

GOVERNOR TOM WOLF

Executive Budget

2022-2023

COMMONWEALTH OF PENNSYLVANIA
OFFICE OF THE GOVERNOR
HARRISBURG

THE GOVERNOR

February 8, 2022

To the People of Pennsylvania:

When I took office seven years ago, no one could have predicted where we would be today. At that time, the commonwealth was facing a \$2 to \$3 billion deficit, and the Rainy Day Fund balance was \$231,000. To get us on a path to fiscal recovery, my administration focused on investments in education, increasing access to health care for all Pennsylvanians, and fair wages in high-quality jobs with career pathways. We have faced a pandemic, racial injustice, and political divides. But by investing in the people of Pennsylvania, we are not only weathering these challenges, but we are changing our future. This year, we will end the year with a \$3 billion surplus, and I will be able to leave the next governor of Pennsylvania with not only a balanced budget, but a surplus and the ability to further invest in a brighter future for our commonwealth.

I am proud to present a budget that continues my administration's priority to invest in Pennsylvanians. The 2022-23 budget invests an additional \$1.55 billion in basic education funding and an additional \$200 million in special education. In total, my administration will have increased education funding over \$3.7 billion, running an estimated 26.5 percent of all education funding through the Fair Funding Formula. We are also making significant investments in higher education to ensure access to high-quality, affordable college opportunities and job training programs that open career pathways.

The pandemic has put a harsh spotlight on our commonwealth's strained health care system. Worker shortages have limited access to critical services. In response, this budget proposal partially restores county mental health funding, increases funding for long-term facilities that have been hit hardest by the pandemic, and continues the incredible progress we have made to serve individuals with disabilities in their communities. All of this is in addition to rate increases and program improvements funded with \$1.2 billion in federal funding for home and community-based services.

Key proposals to reform our criminal justice system will increase the safety for all Pennsylvanians. Following the successful passage of the first Clean Slate Law in the country, this budget includes funding for women's reentry services and gun violence prevention coupled with policy reforms in law enforcement, bail, pretrial, and probation practices. Medical release reform will transition lowest risk individuals into the community while decreasing costs. This holistic approach will lead to improved outcomes for individuals in the criminal justice system and improved safety for our police, probation, and corrections officers.

As I present my last budget proposal to the people of Pennsylvania, I am grateful for the opportunity I have had over these last seven years to serve you, and support critical investments in the future of this great commonwealth.

Sincerely,

A handwritten signature in black ink that reads "Tom Wolf".

Tom Wolf

GOVERNMENT FINANCE OFFICERS ASSOCIATION

*Distinguished
Budget Presentation
Award*

PRESENTED TO

Commonwealth of Pennsylvania

For the Fiscal Year Beginning

July 01, 2021

Christopher P. Morill

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented an award of Distinguished Presentation to the Commonwealth of Pennsylvania for its annual budget for the fiscal year beginning July 1, 2021. This award is valid for a period of one year.

In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communication device.

To view the Governor's Executive Budget online or learn more about the Pennsylvania Office of the Budget, go to www.budget.pa.gov. To learn more about the Commonwealth of Pennsylvania, go to www.pa.gov.

Overview of Sections within the Budget

Preface

Includes the Governor's Letter, Distinguished Budget Presentation Award, an overview of sections within the budget, and the table of contents.

Reader's Guide

Provides an explanation of the budget process, program budget structure, and the basis of budgeting and accounting, and summarizes significant financial policies and lists terms used in the budget.

A. Overview and Summaries

Provides summary information regarding program policy direction and budget themes. It discusses the economic outlook, major operating funds, and overall complement and summarizes the budget for major commonwealth funds including the General Fund, Motor License Fund, Lottery Fund, and Budget Stabilization Reserve (Rainy Day) Fund.

B. Program Budget Summary

Provides a summary of the budget by major revenue source and information for each major program by component categories and subcategories (subdivisions of programs).

C. Summary by Fund

Provides a summary for the General Fund and Special Funds, including detailed data on revenues and a summary of expenditures for each fund. Detailed expenditure and program information is found within Section E: Department Presentations.

D. Tax Expenditures

Provides information regarding tax expenditures for the General Fund, Motor License Fund, and selected other funds. These are tax credits, deductions, exceptions, and exclusions provided in law which result in a significant reduction in revenues that would otherwise be received at current tax rates.

E. Department Presentations

Provides detailed expenditure information by agency, program, and funding source. Each department presentation includes a Summary by Fund and Appropriation, Program Funding Summary, information on major programs, appropriation funding details, and Program Measures.

F. Capital Budget

Provides detailed information by agency regarding proposed capital budget projects. In addition, lists proposed funding sources and amounts needed to support the capital program for the next five years.

G. Public Debt

Provides data on the debt obligations of the commonwealth used to fund capital programs, voter-approved bond referendums, and certain disaster relief programs.

H. Other Special Funds

Provides a brief description and financial data for all commonwealth funds not given an expanded treatment in other sections of the budget.

I. Complement

Provides a summary by department of salaried complement on a full-time equivalent (FTE) basis. It also provides a brief description by agency and appropriation of the complement changes recommended in the budget.

J. Statistical Data

Provides historical data for various Pennsylvania economic indicators.

READER'S GUIDE

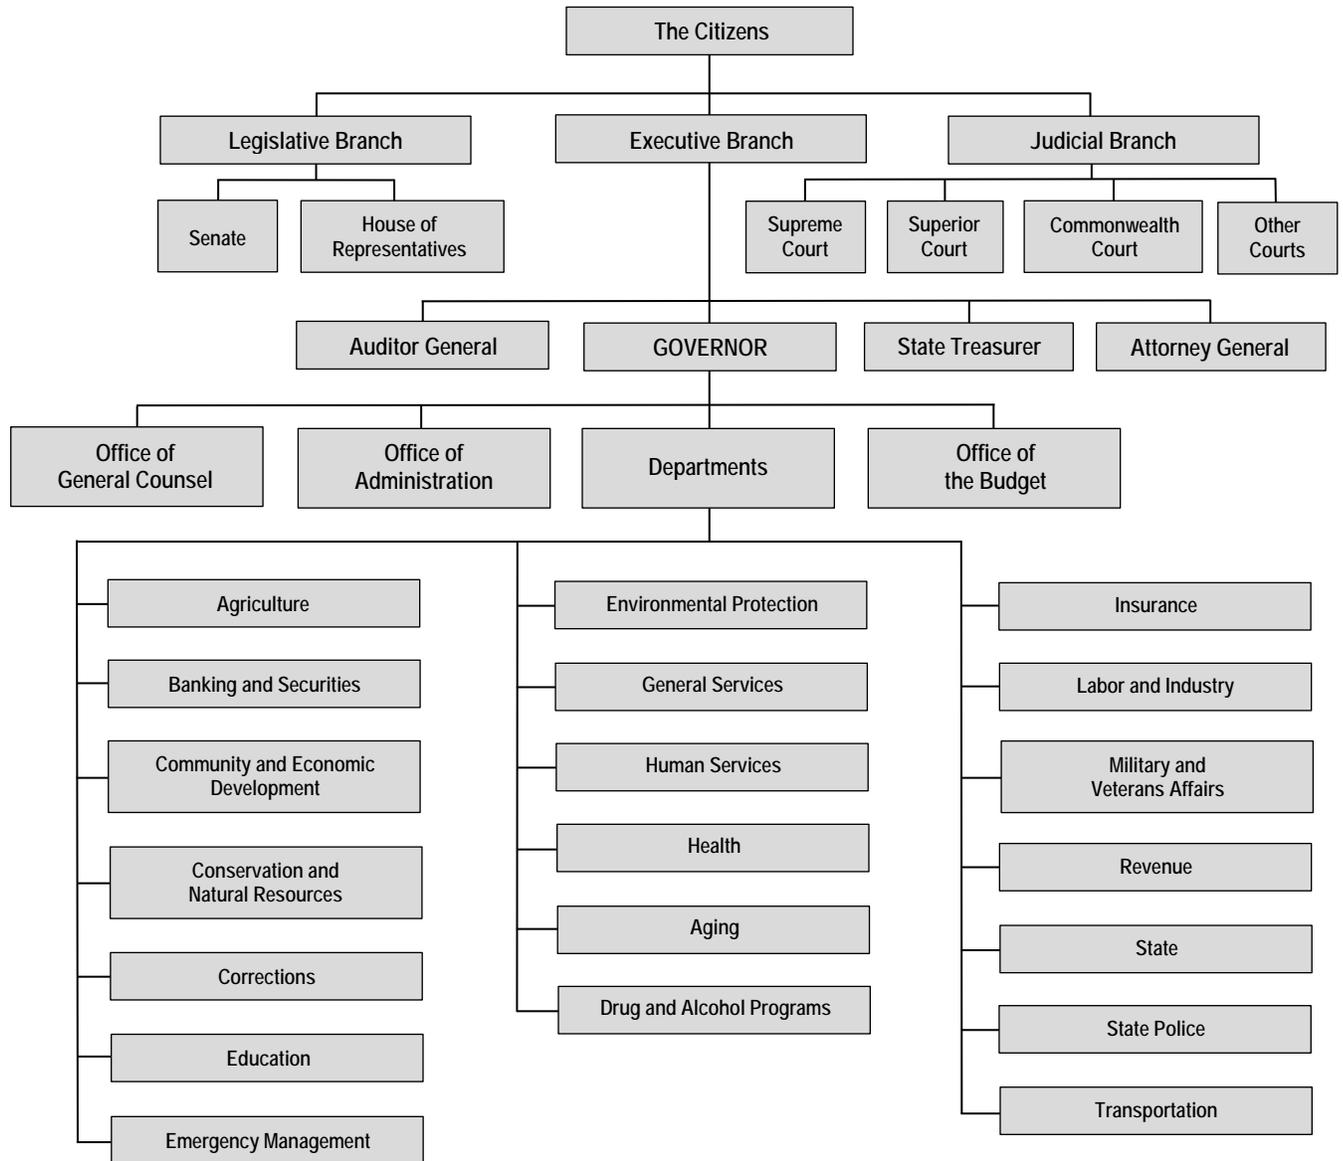

This section of the budget is intended to assist readers with interpreting and understanding the content of the governor's recommended budget.

It contains an organization chart of the commonwealth, descriptions of the operating and capital budget processes, explanations of the program budget structure and the basis of budgeting and accounting, a summary of significant financial policies, terms used in the budget process, and a list of common federal funds abbreviations.

The government of the commonwealth is comprised of three separate branches: the Executive Branch, the Legislative Branch, and the Judicial Branch. The organization chart shown on the following page provides additional information about the structure of Pennsylvania State Government.

To view the Governor's Executive Budget online or learn more about the Pennsylvania Office of the Budget, go to www.budget.pa.gov. To learn more about the Commonwealth of Pennsylvania, go to www.pa.gov.

The Budget Process

The Pennsylvania Constitution requires that the governor submit a budget annually to be adopted by the General Assembly for the ensuing fiscal year. The General Assembly may add, change, or delete any items in the budget proposed by the governor, but the governor retains veto power over the individual appropriations passed by the General Assembly. The governor may also reduce individual appropriations but may not increase them. A gubernatorial veto can be overridden only by a two-thirds majority of each house of the General Assembly.

The Governor's Executive Budget is developed with a focus on the results of government programs and provides information about program goals, objectives, accomplishments, and impacts.

The Governor's Executive Budget is a statement of the commonwealth's program plan, the resources necessary to support that plan, a description of how resources are to be used, and an assessment of the effectiveness of programs on people and the environment. This information is presented so that the levels of expenditure are associated with levels of government services and, ultimately, with the resulting effects on important public policy issues and concerns faced by the commonwealth.

PHASES OF THE BUDGET PROCESS

The state budget process can be divided into four phases: gubernatorial preparation and submission to the General Assembly, approval (involving the executive and legislative branches), execution, and program performance evaluation and financial audit.

Preparation

The preparation phase of the budget process begins nearly twelve months prior to the July 1 start of that fiscal year. The first step of the preparation phase is the distribution of the budget instructions by the Governor's Budget Office and program policy guidance by the Governor's Policy Office. The program policy guidance defines major policy issues, spells out priorities, and provides policy direction to the agencies for budget preparation.

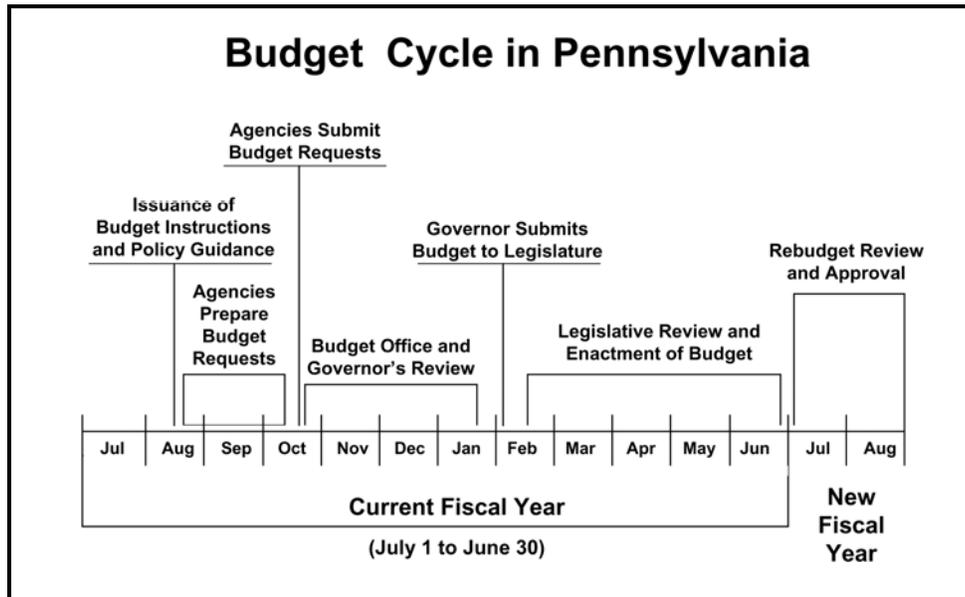

Agency budget requests are submitted to the Governor's Budget Office beginning in early October. Agencies prepare and submit their requests electronically. The Agency Program Plan, the programmatic presentation of agency budget requests, and the appropriation-level information are prepared and submitted in the format and manner specified in budget instructions issued annually by the Governor's Budget Office.

During December, the governor apprises legislative leaders of anticipated spending and revenue levels and major fiscal issues expected to be addressed in the upcoming budget.

The Secretary of the Budget and Governor's Budget Office staff review agency budget requests for accuracy and adherence to the policy guidance. The Agency Program Plan and appropriation data is used by the Governor's Budget Office to analyze the agency requests and prepare funding recommendations for the Secretary of the Budget and the governor. Total agency requests must be brought into balance with total funds estimated to be available from existing sources and any new revenue sources that are recommended. The Secretary of the Budget makes recommendations to the governor on the expenditure proposals contained in each agency budget request and, along with the Secretary of Revenue, provides revenue estimates. The governor reviews these recommendations and makes final budget decisions. The Governor's Executive Budget document is then completed and submitted to a joint session of the General Assembly by the governor through the budget address.

Approval

Shortly after receiving the Governor's Executive Budget, the Appropriations Committees of the House of Representatives and Senate hold public hearings to review agency budget proposals. The appropriations hearings provide the legislators with an opportunity to review the specific programmatic, financial, and policy aspects of each agency's programs. The legislators' decisions on the budget are reflected in the annual General Appropriation Bill and individual appropriation bills. The General Appropriation Bill contains appropriations for the executive, legislative, and judicial departments, public schools, and for public debt. All other appropriations are made individually by separate bills.

Appropriations made to institutions not under the absolute control of the commonwealth are considered nonpreferred appropriations and require a two-thirds vote of each house of the General Assembly for passage. The passage of the General Appropriation Bill and other appropriation bills by the General Assembly and the passage of any revenue measures which may be required to ensure a balanced budget constitute the legislative approval phase of the budget process.

At the time that the General Appropriation Bill and other appropriation bills are presented to the governor for approval, the official revenue estimates for the budget year are established by the governor. If the appropriations passed by the Legislature exceed the revenue estimates plus any available surplus, the governor has the authority and duty either to veto entire appropriation bills or to reduce the amount of appropriations in order to produce a budget that is in balance with total resources available. The governor also has the power to reduce or item veto any appropriation he thinks excessive or unnecessary, even if the total appropriations passed by the legislators do not exceed estimated resources available. A governor's item veto may be overridden by a two-thirds vote of each house of the General Assembly.

The signing of the appropriations bills and any revenue bills by the governor is the last step in the approval stage of the budget process.

On occasion, additional appropriations are made subsequent to the enactment of the General Appropriation Act. These additional appropriations are made for a purpose for which either no appropriation was originally made or where the General Assembly deems it desirable or necessary that an original appropriation be increased in the current fiscal year period. These appropriations are made in supplemental appropriation bills that are passed in the same manner as regular appropriation bills.

Execution

The Governor's Budget Office has the authority to request and approve agency spending plans, commonly referred to as rebudgets, and to establish authorized levels for an agency's full-time equivalent (FTE) salaried complement, i.e., personnel. The rebudgets are based primarily on the enacted appropriations. The Governor's Budget Office electronically enters allocation amounts into the accounting system based upon the approved rebudget. Program managers and administrators are responsible for operating their programs within the resources that are available and for producing the results cited in the budget.

Audit

The last phase of the budget cycle, which occurs after the close of the fiscal year, encompasses audit and review of program and financial performance. The Governor's Budget Office informally reviews program and financial performance and performs formal evaluations of selected programs. In addition, the Auditor General performs a financial post audit.

The Capital Budget Process

Preparation, Submission, and Approval

The capital budget process in Pennsylvania is similar to the process used for the operating budget. The capital budget process has the following phases: preparation and submission to the General Assembly, approval (involving both the executive and legislative branches), and capital budget execution.

The preparation phase follows the operating budget preparation cycle for a fiscal year beginning July 1. When agencies submit operating budget requests to the Secretary of the Budget beginning in early October, agencies also submit a capital budget request itemizing proposed capital projects they want to undertake. The Governor's Budget Office reviews capital requests and develops recommendations based on the governor's financial parameters and policies.

The governor makes final decisions on the capital budget at the same time as the operating budget. The governor's final recommendations are contained in a separate capital budget section in the Governor's Executive Budget submitted to the General Assembly.

The governor's capital project recommendations, along with any additions or deletions made by the General Assembly, are contained in a separate bill usually known as the Capital Budget Project Itemization Act. This bill, along with the Capital Budget Act which contains the maximum debt limitations for the next fiscal year beginning July 1, must be passed by both houses of the General Assembly and presented to the governor for signature.

The governor reviews the projects contained in the Capital Budget Project Itemization Act taking into consideration his priorities, the importance of the project, and the impact the project will have on agency operating budgets. The governor may approve the bill as is or item veto parts or all of the amounts contained in the bill. Any item veto may be overridden by a two-thirds vote of each house of the General Assembly. The governor's approval of the Capital Budget Project Itemization Act is the final stage of the capital budget approval process.

Each year, even if a capital budget project itemization bill is not passed, a Capital Budget Bill - legislation establishing limitations on the debt to be incurred for capital projects - is proposed. If passed by the legislature and signed into law by the governor, the act establishes a debt ceiling for each major category of the capital program and remains in force for a single fiscal year.

Capital Project Activation

In order for a capital project approved in an enacted project itemization act to move forward, the Department of General Services must request that it be activated. All project activation requests are reviewed by the Governor's Budget Office for consistency with the governor's priorities and policies. Projects approved by the Governor's Budget Office are scheduled for release, first for design, and then when design is complete, for construction. Project releases are made in accordance with certain fiscal guidelines in order to keep the entire capital budget at affordable levels each fiscal year.

Debt Financing vs. Current Revenue Financing

A capital project can be funded by commonwealth debt obligations, current revenues, or funds received from other jurisdictions if it meets one of the project category criteria listed in the Capital Budget Program Summary. The majority of capital projects are funded through general obligation bonds, but in accordance with commonwealth debt policy, highway capital projects are funded from current revenues of the Motor License Fund. Agencies will request either bond or current revenue funding when they submit capital project requests. The statements in Section F summarize new capital projects by capital program category, then by department, and by bond or current revenue sources. The capital projects for each department first list agency bond-funded projects, then list agency projects funded through current revenues.

The reader is referred to Section F: Capital Budget, which contains the governor's recommended capital budget and five-year capital program, including funding sources and amounts needed to support capital programs.

The Commonwealth's Program Budget Structure

COMMONWEALTH PROGRAM PLAN

The budget presentation for each commonwealth department or agency is shown on a program basis and on an appropriation basis. The Section B: Program Budget Summary provides a summary presentation by commonwealth program and shows program costs according to eight major commonwealth program classifications. These eight Commonwealth Programs are each defined in terms of broadly stated goals of state government.

The first commonwealth program, Direction and Supportive Services, includes the resources to support administrative functions that affect the overall operations of the commonwealth. The next six commonwealth programs are substantive in nature and deal with costs related to their program titles: Protection of Persons and Property; Education; Health and Human Services; Economic Development; Transportation; and Recreation and Cultural Enrichment. The last commonwealth program, Debt Service, includes the resources to meet the timely payment of commonwealth debt obligations. Debt Service is shown as a separate commonwealth program and is not merged with program expenditures so that direct program expenditures may be more clearly identified.

Program Budget Structure
<ul style="list-style-type: none"> • Commonwealth Program – eight major programs • Program Category – defined by desired goals • Program Subcategory – Program Presentation that includes an objective, narrative, and funding • Program Element – activities contributing toward the accomplishment of the subcategory program objective

Each of the eight major commonwealth programs is subdivided into program categories defined by more specific goals. program categories are further broken down into program subcategories (more commonly referred to as program presentations in the budget book). The program presentations include program objectives, narratives, and funding recommendations. Program narratives are further broken down into program elements – the basic unit of the program budget structure. Program elements are the activities that contribute to the accomplishment of the program objective of the program presentation.

Department Presentations

Each agency presented in Section E of this budget book includes a Mission Statement, an Organization Overview, a Summary by Fund and Appropriation, a Program Funding Summary, and a program subcategory Program Presentation.

Mission Statement

The mission statement is included on the title page of the department or agency presentation and describes what the agency does or intends to accomplish and why.

Summary by Fund and Appropriation

The Summary by Fund and Appropriation (SFA) presentation is organized by fund, character of expenditure, state appropriation, and the federal funds, augmentations, and restricted funds that supplement the activities funded by each state appropriation. Three fiscal years are shown on this presentation – the budget year and two prior fiscal years. The most immediate prior fiscal year is named the “available year” and the second most immediate prior fiscal year is named the “actual year.”

State funds included in the SFA presentation are the: General Fund, Motor License Fund, Lottery Fund, and all appropriations or executive authorizations made from these funds. Section C presents financial statements and revenue detail for each of these state funds.

Federal fund amounts shown on the SFA include appropriations to date as well as anticipated adjustments because of increases or decreases in the amount of funds to be received. Because of the manner in which they are appropriated, federal funds are deposited as General Fund revenues rather than as augmentations. Federal funds are not, however, included in the revenue sections of the budget. Instead, federal funds are shown with the state funds they supplement. Abbreviations or acronyms often are used in the federal appropriation titles shown on the SFA. The Federal Funds Identification section in this Reader's Guide lists common federal fund abbreviations.

The Summary by Fund and Appropriation example pages immediately following this section explain the layout of the SFA and provide more detail on the items discussed here.

Program Funding Summary

The agency Program Funding Summary presents general, special, federal, and other funding organized by the program subcategory Program Presentations of the commonwealth's program budget structure rather than by appropriation. The summary is a seven-year presentation – including the actual, available, and budget years previously discussed, plus four additional planning years beyond the budget year. The four planning years do not show cost projections based on desired progress toward meeting goals, but rather show the future cost consequences of current program policy including the cost of any current legislatively mandated increases that may be effective in a future year. All departmental program funding summaries are shown aggregated in Section B according to the eight major Commonwealth Programs and their identified Program Categories. Each departmental subcategory shown in its Program Funding Summary is included in one and only one of the eight major Commonwealth Programs and in one of the Program Categories.

Program Presentation

Each program subcategory Program Presentation includes a program goal that states the program's purpose in terms of desired accomplishments, a narrative describing program activities and services, program recommendations that identify increases or decreases over available year funding, and a list of state appropriations that support the activities within the program.

An agency may have one or more Program Presentations, depending on the breadth and complexity of its mission, activities, goals, and objectives. The reader can quickly see program presentation titles in the Table of Contents which lists every program presentation for every agency. Each program presentation begins with and is defined by one program goal. Program narratives describe program activities, services, and expected outcomes and may be further broken down by program element narratives which focus on specific program activities.

Program Presentation
• <i>Program Goal – program purpose stated as desired accomplishments</i>
• <i>Narrative – program activities and services description</i>
• <i>Program Recommendations – proposed funding increases or decreases</i>
• <i>Appropriations within this Program – appropriations supporting program activities</i>
• <i>Program Measures – activities funded by the program</i>

The Program Recommendations section lists and briefly describes each funding increase or decrease for each state appropriation. Major funding changes are identified as Initiatives which often are more fully discussed in the Section A: Overview and Summaries section.

The Appropriations within this Program section is a seven-year presentation of the state appropriations included in the Program Presentation. As noted in the previous planning year discussion, the four planning years do not show cost projections based on desired progress toward meeting goals, but rather show the future cost consequences of current program policy including the cost of any current legislatively mandated increases that may be effective in a future year. Each state appropriation appears in only one agency and in only one Program Presentation.

Within the commonwealth's program budget structure, performance measures are used to quantify program activities and results. Program Measures is the last section in the program presentation and is a seven-year presentation of performance measures that identify program activities and outcomes in addition to the impact the proposed budget is expected to have on those activities and outcomes.

The Program Presentation example pages immediately following the Summary by Fund and Appropriation example pages in this section explain the layout of the Program Presentation and provide more detail on the items discussed here. The reader is also referred to the Terms Used in the Budget Process section of this Reader's Guide for the definitions of the terms discussed in this section.

OTHER SPECIAL FUNDS

The Section H: Other Special Funds provides brief descriptions and financial data for those special funds of the commonwealth not given an expanded treatment in other sections of this document.

The Summary by Fund and Appropriation

A summary by fund and appropriation (SFA) is shown at the beginning of each agency presentation in Section E. The SFA identifies all state appropriations within the agency and those federal funds, augmentations, and other funds which supplement the activities within the respective state appropriation.

General Fund — The fund into which the general (non-earmarked) revenues of the state are deposited and from which monies are appropriated to pay the general expenses of the state.

General Government — A character of expenditure which is a classification of appropriations according to their general purpose. Other characters of expenditure are institutional, grants and subsidies, capital improvements, and debt service.

General Government Operations — Identifies an appropriation by the General Assembly or an executive authorization (EA) by the governor to spend state monies.

"(F)" Identifies a federal appropriation by the General Assembly or an executive authorization by the governor to spend federal monies.

"(A)" Identifies other monies which augment a state appropriation.

"(R)" Identifies funds which are in a restricted account and may only be spent for very limited purposes related to the state appropriation.

Identifies one of a group of special funds which are presented fully in Section C: Summary by Fund. For purposes of this presentation, state funds include the General, Motor License, and Lottery funds.

Identifies one of a group of special funds which are presented on a limited basis in Section H: Other Special Funds.

GOVERNOR'S EXECUTIVE BUDGET 20XX-20XX

Program Presentation

Each Program Presentation provides a written and financial explanation of the activities of the program. Recommendations for the continuation of current programs at essentially current levels of commitment are shown within department program subcategories. Recommendations for major program changes are identified as department Program Revision Requests (PRRs) or Initiatives which provide explanations and justification for the change.

Program Recommendations — Identifies the increases or decreases over the available year funds as presented in the Summary by Fund and Appropriation.

General Government Operations — Identifies a specific appropriation.

Initiative — Identifies a major program change and is explained in more depth in a presentation following the program.

Appropriations within this Program — Identifies all state appropriations which support the activities within the program. Each appropriation appears in only one agency program.

Program: Environmental Protection

Goal: To protect and improve the quality of the air, water and land resources of the commonwealth, to protect the people from pollution and man-made sources, including occupational and environmental health hazards, and to ensure that natural resources are managed in a way which ensures against their undue depletion and degradation.

This program focuses on achieving DEP's mission to protect Pennsylvania's air, land, and water from pollution and to provide for the health and safety of its citizens.

Permitting and inspection functions are fundamental to most of DEP's programs and regulatory oversight. The permit approval process occurs prior to an industrial activity (or during modification), and inspections occur as specified in regulations throughout the life of the permitted activity. Both permits, and inspections cover almost every industry and are often a requirement to maintain primacy of certain federal programs.

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

\$	100	General Government Operations —to continue current program.
\$	100	Environmental Program Management —to continue current program.
	<u>1,000</u>	—Initiative - Rebuilding Pennsylvania's infrastructure
\$	1,100	Appropriation Increase

Appropriations within this Program:

GOVERNOR'S EXECUTIVE BUDGET 20XX-20XX

← Identifies the agency being presented.

Program — Focuses upon objectives which can be measured in terms of quantifiable impact.

Program Element — Used within a program narrative to identify sub-program components.

Narrative — Describes program services and activities.

← Underlined text indicates a live web link contained in the online version of the Governor's Executive Budget. These links connect to additional programmatic information contained on agency websites or other web locations. Please refer to the online document found at www.budget.pa.gov.

← **Program Measures** — Indicates the expected impact of the proposed budget on services, costs, etc., involved in all programs within the entire agency.

Program measures are maintained by the Governor's Office of Performance Through Excellence. Each year, they publish [Story Pages](#), which provide additional details and graphic representations of program measures.

Basis of Budgeting and Basis of Accounting for Financial Reporting

Basis of Budgeting for Control and Compliance – Modified Cash Basis

The commonwealth's budgets are prepared on a modified cash basis that is used to establish and ensure compliance with enacted budgets according to applicable commonwealth statutes and administrative procedures. For each commonwealth operating fund, the total amount appropriated by the General Assembly for a fiscal year may not exceed the fiscal year's estimated revenues available for appropriation, as developed by the governor, plus the unappropriated surplus fund balance (or less a deficit) of the preceding fiscal year, except for constitutionally authorized debt service payments.

With a modified cash basis of budgeting, tax receipts, nontax receipts, augmentations, and all other receipts are recognized when posted to the commonwealth's accounting system. Expenditures are recorded at the time payment requisitions and invoices are posted to the commonwealth's accounting system. Expenditures include appropriated amounts reserved for payment of contracts for the future delivery of goods and services to the commonwealth through an encumbrance process. Also, appropriated funds are retained at fiscal year-end to pay direct expenditures such as salaries, wages, travel, and utility costs payable against a fiscal year's appropriation authority but expended in the subsequent fiscal year.

Budgetary control is exercised at the appropriation level (legislative spending authority level). Encumbrances and expenditures cannot exceed appropriated amounts. Appropriation transfers between departments and any supplemental appropriations require both executive and legislative branch approval. Uncommitted and unexpended appropriations return to the fund balance (lapse) at fiscal year-end and become available for appropriation in the subsequent fiscal year. Over-estimates of amounts required to meet current year obligations are lapsed in the subsequent year and under-estimates are paid from subsequent year appropriations.

Budgets are statutorily adopted each fiscal year for the General Fund and the following special revenue funds: Banking Department, Ben Franklin Technology Development Authority, Emergency Medical Services Operating, Energy Conservation and Assistance, Hazardous Material Response, HOME Investment Trust, Milk Marketing, Motor License, and Workmen's Compensation Administration. However, not all special revenue funds are controlled by statutorily adopted budgets. Controls over spending in such special revenue funds are maintained by use of spending limits (executive authorizations) established by the governor, within parameters established by the General Assembly. Budgets are also statutorily adopted for the administration of the State Employees' Retirement and Public School Employees' Retirement funds and for portions of the State Stores, Tobacco Settlement, and Tuition Account Guaranteed Savings Program funds.

The commonwealth also makes appropriations to authorize expenditures for various capital projects. Capital project appropriations normally remain in effect until the completion of each project unless modified or rescinded.

Basis of Accounting for Financial Reporting – GAAP Modified Accrual Basis

In addition to the budgetary basis financial information maintained by the commonwealth to monitor and enforce budgetary control, special account balances, principally receivable and payable items, are maintained to provide and report information in conformity with generally accepted accounting principles (GAAP) applicable to state and local governments. GAAP requires a modified accrual basis of accounting for governmental fund types. With modified accrual basis accounting, revenues are recognized when they become both measurable and available to finance expenditures. Expenditures are generally recognized and recorded when a liability to make a payment is incurred, regardless of when the cash disbursement is to be made. For proprietary and fiduciary fund types, GAAP requires a full accrual basis of accounting.

Accounting Differences in GAAP Financial Reporting versus Budgetary Reporting

Revenues and expenditures reported and included in GAAP financial statements differ from those reported in the commonwealth's budgeting system. Among other differences, the GAAP statements generally recognize revenues when they become measurable and available rather than when cash is received; report expenditures when goods and services are received and a liability incurred rather than when cash is disbursed; include government-wide statements, representing aggregate governmental activities of the commonwealth, along with fund statements, including individual major and aggregate nonmajor funds grouped by GAAP fund type rather than by commonwealth funds; and include activities of all funds in the financial reporting entity, including agencies and authorities usually considered as independent of the commonwealth for budgetary accounting and reporting purposes. GAAP financial accounting generally requires sales/use, personal income, corporation, and other tax revenue accruals as well as tax refunds payable and tax credits to be subtracted from reported tax revenues and expenditures not covered by appropriations to be included as expenditures.

Significant Financial Policies

A summary of significant financial management policies of the commonwealth is presented here:

Accounting – Accounting policies are noted in the Basis of Budgeting and Basis of Accounting for Financial Reporting section immediately preceding this section. In addition to the budgetary basis financial information maintained by the commonwealth to monitor and enforce budgetary control, special account balances, principally receivable and payable items, are maintained to provide and report information in conformity with accounting principles generally accepted in the United States applicable to governments. The Governmental Accounting Standards Board (GASB) establishes accounting and financial reporting requirements for state and local governments.

Budget Stabilization Reserve Fund – This fund is commonly referred to as the Rainy Day Fund. Act 91 of 2002 provided for this fund effective July 1, 2002, to eventually establish a reserve fund amounting to 6 percent of the revenues of the General Fund. For the fiscal year beginning July 1, 2002, and in any fiscal year thereafter in which the Secretary of the Budget certifies that there is a surplus in the General Fund, 25 percent of the surplus is to be deposited by the end of the next succeeding quarter into this fund. Act 20 of 2019 provided for a transfer of an amount equal to 100 percent for the fiscal year ending June 30, 2019. There was no surplus for fiscal year 2019-20. Act 114 of 2020 transferred \$100 million to the General Fund. Act 24 of 2021 transferred 100 percent of the 2020-21 \$2.6 billion General Fund surplus. This budget proposes no transfer from the General Fund for fiscal year 2021-22.

Investments – Investment Pools – The Fiscal Code provides the Treasury Department with investment control over most commonwealth funds. The Treasury Department uses a variety of sophisticated internal investment pools that seek to provide preservation of principal, liquidity, diversification, and income for commonwealth funds. All participating funds report amounts invested in such pools as temporary and/or long-term investments; the pools themselves are not financially reported.

Debt Issuances – The commonwealth constitution permits debt to be issued for capital projects in approved capital budgets; purposes approved by voter referendum and response to disasters. The constitution limits outstanding capital budget debt to 1.75 times the average tax revenues during the previous five fiscal years. Voter approved and disaster relief debt are not subject to the constitutional debt limit. Capital projects addressing health, safety, and public protection receive top priority for activation. Additional information on public debt and debt policies is found in the Section G: Public Debt.

Debt Policy – The commonwealth's conservative public debt policies date back to the 1980's:

- General obligation pledges are the preferred source of security.
- Referendum questions should be submitted to the voters for critical needs only.
- Moral obligation pledges should not be provided.
- Revenue pledges are to be used by independent agencies.
- Lease revenue debt should be used only when budgetary restraints prohibit the use of current revenue funding.
- Debt service should not exceed five percent of revenues.
- Highway projects should be funded from current revenues.
- Capital projects addressing health, safety, and public protection receive top priority for activation, followed by renovations to existing facilities.

Additional detail on these financial policies can be found in other sections of this document including the Section A: Overview and Summaries, Section F: Capital Budget, Section G: Public Debt, and Section H: Other Special Funds.

Terms Used in the Budget Process

Accrual: The accounting recognition of revenue or expenditures/expense amounts prior to cash receipt of revenue or cash disbursements for expenditures/expenses. Accruals are based on the delivery of a good or completion of a service by a specific date for which related cash receipts or disbursements have not yet occurred. Accruals are typically posted at the end of an accounting period and are reversed during a subsequent accounting period.

Agency Program Plan: The aggregation of program and financial information projected over a five-year period that serves as the agency input into the Commonwealth Program Plan.

Appropriation: Legislation requiring the governor's approval authorizing an agency, department, board, commission, or institution to spend a specified amount of money for a stated purpose or purposes during a particular period of time, usually one fiscal year.

Augmentation: Monies such as institutional billings or fees credited to a specific appropriation of state revenues. An augmentation can usually be spent for those purposes authorized for the appropriation it augments. Although augmentations usually are appropriated in general terms with no specific dollar limits, federal aid monies must be appropriated specifically.

Authorized Salary Complement: A complement authorization established by the Governor's Budget Office based on funding and agency justification for positions.

Balanced Budget: A budget in which proposed expenditures equal actual and estimated revenues and surplus. The Constitution of Pennsylvania requires the governor to submit a balanced budget and prohibits the General Assembly from appropriating monies in excess of actual and estimated revenues and surplus.

Bond: A debt investment issued by the commonwealth or other public agency or authority. Bonds are used to raise money to finance new projects, maintain ongoing operations, or refinance existing other debts, and are issued for a set number of years (often more than 10 years). At maturity, the issuer repays the principal to the investor. The investor also receives regular interest payments from the issuer until the bond matures.

Budget: A statement of the state's program plan, the resources necessary to support that plan, a description of how and for what purposes the resources are to be used, and a projection of the effects of the programs on people and the environment.

Budget Type: A term used to describe the components of various funding sources and status of the funding sources that determine the total funds available for each commonwealth appropriation or executive authorization. Budget Types include:

- **Appropriation or Executive Authorization** – The amount provided in an enacted appropriation bill or executive authorization and issued in approved Expenditure Symbol Notification letters.
- **Estimated Augmentations** – The amount made available in an approved allocation or allocation amendment to supplement an Appropriation or Executive Authorization from non-Federal sources.
- **Federal Transfers** – The amount of expenditures anticipated to occur in the State Appropriation or Executive Authorization in the first instance and then transferred to a related Federal Appropriation or Executive Authorization.
- **Non-Federal Transfers** – The amount of expenditures anticipated to occur in the State Appropriation or Executive Authorization in the first instance, and then transferred to another State Appropriation or Executive Authorization or Other Funds source within the same or a different Commonwealth Fund.
- **Pending Lapse** – The amount of funds from an Appropriation or Executive Authorization that may potentially lapse. These funds are no longer available for expenditure or commitment.
- **Lapse** – The amount of funds from the Appropriation or Executive Authorization for which a lapse has been processed and approved. These funds are no longer available for expenditure or commitment.
- **Federal Expiration** – The amount of lapse of Appropriation or Executive Authorization authority from a Federal Appropriation or Executive Authorization.
- **Budget Carry Forward** – The amount of prior year available funds that have carried forward to a new fiscal year.

Capital Authorization: The appropriations and/or debt authorization enacted in an annual capital budget to fund any permitted capital program.

Capital Budget: The capital budget recommends projects for the construction, renovation, improvement, acquisition, and purchase of original furniture and equipment of any building, structure, facility, land, or land rights. Projects must have an estimated useful life in excess of five years and an estimated cost in excess of \$100,000 or more if bond funds are used and \$300,000 or more when current revenues are used. Those projects under these thresholds are not considered capital and are funded from operating budgets. Most of the capital budget projects in the past have been paid from monies obtained by the sale of bonds.

Character of Expenditure: A classification of appropriations according to their general purpose, including general government, institutional, grants and subsidies, capital improvements, and debt service.

Commonwealth Program Plan (CPP): The aggregation of all of the Agency Program Plans (APP) within the framework of the commonwealth's program structure.

Complement: A term synonymous with state personnel or workforce, more often used in the context of positions rather than employees or persons employed. Complement terms include:

- **Authorized Salaried Complement** – A complement authorization established by the Governor's Budget Office as part of the annual rebudget process and based on funding and agency justification for positions.
- **Complement Level** – The number of full-time equivalent wage or salaried positions authorized by appropriation and agency. The Governor's Budget Office establishes authorized salaried complement levels and the Governor's Office of Administration establishes authorized wage complement levels.
- **Full-time Equivalent (FTE)** – A numeric unit that indicates the workload of an employed person in a way that makes full- and part-time workloads comparable. A full-time worker is equivalent to one FTE and two half-time workers are also equivalent to one FTE. For budgeting purposes, an agency's total FTE count is rounded to the nearest integer.
- **Limited-Term Salaried Position** – A salaried position that has a specific date of expiration, regardless of duration, that requires the temporary, full-time, or part-time employment of at least one person.
- **Position** – An authorized and individually identified group of duties and responsibilities requiring the full- or part-time employment of at least one person.
- **Salaried Position** – A position requiring the full-time or part-time employment of at least one person on a regularly scheduled basis for a period of time exceeding six months.
- **Wage Position** – A position requiring the full-time or part-time employment of one person, either on a regular schedule for a short-term duration of time or on an intermittent or irregularly scheduled basis.
- **Workforce** – Persons employed by the commonwealth.

Annual Comprehensive Financial Report (ACFR): A set of government financial statements that complies with accounting requirements prescribed by the Governmental Accounting Standards Board and provides information about the financial condition of the commonwealth. It is prepared primarily by accounting staff in the Office of Comptroller Operations and audited by independent auditors using GASB requirements.

Current Commitment: Current level of services; when used in projecting costs, the future cost consequences of current program policy. Also referred to as "Cost to Carry." The four planning years do not show cost projections based on desired progress toward meeting goals, but rather show the future cost consequences of current level of services and current program policy including the cost of any current legislatively mandated increases that may be effective in a future year.

Deficit: A fiscal operating result for an individual fund that may occur at the end of a fiscal year, whereby expenditures for a fiscal year exceed the actual revenues during the same period plus the prior year surplus. The deficit must be paid from the next year's revenues.

Encumbrance: That portion of an appropriation representing a commonwealth obligation or commitment pursuant to a contract, a purchase order, a grant, or another known obligation but where an actual disbursement has not been made.

Executive Authorization (EA): An authorization made in the name of the governor to spend money from funds that had been previously appropriated through blanket action of the General Assembly. Usually this term is used in connection with the special funds. An example of this would be the operations of the Vocational Rehabilitation Fund.

Expenditure: An accounting entry indicating a disbursement has been made.

Federal Fiscal Year (FFY): A twelve-month period beginning October 1 and ending September 30 of the following calendar year which is used as the federal accounting and appropriation period. Referred to by the year in which the fiscal year ends. For example, October 1, 2020 to September 30, 2021 would be FFY 2021.

Federal Funds Appropriation: An appropriation of monies received from the federal government. All monies, regardless of source, deposited in the state treasury must be appropriated. Federal funds are appropriated for a specific time period.

Fiduciary Funds: These funds are used to account for assets held by the commonwealth as trustee or agent for individuals, private organizations, and other government units.

Fiscal Year (FY): A twelve-month period beginning July 1 and ending June 30 of the following calendar year which is used as the state's accounting and appropriation period. In the accounting system, the fiscal year is referred to by the year in which the fiscal year begins, for example, July 1, 2021 to June 30, 2022 would be Fiscal Year 2021. In the budget document, the fiscal year is referred to by using both calendar years in which the fiscal year spans, for example, July 1, 2021 to June 30, 2022 would be Fiscal Year 2021-22.

- **Actual Year** – Includes all expenditures and encumbrances chargeable to that fiscal year as of June 30 of the previous year plus available balances held for certain commitments and any supplemental appropriations enacted after June 30. In the case of continuing appropriations, the actual figure will also include any available balances. For non-appropriated and non-executively authorized restricted receipts and restricted revenues, it reflects expenditures only.
- **Available (Current) Year** – For state funds, includes amounts appropriated to date and supplemental appropriations recommended in this budget. For non-appropriated and non-executively authorized restricted receipts and restricted revenues, the best estimate of expenditures currently available is used.
- **Budget Year** – Reflects the amounts being recommended by the governor in this document for the next fiscal year.
- **Planning Years 1, 2, 3, and 4** – Reflects only the cost of the budget year projected into the future and the implementation of legislatively mandated increases that may be effective in a future year.

Full-time Equivalent: see **Complement**.

Fund: An independent fiscal and accounting entity comprising a source of money set aside by law for the purpose of carrying on specific activities in accordance with special regulations, restrictions, or limitations. A fund is created by legislation. The General Fund is the fund from which most state programs are financed.

Fund Balance: The beginning balance is the ending balance brought forward from the previous year. The ending balance (positive or negative) is the sum of the beginning balance, revenues/receipts, and lapses less expenditures within the fiscal year.

General Appropriation Act: A single piece of legislation containing numerous individual appropriations. The General Appropriation Act contains only appropriations for the executive, legislative, and judicial departments of the commonwealth, for the public debt, and for public schools. All other appropriations are made by separate acts, each concerning one subject.

General Fund: The major operating fund of the commonwealth. It receives all tax receipts and other types of revenue not specified by law to be placed in special funds. Except for certain restricted receipts, the income of the General Fund is appropriated in specific amounts for the ordinary programs of government. Pennsylvania's major sources of General Fund revenues are corporation taxes, consumption taxes, the Personal Income Tax, and nontax revenues.

General Obligation Bonds: Bonds guaranteed by the full faith and credit of the commonwealth, repayment of which is from the General Fund.

Goal: A goal is a desired state of affairs based upon current knowledge and values. It is timeless in the sense that as achievement approaches, goals tend to be restated at a higher level of aspiration or new goals are projected. Goals reflect the basic values of society and are therefore always culture bound and subjective.

Governmental Funds: Collectively these funds account for and report activities that are associated with routine, ordinary governmental functions and are financed largely by tax and grant revenues. Funds include the General Fund, Special Revenue Funds, Capital Project Funds, and Debt Service Funds. (See page H3 for additional information.)

Initiative: Changes in program purpose, level, or activity as the result of changes in policy, statute, regulation, or court

direction are identified as Initiatives. Cost increases to operate an existing program without change in policy, law, or regulation such as increased fuel costs at an institution or increased rental costs for regional offices are current commitment costs and are not identified as Initiatives.

Item Veto: The constitution of Pennsylvania empowers the governor to disapprove part or all of any item or items of any bill making appropriations of money. The part or parts of the bill approved become law and the item or items disapproved become void. This power is known as the item veto.

Lapse: The return of unencumbered or unexpended monies from an appropriation or executive authorization to the fund from which the money was appropriated. Most appropriations are for one fiscal year and any unencumbered and unexpended monies usually lapse after the end of that fiscal year.

Lottery Fund: A special revenue fund composed of monies received from lottery ticket sales. It provides for lottery prizes and for programs to support older Pennsylvanians including property tax and rent assistance, community care programs, mass transit fare subsidies, and prescription drug costs.

Mandated Expenditures: Expenditures that are authorized and required by legislation, other than appropriation acts, or required by the state constitution. Such expenditures include payment of public debt.

Motor License Fund: A special revenue fund composed of monies received from liquid fuels taxes, licenses and fees on motor vehicles, aviation fuel tax revenues, federal aid for highway and aviation purposes, contributions from local subdivisions for highway projects, and other miscellaneous highway revenues. The fund provides for highway and bridge improvement, design, maintenance, and purchase of rights-of-way, as well as aviation activities, and Department of Transportation licensing and safety activities. It also finances State Police highway patrol operations and pays subsidies to local subdivisions for construction and maintenance of roads.

Nonpreferred Appropriations: An appropriation to any charitable or educational institution not under the absolute control of the commonwealth that requires the affirmative vote of two-thirds of the members elected to each house of the General Assembly.

Official Revenue Estimate: The estimate of revenues for the coming fiscal year determined by the governor at the time the governor signs the General Appropriation Act. This revenue estimate is used to determine whether appropriations are in balance with available revenues.

Operating Budget: The operating budget is that portion of the state budget that supports the general day to day activities and expenses of state government paid out of revenues derived from taxes, license or permit fees, or other non-tax sources.

Other Special Fund: A fund in which revenues raised from special sources named by law are deposited (earmarked revenue). Such revenues can be spent only for purposes prescribed by law and for which the revenues were collected. Examples are: Boat Fund, Game Fund, Purchasing Fund, and Racing Fund.

Position: see **Complement**.

Preferred Appropriation: An appropriation for the ordinary expenses of state government which only requires the approval of a majority of the Senators and Representatives elected to the General Assembly.

Program: A general term applied to any level of program aggregation defined in the Agency Program Plan. Included are the Commonwealth Program, the Program Category, the Program Subcategory, and the Program Element.

Program Budgeting: A method of budgeting that relates expenditures to government program accomplishments. Program budgeting generally includes the identification of programs and their objectives, a system of measuring and reporting program results, and the allocation of funds with a consideration of program effectiveness.

Program Category: see **Program Structure**.

Program Performance Measure: A general term applied to any of the substantive measures found in the agency programs. Included are impacts, outcomes, output/activity indicators, efficiency measures, and need and/or demand estimators.

Program Policy Guidelines (PPG): Issued by the governor, the policy guidelines identify those problems confronting

the commonwealth that are of major concern. The guidelines initiate the budget process in that they ask for a preliminary assessment of alternative program changes which respond to the governor's concerns.

Program Structure: The system used to organize goals and objectives within a logical framework so that activities of different organizational units designed to accomplish similar results can be reviewed for decision purposes within the appropriate program context. Program structure also provides the means for determining what information is required in order to identify the needs and demands on government and what information is required for the management and evaluation of program operations. Program structure terms listed in system order are:

- **Commonwealth Program** – There are eight major program classifications in the program structure: Direction and Supportive Services, Protection of Persons and Property, Education, Health and Human Services, Economic Development, Transportation, Recreation and Cultural Enrichment, and Debt Service.
- **Program Category** – The first major subdivision of the commonwealth program. The program category is defined in terms of desired goals, e.g., clean air environment.
- **Program Subcategory** – A subdivision of a program category. The subcategory focuses upon objectives that can be measured in terms of quantifiable impact. Program subcategories within agencies are commonly referred to as programs or program presentations within the Governor's Executive Budget.
- **Program Element** – The agency activity or set of activities which produce an output or group of related outputs that contributes to the accomplishment of the objective of a single program subcategory. Program elements are the basic units of the program structure of the budget.

Proprietary Funds: These funds include Enterprise Funds and Internal Service Funds. Such funds account for and report activities the way a private business or industry would. They include such activities as sale of goods or services, lending, and other financing activities where purchasers or customers pay a charge or a user fee. (See page H3 for additional information.)

Rebudget: An agency-revised spending plan based on its enacted appropriations. The Governor's Budget Office has the authority to request and approve agency spending plans or rebudgets.

Restricted Receipts: Monies received by a state fund (usually the General Fund) from a source outside of the state which may be used only for a specific purpose. The funds are held in a trust capacity for a period of time and then are disbursed to authorized recipients including other state agencies. Restricted receipts do not augment an appropriation. Usually the state makes no other appropriation for the purpose specified for the restricted receipt.

Restricted Revenue: Monies designated either by law or by administrative decision for specific purposes. The revenues are deposited in the General Fund or in certain special funds but reported separately. Restricted revenue accounts continue from one year to the next and finance a regular operation of state government. Disbursements from restricted revenue accounts must be accounted for as expenses of state government.

Revenue: Monies received from taxes, fees, fines, federal grants, bond sales, and other sources deposited in the state treasury and available as a source of funds to state government.

Special Fund: A fund in which revenues raised from special sources named by law are deposited (earmarked revenue). Such revenues can be spent only for purposes prescribed by law and for which the revenues were collected. Examples are: Motor License Fund, Game Fund, and Boat Fund.

Surplus: A fiscal operating result that may occur in a fund at the end of a fiscal year, whereby expenditures are less than the fund's beginning balance, revenues/receipts, and lapses during the same period. The surplus funds become available for appropriation during the following fiscal year.

Tax Expenditures: Tax credits, deductions, exemptions, and exclusions provided for in law which result in a significant reduction in revenues that would otherwise be received at current tax rates. See section D.

Workforce: see **Complement**.

Federal Funds Identification

The most common abbreviations used to identify federal funds in this document are:

ARC	Appalachian Regional Commission
ARPA	American Rescue Plan Act
CARES	Coronavirus Aid, Relief, and Economic Security Act
CCDFBG	Child Care and Development Fund Block Grant
CDBG	Community Development Block Grant
CMAQ	Congestion Mitigation and Air Quality Improvement
CMMI	Center for Medicare and Medicaid Innovation
COPS	Community Oriented Policing Services
COVID-ESSER	COVID Elementary and Secondary School Emergency Relief
COVID-RF	COVID Relief Fund
COVID-SFR	COVID State Fiscal Recovery
CSBG	Community Services Block Grant
DOE	Department of Energy
EDA	Economic Development Administration
EEOC	Equal Employment Opportunity Commission
EMS	Emergency Medical Services
EPA	Environmental Protection Agency
ESEA	Elementary and Secondary Education Act
ESG	Emergency Solutions Grant
FEMA	Federal Emergency Management Agency
FHWA	Federal Highway Administration
FTA	Federal Transit Administration
HUD	Department of Housing and Urban Development
ID	Intellectual Disabilities
IJA	Infrastructure Investments and Jobs Act
LIHEABG	Low-Income Home Energy Assistance Block Grant
LIHEAP	Low Income Home Energy Assistance Program
LIHWAP	Low-Income Household Water Assistance Program
LSTA	Library Services and Technology Act
MA	Medical Assistance
MAGLOCLEN	Middle Atlantic Great Lakes Organized Crime Law Enforcement Network
MCH	Maternal and Child Health
MCHSBG	Maternal and Child Health Services Block Grant
MH/ID	Mental Health/ Intellectual Disabilities
MHSBG	Mental Health Services Block Grant
NCHIP	National Criminal History Improvement Program
NEA	National Endowment for the Arts
NICS	National Instant Check System
PHHSBG	Preventive Health and Health Services Block Grant
SABG	Substance Abuse Block Grant
SCDBG	Small Communities Development Block Grant
SNAP	Supplemental Nutrition Assistance Program
SORNA	Sex Offender Registration and Notification
SSA	Social Security Act
SSBG	Social Services Block Grant
SSI	Supplemental Security Income
STOP	Services Training Officers Prosecutors
TANFBG	Temporary Assistance to Needy Families Block Grant
TEA 21	Transportation Equity Act for the 21 st Century
VA	Veterans Administration
VOCA	Victims of Crime Act
WIC	Women, Infants, and Children Program
WIOA	Workforce Innovation and Opportunity Act

Commonwealth of Pennsylvania

Governor's Executive Budget

OVERVIEW AND SUMMARIES

The Fiscal and Program Policy Direction section presents the fiscal and program policies that guide the development of the Governor's Executive Budget. The revenue and expenditure recommendations included in this budget provide a solid fiscal foundation for the governor to successfully address his vision, goals, and program priorities for Pennsylvania. This section summarizes the governor's recommended budget initiatives within the following budget theme presentations.

Theme topics vary from year to year based on the funding priorities established by the governor and the recommended budget initiatives proposed in the budget. Themes may include program revision budget recommendations. If so, detailed program revision presentations, including discussion of the program revision and its associated program measures, funding recommendations, and costs by appropriation can be found in Section E: Department Presentations within the agency responsible for leading the program revision implementation.

Fiscal and Program Policy Direction and Budget Themes

Introduction

Over the past seven years, Governor Tom Wolf has invested billions of dollars in education, workforce, human services, and economic development initiatives to strengthen Pennsylvania's economic vitality and improve quality of life.

Under Governor Wolf's leadership, Pennsylvania has restored more than a billion dollars in cuts to the public education system. Pennsylvania has reformed the occupational licensure system to remove barriers to employment, opening more career opportunities for veterans and hard-working families across the commonwealth. The governor worked with the General Assembly to establish a medical marijuana program, pass the nation's first Clean Slate legislation, combat the opioid epidemic and substance use disorders, invest in farmers through the Pennsylvania Farm Bill, establish Pennsylvania's health and dental insurance marketplace, create a tuition repayment program for National Guard members, and establish a statewide broadband authority. These initiatives and smart investments have made Pennsylvania stronger and more resilient.

Pennsylvania continues to address the challenges created by the COVID-19 pandemic. Over the last year, Pennsylvania has distributed millions of vaccines and booster shots to save lives and mitigate the spread of disease. Yet COVID-19 continues to claim lives of Pennsylvanians, and the pandemic has exacerbated social and economic inequities while straining the health care system, human services providers, and the related workforce.

The 2022-23 budget is an opportunity to address these challenges and leverage the commonwealth's strong financial position to keep Pennsylvania on a path to prosperity. The proposed budget prioritizes equity, fairness, accountability, and strategic investments to keep Pennsylvania moving forward. The budget continues the governor's goal of fair funding for public schools and proposes leveling the playing field between charter schools and traditional public schools. Needed reforms will ensure all Pennsylvania students can access a high-quality education to prepare them for college, career, and community. The budget also proposes reforming the Educational Improvement Tax Credit program to provide greater transparency and adjust administrative allowances for companies receiving tax credits. These efforts will redirect millions of dollars to low-income students in need of scholarships. The budget also makes significant investments in the Pennsylvania State System of Higher Education (PASSHE) and other institutions of higher education to make college more affordable, minimize student debt, and prepare the future workforce.

The budget invests in businesses and aims to make Pennsylvania more competitive by lowering the Corporate Net Income Tax rate. By reducing the Pennsylvania State Police's reliance on the Motor License Fund, the commonwealth will be able to fully leverage additional federal funds to make additional infrastructure investments. It includes strategic investments across a spectrum of critical services including early childhood education, long-term living, behavioral health, STEM, workforce, agriculture, and the environment. The proposal includes continued funding for gun violence prevention and expanding the Clean Slate Law to cover more individuals. Legalizing adult use cannabis could create a new revenue source for continued investment in Pennsylvanians.

The budget proposes additional criminal justice reforms to build on bipartisan efforts to make Pennsylvania's system fairer and more efficient, including bail, probation, and medical release reform.

Vulnerable populations across Pennsylvania will be better served through expanded services and an investment in quality care. The budget supports key reforms such as increased staffing in nursing facilities, reduced waiting lists for individuals with an intellectual disability, increased access to behavioral health services, and the creation of a child welfare crisis resource team.

Finally, the budget proposes key investments into ensuring veterans have access to their service-earned benefits. This budget also provides critical resources to build resiliency in the wellness of both active-duty military and Pennsylvania's veterans as well as strengthen connections and resources available to meet any need of this population or their families.

This budget is an investment in Pennsylvania students, workers, families, veterans, and businesses. It supports the commonwealth's economic recovery, addresses the economic and public health consequences of the pandemic, and lays a strong foundation for a bright future.

Fiscally Responsible Budgeting and Corporate Tax Reform

During Governor Wolf's two terms as governor, the commonwealth has regained a strong financial position. After inheriting a \$2 billion to \$3 billion deficit, the administration's responsible fiscal policies have resulted in a surplus. In January 2015, the Rainy Day Fund had a balance of \$231,000. Through key investments of state and federal funds in the infrastructure, workforce, and people of Pennsylvania, the Rainy Day Fund has a current balance of \$2.865 billion. In 2018-19, roughly \$316 million was transferred to the Rainy Day Fund, and the end of 2020-21 allowed for an additional \$2.6 billion deposit. This budget continues this trend of fiscal responsibility while allowing unprecedented levels of investments in services that impact the everyday lives of Pennsylvania citizens.

Reducing the Corporate Tax Burden

Higher than expected revenue collections and steady fiscal standing allows for strategic investments and tax reforms. Complementing the previous elimination of the Capital Stock and Foreign Franchise Tax in 2016, the 2022-23 budget proposes to further improve the fairness and equity of Pennsylvania's corporate tax system by strengthening the corporate addback originally implemented in 2013. The budget proposes a reduction in the Corporate Net Income Tax (CNIT) rate from 9.99 to 7.99 percent on January 1, 2023, with a reduction to 6.99 percent in tax year 2026 on a path to 4.99 percent. By modernizing the current CNIT structure through reforms that level the playing field, paired with a rate reduction, the commonwealth becomes immediately more competitive with surrounding states and improves its business climate.

Prioritizing Education at Every Level

Governor Wolf's historic support of education across all levels is an investment in the well-being of families, communities, and economy. A good education impacts every part of life, including cultivating talents and strengths, empowering students to be engaged citizens, and developing skills for the future workforce.

In addition, the pandemic has highlighted the roles that educational institutions play in students' lives beyond academics. Schools provide a safe, welcoming space and an opportunity to ensure that children can access the resources they need – whether it's additional services for optimal learning, mental health support, or healthy meals.

Yet disparities in access to high-quality, fully resourced education systems, and educational outcomes still exist. Every child in Pennsylvania deserves access to a quality education, and continued investments support not only children and families, but also the educators who dedicate their careers to this mission.

During the past seven years, Governor Wolf has secured an additional \$1.8 billion in funding for pre-K through college, including more than \$1.1 billion for basic education, \$190 million for special education, and \$40 million for career and technical education. The innovative PAsmart program introduced new STEM and computer science programs into hundreds of schools across Pennsylvania, helping advance the commonwealth to fifth in the nation for the number of STEM graduates. Governor Wolf has sought to bridge the gap between the classroom and employment by supporting career and technical education and building a new apprenticeship program. Throughout his administration, the number of career and technical education students earning industry-recognized credentials has increased by 38.7 percent, while the number of registered apprentices has risen to 18,200.

The 2022-23 budget builds on these successful education and workforce development programs, further extending high-quality education to more Pennsylvanians; and laying a strong foundation for Pennsylvania's future workers, citizens, and leaders.

Investing in Pennsylvania's Kids

Expanding Access to Early Intervention Tracking

Early Intervention (EI) ensures that children birth to age five with developmental delays, or other established factors that put them at risk of substantial delay, have the best chance for healthy development. EI provides children with a range of developmental and social-emotional services, including speech and language, occupational and physical therapies, and social work services. Families also receive the coaching and support they need to further the gains their children make in therapy. EI serves children from all income levels and in every county across the commonwealth. The 2022-23 budget provides funding for the continuation of the three percent rate increase first made available with federal funds for EI providers serving children ages birth to three. With **\$1.2 million**, postpartum depression will be added as an eligible tracking category for early identification of need for EI services, which will improve well-being and health outcomes for infants and their families. With these resources in place, programs will be able to meet the needs of 63,000 children in this fiscal year.

Growing Access to Quality Child Care for Families

Access to quality, affordable child care is essential for a successful workforce. Parents need to know that their children are being taken care of in a safe, high-quality environment while they are at work. Unfortunately, the pandemic has negatively impacted access to these services and availability of staff. In order to support child care access and affordability for low-income working families, the administration has consistently increased payment rates for subsidized child care to keep pace with rates for private-pay families and ensure compliance with federal equal access requirements. The 2022-23 budget includes **\$77.7 million** in federal funds to support increased Child Care Works base rates, which was implemented January 1, 2022. This ensures the commonwealth Child Care Works reimbursement meets or exceeds rates at 60 percent of child care facilities – up dramatically from 25 percent just two years ago – which provides needed stability for child care facilities and makes quality child care more affordable and accessible for families. The budget proposal also includes federal funds of **\$44.3 million** to reduce co-payments for families in Child Care Works and **\$6.1 million** to incentivize non-traditional child care to increase access for parents that do not work a traditional schedule.

Investing in High-Quality Early Childhood Education

Children who participate in high-quality pre-K programs perform better in school, are more likely to graduate, and earn more throughout their lives compared to peers without access to early learning programs. The 2022-23 budget proposes **\$60 million** for Pre-K Counts to increase the rate for full-time slots to \$10,000 (\$1,250 increase per slot) and \$5,000 for part-time slots (\$625 increase per slot). Increased rates are necessary to support the workforce and rising costs to providers. An additional 2,308 slots will also be made available to enroll in the commonwealth's high-quality early learning programs. **\$10 million** for the Head Start Supplemental Assistance Program is also proposed to meet need and cover costs of the program. Over Governor Wolf's term, the commonwealth has more than doubled its investment in early childhood education, but more children need the opportunity to enter kindergarten ready to grow and thrive.

Continuing Fair and Equitable Investments in K-12 Education

Over the past seven years, the governor worked with the General Assembly to reverse cuts to education and make historic investments of nearly \$1.4 billion in new resources for Pennsylvania's K-12 public education system. The 2022-23 budget builds on this progress to ensure every Pennsylvania student is college, career, and community ready. The new investments for classroom funding include:

\$1.25 billion increase in Basic Education Fair Funding Formula. This investment enables all school districts to have the basic resources they need to provide a high-quality education for Pennsylvania students. With this increase, more than \$2 billion, or 26.5 percent, of total Basic Education Funding, will be distributed through the fair funding formula enacted in June 2016 to provide a more equitable and predictable allocation to school districts across Pennsylvania.

\$300 million increase in Level Up. This targeted investment provides more equitable funding to the 100 most underfunded districts and the students they serve. This investment, combined with the increase to the Fair Funding Formula, means that more than 30 percent of all Basic Education Funding will be allocated to school districts based on the demographics of students today.

\$200 million increase in Special Education Funding Formula. This investment ensures school districts have the basic resources they need to provide high-quality special education services to students with disabilities and special needs.

Advancing Fairness, Equity, and Quality in the Public Education System

Attracting and Retaining the Best Teachers

In the past 10 years, Pennsylvania has experienced a growing teacher shortage and shrinking pipeline of new teachers, especially in rural and urban districts, and hard-to-fill areas like special education, English language instruction, and STEM. One factor driving this trend is financial pressure due to low teacher salaries, as well as job requirements for college and advanced degrees.

Providing competitive wages is essential to attracting and retaining qualified education professionals. Pennsylvania arbitrarily sets minimum compensation for Pennsylvania teachers and other education professionals, including counselors and school nurses, at a 1980s-level of \$18,500 per year. This salary assumes a 40-hour workweek, even though most educators spend many hours out of the classroom preparing lesson plans and reviewing student assignments. The current statutory minimum salary fails teachers, students, and families. Increasing the minimum salary to **\$45,000 per year** will better align with competitive salaries and the cost of living, and ensure the commonwealth can attract the highest quality talent to educate Pennsylvania's children.

Reforming the Charter School Funding Formula

Pennsylvania's Charter School Law, passed in 1997, established public charter schools with greater flexibility to support innovation in partnership with the traditional public education system. Since then, some charters have strayed from this original purpose by engaging in questionable operational practices and exhibiting poor academic performance. Additionally, charter schools are a major uncontrolled cost-driver for local school districts, resulting in higher property taxes across the commonwealth.

The 2022-23 budget proposes comprehensive Charter School Law reform that will save school districts across the commonwealth an estimated **\$373 million** per year. These resources can be reinvested into students and educators, including meeting minimum teacher salary requirements. This package of policy and budget initiatives promotes innovation and choice in the charter sector while ensuring charter schools are providing a high-quality education, accountable for their academic performance and financial management, and are meeting the same standards Pennsylvanians expect from traditional public schools. The budget includes:

- **Applying the Special Education Formula to All Public Schools:** Currently, school districts receive funding for special education students through a three-tiered Special Education Funding formula, with funding increasing as the student's need for special education services increases. Special education tuition payments to charters, however, are calculated based on the outdated assumption that all school districts have a special education population of 16 percent, regardless of the level of services a student's Individualized Education Plan outlines. The governor's budget applies the tiered Special Education Funding formula to all charters to better align Special Education Funding with actual costs of providing services to special education students. This was a recommendation from the bipartisan Special Education Funding Commission and will save school districts an estimated **\$174 million** annually.
- **Establishing a Statewide Cyber Charter Tuition Rate:** Currently, cyber charter schools in Pennsylvania charge school districts between \$8,306 and \$36,204 per student per year. For comparison, the typical tuition rates an Intermediate Unit charges to provide a comparable online education is around \$5,400 per student per year. The governor's budget establishes a statewide cyber tuition rate of \$9,800 per student per year and will better align tuition with the actual costs of providing an online education. This reform will save school districts an estimated **\$199 million** annually.
- **Improving the Redirection Process:** Currently, if a school district does not pay the tuition for the students in its district who attend a charter school or there is a dispute between a school district and a charter on tuition payments, the charter school may petition the Department of Education to reconcile the dispute through the redirection process. This budget proposal provides clarification on the redirection process, including the basis for reported expenditures and the deductions included in the tuition rate calculation, to increase fairness, accountability, and transparency.

Supporting School Choice, While Creating Transparency in Education Tax Credit Programs

The Opportunity Scholarship Tax Credit (OSTC) and Educational Improvement Tax Credit (EITC) are popular programs. The 2022-23 budget lowers the maximum administrative set-aside from 20 percent to 5 percent for scholarship organizations participating in the EITC and OSTC, allowing up to an additional **\$41 million** in scholarships for students without an increase in any taxpayer aid. Scholarship organizations will be required to report more information on the students and families that receive scholarships and their educational outcomes, assuring taxpayers that their tax dollars are directed to students with the greatest need and that participating students receive a high-quality education.

Supporting College Students and Postsecondary Pathways

From high school graduates pursuing career pathways to adults making career changes and adapting to shifts in workforce needs, Pennsylvanians need affordable options and support to obtain postsecondary education. Postsecondary education not only improves lifetime earnings for individuals and households, it prepares an overall skilled workforce to participate in and navigate an evolving labor market. The State Board of Education established a goal for 60 percent of working-age Pennsylvanians to have a postsecondary degree or credential by 2025, with a focus on closing attainment gaps for historically underrepresented populations.

Investing in Students - The Nellie Bly Tuition Program

Direct investment in students through a need-based tuition program will support equitable access to and enrollment in PA State System of Higher Education and Pennsylvania's community colleges. The 2022-23 budget proposes a **\$200 million** investment in student tuition, funded by the Race Horse Development Trust Fund and federal funds. The program will provide financial assistance to full-time students with a focus on those pursuing programs in Pennsylvania's high-need sectors, including those facing shortages related to the pandemic like health care, education, and public service. Recipients must agree to stay in Pennsylvania after graduation for the same number of years for which they receive the benefit. This needs-based tuition will fill the gap between the students' financial aid and other financial assistance to cover the tuition, fees, and a portion of the real costs of college, including campus housing, books, supplies, and other expenses. The tuition converts to a loan if the student moves out of the commonwealth during the commitment period and can be deferred while the student pursues further education.

Investing in the Postsecondary Sector

Pennsylvania's diverse postsecondary institutions and options for career pathways continue to be some of the commonwealth's greatest assets. A **\$125 million increase** in funding for higher education institutions (5 percent for most entities) will continue to support effective operations and increase postsecondary access and completion.

- Community Colleges and Capital Fund – \$14.9 million
- Penn State University – \$12.1 million
- Pennsylvania College of Technology – \$1.3 million
- Transfer to Agricultural College Land Scrip Fund – \$2.7 million
- University of Pittsburgh (including Rural Education Outreach) – \$7.7 million
- Temple University – \$7.9 million
- Lincoln University – \$758,000
- Thaddeus Stevens College of Technology – \$935,000

In addition, the more than 100 private colleges and universities in Pennsylvania provide vital educational opportunities and research initiatives for students throughout the commonwealth. The budget proposes a **\$663,000** increase for Institutional Assistance Grants, which provide financial assistance to independent nonprofit postsecondary institutions based on the number of State Grant-receiving students. The 2022-23 budget also includes a **\$1.6 million** increase for the University of Pennsylvania's Center for Infectious Disease through the Department of Agriculture.

PASSHE must be affordable, high quality, and responsive to community and workforce needs across the commonwealth. Recent data demonstrates the important role of public higher education in social mobility. Support for PASSHE is an investment in local communities, as the majority of graduates stay in Pennsylvania following graduation.

Pennsylvania remains far behind other states in state share of funding for higher education. Solutions for efficient and effective operation of higher education institutions should not pass further costs on to students. To support PASSHE's continued organizational transformation and system redesign to operate sustainably and expand student opportunities and outcomes, the 2022-23 budget increases PASSHE's operating funding by **\$75 million**, further restoring funding to an appropriate operating level.

Addressing College Hunger

An estimated 36 percent of students know someone who dropped out of college due to food insecurity during the pandemic. Roughly 52 percent of students who faced food or housing insecurity in 2020 did not apply for support because they did not know how. Recognizing that many students need assistance meeting basic needs, institutions across Pennsylvania have increased resources for services such as food pantries and career closets. This budget includes **\$1 million** to establish a grant program to support the Hunger-Free Campus Initiative, which combats food insecurity at postsecondary institutions.

Expanding It's On Us PA for Safe Campus Environments

An additional **\$500,000** investment in the It's On Us PA initiative will expand resources and awareness to promote healthy relationships and protect students from sexual violence. Current grant funding is used to promote awareness, prevention, and reporting of sexual assault incidents; remove and reduce barriers to reporting or accessing resources; and demonstrate leadership to ensure a safe and welcoming culture on campuses. Additional funding will strengthen protections for victims and support-related resources.

Ensuring Basic Skills Competencies for All Adults

A significant number of adults in Pennsylvania need support to obtain basic skills and credentials, such as a High School Equivalency diploma and valuable digital skills, necessary to access postsecondary education, training opportunities, and sustainable employment. A **\$500,000** increase to Adult Education and Family Literacy will provide support for Pennsylvania's adult learners and increase access to education and career pathways.

Advancing Pennsylvania's Economic Recovery through Business, Agriculture, and Workforce Investments

The pandemic has interrupted the everyday lives of workers and small business owners. Economic shifts have led to new employer-employee relationships and investments in the workforce that lead to quality jobs. This demands better recruitment and retention practices, including higher wages, training, and flexible schedules. In October 2021, Governor Wolf issued the [Worker Protection and Investment Executive Order](#) outlining a range of action steps, as well as a call for passage of several pieces of legislation, to ensure safe workplaces and adequate pay and benefits. The governor has also modeled these investments in the commonwealth's own workforce including increasing wages, providing paid leave for state workers, supporting nursing parents, and implementing more inclusive hiring practices.

Businesses and workers need each other to thrive, and both are the key to economic recovery from the pandemic. Governor Wolf recognized the need to support businesses, which were significantly impacted by the pandemic. The governor distributed \$192 million in grants to more than 10,000 small businesses through the COVID-19 Relief Statewide Small Business Assistance Program to help small businesses survive the pandemic. He also directed \$145 million to the hospitality industry for COVID-19 relief.

In this budget proposal, the governor is doubling down on his commitment to make Pennsylvania the best place to live, work, and do business. Pennsylvania's economic vitality is dependent on swift and targeted action to ensure Pennsylvanians can access well-paying jobs in sectors that will lead the economy back to prosperity.

Increasing the Minimum Wage to \$12 per hour, with a path to \$15 per hour

As of January 1, 2022, 30 states have a higher minimum wage than Pennsylvania. The commonwealth is surrounded by states with the following minimum wages: Delaware (\$10.50); Maryland (\$12.20); New Jersey (\$13.00); New York (\$13.20); Ohio (\$9.30); and West Virginia (\$8.75). Pennsylvania's minimum wage of \$7.25 per hour has not increased since 2009, contributing to a child poverty rate of 17 percent, or 435,000 kids, in 2019. A full-time salary on Pennsylvania's minimum wage is \$15,080 per year. Many full-time workers earning minimum wage qualify for public benefits like food and energy assistance. Families cannot be supported at that wage, especially as the cost of living for Pennsylvanians increases and

purchasing power decreases. According to the MIT Living Wage calculator, every household scenario requires a wage higher than \$7.25 to meet basic life needs. On average, for one adult with no children, a living wage in Pennsylvania is \$13.39 per hour. An adult with dependents needs a living wage of more than \$25 per hour.

This budget proposes increasing Pennsylvania's minimum wage to \$12 per hour effective July 1, 2022, with annual increases of \$0.50 until the minimum wage reaches \$15 per hour on July 1, 2028. An increase to \$12 would directly benefit 765,000 workers, or more than 13 percent of the employed population. An increase to \$15 would directly benefit nearly 1.5 million workers, or 25 percent of Pennsylvania workers. Increasing the minimum wage means that workers in Pennsylvania can better meet basic needs including housing, groceries, transportation, and child care. This would reduce reliance on public benefits, improve equitable pay, and keep Pennsylvania businesses competitive. An increased minimum wage under this proposal would generate \$74.6 million in additional revenue in 2022-23 and \$214.2 million in additional revenue by 2028-29.

Reimagining Child Care for State Employees

As child care continues to be a barrier for working parents, it is imperative that employers address these needs to better support their employees and their families. Under Governor Wolf's leadership, the Commonwealth of Pennsylvania has taken steps to modernize its approach to work and position itself as a leading public sector employer for the 21st century. Building on the governor's actions to invest in the commonwealth's workforce by raising the minimum wage for state workers, implementing a telework policy, establishing paid parental leave, modernizing the hiring process, and positioning the commonwealth as a premier employer, the budget includes **\$30 million** in funding for two new child care options for state employees. To provide the additional support that working families need, the commonwealth will establish child care facilities for employees that will offer easily accessible, high-quality child care. Additionally, this initiative will include a progressive subsidy for parents who work for state government that can be used for child care expenses at a trusted provider of their choosing. These improvements mirror changes in the private sector and among other public sector employers, and put the commonwealth in a strong position to attract and retain top talent, while better supporting its workforce.

Leveraging Data and Evidence to Improve Education and Workforce Outcomes

As recommended by the Keystone Economic Development and Workforce Command Center, the 2022-23 budget creates a new statewide longitudinal data system that will link data sets across the child care, education, and workforce continuum. This data will be used to better understand education and workforce outcomes and use data to inform policy and programming decisions. An investment of **\$3.2 million** in this project will support technology services and solutions to bring the system to scale, creating a long-term tool to develop and implement evidence-based strategies.

Investing in New Manufacturing and Expanding Critical Recovery Support

Historically, Pennsylvania has been a leader in innovation. Today's economy is rapidly changing, and investment in innovation and technology are required to support economic development. A strong community and entrepreneurial network are crucial for success. This holds true for start-ups, as well as established businesses. Creating a holistic funding strategy fosters creation of new innovative companies and sees them through every stage of development. Attracting talented workers and retaining the students Pennsylvania's universities develop encourages innovative ideas and companies to locate and stay in the commonwealth.

This budget is structured on three fundamental building blocks: education, workforce development, and economic development. It cements Governor Wolf's dedication to creating the friendliest entrepreneurial environment in the country. This is achieved by fostering safe and vibrant communities to attract and retain talent, who in turn create businesses or aid innovative companies to grow and expand.

Manufacturing is critical to the health and prosperity of Pennsylvania's economy. Recognizing the importance of the manufacturing sector in Pennsylvania, Governor Wolf created the Manufacturing PA initiative to enhance the growth and competitiveness of manufacturing companies in Pennsylvania. This initiative supports the commonwealth's manufacturing community through strategic partnerships while emphasizing job training to career pathways. As such, Pennsylvania can emerge stronger than ever from the pandemic by expanding critical support services to the commonwealth's small- and medium-sized manufacturers. The commonwealth is home to some of the fastest growing technologies that are changing the way manufacturing processes increase competitiveness in the global economy. The seven Industrial Resource Centers (IRCs), located in a vast network throughout Pennsylvania, have historically provided critical services to the small- and medium-sized manufacturers that make up more than 92 percent of the commonwealth's manufacturing base. The IRCs help manufacturers respond to changing markets and new technology to remain competitive. The IRC network will receive a **\$1.5 million** increase, to be awarded competitively among IRCs that propose to partner with institutions of higher

education to deliver innovative services to new and existing manufacturers in areas such as talent pipeline, robotics utilization, 3-D printing, and advanced manufacturing techniques.

The Partnerships for Regional Economic Performance (PREP) Network, Small Business Development Centers, Local Development Districts, and Industrial Development Organizations will receive a **\$1.5 million** increase, to be awarded competitively among the partners, requiring regions to be creative and innovative in their applications for service and to partner with institutions of higher education. This will drive greater impacts to accelerator participation, entrepreneurial internships, decreased student outmigration, and business incubation, as well as to continue to provide critical services to assist Pennsylvania's businesses in their economic recovery.

Invent Penn State was launched in 2015, blending entrepreneurship-focused academic programs with business startup training and incubation. The program funds collaborations between Penn State University, community partners, and industry, training, and commercialization to turn research into products and services that benefit Pennsylvanians. This coordinated effort spans the university's 24 campuses and all academic colleges, including the College of Medicine and Penn State Law. Entrepreneurs enjoy free access to accelerator programs, working space, mentorship, prototyping, and funding. This successful program will receive **\$2.35 million** in the budget proposal.

The Ben Franklin Technology Partners have cultivated Pennsylvania's innovation economy, providing startup funding and technical assistance to companies throughout the commonwealth. Sending the message that Pennsylvania is the best location to start a business will take additional resources on the ground in communities to foster that entrepreneurial spirit. An additional **\$10 million** directed to the Ben Franklin Technology Development Authority will be driven out competitively to achieve new levels of innovation and collaboration with institutions of higher education. Additionally, each of the four Ben Franklin Technology Partners will receive a **\$2 million** funding increase to provide additional resources for critical seed funding to innovation companies.

Improving Food Security while Supporting Agriculture

An additional investment of **\$2 million** in the Pennsylvania Agricultural Surplus System (PASS) will further address food insecurity and ensure more Pennsylvanians have access to healthy meals for their families. Through PASS, the Department of Agriculture provides funding to cover the costs associated with harvesting, processing, packaging, and transporting surplus products including fruits, vegetables, eggs, dairy, meat, and grains for donations to the charitable food system. Current funding has provided healthy and nutritious surplus food in the charitable food system to nourish 2.18 million Pennsylvania households who struggle to put food on the table.

The 2022-23 budget also continues the governor's commitment to agriculture by maintaining integral funding for the programs created under the historic 2019 Pennsylvania Farm Bill – a bold, aggressive, and necessary investment in agriculture to grow opportunities and resources, remove barriers to entry, and inspire future generations of leaders in the industry.

Keeping Pennsylvanians Safe through Criminal Justice Reforms

Maintaining Adequate Statewide Police Coverage

The Pennsylvania State Police (PSP) has jurisdiction in all political subdivisions within the commonwealth and routinely aids municipal, state, and federal law enforcement agencies. Therefore, it is essential to find a solution that closes the funding gap caused by the decreasing reliance on Motor License Fund support. Additionally, maintaining a steady schedule of PSP cadet classes allows the agency to maintain staff levels throughout the commonwealth. The citizens of the commonwealth have come to expect a high level of service from PSP, and a regular cadet class schedule is critical in maintaining the necessary staffing levels to continue meeting these expectations. The Transportation Revenue Options Commission recommended elimination of transfers from the Motor License Fund to PSP. This budget proposes a **\$141 million** increase of state General Funds to reduce the reliance on the Motor License Fund while enabling PSP to start two new cadet classes with the target of graduating approximately 200 new troopers. This increased General Fund support allows for additional highway and bridge construction activities across the commonwealth and provides commonwealth resources to access historic federal infrastructure funding.

Supporting Law Enforcement Reform

Both mobile video recorders and body worn cameras are valuable tools for law enforcement to improve trust by recording and documenting traffic stops, arrests, suspect encounters, sobriety tests, crime scenes, interviews, and other interactions with the public. Law enforcement uses these resources in the resolution of both administrative and criminal complaints and in cases of civil liability. Mobile video recorders and body worn cameras are being increasingly deployed by law enforcement to create a clearer record of events and to protect both law enforcement and the citizens they interact with daily. This budget includes **\$7.7 million** to provide funding for technology necessary to increase public and law enforcement officer safety.

Preventing Gun Violence

Over the last three years, more than 4,600 Pennsylvanians have been killed with firearms. Gun violence continues to rise and threaten public safety in Pennsylvania communities. The Pennsylvania Commission on Crime and Delinquency (PCCD) provides violence intervention and prevention grants aimed at supporting local interventions and preventative measures. This budget proposes **\$35 million** for grants and technical assistance to support community-led gun violence prevention efforts.

Proposing Bail and Pretrial Reforms

Everyone has a right to a fair trial and not to be held in prison based solely on inability to pay, Pennsylvania must implement a best practices model for bail and pretrial services.

According to Pennsylvania's most recent Justice Reinvestment Initiative report and reports released by the Pennsylvania Interbranch Commission for Gender, Racial and Ethnic Fairness, bail decisions – and particularly the use of monetary cash bail – vary widely county-by-county and disproportionately impact minority defendants. To address this disparity, the report recommended that the Pennsylvania Supreme Court review court rules related to bail determination to encourage greater consistency in bail decisions across the commonwealth.

Research shows that less time spent in jail pretrial lowers the chances of committing another crime. The inability to pay bail leads to increases in the likelihood of conviction, increased guilty pleas, higher average court costs, and longer incarceration sentences. Bail amounts for misdemeanors and felonies can be 10 times higher in some counties compared to others, ranging from a low of \$1,000 to a high of \$10,000 for misdemeanors, and \$5,000 to \$50,000 for felonies. The amount of monetary bail is higher for black individuals than for white individuals – more than half of those with monetary bail are unable to post it.

Monetary cash bail reform should not only reduce the disproportionate impact on minorities in the criminal justice system, but also reduce the total number of indigent defendants held in jail pretrial, thereby producing savings for county governments without negatively impacting public safety.

Supporting Probation Reform and Reentry Services

Probation supervision in Pennsylvania is a complex system. One in 34 adults are under some form of community supervision in Pennsylvania compared to one in 53 nationwide. One-third of prison and jail beds are occupied by persons who violated probation/parole. Research shows that supervising people who are at low risk of reoffending increases their likelihood of recidivism.

There are many benefits of a strong probation system that promotes proper services for individuals while providing accountability as necessary for a limited period of time. The commonwealth must explore reform opportunities to ensure that the time on supervision is limited to the level of risk to the community. Reform options should include changes to the total length of supervision, opportunities to reduce the time on supervision with incentives and time credits, and limitations on technical violation revocations. To provide additional technical assistance to county juvenile probation offices and improve consistency between counties, **\$425,000** is included in this budget for increased staffing resources.

Once an individual has served their sentence and is released back to the community, it is critical to ensure that they have the necessary supports to succeed in the community. With a **\$1 million** investment, reentry services will be made available at the local level for women to give them the best opportunity to start fresh and reduce recidivism.

Expanding Clean Slate Legislation

Clean Slate in Pennsylvania has been very successful to date. As of September 2021, there have been over 36 million cases sealed since the program began. However, this is only the first step in establishing a much more comprehensive Clean Slate Law in the commonwealth. The opportunity for persons convicted of greater offenses, including certain felony convictions, must be considered in order to truly progress in eliminating the stigma of a conviction. Lastly, there should be an opportunity to reduce the waiting periods for lesser offenses.

Supporting Medical Release

Pennsylvania must expand the eligibility for elderly and infirmed individuals to be released from prison to continue care in appropriate long-term care facilities or domiciliary care.

While many states are seeing a reduction in prison populations, the number of inmates nationwide over the age of 55 has increased by 500 percent. Moreover, incarceration can aggravate the effects of aging due to histories of substance use and inadequate preventative health care. The Department of Corrections houses more than 9,000 inmates over the age of 50, representing approximately 25 percent of the entire population. Housing an aging inmate in a skilled care unit at State Correctional Institutions Waymart, Muncy, or Laurel Highlands costs four times more than an inmate in general population. Unfortunately, the stigma reentrants carry with them makes it difficult to find long-term care settings willing to take them.

Research supports that individuals age out of crime, meaning the release of elderly inmates poses the lowest risk to the community. Additionally, releasing this population enables federal dollars to contribute to the cost of care, easing the burden to Pennsylvania taxpayers. The continued incarceration of this population, many of whom have already served decades behind bars, is expensive and unnecessary for justice to be served.

Finally, during the COVID-19 pandemic, it became clear that the Department of Corrections must re-evaluate its population capacity. Despite the significant population reduction of over 8,700 inmates since March 2020, the vulnerable, elderly population continues to be at much higher risk of complications or death from COVID-19. Releasing these individuals through medical parole would place them in a safer environment, enable the department to depopulate and manage COVID-19 better, pose little to no risk to the community, and save taxpayers millions of dollars.

The 2022-23 budget includes **\$7 million** in state funds for the Department of Human Services to open a wing of beds for individuals leaving the state correctional facilities with complex medical or behavioral health needs. This investment would increase capacity to support elderly medical parolees or those who have served their sentence but require high levels of service. Individuals leaving state correctional institutions face stigma that can make it difficult to find placement in long-term care settings, despite needing skilled nursing care. Transitional support can fill in the gap and reduce stigma for this hard-to-place population.

Creating an Indigent Defense Fund

All persons deserve adequate legal representation regardless of ability to pay, supported by research such as the 2007 Joint State Government Commission report which called for Pennsylvania “to perform its duties under the U.S. Constitution and as a civilized society by finally addressing the deficiencies that undermine its indigent criminal defense system by reforming the system to comply with national standards.”

The Pennsylvania Interbranch Commission for Gender, Racial and Ethnic Fairness (the Commission) has played an integral role in the effort to address the inadequacies of the commonwealth’s criminal indigent defense system. The Commission concluded that the system’s failure to meet the commonwealth’s constitutional mandate to provide fair and adequate legal representation to indigent defendants continues unabated to this day. Further, the Commission found that the acute underfunding of these services has not only created significant fiscal problems for the counties, but also costs the state to incarcerate and retry defendants, due to the inability of their indigent defense counsel to represent them effectively. This budget proposes **\$1 million** to support this critical service in Pennsylvania.

