on-line driver license and vehicle registration

renewals chose the Internet in July 2003. Driver history requests for individuals and businesses were implemented in May 2002. As of August 2003, over 21,000 individual driver histories have been provided on-line and 444 business accounts have been issued. Nearly 29,000 business requests for driver histories have been conducted on-line. An Internet change of address service was implemented in August 2002. To date, 70,000 vehicle registration and driver license address changes have been completed through the on-line services. Exam scheduling was implemented in November 2002. Over 87,000 driver license skill tests have been scheduled by customers via the Internet. An on-line survey is used to measure our customer's satisfaction with these Internet services. Over 304,000 surveys have been completed, and 99.73% of the respondents indicate that they would use these services again in the future. The survey provides customers the opportunity to rate Internet services; the site is being rated at over 4.7 (on a scale of 1 to 5) for both ease-of-use and overall performance. Survey results are used to determine improvements to the Internet service.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09
Vehicles inspected:							
Safety inspections .....	10,317,210	10,479,000	10,688,000	10,902,000	11,120,000	11,343,000	11,570,000
Emission inspections .....	3,299,893	4,500,000	6,100,000	6,222,000	6,346,480	6,473,369	6,602,836
Registrations:							
New .....	1,644,000	1,666,000	1,677,000	1,694,000	1,711,000	1,728,000	1,745,000
Renewed .....	8,455,000	8,540,000	8,625,000	8,711,000	8,798,000	8,886,000	8,975,000
Licensed drivers:							
New .....	259,300	254,000	249,000	249,000	249,000	249,000	249,000
Renewed .....	2,042,800	2,032,600	2,022,600	2,022,600	2,022,600	2,022,600	2,022,600
New commercial drivers licensed .....	15,291	15,200	15,200	15,200	15,200	15,200	15,200
Photo identification cards issued (non-driver photo) .....	258,900	261,500	264,100	264,100	264,100	264,100	264,100
Service Center customers served within 30 minutes* .....	92%	90%	99%	99%	99%	99%	99%
Access rate of driver and vehicle services call center* .....	96%	94%	94%	94%	94%	94%	94%

Emission inspections decreased in 2002-03 from the projection shown in last year's budget due to the delay of the emission inspection program expansion.

Photo identification cards issued increase from those shown in last year's budget due to security requirements.

\*New program measure.

## Program: Safety Administration and Licensing (continued)

### Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

GENERAL FUND		MOTOR LICENSE FUND	
Voter Registration		Safety Administration and Licensing	
\$	-28	\$	162
	— Initiative – Operational Efficiency. Savings		—to continue current program.
	from operational efficiencies.	\$	-3,904
	—to continue current program.		— Initiative – Operational Efficiency. Savings
			from administrative and operational
			efficiencies.
\$	-37	\$	-3,742
	Appropriation Decrease		Appropriation Decrease

Vehicle Sales Tax Collection and Organ Donor Operations are recommended at current year funding levels.

### Appropriations within this Program:

*PROGRAM OBJECTIVE: To provide transportation services to older Pennsylvanians thereby increasing their ability to more fully participate in community life.*

## Program: Older Pennsylvanians Transit

The Commonwealth's older citizens have benefited from greater mobility since the implementation of the Free Transit Program in 1973. The program is funded by State Lottery proceeds and the Fixed Route Transit appropriation in the General Fund. Under this program, Pennsylvanians 65 years of age or older are eligible for free rides on participating local fixed route operations during off-peak hours on weekdays and all day on weekends and holidays. In July 1980, the free service was extended to commuter rail lines.

The Shared Ride Program for older Pennsylvanians, authorized by Act 101 of 1980 and amended by Act 36 of 1991, permits citizens 65 years of age or older to ride on shared-ride, demand responsive transportation services operating on a non-fixed route basis, and pay 15 percent of the fare. The State Lottery Fund reimburses shared-ride

transit operators the remaining 85 percent of the shared-ride fare.

The Free Transit and Shared Ride Programs recognize the limited availability of private transportation for older Pennsylvanians and their reliance upon public transportation facilities. They further recognize that many retired persons must live within a fixed and limited income and cannot afford to use public transit as often as needed.

The 2003-04 budget expanded the availability of transportation services for persons with disabilities living in rural communities who are not eligible for other publicly-funded transportation services. As a result of this expansion, approximately 67,500 additional rides will be provided to persons with disabilities, thereby increasing accessibility and promoting independence.

Program Measures:	2002-03	2003-04	2004-05	2005-06	2006-07	2007-08	2008-09
Free transit trips .....	39,638,522	40,851,282	42,076,821	42,918,360	43,776,723	44,652,256	45,545,303
Trips on State assisted shared ride vehicles .....	5,694,205	5,821,966	5,909,000	5,998,000	6,088,000	6,179,000	6,272,000
Cost to the Commonwealth per trip:							
Free Transit .....	\$1.84	\$1.80	\$1.96	\$1.96	\$1.96	\$1.96	\$1.96
State assisted shared ride vehicles .....	\$10.85	\$11.69	\$12.29	\$12.90	\$13.55	\$14.23	\$14.94

The cost to the Commonwealth per trip for free transit is higher than in last year's budget due to fare increases.

## Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

<b>GENERAL FUND</b>	
<b>Fixed Route Transit</b>	
\$ -1,394	—to continue current program.
<b>LOTTERY FUND</b>	
<b>Older Pennsylvanians Shared Rides</b>	
\$ -1,969	—to continue current program.
<b>Older Pennsylvanians Free Transit</b>	
\$ 1,000	—to continue current program.

# LEGISLATURE

The General Assembly of Pennsylvania formulates and enacts the public policy of the Commonwealth. Through legislation and resolution, it defines the functions of the State Government, provides for revenue for the Commonwealth and appropriates money for the operation of State agencies and other purposes.

The General Assembly is composed of two bodies—the Senate and the House of Representatives. Its sessions begin on the first Tuesday of each year unless otherwise convened by proclamation of the Governor.

*PROGRAM OBJECTIVE: To formulate and enact the public policy of the Commonwealth, to define the functions of State Government, to provide revenue for the Commonwealth and to appropriate money for the operation of State agencies and for other purposes.*

## Program: Legislature

This program provides for the operation of the General Assembly, which consists of a 50 member Senate and a 203 member House of Representatives, funded by numerous

General Fund appropriations. These appropriations are detailed in the Summary by Fund and Appropriation portion of this presentation.

### Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

\$ 1,836 **Legislature**  
—to continue current program.

# JUDICIARY

The objective of the judicial system of the Commonwealth is to provide citizens with prompt and equitable justice under the law.

The court system includes the Supreme Court, Superior Court, Commonwealth Court, Courts of Common Pleas and Community Courts including District Justices, Philadelphia Municipal Court, Philadelphia Traffic Court and the Pittsburgh Magistrate Court.

*PROGRAM OBJECTIVE: To provide the citizens of the Commonwealth with prompt and equitable justice.*

## Program: State Judicial System

The judicial power of the Commonwealth is vested in a court system consisting of the Supreme Court, Superior Court, Commonwealth Court, Courts of Common Pleas, Philadelphia Municipal Court, Pittsburgh Magistrates Court, Traffic Court of Philadelphia and District Justices.

At the first level in the court system are the special courts. In counties other than Philadelphia, these courts are presided over by district justices who have jurisdiction over summary criminal cases, landlord-tenant matters and other civil actions where the amount claimed does not exceed \$8,000. They also have jurisdiction to issue warrants, hold arraignments and preliminary hearings in all criminal cases, and to accept guilty pleas under certain circumstances.

Although district justices need not be lawyers, they must complete an educational course and pass a qualifying examination administered by the Minor Judiciary Education Board in order to be certified. They must also participate in one week of continuing education each year.

In Philadelphia, the special courts are the Municipal Court and the Traffic Court. Municipal Court is a court of record whose 25 judges must be lawyers. Its limited jurisdiction is analogous to that of the district justices. The Philadelphia Traffic Court, composed of seven judges, has jurisdiction over all summary offenses under the Motor Vehicle Code and related city ordinances.

The City of Pittsburgh has six magistrates in addition to the district justices who may issue arrest warrants and preside at arraignments and preliminary hearings for all criminal offenses occurring within the city. A study has begun to determine the viability of maintaining both an appointed magistrates court and elected district justices within the City.

The Courts of Common Pleas are the courts of general trial jurisdiction. They have original jurisdiction over all cases that are not exclusively assigned to another court. Appellate jurisdiction extends to appeals from final orders of the lower courts and appeals from certain State and most local government agencies.

There are two levels of appellate courts in Pennsylvania. The lower level consists of the Superior Court with fifteen judges and the Commonwealth Court with nine judges. At the higher level, Pennsylvania's court of last resort is the Supreme Court with seven justices.

In general, appeals from the Courts of Common Pleas are taken to one of the two intermediate appellate courts.

Commonwealth Court basically has jurisdiction over appeals involving government agencies and officials, as well as many matters involving not-for-profit corporations. It also has original jurisdiction over Election Code matters and cases involving State officials. Superior Court has jurisdiction over all direct appeals that are not within the specific statutory jurisdiction of another appellate court.

As defined by the State Constitution, statute and court rule, the Administrative Office of Pennsylvania Courts (AOPC) is the administrative arm of the Supreme Court, assisting that Court in its oversight responsibility of the Commonwealth's Unified Judicial System. The AOPC provides services for approximately 2,000 members of the Judiciary and staff, including budgeting, accounting, benefits and retirement counseling, legal representation, policy guidance, technical advice, education, research, legislative affairs, communications, administration and development of the judicial computer project and data processing.

The Judicial Computer System has the ultimate goal of computerization of the entire judiciary. Projects completed by December 2003 include: 1) the District Justice System which has computerized all of the 550 district justice offices throughout Pennsylvania, providing district justices with the electronic tools needed to effectively manage cases and improve the accounting and reporting of the status of fees and fines; 2) the Administrative Services Application Program which serves the court's administrative needs, including accounting, budgeting, payroll and human resources functions; 3) the Pennsylvania Appellate Courts Case Management System, which is an integrated and automated case management system that serves the three appellate courts; 4) enhancements to the District Justice System to facilitate the flow of criminal information to the Integrated Criminal Justice Network (commonly known as J-NET); and 5) the pilot program of the Common Pleas Project. In 2004-05, the Common Pleas Project will reach the point where the Statewide automation of the Common Pleas criminal courts will begin. Later phases will extend automation to the civil courts.

The role of the Judicial Conduct Board is to investigate complaints regarding judicial conduct. Hearings are conducted by the Court of Judicial Discipline to determine whether a sanction should be imposed upon a member of the judiciary.

## Program: State Judicial System (continued)

### Program Recommendations: (continued)

This budget recommends the following changes: (Dollar Amounts in Thousands)

\$ 455	<b>Supreme Court</b> —to continue current program.	\$ 1,062	<b>Courts of Common Pleas</b> —for thirteen new judges effective January 2004.
\$ 330	<b>District Court Administrators</b> —to continue current program.	3,719	—to continue current program.
		\$ 4,781	<i>Appropriation Increase</i>
\$ 776	<b>Court Administrator</b> —to continue current program.		
		\$ 2,918	<b>District Justices</b> —to continue current program.
\$ 96	<b>Integrated Criminal Justice System</b> —to continue current program.		
\$ 946	<b>Superior Court</b> —to continue current program.		
\$ 41	<b>Commonwealth Court</b> —to continue current program.		