Protecting the Most Vulnerable

To further Governor Wolf's belief that every Pennsylvanian deserves an opportunity to thrive, the 2022-23 budget reaffirms the commonwealth's long history as a leader in caring for its most vulnerable citizens, including children, seniors, veterans, individuals with mental health concerns, and individuals with intellectual disabilities. The pandemic has shown the critical role that direct care workers play in supporting the most vulnerable. At the same time, it has exacerbated the workforce shortage that had existed for years. This budget provides a commitment to addressing this challenge by raising wages and improving working conditions for direct care workers so they can provide quality care and expand access to services to those disproportionately impacted by COVID-19.

Investing in the Long-Term Care Continuum

This budget proposal continues to support the long-term care industry to recover from the pandemic while bringing transformational reform and quality of care improvements for all residents. The pandemic has disproportionately impacted residents and staff in long-term care facilities, which has only increased the sense of urgency to increase transparency and accountability for facilities. Proposed regulation updates for skilled nursing facilities are necessary to ensure health and safety of residents. These changes include increasing the amount of direct care hours that residents receive each day, leading to improved care for residents. Workforce shortages have been exacerbated by the pandemic and continue to strain the industry. The 2022-23 proposed budget includes a **\$91.25 million** state increase (\$190.1 million in total funds) to Medical Assistance rates for skilled nursing facility providers beginning in January 2023. This increase will allow facilities to begin hiring staff necessary to implement the increased staffing ratios proposed in regulations in advance of the anticipated effective date for the staffing ratio increase on July 1, 2023. The 2022-23 budget also provides a **\$14 million** increase to the Department of Military and Veterans Affairs for the six veterans' homes to hire additional staff to implement the regulatory changes.

Personal care homes are another important part of the long-term care continuum. With no rate increase in nearly 20 years, fewer personal care homes are participating in the commonwealth's supplementary payment program. The added strain of the pandemic has led to additional closures of homes, negatively impacting access to this important service. For low-income residents to receive critical support and care, the 2022-23 budget increases the personal care home supplementary payment program by **\$50 million**, lifting the monthly payment from \$439.30 to \$1,351.80.

Supporting the Behavioral Health Needs of Pennsylvanians

COVID-19 has shed a light on behavioral health challenges, as more people struggle with mental health and substance use disorders. It is critical that behavioral health services are available to individuals in need of care. The budget invests **\$75 million** in federal funds for recruitment and retention payments to qualifying home and community-based service providers. Investments are also being made in training certified peer specialists, trauma treatment modalities, telehealth, and crisis response. The proposed budget includes a **\$36.6 million** increase in county mental health base funds to support efforts to provide critical behavioral health services. To meet the increased need driven by COVID-19 and to continue programming, counties rely on dedicated funding from the state to address critical workforce shortages and provide quality services.

The pandemic has exacerbated substance use and mental health challenges. Pennsylvania has experienced an increase in overdose deaths in 2020 and anticipates a continued rise in 2021. The Department of Drug and Alcohol Prevention is administering **\$55 million** in federal Substance Abuse Prevention and Treatment Block Grant Program COVID-19 Supplemental funds, including **\$15 million** in stabilization payments to substance use disorder treatment providers to assist with pandemic-related expenses. In response to the rise in overdose deaths and polysubstance and stimulant use, the Wolf administration has recommitted to tackling substance use disorder as a whole. Shifting focus from solely opioids to all substance use disorders, the administration will prioritize a holistic approach to prevention, rescue, treatment, recovery, and sustainability, as well as reducing stigma.

Increasing Food Assistance for Low-Income Older Adults and Adults with Disabilities

The 2022-23 budget supports lower income Pennsylvanians and addresses food insecurity by including a **\$14.3 million** increase to the minimum Supplemental Nutrition Assistance Program (SNAP) benefit for low-income older adults and adults with disabilities. This funding is estimated to support approximately 75,000 to 95,000 eligible older adults and adults with disabilities who would receive an increase from the current minimum benefit of \$20 per month to \$35 per month to help purchase groceries. This population often experiences diet-related health challenges, and studies have shown that older adults with increased access to proper nutrition can live in a community setting longer than those who face food insecurity.

Supporting Vulnerable Populations through Home and Community-Based Services and Reducing Waiting Lists

With \$1.2 billion in enhanced federal Medicaid funding to support Medicaid's home and community-based services, the Department of Human Services (DHS) is investing in increased provider rates and program enhancements that will allow individuals to live safely in their community. In response to the pandemic-related staffing shortages and opportunities provided by these federal funds, DHS refreshed rates for providers of developmental disabilities services, including a built-in minimum hourly wage assumption of \$15 an hour for a worker with a high school diploma. Higher wages are assumed for workers with more education. The estimated fiscal impact of the rate changes for these programs is approximately \$400 million annually. In the physical disabilities programs, personal assistance services received an 8 percent rate increase beginning on January 1, 2022. Additionally, funds have been allocated for resources to create a training ladder for workers as well as recruitment and retention payments. Agency With Choice will also be added to the Community HealthChoices program with **\$280,000** in state funds to allow participants to choose their direct care workers while having the support of an agency.

In addition to the provider rate refresh, the 2022-23 budget proposes to move 732 individuals with an intellectual disability and/or autism from the emergency waitlist into the Community Living Waiver and 100 individuals into the Consolidated Waiver. This **\$18.8 million** investment in state funds will provide community services to people with unanticipated emergencies, people transferring from private intermediate care facilities, or transferring from state hospitals. The number of emergencies and need for out-of-home placement is likely to increase due to the cumulative effects of the COVID-19 pandemic. Without waiting list capacity to address these emergencies, institutional placements will increase. Additionally, **\$5.1 million** will be utilized to facilitate community transitions for individuals in intermediate care facilities, which will result in **\$4.1 million** in savings.

The 2022-23 budget includes **\$1.25 million** for 20 Community Hospital Integration Projects Program (CHIPP) discharges to reduce state hospital populations. This integration program discharges individuals with complex service needs, who no longer need inpatient psychiatric treatment, into integrated community programs from state hospitals. The county program develops the community resources and services needed for each person discharged through CHIPP. The CHIPP program is a mechanism for reallocating funds to the community for the development of new alternative community-based treatment services and supports.

Increasing Staff to Protect Vulnerable Populations

The Department of Human Services is responsible for protecting vulnerable populations in various licensed settings throughout the commonwealth. The 2022-23 budget proposes an increase of **\$1.4 million** for additional staff in several program areas to support increased regulatory, licensing, budgetary, and administrative workloads. These staff will help complete timely inspections of facilities to ensure full compliance with regulations, investigate complaints, and monitor the implementation of corrective action measures. Additional program support and budgetary staff will support responsive and timely implementation of historic levels of federal funding to respond to and recover from the pandemic.

In addition, the Department of Aging will receive roughly **\$667,000** for additional staff to strengthen older adult protective services. Over the past seven years, elder abuse reporting has increased by 117 percent, while the number of investigations and cases substantiated also increased by 161 percent and 202 percent, respectively. The additional resources will provide a stable and reliable workforce to support oversight and quality assurance activities ensuring protective services are consistently provided to protect older Pennsylvanians from injury, violence, abuse, neglect, exploitation, and abandonment.

Supporting Families through Postpartum Health Care and Home Visiting Programs

The 2022-23 budget continues to prioritize expanding access to health care and supportive services for parents through pregnancy, postpartum, and early childhood. The proposal invests in children and families by extending postpartum coverage for birthing parents eligible for Medical Assistance due to their pregnancy from 60 days to 12 months. Pennsylvania will opt-in to extended postpartum coverage available to states to take effect on April 1, 2022. This action will provide continuity and access to health care through a critical period in the birthing parent's life and a foundational time for the health and well-being of their children.

Prevention services are one of the most important keys to a better future. Through investments in evidence-based home visiting programs, health, education, and wellbeing outcomes have been improved for participants – creating savings in social service, education, and criminal justice systems. To further these outcomes, a **\$15 million** increase in state funds with an additional \$8 million in federal funds is proposed to implement additional evidence-based home visiting and family support services to over 3,800 more families across the commonwealth.

Providing a Safety Net for Families in the Child Welfare System

An investment of \$1.8 million in the Court Appointed Special Advocate (CASA) Program will support court appointed volunteer advocacy in communities so that children who have been victims of abuse or neglect can be safe, establish permanency, and have the opportunity to thrive. Local CASA programs recruit, screen, train, and supervise CASA volunteers appointed through dependency court for children facing abuse and neglect.

Building on the overall increases in DHS staff, the budget proposes **\$291,000** to hire four staff to create a child welfare crisis response team, which will aid counties in need of additional assistance and technical support. These Regional Office staff will support county child welfare agencies struggling to manage staff shortages and increasingly challenging and complex cases throughout the state. The 2020 Child Abuse Report showed a decrease in child abuse reports, while both child fatalities and child near fatalities as a result of child abuse significantly increased between 2019 and 2020. The additional staff will also allow the Office of Children, Youth and Families to support vulnerable populations in crisis situations that may be unpredictable and require flexible deployment of staff for proper response.

Investing in Pennsylvania's Public Health Workforce and Infrastructure

The efforts of Pennsylvania's public health workforce at the state and local level have been unprecedented over the past two years. Dedicated staff at the Department of Health (DOH) and county and municipal health departments (CMHDs) have worked tirelessly to respond to the COVID-19 pandemic and conduct a historic vaccine roll out, while continuing to maintain regular public health operations and regulatory functions. The 2022-23 budget invests **\$4 million** to enhance the commonwealth's public health workforce through increases in DOH staff, including at the state laboratory. This investment will improve the capacity of the clinical laboratory infrastructure to support rapid, large-scale response to public health emergencies, recruit essential public health workers, and ensure basic public health services are provided to all Pennsylvanians.

CMHDs in Pennsylvania are the main providers of public health services to 42 percent of the commonwealth's population. The 2022-23 budget includes **\$7.2 million** to achieve the \$6 maximum per capita grant for the established CMHDs allowable by statute. This critical investment in local public health infrastructure is more important now than ever as Pennsylvania unites to fight against COVID-19 and continues to rebuild public health infrastructure at all levels.

In addition, the 2022-23 budget includes a new **\$5 million** investment in innovative gene and immunotherapy research to develop targeted cancer therapies and position Pennsylvania as an international leader in this growing area of pioneering research.

Protecting the Environment by Investing in Workers, Communities, and a Clean Future

To ensure future generations can enjoy the commonwealth's natural resources, the governor has implemented smarter energy and conservation policy that balances energy and business needs with environmental protection. The Pennsylvania Climate Action Plan and the governor's statewide carbon reduction goal help progress toward curbing some of the biggest air pollutants in Pennsylvania. In addition, the GreenGov Council continues to make progress in reducing energy use and promotion of cost saving sustainable practices across commonwealth agencies.

Climate change impacts in Pennsylvania are real and continue to put Pennsylvanians at risk. In recent years, extreme weather and natural disasters have become more frequent and more intense. Like many areas of the United States, Pennsylvania is expected to experience higher temperatures, changes in precipitation, and more frequent extreme weather events and flooding because of climate change in the coming decades. Pennsylvania's economy, health and safety, and quality of life of its citizens are dependent on the careful stewardship of resources, a healthy economy, and clean air and water.

Reducing Air Pollution and Addressing Climate Change

In 2019, Governor Wolf announced that Pennsylvania would join the Regional Greenhouse Gas Initiative (RGGI), a market-based collaboration among nine Northeast and Mid-Atlantic states to reduce greenhouse gas emissions and combat climate change, while generating economic growth. As the commonwealth progresses toward participation in the program, Pennsylvania is well-positioned to make important investments with these proceeds to assist in the transition to a new energy economy and to help stimulate the economy.

Pennsylvania's energy landscape has changed rapidly over the past decade due to shifts in market demand. As these shifts continue into the future, RGGI revenues present an opportunity to provide crucial resources to support communities and employees impacted by the energy transition, while making targeted investments in greenhouse gas abatement, energy efficiency, and clean and renewable energy programs to reduce air pollution in Pennsylvania. This proposed investment strategy ensures support for communities and businesses that have helped create Pennsylvania's rich energy history, while addressing climate change, the greatest environmental threat facing the world.

Supporting Industrial Sector Decarbonization through Carbon Capture, Utilization & Storage (CCUS) and Hydrogen

Pennsylvania can leverage existing competitive advantages in energy production to be a national leader in the deployment of CCUS and hydrogen technologies. Advancing a strategy around CCUS and hydrogen will be critical to attract investment for commercial scale projects, creating good paying jobs, while providing additional avenues to meet the greenhouse gas emissions reduction goal of 80 percent by 2050.

Further, the bipartisan federal Infrastructure Investment and Jobs Act provides opportunities for major investments in CCUS and hydrogen to facilitate national development. Pennsylvania needs to ensure it is not left behind given the state's energy resources, strong industrial base, and workforce required to be successful. The 2022-23 budget includes **\$100,000** to support a strategic plan for industrial sector decarbonization through the deployment of CCUS and hydrogen technologies in the commonwealth.

Bolstering Staffing for Environmental Protection and Conservation

Staff at the Department of Environmental Protection are critical to fulfilling the agency's mission to "protect Pennsylvania's air, land and water from pollution, and to provide for the health and safety of our citizens." This budget invests **\$5 million** to fund new positions to fulfill critical programmatic and operational needs. Additionally, a **\$2.5 million** investment into staff at the Department of Conservation and Natural Resources will support outdoor management, recreation, and safety.

Expanding Critical Services for Pennsylvania's Veterans and Active Military

Pennsylvania is home to nearly 800,000 veterans – the fourth largest veteran population in the nation. Making veterans a priority and joining a combined effort as veteran advocates is crucial to meeting this population's needs. It is critical that every Pennsylvania veteran receives the benefits they have earned through their service to the United States and the commonwealth. The Department of Military and Veteran Affairs (DMVA) collaborates with more than 200 Veteran Service Officers throughout Pennsylvania who assist veterans and their families. These Veteran Service Officers, working with all 67 counties as well as municipalities, state agencies, and the federal government, provide a connection to community-based services, advice, and information on service earned benefits. This budget proposes an additional **\$284,000** within the Veteran Service Officer Grant program to allow for additional Veteran Service Officers to bring mobile services to where veterans are, while expanding the capability of reaching more veterans.

With a proposed investment of **\$500,000**, in addition to providing outreach as it relates to service earned benefits, DMVA will utilize the PA VETConnect system, a regional outreach program, to further build relationships, locate resources, and connect partners to directly assist veterans and their advocates. Through PA VETconnect, veteran advocates have access to the commonwealth's information and referral database, compiled specifically to improve the lives of service members, veterans, and their families. This additional funding will allow DMVA to work with local partners to expand available information to ensure the needs of veterans are quickly and efficiently addressed.

Additionally, suicide is a serious public health threat; however, suicides are preventable with intervention. According to the American Foundation for Suicide Prevention, on average, one person died by suicide every four hours in Pennsylvania in 2020. The military is not immune to the rise in suicide related events. The Pennsylvania National Guard (PANG) reported 48 suicidal ideations, 10 attempts, and 8 suicides in 2020. Although the causes of suicide vary, suicide prevention strategies share two goals: to reduce factors that increase risk and to increase factors that promote resilience and coping. To meet the challenge of preventing PANG suicides, this budget proposes **\$444,500** to pilot a two-part model to enhance readiness, wellness, and resilience. This model aims to strengthen service members' connections and relationships using best practices and evidence-based assessments and interventions, to foster overall behavioral health wellness, and prevent suicide and self-harm.

Economic Outlook

The Pennsylvania [Department of Revenue](#) and the [Office of the Budget](#) utilize economic forecast data supplied by [IHS Markit](#) and [Moody's Analytics](#) in constructing the official tax revenue estimates and forecasts. Analysis and discussion throughout this section are based upon data from each source in addition to further analysis from the Department of Revenue and the Office of the Budget.

U.S. Recent Trends and Current Conditions

IHS Markit has revised their 2021 forecast of real GDP growth from 5.5% to 5.7%. The 2022 forecast remains 4.3%. The upward revision for 2021 is attributed to unexpected surges in October of exports and inventory investment that, even assuming partial reversals in November, encouraged a revision to IHS Markit's Q4 growth from 4.4% in December to 7.1% in January.

IHS has also revised their forecast of CPI inflation for 2021 from 4.5% to 4.6% and for 2022 from 3.3% to 3.7%. This was caused by an unexpectedly sharp jump in prices in October that, given its timing, raised the CPI in 2022 more than in 2021. As supply disruptions wane, and with long-run inflation expectations anchored near the Federal Reserve's 2% objective, IHS expects core PCE inflation to subside to moderately above 2% by 2023.

The Forecast

Given persistent inflation pressures, a sharp jump in the employment ratio in November, and considering recent public statements, IHS now expects the Federal Reserve to quicken the pace of the "taper", completing it in March. IHS has also moved "lift-off" of the funds rate from March of 2023 to September of 2022. While the Omicron strain COVID-19 has emerged as a downside risk to the forecast, too little is known about it yet to directly adjust projections of growth and inflation. However, the forecast does incorporate the indirect effects of recent movements in financial conditions and commodity prices in response to the new uncertainties.

Table 1 and Table 2 are U.S. macro forecast projections from IHS. Table 1 outlines the expected outlook for lower unemployment and a decrease in GDP in 2022. Table 2 notes that over the next two years there is a 50% probability of real GDP rising 5.7% in 2021 and growth slowing to 4.3% in 2022, consumer spending bouncing back, and business fixed investment recovering. Table 2 also provides narrative for each economic indicator.

Table 2
U.S. Macro Forecast Projections from IHS Global Insight
December 2021

Baseline Forecast (50 percent Probability)	
GDP Growth	Real GDP rises 5.7% in 2021 as annualized growth rises from 2.1% in the third quarter to 7.1% by the fourth. Growth slows to 4.3% in 2022 and 2.6% in 2023.
Consumer Spending	Spending jumps 8.1% in 2021 thanks to surges of more than 11% at annual rates in the first and second quarters.
Business Fixed Investment	Jumps 7.4% in 2021 and remains strong at 6.1% growth in 2022 and 4.6% in 2023.
Housing	Housing starts rise from 1.40 million in 2020 to 1.57 million in 2021 before slipping to 1.46 million in 2022 and 1.33 million in 2023.
Exports	Recover 4.2% in 2021 and 5.7% in 2022, surpassing prior peak in the first quarter of 2023 as the pandemic inhibits global trade. Exports rise 8.0% in 2023.
Fiscal Policy	\$1.9 trillion ARP included. Income support drops from \$2.7 trillion (annualized) in first half of 2021 to \$0.7 trillion in second half. Forecast also includes the Infrastructure Investment & Jobs Act.
Monetary Policy	Fed keeps the funds rate at the zero bound until September 2022; taper of asset purchases concludes in March of 2022.
Credit Conditions	Rapidly ease in 2021 before stabilizing at a gentle pace in 2022–2023.
Consumer Confidence	Retrenches slightly in Q4 of 2021 before resuming a steady rise that takes it close to pre-pandemic levels by late 2022.
Oil Prices (Dollars/barrel)	Average price of Brent crude oil rises from \$42/barrel in 2020 to \$71 in 2021 and \$75 in 2022 before falling to \$72 in 2023.
Stock Markets	The year-end value of the S&P 500 rose 16.3% in 2020. It rises 21.9% in 2021 and 1.9% in 2022, then falls 0.4% in 2023.
Inflation (CPI)	Core personal consumption (PCE) price inflation rises from 1.4% in 2020 to 3.2% in 2021, stays elevated at 3.2% in 2022, and falls to 2.3% in 2023.
Foreign Growth	Eurozone GDP rises 5.1% in 2021 and 3.7% in 2022 after a 6.4% drop in 2020, while China's growth rises from 2.3% to 8.1% in 2021 and slows to 5.5% in 2022.
U.S. Dollar	The broad dollar appreciates through early 2022 before gently falling through the end of the forecast horizon.

Pennsylvania Outlook

Pennsylvania benefits from a highly diversified economy with a mix of industries. No single employment sector dominates Pennsylvania. Since the turbulent diversification of the Pennsylvania economy during the 1970s and 1980s, Pennsylvania has a much more stable economy which tends to track the national economy but with less volatility. During periods of national economic contraction, Pennsylvania often will outperform the U.S. in areas such as growth in real gross state product, growth in real personal income, and employment growth. Pennsylvania's unemployment rate generally trends below the U.S. rate, and per capita income levels in the commonwealth exceed national levels. However, over the last two years, unemployment has been higher than the national level. During periods of economic expansion, Pennsylvania will often lag the rate of growth in the national economy.

The Marcellus shale natural gas deposit is a long-term asset for the state and region, although drilling activity has slowed due to low prices for natural gas. The buildout of infrastructure to transport the gas to market continues, with construction of pipelines, compressing stations, and processing facilities continuing to benefit Pennsylvania. Development of natural gas continues to be a factor for Pennsylvania's economic outlook. Direct employment in natural resources and mining is small relative to the total jobs in the state but other industries, such as construction, transportation, and professional services have benefited from the natural gas industry. Longer-term, Pennsylvania's competitiveness in manufacturing should be enhanced by the decreased costs of energy and petrochemical feedstocks coming from beneath the state.

Education and healthcare sectors remain a vital part of the state economy. The healthcare sector expects to benefit from increased demand building upon expanded insurance coverage already provided through the [Affordable Care Act](#). Additionally, the pandemic has placed greater emphasis on the need to invest in the health care workforce. Pennsylvania also boasts many top-flight research hospitals that draw patients from outside the state. The state's education providers, especially its notable research universities, not only provide jobs on campus but also help to nurture new businesses with the graduates they produce. Discussions of "high-tech" sectors often overlook healthcare but should not do so. The outbreak of the pandemic requires cutting-edge research into potential treatments and vaccines.

Overview: Economic Outlook

Pennsylvania's economic growth over the next few years depends greatly on maintaining the progress made in preventing and treating COVID-19, as that will be key to a full reopening of the global economy. Even then, the leisure and hospitality sector may take several years to fully recover as travelers gradually return to the roadways and air; the future of business travel, including conventions, is a big wildcard for major cities. The return of workers to offices, especially in urban centers, also will influence the number of jobs in certain service sectors, including food service, retail, mass transit, and other personal services. Real gross state product will grow by an annual average of 3.3% per year from 2020 to 2025, a bit below the national rate of 3.6%. Personal income will rise 3.6%, compared with 4.2% for the country.

Table 3 shows various historical and projected key economic indicators for Pennsylvania and the U.S. economy.

Overview: State Fiscal Recovery Funds

ARPA Coronavirus State Fiscal Recovery Funds

The Coronavirus State Fiscal Recovery Funds program, enacted as a part of the federal American Rescue Plan Act of 2021, delivered \$7.291 billion to Pennsylvania to support the response to and recovery from the COVID-19 pandemic.

The Coronavirus State Fiscal Recovery Funding program will help ensure Pennsylvania has the resources needed to respond to the pandemic, including providing health and vaccine services, supporting families and businesses struggling with the pandemic's economic impacts, maintaining vital public services, and building a strong and equitable recovery.

Pennsylvania anticipates using \$5.104 billion of the Coronavirus State Fiscal Recovery Funding in 2021-22. This budget proposes the distribution of the remaining \$2.187 billion to meet immediate pandemic response needs as well as to promote long-term recovery.

Summary of ARPA Coronavirus State Fiscal Recovery Funds

This table shows a summary of the enacted and proposed distribution of Pennsylvania's award from the federal American Rescue Plan Act of 2021 Coronavirus State Fiscal Relief Funds as presented in the 2022-23 Governor's Executive Budget.

Public Information and Communications

The commonwealth spends funds on activities to provide government information to the news media and the general public and for other essential communications efforts. Funds are budgeted in 28 agencies to provide public notification and information to the commonwealth's public, news media, businesses, legislators, and citizens regarding the bidding of contracts, issuance of rules and regulations, announcement of public hearings, and the availability of services and financial aid. The amounts that are detailed below exclude those items that are strictly educational and materials that are offered for public sale.

NOTES:

---- Lottery sales promotion - \$51 million will be spent, from the Lottery Fund, on advertising campaigns to promote lottery sales and to disseminate information on the various lottery programs including property tax and rent assistance for older Pennsylvanians during 2022-23. These expenditures are expected to generate approximately \$6.2 billion in lottery revenues during 2022-23.

---- Economic development - A total of \$5 million is budgeted in the Marketing to Attract Tourist restricted account to promote tourism and economic development. This will contribute to an estimated \$46 billion in 2022-23 business and leisure travel revenues to Pennsylvania and supports the state's aggressive effort to preserve and create jobs.

Commonwealth of Pennsylvania

Governor's Executive Budget

PROGRAM BUDGET SUMMARY

This section summarizes the budget by major revenue source and major program area of expenditure. This summary includes programs funded from the General Fund, the two budgeted special revenue funds, federal funds, and other revenues including augmentations, restricted receipts and revenues, and other special revenue funds.

Detailed supporting information is provided for each major program area of expenditure by component categories and subcategories (subdivisions of activities) which contribute to the commonwealth's total effort in that program. Detailed information on individual revenue sources may be found in the appropriate fund presentation in the Summary by Fund section of this document.

Guide to the “Summary of Revenues and Expenditures for the Operating Program” Statement

The Summary of Revenues and Expenditures for the Operating Program comprehensive statement shown on page B3 is an “all funds” seven year summary of revenues and expenditures for the commonwealth’s operating program. This guide is intended to assist readers with interpreting and understanding the revenue and expenditure items presented on the comprehensive statement.

Beginning and Ending Balances

Beginning and ending balances are included only for state General Fund and state Special Funds as Federal Funds and Other Funds revenues and expenditures are considered to be self-balancing. The General Fund and Special Funds beginning and ending balances are based on their respective financial statements found in Section C.

Revenues

All General Fund, Special Funds, Federal Funds, and Other Funds revenues contributing to the commonwealth’s operating program are shown on the statement.

General Fund – The General Fund is the commonwealth's largest operating fund. It receives all tax revenue, nontax revenue, and federal grants and entitlements not specified by law to be deposited elsewhere. Tax revenue comprises the majority of annual General Fund revenue, in a typical year. The largest sources of nontax revenue are normally profit transfers from the Pennsylvania Liquor Control Board, the escheats or “unclaimed property” program, and licenses and fees charged by state agencies. General Fund revenue categories shown on the statement include Corporation Taxes, Personal Income Tax, Sales and Use Tax, and All Other Revenues/Taxes. A Less Refunds category is shown as a negative revenue adjustment to account for various tax refunds. Additional information on General Fund revenue sources can be found in Section C1.

Special Funds – Motor License and Lottery Funds contribute revenue to the commonwealth operating program. Additional information on Special Fund revenue sources can be found in Section C.

Federal Funds – All monies received from the federal government are deposited into the State Treasury and must be appropriated. The Department of Human Services receives the most federal funds. Other agencies receiving significant federal funds include the Departments of Education, Health, Labor and Industry, and Transportation. Additional information on federal funds budgeted by agency can be found in Section C for federal funds related to General Fund budgets and in Section E: Department Presentations in each agency’s Summary by Fund and Appropriation statement.

Other Funds – There are more than 150 Other Funds contributing revenue to the commonwealth’s operating program. The State Stores Fund, the Public Transportation Trust Fund, the State Gaming Fund, and the Property Tax Relief Fund contribute significant revenues to the Other Funds revenue total. See Section H: Other Special Funds for information and financial data on these funds. Additional information on Other Funds can be found in Section E: Department Presentations on each agency’s Summary by Fund and Appropriation statement.

Program Expenditures

Program expenditures are categorized by the eight Commonwealth Programs beginning with Direction and Supportive Services and ending with Debt Service. These programs include expenditures from all General Fund, Special Funds, Federal Funds, and Other Funds contributing to total operating program expenditures as shown on pages B6 and B7. More detailed expenditure breakdowns, by program category and subcategory, are shown on pages B8 through B17.

Total operating program expenditures are adjusted to include expenditure reductions from General Fund or Special Fund lapses of unspent prior-year funds. Other adjustments, such as fund transfers to the operating program (resulting in expenditure increases) or fund transfers from the operating program (resulting in expenditure decreases) shown on the statement, will impact total program expenditures and ending balances.

Program Budget Summary

SUMMARY OF REVENUES AND EXPENDITURES FOR THE OPERATING PROGRAM

The following table is a seven year summary of the revenues and expenditures by Commonwealth Program for the operating budget. Balances are included only for State funds - General Fund and Special Funds - as Federal Funds and Other Funds revenues and expenditures are considered to be self-balancing.

Program Budget Summary

Direction and Supportive Services

The goal of this commonwealth program is to provide an efficient and effective administrative support system through which the goals and objectives of commonwealth programs can be attained. This commonwealth program supports goals to streamline state government and achieve efficiencies.

Centralized functions affecting all agencies comprise this program. Administrative costs specifically related to particular programs usually appear in a program subcategory to which they relate.

The agencies in this program include the Governor's Office, Executive Offices, Lieutenant Governor, Auditor General, Treasury, Departments of General Services and Revenue, Ethics Commission, Health Care Cost Containment Council, the State Employees' Retirement System, Government Support Agencies, and the Legislature.

Protection of Persons and Property

The goal of this commonwealth program is to provide an environment and a social system in which the lives and property of individuals and organizations are protected from natural and human-made disasters and from illegal and unfair actions. This commonwealth program supports the administration's goal to protect the public health and safety of Pennsylvania's residents.

This program addresses the substantive areas of consumer and environmental protection, certain regulatory activities, the criminal justice system, and mitigation of the effects of disasters. Within these broad areas, the State Police, Department of Banking and Securities, Attorney General, Department of Corrections, Commission on Crime and Delinquency, Public Utility Commission, Liquor Control Board, Pennsylvania Emergency Management Agency, the Judiciary, Milk Marketing Board, Department of State, and the Insurance Department deal almost entirely with protection of persons and property. Several agencies such as the Executive Offices and the Departments of Environmental Protection, Agriculture, Labor and Industry, Military and Veterans Affairs, and Transportation are more diversified, and some of their activities are included in this program as well as in other commonwealth programs.

Program Budget Summary

Education

The goal of this commonwealth program is to provide a system of learning experiences and opportunities that will permit each individual to achieve his or her full potential intellectual development through high-quality basic education and special education programs, and through high-quality career and technical education and higher education. This commonwealth program supports goals to promote an agenda for excellence, a world-class education that enables all Pennsylvania children to achieve their full potential, and to expand educational opportunities and alternative pathways to teaching and leadership.

This commonwealth program is financed primarily through the Department of Education. Other agencies providing support are the Departments of Health, Human Services, Revenue, Labor and Industry, and the Higher Education Assistance Agency.

Health and Human Services

The goals of this commonwealth program are to ensure access to quality medical care for all residents, support people seeking self-sufficiency, provide military readiness and assistance to veterans, and maximize opportunities for individuals and families to participate in society.

This program addresses the following substantive areas: research; prevention and treatment of physical, behavioral health and intellectual disabilities; maternal and child health care; financial assistance for older Pennsylvanians; medically complex individuals and families in transition; and other programs to address the various issues individuals encounter in a complex society.

These activities are primarily the responsibility of the Departments of Health and Human Services with contributions by the departments of Agriculture, Labor and Industry, Military and Veterans Affairs, and Revenue.

Program Budget Summary

Economic Development

The goal of this commonwealth program is to invest public resources to create jobs for Pennsylvanians. To do so, this program offers a variety of grants, loans, and loan guarantees designed to stimulate economic investment, growth, and expanded employment. This commonwealth program supports goals to create and maintain a business climate in which good, family-sustaining jobs can grow and communities can prosper.

This program works in tandem with numerous state authorities and agencies to aggregate and strategically invest resources to expand and retain Pennsylvania-based firms and attract new companies to the commonwealth that will offer Pennsylvania's communities stability, vitality, and job opportunities. This program leverages workforce and community development resources that together with business investment enable Pennsylvania to compete on behalf of and for its business partners.

The total efforts of the Department of Community and Economic Development and the Infrastructure Investment Authority (PENNVEST) are devoted to this program. The Executive Offices, Auditor General, Housing Finance Agency, and the Departments of Education, Labor and Industry, and Revenue also contribute to this program.

Program Budget Summary

Transportation

The goal of this commonwealth program is to provide a system for the expeditious, convenient, efficient, and safe movement of individuals and goods within the commonwealth that is interfaced with a national and international system of transportation. This commonwealth program supports goals to create and maintain a business climate in which rewarding, family-sustaining jobs can grow and communities can prosper.

Transportation systems are developed to serve the needs of residents, commerce, and industry and are financed through the Department of Transportation.

Recreation and Cultural Enrichment

The goal of this commonwealth program is to improve the quality of life in Pennsylvania's urban, suburban, and rural communities. This program focuses resources on our recreational and cultural amenities ensuring that Pennsylvanians can fully enjoy the natural beauty of the commonwealth. This program also ensures that residents and visitors can explore the diversity of cultural traditions, the creativity of our artistic community, and the bountiful history of our state and its prominence in forming the heritage of our nation.

In working toward these broad commonwealth program goals, the Department of Conservation and Natural Resources undertakes a wide variety of activities in the development and provision of outdoor recreational opportunities. The Department of Education conducts a program to develop a system of local, county, and regional public libraries, including the operation of the State Library at Harrisburg, and provides recreational opportunities through local school districts. The Historical and Museum Commission provides state and local museum assistance.

In addition, the Fish and Boat Commission, Game Commission, and Council on the Arts contribute to this commonwealth program.

Debt Service

The goal of this commonwealth program is to provide sufficient financial resources necessary to meet the timely payment of commonwealth debt obligations. Debt financing is used by the commonwealth to finance its capital programs and voter-approved bond referenda and to fund certain disaster relief programs. Most long-term financing of the commonwealth is provided by the issuance of general obligation debt. Debt financing is utilized by all other commonwealth programs to support the goals of each of the commonwealth's program categories.

The Treasury Department participates in this program.

Commonwealth of Pennsylvania

Governor's Executive Budget

SUMMARY
BY
FUND

Summary of Major Operating Funds

The total 2022-23 operating budget for the commonwealth is \$109.3 billion. It includes \$43.7 billion in the General Fund, \$3.0 billion in the Motor License Fund, \$2.0 billion in the Lottery Fund, \$41.4 billion in federal funds, and \$19.2 billion in augmenting fees and other special fund revenues.

(Dollar Amounts in Thousands)

Major Operating Fund Expenditures	Actual	Available	Budget	2022-23 Change from 2021-22	
	2020-21	2021-22	2022-23	Dollars	Percent
General Fund	\$ 34,013,227	\$ 37,477,801	\$ 43,707,401	\$ 6,229,600	16.62%
Motor License Fund	\$ 2,722,900	\$ 2,879,598	\$ 3,045,231	\$ 165,633	5.75%
Lottery Fund	\$ 1,876,453	\$ 1,988,485	\$ 1,991,761	\$ 3,276	0.16%

The majority of the commonwealth's operating expenses are paid from the General Fund, Motor License Fund, and Lottery Fund. The following section provides an overview of major revenues and expenditures for the three major operating funds. Additional details regarding these funds may be found in Section E: Department Presentations.

GENERAL FUND

The General Fund is the major operating fund of the commonwealth. It receives all tax receipts and other types of revenue not specified by law to be placed in special funds. Except for certain restricted receipts, the income of the General Fund is appropriated in specific amounts for the ordinary programs of government.

Pennsylvania's major sources of General Fund revenues are corporation taxes, consumption taxes, income taxes, and nontax revenues.

General Fund

Revenue

The General Fund is the commonwealth's largest operating fund. All tax revenue, nontax revenue and federal grants and entitlements not specified by law to be deposited elsewhere are deposited into the General Fund. The General Assembly makes appropriations of these General Fund revenues as presented and proposed in this budget.

Tax revenues are the primary source of funding of the General Fund. Personal income tax, sales and use tax, corporate income tax, and cigarette tax provide the majority of projected General Fund tax revenue. Nontax revenues are typically from profit transfers from the Pennsylvania Liquor Control Board, licenses and fees, and the escheats or unclaimed property program. One-time transfers from special funds can also be major contributors to nontax revenues.

The two largest General Fund revenue sources are personal income tax and sales and use tax. Estimates for personal income tax are developed from a series of regression equations that use forecasts of wages, salaries, interest, dividends, rents, proprietors' income, and capital gains income. Estimates for sales and use tax are developed from a series of regression equations that use forecasts of national consumer expenditures on durable goods, non-durable goods, food services and accommodation, new and used motor vehicles, and business nonresidential investment.

The largest General Fund tax on businesses is corporate net income tax. Annual receipts from corporate net income tax can vary significantly from year-to-year. This variability is due to fluctuations in corporate profitability, including losses, federal tax law changes, the availability and use of tax credits and net operating loss deductions, and the timing of estimated and final state tax payments based on when a corporation's tax year begins. Estimates for the corporate net income tax are developed from a regression equation that uses forecasts of national before-tax corporate profits.

Expenditures

The General Fund is the primary funding source for most state agencies and institutions. The majority of every dollar is returned to individuals, local governments, institutions, school districts, among others, in the form of grants and subsidies. The remainder pays operating expenses and debt service.

Major program expenditures occur in the areas of education, health and human services, and protection of persons and property.

PreK-12 Education: The financial responsibility for public education in Pennsylvania is shared by the commonwealth and 500 local school districts. Funds provided by the commonwealth supplement funds raised locally. State aid to local school districts is provided through various school subsidy payments for basic instruction, career and technical education, debt service, pupil transportation, school employees' retirement, and various special education programs.

The largest such subsidy is Basic Education Funding, which provides commonwealth aid to local school districts, and includes school district Social Security payments. The General Fund also supports PreK-12 education through Pre-K Counts, Head Start Supplemental Assistance, and Special Education.

Higher Education: Higher education in Pennsylvania is provided through 220 degree-granting institutions, which include the 14 universities of the State System of Higher Education, four state-related universities, community colleges and various other independent institutions.

Health and Human Services: The commonwealth provides support for its residents to achieve and sustain independence. It also provides care, treatment, and rehabilitation to persons with behavioral, intellectual, and physical disabilities.

The largest component is Medical Assistance, which includes long-term living home and community-living programs. Caseload growth continues to increase especially for the elderly. Medicaid Expansion closed the coverage gap for working adults and streamlined delivery of health care services. Medical inflation, pharmaceutical prices, federal financial participation for Medicaid Expansion, and caseload fluctuations contribute to an overall increase in state Medical Assistance expenditures. Increases are mitigated through cost containment, operational efficiencies, and proposed revenue strategies.

Support is also provided for income maintenance, including child care services and cash assistance for families in transition to independence and self-sufficiency. Funding continues to be provided for a continuum of services for individuals with behavioral health and intellectual disabilities, ranging from home and community-based supports to quality facility care.

The General Fund is the primary funding source for **Department of Corrections** programs including costs associated with operating the state correctional institutions. Additionally, the **Pennsylvania State Police** budget continues to require increased General Fund support as reliance on the Motor License Fund continues to decrease.

General Fund

This table shows a summary by Commonwealth Program of 2020-21 actual year, 2021-22 available year, 2022-23 budget year, and future year estimates.

(Dollar Amounts in Thousands)

PROPOSED TAX AND REVENUE MODIFICATIONS

	2022-23
	Estimated
Tax Revenue:	
Corporate Net Income Tax (CNIT)	\$ (79,400)
<p>Effective for tax years beginning on or after January 1, 2023, modernizing the tax base by strengthening current addback requirements, codifying economic nexus rules, and adopting market sourcing for intangibles. Effective for tax years beginning on or after January 1, 2023, the CNIT rate is proposed to be reduced from 9.99% to 7.99%. Within the scope of this budget, the CNIT rate is proposed to be further reduced to 6.99% in 2026 and 5.99% in 2027, ultimately reaching 4.99% in the future.</p>	
Gaming Taxes	\$ 133,500
<p>Effective July 1, 2022, eliminating the requirement that table games taxes be deposited into the Property Tax Relief Fund, keeping the tax in the General Fund. Current law requires table games taxes to be permanently diverted from the General Fund once the Budget Stabilization Reserve Fund exceeds \$750 million on the last day of a fiscal year. With the transfer made from the General Fund in September 2021, the balance of the Budget Stabilization Reserve Fund exceeds this threshold.</p>	
Transfer to Tobacco Settlement Fund	\$ (115,300)
<p>A transfer of funds from the cigarette tax to the Tobacco Settlement Fund to replace monies deducted from the Master Settlement Agreement for deposit in the Tobacco Revenue Bond Debt Service Account is proposed.</p>	
Transfer to Environmental Stewardship Fund	\$ (12,300)
<p>A transfer of funds from the personal income tax to the Environmental Stewardship Fund for Growing Greener debt service payments is proposed.</p>	
Transfer to School Safety and Security Fund	\$ (45,000)
<p>A transfer of funds from the personal income tax to the school Safety and Security Fund for grant payments is proposed.</p>	
Transfer from Medical Marijuana Program Fund	\$ 36,600
<p>To comply with the intent of Act 16 of 2016, this budget reflects transfer of the unexpended fund balance of the Medical Marijuana Program Fund to the General Fund to offset Department of Health operations. The change to transfers will increase nontax revenue by \$36.6 million.</p>	
TOTAL PROPOSED TAX AND REVENUE MODIFICATIONS	<u>\$ (81,900)</u>

This budget proposes the following revenue modifications in 2022-23:

Effective July 1, 2022, an increase in the minimum wage from \$7.25 per hour to \$12.00 per hour is proposed. The minimum wage increases annually by \$0.50 per hour each July 1 until it reaches \$15.00 per hour. The increase includes tipped workers currently making less than minimum wage. The proposal will generate \$74.6 million in combined personal income and sales and use tax revenue in 2022-23.

General Fund Revenue Sources

This section provides a brief description of the tax and nontax State revenue sources for the General Fund. For more complete information, refer to the [Pennsylvania Tax Compendium](#) prepared by the Department of Revenue.

Corporate Net Income Tax

Tax Base: This tax is paid by all domestic and foreign business corporations for the privilege of doing business, carrying on activities, or employing or owning capital or property in Pennsylvania and is levied on federal taxable income with Pennsylvania modifications. When the entire business of any corporation is not transacted within Pennsylvania, taxable income usually is determined by a single sales factor apportionment formula for tax year 2013 and beyond.

Tax Rates: The current tax rate of 9.99 percent has been in effect since January 1, 1995.

Reference: Purdon's Title 72 P.S. §7401—§7412.

Proposed Change: The tax will be changed to strengthen add back rules, codify economic nexus rules, and adopt market sourcing for intangible sales, effective for tax years beginning after December 31, 2022. Net operating loss deductions will remain capped at 40 percent of pre-deduction taxable income.

A lower rate will be in effect for tax years beginning as follows:

January 1, 2023.....	7.99 percent
January 1, 2026	6.99 percent
January 1, 2027.....	5.99 percent
With the ultimate goal of reaching.....	4.99 percent

Gross Receipts Tax

Tax Base: This tax is levied on the gross receipts from business transacted within Pennsylvania by specified companies owned, operated, or leased by corporations, associations, or individuals. Various gross receipts taxes are imposed upon private bankers; pipeline, conduit, steamboat, canal, slack water navigation, and transportation companies; telephone, telegraph, and mobile communications companies; electric light, water power, and hydroelectric companies; express companies; palace car and sleeping car companies; and freight and oil transportation companies. Beginning with fiscal year 1993-94, 0.25 mill is transferred to the Alternative Fuels Incentive Grant Fund.

Tax Rates: The current tax rate on gross receipts from sales of electric energy within Pennsylvania is 59 mills and has been in effect since 2003. The current tax rate on other gross receipts is 50 mills and has been in effect since 1991.

Reference: Purdon's Title 72 P.S. §8101—§8102; 72 P.S. §2183—§2194.

Public Utility Realty Tax

Tax Base: This tax is levied on the state taxable value of the property owned by utilities furnishing utility service and regulated by the Pennsylvania Public Utility Commission or similar regulatory body. The state taxable value is defined as the current market value of utility realty. Effective January 1, 2000, electric generation assets became subject to local real estate tax and were excluded from the public utility realty tax base.

Tax Rate: The tax rate is set each year upon determination by the Department of Revenue of the required distribution of the realty tax equivalent to local tax authorities. Revenue from an additional 7.6 mills is deposited in the General Fund. For tax year 2004 and thereafter, the Department of Revenue calculates a gross receipts tax surcharge in the event that refunds for public utility realty tax appeals exceed \$5 million in the prior fiscal year. For tax year 2012 and forward, there has been no surcharge.

Reference: Purdon's Title 72 P.S. §8101-A—§8109-A.

Insurance Premiums Tax

Tax Base: This tax is levied on the gross premiums from all business transacted within the commonwealth during each calendar year by domestic and foreign insurance companies.

Tax Rates: The rate is 2 percent of gross premiums plus a retaliatory tax where applicable. Marine insurance companies pay a 5 percent tax on underwriting profits attributable to Pennsylvania in lieu of the gross premiums tax. A tax of 3 percent is imposed on policies written with surplus lines agents or other nonadmitted insurers.

Reference: Purdon's Title 72 P.S. §7901—§7906.

Financial Institutions Taxes

Tax Base: This category includes the bank and trust companies shares tax, the title insurance companies shares tax, and the mutual thrift institutions tax. The bank and trust company shares tax is imposed on every bank and trust company having capital stock and doing business in Pennsylvania. The tax is imposed annually on the value of shares as of January 1. Beginning January 1, 2014, the taxable value of shares is computed on the most recent year-end value of an institution's total bank equity capital, adjusted to allow a deduction for certain types of goodwill and United States obligations. The Pennsylvania share of total bank equity capital is determined by a single receipts factor. The title insurance companies shares tax is levied on the taxable amount of the capital stock of title insurance companies. The mutual thrift institutions tax is levied on the taxable net income of mutual thrift institutions.

Tax Rates: The bank and trust companies shares tax rate of 0.95 percent of the capital stock of banks has been in effect since January 1, 2017. The title insurance companies shares tax rate of 1.25 percent has been in effect since January 1, 1990. The mutual thrift institutions tax rate of 11.50 percent has been in effect since January 1, 1992.

Reference: Purdon's Title 72 P.S. §7701—§7702. Bank and Trust Company Shares Tax.
Purdon's Title 72 P.S. §8501—§8505. Mutual Thrift Institution Tax.
Purdon's Title 72 P.S. §7801—§7806. Title Insurance Companies Shares Tax.

Sales and Use Tax

Tax Base: The tax is levied on the sale at retail, including rental, of tangible personal property and certain services, or upon the use within Pennsylvania of tangible personal property, or taxable services purchased at retail if the tax was not paid at time of purchase. A tax on the occupancy of hotel rooms is imposed as part of the sales and use tax law. Current transfers are as follows: 0.947 percent of revenues from this tax is deposited in the Public Transportation Assistance Fund; 4.4 percent of receipts are transferred annually to the Public Transportation Trust Fund; \$0.7 million is made annually to the Transit Revitalization Investment District Fund; an amount as may be necessary to make payment for principal and interest obligations is also transferred to the Commonwealth Financing Authority (CFA). For 2019-20 only, \$115.3 million was transferred under Act 2017-43 to the Tobacco Revenue Bond Debt Service Account. Beginning in 2022-23, an annual transfer will occur from motor vehicle sales and use tax receipts to the Public Transportation Trust Fund. The transfer will be the greater of the ratio of \$450 million to 2020-21 sales and use tax receipts multiplied by current year sales and use tax receipts or \$450 million. The revenues shown for the General Fund are net of these transfers.

Tax Rate: The current rate uses a bracket system based on 6 percent of the purchase price. This rate has been in effect since 1968.

Reference: Purdon's Title 72 P.S. §7201 et seq.

Cigarette Tax

Tax Base: The tax is imposed and assessed on the sale or possession of cigarettes and little cigars weighing less than 4 pounds per 1,000 sticks within Pennsylvania.

Tax Rates: The current tax rate of 13.00 cents per cigarette has been in effect since August 2016. Beginning in fiscal year 2002-03, fixed annual amounts are transferred to the Children's Health Insurance Program (CHIP) and the Agricultural Conservation Easement Purchase (ACEP) Fund. The current CHIP transfer is \$30.73 million, while the ACEP transfer is \$25.49 million. An additional transfer is made to the Local Cigarette Tax Fund if prior year deposits fall below \$58 million, effective for deposits made in 2016-17. The transfer is equal to the difference between \$58 million and actual deposits into the fund. A \$115.3 million transfer was also made to the Tobacco Settlement Fund for CFA debt service payments in 2019-20, 2020-21, and 2021-22. This transfer is proposed for 2022-23 and is expected to be reauthorized for each fiscal year in the forecast period. The revenues shown for the General Fund are net of these transfers.

Reference: Purdon's Title 72 P.S. §8201 et seq.

Other Tobacco Products Tax

Tax Base: The tax is levied on smokeless tobacco, pipe tobacco, e-cigarettes, including any liquid or substance placed in or sold for use in an e-cigarette, and any other tobacco products for chewing, ingesting, or smoking, except cigars.

Tax Rates: The tax rate on the sale of e-cigarettes, including any liquid or substance placed in or sold for use in an e-cigarette, is 40 percent of the purchase price from the wholesaler. The rate of tax on roll-your-own, pipe tobacco, and smokeless tobacco is 55 cents (\$0.55) per ounce, with a minimum tax per package of 66 cents (\$0.66).

Reference: Purdon's Title 72 P.S. § 8201-A et seq.

Malt Beverage Tax

Tax Base: The tax is levied on the manufacture, sale, and use of malt or brewed beverage within the commonwealth by manufacturers, distributors, and importers.

Tax Rates: The tax rate is two-thirds of a cent ($2/3\text{¢}$) per half pint of 8 fluid ounces or fraction thereof, and in larger quantities at the rate of one cent (1¢) per pint or 6 fluid ounces or fraction thereof.

Reference: Purdon's Title 72 P.S. §9001 et seq.

Liquor Tax

Tax Base: The distribution of liquor is a state enterprise under the auspices of the Pennsylvania Liquor Control Board (LCB). All liquors sold by the LCB are subject to this tax, which is calculated on the price paid by the consumer including mark-up, handling charge, and federal tax. The first sale of liquor also is subject to the sales and use tax at the time of purchase.

Tax Rate: The current tax rate of 18 percent has been in effect since 1968. A wine excise tax of \$2.50 per gallon, which is reported under Minor and Repealed Taxes, is imposed on direct wine shipments in lieu of the 18 percent liquor tax.

Reference: Purdon's Title 47 P.S. §794—§796.

Personal Income Tax

Tax Base: The tax is paid by all residents, resident trusts, and estates on eight separate classes of income: (1) compensation, (2) net profits, (3) interest, (4) dividends, (5) income from the disposition of property, (6) rents and royalties, (7) gambling and lottery winnings, including cash prizes of the Pennsylvania Lottery, and (8) income from estates and trusts. The tax is also paid by non-resident individuals, estates, and trusts on the following income from sources within the commonwealth: compensation for personal services performed in Pennsylvania unless the taxpayer is a resident of a state with which there is a reciprocal agreement; net profits from activity conducted in Pennsylvania; income from the rental, ownership, or disposition of any real or personal property, and income from gambling activity in Pennsylvania including prizes of the Pennsylvania Lottery. A loss in one class of income may not be offset against income in another class, nor may gains or losses be carried back or forward from year to year. A credit is available to those individuals receiving tax forgiveness under the special provisions for poverty. In fiscal year 2020-21, \$13.8 million was transferred to the Environmental Stewardship Fund, \$13.2 million was transferred to an account supporting the Farm Show Complex, and \$200 million was transferred to the Property Tax Relief Fund. In 2021-22, \$12.3 million is to be transferred to the Environmental Stewardship Fund. This transfer is again proposed for 2022-23 and is expected to be reauthorized for each fiscal year in the forecast period. A transfer of \$45 million to the School Safety and Security Fund is proposed for 2022-23. The revenues shown for the General Fund are net of these transfers.

Tax Rates: The current tax rate of 3.07 percent has been in effect since 2004.

Reference: Purdon's Title 72 P.S. §7301 et seq.

Realty Transfer Tax

Tax Base: The tax is levied on the value of the real estate transferred by a deed, instrument, or other writing. Other taxable transfers include long-term leases greater than thirty years, transfers of real estate from industrial development authorities that will not be used primarily for industrial purposes, and "deemed" transfers of real estate because of the acquisition of companies that are in the business of holding or selling real estate. Beginning in July 1994, monthly transfers to the Keystone Recreation, Park and Conservation Fund have occurred. The current transfer rate is 15 percent. Beginning in fiscal year 2015-16, an annual transfer is made from realty tax funds to the Pennsylvania Housing Affordability and Rehabilitation Enhancement Fund. The current transfer amount shall be the minimum of \$40 million or the difference between total realty transfer tax collections for the prior fiscal year and the official estimate for fiscal year 2014-15. The revenues shown for the General Fund are net of these transfers.

Tax Rate: Rate of 1 percent of the value of the property transferred.

Reference: Purdon's Title 72 P.S. §8101-C—§8113-C.

Inheritance Tax

Tax Base: This tax is imposed on the value of property transferred to beneficiaries of a deceased person and certain transfers made during the decedent's lifetime. The value of the transfer is established on the date of the decedent's death.

Tax Rates: Rates are based on the relationship of the decedent and the beneficiary. Transfers of non-jointly held property to spouses are taxed at a rate of 0 percent. Transfers between parents and decedents 21 years of age or younger are taxed at a rate of 0 percent. Transfers to other lineal beneficiaries are taxed at 4.5 percent. Transfers to siblings of the decedents are subject to a 12 percent tax rate. Transfers to all other beneficiaries are taxed at 15 percent.

Reference: Purdon's Title 72 P.S. §9101 et seq.

Table Game Taxes

Tax Base: These taxes are imposed on gross table game revenue of licensed gaming entities. Gross table game revenue is generally cash or cash equivalents played on a table game less player winnings. Per Act 1-2010, revenue from this tax is deposited to the General Fund until such time that the balance in the Budget Stabilization Reserve Fund exceeds \$750,000,000. In fiscal year 2021-22, the balance of the Budget Stabilization Reserve Fund exceeded that amount, so revenue from this tax is scheduled to begin to be deposited into the Property Tax Relief Fund in fiscal year 2022-23.

Tax Rates: Originally 12 percent of gross table game revenue. However, Act 84-2016 set the tax rate at 14 percent for all licensed gaming entities for the period August 1, 2016, through June 30, 2019. Act 13-2019 extended the expiration of the additional 2 percent to August 1, 2021, and Act 25-2021 made the 2 percent additional tax permanent. In addition to the above percentages, 34 percent of gross table game revenue from table games played on fully automated electronic gaming tables.

Reference: Purdon's Title 4 Pa.C.S.A. § 13A62.

Proposed Change: This budget proposes for table game taxes to continue to be deposited into the General Fund in fiscal year 2022-23 and thereafter.

Interactive Gaming and Multi-use Gaming Device Taxes

Tax Base: The interactive gaming tax is imposed on gross interactive gaming revenue of interactive gaming certificate holders and a multi-use gaming device tax is imposed on the gross interactive airport gaming revenue of interactive gaming certificate holders authorized to conduct interactive gaming at qualified airports. The tax on multiple player games and single player games that simulate table games is deposited in the General Fund. The tax on single player games simulating slots is deposited in other funds. The multi-use gaming device tax is deposited in the General Fund.

Tax Rate: The rate for interactive gaming tax deposited in the General Fund and the multi-use gaming device tax on games simulating table games is 14 percent of gross interactive gaming revenue. The multi-use gaming device tax rate on games simulating slots is 52 percent of gross revenue.

Reference: Purdon's Title 4 Pa.C.S.A. § 13B20.4 and 13B52.

Fantasy Contest Tax

Tax Base: The fantasy contest tax is imposed on the monthly fantasy contest adjusted revenue of licensed operators. Monthly fantasy contest adjusted revenue is defined as, for each fantasy contest, the total amount of all entry fees collected from all participants entering the fantasy contest minus prizes or awards paid to participants in the fantasy contest, multiplied by the in-state percentage. The in-state percentage is, for each fantasy contest, the percentage of entry fees collected from all in-state participants divided by the total entry fees collected from all participants in the fantasy contest.

Tax Rate: The rate is 15 percent of monthly fantasy adjusted revenue.

Reference: Purdon's Title 4 Pa.C.S.A. § 331.

Sports Wagering Tax

Tax Base: The sports wagering tax is imposed on daily gross sports wagering revenue of sports wagering certificate holders. The tax is imposed on daily gross sports wagering revenue, which is defined as the total of cash or cash equivalents received from sports wagering minus the total of cash or cash equivalents paid to players, paid to purchase annuities to fund prizes, and paid for personal property distributed to players as a result of sports wagering.

Tax Rate: The rate is 34 percent of daily gross sports wagering revenue.

Reference: Purdon's Title 4 Pa.C.S.A. § 13C62.

Minor and Repealed Taxes

Minor and Repealed Taxes Include:

- Tax on legal documents, Act of April 6, 1830, P.L. 272 (Purdon's Title 72 P.S. §3171)
- Excess motor vehicle rental tax, Act of June 16, 1994, P.L. 279 (Purdon's Title 72 P.S. §8601-A)
- State personal property tax, Act of June 22, 1935, P.L. 414 as amended
- Electric cooperative corporation tax, Electric Cooperative Law of 1990, 15 Pa.C.S.A. §7301 et seq.
- Agricultural cooperative associations corporate tax, Act of May 23, 1945, P.L. 893
- Capital stock and foreign franchise taxes, Act of March 4, 1971, P.L.6, No.2 (Purdon's Title 72 P.S. §7601—§7606)
- Wine excise tax, Act of June 8, 2016, P.L. 273, No. 39 (Purdon's 47 P.S. § 4-488)
- Tavern games tax, Act of November 27, 2013, P.L. 1045, No. 90 (Purdon's Title 10 P.S. § 328.909a)
- Consumer fireworks tax, Act of October 30, 2017, P.L. 672 (Purdon's Title 72 P.S. § 9401 et seq.).

Also included in minor and repealed is a transfer to the Neighborhood Improvement Zone (NIZ) Fund, as established by Act 50 of 2009, Act 26 of 2011, and Act 87 of 2012 and a transfer to the City Revitalization and Improvement Zone (CRIZ) Fund, as established by Act 52 of 2013. Effective for 2020-21, minor and repealed also includes a transfer to the Military Installation Remediation (MIRP) program, established by Act 101 of 2019.

State Stores Fund Transfer

The State Stores Fund Transfer is an amount determined by the Liquor Control Board to be available for transfer to the General Fund to be used for general appropriation purposes as provided by Act No. 412-½ of July 18, 1935, P.L. 1316 (Purdon's Title 47 P.S. §744-907b).

Licenses, Fees, and Miscellaneous Revenue

Licenses and fees include collections by commonwealth agencies that are not specifically required by law to be placed in special funds to support a specific purpose. Although amounts obtained from an individual class of license very often are sufficient only to cover regulatory costs, any additional money is available for general purposes. Many licenses and fees are required by laws designed to protect the public from indiscriminate and unsafe practices.

Miscellaneous revenues include all other income to be used for general appropriation purposes in the General Fund, except monies which are given to the commonwealth by individuals, or are provided by law to be deposited in the Judicial Computer System Augmentation Account in accordance with Act 1988-79 (Purdon's Title 42 Pa.C.S.A. §3733). Any fines, fees, or costs that are allocated to counties and municipalities are not affected by this act. Miscellaneous revenue also includes the remaining balance in the Video Gaming Fund that is not transferred to the Compulsive and Problem Gambling Treatment Fund on the last day of each fiscal year (Purdon's Title 4 Pa.C.S.A. § 4105).

Fines, Penalties, and Interest

This revenue source includes fines and penalties not required by law to be placed into a special fund for a specific purpose. Most of these fines and penalties collected by the various departments are an integral part of enforcement of the laws providing for licenses and fees.

MOTOR LICENSE FUND

The Motor License Fund is a special revenue fund composed of monies received from liquid fuels taxes, operator licenses, registration fees on motor vehicles, aviation fuel tax revenues, federal aid for highway and aviation purposes, contributions from local subdivisions for highway projects, and other miscellaneous highway revenues.

The fund provides for highway and bridge improvement, design, maintenance, and purchase of rights-of-way, as well as aviation activities and Department of Transportation licensing and safety activities. It also finances State Police highway patrol operations and pays subsidies to local subdivisions for construction and maintenance of roads.

Motor License Fund

The Motor License Fund is a special revenue and major operating fund of the commonwealth. It receives revenues required by the Constitution of Pennsylvania to be used only for costs of construction, reconstruction, maintenance, repair of and safety on highways and bridges, and for the payment of debt service on obligations incurred for such purposes. The major sources of revenue to the Motor License Fund are from liquid fuels taxes, vehicle registration and titling fees, and permit and operator license fees. Certain revenues are further restricted to specific highway uses and are not included in the Motor License Fund estimate of revenue.

Taxes on liquid fuels provides approximately 61 percent of total non-restricted Motor License Fund revenues annually. License and fee revenues represent the other major source of revenues for the Motor License Fund.

The Department of Transportation will continue to establish and maintain a first-rate infrastructure, which unites roads, rails, waterways, airports, and information networks linking goods, services, people, and ideas to our community, state, and world markets.

Adjustments to Revenue Estimates

On June 30, 2021, an official estimate for the 2021-22 fiscal year of \$2,846,000,000 was certified. The estimate detailed below reflects actual revenue collections through the first six months of the fiscal year and expected collections for the balance of the fiscal year.

Tax Base and Rates:

Alternative Fuels Tax: The alternative fuels tax became effective October 1, 1997, and is imposed on fuels other than liquid fuels or fuels used to propel motor vehicles on public highways such as compressed natural gas, propane, and electricity. The tax rate applies to each gasoline gallon equivalent of alternative fuel and equals the current oil company franchise tax applicable to one gallon of gasoline.

Motor Carriers Road Tax/International Fuel Tax Agreement (IFTA): The motor carriers road tax is levied on motor carriers operating vehicles with a gross weight or registered gross weight in excess of 26,000 pounds. The tax is equal to the oil company franchise tax described below effective January 1, 2014. Previously, the tax rate was 115 mills. Prior to October 1, 1997, an additional tax of six cents per gallon was collected through the motor carriers road tax. This tax was repealed and replaced by a 55 mill addition to the oil company franchise tax rate, imposed on fuels effective October 1, 1997. The 55 mill portion of the tax rate is dedicated to the Highway Bridge Improvement restricted account. Credit against the tax is given for liquid fuels and fuels tax and oil company franchise tax paid at the pump or directly remitted. Credit is also given for tax paid on motor fuels purchased in Pennsylvania but consumed elsewhere. Identification markers are required to be issued annually upon a payment of \$5 per vehicle for each vehicle subject to these taxes based in the commonwealth.

Effective January 1, 1996, Pennsylvania joined IFTA. Under this agreement, qualified vehicles are subject to payment of fuel tax obligations based on fuel consumed within each state. Qualified vehicles are those with two axles greater than 26,000 pounds, combinations greater than 26,000 pounds, and those with three or more axles regardless of weight. Therefore, 17,001 to 26,000 pound vehicles, which previously were subject to the motor carriers road tax, are not subject under IFTA. Identification markers remain at \$5 per qualified vehicle. The underlying fuel tax rates are unaffected by IFTA.

Oil Company Franchise Tax: This tax is an excise tax on all taxable liquid fuels, fuels, and alternative fuels. Act 3 of 1997 imposed a tax of 153.5 mills on all taxable liquid fuels and 208.5 mills on all taxable fuels and is imposed on a cents-per-gallon equivalent basis. Act 89 of 2013 added an additional 64 mills in 2014, 49 mills in 2015, 48 mills in 2016, 41 mills in 2017, and 39 mills in 2018 and each calendar year thereafter. Act 89 of 2013 also increased the average wholesale price in 2014 through 2016 and uncapped it in 2017 and thereafter. There is also a statutory average wholesale price floor set at \$2.99 per gallon for 2017 and each year thereafter. Prior to Act 89 of 2013, Act 32 of 1983 set minimum and maximum average wholesale prices at \$0.90 and \$1.25 per gallon, respectively. Receipts from 57 mills of the tax on liquid fuels and fuels are deposited as unrestricted Motor License Fund revenue, along with the mills added by Act 89 of 2013. However, 4.17 percent of the mills added by Act 89 of 2013 are transferred to the Liquid Fuels Tax Fund to replace the 12 cents-per-gallon liquid fuels and fuels tax repealed by the act. The balance of the tax rate represents revenues restricted to certain highway activities. These dedicated and restricted revenues are not included in the above estimates.

The commonwealth receives revenue from the collection of fees levied for the registration and titling of motor vehicles and for the issuance of learners' permits, operators' licenses, certificates of title, and transfers of registration. Various motor vehicle registration fees were increased on April 1, 2014, per Act 89 of 2013. Act 89 of 2013 also redirected certain vehicle fees that had been deposited in the Motor License Fund to public transit and multimodal transportation programs and authorizes a fee option in lieu of suspension for driving without insurance. Additionally, since January 1, 2017, it affords the motor vehicle owner an option for biennial vehicle registration renewal.

Other Nonrestricted

2020-21		5,149	2026-27.....		7,900

Aviation restricted revenues include taxes levied on aviation gasoline and jet fuel. Therefore, starting with 1997-98, aviation revenues exclude state-owned airport revenue. Aviation gasoline and jet fuel tax rates are adjusted annually based on the change in the jet fuel price index. In accordance with Act 164 of 1984, the aviation gasoline rate is not to exceed 6.0 cents per gallon nor be less than 3.0 cents per gallon. The jet fuel tax is not to exceed 2.0 cents per gallon nor be less than 1.5 cents per gallon. The tax rate as of January 1, 2018, is 5.7 cents per gallon on aviation gasoline and 1.8 cents per gallon on jet fuel.

		2020-21 Actual	2021-22 Available	2022-23 Budget

2019-20		219,952	2025-26.....		230,300
2020-21		226,448	2026-27.....		230,300

The Highway Bridge Improvement restricted account was created by Act 234 of 1982. The largest revenue source is the oil company franchise tax with 55 mills enacted in Act 3 of 1997 and a portion of 1.5 mills authorized in Act 89 of 2013. The overall oil company franchise tax average wholesale price provisions also apply to the millage designated for this restricted account. Fees are received from a portion of the registration fee for Pennsylvania based motor vehicles in classes 9-25, as well as temporary permit fees collected from out-of-state motor carriers for travel in Pennsylvania. Act 89 of 2013 phased in the uncapping of the average wholesale price used to calculate the oil company franchise tax.

2020-21.....	49,465	2026-27	52,900

Act 32 of 1983 established the local highway turnback program. The overall oil company franchise tax average wholesale price provisions also apply to the millage designated for this restricted account. Act 89 of 2013 directed that increased revenue from the act be transferred to the Highway Bridge Improvement restricted account for local bridge projects. Starting in 2017-18, Act 89 provided that the 3 mills is equally divided between the State Highway Transfer and the Highway Bridge Improvement restricted accounts.

Oil Company Franchise Tax

Actual		Estimated	
2015-16.....	\$ 841,279	2021-22	\$ 971,100
2016-17.....	906,042	2022-23	981,300
2017-18.....	1,016,312	2023-24	977,700
2018-19.....	1,004,534	2024-25	974,200

2020-21.....	906,855	2026-27	967,300

Oil company franchise tax restricted account revenues are provided by 55 mills of the oil company franchise tax as a result of Act 26 of 1991. Prior to Act 89 of 2013, revenues were restricted to the following purposes: 42 percent for maintenance, 17 percent for capital projects, 13 percent for bridges, 12 percent for municipalities, 14 percent for toll roads, and 2 percent for county or forestry bridges. Act 89 of 2013 changed the percentages for maintenance and capital projects to align with the transportation investment plan as follows: 45 percent in 2013-14, 29 percent in 2014-15, 25 percent in 2015-16, and 19 percent for each fiscal year thereafter for maintenance; and 14 percent in 2013-14, 30 percent in 2014-15, 34 percent in 2015-16, and 40 percent for each fiscal year thereafter for capital projects. Act 89 of 2013 phased in the uncapping of the average wholesale price used to calculate the oil company franchise tax.

Supplemental Maintenance

Actual		Estimated	
2015-16.....	\$ 588,896	2021-22	\$ 679,800
2016-17.....	634,229	2022-23	686,900
2017-18.....	711,418	2023-24	684,300
2018-19.....	703,174	2024-25	681,800
2019-20.....	650,778	2025-26	679,400
2020-21.....	634,798	2026-27	677,000

Supplemental Maintenance restricted account revenues are provided by 38.5 mills of the oil company franchise tax as a result of Act 3 of 1997. Prior to Act 89 of 2013, revenues were restricted to the following purposes: 12 percent for municipalities and 88 percent for maintenance. Act 89 of 2013 changed the percentages for maintenance to align with the transportation investment plans as follows: 68 percent in 2013-14, and 49 percent in 2014-15, and 40 percent each fiscal year thereafter for maintenance; and 20 percent in 2013-14, 39 percent in 2014-15, and 48 percent for each fiscal year thereafter for Expanded Highway and Bridge Maintenance. Act 89 of 2013 phased in the uncapping of the average wholesale price used to calculate the oil company franchise tax.

LOTTERY FUND

The Lottery Fund is a special revenue fund composed of monies received from lottery ticket sales. It provides for lottery prizes and for programs to support older Pennsylvanians including property tax and rent rebates, assistance with prescription drug costs, community care, and public transportation subsidies.

Lottery Fund

The Lottery Fund is a special revenue fund that receives the proceeds of lottery sales. It provides funding for lottery prizes and for programs supporting older Pennsylvanians. These programs include property tax and rent rebates, assistance with prescription drug costs, community care, and public transportation subsidies.

The Property Tax and Rent Rebate program within the Department of Revenue allows older Pennsylvanians, surviving spouses over age 50, and permanently disabled individuals to lead fuller lives by restoring a portion of their income through property tax and rent assistance. Act 1 of Special Session No. 1 of 2006 expanded the Property Tax and Rent Rebate program to give more Pennsylvanians a rebate while also increasing the amounts of the rebates. The expansion included increasing the homeowner household income limit from \$15,000 to \$35,000 and the maximum standard rebate from \$500 to \$650. Act 117 of 2016 eliminated federal veterans' disability payments and state veterans' benefits from the definition of income when determining eligibility for a rebate.

The Pharmaceutical Assistance Contract for the Elderly (PACE/PACENET) program provides a comprehensive pharmacy benefit plan to qualified Pennsylvanians who are 65 years of age and older who face the burden of the cost of drugs required to maintain healthy and productive lives.

The Department of Aging has established a network of in-home and community-based services to address the varying needs of older Pennsylvanians. These services reside within the PENNCARE program and enrich the lives and enable at-risk older Pennsylvanians to remain in a community setting. For additional details, see the Department of Aging's presentation.

The Lottery Fund also provides funds to offset program costs for older Pennsylvanians in the Department of Human Services. These funds offset costs for the Community HealthChoices appropriation to reflect the transition of older Pennsylvanians who were previously funded from Long-Term Care and the PENNCARE appropriations.

Act 44 of 2007 provided an annual transfer to the Public Transportation Trust Fund for distribution to transit systems offering free rides to older Pennsylvanians. Additionally, funding is provided for the Older PA Shared Ride program.

2024-25.....	2,247,180
2025-26.....	2,336,860
2026-27.....	2,397,023

Net collections consist of the proceeds from lottery ticket sales less commissions and field-paid prizes.

The Lottery currently offers sixteen terminal-based games, in addition to Keno and Xpress Sports games, as well as dozens of Fastplay and Scratch-Off games introduced throughout the year. The Pick 3 (formerly the Daily Number) was introduced in 1977; Pick 4 (formerly Big 4) debuted in 1980; Cash 5 was created in 1992; Pennsylvania joined Powerball, the state's first multi-state mega-jackpot game, in 2002; the first Millionaire Raffle debuted in 2005; Treasure Hunt began in 2007; Pick 5 (formerly Quinto) was introduced in 2008; Match 6 lotto originally debuted in 2004 and was re-introduced in 2010 after a one-year hiatus; Pennsylvania joined Mega Millions, the Lottery's second multi-state game, in 2010; and Pick 2 and Cash4Life were introduced in 2015. Wildball, an add-on game for the Pick games, was launched in September of 2016. Fast Play games were added in February 2017. Monitor games included Keno (launched in May 2018) and Xpress Sports (launched in August 2018). Pennsylvania Lottery ticket prices range from \$0.50 to \$30 each. Lottery prizes up to \$2,500 can be paid by any one of approximately 9,600 lottery retailers, while larger prizes must be paid through lottery area offices or headquarters.

Act 97 of 2019 provided a temporary reduction of the mandated margin rate of return from 25 percent to 20 percent through June 30, 2024. This budget proposes to eliminate the mandated margin rate of return.

Revenue growth was anticipated from the implementation of Act 42 of 2017. This act authorized the Lottery to conduct online games which are exempt from the profit margin requirement and allows the sale of Keno. Act 42 authorizes the department to operate iLottery and Internet instant games. iLottery and Internet instant games are lottery games of chance in which, by the use of a computer, tablet computer, other mobile device, or other web or mobile applications, a player purchases a lottery play that reveals numbers, letters, or symbols indicating whether a lottery prize has been won. All revenues from the sales of iLottery will be deposited into the Lottery Fund.

Net collections, as reported above, correspond to the Lottery Fund revenue remitted to the commonwealth and reported in the commonwealth's accounting system. Net collections are derived by subtracting the commissions retained and prizes paid by local lottery agents from the total lottery ticket sales. The table below shows the calculation of net revenue amount:

(Dollar Amounts in Thousands)

Gaming Transfers for Property Tax Relief

(Dollar Amounts in Thousands)

Actual		Estimated
2015-16.....	\$ 166,800	2021-22 \$ 114,200
2016-17.....	148,000	2022-23 83,400
2017-18.....	145,700	2023-24 78,200
2018-19.....	141,700	2024-25 73,200
2019-20.....	265,000	2025-26 68,300
2020-21.....	-	2026-27 63,500

Under Act 1 of Special Session No. 1 of 2006, the Property Tax Relief Fund supports Property Tax and Rent Rebate program expansion costs through transfer of gaming revenues. Usage, and thus cost, of the property tax relief declines over time as income eligibility has not changed since 2006. Act 20 of 2020 authorized the early payment of Property Tax and Rent Relief payments shifting payments from July 2020 to the prior fiscal year.

Commonwealth of Pennsylvania
Governor's Executive Budget

TAX

EXPENDITURES

Tax credits, deductions, exemptions and exclusions are provided in law which result in a significant reduction in revenues that would otherwise be received at current tax rates. These reductions are tax expenditures. Proposed changes to current law tax expenditures are shown in Section C.

Tax Expenditure Analysis

The traditional budget process involves estimating commonwealth revenues and appropriating these moneys for numerous programs. The process is subject to intense scrutiny by interests inside and outside government. Constrained by available revenues, programs are initiated, expanded, limited, or deleted based on merit. To augment the traditional budget process, this budget includes an analysis of indirect expenditures that occur through special treatment within the tax structure. Various tax credits, deductions, exemptions, and exclusions are provided which result in reductions in revenue that would otherwise be received by the commonwealth at current tax rates. Cumulatively, they are referred to in this budget as “tax expenditures.”

The commonwealth’s tax structure contains many tax expenditures. Examples include items as diverse as the sales and use tax exemption for firewood to the S corporation exemption in the corporate net income tax. In general, they are characterized by the fact that they confer special treatment to specific taxpayers, specific activities, or specific goods or services. The tax expenditures listed in this budget are the accumulation of many prior legislative sessions, and the original intent of certain tax expenditures may no longer be valid or consistent with current policies. A comprehensive tax expenditure analysis permits an on-going evaluation of each tax expenditure.

Act 180 of 1992 revised the requirements for the Governor’s Executive Budget tax expenditure analysis. This act stipulated that the tax expenditure data be revised and updated every two years. Therefore, consistent with this provision, tax expenditures presented in this and subsequent budget documents will be updated and revised biennially. Exceptions include tax expenditures initiated, deleted, or amended by statute, expenditures where improved data allow significant revisions, or items of significant policy interest.

The 2022-23 Governor’s Executive Budget presents this tax expenditure analysis covering commonwealth taxes that have historically had annual receipts of at least \$20 million. A complete list of covered taxes is shown in the Table of Contents. The intended purposes of the current analyses are to:

- (1) Identify indirect sources of budgetary support for various activities
- (2) Present estimated costs associated with each tax expenditure
- (3) Present actual or estimated costs of administering each tax expenditure
- (4) Present actual or estimated numbers and descriptions of benefiting taxpayers
- (5) Allow for administration, legislative, and public scrutiny and facilitate discussion on each tax expenditure’s merits

For the purposes of this document, “tax expenditure” is defined as a reduction in revenue that would otherwise be collected by the commonwealth as the result of an exemption, reduction, deduction, limitation, exclusion, tax deferral, discount, refund, commission, credit, special rate, or special treatment. This definition provides a general framework within which to determine whether to classify certain items as tax expenditures. To facilitate this classification process, six specific criteria have been adopted to augment the general definition of tax expenditure:

- (1) Reduces state revenues
- (2) Confers special treatment
- (3) Is included in the defined tax base
- (4) Is not subjected to equivalent alternative taxation
- (5) Can be altered by a change in state law
- (6) Is not an appropriation

The following examples of several items not considered to be tax expenditures clarify the use of these criteria:

Purchases made by commonwealth agencies are not subject to sales and use tax. Were these transactions not exempted, tax revenues would increase, but increased commonwealth expenses would offset revenues. Therefore, no net budgetary change occurs. This item is not a tax expenditure.

The exclusion of a sale for resale from sales and use tax is not considered a tax expenditure because the tax is imposed on each separate sale at retail of tangible personal property or services.

Financial institutions and insurance companies are exempted from corporate net income tax (CNIT). However, these corporations are subject to alternative taxes: the bank and trust company shares tax, mutual thrift institutions tax, or insurance premiums tax. The exemption of these corporations from the CNIT is not itself a tax expenditure; however, to the extent that those taxes may not impose proportionate tax burdens on the exempted companies, the overall tax structure may involve some indirect tax expenditure.

The pro rata exclusion of U.S. securities from the bank and trust company shares tax was a state legislative response to a federal prohibition against direct taxation of these obligations or income derived from them. As this cannot be altered by changing state law, this exclusion is not a tax expenditure.

There are three primary limitations on the tax expenditure estimates. First, estimated revenue foregone due to a tax expenditure should not be construed as the revenue that could be gained if the tax expenditure provision were to be rescinded in legislation. The impact of any particular piece of legislation will vary depending on how the bill is drafted, how its terms are defined, when it becomes effective, and how it relates to other parts of the tax law. In contrast, tax expenditure estimates are often based on concepts that are defined by the way that government statistics on the subject are made available to the department. Furthermore, no attempt has been made to account for changes in taxpayer behavior that may occur because of tax law changes. For example, if the sales and use tax exemptions were rescinded for equipment and utilities directly used in manufacturing, it is possible that capital investment in manufacturing would be reduced and that these sales and use tax receipts would be less than the tax expenditure estimate.

A second limitation is that individual estimates are not additive. It is not always possible to estimate each tax expenditure with regard to interactions with other provisions of that tax or other taxes. For example, certain exempt items qualify under multiple tax expenditures. If gasoline were to be included in the sales and use tax base, agricultural, political subdivision, and manufacturing/processing use would continue to be exempt under other provisions. Therefore, no bottom line can be presented similar to that shown for total revenues or expenditures in the current Governor's Executive Budget.

Third, these estimates are, in many cases, necessarily derived from data completely independent of taxpayer returns. Minor differences in data collection techniques among the various data sources used could introduce a small element of error into the estimates. Thus, these estimates are intended to represent the magnitude of each tax expenditure, not to provide pinpoint accuracy.

All estimates appear in millions of dollars. The word "nominal" is used when the estimated impact is less than \$100,000. Estimates of revenue loss or beneficiary count and description that are not available are represented by "N/A." Costs incurred to administer tax expenditures are estimated by major tax category or, if available, by specific tax expenditure. Identified costs for a major tax category are provided at the beginning of the tax expenditure group. No administrative costs are reported for tax expenditures that provide incentives to implement or continue programs that replace or supplement efforts that would otherwise be the responsibility of state government.

This analysis is a general guide to tax expenditures in Pennsylvania. It is not intended to be a tax manual, and statements within it should not be construed as interpretations of the law or regulations.

CREDIT PROGRAMS

NEIGHBORHOOD ASSISTANCE PROGRAMS

Authorization: Article XIX-A of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

Description: A tax credit is available to business entities contributing to neighborhood organizations that run certain assistance programs or investing in qualifying projects to improve distressed areas. The programs and projects must be approved by the Department of Community and Economic Development (DCED). The amount of credit is typically 55 percent of the amount contributed by a business firm; but can be as much as 80 for contributions to special program priorities or neighborhood partnerships. Annual awards to a single taxpayer cannot exceed \$500,000 for contributions or investments in a single project or \$1,250,000 for contributions or investments in four or more projects.

Act 100 of 2018 established the current program cap of \$36 million for fiscal years 2019-20 and forward. Previously, the cap was \$18 million. Act 13 of 2019 also provided that contributions for youth and adolescent development services qualify for the tax credit.

The credit may be applied against personal income, corporate net income, bank and trust company shares, title insurance companies shares, insurance premiums, or mutual thrift institutions taxes. The credit may be carried over for five succeeding calendar or fiscal years but may not be carried back or refunded. Credits may be sold or assigned and must then be used in the taxable year in which they were purchased or assigned.

The estimate for fiscal year 2020-21 reflects actual credits awarded under the program. The estimates for future fiscal years reflect the program cap.

Purpose: This program encourages taxpayers to contribute to neighborhood organizations and engage in activities that promote economic development in impoverished areas.

Administrative Costs: Costs to administer the program credits are borne by DCED and the Department of Revenue (DOR) and are estimated at \$0.3 million per year.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 34.4	\$ 36.0	\$ 36.0	\$ 36.0	\$ 36.0	\$ 36.0	\$ 36.0

Beneficiaries: Approximately 160 companies and 180 individuals doing business in Pennsylvania benefit from this tax expenditure.

General Fund Tax Expenditures

TAX CREDIT FOR NEW JOBS

Authorization: Article XVIII-B of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

Description: Previously known as the Job Creation Tax Credit, the credit was available to an employer creating at least 25 new full-time equivalent jobs or increasing their workforce by 20 percent or more within three years from a given start date. The tax credit was \$1,000 per job for each year in the approved term. Act 84 of 2016 provided a \$2,500 per job credit for every veteran hired. The program cap was \$10.1 million per fiscal year.

Under Act 13 of 2019, applications for the credit were not to be approved after June 30, 2020. However, unissued amounts from earlier fiscal years may be awarded for applications approved prior to the expiration date of the credit. The tax credit may be applied to personal income, corporate net income, bank and trust company shares, title insurance companies shares, insurance premiums, gross receipts, and mutual thrift institutions taxes.

The estimate for fiscal year 2020-21 reflects actual credits awarded under the program for applications approved prior to the expiration of the tax credit program. The estimates for future fiscal years reflect performance projections for the remaining approved projects already in progress.

Purpose: This tax credit encouraged job creation and preservation in the commonwealth.

Administrative Costs: Costs to administer the credit are borne by DCED and DOR. Estimated costs for both departments total \$0.1 million per year.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 3.3	\$ 6.0	\$ 5.3	\$ 4.6	\$ 5.2	\$ 3.8	\$ 3.2

Beneficiaries: Approximately 50 applicants doing business in Pennsylvania benefit from this tax expenditure.

General Fund Tax Expenditures

RESEARCH AND DEVELOPMENT TAX CREDIT

Authorization: Article XVII-B of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

Description: The tax credit is equal to 10 percent of the increase in qualified research expenses for the current taxable year over a base period. For small businesses, the credit equals 20 percent of the increase in qualified research expenses for the current taxable year over a base period. The credit may be applied against personal income or corporate net income taxes. Unused credits may be carried forward 15 taxable years, sold or assigned to other taxpayers.

The current program cap is \$55 million per fiscal year, with the small business set aside equal to \$11 million. This cap has been in effect since 2011-12.

The estimate for fiscal year 2020-21 reflects actual credits awarded under the program. The estimates for future fiscal years reflect the program cap.

Purpose: This tax credit is intended to encourage businesses in the commonwealth to conduct research, especially research of a technological or scientific nature.

Administrative Costs: Costs to administer the credit are borne by DCED and DOR and are estimated at \$0.2 million per year.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 55.0	\$ 55.0	\$ 55.0	\$ 55.0	\$ 55.0	\$ 55.0	\$ 55.0

Beneficiaries: Approximately 1,150 companies performing qualified research and development in Pennsylvania benefit from this tax expenditure.

General Fund Tax Expenditures

KEYSTONE OPPORTUNITY ZONE

Authorization: Act of October 6, 1998 (P.L. 702, No. 92), as amended.

Description: DCED has designated specific areas of deteriorated property as Keystone Opportunity Zones (KOZs), Keystone Opportunity Expansion Zones (KOEZs), and Keystone Opportunity Improvement Zones (KOIZs).

Economic activity occurring in these zones is exempt from most state and local taxation for up to 15 years beginning with the creation of the zone. In addition to benefiting from a limited state sales and use tax exemption, zone residents and qualified businesses are exempt from personal income, corporate net income, bank and trust company shares, and mutual thrift institutions taxes. Qualified businesses may receive credits against insurance premiums tax for jobs created in a zone. The tax expenditure is the value of all state credits and state taxes waived within the zones.

Various legislative changes have provided for the designation of new zones and the extension of various application and benefit deadlines, including Act 84 of 2016 and Act 43 of 2017. More recently, Act 13 of 2019 provided that three additional KOEZs may be established with Act 25 of 2021 extending the original application deadline by one year to October 1, 2022. This act also set the extension of benefits in these additional zones to five years.

Purpose: This program provides tax relief to economically distressed urban and rural communities in an attempt to revive these areas.

Administrative Costs: Costs to administer the program are borne by DCED and DOR and are estimated at \$0.5 million annually.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 99.1	\$ 110.0	\$ 114.0	\$ 114.5	\$ 78.8	\$ 74.1	\$ 54.6

Beneficiaries: Qualified businesses and residents of the designated zones within this commonwealth benefit from this tax expenditure.

General Fund Tax Expenditures

EDUCATIONAL TAX CREDITS

Authorization: Article XX-B of the Public School Code of 1949 (P.L. 30, No. 14), as amended.

Description: The Educational Tax Credits are authorized under the Public School Code. Credits may be applied to personal income, corporate net income, bank and trust company shares, title insurance companies shares, insurance premiums, mutual thrift institutions, and malt beverage taxes. The tax can be distributed through more than one level of pass-through entities and can be applied to the personal income tax of a spouse filing a joint return.

Educational Improvement Tax Credit (EITC)

The tax credit is granted to business firms providing proof of a contribution to a scholarship organization, an educational improvement organization, or a pre-kindergarten scholarship organization equal to 75 percent of the total amount contributed during the taxable year. The tax credit must be applied in the taxable year the contribution is made. Any unused portion of the tax credit may not be carried forward or back, refunded, or transferred. A tax credit equal to 90 percent of the total amount contributed is granted if the business provides a written commitment to DCED to contribute the same amount for two consecutive tax years. The annual limit per taxpayer is \$750,000 per taxable year for contributions to scholarship organizations and educational improvement organizations and \$200,000 per taxable year for contributions to pre-kindergarten scholarship organizations. The tax credit shall not exceed the tax liability of a business for any given taxable year.

Educational Opportunity Scholarship Tax Credit (EOSTC)

The credit for business firms is equal to 75 percent of the amount contributed to a scholarship organization during a taxable year or 90 percent if the business firm provides a written commitment to provide the scholarship organization with the same amount of contribution for two consecutive tax years. Scholarship organizations providing financial assistance to eligible students in low-achieving schools must be approved by DCED to participate in the program. The credit may not exceed \$750,000 annually per business firm.

The current program cap of \$225 million for the EITC program was established by Act 26 of 2021. The current program cap of \$55 million for the EOSTC program was established by Act 16 of 2019.

Estimates for fiscal year 2020-21 reflects actual credits awarded. Future fiscal years reflect the program cap.

Purpose: These programs encourage taxpayers to contribute to qualifying organizations to promote expanded educational opportunities for students in the commonwealth.

Administrative Costs: Costs to administer the programs are primarily borne by DCED, DOR, and the Department of Education and are estimated at \$0.4 million per year.

(Dollar Amounts in Millions)

Estimates:

Educational Improvement Tax Credit

<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
\$ 185.0	\$ 225.0	\$ 225.0	\$ 225.0	\$ 225.0	\$ 225.0	\$ 225.0

Educational Opportunity Scholarship Tax Credit

<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
\$ 55.0	\$ 55.0	\$ 55.0	\$ 55.0	\$ 55.0	\$ 55.0	\$ 55.0

Beneficiaries: Approximately 1,500 companies, 6,100 individuals, and 1,290 scholarship organizations, educational improvement organizations, and pre-kindergarten scholarship organizations benefit from the EITC expenditure. Approximately 500 companies, 1,700 individuals, and 180 opportunity scholarship organizations benefit from the EOSTC expenditure.

General Fund Tax Expenditures

KEYSTONE INNOVATION ZONE

Authorization: Article XIX-F of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

Description: The Keystone Innovation Zone (KIZ) program was created to foster growth in research and development and other high technology businesses. The zones are defined parcels operated by a partnership of business groups and higher education institutions. Existing zones may expand if the expansion is expected to increase job creation or capital investment. Benefits for expanded parcels are limited to 15 acres for a period of 10 years.

Qualified businesses operating in a zone are entitled to priority consideration for a number of state programs, as well as a tax credit equal to 50 percent of the increase in its gross revenues from the previous year attributable to its activities in a zone. A KIZ company may not claim more than \$100,000 in tax credits per year. The credit may be applied against personal income and corporate net income tax liabilities. The program cap is currently \$15 million per fiscal year.

The estimate for fiscal year 2020-21 reflects actual credits awarded under the program for that period. The estimates for future fiscal years reflect the program cap.

Purpose: This tax credit provides a financial incentive to foster growth of research and development and other high technology businesses in affiliation with institutions of higher education.

Administrative Costs: Cost to administer the KIZ program, including the review and award of KIZ tax credits, are borne by DCED. DOR is responsible for applying credits to taxpayer accounts. Estimated costs for both departments total \$0.2 million per year.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 15.0	\$ 15.0	\$ 15.0	\$ 15.0	\$ 15.0	\$ 15.0	\$ 15.0

Beneficiaries: Approximately 220 taxpayers will benefit from this expenditure.

ENTERTAINMENT PRODUCTION TAX CREDIT

Authorization: Article XVII-D of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

Description: Act 84 of 2016 created the Entertainment Production Tax Credit Program by amending Article XVII-D to encompass the current Film Production Tax Credit program and two new programs: the Concert Rehearsal and Tour Tax Credit and the Video Game Production Tax Credit.

Film Production Tax Credit

The current program provides a credit of 25 percent for qualified film production expenses incurred in Pennsylvania. An additional 5 percent credit is available if the production is filmed in a qualified production facility that meets all minimum stage filming requirements.

The program cap has varied throughout the years. Most recently, Act 13 of 2019 increased the program cap to \$70 million. The tax may be applied against corporate net income, personal income, bank and trust company shares, title insurance companies shares, insurance premiums, and mutual thrift institutions taxes.

Act 43 of 2017 created film production tax credit districts, which must meet certain location, size, and investment criteria. Up to two districts may be designated in the commonwealth. Beginning in fiscal year 2019-20, film production tax credits may be awarded exclusively for activity occurring in film production tax credit districts; the credits are in addition to the existing film production tax credits authorized under section 1716-D(A).

Act 25 of 2021 permitted the award of credits to multifilm projects, if produced by the same taxpayer over a period of one to four years.

Video Game Production Tax Credit

Act 84 of 2016 created the Video Game Production Tax Credit. The credit may be claimed by qualified video game production companies, excluding contractors or subcontractors of such companies, for qualified Pennsylvania production expenses. The tax credit may be applied against corporate net income, personal income (excluding taxes withheld by an employer from an employee), bank and trust company shares, title insurance companies shares, insurance premiums, and mutual thrift institutions taxes.

The amount of credit awarded per taxpayer may not exceed 25 percent of the qualified production expenses incurred in the first four years of such expense and may not exceed 10 percent in years thereafter. The total amount of tax credits that can be awarded in any fiscal year is \$1 million.

Entertainment Economic Enhancement Program

Act 84 of 2016 created the Concert Rehearsal and Tour Tax Credit. The credit may be claimed by qualified concert tour promotion companies, concert tour management companies, or other concert management companies, excluding contractors or subcontractors of such companies. Act 13 of 2019 amended the definition of taxpayer to include musical performers or concert tour management companies of a musical performer or performers. The tax credit may be applied against corporate net income, personal income (excluding taxes withheld by an employer from an employee), bank and trust company shares, and insurance premiums taxes.

The credit cap has changed since the program's inception. Most recently, Act 13 of 2019 set the program cap at \$8 million. Up to \$2 million dollars in credits from a succeeding fiscal year may be awarded in a given fiscal year at DCED's discretion. Tax credits awarded to individual tours may not exceed certain percentages of qualified rehearsal and tour costs, based on the types of venues and number of performances at which the performer(s) will appear.

Act 25 of 2021 made several changes to the program. The act permits unallocated credits to be carried forward to the next program year and expands the parameters of eligible concert tour equipment, tour expenses, and qualified taxpayers. The act temporarily expands eligible venues to include rehearsal facilities used for streaming performances from July 1, 2021, to June 30, 2023.

General Fund Tax Expenditures

For all components, the estimates for fiscal year 2020-21 reflects actual credits awarded. The estimates for future fiscal years reflect the program cap. The impact of tax credits for film production tax credit districts is not reflected in the estimate. The impact of this provision is not currently known.

Purpose: These tax credits provide incentives for filmmakers to produce films and television shows, for developers to produce video games, and for entertainers to rehearse and perform in Pennsylvania.

Administrative Costs: DCED will incur the costs of awarding, reviewing, and approving the sale or transfer of credit. Estimated costs total \$0.5 million.

(Dollar Amounts in Millions)

Estimates:

Film Production Tax Credit:

<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>

\$ 4.0	\$ 8.0	\$ 8.0	\$ 8.0	\$ 8.0	\$ 8.0	\$ 8.0

Beneficiaries: Approximately 40 film projects will benefit from the Film Production Tax Credit. A minimal number of taxpayers benefit from the Video Game Production Tax Credit and Entertainment Economic Enhancement Program.

General Fund Tax Expenditures

STRATEGIC DEVELOPMENT AREAS

Authorization: Article XXIX-C of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

Description: The Strategic Development Areas (SDA) program was established in 2006 to provide incentives for economic development in designated areas and to provide tax relief and tax credits to qualified companies within the SDA. The designation is be effective for a 15-year period and must be approved by the political subdivision in which it is located. By waiving these taxes for a series of years, the program hopes to foster growth in those areas.

State taxes waived by the program include corporate net income and personal income taxes. Insurance companies and certain regulated transportation companies may earn tax credits based on the number of jobs created in a zone. Businesses operating in a zone are exempt from paying sales and use tax on items purchased for consumption in the area. Local taxes waived include property, earned income and net profit, mercantile license, and local sales and use taxes. Tax benefits may not extend beyond December 31, 2022.

Purpose: This program provides incentives for economic development in designated areas to foster growth.

Administrative Costs: Costs to administer the Strategic Development Areas program are borne by DCED and DOR and are estimated at \$0.1 million per year.

Beneficiaries: A minimal number of taxpayers are expected to benefit from this credit program.

General Fund Tax Expenditures

RESOURCE ENHANCEMENT AND PROTECTION TAX CREDIT

Authorization: Article XVII-E of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

Description: Act 55 of 2007 created the Resource Enhancement and Protection (REAP) Tax Credit to encourage the development of riparian forest buffers and the remediation of legacy sediment on commonwealth farmland. Depending on the type of development, a taxpayer may receive a credit of up to 75 percent of cost of a project. A maximum of \$250,000 in tax credits may be awarded per eligible applicant. The tax credit may be used against personal income, corporate net income, bank shares and trust company shares, title insurance companies shares, insurance premiums, and mutual thrift institutions taxes.

The estimate for fiscal year 2020-21 reflects actual credits awarded under the program for that period. The estimates for future fiscal years reflect the program cap of \$13 million per fiscal year, as amended by Act 13 of 2019. Up to \$3 million may be reserved for projects in the Chesapeake Bay watershed.

Purpose: This credit encourages private investment in the implementation of best management practices on agricultural operations, the planting of riparian forest buffers, and the remediation of legacy sediment.

Administrative Costs: Costs to administer the REAP Tax Credit are borne by the State Conservation Commission and DOR. Estimated costs total \$0.1 million per year.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 13.0	\$ 13.0	\$ 13.0	\$ 13.0	\$ 13.0	\$ 13.0	\$ 13.0

Beneficiaries: Approximately 70 businesses and 200 individuals will benefit from this tax expenditure.

General Fund Tax Expenditures

KEYSTONE SPECIAL DEVELOPMENT ZONE TAX CREDIT

Authorization: Article XIX-C of the Tax Reform Code of 1971 (P.L. 6, No. 2) as amended.

Description: Keystone Special Development Zone Tax Credits are available only to taxpayers with operations located on land certified as a brownfield under the Land Recycling and Environmental Remediation Standards Act. The tax credit is equal to \$2,100 for each full-time equivalent employee working in the zone beginning in tax year 2012. The tax credit is available for 10 tax years during the 15-year period the tax credit is in existence. Act 84 of 2016 extended the end date for the credit from June 30, 2026, to June 30, 2035. Jobs used to claim this tax credit may not be used to claim the Keystone Opportunity Zone Tax Credit or the Tax Credit for New Jobs. The tax credit can be used against personal income, corporate net income, bank and trust company shares, title insurance companies shares, and mutual thrift institutions taxes. The tax credit may not exceed the qualified tax liability and may be carried forward for up to 10 years, and unused tax credits can be sold or assigned.

Purpose: This tax credit is intended to encourage businesses in the commonwealth to invest in remediated industrial sites and create jobs.

Administrative Costs: Costs to administer the Keystone Special Development Zone Tax Credit are borne by DCED and DOR.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>

Beneficiaries: An unknown number of taxpayers will benefit from this tax expenditure.

General Fund Tax Expenditures

PENNSYLVANIA RESOURCE MANUFACTURING TAX CREDIT

Authorization: Article XVII-G of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

Description: The credit is available to an entity purchasing ethane for use in an ethylene manufacturing facility in the commonwealth that has made a capital investment of at least \$1 billion and created at least 2,500 full-time jobs during construction of the facility. The tax credit is equal to \$0.05 per gallon of ethane purchased (\$2.10/barrel) from January 1, 2017, to December 31, 2042. The tax credit may be used to offset 20 percent of a taxpayer's liabilities for personal income, corporate net income, bank and trust company shares, title insurance companies shares, insurance premiums, gross receipts, and mutual thrift institutions taxes. The tax credit may not be carried back, carried forward, or refunded. Within one year after the credit is approved, a taxpayer can apply to DCED for approval to assign or sell eligible credits to another taxpayer. The eligible buyer of the credit may use the purchased credits to offset up to 50 percent of its Pennsylvania tax liabilities.

Purpose: This tax credit is intended to encourage the development of an ethane processing industry in the commonwealth.

Administrative Costs: Costs to administer the credit are borne by DCED and the DOR.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>

Beneficiaries: An unknown number of taxpayers will benefit from this tax expenditure.

General Fund Tax Expenditures

HISTORIC PRESERVATION INCENTIVE TAX CREDIT

Authorization: Article XVII-H of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

Description: The credit is available to qualified taxpayers owning a Pennsylvania commercial or non-commercial building or workforce housing project that qualifies as a certified historical structure according to the Internal Revenue Code (IRC). Depending on the project type, the tax credit is equal to either 25 or 30 percent of the costs and expenses defined as qualified rehabilitation expenditures under the IRC or that are associated with a plan to rehabilitate a historic structure approved by the Pennsylvania Historical and Museum Commission (PHMC).

The credit may be applied to the personal income, corporate net income, bank and trust company shares, title insurance companies shares, insurance premiums, gross receipts, and mutual thrift institutions tax. It may be carried forward for up to seven taxable years, but may not be carried back or refunded. The credit may be sold or assigned. A taxpayer is limited to \$500,000 in credits per year.

The fiscal year cap is \$5 million, as set by Act 13 of 2019, which also extended the program expiration date to February 1, 2031. Estimates for future fiscal years reflect the program cap.

Purpose: This program encourages the rehabilitation and preservation of buildings with historical value.

Administrative Costs: Costs to administer the program are primarily borne by DCED, PHMC, and DOR and are estimated at \$0.1 million per year.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>

Beneficiaries: An unknown number of taxpayers benefit from this tax expenditure.

General Fund Tax Expenditures

ORGAN AND BONE MARROW DONOR TAX CREDIT

Authorization: Article XVIII of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

Description: The credit is available to business firms and is equal to the employee compensation paid during the leave of absence, the cost of temporary replacement help, and any miscellaneous expenses authorized by regulation incurred with the leave of absence period. The tax credit may be applied against personal income, corporate net income, bank and trust company shares, title insurance companies shares, insurance premiums, and mutual thrift institutions taxes. Credits cannot be applied against employer withholding tax under Article III. Credits may be carried forward for three taxable years but cannot be carried back or refunded. The credit against personal income tax may be passed through proportionately to the shareholders of S corporations, members of limited liability companies, or partners.

Purpose: The purpose of these provisions is to create a greater willingness to donate organs and/or bone marrow through employer tax credits and public education.

Administrative Costs: Costs to administer the Organ and Bone Marrow Tax Credit program are borne by DOR and are estimated at \$0.1 million per year.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	Nominal						

Beneficiaries: A minimal number of taxpayers will benefit from this tax expenditure.

EXEMPTIONS FOR OUT-OF-STATE ENTITIES DURING A DECLARED EMERGENCY

Authorization: Act 203 of 2014.

Description: Out-of-state businesses responding to a disaster emergency declared by the Governor of Pennsylvania or the President of the United States would not be subject to: state or local business licensing or registration, PUC or regulatory requirements, or state and local taxes/fees.

An out-of-state employee shall not be considered to have established residency that would require the individual or the employer to file and pay income taxes, be subjected to income tax withholding, or file and pay any other state or local tax or fee for disaster emergency-related work performed during the period designated.

These exemptions apply to an out-of-state business who performs work for a period of not more than 10 days before and not more than 60 days after the end of a declared disaster emergency period, and the business must be in compliance with all applicable regulatory and licensing requirements in its state of domicile. The exemption period may be extended by the governor for a period of not more than 30 days for each declared disaster emergency.

Purpose: These exemptions simplify the administration process for out-of-state individuals and businesses to respond to declared disasters in Pennsylvania.

Administrative Costs: Costs to administer the Emergency Related Work Exemption are borne by DOR.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>

WATERFRONT DEVELOPMENT TAX CREDIT

Authorization: Article XVII-K of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

Description: The credit is available to business firms making a donation of cash or property to a waterfront development organization to fund a waterfront development project. The credit may be claimed against personal income, corporate net income, bank and trust company shares, title insurance companies shares, insurance premiums, and mutual thrift institutions taxes.

The tax credit may not exceed 75 percent of the total contribution made by the business firm during the taxable year. Credits are available on a first come, first served basis. Total credits awarded in a fiscal year shall not exceed \$1.5 million.

The estimate for 2020-21 reflects actual credits awarded. Estimates for future fiscal years reflect the program cap.

Purpose: This tax credit provides an incentive for business firms to contribute to the betterment of Pennsylvania's waterfronts.

Administrative Costs: DCED incurs the costs of awarding, reviewing, and approving credit sales or transfers.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>

COAL REFUSE ENERGY AND RECLAMATION TAX CREDIT

Authorization: Article XVII-J of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

Description: The credit may be awarded at a rate of \$4 per 2,000 pounds of qualified coal refuse. Each eligible facility may receive no more than 22.2 percent of total credits that may be awarded per fiscal year. Credits are awarded by DCED.

The credit may be used against personal income, corporate net income, bank shares and trust company shares, title insurance companies shares, insurance premiums, gross receipts, and mutual thrift institutions tax liabilities. The tax credit can be carried forward for 15 years, but not carried back or refunded. Credits can be transferred to pass-through entity shareholders, members, or partners. Unused credit may be sold or assigned, but must be used in the tax year in which it was sold or assigned. Sold or assigned tax credits may only reduce a taxpayer's qualified liability by 75 percent in a given tax year and cannot be carried back, carried forward, or refunded.

The estimate for fiscal year 2020-21 reflects actual credits awarded. The estimates for future fiscal years reflect the program cap, including Act 13 of 2019's cap increase to \$20 million.

Purpose: This tax credit is designed to incentivize eligible facilities that generate electricity in the commonwealth to use coal refuse for power generation, control acid gasses for emission control, and use ash produced by the facilities to reclaim mining-affected sites.

Administrative Costs: Costs to administer the Coal Refuse Energy and Reclamation Tax Credit are borne by DCED, DEP, and DOR.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 17.5	\$ 20.0	\$ 20.0	\$ 20.0	\$ 20.0	\$ 20.0	\$ 20.0

General Fund Tax Expenditures

MANUFACTURING AND INVESTMENT TAX CREDIT

Authorization: Article XVIII-G of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

Description: Act 84 of 2016 created the Manufacturing and Investment Tax Credit, encompassing the Manufacturing Tax Credit and the Rural Jobs and Investment Tax Credit. Credits are awarded by DCED.

Manufacturing Tax Credit

Eligible taxpayers, capable of increasing their annual taxable payroll by a minimum of \$1 million through the creation of new full-time jobs can earn a tax credit equal to up to 5 percent of the taxpayer's increase in annual taxable payroll. Jobs must be maintained for at least five years. The budget allocation is \$4 million a year beginning in fiscal year 2017-18.

The credit may be used against personal income, corporate net income, bank and trust company shares, title insurance companies share, insurance premiums, gross receipts, and mutual thrift institutions tax liabilities. The tax credit can be carried forward for 3 years but may not be carried back or refunded. Credits can be transferred to pass-through entity shareholders, members or partners. Unused credit may be sold or assigned but must be used by the purchaser or assignee in the tax year in which it was sold or assigned. A sold or assigned tax credit may only reduce a taxpayer's qualified liability by 50 percent in a given tax year and cannot be carried back, carried forward, or refunded.

Rural Jobs and Investment Tax Credit

Eligible business firms may be approved for a tax credit up to the amount of the credit-eligible capital contribution to a rural growth fund. Act 13 of 2019 established the current fiscal year award cap of \$6.0 million and the aggregate award cap of \$30.0 million. Credits will begin to be awarded in fiscal year 2021-22. Credits cannot be utilized for three years after being awarded.

The credit may be used against bank and trust company shares, title insurance companies shares, insurance premiums (including surplus lines and retaliatory fees), and mutual thrift institutions tax liabilities. The tax credit can be carried forward for 5 years but may not be carried back or refunded. Credits can only be sold to affiliated companies. An awarded or assigned tax credit may reduce a taxpayer's qualified liability by 100 percent in a given tax year.

The estimates for fiscal year 2020-21 reflect actual credits awarded under the program for that period. The estimates for future fiscal years reflect the program cap.

Purpose: The Manufacturing Tax Credit is designed to support job creation and preservation within the commonwealth. The Rural Jobs and Investment Tax Credit is designed to stimulate growth and job creation in rural areas by providing access to capital to rural businesses from businesses supporting rural growth funds.

Administrative Costs: Costs to administer the Coal Refuse Energy and Reclamation Tax Credit are borne by DCED, DEP, and DOR.

BREWERS' TAX CREDIT

Authorization: Article XX, Section 2010 of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

Description: Act 84 of 2016 reinstated the limited tax credit, which provides manufacturers of malt or brewed beverages a maximum annual credit of \$200,000 for capital improvement expenditures. This tax credit cannot exceed the amount of qualifying capital expenditures (items of plant, equipment and machinery intended for use in the manufacture and sale of malt or brewed beverages within the commonwealth) made during a calendar year. The tax credit applies to qualifying capital expenditures made after June 30, 2017.

The estimate for fiscal year 2020-21 reflects actual credits awarded under the program for that period. The estimates for future fiscal years reflect the program cap.

Purpose: This credit grants a limited tax subsidy for capital improvements made by brewers. This provision could help spur brewery investment in the commonwealth.

Administrative Costs: Costs to administer the Brewers' Tax Credit are borne by DOR.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 2.1	\$ 5.0	\$ 5.0	\$ 5.0	\$ 5.0	\$ 5.0	\$ 5.0

Beneficiaries: Up to 510 malt beverage taxpayers may benefit from this tax expenditure.

General Fund Tax Expenditures

MIXED-USE DEVELOPMENT TAX CREDIT

Authorization: Article XIX-E of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

Description: Act 84 of 2016 created the Mixed-Use Development Tax Credit, allowing the Pennsylvania Housing Finance Agency (PHFA) to allocate an amount of tax credits to be purchased by qualified purchasers.

The credits may be claimed by tax credit purchasers against personal income (excluding employer withholding), corporate net income, title insurance companies shares, insurance premiums, gross receipts, and mutual thrift institutions taxes. Credits may be sold or assigned and may be carried forward for up to seven taxable years.

The estimate for fiscal year 2020-21 reflects actual credits awarded. The estimates for future fiscal years reflect the program cap, including Act 25 of 2021's increase of the program cap to \$4.5 million.

Purpose: This tax credit encourages increased funding of affordable housing and commercial corridor development opportunities in the commonwealth through the PHFA's Mixed-Use Development Program.

Administrative Costs: Costs to administer the credit are borne by the PHFA and DOR.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 3.0	\$ 4.5	\$ 4.5	\$ 4.5	\$ 4.5	\$ 4.5	\$ 4.5

Beneficiaries: A minimal number of taxpayers who purchased the credit benefit from this program.

General Fund Tax Expenditures

COMPUTER DATA CENTER EQUIPMENT INCENTIVE PROGRAM

Authorization: Article XXIX-D of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

Description: Act 84 of 2016 created the Computer Data Center Equipment Incentive Program, which provides sales and use tax refunds for computer data center equipment (used to outfit, operate, or benefit a computer data center and component parts, installations, refreshments, replacement, and upgrades to the equipment). Computer data centers wishing to qualify for the sales and use tax refunds must meet certain requirements relating to the size of new investment being made to the computer data center as well as a requirement as to annual compensation of its employees. Act 13 of 2019 increased the program cap from \$5 million to \$7 million in sales and use tax refunds, effective for fiscal year 2019-20.

The estimate for fiscal year 2020-21 reflects actual refunds awarded under the program for that period. The estimates for future fiscal years reflect the end of the program. Act 25 of 2021 replaced the refund program with a sales and use exemption and prohibited refunds under the current program after December 31, 2021.

Purpose: This program provides a limited sales and use tax refund program for computer data centers to operate and improve equipment in the commonwealth.

Administrative Costs: Costs to administer the Computer Data Center Equipment Incentive Program are borne by DOR.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 5.4	\$ 3.5	\$ --	\$ --	\$ --	\$ --	\$ --

Beneficiaries: Approximately 1,040 entities could benefit from this tax expenditure.

General Fund Tax Expenditures

LOCAL RESOURCE MANUFACTURING TAX CREDIT

Authorization: Act 66 of July 23, 2020 (P.L. 654, No. 66), as amended.

Description: Act 66 of 2020 created the Local Resource Manufacturing Tax Credit. The credit is available to qualified manufacturers of chemical and fertilizer products that utilize natural gas produced in the commonwealth as a material input.

Taxpayers who qualify for the credit are those who use natural gas as a raw material in the manufacture of petrochemicals or fertilizers at a facility placed in service after September 21, 2020. The capital investment for this facility must be \$400 million or more, and create at least 800 new and permanent jobs which pay at least the prevailing minimum wage and benefits for that job type. A qualified taxpayer must also demonstrate a good faith effort to recruit from the local labor market, and to encourage contractors to do the same.

The credit may be used against personal income, corporate net income, bank shares and trust company shares, title insurance company shares, insurance premiums, and mutual thrift institutions taxes. The value of the credit is equal to \$0.47 per thousand cubic feet of natural gas produced in the commonwealth that is then used in the manufacturing of petrochemicals or fertilizers at the facility, for the period beginning January 1, 2024, and ending December 31, 2049. A taxpayer may use this credit to reduce their tax liability by a maximum of 20 percent for any tax year in which it is awarded. The maximum amount available for this credit is \$26,666,668 per fiscal year with no more than four recipients, each capped at \$6,666,667.

Unallocated credits shall be issued to no more than one taxpayer, if that taxpayer has a capital investment of at least \$1 billion in the project facility and created 1,800 new permanent jobs, along with meeting all other requirements for a qualified taxpayer.

Purpose: The credit is intended to promote additional economic growth and job creation related to the commonwealth's natural gas boom by incentivizing investment in manufacturing which utilizes natural gas as a raw material.

Administrative Costs: Costs to administer the program are borne by DCED and DOR and are estimated at \$0.1 million annually.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ --	\$ --	\$ --	\$ 13.3	\$ 26.7	\$ 26.7	\$ 26.7

Beneficiaries: Up to three qualified businesses which operate qualifying facilities within the commonwealth may benefit from this tax expenditure.

General Fund Tax Expenditures

PENNSYLVANIA HOUSING TAX CREDIT

Authorization: Act 107 of November 3, 2020 (P.L. 1074, No. 107), as amended.

Description: Act 107 of 2020 authorized the Pennsylvania Housing Tax Credit and Act 25 of 2021 established fiscal limits on the tax credit. Beginning in fiscal year 2021-22, PHFA may award a total of \$10 million in tax credits per fiscal year, where no taxpayer may be awarded a tax credit that exceeds \$1.5 million for a qualified low-income housing project. In addition to the amount allocated, the agency may award any unallocated tax credits from the preceding fiscal year.

PHFA shall conditionally reserve tax credits in a manner that the agency reasonably believes will result in at least 10 percent of the tax credits being used to provide housing units targeting households with incomes at or below 30 percent of the area median income.

The tax credit can be applied against personal income (excluding tax withheld by an employer), corporate net income, bank and trust company shares, title insurance companies shares, insurance premiums, gross receipts, and mutual thrift institutions taxes. The tax credit may not exceed 50 percent of the taxpayer's qualified tax liability for a single taxable year.

Purpose: The credit is intended to promote the development of qualified low-income housing projects in the commonwealth.

Administrative Costs: Costs to administer the program are borne by DOR and PHFA.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ --	\$ 10.0	\$ 10.0	\$ 10.0	\$ 10.0	\$ 10.0	\$ 10.0

Beneficiaries: An unknown number of taxpayers may benefit from this tax credit program.

General Fund Tax Expenditures

CORPORATE NET INCOME TAX

Authorization: Article IV of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

The Pennsylvania corporate net income tax is imposed on domestic and foreign corporations for the privilege of doing business, carrying on activities, having capital or property employed or used, or owning property in Pennsylvania. Certain corporations are exempt from the tax.

The tax is based on federal taxable income before net operating loss deduction and special deductions (line 28 of page 1 of federal IRS form 1120) modified by additions and subtractions to arrive at Pennsylvania taxable income. Taxes based on income and certain tax items are added back to federal taxable income. The tax rate is 9.99 percent for tax years 1995 and thereafter.

Any deductions, exemptions, or types of special treatment that are reflected in line 28 on the IRS form 1120, and not modified or adjusted by Pennsylvania statute, are not included below.

Administrative Costs: Costs to administer various tax expenditures associated with the corporation taxes cannot be separately identified. Tax expenditures are a significant factor associated with the need for more compliance audits and the increased complexity of such audits, as well as legal rulings, pronouncements, and bulletins. Tax expenditures also contribute significantly to the tax appeals process. The amounts below also include the nominal administrative costs associated with selective business taxes.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 3.5	\$ 3.6	\$ 3.8	\$ 3.9	\$ 4.0	\$ 4.1	\$ 4.2

NONPROFIT CORPORATIONS

Description: Nonprofit corporations are exempt from the corporate net income tax. Act 7 of 1997 provided that any nonprofit corporation or entity that is an exempt organization as defined by section 501 of Internal Revenue Code of 1986 (P.L. 99-514, 26 U.S.C.) is exempt from the corporate net income tax. Corporations organized as nonprofits but not operating as nonprofits are excluded from this exemption. Act 4 of 1999 provided that insurance and travel agency activities carried on by an auto club are subject to the corporate net income tax. The same act restored exempt status to homeowners associations and membership organizations. The estimates below are based on unrelated business income taxed by the federal government.

Purpose: This exemption provides tax relief to nonprofit corporations including religious, charitable, educational, and scientific organizations that are perceived as providing social benefits.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 59.8	\$ 60.0	\$ 60.1	\$ 60.3	\$ 60.5	\$ 60.6	\$ 60.8

Beneficiaries: Approximately 2,500 nonprofit corporations operating in Pennsylvania with unrelated business income benefit from this tax expenditure.

General Fund Tax Expenditures

SALES FACTOR APPORTIONMENT WEIGHT

Description: Since tax year 2013, corporations with activities in multiple states apportion their income to Pennsylvania using a single sales factor. Prior to that, there were weighted formulas that incorporated property, payroll, and sales. The estimates shown below measure the impact of reverting to an equally-weighted three-factor formula.

Act 52 of 2013 modified the sourcing of sales for calculating the apportionment of income. Sales of real property, tangible property, and services will be sourced at the location of the customer instead of the location of the "income producing activity." The same act also established a new apportionment formula for providers of satellite television services based on the value of equipment used in generating, processing, or transmitting satellite telecommunications. Both provisions were effective January 1, 2014.

Purpose: Corporations with a higher percentage of property and payroll invested in Pennsylvania (compared to their percentage of sales in Pennsylvania) will have less taxable income apportioned to the commonwealth. Therefore, those corporations will have a reduced tax burden. This encourages business investment in Pennsylvania in the form of property and employment.

(Dollar Amounts in Millions)

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 605.1	\$ 607.3	\$ 609.6	\$ 611.8	\$ 614.1	\$ 616.3	\$ 618.6

Beneficiaries: More than 34,500 corporations are affected by this expenditure. Of those, 8,000 benefit (i.e., have their taxable income reduced) from the expenditure. The estimates shown above reflect the net impact and represent the change in corporate net income tax from corporations who have their taxable income reduced, as well as the impact on corporations that have their taxable income increased as a result of this tax expenditure.

FICA TAX ON TIPS

Description: Eating and drinking establishments can claim a deduction from their Pennsylvania taxable income equal to the amount of Federal Insurance Contributions Act (FICA) tax on employees' tips.

Purpose: This deduction corrects for a change in federal law. In 1993, a credit for the amount of FICA tax paid on employees' tips was created in the Internal Revenue Code. Taxpayers taking the federal credit may not also take a deduction for tax paid. Pennsylvania does not permit the credit and instead allows this additional deduction from federal taxable income.

(Dollar Amounts in Millions)

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 2.2	\$ 2.6	\$ 3.0	\$ 3.3	\$ 3.5	\$ 3.7	\$ 3.9

Beneficiaries: Approximately 2,400 taxpayers representing eating and drinking establishments could benefit from this tax expenditure.

General Fund Tax Expenditures

NET OPERATING LOSS CARRYFORWARD

Description: Corporations may deduct from current taxable income the net losses from previous years to arrive at their tax liability. Following the decision in *Nextel v. Commonwealth of Pennsylvania* and Act 43 of 2017, the caps on net operating loss carryforwards are 30 percent for tax year 2017, 35 percent for tax year 2018, and 40 percent for tax years 2019 and beyond.

Purpose: This deduction reduces the tax burden for a period of time after an operating loss period, thereby aiding a corporation that has returned to economic viability as measured by taxable income.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 528.6	\$ 528.6	\$ 521.2	\$ 525.8	\$ 533.9	\$ 543.6	\$ 553.5

Beneficiaries: Approximately 17,800 businesses per year benefit from this tax expenditure.

NOT-FOR-PROFIT NONSTOCK COMMODITY OR STOCK EXCHANGE

Description: Act 40 of 2005 excluded not-for-profit nonstock commodity or stock exchanges from the definition of a corporation for corporate net income tax purposes. This provision applies retroactively to taxable years beginning after December 31, 1997.

Purpose: This exemption provides tax relief for non-profit nonstock commodity or stock exchanges.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	N/A						

Beneficiaries: A minimal number of corporate taxpayers benefit from this tax expenditure.

General Fund Tax Expenditures

PENNSYLVANIA S CORPORATIONS

Description: Corporations with a valid Pennsylvania S corporation election in effect for the taxable year are subject to corporate net income tax only to the extent that they have net recognized built-in gains. Pennsylvania S corporation shareholders must include their distributive share of Pennsylvania S corporation income for Pennsylvania income tax purposes. The tax expenditure is the difference between what is paid by the shareholders under the personal income tax and what the corporations would have paid had they been fully subject to the corporate net income tax. Beginning with Act 7 of 1997, there have been several acts that have linked the Pennsylvania tax treatment of S corporations more closely with federal law.

Purpose: Sub-chapter S corporations are closely-held corporations and are believed to be major job creators. This provision allows tax treatment that is similar to that of the Internal Revenue Service and most other states for these businesses.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 653.7	\$ 701.7	\$ 739.9	\$ 762.2	\$ 781.2	\$ 800.2	\$ 819.5

Beneficiaries: Approximately 161,000 sub-chapter S corporations doing business in Pennsylvania could benefit from this tax expenditure.

LIMITED LIABILITY COMPANIES (LLCs)

Description: Limited liability companies (LLCs) are hybrid business entities that combine the corporate characteristic of limited liability for all owners (members) with the tax treatment of a partnership. LLCs that are not taxed as corporations for federal purposes are exempt from the Pennsylvania corporate net income tax. Members of the LLC must include their share of the LLC's income for Pennsylvania personal income tax purposes or corporate net income tax (if a corporate member). The tax expenditure is the difference between what is paid by the members under the personal income tax and corporate net income tax and what the LLC entities would have paid under the corporate net income tax. Various acts through the years have clarified the tax treatment of LLCs and types of companies that can organize as LLCs.

Purpose: LLCs are a preferred type of business entity for start-up companies. They combine the limited liability of a corporation with the flexibility of a partnership. This provision allows tax treatment that is similar to that of the Internal Revenue Service and most other states for these businesses.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$1,155.7	\$1,240.5	\$1,307.9	\$1,347.3	\$1,381.1	\$1,414.6	\$1,448.8

Beneficiaries: As many as 166,500 companies doing business in Pennsylvania benefit from this tax expenditure.

General Fund Tax Expenditures

POWDERED METALLURGY NEXUS

Description: Act 55 of 2007 created a nexus exemption for the out-of-state customers of Pennsylvania powdered metallurgy parts manufacturers. This nexus exemption applies retroactively to taxable years beginning after December 31, 2004, as well as taxable years to which there is an appeal prior to the effective date.

Purpose: This nexus exemption ensures that Pennsylvania powdered metallurgy parts manufacturers will not lose business due to a concern that out-of-state customers may be unduly subject to Pennsylvania taxation only for contracting with such a company.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	N/A						

Beneficiaries: A minimal number of corporate taxpayers benefit from this tax expenditure.

QUALIFIED MANUFACTURING INNOVATION & REINVESTMENT DEDUCTION

Description: Act 43 of 2017 created a deduction from for taxpayers who invest in the creation of a new or refurbished manufacturing facility within three years of a designated start date. Act 25 of 2021 allows a deduction to be taken from income following allocation and apportionment, rather than from federal income as in the original legislation. Act 13 of 2019 altered which projects are able to use this deduction. For projects with private capital investment of between \$60 million and \$100 million, a total of 37.5 percent of the investment may be taken as a deduction over the next 10 taxable years. The maximum deduction in any one tax year is 7.5 percent. For projects with private capital investment greater than \$100 million, a total of 25 percent of the private capital investment may be taken as a deduction over the next 10 taxable years. The maximum deduction in any one tax year is 5 percent. In both cases, the deduction cannot reduce total tax liability by more than 50 percent. The deduction is non-transferable and expires at the end of the corresponding tax year. Businesses can inform the commonwealth of their intent to initiate an eligible project after the effective date of December 29, 2017.

Purpose: The deduction will make Pennsylvania a more attractive place to make large capital investments in modern manufacturing.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 0.0	\$ 23.9	\$ 50.4	\$ 76.0	\$ 100.9	\$ 130.6	\$ 143.0

Beneficiaries: A minimal number of corporate taxpayers benefit from this tax expenditure.

General Fund Tax Expenditures

AIR FREIGHT FORWARDING SPECIAL APPORTIONMENT

Description: All business income of railroad, truck, bus or airline companies is apportioned to the Commonwealth of Pennsylvania by multiplying the income by a special apportionment factor. The numerator is the taxpayer's total revenue miles within the commonwealth during the taxable period. The denominator is the total revenue miles of the taxpayer everywhere during the taxable period. A revenue mile means the average receipts derived from the transportation by the taxpayer of persons or property one mile. This is in lieu of the standard sales factor apportionment ratio.

Act 131 of 2018 allows "qualified air freight forwarding companies" to utilize special income apportionment based on revenue miles, for tax years starting after December 31, 2016. This is in addition to railroad, truck, bus, and airline companies currently using this apportionment. Qualified companies are those engaged in the air freight forwarding business and primarily use an airline with which it has common ownership and control. Such companies shall use the revenue miles of the airline.

Purpose: Allowing qualified air freight forwarding companies to apportion their net income in the same manner as other transportation companies creates equal treatment amongst similar taxpayers.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 7.8	\$ 7.5	\$ 7.8	\$ 8.2	\$ 8.6	\$ 9.0	\$ 9.5

Beneficiaries: A minimal number of corporate taxpayers benefit from this tax expenditure.

GROSS RECEIPTS TAX

Authorization: Article XI of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

The gross receipts tax is imposed on the following companies conducting business in Pennsylvania: pipeline, conduit, steamboat, canal, slack water navigation and transportation companies; freight or oil transporters; telephone and telegraph companies; express service, palace car or sleeping car companies; and electric light, water power and hydroelectric energy companies. Municipalities are entitled to exemptions.

A tax is levied at 50 mills on gross receipts from passengers, baggage, freight, and oil transported within the commonwealth; as well as intrastate and interstate telephone and telegraph messages transmitted on land line or cellular systems.

A tax at the rate of 59 mills is levied on the sale of electric energy. This rate has been in effect since Act 89 of 2002 established the permanent revenue neutral reconciliation tax rate at 15 mills for tax years beginning January 1, 2003, and thereafter.

The sale of natural gas was subject to the gross receipts tax before Act 4 of 1999 repealed these provisions, effective January 1, 2000. Act 84 of 2016 repealed the imposition of gross receipts tax on managed care organizations, effective January 1, 2017.

MUNICIPALLY-OWNED PUBLIC UTILITIES

Description: Gross receipts of public utilities owned or operated by a municipality are exempt from tax to the extent the gross receipts are derived from business done inside the limits of the municipality. The figures for this expenditure are at the statutory utilities gross receipts tax rates applicable to the appropriate tax year.

Purpose: This tax relief encourages municipalities to develop and invest in public utility services and supplemental energy sources including cogeneration facilities. It also benefits residents to the extent the tax relief is reflected through lower utility rates.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 9.5	\$ 9.6	\$ 9.5	\$ 9.5	\$ 9.5	\$ 9.4	\$ 9.4

Beneficiaries: The 35 municipally-owned utilities operating in the commonwealth benefit from this tax expenditure.

General Fund Tax Expenditures

NUCLEAR GENERATING FACILITY DAMAGE

Description: Gross receipts derived from the sale of electricity by an electric light company which are attributable to the recovery of purchased energy costs, clean-up costs, and investment write-off costs due to damage to a nuclear generating facility are exempt from tax.

Purpose: This tax relief alleviates the financial hardship faced by the public utility as a result of damage caused by an accident or natural disaster. It also benefits consumers to the extent the tax relief is reflected in lower utility rates.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	N/A						

Beneficiaries: One hundred fifty electric suppliers could potentially benefit from this tax expenditure.

ELECTRIC COOPERATIVES

Description: Gross receipts of electric cooperatives are exempt from the tax. The figures for this expenditure are at the statutory utility gross receipts tax rates applicable to the appropriate tax year.

Purpose: These cooperatives are nonprofit corporations organized to engage in rural electrification and are perceived to provide public benefit. This exemption permits this service to be rendered at a reduced cost to the rate payers.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 19.2	\$ 19.7	\$ 20.2	\$ 20.8	\$ 21.3	\$ 21.9	\$ 22.5

Beneficiaries: The 14 cooperatives in the commonwealth benefit from this tax expenditure.

PUBLIC UTILITY REALTY TAX

Authorization: Article XI-A of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

The public utility realty tax (PURTA) is imposed on public utilities furnishing services under the jurisdiction of the Pennsylvania Public Utility Commission or a regulatory body of another state or the United States.

Act 4 of 1999 fundamentally overhauled PURTA for tax year 1998 and thereafter. The tax rate is annually calculated by the Department of Revenue in order to raise an amount of tax revenue equal to the realty tax equivalent. The commonwealth imposes this tax on public utility realty in lieu of local real estate taxes and distributes revenue to local taxing authorities based on the realty tax equivalent.

Beginning with PURTA tax year 1998, utilities are taxed on the basis of the property's fair market value, which is the local assessed value adjusted by the common level ratio. After December 31, 1999, assets used in the generation of electricity are excluded from the PURTA tax base and the realty tax equivalent.

For fiscal years prior to 2003-04, an additional 7.6 mills of the PURTA tax base was transferred to the Public Transportation Assistance Fund. Beginning in fiscal year 2003-04, the additional 7.6 mills of the PURTA tax base has remained in the General Fund. The estimates in this portion of the analysis include the variable tax as well as the additional 7.6 mill levy.

PROPERTY SUBJECT TO LOCAL TAXATION

Description: Property subject to local real estate taxation under any law in effect on April 23, 1968, is excluded from the PURTA base.

Purpose: The Constitution of Pennsylvania was amended April 23, 1968, to provide for state taxation of public utility realty property; however, any law in effect which subjected real property of a public utility to local real estate taxation was left in full force. This provision prevents the double taxation of such property.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 3.5	\$ 3.5	\$ 3.6	\$ 3.6	\$ 3.6	\$ 3.7	\$ 3.7

Beneficiaries: The 287 public utilities could benefit from this tax expenditure.

EASEMENTS

Description: Easements or similar interests are excluded from the PURTA base. An easement is an interest in land owned by another entity that entitles the public utility company to limited use related to the provision of utility service.

Purpose: PURTA is intended as a tax on real property and not as a tax on property such as these rights.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 3.1	\$ 3.1	\$ 3.2	\$ 3.2	\$ 3.2	\$ 3.2	\$ 3.3

Beneficiaries: The 287 public utilities could benefit from this tax expenditure.

General Fund Tax Expenditures

RAILROAD RIGHTS-OF-WAY

Description: Railroad rights-of-way and superstructures thereon are excluded from the PURTA base. Railroad rights-of-way are limited ownership of land to be used exclusively for the provision of rail transportation service.

Purpose: PURTA is intended as a tax on real property and not as a tax on property such as these rights. This tax relief may encourage the development of our railroad network that benefits the economy.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 7.2	\$ 7.3	\$ 7.3	\$ 7.4	\$ 7.5	\$ 7.5	\$ 7.6

Beneficiaries: The 21 railroad public utilities could benefit from this tax expenditure.

SEWAGE SERVICES

Description: Public utilities furnishing sewage services are exempt from tax.

Purpose: This provides tax relief to companies that are in the business of sewage treatment and encourages investment in sewage treatment facilities that provide public environmental benefits. It also benefits consumers to the extent the tax relief is reflected in lower utility rates.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 6.3	\$ 6.4	\$ 6.5	\$ 6.5	\$ 6.6	\$ 6.6	\$ 6.7

Beneficiaries: The 40 public utilities that provide sewage services benefit from this tax expenditure.

MUNICIPALITIES

Description: Municipalities or municipal authorities furnishing electric, natural gas, telephone, or water public utility services are exempt from tax.

Purpose: The realty used for municipally-furnished utility services is public property used for public purposes. Moreover, taxing such property would result in the municipal government funding the realty tax equivalent distributed to local taxing authorities.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 3.9	\$ 3.9	\$ 4.0	\$ 4.0	\$ 4.0	\$ 4.1	\$ 4.1

Beneficiaries: The 430 municipal authorities and the 35 municipal public utilities benefit from this tax expenditure.

General Fund Tax Expenditures

ELECTRIC GENERATION FACILITIES

Description: After December 31, 1999, land and improvements indispensable to the generation of electricity are subject to local real estate tax and are excluded from the PURTA tax base and the realty tax equivalent.

Purpose: Electric generation facilities were removed from the PURTA tax base because electric generation is no longer regulated as a public utility function. The electric competition statute, Act 138 of 1996, changed the definition of public utility, and generation facilities can be owned by unregulated entities. This exemption allows a level playing field for participants in electricity supply.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 28.0	\$ 28.2	\$ 28.5	\$ 28.7	\$ 29.0	\$ 29.2	\$ 29.5

Beneficiaries: The 24 electric utilities owning generating assets in Pennsylvania benefit from this tax expenditure.

TRANSITION CREDIT

Description: During the transition years 1998 through 2001, the liability of a public utility under PURTA is limited to 250 percent of its immediate prior year's liability with any reduction in the liability capped at \$100,000 per taxable year. The cost of the transition credit in current fiscal years depends on the calculation of the compensating adjustments for the affected tax years.

Purpose: The PURTA transition credit provides limited relief to taxpayers having a significant increase in their PURTA tax base as a result of Act 4 of 1999.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	Nominal						

Beneficiaries: Approximately 60 taxpayers benefit from this tax expenditure.

INSURANCE PREMIUMS TAX

Authorization: Article IX of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

The insurance premiums tax is imposed on domestic and foreign insurance companies that transact business in Pennsylvania. Certain types of insurance companies are exempt from the tax.

The tax is levied on gross premiums received from business done within Pennsylvania during each calendar year. A retaliatory fee is also imposed on taxable insurance companies incorporated in other states that impose a higher burden on Pennsylvania companies doing business there.

The basic tax rate is 2 percent of gross premiums plus any retaliatory tax. A 3 percent rate is imposed on insurance premiums for policies written with unlicensed insurers by a surplus lines agent when the insured's home state is Pennsylvania. Marine insurance companies are subject to a 5 percent tax on their underwriting profits in lieu of the insurance premiums tax.

The estimates in this analysis include the full amount of revenues and the retaliatory charges that would be received from affected insurance companies.

MUTUAL BENEFICIAL ASSOCIATIONS

Description: Purely mutual beneficial associations, whose funds benefit members, families, or heirs and are made up entirely of member contributions and accumulated interest, are exempt from the insurance premiums tax.

Purpose: Mutual beneficial associations are charitable and benevolent organizations that provide life, accident, and health benefits for their members.

	(Dollar Amounts in Millions)						
<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 20.4	\$ 20.3	\$ 21.7	\$ 22.7	\$ 23.7	\$ 24.8	\$ 25.9

Beneficiaries: Approximately 50 mutual beneficial associations doing business in Pennsylvania benefit from this tax expenditure.

NONPROFIT HOSPITAL AND MEDICAL CARE SERVICE ORGANIZATIONS

Description: Companies organized under the Nonprofit Hospital Plan Act (Act 378 of 1937), the Nonprofit Medical, Osteopathic, Dental and Podiatry Service Corporation Act (Act 399 of 1939), and their successor acts are exempt from the insurance premiums tax.

Purpose: These companies are deemed to be charitable and benevolent institutions that provide hospital and/or medical care to their subscribers.

	(Dollar Amounts in Millions)						
<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 71.7	\$ 74.6	\$ 77.0	\$ 79.5	\$ 82.2	\$ 85.1	\$ 88.2

Beneficiaries: Eleven nonprofit hospital and medical care service organizations doing business in Pennsylvania benefit from this tax expenditure.

General Fund Tax Expenditures

EXTRAORDINARY MEDICAL BENEFIT

Description: An exemption is allowed for premiums collected by automobile insurance companies for optional extraordinary medical benefit coverage from \$100,000 to \$1,100,000. This exemption applies only to premiums collected in association with policies written after June 1, 1989.

Purpose: This exemption benefits private insurance companies that are required to provide the extraordinary medical coverage as a result of the repeal of Pennsylvania's Catastrophic Loss Trust Fund.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 0.2	\$ 0.2	\$ 0.2	\$ 0.2	\$ 0.2	\$ 0.2	\$ 0.2

Beneficiaries: Approximately 850 automobile insurance companies licensed to do business in Pennsylvania may benefit from this tax expenditure.

LIFE AND HEALTH INSURANCE GUARANTY ASSOCIATION CREDIT

Description: A tax credit is available to companies that are members of the Pennsylvania Life and Health Insurance Guaranty Association. These companies may offset a proportionate part of assessment payments made to the association against the insurance premiums tax. The credit is for the portion of the assessment that is unrecoverable through premiums and must be taken over five years.

Purpose: The Pennsylvania Life and Health Insurance Guaranty Association protects policyholders and claimants by providing for the payment of benefits and the continuation of coverage under life, health, and accident, and annuity policies under certain circumstances. Members are assessed to provide funds to carry out the purpose of the association. This credit provides relief to member companies by allowing them to recoup a portion of their assessment payments in the form of tax credits. This credit also provides indirect relief to subscribers to the extent that lower premium rates are maintained.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 50.8	\$ 55.0	\$ 41.6	\$ 31.9	\$ 12.5	\$ 7.8	\$ 3.6

Beneficiaries: Approximately 410 life, accident, and health insurance companies doing business in Pennsylvania may benefit from this tax expenditure.

General Fund Tax Expenditures

PROPERTY AND CASUALTY INSURANCE GUARANTY ASSOCIATION CREDIT

Description: A tax credit is available to companies that are members of the Pennsylvania Property and Casualty Insurance Guaranty Association (PP&CIGA). Companies may claim a credit for assessments paid to the association in a calendar year that exceed 1 percent of gross premiums collected from policyholders. The credit must be taken proportionately over five years, beginning the year after the assessment is paid. This tax credit was enacted as part of Act 23 of 2000 to allow member companies to recoup a portion of assessments paid to the association in the form of tax credits.

Purpose: PP&CIGA protects policyholders and claimants by providing for the payment of benefits and claims for property and casualty policies under certain circumstances. Members are assessed to provide funds to carry out the purpose of the association. This credit also provides indirect relief to property and casualty policyholders to the extent that lower premium rates are maintained.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	Nominal	Nominal	\$ 0.7	\$ 1.3	\$ 2.1	\$ 2.8	\$ 3.6

Beneficiaries: Approximately 1,090 property and casualty insurers doing business in Pennsylvania benefit from this tax expenditure.

INNOVATE IN PA TAX CREDIT

Authorization: Article XVIII-F of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

Description: Act 52 of 2013 created the Innovate in PA Tax Credit. A total of \$100 million in tax credits were purchased by qualified insurance companies in 2015. The credits may be claimed beginning in calendar year 2017 against insurance premiums tax (IPT) liabilities incurred for a taxable year beginning on or after January 1, 2016. The total amount of credits applied against IPT liability by all qualified taxpayers in a fiscal year may not exceed \$20 million, nor may they exceed a taxpayer's IPT liability for that year. Credits may be sold to other qualified taxpayers and may be carried forward for any taxable year that begins prior to January 1, 2026.

The amounts shown below reflect the program cap.

Purpose: The tax credit encourages funding of early-stage venture capital investment through the Ben Franklin Technology Partners, the Venture Investment Program, and the Life Sciences Greenhouses.

Administrative Costs: Costs to administer the Innovate in PA Tax Credit are borne by DCED and DOR. Estimated costs total \$0.1 million per year.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 14.2	\$ 20.0	\$ 1.5	\$ 0.0	\$ 0.0	\$ 0.0	\$ --

Beneficiaries: Approximately 30 taxpayers will benefit from this tax expenditure.

General Fund Tax Expenditures

SURPLUS LINES TAX EXEMPTION FOR CHARTER SCHOOLS

Authorization: Article XXIX-H of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

Description: Act 13 of 2019 provided that a charter school, regional charter school, or cyber charter school, as defined in Section 1703-A of the Public School Code of 1949, is an independent public school and shall be free from taxation within this commonwealth to the same extent as a school district for purposes of the surplus lines tax under Section 1621 of the Insurance Company Law of 1921. The provision was effective immediately upon passage.

Purpose: The exemption provides an additional benefit to selected educational institutions.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	N/A						

Beneficiaries: The approximately 180 charter schools operating in the commonwealth may benefit from this tax expenditure.

BANK AND TRUST COMPANY SHARES TAX

Authorization: Article VII of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

The bank and trust company shares tax is imposed on every bank and trust company having capital stock and doing business in Pennsylvania.

The tax is imposed annually on the value of shares as of January 1. Beginning January 1, 2014, the taxable value of shares is computed on the most recent year-end value of an institution's total bank equity capital, adjusted to allow a deduction for United States obligations. Beginning on January 1, 2017, the tax rate on the dollar value of each taxable share of stock was increased from 0.89 to 0.95 percent.

GOODWILL DEDUCTION

Description: Act 55 of 2007 provides for goodwill generated by a combination to be subtracted from a bank's book value of total bank equity capital when calculating its taxable shares. The act also provides for goodwill to be subtracted from total assets when calculating the proportional deduction for United States obligations.

Purpose: This deduction removes from the tax base the intangible value assigned to goodwill under purchase accounting rules as the result of a combination with another bank.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 95.8	\$ 98.1	\$ 100.4	\$ 102.8	\$ 105.3	\$ 107.7	\$ 110.3

Beneficiaries: Any Pennsylvania bank involved in combination activity benefited from this tax expenditure.

EDGE ACT DEDUCTION

Description: Act 84 of 2016 provides for Edge Act subsidiary equity to be subtracted from a bank's book value of total bank equity capital when calculating its taxable shares. The deduction is phased in over 5 years, beginning January 1, 2018, allowing a 20 percent deduction that year and increasing 20 percent each year until fully phased in January 1, 2022.

Purpose: This deduction removes from the tax base the value of Edge Act subsidiaries for institutions which file Reports of Condition on a consolidated basis.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 21.6	\$ 27.2	\$ 27.4	\$ 27.7	\$ 28.0	\$ 28.3	\$ 28.6

Beneficiaries: Any Pennsylvania bank which files Reports of Condition on a consolidated basis may benefit from this tax expenditure.

MUTUAL THRIFT INSTITUTIONS TAX

Authorization: Article XV of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

The mutual thrift institutions tax is imposed on the net income of savings institutions, savings banks without capital stock, savings and loan associations, and building and loan associations conducting business in Pennsylvania.

The tax is based on net income determined in accordance with generally accepted accounting principles with the following major exceptions: income earned from United States obligations or Pennsylvania state and local obligations is excluded; the interest expense associated with tax exempt interest income is disallowed as a deduction; and net operating losses from previous years may be carried forward for a maximum of three years. Taxable net income is apportioned to Pennsylvania by a three-factor formula comprised of payroll, receipts, and deposits.

The current tax rate is 11.5 percent.

NET OPERATING LOSS CARRYFORWARD

Description: Thrift institutions may deduct from current taxable income the net losses from previous taxable years. A net loss for a taxable year may be carried forward over three years and must be carried to the earliest allowable tax year. There is no carryback of losses to prior years.

Purpose: This deduction reduces the tax burden for a period of time after an operating loss period, thereby aiding the thrift institution after it has attained economic health as measured by its taxable income.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 0.3	\$ 0.4	\$ 0.4	\$ 0.4	\$ 0.4	\$ 0.4	\$ 0.4

Beneficiaries: The 60 mutual thrift companies could benefit from this tax expenditure.

CREDIT UNIONS

Description: Credit unions are exempt from taxation. The tax expenditure is determined by applying the appropriate mutual thrift institutions tax rate to their net earnings.

Purpose: Credit unions are cooperative associations incorporated to promote thrift and to provide a source of credit for their members. This program provides tax relief to credit unions as well as their members to the extent that it is reflected in higher rates earned on savings and lower rates charged for loans.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 12.6	\$ 10.9	\$ 11.1	\$ 11.3	\$ 11.6	\$ 11.9	\$ 12.2

Beneficiaries: The 50 state and federal credit unions operating in Pennsylvania benefit from this tax expenditure.

General Fund Tax Expenditures

SALES AND USE TAX

Authorization: Article II of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

The sales and use tax is imposed on the retail sale, consumption, rental, or use of tangible personal property in Pennsylvania. The tax is also imposed on certain services relating to such property and on the charge for specific business services. The Pennsylvania sales tax rate is 6 percent. By law, a 1 percent local tax is added to purchases made in Allegheny County, and 2 percent local tax is added to purchases made in Philadelphia. Effective with Act 46 of 2003 for transfers after June 30, 2003, 0.947 percent of total sales and use tax receipts are transferred monthly to the Public Transportation Assistance Fund. Act 44 of 2007 provided that 4.4 percent of sales and use tax receipts be transferred monthly to the Public Transportation Trust Fund, effective July 1, 2007.

Act 85 of 2016 created a transfer in the amount that is necessary to make payment for principal and interest obligations for outstanding indebtedness of the Commonwealth Financing Authority (CFA), beginning July 1, 2016. An annual \$0.7 million transfer to the Transit Revitalization Investment Districts, beginning in 2016 and sunsetting after twenty years, was created by Act 151 of 2016. For fiscal year 2019-20 only, \$115.3 million was transferred under Act 43 of 2017 to the Tobacco Revenue Bond Debt Service Account. The analyses below reflect only the General Fund portion of the tax expenditures.

Administrative Costs: Costs incurred to administer the multiple tax expenditures associated with the sales and use tax cannot be separately identified. Tax expenditures are a significant factor associated with the need for more compliance audits and the increased complexity of compliance audits. These audits contribute significantly to the volume of appeals processed by the Department of Revenue.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 20.4	\$ 20.7	\$ 21.0	\$ 21.3	\$ 21.6	\$ 22.0	\$ 22.3

Beneficiaries: Information provided under the sales and use tax “Beneficiaries” heading represent an actual or estimated number and description of Pennsylvania residents, households, or businesses benefiting from that specific tax expenditure. An unreported number of non-Pennsylvania entities may also benefit from the tax expenditure.

General Fund Tax Expenditures

GENERAL/PERSONAL EXPENDITURES

FOOD

Description: Generally, food and beverages intended for human consumption are exempt from taxation. These foods may be purchased from a bakery, pastry shop, donut shop, delicatessen, grocery store, supermarket, farmer's market, convenience store, or vending machine. Sales of ready-to-eat foods are not exempt from tax and include the sale of meals, sandwiches, food from salad bars, hand-dipped or hand-served iced based products including ice cream and yogurt, hot soup, hot pizza and other hot food items, brewed coffee, and hot beverages. In addition, the exemption does not apply to soft drinks, alcoholic beverages, or food purchased from an establishment from which ready-to-eat food and beverages are sold.

Purpose: Food is considered to be a basic necessity of life. Additionally, this provision reduces the regressive nature of the tax and eases the tax burden on families who spend a disproportionate share of income on these products.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>

Beneficiaries: Virtually all 5.2 million households benefit from this tax expenditure.

CANDY AND GUM

Description: The purchase at retail or use of candy and gum, regardless of where sold, is exempt from taxation.

Purpose: Candy and gum are considered to be food. Exempting candy and gum regardless of where sold provides for uniformity in the taxation of these items.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 85.1	\$ 86.7	\$ 85.9	\$ 86.8	\$ 89.3	\$ 91.7	\$ 93.9

Beneficiaries: The number of taxpayers benefiting from this expenditure is unknown.

PERSONAL HYGIENE PRODUCTS

Description: The purchase at retail or use of disposable diapers, incontinence products, toilet paper, feminine hygiene products, toothpaste, toothbrushes, and dental floss are exempt from taxation.

Purpose: These products are considered essential for maintaining a basic standard of life.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 46.3	\$ 47.8	\$ 47.5	\$ 48.2	\$ 49.4	\$ 51.0	\$ 52.9

Beneficiaries: Virtually all 5.2 million households benefit from this tax expenditure.

General Fund Tax Expenditures

NEWSPAPERS

Description: The purchase or use of newspapers or publications containing information of general interest and reports of current events that qualify as a “newspaper of general circulation qualified to carry a legal advertisement,” not including magazines, is exempt from taxation.

Purpose: The purpose of this tax exemption is to encourage citizens to be well informed.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 19.4	\$ 18.1	\$ 17.1	\$ 16.3	\$ 15.7	\$ 15.3	\$ 15.1

Beneficiaries: The number of taxpayers benefiting from this expenditure is unknown.

MAGAZINE SUBSCRIPTIONS

Description: The purchase at retail or use of subscriptions for magazines is exempt from taxation. A “magazine” is a periodical published at regular intervals not exceeding three months and circulated among the general public. The exclusion includes any printed advertising material circulated with the periodical. This tax expenditure became effective July 1, 1994, under Act 48 of 1994.

Purpose: The purpose of this tax exemption is to encourage citizens to be well informed.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 37.7	\$ 38.8	\$ 39.5	\$ 40.2	\$ 40.9	\$ 41.8	\$ 42.7

Beneficiaries: An unknown number of taxpayers benefit from this tax expenditure.

CLOTHING AND FOOTWEAR

Description: The purchase at retail or use of wearing apparel, footwear, and other articles of clothing worn on the human body is exempt from taxation. Additionally, the purchase at retail or use of clothing patterns and other items that are to be a component part of clothing is exempt from tax. Accessories, ornamental wear, formal day or evening apparel, furs, and sporting goods are taxable.

Purpose: Clothing and footwear are considered essential for maintaining a basic standard of life. This provision reduces the regressive nature of the tax and eases the tax burden on families who spend a disproportionate share of income purchasing these products.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 670.8	\$ 730.6	\$ 738.0	\$ 764.0	\$ 788.8	\$ 810.5	\$ 829.3

Beneficiaries: Virtually all 5.2 million households benefit from this tax expenditure.

General Fund Tax Expenditures

PRESCRIPTION DRUGS AND ORTHOPEDIC EQUIPMENT

Description: The purchase at retail or use of prescription drugs and orthopedic equipment is exempt from taxation. Such equipment includes crutches, wheelchairs, false teeth and dental materials, eyeglasses, artificial limbs and eyes, hearing devices, braces, and supports. Also included are devices to alleviate a physical incapacity such as a hospital bed or dialysis machine.

Purpose: Prescription drugs and orthopedic equipment are considered essential for maintaining a basic standard of life. This provision reduces the regressive nature of the tax and eases the tax burden on families who must spend a disproportionate share of income on these products.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 955.5	\$1,003.9	\$1,068.5	\$1,135.6	\$1,211.0	\$1,303.7	\$1,416.8

Beneficiaries: Approximately 2.1 million Pennsylvanians benefit from this tax expenditure.

NON-PRESCRIPTION DRUGS

Description: The purchase at retail or use of non-prescription drugs such as antiseptics, aspirin, milk of magnesia, castor oil, cold capsules, eyewashes, and vitamins is exempt from taxation.

Purpose: Non-prescription drugs are considered essential for maintaining a basic standard of life. This provision reduces the regressive nature of the tax and eases the tax burden on families who spend a disproportionate share of income on these products.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 144.8	\$ 152.3	\$ 162.3	\$ 172.6	\$ 184.6	\$ 199.2	\$ 217.1

Beneficiaries: Virtually all 5.2 million households benefit from this tax expenditure.

LIQUOR OR MALT BEVERAGE PURCHASED FROM RETAIL DISPENSER

Description: Alcoholic beverages purchased in a drinking place or bar are exempt from taxation. Purchases from a state liquor store or a beer distributor are taxed, despite the wholesale nature of a portion of these sales. The estimates represent the difference in the tax that would be collected at the retail level and the tax presently collected on the bulk sale.

Purpose: Taxing container sales rather than per drink sales reduces overall administrative and reporting burdens for vendors and audit efforts by the Department of Revenue.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 110.0	\$ 130.7	\$ 146.0	\$ 154.8	\$ 162.2	\$ 170.4	\$ 180.3

Beneficiaries: Approximately 6.8 million people benefit from this tax expenditure.

General Fund Tax Expenditures

CHARGES FOR RETURNABLE CONTAINERS

Description: Separately stated deposit charges for returnable containers are excluded from the purchase price and are exempt from taxation.

Purpose: Deposit charges usually represent a security in the event a container is not returned. For this reason, a true exchange of property is not considered to have occurred.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 12.8	\$ 13.3	\$ 13.8	\$ 14.2	\$ 14.7	\$ 15.3	\$ 15.8

Beneficiaries: An unknown number of businesses and households may benefit from this tax expenditure.

CASKETS AND BURIAL VAULTS

Description: The purchase or use of caskets, burial vaults, markers, cremation urns, and tombstones for human graves, including foundations, is exempt from taxation.

Purpose: These items are considered to be the final basic necessity of life. Additionally, this exemption reduces the regressive nature of the tax and eases the burden on low-income families.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 19.3	\$ 18.1	\$ 17.6	\$ 17.3	\$ 17.2	\$ 17.2	\$ 17.4

Beneficiaries: As many as 134,000 households benefit from this tax expenditure annually.

FLAGS

Description: The purchase or use of Pennsylvania and United States flags is exempt from taxation.

Purpose: The exemption of flags may be based on the perception that governmental support of national and state symbols is a worthy public policy objective.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 1.7	\$ 1.8	\$ 1.9	\$ 1.9	\$ 1.9	\$ 2.0	\$ 2.0

Beneficiaries: An unknown number of households, businesses, and organizations benefit from this tax expenditure.

General Fund Tax Expenditures

TEXTBOOKS

Description: The purchase or use of textbooks for use in schools, colleges, and universities is exempt from taxation. The purchase must be on behalf of or through schools recognized by the Department of Education as institutions of learning.

Purpose: The education of the commonwealth's citizens is a major policy objective of state government. This exemption helps to reduce the overall cost of obtaining an education.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 11.5	\$ 11.1	\$ 10.7	\$ 10.4	\$ 10.1	\$ 9.8	\$ 9.5

Beneficiaries: As many as 859,600 college students may benefit from this tax expenditure.

SUPPLEMENTAL NUTRITION ASSISTANCE PROGRAM (SNAP) PURCHASES

Description: The purchase at retail or use of tangible personal property in accordance with the federal Food Stamp Act of 1977, as amended, is exempt from taxation. Primarily, exempt items are soft drinks, certain drink mixes, vegetable and fruit seeds and plants, and certain prepared cold foods.

Purpose: This provision is mandated by federal law for continued state participation in the federally funded food stamp program.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 13.1	\$ 8.8	\$ 8.0	\$ 8.1	\$ 8.4	\$ 8.7	\$ 9.1

Beneficiaries: Approximately 732,000 households benefit from this tax expenditure.

GRATUITIES

Description: Any amount paid, in excess of charges and tax, for service relating to the purchase of food or beverages or hotel or motel accommodations is an exempt gratuity.

Purpose: Gratuities or tips are not included in the cost of the meal or accommodation acquired by the purchaser but are considered costs of the accompanying non-taxable services.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 91.8	\$ 110.1	\$ 124.5	\$ 133.5	\$ 140.6	\$ 147.4	\$ 155.0

Beneficiaries: Approximately 3.4 million households and an unknown number of businesses benefit from this tax expenditure.

General Fund Tax Expenditures

BREAST FEEDING SUPPLIES

Description: Act 25 of 2021 provides that the sale at retail of tangible personal property manufactured for the purpose of initiating, supporting, or sustaining breast feeding is exempt from sales and use tax, for purchases after December 31, 2021.

Purpose: The exemption eases any financial burdens associated with breast feeding.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ --	\$ 1.2	\$ 2.9	\$ 3.0	\$ 3.3	\$ 3.6	\$ 3.9

Beneficiaries: Any taxpayer purchasing breast feeding supplies may benefit from this expenditure.

General Fund Tax Expenditures

FUELS AND UTILITIES

COAL

Description: The purchase or use of coal is exempt from taxation.

Purpose: This exemption provides special tax treatment of coal versus alternative energy forms. Other major energy sources are exempt only when used directly by the purchaser for residential use. Encouragement of coal consumption may have been perceived as providing or preserving employment when mining was a major employer within the commonwealth.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 111.0	\$ 119.9	\$ 125.3	\$ 129.5	\$ 133.6	\$ 137.7	\$ 142.5

Beneficiaries: Approximately 53,000 households and an unknown number of businesses benefit from this tax expenditure.

FIREWOOD

Description: The purchase or use of wood pellets or firewood cut into lengths for burning is exempt from taxation when used as fuel for cooking, or for heating water or residential dwellings.

Purpose: Alternative energy sources such as heating oil, natural gas, coal, and electricity are exempt when used for residential purposes. The extension of this exemption to firewood provides consistency among all major energy sources.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 7.9	\$ 8.1	\$ 8.5	\$ 8.9	\$ 9.2	\$ 9.4	\$ 9.7

Beneficiaries: Approximately 154,000 households use wood as a primary heating source. In addition, there are approximately 509,000 households with working fireplaces. Both groups benefit from this tax expenditure.

General Fund Tax Expenditures

RESIDENTIAL UTILITIES

Description: As defined by law, “tangible personal property” specifies taxable items. Specifically omitted from this definition are electricity, steam, natural, manufactured, and bottled gas and fuel oil; basic local telecommunications service when purchased directly by the user solely for residential use; and charges for coin-operated telephone calls. Court decisions have expanded the electricity exemption to include purchases for residential use through an agent, where there is no commercial interest.

Purpose: Residential utilities are considered essential for maintaining a basic standard of life. Additionally, this provision reduces the regressive nature of the tax and reduces the tax burden on families who spend a disproportionate share of income on these services.

(Dollar Amounts in Millions)

Estimates:	Electricity:						
	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 483.3	\$ 489.2	\$ 500.4	\$ 514.1	\$ 526.3	\$ 539.5	\$ 553.9
	Fuel Oil/Gas:						
	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 160.8	\$ 170.6	\$ 171.1	\$ 170.8	\$ 172.1	\$ 174.9	\$ 178.5
	Telephone:						
	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 44.0	\$ 48.0	\$ 52.2	\$ 56.0	\$ 59.8	\$ 63.9	\$ 69.0

Beneficiaries: Virtually all 5.2 million households (electricity), 3.7 million households (fuel oil/gas), and 1.7 million households (telephone) benefit from this tax expenditure.

WATER AND SEWAGE SERVICES

Description: The purchase at retail or use of water (including bottled water and ice) or sewage services is exempt from taxation.

Purpose: Water is a basic necessity of life. Additionally, this provision reduces the regressive nature of the tax and reduces the tax burden on families who spend a disproportionate share of income on this product.

(Dollar Amounts in Millions)

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 132.0	\$ 136.9	\$ 141.9	\$ 148.2	\$ 154.5	\$ 160.6	\$ 167.1

Beneficiaries: Approximately 5.1 million households and about 303,000 businesses benefit from this tax expenditure.

General Fund Tax Expenditures

GASOLINE AND MOTOR FUELS

Description: The purchase or use of gasoline and other motor fuels, taxed under the Liquid Fuels and Fuels Tax Act, is exempt from the sales and use tax.

Purpose: Because these items are already subject to fuels taxes, the legislature has provided for their exemption from the sales and use tax.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 851.3	\$1,096.7	\$1,035.2	\$1,017.3	\$1,011.5	\$1,014.9	\$1,018.3

Beneficiaries: Approximately 4.6 million households and owners of more than 2.3 million heavy trucks, buses, etc., benefit from this tax expenditure.

General Fund Tax Expenditures

MOTOR VEHICLES/VESSELS

AIRCRAFT PARTS, HELICOPTERS, FLIGHT SIMULATORS, AND RELATED MATERIALS

Description: An exemption is provided for the sale at retail or use of helicopters and similar rotorcraft. In addition, there is an exemption for the sale at retail of repair and replacement parts for helicopters, similar rotorcraft, and fixed-wing aircraft. This exemption also covers the installation of these parts as well as other service to the aircraft. Act 25 of 2021 provides that the sale at retail of flight simulators, training materials, and corresponding software, and the leasing of helicopters and similar rotorcraft are exempt from sales and use tax effective August 29, 2021.

Purpose: This exclusion places Pennsylvania aircraft manufactures, flight schools, and lessors of helicopters at a competitively neutral position relative to competitors in other states allowing this exemption.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 7.7	\$ 8.9	\$ 9.8	\$ 10.5	\$ 11.1	\$ 11.7	\$ 12.3

Beneficiaries: Approximately 120 aircraft manufacturers and repair companies and 20 flight schools may benefit from this expenditure. An unknown number of lessors of helicopters, as well as of purchasers of these products and services may benefit from this expenditure.

COMMON CARRIERS

Description: Vehicles purchased by a public utility, engaged in business as a common carrier, to be used in rendering utility services are exempt from taxation. Since the enactment of the Federal Aviation Act, effective January 1, 1995, Pennsylvania has recognized contract carriers as common carriers. Household goods carriers and private carriers remain taxable.

Purpose: Without this exemption, the tax would be built into the rate base of public utility services and, ultimately, passed on to consumers. Therefore, this exemption reduces the overall cost of utility services that are considered to be basic necessities.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 64.6	\$ 70.9	\$ 75.0	\$ 77.8	\$ 80.9	\$ 84.4	\$ 87.7

Beneficiaries: Approximately 7,500 common carriers could benefit from this tax expenditure.

COMMERCIAL VESSELS (Construction and Repair)

Description: The purchase or use of commercial vessels of 50 tons or larger is exempt from taxation if delivery is taken in Pennsylvania.

Purpose: This exclusion places Pennsylvania shipbuilders at a competitively neutral position relative to shipbuilders in those states allowing this exemption.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 17.5	\$ 19.1	\$ 20.4	\$ 21.5	\$ 22.5	\$ 23.7	\$ 24.8

Beneficiaries: As many as 10 establishments may benefit from this tax expenditure.

General Fund Tax Expenditures

COMMERCIAL VESSELS (Equipment and Maintenance)

Description: The purchase or use of fuel, supplies, equipment, ships or sea stores, and cleaning or maintenance supplies for commercial vessels is exempt from taxation. This exemption applies to vessels of 50 tons or more designed for commercial use.

Purpose: Imposition of the tax at the point of sale would place Pennsylvania vendors at a competitive disadvantage relative to those vendors operating in other states that allow this exemption.

(Dollar Amounts in Millions)

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 2.8	\$ 3.1	\$ 3.3	\$ 3.4	\$ 3.6	\$ 3.7	\$ 3.9

Beneficiaries: The number of taxpayers benefiting from this expenditure is unknown.

MOTOR VEHICLES (Out-of-State Purchasers)

Description: The purchase or use of a motor vehicle by a non-resident, to be used outside Pennsylvania, and which is registered in another state within twenty days of delivery, is exempt from taxation. Delivery must be taken outside of Pennsylvania.

Purpose: The exemption protects the participation of Pennsylvania car dealers in the out-of-state market while preventing potential abuses of such an exemption by Pennsylvania residents.

(Dollar Amounts in Millions)

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	N/A						

Beneficiaries: The number of taxpayers benefiting from this expenditure is unknown.

SCHOOL BUSES

Description: The purchase at retail or use of school buses is exempt from taxation. These buses must be used exclusively for the transportation of children for school purposes. The provision is extended to persons who have contracts with school districts to transport children.

Purpose: The costs of transporting school children are directly borne by school districts and indirectly by state government through subsidy programs. This exemption, while limiting state sales and use tax revenues, also decreases state educational subsidy costs.

(Dollar Amounts in Millions)

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 20.0	\$ 20.0	\$ 20.0	\$ 20.0	\$ 20.0	\$ 19.9	\$ 19.9

Beneficiaries: Approximately 300 private school bus contractors and virtually all schools benefit from this tax expenditure.

General Fund Tax Expenditures

MULTIPURPOSE AGRICULTURAL VEHICLES USED IN FARMING

Description: Act 25 of 2021 provides that the sale at retail of multipurpose agricultural vehicles used in farming is exempt from sales and use tax, effective January 1, 2022.

Purpose: This exemption provides a benefit for agricultural operations that use multipurpose vehicles.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ --	\$ 0.4	\$ 0.9	\$ 0.9	\$ 0.9	\$ 1.0	\$ 1.0

Beneficiaries: Approximately 52,700 farmers in the commonwealth may benefit from this expenditure.

General Fund Tax Expenditures

PRODUCTION EXPENDITURES

MANUFACTURING EXEMPTION (Manufacture and Processing)

Description: An exemption is provided for the purchase or use of machinery, equipment, parts and supplies, or the use of services or utilities used directly in the manufacturing and processing of personal property. This exemption does not apply to motor vehicles, maintenance facilities, managerial or other nonoperational activities or materials, supplies, or equipment used relative to real estate, obtaining disinfecting or pest control services, or building maintenance and cleaning services.

Purpose: Exemption of manufacturing equipment and supplies prevents the multiple taxation that could occur in the production of a finished good for consumption. Were these items not exempt, this additional cost would be passed through to the ultimate consumer.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$1,244.7	\$1,363.2	\$1,448.8	\$1,511.1	\$1,569.7	\$1,634.0	\$1,708.1

Beneficiaries: Approximately 13,000 manufacturers and an unknown number of processors and remanufacturers benefit from this tax expenditure.

MANUFACTURING EXEMPTION (Agriculture)

Description: An exemption is provided for the purchase or use of machinery, equipment, parts and supplies, or the use of services or utilities used directly in farming, dairying, horticulture, floriculture, or aquaculture. This exemption does not apply to motor vehicles, maintenance facilities, managerial or other nonoperational activities or materials, supplies, or equipment used relative to real estate, obtaining disinfecting or pest control services, or building maintenance and cleaning services.

Purpose: Exemption of agricultural equipment and supplies prevents the multiple taxation that could occur in the production of an agricultural commodity for sale and consumption. Were these items not exempt, this additional cost would be passed through to the ultimate consumer.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 81.5	\$ 87.1	\$ 89.8	\$ 91.9	\$ 94.3	\$ 97.1	\$ 100.3

Beneficiaries: Approximately 52,700 farm operators benefit from this tax expenditure.

General Fund Tax Expenditures

MANUFACTURING EXEMPTION (Public Utility)

Description: An exemption is provided for the purchase or use of machinery, equipment, parts and supplies or the use of services or utilities used directly in producing, delivering, or rendering a public utility service. This exemption does not apply to motor vehicles (except those used as common carriers), maintenance facilities, managerial or other nonoperational activities or materials, supplies, or equipment used relative to real estate, obtaining disinfecting or pest control services, or building maintenance and cleaning services.

Purpose: Exemption of equipment and supplies used in producing and delivering a public utility service prevents the multiple taxation that could occur in providing the service. Were these items not exempt, this additional cost would be passed through to the ultimate consumer.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 96.5	\$ 99.5	\$ 99.4	\$ 100.4	\$ 102.4	\$ 104.2	\$ 105.7

Beneficiaries: Approximately 890 public utilities could benefit from this tax expenditure.

MANUFACTURING EXEMPTION (Foundations for Machinery and Equipment)

Description: Foundations for machinery and equipment used directly in manufacturing, farming, dairying, agriculture, horticulture, floriculture, aquaculture, processing or producing, and delivering or rendering a public utility service are exempt from taxation. Included for a public utility are sand, gravel, crushed rock, concrete, or similar material used as bedding or surrounding pipe used directly to render sewer or water service.

Purpose: Exemption of foundations for manufacturing equipment prevents the multiple taxation that could occur in the production of a finished good for consumption. Were these items not exempt, this additional cost would be passed through to the ultimate consumer.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 10.2	\$ 10.3	\$ 10.4	\$ 10.4	\$ 10.4	\$ 10.5	\$ 10.5

Beneficiaries: Approximately 67,000 entities benefit from this tax expenditure.

CONTRACT FARMING

Description: The purchase or use of tangible personal property or services that are directly used in farming, dairying, or agriculture for the production of food are exempt from tax even if the purchaser is not the entity directly involved in the agricultural activity. This exemption applies to machinery, equipment, parts, supplies, and utilities used in the production of food.

Purpose: Exemption of agricultural equipment and supplies prevents the multiple taxation that could occur in the production of an agricultural food commodity for sale and consumption. Were these items not exempt, this additional cost would be passed through to the ultimate consumer.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 23.9	\$ 25.6	\$ 26.4	\$ 27.0	\$ 27.7	\$ 28.5	\$ 29.4

Beneficiaries: An unknown number of businesses engaged in contract farming benefit from this tax expenditure.

General Fund Tax Expenditures

OTHER

AIRLINE CATERING

Description: Airline purchases of catered food and non-alcoholic beverages served to passengers in connection with the airline service are exempt from tax.

Purpose: This tax exemption lowers the cost of catered food and non-alcoholic beverages purchased by airlines, which may also reduce the cost of airline travel for consumers.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 1.4	\$ 1.5	\$ 1.6	\$ 1.6	\$ 1.7	\$ 1.8	\$ 1.9

Beneficiaries: Approximately 60 airlines may benefit from this expenditure.

HOTEL-PERMANENT RESIDENT

Description: An exemption is provided, under the hotel occupancy tax, for a person occupying or having the right to occupy a room in a hotel, inn, tourist home, lodging house, rooming house, summer camp, apartment hotel, resort lodging, or cabin for 30 consecutive days or more. This exemption does not extend to prepared meals or other taxable items.

Purpose: Residency of this length is felt to approximate permanent dwelling rental, which is non-taxable as a basic necessity of life.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 5.9	\$ 6.0	\$ 6.1	\$ 6.1	\$ 6.2	\$ 6.3	\$ 6.4

Beneficiaries: Approximately 39,800 persons benefit from this tax expenditure.

VENDOR DISCOUNT

Description: A licensed vendor is permitted a discount as a credit against the gross amount of tax collected provided that a tax return, with full payment due the department, is filed or postmarked on or before the due date. The discount shall be the lesser of 1 percent of the amount of the tax collected and the following: \$25 for a monthly filer, \$75 for a quarterly filer, or \$150 for a semiannual filer.

Purpose: This provision is intended to defray the vendor's cost of collecting and remitting the sales and use tax.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 14.7	\$ 14.8	\$ 15.8	\$ 16.1	\$ 16.6	\$ 17.3	\$ 17.9

Beneficiaries: Approximately 177,880 vendors benefit from this tax expenditure.

General Fund Tax Expenditures

OUT-OF-STATE CREDIT

Description: A credit is allowed for the purchase of personal property or taxable services for use outside Pennsylvania equal to the sales tax paid in the applicable state. The state must grant substantially similar tax relief as provided by Pennsylvania.

Purpose: Allowing a credit for tax paid in another state prevents double taxation.

(Dollar Amounts in Millions)

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	N/A						

Beneficiaries: The number of taxpayers benefiting from this expenditure is unknown.

TRADE-IN VALUE

Description: A deduction is allowed against the gross purchase price for the value of personal property actually taken in trade or exchange. The trade-in property does not have to be of like kind to the purchased property. The reduction in purchase price is considered to be the value of the trade-in.

Purpose: Tangible personal property taken as a trade-in is usually resold. Therefore, it is treated as a sale for resale.

(Dollar Amounts in Millions)

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 367.0	\$ 348.5	\$ 348.4	\$ 354.5	\$ 348.4	\$ 349.8	\$ 351.2

Beneficiaries: Approximately 744,300 purchasers of motor vehicles annually benefit from this tax expenditure. In addition, an unknown number of entities benefit from other trade-ins (such as boats and aircraft).

ISOLATED SALES

Description: Infrequent personal property sales of a non-recurring nature by persons not in the business of selling such items are exempt from taxation. By regulation, exempt entity sales can occur no more than three times nor more than a total of seven days in a year. These sales may include the sale of a lawn mower to a neighbor, liquidation of an estate, sale of a used typewriter by an insurance company, or yard sale items. Motor vehicles and property that must be registered or licensed are not granted this exemption.

Purpose: The exclusion of isolated sales from taxation greatly reduces compliance and administration burdens for the seller and the commonwealth.

(Dollar Amounts in Millions)

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 116.1	\$ 117.1	\$ 124.8	\$ 127.8	\$ 131.6	\$ 136.7	\$ 142.0

Beneficiaries: The number of taxpayers benefiting from this expenditure is unknown.

General Fund Tax Expenditures

TEMPORARY USAGE

Description: Property purchased outside Pennsylvania by a nonresident and temporarily used in Pennsylvania for seven days or less or any length of time by a tourist or vacationer is exempt from taxation. If the property is consumed in the state it becomes taxable.

Purpose: Providing an exemption for temporary usage of taxable property in Pennsylvania does not discourage entry into the state by vacationers, tourists, or others who attend, or are involved in specific short-term events or activities.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	N/A						

Beneficiaries: The number of taxpayers benefiting from this expenditure is unknown.

HORSES

Description: The sale of a horse is exempt from taxation if the seller is directed to deliver the horse to an out-of-state location. A horse may be temporarily delivered to a resident or agent prior to being delivered out-of-state.

Purpose: This exemption provides preferential treatment of horses relative to other tangible personal property by permitting temporary location in Pennsylvania before being delivered out-of-state.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 2.2	\$ 2.8	\$ 2.8	\$ 2.8	\$ 2.8	\$ 2.8	\$ 2.8

Beneficiaries: Approximately 1,300 Standard bred horse purchasers and an unknown number of purchasers of other types of horses benefit from this tax expenditure.

YOUTH SPORTS PROGRAMS

Description: The purchase of food and beverages from nonprofit associations which support sports programs for participants aged 19 or younger, or for persons with physical or intellectual disabilities regardless of age, is exempt from taxation.

Purpose: The exemption of these items encourages such organizations to support programs that provide activities beneficial to young people and the disabled.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	N/A						

Beneficiaries: The number of taxpayers benefiting from this expenditure is unknown.

General Fund Tax Expenditures

PURELY PUBLIC CHARITIES

Description: The sale of personal property or services to or for use by any institution of purely public charity as defined by Act 55 of 1997 is exempt from taxation. Act 45 of 1998 extended this exemption to include the purchase or use of certain machinery and equipment used in a construction contract with an exempt entity. The purchase or use may be made by a construction contractor or the exempt entity. Transactions unrelated to the trade or business of such organizations are taxable as are certain materials and supplies purchased for use in connection with real estate.

Purpose: These organizations provide public and charitable services that are perceived to benefit the general public. This exemption permits these services to be rendered at reduced cost.

(Dollar Amounts in Millions)

Estimates:	Charitable Organizations:						
	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>

	Nonprofit Educational Institutions:						
	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 116.0	\$ 130.4	\$ 144.6	\$ 152.6	\$ 160.3	\$ 168.3	\$ 177.9
	Religious Organizations:						
	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 8.0	\$ 8.8	\$ 9.6	\$ 10.1	\$ 10.6	\$ 11.1	\$ 11.6
	Health & Social Assistance Organizations:						
	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 180.6	\$ 190.8	\$ 196.5	\$ 203.4	\$ 211.6	\$ 220.1	\$ 229.6

Beneficiaries: Approximately 30,000 organizations currently benefit from this tax expenditure.

EXEMPT GOVERNMENTAL UNITS

Description: The sale of tangible personal property or services to or for use by the federal government, the commonwealth or its instrumentalities, or political subdivisions is exempt from taxation. Act 45 of 1998 extended this exemption to include the purchase or use of certain machinery or equipment used in a construction contract with a governmental unit. The purchase or use may be by a contractor or governmental unit. Based on the criteria adopted to define tax expenditures, federal transactions are not included in this study. Commonwealth transactions are also excluded because revenues would offset expenditures with no net effect. The estimates, therefore, represent the tax on local government expenditures and construction contractors.

Purpose: This exemption is an indirect means of assistance to local governments and may reduce the taxes levied by these entities.

(Dollar Amounts in Millions)

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 407.9	\$ 439.4	\$ 461.0	\$ 485.5	\$ 506.7	\$ 528.9	\$ 552.8

Beneficiaries: Approximately 3,130 governmental units benefit from this tax expenditure.

General Fund Tax Expenditures

SUBSTITUTED TAX BASE

Description: The tax on tangible personal property purchased at least six months prior to the first taxable use in Pennsylvania may be based on the prevailing market price at the time of the taxable use. This substituted base would be in lieu of taxing the original purchase price.

Purpose: This alternative tax base permits taxpayers to pay tax relative to the current market value of such assets that most closely approximates current taxable value.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	N/A						

Beneficiaries: The number of taxpayers benefiting from this expenditure is unknown.

OUT-OF-STATE PURCHASES

Description: Tangible personal property purchased and used outside the state by a nonresident who later brings the property into Pennsylvania while establishing a permanent residence or business is exempt from taxation. This property must be purchased more than six months prior to the first taxable use in Pennsylvania.

Purpose: This provision eases administrative costs for the commonwealth and compliance costs for the taxpayer and prevents a substantial tax liability from being imposed when a person moves to Pennsylvania.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	N/A						

Beneficiaries: The number of taxpayers benefiting from this expenditure is unknown.

RAIL TRANSPORTATION EQUIPMENT

Description: The purchase or use of rail transportation equipment by a business in the movement of its own personal property is exempt from taxation.

Purpose: Exemption of rail equipment provides preferential treatment benefiting specific users of this transportation mode. Were these items not exempt, this additional cost may be passed through to the ultimate consumer.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 13.7	\$ 15.1	\$ 16.2	\$ 17.1	\$ 18.0	\$ 19.0	\$ 19.9

Beneficiaries: The number of taxpayers benefiting from this expenditure is unknown.

General Fund Tax Expenditures

FISH FEED

Description: The purchase or use of fish feed by sportsmen's clubs, fish cooperatives, or nurseries approved by the Pennsylvania Fish and Boat Commission is exempt from taxation.

Purpose: The exemption provides special treatment benefiting organizations that raise fish intended for human consumption.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	Nominal						

Beneficiaries: An unknown number of entities benefit from this tax expenditure.

TOURIST PROMOTION AGENCIES

Description: The purchase or use of supplies and materials by tourist promotion agencies for distribution to the public is exempt from taxation. To be permitted this exemption, an agency must receive grants from the state.

Purpose: Excluding supplies and materials used by tourist promotion agencies that receive state grants reduces the cost of performing promotional activities. The need for direct support to these agencies is decreased by providing this exemption.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	N/A						

Beneficiaries: An unknown number of entities benefit from this tax expenditure.

TROUT

Description: The purchase or use of brook trout, brown trout, or rainbow trout is exempt from taxation.

Purpose: Special treatment is conferred to those involved in the raising or sale of trout intended for human consumption.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	Nominal						

Beneficiaries: An unknown number of entities benefit from this tax expenditure.

General Fund Tax Expenditures

CONSTRUCTION OF MEMORIALS

Description: The purchase or use of materials used in the construction or erection of objects commemorating or memorializing historical events is exempt from taxation. These objects must be purchased by not-for-profit organizations and erected on publicly owned property.

Purpose: This exemption has been provided because these memorials are presumably erected for public benefit and gratification.

(Dollar Amounts in Millions)

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	N/A						

Beneficiaries: The number of taxpayers benefiting from this expenditure is unknown.

STORAGE

Description: Charges for storage, other than for self-storage, of tangible personal property are exempt from taxation.

Purpose: Commercial storage services may be considered an integral part of the production and distribution of tangible personal property.

(Dollar Amounts in Millions)

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 306.9	\$ 328.8	\$ 341.7	\$ 351.5	\$ 362.9	\$ 376.5	\$ 390.8

Beneficiaries: The number of taxpayers benefiting from this expenditure is unknown.

STAIR LIFT DEVICES

Description: The purchase or use of property or services used in installing or repairing stair lift devices is exempt from taxation when the device is installed or used in the residence of a physically disabled person requiring the device to ascend or descend stairs. The physical disability must be certified by a physician.

Purpose: Stair lift devices could be considered essential for people with a physical disability that prevents them from ascending or descending stairs. This exemption reduces the regressive nature of the tax and eases the tax burden on people requiring the devices.

(Dollar Amounts in Millions)

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	N/A						

Beneficiaries: As many as 877,000 residents who have difficulty ascending and descending stairs may benefit from this tax expenditure.

General Fund Tax Expenditures

BAD DEBTS

Description: Sales tax vendors may apply for a refund equal to 100 percent of bad debts associated with sales tax paid to the state for sales written off by the vendor and deducted for federal income tax purposes because the vendor did not receive full payment from the purchaser. Act 55 of 2007 provided that the refund for sales tax remitted and attributable to bad debt is now expanded to private label credit cards. This change applies to amounts deducted as bad debts on federal income tax returns required to be filed after January 1, 2008. No refund is granted for interest, finance charges, or expenses incurred in attempting to collect receivables.