This budget recommends all other appropriations either at levels based on estimated revenues or at levels to carry current programs forward. Recommendations include funding for salary increases for all judicial positions as specified in Act 51 of 1995.

## CAPITAL BUDGET Program Summary

This section contains the 2004-05 Capital Budget and Five Year Capital Program. The proposed funding sources and amounts needed to support capital programs are projected for five fiscal years.

All projects are grouped by categories regardless of the source of funding. The categories, as explained below, are consistently used for projects which are to be funded by Commonwealth debt obligations, current revenues and funds received from other jurisdictions. Funding source distinctions are clearly noted throughout the section which itemizes the recommended capital program.

**Public Improvement Projects** — This category includes various types of new buildings and renovation projects. Also included are nonstructural improvements and the acquisition of land. The design and construction for the majority of these projects is administered by the Department of General Services. However, Keystone Recreation, Park and Conservation and the Environmental Stewardship Projects are administered by the Department of Conservation and Natural Resources.

**Public Improvement—Original Furniture and Equipment Projects** — This category provides for the equipping of newly completed public improvement projects by purchasing original movable furniture and equipment through the Department of General Services. Replacement furniture and equipment to be used in existing buildings is purchased as fixed assets through agency operating budgets.

**Transportation Assistance Projects** — These projects include: (a) the purchase of rolling stock and construction or improvement of facilities operated by mass transportation agencies throughout the Commonwealth; (b) the acquisition, construction and equipping of rural and intercity common carrier surface transportation systems or any components thereof; and (c) air transportation systems. These projects are administered by the Department of Transportation.

**Redevelopment Assistance Projects** — This category provides grants for the acquisition of land and the construction of buildings and other property appurtenances for municipal agencies and authorities for economic development and the prevention and elimination of blight.

**Flood Control Projects** — This category provides the State's share of Federal flood control works and

improvements to prevent floods and to preserve, control and regulate the flow of rivers and streams in the Commonwealth. These projects are administered by the Department of Environmental Protection.

**Highway Projects** — This category includes the design, purchase of rights-of-way, construction, reconstruction and other improvements to highways and bridges on the State highway system. These projects are designed and constructed by the Department of Transportation.

**Capital Budget Financing** — As is indicated wherever necessary, many capital projects are financed by current revenues either from dedicated sources or appropriations through operating budgets. However, most of the authorizations recommended in the capital budget are debt financed for varying terms by General Obligation Bonds. See the Public Debt Section (Section G) for further discussion of Debt Policy.

The Capital Budget section consists of the following subsections.

**2004-05 New Project Authorizations** — This section itemizes and describes the new capital projects recommended for authorization in 2004-05 and their proposed source of funding. The projects are listed by department and capital project category.

**Impact on Operating Costs** — The description of each capital project recommended for authorization contains a statement concerning the impact on program operating costs expected from the implementation of the capital project. With certain exceptions, the statement indicates little or no effect on operating costs. This is due to the fact that most capital projects involve the renovation or replacement of existing facilities. Consequently, any operating cost impact is derived from such items as efficiencies in energy consumption and avoided maintenance. These items, when viewed in terms of the total agency or program budget, generally tend to be negligible. An exception is when a very large scale project is implemented which will dramatically change these and other elements of an operating budget. In these cases, the expected change in operating expenses is quantified. An additional case in which the net change in operating cost will be quantified is where new construction will result in a significant increase in the capital asset base. In this case, the estimated effect on operating costs will be shown with the capital project when recommended for authorization. A more precise figure will be recommended in the agency's operating budget when the project has been

completed which is usually several years after a capital project is authorized.

There are several categories of capital authorizations for which no estimate of operating cost impact is provided. Among these are the categories of Redevelopment Assistance, Flood Control, Transportation Assistance and flood protection projects undertaken as part of the Public Improvement category. These projects constitute improvements to the property of other entities, primarily local jurisdictions such as cities, boroughs townships, etc. Any change in operating costs will, therefore, be borne by an entity other than the Commonwealth. One other category of capital authorizations which will not provide a statement of operating cost impact is Highway and Bridge projects. This is because the bulk of capital spending in this category is for the rehabilitation of the existing highway network rather than the addition of new mileage. As rehabilitation takes place, previously high maintenance costs are avoided. These avoided maintenance costs are then shifted to other segments of roadway where repair needs are relatively great. As a result, the total highway operating budget experiences very little net change.

**Forecast of Future Projects** — This section contains a dollar forecast of new capital projects to be requested during each of the fiscal years 2005-06 through 2008-09. The projections are grouped by department and capital project category.

**Estimate of Capital Expenditures** — This section provides an estimate of expenditures for capital projects during each of the next five fiscal years. Since design, acquisition and construction of a project are not generally completed during the fiscal year in which the project is initiated, actual expenditures usually occur over several fiscal years. The estimated expenditures determine the amount of bonds which must be issued or the current revenue appropriations required in each fiscal year. The projections are listed by capital project category and agency, and are further subdivided by currently authorized projects, new projects proposed for 2004-05 and projects which will be authorized in the future (2005-09).

## ESTIMATED CAPITAL EXPENDITURES State Funds

This table presents summary data on the source of funding and use for currently authorized and proposed capital projects. Detailed information on debt issued for capital projects is contained in the Public Debt Section of this budget document.

### TRANSPORTATION ASSISTANCE PROJECTS (continued)

#### Program: Urban Mass Transportation

All of the following projects are grants to local transportation authorities. Consequently, no staffing or operating cost impacts are provided since these will be borne by local budgets.

<b>Berks and Reading Transit Authority</b>	State	\$ 90	\$ 0	\$ 10	\$ 100
TRANSPORTATION COMPLEX: This project will provide for the engineering and design of BARTA's Transportation Complex, the Franklin Street Station.	Fed.	480	0	0	480
	Local	20	0	0	20
<b>Berks and Reading Transit Authority</b>	State	750	0	83	833
PURCHASE OF 13 TRANSIT BUSES: This project will replace 13 transit buses and related equipment. Five of the new buses will be alternative fueled.	Fed.	4,000	0	0	4,000
	Local	167	0	0	167
<b>Berks and Reading Transit Authority</b>	State	150	0	17	167
VEHICLE REPLACEMENT: This project will provide for the replacement of four paratransit vehicles and related equipment.	Fed.	800	0	0	800
	Local	33	0	0	33
<b>Beaver County Transit Authority</b>	State	157	0	18	175
BUS REPLACEMENT AND PARK-N-RIDE EXPANSION: This project will provide for replacement of two buses and the expansion of the Park-N-Ride lot in Rochester.	Fed.	840	0	0	840
	Local	35	0	0	35
<b>Butler Township</b>	State	1,020	0	113	1,133
PULLMAN TRANSFER CENTER: This project will provide for Butler Township's Pullman Center Multi-modal Transfer Center.	Fed.	5,440	0	0	5,440
	Local	227	0	0	227
<b>Centre Area Transit Authority</b>	State	150	0	17	167
CONSTRUCTION OF PASS SALES OFFICE: This project will provide for the construction of a new downtown pass sales office, in conjunction with construction of new library.	Fed.	800	0	0	800
	Local	33	0	0	33
<b>Cambria County Transit Authority</b>	State	231	0	26	257
TRANSIT CENTER REHABILITATION AND INCLINED PLANE CABLE REPLACEMENT: This project will provide for CCTA's transit center rehabilitation and inclined plane cable replacement.	Fed.	1,232	0	0	1,232
	Local	51	0	0	51
<b>Fayette County</b>	State	144	0	16	160
INTERMODAL TRANSIT CENTER AND ADMINISTRATIVE MAINTENANCE BUILDING: This project will provide for Fayette County's Intermodal Transit Center and Administrative Maintenance Building.	Fed.	768	0	0	768
	Local	32	0	0	32

#### Program: Urban Mass Transportation (continued)

<b>Fayette County</b>	State	\$ 168	\$ 0	\$ 19	\$ 187
FUELING STATION, COMPUTER HARDWARE, OFFICE AND	Fed.	898	0	0	898
FACILITY EQUIPMENT: This project will provide for the	Local	37	0	0	37
purchase of computer hardware, office furniture and equip-					
ment, facility/maintenance equipment, and a fueling station.					
<b>Hazleton Public Transit</b>	State	562	0	63	625
CONSTRUCTION OF INTERMODAL FACILITY AND BUS	Fed.	3,000	0	0	3,000
REPLACEMENT: This project will provide for the construction of	Local	125	0	0	125
an intermodal facility, related equipment, and bus replacement.					
<b>Lehigh and Northampton Transportation Authority</b>	State	518	0	58	576
PURCHASE BUSES: This project will provide for the	Fed.	2,764	0	0	2,764
purchase of twelve heavy duty transit buses to replace	Local	115	0	0	115
vehicles purchased in 1989.					
<b>Lehigh and Northampton Transportation Authority</b>	State	150	0	17	167
EASTERN GARAGE EXPANSION: This project will provide for	Fed.	800	0	0	800
the expansion of the Eastern Garage to facilitate twenty-four	Local	33	0	0	33
buses and accommodate operator and maintenance needs.					
<b>Lehigh and Northampton Transportation Authority</b>	State	324	0	36	360
PURCHASE MINI BUSES: This project will provide for the	Fed.	1,728	0	0	1,728
purchase of twenty mini buses (replacement of fifteen mini	Local	72	0	0	72
buses and the addition of five mini buses for expansion) for					
F.Y. 2004-2005 and F.Y. 2005-2006.					
<b>Mid Mon Valley Transit Authority</b>	State	562	0	63	625
ACQUISITION OF MAINTENANCE FACILITY: This project will	Fed.	3,000	0	0	3,000
provide for the acquisition of a maintenance facility.	Local	125	0	0	125
<b>Mid Mon Valley Transit Authority</b>	State	210	0	23	233
REPLACE TRANSIT VEHICLES: This project will provide for	Fed.	1,120	0	0	1,120
replacement of seven transit vehicles used on the authority's	Local	47	0	0	47
local routes.					
<b>Port Authority of Allegheny County</b>	State	39,240	0	4,360	43,600
NORTH SHORE CONNECTOR: This project will provide for	Fed.	78,480	0	0	78,480
the North Shore connector which includes an expansion of the	Local	8,720	0	0	8,720
LRT to the Northside with a station near each of the new					
stadiums and an extension to the Convention Center. The					
project also includes an intermodal transportation center.					
<b>Port Authority of Allegheny County</b>	State	9,000	0	1,000	10,000
F.F.Y. 2004 BUS PROCUREMENT: This project provides for	Fed.	48,000	0	0	48,000
the F.F.Y. 2004 bus procurement, which provides an average	Local	2,000	0	0	2,000
of 75 replacement buses annually to provide safe and reliable					
service.