Purpose: The bad debt refund provision lessens the economic impact experienced by vendors when they extend credit to customers for taxable purchases and subsequently incur uncollectible accounts receivable (bad debts).

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 8.6	\$ 9.0	\$ 9.6	\$ 9.8	\$ 10.1	\$ 10.5	\$ 10.9

Beneficiaries: Any of the 303,000 licensed vendors could benefit from this tax expenditure, if they extend credit or accept checks for payment.

UNIFORM COMMERCIAL CODE FILING FEES

Description: Separately stated Uniform Commercial Code (UCC) filing fees, copy requests, and certification fees paid to a state or local agency are exempt from tax.

Purpose: UCC filing legally identifies the lien holder for personal property collateral. These fees may be perceived as incidental to the purchase or use of the tangible personal property and, as such, are exempt from tax.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 3.8	\$ 3.2	\$ 3.3	\$ 3.5	\$ 3.6	\$ 3.8	\$ 4.0

Beneficiaries: As many as 133,100 entities benefit from this tax expenditure annually.

RENTAL OF FILMS FOR COMMERCIAL EXHIBITION

Description: The purchase at retail or use of motion picture films rented or licensed from a distributor for the purpose of commercial exhibition are exempt from taxation.

Purpose: This provision allows the entertainment services associated with these films to be delivered to the public at a reduced cost. Were these films not exempt, the additional cost would likely be passed through to the ultimate consumer.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 1.3	\$ 1.9	\$ 2.0	\$ 2.1	\$ 2.3	\$ 2.4	\$ 2.6

Beneficiaries: Approximately 170 motion picture and video exhibition companies, 70 television broadcasting stations, and 15 cable and subscription programming companies benefit from this expenditure.

General Fund Tax Expenditures

COPIES OF AN OFFICIAL DOCUMENT

Description: The sale at retail or use of copies of an official document sold by a government agency or court are exempt from taxation. Included in copies of official documents are any copies in tangible form, including compact discs, microfilm, and similar forms of electronic media. Examples of such documents include notes of court testimony, deposition transcripts, driving records, accident reports, birth and death certificates, deeds, divorce decrees, and other similar documents.

Purpose: This provision eases reporting and administrative burdens on state, county, and local governments, including courts and political subdivisions.

(Dollar Amounts in Millions)

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 1.4	\$ 1.4	\$ 1.4	\$ 1.4	\$ 1.4	\$ 1.4	\$ 1.4

Beneficiaries: An unknown number of individuals and businesses benefit from this tax expenditure.

INVESTMENT METAL BULLION AND INVESTMENT COINS

Description: The purchase or use of investment metal bullion and investment coins are exempt from taxation. This exemption includes the purchase or use of precious metals, where the value of the metal is primarily a function of the metal content, or a coin, where the market value exceeds the face value. This exemption does not include jewelry, works of art made from coins, or medallions.

Purpose: These purchases are generally for investment purposes only and, as such, are exempt from tax.

(Dollar Amounts in Millions)

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 6.4	\$ 6.8	\$ 6.6	\$ 6.5	\$ 6.5	\$ 6.6	\$ 6.7

Beneficiaries: An unknown number of individuals and businesses engaged in the purchase and sale of investment bullion and coins benefit from this tax expenditure.

CATALOGS AND DIRECT MAIL ADVERTISING

Description: The purchase or use of a mail order catalog or direct mail advertising literature and materials is exempt from taxation. Effective July 1, 1998, this exemption was extended to the purchase or use of electoral literature or material and certain mailing lists.

Purpose: The purchase of these items may be perceived as incidental to the advertising service being provided.

(Dollar Amounts in Millions)

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 4.2	\$ 4.5	\$ 4.8	\$ 5.0	\$ 5.2	\$ 5.4	\$ 5.6

Beneficiaries: The number of taxpayers benefiting from this expenditure is unknown.

General Fund Tax Expenditures

WRAPPING AND PACKING SUPPLIES

Description: The purchase or use of wrapping paper, twine, bags, cartons, tape, rope, labels, nonreturnable containers, corrugated boxes used by a person engaged in the manufacture of snack food products, and all other wrapping supplies which are incidental to the delivery of personal property is exempt from taxation. This exclusion applies to retailers only. A separately stated charge for wrapping or packaging is taxable. Act 43 of 2017 expanded this definition to include kegs used to contain malt or brewed beverages.

Purpose: Exemption of these items prevents double taxation since the cost of wrapping supplies, as a final input of the product, is included in the price charged by the retailer.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	N/A						

Beneficiaries: Approximately 55,400 retail and wholesale establishments benefit from this tax expenditure.

CONVENTION CENTER RENTALS

Description: Act 84 of 2016 added an additional exclusion to the sales and use tax for the sale at retail or use of services related to the set up, tear down, or maintenance of tangible personal property rented by an authority to exhibitors at certain convention centers or public auditoriums.

Purpose: This exemption could promote the use of certain convention centers or public auditoriums in Pennsylvania.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 0.1	\$ 0.1	\$ 0.1	\$ 0.1	\$ 0.1	\$ 0.1	\$ 0.1

Beneficiaries: A minimal number of taxpayers will benefit from this tax expenditure.

FOOD AND BEVERAGES PURCHASED FROM VOLUNTEER FIREMEN'S ORGANIZATIONS

Description: The sale at retail or use of food and beverages by a volunteer firemen's organization to raise funds for the purposes of the volunteer firemen's association are exempt from taxation.

Purpose: The exemption allows volunteer entities that contribute to public safety to raise funds for their mission at a reduced cost.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	N/A						

Beneficiaries: The number of taxpayers benefiting from this expenditure is unknown.

General Fund Tax Expenditures

BUILDING MATERIALS AND SUPPLIES FOR ANIMAL HOUSING

Description: The sale at retail of building materials and supplies used for the construction or repair of an animal housing facility are exempt from taxation. The building materials and supplies are exempt regardless of whether the sales are made to the purchaser directly or are pursuant to a construction contract.

Purpose: The exemption provides a benefit to those who need to provide housing for animals, primarily those engaged in agriculture.

(Dollar Amounts in Millions)

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 3.5	\$ 3.6	\$ 3.6	\$ 3.7	\$ 3.7	\$ 3.7	\$ 3.8

Beneficiaries: The number of taxpayers benefiting from this expenditure is unknown.

CANNED SOFTWARE PURCHASED BY FINANCIAL INSTITUTIONS

Description: Act 90 of 2019 provides that the sale at retail or use by a financial institution of canned computer software directly utilized in the business of banking is not subject to tax. For purposes of this provision, a financial institution is defined as an institution doing business in the commonwealth that is subject to bank and trust company shares or mutual thrift institutions taxes.

Purpose: This exemption provides tax relief for financial institutions.

(Dollar Amounts in Millions)

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>

Beneficiaries: Any financial institution subject to bank and trust company shares or mutual thrift institutions taxes may benefit from this expenditure.

COMPUTER DATA CENTER EQUIPMENT EXEMPTION

Description: Act 25 of 2021 created sales and use tax exemption for computer data center equipment replacing the previous Computer Data Center Incentive Program, which provided a sales and use tax refund for qualified purchases. Beginning January 1, 2022, certified entities can annually submit for a sales and use tax exemption certificate for purchased computer data center equipment used exclusively in the data center certified by the state provided the data center meets certain investment criteria.

Purpose: The exemption provides a benefit for the computer data center industry.

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ --	\$ 15.7	\$ 44.8	\$ 53.1	\$ 63.0	\$ 74.7	\$ 88.6

Beneficiaries: Approximately 1,040 data centers may benefit from this exemption.

General Fund Tax Expenditures

SERVICES

Description: Expenditures for services are not taxable under the sales and use tax except when specifically taxed by law.

Purpose: Because the primary basis for the sales and use tax is tangible personal property, the majority of services are not taxed unless they are related to taxable property. Legislation adopted in 1991 imposed the tax on charges for selected business services. Act 7 of 1997 removed computer services from the list of taxable services.

Beneficiaries: Virtually all 5.2 million households and all 303,000 business establishments benefit from one or more of these service tax expenditures.

General Fund Tax Expenditures

CIGARETTE TAX

Authorization: Article XII of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

The cigarette tax is an excise tax, based on a rate of 13 cents per cigarette, levied on the sale or possession of cigarettes in Pennsylvania. Between November 2009 and July 2016, the rate was 8 cents per cigarette. Effective November 1, 2009, the cigarette tax was also imposed on little cigars weighing no more than four pounds per thousand sticks. Only one sale of cigarettes, whether individual cigarettes, packages, cartons, or cases, is taxable. Fixed annual amounts of \$30.73 million and \$20.485 million of cigarette tax receipts are transferred to the Children's Health Insurance Program (CHIP) and the Agricultural Conservation Easement Purchase (ACEP) Fund, respectively. Act 84 of 2016 increased the transfer to the ACEP fund to \$25.485 million beginning in fiscal year 2016-17. In addition, Act 84 of 2016 created a transfer from the General Fund to the Local Cigarette Tax Fund. The transfer will occur if prior year deposits into the Local Cigarette Tax Fund fall below \$58 million. In this case the General Fund will transfer the difference between \$58 million and actual deposits to the Local Cigarette Tax Fund. This transfer is effective for fiscal years 2016-17, with the first transfer occurring in 2017-18. A \$115.3 million transfer was also made to the Tobacco Settlement Fund for Commonwealth Finance Authority debt service payments in FY 2019-20 and 2020-21 and is expected to be reauthorized for each year in the forecast period.

Administrative Costs: Costs to administer the cigarette tax expenditures are nominal.

STATE VETERANS' HOMES

Description: Sales to retail dealers located in state veterans' homes, for resale to residents in such homes, are exempt. Federal veterans' hospitals are exempt under federal law.

Purpose: It is perceived to be good public policy to reduce taxes for veterans who have served their country and are now residing in a veterans' home or hospital.

(Dollar Amounts in Millions)

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	Nominal						

Beneficiaries: Residents in six state veterans' homes benefit from this tax expenditure.

UNSTAMPED CIGARETTES (200 AND UNDER)

Description: Vacationers or tourists crossing state lines with one carton or less of unstamped cigarettes are not required to pay tax on those cigarettes. The carton (200 cigarettes) cannot be resold and must be for personal use only.

Purpose: Persons crossing state lines with one carton or less of cigarettes are presumed to possess such cigarettes for personal use rather than intentionally avoiding payment of the cigarette tax. This expenditure helps to relieve administration and enforcement burdens as well as promote tourism.

(Dollar Amounts in Millions)

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	N/A						

Beneficiaries: The number of taxpayers benefiting from this expenditure is unknown.

General Fund Tax Expenditures

COMMISSIONS ON SALES OF STAMPS

Description: Cigarette stamping agents are permitted a commission of 0.586 percent of the value of all cigarette tax stamps purchased from the Department of Revenue or its authorized agents to be affixed to cigarettes for sale within the commonwealth. Prior to August 1, 2016, the commission was equal to 0.87 percent. The commission does not apply to purchases of stamps by a cigarette-stamping agent in amounts of less than \$100.

Purpose: This commission is paid to the cigarette-stamping agent as compensation for services and expenses incurred while acting as an agent of the commonwealth in affixing tax stamps.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 6.8	\$ 6.5	\$ 6.2	\$ 5.9	\$ 5.7	\$ 5.5	\$ 5.3

Beneficiaries: Approximately 90 cigarette stamping agents may benefit from this tax expenditure.

TOBACCO PRODUCTS TAX

Authorization: Article XII-A of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

The other tobacco products tax is an excise tax levied on the sale or possession of tobacco products in Pennsylvania. The tax is based on weight for tobacco products other than electronic cigarettes and is based on the purchase price charged to the retailer in the case of electronic cigarettes. The tax rate for tobacco products other than electronic cigarettes is \$0.55 per ounce. For items sold in units that weigh less than 1.2 ounces, the tax is equal to the tax on an item that weighs 1.2 ounces. Tobacco products subject to this tax include roll-your-own tobacco, periques, granulated, plug cut, crimp cut, ready rubbed and other smoking tobacco, snuff, dry snuff, snuff flour, Cavendish, plug and twist tobacco, fine-cut and other chewing tobaccos, shorts, refuse scraps, clippings, cuttings and sweepings of tobacco and other kinds and forms of tobacco, prepared in such manner as to be suitable for chewing or ingesting or for smoking in a pipe or otherwise, or any combination of chewing, ingesting or smoking. The term does not include any item subject to the cigarette tax or cigars. The tax rate for electronic cigarettes is 40 percent of the purchase price charged to the retailer. Items subject to this tax include electronic oral devices that provide a vapor of nicotine or any other substance and the use of inhalation of which simulates smoking. It also includes any liquid or substance placed in or sold for use in an electronic cigarette. Components, such as but not limited to coils, batteries, and reservoirs, if sold separately, are not subject to the tax.

The tobacco products tax contains no tax expenditures as defined for this tax expenditure analysis.

MALT BEVERAGE TAX

Authorization: Article XX of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

The malt beverage tax is levied on malt and brewed beverages manufactured, sold, and used in Pennsylvania or manufactured outside of Pennsylvania but sold for importation and use in Pennsylvania. The tax is borne by the consumer, but manufacturers, distributors, and importers remit the tax to the commonwealth.

The malt beverage tax contains no tax expenditures as defined for this tax expenditure analysis.

LIQUOR TAX

Authorization: The Liquor Code, Act of June 29, 1987 (P.L. 32, No. 14) and the Emergency Liquor Sales Tax Act, Act of June 9, 1936 (Special Session, P.L. 13).

The liquor tax is imposed on all liquor sold by the Pennsylvania Liquor Control Board. The tax is assessed, since 1968, at the rate of 18 percent of the net price paid by the consumer.

The liquor tax contains no tax expenditures as defined for this tax expenditure analysis.

General Fund Tax Expenditures

PERSONAL INCOME TAX

Authorization: Article III of the Tax Reform Code of 1971 (P.L. 6 No. 2), as amended.

The personal income tax is levied against the taxable income of resident and nonresident individuals, estates and trusts, partnerships, S corporations, business trusts, and limited liability companies that are not taxed as corporations for federal purposes. Pennsylvania taxes eight classes of income: (1) compensation; (2) net profits from the operation of a business, profession, or farm; (3) net gains on income less net losses from dispositions of property; (4) net gains on income from rents, royalties, patents, and copyrights; (5) dividends; (6) interest; (7) gambling and lottery winnings; and (8) net gains on income derived through estates or trusts.

In fiscal year 2020-21, \$13.8 million was transferred to the Environmental Stewardship Fund, authorized under Act 23 of 2020, and \$200 million was transferred to the Property Tax Relief Fund, authorized under Act 114 of 2020. A further transfer of \$12.3 million to the Environmental Stewardship Fund was established under Act 24 of 2021 for fiscal year 2021-22.

Act 20 of 2019 provided for recurring transfers to the Farm Show Complex restricted revenue account beginning in fiscal year 2019-20. The annual transfer is approximately \$13.3 million.

Administrative Costs:

Costs to administer the various tax expenditures associated with the personal income tax cannot be separately identified. Additionally, administrative costs for inheritance tax are included in these estimates. The existence of tax expenditures may result in taxpayer uncertainties, which create an administrative burden on the department relative to additional compliance audits, letter rulings, pronouncements, and bulletins.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 2.2	\$ 2.2	\$ 2.3	\$ 2.4	\$ 2.4	\$ 2.5	\$ 2.6

EXCLUSIONS FROM INCOME

RETIREMENT INCOME

Description: Payments commonly recognized as old age or retirement benefits paid to persons retired from service after reaching a specific age or after a stated period of service are exempt from taxation.

Purpose: The exemption limits the impact of the tax on retired persons. It also prevents taxation of previously taxed employee contributions to retirement plans.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$3,420.7	\$3,557.7	\$3,708.8	\$3,872.1	\$4,046.6	\$4,231.6	\$4,427.0

Beneficiaries: As many as 3.3 million retired residents and their survivors benefit from this tax expenditure.

General Fund Tax Expenditures

RETIREMENT CONTRIBUTIONS BY EMPLOYERS

Description: Payments made by employers for programs covering employee retirement and employer social security contributions are exempt from taxation.

Purpose: This provision lessens the burden of the tax on Pennsylvania wage earners and maintains fairness since the employee often does not have the right to possess the funds in the retirement plan except upon retirement or separation from the company after a set number of years of service.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 945.1	\$1,018.1	\$1,088.0	\$1,151.4	\$1,208.2	\$1,267.2	\$1,321.8

Beneficiaries: As many as 6.1 million employees benefit from this tax expenditure.

NONQUALIFIED DEFERRED COMPENSATION

Description: Following the federal constructive receipt rule, Act 40 of 2005 stipulated that deferrals to nonqualified deferred compensation plans are not includible in compensation. This change applies to taxable years beginning after December 31, 2002.

Purpose: With certain significant exceptions, Pennsylvania's constructive receipt rules were generally made consistent with the federal constructive receipt rules used to determine when compensation is received by a cash basis taxpayer.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 48.5	\$ 51.1	\$ 53.9	\$ 56.9	\$ 60.0	\$ 63.3	\$ 66.8

Beneficiaries: Approximately 77,800 employees benefit from this tax expenditure.

General Fund Tax Expenditures

HEALTH SAVINGS ACCOUNTS/ARCHER MEDICAL SAVINGS ACCOUNTS (ARCHER MSAs)

Description: Act 67 of 2006 provided a personal income tax exemption for contributions made to Health Savings Accounts and Archer Medical Savings Accounts, consistent with the federal treatment of such accounts. Distributions that are not used for qualified medical expenses are taxable as interest income. These changes apply to tax years beginning after December 31, 2005.

Purpose: This provision reduces the cost and could improve the quality and availability of health care to Pennsylvanians.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 35.9	\$ 36.5	\$ 37.8	\$ 39.5	\$ 41.4	\$ 43.4	\$ 45.7

Beneficiaries: Individuals filing approximately 478,500 returns benefit from this tax expenditure. This number is expected to rise over time.

EMPLOYEE BENEFIT PROGRAM EMPLOYER CONTRIBUTIONS

Description: Payments made by employers or labor unions for programs covering hospitalization, sickness, disability or death, supplemental unemployment benefits, group life insurance, and strike benefits are exempt from taxation. Effective January 1, 1998, this expenditure also includes personal use of employer provided property and services.

Purpose: This provision lessens the burden of the tax upon Pennsylvania wage earners, along with maintaining fairness, since these payments are not usually based on actual use by each wage earner.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$1,049.1	\$1,130.1	\$1,207.7	\$1,278.1	\$1,341.1	\$1,406.6	\$1,467.2

Beneficiaries: As many as 5.8 million employees benefit from this tax expenditure.

CAFETERIA PLANS

Description: Payments made by employers, on behalf of employees, into a qualifying cafeteria plan are exempt from taxation if the program does not discriminate in favor of highly compensated individuals. This exemption parallels the limited exemption treatment of employee benefit programs covering hospitalization, sickness, disability or death, supplemental unemployment benefits, or strike benefits. Effective January 1, 1998, this expenditure also includes payments made on behalf of employees for personal use of employer provided property and services.

Purpose: This provision lessens the burden of the tax upon Pennsylvania wage earners, along with maintaining fairness, since these payments are not usually based on actual use by each wage earner.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 82.6	\$ 88.9	\$ 95.0	\$ 100.6	\$ 105.5	\$ 110.7	\$ 115.5

Beneficiaries: The number of taxpayers benefiting from this expenditure is unknown.

General Fund Tax Expenditures

LIFE INSURANCE PROCEEDS

Description: Amounts paid to beneficiaries or the estate of a decedent due to the death of the decedent are exempt from tax.

Purpose: Life insurance proceeds are not considered compensation for services rendered. Also, premiums are often paid with after-tax dollars.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 168.5	\$ 170.6	\$ 163.8	\$ 159.5	\$ 158.3	\$ 158.7	\$ 160.4

Beneficiaries: The death payment beneficiaries of approximately 193,100 life insurance policies benefit from this tax expenditure.

SICKNESS OR DISABILITY PROCEEDS

Description: Payments, other than regular wages or salary, received for periods of sickness or disability are excluded from compensation.

Purpose: These payments are excluded because they do not take the place of an employee's regular wages or salary. However, sick pay in the form of regular wages or salary is taxable.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	N/A						

Beneficiaries: The number of taxpayers benefiting from this expenditure is unknown.

UNEMPLOYMENT AND SUPPLEMENTAL UNEMPLOYMENT COMPENSATION

Description: Amounts received as unemployment compensation or supplemental unemployment compensation are excluded from taxable income.

Purpose: This exemption assists unemployed persons in providing the basic necessities of life.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 147.5	\$ 76.2	\$ 62.2	\$ 60.7	\$ 59.3	\$ 57.9	\$ 56.6

Beneficiaries: Approximately 1.4 million people benefit from this tax expenditure.

General Fund Tax Expenditures

WORKERS' COMPENSATION

Description: Disability, retirement, or other payments arising under workers' compensation acts, occupational disease acts, and similar legislation are exempt from taxation.

Purpose: These benefits are not related to services rendered and are intended to provide income or subsistence during periods of disability when the taxpayer was injured on the job and also to pay workers' medical bills for injuries sustained on the job. These benefits more closely resemble insurance payments, which are not taxable.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 85.0	\$ 87.4	\$ 87.3	\$ 87.2	\$ 87.1	\$ 87.0	\$ 87.0

Beneficiaries: As many as 147,900 residents benefit from this tax expenditure.

STRIKE BENEFITS

Description: Amounts designated as strike benefits are exempt from tax.

Purpose: These benefits are not considered compensation for services rendered and are thus excluded from tax.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	N/A						

Beneficiaries: The number of taxpayers benefiting from this expenditure is unknown.

PUBLIC ASSISTANCE

Description: Public assistance payments from governmental entities are excluded from taxable income.

Purpose: This provision limits the impact of the tax on the poor and increases the effectiveness of state payments under this program.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 4.2	\$ 4.1	\$ 4.1	\$ 4.1	\$ 4.1	\$ 4.1	\$ 4.1

Beneficiaries: Approximately 73,200 people benefit from this tax expenditure.

General Fund Tax Expenditures

SALE OF A PRINCIPAL RESIDENCE

Description: Beginning January 1, 1998, the gain from a sale of principal residence is excludable from income. Prior to January 1, 1998, this expenditure was a once in a lifetime exclusion of up to \$100,000 for those 55 and over.

Purpose: A principal residence is typically sold to meet the changing needs of the taxpayer and not in an effort to recognize a capital gain.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 139.1	\$ 169.2	\$ 169.1	\$ 171.3	\$ 174.7	\$ 176.7	\$ 181.4

Beneficiaries: The owners of approximately 237,500 principal residences that are sold each year in Pennsylvania benefit from this tax expenditure.

COMPENSATION FOR MILITARY SERVICE

Description: Compensation for military service by a Pennsylvania resident in a combat zone is excludable from tax. Income received for military service outside the commonwealth (whether or not it is in a combat zone) while on active duty as a member of the armed forces is excludable from compensation. Income received for active state duty for an emergency within or outside Pennsylvania is excludable from compensation.

Purpose: This provision reduces tax on members of the armed forces while on active duty in service of the country.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 130.2	\$ 140.6	\$ 150.4	\$ 159.0	\$ 167.2	\$ 175.7	\$ 184.5

Beneficiaries: Approximately 51,400 residents benefit from this tax expenditure.

SCHOLARSHIPS, GRANTS, FELLOWSHIPS, AND STIPENDS

Description: Scholarships, grants, fellowships, and stipends awarded on the basis of need or academic achievement for the purpose of encouraging or allowing the recipient to further their educational development are not taxable. Fellowships and stipends are taxable if they are awarded as compensation for past, present, or future services.

Purpose: Awards made on the basis of detached generosity are considered to be gifts and are nontaxable as income.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 155.0	\$ 157.8	\$ 160.6	\$ 163.5	\$ 166.4	\$ 169.4	\$ 172.4

Beneficiaries: The recipients of approximately 219,100 state and federal grants and scholarships, and an unknown number of private scholarships, grants, fellowships, and stipends benefit from this tax expenditure.

General Fund Tax Expenditures

REIMBURSEMENTS FOR ACTUAL EXPENSES

Description: Payments by an employer to an employee to reimburse actual expenses incurred by the employee in the conduct of the employer's business are excludable from compensation.

Purpose: This provision ensures that employees incurring business expenses, for which they are later reimbursed in the actual amount of the expenses, are not taxed on the reimbursements. Such expenses and reimbursements are treated as if the employer had made the expenditure directly.

(Dollar Amounts in Millions)

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 1.0	\$ 1.0	\$ 0.9	\$ 0.9	\$ 0.9	\$ 0.9	\$ 0.9

Beneficiaries: Approximately 11,100 taxpayers benefit from this tax expenditure.

UNREIMBURSED EXPENSES

Description: Unreimbursed expenditures made by employees are excludable from compensation if they are necessary to enable the taxpayer to properly perform the duties of employment, reasonable in amount, directly related to the taxpayer's occupation, and customary in the taxpayer's occupation.

Purpose: This provision enhances the fairness of the tax for those employees who incur expenses for the benefit of the employer, in order to properly perform a job, or to retain a rate of compensation.

(Dollar Amounts in Millions)

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 42.8	\$ 41.3	\$ 40.3	\$ 39.6	\$ 39.2	\$ 38.9	\$ 38.7

Beneficiaries: Individuals filing approximately 797,600 returns benefit from this tax expenditure.

BUSINESS INCOME DEDUCTIONS

Description: Ordinary and reasonable expenses necessary to operate a business or profession may be deducted from the gross receipts of that business or profession. This expenditure does not measure the cost of sales and operations or wages and salaries deductions.

Purpose: Businesses and professions are taxed on "net" profits; therefore, expenses necessary to produce the income may be deducted before tax is computed.

(Dollar Amounts in Millions)

Estimates:	Depreciation:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
		\$ 114.3	\$ 124.6	\$ 134.6	\$ 139.1	\$ 149.8	\$ 158.8	\$ 166.0
	Other:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
		\$1,603.4	\$1,748.5	\$1,889.0	\$1,951.6	\$2,102.5	\$2,229.2	\$2,329.2

Beneficiaries: Approximately 1.1 million businesses and professions benefit from this tax expenditure.

General Fund Tax Expenditures

FOSTER CARE

Description: Payments received by foster parents are explicitly excluded from the definition of compensation.

Purpose: This exemption provides a benefit to families providing foster care.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 5.3	\$ 5.5	\$ 5.7	\$ 5.9	\$ 6.1	\$ 6.4	\$ 6.6

Beneficiaries: The foster parents of approximately 19,500 children benefit from this tax expenditure.

QUALIFIED TUITION PROGRAMS

Description: Act 67 of 2006 provided a personal income tax deduction for qualified tuition program contributions. Rollovers, undistributed earnings, and distributions used for qualified higher education expenses are not taxable. This applies to taxable years beginning after December 31, 2005. Federal tax law changes enacted in 2017 permit the withdrawal of up to \$10,000 per year for qualified private primary or secondary education expenses, first effective for tax year 2018.

Purpose: These provisions lessen the burden of tax on families saving for post-secondary, private primary, or private secondary education.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 39.9	\$ 42.0	\$ 44.3	\$ 46.7	\$ 49.2	\$ 51.9	\$ 54.7

Beneficiaries: At least 138,900 taxpayers benefit from this tax expenditure.

EXEMPTION FOR ELECTION OFFICIALS

Description: Compensation and other payments received by county election officials are exempt from taxation.

Purpose: This exemption provides an incentive to serve as a county election official.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 1.0	\$ 1.0	\$ 1.0	\$ 1.1	\$ 1.1	\$ 1.1	\$ 1.1

Beneficiaries: As many as 100,700 election officials benefit from this tax expenditure.

General Fund Tax Expenditures

PENNSYLVANIA LOTTERY NONCASH PRIZES

Description: Pennsylvania Lottery noncash prizes are exempt from personal income tax. Previously, all Pennsylvania Lottery prizes were exempt, until Act 84 of 2016 made cash prizes of the Pennsylvania Lottery subject to personal income tax, effective for tax years beginning on or after January 1, 2016.

Purpose: This provision provides an additional benefit to individuals winning noncash Pennsylvania Lottery prizes.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 1.2	\$ 0.8	\$ 0.7	\$ 0.5	\$ 0.4	\$ 0.3	\$ 0.3

Beneficiaries: The winners of approximately 200 noncash prizes benefit from this expenditure.

STATE/LOCAL OBLIGATIONS

Description: State and local governments and authorities may issue bonds to raise funds in order to finance a variety of public projects, including infrastructure improvement or construction, and provide essential services. When a bond is issued, the issuer is obligated to repay the borrowed bond proceeds, at a specified rate of interest, by some future date. Interest paid on Pennsylvania government-issued municipal bonds is exempt from Pennsylvania state income taxes.

Purpose: Because of this tax-exempt feature, investors will usually accept lower interest payments than on other types of borrowing, lowering the overall cost for the government bond issuer.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 66.8	\$ 64.7	\$ 62.8	\$ 61.0	\$ 59.3	\$ 57.6	\$ 55.9

Beneficiaries: Approximately 283,400 Pennsylvanians benefit from this expenditure.

START-UP BUSINESS DEDUCTION

Description: Beginning with tax year 2014, Pennsylvania aligned with federal rules allowing for a \$5,000 deduction from net income for business start-up costs for personal income tax purposes. Start-up costs include any amounts paid or incurred in connection with creating an active trade or business or investigating the creation or acquisition of an active trade or business. They may include advertising, travel, surveys, consultant fees, and training.

Purpose: This deduction gives businesses the same opportunity they have at the federal level and will encourage small business development, attract entrepreneurs, and encourage existing businesses to expand and create new jobs.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 0.9	\$ 1.0	\$ 1.0	\$ 1.0	\$ 1.1	\$ 1.1	\$ 1.1

Beneficiaries: Approximately 15,700 new businesses will benefit from this tax expenditure.

General Fund Tax Expenditures

INTANGIBLE DRILLING COSTS

Description: Effective tax year 2014, a taxpayer may recover intangible drilling costs (IDCs), as defined by Section 263(c) of the Internal Revenue Code, either by using a ten-year amortization period, or by electing to immediately expense up to one-third of the allowable costs and recover the remaining costs over a ten-year period beginning in the taxable year the costs are incurred.

Purpose: This expenditure allows entities to deduct a larger portion of costs immediately, instead of spreading those costs over the life of the well.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	Nominal						

Beneficiaries: Approximately 140 taxpayers benefit from this expenditure.

ACHIEVING A BETTER LIFE EXPERIENCE (ABLE) SAVINGS PROGRAMS

Description: Act 17 of 2016 established the Achieving a Better Life Experience (ABLE) Savings Program. The Act exempted contributions made to an account, any increase in the value of those contributions, the retention or transfer during life or as a result of death of any legal interest in an account, and payment of qualified disability expenses of eligible individuals from an account from all taxation by the commonwealth and its political subdivisions. Act 43 of 2017 further provided that contributions made to an ABLE account shall be deductible from the taxable income of the contributor. Total contributions to all ABLE accounts allowable as a deduction by a contributor in a taxable year shall not exceed the limit set in Section 2503(B) of the Internal Revenue Code, nor shall the deduction result in taxable income less than zero.

Purpose: These provisions lessen the burden of tax on people with disabilities and their families.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 0.7	\$ 0.8	\$ 1.0	\$ 1.3	\$ 1.6	\$ 2.0	\$ 2.5

Beneficiaries: Approximately 2,700 people with disabilities and their families benefit from this expenditure.

INVOLUNTARY CONVERSIONS

Description: Act 84 of 2016 provided that, effective September 11, 2016, Section 1033 of the Internal Revenue Code applies to the personal income tax. Section 1033 allows a taxpayer to acquire replacement property and make an election to defer recognition of the gain following an involuntary conversion.

Purpose: These provisions lessen the burden of tax on taxpayers who acquire replacement property when the original property has been destroyed, stolen, seized, requisitioned, or condemned.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	Nominal						

Beneficiaries: A minimal number of taxpayers will benefit from this expenditure.

General Fund Tax Expenditures

QUALIFIED OPPORTUNITY ZONES

Description: Act 13 of 2019 established conformity to section 1400Z-2 of the Internal Revenue Code by providing that income derived from investment in a qualified opportunity zone that is exempt from federal tax shall also be exempt from Pennsylvania tax beginning in tax year 2020.

Purpose: The qualified opportunity zone program, created by the federal Tax Cuts and Jobs Act of 2017, provides federal tax incentives to encourage private investment in low-income and distressed communities. This provision ensures that complementary incentives apply at the state level.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 2.2	\$ 2.2	\$ 2.2	\$ 2.2	\$ 2.2	\$ 2.2	\$ 2.2

Beneficiaries: The number of taxpayers benefiting from this expenditure is unknown.

OLYMPIC MEDALS AND PRIZES

Description: Act 13 of 2019 provided that, effective June 28, 2019, the value of Olympic medals and prize money received from the United States Olympic Committee would be exempt from tax.

Purpose: This provision lessens the burden of tax on taxpayers who receive awards on account of competition in the Olympic Games or Paralympic Games.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	Nominal						

Beneficiaries: A minimal number of taxpayers will benefit from this expenditure.

CROP INSURANCE PROCEEDS

Description: Act 25 of 2021 aligns Pennsylvania with Section 451(f) of the Internal Revenue Code, allowing taxpayers to include crop insurance proceeds in income for the taxable year following the taxable year of crop destruction or damage, provided that the taxpayer establishes that the income from such crops would have been reported in a following taxable year.

Purpose: Given that crop insurance payments are often received because of unforeseen circumstances, this provision could provide greater flexibility in managing income and expenses in unexpectedly challenging times.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	N/A						

Beneficiaries: The number of taxpayers benefitting from this expenditure is unknown.

General Fund Tax Expenditures

CREDITS

SPECIAL POVERTY PROVISIONS (TAX FORGIVENESS)

Description: Special tax forgiveness provisions allow eligible claimants to reduce their tax liability depending on the amount of their eligibility income. The current limits for eligibility income were established by Act 46 of 2003 for tax years 2004 and thereafter. A taxpayer with no dependents and with eligibility income of \$8,750 or less will qualify for some amount of forgiveness. A married couple with no dependents and with eligibility income of \$15,250 or less will also qualify for some amount of forgiveness. The eligibility income limits increase by \$9,500 for each dependent.

Purpose: This provision provides tax relief for taxpayers with low incomes.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 217.7	\$ 220.4	\$ 223.0	\$ 216.0	\$ 209.1	\$ 202.1	\$ 195.1

Beneficiaries: Individuals filing approximately 1.2 million returns benefit from this tax expenditure.

RESIDENT CREDIT

Description: Pennsylvania residents who have income which is subject to both Pennsylvania personal income tax and the income or wage tax of another state (excluding compensation earned in states with reciprocal agreements) may claim the lesser of the following as credit against the personal income tax: 1) the actual tax paid to the other state, or 2) Pennsylvania taxable income earned in the other state, multiplied by the current Pennsylvania income tax rate. Prior to Act 52 of 2013, Pennsylvania residents could also claim the resident credit for income from a foreign country.

Purpose: This provision prevents the double taxation of income earned by a Pennsylvania resident in another state.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 411.0	\$ 452.8	\$ 493.9	\$ 523.1	\$ 548.5	\$ 574.2	\$ 600.3

Beneficiaries: Individuals filing approximately 142,700 returns benefit from this tax expenditure.

General Fund Tax Expenditures

TAX CREDITS FOR BEGINNING FARMERS

Description: Act 65 of 2019 establishes a nonrefundable, nontransferable tax credit to owners of agricultural assets who sell or rent those assets to beginning farmers. The act defines a “beginning farmer” as a person who has experience in agriculture or a related field or who has suitable transferable skills, who has not received federal gross income for agricultural production for more than the ten most recent taxable years, and who intends to engage in agricultural production in Pennsylvania.

The estimate for 2020-21 reflects actual credits awarded. Future fiscal years reflect the program cap.

Purpose: These tax credits are intended to encourage early-career farmers in Pennsylvania.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 0.2	\$ 6.0	\$ 6.0	\$ 6.0	\$ 6.0	\$ 6.0	\$ 6.0

Beneficiaries: An unknown number of taxpayers will benefit from this expenditure.

General Fund Tax Expenditures

ESTIMATED TAXES

ESTIMATED TAXES FOR FIDUCIARIES

Description: Act 40 of 2005 stated that fiduciaries are allowed to adopt the federal annualization rules for calculating estimated payments. This change may lower or eliminate one or more estimated payments. These provisions apply to payments made after June 30, 2006.

Purpose: The adoption of annualized federal rules for calculating estimated payments for estates and trusts allow fiduciaries to have consistent payments between state and federal laws.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 9.8	\$ 8.3	\$ 8.4	\$ 9.7	\$ 9.9	\$ 11.0	\$ 12.0

Beneficiaries: Approximately 40,000 fiduciaries are estimated to benefit from this tax expenditure.

ESTIMATED TAXES FOR FARMERS

Description: Individuals having an estimated gross income from farming which is at least two-thirds of their total gross income may file an estimated tax declaration any time on or before January 15 of the succeeding year. If such an individual files a final return and pays the entire tax due by March 1, the return may be considered the declaration due on or before January 15. The estimates measure the interest lost due to delayed estimated payments.

Purpose: This provision provides assistance to farmers by allowing more liberal estimated payment rules, enhancing the farmers' cash flow.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	Nominal						

Beneficiaries: Farmers operating approximately 52,700 farms benefit from this tax expenditure.

ESTIMATED PAYMENTS FOR SMALL AMOUNTS

Description: Individuals with taxable income of \$8,000 or less not subject to withholding are not required to pay estimated taxes. The threshold was changed from \$2,500 effective January 1, 2000.

Purpose: These provisions reduce paperwork for the Department of Revenue and taxpayers with small amounts of income not subject to withholding.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	Nominal						

Beneficiaries: Approximately 1.4 million Pennsylvania residents benefit from this tax expenditure.

General Fund Tax Expenditures

ESTIMATED TAXES FOR PRIOR YEAR TAX FORGIVENESS RECIPIENTS

Description: Act 85 of 2012 allows taxpayers who make estimated tax payments equal to the amount of the taxpayer's tax liability for the preceding tax year to take into account a calculation for the special provisions for poverty (tax forgiveness). A taxpayer who received tax forgiveness during the prior tax year but did not qualify for tax forgiveness in the current tax year and is required to make estimated payments, may avoid a penalty for underpayment of estimated taxes. This provision applies to tax years beginning on or after January 1, 2013. The estimates measure interest foregone on quarterly tax payments and from lost fees and penalties.

Purpose: This provision is intended to give taxpayers who qualified for tax forgiveness a safe harbor from estimated payments.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	Nominal						

Beneficiaries: Taxpayers filing nearly 46,300 returns benefit from this expenditure.

REALTY TRANSFER TAX

Authorization: Article XI-C of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

The realty transfer tax is a documentary stamp tax on the value of any interest in real estate transferred by deed. The tax rate is 1 percent of the value of the real estate transferred. Each party to a document is jointly and severally liable for the tax imposed, unless the party is an excluded party, or the document evidences an excludable transaction. The excluded status of a party does not relieve the other parties to a transaction from the entire tax due. The amounts below represent the General Fund portion of the realty transfer tax expenditures only and do not include expenditures for the portion transferred to the Keystone Recreation, Park, and Conservation Fund (KRPCF) pursuant to Act 50 of 1993. The transfer to the KRPCF has been changed over the years by various acts. The current transfer rate of 15 percent of collections has been in effect since July 2007.

Act 58 of 2015 provided for an annual transfer from the realty transfer tax to the Housing Affordability and Rehabilitation Enhancement Fund beginning in fiscal year 2015-16. The annual transfer amount shall be the minimum of \$40 million or the difference between total realty transfer tax collections for the prior fiscal year and the official estimate for fiscal year 2014-15 (\$447.5 million). The maximum transfer amount was increased to \$40 million from \$25 million by Act 13 of 2019.

Administrative Costs: Costs to administer the realty transfer tax expenditures are included in the personal income tax administrative cost estimates. Costs incurred to administer the multiple tax expenditures associated with realty transfer tax cannot be separately identified.

TRANSFERS TO GOVERNMENTAL UNITS AND VETERANS' SERVICE ORGANIZATIONS

Description: A transfer to the commonwealth, the federal government or their agencies, political subdivisions, or instrumentalities, or veterans' organizations by gift, dedication, condemnation, or in lieu of condemnation is exempt from taxation.

Purpose: This exemption provides tax relief to the grantor of property to a governmental entity. Without an exemption, the grantor would be required to pay the tax. The exemption may encourage donation of property to a governmental entity.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 6.9	\$ 7.3	\$ 7.3	\$ 7.5	\$ 7.6	\$ 7.7	\$ 7.9

Beneficiaries: Approximately 3,130 local governmental units and veterans' organizations could benefit from this tax expenditure.

PARTITION OF REALTY BY CO-TENANTS

Description: A partition of realty, passed by testate or intestate succession and held by co-tenants, into two or more distinctive portions with each party taking shares equal to their undivided interest, is an excluded transaction.

Purpose: Tax relief is given to the heirs to assist in the equitable settlement of the estate. Heirs to realty do not always want joint ownership in the realty willed to them as co-tenants. This exemption enables the parties to partition the realty into two or more distinct portions with each party taking shares equal to their undivided interest without incurring tax.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	Nominal						

Beneficiaries: The number of taxpayers benefiting from this expenditure is unknown.

General Fund Tax Expenditures

TRANSFERS AMONG FAMILY MEMBERS

Description: Transfers between spouses, parent and child or the spouse of such child, stepparent and a stepchild or the spouse of such child, siblings and/ or the spouse of a sibling, and a grandparent and grandchild or the spouse of such a grandchild are exempt from taxation.

Purpose: This exemption reduces the tax burden on families by exempting transfers to family members.

(Dollar Amounts in Millions)

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 98.6	\$ 104.7	\$ 104.5	\$ 106.6	\$ 108.1	\$ 110.2	\$ 112.9

Beneficiaries: The number of taxpayers benefiting from this expenditure is unknown.

TRANSFERS TO SHAREHOLDERS OR PARTNERS

Description: A transfer from a corporation or association to its shareholder or member, where the grantee owns stock or holds an interest in the same proportion as his interest in the real estate being conveyed, is an excluded transaction. The stock or interest must be held by the grantee for more than two years.

Purpose: This exemption recognizes that the grantee has an ownership interest in the realty conveyed to him in the same proportion as stock owned in the corporation or interest in the association.

(Dollar Amounts in Millions)

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 2.3	\$ 2.4	\$ 2.4	\$ 2.5	\$ 2.5	\$ 2.6	\$ 2.6

Beneficiaries: The number of taxpayers benefiting from this expenditure is unknown.

TRANSFERS TO OR FROM A NONPROFIT INDUSTRIAL DEVELOPMENT AGENCY

Description: A transfer to a nonprofit industrial development agency or authority is an excluded transaction. A transfer from a nonprofit industrial development agency or authority to a grantee purchasing directly from it is an excluded transaction if: (1) the grantee uses such real estate for the primary purpose of manufacturing, fabricating, compounding, processing, publishing, research and development, transportation, energy conversion, energy production, pollution control, warehousing, or agriculture and (2) the authority has full ownership interest in the real estate transferred.

Purpose: These exemptions encourage transfers of realty to nonprofit organizations for industrial development and from nonprofit organizations for use in various activities that may contribute to economic development in the commonwealth.

(Dollar Amounts in Millions)

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 3.3	\$ 3.5	\$ 3.5	\$ 3.5	\$ 3.6	\$ 3.6	\$ 3.7

Beneficiaries: The number of taxpayers benefiting from this expenditure is unknown.

General Fund Tax Expenditures

TRANSFERS BETWEEN RELIGIOUS ORGANIZATIONS

Description: A transfer between religious organizations or persons holding title for a religious organization, with both parties possessing tax-exempt status under the Internal Revenue Code, is an excluded transaction. The real estate cannot have been used by such transferor for commercial purposes.

Purpose: This exemption provides tax relief to religious organizations that are perceived to provide social benefits.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 3.0	\$ 3.2	\$ 3.2	\$ 3.3	\$ 3.3	\$ 3.4	\$ 3.5

Beneficiaries: Approximately 13,100 religious organizations could benefit from this tax expenditure.

TRANSFERS TO A CONSERVANCY

Description: A transfer to or from a conservancy possessing tax-exempt status under the Internal Revenue Code is an excluded transaction when its primary purpose is the preservation of land for historic, recreational, scenic, agricultural, or open space opportunities.

Act 84 of 2016 added agricultural, conservation, or historic preservation easements transferred or sold to certain dedicated conservancies, as well as government entities, as being excluded transactions.

Purpose: This exemption encourages the preservation of realty with historic, recreational, scenic, or agricultural value.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 0.5	\$ 0.6	\$ 0.6	\$ 0.6	\$ 0.6	\$ 0.6	\$ 0.6

Beneficiaries: Approximately 70 land conservancies could benefit from this tax expenditure.

REAL ESTATE DEVOTED TO AGRICULTURE

Description: A transfer of real estate devoted to the business of agriculture to a family farm business by a member of the same family is an excluded transaction. The family must own at least 75 percent of each class of stock in a family farm business. The family farm may also lease the farmland as long as it is used for farming.

Purpose: This exemption provides tax relief for the establishment or expansion of the family farm business thereby recognizing the importance of the family-owned farm.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	N/A						

Beneficiaries: Approximately 1,300 family farm businesses could benefit from this tax expenditure.

General Fund Tax Expenditures

OWNERSHIP INTEREST IN REAL ESTATE COMPANY OR FAMILY FARM

Description: A transfer between members of the same family of an ownership interest in a real estate company or family farm business is an excluded transaction.

Purpose: A transfer of ownership interest between members of the same family is not considered a change in ownership of the business. This exemption encourages the preservation of family farm businesses and family-owned real estate businesses by allowing transfers of ownership interests between members of the same family not to count toward the corporation becoming an acquired company.

(Dollar Amounts in Millions)

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	N/A						

Beneficiaries: Approximately 1,300 family farm corporations or partnerships and an unknown number of real estate companies could benefit from this tax expenditure.

TRANSFERS OF REALTY VALUED AT \$100 OR LESS

Description: A transaction where the tax due is one dollar (\$1.00) or less is an excluded transaction.

Purpose: The administrative costs of collecting the revenue from a transfer of realty valued at one hundred dollars or less are thought to be greater than the revenue.

(Dollar Amounts in Millions)

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	Nominal						

Beneficiaries: The number of taxpayers benefiting from this expenditure is unknown.

PRODUCTION OR EXTRACTION OF COAL, OIL, NATURAL GAS, OR MINERALS

Description: Leases for the production or extraction of coal, oil, natural gas, or minerals and assignments thereof are excluded transactions.

Purpose: This exemption gives tax relief to the mining and extracting industries to produce and extract coal, oil, natural gas, and minerals at a lower cost.

(Dollar Amounts in Millions)

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	N/A						

Beneficiaries: Approximately 1,940 companies may benefit from this tax expenditure.

General Fund Tax Expenditures

PUBLIC UTILITY EASEMENTS

Description: A transfer of an easement to a person furnishing public utility service is an excluded transaction if the easement is used in, or useful for, furnishing public utility services.

Purpose: Public utility easements are numerous and the majority of them are conveyed for a small consideration. The administrative costs of collecting the revenue from an easement to a provider of public utility services are thought to be greater than the revenue.

(Dollar Amounts in Millions)

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	Nominal						

Beneficiaries: The 287 public utilities could benefit from this tax expenditure.

STANDING TIMBER OR CROPS

Description: Standing timber and crops are not deemed to actually pass with the conveyance of realty when the instrument provides for severance and removal within an immediate ascertainable date.

Purpose: Timber and crops are personal property in this instance, the transfer of which is not subject to realty transfer tax.

(Dollar Amounts in Millions)

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	N/A						

Beneficiaries: The number of taxpayers benefiting from this expenditure is unknown.

TRANSFERS INVOLVING VOLUNTEER EMERGENCY AGENCIES

Description: A transfer to or by a volunteer emergency medical services company, volunteer fire company, or volunteer rescue company is an excluded transaction. Act 66 of 2020 expanded this exemption to include all transactions involving volunteer emergency agencies; previous legislation had only excluded certain transactions.

Purpose: This exemption provides tax relief to volunteer emergency agencies. Without the exemption, they would be required to pay the tax when acquiring real property. The exemption should aid volunteer emergency agencies in being able to better serve their communities.

(Dollar Amounts in Millions)

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 2.4	\$ 2.5	\$ 2.5	\$ 2.6	\$ 2.6	\$ 2.7	\$ 2.7

Beneficiaries: Approximately 2,050 taxpayers could benefit from this tax expenditure.

General Fund Tax Expenditures

TRANSFERS TO OR FROM A LAND BANK

Description: A transfer of real estate to or from a land bank is an excluded transaction. The term "land bank" shall have the same meaning as given to it in 68 Pa.C.S. § 2103.

Purpose: This exemption provides tax relief on transfers to or from a land bank. Land banks are used by local governments to acquire problem properties and return them to productive use.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	N/A						

Beneficiaries: The number of taxpayers benefiting from this expenditure is unknown.

TRANSFERS TO CERTAIN NONPROFIT ORGANIZATIONS FROM HOUSING AUTHORITIES WITHIN THE COMMONWEALTH

Description: A transfer of real estate from a Public Housing Authority (PHA) to a nonprofit organization utilizing the Rental Assistance Demonstration (RAD) Program administered by the Department of Housing and Urban Development (HUD) are exempt from realty transfer tax. This applies to a county of the fifth class with a population between 115,000 and 118,000 that filed an appeal with the Board of Finance and Revenue after December 31, 2015.

Purpose: The RAD program was created by HUD to give PHAs an additional tool to preserve and improve public housing properties. Without this exemption from tax, the transfer from the PHAs to nonprofit organizations participating in the RAD program would be taxable.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	N/A						

Beneficiaries: A limited number of nonprofit organizations will benefit from this expenditure.

TRANSFERS TO BEGINNING FARMERS

Description: The transfer of a property subject to an agricultural easement to a qualified beginning farmer is exempt from the tax.

Purpose: The exemption is intended to encourage new persons to become involved in farming.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	N/A						

Beneficiaries: The number of taxpayers benefiting from this expenditure is unknown.

INHERITANCE TAX

Authorization: Article XXI of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

The inheritance tax is imposed on the value of the decedent's estate transferred to beneficiaries by will or intestacy. Inheritance tax on the transfer of non-jointly held property to spouses is levied at 0 percent. Transfers between parents and their children 21 years of age or younger are taxed at a rate of 0 percent. All other transfers to lineal heirs are taxed at the rate of 4.5 percent. Transfers to siblings are subject to a tax rate of 12 percent, while transfers to all other persons are taxed at a rate of 15 percent.

Inheritance tax payments are due upon the death of the decedent and become delinquent nine months after the individual's death. If inheritance taxes are paid within three months of the decedent's death, a 5 percent discount is allowed.

Administrative Costs: Costs to administer the inheritance tax expenditures are included in the personal income tax administrative cost estimates. Costs incurred to administer the multiple tax expenditures associated with inheritance tax cannot be separately identified.

FAMILY RELATED EXEMPTIONS AND EXCLUSIONS

PREFERENTIAL RATE FOR TRANSFERS TO LINEAL BENEFICIARIES

Description: Effective July 1, 2000, assets transferred to lineal beneficiaries are taxed at a 4.5 percent rate rather than the 15 percent rate for assets transferred to non-lineal heirs. Lineal beneficiaries include grandparents, parents, and lineal descendants (including adopted or stepchildren). Prior to July 1, 2000, transfers to lineal beneficiaries were taxed at a rate of 6 percent.

Purpose: This provision reduces the tax burden on the immediate family members of the decedent.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$1,743.2	\$1,825.7	\$1,780.8	\$1,727.7	\$1,703.9	\$1,699.8	\$1,712.6

Beneficiaries: Approximately 41,600 estates benefit from this tax expenditure.

TRANSFERS OF PROPERTY TO SPOUSE

Description: Property passing to a spouse of a decedent is exempt from inheritance tax. This estimate is based on the difference between taxing all assets transferred between spouses at the lineal rate of 4.5 percent and the spousal rate of 0 percent.

Purpose: This provision prevents an undue tax burden on a surviving spouse especially when assets cannot be jointly owned. It allows spouses to maintain homes and other assets without being subject to inheritance tax.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$2,903.9	\$3,041.3	\$2,966.5	\$2,878.0	\$2,838.4	\$2,831.5	\$2,852.9

Beneficiaries: Approximately 37,100 estates benefit from this tax expenditure.

General Fund Tax Expenditures

EXEMPTION FOR TRANSFERS OF PROPERTY FROM A CHILD TO PARENT

Description: Property passing from a child 21 years of age or younger to a parent is subject to a 0 percent tax rate. This estimate measures the difference between taxing child to parent transfers at the lineal rate of 4.5 percent and the child to parent rate of 0 percent.

Purpose: This provision reduces the tax burden on families receiving assets due to the untimely death of a child. The transfer of assets to parents was previously taxed as a lineal transfer. This rate change, authorized by Act 23 of 2000, is effective for decedents dying July 1, 2000 or later.

(Dollar Amounts in Millions)

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 0.6	\$ 0.6	\$ 0.6	\$ 0.6	\$ 0.6	\$ 0.6	\$ 0.6

Beneficiaries: Approximately 50 estates benefit from this tax expenditure.

PREFERENTIAL RATE FOR TRANSFERS TO SIBLINGS

Description: Effective July 1, 2000, assets transferred to siblings, defined as brothers or sisters with at least one parent in common, by blood or adoption, are taxed at a rate of 12 percent rather than the rate of 15 percent for assets transferred to non-lineal heirs. Prior to July 1, 2000, transfers to siblings were taxed at a rate of 15 percent.

Purpose: This provision reduces the tax burden on estates that transfer assets to a sibling of the decedent. It recognizes that a sibling is often a decedent's closest relative and that transfers to siblings should be taxed at a lower rate than transfers to unrelated beneficiaries.

(Dollar Amounts in Millions)

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 34.5	\$ 36.1	\$ 35.2	\$ 34.2	\$ 33.7	\$ 33.6	\$ 33.9

Beneficiaries: Approximately 5,000 estates benefit from this tax expenditure.

LIFE INSURANCE PROCEEDS

Description: Life insurance proceeds, whether or not payable to the estate of the decedent, are exempt from inheritance tax.

Purpose: This provision lessens the tax burden on the insurance beneficiaries of the decedent, who are likely to be family members. A common reason for purchasing life insurance is to assist with the payment of inheritance and estate taxes.

(Dollar Amounts in Millions)

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 143.1	\$ 143.4	\$ 144.6	\$ 146.7	\$ 149.7	\$ 153.1	\$ 157.0

Beneficiaries: Estates of the decedents associated with approximately 80,000 life insurance policies benefit from this expenditure.

General Fund Tax Expenditures

FEDERAL WAR RISK INSURANCE AND NATIONAL SERVICE LIFE INSURANCE PROCEEDS

Description: Proceeds of federal war risk insurance, national service life insurance, or other similar governmental insurance are exempt from inheritance tax.

Purpose: This provision lessens the tax burden on beneficiaries of U.S. military personnel and dependents who receive increased insurance when stationed in an area where military conflict is possible.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	Nominal						

Beneficiaries: The families of fallen Pennsylvanians benefit from this tax expenditure.

FAMILY EXEMPTION

Description: A \$3,500 family exemption from inheritance tax is permitted for the decedent's surviving spouse, children, or parents living in the decedent's household at the time of death.

Purpose: This provision allows a small tax-free transfer of property to immediate family members residing with the decedent. Smaller taxable estates benefit to a greater extent.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 2.0	\$ 2.2	\$ 2.1	\$ 2.0	\$ 2.0	\$ 2.0	\$ 2.0

Beneficiaries: Approximately 8,800 families benefit from this tax expenditure.

EXEMPTION FOR TRANSFERS FROM A PARENT TO CHILD 21 OR YOUNGER

Description: Property passing from a parent to a child 21 years of age or younger is subject to a 0 percent tax rate. This estimate measures the difference between taxing parent to child transfers at the lineal rate of 4.5 percent and the parent to child 21 or younger rate of 0 percent.

Purpose: This provision reduces the tax burden on families receiving assets due to the death of a parent. The transfer of assets to a child 21 or younger was previously taxed as a lineal transfer. This rate change, authorized by Act 13 of 2019, is effective for decedents dying January 1, 2020, or later.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 15.6	\$ 17.7	\$ 17.2	\$ 16.6	\$ 16.5	\$ 16.4	\$ 16.6

Beneficiaries: Approximately 500 estates benefit from this tax expenditure.

General Fund Tax Expenditures

PERSONAL EXCLUSIONS AND DEDUCTIONS

EMPLOYMENT BENEFITS

Description: Employment benefits that the decedent did not have the right to possess, enjoy, assign, or anticipate before death are exempt from inheritance tax. Exempt benefits include pensions, stock-bonuses, profit-sharing plans, Keoghs, Individual Retirement Accounts, and other retirement plans. If the decedent did have the right to possess, enjoy, assign, or anticipate the benefits, they are exempt from Pennsylvania inheritance tax only to the same extent they are exempt from the federal estate tax.

Purpose: This provision limits inheritance tax on employment benefits to which the decedent did not have full rights. An individual is presumed to have full rights to these employment benefits after age 59 ½, the age at which someone may utilize at least a portion of these funds without penalty under the Internal Revenue Code.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 9.8	\$ 10.3	\$ 10.8	\$ 11.4	\$ 12.0	\$ 12.6	\$ 13.2

Beneficiaries: Estates of the approximately 6,000 decedents of working age and under 59½ at death may benefit from this tax expenditure.

ESTATE ADMINISTRATION EXPENSES

Description: Expenses for attorney fees, funeral and burial expenses, tombstones and grave markers, and other expenses incurred in administering the estate are deductible from the taxable estate.

Purpose: This provision allows for the deduction of reasonable and necessary expenses associated with managing the estate.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 73.1	\$ 76.5	\$ 74.7	\$ 72.4	\$ 71.4	\$ 71.3	\$ 71.8

Beneficiaries: Approximately 53,800 estates benefit from this tax expenditure.

DEBTS AND LIABILITIES OF THE DECEDENT

Description: A deduction from the gross estate is allowed for debts and liabilities of the decedent.

Purpose: This provision increases the fairness of the tax by ensuring that property is included in the taxable estate based on its net value. For example, a mortgage is deducted from the value of real property to properly value the decedent's interest in that property.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 82.6	\$ 86.5	\$ 84.4	\$ 81.8	\$ 80.7	\$ 80.5	\$ 81.1

Beneficiaries: Approximately 41,500 estates benefit from this tax expenditure.

General Fund Tax Expenditures

SOCIAL SECURITY DEATH PAYMENTS

Description: The lump-sum social security death benefit is exempt from inheritance tax.

Purpose: This provision helps limit the impact of the tax on poorer beneficiaries. The social security death benefit could comprise the majority of assets for many small taxable estates.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 1.0	\$ 1.0	\$ 1.0	\$ 1.0	\$ 1.0	\$ 1.0	\$ 1.0

Beneficiaries: As many as 65,600 estates may benefit from this tax expenditure.

RAILROAD RETIREMENT BURIAL BENEFITS

Description: The lump-sum railroad retirement burial benefit is exempt from inheritance tax.

Purpose: This provision helps limit the impact of the tax on poorer beneficiaries. The railroad retirement burial benefit could comprise the majority of assets for many small taxable estates.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	Nominal						

Beneficiaries: An estimated 100 estates receive lump sum benefit payments from the U.S. Railroad Retirement Board.

ADVANCEMENTS

Description: Transfers made as an advancement of or on account of an intestate share or in satisfaction or partial satisfaction of a gift by will are exempt unless the gift was made within one year of death and gifts to the transferee exceeded \$3,000 during that calendar year.

Purpose: Gifts, as long as they are not made within one year of the date of death, are exempt from inheritance tax. This provision provides that these advancements be treated as gifts that are not intended to avoid the tax.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	N/A						

Beneficiaries: Approximately 65,600 estates might benefit from this tax expenditure.

General Fund Tax Expenditures

PROPERTY SUBJECT TO POWER OF APPOINTMENT

Description: Property left to a trust by the decedent (grantor) subject to a power of appointment (by a grantee), whether or not exercised and notwithstanding any blending of such property with property of the grantee, is exempt from inheritance tax in the estate of the grantee.

Purpose: Pennsylvania taxes the transfer of these assets subject to a power of appointment at the time the interest is created (when the grantor dies). The grantee may have a life interest in the estate with any remainder passing to some other person. This provision prevents taxation when the property is subsequently distributed upon the death of the grantee, having already been taxed in the estate of the grantor.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	N/A						

Beneficiaries: The number of taxpayers benefiting from this expenditure is unknown.

NOMINAL OWNERSHIP OF PROPERTY

Description: Property held in the name of a decedent who held no beneficial interest in the property is exempt from inheritance tax.

Purpose: This provision prevents property in which the decedent had no real interest from being included in the taxable estate.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	N/A						

Beneficiaries: The number of taxpayers benefiting from this expenditure is unknown.

BUSINESS RELATED EXCLUSIONS AND DEDUCTIONS

PREFERENTIAL VALUATION OF FARMLAND

Description: Farmland which was devoted to agricultural use for the three years preceding the death of the decedent and is not less than 10 contiguous acres or has an anticipated yearly gross income derived from agricultural use of \$2,000 or more, is valued based on its current use rather than its highest use.

Purpose: This provision helps to maintain family farms since land currently devoted to agricultural use is often more valuable if developed.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	N/A						

Beneficiaries: The number of taxpayers benefiting from this expenditure is unknown.

General Fund Tax Expenditures

SMALL BUSINESS INTEREST TRANSFER EXTENDED PAYMENT SCHEDULE

Description: The inheritance tax due on the transfer of a qualified small business interest may be paid in twenty consecutive quarterly installments beginning nine months after the decedent's death. Each installment payment bears annual interest of 9 percent.

Purpose: This provision helps protect small businesses upon the death of the owner from a sudden tax burden. Payments are spread out over time so that asset sales can be avoided.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	N/A						

Beneficiaries: The number of taxpayers benefiting from this expenditure is unknown.

PREFERENTIAL VALUATION OF AGRICULTURAL CONSERVATION EASEMENTS

Description: An agricultural conservation easement is a deed restriction landowners voluntarily place on their property to protect productive agricultural land. They are used to authorize a qualified conservation organization or public agency to monitor and enforce the restrictions set forth in the agreement. Act 67 of 2006 provided that the value of an agricultural conservation easement is set at 50 percent of what the land would otherwise be valued for purposes of inheritance tax assessments.

Purpose: This provision helps to maintain family farms and increase participation in the preservation of the commonwealth's farmland.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 0.6	\$ 0.6	\$ 0.7	\$ 0.7	\$ 0.8	\$ 0.8	\$ 0.9

Beneficiaries: The owners of 52,700 farms might benefit from this tax expenditure.

General Fund Tax Expenditures

AGRICULTURAL TRANSFERS TO FAMILY MEMBERS

Description: A transfer of real estate devoted to the business of agriculture between members of the same family is exempt from inheritance tax, provided that after the transfer the real estate continues to be devoted to the business of agriculture for a period of seven years beyond the decedent's date of death and the real estate derives a yearly gross income of at least \$2,000. A transfer of an agricultural commodity, agricultural conservation easement, agricultural reserve, agricultural use property, or a forest reserve to lineal descendants or siblings is also exempt from inheritance tax.

Purpose: This provision helps to maintain family farms and increase participation in the preservation of the commonwealth's farmland.

(Dollar Amounts in Millions)

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 6.2	\$ 6.4	\$ 6.6	\$ 6.8	\$ 7.0	\$ 7.2	\$ 7.4

Beneficiaries: The owners of 52,700 farms might benefit from this tax expenditure.

FAMILY-OWNED BUSINESS TRANSFERS TO FAMILY MEMBERS

Description: A transfer of a family-owned, small business interest to or for the benefit of members of the same family is exempt from inheritance tax, provided that after the transfer, the family-owned business interest continues to be owned by members of the same family or a trust whose beneficiaries are comprised solely of members of the same family for a minimum of seven years beyond the decedent's date of death. The exemption is limited to qualified family-owned business interests, defined as having fewer than 50 full-time equivalent employees, a net book value of assets less than \$5 million, and being in existence for at least five years, as of the decedent's date of death. The exemption does not apply to property transferred into the business within one year of the decedent's date of death.

Purpose: This provision helps to maintain family-owned, small businesses.

(Dollar Amounts in Millions)

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 7.2	\$ 7.6	\$ 7.4	\$ 7.2	\$ 7.1	\$ 7.0	\$ 7.1

Beneficiaries: The owners of 204,000 family-owned, small businesses might benefit from this tax expenditure.

OTHER EXCLUSIONS

TRANSFERS TO GOVERNMENTS

Description: Inter vivos transfers and bequests to governments are exempt from inheritance tax.

Purpose: This exemption is an indirect means of assistance to governments and may reduce the taxes levied by these entities.

(Dollar Amounts in Millions)

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 0.7	\$ 0.7	\$ 0.7	\$ 0.6	\$ 0.6	\$ 0.6	\$ 0.6

Beneficiaries: Approximately 3,700 estates benefit from this tax expenditure.

General Fund Tax Expenditures

TRANSFERS TO CHARITABLE AND FRATERNAL ORGANIZATIONS

Description: Inter vivos transfers and bequests to charitable and fraternal organizations are exempt from inheritance tax.

Purpose: Charitable and fraternal organizations provide public services that are believed to benefit citizens. This exemption represents an indirect means of assistance to these entities and may increase the money available for charitable purposes.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 178.6	\$ 187.1	\$ 182.5	\$ 177.0	\$ 174.6	\$ 174.2	\$ 175.5

Beneficiaries: An estimated 30,100 charitable and fraternal organizations might benefit from this tax expenditure.

TABLE GAME TAXES

Authorization: Chapter 13A of Title 4 of the Pennsylvania Consolidated Statutes.

Act 1 of 2010 imposed table game taxes on gross table game revenue of licensed gaming entities in Pennsylvania.

The table game taxes are imposed on gross table game revenue, which is generally cash or cash equivalents played on a table game less player winnings. Per Act 1 of 2010, revenue from this tax is deposited to the General Fund until such time as the balance in the Budget Stabilization Reserve Fund exceeds \$750 million. In fiscal year 2021-22, the balance of the Budget Stabilization Reserve Fund exceeded that target, so revenue from this is scheduled to begin to be deposited to the Property Tax Relief Fund in 2022-23.

The current rate is 14 percent of gross table game revenue. Additionally, the rate on gross table game revenue from table games played on fully automated electronic gaming tables is 34 percent.

PROMOTIONAL ITEM DEDUCTION

Description: The deduction of promotional items from gross table game revenue includes the cost of personal property awarded to a player as a result of playing a table game. This deduction does not include travel expenses, food, refreshments, lodging, or services.

Purpose: This deduction removes from the tax base the value of prizes awarded as a result of table game play.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 1.1	\$ 3.2	\$ 3.2	\$ 3.2	\$ 3.2	\$ 3.2	\$ 3.2

Beneficiaries: All licensed gaming entities in Pennsylvania operating table games may benefit from this tax expenditure.

Motor License Fund Tax Expenditures

OIL COMPANY FRANCHISE TAX

Authorization: Chapter 95 of Title 75 of the Pennsylvania Consolidated Statutes.

Act 3 of 1997 imposed a tax of 153.5 mills for all taxable liquid fuels and 208.5 mills for all taxable fuels on oil companies conducting business in Pennsylvania. Act 89 of 2013 added additional mills beginning in 2014, ending with 39 mills in 2018 and each calendar year thereafter. The oil company franchise tax is calculated annually by multiplying the average wholesale price (established by the Department of Revenue) by the millage rates above. The resulting product is the effective tax rate that is multiplied by the total taxable gallons of fuels and liquid fuels. Act 89 of 2013 ultimately uncapped the average wholesale price in 2017 and thereafter. There is also a statutory average wholesale price floor set at \$2.99 for 2017 and each year thereafter. The tax rate for calendar year 2022 is 57.6 cents per gallon for liquid fuels and 74.1 cents per gallon for fuels. Receipts from 57 mills of the tax on liquid fuels and fuels are deposited as unrestricted Motor License Fund revenue, along with the mills added by Act 89 of 2013. However, 4.17 percent of the mills added by Act 89 are transferred to the Liquid Fuels Tax Fund. The estimated expenditures herein include the impact on both unrestricted and restricted Motor License Fund revenue.

Administrative Costs: Costs to administer the multiple tax expenditures associated with the oil company franchise tax cannot be separately identified from the other motor fuel taxes deposited into the Motor License Fund. Tax expenditures are a significant factor associated with the need for more compliance audits and the increased complexity of such audits.

	(Dollar Amounts in Millions)						
<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 0.3	\$ 0.3	\$ 0.4	\$ 0.4	\$ 0.4	\$ 0.4	\$ 0.4

POLITICAL SUBDIVISIONS

Description: Fuels purchased by political subdivisions of the commonwealth are exempt from the tax.

Purpose: This exemption is an indirect means of assistance to local governments and may reduce the taxes levied by these entities.

	(Dollar Amounts in Millions)						
<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 48.0	\$ 51.0	\$ 51.5	\$ 51.3	\$ 51.2	\$ 51.0	\$ 50.8

Beneficiaries: Approximately 3,130 governmental units benefit from these tax expenditures.

VOLUNTEER EMERGENCY VEHICLES

Description: Fuel purchased by a volunteer fire company, volunteer ambulance service, or volunteer rescue squad, and used solely in official vehicles, is exempt from the tax.

Purpose: Volunteer emergency organizations provide public services that are perceived to benefit citizens. This exemption permits these services to be rendered at a reduced cost.

	(Dollar Amounts in Millions)						
<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 12.1	\$ 12.9	\$ 13.0	\$ 12.9	\$ 12.9	\$ 12.9	\$ 12.8

Beneficiaries: Approximately 1,800 volunteer fire departments and an unknown number of other volunteer organizations benefit from these tax expenditures.

Motor License Fund Tax Expenditures

NONPROFIT NONPUBLIC SCHOOLS

Description: Fuel purchased by any nonprofit nonpublic school in which a commonwealth resident may legally fulfill compulsory school attendance requirements is granted an exemption from the tax.

Purpose: Since state government indirectly subsidizes transporting public school children, this exemption provides similar treatment to nonprofit nonpublic schools.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 0.2	\$ 0.2	\$ 0.2	\$ 0.2	\$ 0.2	\$ 0.2	\$ 0.2

Beneficiaries: As many as 2,770 nonprofit nonpublic schools may benefit from these tax expenditures.

SECOND CLASS COUNTY PORT AUTHORITIES

Description: Purchases of fuel by second class county port authorities are exempt from the tax.

Purpose: This exemption is an indirect means of assistance to local governments and may reduce the taxes levied by these entities.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	N/A						

Beneficiaries: One second class county port authority benefits from this tax expenditure.

ELECTRIC COOPERATIVES

Description: Fuel purchases for vehicles operated by electric cooperatives are exempt from the tax.

Purpose: These cooperatives are nonprofit corporations organized to engage in rural electrification and are perceived to provide a public benefit. This exemption permits this service to be rendered at a reduced cost.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 0.3	\$ 0.3	\$ 0.3	\$ 0.3	\$ 0.3	\$ 0.3	\$ 0.3

Beneficiaries: There are 13 electric cooperatives in the commonwealth that benefit from these tax expenditures.

Motor License Fund Tax Expenditures

AGRICULTURAL USE

Description: A full refund of tax paid is granted for fuel consumed in agricultural use relating to the actual production of farm products. Fuel used in farm machinery or equipment engaged in the production or harvesting of agricultural products is exempt from taxation under these provisions.

Purpose: This exemption allows farmers to provide agricultural products at a reduced cost.

(Dollar Amounts in Millions)

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 4.7	\$ 5.0	\$ 5.0	\$ 5.0	\$ 5.0	\$ 5.0	\$ 5.0

Beneficiaries: Individuals operating approximately 52,700 farms benefit from these tax expenditures.

TRUCK REFRIGERATION UNITS

Description: A full refund of tax paid is granted for undyed diesel fuel used in truck refrigeration units when the tank that fuels the refrigeration unit is used solely for that purpose and is separate from that which powers the vehicle.

Purpose: This provision allows a refund for fuel consumed in an off-road manner when such use can be clearly documented.

(Dollar Amounts in Millions)

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 6.9	\$ 4.9	\$ 4.8	\$ 4.8	\$ 4.8	\$ 4.8	\$ 4.8

Beneficiaries: Approximately 260 entities benefit from these tax expenditures.

POWER TAKE-OFF

Description: A full refund of tax paid is granted for undyed fuel consumed in a power take-off unit used to load or unload farm feed, feed products, lime, or limestone products for agricultural use at a farm. Tax paid will be refunded provided that the fuel usage is documented by an electronic monitoring device used in conjunction with an electronically controlled engine.

Purpose: This provision allows a refund for fuel consumed in an off-road manner when such use can be clearly documented.

(Dollar Amounts in Millions)

Estimates:	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 0.2	\$ 0.1	\$ 0.1	\$ 0.1	\$ 0.1	\$ 0.1	\$ 0.1

Beneficiaries: Approximately 12 taxpayers benefit from these tax expenditures.

Motor License Fund Tax Expenditures

DISCOUNT

Description: A distributor is permitted a variable percentage discount based on the gross tax due on the oil company franchise tax mills added by Act 89 of 2013. Returns and payments are generally due on or before the 20th day of each month for the preceding month's sales.

Purpose: This discount is intended to defray the cost of preparing and remitting the tax reports and payments.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 4.9	\$ 5.3	\$ 5.4	\$ 5.3	\$ 5.3	\$ 5.3	\$ 5.3

Beneficiaries: Approximately 740 distributors benefit from these tax expenditures.

FOREIGN DIPLOMATS

Description: Fuel purchased by foreign diplomats whose countries have entered into a treaty with the United States is exempt from payment of the tax.

Purpose: The commonwealth grants this exemption administratively at the request of the federal government.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	N/A						

Beneficiaries: The number of foreign diplomats benefiting from these tax expenditures is unknown but presumed to be nominal.

BUSES

Description: A bus company is entitled to a refund equal to 55 mills of the oil company franchise tax imposed on fuels consumed by motorbuses within this commonwealth.

Purpose: Act 3 of 1997 repealed the 6 cent surtax imposed on all motor carriers and replaced it with a 55 mill increase in the oil company franchise tax imposed on fuels. Since buses were historically exempt from the surtax, they have been granted a refund for the 55 mill surtax replacement effective January 1, 1999.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 0.3	\$ 0.3	\$ 0.3	\$ 0.3	\$ 0.3	\$ 0.3	\$ 0.3

Beneficiaries: Approximately 50 bus companies benefit from this tax expenditure.

Motor License Fund Tax Expenditures

MOTOR CARRIERS ROAD TAX / IFTA

Authorization: Chapter 96 of Title 75 of the Pennsylvania Consolidated Statutes.

The motor carriers road tax is equal to the current Pennsylvania oil company franchise tax or alternative fuels tax rate per gallon. Effective January 1, 1996, under Act 75 of 1995, Pennsylvania implemented the provisions of the International Fuel Tax Agreement (IFTA). Under IFTA, fuel consumed in “qualified motor vehicles” is subject to taxation at current rates. A qualified motor vehicle is a motor vehicle, other than a recreational vehicle, which is used, designed, or maintained for transportation of persons or property and which has two axles and a registered gross weight exceeding 26,000 pounds, three axles or more regardless of weight, or used in combination when the registered gross weight exceeds 26,000 pounds. IFTA provisions do not distinguish taxable use by vehicle types, only by weight and axle configuration. The following estimates reflect the full tax rate imposed.

Administrative Costs: Costs to administer the multiple tax expenditures associated with motor carrier road tax/IFTA cannot be identified separately. Tax expenditures are not believed to be a significant factor associated with the need for more compliance audits and contribute minimally to the length of time necessary to complete such audits.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 0.8	\$ 0.8	\$ 0.8	\$ 0.8	\$ 0.9	\$ 0.9	\$ 0.9

POLITICAL SUBDIVISIONS

Description: Vehicles operated by political subdivisions are exempt from the requirements of the motor carriers road tax.

Purpose: This exemption is an indirect means of assistance to local governments and may reduce the taxes levied by these entities.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 36.6	\$ 38.6	\$ 38.6	\$ 38.5	\$ 38.5	\$ 38.5	\$ 38.5

Beneficiaries: Approximately 3,130 governmental units benefit from this tax expenditure.

FARM VEHICLES

Description: Qualified motor vehicles bearing a Pennsylvania farm truck registration operating under restricted use, and farm vehicles exempt from registration, are exempt from the motor carriers road tax.

Purpose: This exemption allows farmers to provide agricultural products at a reduced cost.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 9.0	\$ 9.5	\$ 9.5	\$ 9.5	\$ 9.5	\$ 9.5	\$ 9.5

Beneficiaries: Individuals operating approximately 52,700 farms benefit from this tax expenditure.

Motor License Fund Tax Expenditures

EMERGENCY VEHICLES

Description: Fire, rescue, ambulance, and select other emergency vehicles are exempt from the motor carriers road tax.

Purpose: Emergency organizations provide public services that are perceived to benefit citizens. This exemption permits these services to be rendered at a reduced cost.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 16.6	\$ 17.5	\$ 17.5	\$ 17.5	\$ 17.5	\$ 17.5	\$ 17.5

Beneficiaries: Approximately 1,800 fire departments and an unknown number of other organizations benefit from this tax expenditure.

SPECIAL MOBILE EQUIPMENT

Description: Vehicles not designed or used primarily for the transportation of persons or property and that only incidentally operate or move over a highway, such as ditch digging apparatus, well-boring apparatus, earth moving and road construction machinery, are exempt from the motor carriers road tax.

Purpose: Exemption is granted to these vehicles because of their specialized off-highway use.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	Nominal						

Beneficiaries: The owners of approximately 1,920 special mobile equipment vehicles benefit from this tax expenditure.

IMPLEMENTS OF HUSBANDRY

Description: A vehicle designed or adapted to be used exclusively for agricultural operations is exempt from the motor carriers road tax.

Purpose: This exemption allows the farmer to provide agricultural products at a reduced price.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	Nominal						

Beneficiaries: The owners of approximately 180 implements of husbandry vehicles benefit from this tax expenditure.

Motor License Fund Tax Expenditures

CHARITABLE AND RELIGIOUS ORGANIZATIONS

Description: Vehicles operated by charitable and religious organizations are exempt from the motor carriers road tax.

Purpose: These organizations provide services which are perceived to benefit the general public. This exemption permits these services to be rendered at reduced cost.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 2.3	\$ 2.5	\$ 2.5	\$ 2.5	\$ 2.5	\$ 2.5	\$ 2.4

Beneficiaries: Approximately 23,200 charitable and religious organizations may benefit from this tax expenditure.

CHURCHES

Description: A motorbus owned by and registered to a church, exempt under section 1901 of Title 75, is exempt from the motor carriers road tax.

Purpose: These organizations provide services which are perceived to benefit the general public. This exemption permits these services to be rendered at reduced cost.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	N/A						

Beneficiaries: As many as 13,600 churches may benefit from this tax expenditure.

ELECTRIC COOPERATIVES

Description: Qualified motor vehicles operated by electric cooperatives are exempt from the motor carriers road tax.

Purpose: These cooperatives are nonprofit corporations organized to engage in rural electrification and are perceived to provide a public benefit. This exemption permits this service to be rendered at a reduced cost to the rate payers.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	N/A						

Beneficiaries: The 13 electric cooperatives in the commonwealth benefit from this tax expenditure.

Motor License Fund Tax Expenditures

VEHICLES NEEDING EMERGENCY REPAIRS

Description: A qualified motor vehicle needing emergency repairs, which was granted authorization from the Pennsylvania State Police to enter this commonwealth, is exempt from the motor carriers road tax.

Purpose: This exemption was granted due to the temporary emergency nature of the vehicle entering Pennsylvania for needed repairs.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	N/A						

Beneficiaries: The number of individuals benefiting from this tax expenditure is unknown.

VEHICLES SECURING REPAIRS OR RECONDITIONING

Description: Exemption from the motor carriers road tax is provided for unladen or towed motor vehicles or unladen trailers entering Pennsylvania solely for the purpose of securing repairs or reconditioning.

Purpose: This exemption was granted so as to not discourage vehicle owners from obtaining repairs or reconditioning of a vehicle from a Pennsylvania business.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	N/A						

Beneficiaries: The number of taxpayers benefiting from this tax expenditure is unknown.

SCHOOL BUSES

Description: Buses designed to carry 11 or more passengers used for the transportation of preprimary, primary, or secondary school students to or from public, private, or parochial schools, or school-related activities or events are exempt from the motor carriers road tax.

Purpose: Since state government subsidizes transporting school children, this exemption decreases state educational subsidy costs.

(Dollar Amounts in Millions)

	\$ 14.1	\$ 14.9	\$ 14.9	\$ 14.9	\$ 14.9	\$ 14.9	\$ 14.9

Beneficiaries: Approximately 6,100 schools benefit from this tax expenditure.

Motor License Fund Tax Expenditures

RECREATIONAL VEHICLES

Description: Qualified motor vehicles, such as motor homes, pickup trucks with attached campers, and buses when used exclusively for personal pleasure by individuals, are exempt from the motor carriers road tax.

Purpose: The motor carrier road tax/IFTA requirements are intended to apply to selected commercial vehicles. This provision exempts personal use only vehicles which would otherwise be subject to these taxing requirements.

	N/A						

Beneficiaries: The number of taxpayers benefiting from this tax expenditure is unknown.

Motor License Fund Tax Expenditures

MOTOR VEHICLE CODE

Authorization: Title 75 of the Pennsylvania Consolidated Statutes.

The Motor Vehicle Code, enacted by Act 81 of 1976, became effective July 1, 1977. This amended Act 32 of 1959 known as The Vehicle Code. Contained in the Motor Vehicle Code are provisions for the titling, registration and licensing of vehicles, operation of vehicles, vehicle characteristics, and the administration and enforcement of the code.

Administrative Costs: Costs to administer the motor vehicle code tax expenditures are borne by the Department of Transportation and cannot be separately identified.

VEHICLE REGISTRATIONS

Description: Specific entities that request the authority to operate a motor vehicle are granted a full or partial exemption from the registration fee. Not shown below are exempt categories with unknown numbers of vehicles which include, for example, mobile/modular homes and off-road construction vehicles.

Purpose: This exemption provides relief to the organizations or individuals cited below. Many of those cited are dependent upon charitable contributions or augmented incomes. This exemption is also an indirect means of assistance to local governments and may reduce the taxes levied by these entities.

CARNIVAL TRUCKS/TRUCK TRACTORS

Description: Owners who document with the Department of Transportation that the truck or tractor is used exclusively for the purpose of transporting circus or carnival personnel, equipment, or machinery are granted a reduced registration fee.

Purpose: The reduced registration fee provides partial relief for those vehicles being used only between April 1 and September 30.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	Nominal						

Beneficiaries: The owners of approximately 40 carnival vehicles benefit from this tax expenditure.

BRIDGE PERMITS

Description: Bridges on state owned rights-of-way need periodic maintenance and construction work. Permits are issued, for a fee, by the state to perform such work. The commonwealth administratively grants an exemption from the permit fee to political subdivisions who are performing work for the state.

Purpose: This exemption is an indirect means of assistance to local governments and may reduce the taxes levied by these entities.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	Nominal						

Beneficiaries: As many as 3,130 political subdivisions may benefit from this tax expenditure.

Motor License Fund Tax Expenditures

HAULING PERMITS

Description: Permits, for which a fee is charged, are issued to firms that wish to haul loads that exceed the maximum size or weight specifications of certain highways and bridges. The commonwealth administratively grants an exemption from the permit fee to political subdivisions.

Purpose: This exemption is an indirect means of assistance to local governments and may reduce the taxes levied by these entities.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	Nominal						

Beneficiaries: As many as 3,130 political subdivisions may benefit from this tax expenditure.

POLICE ACCIDENT REPORTS

Description: Traffic accident reports are generated as a result of any accident where there is bodily injury or death or if one or more vehicles must be towed from the scene. A fee is charged to obtain a copy of the police accident report. The commonwealth administratively grants an exemption for paying an accident report fee to political subdivisions.

Purpose: This exemption provides local prosecuting officials an aid in law enforcement.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	Nominal						

Beneficiaries: As many as 3,130 political subdivisions may benefit from this tax expenditure.

PUBLIC TRANSPORTATION ASSISTANCE FUND

Authorization: Article XXIII of the Tax Reform Code of 1971 (P.L. 6, No. 2), as amended.

The Public Transportation Assistance Fund provides for the capital, asset maintenance, and certain other transportation needs of the commonwealth's public transit entities.

Fund revenues are derived from a motor vehicle lease tax; a motor vehicle rental fee; a fee on the sale of new tires; 0.44 percent of total sales and use tax receipts in lieu of the repealed periodicals tax; 0.09 percent of total sales and use tax receipts in lieu of the repealed lease tax on class four and above motor carriers; and 0.417 percent of sales and use tax in lieu of transfers from the public utility realty tax (PURTA) and the utilities gross receipts tax. By provisions of Act 46 of 2003, beginning in fiscal year 2003-04, revenues associated with the 7.6 mills of PURTA, previously transferred to this fund, will remain in the General Fund. Act 138 of 1996 (electric competition) provided for transfers from the utility gross receipts tax to the Public Transportation Assistance Fund beginning in fiscal year 1998-99. Act 46 of 2003 repealed this transfer effective for fiscal year 2003-04 and forward. Certain entities and transactions are exempt from these taxes and fees. With the exception of the fee on tires and the class 4 and above motor carrier tax expenditure, the remaining tax expenditures parallel those in the General Fund sales and use tax expenditures.

Administrative Costs: Administrative costs are believed to be nominal.

MOTOR VEHICLE LEASE TAX AND MOTOR VEHICLE RENTAL FEE

The commonwealth levies a 3 percent tax on the total price charged for each lease of a motor vehicle subject to tax under Article II of the Tax Reform Code of 1971.

A fee of \$2 per day is imposed on each rental of a motor vehicle subject to tax under Article II of the Tax Reform Code of 1971, with exceptions for carsharing rates. Act 43 of 2017 allows for a prorated fee for partial day carsharing service rentals using the following schedule: 25 cents for a period of less than two hours, 50 cents for a period of two to three hours, and \$1.25 for a period of three to four hours. Any rental period over four hours would incur the full \$2.00 per day fee for vehicle rentals.

COMMON CARRIERS

Description: Vehicles leased or rented by a public utility, engaged in business as a common carrier, to be used in rendering utility services, are exempt from taxation. Since the enactment of the Federal Aviation Act, effective January 1, 1995, Pennsylvania has recognized contract carriers as common carriers. Household goods carriers and private carriers remain taxable.

Purpose: Without this exemption, the tax would be built into the rate base of these types of public utility services and, ultimately, passed on to consumers. Therefore, this exemption reduces the overall cost of utility services that are considered to be basic necessities.

(Dollar Amounts in Millions)

Estimates:	Motor Vehicle Leases:						
	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>

	N/A	N/A	N/A	N/A	N/A	N/A	N/A

Beneficiaries: Approximately 7,500 common carriers could benefit from this tax expenditure.

Special Fund Tax Expenditures

SCHOOL BUSES

Description: The lease or rental of school buses is exempt from taxation. These buses must be used exclusively for the transportation of children for school purposes. The provision is extended to persons who have contracts with school districts to transport children. For the purposes of this analysis, the majority of these contracts are assumed to be leases.

Purpose: The costs of transporting school children are directly borne by school districts and indirectly by state government through subsidy programs. This exemption, while limiting state Public Transportation Assistance Fund revenues, decreases state educational subsidy costs.

(Dollar Amounts in Millions)

Estimates:	Motor Vehicle Leases:						
	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>

	\$ 0.1	\$ 0.1	\$ 0.1	\$ 0.1	\$ 0.1	\$ 0.1	\$ 0.1

Beneficiaries: Approximately 6,100 schools may benefit from this tax expenditure.

MOTOR CARRIERS (CLASS 4 AND ABOVE)

Description: Motor carriers in vehicle classes 4 and above are exempt from the motor vehicle lease tax.

Purpose: This exemption benefits those entities engaged in commercial leasing. Presumably, many of these vehicles are operated as common carriers that are normally treated as a utility service.

(Dollar Amounts in Millions)

Estimates:	Motor Vehicle Leases:						
	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	N/A	N/A	N/A	N/A	N/A	N/A	N/A

Beneficiaries: The owners of approximately 489,600 motor carrier vehicles (class 4 and above) could benefit from this tax expenditure.

EXEMPT ORGANIZATIONS

Description: The lease or rental of personal property to or for use by an exempt organization such as a charitable organization, volunteer fireman's organization, nonprofit educational institution, or religious organization is exempt from taxation. Transactions unrelated to the trade or business of such organizations are taxable.

Purpose: These organizations provide public and charitable services that are perceived to benefit the general public. This exemption permits these services to be rendered at reduced cost.

(Dollar Amounts in Millions)

Estimates:	Motor Vehicle Leases:						
	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>

	N/A	N/A	N/A	N/A	N/A	N/A	N/A

Beneficiaries: Approximately 29,900 organizations may benefit from this tax expenditure.

Special Fund Tax Expenditures

EXEMPT GOVERNMENTAL UNITS

Description: The lease or rental of personal property to or for use by the federal government, the commonwealth, or its instrumentalities or political subdivisions is exempt from taxation. Based on the criteria adopted to define tax expenditures, federal transactions are not included in this study. Commonwealth transactions are also excluded because revenues would offset expenditures with no net effect. The estimates, therefore, represent local government tax expenditures.

Purpose: This exemption is an indirect means of assistance to local governments and may reduce the taxes levied by these entities.

(Dollar Amounts in Millions)

Estimates:

Motor Vehicle Leases:							
<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>

	\$ 0.1	\$ 0.1	\$ 0.1	\$ 0.1	\$ 0.1	\$ 0.1	\$ 0.1

Beneficiaries: Approximately 4,300 vendors may benefit from this tax expenditure.

STATE RACING FUND

Authorization: Article XXVIII-D of the Administrative Code of 1929 (P.L. 177, No. 175), as amended.

The State Racing Fund, a special revenue fund, is comprised of monies received from taxes, licenses and fees, and miscellaneous revenues collected by the State Racing Commissions derived from the regulation of harness and horse racing. Prior to December 30, 1983, thoroughbred racing tax revenues consisted of wagering, breakage, and admissions taxes. Harness racing tax revenues consisted of wagering and admissions taxes as assessed by the Race Horse Industry Reform Act (Act 135 of 1981). The Harness Racing Fund and the Horse Racing Fund were combined into the State Racing Fund by Act 93 of 1983. This act also amended portions of the Race Horse Industry Reform Act relating to taxation. Act 7 of 2016, amending the Administrative Code of 1929, repealed the Race Horse Industry Reform Act (Act 135 of 1981) and replaced it with Article XXVIII- D, Race Horse Industry Reform.

The State Racing Fund contains no tax expenditures as defined by this tax expenditure analysis.

UNEMPLOYMENT COMPENSATION INSURANCE TAX

Administrative Costs: The costs of administering the tax expenditure associated with the unemployment compensation insurance tax are nominal.

LIMITATION OF THE TAXABLE WAGE BASE

Authorization: Act of December 5, 1936 (2nd special session, 1937 P.L. 2897, No. 1), 4(x)(1), as amended, 43 P.S. 753(x)(1).

The purpose of the tax is to provide a fund from which compensation is paid to workers who have become unemployed through no fault of their own. Contributions are required to be made by all employers who pay wages to individuals working in Pennsylvania and whose services are covered under the unemployment compensation law. This tax may include employee contributions withheld by employers from each employee's gross wages. The Pennsylvania Unemployment Compensation Law is administered by the Department of Labor and Industry.

Description: The commonwealth's unemployment compensation law provides for a limitation of the taxable wage base to the first \$10,000 of wages paid to each employee during a calendar year by an employer. This amount has increased annually from \$8,000 in calendar year 2012 to its current level, set in 2018. All state governments are required by the federal government to tax at least the first \$7,000 of subject wages. Many states, including Pennsylvania, have chosen to keep their bases close to the federal minimum. The estimate represents the cost of this limitation as measured by the difference between contributions based on taxable wages and contributions based on total wages. In 1988, legislation was enacted which provides for a "trigger" mechanism to regulate employer and employee contributions. The trigger mechanism, working in conjunction with the experience rating system, would change tax rates in response to a change in the taxable wage base. The methodology used for this estimate does not incorporate the changes that would occur to the tax rates as a result of tax base changes. Projected tax rates were used to estimate contributions based on currently taxable wages. The same tax rates were used to estimate contributions based on total wages paid by contributory employers.

Purpose: The limitation on taxable wages limits growth in employer tax liabilities that would otherwise occur as wages rise.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$7,561.7	\$7,799.9	\$8,312.0	\$8,962.3	\$9,461.5	\$9,958.7	\$10,470.0

Beneficiaries: Pennsylvania's unemployment compensation tax system is intended to generate a sufficient amount of revenue to meet annual benefit payments. In general, under the current system, an employer with higher wage employees pays on a smaller percentage of total wages. If the taxable wage base were total wages paid to employees, the employer with the higher employee wages would have to pay a greater amount in taxes.

As of the first quarter of 2021, there were 284,047 contributory employers to the Unemployment Compensation Fund. The following is a breakdown of these employers according to major industry division¹:

Natural Resources and Mining	3,272	Financial Activities.....	20,214
Construction	28,906	Professional and Business Services	61,002
Manufacturing	13,136	Education and Health Services	41,091
Trade.....	44,167	Leisure and Hospitality	26,702
Transportation, Warehousing, Utilities....	8,771	Other Services	30,259
Information	5,299	Local Government.....	1,219

¹Based on NAICS industry classification. Data may not add to totals due to the unavailability of industry classification for some employers.

Special Fund Tax Expenditures

STATE GAMING FUND

Authorization: Chapter 14 of Title 4 of the Pennsylvania Consolidated Statutes.

Act 71 of 2004 established the State Gaming Fund and authorized slots gaming at 14 locations throughout Pennsylvania. Under current law, a total of 24 slot machine licenses with four categories have been established.

Taxes, fees, and assessments are deposited into the State Gaming Fund. The local share assessments are deposited into a restricted receipt account within the State Gaming Fund. Several transfers are made from the State Gaming Fund. All remaining revenue is transferred to the Property Tax Relief Fund and used for general property tax relief as provided in the statute.

Administrative Costs: Administrative costs are believed to be nominal.

SLOT MACHINE TAX

The slot machine tax is a 34 percent state tax on the gross terminal revenue of each Category 1, 2, and 3 slot machine licensee and a 50 percent tax on gross terminal revenue of each Category 4 licensee.

PROMOTIONAL ITEM DEDUCTION

Description: The deduction of promotional items from gross terminal revenue includes the cost of personal property awarded to a player as a result of playing a slot machine. This deduction does not include travel expenses, food, refreshments, lodging, or services.

Purpose: This deduction removes from the tax base the value of prizes awarded as a result of slot machine play.

(Dollar Amounts in Millions)

<i>Estimates:</i>	<u>2020-21</u>	<u>2021-22</u>	<u>2022-23</u>	<u>2023-24</u>	<u>2024-25</u>	<u>2025-26</u>	<u>2026-27</u>
	\$ 5.9	\$ 9.7	\$ 9.7	\$ 9.8	\$ 9.9	\$ 9.9	\$ 10.0

Beneficiaries: All licensed gaming entities in Pennsylvania operating slots may benefit from this tax expenditure.

Commonwealth of Pennsylvania

Governor's Executive Budget

DEPARTMENT PRESENTATIONS

This section provides detailed expenditure information by agency, program and funding source. Each department presentation includes a Summary by Fund and Appropriation, Program Funding Summary, program subcategory information and Program Measures.

The Summary by Fund and Appropriation presentation is organized by fund, character of expenditures, state appropriation and the federal funds, augmentations and other funds that supplement the activities funded by each state appropriation. Three fiscal years are displayed. The Program Funding Summary presents general, special, federal and other funding organized by program subcategory. Each program subcategory includes a program objective, a narrative describing program activities and services, funding recommendations that identify increases or decreases over available year funding, and a list of state appropriations that support the activities within the program. Program Measures is the last section in the agency presentation and is a seven-year presentation of performance measures that identify program activities and outcomes and the impact the proposed budget is expected to have on those activities and outcomes.

Program: Executive Direction

Goal: To provide an effective administrative system through which the substantive program goals of the commonwealth can be accomplished.

The Pennsylvania Constitution vests the executive authority of the commonwealth in the governor. It is the duty of the governor to ensure that the laws of the commonwealth are faithfully executed. The governor submits an annual budget to the general assembly and performs all other functions required of this office as delegated by the state constitution and in law.

This program also provides for the [Governor's Residence](#). The residence is used for state functions and is available as a domicile for the governor and the first family. The expenses for official functions, as well as those essential to managing a household, are paid from the Governor's Office appropriation, while maintenance of the residence is primarily the responsibility of the Department of General Services. Equipment, supplies (except food), and housekeeping services are provided by the department.

Roles of the [Governor's Office](#) include:

- Faithfully executing commonwealth law;
- Acting as Commander-in-Chief of military forces of the commonwealth;
- Appointing agency heads and officers and filling vacancies;
- Signing or vetoing bills passed by legislature;
- Convening special legislative sessions for specific purposes; and
- Making policy recommendations.

The Governor's Office is focused on leading the executive branch to accomplish government that works, schools that teach, and jobs that pay. Many of these initiatives led to government reform, school investment, job growth, health care advances, senior protection, infrastructure improvement, battling opioid abuse, resources for veterans, environmental protection, growth in agriculture, public safety improvements, and criminal justice system reform.

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

Governor's Office		
\$	111	—to replace nonrecurring benefits cost reduction.
	418	—to continue current program.
\$	529	<i>Appropriation Increase</i>

Appropriations within this Program:

LIEUTENANT GOVERNOR

The mission of the lieutenant governor is to perform legislative and administrative functions as delegated by the Pennsylvania Constitution and the governor.

The lieutenant governor serves as President of the Senate and chairperson of the Board of Pardons. In case of the death, conviction on impeachment, failure to qualify, or resignation of the governor, the lieutenant governor will become governor for the remainder of the term. In case of the disability of the governor, the powers, duties, and emoluments of the office will transfer to the lieutenant governor until the disability is removed.

Programs and Goals

Executive Direction: *To provide an effective administrative system through which substantive programs of the agency can be accomplished.*

Program: Executive Direction

Goal: To provide an effective administrative system through which substantive programs of the agency can be accomplished.

The duties of the [Office of Lieutenant Governor](#), as prescribed by the state constitution, include presiding over the Senate; assuming the Office of Governor for the remainder of governor's term in the case of the death, conviction on impeachment, failure to qualify, or resignation of the governor; and serving as chairperson of the Pennsylvania [Board of Pardons](#), which reviews applications for reprieve, commutation of sentences, and pardons. Through statute, the lieutenant governor also serves as chairperson of the [Local Government Advisory Committee](#) and is a member of the [Pennsylvania Military Community Enhancement Commission](#) and the [Pennsylvania Emergency Management Council](#).

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

Lieutenant Governor's Office		Board of Pardons	
\$ 21	—to replace nonrecurring benefits cost reduction.	\$ (2,108)	—Per Act 59 of 2021, transferred to the Department of Corrections.
<u>(34)</u>	—to continue current program.		
\$ (13)	<i>Appropriation Decrease</i>

EXECUTIVE OFFICES

The mission of the Executive Offices is to assist the governor in the administration of state government.

The Office of Administration performs central management duties and provides coordinated information technology strategies. The Office of the Budget performs central financial management duties, prepares the annual Governor's Executive Budget, and provides comptroller services for most commonwealth agencies. The Office of General Counsel provides legal counsel for state agencies. The Office of State Inspector General investigates suspected improper use of state resources and recovers funds disbursed as a result of welfare benefits fraud or overpayment. The Human Relations Commission promotes equal opportunities in employment, housing, public accommodations, and education. The Council on the Arts promotes the development of the arts in Pennsylvania. The Juvenile Court Judges' Commission provides technical and financial assistance to county court juvenile probation programs.

Programs and Goals

Executive Direction: *To provide an effective administrative system through which the substantive programs of the commonwealth can be executed.*

Legal Services: *To provide legal advice to the governor and the cabinet, and to supervise, coordinate, and administer legal services for the commonwealth.*

Prevention and Elimination of Discriminatory Practices: *To ensure equal opportunities and participation for all individuals regardless of race, religion, color, creed, handicap or disability, ancestry, national origin, familial status, age, or sex in all areas of employment, housing, credit, commercial property, public accommodations, and education.*

Development of Artists and Audiences: *To strengthen the cultural, educational, and economic vitality of Pennsylvania's communities through the arts.*

Reintegration of Juvenile Delinquents: *To reduce the recurrence of juvenile delinquency through replacement of criminal behavior with socially acceptable behavior.*

Program: Executive Direction

Goal: To provide an effective administrative system through which the substantive programs of the commonwealth can be executed.

Administration

The [Office of Administration \(OA\)](#) provides administrative, talent, and technology services and oversight to support and improve operations of agencies under the governor's jurisdiction. OA provides human resource (HR) and information technology (IT) services that support agencies under the governor's jurisdiction through a shared services model, which reduces costs and streamlines operations. Independent agencies, boards, and commissions also utilize these services.

The [Office for Human Resource Management](#) provides policy direction and support for HR services through classification, pay, benefits, workers' compensation systems, negotiating and administering bargaining agreements, recruiting, training in management and supervisory skills, and administering equal employment opportunity programs for all agencies under the governor's jurisdiction. Six HR Delivery Centers serve as shared service organizations for mission-aligned agencies.

The [Office of Continuity and Records Information Management](#) provides guidance for the continuance of essential government services during a disruption or emergency. It serves as a liaison to independent agencies, the legislature, and the judiciary. The office also provides comprehensive statements of policy and procedures on matters that affect agencies and employees of the executive branch.

The [Office for Information Technology](#) develops and administers statewide policies and standards governing the commonwealth's IT resources and supporting enterprise shared services. The office also oversees telecommunications infrastructure and cyber security, builds and maintains enterprise and web-based applications, establishes policy and IT standards, provides project management, and promotes standardization of commonwealth business processes. Six IT Delivery Centers serve as shared service organizations for mission-aligned agencies.

The [State Civil Service Commission](#) ensures compliance with the merit service employment provisions of [Act 71 of 2018](#). It conducts fair and impartial civil service appeal hearings, performs high quality merit service and veterans' preference employment audits, and reviews requests to exempt jobs from the classified service.

Fraud Detection and Prevention

The [Office of State Inspector General \(OSIG\)](#), which was originally created by Executive Order in 1987 and codified by [Act 29 of 2017](#), ensures integrity, accountability, and public confidence in Pennsylvania government by preventing, investigating, and eliminating fraud, waste, abuse, and misconduct in agencies under the governor's jurisdiction. In addition, OSIG investigates and prosecutes welfare fraud and conducts collection activities for the public benefits programs administered by the Department of Human Services (DHS). Annual reports, statistics, and investigative case summaries can be found on the [OSIG website](#).

Within the OSIG, the [Bureau of Special Investigations \(BSI\)](#) investigates allegations of fraud, waste, abuse, and misconduct in agencies under the governor's jurisdiction; including the mismanagement of state monies, employee misconduct, and contract fraud and irregularities. BSI receives its [complaints](#) from private citizens, state employees, and commonwealth officials. BSI also conducts program reviews when problems are suspected in a work process or program. These program reviews can occur as a result of a related investigation or can be requested by an agency's executive-level management.

The OSIG's [Bureau of Fraud Prevention and Prosecution \(BFPP\)](#) investigates and prosecutes [welfare fraud](#) and conducts collection activities for DHS. BFPP investigates the following DHS programs: Temporary Aid to Needy Families; General Assistance; Medical Assistance, including Long Term Care; Supplemental Nutrition Assistance Program (SNAP), including the trafficking of SNAP benefits; Subsidized Child Care; Medical Assistance Transportation Program; Low Income Home Energy Assistance Program; and Special Allowance Programs.

The OSIG's Bureau of Law Enforcement Oversight (BLEO) works to review and improve policing practices within law enforcement agencies under the governor's jurisdiction. BLEO has oversight of the [Pennsylvania State Law Enforcement Citizen Advisory Commission](#). The commission is comprised of Pennsylvania citizens focused on promoting transparency, fairness, and accountability among the commonwealth's state law enforcement agencies by examining events and conducting reviews of policies, practices, and procedures.

Program: Executive Direction, continued

Commonwealth Budget and Accounting

The [Office of the Budget](#) assists the governor in formulating fiscal policies and procedures and preparing the [commonwealth budget](#) for delivery to the General Assembly. The office also establishes authorized complement levels for agencies under the governor's jurisdiction, prepares fiscal notes, and reviews proposed regulations.

In addition, the [Office of Comptroller Operations \(OCO\)](#) within the Office of the Budget is a shared service organization that performs professional accounting and financial reporting services; including accounts payable, accounts receivable, payroll, and employee travel. OCO also implements quality assurance and process improvements, internal audits, service contract reviews, and other financial functions for agencies under the governor's jurisdiction and other independent agencies, boards, and commissions.

Program: Legal Services

Goal: To provide legal advice to the governor and the cabinet, and to supervise, coordinate and administer legal services for the commonwealth.

The [Office of General Counsel \(OGC\)](#) was created by Act 164 of 1980. The general counsel serves as the chief legal advisor to the governor and appoints deputies general counsel, chief counsel, and assistant counsel to assist in the performance and responsibilities of OGC. The office represents the commonwealth, the governor, cabinet members, and more than 30 agencies that conduct the business of the commonwealth. The office also reviews and approves for form and legality all commonwealth deeds, leases, contracts, rules, and regulations. The office provides advice to the governor on pending legislative matters and reviews for constitutionality and legality all legislation presented to the governor for approval.

OGC is responsible for initiating appropriate actions or defending the commonwealth when the Office of Attorney General declines to initiate appropriate proceedings or delegates that responsibility to OGC. Upon request by the governor, the office also has the authority to intervene in any action by or against an agency under the governor’s jurisdiction.

In addition, the general counsel serves as a member of the [Board of Commissioners on Uniform State Laws](#), the [Pennsylvania Emergency Management Agency](#), the [Joint Committee on Documents](#), the [Board of Property](#), the Local Government Records Committee, the Medical Advisory Board, the [Board of Finance and Revenue](#), and the Civil Disorder Commission.

Program Recommendations:

Program: Prevention and Elimination of Discriminatory Practices

Goal: To ensure equal opportunities and participation for all individuals regardless of race, religion, color, creed, handicap or disability, ancestry, national origin, familial status, age, or sex in all areas of employment, housing, credit, commercial property, public accommodations, and education.

The [Pennsylvania Human Relations Commission \(PHRC\)](#) is a law enforcement agency responsible for identifying, preventing, and eliminating illegal discriminatory practices as defined by the [Pennsylvania Human Relations Act](#) and the [Pennsylvania Fair Educational Opportunities Act](#). The commission uses two primary methods to secure compliance with these laws. First, it investigates complaints of discrimination that might result in legal proceedings. Second, it provides educational and technical assistance to schools, police organizations, businesses, governmental bodies, and individuals. The educational and technical assistance is intended to inform the public of their statutory protections, promote voluntary compliance with the laws, and prevent civil tensions. The commission’s Education and Outreach Services Division focuses on ensuring all students have equal access to education by eliminating the disparities that exist in schools that are based on race, color, national origin, or disability. The commission and its [local advisory councils](#) also offer outreach programs to provide information to community leaders and public officials regarding their civil rights, the importance of fair housing, the value of a diverse workforce, and preventing cyberbullying and hate crimes.

Federal funds are received for investigating certain complaints that are dual-filed with the commission and the [U.S. Equal Employment Opportunity Commission](#) or the [U.S. Department of Housing and Urban Development](#). The commission fast-tracks cases to bring relief to victims of discrimination and those unjustly accused. To protect more Pennsylvanians from unlawful discrimination, PHRC monitors statewide trends and, when warranted, initiates investigations of systemic discrimination.

Program: Development of Artists and Audiences

Goal: To strengthen the cultural, educational, and economic vitality of Pennsylvania’s communities through the arts.

Established by the General Assembly in 1966, the [Pennsylvania Council on the Arts \(PCA\)](#) is charged with identifying how Pennsylvania’s artistic and cultural resources can best serve the cultural needs and aspirations of the citizens of the commonwealth. PCA also assists communities in originating and creating their own cultural and artistic progress.

By leveraging the immense potential of Pennsylvania’s vibrant arts sector, the PCA supports economic vitality, builds community, motivates learning, and promotes the commonwealth nationally and internationally.

The PCA [addresses its mission](#) through a combination of [grants to the arts](#), partnerships, initiatives that leverage new opportunities, and information and technical assistance.

The PCA’s [Preserving Diverse Cultures Division \(PDC\)](#) is one of the most comprehensive programs serving diverse communities in the nation. Established in 1979, the division supports the creation, development, and stabilization of organizations, programs, and projects whose mission is deeply rooted in and reflective of the perspectives of Black, Indigenous, and People of Color.

The arts are part of a vibrant and livable Pennsylvania that is competitive for retaining youth, workforce, and attracting businesses. Pursuant to its new community-centric goals and to support [Pennsylvania’s creative sector](#), the PCA adapted its new [Creative Communities Initiative](#) to address community recovery and resilience; launched a [cross-sector partnership](#) with community development financial institutions to leverage affordable, flexible funding for small, creative businesses; and, fostered sector resilience through equitable distribution to provide liquidity and capacity for vulnerable arts organizations across the commonwealth to enable them to stabilize and participate in community recovery.

Working with its regional Arts in Education Partners, the PCA places teaching artists in schools and community settings. The PCA successfully leverages its arts in education infrastructure and teaching artists through inter-agency collaborations. [Art Sparks](#), a collaboration with the Pennsylvania Turnpike Commission, places student-created works of public art in service plazas across the 550-mile roadway. The PCA’s partnership with the Department of Military and Veterans Affairs, modeled on earlier work with the Department of Aging, developed [Creative Communities of Care](#) to bring creative programming to all six PA Veterans’ Homes to conduct arts activities tailored to residents with dementia.

Program: Juvenile Reentry into Communities

Goal: To reduce the recurrence of juvenile crime by replacing criminal behavior with socially acceptable behavior.

The [Juvenile Court Judges' Commission \(JCJC\)](#) is responsible for advising juvenile court judges regarding the development and improvement of juvenile probation services throughout the commonwealth. These services focus on the protection of the community, the imposition of accountability for offenses committed, and the development of competencies to enable children to become responsible and productive members of the community. The provision of statewide juvenile justice training, graduate education, research, statistical information, development and implementation of evidence-based practices, and a statewide quality assurance initiative have significantly improved the commonwealth's juvenile justice system.

Since 1993, the JCJC has collected outcome measures on all cases closed within juvenile probation departments in the commonwealth.

The JCJC coordinates the ongoing implementation of [Pennsylvania's Juvenile Justice System Enhancement Strategy](#), which is designed to enhance the capacity of Pennsylvania's juvenile justice system by employing evidence-based practices with fidelity at every stage of the juvenile justice process and collecting and analyzing the data necessary to measure the results of these efforts. Eligibility for all county Juvenile Probation Services grants is dependent on measurable evidence-based practices.

COMMISSION ON CRIME AND DELINQUENCY

The mission of the Commission on Crime and Delinquency is to enhance the quality, coordination, and planning within the criminal and juvenile justice systems, to facilitate the delivery of services to victims of crime, and to increase the safety of Pennsylvania's communities.

The Commission on Crime and Delinquency supports programs and practices that promote justice for all citizens and communities of Pennsylvania.

Programs and Goals

Criminal and Juvenile Justice Planning and Coordination: *To provide leadership in system-wide coordination and in building collaboration among public servants and private citizens representing all aspects of the criminal and juvenile justice systems and victim services.*

Program: Criminal and Juvenile Justice Planning and Coordination

Goal: To provide leadership in system-wide coordination and in building collaboration among public servants and private citizens representing all aspects of the criminal and juvenile justice systems and victim services.

Established in 1978, the [Pennsylvania Commission on Crime and Delinquency \(PCCD\)](#) is the justice planning and policymaking agency for the commonwealth. The mission of the commission is to enhance quality, coordination, and planning within the criminal and juvenile justice systems, facilitate the delivery of services to victims of crime, and increase the safety of our communities. The members of the commission are justice system professionals who are assisted by advisory committees, task forces, planning groups, and PCCD staff.

Criminal Justice

PCCD is tasked with coordinating the functions of the criminal justice system to run more efficiently and effectively. To that end, PCCD provides planning assistance, promotes digital technology, funds innovative projects, supports the development and implementation of best practices, coordinates information sharing, and facilitates collaboration among key criminal justice stakeholders throughout the commonwealth.

The commission compiles crime, corrections, and sentencing [data](#); develops unified population projections for sentencing, corrections, and probation and parole; provides objective, independent, and comprehensive policy analysis; and responds to special justice research and data requests from federal, state, and local agencies, as well as from the general public.

PCCD works with local leadership to improve county justice and local law enforcement systems. The commission has been responsible for institutionalizing [County Criminal Justice Advisory Boards](#), which consist of top-level county officials who address criminal justice issues from a systemic and policy perspective, studying best practices in the administration and delivery of criminal justice, engaging in strategic planning, making recommendations, and establishing consensus among the members to improve the effectiveness and efficiency of the county's criminal justice system.

Act 114 of 2019 established the [County Adult Probation and Parole Advisory Committee](#) within PCCD. Among other duties, the committee develops a funding plan that includes the Improvement of Adult Probation Services program. The plan includes disbursements generated through the implementation of the second phase of the Justice Reinvestment Initiative. The County Intermediate Punishment program will continue to make resources available to support county probation services. Additionally, Act 115 of 2019 transitioned the responsibility and funding of the Firearms Education and Training Commission to PCCD.

[Executive Order 2019-06](#) required state agencies to work together to identify and implement evidence-based initiatives to help address the public health and public safety crisis of gun violence in Pennsylvania. PCCD supported the [Governor's Special Council on Gun Violence](#) and is administering grant funding to support community-led efforts to mitigate issues of gun violence.

PCCD oversees several justice-training programs, including the legislatively mandated basic and continuing education training of sheriffs, deputy sheriffs, constables, and deputy constables.

Juvenile Justice

Since 1978, the commission has served as the commonwealth's designated state planning agency for juvenile justice and delinquency prevention. The [Juvenile Justice and Delinquency Prevention Committee](#) (JJJPC) is comprised of representatives from the Juvenile Court Judges' Commission, juvenile court judges, law enforcement, chief juvenile probation officers, non-profit prevention and treatment service providers, special education specialists, youth, and other related stakeholders. JJJPC is tasked by law to develop a [comprehensive plan](#) relating to juvenile justice and delinquency prevention for the commonwealth.

The commission administers the Violence and Delinquency Prevention Program, which provides resources and technical assistance to communities who have implemented evidence-based violence and delinquency prevention programs that address risk and protective factors identified through sources such as the [Pennsylvania Youth Survey](#).

Victims' Services and Child Advocacy

PCCD's Victims' Services has three components: Victims' Compensation Assistance Program (VCAP), [Victims' Services Program](#) (VSP), and the Children's Advocacy Center (CAC) initiative.

Commission on Crime and Delinquency

Program: Criminal and Juvenile Justice Planning and Coordination, continued

VCAP responds to financial losses incurred by victims of crime through the Pennsylvania Crime Victims Fund. This fund is supported primarily by costs assessed against certain convicted offenders, as well as restitution, donations, reimbursements from victims who are awarded civil settlements, and federal Victims of Crime Act funds.

VSP administers a variety of state and federal funds designed to assist victims of crime. These funds support services such as: courtroom accompaniment, victim rights notification, assistance with victim impact statements, crisis intervention, shelter, counseling, emergency services, and long-term services designed to return a victim to their pre-victimization status.

Finally, PCCD administers a program to increase the availability of localized [CAC services](#). CACs provide state-of-the-art treatment for the child victims of sexual and physical abuse. They coordinate medical care, treatment, and other social services for victims while gathering evidence, through age-appropriate forensic interviewing and other methods employed by multi-disciplinary investigative teams, to build an effective case against the alleged offender.

School Safety and Security

PCCD supports the [Office of Safe Schools Advocate](#) in the School District of Philadelphia, which provides victim advocacy for students and staff who are victims of school-based violence and crimes committed on school property. The office ensures the school district's compliance with all laws, regulations, and reporting requirements pertaining to school safety and discipline.

PCCD's role in school safety and security expanded as a result of Act 44 of 2018, which established the School Safety and Security Grant Program within PCCD and contained multiple provisions for school safety and security preparedness, including the creation of a [School Safety and Security Committee](#). The committee provides financial resources to school entities and community organizations to improve school safety and reduce community violence as well as technical resources related to the development of trauma-informed education plans, safety assessment criteria and completion, threat assessment training, and best practices.

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

		Commission on Crime and Delinquency
\$	112	—to replace nonrecurring benefits cost reduction.
	743	—to continue current program.
	1,000	—Initiative—to support reintegration of women following incarceration.
	1,000	—Initiative—to provide effective and constitutionally required indigent defense.
\$	2,855	<i>Appropriation Increase</i>
		Violence Intervention and Prevention
\$	5,000	—Initiative—to further support community-led gun violence prevention efforts.
		Transfer to Nonprofit Security Grant Fund
\$	10,000	—to continue current program.

ATTORNEY GENERAL

The Commonwealth Attorneys Act establishes the Attorney General as the chief legal and law enforcement officer of the commonwealth and defines the following fundamental duties and responsibilities of the Office of Attorney General:

- To prosecute organized crime and public corruption. This law enforcement program includes a criminal investigations unit and drug law enforcement program as well as direction of statewide and multi-county investigating grand juries and a Medicaid Fraud Control Section.
- To represent the commonwealth and all commonwealth agencies and, upon request, the Auditor General, State Treasurer, and Public Utility Commission in any action brought by or against the commonwealth or its agencies.
- To furnish, upon request, legal advice to the governor, or the head of any commonwealth agency.
- To review for form and legality all proposed rules and regulations for commonwealth agencies.
- To review for form and legality all commonwealth deeds, leases, and contracts to be executed by commonwealth agencies.
- To collect, by suit or otherwise, all debts, taxes, and accounts due to the commonwealth which shall be referred to and placed with the Attorney General.
- To administer the provisions relating to consumer protection and appoint the Advisory Committee.
- To represent the commonwealth and its residents in any action brought for violation of the Antitrust Laws of the United States and the commonwealth.

Programs and Goals

Public Protection and Law Enforcement: *To enforce the criminal laws of the commonwealth; to protect the interests of Pennsylvania residents in areas of consumer protection, antitrust enforcement, operation of charitable trusts and organizations, and civil rights; and to provide legal services to commonwealth agencies.*

Program: Public Protection and Law Enforcement

Goal: To enforce the criminal laws of the commonwealth; to protect the interests of Pennsylvania citizens in areas of consumer protection, antitrust enforcement, operation of charitable trusts and organizations, and civil rights; and to provide legal services to commonwealth agencies.

The [Attorney General](#), as the chief law enforcement officer of the commonwealth, is charged with the responsibility of investigating and prosecuting organized crime and public corruption. The agency investigates and prosecutes criminal activity and uses statewide investigative grand juries as appropriate. The Office of Attorney General works with the State Police and local law enforcement to curtail drug abuse in the commonwealth by apprehending illegal drug traffickers and stopping the diversion of prescription drugs for illicit purposes. The agency protects the children of Pennsylvania against predators by identifying, investigating, and capturing online child predators using proactive and undercover operations. The Office of Attorney General also prosecutes and investigates online child predators, [insurance fraud](#), [Medicaid fraud](#), environmental crimes, and cases referred by district attorneys across the state that have a conflict of interest or lack the resources to prosecute certain crimes.

The Office of Attorney General plays an important role [protecting the public](#) from fraud and deceptive business practices; securing and recovering damages owed to the commonwealth and its citizens; encouraging free enterprise and competition; and investigating and prosecuting consumer fraud, unfair trade practices, antitrust violations, civil rights violations, and charitable scams. Additionally, the agency enforces the Tobacco Settlement Agreement Act, defends enforcement in arbitration proceedings, and polices the Master Settlement Agreement fully and aggressively.

The Office of Attorney General represents the commonwealth in any action brought by, or against, the commonwealth or its agencies, particularly tort claims. Through its [civil division](#), the agency upholds the laws of the commonwealth and defends its agencies in various legal proceedings.

The [Joint Local-State Firearm Task Force](#) comprised of the Philadelphia District Attorney's Office, the Philadelphia Police Department, and the Office of Attorney General, was established to fight gun violence in the Philadelphia area. The Strategic Response Team provides deployment of resources and experience in combating organized drug trafficking and drug-related violent crimes from targeted neighborhoods and municipalities.

The Municipal Drug Task Force program contributes to Pennsylvania's efforts in combating both local and widespread drug trafficking operations. Municipal police officers are trained in drug enforcement procedures and benefit from the expertise provided by the Bureau of Narcotics Investigations.

The [Safe2Say Something](#) program teaches students, educators, and administrators how to recognize the signs and signals of individuals who may be at risk of hurting themselves or others, and operates an anonymous reporting app, website, and 24/7 Crisis Center Hotline.

The Home Improvement Consumer Protection Act requires home improvement contractors to register with the [Bureau of Consumer Protection](#). The agency investigates alleged violations regarding home improvement contractors. The Homeowner Assistance Settlement Act authorizes the agency to provide housing consumer protection programs.

The County Code provides for full-time district attorneys under certain conditions. The annual salary for a full-time district attorney is set at \$1,000 less than a common pleas court judge in that county. The commonwealth reimburses counties for 65 percent of the salary for the full-time district attorney through court document surcharge revenues deposited into the Criminal Justice Enhancement Account.

AUDITOR GENERAL

The mission of the Auditor General is to post-audit the affairs of state government agencies and certain local government agencies, officials, and organizations.

The objective is to ensure conformance with established legislative and administrative regulations and to assure that all money has been disbursed legally and properly. In addition, the Auditor General examines the accounts of revenue collecting agents to ensure that all money due the commonwealth was reported and transmitted properly.

Programs and Goals

Auditing: *To ensure that all revenue to which the commonwealth is entitled is deposited in the State Treasury and that public money is disbursed legally and properly.*

Municipal Pension Systems: *To assist municipal pension systems through review and audit of their pension funds.*

Program: Auditing

Goal: To ensure that all revenue to which the commonwealth is entitled is deposited in the State Treasury and that public money is disbursed legally and properly.

The [Department of the Auditor General](#) is provided authority through the Fiscal Code to [audit the financial affairs and the performance](#) of state government, as well as the affairs of certain local government entities. The department is also authorized to perform audits of any entity receiving funds from the commonwealth or any entity collecting funds that belong to the commonwealth.

Each year, the department performs thousands of [regular and performance audits](#) of commonwealth agencies, boards, commissions, and state institutions, such as state higher education and correctional facilities, to ensure money is disbursed legally and properly. The department also examines and audits accounts of revenue collecting agents, including local government officials such as those in the magisterial district courts and county row offices, to ensure that all funds due to the commonwealth have been reported and transmitted properly and that the commonwealth's financial statements conform to Generally Accepted Accounting Principles. Finally, the department conducts audits of public entities that receive state funds, including local educational agencies, municipal pension plans, the Delaware and Susquehanna River Basin Commissions, and volunteer firefighters' relief associations.

The Single Audit, which is a single financial/compliance audit of the commonwealth's federal aid programs and the commonwealth's Annual Comprehensive Financial Report, is jointly performed each year by the department and an independent certified public accounting firm.

In accordance with Section 402 of the Fiscal Code, special audits, including performance audits, may be made at any time when, in the auditor general's judgment, they appear to be necessary and are required to be conducted in accordance with Generally Accepted Government Auditing Standards. Special audits must also be conducted by the auditor general at the governor's request. The auditor general also has the authority to demand and compel the production of documents.

The auditor general has a variety of other responsibilities imposed by law. For example, the auditor general is a signatory, along with the governor and treasurer, for approval of short-term and long-term borrowing by state government. The auditor general is also a statutory member of the [Pennsylvania Higher Educational Facilities Authority](#), the [State Public School Building Authority](#), the [Delaware River Port Authority](#), the Local Government Records Committee, and the Joint Interstate Bridge Commission.

The department also provides administrative services for the [Board of Claims](#). The Board of Claims operates within this program as an independent judicial and administrative body with jurisdiction to hear and determine claims against the commonwealth that equal or exceed \$300.

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

Auditor General's Office		Transition - Governor	
\$ 814	—to replace nonrecurring benefits cost reduction.	\$ 175	—to provide transition costs for the incoming governor.
<u>2,771</u>	—to continue current program.		
\$ 3,585	<i>Appropriation Increase</i>		
			Security and Other Expenses - Outgoing Governor
		\$ 100	—to provide transition costs for the outgoing governor.
Special Financial Audits			
\$ (500)	—program elimination.

Program: Municipal Pension Systems

Goal: To assist municipal pension systems through review and audit of their pension funds.

In 1984, the General Assembly passed Act 205, known as the [Municipal Pension Plan Funding Standard and Recovery Act](#). The act establishes criteria for determination of actuarial soundness and the amount of state-financed support that will be provided. The Department of the Auditor General is responsible for audits of approximately 2,600 governing units with approximately 2,700 municipal pension plans, for both uniformed and non-uniformed employees that receive state aid.

The auditor general administers the [General Municipal Pension System State Aid Program](#), established by Act 205 to distribute funding to municipal pension plans for police officers, paid firefighters, and other full-time municipal non-uniformed employees. The program is funded through the Municipal Pension Aid Fund, which receives all proceeds of the Foreign Casualty Insurance Premiums Tax and a portion of the Foreign Fire Insurance Premiums Tax. The auditor general is also responsible for distributing proceeds from the Fire Insurance Tax Fund to municipalities for payment to volunteer firefighter relief associations.

In 2016, the auditor general absorbed the duties relating to municipal pension reporting and analysis under Act 205 of 1984 and Act 293 of 1972 that were formerly conducted by the Public Employee Retirement Commission, which was abolished by Act 100 of 2016. The duties were fully transitioned to the newly created [Municipal Pension Reporting Program](#) within the Department of the Auditor General's Office of Budget and Financial Management.

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

Municipal Pension Aid	Post-Retirement

TREASURY DEPARTMENT

The Treasury Department is responsible for receiving all commonwealth monies and for depositing such monies in state depositories approved by the Board of Finance and Revenue, for managing all securities in its custody to the best advantage of the commonwealth, for pre-auditing all requisitions for the expenditures of funds, and for disbursement of all state monies upon proper authorization to those entitled to receive payment.

Programs and Goals

Disbursement, Investment, and Cash Management: *To receive, safeguard, and manage the funds of the commonwealth, to ensure that all disbursements are legal and proper, and to manage investments and cash subject to a standard of prudence, safety, and liquidity.*

Debt Service: *To provide for interest and principal requirements of notes and bonds issued by the commonwealth and other expenses related to debt service.*

Program: Disbursement, Investment, and Cash Management

Goal: To receive, safeguard, and manage the funds of the commonwealth, to ensure that all disbursements are legal and proper, and to manage investments and cash subject to a standard of prudence, safety, and liquidity.

The [Treasury Department](#) is required to receive and deposit all monies of the commonwealth, collect dividends and interest, execute securities transactions, and handle daily settlements of trades. Treasury is also tasked with achieving the best possible advantage for all securities in its custody, pre-auditing requisitions for the expenditure of funds, and disbursing all state monies upon proper authorization to those entitled to receive payment.

Treasury directly invests or oversees management of the investment of all excess revenue on a daily basis, subject to a prudent person standard. The investment function involves developing short- and long-term investment strategies with guidelines determined by statute, policy, prudence, safety, and liquidity.

The Treasury Department directs, monitors, and safeguards securities, bonds, and other investments owned by the commonwealth and the state pension funds. Treasury is responsible for the management of money flowing in and out of approximately 209 separate funds, 48 financial institutions, and investments of more than 60 state agencies, boards, commissions, and authorities.

The state treasurer is chair of the [Board of Finance and Revenue](#), which is charged with reviewing and deciding tax appeals concerning settlements made between the commonwealth and persons, associations, and corporations. The board also administers the program for refunding liquid fuels taxes to groups exempt by legislation from these taxes.

Treasury is required to pay death benefits, adjusted annually for inflation, to the surviving spouse or children of public safety workers, firefighters, or law enforcement officers of the commonwealth killed in the performance of their duties and to reimburse political subdivisions for such payments made to survivors of local firefighters or law enforcement officers.

The Treasury Department promotes interstate cooperation and progress through participation in various associations, commissions, and organizations with other states and units of government. As a member of several organizations, including the [Council of State Governments](#), [National Conference of State Legislatures](#), and the [National Governors' Association](#), Pennsylvania helps coordinate ideas on programs, interstate progress, budgets, federal-state relations, education, labor, research, and general information with other states and the federal government.

The Treasury Department administers the [Tuition Account Program \(PA 529\)](#), which provides two options for postsecondary educational savings. The Tuition Account [Guaranteed Savings Program](#) Fund provides for the advance purchase of tuition credits for students who will attend institutions of higher education. The Tuition Account [Investment Program](#) Fund allows individuals to save for higher education through several investment options based on age, risk, or socially responsible investments.

The state treasurer is responsible for the administration and enforcement of the commonwealth's abandoned and [unclaimed property laws](#). Tangible and intangible property that has remained unclaimed for three or more years is reported and remitted to the Treasury Department by holders in possession of the property. The commonwealth maintains perpetual custody of the property until it is claimed by the rightful owner. Revenues generated by collection of unclaimed property are deposited directly into the General Fund.

The Treasury Department administers the [Achieving a Better Life Experience Fund \(ABLE\)](#), which provides qualifying individuals with disabilities and their families with a tax-free option to save for disability-related expenses while maintaining government benefits.

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

GENERAL FUND:

General Government Operations		Board of Finance and Revenue	
\$ 953	—to replace nonrecurring benefits cost reduction.	\$ 59	—to replace nonrecurring benefits cost reduction.
<u>1,321</u>	—to continue current program.	<u>224</u>	—to continue current program.
\$ 2,274	<i>Appropriation Increase</i>	\$ 283	<i>Appropriation Increase</i>
Divestiture Reimbursement			
\$ (285)	—reduced program requirement.		

Program: Disbursement, Investment, and Cash Management, continued

Program Recommendations, continued:

This budget recommends the following changes: (Dollar Amounts in Thousands)

MOTOR LICENSE FUND:

Refunding Liquid Fuels Taxes - State Share (EA)

\$ (300) —based on most recent projection of program requirements.

Refunding Liquid Fuels Taxes - Volunteer Services (EA)

\$ 100 —based on most recent projection of program requirements.

Program: Debt Service

Goal: To provide for interest and principal requirements of notes and bonds issued by the commonwealth and other expenses related to debt service.

The commonwealth, through the Treasury Department, is obligated to meet principal and interest requirements and other expenses related to debt service.

Long-term bonds are issued by the state to finance the cost of public improvements that represent a heavy financial burden which cannot be funded through current revenues. These bond issues provide funds for the acquisition and development of public recreation and historic sites and facilities; economic revitalization efforts; low-cost loans for water supply and sewage treatment improvements; and a wide variety of construction and renovation projects for hospitals, higher education facilities, state parks, flood control, correctional institutions, and various public buildings.

DEPARTMENT OF AGING

The mission of the Department of Aging is to promote independence, purpose, and well-being in the lives of older adults through advocacy, service, and protection.

The department facilitates programs, services, and advocacy for older Pennsylvanians and provides a single point of contact through which older Pennsylvanians can address their concerns to state government.

Statewide services are provided through the local Area Agencies on Aging, and include home and community-based services, nutrition, senior employment, transportation, domiciliary care, ombudsman, caregiver support, and protective services. Additionally, the department manages the pharmaceutical assistance program for older Pennsylvanians.

Programs and Goals

Community Services for Older Pennsylvanians: *To enable older Pennsylvanians to maintain active and independent lives in their own homes or alternative community living arrangements.*

Pharmaceutical Assistance: *To assist eligible older Pennsylvanians who experience difficulty meeting the cost of prescription drugs necessary to maintain healthy lives.*

Program: Community Services for Older Pennsylvanians

Goal: To enable older Pennsylvanians to maintain active and independent lives in their own homes or alternative community living arrangements.

The [Department of Aging](#) demonstrates the commonwealth's commitment to supporting older Pennsylvanians by providing an array of services to address the varying needs of individuals and assist with aging in place in their homes and communities.

Many older Pennsylvanians require only minimal support to function independently, therefore a basic service provided by a network of 52 [Area Agencies on Aging](#) (AAAs) is to inform individuals of available services. AAAs sponsor over 500 senior community centers throughout the commonwealth that provide a full range of social, nutritional, recreational, and educational activities. Congregate meals, served by centers at lunchtime, provide older Pennsylvanians a hot, nutritionally balanced meal. Transportation services arranged by the agencies allow older Pennsylvanians to visit a doctor, shop, or attend community center events. Job training services include helping older Pennsylvanians find unsubsidized private sector employment and offering job training and subsidized part-time community service employment.

The department and the AAA network develop and administer a comprehensive and coordinated system of home and community-based services for older Pennsylvanians. Home and community-based services promote independence and self-reliance and maximize opportunities for family and community involvement. The department provides person-centered counseling to all consumers to apprise them of available resources, supports, and choices in the continuum of care.

Individuals are assessed to determine unmet needs and referred to the appropriate program for services. Assistance is provided to develop individual, person-centered care plans in coordination with an extensive network of providers. The department, in cooperation with the AAA network, is responsible for ensuring services are provided in a consistent and efficient manner. The department's **OPTIONS** program of home and community-based services are provided to eligible consumers to assist them in maintaining independence at the highest level of functioning in the community and help delay the need for more costly care services. Priority services in **OPTIONS** include care management, in-home/home delivered meal service, personal care, and older adult daily living services. Persons with higher incomes share in the cost of **OPTIONS** services.

AAAs also administer the department's [Caregiver Support Program](#), which focuses on the well-being of the caregiver and provides resources, assistance, and reimbursement for caregiving-related expenses to eligible individuals.

[Protective services](#) are provided to older Pennsylvanians who are at imminent risk of abuse, neglect, exploitation, or abandonment. The department, through the AAAs, investigates reports of need and develops individualized plans to eliminate or mitigate the risks.

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

General Government Operations		PENNCARE	
\$	341	—to replace nonrecurring benefits cost reduction.	\$ 855 —to continue current program.
	309	—to continue current program.	
	667	—Initiative—to provide resources for protective services.	
\$	1,317	<i>Appropriation Increase</i>

Program: Pharmaceutical Assistance

Goal: To assist eligible older Pennsylvanians who experience difficulty meeting the cost of prescription drugs necessary to maintain healthy lives.

The [Pharmaceutical Assistance Contract for the Elderly \(PACE\)](#) program provides pharmaceutical assistance to qualified older Pennsylvanians age 65 and over with limited incomes.

The PACE program has two components - PACE and PACE Needs Enhancement Tier (PACENET). PACENET covers individuals with higher incomes. The program pays the Medicare premiums for Part D coverage for PACE and PACENET enrollees, but PACENET cardholders must pay the equivalent of their Part D monthly premiums along with their copays when they pick-up their medications at the pharmacy.

The program acts as the enrollees' representative and facilitates cardholder enrollment into the Extra Help/Low-Income Subsidy offering under Part D and collaborates with selected prescription drug plans to facilitate enrollment of PACE and PACENET cardholders into Part D. The program covers all medications requiring a prescription in the commonwealth, as well as insulin, insulin syringes, and needles, unless a manufacturer does not participate in the Manufacturer's Rebate Program. It does not cover medications that can be purchased without a prescription.

The Department of Aging is responsible for ensuring compliance with the program requirements. In addition to careful review of eligibility, including income verification by matching with Pennsylvania income tax returns, the department conducts compliance audits of pharmacy providers to ensure compliance with policies and contract provisions, and has established both a prospective and a retrospective drug utilization review system to monitor and correct misuse of drug therapies.

The department also serves as the administrative and fiscal agent for other commonwealth-sponsored drug reimbursement programs. It processes and adjudicates claims, conducts cardholder/provider enrollment and outreach, and collects drug rebates from pharmaceutical manufacturers.

PACE conducts benefit outreach and assistance for parolees identified by the Department of Corrections and the Board of Probation and Parole. The program assists in the administration of their pharmacy benefits including the coordination of benefits with PACE and participation in the federal 340B prescription program through Temple University Health Systems. The PACE Application Center and the Pennsylvania Patient Assistance Clearinghouse are available to assist all adult Pennsylvanians with the cost of prescription drugs by applying them for the pharmacy benefits, as well as other public and private health care benefits and social services, such as transportation, housing, and employment.

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

Transfer to Pharmaceutical Assistance Fund

\$ 5,000 —increase in Lottery Fund transfer needed to support the PACE program.

DEPARTMENT OF AGRICULTURE

The Pennsylvania Department of Agriculture exists to ensure a vibrant economy, a successful future for Pennsylvania agriculture, and to safeguard the public through:

- *Targeted investments to grow opportunities and remove barriers.*
- *Protecting human, animal, environmental, and plant health through regulatory oversight.*
- *Promotion of and education about Pennsylvania's agriculture products and sectors.*
- *Conserving farmland and natural resources for the prosperity of Pennsylvania.*

Pennsylvania's farm families continue to be the stewards of more than 7.3 million acres of farmland. With \$6.8 billion in cash receipts annually from production agriculture, Pennsylvania farmers and agribusinesses are the leading economic drivers in our state.

In addition to production agriculture, the industry also raises revenue and supplies jobs through support services such as food processing, marketing, and transportation farm equipment. In total, production agriculture and agribusiness contribute nearly \$136 billion to Pennsylvania's economy.

Programs and Goals

Protection and Development of Agricultural Industries: *To facilitate agriculture's continued economic vitality and assure the health and safety of consumers, animals, and plants while protecting the environment through agricultural stewardship of natural resources.*

Horse Racing Regulation: *To prevent consumer fraud in the racing industry.*

Emergency Food Assistance: *To distribute surplus and donated food through institutions and counties or designated lead agencies to individuals and families who are dependent or disadvantaged to support minimum standards of living and economic independence.*

Program: Protection and Development of Agricultural Industries

Goal: To facilitate agriculture's continued economic vitality and assure the health and safety of consumers, animals, and plants while protecting the environment through agricultural stewardship of natural resources.

In its strategic plan for the development and protection of agricultural industries, the Department of Agriculture identified three public-facing goals. The first, to facilitate agriculture's continued economic vitality, led to new grant programs for constituencies such as very small meat processors, the emerging hemp industry, and urban agriculture. The second, to assure the health and safety of consumers, plants, and animals, reflects the department's core regulatory functions in such critical areas as food safety, animal health, amusement ride and fireworks safety, and protecting plants from invasive pests like the Spotted Lanternfly. The third, to assure agricultural stewardship of natural resources, reflects ongoing commitments to the preservation of land and improvements to the quality of soil and water essential to agriculture's continued success.

The first-ever Pennsylvania Farm Bill (PA Farm Bill) was a necessary, aggressive, and bold investment in Pennsylvania agriculture, which has allowed for the department to continue its efforts to achieve the goals outlined in its core business and strategic plan.

Strong, Accessible, and Diverse Agriculture and Food Industry

Even before the 2017 Census of Agriculture data confirmed that Pennsylvania had lost about 10 percent of its farms over the prior five years, it was clear that a concerted effort was needed to help farmers increase market opportunities and expand profitability through diversification; plan for transition to the next generation or a new owner; strengthen the agricultural workforce; and to develop more processing capacity in areas of consumer demand.

Increase Market Opportunities and Transition to More Profitable Enterprises

For years, the department has helped farmers, food processors, and other agribusinesses build awareness of Pennsylvania agricultural products and reach domestic and international markets. The PA Preferred® program has offered marketing and promotional support for members who grow or process locally produced agricultural products. Funds appropriated to the PA Farm Bill allow additional marketing and advertising going beyond business-to-business connections to reach consumers.

The PA Specialty Crops Grant Program supplements federal funding received from the United States Department of Agriculture. This program targets certain crops that are not eligible for the federal program, but are either important sectors in Pennsylvania agriculture, such as hardwoods, or appear to offer new market opportunities, such as hemp. Further, the PA Farm Bill included funds to support transition to organic production and processing, given consumer demand for these products and increases over the last few years in the number of farms and acres dedicated to organic production in PA.

Finally, the department continues to partner with the Department of Community and Economic Development (DCED), to allocate financing for the Next Generation Farmer Loan Program, to certify beginning farmers for the Beginning Farmer Realty Transfer Tax Exemption, and to assist farmers and processors with accessing DCED's affordable financing for small businesses.

Plan for Transition

The PA Farm Bill also created the Agricultural Business Development Center to build technical assistance capacity and help farmers find technical assistance providers who can help them with their business, financial, marketing, and other planning, including succession planning. Priority is placed on the roughly 10 percent of farms that are in the Farmland Preservation Program with easements requiring that the land stay in agricultural production in perpetuity. This included another provision expanding a waiver of realty transfer taxes on sales of preserved farms within a family to also include sales of preserved farms to any beginning farmer.

Strengthen the Agricultural Workforce

Two programs aimed at youth exploring agricultural opportunities and careers were created in the PA Farm Bill: a Farm to School program and a revision to the Agriculture and Rural Youth program. Both programs provide grants for individual projects.

Develop Additional Processing Capacity

The department's Bureau of Food Safety and Laboratory Services regulates the food processing sector to help ensure the safety of Pennsylvania's food supply. That access to processors gives the department an opportunity to market resources available from the commonwealth.

Program: Protection and Development of Agricultural Industries, continued

Celebrating Agriculture

The department also supports Pennsylvania's 108 county and community fairs, and it operates the Pennsylvania Farm Show Complex and Exposition Center. The complex hosts the state's three sponsored shows: the annual Pennsylvania Farm Show, the All-American Dairy Show, and the Keystone International Livestock Exposition. The department also distributes funding for fair-related activities to 4-H programs in more than 60 counties and Future Farmers of America chapters in 40 counties.

Protected and Educated Public and Industry

The department works to ensure public safety and protects consumers through its work to safeguard the food supply and the environment; assist low-income consumers with accessing nutritious foods; and assure the integrity of the horse and harness racing industries and weighing and measuring devices.

As part of the department's work to preserve the integrity of Pennsylvania's food system, it inspects more than 45,000 retail food facilities annually, making this information readily available to the public. The number of facilities the department must inspect has grown in recent years as municipalities eliminate local inspection programs, transferring responsibility to the department. The shift in inspection work has driven up the average number of inspections per inspector to well above federal recommendations.

The PA Farm Bill established the PA Rapid Response Disaster Readiness Account to assist the department in acting quickly to respond to an outbreak of foodborne illness, foreign animal disease, or plant disease to limit the scope of any such emergency to the extent possible.

The department also guards against potentially devastating invasive pests and diseases; oversees the sale, use, and handling of pesticides; and monitors seeds, feed, and fertilizer for safety and accurate labeling. Whether inspecting nurseries, surveying for Spotted Lanternfly populations, or regulating the cultivation of hemp, the department is ensuring the health of Pennsylvania's ecology and, in turn, its people.

The department also verifies the accuracy of meters and scales and inspects amusement rides. As with the number of food establishments, the number of weighing and measuring devices and attractions considered amusement rides continues to increase while fewer counties and municipalities support inspection programs. The department is working to accommodate this shifting workload by partnering with certified professionals from the private sector to ensure the weights and volumes of products consumers purchase are accurate. In addition, the department has updated and enhanced their use of mobile technology to improve productivity and ensure more devices are inspected according to their compliance schedule.

The department supports a comprehensive research and diagnostic laboratory system to protect against diseases, provide service to production agriculture operations, and maintain the integrity and safety of the food system. Pennsylvania Animal Diagnostic Laboratory System (PADLS) and the Animal Health and Diagnostic Commission work to detect, identify, contain, and eradicate livestock and poultry diseases. PADLS includes the Pennsylvania Veterinary Laboratory, which is part of a nationwide network of state and federal laboratories that provide rapid and accurate diagnostic services to clients, maintain a bio-secure environment, and offer state-of-the-art testing methods for surveillance and detection. Important partners include the Pennsylvania State University, as well as the University of Pennsylvania's School of Veterinary Medicine. The department also supports Penn State's Extension program through the Agricultural College Land Scrip Fund to share research with those in the field and the general public.

The department also is responsible for ensuring the welfare of breeding dogs and puppies in commercial breeding kennels. The department regulates activities pertaining to dogs that are classified as dangerous and oversees annual licensure and rabies vaccinations for dogs.

Healthy, Sustainable Natural Resources

Pennsylvania leads the nation in number of farms and number of acres preserved, with totals surpassing 5,900 farms and more than 600,000 acres. The department works to protect this land and future farms from the threat of development and to keep these operations in production agriculture. Roughly 1,400 farms await preservation.

The department also maintains administrative responsibility for the State Conservation Commission. Under the concurrent authority of the Pennsylvania Departments of Environmental Protection and Agriculture, the commission's primary mission is ensuring stewardship of Pennsylvania's natural resources, protecting and restoring the environment through soil and water conservation practices, working with county conservation districts that assist farmers with meeting nutrient and manure management requirements, and supporting rural communities as they prevent runoff through improved dirt, gravel, and low-volume roads.

Program: Protection and Development of Agricultural Industries, continued

Further supported by the PA Farm Bill, the State Conservation Commission operates the Resource Enhancement and Protection (REAP) tax credit program as well as the Agri-Link program, which offers interest rate reductions on loans to implement Best Management Practices (BMPs). The commission also administers the Conservation Excellence Grant Program which offers financial and technical assistance for farmers to implement BMPs in accordance with their farm plan. BMPs offer dual benefits of improved water and soil quality and economic savings by reducing inputs and preserving valuable resources.

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

GENERAL FUND:			
General Government Operations			Animal Health and Diagnostic Commission
\$ 912	—to replace nonrecurring benefits cost reduction.	\$ (2,000)	—program elimination.
2,944	—to continue current program.		
\$ 3,856	<i>Appropriation Increase</i>		
		\$ 2,748	
Transfer to Dog Law Administration			Transfer to Agricultural College Land Scrip Fund
\$ 1,660	—to supplement insufficient license fee revenues to cover dog law enforcement costs.		—Initiative—to invest in higher education and improve college access and completion.
		\$ 1,598	
Agricultural Preparedness and Response			University of Pennsylvania - Center for Infectious Disease
\$ 3,500	—Initiative—to monitor and respond to impacts of invasive species.		—Initiative—to invest in higher education and improve college access and completion.
Livestock and Consumer Health Protection			
\$ (1,000)	—program elimination.

Program: Horse Racing Regulation

Goal: To prevent consumer fraud in the racing industry.

The department maintains administrative responsibilities for the [State Horse Racing Commission](#), making it responsible for the integrity of horse racing in Pennsylvania. Emphasis is placed on protecting those engaged in equine racing and those who wager on it. The commission supports the [Pennsylvania Equine Toxicology and Research Laboratory \(PETRL\)](#) to ensure legitimacy of race results with both testing of samples from each race and out-of-competition testing.

This lab performs equine blood and urine testing to ensure that no foreign, performance-enhancing substances have been introduced to race horses which would undermine the integrity and legitimacy of results. PETRL also engages in cutting edge research to identify new substances that could adversely affect the legitimacy of live horse races in Pennsylvania.

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

	State Racing Commission			Horse Racing Promotion	
\$	375	—to continue current program.	\$	289	—to continue current program.
	Equine Toxicology and Research Laboratory				
\$	284	—to continue current program.			

This budget proposes to redirect a portion of Pennsylvania Race Horse Development Trust Fund restricted racing proceeds. Recommendations for restricted appropriations reflect estimated fiscal year end restricted racing program balances along with remaining restricted revenue sources.

Program: Emergency Food Assistance

Goal: To distribute surplus and donated food through institutions and counties or designated lead agencies to individuals and families who are dependent or disadvantaged to support minimum standards of living and economic independence.

Protecting public health includes ensuring adequate nutrition to low-income consumers at risk of hunger. The department administers federal and state programs that provide more Pennsylvanians with ready [access to healthy and nutritious foods](#). The department works to ensure that the [State Food Purchase Program \(SFPP\)](#), [The Emergency Food Assistance Program \(TEFAP\)](#), and the [Farmers Market Nutrition Programs \(FMNPs\)](#) reach eligible residents and the programs function efficiently and effectively. Since 2015, the department has managed the [Pennsylvania Agricultural Surplus System \(PASS\)](#), an innovative program that connects the state’s farmers and food manufacturers with the charitable food system, focusing on increasing the number of farms contributing food to the system and ensuring that food goes to serve each county of the commonwealth. With more than 1.5 million Pennsylvanians considered food insecure, these programs are vital in helping to move food from the farm to the dinner table.

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

State Food Purchase

\$ 2,000 —Initiative—to further address food insecurity and increase access to healthy meals.

Program: Financial Services Industry Regulation

Goal: To preserve and protect the integrity of the financial services marketplace and promote public confidence in the commonwealth's financial services.

The [Department of Banking and Securities](#) works to preserve and promote public confidence in the commonwealth's financial services industries by ensuring an economically sound and competitive system of depository financial institutions, non-depository financial services institutions, and securities entities. The agency seeks to protect consumers in the financial marketplace and investors engaged in securities transactions. The department is funded solely by assessments, fees, licenses, fines, and penalties paid by entities under its jurisdiction. It is accredited by the Conference of State Bank Supervisors, the American Association of Residential Mortgage Regulators, and the National Association of State Credit Union Supervisors.

The department works to preserve and protect the integrity of the financial services marketplace and promote public confidence in the commonwealth's financial services through its oversight of:

- [Depository institutions](#) such as state-chartered banks, credit unions, and independent trust companies;
- [Non-depository institutions](#) including residential mortgage lenders, brokers and originators, check cashers, consumer discount companies, auto sales finance companies, pawnbrokers, debt management companies, debt settlement companies, and money transmitters; and
- [Securities-related](#) business in the state by broker-dealers, broker-dealer agents, investment advisers, investment adviser representatives, and investment adviser notice filers.

As of June 30, 2021, the department provided regulation and oversight for the following:

Financial Institutions		Non-Depository Licenses		Securities Industry	
Credit unions	48	Mortgage originators	21,298	Broker-dealer agents	216,703
Banks	72	Installment sellers	2,740	Investment adviser representatives	23,400
Bank and trust companies	39	Mortgage lenders	2,657	Investment adviser and notice filers	3,660
Non-depository trust companies	13	Sales finance companies	1,175	Broker-dealers	1,899
Total Financial Institutions	172	Check cashers	681	Total Securities Industry	245,662
		Mortgage brokers	804		
		Debt management services	137		
		Mortgage discount companies	17		
		Mortgage servicing companies	326		
		Other licensees	1,021		
		Total Non-Depository Licensees	30,856		

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

General Government Operations	
\$ 387	—to replace nonrecurring benefits cost reduction.
(760)	—to continue current program.
\$ (373)	Appropriation Decrease

Program: Financial Services Industry Regulation, continued

DEPARTMENT OF COMMUNITY AND ECONOMIC DEVELOPMENT

The mission of the Department of Community and Economic Development is to encourage the shared prosperity of all Pennsylvanians by supporting good stewardship and sustainable development initiatives across the commonwealth. With a keen eye toward diversity and inclusiveness, the department acts as an advisor and advocate, providing strategic technical assistance, training, and financial resources to help our communities and industries flourish.

Programs and Goals

Job Creation, Workforce Training, Business Growth, and Attraction: *To stimulate business growth and attraction to create jobs and ensure a high-quality workforce through targeted job training.*

Pennsylvania Innovation Economy: *To provide technical support and access to capital to Pennsylvania's emerging technology-based companies and entrepreneurial community through strategic partners and networks to increase Pennsylvania's competitiveness.*

Pennsylvania Worldwide: *To leverage the state's overseas network and local partnerships to increase the department's facilitated export sales, foreign direct investments, and global opportunities in targeted markets, ultimately creating and retaining jobs in the commonwealth.*

Pennsylvania Happiness: *To inspire the investment of time, labor, and financial resources in the state by building Pennsylvania's image as a destination to visit, a place to grow a business, a community to call home, and a state to feel proud of thanks to a strong quality of work and life.*

Pennsylvania Communities: *To provide resources and technical assistance and make impactful investments that enhance the performance and quality of Pennsylvania's local governments and communities.*

Program: Job Creation, Workforce Training, Business Growth, and Attraction

Goal: To stimulate business growth and attraction to create jobs and ensure a high-quality workforce through targeted job training.

Pennsylvania First

The [Department of Community and Economic Development \(DCED\)](#) runs the [Pennsylvania First \(PA First\)](#) program, which offers grants for job creation and retention, infrastructure projects, and workforce development by providing the commonwealth the flexibility necessary to rapidly respond to companies' needs, increasing investment in the state, and enabling Pennsylvania to compete more effectively with other states. [Eligible uses](#) for PA First funding include job training; land and building acquisition and construction; purchase and upgrade of machinery and equipment; construction and rehabilitation of infrastructure; working capital; and environmental assessment and remediation.

[WEDnetPA](#) is Pennsylvania's incumbent worker training program and provides funding to Pennsylvania companies for essential skills and advanced technology training. WEDnetPA is a job training alliance of 26 partners, including nine universities in the Pennsylvania State System of Higher Education, Pennsylvania's community colleges, Pennsylvania College of Technology, North Central PA Regional Planning & Development Commission, and the University of Pittsburgh at Bradford. WEDnetPA alliance partners seek the input of local workforce development boards and key economic development organizations to determine the target industries and training priorities in their regions. Since its inception, this program has trained more than one million Pennsylvania workers, including almost 107,000 in advanced technology skills.

Pennsylvania Business One-Stop Shop

The [Pennsylvania Business One-Stop Shop](#) streamlines the process for businesses to start and expand in Pennsylvania, by serving as the sole source to guide aspiring entrepreneurs and established businesses through all stages of development, including planning, registering, operating, and growing. Services and resources are available through a website, toll-free number, and dedicated program office housed in the department. This program is an interagency, collaborative effort involving the Departments of State, Revenue, and Labor and Industry and actively engages DCED's Partnerships for Regional Economic Performance, local governments, state legislators, and many other economic development organizations and networks to promote the program's services and resources across the commonwealth.

Pennsylvania Industrial Development Authority

[The Pennsylvania Industrial Development Authority \(PIDA\)](#) provides low-interest loans and lines of credit for a wide range of commonwealth businesses including manufacturing, industrial, health care, agricultural, research and development, hospitality, defense conversion, information technology, construction, day care, retail and service enterprises, as well as for the development of industrial parks and multi-tenant facilities. Eligible costs include real estate acquisitions, construction and renovation projects, machinery and equipment acquisitions, and working capital costs. The interest savings realized through the PIDA program enables the recipient companies to invest the savings back into the business and its workforce to remain competitive.

Infrastructure and Facilities Improvement Program

The [Infrastructure and Facilities Improvement Program](#) awards multi-year grants to debt-issuing authorities for debt service and related costs for economic development projects. Unlike local tax increment financing projects, where incremental tax revenues generated by a project are collected and deposited into a debt service reserve fund for the payment of debt, under this program, annual grants are awarded based on the incremental amount of state personal income tax, sales tax, and hotel occupancy tax generated by the project.

Energy

DCED's Office of Energy leverages Pennsylvania's massive stake in global energy to develop "home grown" energy resources and attract energy intensive industries to the state, attracting investments that enhance Pennsylvania's manufacturing base by utilizing energy assets.

Pennsylvania has been a leader in coal production and in the last decade has rapidly become a leader in natural gas production. A marked decline in coal-fired electric generation has led to retirements of plants across the commonwealth. These sites have premier access to rivers, roads, rail, utilities, and transmission, which demands a comprehensive statewide effort to market and incentivize these sites for repositioning and redevelopment. Utilizing "Pennsylvania Energy Horizons" to obtain feedback from stakeholders allows the department to refine where Pennsylvania should focus its energy efforts and support the state's interest in redeveloping decommissioned coal-fired power plants.

Community and Economic Development

Program: Job Creation, Workforce Training, Business Growth, and Attraction, continued

Program: Pennsylvania Innovation Economy

Goal: To provide technical support and access to capital to Pennsylvania's emerging technology-based companies and entrepreneurial community through strategic partners and networks to increase Pennsylvania's competitiveness.

Ben Franklin Technology Development Authority

The [Ben Franklin Technology Development Authority \(BFTDA\)](#) ensures that Pennsylvania technology-enabled companies, entrepreneurs, and innovators have the necessary tools to build their businesses. The BFTDA supports the advancement of technologies in traditional and emerging industries through a series of programs that are flexible, dynamic, and built to proactively respond to changing markets in key industry sectors.

The BFTDA's current funded programs are:

- Ben Franklin Technology Partners, which are strategically located throughout the commonwealth and are designed to advance the commercialization of new technologies and support company growth; and
- Venture Investment, which provides risk capital to venture partnerships that invest in Pennsylvania-based companies.

The Pennsylvania Life Sciences Greenhouse Initiative

Since 2002, Pennsylvania's three [Life Sciences Greenhouses](#) have been stimulating economic growth and job creation by providing critical capital to university-based researchers, emerging companies, and companies seeking to expand. Investments by the greenhouses are designed to advance the life sciences and stimulate economic growth, focusing on the health and welfare of Pennsylvanians, commercialization of new health care technologies, and creation of high-quality sustainable jobs.

Partnerships for Regional Economic Performance

[Partnerships for Regional Economic Performance \(PREP\)](#) supports the coordination and collaboration of over 100 economic development organizations in 10 regions across Pennsylvania. Core partners include the Industrial Development Organizations (IDOs), Local Development Districts (LDDs), and the Small Business Development Centers (SBDCs). PREP is designed to integrate these networks by encouraging regional coordination of economic development efforts and provide customer service to the business community resulting in a comprehensive, efficient, and statewide economic development delivery strategy.

PREP partner organizations deliver a wide array of coordinated business development services designed to encourage the creation of new companies and increase the capacity of Pennsylvania businesses to compete successfully in the global economy. Partners also collaborate to provide the necessary infrastructure (broadband, business sites, incubators, etc.), needed to attract, retain, and expand businesses.

[Engage!](#) is a Pennsylvania statewide business retention and expansion program designed to regularly and proactively interact with targeted companies. The overall goal of Engage! is to retain existing businesses in a community and to help them grow and expand by building solid relationships with business owners or key decision makers and economic development partners. Engage! provides grants to identify and target companies, engages those companies through various outreach methods, assesses their needs, and assists through referrals and direct technical assistance.

Manufacturing PA

Launched in 2017, [Manufacturing PA](#) is a multi-faceted initiative designed to support Pennsylvania's manufacturing community, with an emphasis on small to medium-sized manufacturers. Manufacturing PA supports Pennsylvania's manufacturing community through the department's strategic partners including Industrial Resource Centers (IRCs), Pennsylvania's colleges, universities, technical schools, and nonprofit organizations that provide critical training and workforce development opportunities.

Community and Economic Development

Program: Pennsylvania Worldwide

Goal: To leverage the state's overseas network and local partnerships to increase the department's facilitated export sales, foreign direct investments, and global opportunities in targeted markets, ultimately creating and retaining jobs in the commonwealth.

Office of International Business Development

The [Office of International Business Development \(OIBD\)](#) is tasked with two main objectives which utilize a network of Authorized International Representatives and local economic development partners. First, OIBD works to attract foreign investments to Pennsylvania. The office informs international companies of Pennsylvania's strengths, including universities and research institutions, diverse industry information, competitive business environment, skilled workforce and supply chains, and other custom site search and research, all which showcase the resources available to enter the market and grow in Pennsylvania.

Second, OIBD works to promote Pennsylvania exports in key international markets. By increasing export capacity and establishing new connections between Pennsylvania companies, universities, and partners worldwide, Pennsylvania businesses will continue to become more competitive in the global marketplace. At the same time, Pennsylvania communities will become increasingly successful in competing for international investment projects that support existing and new jobs across the commonwealth.

Program Recommendations:

Program: Pennsylvania Happiness

Goal: To inspire the investment of time, labor, and financial resources in the state by building Pennsylvania's image as a destination to visit, a place to grow a business, a community to call home, and a state to feel proud of thanks to a strong quality of work and life.

Marketing to Attract Tourists

Tourism is a key industry for Pennsylvania, injecting an estimated \$46 billion annually into the commonwealth's economy and generating close to \$5 billion in tax revenues each year which allows for funding of vital services including public safety, education, and other essential programs that benefit Pennsylvanians. Those critical tax revenues also fund the work of tourism promotion partners across the state. The [Pennsylvania Tourism Office's](#) marketing activities provide exposure to out-of-state markets for the many small Pennsylvania tourism businesses that lack the resources to advertise beyond their local areas.

[Marketing to Attract Tourists](#) provides funding for a marketing agenda including the popular [visitPA.com](#) website, social media channels, media relations activities, an annual [travel guide](#), and a small targeted paid advertising campaign. The tourism office encourages public-private partnerships within the industry to maximize Pennsylvania's presence on the national and global travel and tourism stage. The tourism office leverages social media communities including [Facebook](#), [Instagram](#), [Twitter](#), [YouTube](#), [Pinterest](#), and others to provide highly customized, personalized, and targeted information directly to travelers, extending the reach of the office's traditional marketing efforts.

Marketing to Attract Business

Attracting and retaining businesses and talent is a priority for any location seeking industry growth and economic stability. The [Pennsylvania Marketing Office](#) encourages business decision makers and individuals to locate or stay in the state by promoting the competitive advantages of working and living in Pennsylvania. The office also promotes DCED's many programs for technical assistance, financial resources, and training for businesses, communities, local governments, nonprofits, and residents.

The [Marketing to Attract Business](#) program provides necessary funding to support the office's marketing initiatives. This includes the [Work Smart. Live Happy.](#) microsite and content, [DCED](#) and [Business One-Stop Shop](#) websites, proactive media relations, DCED's social media channels (including [LinkedIn](#), [Twitter](#), and [Facebook](#)), limited paid advertising, and targeted events. The office collaborates with local and regional economic development organizations, community partners, and workforce development professionals to maximize the reach of collective marketing efforts.

* Actual year measure data has been corrected.

Program: Pennsylvania Communities

Goal: To provide resources and technical assistance and make impactful investments that enhance the performance and quality of Pennsylvania's local governments and communities.

Keystone Communities

The [Keystone Communities Program \(KCP\)](#) is designed to encourage public-private partnerships that support initiatives to grow and improve the stability of neighborhoods and communities, promote social and economic diversity, and provide a strong and secure quality of life. The program offers designation opportunities and financial resources to assist communities in achieving revitalization goals and making physical improvements.

The KCP offers [four designation types](#) and [several grant types](#). Any community may apply and receive designation or grant funding in whatever order the community deems appropriate depending on its local needs and circumstances. Priority is given to communities administering designated programs. Designation also offers some benefits that may assist a community in non-financial ways, such as providing a roadmap and a process to guide a community's revitalization efforts. These partnerships create more attractive places to live and encourage business, job expansion, and retention in Pennsylvania.

Small Cities Community Development Block Grant

The federal [Small Cities Community Development Block Grant program](#), commonly known as the Community Development Block Grant program, provides financial assistance to:

- Expand low- and moderate-income housing opportunities;
- Enhance economic development and job opportunities for low- and moderate-income individuals;
- Correct deficiencies in water and sewer systems;
- Address blight; and
- Improve streets, streetscapes, recreational facilities, and public facilities to strengthen a pro-growth and pro-business environment.

HOME Investment Partnerships Program

The [HOME Investment Partnerships Program](#) provides municipalities with grant and technical assistance to expand the supply of safe, code compliant, and affordable housing for low- and very low-income Pennsylvanians. The department awards these funds on a competitive basis to projects which leverage other resources and demonstrate significant community impact.

The program prioritizes funding in the following areas:

- Development of rental housing for low-income households;
- Preservation of existing low-income housing units through rehabilitation of owner-occupied homes;
- Expanding the capacity of certified Community Housing Development Organizations to develop affordable housing; and
- Assistance to low-income homebuyers to acquire newly constructed or existing homes.

Emergency Solutions Grant Program

The [Emergency Solutions Grant \(ESG\) program](#) is the first step in achieving self-sufficiency for homeless individuals and families, while also assisting other households to avoid the causes of homelessness. ESG funds support households and individuals that earn less than 30 percent of median income. DCED awards ESG funds through a competitive application process to eligible entities in the following priority areas:

- Rapid re-housing (services to remove individuals/families from their homeless status quickly and move them into stable permanent housing);
- Homelessness prevention (services to assist individuals/families at risk of becoming homeless);
- Street outreach services;
- Emergency shelters (includes renovations, operational costs, and essential services); and
- Homeless Management Information Systems.

Program: Pennsylvania Communities, continued

Community Services Block Grant

The [Community Services Block Grant \(CSBG\)](#) aims to reduce poverty in a community or those areas of a community where poverty is a particularly acute problem. There are 43 entities that receive CSBG funds as determined by federal guidelines. Addressing the causes and conditions of poverty requires community engagement activities which remove obstacles that block self-sufficiency, such as employment and training resources; community stakeholder collaboration; literacy activities; affordable housing issues; grassroots activities that provide intervention to the causes of poverty; addressing the needs of youth through programming or coordination; and increased engagement in community planning and improvement activities.

Weatherization Assistance Program

The [U.S. Department of Energy's \(DOE\) Weatherization Assistance Program \(WAP\)](#) assists low-income families who lack resources to invest in energy efficiency. Funds are used to improve the energy efficiency of low-income homes using the most advanced technologies and testing protocols available in the housing industry.

The [Pennsylvania WAP](#), funded by DOE and the [Low Income Heating and Energy Assistance Program \(LIHEAP\)](#), provides direct weatherization and crisis interface heating services through a network of public and non-profit agencies operating in all 67 counties within the commonwealth. Weatherization services primarily involve diagnostic assessment of air leakage, health and safety repairs, electric baseload measures, and client energy education. Crisis interface provides heating solutions to LIHEAP clients' heating emergencies.

Municipal Assistance Program

The [Municipal Assistance Program](#) was created to help local governments plan for and effectively implement a variety of services, improvements, and soundly-managed development. The program provides funding for three groups of activities:

- Shared service activities – regionalization, consolidation, or merging of services; shared personnel; high impact projects serving many municipalities or large areas; and boundary change efforts;
- Community planning – comprehensive plans; community revitalization plans; zoning and subdivision ordinances; and Transit Revitalization Investment District planning studies; and
- Floodplain management – reimbursements to municipalities for costs incurred in the preparation, enactment, administration, and enforcement of floodplain management regulations.

Strategic Management Planning Program

In order to assist municipalities interested in improving their fiscal position, the [Strategic Management Planning Program](#) provides financial assistance to municipal and county governments for the development and implementation of five-year financial management plans and departmental operational overviews. The plans supply both short-term and long-term strategies to promote best management practices and ultimately avert financial distress.

The department's [Center for Local Government Services](#) has developed an approach to identify at-risk municipalities called the Early Warning System. The system looks at multiple financial factors to determine which municipalities may be experiencing fiscal difficulties. This approach, combined with the resources available under the Strategic Management Planning program, provides tools that aid in keeping governments from an [Act 47 Municipalities Financial Recovery Program](#) filing.

Municipalities Financial Recovery Program – Act 47

The Center for Local Government Services has a responsibility to assist local governments facing potential financial insolvency. When a municipality is declared distressed by the department, the Municipalities Financial Recovery program is used to provide technical assistance in the fields of financial management and public administration, as well as financial assistance through the Distressed Municipalities Revolving Fund. Act 47 also empowers the governor to issue a declaration of fiscal emergency for the purpose of enabling the department to prepare an emergency action plan. The Act further empowers the governor to appoint a receiver for the purpose of preparing a recovery plan to be confirmed by Commonwealth Court.

Transportation Projects

Funding is transferred annually to the Commonwealth Financing Authority to assist with the implementation of a variety of [transportation projects](#) including: projects that coordinate local land use with transportation assets to enhance existing communities; projects related to streetscape, lighting, sidewalk enhancement, and pedestrian safety; projects that will improve connectivity or the use of existing transportation assets; and projects related to transit-oriented development. Financial assistance provided by the authority is matched by local funding.

Community and Economic Development

Program: Pennsylvania Communities, continued

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

GENERAL FUND:			
Center for Local Government Services			Local Municipal Relief
\$ 77	—to replace nonrecurring benefits cost reduction.	\$ (18,775)	—program elimination.
200	—to continue current program.

DEPARTMENT OF CONSERVATION AND NATURAL RESOURCES

The mission of the Department of Conservation and Natural Resources is to maintain, improve, and preserve state parks; to manage state forest lands to assure their long-term health, sustainability, and economic use; to provide information on ecological and geologic resources; and to administer grant and technical assistance programs that will benefit river conservation, trails and greenways, local recreation, regional heritage conservation, and environmental education programs across the commonwealth.

Programs and Goals

Parks and Forests Management: *To manage state park and forest lands for their long-term use and enjoyment; provide the resources and expertise to help conserve and protect all the commonwealth's natural resources; and help create and sustain economically vibrant communities through quality recreational resources and investments.*

Program: Parks and Forests Management

Goal: To manage state park and forest lands for their long-term use and enjoyment; provide the resources and expertise to help conserve and protect all the commonwealth's natural resources; and help create and sustain economically vibrant communities through quality recreational resources and investments.

Management of State Park and Forest Lands

[The Department of Conservation and Natural Resources \(DCNR\)](#) manages 2.5 million acres of [state parks](#) and [state forest](#) land across the commonwealth. Pennsylvania's 121 state parks protect many natural, aesthetic, geologic, scenic, and historical treasures that make the commonwealth unique and diverse. During 2020, state parks hosted more than 46 million visits, a spike of 27 percent from the previous calendar year. Visitors made a record 300,000 state park reservations, up 35 percent from 2019. State forests are managed for multiple uses, including protection of streams, drinking water, clean air, and conservation of many important plant and animal communities. Over 2 million acres of state forests offer exceptional opportunities for low-density outdoor recreation; including hunting, fishing, hiking, mountain biking, and critical scientific research. Forestlands support Pennsylvania's \$37 billion forest products industry with a steady supply of forest products. Numerous studies reinforce the belief that parks, forests, and outdoor recreation provide essential physical and mental health benefits. In addition, these resources support Pennsylvania's \$29.1 billion outdoor recreation industry, which draws out-of-state visitors and tourism dollars to Pennsylvania, providing income for local businesses and communities.

The department maintains more than 4,700 structures, thousands of road miles, bridges, dams, treatment plants, and other infrastructure within the park and forest systems. DCNR is actively working to [reduce its carbon footprint](#) and save money by incorporating [energy-saving features](#) in existing and new buildings, water-saving measures in landscapes, and using recycled building materials. DCNR manages forestlands to limit impacts from development, maintain a balanced and healthy deer population, and incorporate sustainable practices that strengthen the forest's ability to regenerate and combat invasive species outbreaks that threaten species like ash and hemlock trees. In addition, state forests alone sequester approximately 5.5 million standard tons of carbon each year, contributing significantly to the mitigation of climate change.

Improve Communities Through Access to Conservation and Recreation Resources

The [Community Conservation Partnerships Program](#) provides technical assistance and matching grants for community parks and trails, snowmobile and ATV trails, land conservation, river conservation, forested buffers, closing trail gaps, and rails-to-trails projects. These grants have assisted every Pennsylvania county and reached more than half of the commonwealth's communities. Parks and trails provide multiple benefits that support local and regional economies, help build more flood and climate resilient communities through nature-based infrastructure, and ensure equitable access to the outdoors so that all can experience the healing and therapeutic benefits of the outdoors and participate in healthful activities.

DCNR also directly supports jobs through its [PA Outdoor Corps](#) where participants gain on-the-job skills by working outdoors through a 6-week summer youth corps or a 9-month young adult program. Projects include building trails and shelters, combatting invasive species, and learning planning and design skills. Promoting conservation as a career creates a pipeline of young people interested in restoration and recreation, helping to diversify and strengthen the next generation of conservation stewards.

Stewardship of Natural Resources

DCNR is a trustee under [Article 1, Section 27](#) of the state constitution and uses this responsibility to ensure the highest level of natural resource conservation for current and future generations of Pennsylvanians. DCNR uses adaptive management in its efforts to conserve the state's forests, streams, and natural communities. DCNR provides leadership and guidance through technical assistance, ecological and geologic information, and grant funding for research, planning, project development, and land acquisition. The department's conservation science programs and [topographic and geologic resources](#), including digital maps, data, and geographic information systems, help communities and industries make land use decisions that support sustainable development. Bureau geologists map the surface and subsurface geology and analyze the state's geological resources to disseminate impartial information essential to environmental stewardship, human health and safety, infrastructure development, and economic growth. The department, through its service foresters, provides hands-on assistance to private forest landowners who own three-quarters of all forestland in the state. The department's goal is to reduce forest fragmentation and loss by conserving additional forest acres and planting additional trees. DCNR is expanding its work to help the Chesapeake Bay and local streams by funding streamside [buffer projects](#) across the commonwealth.

Conservation and Natural Resources

Program: Parks and Forests Management, continued

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

GENERAL FUND:

General Government Operations

\$ 336	—to replace nonrecurring benefits cost reduction.
2,280	—to continue current program.
500	—Initiative—to increase resources to support outdoor management, recreation, and safety.
\$ 3,116	<i>Appropriation Increase</i>

State Parks Operations

\$ 1,233	—to replace nonrecurring benefits cost reduction.
7,792	—to continue current program.
5,205	—to reflect change in other revenue.
(2,500)	—increased utilization of Oil and Gas Lease funds for current operating costs.
800	—Initiative—to increase resources to support outdoor management, recreation, and safety.
\$ 12,530	<i>Appropriation Increase</i>

State Forests Operations

\$ 919	—to replace nonrecurring benefits cost reduction.
5,715	—to continue current program.
(1,666)	—to reflect change in other revenue.
6,605	—for routine system and equipment upgrades.
(2,500)	—increased utilization of Oil and Gas Lease funds for current operating costs.
1,200	—Initiative—to increase resources to support outdoor management, recreation, and safety.
\$ 10,273	<i>Appropriation Increase</i>

Forest Pest Management

\$ 5,000	—Initiative—for monitoring and control of insect threats to forest health.
----------	--

Heritage and Other Parks

\$ (1,575)	—funding reduction.
------------	---------------------

Annual Fixed Charges - Forest Lands

\$ 81	—for increased in lieu of tax payments in accordance with Act 85 of 2016.
-------	---

DEPARTMENT OF CORRECTIONS

The mission of the Department of Corrections is to reduce recidivism and promote public safety by providing individualized treatment and education to offenders, utilizing sound decision making practices that include evidence-based approaches, employing effective methods to aid offenders in reentering society, addressing the needs of crime victims, and improving county adult probation and parole services.

The department maintains a state system for the custody and rehabilitation of individuals sentenced to incarceration. Included within this system are residential programs to provide supervision, counseling, and treatment, enabling them to satisfactorily adjust to society. The department further supervises persons on parole, helping them to continue to reintegrate into society. The Pennsylvania Parole Board ensures citizen safety through careful selection of individuals to be paroled. The Office of Victim Advocate administers the victim service programs by representing rights and interests of crime victims. The Sexual Offenders Assessment Board is responsible for the review of registration of sexual offenders and conducting assessments of convicted sex offenders. The Board of Pardons reviews criminal cases to determine whether clemency should be recommended to the governor.

Programs and Goals

Incarcerated Individuals: *To decrease the recurrence of crime by replacing criminal behavior with socially acceptable behavior.*

Reentry Into Communities: *To decrease the recurrence of crime by replacing criminal behavior with socially acceptable behavior.*

Program: Incarcerated Individuals

Goal: To decrease the recurrence of crime by replacing criminal behavior with socially acceptable behavior.

The [Department of Corrections](#) protects the public by confining individuals in [state correctional institutions](#) for the period of time specified by the courts and the [Pennsylvania Parole Board](#). The department is charged with maintaining safe and humane institutions while providing opportunities to the prison population for growth and change. Given that 90 percent of individuals incarcerated in the commonwealth's state correctional institutions will eventually be released into the community, the department emphasizes programs that prepare them for responsible, crime-free community living. These reentry programs include [drug and alcohol treatment programs](#), [educational/vocational programs](#), and [reentry and transitional services](#). The department prepares and promotes rigorous [statistics and evaluations](#) on the institutional and reentry programs and processes to ensure data-driven decisions are made when allocating resources to reduce recidivism.

Institutional Operations

In addition to protecting the public, the department emphasizes the safety and security of its staff, volunteers, incarcerated persons, and visitors to institutions. All individuals undergo a diagnostic and classification process to determine the appropriate security classification, medical needs, and programs needed for reentry into society. Two of the largest support services needed to operate the institutions are food service and facility maintenance. Staff and incarcerated individuals perform most of these functions, giving people an opportunity to learn a trade, while constructively occupying their time. Another large support service is health care provided by a combination of staff and contractors. Renal dialysis, geriatric services, infectious care treatment, and other necessary services are offered. Mental health services are also provided, including special needs units in most institutions and licensed mental health units in six institutions.

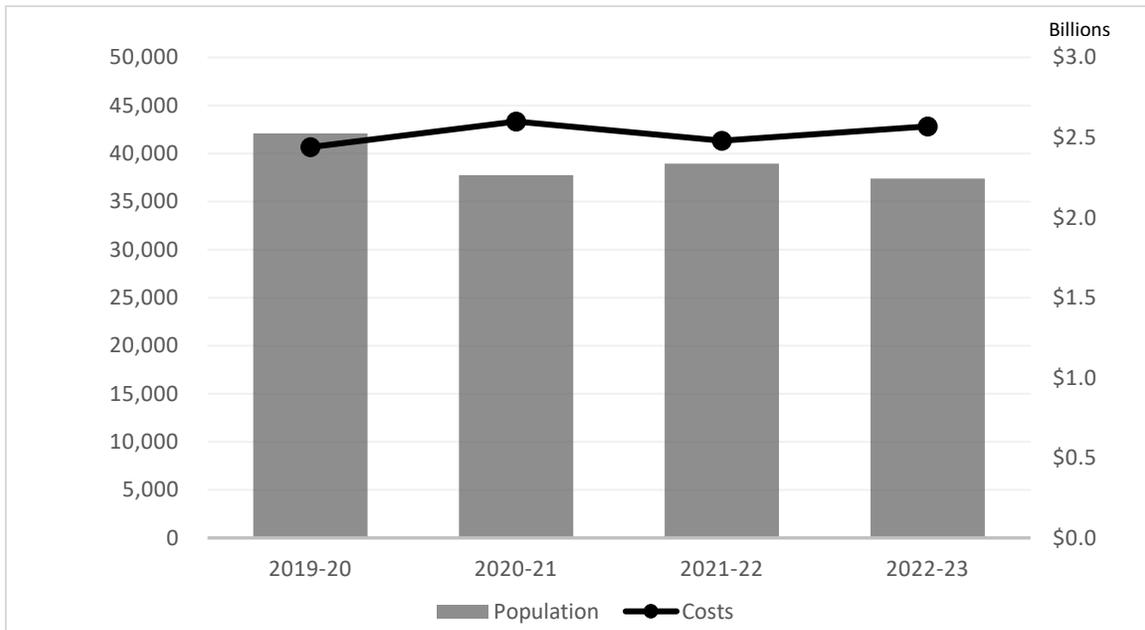

Individual Programs and Reentry

The department provides programming which will enable individuals to leave prison better prepared to adjust to life in the community. In order to increase public safety, secure parole violator centers are used for certain reentrants. These centers provide the means to reduce the number of technical parole violators returned to a state correctional institution yet maintain a secure environment for parolees assigned to the centers. Preparation for reentry begins when an individual enters the department's diagnostic and classification center. The center conducts a comprehensive assessment of the individual's risk or probability of reoffending. This assessment data is used to develop a meaningful correctional plan which details the recommended treatment and education programs for each individual and sets expectations for behavior and work performance throughout incarceration. [Prosocial connections](#) are also important to the reentrant and the department. Another treatment option is the [State Drug Treatment Program](#) where eligible individuals, including those with less serious offenses, participate in structured alcohol and drug treatment programs while in an institution, followed by treatment in the community. Employment in institutional jobs and [correctional industries](#) provide individuals with the opportunity to learn responsibility as well as work habits and skills that can be used to find employment after release.