# PUBLIC DEBT

This section presents data on the debt obligations of the Commonwealth. Debt financing is used by the Commonwealth to finance its capital programs, finance voter-approved bond referendums, and fund certain disaster relief programs. Most long-term financing by the Commonwealth is provided by the issuance of general obligation debt. Appropriation-backed debt has been used in limited instances for capital purposes. Data on such debt is included in this presentation only in the calculation of the debt ratios shown.

The Commonwealth Constitution permits debt to be issued for (i) capital projects in approved capital budgets; (ii) purposes approved by voter referendum; and (iii) response to disasters. The following items are guidelines the Commonwealth follows in executing its capital and other debt financing activities:

- Referendums to authorize additional debt should be submitted to the voters only for critical needs when sufficient other resources are not available.
  - The general obligation pledge of the Commonwealth is the preferred source of security for Commonwealth debt.
  - A moral obligation pledge of the Commonwealth should not be given beyond those already given.
  - Revenue pledges are to be used only by independent agencies and authorities that cannot pledge the Commonwealth's general obligation.
  - Lease revenue debt should be used only when budgetary restraints prohibit current revenue funding for assets that are infrequently obtained and do not meet capital project definitions.
  - Debt should be structured to mature within the useful life of the projects being financed.
  - All long-term financing should be sold by competitive bid.
  - Short-term borrowing should not comprise a majority of outstanding debt.
  - Debt service paid by the General Fund should not exceed four percent of revenues.
  - Capital projects addressing health, safety and public protection receive top priority for activation. New construction projects have the lowest priority.
  - Highway capital projects should be funded from current revenues of the Motor License Fund.
-

## DEBT AUTHORIZED, ISSUED AND OUTSTANDING

The following statement reflects the debt of the Commonwealth as of December 31, 2003. Issues for which all authorized debt has been previously issued and for which said debt has been completely redeemed are not included. The Constitution permits capital budget debt to be issued without voter approval but subject to a debt limit. Except for debt issued for disaster recovery purposes, all other debt requires voter approval.

## CONSTITUTIONAL DEBT LIMIT 2002-03 Through 2008-09

The Commonwealth Constitution limits outstanding capital budget debt to 1.75 times the average tax revenues during the previous five (5) fiscal years. Voter approved and disaster relief debt are not subject to the constitutional debt limit. The table and chart below present actual data for one fiscal year and current projections for six fiscal years.

**Capital Budget Debt as a Percent of the Debt Limit**

## TRENDS IN DEBT SERVICE AND DEBT RATIOS 2002-03 Through 2008-09

The charts portray projections for indicators of the cost of projected annual debt service and the burden of projected debt outstanding. Debt service does not include debt paid from lease rental payments. Outstanding debt includes general obligation debt and debt secured by lease rental payments from various Commonwealth departments.

*The Motor License Fund debt service ratio declines as debt is retired and not replaced.*

*Per capita debt is expected to rise slightly due mostly to the lack of population growth.*

*Growing personal income keeps the planned bond issuance affordable.*

## OUTSTANDING INDEBTEDNESS OF PENNSYLVANIA AGENCIES AND AUTHORITIES

The indebtedness of the following agencies and authorities is not an obligation of the Commonwealth of Pennsylvania but represents the debt of those agencies and authorities created by the Commonwealth for a public purpose. These obligations are not considered as debt under Article VIII of the State Constitution.

**Bonds and  
Notes as of  
06/30/03  
(in millions)**

**Delaware River Joint Toll Bridge Commission**

Created by Pennsylvania and New Jersey to construct, operate and maintain bridges crossing the upper Delaware River. Debt service on the bonds is paid from tolls and other revenues of the commission.

\$ 158.5

**Delaware River Port Authority**

Created by Pennsylvania and New Jersey to control and operate bridges crossing the Delaware River, it may construct or acquire other bridges, tunnels and other projects for port improvement and development. The authority operates a rapid transit system, which it constructed. Debt service on the bonds is paid from tolls, fares, rents and other revenue of the authority.

1,304.0

**Pennsylvania Economic Development Financing Authority**

Created to offer pooled bond issues of both taxable and tax-exempt bonds on behalf of local industrial and commercial development authorities for economic development projects. Debt service on the bonds is paid by loan interest and repayments and other authority revenues.

1,609.8

**Pennsylvania Energy Development Authority**

Makes or guarantees loans for energy projects including the conversion and technological improvement of energy systems utilizing Pennsylvania coal or renewable energy resources. Debt service on the bonds is paid from the revenues of the authority.

62.6

**Pennsylvania Higher Education Assistance Agency**

Makes or guarantees student loans for graduate and undergraduate programs to students or parents, lending institutions or postsecondary institutions. Debt service on the bonds is paid by loan interest and repayments and by other agency revenues.

3,783.9

**Pennsylvania Higher Educational Facilities Authority**

Acquires, constructs, improves and leases (as lessor) college facilities and makes loans to colleges and universities within the Commonwealth. Debt service on the bonds is paid from rentals and from loan repayments collected for the use of the facilities.

4,286.1

**Pennsylvania Housing Finance Agency**

Makes construction and permanent mortgage loans to qualified borrowers for the purchase and construction of multi and single family housing for low and moderate income persons or families. Debt service on the bonds is paid from mortgage loan interest and repayments and further secured by a "moral obligation" of the Commonwealth.

2,483.1

**Pennsylvania Industrial Development Authority**

Makes mortgage loans to local nonprofit industrial development agencies for the financing of industrial development projects. Debt service on the bonds is paid from loan interest and repayments and other authority revenues.

531.8

**Pennsylvania Infrastructure Investment Authority**

Provides low interest rate loans and grants for constructing new and for improving existing water supply and sewage disposal systems. Loans and grants are available to local governments and, in certain circumstances, to private companies. The bonds are secured by principal repayments and interest payments on loans.

117.4

**Pennsylvania Turnpike Commission**

Constructs, maintains and operates the Pennsylvania Turnpike. Debt service on the bonds is paid from tolls and other revenue sources of the commission.

2,132.0

**Philadelphia Regional Port Authority**

Operates port facilities in Bucks and Delaware counties, and the City of Philadelphia. Debt service on the bonds is paid by a pledge of the authority's revenues, rentals and receipts.

50.6

**State Public School Building Authority**

Constructs, improves, equips and makes loans to local school districts for school facilities. Debt service on the bonds is paid from rentals collected for the use of the facilities and from loan repayments.

666.6

TOTAL..... \$ 17,186.4

---

# OTHER SPECIAL FUNDS

## APPENDIX

This section provides brief descriptive and financial data for Commonwealth funds not given an expanded treatment in other sections of the Governor's Budget. This information is presented to demonstrate the magnitude and complexity of the Commonwealth's financial structure as well as give some details of the various funds.

## **OTHER SPECIAL FUNDS**

This appendix contains a brief presentation of all active Commonwealth funds not given an expanded treatment in the other sections of the budget.

In a limited number of cases certain expenditures from funds presented in this section are included in other presentations.

Generally, the Commonwealth uses a modified cash basis of accounting for financial reporting where certain revenues are reported when collected and, for certain taxes, when accrued and expenditures are reported when disbursed or committed. Unless otherwise noted in the fund description, all financial data shown herein is on a cash basis, which means that the beginning and ending balances include cash plus investments. Receipts include only those items actually received and credited to the funds by the Department of Revenue. Disbursements represent checks issued or transfers made by the Treasury Department and do not include commitments, encumbrances or vouchers payable.

Several funds carrying long-term investments show an adjustment to reflect the current market value of those investments as of June 30, 2003.

This format for displaying financial data was chosen for its simplicity and easy adaptability to all funds. As such, the data may not present the best statement of the funds' condition nor accurately describe the operating characteristics of the funds.

The vast majority of Commonwealth day-to-day activities are financed from the General Fund; however, over time a large number of other funds have been created to more closely relate specific

revenue sources to specific programs or to identify particular government programs or activities. These special funds are categorized into six groups to aid in identifying their purpose. These groups are defined below.

**Special Revenue Funds** — These funds are used to account for revenues from specific taxes or other earmarked revenue sources, which by law are designated to finance particular functions or activities.

**Internal Service Funds** — These funds account for the financing of goods or services provided by one department or agency to other departments or agencies of the Commonwealth, or to other governmental units, on a cost-reimbursement basis.

**Capital Project Fund** — Bond Funds are used to account for the receipt and disbursement of bond sale proceeds that normally finance the construction or acquisition of designated fixed assets.

**Debt Service Funds** — These funds account for the accumulation of resources, principally from transfers from other funds, for the payment of general long-term debt principal and interest.

**Fiduciary Funds** — These funds are used to account for assets held by the Commonwealth as trustee or agent for individuals, private organizations and other government units.

**Enterprise Funds** — These funds accommodate the operation of public service programs financed wholly or mostly by user charges, or where the periodic determination of net income is deemed appropriate.

# Acid Mine Drainage Abatement and Treatment Fund

This fund was created in 1992 to receive money authorized by Title IV of the Federal Surface Mining Control and Reclamation Act. This fund receives up to ten percent of the Commonwealth's Federal Title IV grant for abandoned mine reclamation. Funds are used for acid mine drainage abatement and treatment.

# Administration Fund

This fund was created for the administrative costs associated with the Unemployment Compensation Law and the State system of public employment offices (Office of Employment Security). While the fund can receive funds from any source, the majority of revenue results from moneys requisitioned from the Commonwealth's account in the Federal Unemployment Trust Fund.

# Agricultural College Land Scrip Fund

This fund was established in 1862 with \$500,000 received from the sale of lands and scrip which was donated to the Commonwealth by an Act of Congress to establish a college for the benefit of Agriculture and the Mechanical Arts (The Pennsylvania State University). The income derived from the investment of the monies in the fund plus appropriations which may be made from time to time by the General Assembly serve as revenue to the fund. Monies in this fund can be disbursed only for use by the officially designated land grant college (The Pennsylvania State University) for the benefit of Agriculture and Mechanical Arts.

# Agricultural Conservation Easement Purchase Fund

This fund was created by Act 64 of 1988 to implement the referendum approved by the electorate November 8, 1988. That referendum authorized the Commonwealth to incur indebtedness of \$100 million to be used for farmland preservation through the purchase of agricultural conservation easements. Act 23 of 1992 increased the annual ceiling on easement purchases from bond sales from \$20 to \$25 million. All bonds authorized have been issued.

Act 22 of 1991 provided that two thirty-firsts of the cigarette tax be transferred twice a year into the fund. Act 89 of 2002 changed the annual transfer of cigarette tax revenues from a percentage to \$20,485,000 to be made in two equal payments by July 15th and January 15th. Act 15 of 1999 created a supplemental program for farmland preservation, and Act 1-A of 1999 appropriated \$43 million from the General Fund for that supplemental program. Act 68 of 1999, the Environmental Stewardship and Watershed Protection Act, provided for an additional General Fund transfer in 1999-00 for the basic program and provided for transfers from the Environmental Stewardship Fund beginning on July 1, 2000, through June 30, 2004, to fund the purchase of easements. Beginning in 2004-05, the Growing Greener II Initiative will dedicate approximately \$16.4 million annually, through the Environmental Stewardship Fund, for the continued purchase of agricultural easements.