Community Corrections

The last step in reentry treatment is [community corrections](#). Community corrections centers permit highly screened individuals, who meet established criteria, to live in housing in the community. At these centers, reentrants receive 24-hour supervision and can utilize counseling services while working or attending school. The centers also offer alcohol and drug treatment services, employment assistance, specialized counseling for hard-to-place individuals, and other services.

State Correctional Institutions Population and Operating Costs

The cost of operating the state correctional institution system is estimated to increase from \$2.44 billion in 2019-20 to \$2.57 billion in 2022-23, an average annual increase of less than two percent. Since June 2020, the population has declined from 42,101 to a projected 37,392.

Program: Reentry into Communities

Goal: To decrease the recurrence of crime by replacing criminal behavior with socially acceptable behavior.

The primary goal of reentry is to protect the safety of the public through effective [parole decisions](#) and proper supervision of individuals returning to their communities. Successful reentry can reduce the likelihood of recidivism. This includes making parole decisions and supervising adult parolees; revoking the parole of technical parole violators who continue to violate parole conditions; revoking the parole of violators convicted of new crimes; and discharging parolees who have fulfilled their sentences in compliance with the conditions of parole.

Parole Decisions

[Individuals](#) must serve their minimum sentence before becoming eligible for parole. To prepare people for reentry while incarcerated, the department develops a correctional plan to address drug and alcohol treatment needs, educational opportunities, vocational training, counseling services, and employment opportunities within the institution.

Reentry Preparation

To fulfill the mission of community safety, the department focuses on preparing individuals for parole release and providing continued support during the critical initial period of readjustment following a person's return to the community. The institutional reentry staff work to identify employment, housing, and other obstacles or challenges to successful reentry. Upon release, an individual's needs are reassessed every six months or more frequently, if necessary.

Supervision and Case Management

The [reentry of an individual](#) into the community requires effective supervision, which includes a balance of monitoring and enforcement of parole conditions coupled with effective case management. As part of the department's responsibility to public safety, field agents use problem-solving case management and other evidence-based strategies to reduce the risk of reoffending. Supervision staff also help with challenges regarding job, residence, continuity of care, or other issues. Management of technical parole violators through alternative, community-based interventions, and specialized support programs safely and effectively allow for continued supervision in the community.

Other Probation and Parole Programs

- The [Office of Victim Advocate](#) represents the interests of crime victims before the board or the department.
- The [Sexual Offenders Assessment Board](#) is responsible for conducting court-ordered assessments of convicted sexual offenders. The assessments are provided to district attorneys and assist in determining those offenders who may be found by the court to be sexually violent predators. The board's role relating to sexual offenders includes updating and verifying the registry information for any offenders under board supervision.
- The [Board of Pardons](#) reviews criminal cases to determine whether clemency should be recommended to the governor.

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

State Field Supervision		Pennsylvania Parole Board

DEPARTMENT OF DRUG AND ALCOHOL PROGRAMS

The mission of the Department of Drug and Alcohol Programs is to engage, coordinate, and lead the commonwealth's effort to prevent and reduce drug, alcohol, and gambling addiction and misuse; and to promote recovery, thereby reducing the human and economic impact of the disease.

The department develops and implements programs to reduce substance misuse and dependency through prevention, intervention, rehabilitation, and treatment programs. These programs are designed to educate all population segments on the effects, dangers, and dependency that drug and alcohol misuse poses to public health and to mitigate the economic impact of substance misuse for the citizens of Pennsylvania.

Programs and Goals

Drug and Alcohol Misuse Prevention and Treatment: *To provide education, intervention, and treatment programs to reduce drug and alcohol addiction, misuse, and dependence as well as problem gambling disorders.*

Program: Drug and Alcohol Misuse Prevention and Treatment

Goal: To provide education, intervention, and treatment programs to reduce drug and alcohol addiction, misuse, and dependence as well as problem gambling disorders.

The [Department of Drug and Alcohol Programs \(DDAP\)](#) is tasked with the development and implementation of a comprehensive plan to reduce substance misuse and dependency. While treatment is much of the department's immediate focus, interdepartmental collaborations and external partnerships emphasize four areas: prevention and intervention, treatment and recovery support, quality assurance, and workforce development.

Prevention and Intervention

The department's prevention programs aim to reduce the risk factors associated with substance use through educational sessions, workshops, media presentations, and information dissemination. Intervention services provide support to individuals affected by substance use problems. Services include information hotlines, drop-in centers, alcohol safety programs, and employee and student assistance programs.

DDAP provides county-based agencies, [Single County Authorities \(SCAs\)](#), with funding to ensure delivery of single and recurring prevention programs. SCAs prepare prevention and intervention plans, as well as treatment plans, tailored to meet the needs of their respective communities. The department approves these plans and formulates a statewide plan based on the findings.

Treatment and Recovery Support

DDAP provides the SCAs with funding to deliver or purchase substance use disorder (SUD) treatment and recovery support services for uninsured and underinsured Pennsylvanians. Treatment services may be received in hospitals, residential facilities, outpatient programs, or correctional settings.

The department established the [Get Help Now](#) hotline, 1-800-662-HELP, which is available 24/7, 365 days a year to provide confidential referral services to Pennsylvanians seeking SUD treatment, as well as families experiencing difficulty, as a result of drug and alcohol use/misuse.

Additionally, DDAP provides [community resources](#) to first responders, friends, family, health care providers, and educators on the use of Naloxone to temporarily reverse the effects of an opioid overdose.

The department also provides public education, awareness, training, and call center services relative to [compulsive and problem gambling](#), as well as prevention and treatment services, to individuals with a problem gambling disorder.

Quality Assurance

DDAP conducts over 900 annual [inspections](#) of licensed SUD treatment facilities and programs, including the investigation of incident reports and complaints. Inspections are conducted to determine compliance with state and federal standards and regulations as a condition of receiving federal Medicare and Medicaid financial support.

The department will begin licensing drug and alcohol [recovery houses](#) in 2022. Recovery houses offer individuals recovering from SUD a safe and supportive substance-free environment.

Workforce Development

DDAP's focus on workforce development includes [education and training](#) on prevention, intervention, treatment, and recovery support services for human services professionals, and efforts to create a career ladder for growth in this field.

DEPARTMENT OF EDUCATION

The mission of the Department of Education is to ensure that every learner has access to a world-class education system that academically prepares children and adults to succeed as productive citizens. Further, the department seeks to establish a culture that is committed to improving opportunities throughout the commonwealth by ensuring that technical support, resources, and optimal learning environments are available for all students, whether children or adults.

The department establishes standards and measures aimed at continuous improvement of school curriculum and manages staff development and research dissemination systems to ensure that all educational institutions can select from proven practices to boost student achievement. Local school districts, school boards, and other educational institutions receive technical assistance via a network of intermediate units. The department operates a major research library and leads the development of the state's public, school, academic, and special libraries to meet the information, education, and enrichment needs of citizens. The department supports the improvement of Pennsylvania's higher education and community colleges via educational programs, funding to support students, and direct resources for facility development.

Programs and Goals

Education Support Services: *To provide customers with accurate, useful, timely, and cost-effective services that support meaningful programs critical for preparing lifelong learners to become productive citizens.*

PreK–12 Education: *To prepare all students to graduate high school college-ready and career-ready and to be engaged citizens of the commonwealth.*

Library Services: *To support, develop, and provide library services for learning and advancement.*

Higher Education: *To promote access, affordability, and performance in higher education through strategies to expand opportunity for students and align with employer needs, and to support the commonwealth's public institutions of higher education in achieving these goals.*

Program: Education Support Services

Goal: To provide customers with accurate, useful, timely, and cost-effective services that support meaningful programs critical for preparing lifelong learners to become productive citizens.

Education Support Services provides operational support to programs within the [Department of Education](#) for the achievement of [departmental and commonwealth objectives](#). The program seeks to provide robust, cost-effective services and to improve the operational efficiency of the department through enhanced information technology support and improved fiscal applications.

In addition to providing operational support to the executive, budget, communications, and legal offices of the department, this program also provides staff support to the [State Board of Education](#) and other administrative boards and commissions. These include boards for private, academic, business, and trade schools and the Professional Standards and Practices Commission.

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

General Government Operations	
\$ 480	—to replace nonrecurring benefits cost reduction.
503	—to continue current program.
\$ 983	Appropriation Increase

Program: PreK–12 Education

Goal: To prepare all students to graduate high school college-ready and career-ready and to be engaged citizens of the commonwealth.

Basic Education Funding

Pennsylvania's public education system serves more than 1.7 million PreK-12 students at over 2,900 schools in the [commonwealth's 500 school districts](#). Each school district is a local governing unit, elected or appointed pursuant to state statute and local ordinance, and separate from the commonwealth. Both the commonwealth and local school districts contribute to the financing of public elementary and secondary education, with [state funding](#) provided to the school districts, including federal education funding, to supplement the funds raised locally.

The [Basic Education Funding appropriation](#) is the largest subsidy the commonwealth provides to local school districts. Since 2015-16, new funding has been distributed through the student-weighted fair funding formula. To increase academic achievement, school districts are encouraged to invest in evidence-based strategies, including high-quality early childhood education, extended time learning, career and technical education, professional development for educators, and personalized learning. The Department of Education supports continuous improvement and high-quality, well-rounded education opportunities for all students through targeted initiatives and provides technical assistance to schools and districts through its statewide system of support. The commonwealth's 29 intermediate units also provide professional development and technical assistance to school districts.

Early Childhood Learning

High-quality early learning for Pennsylvania's youngest learners facilitates their short-term and long-term academic and social success. [Early childhood programs](#) supported through the Department of Education appropriations include:

[Early Intervention Programs \(EI\)](#) provide special education to eligible three- to five-year-old children. They are administered by intermediate units, schools, and Elwyn, collectively known as entities designated under Mutually Agreed Upon Written Arrangements (MAWAs). EI services may be directly offered by the MAWAs or under contract with other providers.

[Pre-K Counts](#) provides high-quality early childhood education to income-eligible Pennsylvania children in diverse settings, including school-based programs, [Keystone STARS](#) 3 and 4 child care centers, private academic preschools, and Head Start agencies.

Pennsylvania's [Head Start Supplemental Assistance Program](#) is based on the federal model of Head Start, providing services to three- and four-year-old children and their families with family incomes up to 130 percent of the federal poverty guidelines. The Head Start model provides comprehensive education, health, nutrition, and parent involvement services.

College and Career-Ready

[Pennsylvania Core Standards](#). The commonwealth strives to help schools create academic programs that are rigorous, results-focused, data informed and personalized through systems, technology, and other supports.

The State Board of Education has adopted academic standards in 12 subject areas. These standards are the benchmark measures that define what students should know and be able to do at specified grade levels beginning in grade three. The State Board has adopted core standards in [English Language Arts](#), [Mathematics](#), [Reading and Writing in History and Social Studies](#), and [Reading and Writing in Science and Technology](#). The Pennsylvania State System of Assessments (PSSAs) are fully aligned to these core standards. The [assessments](#) in English Language Arts and Mathematics are given to students in grades three through eight, and students in grades four and eight are administered the Science assessment. [Keystone Exams](#) are end-of-course exams in Literature, Algebra I, and Biology aligned to core standards given to students to assess academic achievement in high school.

To better support student achievement of college and career standards, students and teachers have access to the [Standards Aligned System](#), a web-based portal created and maintained by the department, which contains standards-aligned curriculum, instructional resources, and assessment information and tools.

Career and Technical Education

[Career and Technical Education \(CTE\)](#) serves secondary students enrolled in [approved career and technical education programs of study](#) at high schools, charter schools, and career and technical centers. CTE programs are required to provide rigorous academic coursework to students while delivering skilled, technical education designed in collaboration with workers and employers in high-demand occupations and industries. CTE students have the opportunity to pursue career pathways in which students can earn high-value industry certifications and college credits through various state and local articulation agreements such as dual enrollment with postsecondary providers.

Program: PreK–12 Education, continued

Special Education

[Special education](#) programs are administered by all school districts and charter schools and may be directly operated by the districts or under contract with other school districts, intermediate units, or other providers. If appropriate public education is not available, individualized education plan teams may determine that an appropriate public education can only be provided by department-approved private schools or other private agencies.

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

GENERAL FUND:			
	PA Assessment		Authority Rentals and Sinking Fund Requirements
\$ 1,863	—to continue current program.	\$ 11,119	—to provide reimbursement for existing school construction projects and charter leases to reduce reliance on debt.
	Transfer to Empowerment		Pupil Transportation
\$ 7,000	—funding for transfer to Empowerment Restricted Account.	\$ 16,339	—to continue current program.
	Youth Development Centers - Education		Special Education
\$ 325	—to continue current program.	\$ 200,000	—Initiative—to provide increased resources for school district special education instruction.
	Basic Education Funding		Payments in Lieu of Taxes
\$ 20,869	—to continue current program funding for school district Social Security payments.		—to continue current program.
1,550,000	—Initiative—to continue sustained investment in school district basic education programs.	\$ 1	
<hr/>	<i>Appropriation Increase</i>		PA Chartered Schools for the Deaf and Blind
\$ 1,570,869		\$ 3,547	—to continue current program.
	Pre-K Counts		Special Education - Approved Private Schools
\$ 60,000	—Initiative—to invest in high-quality early childhood education for 3- and 4-year-olds.	\$ 6,464	—to continue current program.
	Head Start Supplemental Assistance		School Employees' Social Security
\$ 10,000	—Initiative—to invest in high-quality early childhood education for 3- and 4-year-olds.	\$ 1,248	—to continue current program.
	Mobile Science and Math Education Programs		School Employees' Retirement
\$ (3,214)	—program elimination.	\$ 167,000	—to continue current program.
	Adult and Family Literacy		Job Training and Education Programs
\$ 500	—Initiative—to provide additional resources for adult education.	\$ (30,995)	—program elimination.
\$ 6,138	Career and Technical Education		
	—to continue current program.

Program: Library Services

Goal: To support, develop, and provide library services for learning and advancement.

Public Library Subsidy

The commonwealth helps defray the cost of basic operations of Pennsylvania's more than 600 local public libraries that had more than 16 million visitors who borrowed nearly 60 million books, including digital content. Nearly two-third of the Public Library Subsidy goes directly to libraries and library systems. The other third is split between state resource centers, the 29 district library centers, and to support county coordination efforts. This funding also provides every Pennsylvanian with access to the resources of four major research libraries: the [State Library of Pennsylvania](#), the [Carnegie Library of Pittsburgh](#), the [Free Library of Philadelphia](#), and the [libraries of The Pennsylvania State University](#).

Library Access

Pennsylvania is committed to ensuring that all Pennsylvanians can easily access the library resources that exist not only in their own communities but also across the commonwealth. The interlibrary delivery service makes it affordable for state-supported libraries to participate in a statewide delivery service that moves library materials across the state in a timely and cost-effective way and encourages sharing of materials, saving more than 60 percent in delivery costs. The [Pennsylvania Online World of Electronic Resources \(POWER\) library network](#) provides online magazine and reference materials for Pennsylvania residents to use in the library or remotely.

The statewide electronic library catalog, also known as the [Access Pennsylvania Database program](#), provides Pennsylvanians online access to library holdings of more than 1,400 Pennsylvania school, public, college, university, and special libraries and intermediate units. This is the largest online catalog of its type in North America. As part of the Library Access program, Pennsylvanians have online access to professional reference librarians 24/7 through Pennsylvania's virtual reference service called [Chat with a Librarian](#).

Library Services for Visually Impaired and Disabled

Through the [Library of Accessible Media for Pennsylvanians \(LAMP\)](#), the Carnegie Library of Pittsburgh and the Free Library of Philadelphia provide unique services to persons with visual and physical limitations. In partnership with the National Library Service for the Blind and Physically Handicapped, recorded and Braille materials are available by direct mail or download for residents of all ages who cannot use a traditional book, magazine, or newspaper.

State Library

This appropriation supports the services and operations of the Office of Commonwealth Libraries and is the primary source of funding for the [State Library of Pennsylvania](#). Located in Harrisburg, the State Library provides reference service to all branches of state government, as well as to libraries and commonwealth residents. An extensive general and legal reference collection, comprehensive collections of Pennsylvania newspapers, Pennsylvania state and U.S. government publications, and 90 other databases are available. The State Library is home to the [Rare Collections Library](#), which is organized around the Assembly Collection that was purchased beginning in 1745 by Benjamin Franklin when he was Clerk of the Assembly.

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

State Library		Public Library Subsidy	
\$ 59	—to replace nonrecurring benefits cost reduction.	\$ 1,000	—to continue current program.
191	—to continue current program.		
<u>\$ 250</u>	<i>Appropriation Increase</i>		

Program: Library Services, continued

^a Reduction due to COVID-19 pandemic.

^b Number of items accessed reduced due to State Library renovation.

Program: Higher Education

Goal: To promote access, affordability, and performance in higher education through strategies to expand opportunity for students and align with employer needs, and to support the commonwealth's public institutions of higher education in achieving these goals.

[Postsecondary education](#) is an important pathway to ensuring Pennsylvania's success in a knowledge-based, global economy. Pennsylvania's postsecondary education system consists of more than 215 degree-granting institutions, including publicly supported postsecondary institutions, private colleges and universities, specialized associate degree-granting institutions, and out-of-state institutions that are approved to offer coursework for credit in the commonwealth. Funding for these institutions is through appropriations and state-funded student grant programs administered by the [Pennsylvania Higher Education Assistance Agency \(PHEAA\)](#).

Institutional Support for Pennsylvania's Public Institutions of Higher Education

Funding for the 14 universities of the [State System of Higher Education](#) is distributed through the Office of the Chancellor to each university in accordance with a formula that considers student enrollment, programs, performance measures, and the operational cost of the individual campuses. Although each university has an individual mission, all provide a broad liberal arts curriculum, and most offer master's and doctoral degree programs.

Funding for [Community Colleges](#) comes from sponsoring counties or school districts, student tuition, and the commonwealth. The colleges offer associate degree and certificate programs in career and technical areas as well as provide students in arts, sciences, and professions with the ability to transfer to four-year institutions. Noncredit workforce development courses provide students with training geared towards immediate entry into the workforce.

Funding for state-related universities provides basic support for postsecondary educational programs. The [Pennsylvania State University](#), the [University of Pittsburgh](#), and [Temple University](#) are major research universities that provide programs up to the doctoral level in varied academic disciplines and professional schools. [Lincoln University](#) provides programs in numerous disciplines at the baccalaureate and master's degree levels.

[Thaddeus Stevens College of Technology](#) provides technical-based associate degrees and certificate programs for qualified students. These programs are provided both on a tuition basis and at no cost for financially disadvantaged students. Thaddeus Stevens is dedicated to growing Pennsylvania's technical workforce and preparing students for high-demand jobs within the commonwealth.

Decreasing Time and Cost to College Completion

In 2016, Pennsylvania established a statewide postsecondary attainment goal aligned to workforce needs: 60 percent of the population ages 25-64 will hold a postsecondary degree or industry recognized credential by 2025, with a particular focus on closing attainment gaps for historically underrepresented populations. To help reach that goal, the department works with local, state, and national partners to improve postsecondary pathways for students and promote on-time degree completion. The department administers a [statewide college credit transfer system](#) that enables students to transfer courses and associate degrees among the participating colleges and universities in Pennsylvania.

Aligning Postsecondary Educational Opportunities with Workforce Needs

To help ensure that Pennsylvanians have access to postsecondary credentials that can accelerate opportunity for individuals and families, postsecondary programs are aligned to the commonwealth's current and projected economic needs. In particular, Pennsylvania has focused on increasing pathways to postsecondary education and training connected to statewide and regional workforce needs, especially science, technology, engineering, mathematics (STEM), and computer science.

Support for Minority Students

The Pennsylvania Department of Education and the United States Department of Education's Office of Civil Rights maintain a cooperative agreement designed to assess and address the continued challenges in providing higher education opportunities for minority students. In addition to operating and capital support for Cheyney and Lincoln Universities, direct support of students is provided through the [Bond-Hill Scholarship](#) program and the Keystone Honors Academy at Cheyney University.

Program: Higher Education, continued

Support Services

The department provides leadership and support services to all sectors of higher education. Responsibilities include acting as a liaison with the national accrediting agencies, the State Board of Education, the State Board of Private Licensed Schools, and other governing boards; policy review and development based on comprehensive planning and research; and implementation of the Higher Education Master Plan. The department partners with other commonwealth agencies on workforce development strategies. Additionally, the department awards teaching certificates to those seeking certification in Pennsylvania.

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

Community Colleges		State System of Higher Education	
\$ 12,262	—Initiative—to invest in higher education and improve college access and completion.	\$ 75,000	—Initiative—to invest in higher education and improve college access and completion.
Transfer to Community College Capital Fund		The Pennsylvania State University	
\$ 2,604	—Initiative—to invest in higher education and improve college access and completion.	\$ 13,442	—Initiative—to invest in higher education and improve college access and completion.
Northern PA Regional College		University of Pittsburgh	
\$ (7,000)	—funding elimination.	\$ 7,742	—Initiative—to invest in higher education and improve college access and completion.
Hunger-Free Campus Initiative		Temple University	
\$ 1,000	—Initiative—to provide resources to combat food insecurity at postsecondary institutions.	\$ 7,910	—Initiative—to invest in higher education and improve college access and completion.
Sexual Assault Prevention		Lincoln University	
\$ 500	—Initiative—to combat campus sexual assault at postsecondary institutions.	\$ 758	—Initiative—to invest in higher education and improve college access and completion.
Thaddeus Stevens College of Technology			
\$ 935	—Initiative—to invest in higher education and improve college access and completion.

HIGHER EDUCATION ASSISTANCE AGENCY

The mission of the Pennsylvania Higher Education Assistance Agency is to provide affordable access to postsecondary education while helping to secure a strong economic future for the commonwealth through the development of a highly skilled workforce.

The agency provides financial aid to postsecondary students in the form of grants, scholarships, loans, and employment opportunities through the coordination of state and federal aid programs. In addition, the agency provides institutional assistance grants to private institutions enrolling students who participate in the Pennsylvania State Grant Program.

Programs and Goals

Financial Assistance to Students: *To provide financial assistance to commonwealth residents in order to promote access to postsecondary education.*

Financial Aid to Institutions: *To assist independent, postsecondary institutions to maintain enrollments and stabilize their educational costs; thereby, promoting access to institutions in all sectors for Pennsylvania students and assisting at-risk students by providing institutional funds for support services.*

Program: Financial Assistance to Students

Goal: To provide financial assistance to commonwealth residents in order to promote access to postsecondary education.

[The Pennsylvania Higher Education Assistance Agency \(PHEAA\)](#) offers financial assistance programs to students in the form of grants, scholarships, and work-study awards. All General Fund appropriations are transferred to PHEAA's Higher Education Assistance Fund prior to distribution to students and institutions.

[Grants to Students \(Pennsylvania State Grants\)](#) are funded by an annual appropriation from the General Fund, a portion of PHEAA's business earnings, when available, and interest earnings from the Higher Education Assistance Fund. The PHEAA Board annually determines the distribution of funds to applicants on criteria including family income, family size, and the cost of attendance at the institution the student will be attending. The objective of this program is to reduce financial barriers and provide greater access to higher education for all commonwealth residents and, within the limits of the resources available, help to provide freedom of choice between public and private institutions.

The [Ready to Succeed Scholarships](#) program makes postsecondary educational opportunities more affordable to high-achieving students from middle-income Pennsylvania families. Students can pursue two-year and four-year postsecondary degrees at any participating Pennsylvania college, university, or technical school. Matching funds programs, including [Federal Work-Study](#), [State Work-Study](#), and [Partnerships for Access to Higher Education](#), provide funds to match federal funds and work-study awards which students earn through both on-campus and off-campus job opportunities. Matching funds also leverage private foundation scholarships.

[The Pennsylvania Targeted Industry Program](#) provides grants to students enrolled in certificate programs in the energy, health, advanced materials and diversified manufacturing, and agriculture and food production fields. [The Higher Education of Blind or Deaf Students Program](#) provides assistance to blind or deaf students who are Pennsylvania residents and are enrolled in an approved institution of higher education.

[The Horace Mann Bond-Leslie Pinckney Hill Scholarship Program](#) provides grants to graduates of Lincoln University and Cheyney University of Pennsylvania who enter select graduate and professional programs at Temple University, Lincoln University, the Pennsylvania State University, the University of Pittsburgh, or one of the Pennsylvania State System of Higher Education institutions. [The Cheyney Keystone Academy Program](#) provides scholarships to attract students to enroll at Cheyney University of Pennsylvania. The Pennsylvania Internship Program provides scholarships to Pennsylvania residents attending Pennsylvania colleges and universities and pursuing an internship through [The Washington Center for Internships and Academic Seminars](#).

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

<p>Grants to Students</p> <p>\$ 39,637 —to maintain the maximum state grant award.</p>	<p>Higher Education of Blind or Deaf Students</p> <p>\$ 1 —to continue current program.</p>
<p>Ready to Succeed Scholarships</p> <p>\$ 10,825 —to continue current program.</p>	<p>Cheyney Keystone Academy</p> <p>\$ 1,500 —to continue current program.</p>
<p>Matching Payments for Student Aid</p> <p>\$ 328 —to continue current program.</p>	<p>Targeted Industry Cluster Scholarship Program</p> <p>\$ 2,352 —to continue current program.</p>

The budget recommends \$15,000,000 for the Grants to Students Supplement funded by PHEAA reserves.

Program: Financial Aid to Institutions

Goal: To assist independent, postsecondary institutions to maintain enrollments and stabilize their educational costs; thereby, promoting access to institutions in all sectors for Pennsylvania students and assisting at-risk students by providing institutional funds for support services.

[The Institutional Assistance Grants Program](#) provides grants to independent postsecondary institutions that are nonprofit, nondenominational, and nonrecipients of direct state appropriations. The program helps to preserve and develop the diverse system of postsecondary education by allowing Pennsylvania's independent colleges and universities to stabilize their educational costs and maintain enrollments. Eighty-nine institutions are currently eligible to participate in the program.

The Higher Education for the Disadvantaged Program, more commonly known as the [Act 101 Program](#), provides funding to institutions for support services, academic advising, counseling, and tutoring to economically and educationally qualified students. In 2020-21, there were 34 Act 101 programs that operated at institutions across the commonwealth, serving more than 3,660 students.

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

	Institutional Assistance Grants		Higher Education for the Disadvantaged

EMERGENCY MANAGEMENT AGENCY

The Pennsylvania Emergency Management Agency (PEMA) helps communities and citizens mitigate against, prepare for, respond to, and recover from emergencies including natural disasters, acts of terrorism, or other human-made disasters. PEMA supports county emergency management agencies by coordinating and engaging the whole community, including federal and state partners, volunteer organizations involved in disasters, private sector business community, and citizens.

The agency develops and maintains a comprehensive plan to enhance the commonwealth's capabilities to prepare for, respond to, and recover from all hazards that affect the citizens of Pennsylvania. Primarily the plan calls for the protection of life and property both prior to and in the event of natural and other disasters. The agency, through the Office of the State Fire Commissioner (OSFC), provides loans to fire, ambulance, and rescue companies, and coordinates state fire services. The agency also administers post-disaster aid to affected localities and citizens.

Programs and Goals

Emergency Management: *To focus on continual process improvement to consistently meet or exceed the expectations of the people, communities, and partners we serve in every aspect of emergency management.*

Fire Prevention and Safety: *To minimize the loss of life and property due to fire by developing and maintaining statewide municipal fire and emergency service capability and to promote citizen awareness to support community fire prevention and control efforts.*

Program: Emergency Management

Goal: To focus on continual process improvement to consistently meet or exceed the expectations of the people, communities, and partners we serve in every aspect of emergency management.

In 1978, the Pennsylvania Emergency Services Code created the [Pennsylvania Emergency Management Agency \(PEMA\)](#) from the State Council of Civil Defense. It also expanded the mandate of the agency to include an all-hazards comprehensive emergency management program. Since then, the agency's responsibilities have continued to evolve and today it serves a critical role in coordinating the core emergency management functions of emergency preparedness, response, recovery, and hazard mitigation.

The agency's mission is accomplished through a systematic approach to threats and hazards that pose the greatest risk to the safety and security of the residents of the commonwealth, including natural and human-made disasters, acts of terrorism, and other emergencies. PEMA has adopted the "[Whole Community](#)" approach to emergency management, which recognizes that it takes all aspects of a community to effectively [prepare for](#), [protect against](#), [respond to](#), [recover from](#), and [mitigate](#) any disaster. At the agency's core is a comprehensive training and qualification program that develops and maintains skilled emergency management and support personnel at the state, county, and local municipal level who are responsible for carrying out all aspects of the statewide emergency management program.

PEMA's core daily responsibilities include managing programs that promote individual and community preparedness, developing and updating emergency plans and procedures, coordinating training and exercises, maintaining and advancing Next Generation [9-1-1 technology](#) across the state, [statewide chemical](#) reporting, hazardous materials preparedness and response, [nuclear power safety](#), hazard mitigation, and private sector integration. Many of the preparedness and mitigation activities involve the administration of a number of [state and federal grant programs](#). PEMA also coordinates the National Flood Insurance Program for the commonwealth. Daily responsibilities also include the operation of PEMA's Commonwealth Watch and Warning Center which serves as the main incident reporting, information sharing, and public alert and warning point in the state that maintains a statewide 24/7 Common Operating Picture.

During disasters and other emergencies, PEMA is responsible for directing and coordinating all available commonwealth resources needed to support county and local governments in protecting residents and supporting short and long-term recovery operations. This is accomplished through the Commonwealth Response Coordination Center which, when activated, serves as the main coordination hub for all emergency operations across all state agencies, levels of government, non-governmental and voluntary agencies, and the private sector. PEMA provides advice and guidance to the governor related to all emergent situations that may warrant the issuance of a Governor's Proclamation of Disaster Emergency and a request to the President of the United States for a major disaster declaration. Following a presidential disaster declaration, the agency advises the administration of the Individual Assistance (IA) and Public Assistance (PA) Grant Programs as part of short and long-term recovery operations. PEMA also serves as the main point of contact for the Federal Emergency Management Agency (FEMA) for federal-state business during both steady-state operations as well as during disasters.

In support of response to disasters and other emergencies, PEMA wholly, or in conjunction with other state agencies, coordinates a number of statewide specialized response teams such as the PA Type 3 All-Hazards Incident Management Team, Pennsylvania Helicopter Aquatic Rescue Team, Voluntary Rescue Service Recognition, Swift Water and Flood Evacuation Teams, and in-state Urban Search and Rescue Response teams.

Emergency Management Agency

Program: Emergency Management, continued

Program: Fire Prevention and Safety

Goal: To minimize the loss of life and property due to fire by developing and maintaining statewide municipal fire and emergency service capability and to promote citizen awareness to support community fire prevention and control efforts.

The [Office of the State Fire Commissioner](#) oversees the development and operation of the State Fire Academy, the [Fire and Emergency Medical Services Loan Program](#), the Fire Company and Emergency Medical Services Grant Program, the [Pennsylvania Fire Information Reporting System](#), [Marcellus Shale and Alternative Energy Emergency Response Training](#), a variety of public education and information programs, and the administration of the Firefighters' Memorial Flags Program. The commissioner is also responsible for coordinating federal, state, and private fire safety funds; assisting state agencies in the development of plans related to fire safety; reviewing existing or proposed rules and regulations affecting the safety of commonwealth citizens; and providing a cost-effective fire-loss management system for the commonwealth.

The [State Fire Academy](#) in Lewistown is the catalyst for the delivery of training and certification to the commonwealth's fire and emergency response community. The [Local Level Training Program](#), a unique system involving the academy, community colleges, and county and local training facilities and organizations, provides a comprehensive curriculum of basic and mid-level fire, rescue, hazardous material, officer development, and fire department management courses to firefighters throughout county and local fire departments. The academy's training facilities and staff support the resident training programs offering mid-level, advanced, and specialty training in fire, rescue, hazardous material, and officer development courses aimed at providing professional development opportunities for the commonwealth's fire service, state accredited instructors, and employees from other state agencies. Programs of interest and concern are made available to the emergency services providers through the academy's ["Academy on the Road" Program](#).

The [Fire and Emergency Medical Services Loan Program](#) provides assistance to fire and emergency medical services (EMS) companies in the form of low-interest loans for the purpose of establishing or modernizing facilities to house apparatus and equipment; purchasing new or rehabilitating old apparatus; and purchasing protective, communications, and accessory equipment.

The [Fire Company and Emergency Medical Services Grant Program \(FCEMSGP\)](#) annually receives transfers of \$25 million from the State Gaming Fund and \$5 million from the Property Tax Relief Fund to provide approximately 2,400 grants each year to fire companies and EMS companies to assist in maintaining or improving capability to provide fire, ambulance, and rescue services. An additional amount, up to \$1.5 million is available from the Fireworks Tax, and is awarded and distributed to EMS companies via the FCEMSGP.

The office is responsible for providing a flag to honor firefighters who have died in the line of duty. The office provides assistance to fire departments and surviving relatives immediately following such deaths.

Program Recommendations:

DEPARTMENT OF ENVIRONMENTAL PROTECTION

The mission of the Department of Environmental Protection is to protect Pennsylvania's air, land, and water from pollution and to provide for the health and safety of its citizens through a cleaner environment. The department will work as partners with individuals, organizations, governments, and businesses to prevent pollution and restore our natural resources.

Programs and Goals

Environmental Support Services: *To provide administrative and technical support for the commonwealth's environmental protection programs.*

Environmental Protection and Management: *To protect Pennsylvania's air, land, and water from pollution and to provide for the health and safety of its citizens through a cleaner environment. This responsibility is met by enforcing clean air and water standards, managing land protection activities and ensuring waste is handled properly, ensuring safe and healthy communities, and promoting sustainable energy.*

Program: Environmental Support Services

Goal: To provide administrative and technical support for the commonwealth's environmental protection programs.

This program provides for the administrative and technical systems that direct and support the [Department of Environmental Protection's \(DEP\)](#) programs. It includes the executive and administrative offices, the [Office of Chief Counsel](#), information and data processing systems, the [Citizens Advisory Council](#), and the [Environmental Quality Board](#).

DEP's Information Technology Delivery Center focuses on reducing and ending paper-driven processes by developing program-specific, custom applications for permitting and inspections. DEP also utilizes off-the-shelf solutions to centralize data and make it accessible to both internal and external stakeholders.

DEP partners with other commonwealth agencies in the adoption of reusable technologies, including partnerships with the Pennsylvania Department of Community and Economic Development on digitizing the grants systems, and with the Pennsylvania Department of Transportation on developing e-inspections applications.

The [Environmental Hearing Board's](#) purpose is to safeguard the environmental rights of Pennsylvania's citizens through appeals of actions taken or instituted by DEP and/or the private sector. It is included here for presentation purposes.

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

Program: Environmental Protection and Management

Goal: To protect Pennsylvania's air, land, and water from pollution and to provide for the health and safety of its citizens through a cleaner environment. This responsibility is met by enforcing clean air and water standards, managing land protection activities and ensuring waste is handled properly, ensuring safe and healthy communities, and promoting sustainable energy.

This program focuses on achieving DEP's mission to protect Pennsylvania's air, land, and water from pollution and to provide for the health and safety of its citizens.

Permitting and inspection functions are fundamental to most of the department's programs and regulatory oversight. The permit approval process occurs prior to an industrial activity (or during modification), and inspections occur as specified in regulations throughout the life of the permitted activity. Both permits and inspections cover almost every industry and are often a requirement to maintain primacy of certain federal programs.

Confronting climate change and reducing climate pollution

DEP has undertaken several efforts to begin to address the increasing threat of climate change. As the commonwealth progresses toward participation in the multi-state Regional Greenhouse Gas Initiative (RGGI), Pennsylvania is well positioned to make important investments to assist in the transition to a new energy economy as a result of market demand shifts over the past decade. This action will reduce carbon pollution from electric generation by a projected 97 to 227 million tons by 2030 as well as reduce other air pollutants.

The agency is also implementing the [methane reduction strategy](#) which addresses methane and volatile organic compound emissions from the oil and gas sector. The department has implemented new source permitting requirements and is working on rules for existing sources of emissions.

[DEP's energy office](#) undertakes activities to plan, track, implement, and promote energy efficiency, such as advocating for the use of energy-efficient building codes and energy management systems, renewable energy, and alternative fuels. The office is also involved with energy assurance and security, fuel resource, and energy financial market issues. Energy office staff assist, educate, and encourage Pennsylvanians to advance conservation and efficient use of diverse energy resources to provide a healthier environment and greater energy security.

Enforcing Clean Water Standards

DEP regulates nearly 9,000 public water systems serving 10.7 million Pennsylvanians and provides consultative services for the 700,000 private residential water supplies in the state. The department carries out its duties and responsibilities through various [programs and activities](#) related to permitting, monitoring, compliance, enforcement, and technical assistance. DEP implements all aspects of the federal Safe Drinking Water Act, including [drinking water standards](#), source water protection, operator training and certification, and capability enhancement programs for public water systems to address technical, managerial, and financial issues.

DEP is responsible for monitoring and assessing Pennsylvania's 86,000 miles of streams and rivers as well as more than 109,000 acres of publicly owned lakes. The department protects natural aquatic systems for public use by monitoring and assessing surface water quality, developing water quality standards, managing non-point sources of pollution, protecting coastal zone resources, and regulating mining and oil and gas development. Protection of these waters is carried out through permitting, inspection, and enforcement activities. The department also inspects non-permitted entities and responds to spills and complaints where waters may be affected.

Pennsylvania's [Chesapeake Bay](#) Phase 3 Watershed Implementation Plan ([Phase 3 WIP](#)) was developed in consultation with the Departments of Agriculture and Conservation and Natural Resources. The main focus of the Phase 3 WIP is the development and implementation of Countywide Action Plans to address local planning goals for nutrient reduction, while achieving other local priority initiatives for environmental improvement. The department also has the lead in working with the other state and federal partners that comprise the Chesapeake Bay Program Partnership.

DEP provides support to [County Conservation Districts](#), which support the conservation and restoration of the commonwealth's water resources, and focuses efforts on technical assistance and compliance efforts to ensure that municipal sewage and storm water systems and agricultural operations are reducing nitrogen, phosphorous, and sediment discharges into local waterways. This includes assistance on the development of Countywide Action Plans and a visual dashboard for tracking progress.

Program: Environmental Protection and Management, continued

Enforcing Clean Air Standards

DEP [protects](#) the environment and the health of Pennsylvanians from air pollution by achieving the goals of the federal Clean Air Act and the Pennsylvania Air Pollution Control Act by developing air quality regulations and the State Implementation Plan to address ground-level ozone, particulate matter, sulfur and nitrogen oxides, volatile organic compounds, lead, and hazardous air pollutants. The department designs and maintains networks to monitor ambient air quality in Pennsylvania, performs meteorological tracking, and conducts air quality modeling studies to scientifically determine whether air quality goals are achieved. Due to the location of Pennsylvania in the populated northeast corridor, DEP implements regional haze and interstate ozone transport programs.

Managing Land Protection Activities

DEP encourages waste reduction, promotes recycling and reuse of waste products, and protects the public by providing for safe transportation, processing, and disposal of municipal waste, residual waste, and hazardous waste. The department also protects land resources by regulating above-ground and underground tanks that store petroleum and other hazardous substances.

DEP oversees the [Land Recycling Program](#) to encourage cleanup of contaminated, vacant, or otherwise underutilized properties and return them to productive use. The department also administers the [Hazardous Sites Cleanup Program](#) to remediate threats to human health and the environment from toxic chemicals from abandoned sites or where there is no viable responsible party. The department is a key member of the Perfluoroalkyl and polyfluoroalkyl substances (PFAS) [Action Team](#) to address releases of PFAS to drinking water systems and to land.

Restoring and enhancing the quality of watersheds aligns several programs and agency objectives. DEP continues to work with partners to restore land impacted by legacy environmental issues and improve local water quality through the Land Recycling Program, the Hazardous Sites Cleanup Program, and the [Abandoned Mine Land Program](#).

Ensuring Safe and Healthy Communities

DEP's [Office of Environmental Justice](#) works to ensure that all Pennsylvanians, especially those communities that have historically been disenfranchised, are fully involved in the decisions that affect their environment and that all communities are not disproportionately burdened with environmental hazards.

DEP performs a range of licensing and inspection activities to protect residents from exposure to potentially dangerous levels of [radiation](#), such as registering radiation-producing equipment, licensing users of radioactive materials, and inspecting facilities to ensure compliance.

DEP, in cooperation with state and county agencies, monitors mosquito populations, enacts control measures for the mosquitoes that may carry the West Nile Virus, and examines unknown vectors and reservoirs involved in the transmission of the virus.

DEP's emergency response personnel are available in the event of an immediate threat to public health, safety, or the environment. Staff are trained to respond to any incident or accident at Pennsylvania's nine operating nuclear power plant reactors. While the department's major focus is the response to spills to land and water, it also has significant involvement with air pollution incidents (fires, or industrial or transportation-related releases) and leaking underground storage tanks.

DEP's [flood protection and stream improvement programs](#) protect lives and property through the construction of physical structures such as dams, levees, flood walls, channels, culverts, and bank stabilization works. DEP [regulates mining](#) with a goal to minimize impacts to the environment while providing a climate that encourages economic growth, as well as a safe and healthy work environment for miners.

DEP oversees the permitting, inspection, and compliance of conventional and unconventional [oil and gas](#) wells and the construction of pipelines in Pennsylvania. It also responds to complaints from the public regarding water supplies that might be affected by oil and gas operations. In addition, the department oversees the plugging of wells that no longer serve their intended purpose.

STATE ETHICS COMMISSION

The mission of the State Ethics Commission is to promote public confidence in state and local government through its enforcement of the Ethics Act and related legislation.

The responsibilities of the commission include the investigation and adjudication of individuals engaging in conduct in violation of the Ethics Act, as well as rendering advisory opinions to present or former public officials and public employees (or their appointing authorities), regarding such individuals' duties and responsibilities under the Ethics Act. As part of its mission, the commission provides training and educational seminars to public officials and public employees at all levels of government. The commission also annually publishes and enforces compliance with the filing of Statement of Financial Interests forms by public officials and public employees as required by the Ethics Act. The commission has promulgated regulations to aid in executing its duties and responsibilities under the Ethics Act.

In addition to the Pennsylvania Public Official and Employee Ethics Act, the commission also maintains duties and responsibilities under the Lobbying Disclosure Law, which includes issuing advisory rulings and enforcing the filing provisions. Further, the commission has been delegated responsibilities for the Pennsylvania Race Horse Development and Gaming Act, the Video Gaming Act, the Medical Marijuana Act, and Act 114 of 2016 (State Horse Racing Commission).

Programs and Goals

Executive Direction: *To strengthen the faith and confidence of the people in their elected and appointed public officials and public employees through enforcement of the Ethics Act and related legislation.*

Program: Executive Direction

Goal: To strengthen the faith and confidence of the people in their elected and appointed public officials and public employees through enforcement of the Ethics Act and related legislation.

The Pennsylvania State Ethics Commission is an independent state agency charged with the responsibility of implementing and enforcing the Public Official and Employee Ethics Act. The Ethics Act applies to public officials, public employees, as well as candidates and nominees for public office. The commission’s responsibilities include the investigation and adjudication of violations of the Ethics Act as well as providing guidance to public officials and public employees regarding their duties and responsibilities under the Ethics Act through issuance of advisory opinions and educational seminars. Lastly, the commission is responsible for enforcing the filing and reporting of Statements of Financial Interests by all public officials and public employees.

In addition to those duties under the Ethics Act, the commission is also charged with responsibilities pursuant to the Lobbying Disclosure Law, including enforcement of the reporting and registration provisions as well as the investigation of actions by lobbyists, principals, and lobbying firms in violation of the law. Similar to its duties under the Ethics Act, the commission is also required to issue advisory opinions under the Lobbying Disclosure Law.

Pursuant to the Pennsylvania Race Horse Development and Gaming Act and the Video Gaming Act, the commission is vested with responsibilities which include the biennial publication of lists setting forth those officials and positions subject to provisions of the Gaming Act and issuing determinations as to whether particular persons would be subject to various prohibitions under the Gaming Act.

The commission’s duties under Act 16 of 2016, known as the Medical Marijuana Act, are similar to its duties under the Gaming Act. The commission is charged with biennially publishing a list of officials and positions subject to provisions of the Medical Marijuana Act as well as the issuance of determinations as to whether particular persons would be subject to various restrictions under the Act.

Lastly, Act 114 of 2016 assigned the commission the additional responsibility of publishing a list of all employment positions within the State Horse Racing Commission whose duties would subject those individuals to “revolving door/post-termination” restrictions as well as, upon request, making a determination as to whether individuals would be subject to the “revolving door/post-termination” restrictions.

Program: Recreational Fishing and Boating

Goal: To protect, conserve, and enhance the commonwealth's aquatic resources and provide fishing and boating opportunities.

Founded in 1866, the [Fish and Boat Commission](#) is charged with protecting, conserving, and enhancing the commonwealth's aquatic resources, including waterways, fish, reptile, and amphibian communities; and habitats of game and non-game species. From [stocking waterways](#) and [measuring the health of native animal populations](#) to patrolling lakes and [restoring habitats](#), the commission's employees strive to protect, manage, and restore the resources. High-quality streams, clean water, and good habitats ensure that the commission can carry out the other part of its mission - to provide recreational [fishing](#) and [boating](#) opportunities for both Pennsylvanians and out-of-state visitors.

The commission is governed by a [Board of Commissioners](#) whose ten members are appointed by the governor. The Boating Advisory Board, a group of knowledgeable boaters appointed by the governor, advises the commission on boating matters.

Program: Wildlife Management

Goal: To establish habitats and environments that will sustain wildlife populations for recreational uses and for the perpetuation of species.

The main responsibility of the [Game Commission](#) is the perpetuation of the species of wild birds and mammals found in Pennsylvania. The commission achieves its mission through wildlife research, management of wildlife habitat, operation of programs for endangered and threatened species, and enforcement of the [Game and Wildlife Code](#). State Game Wardens enforce the provisions of the Game and Wildlife Code and Title 58 of the Pennsylvania Code to protect the natural balance of the commonwealth’s wildlife population.

The primary means of ensuring the propagation and preservation of wildlife is properly managing land and wildlife habitats. The commission currently administers approximately 1.5 million acres of [State Game Lands](#) (Wildlife Management Areas) and is judiciously acquiring additional lands, including indentures, lands providing access into existing State Game Lands, and sensitive habitats for species of concern. The commission also administers cooperative programs to encourage Best Management Practices and habitat improvement by private landowners. Wildlife habitat assessment techniques are used to develop management plans. These assessments apply to all Pennsylvania state game lands, Hunter Access Cooperator properties, and other areas actively managed by the Game Commission.

The Pennsylvania Game Commission manages and protects 480 species of wild birds and mammals including game animals, such as deer, turkey, grouse, bear, and elk. Species that are not hunted (‘non-game’ or ‘Diversity’ species), including [endangered and threatened species](#), are also managed by the Game Commission.

Managing Diversity species involves monitoring their population trends, recommending changes to regulatory status, identifying and mitigating threats, improving habitats, and conducting research needed to support their long-term conservation. Collaboration with state, federal, and private partners is critically important to the commission’s mission, given the breadth of species and habitats occurring in the commonwealth.

Program: Gaming Regulation

Goal: To protect the interest of the public by ensuring the integrity of legalized gaming and supporting the objectives of legalized gaming in the commonwealth to deliver a significant source of revenue, assist the horse racing industry, provide broad economic opportunities, and enhance tourism.

To ensure the integrity of gaming in Pennsylvania, [Gaming Control Board](#) staff are present all day, every day, in the commonwealth's casino venues to document and investigate all patron complaints, identify potential regulatory violations, and ensure the proper collection, counting, and recording of gaming revenue in accordance with state law and board regulations.

The Bureau of Investigations and Enforcement ensures the integrity of the commonwealth's gaming industry and protects citizens' interests through enforcement and investigations. The Gaming Control Board also operates a gaming lab to test all gaming-related products to certify regulatory compliance for minimum design standards and the 85 percent minimum slot payback mandated by law. To assist problem gamblers in finding help and to heighten awareness of problem gambling, the Gaming Control Board maintains an [Office of Compulsive and Problem Gambling](#).

The Gaming Control Board promotes and ensures [diversity](#) in all aspects of the casino operations and works with the casino industry to maximize employment opportunities for all Pennsylvania residents.

The Gaming Control Board regularly monitors and reports the impact casino gaming has on the horse racing industry and establishes and maintains effective relationships with key industry stakeholders.

In addition, the Gaming Control Board is tasked with regulatory authority of satellite casinos, sports wagering, fantasy contests, video gaming terminals at truck stops, and interactive gaming pursuant to the enactment of [Act 42 of 2017](#).

Several state agencies provide support to the Gaming Control Board. The Department of Revenue manages a centralized computer system, which monitors the operation of all licensed gaming machines. The Pennsylvania State Police and the Attorney General provide criminal law enforcement oversight of the gaming industry.

Program: Facility, Property, and Commodity Management

Goal: To deliver customer-focused, timely, and reliable services in purchasing and managing surplus supplies; small and diverse business support; facility and real estate management; vertical design and construction; fleet management; insurance administration; communications, media, and marketing; and Capitol Police protection.

The [Department of General Services \(DGS\)](#) provides shared services to support the business operations of all agencies in the Commonwealth of Pennsylvania. With DGS assistance and oversight, its customers procure goods and services, obtain and renovate facilities, operate vehicles efficiently, and create workspaces that are clean, safe, and comfortable. DGS also handles insurance claims, collects and distributes surplus property, and provides police and security services for commonwealth owned or operated facilities. These services benefit not only state agencies, but local governments, nonprofit organizations, and the public.

Property and Asset Management

The [Bureau of Facilities Management](#) provides building management and maintenance services for 20 state-owned office buildings in and around Harrisburg, including the Capitol Complex and governor's executive residence, as well as for leased buildings. Outside of the Harrisburg area, the bureau operates the Scranton and Reading state office buildings.

The [PA Capitol Police](#) is an accredited law enforcement agency with full arrest powers that investigates all reported crimes within the jurisdiction of state-owned properties and buildings in Harrisburg and Scranton. They maintain a 24/7 presence in Harrisburg, where assistance is also provided to the City of Harrisburg Police Department and other surrounding local law enforcement agencies.

The [Energy and Resource Management Office](#) facilitates Guaranteed Energy Saving Act (GESA) projects for owned facilities across the commonwealth as well as the operation and maintenance of high voltage, HVAC, and plumbing equipment located in Harrisburg facilities.

The [GreenGov Council](#) is co-chaired by the Secretaries of the Departments of General Services, Environmental Protection, and Conservation and Natural Resources and encourages the incorporation of environmentally sustainable practices into the commonwealth's policy, planning, operations, procurement, and regulatory functions. The council works with state agencies to achieve the energy efficiency and performance goals established in [Executive Order 2019-01](#).

Public Works

[Public Works](#) is comprised of the Bureaus of Capital Projects Planning and Procurement, Capital Projects Design Management, Capital Projects Construction, and Workplace Operations. Collectively, these bureaus manage every aspect of planning, design, bidding, and construction of the commonwealth's non-highway capital projects.

Procurement

The [Bureau of Procurement](#) contracts for services, information technology, equipment, and supplies for the commonwealth and establishes procurement policy for all state agencies.

The bureau also administers the commonwealth's cooperative purchasing program known as [COSTARS](#), through which more than 9,200 registered and eligible local public procurement units (members) are able to use state contracts under the [Commonwealth Procurement Code](#).

The [Bureau of Vehicle Management](#) provides transportation services to all state agencies, managing a fleet of over 11,000 passenger vehicles. The bureau manages all maintenance and repairs and works with repair vendors to reduce the overall fleet maintenance cost.

The [Bureau of Supplies and Surplus Operations](#) administers both [State](#) and [Federal](#) Surplus Property Programs. The State Surplus Property Division sells property no longer used by commonwealth agencies, boards, and commissions to the general public through on-site and online auctions. Federal surplus property is donated to state agencies, local municipalities, nonprofit organizations, and law enforcement entities for a nominal service charge.

Diversity, Inclusion, and Small Business Opportunities

The [Bureau of Diversity, Inclusion, and Small Business Opportunities](#) implements programs and policies that promote contracting opportunities for small, diverse and small businesses. They assist small and diverse businesses in navigating the state contracting process, completing certification requirements, and ensuring contract compliance. The bureau is also an active partner to other agency programs that provide support services and training to small and small, diverse businesses.

Program: Facility, Property, and Commodity Management, continued

Administration

The [Bureau of Publications](#) provides a wide range of mail, custom print, and design services to agency customers across the enterprise including variable data print-to-mail and mail presort services. The bureau also hosts an online storefront, [PAPublisher](#), through which agency customers can order personalized products. The bureau also provides direct distribution, eliminating an agency's need to print and store large quantities of product. The bureau also produces [The Pennsylvania Manual](#) and the [Commonwealth Telephone Directory](#).

The [Bureau of Real Estate](#) is responsible for the purchase, sale, and lease of real property and the management of property owned and leased by the commonwealth. This includes 600 facility leases for the Pennsylvania Liquor Control Board and over 500 leases on behalf of other commonwealth agencies, including commercial, office, warehouse, and hangar space. The bureau manages over 14 million square feet of space, analyzes requests for space optimization, and allocates space to departments, boards, and commissions in state-owned and leased facilities. The bureau maintains an inventory of facility and building information and manages the [Master Parking Lease in Harrisburg](#). The bureau acquires real property for capital projects and disposes surplus real property owned by the commonwealth.

The Bureau of Finance and Risk Management protects and maintains the financial integrity of the commonwealth's assets and uses risk treatment strategies to manage the commonwealth's liability relative to state-operated vehicles, medical professionals, personal property, commonwealth real estate, and other areas of significant risk. In addition, the bureau administers the commonwealth's [Line of Duty Death Benefits](#) programs and consults with agencies regarding coverage, safety and loss control, and evaluation of planned activities or courses of action for potential loss exposure. When claims occur, the bureau efficiently investigates, negotiates, settles/denies, and/or subrogates claims.

[Commonwealth Media Services \(CMS\)](#) provides studio and remote broadcast television services, fixed and remote satellite uplinking, web animation and graphics, marketing campaign strategy and development services, and a full range of creative services. CMS services are designed to assist agencies in developing a portfolio of media strategies to communicate program information to customers, and more broadly, to the taxpayers of Pennsylvania. They also provide support for media archiving and the state's cable system infrastructure. As the commonwealth continues to grow its presence on social media, they work closely with agencies to deliver up-to-date content and creative messaging solutions.

The DGS Office of Business Transformation collaborates with department bureaus to deliver greater value to customer agencies. The office creates effective business processes, visible management systems, and uses a healthy government framework to foster strategic decisions and increase efficiency and effectiveness. Finally, as one of the Office of Performance Through Excellence's designated Lean model agencies, the office serves as a point of contact to help shape the commonwealth-wide approach to Lean adoption and implementation.

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

GENERAL FUND:

General Government Operations		Capitol Police Operations	
\$ 1,200	—to replace nonrecurring benefits cost reduction.	\$ 334	—to replace nonrecurring benefits cost reduction.
2,515	—to continue current program.	<u>1,303</u>	—to continue current program.
2,944	—Initiative—to provide resources to support efficient and effective service delivery.	\$ 1,637	<i>Appropriation Increase</i>
<u> </u>			
\$ 6,659	<i>Appropriation Increase</i>		
Child Care Reimagined		Rental, Relocation, and Municipal Charges	
\$ 30,000	—Initiative—to provide access to high-quality, low-cost childcare for commonwealth employees.	\$ 551	—to continue current program.
			Utility Costs
		\$ 767	—to continue current program.

DEPARTMENT OF HEALTH

The mission of the Department of Health is to promote healthy behaviors, prevent injury and disease, and to assure the safe delivery of quality health care for all people in Pennsylvania.

To accomplish this mission, the department works collaboratively with public and private community partners to facilitate the development of an effective public health system. The department licenses and regulates a variety of health facilities and provides outreach, education, prevention, and treatment services. Community-based groups receive grants to provide essential services to the commonwealth's citizens including programs for women and children, nutrition, immunization, diagnosis and treatment of certain blood and communicable diseases, and cancer control and prevention.

Programs and Goals

Health Support Services: *To provide effective administration and support systems through which the substantive programs of the health delivery system and the department can be achieved.*

Health Research: *To develop better basic scientific knowledge of the nature of disease, illness, and the environment, which will improve the use of existing and new health resources.*

Preventive Health: *To reduce morbidity and mortality through the early detection of disease and health defects and the promotion of sound health practices and remedial care.*

Health Treatment Services: *To maximize the individual's capacity for independent living through the provision of an array of service and support programs.*

Program: Health Support Services

Goal: To provide effective administration and support systems through which the substantive programs of the health delivery system and the department can be achieved.

Health Support Services provide the policy direction, management, and administrative systems required to implement, maintain, and monitor the substantive programs of the department.

The [Department of Health](#) provides identification, surveillance and investigation, outbreak response, and epidemiologic assessment of health problems that may include communicable diseases, environmental conditions, occupational hazards, infection control, and health risk behaviors. Guidelines and recommendations are issued for prevention and control of these diseases along with professional consultation and technical support to health care providers and institutions, other agencies, county health departments, and local municipalities.

The [Prescription Drug Monitoring Program](#) helps prevent prescription drug abuse and protect the health and safety of our community by [monitoring](#) filled prescriptions for controlled substances. This information helps health care providers safely prescribe controlled substances and helps patients get the treatment they need.

The department conducts [surveys and inspections](#) of various health care facilities and providers to determine compliance with state and federal standards and regulations, and in some circumstances, as a condition of receiving federal Medicare and Medicaid financial support. The surveys determine compliance with various standards including sanitation, fire safety, health, and level of care.

The [Indoor Tanning](#) Regulation Act requires all indoor tanning establishments to register with the department, display proper safety signage, and meet the established training requirements for staff. The act authorizes the department to inspect indoor tanning facilities.

The [Healthcare-Associated Infection Prevention/Antimicrobial Stewardship Program](#) supports hospitals, long-term care facilities, and ambulatory surgical facilities in reducing the occurrence of healthcare-associated infections through implementing effective identification and reporting; reviewing and approving individual facility infection control plans; developing best practices for monitoring, surveillance and response; and maintaining a reporting program that will establish benchmarks and monitor performance in hospitals and nursing care facilities.

The Department of Health [Bureau of Laboratories](#) operates the state public health lab and regulates clinical laboratories serving the citizens of Pennsylvania. The laboratory supports disease prevention through the provision of investigatory, diagnostic, and confirmatory testing, as well as related consultation for both infectious and non-infectious diseases. Routine testing provides information necessary for patient care and aids in monitoring ongoing public health concerns in Pennsylvania. The state public health laboratory performs approximately 200,000 tests each year, including 3,000 rabies, 2,200 foodborne disease, and 1,500 influenza tests. Tests are also performed for diseases or conditions such as COVID-19, measles, mumps, meningitis, tuberculosis, botulism, Lyme disease, and the presence of drugs, alcohol, and lead. The state public health laboratory is an integral part of preparedness and response throughout the commonwealth. The bureau licenses more than 10,000 laboratories, including independent labs and labs located within hospitals and physicians' offices, establishes performance standards, and monitors compliance through onsite inspections. The bureau administers proficiency testing programs to monitor Pennsylvania laboratories' abilities to perform testing for blood lead, erythrocyte protoporphyrin, alcohol, and drugs of abuse.

Program: Health Support Services, continued

Facility Counts and Inspection Frequency				
Facility Type	Frequency	# of Licensed Facilities		
		2019-20	2020-21	2021-22
Abortion facilities	Inspected annually	16	16	16
Acute care hospitals	Surveyed and licensed on a three-year cycle	215	196+	196+
Ambulatory surgical facilities (class B and C)	Inspected annually	327	320	320
Birth centers	Inspected annually	5	5	5
End-stage renal disease facilities	One-third of facilities are surveyed annually	329	329	333
Home care agencies	Onsite inspection every three years; written surveys other two years	2,526	2,968	3,689
Home health agencies	Onsite inspection every three years; written surveys other two years	570	581	599
Hospice agencies	Onsite inspection every three years; written surveys other two years	182	180	184
Intellectual Disabilities - Intermediate Care Facilities	Surveyed annually	169	170	164
Nursing homes	Inspected annually	699	695	688
Pediatric extended care centers	Surveyed annually	15	16	16

Note: Based on data counts of licensure and surveys completed prior to licensure expiration by facility type.
 + There are an additional 45 hospitals that are called campuses and part of one of the 196 licensed hospitals.

Program: Health Research

Goal: To develop better basic scientific knowledge of the nature of disease, illness, and the environment, which will improve the use of existing and new health resources.

The department is responsible for coordinating the collection, analysis, and dissemination of health data, [statistics](#), and information. The department prepares annual [health reports](#) that are available on the department's website along with the [Enterprise Data Dissemination Informatics Exchange \(EDDIE\)](#), an interactive health statistics tool.

The department also maintains a central repository for more than 23.5 million records of [births, deaths, and other vital statistics](#) that occur in the commonwealth. Through automation of this operation, all Pennsylvania birth records from 1921 to the present are available through the department's computer system at the central office and all branch offices. The system processes more than 500,000 requests annually for certified copies of birth and death records. This system assists in the detection of fraudulent record usage, child support enforcement, and the reporting of missing children. Birth and death records are stored digitally or on microfilm for preservation and are available for retrieval if required. Birth certificate requests have increased due to federal homeland security requirements for enhanced verification for boarding a domestic commercial flight or entering a federal building.

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

	Vital Statistics			Bio-Technology Research
\$	(100)	—to reflect change in other revenue.	\$	(8,550)
				—program elimination.
	Gene Therapy Research			
\$	5,000	—Initiative—to support gene therapy research.

Program: Preventive Health

Goal: To reduce morbidity and mortality through the early detection of disease and health defects and the promotion of sound health practices and remedial care.

A key to the promotion of sound health practices is ensuring that all Pennsylvanians can access and utilize a range of preventive health and early disease detection [services](#).

The department provides public health services through its network of district offices, [state health centers](#), [county and municipal health departments](#), community-based organizations, and public health clinical providers. These programs include communicable disease tracking and prevention; investigation, intervention, and control services for public health concerns; family health and chronic disease prevention, assessment, and intervention services; and special environmental health services. County and municipal health departments also provide a range of individual and environmental public health services in their jurisdictions and these services are funded through grants and contracts awarded by the department.

Women and Infant Programs

The department combines home visiting programs, CenteringPregnancy programs, and innovative inter-conception care to support mothers and babies to improve pregnancy outcomes, reduce infant mortality, and improve child development.

To minimize severe health risks to infants, the department administers a [newborn screening and follow-up program](#). The department ensures appropriate follow-up services for all newborns with abnormal or inconclusive test results. In addition, these newborns and their families are connected with treatment specialists who conduct diagnostic testing and coordinate the required care.

The department facilitates several programs designed to help improve the health status of women. The [Breast and Cervical Cancer Early Detection Program](#) provides digital and 3D mammograms, ultrasounds, MRIs, and biopsies to detect breast cancer for women ages 40 to 64; and provides Pap tests, human papillomavirus (HPV) tests, and biopsies to detect cervical cancer for women ages 21 to 64. Those diagnosed with cancer are referred to the Department of Human Service's treatment program. Clients must have an income less than 250 percent of the federal poverty guidelines, meet gender requirements, be uninsured or underinsured, and live in Pennsylvania.

State health center community health nurses conduct public educational programs and participate in local advisory teams that focus on identifying and addressing trends in injuries and deaths and improving the health and safety of women, infants, and children.

The department administers the federally funded Special Supplemental Nutrition Program for Women, Infants, and Children ([WIC](#)). WIC serves pregnant, breast-feeding, and postpartum women, infants, and children up to five years of age who are at risk due to medical conditions and/or inadequate diet and low income. The program supplies supplemental foods that are rich in nutrients frequently lacking in the diets of the target population.

The department runs a [Maternal Mortality Review Committee \(MMRC\)](#) who reviews maternal deaths and examines factors that led to the death. The goal of the MMRC is to determine if the death is related to the pregnancy and if it could have been prevented.

Children's Programs

The department's federally funded immunization program supplies vaccines to infants, children, and adolescents to reduce the incidence of vaccine-preventable diseases in the commonwealth. The program supports the surveillance of vaccine-preventable diseases; provides consultation during disease outbreaks; assesses childhood immunization levels; conducts professional and public education programs; and initiates, processes, and evaluates childcare and school immunization reporting. In addition, the program provides guidance to school districts to keep children healthy in school and to minimize the chance of disease outbreaks. Local state health centers conduct educational programs for the public and providers to prevent disease by improving immunization rates and during epidemiological investigations, to prevent and decrease disease transmission.

The department addresses [lead poisoning](#) prevention, education, and surveillance through a variety of federally funded activities. The Lead Hazard Control Program seeks to identify, control, and eliminate lead-based paint hazards in homes of eligible families. The department conducts surveillance of childhood blood lead levels to identify trends in communities or populations that are disparately affected. State health center staff provide education to parents and case management services for children under the age of 7 with elevated blood lead levels. In addition, the Childhood Lead Poisoning Prevention Program provides education and training to families, communities, contractors, and healthcare providers to promote lead poisoning prevention in children under the age of 6 and blood lead testing.

Program: Preventive Health, continued

The [School Health Program](#) supports health services for all children who are attending elementary or secondary school, either public or private. The program reimburses 500 school districts, 160 charter schools and 10 vocational technical schools for a portion of the costs associated with providing school nursing and dental services. State health center nurses offer technical assistance and recommendations to school officials during investigation of disease in students and staff.

Other Health Promotion and Disease and Injury Prevention Programs

The department promotes appropriate adult immunizations by providing information to community-based and public organizations. Vaccines are also made available to uninsured and underinsured adults through state health centers, county and municipal health departments, and federally qualified and rural health clinics. The state health center nurses offer immunizations to eligible individuals and public health education at local events. The department ensures that all residents of the commonwealth are served through an infectious disease epidemiological surveillance, investigation, and control system. Reported cases of infectious diseases are investigated to determine the infection source, transmission mode, and control measures needed to prevent additional cases.

Chronic disease remains one of the leading causes of preventable and premature deaths in the commonwealth. The hepatitis C testing program affords at-risk individuals testing and education on prevention control measures. The department's HIV program employs a coordinated and integrated strategy to prevent, test, link, treat, and engage/retain individuals across the continuum of HIV prevention and care services. In collaboration with the Bureau of Epidemiology, the HIV program conducts disease investigations and contact elicitation interviews.

The goal of the [Sexually Transmitted Diseases \(STD\) Program](#) is to prevent STDs and their complications. The STD Program supports a statewide network of clinical service sites that offer testing, treatment and risk-reduction information, and conducts contact elicitation interviews and related investigative services.

The goal of the [Tuberculosis \(TB\) Program](#) is to reduce the incidence of TB and provide outpatient examination, diagnosis, and appropriate treatment for persons with TB disease and infection.

State health centers offer public STD, HIV, and TB testing clinics, community outreach, and provider education relating to the prevention of these communicable diseases in the community.

The department works with health care providers, commercial and public insurance payers, consumers, and the Centers for Medicare and Medicaid Services to transform the way patient care is managed, coordinated, and delivered in rural health care settings. The innovations will lead to improved health outcomes while reducing the cost of care.

The [Tobacco Prevention and Control Program](#) seeks to control the epidemic of disease, disability, and death related to all forms of tobacco use. Activities include community programs; counter marketing to prevent the initiation of tobacco use by youth; cessation programs, including a [Quitline](#), to help Pennsylvanians quit tobacco use; awareness education; and community outreach to protect non-smokers from secondhand smoke. The department provides for education and enforcement of the [Clean Indoor Air Act](#), which prohibits smoking in most public places.

The department continues its initiative to prevent tick and mosquito transmitted infections, including [Lyme disease](#), Zika virus, and West Nile virus. State health center community health nurses provide educational programs on the prevention of mosquito and tickborne diseases.

As part of the commonwealth's continued efforts to combat the heroin and [opioid epidemic](#), the department continues efforts to increase the availability of naloxone to Pennsylvanians. This includes working both internally and with other state agencies on access to naloxone through initiatives such as NaloxBox, pricing of naloxone, and examining usability of other naloxone types. Public awareness and education campaigns seek to improve knowledge around the use and availability of naloxone. Under the authority of the Controlled Substance, Drug, Device, and Cosmetic Act, the department issued and has updated, a standing order to enable any eligible person to obtain a prescription of [naloxone](#) – a medication that can reverse an opioid overdose. The [Opioid Data Dashboard](#) provides county level data for the public and highlights prevention, rescue, and treatment efforts. The dashboard also includes community impact information, which looks at the impact of the opioid epidemic on families and children, related diseases, such as HIV and hepatitis C, the economy, and the criminal justice system. The department also encourages prescribers to follow opioid prescribing guidelines developed and adopted by the medical boards.

The department manages the following federally funded programs that also support health promotion and injury prevention activities:

[Cancer prevention and control](#) programs work to prevent cancer, improve early diagnosis, reduce cancer incidence, and provide a better quality of life for Pennsylvanians dealing with the effects of cancer.

The [Oral Health](#) program assesses the status of the oral health of state residents, then plans and implements strategies and programs to improve oral health. The program promotes awareness of the need for good oral health by providing technical assistance to state and local partners to implement oral health evidence-based interventions and by fostering policy, environmental, and systems change. The program also promotes the beneficial health effects of fluoridation of public water systems.

Program: Preventive Health, continued

The [Diabetes Prevention Program](#), [Heart Disease and Stroke Prevention Program](#), and [Obesity Prevention and Wellness Program](#) work collaboratively to promote healthy, active lifestyles in communities, health care systems, schools, early care and education centers, and worksites. These changes support the development of healthy environments that encourage positive behaviors to reduce and control diabetes and hypertension, and to prevent heart disease, obesity, stroke, and related chronic diseases and conditions.

The [Asthma Control Program](#) provides education and information to persons with asthma, caregivers, and health professionals that support the identification of triggers and self-management of asthma.

The [Violence and Injury Prevention](#) program is designed to reduce the incidence of intentional and unintentional injuries, as well as violence and injury-related fatalities, through a data driven approach utilizing evidence-based educational programs for at-risk populations and training of health professionals. The department provides funding to organizations to support safer communities by addressing childhood injuries, motor vehicle safety, fall prevention among older adults, traumatic brain injury, suicide prevention, and adverse childhood experiences prevention.

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

	Health Innovation			Local Health Departments
\$ 21	—to continue current program.		\$ 1,417	—to continue current program.
			7,214	—Initiative—to restore support to local health departments.
	State Health Care Centers			<i>Appropriation Increase</i>
\$ 504	—to replace nonrecurring benefits cost reduction.		\$ 8,631	
308	—to continue current program.			
\$ 812	<i>Appropriation Increase</i>			Local Health - Environmental
			\$ 136	—to continue current program.
	Sexually Transmitted Disease Screening and Treatment			Maternal and Child Health Services
\$ 136	—to continue current program.		\$ 58	—to reflect change in federal earnings.

Program: Health Treatment Services

Goal: To maximize the individual's capacity for independent living through the provision of an array of service and support programs.

Health Treatment Services

The department is responsible for coordinating a variety of specialized medical services for commonwealth patients.

The [Chronic Renal Disease Program \(CRDP\)](#) provides care and treatment for eligible adults with end-stage renal disease. The CRDP assists with costs related to dialysis services, renal transplantation, medications, medical management, inpatient and outpatient services, home dialysis supplies and equipment, and transportation services.

The Specialty Care Program provides children and adults with a variety of services for certain health conditions including cystic fibrosis, Cooley's anemia, hemophilia, sickle cell, spina bifida, and home ventilator care for children with chronic respiratory failure. Services include increased client engagement, increased system functionality, development of peer supports, access to mental health screenings, and rehabilitative services, including pharmaceuticals and blood products. In a joint effort to improve utilization of state funds, individuals who are potentially eligible for Medical Assistance or the Children's Health Insurance Program are referred to those programs.

Specialty Care Programs	
Program	Minimum Receiving Treatment*
Referrals to treatment for metabolic conditions	206
Renal disease	6,539
Sickle Cell disease	1,943
Hemophilia	2,401
Cooley's Anemia	80
Spina Bifida	1,206
Cystic Fibrosis	1,246
Services for children with special needs (home ventilators)	113

* Reflects only state funding and based on 2020-21 data counts of children and adults receiving services through department-supported programs.

The department is the lead agency for the commonwealth's [Emergency Medical Services \(EMS\)](#) system. This includes planning, coordinating, developing, implementing, and evaluating the statewide EMS system (including emergency preparedness and response) through regional councils with advice and support from a statewide advisory council. Oversight of compliance with regulations, development and implementation of statewide EMS treatment protocols, naloxone use and programs, and implementation of the pre-hospital "Do Not Resuscitate" program are managed through the department as well.

The [Head Injury Program](#) provides case management services and post-acute head injury rehabilitation services to individuals with traumatic head injury. Services are provided through contractual agreements with head injury rehabilitation providers in the commonwealth. Funding is made available through the Emergency Medical Services Operating Fund.

The department oversees the commonwealth's [Medical Marijuana Program](#). Patients with an eligible serious medical condition have access to medical marijuana products through a safe and effective delivery method that balances the patient's need for access to the latest treatments along with the patient's care and safety. The department provides resources and information for patients and caregivers, growers/processors, dispensaries, physicians, laboratories, and clinical research.

HEALTH CARE COST CONTAINMENT COUNCIL

The mission of the Pennsylvania Health Care Cost Containment Council is to empower purchasers of health care benefits with information that can be used to improve quality and restrain costs.

The council is charged with collecting, analyzing, and reporting information that can be used to improve the quality and restrain the cost of health care in the commonwealth. The council provides purchasers of health care benefits and other stakeholders with information they can use to improve quality and restrain costs. The council is governed by a 30-member board of directors, representing business, labor, consumers, health care providers, insurers, and state government.

Programs and Goals

Health Care Reporting: *To facilitate the continuing provision of quality, cost effective health services throughout the commonwealth by providing current data and information to the purchasers, providers, insurers, policymakers, and consumers of health care services.*

Program: Health Care Reporting

Goal: To facilitate the continuing provision of quality, cost effective health services throughout the commonwealth by providing current data and information to the purchasers, providers, insurers, policymakers, and consumers of health care services.

The [Pennsylvania Health Care Cost Containment Council \(PHC4\)](#) is an independent state agency established by [Act 89 of 1986](#) and reauthorized most recently by [Act 15 of 2020](#). It is governed by a 30-member board that represents health care purchasers (business and labor), consumers, health care providers, insurers, health economists, members of the Pennsylvania General Assembly, and state government.

PHC4 uses advanced statistical and research methodologies, including the use of risk-adjusted data which accounts for the severity of patient illness and other risk factors to produce [reports](#) on common illnesses that affect Pennsylvanians. Publicly reported medical costs and outcomes not only help improve patient care, but also help consumers make informed choices about where to seek medical treatment.

Data from nearly 5 million inpatient and outpatient records from Pennsylvania hospitals and ambulatory surgery centers are collected by the council each year. The data, which include detailed financial information about hospitals and surgery centers, are verified and shared with the public through [free public reports](#). The council has collected and utilized payment data from Medicare, Medicaid, and commercial health insurance plans to create reports. Updating and expanding an interactive consumer friendly online database focused on localized hospitalization data at the county level is also a priority for PHC4.

Program Recommendations:

HISTORICAL AND MUSEUM COMMISSION

The mission of the Pennsylvania Historical and Museum Commission is to discover, protect, and share Pennsylvania's past, inspiring others to value and use our history in meaningful ways.

Programs and Goals

State History: *To manage and safeguard Pennsylvania's historic resources through a comprehensive history, archives, and museum program focused on the preservation, study, and interpretation of all areas of Pennsylvania history, providing exhibits and programs to share this history with learners of all ages.*

Museum and Community Assistance: *To assure preservation and accessibility of Pennsylvania's rich heritage through representative artifacts, specimens of history, historic documents, buildings, art, and science for all citizens through the support of museums and historical sites within the commonwealth.*

Program: State History

Goal: To manage and safeguard Pennsylvania's historic resources through a comprehensive history, archives, and museum program focused on the preservation, study, and interpretation of all areas of Pennsylvania history, providing exhibits and programs to share this history with learners of all ages.

The [Pennsylvania Historical and Museum Commission \(PHMC\)](#) is the commonwealth's official history agency. The responsibilities of the PHMC are rooted in the Pennsylvania Constitution and are further defined in the History Code and the Administrative Code.

Executive Direction and Administration

This program provides general policy and direction for administering the commission's operations and ensuring the direction of each program is focused on meeting the agency's mission and strategic goals. It includes legislative, marketing, public relations, procurement, preservation of historic sites and museums, financial grant administration, fiscal and revenue management, and other support services.

State and Local Records

This program supports the operation of the [State Archives](#) and the [State Records Center](#). The State Archives is responsible for identifying, acquiring, preserving, and providing public access to the valuable and historical records created by government. This responsibility extends to the [preservation of electronic records](#) and to the use of technology to facilitate public access, which included over six million in-person and online visitors last year. The State Archives maintains and preserves deeds and other property records, state laws, maps, photographs, official minutes of boards and commissions, reports, and selected case and program files that document the significant activities of Pennsylvania's government. The State Records Center is the official repository for inactive records that must be maintained temporarily by state agencies for administrative, fiscal, or legal purposes.

This program also administers state executive branch and local government records management programs and provides other services to state and local government offices. These services include preparation of records retention schedules, approval of records disposal requests, promulgation of standards for retention of records in different storage media, and providing training and technical assistance to records custodians in order to increase efficiency, lower costs, and protect essential records from catastrophic loss.

Historic Site and Museum Operations

This program supports the operation of [25 historic sites and museums](#) throughout the commonwealth that are open to the public, in addition to the [State Museum of Pennsylvania](#). PHMC's historic sites and museums engage and educate visitors using collections and exhibition programs, living history, and other types of tours to explore Pennsylvania's cultural and natural history. The program utilizes public-private partnerships with associate organizations at each site and museum to further provide for the interpretation of these significant properties. Facility development, educational programming, and collections management and conservation of nearly nine million historical artifacts, fine arts objects, and natural history specimens are all part of the activities of Historic Site and Museum Operations. The program maintains and preserves 351 buildings and 1,986 acres across the commonwealth.

In addition, at several additional sites, the Historic Site and Museum Operations program supports a property management and lease program effected through cooperative agreements with management groups, for-profit, and not-for-profit organizations to operate, maintain, and utilize historic sites, buildings, and agricultural lands under the custody of the commission.

Historic Preservation

PHMC's [State Historic Preservation Office \(SHPO\)](#) administers several federal programs created by the National Historic Preservation Act of 1966, in addition to many state programs authorized under the Pennsylvania History Code. The SHPO's work is guided by federal and state regulations and Pennsylvania's historic preservation plan. This program is responsible for providing information, education, training, and technical assistance to all Pennsylvanians about historic preservation and various incentives to protect, maintain, and reuse historic properties; advising federal and state agencies and local governments in matters of historic preservation; maintaining Pennsylvania's inventory of historic properties; identifying and nominating properties to the [National Register of Historic Places](#); and managing the Pennsylvania Historical Marker Program. This program also administers several [grant programs](#) including the Keystone Historic Preservation Grant Program; works with property owners on [state](#) and [federal](#) historic tax credits; and partners with other agencies and organizations to promote the architectural and archaeological resources of the commonwealth.

Historical and Museum Commission

Program: State History, continued

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

General Government Operations	
\$ 377	—to replace nonrecurring benefits cost reduction.
743	—to continue current program.
709	—for utility and maintenance costs of new archives building.
\$ 1,829	Appropriation Increase

Appropriations within this Program:

* Activity reduced due to COVID-19 closing of PHMC-owned sites and museums.

Program: Museum and Community Assistance

Goal: To assure preservation and accessibility of Pennsylvania’s rich heritage through representative artifacts, specimens of history, historic documents, buildings, art, and science for all citizens through the support of museums and historical sites within the commonwealth.

Incentives for Historic Preservation

PHMC distributes more than \$4 million in grant funds to cultural institutions and historic properties across the state. These grants benefit local communities, helping to preserve their heritage, revitalizing neighborhoods, towns and cities, and increasing quality of life for Pennsylvanians. The program is administered by the SHPO across three major components: the Certified Local Government Grant Program; the Cultural and Historical Support Program; and the Keystone Recreation, Park, and Conservation Fund Program. PHMC also provides special funding opportunities with grants for historic and archival records, various federal grant programs, and administers federal and state historic tax credit programs.

The [Certified Local Government \(CLG\) Grant Program](#) awards are given to CLGs to help municipalities with a wide array of heritage preservation activities. CLG grants support cultural resource surveys, national register nominations, historic preservation planning, training, pooling grants, and third-party administration. There are currently 45 CLGs in Pennsylvania.

The [Cultural and Historical Support Program](#) awards grants to eligible museums and official county historical societies in Pennsylvania. The goal of this program is to strengthen Pennsylvania’s cultural, historical, and museum community by supporting the general operations of eligible museums and official county historical societies that are not supported by other state agency funding programs.

The [Keystone Historic Preservation Planning Grants](#) and [Keystone Historic Preservation Construction Grants](#) are available to Pennsylvania non-profit organizations and public agencies that operate a publicly accessible historic property listed in, or eligible for, the National Register of Historic Places or to organizations that operate a contributing historic property in a listed or eligible National Register Historic District.

The [Historical and Archival Records Care Grants Program](#) provides funding to improve the preservation and accessibility of historically valuable records to archival institutions across the commonwealth. The grants are administered on a competitive basis and funding for the awards is for two years.

[Federal Tax Credits](#) and [State Tax Credits](#) are available for the rehabilitation of historic, income-producing buildings that are determined to be “certified historic structures” and where the rehabilitation work complies with the [U.S. Secretary of the Interior’s Standards for Rehabilitation](#).

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

Cultural and Historical Support is recommended at the current year funding level.

DEPARTMENT OF HUMAN SERVICES

The mission of the Department of Human Services is to assist Pennsylvanians in leading safe, healthy, and productive lives through equitable, trauma-informed, and outcome-focused services while being an accountable steward of commonwealth resources.

Programs and Goals

Human Services Support: *To provide effective administrative and support systems through which the substantive programs of the department can be operated.*

Medical Assistance and Health Care Delivery: *To support a health care delivery system that provides comprehensive health care services in appropriate settings for the eligible populations.*

Long-Term Living: *To support a community living system that empowers persons with disabilities and older Pennsylvanians to live with dignity and independence in settings they prefer, to provide meaningful choice of community living services, and to ensure that those services are delivered in a high-quality, cost-effective manner.*

Income Maintenance: *To promote personal and parental responsibility and encourage economic independence and self-sufficiency through temporary cash assistance, job training, child care for families or individuals, and nutrition support services.*

Mental Health and Substance Abuse Services: *To maximize the individual's capacity for independent living through the provision of an array of service and support programs.*

Intellectual Disabilities/Autism: *To support Pennsylvanians with developmental disabilities and their families to achieve greater independence, choice, and opportunity in their lives.*

Human Services: *To enhance the social and economic well-being of families and individuals through the provision of an array of service and support programs.*

Child Development: *To promote opportunities for all Pennsylvania children and families by building systems and providing supports that help ensure access to high-quality child and family services.*

Program: Human Services Support

Goal: To provide effective administrative and support systems through which the substantive programs of the department can be operated.

The [Department of Human Services \(DHS\)](#) provides support management and the administrative systems necessary to implement, maintain, and monitor critical programs.

Information systems support the management of human services by providing timely and accurate information that enables the integration of numerous client services and tracks individual progress toward self-sufficiency. The continued creation and expansion of web-based applications allows for more online services and efficient maintenance of common client and provider databases, as well as case management systems, for use across programs.

The [Medical Assistance \(MA\) third-party liability program](#) is also included as part of Human Services Support. The recovery of MA dollars, which have been paid either incorrectly or correctly, is ongoing and occurs where other funding sources have become available or there is a requirement to recoup expended funds.

The program strives to ensure the health, safety, and well-being of Pennsylvanians who are vulnerable due to age or disability by [inspecting, licensing, and otherwise regulating](#) residential settings and other services that support them. Responsibilities include the oversight and administration of the various licensing statutes, regulations, and policy to protect the populations living or receiving services in licensed facilities.

Human Services Support also includes the administration of the Adult Protective Services program to safeguard the rights and protect the well-being of adults who lack the capacity to protect themselves.

Program Recommendations:

Program: Medical Assistance and Health Care Delivery

Goal: To support a health care delivery system that provides comprehensive health care services in appropriate settings for the eligible populations.

Pennsylvania's [Medical Assistance \(MA\)](#) program provides access to comprehensive physical and behavioral health care services for low-income individuals and families. The [Children's Health Insurance Program \(CHIP\)](#) provides free or low-cost health insurance coverage to uninsured children whose families earn too much to qualify for MA, but who could not afford to purchase private insurance. Beginning April 2015, Pennsylvania expanded Medicaid to include individuals up to 138 percent of the federal poverty level. Medicaid expansion resulted in coverage of over 1 million previously uninsured individuals through the MA program.

Medical Assistance – Capitation

Health care services for most MA recipients are provided through managed care organizations (MCOs) utilizing a per member per month rate per recipient enrolled. MCOs emphasize outpatient preventive health services and care management as a means of improving health outcomes and controlling costs. The coordinated approach allows enhanced continuity of care, improves recipients' access to primary care and specialized behavioral health programs, provides strengthened oversight of operational standards, and facilitates efficient utilization of limited health care resources.

Pennsylvania's mandatory managed care program is known as [HealthChoices](#). The [Physical Health \(PH\) managed care services](#) for a majority of MA recipients are administered by the Office of Medical Assistance Programs. The program is managed to emphasize quality, access, and value for the funds that are expended. The program is provided through grant agreements with eight risk-based MCOs in five geographic zones. PH-MCO enrollees receive medically necessary physical health services, which include inpatient, outpatient, primary care, pharmaceuticals, home health, dental, and vision services.

[Community HealthChoices \(CHC\)](#) is a mandatory managed care program for individuals dually eligible for Medicare and Medicaid and individuals with physical disabilities. CHC, which is administered by the Office of Long-Term Living, covers the physical health benefits, home and community-based services, and nursing facility services for the enrolled population. The [HealthChoices Behavioral Health \(BH\)](#) program, administered by the Office of Mental Health and Substance Abuse Services, is provided through contracts with counties who utilize an independent BH-MCO or through contracts directly with BH-MCOs. Services provided include psychiatric inpatient treatment, partial hospitalization, psychiatric outpatient services, Early Periodic Screening Diagnosis and Treatment services for children, case management, drug and alcohol detoxification, rehabilitation services, mobile mental health treatment, and peer support services.

Medical Assistance – Fee-for-Service

MA recipients not participating in the HealthChoices PH program or CHC are in the fee-for-service delivery system, including but not limited to: [Health Insurance Premium Payment](#) eligible members, residents of state institutions, and recipients age 21 and older that are dually eligible for Medicare and Medicaid and receive services through the Office of Developmental Programs. New MA recipients are usually enrolled in fee-for-service for a brief time before choosing an MCO and enrolling in the PH HealthChoices program or CHC.

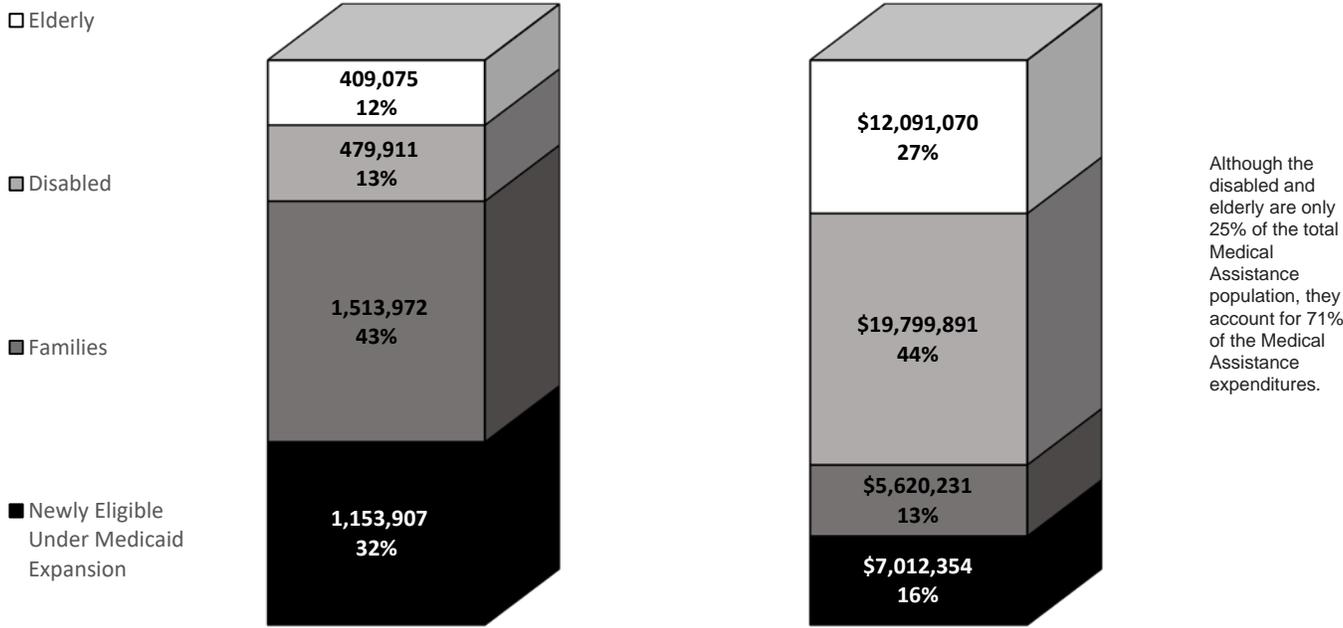

Inpatient and outpatient health care services for the remaining MA recipients are provided through the fee-for-service delivery system. Services are paid in accordance with the pre-established MA Fee Schedule. Additional payments are made to hospitals to partially offset the cost of uncompensated care or extraordinary medical services provided by hospitals to individuals with no, or inadequate, health care insurance.