# Anthracite Emergency Bond Fund

This fund was created by Act 171 of 1986 to provide loans for anthracite underground mine operators who cannot obtain necessary bonding or whose bonding has been cancelled due to insolvency or bankruptcy of the original bonding company. Revenues are provided by appropriation from the General Fund, a fee for each ton of coal estimated by certain mine operations and payments made by operators in lieu of a bond. Act 173 of 1992 extended the program to anthracite surface mine operators.

# Automobile Theft Prevention Trust Fund

The Automobile Theft Prevention Trust Fund was created by Act 171 of 1994. The purpose of the fund is to finance programs in the Commonwealth to prevent, combat and reduce automobile theft and to improve and support automobile theft prosecutions. Revenue to the fund consists of assessments on the insurance companies that conduct business in the Commonwealth, interest earnings, and fines and penalties.

# Ben Franklin / IRC Partnership Fund

This fund supported the activities of the Ben Franklin/IRC Partnership which was created by Act 64 of 1993. The Ben Franklin component assisted technology, research and start-up companies to do applied research and development projects and to develop and introduce new products and processes. The Industrial Resource Center (IRC) component assisted companies in solving problems through the deployment of technologies and with training programs in order to maintain a technically skilled workforce.

Act 38 of 2001 eliminated this fund and provided for transfer of the ending balance and program activities of the Ben Franklin technology centers to the new Ben Franklin Technology Development Authority Fund. The Industrial Resource Centers are funded through direct General Fund appropriations beginning in 2001-02.

# Ben Franklin Technology Development Authority Fund

Act 38 of 2001 created the Ben Franklin Technology Development Authority Fund. This fund merges the activities of the Ben Franklin Partnership and the Pennsylvania Technology Development Authority (PTIA) under one authority. The Ben Franklin component assists small and medium sized technology, research and start-up companies to do applied research and development projects and to develop and introduce new products and processes. PTIA provides high-tech financing to small and medium-sized businesses; stimulates the adoption and expansion of electronic commerce; and coordinates and expands university-based research and development in high-tech fields. Revenue to the fund includes transfers of the June 30, 2001 balance and refunded expenditures in 2002-03 from the Ben Franklin/IRC Fund, annual transfers from the General Fund, loan repayments and interest earnings.

# Benefit Completion Fund

This fund was created in 2003 to accumulate reserves for the payment of pensions to eligible former State employees' with a statutory benefit entitlement under the State Employees' Retirement Code that exceeds the limits of Section 415(b) of the Internal Revenue Code (IRC). Reserves in this fund will be disbursed to members of the retirement system in accordance with the provision of IRC Section 415(m).

The fund receives revenue from employer contributions and interest income. Employer contributions are an actuarially determined percentage of payroll sufficient to fund the benefit payments of the forthcoming calendar year and the on-going expenses to administer the plan. Management of the fund and payment of benefits is overseen by the State Employees' Retirement Board.

# Budget Stabilization Reserve Fund

This fund was created on July 15, 2002 by Act 91 of 2002 to replace the Tax Stabilization Reserve Fund. This fund provides financial assistance to minimize future revenue shortfalls and deficits, and promote greater continuity and predictability in the funding of vital government services. It also minimizes the need to increase taxes to balance the budget of the Commonwealth during periods of economic distress. Act 91 provides revenue through an annual transfer of twenty-five percent of the General Fund's fiscal year ending surplus beginning in 2002-03. If the fund's ending balance equals or exceeds six percent of actual General Fund revenues for the fiscal year in which the surplus occurs, the General Fund transfer is reduced to ten percent. Appropriations out of the fund require approval by two-thirds of the members of the General Assembly. In accordance with Act 91 of 2002, 25% of the General Fund's fiscal year ending balance, or \$69.8 million, was transferred to the fund from the General Fund after the close of 2002-03 fiscal year. This budget projects a transfer to the fund of \$14.5 million at the end of fiscal year 2003-04.

<sup>a</sup> Act 7A of 2002 transferred \$300 million into the fund, but the transfer was subsequently repealed by Act 1A of 2003. Interest accrued on the \$300 million prior to reverting back to the General Fund.

# Capital Debt Fund

Principal and interest payments on bonds issued for purposes of capital budget projects are paid from this fund. Annual appropriations from various funds for payment of interest and principal due on general obligation bonds is the primary source of revenue. Funds in the excess of interest and principal falling due in any one particular fiscal year may be used by the Board of Finance and Revenue to retire any other general obligation bonds issued to provide revenue to the Capital Facilities Fund.

# Capital Facilities Fund

This fund is used to meet the financial costs of capital projects authorized by capital budget acts. Revenue for this fund comes principally from the sale of general obligation debt and interest earnings. Debt issued for this fund is subject to a debt limit equal to one and three quarter times the average of annual tax revenues in the preceding five fiscal years. This fund has at least one account for each category of capital projects. Interest earned on investment or deposit of monies in the fund is credited to the account in the fund to which such invested or deposited money was originally credited.

# Capitol Restoration Trust Fund

This fund was created in 1982 to finance the maintenance, restoration, preservation and rehabilitation of artifacts, documents and other historical objects or resources located within and around or associated with the State Capitol Building, and the acquisition of artifacts, documents and other historical objects or resources which contribute to the historical significance of the State Capitol Building. This fund is administered by the Capitol Preservation Committee. Revenue is derived from gifts, donations and legacies of money from individuals, organizations, public or private corporations, and from the sale of commemorative medals and other items of a similar nature which promote the historic preservation and restoration of the State Capitol Building.

# Catastrophic Loss Benefits Continuation Fund

This fund was established by Act 24 of 1989 to replace the Catastrophic Loss Trust Fund. The purpose of the Continuation Fund is to pay all medical claims owed by the Catastrophic Loss Trust Fund. Monies in the former Catastrophic Loss Trust Fund were transferred to this fund effective July 1, 1989. Revenue is obtained from a surcharge on certain motor vehicle moving violations.

Act 13 of 2002 established the Medical Care Availability and Reduction of Error (Mcare) Fund. The Act mandates that all surcharges levied and collected under the CAT fund will be remitted to the Medical Care Availability and Restriction of Error Fund (MCARE) beginning in January 2004.

This fund will continue to pay claimants from the balance and interest earnings of the fund until no further obligations exist. The most recent actuarial report estimates final expenditure in 2080.

No obligation or expense of, or claim against, the fund constitutes a debt of the Commonwealth or a charge against the General Fund or the Motor License Fund.

# Clean Air Fund

This fund was created to meet the provisions of Act 787 of 1959, as amended by Act 95 of 1992, to finance the attainment of air quality standards, the administration of the rules and regulations promulgated under these acts, the reduction of interstate air pollution transport and a program to assist businesses in meeting emission standards. Fines, civil penalties and fees from air pollution emitters, as well as appropriations from the General Assembly, Federal or local governments and interest earnings are deposited in this fund.

# Coal and Clay Mine Subsidence Insurance Fund

This fund was created in 1961 to provide insurance to home owners in mining areas against damages resulting from subsidence. Revenue is derived from premiums paid by policyholders for subsidence insurance. Act 155 of 2002 updated this insurance program by further defining and establishing coverage by insurance providers, and requiring the Department of Environmental Protection to prepare an annual report on the program and insurance sales. Disbursements are used to cover the payment of insurance claims and commissions to insurance agents who forward insurance applications as outlined in Act 155.

# Coal Lands Improvement Fund

This fund was created in 1965 to finance the restoration of land acquired by the Commonwealth through eminent domain or amicable methods which has been defaced by open pit or strip mining and has been declared a health hazard. Initially the fund was provided a \$1 million appropriation, but subsequent revenue is derived from the sale of restored land and interest on investments.

# Deferred Compensation Fund

Act 81 of 1987 established the Commonwealth Deferred Compensation Program. The program enables Commonwealth employees to defer a portion of their salaries into a retirement savings plan. The State Employees' Retirement System is responsible for administration of the act.

Contributions to the fund began in 1988. The disbursements shown under the Executive Offices are employee contribution funds transferred to one of the investment plan options. Those funds, together with the interest they earn, are available to employees upon retirement.

# Deferred Compensation Fund — Short-Term Portfolio

Act 81 of 1987 established the Commonwealth Deferred Compensation Program. The program enables Commonwealth employees to defer a portion of their salaries into a retirement savings plan. Available for the employees' investment selection is the Treasury Short-Term Money Market Account. In order to maintain the identity of the investments and deferred compensation contributions, the Deferred Compensation Fund - Short-Term Portfolio was established.

# Disaster Relief Redemption Fund

Payment of interest and principal due on bonds issued for the Disaster Relief Fund are made from this fund. An annual appropriation from the General Fund for payment of interest and principal due on general obligation bonds is the primary source of revenue. Funds in excess of the interest and principal due in any one fiscal period may be used for retirement of all or any part of such bonds issued which are still outstanding.

# DNA Detection Fund

This fund was created by Act 14 of Special Session One of 1995 to account for the collection and processing of Deoxyribonucleic Acid (DNA) samples by State Police from individuals convicted, adjudicated delinquent, or granted accelerated rehabilitation disposition for a felony sex offense or other specified offense. Revenues are derived from mandatory fees which are assessed on sexual offenders. Expenditures are made to establish and maintain a DNA database and DNA bank. Act 57 of 2002 reestablished this fund as well as the State DNA Data Base and State DNA Data Bank. Additional requirements provide for testing and the imposition of related costs on certain offenders, while further defining the apportionment of liability and damages against defendants.

# Emergency Medical Services Operating Fund

The purpose of this fund is to assist in activities relating to the prevention and reduction of premature death and disability in the Commonwealth; to provide assistance, coordination and support of the development and maintenance of the comprehensive emergency medical services system; to determine qualifications, eligibility and certification of emergency medical services personnel; and to fund ambulance services. The fund was created by The Emergency Medical Services Act, Act 45 of 1985. Revenue is derived from a \$10 fine levied on all moving traffic violations and a \$25 fee imposed on persons admitted to programs for Accelerated Rehabilitation Disposition (ARD) related to driving under the influence of drugs and/or alcohol.

These fines are in addition to other fines imposed at the discretion of the court. This statement includes both the Emergency Medical and Catastrophic Medical and Rehabilitation components of the act.

# Employment Fund for the Blind

This fund was created in 1967 to make loans to persons who are blind to purchase equipment, stock, merchandise and accessories necessary to put into operation vending or refreshment stands or other suitable business enterprises in suitable locations to be leased or arranged for by State agencies. Act 15 of 1999 transferred the authority to administer the fund from the Department of Public Welfare to the Department of Labor and Industry.

Monies credited to this fund include: (1) repayment of money advanced to persons who are blind for the purchase of merchandise, equipment, stock and accessories; (2) rental fees paid by persons who are blind for leasing equipment and accessories purchased, owned, installed and maintained by the Department of Labor and Industry; (3) a percentage of the profits from vending machines in State buildings where a restaurant or cafeteria is operated by the Department of General Services; and (4) any grants or contributions from the Federal Government.

# Energy Development Fund

The Energy Development Fund was created by Act 280 of 1982. The fund provides the vehicle to accomplish the purposes of the Pennsylvania Energy Development Authority including the sale of bonds. Activities of the fund included preparation of the energy development plan, payment of administrative costs, the making of grants and loans for limited research intended to make the greatest possible contributions to energy conservation and development, and the establishment of reserves in respect to loans guaranteed or bonds issued by the authority. The fund is supported by interest earnings.

# Environmental Education Fund

This fund was authorized by Act 24 of 1993 to provide environmental education programs and to provide grants to schools and other organizations. Funding is from the transfer of 5 percent of fines and penalties deposited in the special funds and restricted revenue accounts which are administered by the Department of Environmental Protection. Act 18 of 1995 requires that not less than 25 percent of the annual receipts of this fund shall be provided to the Department of Conservation and Natural Resources.

# Fire Insurance Tax Fund

The revenue for the Fire Insurance Tax Fund results from the two percent tax paid upon premiums received from foreign (out-of-state) fire insurance companies on business done within the Commonwealth. The funds are distributed based on the population and market value of real estate of each municipality. In addition, the distribution formula provides for differential payment for paid and volunteer firefighters. The amount to be distributed based on paid firefighters is transferred to the Municipal Pension Aid Fund for payment. This money must be paid by the local governmental organization into the relief, pension or retirement fund of the recognized fire fighting organization serving the city, town, township or borough.

# Governor Robert P. Casey Memorial Organ and Tissue Donation Awareness Trust Fund

---

This fund was established by Act 102 of 1994 and derives revenue from private contributions, voluntary deductions from State Individual Income Tax returns from the years 1997 through 2000, and a voluntary \$1 add-on to the fee for an original or renewal driver's license, State identification card or vehicle registration.

After the payment of initial departmental operating costs associated with the fund and in support of the Organ Donation Advisory Committee, any remaining funds are spent as prescribed by the act: 10 percent for hospital and medical expenses, funeral expenses and incidental expenses incurred by the donor or the donor's family in conjunction with making a vital organ donation; 50 percent for grants to certified organ procurement organizations for the development and implementation of organ donation awareness programs; 15 percent in cooperation with certified organ procurement organizations for the "project-make-a-choice program;" and 25 percent for the implementation of organ donation awareness programs in secondary schools.

# Hazardous Material Response Fund

This fund was created by Act 165 of 1990 and amended by Act 121 of 2000 to carry out Pennsylvania's responsibilities under Title III of the Federal Superfund Amendments and Reauthorization Act (SARA Title III). Revenue is generated from toxic chemical registration fees and toxic chemical release form fees. Expenditures are for training programs for hazardous material response teams, public education programs, grants to counties for SARA Title III activities, cost recovery grants, facility and vehicle inspections and testing and administration of the program including data collection and management.

# Hazardous Sites Cleanup Fund

This fund was created by Act 58 of 1987 to finance the cleanup and restoration of abandoned hazardous waste sites in the Commonwealth. Expenditures from this fund are for cleaning up abandoned hazardous waste sites throughout the Commonwealth and restoring the land to productive use. Revenue is generated from a Hazardous Waste Fee as well as money received from parties determined responsible for site contamination. Prior to fiscal year 2002-03, the fund received one-quarter mill of the Capital Stock and Franchise Tax. Act 89 of 2002 eliminated the dedicated portion of the Capital Stock and Franchise Tax to this fund and provided for a General Fund transfer if and when the projected ending balance for the current year is projected below \$5 million in the Governor's Executive Budget. The Growing Greener II proposal would repeal the \$5 million trigger language in Act 89 and the Hazardous Sites Cleanup Fund would provide funding through a new toxics release fee and a supplemental transfer from the General Fund.

# Higher Education Assistance Fund

Moneys in this fund are currently used primarily for the following purposes: (1) maintenance of a monetary reserve to be used for all expenses associated with loans guaranteed by the Pennsylvania Higher Education Assistance Agency (PHEAA); (2) provision of grants to students; (3) provision of grants to nonsectarian private postsecondary educational institutions; (4) provision of grants to institutions of higher learning for the purpose of helping the institution secure Federal funds to provide direct financial aid to students; (5) provision of funds to institutions for College Work Study Programs; (6) operation of the Informational Technology Education Program and Math and Science Programs; (7) provision for grants to minority students entering graduate professional schools under the Equal Opportunity Professional Education Program; (8) provision of grants for loan forgiveness; and (9) payment of PHEAA administrative costs. Revenues to this fund are derived from General Fund appropriations by the General Assembly, gifts, Federal funds, interest earnings, and servicing fees. In response to a Federal statute change effective in 2000-01, PHEAA no longer includes Federal funds held for the Federal Government on this financial statement.

# Highway Beautification Fund

The Highway Beautification Fund was created by Act 5 of Special Session Three of 1966. Activities include control of outdoor advertising and junkyards. Although General Fund monies were initially appropriated to establish the fund, highway beautification activities are now supported by licenses, fees, fines, penalties and interest.

Each year the Governor issues executive authorizations which establish the amount to be spent by the Department of Transportation in each of the highway beautification activities.

# Historical Preservation Fund

This fund was created for expenditure by the Historical and Museum Commission for the preservation, care and maintenance of State historical properties, museums and records and for the financing of historical research and publication programs. Money in the fund can also be used to purchase publications and souvenirs of a historical nature for sale at commission administered properties. This fund is made up of moneys from the sale of publications by the Pennsylvania Historical and Museum Commission and all moneys received from admission fees or other sales by the commission at the State historical properties and/or museums. Act 173 of 2002 enables the commission to sell most Commonwealth publications to the public and provides that net proceeds from the publication sales and from the sale of historical properties administered by the commission shall be deposited into the fund.

# HOME Investment Trust Fund

This fund was established by Act 172 of 1992 in order to administer Pennsylvania's program under the National Affordable Housing Act of 1990. Funding is provided by the Federal Department of Housing and Urban Development on an annual basis. Expenditures are for development and support of affordable rental housing and home ownership through the acquisition, new construction, reconstruction or rehabilitation of housing.

Act 58 of 1996 transferred this program from the Department of Community Affairs to the Department of Community and Economic Development. Beginning in 2000-01 the majority of Federal funds are granted directly through the implementation of the United States Department of Housing and Urban Development Integrated Disbursement and Information System and do not flow through the Department of Community and Economic Development. Administrative funds are appropriated to the department to continue the program.

# Industrial Development Fund

Periodic General Fund appropriations made by the General Assembly to the Pennsylvania Industrial Development Authority (PIDA) are credited to this fund. From 1992 to 1994, these appropriations were replaced by an annual \$70 million transfer (\$17.5 million per quarter) of Corporate Net Income tax revenues as provided by Act 22 of 1991. This transfer ended at the close of the 1993-94 fiscal year as part of the PIDA recapitalization.

The fund makes loans to local industrial development agencies to stimulate economic activity in areas of high unemployment. Repayments of loans and other revenues, generally not credited to this fund, are used by PIDA to make additional loans.

# Industrial Sites Cleanup Fund

Act 2 of 1995 created the Industrial Sites Cleanup Fund to provide grants and loans to political subdivisions, local economic development agencies, and others who as part of an economic development strategy undertake voluntary cleanup of property contaminated by industrial activity. Act 6 of 2000 allows the Department of Community and Economic Development to provide performance-based loans, which may be forgiven if performance measures are met. Also, Act 6 expanded the program to include remediation of non-hazardous waste or debris. Revenue to the fund consists of transfers from the Hazardous Sites Cleanup Fund, any funds appropriated by the General Assembly, interest earnings, and loan repayments. Grants and loans are prioritized based on the benefit of the project to the public health and safety, the cost effectiveness of the project, the economic distress of the area, and the potential of the project to result in economic development.

# Insurance Fraud Prevention Trust Fund

The Insurance Fraud Prevention Trust Fund was created by Act 166 of 1994. The purpose of the fund is to finance activities in the Commonwealth to prevent, combat and reduce insurance fraud, and to improve and support insurance fraud law enforcement, prosecutions and prevention. The source of funds is assessments on the insurance companies that conduct business in the Commonwealth of Pennsylvania, fines and penalties, and interest earnings.

# Insurance Liquidation Fund

The Insurance Department is responsible for administering the liquidation of insolvent domestic insurance carriers pursuant to orders of Commonwealth Court under Article V of the Insurance Department Act. This fund is utilized to permit the Treasury Department to invest the assets of insolvent insurance carriers.

These assets are utilized to pay claims and expenses incurred in the administration of domestic insurance carrier insolvencies.

The net investment adjustment shown below is to reflect the current market value of long-term investments as of June 30.

# Land and Water Development Fund

This fund was created in 1968 to finance projects to eliminate land and water scars, air pollution and subsidence due to past coal mining operations, to aid political subdivisions in constructing or improving sewage treatment plants, to develop public outdoor recreation lands and to aid local governments in acquiring land for recreation purposes. In addition, administrative expenses incurred in support of any of these activities may be paid with monies in this fund. Initially, revenue to the fund was derived from the sale of Land and Water Development Bonds up to the \$500 million approved by the electorate on May 16, 1967. All appropriated funds from the bonds have been expended.

# Liquid Fuels Tax Fund

The Liquid Fuels Tax Fund was created in 1931 by an act of the General Assembly to assist in funding the local roads system. One-half cent per gallon of gasoline and diesel fuel taxes is deposited into the fund for semi-annual distribution to county governments and to pay registration fees for vehicles operated by mass transportation systems. After payment of fees, remaining funds are allocated to the counties on a three-year average refund to total refund formula and must be used for highway purposes. Since the majority of counties have direct jurisdiction over a limited number of roads, a large portion of these funds are further allocated by the counties to their political subdivisions. To streamline payments to counties the Department of Revenue delegated the authority for these payments and attendant expenses to the Department of Transportation effective in 1999-00.

# Local Government Capital Project Loan Fund

This fund was created in 1990 to assist municipal governments in acquiring equipment and facilities by providing low-interest loans to those governments which find conventional loan costs to be prohibitive. Loans are provided at a rate of two percent for periods not to exceed ten years. Revenues received from loan repayment and interest accrual are returned to the fund on a revolving basis. Act 58 of 1996 transferred this program from the Department of Community Affairs to the Department of Community and Economic Development. Act 46 of 1997 extended this fund indefinitely.

# Low-Level Waste Fund

This fund was created by Act 12 of 1988 to finance the selection, licensing, regulation and long-term care of a low-level radioactive waste disposal facility. Revenue is derived from fees for licenses and permits to generate, store and transport waste, surcharges on the disposal of waste, and fines and penalties for violating the provisions of the Low-Level Radioactive Waste Disposal Act. The siting process was suspended in 1998 because of a dramatic reduction in the volume of low-level radioactive waste being generated in the Appalachian Compact and the availability of out-of-state disposal capacity. Expenditures reflect the continued activity by the department to oversee Pennsylvania's generation of low-level waste and to reduce the waste stream.