Medical Assistance Transportation Program

The purpose of the [Medical Assistance Transportation Program \(MATP\)](#) is to coordinate and provide efficient and cost-effective non-emergency medical transportation to ensure access to health care services for MA recipients who have no other means of transportation available. MATP provides funding to counties, direct vendors, and a transportation broker in Philadelphia County to provide this service. Each is responsible for providing transportation to and from a medical facility, physician's office, dentist's office, hospital, clinic, pharmacy, or purveyor of medical equipment for the purpose of receiving medical treatment, medical evaluation, or purchasing prescription drugs or medical equipment.

Program: Medical Assistance and Health Care Delivery, continued

**Medicaid Appropriations and Enrollees by Category of Assistance
Fiscal Year 2022-23
(Dollar Amounts in Thousands)**

Although the disabled and elderly are only 25% of the total Medical Assistance population, they account for 71% of the Medical Assistance expenditures.

Number of Eligible People

Total Appropriations

Medicaid expenditures includes Medical Assistance - Capitation, Medical Assistance - Fee-for-Service, Payment to Federal Government - Medicare Drug Program, Medical Assistance - Workers with Disabilities, Medical Assistance - Transportation, Medical Assistance - Long-Term Living, Medical Assistance - Community HealthChoices, Long-Term Care Managed Care, Intellectual Disabilities - Intermediate Care Facilities, Intellectual Disabilities - Community Waiver Program, and Autism Intervention and Services.

Expanded Medical Services for Women

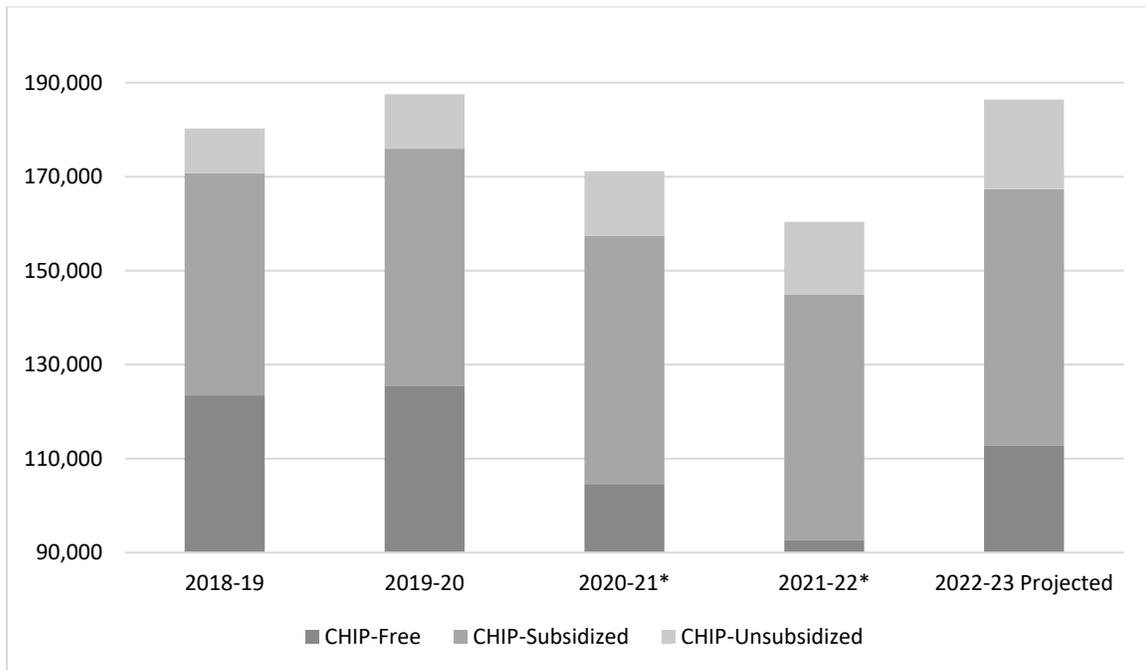

The Expanded Medical Services for Women program provides counseling and other services to women seeking alternatives to abortion. Nonprofits are awarded grants to provide services to women for up to 12 months after childbirth including food, shelter, clothing, health care, counseling, adoption services, parenting classes, assistance for post-delivery stress, and other support programs.

Children’s Health Insurance Program

CHIP provides free or low-cost health insurance coverage to uninsured children whose families earn too much to qualify for MA, but who could not afford to purchase private insurance. Eligible children must be under 19 years of age, a resident of Pennsylvania, and a citizen of the United States, U.S. national, or lawfully residing as determined by the U.S. Citizenship and Immigration Service. CHIP offers a comprehensive package of benefits including well child visits, immunizations, prescription coverage, emergency care, inpatient services, mental health services, hearing, vision, and dental services. The income eligibility limit for subsidized coverage, with cost-sharing (including co-payments) on a sliding scale, is 314 percent of the federal poverty level with higher income families able to purchase health care coverage at the commonwealth’s cost.

Program: Medical Assistance and Health Care Delivery, continued

Children’s Health Insurance Children Served

Pennsylvania’s CHIP has been a national leader in ensuring that access to free or subsidized health care is available for children of low-income families. It is projected that an average of 186,398 children will be served by the program in 2022-23.

*Decline in enrollment is due to children moving to Medical Assistance as a result of the impact of COVID-19 on parental income.

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

GENERAL FUND:

Medical Assistance - Capitation

\$ (299,853)	—nonrecurring prior-year carryover costs.	2,728	—to reflect change in administrative/cash flow adjustments and other requirements.
823,238	—to replace federal funding received in 2021-22 for COVID-19 response.	(471,477)	—to reflect impact of Medical Assistance Redeterminations after Public Health Emergency ends.
468,325	—to reflect change in enrollment and rate increases.		
58,617	—revision of federal financial participation from a full-year blended rate of 52.56% to 52.17%.	(55,257)	—to reflect change in Medical Assistance - MCO Assessment revenue.
25,930	—to reflect change in provider performance and incentive payments.	(52,021)	—to reflect change in Statewide Hospital Assessment revenue.
7,992	—to extend maternal post-partum coverage from 60 to 365 days.	(14,718)	—to reflect change in pharmacy rebates.
		(7,421)	—Initiative—savings as a result of increasing the minimum wage to \$12 an hour.
		<u>\$ 486,083</u>	<i>Appropriation Increase</i>

Program: Medical Assistance and Health Care Delivery, continued

Program Recommendations, continued:

This budget recommends the following changes: (Dollar Amounts in Thousands)

Medical Assistance - Fee-for-Service		Medical Assistance - Workers with Disabilities	
\$ (123,640)	—nonrecurring academic medical center payments.	\$ 24,002	—to replace federal funding received in 2021-22 for COVID-19 response.
(29,089)	—nonrecurring prior-year payments.		
(6,056)	—nonrecurring prior-year carryover costs.	10,460	—to reflect impact of Workers with Job Success program.
(12,900)	—funding reduction.		
122,416	—to replace federal funding received in 2021-22 for COVID-19 response.	9,259	—to reflect change in caseload and utilization.
35,950	—increase in costs and clients eligible for Medicare Part A and B premiums.	3,012	—to reflect change in available Tobacco Settlement Funds.
27,723	—to reflect change in caseload and utilization including prescription drugs.	1,534	—revision of federal financial participation from a full-year blended rate of 52.56% to 52.17%.

Program: Long-Term Living

Goal: To support a community living system that empowers persons with disabilities and older Pennsylvanians to live with dignity and independence in settings they prefer, to provide meaningful choice of community living services, and to ensure that those services are delivered in a high-quality, cost-effective manner.

The commonwealth's commitment to supporting people with disabilities and older Pennsylvanians is demonstrated through a continuum of services ranging from independent living with the support of home and community-based services to institutional care. The department is responsible for ensuring that services are being provided in a consistent and cost-effective manner.

Community HealthChoices

The commonwealth's goal is to serve more people in their communities. To reach that goal, it has transitioned from multiple existing Medicaid fee-for-service delivery systems to a consolidated, capitated, managed long-term services, and supports system called [Community HealthChoices \(CHC\)](#). Under CHC, physical health benefits, home and community-based services, and nursing facility services are delivered by managed care organizations for individuals dually eligible for Medicare and Medicaid and for individuals needing the level of care provided by a nursing facility.

Home and Community-Based Services

The commonwealth recognizes the value of providing greater independence, choices, and opportunities for individuals with disabilities and older Pennsylvanians by delivering services in the [home and community](#). For qualifying individuals who want to receive services in the community, the department currently administers the [OBRA Waiver program](#), the [Act 150 program](#), and the [Living Independence for the Elderly \(LIFE\) program](#), which help individuals to live as independently as possible, integrated in their communities.

LIFE integrates Medicare and Medicaid funding to provide a fully coordinated and comprehensive service package to enrollees who are aged 55 and older, are nursing facility clinically eligible, and reside in an area served by a LIFE provider. The LIFE service package includes acute care, long-term care, behavioral health, and pharmaceutical coverage.

Nursing Facility Services

Institutional services are provided to eligible persons by [nursing facilities](#) that are certified to participate in the Medicaid program. Nursing facility care is available to Medicaid recipients who are financially eligible and are determined nursing facility clinically eligible through a level of care assessment.

Program: Income Maintenance

Goal: To promote personal and parental responsibility and encourage economic independence and self-sufficiency through temporary cash assistance, job training, child care for families or individuals, and nutrition support services.

The broad purpose of public assistance is to provide temporary support to families and individuals in transition from dependency to economic self-sufficiency. Support may include education, job training and placement assistance, child care, transportation, other support services, and cash assistance.

Income Assistance

Caseworkers in the county assistance offices review financial and non-financial criteria with applicants of [Temporary Assistance for Needy Families \(TANF\)](#), [Medical Assistance \(MA\)](#), the [Low-Income Home Energy Assistance Program \(LIHEAP\)](#), and the [Supplemental Nutrition Assistance Program \(SNAP\)](#) to determine eligibility for benefits.

The TANF program provides state and federal funds for temporary cash support for families in transition to self-sufficiency. TANF cash assistance is provided for a limited time to people who meet income and resource guidelines and who comply with work activity requirements or other requirements that are included on their Agreement of Mutual Responsibility. Adults with disabilities, to the extent that substantial gainful employment is not possible, are required to cooperate in applying for federal benefits. Federal regulations place a five-year lifetime limit on TANF cash assistance for most adult recipients and allow a hardship exemption for up to 20 percent of the TANF caseload.

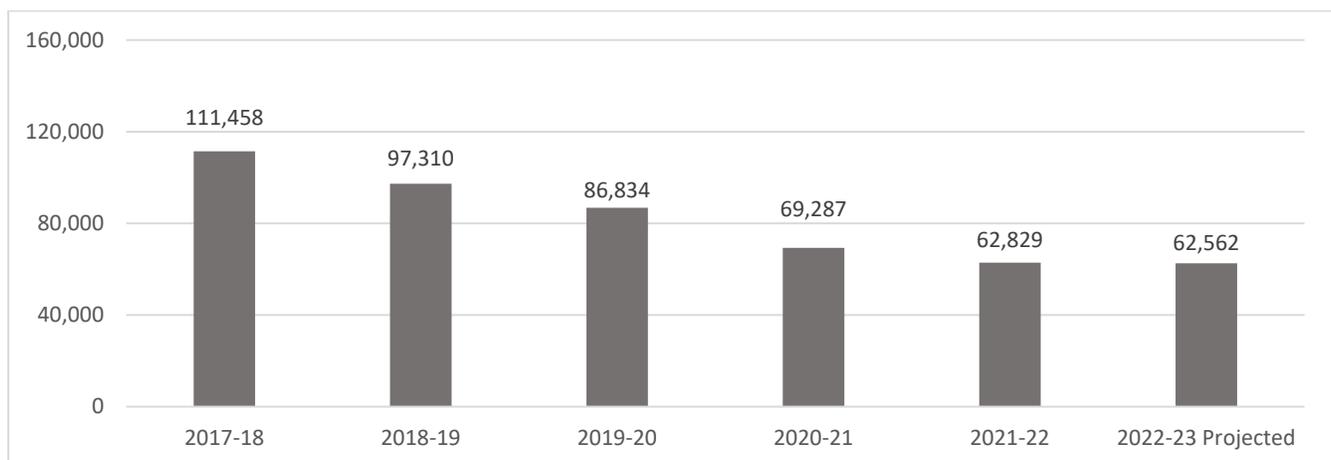

LIHEAP is a federally funded program that assists eligible households by providing funds to offset the burden of high energy costs. LIHEAP also provides funds in heating crisis situations, arranges, and pays for emergency deliveries, expedites payments to avoid utility shutoffs, and provides furnace repairs through other agencies.

SNAP is federally funded and regulated by the United States Department of Agriculture's Food and Nutrition Service but is administered by the state to assist low-income recipients in buying the food they need to maintain a healthy lifestyle.

The [Supplemental Security Income \(SSI\)](#) program provides aged, blind, and disabled persons with a monthly payment based on nationally uniform eligibility standards. Presently, the monthly federal benefit rate is \$841 for individuals and \$1,261 for couples. Pennsylvania contributes a supplemental grant of \$22.10 for an individual and \$33.30 for couples to SSI recipients. A special monthly state supplement is paid to SSI-eligible persons in domiciliary care facilities and personal care homes. For SSI residents in personal care homes, the minimum personal needs allowance is \$85 a month.

The department also administers a disability advocacy program to assist mentally and physically disabled individuals in establishing their eligibility for federal SSI benefits.

Program: Mental Health and Substance Abuse Services

Goal: To maximize the individual's capacity for independent living through the provision of an array of service and support programs.

The [Office of Mental Health and Substance Abuse Services \(OMHSAS\)](#) manages the delivery of community mental health services administered by counties under the [Pennsylvania Mental Health and Intellectual Disability \(MH/ID\) Act](#) and the [Mental Health Procedures Act](#). Medicaid-funded behavioral health services are provided through the state-administered fee-for-service behavioral health system or the [Medicaid HealthChoices Behavioral Health Managed Care](#) program either through county contracts or by direct contract with a behavioral health managed care organization.

OMHSAS provides for an integrated behavioral health system addressing mental health treatment and support services, as well as services for substance use disorders. The objective of these services is to promote individual movement toward recovery. Community mental health funds, behavioral health services funds for both mental health and substance use services, Act 152 funds that provide non-hospital residential substance use treatment services, and federal grant funds are distributed to counties, county jointers, and single county authorities to provide behavioral health services.

State Hospitals

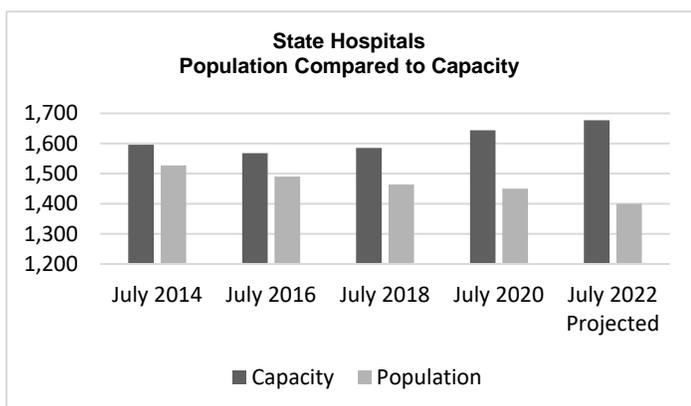

Direct mental health treatment services are currently provided through six state-operated hospitals and one restoration (long-term care) center. [State hospitals](#) provide long-term inpatient care for individuals who require intensive treatment. Additionally, they provide specialized inpatient care for individuals with criminal charges, the aging population who require long-term behavioral health care, and treatment for individuals deemed sexually violent predators whose commitment in the Youth Development Center system terminates at age 21. Efforts continue to assess and transfer individuals to community mental health programs, where services are provided in a less restrictive setting through the Community/Hospital Integration Projects Program (CHIPPs).

County Mental Health System

The MH/ID Act requires county governments to provide an array of [community-based mental health services](#), including unified intake, community consultation and education, support for families caring for members with mental disorders, and community residential programs. Community services are targeted to adults with serious mental illness and children and adolescents with or at risk of serious emotional disturbance. Key provisions of service include recovery-oriented treatment, community care, and support services that enable individuals to live in the community and lead independent and productive lives. Non-residential services include family-based support, outpatient care, partial hospitalization, emergency and crisis intervention, peer-to-peer support, and after care. Community residential services include housing support, residential treatment, inpatient care, crisis services, and mobile therapy. Services are administered by single counties, county jointers, or through contracts with private, nonprofit organizations or agencies. Services, with some exceptions, are funded with state, federal, and/or county matching funds.

Substance Abuse Services

[Substance use treatment services](#) are provided to individuals with severe addictive disorders (including co-occurring mental health disorders), who are uninsured, who do not have insurance that covers the service needed, or who cannot obtain MA benefits. Services available include the full continuum of treatment, as well as case management services to assist this population with access to, and retention in, treatment to promote recovery.

The population at state hospitals has declined by 127 individuals (or 8 percent) since 2014, as more people receive health services in the community. During that same period, capacity at the state hospitals has increased by 81 beds (or 5 percent) due to an increased need for forensic beds.

Program: Intellectual Disabilities/Autism

Goal: To support Pennsylvanians with developmental disabilities and their families to achieve greater independence, choice, and opportunity in their lives.

The department supports a comprehensive array of services for people with intellectual disabilities and [Autism Spectrum Disorder \(ASD\)](#) including services to people living in their own home, with family members, in community residential facilities, and in non-residential programs provided through the Medicaid home and community-based waiver programs and the base program. Services are also provided in state operated institutions and private intermediate care facilities for individuals with an intellectual disability (ICF/IDs). In addition to state and federal funding, local funding is provided for the community-base program as required by the [Pennsylvania Mental Health and Intellectual Disability \(MH/ID\) Act](#).

The intellectual disabilities and ASD programs have evolved from a system of large congregate residential facilities to a flexible and dynamic system of community supports and services tailored to the needs of persons living in the community. The trend toward enhancing the natural supports that exist in the family and the community and enabling individuals to participate fully in community life continues to define services.

Services for Individuals with Intellectual Disabilities and Autism - Community Services

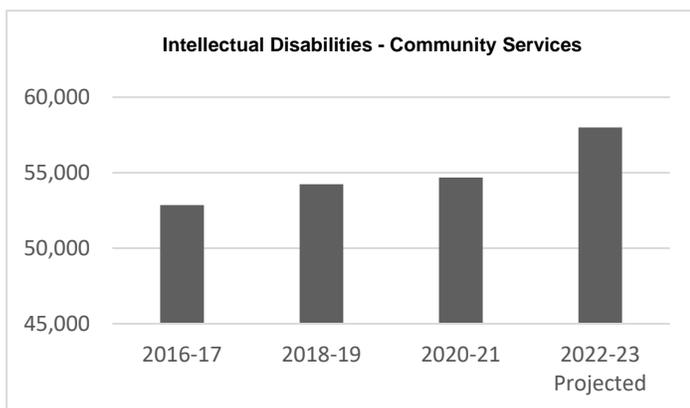

The MH/ID Act provides the statutory basis, along with the Medicaid Consolidated, Person/Family Directed Support, and Community Living Waivers and the Targeted Support Management [service](#) in the state plan; to enable people to live in the community, in their own homes, apartments, the homes of family members, life-sharing settings with family or others, or staffed community homes. The program is designed to assist participants in gaining the greatest level of independence possible, encourage involvement in community life, improve social skills, and provide support to caregivers. All services are individualized through the development of a person-centered plan.

Services for Individuals with Autism Spectrum Disorder

In addition to services for people with ASD through the Medicaid Consolidated, Person/Family Directed Support, and Community Living Waivers, the department also provides funding for a four-county managed care program to support the needs of Pennsylvanians living with ASD who may also have an intellectual disability. The [Adult Community Autism Program \(ACAP\)](#) was designed to assist participants in gaining the greatest level of independence possible, encourage involvement in community life, improve social skills, and provide support to caregivers. The department also administers the [Adult Autism Waiver](#) for individuals with ASD ages 21 years and older. In addition, the department supports people with ASD of all ages through the [Autism Services, Education, Research, and Training \(ASERT\) Collaborative](#), the development of crisis programs to support individuals in need of acute intervention, family support programs, and training programs to increase provider capacity.

Institutional Services

The department provides institutional care funding for people with an intellectual disability. Services are offered through four public state centers whose primary goal is to develop residents' abilities to function more independently in preparation for living in a less restrictive/more inclusive environment. All facilities are currently certified under standards established by the Centers for Medicare & Medicaid Services. The department also funds services in private ICF/IDs, which includes intensive habilitative services to persons with an intellectual disability.

The number of individuals with intellectual disabilities receiving community services has increased by over 5,100 people served since 2016-17.

Program: Human Services

Goal: To enhance the social and economic well-being of families and individuals through the provision of an array of service and support programs.

The department operates a variety of programs designed to provide supportive services to people while they overcome an adverse behavior or circumstance that has affected their lives.

Children, Youth and Families

The department and county governments are jointly responsible for providing quality and effective services to children in need of care and protection. These services are state-supervised and county-administered. Each county is responsible for developing and implementing a program of services designed to treat and prevent child abuse, neglect, exploitation, and to provide services that reduce dependency and delinquency. The county children and youth agencies provide services to families and children to enable children to safely remain in their own homes and communities and develop natural supports and resources to gain self-sufficiency. Policies and procedures have been instituted to protect children from harm and to minimize time in out-of-home placement.

Counties provide services such as in-home services, temporary placement for children who cannot live with their own families, assistance to provide a permanent legal family for children who cannot be returned to their own families, [adoption assistance](#), day treatment services, child protective services, emergency shelter, counseling, and juvenile justice services.

Youth Development Service

Pennsylvania's [juvenile justice system](#) is designed to minimize institutionalization while recognizing that confinement in a treatment environment is necessary for certain juveniles who pose a threat to themselves or others. If institutionalization is required, the court may adjudicate youth to either the [Youth Development Center and Youth Forestry Camp \(YDC/YFC\) system](#) or a private facility. Both systems provide residential programming in secure and non-secure settings for Pennsylvania's juveniles who have been adjudicated delinquent and have demonstrated serious at-risk behaviors. The purpose of the system is to help juveniles develop skills and attitudes that will enable them to become responsible, productive members of society. Included in the YDC/YFC system are specialized treatment services for violent offenders, youth who have sexually harmed, those with drug and alcohol addiction, those with a mental health diagnosis, and those with developmental disabilities.

Education is a major component of the YDC/YFC system. Each program includes both academic and vocational curricula. Educational diagnostic testing precedes all academic placements and is used in the development of Individual Education Plans for each youth.

The Pennsylvania Academic and Career/Technical Training Alliance provides on-site technical assistance to its affiliated members and works to ensure that delinquent youth receive appropriate academic and career and technical training opportunities at all levels of care throughout the duration of their active involvement within Pennsylvania's juvenile justice system.

Family Planning and Breast Cancer Screening

[Family planning](#) clinics provide educational, medical, and social services to men and women to address contraceptive or infertility issues. Services are provided through a contract with four regional councils who issue grants to approximately 250 providers across the state.

[Breast cancer screening](#) for low-income women is directed toward those at high-risk of developing breast cancer. The target group is new family planning clients, women 35 years and older, and women with a family history of breast cancer.

Legal Services

The department provides low-income individuals [assistance](#) with family, consumer, housing, employment, and other civil legal problems through a contract with a statewide legal aid non-profit. The emphasis of the service delivery is to provide emergency legal services in situations that threaten the basic needs of individuals. These services do not include political activities or services in criminal matters.

Program: Human Services, continued

Domestic Violence and Rape Crisis

[Domestic violence services](#) are provided through a contract with a statewide coalition, which in turn subcontracts for services at the local level. The services to victims of domestic violence include crisis intervention, counseling, victim advocacy, information and referral, and temporary shelter for victims and their dependent children. Prevention and education programs are provided by local groups to lessen the risk of domestic violence in the community.

[Rape crisis services](#) are also provided through a contract with a statewide coalition, which in turn subcontracts for services at the local level. Rape crisis programs provide crisis intervention services, counseling, victim advocacy, information and referral, and accompaniment through police, medical, and judicial systems. Educational programs are provided to lessen the risk of sexual assault for adults and children in the community.

Homeless Assistance

The [Homeless Assistance Program \(HAP\)](#) is operated through all 67 counties that offer a variety of supportive services to individuals and families experiencing, or are at risk of, homelessness and who can demonstrate that, with HAP intervention, they will be able to meet their basic housing needs. HAP provides case management, emergency shelter, bridge housing, innovative supportive housing, and rental assistance to those in immediate danger of becoming homeless. Counties must meet the HAP objectives of providing homelessness prevention services that assist clients in maintaining affordable housing, helping people experiencing homelessness find refuge and care, and to assist people who are homeless or near homeless in attaining economic self-sufficiency.

Human Services Block Grant

The [Human Services Block Grant](#) was established for the purpose of allocating funds to select county governments to provide locally identified county-based human services to meet the needs of county residents. As part of this program, funding for the following six programs was combined at the local level into a flexible Human Services Block Grant; community mental health services, behavioral health services, intellectual disability community base services, human services development fund, HAP, and Act 152 drug and alcohol services. There are currently 44 counties participating in the block grant program. Funding continues to be provided from individual appropriations.

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

	Youth Development Institutions and Forestry Camps		Health Program Assistance and Services
\$	1,202	—to continue current program.	\$ (19,890) —program elimination.
	County Child Welfare		
\$	149,869	—for county needs-based budgets as mandated by Act 30 of 1991.	
	14,305	—to continue current program.	
	13,000	—to replace federal funding received in 2021-22 for COVID-19 response.	
	2,147	—Initiative—to provide an increase in the minimum wage to \$12 an hour.	
	1,800	—Initiative—to provide resources to support expansion of court appointed special advocates.	
\$	181,121	<i>Appropriation Increase</i>

Program: Child Development

Goal: To promote opportunities for all Pennsylvania children and families by building systems and providing supports that help ensure access to high-quality child and family services.

The Departments of Human Services and Education promote opportunities for all children and families by helping to ensure access to high-quality early care, education, and family services. The focus on effective prevention strategies and high-quality early care and education programs will help Pennsylvania mitigate the social and educational disparities of young at-risk children that influence their ability to attain economic independence and self-sufficiency as adults. In addition, research consistently shows that the economic and educational benefits of quality early learning programs extend from participating children to their families and communities.

[Keystone STARS](#) remains one of the largest, most comprehensive, quality rating improvement systems in the nation. Keystone STARS expands the reach of high-quality early child care and education in Pennsylvania for at-risk children. This program is designed to increase school readiness, increase future graduation rates of at-risk children, decrease involvement in crime and its associated costs to society, and prepare children for successful, self-sufficient lives.

[Early Childhood Education Professional Development Organizations \(ECE PDO\)](#) work regionally to support the child care workforce. The ECE PDOs ensure that credit-bearing courses are available to move professionals through the educational continuum. A strong and competent early childhood education workforce increases the quality of child care and other early learning programs.

The subsidized child care program, [Child Care Works](#), allows children of families receiving cash assistance through the [Temporary Assistance for Needy Families \(TANF\)](#) program, families formerly receiving TANF, and low-income families to access child care while their parents are attending training or working. Families can select subsidized child care from various settings including child care centers, group child care homes, family child care homes, or relatives. Early Learning Resource Center agencies determine eligibility for subsidized child care, offer families a choice of child care services, provide information and counseling, and support early care and education program quality improvement.

² Child Care Assistance appropriation.	

The [Early Intervention](#) program, for children from birth to age three, provides services and support to qualified children with developmental delays or disabilities and their families to maximize the child's development. These services are provided to the child and family in the child's home, community, or early childhood education setting so that the child is well-prepared for school and life success.

The department also provides voluntary, evidence-based home visiting and community-based programs that help parents improve their parenting skills, resulting in healthier pregnancies and improved child health, learning, development, and well-being. These services are provided through a combination of state funds, the federal Title IV-B - Family Center funds and the federal Maternal, Infant, and Early Childhood Home Visiting grant program through the following five evidence-based models: Early Head Start, Family Check-Up, Healthy Families America, Nurse-Family Partnership Program, and Parents as Teachers.

Program: Child Development, continued

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

Community-Based Family Centers		Nurse Family Partnership	
\$ 15,000	—Initiative—to expand access to evidence-based home visiting programs.	\$ 95	—to replace federal funding received in 2021-22 for COVID-19 response.
Child Care Assistance		Early Intervention	
\$ 38	—Initiative—to provide an increase in the minimum wage to \$12 an hour.	\$ 4,481	—to continue current program.
		5,915	—to replace federal funding received in 2021-22 for COVID-19 response.
		1,159	—to add maternal post-partum depression to tracking eligibility.
		<u>\$ 11,555</u>	<i>Appropriation Increase</i>

INFRASTRUCTURE INVESTMENT AUTHORITY

The mission of the Infrastructure Investment Authority is to serve the communities and citizens of Pennsylvania by funding sewer, storm water, drinking water, and various other types of projects that solve water problems not associated with traditional infrastructure systems, such as brownfields, acid mine drainage, and homeowner septic problems.

The authority administers the PENNVEST program authorized by Act 16 of 1988 that provides an investment pool of capital to rebuild and expand community drinking water systems and municipal sewage treatment facilities in the commonwealth.

Programs and Goals

PENNVEST: *To promote public health and a clean environment and to further economic development in the commonwealth by providing a financing program, technical assistance, and administrative support for community drinking water systems, municipal sewage treatment facilities, storm water control projects, and various other non-traditional water-related projects.*

Program: PENNVEST

Goal: To promote public health and a clean environment and to further economic development in the commonwealth by providing a financing program, technical assistance, and administrative support for community drinking water systems, municipal sewage treatment facilities, storm water control projects, and various other non-traditional water-related projects.

The [Pennsylvania Infrastructure Investment Authority \(PENNVEST\)](#) program provides an investment pool of capital to rebuild and expand community [drinking water systems](#), municipal [sewage treatment](#) facilities, brownfield reclamation and remediation projects, storm water control, non-point source pollution prevention, and [other water quality-related agricultural projects](#) in the commonwealth. These systems and facilities are essential for the protection of public health, improving water quality, and the promotion of economic development. Many systems and facilities need to be repaired, upgraded, or expanded to meet environmental standards and economic development goals. Other areas require construction of new facilities to address water quality issues. In 2013, legislation was enacted that improves PENNVEST's ability, consistent with the state's [Non-point Source Management Plan](#), to implement agricultural and other rural projects designed to control runoff of nutrients and other contaminants into streams in rural areas.

PENNVEST funds are used for [loans and grants](#) to municipalities, municipal authorities, private entities, and some individuals. Loans are available to individual homeowners to upgrade their [on-lot septic systems, first-time connections to public systems, or to replace existing house sewer laterals](#). The funds are also used to provide assistance to farmers, nonprofit groups, and others to install [Best Management Practices](#), such as riparian buffers that reduce nutrient contamination of rivers and streams, particularly in the Chesapeake Bay watershed. PENNVEST, supported by the Department of Environmental Protection, helps system owners [apply for funding](#) and provides [technical assistance](#) on projects.

To facilitate fund management and accounting, several separate funds have been established. The PENNVEST Fund serves as the repository of interest and investment income and loan repayments. Loans, grants, and administrative costs are paid from this fund. The [PENNVEST Clean Water State Revolving Fund](#) combines federal seed money and the commonwealth's required matching funds to create a revolving loan fund for sewage treatment facilities construction. The [PENNVEST Drinking Water State Revolving Fund \(DWSRF\)](#) combines federal seed money and the commonwealth's required matching funds to create a revolving loan fund for drinking water projects and technical assistance. The DWSRF receives the proceeds from the sale of bonds. The PENNVEST revenue bond pool is supported by loan interest and principal repayments from loans and disburses the proceeds from the sale of PENNVEST revenue bonds. The Water and Sewer Systems Assistance Bond Fund serves as the repository of interest and investment income and loan repayments related to [Act 64](#); loans and grants are paid from this fund.

INSURANCE DEPARTMENT

The mission of the Insurance Department is to provide a healthy regulatory environment that promotes a vibrant marketplace to serve all consumers.

The department enforces the insurance laws of the commonwealth, monitors the financial solvency of insurance companies conducting business in Pennsylvania, regulates insurance rates and policy forms, licenses insurance companies and producers to conduct business in the state, and liquidates insolvent insurance companies. The department answers consumer inquiries, responds to consumer complaints, and produces and distributes educational information on insurance.

Programs and Goals

Insurance Industry Regulation: *To serve Pennsylvania's insurance consumers through fair and efficient regulation of the insurance industry.*

Program: Insurance Industry Regulation

Goal: To serve Pennsylvania's insurance consumers through fair and efficient regulation of the insurance industry.

Regulation and Consumer Protection

The [Insurance Department](#) oversees the operation of approximately 1,700 insurance companies and 330,000 insurance producers, bail bondsmen, public adjusters, and physical damage appraisers. The department authorizes the admission of new insurers to the state, tests and licenses insurance producers and bail bondsmen, registers health insurance navigators and exchange assisters, and reviews and approves approximately 11,000 rate and policy forms each year. The department analyzes annual and quarterly financial statements and other corporate transactions filed by regulated entities, conducts onsite financial examinations of domestic insurance companies annually, and conducts adjudicatory hearings.

The financial condition of insurers licensed to transact business in Pennsylvania is monitored and regulated through the department's examination and financial analysis functions. The insurance commissioner serves as statutory liquidator/receiver for Pennsylvania domestic insurers found to be insolvent by the Commonwealth Court. The department serves consumers by investigating consumer inquiries and complaints, reviewing the conduct of insurance carriers, and enforcing Pennsylvania's insurance laws. The department provides the public with insurance information, education, and complaint resolution services. The department has a consumer liaison to lead outreach and education efforts with communities and provide resources for consumers and stakeholders.

The department's examination of insurance companies provides an in-depth analysis of the risks facing the companies and the potential effects on consumers. The department analyzes annual market conduct statements and data; conducts investigations of possible insurance law violations by producers, bail bondsmen, public adjusters, and physical damage appraisers; and undertakes onsite market conduct examinations of insurance company records, files, and operations.

Oversight

The department regulates all lines of insurance; shares responsibility to implement aspects of the federal Patient Protection and Affordable Care Act (ACA); administers special funds, including the Medical Care Availability and Reduction of Error Fund (Mcare), the Catastrophic Loss Benefits Continuation Fund (CAT), the Underground Storage Tank Indemnification Fund (USTIF), and the Reinsurance Fund; and oversees the Workers' Compensation Security Fund.

The department has a significant role ensuring Pennsylvania's health insurers comply with the private market reform provisions of the federal ACA. Pennsylvania transitioned to a [state-based exchange](#) in 2021. The department monitors health insurance company rates in certain markets to protect consumers against unreasonable rate increases and provides consumers information about private insurance options, particularly in the individual market. It administers grant funding provided to the state by the ACA to continue to improve and increase the transparency of the state's health insurance rate review process and effectively oversees and enforces the federal Public Health Service Act's provisions on health insurance issuers.

[Mcare](#), established pursuant to Act 13 of 2002, is responsible for payment of losses or damages, in excess of basic insurance coverage awarded in medical professional liability actions against participating health care providers.

[CAT](#) provides up to \$1 million in benefits to Pennsylvanians catastrophically injured in motor vehicle accidents between October 1, 1984 and December 31, 1989 after exceeding a threshold of \$100,000 in medical payments. Payments from the fund are projected until 2093.

[USTIF](#) provides reimbursement of remediation to eligible owners and operators of underground storage tanks. In addition to reimbursing eligible tank owners or operators for damages caused by releases from their tanks, the fund also provides similar benefits to tank installers under the Tank Installation Indemnification Program.

The [Reinsurance Fund](#) moderates premiums in the commonwealth's individual health insurance market and maintains and protects coverage gain in the commonwealth.

The [Workers' Compensation Security Fund](#) provides administration and payment for compensation provided by the Workers' Compensation Act to individuals who are insured by an insolvent insurer.

Program: Insurance Industry Regulation continued

Health Insurance Exchange Authority

Program: Health Insurance Exchange

Goal: To serve Pennsylvania's individual health insurance market customers without disruption, operate a state-based exchange, and support the needs of consumers purchasing health insurance in the individual market while ensuring the stability and affordability of the health and dental offerings available through the Pennsylvania Health Insurance Exchange Authority.

The [Pennsylvania Health Insurance Exchange Authority](#) (PHIEA) is a state-affiliated entity established in [2019 by Act 42](#) to create a state-based insurance exchange, reduce costs, and better support the needs of consumers purchasing health insurance in the individual market. PHIEA's new technology platform and customer service operations called Pennie™ has replaced the federal marketplace, [HealthCare.Gov](#), for Pennsylvanians enrolling in health and dental coverage. As such, PHIEA plays a critical role in ensuring the stability, affordability, and accessibility of the individual health insurance market for the benefit of hundreds of thousands of Pennsylvanians who rely on the health insurance exchange.

PHIEA serves as an unbiased resource for Pennsylvanians enrolling in individual market health coverage and accessing financial assistance to help pay for premiums. It partners with insurance brokers, carriers, providers, navigators, and consumer advocates to provide a consumer-friendly shopping experience to help residents select the best coverage to suit their needs and budgets. PHIEA is governed by a board of directors made up of gubernatorial and legislative appointees as well as cabinet members.

DEPARTMENT OF LABOR AND INDUSTRY

The mission of the Department of Labor and Industry is to improve the quality of life and the economic security of Pennsylvania's workers and businesses, encourage labor-management cooperation, and prepare the commonwealth's workforce for the jobs of the future.

The mission is accomplished through programs that protect the health, welfare, and safety of workers; provide meaningful job training and placement services; stabilize the incomes of injured, disabled, or unemployed workers; and facilitate labor-management cooperation.

Programs and Goals

Community and Occupational Safety and Stability: *To further economic development in the commonwealth by promoting the health, welfare, and safety of employees and acting to maintain continuous production and employment through mediation.*

Workers' Compensation and Unemployment Assistance: *To further economic development in the commonwealth by stabilizing the incomes of employees who become injured or unemployed.*

Workforce Investment: *To provide meaningful job training and placement services in a coordinated role with other commonwealth agencies, the private sector, and the federal government in order to secure unsubsidized employment for unemployed Pennsylvanians.*

Vocational Rehabilitation: *To enable eligible persons with disabilities to obtain competitive employment.*

Program: Community and Occupational Safety and Stability

Goal: To further economic development in the commonwealth by promoting the health, welfare, and safety of employees and acting to maintain continuous production and employment through mediation.

The [Department of Labor and Industry \(L&I\)](#) administers and enforces a wide range of laws designed to enhance income security, safeguard the health of workers and the general public, protect workers' rights, and promote stable labor relations and labor-management cooperation.

Income Security and Workers' Rights

The [Bureau of Labor Law Compliance](#) administers and enforces Pennsylvania's labor laws including the [Minimum Wage Act](#), the [Wage Payment and Collection Law](#), and the [Prevailing Wage Act](#) on publicly paid construction projects. It also enforces the laws protecting certain workers' rights, specifically minors who are employed, seasonal farm laborers, health care workers, and workers misclassified as independent contractors. Beginning October 7, 2020, the bureau began enforcing [Act 75 of 2019](#), which prohibits the employment of individuals in the construction industry unauthorized to work in the United States and requires construction industry employers to verify employment eligibility through the federal E-Verify program.

Labor Relations

The [Bureau of Mediation](#) promotes stable labor relations by mediating public and private disputes pursuant to the Public Employee Relations Act and the National Labor Relations Act. Additionally, the bureau provides grievance mediation services, assists public and private-sector employers and unions in forming and operating labor-management committees, and offers labor-management communications training.

The [Pennsylvania Labor Relations Board](#) enforces and implements Pennsylvania laws which relate to collective bargaining in both the public and private sectors, including the Pennsylvania Labor Relations Act, the Public Employee Relations Act, and Act 111 of 1968 (police and firefighter collective bargaining). The board also selects collective bargaining representatives, prevents unfair practices in the public sector, and helps to resolve collective bargaining disputes by creating arbitration panels and appointing fact finders.

Public Health and Safety

The [Bureau of Occupational and Industrial Safety](#) enforces and administers a variety of public safety statutes and regulations which address building construction and accessibility, elevators, boilers, liquefied petroleum gas, flammable and combustible liquids, employee safety with regard to hazardous chemicals, accreditation and certification in lead-based paint and asbestos occupations, and the testing and certification for people charged with enforcing the [Uniform Construction Code](#). Additionally, the bureau administers the [Hazardous Material Emergency Planning & Response Act](#) by collecting tier II hazardous chemical inventory report data, material safety data sheets, and site plans from every Pennsylvania employer.

Program: Workers' Compensation and Unemployment Assistance

Goal: To further economic development in the commonwealth by stabilizing the incomes of employees who become injured or unemployed.

This program provides income and medical services security to qualifying individuals, including workers' compensation, unemployment compensation, occupational disease payments, and Social Security disability payments.

[Workers' compensation](#) insurance provides wage loss benefits and payments for medical services to employees for injuries or diseases sustained while on the job. Occupational disease payments are made under the [Workers' Compensation Act](#) and the [Occupational Disease Act](#), primarily to workers with silicosis and related diseases, commonly referred to as "black lung."

Act 60 of 2017 provides additional state funds from the Service and Infrastructure Improvement Fund for the administration of [unemployment compensation](#). Revenues in the account are derived from a portion of employee unemployment compensation taxes. The funding is intended to support the operations of the unemployment compensation system and maintain adequate service levels during the implementation and initial deployment of technological upgrades.

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

* Decrease due to COVID-19 pandemic.

Program: Workforce Investment

Goal: To provide meaningful job training and placement services in a coordinated role with other commonwealth agencies, the private sector, and the federal government in order to secure unsubsidized employment for unemployed Pennsylvanians.

The Department of Labor and Industry oversees [workforce development programs](#) serving job seekers, incumbent workers, and employers as part of a workforce development system delivering a range of employment, training, and labor market information services statewide. The department coordinates with other state agencies and local partners to deliver workforce development services. Programs help individuals, including unemployed individuals and people receiving Temporary Assistance for Needy Families, develop skills, find suitable employment in family sustaining jobs, and advance along career pathways. The workforce development system also helps employers find and develop the talent they need to grow and thrive.

Workforce Innovation and Opportunity Act

Most workforce development system activities are driven by the federal [Workforce Innovation and Opportunity Act](#) of 2014 (WIOA). WIOA was enacted to help job seekers and workers access employment, education, training, and support services to succeed in the labor market and match employers with skilled workers they need to compete in the global economy. There are six core programs under WIOA: Adult, Youth, Dislocated Worker, Adult Education and Family Literacy, Wagner-Peyser, and Vocational Rehabilitation, five of which are administered by the department.

Labor Market Information

The [Center for Workforce Information & Analysis](#) disseminates labor market information through diverse products covering employment data, hiring trends, and other economic indicators.

PA CareerLink®

[PA CareerLink®](#) is a one-stop workforce development system that has improved service for businesses, job seekers, and other customers by integrating systems and coordinating services.

Industry Partnerships

[Industry Partnerships](#) are cohorts of businesses, from the same industry and in a shared labor market region, that work with economic development, education, workforce development, organized labor, and community organizations to address the overall competitiveness needs of the targeted industry. The connections created among partners catalyze the sharing of best practices, improving communications, the sharing of resources, and the collective strengthening of regional economies.

Apprenticeship and Training Office

The [Apprenticeship and Training Office \(ATO\)](#) provides outreach and technical support in accordance with the Pennsylvania Apprenticeship and Training Act and regulations. ATO evaluates employment, education, and economic needs in a specific geographic area to create operational plans. ATO certifies current apprenticeship and training programs, collects data, and maintains records of agreements with the goals of growing the number of Pennsylvania registered apprenticeship opportunities, educating employers and job seekers about the benefits of registered apprenticeships, and expanding apprenticeships into non-traditional areas.

Workforce Development Administration

The Bureau of Workforce Development Administration posts grant opportunities focused on supporting training and employment services.

PA Workforce Development Board

The [PA Workforce Development Board](#) is the governor's private sector policy advisor on building a strong workforce development system aligned with state education and economic development goals. Most of its members are appointed by the governor and represent a variety of workforce development stakeholders, including business executives, labor officials, education leaders, economic development practitioners, and local elected officials. In addition, five state agency cabinet secretaries and four members of the General Assembly serve on the board.

Program: Vocational Rehabilitation

Goal: To enable eligible persons with disabilities to obtain competitive employment.

The [Office of Vocational Rehabilitation \(OVR\)](#) assists Pennsylvanians with disabilities to secure and maintain employment and independence. OVR's Vocational Rehabilitation program is both state and federally funded, with every state dollar invested leveraging up to four dollars in federal funds.

Primary emphasis is placed on serving individuals with the most significant disabilities. These individuals generally require extensive, comprehensive, and unique services over an extended period of time. OVR utilizes a significant portion of funding for [training and supported employment services](#). The Workforce Innovation and Opportunity Act requires OVR to reserve 15 percent of its federal vocational rehabilitation award for Pre-Employment Transition Services (PETS) to serve students with disabilities who are eligible or potentially eligible for services to transition from secondary to postsecondary education programs and employment.

OVR's strategic objectives focus on:

- employment opportunities for individuals with disabilities through the development of innovative and collaborative programs created in partnership with industries;
- youth with disabilities successfully completing secondary education and entering the labor market;
- students with disabilities served by collaborating with local education entities, career and technology centers, families, and other stakeholders;
- work-based learning experiences for students with disabilities while they are enrolled in secondary education; and
- comprehensive workforce system enhancements through increased collaboration, physical and programmatic accessibility, and data sharing between workforce partner agencies - the Department of Labor and Industry, Department of Health, Department of Human Services, and the Department of Education.

LIQUOR CONTROL BOARD

The mission of the Pennsylvania Liquor Control Board (PLCB) is to responsibly sell wine and spirits as a retailer and wholesaler, regulate Pennsylvania's alcohol industry, promote alcohol education and social responsibility, and maximize financial returns for the benefit of all Pennsylvanians.

The PLCB regulates the manufacture, importation, sale, distribution, and disposition of liquor, alcohol, and malt or brewed beverages in the commonwealth.

PLCB revenues from licensing fees and the sale of wines and spirits cover the cost of merchandise sold and all PLCB operating and administrative expenses, as well as funding for alcohol education, enforcement, and misuse programs. Remaining proceeds from operations are transferred annually to the commonwealth's General Fund.

Programs and Goals

Liquor Control: *To responsibly sell wine and spirits as a retailer and wholesaler, regulate Pennsylvania's alcohol industry, promote alcohol education and social responsibility, and maximize financial returns for the benefit of all Pennsylvanians.*

Program: Liquor Control

Goal: To responsibly sell wine and spirits as a retailer and wholesaler, regulate Pennsylvania's alcohol industry, promote alcohol education and social responsibility, and maximize financial returns for the benefit of all Pennsylvanians.

Retail Sales of Alcohol

The [Pennsylvania Liquor Control Board \(PLCB\)](#) is the primary retailer of wines and spirits in Pennsylvania, operating approximately 586 Fine Wine & Good Spirits stores, including more than 100 Premium Collection stores, as well as 13 Licensee Service Centers. The PLCB also offers online sales of wine and spirits delivered to consumers' homes or stores of their choice through their website, [FWGS.com](#). The PLCB aims to provide a wide variety of quality wines and spirits at competitive prices that will appeal to a demographically diverse population of Pennsylvanians. If the PLCB does not carry products consumers seek, it strives to make those products available through special orders, whereby the PLCB facilitates sales between wine and spirits suppliers and customers.

Wholesale Distribution of Alcohol to Licensees

As the wholesaler of wine and spirits to thousands of licensees, the PLCB is committed to partnering with licensees in building collaborative relationships, developing innovative delivery and product offerings, and effectively and efficiently coordinating distribution of alcohol in ways that meet wholesale customers' needs.

Licensees can order product through the [Licensee Online Order Portal \(LOOP\)](#), one of 13 Licensee Service Centers, or from retail stores. Licensees ordering in larger volume can participate in the PLCB's Licensee Delivery Program, which offers a trailer drop program and direct delivery to licensee locations from PLCB distribution centers.

The PLCB's Wholesale Operations division also actively manages product needs for the growing number of wine-to-go retailers in Pennsylvania, including hundreds of grocery and convenience stores across the state.

Licensing

The PLCB licenses and regulates approximately 16,500 retail and wholesale licensees in the commonwealth, conducts thousands of investigations each year, and processes roughly 83,000 applications annually for various license and permit authorities.

While the PLCB is responsible for issuing and renewing liquor licenses, enforcement of liquor laws is the responsibility of the [Pennsylvania State Police Bureau of Liquor Control Enforcement](#). The PLCB can, however, refuse to renew a license, and has limited authority, through the [Licensee Compliance Program](#), to conduct on-site inspections of establishments and immediately suspend a license if a licensee fails to meet certain license requirements. The PLCB also has a nuisance bar program that utilizes partnerships with the local community, law enforcement agencies, and government entities to build evidence when a licensee has abused license privileges for use during the license renewal process. The PLCB continues to offer multiple opportunities for expired restaurant licenses each year to individuals and entities seeking to obtain these licenses.

Alcohol Education

The PLCB [educates](#) the public on the responsible use of alcohol, focusing on three key pillars: delivering no-use and zero tolerance messages to those under the age of 21, encouraging responsible consumption for those over 21, and promoting responsible alcohol service and practices among licensees.

The Bureau of Alcohol Education educates the public about the dangers of underage and hazardous drinking through a variety of avenues, including a free alcohol education [conference](#), the creation and distribution of a wide range of educational materials, and training and technical assistance for organizations working to reduce issues related to irresponsible consumption.

The PLCB offers nearly \$1.5 million each year in [educational grants](#) that enable schools, colleges, community organizations, and law enforcement agencies to combat underage and dangerous drinking. Additionally, the [Responsible Alcohol Management Program \(RAMP\)](#) offers responsible service training to Pennsylvania licensees.

The PLCB also developed an alcohol education and prevention campaign targeting Pennsylvania parents of children ages 8 through 12, [Know When. Know How](#). The objective of the campaign is to prevent underage drinking by providing parents with the information, tools, and confidence they need to begin having meaningful and effective conversations about alcohol at an early age before trial or use of alcohol begins.

DEPARTMENT OF MILITARY AND VETERANS AFFAIRS

Pennsylvania's Department of Military and Veterans Affairs has a dual mission: to provide quality service to the commonwealth's veterans and their families, and to oversee and support the members of the Pennsylvania National Guard.

The department provides resources and assistance to veterans and their families and quality care for aging and disabled veterans.

Military and Veterans Affairs prepares the Pennsylvania National Guard for combat, performing worldwide combat and combat support operations; provides global reach and the projection of United States military power in support of national objectives; and, at the command of the governor, provides trained personnel to support state and local authorities in times of natural disaster or civil strife.

The department consists of the Adjutant General, the State Armory Board, the State Veterans Commission, the Pennsylvania Soldiers and Sailors Home in Erie, the Veterans Home in Hollidaysburg, the Southeastern Veterans Center in Spring City, the Gino J. Merli Veterans Center in Scranton, the Southwestern Veterans Center in Pittsburgh, and the Delaware Valley Veterans Home in Philadelphia.

Programs and Goals

State Military Readiness: *To achieve and maintain readiness capability in units of the Pennsylvania National Guard for quick and effective response to state or federal mobilization.*

Veterans Homes: *To provide nursing and domiciliary care for veterans.*

Compensation and Assistance: *To provide advisory and financial assistance to eligible Pennsylvania veterans, guard members, and their dependents.*

Program: State Military Readiness

Goal: To achieve and maintain readiness capability in units of the Pennsylvania National Guard for quick and effective response to state or federal mobilization.

The Department of Military and Veterans Affairs (DMVA) runs the [State Military Readiness](#) program which provides the administrative, logistical, and training support necessary for the Pennsylvania National Guard to maintain requisite readiness capability to serve during emergencies. Such emergencies may result in full or partial mobilization of the [Pennsylvania National Guard](#) for state service in the commonwealth or federal service anywhere in the world. Costs for military equipment, supplies, and training are funded solely by the federal government. The readiness capability of Pennsylvania National Guard units is evaluated according to established federal inspection and training standards. Primary efforts are directed toward having the Pennsylvania National Guard in top readiness condition to perform state and federal missions. The training of personnel is dependent upon the operation, maintenance, and repair of numerous National Guard armories and readiness centers, support facilities, Air National Guard bases, and installations. These facilities may also be utilized as mass care centers for disaster victims in addition to providing meeting and recreational facilities for local civic and youth organizations. A statewide communications network provides fast and effective response to state or federal mobilization.

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

General Government Operations		Armory Maintenance and Repair	
\$ 562	—to replace nonrecurring benefits cost reduction.	\$ 1,000	—to continue current program while ensuring continued solvency in the State Treasury Armory Fund.
947	—to continue current program.		
380	—to increase resources to ensure adequate coverage of access control points at Fort Indiantown Gap.		
209	—to increase resources to enhance veteran services.		
445	—Initiative—to provide intervention services to prevent suicide among PA National Guard members.		
500	—Initiative—to expand services provided to meet needs of Pennsylvania veterans.

Program: Veterans Homes

Goal: To provide nursing and domiciliary care for veterans.

DMVA provides Pennsylvania veterans with various levels of care at six veterans homes located throughout the commonwealth. The [Gino J. Merli Veterans Center](#) in Scranton, the [Southwestern Veterans Center](#) in Pittsburgh, and the [Delaware Valley Veterans Home](#) in Philadelphia provide skilled nursing and dementia/memory care. The [Pennsylvania Soldiers and Sailors Home](#) in Erie, the [Hollidaysburg Veterans Home](#) in Duncansville, and the [Southeastern Veterans Center](#) in Spring City provide skilled nursing, dementia/memory care, and domiciliary and personal care.

The United States Department of Veterans Affairs provides financial assistance for care received at the state veterans homes, including a personal needs allowance for residents. DMVA maximizes federal funds and augmentations through participation in the Enhanced Veterans Reimbursement initiative for residents eligible for Medicaid reimbursement, Medicare Part B, Medicare Part D, and PACE/PACENET.

Program: Compensation and Assistance

Goal: To provide advisory and financial assistance to eligible Pennsylvania veterans, guard members and their dependents.

DMVA administers several activities within this program to aid qualified veterans, guard members, and their families.

[Education of Children of Deceased and Disabled Veterans](#). The program provides financial assistance of up to \$500 per semester to children of honorably discharged veterans who have service-connected disabilities and served during a period of war or armed conflict and children of veterans who die or died in service during a period of war or armed conflict.

[Educational Assistance — National Guard](#). Tuition grants are provided for certain members of the Pennsylvania National Guard who enroll in a Pennsylvania institution of higher learning with degree-granting status.

[Military Family Education Program](#). Pennsylvania National Guard members who commit to an additional six years of service can receive ten semesters of higher education benefits for their spouses and children.

[Blind Veterans Pension](#). Pensions of \$150 per month are provided for Pennsylvania veterans who incurred functional blindness while performing active military service and are rated as blinded through service connection by the U.S. Department of Veterans Affairs (USDVA).

[Amputee and Paralyzed Veterans Pension](#). Pensions of \$150 per month are provided to Pennsylvania veterans who are rated by the USDVA to have a service-connected loss or loss of use of two or more extremities.

[National Guard Pension](#). The program provides compensation for guard members who are injured or disabled or to dependent family members of guard members who die while performing duty in active service to the commonwealth, or in the performance of other state military duty.

[Supplemental Life Insurance Premiums](#). DMVA pays or reimburses the cost not paid by the federal government of group life insurance premiums for eligible soldiers and airmen of the Pennsylvania National Guard.

[Veterans Outreach Services](#). The Veterans Service Organizations program provides grants to veteran service organizations for the improvement of the administration and delivery of services to Pennsylvania veterans.

[Disabled Veterans Real Estate Tax Exemption Program](#). This program provides a real estate tax exemption for any honorably discharged veteran who is determined by the USDVA to be 100 percent permanently disabled and demonstrate financial need.

[Military Family Relief Assistance Program](#). The Military Family Relief Assistance Program was created to provide for short-term financial relief to families in need due to deployment of a family member.

[Keystone State ChalleNGe Academy](#). The Keystone State ChalleNGe Academy serves young people who are experiencing difficulty in traditional high school through a quasi-military, five-month residential program. Among graduates, the vast majority leave the program with a recognized credential or with credits toward high school graduation.

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

	Keystone State ChalleNGe Academy		Amputee and Paralyzed Veterans Pension
\$ 73	—to replace nonrecurring benefits cost reduction.	\$ 73	—to continue current program.
202	—to continue current program.		
\$ 275	<i>Appropriation Increase</i>		Veterans Outreach Services
		\$ 193	—to continue current program.
	Transfer to Educational Assistance Program Fund	284	—Initiative—to increase outreach resources to assist
\$ 696	—to continue current program.		veterans access available benefits.
		\$ 477	<i>Appropriation Increase</i>

MILK MARKETING BOARD

The mission of the Milk Marketing Board is to ensure that Pennsylvania's dairy industry remains viable by providing a regulatory environment that facilitates a safe, adequate supply of wholesome milk, while providing security for its dairy farmers and milk dealers, and protection for the public health and welfare of consumers.

Programs and Goals

Milk Industry Regulation: *To maintain an adequate supply of wholesome fluid milk.*

Program: Milk Industry Regulation

Goal: To maintain an adequate supply of wholesome fluid milk.

[The Milk Marketing Board](#) is a special fund agency financed from milk industry license fees, permit fees, and fines. The board supervises, inspects, and regulates the milk industry throughout the commonwealth, and establishes reasonable trade control and marketing practices. The board formulates policy, holds public hearings, and subsequently issues and enforces general marketing orders, rules, and regulations. The board also handles prosecution and levying of penalties against violators of the Milk Marketing Law, the Milk Producers' Security Act, and board regulations.

The board's major function is to ensure an adequate milk supply by setting minimum [prices paid to farmers](#), minimum prices dealers can charge [wholesale and retail](#) customers, and minimum prices stores can charge consumers. The regulation process is complicated by the existence of federal marketing orders, which are prices established by the federal government that must be paid to producers.

The board has implemented an automated milk accounting and regulatory system. The system values milk based on component pricing by allowing adaptation to changes in the state and federal regulatory environment. Pricing information collected through the system and from public hearings is used by the board to establish minimum milk prices.

PUBLIC SCHOOL EMPLOYEES' RETIREMENT SYSTEM

The mission of the Public School Employees' Retirement System is to serve the members and stakeholders of the system by providing timely and accurate payment of benefits, maintaining a financially sound system, prudently investing the assets of the system, clearly communicating members' and employers' rights and responsibilities, and effectively managing the resources of the system.

The system is responsible for administering the Public School Employees' Retirement Fund, the PSERS - Defined Contribution Fund, as well as premium assistance benefits and supplemental retirement allowances for annuitants.

Programs and Goals

Public School Employees' Retirement: *To provide retirement benefits to public school employees of the Commonwealth of Pennsylvania.*

Public School Employees' Retirement System

Program: Public School Employees' Retirement

Goal: To provide retirement benefits to public school employees of the Commonwealth of Pennsylvania.

The [Public School Employees' Retirement System \(PSERS\)](#) was established in 1917 to administer retirement benefits of eligible public school employees. The Public School Employees' Retirement Fund uses contributions from employees and their employers, as well as earnings from investments, to pay for annuities, disability benefits, and administration of the system.

PSERS undergoes an annual independent [actuarial valuation](#) to calculate the assets and liabilities of the pension fund. Based on the actuarial valuation process and legal requirements, PSERS develops the recommended employer contribution rate. Normal retirement for most public school employees is age 60, or at any age with 35 years of service. Retirement is possible after five years of service but is actuarially reduced to the equivalent of the annuity that would have been payable at normal system retirement age.

PSERS' [investment portfolio](#) is diversified to emphasize a long-term investment approach. The system aims to invest its assets to maximize returns based on the level of risk taken and strives to achieve a net-of-fee return that exceeds the Policy Index. The Policy Index is a custom benchmark, based on the PSERS board-established asset allocation structure, that seeks to generate a return that meets the actuarial rate of return assumption.

PSERS' browser-based system ensures the viability of PSERS' core pension administration system and provides an enhanced baseline platform with built-in features that makes future business processes and member self-service enhancements easier to implement.

[Act 5 of 2017](#) implemented a substantial change to PSERS' operations and made significant changes to PSERS' benefit structure for new members. As of July 1, 2019, new members of PSERS are able to choose one of three new retirement plan options for their retirement benefits. The new plan design options include two hybrid plans consisting of defined benefit and defined contribution components and a stand-alone defined contribution plan. A stand-alone defined benefit plan is no longer available to new members as of July 1, 2019.

PSERS is also responsible for the administration of the Public School Retirees' Health Insurance Account that provides [premium assistance](#) benefits to retirees.

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

Program: Regulation of Public Utilities

Goal: To ensure that safe and adequate public utility services are available to the public at fair and reasonable rates.

The [Pennsylvania Public Utility Commission](#) balances the needs of consumers and utilities to ensure safe and reliable utility service at reasonable rates; protects the public interest; educates consumers to make independent and informed utility choices; furthers economic development; and fosters new technologies and competitive markets in an environmentally sound manner.

The commission oversees over 9,000 entities furnishing a variety of essential services including electricity, natural gas, telephone, water, wastewater collection, and steam heat. Also included are entities furnishing transportation of passengers and property by motor coach, truck, taxicab, and natural gas pipeline operators including those who transport hazardous materials. The commission is empowered to enforce federal pipeline safety laws as they relate to non-public utility gas and hazardous liquids pipeline equipment and facilities within Pennsylvania. The commission is funded by assessments on the regulated entities based upon their operating revenues along with federal grant monies.

The focus of the commission has expanded from the traditional role of approving the cost-based rates and regulating the service of all public utilities to a broader mandate of also enabling and facilitating competitive markets for the electric, natural gas, and telecommunications industries. The commission experiences a steady number of rate requests from electric, natural gas, and water companies. Commission approval of mergers and acquisitions is an ongoing process, especially affecting the water and telecommunications industries.

The commission also:

- collects unconventional gas well impact fees under [Act 13 of 2012](#) and distributes the proceeds to counties and municipalities;
- ensures Pennsylvania's seven largest electric distribution companies develop [energy efficiency and conservation](#) plans to reduce the amount of electricity consumed by residential and business consumers;
- enforces the [statute](#) requiring electric distribution companies and generation suppliers to include electricity generated from alternative energy resources in their sales to retail customers;
- monitors the [broadband](#) deployment initiatives requiring participating incumbent local exchange carriers to provide access to broadband service to all Pennsylvanians at minimum speed standards for uploads and downloads;
- ensures that telecommunications services for [eligible low-income consumers and households](#) meet or exceed national standards;
- reviews petitions authorized under [Act 11 of 2012](#) by jurisdictional water and wastewater, natural gas, and electric utilities to implement a distribution system improvement charge to fund infrastructure upgrades; and
- provides oversight of transportation services under [Act 164 of 2016](#), including services ranging from traditional taxis and limousines to ride-hailing transportation network companies.

DEPARTMENT OF REVENUE

The mission of the Department of Revenue is to fairly, efficiently, and accurately administer the tax laws and other revenue programs of the commonwealth to fund necessary government services.

The department collects all tax levies as well as various fees, fines, and other monies due to the commonwealth. The department also supervises the administration and collection of monies for the first and second class county sales tax and various special funds.

The department prepares the official estimates of the tax yield due to the commonwealth and analyzes the effect on revenues of proposed changes in either the laws or the tax structure of the commonwealth.

Programs and Goals

Revenue Collection and Administration: *To assure the availability of resources for the commonwealth's programs through the equitable and efficient administration of Pennsylvania's revenue system.*

Community Development and Preservation: *To equitably distribute the Public Utility Realty Tax to all reporting local taxing authorities.*

Homeowners and Renters Assistance: *To increase economic stability by assisting eligible Pennsylvania citizens in maintaining their homes.*

Program: Revenue Collection and Administration

Goal: To assure the availability of resources for the commonwealth’s programs through the equitable and efficient administration of Pennsylvania’s revenue system.

The [Department of Revenue](#) administers the commonwealth’s revenue statutes by assessing and collecting various taxes. Major revenue sources for the General Fund include corporation, personal income, inheritance, sales and use, cigarette, beverage, and realty transfer taxes. Tax revenue is also collected for the first and second class county sales taxes and for the Motor License, State Racing, and Gaming Funds.

The department continues to expand the use of technology, permitting quick deposit of funds and an efficient review of a tax return’s accuracy. One such application is the [Electronic Tax Information Data Exchange System \(e-Tides\)](#), a web portal system for filing business taxes such as sales tax, employer withholding tax, and corporation tax extensions and estimates. Another example is the Pennsylvania Tax Hub or [myPaTH](#), a web portal system which enables users to file and [pay personal income tax](#), liquid fuels tax, fuels tax, and apply for a property tax/rent rebate. Revenue collection efforts are being enhanced to improve violation enforcement and improve business practices. To ensure fairness in tax administration, the department audits and verifies tax returns to detect fraud and non-filers. In addition, there is an extensive delinquent tax collection effort that involves automation as well as traditional tax collection methods.

This program is responsible for the administration of the [State Lottery](#). Through a network of private retailers, the commonwealth sells lottery tickets, the proceeds of which support [programs for older Pennsylvanians](#).

Program: Community Development and Preservation

Goal: To equitably distribute the Public Utility Realty Tax to all reporting local taxing authorities.

A 1968 amendment to the state constitution exempted public utilities from locally administered property taxes and authorized the collection of a similar statewide tax known as the [Public Utility Realty Tax](#). The proceeds of the tax are distributed to each local taxing authority thereby providing local revenue while ensuring fair treatment for utilities.

The distribution is based on the ratio between the total tax receipts of a local taxing authority and the total tax receipts of all reporting tax authorities. This ratio is then applied to the total amount of taxes that reporting authorities could have collected had they been able to directly tax public utility realty.

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

Distribution of Public Utility Realty Tax

\$ 1,100 —reflects estimated tax assessments.

Program: Homeowners and Renters Assistance

Goal: To increase economic stability by assisting eligible Pennsylvania citizens in maintaining their homes.

This program allows Pennsylvanians 65 years of age or older, surviving spouses over 50, and permanently disabled citizens 18 years of age or older who meet household income limits to lead fuller lives by restoring a portion of their income through property tax and rent rebate assistance.

The [Property Tax and Rent Rebate Program](#) provides eligible homeowners with household incomes of \$35,000 or less with rebates from \$250 to \$650. Renters with household incomes of \$15,000 or less qualify for rebates from \$500 to \$650. Certain homeowners with incomes under \$30,000 may be eligible for supplemental assistance that brings the maximum rebate to \$975.

In 2020-21, the average tax assistance payment was \$438, and the average rent rebate was \$548.

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

Property Tax & Rent Assistance for Older Pennsylvanians (EA)

DEPARTMENT OF STATE

The mission of the Department of State is to promote the integrity of the electoral process; to provide the initial infrastructure for economic development through corporate organizations and transactions; and to protect the health, safety, and welfare of the public. The department will encourage the highest standards of ethics and competence in the areas of elections, campaign finance, notarization, professional and occupational licensure, charitable solicitation, and professional boxing, wrestling, and mixed martial arts. Through the implementation of the latest technology, the department will provide exceptional public service and will remain a leader in all regulatory and enforcement policies and practices aimed at protecting every resident of the commonwealth.

Programs and Goals

Consumer Protection: *To protect the consumer from fraudulent solicitation and unqualified professional and occupational practitioners and establishments.*

Program: Consumer Protection

Goal: To protect the consumer from fraudulent solicitation and unqualified professional and occupational practitioners and establishments.

The [Department of State](#) administers several programs within the Consumer Protection Program.

Protection of the Electoral Process

This program ensures efficiency, uniformity, integrity, and security in the administration of the Election Code. The Pennsylvania Voter Registration Act integrates voter registration into driver's license applications and complies with the National Voter Registration Act. A statewide voter registration database serves as the official registry of all voters in the commonwealth. The [Bureau of Election](#) and [Notary Services](#) reviews candidate nomination petitions for compliance with statutory standards and processes them for inclusion on the ballot. As required by the Election Code, committees file campaign expense reports with the Bureau of [Campaign Finance](#) and [Civic Engagement](#), and the public is provided the opportunity to review the reports. The department tabulates, publishes, and disseminates statistics for both voter registration and all elections. It also serves as the primary repository of the maps and descriptions of over 9,000 election precincts.

The Bureau of [Election Security](#) and [Technology](#) works with county election officials, election stakeholders, and federal and state security and law enforcement partners to maintain a secure and safe electoral process in Pennsylvania. These partnerships supplement the commonwealth's ongoing efforts to maintain the security and integrity of the statewide voter registry and other election-related software applications. This also enables the department to connect counties with free or low-cost training opportunities to supplement their own efforts to secure election infrastructure. The Bureau of Election Security and Technology also provides support for online services like [Online Voter Registration](#) and [Online Absentee Ballot Request](#).

The department continues to assist counties with a newer generation of voting systems that utilize a [modern and secure](#) platform and that employ a [voter verifiable paper record](#). These systems provide enhanced voter confidence in the electoral process, increased resiliency of our election process, and meaningful auditability of election results. All counties transitioned to a new voting system prior to the 2020 Primary Election.

Protection through Voter Record Accuracy and Integrity

The department also develops and maintains an integrated voter registration database containing all electors in the commonwealth. The integrated [Statewide Uniform Registry of Electors \(SURE\)](#) database supports the efforts of hundreds of county election officials to process voter registrations and absentee and mail ballot requests. It includes online voter registration and online absentee applications that make applying easier and more convenient while enhancing the accuracy of the voter rolls by reducing the amount of manual data entry. In addition, the database also supports counties in their voter list maintenance activities to maintain up-to-date and accurate voter rolls.

Protection of Public Health and Safety through Professional Licensing

This program protects the health and safety of the public from fraudulent and unethical practitioners through the administration of the professional and occupational licensing programs. The 29 licensing boards and commissions, established by statute, ensure that professionals provide high-quality and safe services to the citizens of the commonwealth. To accomplish this, these boards and commissions have been authorized to set and enforce standards for both initial licensure and practice.

The [Bureau of Professional and Occupational Affairs](#) works with [board and commission members](#), professional occupation stakeholders, and the licensing community to modernize operations and administer licensure in the commonwealth. The bureau utilizes the [Pennsylvania Licensing System \(PALS\)](#) and will continue to pursue and implement solutions to modernize the licensing process through the reduction of processing times, increased electronic and automated workflows, and continuous improvement of existing processes and technologies.

Protection through Regulation of Consumer Products and Promotion of Fair Business Practices

This program encompasses the activities of the Bureau of Corporations and Charitable Organizations and the State Athletic Commission.

The [Bureau of Corporations and Charitable Organizations](#) maintains the records repository of more than 3 million companies that do business in the commonwealth and serves as the centralized filing office for [Uniform Commercial Code](#) financing statements. To register a business, online filing is available through [PennFile](#) to ensure expeditious processing of

Program: Consumer Protection, continued

corporate documents. The bureau also administers the state’s charitable solicitation law. It maintains [registration](#) and financial information on over 13,000 charities soliciting in the commonwealth, as well as more than 450 professional solicitors and fundraising counsels.

The [State Athletic Commission](#) monitors and regulates all professional and amateur boxing, kickboxing and mixed martial arts events, professional wrestling contests, and the licensing of all persons who participate in these events. The individual license categories include announcer, agent, boxer, judge, manager, matchmaker, physician, promoter (including those promoting professional wrestling), referee, second, timekeeper, trainer, and athletic agents. The commission is financially self-sufficient and supported solely from relevant license fees.

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

	General Government Operations
\$ 89	—to replace nonrecurring benefits cost reduction.
3,508	—to continue current program.
2,000	—for voter outreach campaign.
3,575	—Initiative—to increase resources for modernizing Pennsylvania’s elections and notaries licensing.
<u>9,172</u>	<i>Appropriation Increase</i>
	Voter Registration and Education
\$ 13	—to replace nonrecurring benefits cost reduction.
70	—to continue current program.
41	—Initiative—to increase resources for voter registration efforts.
<u>124</u>	<i>Appropriation Increase</i>
	Lobbying Disclosure
\$ 540	—Initiative—to provide resources to improve lobbying disclosure system.
	Publishing Federal Reapportionment Maps
\$ (400)	—nonrecurring decennial reapportionment costs.
	Publishing State Reapportionment Maps
\$ (2,500)	—nonrecurring decennial reapportionment costs.
	County Election Expenses (EA)
\$ (1,000)	—nonrecurring recount expenses.
	Election Code Debt Service
\$ (11)	—the net effect on principal and interest requirements and other costs relating to debt service.

This budget also recommends the following changes in appropriations and executive authorizations from restricted accounts:

	Professional and Occupational Affairs
\$ 3,628	—to continue current program.
5,000	—Initiative—to increase resources for enhancing professional licensing.
<u>8,628</u>	<i>Appropriation Increase</i>
	State Board of Medicine
\$ 549	—to continue current program.
	State Board of Osteopathic Medicine
\$ 161	—to continue current program.
	State Board of Podiatry
\$ 17	—to continue current program.
	Bureau of Corporations and Charitable Organizations (EA)
\$ (260)	—to continue current program.
<u>(3,439)</u>	—nonrecurring system upgrade costs.
\$ (3,699)	<i>Executive Authorization Decrease</i>

STATE EMPLOYEES' RETIREMENT SYSTEM

The mission of the State Employees' Retirement System is to provide retirement benefits and services to its members through sound administration and prudent investments.

The system is responsible for administering the State Employees' Retirement Fund, the SERS - Defined Contribution Fund, the supplemental retirement allowances, and cost-of-living increases for annuitants. The system also administers the commonwealth's Deferred Compensation Program.

Programs and Goals

State Employees' Retirement: *To provide retirement benefits to employees of the Commonwealth of Pennsylvania.*

State Employees' Retirement System

Program: State Employees' Retirement

Goal: To provide retirement benefits to employees of the Commonwealth of Pennsylvania.

The [State Employees' Retirement System \(SERS\)](#) was established in 1923 to administer the commonwealth's defined benefit pension plan. The State Employees' Retirement Fund is funded by employer and employee contributions and investment earnings, all of which are used solely for payment of pension benefits and administration of the defined benefit plan. SERS undergoes an annual independent [actuarial valuation](#) to calculate the value of system actuarial assets and liabilities, and based on the expected employer payroll, the [employer contribution rates](#).

Most members, depending on when they entered SERS membership, contribute 6.25 percent of pay toward their pension. Their membership class also determines their vesting period and benefit formula, which is based on years of credited service, final average salary, and the annual accrual rate. Normal retirement for most employees is age 60 or at any age with 35 years of service.

[Act 5 of 2017](#) changed the benefit structure for new employees beginning January 1, 2019. New employees can choose one of three new retirement plan options: two [hybrid plans](#) containing defined benefit and defined contribution components or a stand-alone [defined contribution plan](#) (similar to a 401(k) plan). The pension component of each hybrid plan features different benefit accrual rates and different employee and employer contribution rates. The defined contribution plan has three-year vesting for employer contributions and immediate vesting for employee contributions.

SERS is also responsible for the administration of the commonwealth's [Deferred Compensation Program](#) that allows commonwealth employees to voluntarily defer a portion of their salaries to a retirement savings account.

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

STATE EMPLOYEES' RETIREMENT FUND:			SERS - DEFINED CONTRIBUTION FUND:		
Administration			Administration		
\$ 500	—to replace nonrecurring benefits cost reduction.		\$ 33	—to continue current program.	
<u>479</u>	—to continue current program.				
\$ 979	<i>Appropriation Increase</i>				
Investment Related Expenses					
\$ 17	—to continue current program.

STATE POLICE

The mission of the Pennsylvania State Police is to seek justice, preserve peace, and improve the quality of life for all.

The State Police promotes traffic safety, investigates crime, reduces criminal activity, and provides investigative assistance and support services to all law enforcement agencies within the commonwealth. In addition, the State Police maintains and provides to criminal justice agencies up-to-date law enforcement information, evaluates the competence level of law enforcement within the commonwealth, and provides prompt, competent service in emergency situations. The State Police ensures personal protection and security for the governor and other persons designated by proper authority and enforces all other state statutes as directed by proper authority.

Programs and Goals

Public Protection and Law Enforcement: *To enforce the law and preserve the peace through detection of crime and apprehension of criminals, patrol of highways, and enforcement of the Vehicle and Liquor Codes.*

Program: Public Protection and Law Enforcement

Goal: To enforce the law and preserve the peace through detection of crime and apprehension of criminals, patrol of highways, and enforcement of the Vehicle and Liquor Codes.

Traffic Supervision

Enforcing the commonwealth's traffic laws is a major responsibility of the [Pennsylvania State Police](#). The State Police has jurisdiction in all political subdivisions within the commonwealth and routinely [aids](#) municipal, state, and federal law enforcement agencies. The department patrols a significant portion of the commonwealth's roadways while providing various levels of police services and traffic enforcement to municipalities. The State Police is also responsible for providing primary police services and traffic enforcement on the Pennsylvania Turnpike and the interstate highway system.

The [Commercial Vehicle Safety Division](#) seeks to reduce commercial motor vehicle crashes, fatalities, and injuries through consistent, uniform, and effective commercial motor vehicle safety programs.

Criminal Law Enforcement and Crime Prevention

Most State Police efforts in criminal law enforcement are performed at the station level and consist of investigations of violent crimes and property crimes. At the statewide level, the department conducts investigations into organized crime, terrorism, white-collar crime, public corruption, arson, computer crime, technology crime, special drug and narcotics, and criminal personality profiling. State Police troopers, along with local, state, and federal agencies, target major drug-trafficking organizations utilizing a comprehensive strategy that involves intelligence gathering, financial background information, criminal investigation, and asset forfeiture proceedings.

The State Police administers and manages the [Pennsylvania AMBER Alert System](#), a child abduction alert notification system. AMBER Alert utilizes the Emergency Alert System and the commonwealth's "[Alert-PA](#)" website to inform the public of an abduction of a child under the age of 18 whom the police believe to be in danger of serious bodily harm or death.

To reduce the incidence of crime, the department utilizes citizen involvement and educational crime prevention techniques. Initiatives such as Neighborhood Crime Watch, block parents, [Crime Stoppers](#), and business tip programs encourage the reporting of suspicious activity.

The State Police ensures the timely exchange of relevant information pertaining to sexually violent predators and other sexual offenders between public agencies and officials, and releases information regarding offenders to the public as required by [Megan's Law](#).

The State Police is responsible for managing the Pennsylvania Instant Check System (PICS). [PICS](#) provides instant access to background records on an individual to determine if the person is eligible to acquire a firearm or a license to carry a firearm.

Emergency Assistance

The State Police has primary police jurisdiction in the majority of the commonwealth's land area. The State Police is normally called upon whenever a medium to large-scale emergency occurs within the commonwealth. The State Police Watch Center provides situational awareness of emergencies to all levels of the department by establishing a standard alert condition procedure. [The Pennsylvania Statewide Radio Network \(PA-STARNet\)](#) is the two-way public safety radio system used by the State Police and various other commonwealth agencies. [The Governor's Office of Homeland Security](#) works with federal agencies, regional task forces, local governments, and the private sector to prevent, protect, and mitigate against acts of terrorism. The office develops and reviews a strategic plan, identifying and reducing the vulnerabilities of critical infrastructure and key resources through a unified outreach campaign and collaborating with the Western Pennsylvania All-Hazards Fusion Center, the Pennsylvania Criminal Intelligence Center, and other recognized regional fusion centers.

Liquor Control and Gaming Enforcement

[Liquor Control Enforcement](#) directs and controls coordinated enforcement of the Pennsylvania Liquor Code and related sections of the Crimes Code. Operations include conducting covert and overt investigations, assisting municipal police agencies, conducting routine license investigations, and performing establishment audits and border patrols. The State Police is also responsible for investigating and prosecuting criminal infractions, conducting various background checks, and providing overall law enforcement services for Pennsylvania's gaming facilities.

Program: Public Protection and Law Enforcement, continued

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

GENERAL FUND AND MOTOR LICENSE FUND COMBINED:			
General Government Operations		Gun Checks	
\$ 4,617	—to replace nonrecurring benefits cost reduction.	\$ 1,570	—to supplement gun check fees to cover Pennsylvania Instant Check System (PICS) costs.
90,926	—to continue current program.		
14,131	—for cadet class schedule, including two new classes beginning in 2022-23.		
7,746	—Initiative—to provide for technology leading to increased public and law enforcement officer safety.	\$ 1,000	Patrol Vehicles
			—to continue current program.
\$ 117,420	<i>Appropriation Increase</i>		Commercial Vehicle Inspections
		\$ 470	—to replace nonrecurring benefits cost reduction.
		283	—to continue current program.
		\$ 753	<i>Appropriation Increase</i>
Statewide Public Safety Radio System			
\$ 72	—to replace nonrecurring benefits cost reduction.		
132	—to continue current program.		
\$ 204	<i>Appropriation Increase</i>		

This budget proposes to decrease overall Pennsylvania State Police budget reliance on the Motor License Fund to \$500,000,000 annually to assure state match requirements for federal transportation infrastructure funding.

	Actual	Actual	Actual	Actual	Actual	Estimated	Estimated
Ensure the rapid collection and appropriate dissemination of accurate information on emergency situations throughout the commonwealth.							
State Police Watch Center immediate reports	1,838	2,341	2,637	3,422	2,637	2,680	2,730
Municipal public safety agencies receiving road closure reports from the State Police Watch Center.....	1,270	1,270	1,270	1,270	1,270	1,270	1,270
Increase the effectiveness of the Pennsylvania Statewide Radio Network (PA-STARNet).							
Percentage of statewide land area covered by PA-STARNet.....	97.3%	97.3%	97.3%	97.3%	97.9%	98.3%	98.6%
Percentage of statewide road coverage by PA-STARNet.....	98.1%	98.1%	98.1%	98.3%	98.4%	98.7%	98.9%
Increase the number of cadet applications, applicant retention rates, and applicants from traditionally underrepresented groups.							
Cadet applications	14,395	10,752	7,890	7,131	1,291	1,310	1,330
Cadet applications from traditionally underrepresented groups	5,177	4,192	3,038	2,858	595	610	620
Total number of individuals from traditionally underrepresented groups graduating from the State Police Academy.....	30	40	65	63	13 *	63	63
Total number of individuals graduating from the State Police Academy.....	253	279	393	398	51 *	246	288
Average length of time in months from application date until State Police Academy start date	21	25	33	21	25	24	24

* Reflects reduction in size and frequency of cadet classes due to COVID-19 pandemic.

DEPARTMENT OF TRANSPORTATION

The mission of the Department of Transportation is to enhance, connect, and add value to our communities by providing a sustainable, equitable transportation system and quality services for all.

Programs and Goals

Transportation Support Services: *To provide an effective administrative system supporting both non-highway and highway transportation programs.*

Highways and Bridges: *To provide a safe and efficient state-administered highway network through road and bridge improvements, as well as through ongoing maintenance activities including winter traffic services.*

Local Highway and Bridge Assistance: *To assist local governments in the maintenance and construction of their portion of the total highway and bridge system.*

Multimodal Transportation: *To support public transportation, intercity bus, intercity rail, rail freight, ports, aviation, and bicycle and pedestrian facilities options that improve the mobility and the quality of life for urban and rural Pennsylvanians and enhance economic activity throughout the commonwealth.*

Driver and Vehicle Services: *To minimize traffic accidents attributable to driver error and mechanically defective vehicles and to promote highway safety programs.*

Program: Transportation Support Services

Goal: To provide an effective administrative system supporting both non-highway and highway transportation programs.

The [Pennsylvania Department of Transportation](#) develops general guidelines for highway-related activities while directing and coordinating construction, maintenance, and safety functions discussed under the [Highways and Bridges program](#) and the [Driver and Vehicle Services program](#). Managerial responsibilities include providing support in legal, budgetary, accounting, personnel, procurement, information systems, and public relations matters. A central [municipal services staff](#) handles grant allocations to local governments and coordinates highway transfer activities which are discussed under the Local Highway and Bridge Assistance program section. In addition, the [State Transportation Commission](#) and the Transportation Advisory Committee are funded within this program. This program also provides for refunds of Motor License Fund overpayments associated with operator licenses, vehicle registrations, and safety inspection stickers.

Funding for direct supervision and oversight of aviation, mass transportation, rail freight, ports and waterways, and bicycle and pedestrian facilities activities is shown under the [Multimodal Transportation program](#).

Program: Highways and Bridges

Goal: To provide a safe and efficient state-administered highway network through road and bridge improvements, as well as through ongoing maintenance activities including winter traffic services.

Highway and Bridge Construction/Reconstruction

[Highway and Bridge Construction/Reconstruction](#) supports the economic vitality of the commonwealth and the mobility and quality of life of its residents. The department is responsible for approximately 40,000 miles of roadway and 25,000 bridges.

Managing Pennsylvania's highway and bridge system, along with aviation, bicycle, pedestrian, and other facilities in our state is a large, cooperative effort. The department, with federal and local partners, provides programs, tools, and resources to assess projects in the near term, as well as the future, and meet financial realities and customer needs.

Staff are actively involved in planning, facilitating, and making improvements to the transportation system. These staff are liaisons for [Metropolitan and Rural Planning Organizations](#), the [State Transportation Commission](#), and the Transportation Advisory Committee, as well as transportation management associations, the public, and other stakeholders. The products of this collaboration, at a high level, are the state's Transportation Improvement Program and the [Twelve Year Program](#), which include projects highlighted on the [PA Transportation Projects](#) website.

State Highway and Bridge Maintenance

Pennsylvania experiences high volumes of traffic and is subject to inclement weather. Roadway treatments that prolong the useful life of infrastructure range from crack sealing and seal coats to more extensive surface treatment such as resurfacing. Bridge activity ranges from deck washing and cleaning drainage outlets to repair and preventive maintenance of deck surface and structural components.

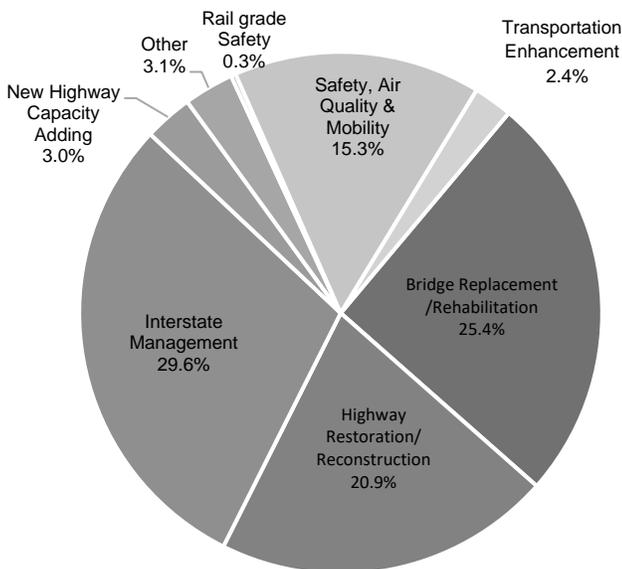

Unscheduled maintenance services must be performed in response to flooding, windstorms, landslides, sinkholes, and similar acts of nature. An event that is declared a national disaster becomes eligible for federal assistance, which typically covers approximately half of the total costs incurred.

A base level of [State Highway and Bridge Maintenance](#) activity is funded by a portion of the unrestricted Motor License Fund. This is supplemented by a dedicated share of the Oil Company Franchise Tax.

The Highway Systems Technology and Innovation appropriation includes costs associated with the department's traffic management centers, operation and maintenance of intelligent transportation equipment, traveler information provided to the public, and other key traffic operations efforts. This also covers costs for 511 services including the [511 PA website](#), the alert service, and a mobile application to communicate with Pennsylvania travelers.

Current Four-Year Project Distribution

(October 2018 – September 2022)

^a Does not include impact of federal transportation infrastructure funding.

^b Reflects change in methodology for reporting resurfacing and surface repair mileage.

Program: Local Highway and Bridge Assistance

Goal: To assist local governments in the maintenance and construction of their portion of the total highway and bridge system.

The commonwealth provides several programs to assist municipal and county governments in the maintenance and construction of their approximately 78,000 miles of roadway (roughly two-thirds of Pennsylvania highways) and 6,500 bridges that are greater than twenty feet. The majority of state funds are distributed by statutory formula, while federal funds are allocated in partnership with the [Metropolitan and Rural Transportation Planning Organizations](#).

A portion of the revenues from motor fuel taxes, certain Vehicle Code fines, and other sources are directed by law to municipalities. Grants may be used for a broad range of highway and bridge activities. The department provides technical assistance to local governments and is responsible for assuring expenditures are made in accordance with the law.

Dedicated Motor License Fund revenues are received from a portion of the Oil Company Franchise Tax and registration fees of commonwealth-registered vehicles having a gross weight in excess of 26,000 pounds. For the local program, both municipalities and counties are eligible for grants on bridges greater than 20 feet long owned by these political subdivisions. Projects are selected by the Metropolitan and Rural Transportation Planning Organizations and must be approved in the commonwealth's capital budget.

The [Highway Transfer program](#) is a voluntary program in which the department pays to upgrade a road segment to acceptable standards, transfers ownership to a political subdivision, and provides a \$4,000 per mile, per year subsidy for future maintenance.

There are three programs specifically directed toward county governments. General assistance for highway maintenance and construction and assistance for economically distressed counties with the local share of bridge improvement projects are each funded from a portion of the Oil Company Franchise Tax. A third program for maintenance and construction of county bridges specifies the distribution of an annual appropriation based on each county's percentage of the total county-owned bridge deck area in the state.

Program: Multimodal Transportation

Goal: To support public transportation, intercity bus, intercity rail, rail freight, ports, aviation, and bicycle and pedestrian facilities options that improve the mobility and the quality of life for urban and rural Pennsylvanians and enhance economic activity throughout the commonwealth.