<sup>a</sup> These revenues will not be received until the Commonwealth's low-level disposal site becomes operational.

# Machinery and Equipment Loan Fund

This fund was established by Act 120 of 1988 to provide low-interest machinery and equipment financing for Pennsylvania businesses in order to facilitate their growth, competitiveness and value-added capacity. The fund was initially capitalized by an appropriation from the Pennsylvania Economic Revitalization Fund (PERF). It is now funded from loan repayments, transfers from the General Fund and interest earnings.

# Manufacturing Fund

This fund, created in 1915, is a self-sustaining enterprise that provides institutionalized offenders an opportunity for vocational rehabilitation. Receipts are derived from the sale of inmate manufactured goods to government agencies or government-aided organizations. Expenditures are made for the purchase of raw materials, machinery replacement, inmate wages, and other costs related to the sale and manufacture of their products.

# Medical Care Availability and Reduction of Error Fund

Act 13 of 2002, the Medical Care Availability and Reduction of Error (Mcare) Act, established the Medical Care Availability and Reduction of Error Fund and transferred to it the assets, liabilities, rights and responsibilities of the Medical Professional Liability Catastrophe Loss Fund effective October 15, 2002. The Mcare Fund is used to pay claims against participating health care providers for losses or damages awarded in medical professional liability actions against them in excess of the basic insurance coverage required by the act. In addition to the transfer of assets from the Medical Professional Liability Catastrophe Loss Fund, revenue will include an assessment on health care providers. Beginning in 2004, the moving violation surcharge revenue which accrued to the Catastrophic Loss Benefits Continuation Fund accrues to this fund for a period of ten years.

# Medical Professional Liability Catastrophe Loss Fund

The Health Care Services Malpractice Act of 1975 created this fund to make available professional liability insurance at a reasonable cost to health care providers and to establish a system through which injured parties can obtain a prompt determination and adjudication of their claims. Revenue is derived by levying an annual surcharge on health care providers. Act 135 of 1996 amended the original act to increase the amount of basic insurance coverage maintained by health care providers annually with the last incremental increase effective January 1, 2001.

Act 13 of 2002 transferred the assets, liabilities, rights and responsibilities of the fund to the Medical Care Availability and Reduction of Error Fund in the Insurance Department effective October 1, 2002.

# Minority Business Development Fund

This fund was created in 1974 to accommodate the operation of the Pennsylvania Minority Business Development Authority. Revenues to the fund are from loan repayments, transfer of General Fund appropriations and interest. The authority has the power to issue bonds or other obligations which would provide further revenue to the fund.

Expenditures are made for loans to minority business enterprises and for operating expenses of the authority.

# Motor Vehicle Transaction Recovery Fund

This fund was created by Act 83 of 1990 to provide protection from dealers or other agents who fail to forward fees and taxes pertaining to an application for titling or registration of a vehicle to the Department of Transportation. Revenues to the fund consist of assessments (or reassessments should the balance of the fund fall below \$500,000) on every applicant for motor vehicle dealer registration plates or for the authority to act as agent of the department with respect to vehicle titling and registration.

# Municipal Pension Aid Fund

This fund was created by Act 205 of 1984, the Municipal Pension Plan Funding Standard and Recovery Act, and is administered by the Auditor General. Beginning in July 1985, this fund receives a portion of the revenues from the Foreign Casualty Insurance Premium Tax and the Foreign Fire Insurance Premium Tax. These revenues and earnings are for distribution to municipalities for various municipal, police and fire pension funds, including post-retirement adjustments mandated by Act 147 of 1988. Beginning in 2005-06, fund disbursements will include additional post-retirement adjustments according to the provisions of Act 64 of 2002.

# Municipalities Financial Recovery Revolving Aid Fund

This fund was created by Act 157 of 1988 to make loans and grants to assist municipalities that are declared financially distressed. Initial funding was provided through the transfer of unused funds remaining from a 1986-87 General Fund appropriation for Distressed Community Emergency Aid. In addition, Act 157 stipulated that all repayments on loans made from the fund should be redeposited into the fund and used to make additional loans and grants to distressed municipalities. Act 58 of 1996 transferred this program from the Department of Community Affairs to the Department of Community and Economic Development.

# Non-Coal Surface Mining Conservation and Reclamation Fund

This fund was created by Act 219 of 1984 to finance reclamation projects on land scarred by non-coal surface mining. Projects include recontouring, terracing and planting trees, shrubs and grasses. Revenues are provided by charging non-coal surface mining operators for licenses and permits and by fining them for failing to apply for the licenses and permits as well as by forfeiture of collateral bonds, cash or securities for failure to comply with an approved reclamation plan.

# Oil and Gas Lease Fund

Created in 1955, this fund is used to finance conservation, recreation, dams or flood control projects or to match any Federal grants made for these purposes. Revenues are derived from rents and royalties from oil and gas leases of Commonwealth owned land with the exception of rents and royalties from land owned by either the Pennsylvania Game or Fish and Boat Commissions. Those revenues are paid into the Game and Fish Funds.

# Patient Safety Trust Fund

Act 13 of 2002, known as the Medical Care Availability and Reduction of Error Act, established the Patient Safety Trust Fund for the purpose of independent review of medical facilities which will result in ensuring patient safety and reducing medical errors. Revenue to the fund includes a surcharge on medical facility licensing fees. These fees are assessed by the Department of Health, deposited in the General Fund, and transferred to the Patient Safety Fund. The Patient Safety Authority established by Act 13 contracts with entities who collect, analyze and evaluate data regarding reports of serious events and incidents at medical facilities and identify patterns in frequency or severity at individual medical facilities or in certain regions of this Commonwealth. The authority and the individual facilities will be advised of changes in health care practices and procedures which are recommended for the purpose of reducing the number and severity of serious events and incidents. The authority may recommend regulatory or statutory changes which may help improve patient safety in the Commonwealth.

# Pennsylvania Economic Revitalization Fund

The Pennsylvania Economic Revitalization Fund (PERF) was created by Act 104 of 1984 as a three-year \$190 million program financed through a bond issue authorized by the electorate. The fund was formally established in the 1988-89 budget as an economic development fund and authorization for the fund was eliminated in 1995-96. Activity continues because of the long-term nature of existing projects. Upon completion of project activity, the remaining balance in this fund will be transferred to the General Fund.

<sup>a</sup> Net of transfers to the General Fund and the Pennsylvania Economic Revitalization Sinking Fund.

# Pennsylvania Economic Revitalization Sinking Fund

Payment of interest and principal due on outstanding economic revitalization bonds is made from this fund. The annual appropriation from the General Fund for general obligation debt service and interest earned in this fund and interest earned in and transferred from the Pennsylvania Economic Revitalization Fund provide revenues to the fund.

# Pennsylvania Historical and Museum Commission Trust Fund

This fund, created in 1931, is administered by the Governor, Auditor General, State Treasurer and the Pennsylvania Historical and Museum Commission. The interest received from investment of the \$33,000 perpetual endowment to this fund in bonds of the Commonwealth or any of its political subdivisions is credited to the fund. Interest earned on investments is used for the restoration, maintenance and improvement of the Cornwall Charcoal Furnace, Cornwall Borough, Lebanon County.

# Pennsylvania Municipal Retirement Fund

Act 15 of 1974 created the Pennsylvania Municipal Retirement System which replaced the Municipal Employees Retirement Law and the Municipal Police Retirement Law and combined all employees covered under both into a State-related municipal system. The fund established under Act 15 provides for payment of retirement allowances to officers, employees, firemen and police of political subdivisions (counties, cities, boroughs and townships of the first and second class). Any municipality may elect by ordinance to join the system. Revenues are generated from the contributions of the members of the system and investment earnings. The board established under Act 15 has control over the system's operation. The net investment adjustment shown below is to reflect carrying value of long-term investments as of June 30. A municipality may, upon meeting the requirements set forth in Act 15, elect to withdraw from participation in this fund. Withdrawals may substantially increase the level of disbursements reflected in this presentation.

# Pennsylvania Veterans Memorial Trust Fund

Act 60 of 1988 established this fund to be administered by the Pennsylvania Veterans Memorial Commission. Revenues come from General Fund appropriations and public or private contributions. Funds were expended to erect a monument to Pennsylvania Veterans who served in armed conflicts in which the United States was a participant. Act 63 of 2002 expanded the use of this fund to operation and maintenance of the memorial.

# PENNVEST Drinking Water Revolving Fund

This fund was created under the authority of Act 16 of 1988 to receive funds from the Federal Government to establish a revolving loan program for drinking water projects. Required matching State funds are transferred from the PENNVEST Bond Authorization Fund and the PENNVEST Fund. Because of the lag in receiving Federal funds, cash is borrowed from other PENNVEST funds. Negative receipts reflect the repayment of these loans.

# PENNVEST Fund

This fund was created under the authority of Act 16 of 1988 to receive funds from sources other than the sale of general obligation bonds. These sources include appropriations from the General Fund, payments of revolving loans, interest received from revolving and non-revolving loans, investment income and the sale of assets. In addition to grants and loans for water and sewer projects, these funds can be used for administrative costs and matching funds for Federal grants.

# Pharmaceutical Assistance Fund

The revenue for the Pharmaceutical Assistance Fund is received from the Lottery Fund and the Tobacco Settlement Fund. This fund provides a limited pharmaceutical assistance program for older Pennsylvanians who are 65 years of age or over and whose annual income does not exceed the maximum specified for program eligibility. Pharmaceutical product claims for the Department of Public Welfare's Special Pharmaceutical Benefits Program, disease specific programs in the Department of Health and the State Workers' Insurance Fund are also processed through the PACE Fund. Funds not expended in the fiscal year in which they are appropriated are available for use in the following fiscal year. For additional information on the programs refer to the program descriptions in the Departments of Aging, Health, Public Welfare and Labor and Industry.

# Philadelphia Regional Port Authority Fund

This authority was created by Act 50 of 1989 to acquire and operate the port facilities of the former Philadelphia Port Corporation. This fund handles payroll of the authority via transfer of funds by the authority from its private bank accounts. The authority is authorized to issue bonds to finance port improvements and may pledge its revenues to pay off such bonds.

# Port of Pittsburgh Commission Fund

The Port of Pittsburgh Commission was created by Act 133 of 1992 to promote and encourage capital investment in port facilities and port-related projects within the port district encompassing Allegheny, Armstrong, Beaver, Butler, Clarion, Fayette, Greene, Lawrence, Washington and Westmoreland counties.

Act 140 of 2000 expanded the authority of the commission to allow for economic development projects, including certain recreation projects that are sponsored by third parties. Act 111 of 2001 added Indiana County to the Port District.

Grants to the commission to support its operations, and previously to Allegheny County for port-related improvements, are deposited into this fund along with interest earnings from deposited funds. The commission also has the authority to issue bonds to finance port improvements and may pledge its revenues to pay off such bonds.

# Public Transportation Assistance Fund

This fund was established by Act 26 of 1991 to help provide for the capital, asset maintenance and certain other transportation needs of the Commonwealth's transit entities. Revenue is derived from a fee on the sale of new tires, a percent of the total sales and use tax receipts, and a motor vehicle lease tax fee.

# Purchasing Fund

Created in 1933, this fund finances the purchase of materials, supplies, services and equipment by the Department of General Services and Executive Offices for use by other departments, boards and commissions. Salaries for the personnel administering the fund are paid by the fund. Revenue sources are periodic appropriations from the General Fund and reimbursements by other departments, boards and commissions for the materials and supplies provided them.

# Recycling Fund

This fund was created by Act 101 of 1988 to finance the planning, processing, resource recovery and recycling of solid waste. Revenue is generated by a fee on all waste disposed of in landfills or processed by resource recovery facilities. Expenditures are for recycling and planning grants, market and waste minimization studies, and public information and education activities throughout the Commonwealth. Act 125 of 1998 allows for up to \$1.5 million annually for five years of Recycling Fund money to finance the cleanup of illegally deposited waste on State forest and State park lands. For fiscal year 2004-2005 and thereafter, the Growing Greener II proposal includes a \$25 million annual transfer from the general fund to the Recycling Fund for additional recycling activities.

# Rehabilitation Center Fund

This fund was created May 13, 1959 for the operation of the Hiram G. Andrews Rehabilitation Center and is funded from fees for services rendered by the center. Most of these services are rendered to vocational rehabilitation clients. The Department of Labor and Industry is pursuing diversification and privatization of services offered at the center. These plans include training enhancement for clients of the center and economic development opportunities for the Johnstown region.

# Remining Environmental Enhancement Fund

Act 173 of 1992 authorized this fund to operate an incentive program to encourage remining and reclamation, including the designation of areas suitable for reclamation by remining, and to assist operators applying for a remining permit. The transfer of up to \$1 million is authorized from a combination of the Surface Mining Conservation and Reclamation Fund, the Clean Water Fund, the Coal Refuse Disposal Fund, and the Bituminous Mine Subsidence and Land Conservation Fund.

# Remining Financial Assurance Fund

Act 173 of 1992 authorized this fund to assist mine operators who qualify to purchase reclamation bonds or make payment in lieu of reclamation bonds. Revenues are the transfer of up to \$5 million from the Land and Water Development Fund and from in lieu of bond premium payments. Interest earnings are deposited in the Land and Water Development Sinking Fund. Expenditures from this fund occur only when mine operators default.

# Rightful Owners' Claims Payment Fund

This fund was created by Act 45 of 2003 to make reimbursements and prompt payment of claims by an owner for a restitution payment previously held as unclaimed by any court, public corporation, public authority or instrumentality of the Commonwealth, or by a public officer or political subdivision. Under the act, five percent of the funds transferred annually to the Treasury will be deposited into the Rightful Owners' Claims Payment Fund to create the capability to make a reimbursement in the event a claim is filed. The remaining ninety-five percent balance of the restitution monies that are annually escheated from the entities identified are to be deposited to the Crime Victims' Compensation Fund.

# School Employees' Retirement Fund

The Public School Employees' Retirement Fund provides for receipt and accounting of member and employer contributions, investment of those funds and payment of benefits to retired school employees.

According to the provisions of Act 29 of 1994, starting with the employer contribution payment for the third quarter of 1995 (school salaries paid from July 1, 1995 to September 30, 1995), employers defined as school entities (school districts, intermediate units, and area vocational technical schools) pay 100 percent of the employer share of contributions to the fund. The Commonwealth pays school entities a portion of these costs from appropriated funds based on a statutory formula. Commonwealth contributions of the employer share for non-school entities are also paid from appropriated funds. These contributions are paid directly to the fund.

Earnings from investments provide additional revenue and pay for the expenses of the Public School Employees' Retirement Board. The board is responsible for management of the fund and payment of benefits. The employer contribution rate is determined by the fund's actuary and adopted by the board.

Act 40 of 2003 changed the retirement system's amortization period from ten years to an actuarially acceptable thirty year basis thus lowering employer contribution costs.

The cash balance shown in the statement includes substantial investment assets. The net investment adjustment item is included to reflect the carrying value of long-term investments as of June 30.

# School Retirees' Health Insurance Fund

This fund was created by Act 9 of 2001. The fund is used to establish and maintain a reserve sufficient to pay the expected claims experience of the Health Options Program (HOP). The HOP is a Public School Employees' Retirement System (PSERS) sponsored voluntary health insurance program for the sole benefit of PSERS retirees, their spouses or surviving spouses, and their dependents. The revenue for HOP is exclusively from the premiums paid by its participants for the benefit coverage they elect. The May 2002 initial transfer consisted of Insured funds and associated investment revenue in the amount of \$27.340 million that had accumulated in the Public School Employees' Retirement Fund prior to the creation of the separate health insurance fund.

# Self-Insurance Guaranty Fund

This fund was created by Act 44 of 1993, the Pennsylvania Workers' Compensation Act. The purpose of this fund is to pay claims arising from defaulting self-insurance employers and defaulting members of self-insurance pooling arrangements under the Workers' Compensation Act for injuries occurring on or after 10/30/93. The fund is maintained by assessments on self-insurers. Act 53 of 2000 provides for payments of claims resulting from injuries prior to 10/30/93 through a Prefund Account funded by transfers from the Workers' Compensation Administration Fund. Act 49 of 2001 limited annual transfers to the Prefund Account to \$3.8 million. The Prefund Account and the fund are administered by the Department of Labor and Industry.

# Small Business First Fund

Act 67 of 1996 created the Small Business First Fund. The fund replaced the Air Quality Improvement Fund, Storage Tank Loan Fund and the Pennsylvania Capital Loan Fund. Balances and program commitments in those funds were transferred to the Small Business First Fund. The fund may receive transfers from the Minority Business Development Fund to facilitate its programs for small businesses.

This program provides low-interest loans for small businesses of 100 employees or less. Eligible projects include land and building acquisition and construction; machinery and equipment purchases; working capital; compliance with environmental regulations and municipal or commercial recycling. In addition, companies eligible to participate in this program are those impacted by the reduction in defense-related activities and those involved in exports, advanced technology and the hospitality industry.

# Solid Waste-Resource Recovery Development Fund

Created in 1974, this fund provides financial assistance to municipalities in the planning, development, construction and operation of resource recovery and solid waste disposal facilities. Loans for new facilities are restricted to municipalities in seventh and eighth class counties. Revenue is provided through appropriations by the General Assembly and by the repayment of loans made to municipalities.

# Special Administration Fund

The purpose of this fund, administered by the Department of Labor and Industry, is to cover those administrative expenses of the Unemployment Compensation Law not properly and validly chargeable to the Administration Fund. The receipts of the fund are generated from interest and penalties collected from claimants and employers under provisions of the Unemployment Compensation Law. All moneys in excess of \$200,000 in the fund, less encumbrances for litigation, at the end of the fiscal year are transferred to the Unemployment Compensation Contribution Fund.

# State College Experimental Farm Fund

Act 56, approved May 13, 1887, authorized the sale of the eastern and western experimental farms which were purchased with Federal land grant monies in 1862. These farms were sold for \$17,000 in 1888 and the proceeds were placed in this fund to be invested in bonds of the Commonwealth at 6 percent per annum with the interest serving as an ongoing revenue to this fund. Several times a year the interest earned is disbursed to the Pennsylvania State University.

# State Employees' Retirement Fund

This fund was created in 1924 to accumulate reserves for the payment of pensions to eligible former State employees. Money in this fund is used to pay retirement, disability and death benefits to members of the State Employees' Retirement System and their beneficiaries. Membership in the system is mandatory for most State employees and available to employees of non-State entities, such as the Pennsylvania State University, the Turnpike Commission, the Delaware River Port Authority and other public and quasi-public institutions authorized by the Retirement Code.

The fund receives revenue from employee contributions, employer contributions and income derived from its investment portfolio. Employer contributions are an actuarially determined percentage of payroll sufficient to fund current and future benefit payments. Investment income is used to credit interest to each member's account; to pay the administrative expenses of the retirement system; and to accumulate monies for the payment of future benefits. Management of the fund and payment of benefits are overseen by the State Employees' Retirement Board.

Act 40 of 2003 changed the retirement system's amortization period from ten years to an actuarially acceptable thirty year basis thus lowering employer contribution costs.

The cash balance shown in the statement includes substantial investment assets. The net investment adjustment item is to reflect the carrying value of long-term investments as of June 30 and is estimated for 2003-04 and 2004-05.

# State Insurance Fund

Created in 1915, this fund finances expenditures related to the rebuilding, restoring or replacing of buildings, structures, equipment or other property owned by the Commonwealth which have been damaged or destroyed by fire or other casualty. This includes natural or man-made disasters. Revenue is derived from interest earned by the fund, interest received from the Fire Insurance Tax Fund and from reimbursements by insurance companies. If needed, money may also be directly appropriated to this fund. Receipts of the fund include reimbursement from the Commonwealth's excess insurance policy, which is responsible for damages for any occurrence in excess of \$1 million.

Unencumbered amounts in the fund in excess of \$3 million on December 31st of each year are transferred to the General Fund. This fund satisfies the requirements of the Federal Government for the Disaster Insurance Program.

# State Restaurant Fund

This fund was created in 1943 to finance the purchase and maintenance of equipment for the operation of the restaurant in the State Capitol as well as any other restaurants in other State Office Buildings. At present, the Capitol East Wing Cafeteria and the facility located in the Keystone Building are the only restaurants operated through this fund. Revenue is derived from the profits earned from those operations.

# State School Fund

This fund was established in 1911 and is funded primarily by the sale of escheated estates and other nonpublic real estate and interest earnings of the Sinking Fund. Changes in the escheat law and lack of interest earnings from the Sinking Fund or investment of monies in the State School Fund have resulted in a low revenue level. The fund is active in only a limited sense.

The original purpose of the fund was to equalize educational advantages across the Commonwealth; to provide advancements to school districts temporarily in need of aid; and to promote education in the conservation of natural resources, forestry, agriculture and other industrial pursuits. The law was amended in 1960 to change the purpose of the fund to equalization of educational opportunities, and to pay part of the cost of repair or alteration of local public school or State college buildings when required to satisfy requirements of the Department of Labor and Industry or other relevant governmental agencies.

Expenditures from the fund are made at the direction of the State Board of Education.

# State Stores Fund

The State Stores Fund serves as the general operating fund for the Liquor Control Board. The Pennsylvania State Police receive funds for the enforcement of the Liquor Code. The Department of Health receives funds for alcohol abuse programs. This fund receives revenues from the sale of goods in State Liquor Stores, fees not credited to the Liquor License Fund, fines and penalties, losses and damages recovered, and loans from the General Fund to provide working capital. Expenditures cover all costs associated with the operation and administration of the Liquor Store System and enforcement of the Liquor Code. Any surplus is transferred to the General Fund.

# State Workmen's Insurance Fund

The State Workmen's Insurance Fund (SWIF) was created by Act 338 of 1915, and operates within the Department of Labor and Industry. It is a self-sustaining fund providing workers' compensation insurance to employers, including those refused policies by private insurance firms. SWIF is subject to underwriting rules, classification and rates promulgated by rating bureaus authorized by the State Insurance Commissioner. Premium rates are established by them based on the history of accidents by industry. Administrative costs are paid from the fund including expenses related to Insurance Department and Auditor General examinations.

Act 68 of 1990 provides for the transfer of money from SWIF. Annual payments are made to the General Fund equal to the amount which would have been paid in taxes had SWIF been subject to taxes. The act also established an Advisory Council to recommend the amount of surplus in SWIF, if any, that could be distributed without jeopardizing its legal obligations to policy holders. If such a surplus exists, the SWIF Board may then recommend distribution of the surplus as refunds to current or former policyholders. The funds recommended by the board to be transferred or refunded to policyholders must be approved and appropriated by the General Assembly.

The net investment adjustment shown below is to reflect the current market value of long-term investments as of June 30.

# Storage Tank Fund

This fund was created by Act 32 of 1989 for the operation of an aboveground and underground storage tank regulation, registration and enforcement program. Revenues to the fund consist of registration and permit fees, fines, judgements, bond forfeitures, interest and recovered costs. Expenditures include the remediation of leaking underground storage tanks.

# Supplemental State Assistance Fund

This fund was created by Act 205 of 1984, the Municipal Pension Plan Funding Standard and Recovery Act, and is administered by the Auditor General. Under Act 205, the Auditor General is responsible for the administration of the Supplemental State Assistance Program, including disbursement of funds to distressed municipal pension systems based on certifications provided by the Public Employee Retirement Commission (PERC). Since 1989-90, revenues for the Supplemental State Assistance Fund have been provided entirely by General Fund appropriations. By statute, this program and fund terminated in 2003. The unspent balance within the fund shall be transferred to the General Fund.

# Surface Mining Conservation and Reclamation Fund

This fund was created in 1945 to finance reclamation projects on land scarred by surface mining. Projects include recontouring, terracing and planting of trees, shrubs and grasses. Revenues are provided by charging surface mining operators for licenses and permits and by fining them for failure to apply for the licenses and permits as well as by forfeiture of collateral bonds, cash or securities for failure to comply with an approved reclamation plan.

# Tuition Account Guaranteed Savings Program Fund

Act 11 of 1992, amended by Act 58 of 2000, provided for the establishment of two programs for postsecondary educational savings. Both programs are administered by the Tuition Account Programs Bureau within the Treasury Department with oversight by the Tuition Account Programs Advisory Board. This fund offers a guaranteed rate of return tied to tuition inflation. Revenue is derived primarily from application fees, Tuition Account Guaranteed Savings Program contracts and investment income. Fund expenditures consist mainly of payments to educational institutions for tuition and administrative costs.

The cash balance shown in the statement includes substantial investment assets. The net investment adjustment item is included to reflect the carrying value of long-term investments as of June 30.

# Tuition Account Investment Program Fund

Act 11 of 1992, amended by Act 58 of 2000, provided for the establishment of two programs for postsecondary educational savings. Both programs are administered by the Tuition Account Programs Bureau within the Treasury Department with oversight by the Tuition Account Programs Advisory Board. The Tuition Account Investment Program, launched in July 2002, provides market-based investment returns and offers participants several investment options based on age, investment risk, or socially responsible investments comprising a mix of equity and fixed income portfolios. Fund revenue is derived primarily from Tuition Account Investment Program contracts and investment income. Fund expenditures consist mainly of redemption of program contracts.

The cash balance shown in the statement includes substantial investment assets. The net investment adjustment item is included to reflect the carrying value of long-term investments as of June 30.

# Underground Storage Tank Indemnification Fund

The Storage Tank and Spill Prevention Act, Act 32 of 1989, as amended, established the Underground Storage Tank Indemnification Fund to administer a program to provide claim payments to owners and operators of underground storage tanks who incur liability for taking corrective action or for bodily injury or property damage caused by a release from underground storage tanks. Expenses for administration of the fund are also covered. The fund is administered by the Insurance Department in conjunction with a nine member Underground Storage Tank Indemnification Board.

Act 32 authorized the board to establish, by regulation, fees to be paid by underground storage tank owners and operators to fund the program. Effective January 1, 2004, tank owners pay a gallon fee of \$0.011 per gallon. Owners of diesel fuel and heating oil tanks pay a capacity fee of \$.083 in lieu of the gallon fee. These regulatory fee increases are ten percent over the previous fees and are necessary to maintain the actuarial soundness of the fund as prescribed by Act 32.

Act 13 of 1998 established a new loan program to assist owners of regulated underground storage tanks to upgrade their underground storage tank systems to meet Federal Environmental Protection Agency upgrade requirements or to remove them from service. Act 100 of 2000 expanded the upgrade loan program to include the removal of underground storage tanks. The Department of Community and Economic Development administers the loan program as part of its business loans program. The act also establishes an environmental cleanup program and a pollution prevention program which are administered by the Department of Environmental Protection. The net investment adjustment is included to reflect the current market value of long-term investments as of June 30. A loan of \$100 million was made to the General Fund on October 15, 2002 in accordance with Act 91 of 2002 and is to be repaid over ten years beginning in 2004.

# Vocational Rehabilitation Fund

This fund, administered by the State Board of Vocational Rehabilitation in the Department of Labor and Industry, was created to provide vocational rehabilitation services to any person who has a disability, mental or physical, which constitutes a handicap to employment or to achieve independent living status. Services can be provided directly or through a purchase of service arrangement. Receipts for this fund come from Federal vocational rehabilitation funds, transfer of General Fund appropriations for matching the Federal funds and interest earned.

## Volunteer Companies Loan Fund

Bond referendums in 1975, 1981, and 1990 authorized a total of \$50 million of bonds to be issued for acquisition and replacement of volunteer fire, ambulance and rescue company equipment and facilities. Act 208 of 1976 established a revolving loan fund known as the Volunteer Companies Loan Fund; loans provided for under these bond issues are administered by the Pennsylvania Emergency Management Agency. Revenue to the fund in addition to bond proceeds includes loan repayments and interest earnings. General Fund transfer appropriations have also been provided to fund the program.

# Water Facilities Loan Fund

This fund was created by Act 167 of 1982 to implement the water project loan referendum approved by the electorate on November 3, 1981. That referendum authorized the Commonwealth to incur an indebtedness of \$300 million for use as loans to repair, construct, reconstruct, rehabilitate, extend and improve water supply systems or to repair, reconstruct or rehabilitate flood control facilities, dams and port facilities. Act 16 of 1988 transferred the functions of the Water Facilities Loan Board to the Pennsylvania Infrastructure Investment Authority as part of the PENNVEST program. Remaining bond authorization is expected to be used in the future.

# Wild Resource Conservation Fund

This fund was created by Act 170 of 1982. Revenue is derived primarily from tax rebate check-offs and voluntary contributions. The fund collects information relating to population, distribution, habitat needs, limiting factors and other biological and ecological data to classify plants and to determine necessary management measures. These management measures include promotion of a Statewide system of private wild plant sanctuaries; permitting of removal, collection or transplanting of endangered or threatened plant species; and regulation of the digging, harvesting, sale and exploitation of designated species.

# Wireless E-911 Emergency Services Fund

Act 56 of 2003, the Public Safety Emergency Telephone Act, established the Wireless E-911 Emergency Services Fund to support a Statewide integrated wireless E-911 plan. The fund is used to collect and deposit a surcharge collected by wireless service providers on a monthly basis, the proceeds of which are remitted to the fund quarterly. Up to two percent of annual surcharge proceeds can be used for administrative costs with the remaining available balance being used for approved county grants.

# Workers' Compensation Security Fund

The purpose of this fund is payment of valid claims for compensation provided by the Workers' Compensation Act to individuals who are insured by an insolvent stock company. Expenses for administration of the fund are also covered.

Through June 30, 2000, payment equal to one percent of the net written premiums received for workers' compensation insurance policies written in the Commonwealth by stock companies, mutual carriers and reciprocal exchanges during the preceding annual reporting period were credited to the fund. Such payments were required only if the balance less known liabilities of the fund was determined to be less than five percent of the loss reserves of all such companies for payments of benefits under the Workers' Compensation Act.

Act 49 of 2000 removed the statutory annual assessment procedures in conjunction with giving prudent person investment authority to the Insurance Commissioner jointly with the State Treasurer for the investment of moneys in the fund. This change is expected to generate increased earnings to the fund, thereby reducing the frequency of the assessment. The act requires the Insurance Department to manage the fund to maintain its actuarial soundness and a minimum balance of \$500 million. If the fund balance falls below \$500 million, the department will assess contributions to restore the balance in the fund in a timely manner. An assessment was not made in 2002 but is anticipated in 2003.

As of June 30, 2003 the indemnity reserves were \$299 million, the medical reserves were \$106 million, and the legal reserves were \$5.3 million. The June 30, 2003 balance less reserves was \$66.2 million.

The net investment adjustment shown below is to reflect the current market value of long-term investments as of June 30.

# Workmen's Compensation Administration Fund

This fund was created by Act 2 of 1976 to finance the expenses of the Department of Labor and Industry in administering the Pennsylvania Workers' Compensation Act and the Pennsylvania Occupational Disease Act. Act 44 of 1993 and Act 57 of 1996 amended the Workers' Compensation Act, expanding the administrative responsibilities of the department. The fund is supported by annual assessments on insurers and self-insurers under the act. These administrative funds are approved by the Legislature for expenditure through the appropriation process.

# Workmen's Compensation Supersedeas Fund

The purpose of this fund is to reimburse insurers for payments made by them to claimants under the Workers' Compensation Act who are later determined to be ineligible. The fund is maintained by annual assessments on insurers and self-insurers and is administered by the Department of Labor and Industry.

# STATISTICAL DATA

This section contains historical data for various Pennsylvania economic indicators. Data is obtained from published sources noted on each page. Additional data is available from the Penn State Data Center through the Commonwealth's World Wide Web home page by selecting "About PA" on that page. ([www.state.pa.us/PAPower/](http://www.state.pa.us/PAPower/)).

## State Population Trends

The following charts and tables present trend information on Pennsylvania's population. The population estimate and growth rate for 5 year periods beginning in 1983 is given in the top chart and table. The bottom chart and table provides the trend for the median age of the Pennsylvania population beginning in 1997. Data are from the U.S. Census Bureau. Population data are from intercensal estimates.

Calendar Year	Population Estimate (thousands)	5 Year Growth Rate
1983	11,838	-0.3%
1988	11,846	0.1%
1993	12,022	1.5%
1998	12,002	-0.2%
2003	12,365	3.0%

Calendar Year	Median Age
1997	37.3
1998	37.6
1999	37.9
2000	38.0
2001	38.8
2002	38.7
2003	N/A

## Gross State Product Trends

The following charts and tables present trend information on Pennsylvania's gross state product, the state counterpart of the nation's gross domestic product. Annual estimates of gross state product (in current dollars) and its annual growth rate is presented in the top chart and table. Data are available only through 2001.