Multimodal Transportation provides support primarily for the commonwealth's non-highway infrastructure that includes public transportation, aviation, bicycle, pedestrian, passenger and freight rail, and ports. Improvements and programs for non-highway transportation are funded through various sources.

Public Transportation

[Public transportation](#) service within Pennsylvania is provided by 35 transit systems. Operating grants to these organizations are determined by a base allocation equal to the prior-year subsidy and supplemental funding distributed on four performance factors, including total passengers, senior passengers, revenue vehicle miles, and revenue vehicle hours.

Asset Improvement provides public transportation capital funding to maintain and improve vehicles, communication equipment, technology, and transit facilities. Through the Programs of Statewide Significance, the commonwealth supports affordable access to demographic groups whose mobility would otherwise be more limited.

Free Transit Services for Seniors

The commonwealth's older citizens benefit from greater mobility through the [Free Transit and the Shared Ride programs](#). Both programs are funded from a portion of the revenues received from the Pennsylvania Lottery.

The Free Transit Program provides free rides on participating local fixed route operations to Pennsylvanians who are 65 years of age or older, while the Shared Ride Program enables senior citizens 65 years or older to use demand-responsive service at a significant fare discount. These programs both serve to enhance the ability of older Pennsylvanians to remain connected with local services and their community.

Intercity Transportation

The commonwealth's [Intercity Bus Services](#) supports operations on routes where, without state assistance, essential service would be terminated. As private operators propose termination of such services, the department evaluates the economic and social impacts of service termination and determines the merits of public subsidy. The operations are funded with state and Federal Transit Administration funds.

[Intercity rail passenger service](#) in Pennsylvania, as distinguished from local or regional commuter service, is provided by Amtrak. The department has contracted with Amtrak to provide service from Harrisburg to Philadelphia (The Keystone) and between Philadelphia and Pittsburgh (The Pennsylvanian).

PennPORTS

Pennsylvania's ports provide a cost-effective method of moving freight and are a competitive advantage for the commonwealth in attracting and retaining businesses. Pennsylvania boasts a deep-water port in Philadelphia, a sprawling inland port in Pittsburgh, and a Great Lakes port in Erie with access to the world through the St. Lawrence Seaway, as well as numerous privately-owned and operated terminals throughout the commonwealth. [PennPORTS](#) supports the operation and maintenance of the ports of Erie, Pittsburgh, and Philadelphia as well as strategic planning, policy development, and project oversight.

Rail Freight

The department administers programs to assist railroad owners with infrastructure improvements, acquisition, accelerated maintenance, and new construction. Through the [Rail Freight Assistance Program and the Rail Transportation Assistance Program](#), grants may be issued to private railroads, companies utilizing rail in their shipping process, and public authorities or municipalities that are conduits for rail activities. These two grant programs have been used to improve track, make acquisitions, and construct new rail facilities.

The department also receives annual funding from the Unconventional Gas Well Fund to provide rail freight grants for projects related to or directly benefitting the commonwealth's Marcellus Shale gas drilling industry.

Aviation

The department provides programs to improve the safety and effectiveness of the commonwealth's aviation network, including an airport inspection and licensing program. The department administers state and federal grant [programs](#) that are available for the commonwealth's public use airports. The State Aviation Development Program is used for public use

Program: Multimodal Transportation, continued

airports to meet safety, security, capacity, environmental, and planning needs. The [Real Estate Tax Reimbursement Program](#) allows for publicly operated airports to receive rebates on real estate taxes for land that is essential for airport public use. In addition, capital bond funds are available through the Aviation Transportation Assistance Program for airports that have a public sector sponsor.

Multimodal Transportation Fund Statewide Program Grants

Act 89 of 2013 established a dedicated [Multimodal Transportation Fund \(MTF\)](#) intended to stabilize funding for ports and rail freight, increase aviation investments, establish dedicated funding for bicycle and pedestrian improvements, and allow targeted funding for priority investments in any mode. The department provides grants to municipalities, councils of government, businesses, economic development organizations, public transportation agencies, and rail freight, passenger rail, and port entities through the MTF to improve transportation assets that enhance communities, pedestrian safety, and transit revitalization.

Bicycle and Pedestrian Facilities

The department has developed a [Statewide Active Transportation Plan](#) to outline a vision and overall strategies to implement bicycle and pedestrian projects throughout Pennsylvania. The plan focuses around six themes, including safety, connectivity, partnerships, economic mobility, transportation equity, and public health.

Program: Driver and Vehicle Services

Goal: To minimize traffic accidents attributable to driver error and mechanically defective vehicles and to promote highway safety programs.

[Driver and Vehicle Services](#) processes applications and collects fees for all vehicle registrations, titles, and operator licenses, and oversees operator and vehicular licensing activities such as testing, inspections, financial responsibility, and revocations. This includes [driver's license examinations](#) which certify an individual possesses the knowledge and skills to safely operate passenger and commercial vehicles and motorcycles.

The [Vehicle Safety Inspection Program](#) is intended to minimize traffic accidents due to mechanical failure. The commonwealth operates an annual [Vehicle Emissions Inspection Program](#) in 25 counties. In the remaining 42 counties not required to participate in the Vehicle Emissions Inspection Program, the annual Vehicle Safety Inspection Program incorporates a visual anti-tampering check for the presence of federally required emission control components that were installed on the vehicle by the manufacturer.

Pennsylvania enforcement officials are responsible for the issuance of citations for Vehicle Code violations. In addition to assigning points for driver infractions, the department suspends, revokes, disqualifies, or recalls driver's licenses for many violations, including accumulation of points. Driver's License program areas also administer the [Motor Voter](#) program and the commonwealth's [Organ Donor](#) program.

The department processes cancellation notices received from insurance companies. Notification of cancellation prompts the department to have registrants revalidate proper insurance coverage for the vehicle.

Driver and Vehicle Services currently has 101 offices statewide offering driver examination and/or photo licensing services and is working with private business to further decentralize its services to improve access. As part of its ongoing efforts to enhance customer service options and provide customers with another convenient option for taking their driver's skills test, the department has authorized a limited number of third-party entities to administer driver's skills testing. Customers can also process transactions on the department's internet renewal system. This budget continues to include funding to comply with federal homeland security requirements, which allows Pennsylvania residents to obtain an [optional REAL ID compliant driver's license or state identification card](#) that will be accepted for boarding a domestic commercial flight or entering a federal building.

LEGISLATURE

The mission of the General Assembly of Pennsylvania is to formulate and enact the public policy of the commonwealth.

Through legislation and resolution, the General Assembly defines the functions of state government, provides for revenue for the commonwealth, and appropriates money for the operation of state agencies and other purposes.

The General Assembly is composed of two bodies – the Senate and the House of Representatives. Its sessions begin on the first Tuesday of each year unless otherwise convened by proclamation of the governor.

Programs and Goals

Legislature: *To formulate and enact the public policy of the commonwealth, to define the functions of state government, to provide revenue for the commonwealth, and to appropriate money for the operation of state agencies and for other purposes.*

Program: State Judicial System

Goal: To provide the citizens of the commonwealth with prompt and equitable justice under the law.

Pennsylvania's [Unified Judicial System](#) is a layered court system consisting of the Supreme Court, Commonwealth Court, Superior Court, Courts of Common Pleas, the magisterial district courts, and Philadelphia Municipal Court. The Judiciary's core mission is the delivery of fair, timely, and accessible justice for all Pennsylvanians.

In counties other than Philadelphia, courts at the first level of the system are presided over by [Magisterial District Judges](#) who have jurisdiction over summary criminal cases, landlord-tenant matters, and other civil actions where the amount claimed does not exceed \$12,000. They also have jurisdiction to issue warrants, hold arraignments and preliminary hearings in all criminal cases, and accept guilty pleas under certain circumstances. In Philadelphia, the [Municipal Court](#) is the initial level of the court system. Its limited jurisdiction is analogous to that of the Magisterial District Judges.

The second level in the court system is the [Courts of Common Pleas](#), which are courts of general trial jurisdiction. They have original jurisdiction over all cases not exclusively assigned to another court. Appellate jurisdiction extends to appeals from final orders of the lower courts and appeals from certain state and most local government agencies.

Appeals from the Courts of Common Pleas are generally handled by one of the two intermediate-level appellate courts: [Commonwealth Court](#) and [Superior Court](#). The Commonwealth Court has jurisdiction over appeals involving government agencies and officials and not-for-profit corporations, as well as original jurisdiction over Election Code matters and cases involving state officials. The Superior Court has jurisdiction over all direct appeals not within the specific statutory jurisdiction of another appellate court. The [Supreme Court](#) is Pennsylvania's court of last resort and is responsible for administration of the entire Unified Judicial System.

As defined by the state constitution, statute, and court rule, the Court Administrator of Pennsylvania heads the Administrative Office of Pennsylvania Courts (AOPC), the administrative arm of the Supreme Court in the court's oversight responsibility of the Unified Judicial System. At the direction of the Supreme Court, the AOPC has undertaken initiatives to assist those in need and educate the public by making court documents and information more accessible. In response, the [Office of Elder Justice in the Courts](#) and the [Office of Children and Families in the Courts](#) work to protect the needs of the most vulnerable. In addition, the AOPC is focused on the continued expansion of its [problem-solving courts](#) program, assisting with the treatment and rehabilitation of behaviors and conditions that are often linked to crime and social problems. Through the Judiciary's commitment to continued improvements in language access and interpreter services, individuals who are limited-English proficient, deaf, or hard-of-hearing can fully participate in court processes, preserving their access to justice.

Pennsylvania's state court system was the second system in the country to go online, and through its [Judicial Computer System \(JCS\)](#) has been among the nation's leaders in using technology to more efficiently administer its courts and broaden public accessibility to court information. The JCS is now an integral part of not only court operations statewide, but also in supplying data for a broad array of state and local government agencies, especially in law enforcement through [JNET](#), the commonwealth's multi-agency Pennsylvania Justice Network.

Program: Government Support Agencies

Goal: To provide research, fiscal and regulatory review, and administrative and operational support.

The [Legislative Reference Bureau](#) prepares legislative bills and resolutions for introduction in the General Assembly; advises members of the legislature and legislative committees; and from time to time, prepares proposed codifications of existing general statutes for adoption or rejection by the General Assembly.

The [Legislative Budget and Finance Committee](#) is a bipartisan, bicameral legislative service agency that conducts studies and makes recommendations aimed at eliminating unnecessary expenditures, promoting economy in the government of the commonwealth, and assuring that state funds are being expended in accordance with legislative intent and law.

The [Legislative Data Processing Center](#) establishes and operates computer systems capable of storing and retrieving all of the financial, factual, procedural, and legal information necessary to serve all of the committees, officers, and agencies of the General Assembly.

The [Joint State Government Commission](#) serves as the bipartisan and bicameral research agency of the General Assembly.

The [Local Government Commission](#) is a bipartisan legislative service agency offering research assistance to propose legislation that will enable local governments to be more effective and efficient in providing services.

The [Legislative Audit Advisory Commission](#) plans and performs the audit of the General Assembly's financial transactions.

The [Independent Regulatory Review Commission](#) reviews commonwealth agency regulations to ensure that they are in the public interest.

The [Capitol Preservation Committee](#) works to preserve the art, architecture, and history of the Pennsylvania Capitol Building and Complex.

The [Commission on Sentencing](#) creates and maintains a consistent and rational statewide sentencing policy through the adoption of guidelines that promote fairer and more uniform sentencing throughout the commonwealth.

The [Center for Rural Pennsylvania](#) serves as a resource for rural policy within the General Assembly.

The Commonwealth Mail Processing Center screens and dispatches correspondence, packages, and parcels.

The [Legislative Reapportionment Commission](#) receives the United States Census Bureau redistricting data in the year following the federal decennial census. It is used as a basis for apportioning seats in the United States House of Representatives. Census data is also used to redraw legislative districts for the Pennsylvania Senate and House of Representatives.

The [Independent Fiscal Office](#) provides nonpartisan budget information and analysis.

Program Recommendations:

This budget recommends the following changes: (Dollar Amounts in Thousands)

All appropriations are recommended at the current year funding levels.

Commonwealth of Pennsylvania

Governor's Executive Budget

CAPITAL BUDGET

Program Summary

This section presents the 2022-23 Capital Budget and Five-Year Capital Program. The proposed funding sources and amounts needed to support capital programs are projected for five fiscal years.

All projects are grouped by categories regardless of the source of funding. The six categories, as explained below, are consistently used for projects which are to be funded by commonwealth debt obligations, current revenues and funds received from other jurisdictions. Funding source distinctions are clearly noted throughout the section which itemizes the recommended capital program.

Public Improvement Projects — this category includes various types of renovation projects, new buildings, nonstructural improvements, and land acquisition. The Department of General Services administers design and construction for the majority of these projects. However, Keystone Recreation, Park and Conservation and Environmental Stewardship projects are administered by the Department of Conservation and Natural Resources.

Public Improvement — Original Furniture and Equipment Projects — this category provides for the equipping of newly completed public improvement projects by purchasing original movable furniture and equipment through the Department of General Services. Replacement furniture and equipment to be used in existing buildings are purchased as fixed assets.

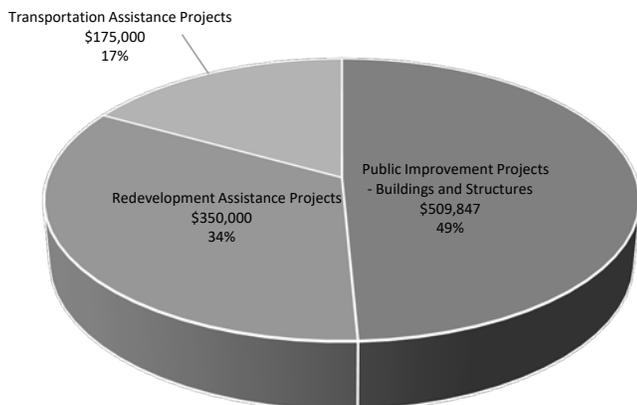

Transportation Assistance Projects — this category of projects includes: the purchase of rolling stock and construction or improvement of facilities operated by mass transportation agencies throughout the commonwealth; the acquisition, construction, and equipping of rural and intercity common carrier surface transportation systems or any components thereof; and air transportation systems. These projects are administered by the Department of Transportation.

Redevelopment Assistance Projects — this category provides grants for the acquisition and construction of regional economic, cultural, civic, recreational, and historical improvements.

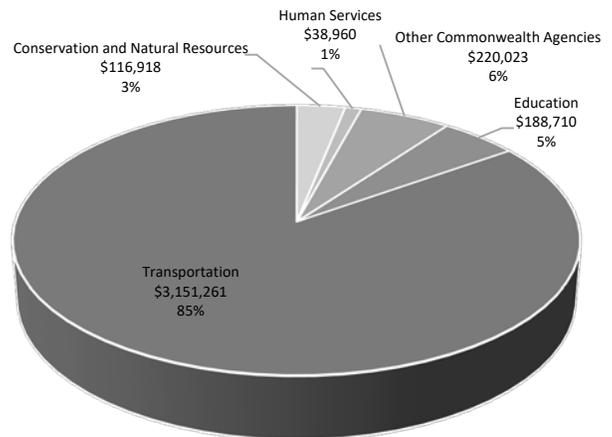

Flood Control Projects — this category provides the state's share of federal flood control works, and improvements to prevent floods and to preserve, control, and regulate the flow of rivers and streams in the commonwealth. These projects are administered by the Department of Environmental Protection.

Highway Projects — this category includes the design, purchase of rights-of-way, construction, reconstruction, and other improvements to highways and bridges on the state highway system. These projects are designed and constructed by the Department of Transportation.

**2022-23 Estimated Capital Expenditures
Capital Facilities Bond Fund**
(Dollar Amounts in Thousands)

Recommended 2022-23 New Project Authorizations
(Dollar Amounts in Thousands)

Capital Budget Financing. Most project authorizations recommended in the capital budget are debt financed by General Obligation Bonds. However, other capital projects are financed by current revenues either from dedicated sources or appropriations through operating budgets. An additional \$3.0 billion in 2022-23 new project authorizations (mostly highway projects) is financed by current revenues.

Program Summary, continued

The Capital Budget section consists of the following three subsections.

2022-23 New Project Authorizations — this section itemizes and describes the new capital projects recommended for authorization and their proposed source of funding. The projects are listed by department and capital project category.

Impact on Operating Costs — the description of each recommended capital project contains a statement concerning the impact on program operating costs expected from the implementation of the capital project. With certain exceptions, the statement indicates little or no effect on operating costs. This is due to the fact that most capital projects involve the renovation or replacement of existing facilities. Consequently, any operating cost impact is derived from such items as efficiencies in energy consumption and avoided maintenance. These items, when viewed in terms of the total agency or program budget, generally tend to be negligible.

An exception is when a large-scale project is implemented which will dramatically change efficiencies and other components of an operating budget. In this case, the expected change in operating expenses is quantified. The net change in operating cost also is quantified when new construction will result in a significant increase in the capital asset base. A more precise figure will be recommended in the agency's operating budget when the project has been completed, which is usually several years after a capital project is authorized.

There are several categories of capital authorizations for which no estimate of operating cost impact is provided. Among these are Redevelopment Assistance, Flood Control, Transportation Assistance, and flood protection projects undertaken as part of the Public Improvement category. These projects constitute improvements to the property of other entities, primarily local jurisdictions such as cities, boroughs, townships, and universities, among others. Any change in operating costs will, therefore, be borne by an entity other than the commonwealth.

Finally, the Highway Projects category also will not provide a statement of operating cost impact. This is because the bulk of capital spending in this category is for the rehabilitation of the existing highway network rather than the addition of new mileage. As rehabilitation takes place, high maintenance costs are avoided. These avoided maintenance costs are then shifted to other segments of roadway where repair needs are relatively significant. As a result, the total highway operating budget experiences little net change.

Future New Project Authorizations — this section contains a dollar forecast of new capital projects requested during each of the fiscal years 2022-23 through 2026-27. The projections are grouped by department and capital project category. Since design, acquisition, and construction of a project are not generally completed during the fiscal year in which the project is initiated, actual expenditures usually occur over several fiscal years. The estimated expenditures determine the amount of bonds which must be issued, or the current revenue appropriations required in each fiscal year.

ESTIMATED CAPITAL EXPENDITURES State Funds

This table presents summary data on the source of funding and use for currently authorized and proposed capital projects. Detailed information on debt issued for capital projects is contained in the Public Debt section of this budget document.

PUBLIC IMPROVEMENT PROJECTS FROM MOTOR LICENSE FUNDS

Program: State Highway and Bridge Maintenance – Highway

This section provides a brief description of each recommended project, its location, and cost components. Unless otherwise noted, these nonrecurring capital investments will not affect the agency's current or future operating budgets nor affect the services provided by the agency.

	(Dollar Amounts in Thousands)	<u>Total Project Cost</u>
<u>Armstrong County</u>		
Highway Projects		
Slide repairs on SR 2029 (Logansport Road) in Bethel Township.	\$	1,095
<u>Blair County</u>		
Highway Projects		
Installation and replacement of recessed pavement markers on various state routes in Blair County.		400
<u>Butler County</u>		
Highway Projects		
This project will relocate and expand the existing park-and-ride facility at the intersection of State Route 356 (South Pike Road) and State Route 2017 (Silverville Road) in Buffalo Township. The facility will be relocated from the current location west of SR 2017 to an adjacent location east of SR 2017. The new location will approximately double the capacity of the existing facility (50 spaces to ~100 spaces) and will provide safer access to the State Route. The facility will also be designed to accommodate buses to allow for potential future transit service.		320
<u>Clarion County</u>		
Highway Projects		
Resurfacing of PA 66 from SR 4015 (Fryburg Road) to a point 0.44 miles north of SR 1013 (Sawmill Road) in Farmington and Knox Townships.		2,556
Resurfacing of SR 338 from SR 58 (Alum Rock Road) to east of SR 4005 (Tippecanoe Road) in Richland and Beaver Townships. Work to include binder overlay, minor drainage, guide rail, back up, and other miscellaneous construction.		547
<u>Cumberland County</u>		
Highway Projects		
Resurfacing of I-81 from PA 581 to the Wade Bridge in Hampden and East Pennsboro Townships.		2,285
<u>Delaware County</u>		
Highway Projects		
Roadway widening and reconstruction from Chelsea Parkway to Market S. Interchange in Upper Chichester Township.		16,000
<u>Erie County</u>		
Highway Projects		
Restoration of US 20 (Ridge Road/Main Street) from Chestnut Street to the Imperial Parkway in the Borough of Girard and Girard Township.		480
<u>Fayette County</u>		
Highway Projects		
District wide slide repairs.		4,404
Replacement/installation of reflective pavement markers throughout the district.		530
<u>Fulton County</u>		
Highway Projects		
Pavement resurfacing, including drainage and guiderail upgrades as necessary on Cito Road (SR 1001) from US 522 to Union Church Road (SR 1002) in Ayr Township, Fulton County.		2,003
<u>Greene County</u>		
Highway Projects		
Betterment improvements to US 19 (Greene Street) and PA 21 (High Street) in the city of Waynesburg. Proposed improvements include highway reconstruction, sidewalk improvements, pavement markings, drainage improvements. Project limits are from Roy E. Furman Highway to Morris Street WB, and from High Street to Roy E. Furman Highway EB.		12,500
<u>Lackawanna County</u>		
Highway Projects		
Roadway improvements on State Route 632 (Carbondale Road) between Wemberly Hills Road and Life Sciences Drive, Scott Township.		4,439
<u>Northampton County</u>		
Highway Projects		
I-78 -Engineering study for substructure conditions in Lower Saucon Township.		693

TRANSPORTATION ASSISTANCE PROJECTS

FROM CAPITAL FACILITIES BOND FUNDS

Program: Mass Transit

This section provides a brief description of each recommended project, its location, and cost components. Unless otherwise noted, these nonrecurring capital investments will not affect the agency's current or future operating budgets nor affect the services provided by the agency.

	(Dollar Amounts in Thousands)	Total Project Cost
<u>Allegheny County</u>		
Port Authority of Allegheny County		
New Operating Facility - Based upon PAAC's NEXTransit plan - Before any of the overall NEXTransit projects can happen, Port Authority needs to expand its existing vehicle storage and maintenance capabilities. First, current facilities cannot accommodate further expansion of Port Authority's bus fleet, so adding significant service frequency to the existing network is not possible without garage capacity expansion, light rail equipment storage expansion, and non-revenue vehicle maintenance expansion. Next, light rail equipment storage and non-revenue vehicle maintenance expansion are general system needs that must be addressed before significant expansion can occur in the system.	\$	220,000
New Light Rail Vehicles - Purchase 75-80 Light Rail Vehicles		310,000
Transit Centers - Based upon PAAC's NEXTransit plan Port Authority is already preparing to begin a study of the Central Business District's bus network in partnership with the Pittsburgh Downtown Partnership - this study will include at least one network option which incorporates a larger transit hub into the Downtown core. While a location has not yet been selected, NEXTransit offers some basic criteria for discussion purposes that will help to advance public review and selection of alternatives (and the requirements that will be used to create the alternatives). Downtown is the center of Port Authority's transit network, and while NEXTransit presents several options for future connectivity that aim to create better neighborhood-to-neighborhood connections that don't require riders to pass through or connect Downtown if it's not on their way. The core rapid transit network currently terminates routes in or near Downtown, but in the future, through routing across the County from east to west or north to south Downtown as a central hub may be feasible. It is already possible based on where busways and light rail assets are located, but a transit hub that can provide flexible connections is necessary to not only make these connections comfortable and consistent, but also easy to understand.		66,000
McKnight Road Transit Upgrades - Based upon PAAC's NEXTransit plan - Throughout the McKnight Road corridor, enhanced bus service can streamline travel times and reduce delays. Improvements may include traffic signals that give buses priority, lanes that allow buses to jump the queue to or through stations, and upgraded stations. Street design upgrades to McKnight Road will increase safety and connectivity for visitors and employees of local businesses with continuous sidewalks, which also makes for a more inviting and walkable environment.		60,000
<u>Bucks, Chester, Delaware, Montgomery, and Philadelphia</u>		
Southeastern Pennsylvania Transportation Authority (SEPTA)		
Urbanized Area Formula Program of Projects		
To provide state funds to match federal capital funding to replace buses and rehabilitate or replace various facilities and infrastructure to bring them to improve the system and bring assets to a state of good repair.		60,000
Federal State of Good Repair Program		
To provide state funds to match federal capital funding to rehabilitate or replace existing facilities, vehicles, and infrastructure to bring them to a state of good repair.		70,000
Bus and Bus Facilities Program		
To provide state funds to match federal capital funding to rehabilitate or replace existing bus facilities and vehicles to bring them to a state of good repair.		4,000
Bus Purchase Flex Program		
To provide state funds to match federal capital funding to replace buses and rehabilitate or replace various facilities and infrastructure to bring them to a state of good repair.		9,000
Federal Grant Program		
Projects include but are not limited to: vehicle purchases and overhauls; signal system modernization; accessibility, stations and parking; new payment technologies, system improvements and state of good repair initiatives.		45,000
Infrastructure Safety Renewal Program (ISRP)		
To provide state funds to rehabilitate or replace existing facilities and infrastructure to bring them to a state of good repair.		100,000
State of Good Repair Program		
To provide state funds to rehabilitate or replace existing facilities and infrastructure to bring them to a state of good repair.		50,000
System Improvements Program		
To provide state funds to improve transit service in Southeastern Pennsylvania.		45,000
TOTAL STATE FUNDS	\$	1,039,000

Commonwealth of Pennsylvania

Governor’s Executive Budget

PUBLIC DEBT

This section presents data on the debt obligations of the commonwealth. Debt financing is used by the commonwealth to finance its capital programs, finance voter-approved bond referendums, and fund certain disaster relief programs. Most long-term financing by the commonwealth is provided by the issuance of general obligation debt. Appropriation-backed debt has been used in limited instances for capital purposes. Data on such debt is included in this presentation only in the calculation of the debt ratios shown.

The Commonwealth Constitution permits debt to be issued for (i) capital projects in approved capital budgets; (ii) purposes approved by voter referendum; and (iii) response to disasters. The following items are guidelines the commonwealth follows in executing its capital and other debt financing activities:

- Referenda to authorize additional debt should be submitted to the voters only for critical needs when sufficient other resources are not available.
- The general obligation pledge of the commonwealth is the preferred source of security for commonwealth debt.
- A moral obligation pledge of the commonwealth should not be given beyond those already given.
- Revenue pledges are to be used only by independent agencies and authorities that cannot pledge the commonwealth’s general obligation.
- Lease revenue debt should be used only when budgetary restraints prohibit current revenue funding for assets that are infrequently obtained and do not meet capital project definitions.
- Debt should be structured to mature within the useful life of the projects being financed.
- All long-term financing should be sold by competitive bid.
- Short-term borrowing should not comprise a majority of outstanding debt. Debt service paid by the General Fund should not exceed five percent of revenues.
- Capital projects addressing health, safety, and public protection receive top priority for activation. New construction projects have the lowest priority.
- Highway capital projects should be funded from current revenues of the Motor License Fund.

Five-Year General Obligation Rating History

	Fitch	Moody's	S&P
Jan-2016	AA-	Aa3	AA-
Sep-2017	AA-	Aa3	A+
Dec-2020	AA-	Aa3	A+

Any changes to ratings over the five-year period are noted in the table.

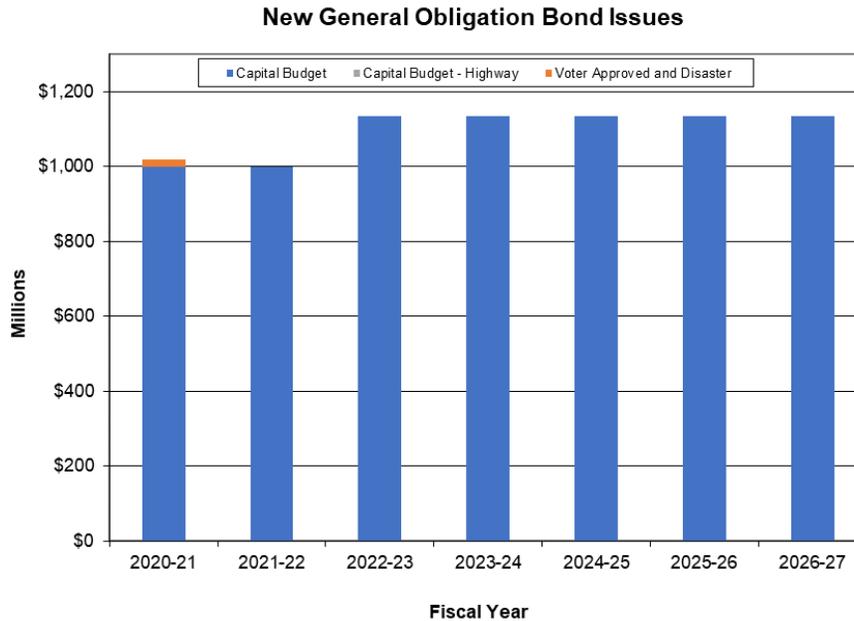

DEBT AUTHORIZED, ISSUED, AND OUTSTANDING

The following statement reflects the debt of the commonwealth as of December 31, 2021. Issues for which all authorized debt has been previously issued and for which said debt has been completely redeemed are not included. The constitution permits capital budget debt to be issued without voter approval but subject to a debt limit. Except for debt issued for disaster recovery purposes, all other debt requires voter approval.

	(Dollar Amounts in Thousands)

CONSTITUTIONAL DEBT LIMIT 2020-21 THROUGH 2026-27

The state constitution limits outstanding capital budget debt to 1.75 times the average tax revenues during the previous five fiscal years. Voter approved and disaster relief debt are not subject to the constitutional debt limit. The table and chart below present actual data for one fiscal year and current projections for six fiscal years.

TRENDS IN DEBT SERVICE AND DEBT RATIOS 2020-21 THROUGH 2026-27

The charts portray projections for indicators of the cost of projected annual debt service and the burden of projected debt outstanding. Debt service and outstanding debt includes general obligation debt and debt secured by lease rental payments or operating subsidies from various commonwealth departments.

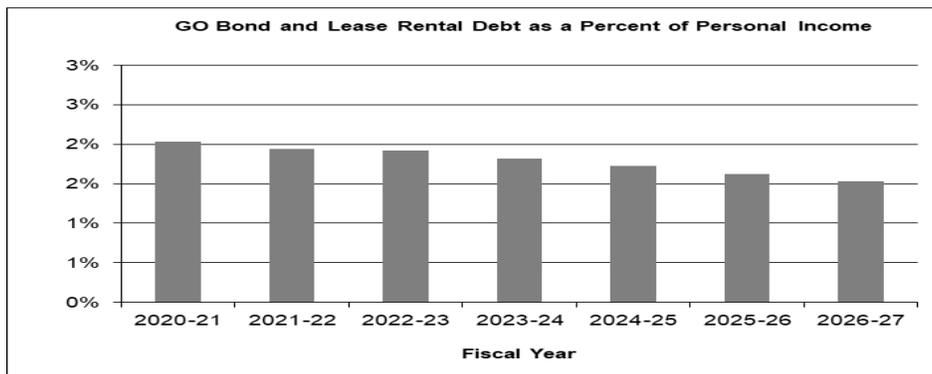

General Fund debt service as a percent of revenues remains below Standard & Poor's criteria of 5% for issuers considered to have a "low debt burden."

Per capita debt levels remain relatively low, although the lack of population growth in the commonwealth affects per capita levels.

Growing personal income keeps the planned bond issuance affordable.

OUTSTANDING INDEBTEDNESS OF PENNSYLVANIA AGENCIES AND AUTHORITIES

The indebtedness of the following agencies and authorities is not an obligation of the Commonwealth of Pennsylvania but represents the debt of those agencies and authorities created by the commonwealth for a public purpose. These obligations are not considered as debt under Article VIII of the State Constitution.

	Bonds and Notes as of 12/31/21 (in millions)
Commonwealth Financing Authority	
Created to promote health, safety, employment, business opportunities, economic activity, and the general welfare of the commonwealth. Debt service on the bonds is paid from revenues of the authority and sales tax revenue transfers.	\$ 4,494.5
Delaware River Joint Toll Bridge Commission	
Created by Pennsylvania and New Jersey to construct, operate, and maintain bridges crossing the upper Delaware River. Debt service on the bonds is paid from tolls and other revenues of the commission.	676.3
Delaware River Port Authority	
Created by Pennsylvania and New Jersey to control and operate bridges crossing the Delaware River, it may construct or acquire other bridges, tunnels, and other projects for port improvement and development. The authority operates a rapid transit system, which it constructed. Debt service on the bonds is paid from tolls, fares, rents, and other revenue of the authority.	1,223.3
Pennsylvania Economic Development Financing Authority	
Created to offer pooled bond issues of both taxable and tax-exempt bonds on behalf of local industrial and commercial development authorities for economic development projects. Debt service on the bonds is paid by loan interest and repayments and other authority revenues.	6,159.9
Pennsylvania Higher Education Assistance Agency	
Makes or guarantees student loans for graduate and undergraduate programs to students or parents, lending institutions, or postsecondary institutions. Debt service on the bonds is paid by loan interest and repayments and by other agency revenues.	2,838.8
Pennsylvania Higher Educational Facilities Authority	
Acquires, constructs, improves, and leases (as lessor) college facilities and makes loans to colleges and universities within the commonwealth. Debt service on the bonds is paid from rentals and from loan repayments collected for the use of the facilities.	5,447.6
Pennsylvania Housing Finance Agency	
Makes construction and permanent mortgage loans to qualified borrowers for the purchase and construction of multi and single family housing for low and moderate income persons or families. Debt service on the bonds is paid from mortgage loan interest and repayments and further secured by a "moral obligation" of the Commonwealth.	3,261.6
Pennsylvania Industrial Development Authority	
Makes mortgage loans to local nonprofit industrial development agencies for the financing of industrial development projects. Debt service on the bonds is paid from loan interest and repayments and other authority revenues.	45.4
Pennsylvania Infrastructure Investment Authority	
Provides low interest rate loans and grants for constructing new and improving existing water supply and sewage disposal systems. Loans and grants are available to local governments and, in certain circumstances, to private companies. The bonds are secured by principal repayments and interest payments on loans.	88.9
Pennsylvania Turnpike Commission	
Constructs, maintains, and operates the Pennsylvania Turnpike. Debt service on the bonds is paid from tolls and other revenue sources of the commission.	15,507.5
State Public School Building Authority	
Constructs, improves, equips, and makes loans to local school districts for school facilities. Debt service on the bonds is paid from rentals collected for the use of the facilities and from loan repayments.	2,350.7
TOTAL	\$ 42,094.4

Commonwealth of Pennsylvania

Governor's Executive Budget

OTHER SPECIAL FUNDS

This section provides information and financial data for the more than 150 Other Special Funds contributing revenue to the commonwealth's operating budget. The funds included here were created to more closely relate specific revenue sources to specific programs or to support particular government programs or activities. This information is presented to demonstrate the magnitude and complexity of the commonwealth's financial structure as well as provide important details about the various funds. Additional information on Other Special Funds expenditures can be found in each agency's Summary by Fund and Appropriation statement, which is located in Section E.

OTHER SPECIAL FUNDS

This section contains a brief presentation of all active commonwealth funds not given an expanded treatment in the other sections of the budget. In a limited number of cases certain expenditures from funds presented in this section are included in other presentations.

Generally, the commonwealth uses a modified cash basis of accounting for financial reporting where certain revenues are reported when collected and, for certain taxes, when accrued and expenditures are reported when disbursed or committed.

For the funds included in this section, all financial data shown herein is on a calculated cash basis. Receipts include only those items actually received and credited to the funds. Several funds carrying long-term investments show an investment adjustment to reflect the current value of the fund as of June 30. Disbursements are recorded at the time payment requisitions and invoices are posted to the commonwealth's accounting system and do not include commitments or encumbrances. Please see the Reader's Guide (Page 12) for additional discussion regarding the basis of accounting for financial reporting.

The cash beginning and ending balances reported through this format may differ from the actual cash balance in Treasury and/or the cash general ledger account in the commonwealth's accounting system due to timing differences, but the calculated cash balances reported provide an accurate reflection of the true cash position of the fund.

The vast majority of the commonwealth's day-to-day activities are financed from the General Fund. However, over time a large number of other funds have been created to more closely relate specific revenue sources to specific programs or to identify particular government programs or activities. These special funds are categorized into groups to aid in identifying their purpose. The groups are defined as follows:

Governmental Funds: Collectively these funds account for and report activities that are associated with routine, ordinary governmental functions and are financed largely by tax and grant revenues. The group includes the General Fund, Special Revenue Funds, Capital Project Funds and Debt Service Funds.

Special Revenue Funds — These funds are used to account for revenues from specific taxes or other earmarked revenue sources, which by law are designated to finance particular functions or activities.

Capital Project Funds — Bond funds are used to account for the receipt and disbursement of bond sale proceeds that normally finance the construction or acquisition of designated fixed assets.

Debt Service Funds — These funds account for the accumulation of resources, principally from transfers from other funds, for the payment of general long-term debt principal and interest.

Proprietary Funds: Include Enterprise Funds and Internal Service Funds. Such funds account for and report activities the way a private business or industry would. They include such activities as sale of goods or services, and lending and other financing activities where purchasers or customers pay a charge or a user fee.

Enterprise Funds — These funds accommodate the operation of public service programs financed wholly or mostly by user charges, or where the periodic determination of net income is deemed appropriate.

Internal Service Funds — These funds account for the financing of goods or services provided by one department or agency on a cost-reimbursement basis to other departments or agencies within the commonwealth or to other governmental units.

Fiduciary Funds: These funds are used to account for assets held by the commonwealth as trustee or agent for individuals, private organizations and other government units.

The special funds are categorized on the next two pages.

Achieving a Better Life Experience Fund

The Achieving a Better Life Experience (ABLE) Fund was created by Act 17 of 2016 to encourage savings accounts for individuals with disabilities. Individuals are eligible for an ABLE account if entitled to Social Security benefits based on blindness or a disability occurring before the age of 26. With the new accounts, people with disabilities will be able to accrue up to \$100,000 in savings without losing access to Social Security and other government benefits. This tax free savings account would cover qualified expenses approved by the United States Secretary of the Treasury including education, housing, and transportation expenses.

Acid Mine Drainage Abatement and Treatment Fund

This fund was created in 1992 to receive money authorized by Title IV of the Federal Surface Mining Control and Reclamation Act. This fund receives up to ten percent of the commonwealth's federal Title IV grant for abandoned mine reclamation. Funds are used for acid mine drainage abatement and treatment.

Administration Fund

This fund was created for the administrative costs associated with the Unemployment Compensation Law and the state system of public employment offices (Office of Employment Security). While the fund can receive funds from any source, the majority of revenue results from monies requisitioned from the commonwealth's account in the federal Unemployment Trust Fund.

Agricultural College Land Scrip Fund

This fund was established in 1862 with \$500,000 received from the sale of lands and scrip which was donated to the commonwealth by an Act of Congress to establish a college for the benefit of Agriculture and the Mechanical Arts. The income derived from the investment of the monies in the fund plus appropriations which may be made from time to time by the General Assembly serve as revenue to the fund. Monies in this fund can be disbursed only for use by the officially designated land grant college (Pennsylvania State University) for the benefit of Agriculture and Mechanical Arts. Act 26 of 2011 established a restricted revenue account in the Fund for the Department of Agriculture.

Agricultural Conservation Easement Purchase Fund

This fund was created by Act 64 of 1988 to implement the referendum approved by the electorate on November 8, 1988. That referendum authorized the commonwealth to incur indebtedness of \$100 million to be used for farmland preservation through the purchase of agricultural conservation easements. Act 23 of 1992 increased the annual ceiling on easement purchases from bond sales from \$20 to \$25 million. All bonds authorized have been issued.

Act 89 of 2002 changed the annual transfer of Cigarette Tax revenues from the first two thirty-firsts of the Cigarette Tax to \$20,485,000 to be made in two equal payments by July 15th and January 15th. Act 84 of 2016 increased the annual transfer of Cigarette Tax revenues to \$25,485,000. Act 15 of 1999 created a supplemental program for farmland preservation. Beginning in 2005-06 the program receives a set percentage of the Environmental Stewardship Fund for the continued purchase of agricultural easements.

Act 10 of 2020 authorized the Secretary of the Budget to transfer up to \$50 million of special fund balances to a General Fund restricted account for COVID Health Care System Assistance. Act 24 of 2020 returned the funds, and Act 114 of 2020 transferred the funds to the General Fund for appropriation by the General Assembly.

Anthracite Emergency Bond Fund

This fund was created by Act 171 of 1986 to provide loans for anthracite underground mine operators who cannot obtain necessary bonding or whose bonding has been cancelled due to insolvency or bankruptcy of the original bonding company. Revenues are provided by a fee for each ton of coal estimated by certain mine operations and payments made by operators in lieu of a bond. Act 173 of 1992 extended the program to anthracite surface mine operators.

Automobile Theft Prevention Trust Fund

The Automobile Theft Prevention Trust Fund was created by Act 171 of 1994. The purpose of the fund is to finance programs in the commonwealth to prevent, combat, and reduce automobile theft, as well as, improve and support automobile theft prosecutions. Revenue to the fund consists of assessments on the insurance companies that conduct business in the commonwealth, interest earnings, and fines and penalties.

Banking Trust Fund

The Banking Trust Fund is a special revenue fund comprised of monies received from fees, assessments, licenses, fines, and penalties collected or recovered from financial entities under the supervision of the Department of Banking and Securities. It provides for the administration of the Department of Banking and Securities and regulation of the financial services industry. The Institution Resolution Restricted Account is to be used at the discretion of the Secretary of Banking and Securities in the event of any unexpected trust solvency issues. Act 39 of 2021 amended the Department of Banking and Securities Code to convert the Banking Fund into a trust fund.

Ben Franklin Technology Development Authority Fund

Act 38 of 2001 created the Ben Franklin Technology Development Authority Fund. This fund merges the activities of the Ben Franklin Partnership and the Pennsylvania Technology Investment Authority (PTIA) under one authority. The Ben Franklin component assists small and medium sized technology, research, and start-up companies to do applied research and development projects and to develop and introduce new products and processes. PTIA provides high-tech financing to small and medium-sized businesses; stimulates the adoption and expansion of electronic commerce; and coordinates and expands university-based research and development in high-tech fields. Revenue to the fund includes annual transfers from the General Fund, loan repayments, tax credit sale proceeds, and interest earnings.

The Ben Franklin Centers support the commonwealth's technology strategy by building on regional strengths, capitalizing on new opportunities, and addressing the specific needs of our diverse communities. Funds available were curtailed significantly during the 2018-19 fiscal year after exhausting supplemental funds through a prior three-year initiative that securitized Insurance Premiums Tax proceeds to provide additional funds for technology investment.

Benefit Completion Fund

This fund was created in 2003 to accumulate reserves for the payment of pensions to eligible former state employees with a statutory benefit entitlement under the State Employees' Retirement Code that exceeds the limits of Section 415(b) of the Internal Revenue Code (IRC). Reserves in this fund are disbursed to members of the retirement system in accordance with the provision of IRC Section 415(m).

The fund receives revenue from employer contributions and interest income. Employer contributions are an actuarially determined percentage of payroll sufficient to fund the benefit payments of the forthcoming calendar year and the on-going expenses to administer the plan. Management of the fund and payment of benefits is overseen by the State Employees' Retirement Board.

Budget Stabilization Reserve Fund

This fund was created on July 15, 2002 by Act 91 of 2002 to replace the Tax Stabilization Reserve Fund. The fund provides financial assistance to minimize future revenue shortfalls and deficits, and promote greater continuity and predictability in the funding of vital government services. It minimizes the need to increase taxes to balance the budget of the commonwealth during periods of economic distress. Act 91 provides revenue through an annual transfer of twenty-five percent of the General Fund fiscal year end surplus. If the ending balance would equal or exceed six percent of actual General Fund revenues for the fiscal year in which the surplus occurs, the General Fund transfer would be reduced to ten percent.

The transfer had been suspended for fiscal years 2010-11 through 2015-16. There was no surplus for fiscal year 2016-17. Act 42 of 2018 reinstated a transfer of fifty percent of the 2017-18 General Fund surplus, and Act 20 of 2019 transferred one hundred percent of the 2018-19 General Fund surplus. There was no surplus for fiscal year 2019-20. Act 114 of 2020 transferred \$100 million to the General Fund. Act 24 of 2021 transferred 100 percent of the 2020-21 General Fund surplus. This budget proposes no transfer from the General Fund for fiscal year 2021-22.

Capital Debt Fund

Principal and interest payments on bonds issued for purposes of capital budget projects are paid from this fund. Annual appropriations from various funds for payment of interest and principal due on general obligation bonds are the primary sources of revenue. Funds in excess of interest and principal falling due in any one particular fiscal year may be used by the Board of Finance and Revenue to retire any other general obligation bonds issued to provide revenue to the Capital Facilities Fund.

Capital Facilities Fund

This fund is used to meet the financial costs of capital projects authorized by capital budget acts. Revenue for this fund comes principally from the sale of general obligation debt and interest earnings. Debt issued for this fund is subject to a debt limit equal to one and three quarter times the average of annual tax revenues in the preceding five fiscal years. This fund has at least one account for each category of capital projects. Interest earned on investment or deposit of monies in the fund is credited to the account in the fund to which such invested or deposited money was originally credited.

Capitol Restoration Trust Fund

This fund was created by Act 327 of 1982 to finance the maintenance, restoration, preservation and rehabilitation of artifacts, documents, and other historical objects or resources located within and around or associated with the State Capitol Building, and the acquisition of artifacts, documents, and other historical objects or resources, which contribute to the historical significance of the State Capitol Building. This fund is administered by the Capitol Preservation Committee. Revenue is derived from gifts, donations, and legacies of money from individuals, organizations, public or private corporations, and from the sale of commemorative medals and other items of a similar nature which promote the historic preservation and restoration of the State Capitol Building.

Catastrophic Loss Benefits Continuation Fund

This fund was established by Act 24 of 1989 to replace the Catastrophic Loss Trust Fund. The purpose of the Catastrophic Loss Benefits Continuation Fund (CAT Fund) is to pay all medical claims owed by the Catastrophic Loss Trust Fund. Monies in the former Catastrophic Loss Trust Fund were transferred to this fund effective July 1, 1989.

Act 13 of 2002 established the Medical Care Availability and Reduction of Error (Mcare) Fund and mandated that all surcharges levied and collected under the CAT Fund be remitted to the Mcare Fund beginning in January 2004. Act 50 of 2009 redirected the surcharge to the General Fund for 2009-10 and 2010-11. Act 26 of 2011 redirected the surcharge to the General Fund for 2011-12 and for each fiscal year thereafter.

This fund will continue to pay claimants from its balance and interest earnings until no further obligations exist. The most recent actuarial report estimates final expenditure in 2096.

No obligation or expense of, or claim against, the fund constitutes a debt of the commonwealth or a charge against the General Fund or the Motor License Fund.

Cigarette Fire Safety and Firefighter Protection Act Enforcement Fund

Act 42 of 2008 provides for cigarette fire safety, for certification of compliance by manufacturers, for package markings, and for enforcement and penalties. Certification fees are collected by the Department of Revenue at a rate of \$1,000 per brand family and \$500 for each additional listing within a brand family. Penalties are charged for specified violations. The Attorney General's Office enforces the Act. Pursuant to the enabling legislation, fund money may only be appropriated by the General Assembly to the Department of Revenue and the Office of Attorney General for the purpose of processing, testing, enforcement, and oversight activities related to this act.

Act 114 of 2020 authorized transfers to the General Fund from various special fund balances.

City Revitalization and Improvement Fund

The City Revitalization and Improvement Fund is a fiduciary fund established by Act 52 of 2013, which authorizes City Revitalization and Improvement Zones to provide economic development and job creation in cities with populations greater than 30,000. Each zone is comprised of parcels designated by the contracting authority constructing facilities in the zone. Bonds are issued by the contracting authority, and state and local taxes collected within a zone are used for program efforts and to repay debt service. Prior to 2016, up to two zones and one pilot zone were authorized. Beginning in 2016, up to two additional zones within cities may be approved each calendar year.

Clean Air Fund

This fund was created to meet the provisions of Act 787 of 1959, as amended by Act 95 of 1992, to finance the attainment of air quality standards, the administration of the rules and regulations promulgated under these acts, the reduction of interstate air pollution transport, and a program to assist businesses in meeting emission standards. Fines, civil penalties, and fees from air pollution emitters, as well as appropriations from the General Assembly, federal or local governments and interest earnings are deposited in this fund.

In 2019, Governor Wolf announced that Pennsylvania would join the Regional Greenhouse Gas Initiative (RGGI), a market-based collaboration among nine Northeast and Mid-Atlantic states to reduce greenhouse gas emissions and combat climate change, while generating economic growth. This budget proposes using the proceeds to invest in greenhouse gas abatement, energy efficiency, and clean and renewable energy programs.

Coal and Clay Mine Subsidence Insurance Fund

This fund was created by Act 484 of 1961 to provide insurance to homeowners in mining areas against damages resulting from subsidence. Revenue is derived from premiums paid by policyholders for subsidence insurance. Act 155 of 2002 updated this insurance program by further defining and establishing coverage by insurance providers and requiring the Department of Environmental Protection to prepare an annual report on the program and insurance sales. Disbursements are used to cover the payment of insurance claims and commissions to insurance agents who forward insurance applications as outlined in Act 155. A sufficient balance in the fund must be maintained to provide adequate protection for the solvency of the fund.

Coal Lands Improvement Fund

This fund was created by Act 117 of 1965 to finance the restoration of land acquired by the commonwealth through eminent domain or amicable methods which has been defaced by open pit or strip mining and has been declared a health hazard. Initially, the fund was provided a \$1 million appropriation, but subsequent revenue is derived from the sale of restored land and interest on investments.

Compulsive and Problem Gambling Treatment Fund

Act 71 of 2004, the Pennsylvania Race Horse Development and Gaming Act, established the Compulsive and Problem Gambling Treatment Fund to support a compulsive and problem gambling program. This program provides public education, awareness, and training regarding both the problem of compulsive and problem gambling and its treatment and prevention. Act 1 of 2010 amended the funding for this program by increasing revenues provided based on the greater of \$2 million or .002 multiplied by the gross terminal revenue of all active and operating gaming entities. It also provides for an annual \$3 million transfer to the Compulsive and Problem Gambling Treatment Fund for substance use disorder treatment services, including compulsive and problem gambling. Act 42 of 2017 expanded gaming to include a new category of slot machine licenses, fantasy contest and sports wagering, video, and interactive gaming. The act amends program funding to include .002 multiplied by the various gaming revenues, as specified, for either compulsive and problem gambling related programs or for substance use disorder treatment services.

Conservation District Fund

Act 110 of 2006 created the Conservation District Fund to assist local conservation districts in the conservation of soil, water, and natural resources. Revenue may be provided from state appropriations, federal appropriations, interest earnings, and other funds available to the State Conservation Commission. Act 13 of 2012 provided for the collection and distribution of unconventional gas well impact fees, including transfers to conservation districts from the Public Utility Commission. Of these conservation district transfers, fifty percent is distributed directly by the Public Utility Commission in equal payments to all county conservation districts. The remaining fifty percent is deposited into the Conservation District Fund to provide additional conservation district support. The Conservation Districts are delegated legal authority for permitting, inspections, and enforcement for many state water programs to assist the commonwealth in meeting its regulatory obligations.

County Voting Apparatus Fund

The County Voting Apparatus Fund was established in accordance with Act 77 of 2019 to account for the deposit of proceeds for the county voting machine bonds. The legislation authorizes the Pennsylvania Economic Development Financing Authority (PEDFA) to issue bonds on behalf of the Department of State for up to \$90,000,000 to provide funding for counties to replace voting systems. Debt service payments would be subject to annual appropriations by the General Assembly. While county applications for grant funds have expired, eligible reimbursement payments of up to 60% of the costs incurred in securing voting systems will continue be made to counties throughout the grant award period.

Deferred Compensation Fund

Act 81 of 1987 established the Commonwealth Deferred Compensation Program (DCP). The DCP enables commonwealth employees to voluntarily defer a portion of their compensation into a supplemental retirement savings plan. The State Employees' Retirement System (SERS) is responsible for administration of the DCP.

Contributions to the DCP began in 1988. The DCP is funded primarily from participant fees and interest as detailed in the footnote below. Participant contributions, together with the returns they earn less expenses, are available to formerly eligible employees for distribution when they meet requirements such as retirement. Cash balance is a reflection of uninvested funds at a point in time.

Deferred Compensation Fund - Short-Term Portfolio

Act 81 of 1987 established the Commonwealth Deferred Compensation Program (DCP) and Act 2017-5 established the State Employees' Defined Contribution Plan (DC). In both of these plans, Pennsylvania Treasury Department's Short-Term Money Market Fund is one of the available funds for employees to choose as an investment option. In order to maintain the identity of these investments separately, the Deferred Compensation Fund – Short Term Portfolio was established.

DNA Detection Fund

The DNA Detection Fund was created by Act 14 of Special Session One of 1995 to account for the collection and processing of Deoxyribonucleic Acid (DNA) samples by State Police from individuals convicted, adjudicated delinquent, or granted accelerated rehabilitation disposition for a felony sex offense or other specified offense. Revenues are derived from mandatory fees which are assessed on sexual offenders. Expenditures are made to establish and maintain a DNA database and DNA bank. Act 57 of 2002 reestablished this fund as well as the State DNA Database and State DNA Data Bank. Additional requirements provide for testing and the imposition of related costs on certain offenders, while further defining the apportionment of liability and damages against defendants.

Emergency Medical Services Operating Fund

The fund was created by the Emergency Medical Services Act, Act 45 of 1985, to assist in activities relating to the prevention and reduction of premature death and disability in the commonwealth; to provide assistance, coordination and support of the development and maintenance of the comprehensive emergency medical services system; to determine qualifications, eligibility and certification of emergency medical services personnel; and to fund ambulance services. Revenue is derived from fines levied on all moving traffic violations and fees imposed on persons admitted to programs for Accelerated Rehabilitation Disposition (ARD) related to driving under the influence of drugs and/or alcohol. These fines are in addition to other fines imposed at the discretion of the court. This statement includes both the Emergency Medical and Catastrophic Medical and Rehabilitation components of the Act.

Act 93 of 2020 increased the fee imposed for ARD from \$25 to \$50 and the moving traffic violation fine from \$10 to \$20.

Employment Fund for the Blind

This fund was created in 1967 to make loans to persons who are blind to purchase equipment, stock, merchandise, and accessories necessary to put into operation vending or refreshment stands or other suitable business enterprises in suitable locations to be leased or arranged for by state agencies. Act 15 of 1999 transferred the authority to administer the fund from the Department of Human Services to the Department of Labor and Industry.

Monies credited to this fund include: (1) repayment of money advanced to persons who are blind for the purchase of equipment, stock, merchandise, and accessories; (2) rental fees paid by persons who are blind for leasing equipment and accessories purchased, owned, installed, and maintained by the Department of Labor and Industry; (3) a percentage of the profits from vending machines in state buildings where a restaurant or cafeteria is operated by the Department of General Services; and (4) any grants or contributions from the federal government.

Energy Development Fund

The Energy Development Fund was created by Act 280 of 1982. The fund provides the vehicle to accomplish the purposes of the Pennsylvania Energy Development Authority (PEDA) including the sale of bonds. Activities of the fund include preparation of the energy development plan, payment of administrative costs, the making of grants and loans for limited research intended to make the greatest possible contributions to energy conservation and development, and the establishment of reserves in respect to loans guaranteed or bonds issued by the authority. The fund is supported by loan repayments and interest earnings. Under statute, if the Energy Development Authority determines that funds held for the credit of the fund are more than the amount needed to carry out the purposes of the enabling law, then the authority must transfer the excess money to the General Fund.

Act 114 of 2020 authorized transfers to the General Fund from various special fund balances.

Environmental Education Fund

This fund was authorized by Act 24 of 1993 to provide environmental education programs and to provide grants to schools and other organizations. Funding is from the transfer of five percent of fines and penalties deposited in the special funds and restricted revenue accounts which are administered by the Department of Environmental Protection. Act 18 of 1995 requires that not less than 25 percent of the annual receipts of this fund shall be provided to the Department of Conservation and Natural Resources.

Act 114 of 2020 authorized transfers to the General Fund from various special fund balances.

Environmental Stewardship Fund

The Environmental Stewardship Fund is a special revenue fund composed of monies from certain landfill fees. The fund provides for farmland preservation projects, open space protection, abandoned mine reclamation, watershed protection and restoration, water and sewer infrastructure, and the improvement and conservation of commonwealth and community parks and recreational facilities. The fund originally received revenue from a 25 cents per ton, or 25 cents per three cubic yards, fee for all solid waste received at a landfill in the commonwealth. Act 90 of 2002 added an additional \$4 per ton disposal fee for all solid waste disposed at any municipal waste landfill. For 2002-03, the first \$50 million received from this fee was deposited into this special fund. In 2003-04, and thereafter, all revenue from these fees is deposited in this special fund. The fund is also used to fund debt service for the Growing Greener program. Act 13 of 2012 authorized an annual transfer from the Marcellus Legacy Fund into the Environmental Stewardship Fund, and Act 24 of 2021 modified this transfer. The Governor's Budget proposal for 2022-23 proposes to permanently eliminate the portion of the transfer that originates in the Oil and Gas Lease Fund. This budget also proposes to permanently establish the Personal Income Tax transfer to pay for the Growing Greener Program debt service. The dollars and interest generated by this fund are specifically designated for implementing the programs found in 27 Pa. Code Chapter 61.

Fire and Emergency Medical Services Loan Fund

Bond referenda in 1975, 1981, 1990, and 2002 authorized a total of \$100 million of bonds to be issued for acquisition and replacement of volunteer fire, ambulance, and rescue company equipment and facilities. Act 208 of 1976 established a revolving loan fund known as the Volunteer Companies Loan Fund. Loans provided for under these bond issues are administered by the Office of the State Fire Commissioner. In addition to bond proceeds, revenues include loan repayments and penalty charges. To increase program participation and accessibility, Act 129 of 2013 modified loan amounts, loan periods, and the number of loans allowed for emergency service providers. Act 91 of 2020 changed the name of the Volunteer Fire Company, Ambulance Service and Rescue Squad Assistance program to the Fire and Emergency Medical Services Loan Program and the name of the Volunteer Companies Loan Fund to the Fire and Emergency Services Loan Fund.

Act 10 of 2020 authorized the Secretary of the Budget to transfer up to \$50 million of special fund balances to a General Fund restricted account for COVID Health Care System Assistance. Act 24 of 2020 returned the funds, and Act 114 of 2020 transferred the funds to the General Fund for appropriation by the General Assembly.

Fire Insurance Tax Fund

This fund was created by Act 205 of 1984 and is administered by the Auditor General. The revenue for the Fire Insurance Tax Fund results from the two percent tax paid upon premiums received from foreign (out-of-state) fire insurance companies on business done within the commonwealth. The funds are distributed based on the population and market value of real estate of each municipality. In addition, the distribution formula provides for differential payment for paid and volunteer firefighters. The amount to be distributed based on paid firefighters is transferred to the Municipal Pension Aid Fund for payment. This money must be paid by the local governmental organization into the relief, pension, or retirement fund of the recognized firefighting organization serving the city, town, township, or borough.

Governor Robert P. Casey Memorial Organ and Tissue Donation Awareness Trust Fund

This fund was established by Act 102 of 1994 and derives revenue from private contributions, income tax refund check-off donations, and a voluntary add-on to the fee for an original or renewal driver's license, state identification card or vehicle registration. Act 90 of 2018 increased the voluntary add-on amount from \$1 to \$3 and provided for the establishment of a publicly accessible internet website within the Department of Transportation for voluntary donations of at least \$1. Act 115 of 2020 further provided for the voluntary add-on of up to \$6 for biennial vehicle registration renewals.

After the payment of initial departmental operating costs associated with the fund, including support of the Organ and Tissue Donation Advisory Committee, any remaining funds are spent as prescribed by Act 90: 10 percent for hospital and medical expenses, funeral expenses, and incidental expenses incurred by the donor or the donor's family in connection with making an organ or tissue donation, and for support services to organ donors, tissue donors, and their families such as bereavement counseling services; 50 percent for grants to certified organ procurement organizations for the development and implementation of organ donation awareness programs; 15 percent in cooperation with certified organ procurement organizations for the Project Make-A-Choice program; and 25 percent for the implementation of organ donation awareness programs in secondary schools.

Hazardous Material Response Fund

The Hazardous Material Response Fund was created by Act 165 of 1990 and amended by Act 121 of 2000 to carry out Pennsylvania's responsibilities under Title III of the Federal Superfund Amendments and Reauthorization Act (SARA Title III). Revenue is generated from toxic chemical registration fees and toxic chemical release form fees. Expenditures are for training hazardous material response teams, public education programs, grants to counties for SARA Title III activities, cost recovery grants, facility and vehicle inspections, testing, and administration of the program including data collection and management.

Hazardous Sites Cleanup Fund

This fund was created by Act 58 of 1987 to finance the cleanup and restoration of abandoned hazardous waste sites in the commonwealth. Expenditures from this fund are for cleaning up abandoned hazardous waste sites throughout the commonwealth and restoring the land to productive use. Revenue is generated from a Hazardous Waste Fee as well as money received from parties determined responsible for site contamination. Prior to 2002-03, the fund received one-quarter mill of the Capital Stock and Franchise Tax. Act 77 of 2007 provided for a one-time transfer in 2007-08 of monies lapsed from certain appropriations within the Legislature. Beginning in 2008-09, the act also included an annual transfer to the fund of \$40 million of revenue received from the Capital Stock and Franchise Tax. Act 13 of 2012 includes an annual transfer from the Marcellus Legacy Fund beginning in 2014-15 and Act 44 of 2017 modified this transfer. The Capital Stock and Franchise Tax was eliminated on January 1, 2016.

Higher Education Assistance Fund

This fund statement presents financial activity within the Higher Education Assistance Fund that is related only to programs funded by state and federal appropriations. The Pennsylvania Higher Education Assistance Agency (PHEAA) administers other programs through the Higher Education Assistance Fund which are not included in this presentation. Funding is used primarily for the following purposes: (1) grants to students; (2) grants to nondenominational private postsecondary educational institutions; (3) grants to institutions of higher learning for the purpose of helping the institution secure federal funds to provide direct financial aid to students; (4) funds to institutions for the Federal Work Study Program; (5) grants to minority students entering graduate professional schools under the Bond-Hill Program; (6) funds to recruit gifted students to Cheyney University; (7) funds for the higher education of disadvantaged students; and (8) funds for the higher education of blind or deaf students. Revenues to this fund are derived from General Fund appropriations by the General Assembly, federal funds, and interest earnings.

Highway Beautification Fund

The Highway Beautification Fund was created by Act 5 of Special Session Three of 1966. Highway beautification activities are supported by licenses, fees, fines, penalties, and interest. Activities include the regulating of outdoor advertising and junkyards. Act 114 of 2020 authorized transfers to the General Fund from various special fund balances.

Historical Preservation Fund

This fund was created for expenditure by the Historical and Museum Commission for the preservation, care, and maintenance of state historical properties, museums, and records and for the financing of historical research and publication programs. Money in the fund can also be used to purchase publications and souvenirs of a historical nature for sale at commission administered properties. This fund is made up of monies from the sale of publications by the Pennsylvania Historical and Museum Commission and all monies received from admission fees or other sales by the commission at the state historical properties and/or museums. Act 173 of 2002 enables the commission to sell most commonwealth publications to the public and provides that net proceeds from the publication sales and from the sale of historical properties administered by the commission shall be deposited into the fund. The Historical Preservation Fund is designated for projects of the Historical and Museum Commission for which they have agreements to complete over a period of several fiscal years.

HOME Investment Trust Fund

This fund was established by Act 172 of 1992 in order to administer Pennsylvania's program under the National Affordable Housing Act of 1990. Funding is provided by the Federal Department of Housing and Urban Development on an annual basis. Expenditures are for the development and support of affordable rental housing and home ownership through the acquisition, new construction, reconstruction, or rehabilitation of housing.

Beginning in 2000-01, the majority of federal funds are granted directly through the implementation of the Federal Department of Housing and Urban Development Integrated Disbursement and Information System and do not flow through the Department of Community and Economic Development. Administrative funds are appropriated to the department to continue the program.

Housing Affordability and Rehabilitation Enhancement Fund

This fund was established by Act 105 of 2010. Revenue consists of a transfer from the Unconventional Gas Well Fund. Disbursements are made in accordance with the Housing Finance Agency Law. Act 58 of 2015 provides for additional funding to be transferred to this fund based on the amount of Realty Transfer Tax (RTT) received yearly. Act 13 of 2019 increased the cap of the annual RTT transfer to \$40 million.

Industrial Sites Cleanup Fund

Act 2 of 1995 created the Industrial Sites Cleanup Fund to provide grants and loans to political subdivisions, local economic development agencies, and others who, as part of an economic development strategy, undertake voluntary cleanup of property contaminated by industrial activity. Act 6 of 2000 allows the Department of Community and Economic Development to provide performance-based loans, which may be forgiven if performance measures are met. Also, Act 6 expanded the program to include remediation of non-hazardous waste or debris. Revenue to the fund consists of transfers from the Hazardous Sites Cleanup Fund, any funds appropriated by the General Assembly, interest earnings, and loan repayments. Grants and loans are prioritized based on the benefit of the project to the public health and safety, the cost effectiveness of the project, the economic distress of the area, and the potential of the project to result in economic development. Revenue to the fund is primarily derived through transfers from the Hazardous Sites Cleanup Fund. The primary revenue source for the Hazardous Sites Cleanup Fund ended with the full phase-out of the Capital Stock and Franchise Tax on January 1, 2016.

Act 114 of 2020 authorized transfers to the General Fund from various special fund balances.

Insurance Fraud Prevention Trust Fund

The Insurance Fraud Prevention Trust Fund was created by Act 166 of 1994. The purpose of the fund is to finance activities in the commonwealth to prevent, combat, and reduce insurance fraud, by improving and supporting insurance fraud law enforcement, prosecutions, and prevention. The source of funds includes assessments on the insurance companies that conduct business in the Commonwealth of Pennsylvania, fines and penalties, and interest earnings.

Insurance Liquidation Fund

The Insurance Department is responsible for administering the liquidation of insolvent domestic insurance carriers pursuant to orders of the Commonwealth Court under Article V of the Insurance Department Act. This fund is used to permit the Treasury Department to invest the assets of insolvent insurance carriers. These assets are used to pay claims and expenses incurred in the administration of domestic insurance carrier insolvencies.

Insurance Regulation and Oversight Fund

This fund was established by Act 46 of 2013 to provide for the Insurance Department's regulation, management, development, and oversight of the commonwealth's insurance industry.

The Insurance Regulation and Oversight Fund receives 50 percent of all licenses and fees collected by the Insurance Department and all augmentations and reimbursements made to the department by regulated entities. The surcharge on moving vehicle violations remains in the General Fund.

At the end of the fiscal year, the fund retains an amount equal to no more than 100 percent of the total expenditures and commitments by the department from the immediately preceding fiscal year. If the balance in the fund at the end of the fiscal year exceeds the retention amount, then that amount of excess funds is to be returned to the General Fund within 30 days of the end of the fiscal year.

Act 114 of 2020 authorized transfers to the General Fund from various special fund balances.

Job Training Fund

This fund was created by Act 5 of 2005 to facilitate advances in workforce development in the commonwealth. The Job Training Fund awards annual grants to entities in specified rural counties which run workforce education programs and services for job training assistance to incumbent workers, dislocated workers, adult and youth workers and other workforce development programs. Receipts in the fund are transfers from the Special Administration Fund and are supplemented by interest earnings and other monies appropriated to the fund. Due to anticipated shortfalls in the Unemployment Compensation Administration Fund, the department suspended transfers to the Job Training Fund beginning in 2016-17. Until such time as sufficient revenues become available, all Special Administration Fund revenues will be used for the administration of unemployment compensation.

Act 114 of 2020 authorized transfers to the General Fund from various special fund balances.

Justice Reinvestment Fund

The Justice Reinvestment Fund was created by Act 196 of 2012 and supports programs and activities that improved the delivery of criminal justice services within the commonwealth.

Funding for the first phase of the Justice Reimbursement Initiative was derived from savings to the State Correctional Institutions through implementation of Act 122 of 2012. Disbursements were made according to the provisions of Act 196 which included fixed amounts to the Pennsylvania Commission on Crime and Delinquency and the Pennsylvania Commission on Sentencing. Amounts remaining in the fund after these disbursements were distributed by formula to various programs, such as victim services, offender risk assessment modeling, county probation grants, county innovative policing and contracts to divert short- and medium-minimum offenders from incarceration, state parole processes, and coordinated safe community reentry programs.

Act 115 of 2019, which establishes the second phase of the Justice Reinvestment Initiative, will provide revenue to the fund through savings generated by the implementation of short sentence parole, increased use of the state drug treatment program, and the use of sanctions for technical parole violations. Through Act 114 of 2019, the fund is continued, and deposits and disbursements began in 2021-22 based on a prescribed percentage of program savings generated in the year prior to the deposits. Distributions will continue through 2025-26. Annual grants made from this fund will supplement and not supplant existing funding, including funding provided to county governments.

Keystone Recreation, Park, and Conservation Fund

The Keystone Recreation, Park, and Conservation Fund is a special fund composed of monies from the sale of specific bonds and certain tax revenues. This fund provides for increased acquisitions, improvements and expansions of commonwealth and community parks, recreation facilities historic sites, zoos, public libraries, nature preserves, and wildlife habitats.

Act 50 of 1993 approved the transfer of 15 percent of revenues from the state Realty Transfer Tax to this fund. These monies are distributed to programs according to the formula contained in the act. Uses of this fund were specifically approved through a voter referendum. Any balance in the fund is committed for eligible projects.

Liquid Fuels Tax Fund

The Liquid Fuels Tax Fund was created in 1931 to assist in funding the local roads system. Through December 2013, one-half cent per gallon of gasoline and diesel fuel taxes was deposited into the fund for semi-annual distribution to county governments and to pay registration fees for vehicles operated by mass transportation systems. Beginning January 2014, per Act 89 of 2013, a new millage rate replaced the one-half cent per gallon on gasoline and diesel fuel tax. The new rate is 4.17% of the mills imposed under Title 75, Section 9502 (A) (5). After payment of fees, remaining funds are allocated to the counties on a three-year average refund to total refund formula and must be used for highway purposes. Since the majority of counties have direct jurisdiction over a limited number of roads, a large portion of these funds are further allocated by the counties to their political subdivisions. To streamline payments to counties, the Department of Revenue delegated the authority for these payments and attendant expenses to the Department of Transportation effective in 1999-00.

Local Cigarette Tax Fund

The Local Cigarette Tax Fund is a fiduciary fund composed of monies received from the collection of a local option Cigarette Tax in cities of the first class. Act 131 of 2014 allows a school district, when authorized by the governing body of a first class city (Philadelphia), to impose and assess an excise tax on the sale or possession of cigarettes at the rate of \$0.10 per cigarette. This tax is only assessed on cigarettes currently subject to a levy under Article XII of the Tax Reform Code of 1971. The Department of Revenue is authorized to retain the sum of the costs of collections.

Local Government Capital Project Loan Fund

This fund was created in 1990 to assist municipal governments in acquiring equipment and facilities by providing low-interest loans to those governments which find conventional loan costs to be prohibitive. Loans are provided at a rate of 2 percent for periods not to exceed 10 years. Revenues received from loan repayment and interest accrual are returned to the fund on a revolving basis. Act 46 of 1997 extended this fund indefinitely.

Act 114 of 2020 authorized transfers to the General Fund from various special fund balances.

Machinery and Equipment Loan Fund

This fund was established by Act 120 of 1988 to provide low-interest machinery and equipment financing for Pennsylvania businesses in order to facilitate their growth, competitiveness, and value-added capacity. The fund was initially capitalized by an appropriation from the Pennsylvania Economic Revitalization Fund. It is now funded from loan repayments and interest earnings. Act 22 of 2004 required the Commonwealth Financing Authority to transfer \$75 million in bond proceeds to the Department of Community and Economic Development for deposit in the fund. Act 161 of 2014 transitioned the administration of this fund to the Pennsylvania Industrial Development Authority, while also authorizing funds to be transferred by an action of the PIDA board between the Small Business First Fund, the Machinery and Equipment Loan Fund, and the Industrial Development Fund to maximize the effectiveness of the programs. The fund balance does not reflect substantial loan commitments for outstanding offers extended for business expansion projects.

Act 114 of 2020 authorized transfers to the General Fund from various special fund balances.

Manufacturing Fund

The Manufacturing Fund, created in 1915, is a self-sustaining enterprise providing institutionalized offenders an opportunity for vocational rehabilitation. Receipts are derived from the sale of inmate manufactured goods to government agencies or government-aided organizations. Expenditures are made for the purchase of raw materials, machinery replacement, inmate wages, and other costs related to the sale and manufacture of their products. Federal liability could be created by a transfer from the Manufacturing Fund.

Marcellus Legacy Fund

This fund was created by Act 13 of 2012 to provide for the distribution of unconventional gas well impact fees to counties, municipalities, and commonwealth agencies. The fee revenue will be used for statewide initiatives in the areas of acid mine drainage abatement, gas well management and plugging, development and rehabilitation of greenways and recreational trails, sewage treatment projects, and replacement and repair of deteriorated bridges in municipalities with unconventional gas wells. Receipts deposited into the Marcellus Legacy Fund come from transfers from the Unconventional Gas Well Fund and the Oil and Gas Lease Fund. The 2015-16, 2016-17, and 2017-18 Fiscal Codes modified the transfers from the Oil and Gas Lease Fund. This budget maintains the annual \$15 million transfer from the Oil and Gas Lease Fund that is deposited into the Marcellus Legacy Fund then transferred to the Hazardous Sites Cleanup Fund.

Medical Care Availability and Reduction of Error Fund

Act 13 of 2002, the Medical Care Availability and Reduction of Error (Mcare) Act, established the Medical Care Availability and Reduction of Error Fund and transferred to it the assets, liabilities, rights, and responsibilities of the Medical Professional Liability Catastrophe Loss Fund effective October 15, 2002. The Mcare Fund is used to pay claims against participating health care providers for losses or damages awarded in medical professional liability actions against them in excess of the basic insurance coverage required by the act. In addition to the transfer of assets from the Medical Professional Liability Catastrophe Loss Fund, revenue includes an assessment on health care providers.

Medical Marijuana Program Fund

This fund was established by Act 16 of 2016, the Medical Marijuana Act, to provide safe and effective access to medical marijuana for commonwealth patients with an eligible serious medical condition and to promote valuable research into the effectiveness and usefulness of medical marijuana. Revenue is derived from application and permit fees paid by prospective and eligible growers, processors, dispensaries, and patients and from a Gross Receipts Tax from the sale of medical marijuana by a grower/processor to a dispensary.

After repayment of the initial loan from the General Fund for the establishment of the program, any remaining funds are to be spent as prescribed by the Act: 40 percent for operations including outreach and other required projects; 15 percent to establish programs that will assist with the cost of providing medical marijuana to patients demonstrating financial hardship or need, assist patients and caregivers by waiver or cost reduction of identification card fees, reimburse caregivers for the cost of background checks; 30 percent for research into the treatment of the currently established serious medical conditions and research into the treatment of other medical conditions for which medical marijuana may have legitimate medicinal value; 10 percent for drug abuse prevention, counseling, and treatment services; and 5 percent to the Pennsylvania Commission on Crime and Delinquency for distribution to local police departments which demonstrate a need relating to efforts to support the Act.

Act 114 of 2020 authorized transfers to the General Fund from various special fund balances. This budget reflects transfer of the undistributed fund balance to the General Fund for Department of Health operations per statute.

Military Installation Remediation Fund

Act 101 of 2019 established the Military Installation Remediation Program to address remediation costs incurred in a qualified municipality. A qualified municipality is a municipality which has within its geographic bounds a qualified former military installation. Each year, by Dec 1, the Department of Revenue shall certify eligible taxes to be transferred into the fund for the benefit of a qualified municipal authority. Excess monies shall be used to offset any surcharge applied to customers for remediation, to offset any amounts billed to customers for remediation, and to offset the cost of connecting a residence with a private well. Any other monies remaining may be used for transportation infrastructure and economic development costs or payment of debt service on bonds issued or refinanced for the acquisition, development, construction, reconstruction, renovation, or refinancing of remediation projects of the qualified municipality.

Minority Business Development Fund

This fund was created by Act 206 of 1974 to accommodate the operation of the Pennsylvania Minority Business Development Authority. Revenues to the fund are from loan repayments and interest. The authority has the power to issue bonds or other obligations which would provide further revenue to the fund. Expenditures are made for loans to minority business enterprises and for operating expenses of the authority. Current law provides that funds in excess of the amounts necessary to carry out the purposes of the enabling act can be transferred to the General Fund.

Motor Vehicle Transaction Recovery Fund

The Motor Vehicle Transaction Recovery Fund was created by Act 83 of 1990 to provide protection from dealers or other agents who fail to forward fees and taxes pertaining to an application for titling or registration of a vehicle to the Department of Transportation. Revenues to the fund consist of assessments (or reassessments should the balance of the fund fall below \$500,000) on every applicant for motor vehicle dealer registration plates or for the authority to act as agent of the department with respect to vehicle titling and registration.

Multimodal Transportation Fund

The Multimodal Transportation Fund was created by Act 89 of 2013 to provide additional funding for passenger rail, rail freight, ports and waterways, aviation, bicycle and pedestrian facilities, roads and bridges, and other modes of transportation. The program is funded by deposits from the Pennsylvania Turnpike Commission, a portion of certain Motor Vehicle Fees and the Oil Company Franchise Tax.

Effective in 2022, Act 89 replaces deposits from the Pennsylvania Turnpike Commission with a Transfer of Sales and Use Tax.

Municipal Pension Aid Fund

This fund was created by Act 205 of 1984, the Municipal Pension Plan Funding Standard and Recovery Act, and is administered by the Auditor General. The revenue for the Municipal Pension Aid Fund results from a two percent tax on premiums received from foreign (out-of-state) casualty insurance companies on business done within the commonwealth, a transfer from the Fire Insurance Tax Fund, and interest earnings. These revenues and earnings are for distribution to municipalities for various police, fire, and non-uniformed pension plans, including post-retirement adjustments mandated by Act 147 of 1988.

Municipalities Financial Recovery Revolving Aid Fund

This fund was created by Act 157 of 1988 to make loans and grants to assist municipalities that are declared financially distressed. Initial funding was provided through the transfer of unused funds remaining from a 1986-87 General Fund appropriation for Distressed Community Emergency Aid. In addition, Act 157 stipulated that all repayments on loans made from the fund should be redeposited into the fund and used to make additional loans and grants to distressed municipalities. Fund balance does not reflect commitments to distressed municipalities.

Neighborhood Improvement Zone Fund

This fund was established by Act 50 of 2009. This fund is administered by the State Treasurer and the primary administrator of the program is the Department of Revenue. An entity collecting a local tax within the neighborhood improvement zone shall, within 30 days of the end of a fiscal quarter, submit all the local taxes collected to the State Treasurer for transfer to the fund. Interest income derived from investment of the money in the fund shall be credited by the Treasury Department to the fund. Funds may only be utilized for payment of debt service on bonds issued for the improvement and development of all or any part of the neighborhood improvement zone and the purpose of constructing a facility or facility complex. Funds may not be utilized for purposes of renovating or repairing a facility or facility complex, except for capital maintenance and improvement projects. The reconciliation between the state tax share transferred and the actual liability incurred, could result in the return of the excess state tax share in the subsequent fiscal year.

Non-Coal Surface Mining Conservation and Reclamation Fund

This fund was created by Act 219 of 1984 to finance reclamation projects on land scarred by non-coal surface mining. Projects include recontouring, terracing and planting trees, shrubs, and grasses. Revenues are provided by charging non-coal surface mining operators for licenses and permits and by fining them for failing to apply for the licenses and permits as well as by forfeiture of collateral bonds, cash, or securities for failure to comply with an approved reclamation plan.

Nutrient Management Fund

This fund was created under the authority of Act 6 of 1993 to fund loans and grants for the implementation of nutrient management plans by agricultural operations. Revenue comes from commonwealth and federal appropriations, interest, loan repayments, and gifts. Act 18 of 1995 transferred some responsibilities for the Nutrient Management Program from the Department of Environmental Protection to the Department of Agriculture. This budget continues to focus on technical assistance to farmers, re-establishment of loan programs, enhanced business development, and conservation efforts. The budget also supports the expanded scope of the Agrilink loan program to enhance and implement improved nutrient management plans.

Oil and Gas Lease Fund

Created in 1955, this fund is used to finance conservation, recreation, dams or flood control projects, and to match any federal grants made for these purposes. Revenues are derived from rents and royalties from oil and gas leases of commonwealth owned land with the exception of rents and royalties from land owned by either the Pennsylvania Game or Fish and Boat Commissions. Those revenues are paid into the Game and Fish Funds. Act 13 of 2012 authorized annual transfers to the Marcellus Legacy Fund, and Act 44 of 2017 modified the annual transfers to the Marcellus Legacy Fund. The Governor's Budget proposal for 2022-23 proposes to permanently eliminate the transfer to the Environmental Stewardship Fund (via the Marcellus Legacy Fund) established in Act 24 of 2021. The General Fund expenses replaced by the Oil and Gas Lease Fund include additional support for the Department of Conservation and Natural Resources operations, as reflected on the financial statement below.

Patient Safety Trust Fund

Act 13 of 2002, known as the Medical Care Availability and Reduction of Error Act, established the Patient Safety Trust Fund for the purpose of independent review of medical facilities which will result in ensuring patient safety and reducing medical errors. Revenue to the fund includes a surcharge on medical facility licensing fees. These fees are assessed by the Department of Health, deposited in the General Fund and transferred to the Patient Safety Fund. The Patient Safety Authority established by Act 13 contracts with entities who collect, analyze and evaluate data regarding reports of serious events and incidents at medical facilities and identify patterns in frequency or severity at individual medical facilities or in certain regions of this commonwealth.

Pennsylvania Gaming Economic Development and Tourism Fund

Act 71 of 2004, the Pennsylvania Race Horse Development and Gaming Act, established the Pennsylvania Gaming Economic Development and Tourism Fund (GEDTF) to receive a daily assessment of 5 percent of each licensed gaming entity's gross terminal revenue. Act 42 of 2017 increased the daily assessment to 5.5 percent effective January 1, 2018. In addition, a 6 percent assessment from new satellite casino gross terminal revenue will be deposited in the GEDTF. In April 2019, the Supreme Court struck down §1407(c.1) of Act 42 as unconstitutional, which then eliminated the additional 0.5 percent going to the Casino Marketing and Capital Development Account (CMCDA) within the GEDTF fund. All funds within the CMCDA were refunded in August 2019.

Proceeds of the fund are distributed through specific enacted capital budgets. Funds for economic development and tourism projects in Philadelphia and Allegheny counties were authorized in Act 53 of 2007. Four of those projects were extended through Act 42 of 2017 along with one new project authorized. In addition, pursuant to Act 63 of 2008, GEDTF proceeds can be used to fund debt service for water and sewer projects, flood control projects, and high hazard unsafe dam projects located elsewhere in Pennsylvania as approved by the Commonwealth Financing Authority.

^a Excludes a \$3.645M remaining pledge installment owed by a casino operator that is due on April 1, 2022. This installment amount is illustrated due to cashflow timing and is not expected to be paid by this fund or any other commonwealth fund. Total anticipated obligation is \$3.965M.

Pennsylvania Health Insurance Exchange Fund

The Pennsylvania Health Insurance Exchange Fund was created by Act 42 of 2019, which also created the Pennsylvania Health Insurance Exchange Authority (PHIEA), a state-affiliated entity established to create a state-based insurance exchange, reduce costs, and better support the needs of consumers purchasing health insurance in the individual market. The PHIEA generates revenue by assessing an exchange user fee from insurers (3.0% of premiums as of January 1, 2021) on the health and dental plans purchased through the exchange. In calendar year 2021, Pennsylvania transitioned from a State-Based Exchange on the Federal Platform (SBE-FP) to a fully operational State-Based Exchange (SBE).

Pennsylvania Historical and Museum Commission Trust Fund

This fund, created by Act 113 of 1931, is administered by the Governor, Auditor General, State Treasurer, and the Pennsylvania Historical and Museum Commission. The interest received from investment of the \$33,000 perpetual endowment to this fund in bonds of the commonwealth or any of its political subdivisions is credited to the fund. Interest earned on investments is used for the restoration, maintenance, and improvement of the Cornwall Charcoal Furnace, Cornwall Borough, Lebanon County.

Pennsylvania Infrastructure Bank

This fund was established by Act 57 of 1997 to make loans to, or enter into leases with, qualified borrowers to finance the costs of transportation projects. Acts 165 and 7A of 2004 expanded this program to include financing of rail freight infrastructure. Receipts are derived from loan repayments and interest earnings.

Act 10 of 2020 authorized the Secretary of the Budget to transfer up to \$50 million of special fund balances to a General Fund restricted account for COVID Health Care System Assistance. Act 24 of 2020 returned the funds, and Act 114 of 2020 transferred the funds to the General Fund for appropriation by the General Assembly.

Pennsylvania Municipal Retirement Fund

Act 15 of 1974 created the Pennsylvania Municipal Retirement System which replaced the Municipal Employees Retirement Law and the Municipal Police Retirement Law and combined all employees covered under both into a state-related municipal system. The fund established under Act 15 provides for payment of retirement allowances to officers, employees, firemen, and police of political subdivisions (counties, cities, boroughs, and townships of the first and second class). Any municipality may elect by ordinance to join the system. Revenues are generated from the contributions of the members of the system and investment earnings. The board established has control over the system's operation. A municipality may, upon meeting the requirements set forth in Act 15, elect to withdraw from participation in this fund. Withdrawals may substantially increase the level of disbursements reflected in this presentation.

Pennsylvania Race Horse Development Trust Fund

Act 71 of 2004, the Pennsylvania Race Horse Development and Gaming Act, established the Pennsylvania Race Horse Development Fund to support and advance the commonwealth's horse racing industry. Act 42 of 2017 converted it to a Trust Fund. Operating tracks receive a daily assessment as determined by the Department of Revenue. The daily assessment from each licensed gaming entity is based on a formula established in the act, which is capped at 12 percent of an entity's gross terminal revenue for that day. Proceeds are distributed to licensees conducting live horse racing. Track owners deposit 80 percent of the proceeds into a purse account. Thoroughbred tracks commit the remaining proceeds to the Breeders' Fund and a Horseman's Organization Fund. Standardbred tracks commit proceeds to the Sire Stakes Fund, the Pennsylvania Standardbred Breeders Development Fund, and a Horsemen's Organizational Fund. The Fiscal Code provides for transfers to restricted accounts within the Department of Agriculture. In addition, Act 114 of 2016 added transfers to the State Racing Fund for drug testing of race horses and promotional costs.

This budget proposes the reauthorization of the Act 114 drug testing transfer provision. In addition, this budget proposes to redirect a portion of the horse owners and breeders purse account and restricted racing program proceeds to the Department of Education for the Nellie Bly Tuition Program.

Pennsylvania Veterans Monuments and Memorial Trust Fund

Act 60 of 1988 established the Pennsylvania Veterans Memorial Trust Fund to be administered by the Pennsylvania Veterans Memorial Commission. Revenues come from General Fund appropriations and public or private contributions. Funds were expended to erect a monument to Pennsylvania veterans who served in armed conflicts in which the United States was a participant. Act 63 of 2002 expanded the use of this fund to include operation and maintenance of the memorial. Act 64 of 2018 changed the name of the fund and expanded the use of the fund to preserve all monuments and memorials dedicated to Pennsylvania veterans and military personnel, both in Pennsylvania and abroad. Act 64 also provides that the fund receive \$23 of the fee paid by applicants for the Pennsylvania monuments license plate.

PENNVEST Drinking Water Revolving Fund

This fund was created under the authority of Act 16 of 1988 to receive funds from the federal government to establish a revolving loan program for drinking water projects. Required matching state funds are transferred from the PENNVEST Bond Authorization Fund and the PENNVEST Fund. Because of the lag in receiving federal funds, cash is borrowed from other PENNVEST funds.

^a Revolving Loans and Administration authorizations were \$120,000,000 for FY 2020-21, \$60,000,000 for FY 2021-22 and \$80,000,000 for FY 2022-23 to account for loan commitments to be disbursed by the PENNVEST Trustee.

PENNVEST Redemption Fund

This fund, created under the authority of Act 16 of 1988, receives repayments of non-revolving loans and investment interest along with the annual appropriation from the General Fund for general obligation debt service. Revenues are used to pay debt service on general obligation bonds issued for PENNVEST.

PENNVEST Water Pollution Control Revolving Fund

This fund was created under the authority of Act 16 of 1988 for funds received from the federal government to establish a revolving loan program for sewer projects. Required matching state funds are transferred from the PENNVEST Bond Authorization Fund and the PENNVEST Fund. Per board resolution 2020-003, PENNVEST invested up to \$450 million in the Hospital Emergency Loan Program (HELP) to provide critical working capital to hospitals in response to COVID-19 surge demand through PA First. Loans were repaid, at a rate of return of 0.5%, on or before September 30, 2020.

Persian Gulf Conflict Veterans Compensation Bond Fund

The Persian Gulf Conflict Veterans Compensation Bond Fund was created by Act 29 of 2006 to receive and distribute the proceeds from \$20 million in bonds approved by the electorate in November of 2006. This money is used for compensation to commonwealth veterans who were active in the Persian Gulf Theater of operations during the period from August 2, 1990 to August 31, 1991 and who have received the Southwest Asia Service Medal. The maximum compensation is \$525, except in the cases of death or the veteran was a prisoner of war. In such instances the maximum compensation is \$5,000. Act 50 of 2015 extended the application period through August 31, 2018. Only \$7 million in bonds were issued prior to the completion of the program. The residual fund balance was transferred to the General Fund since that is the revenue source for the program's debt service.

Pharmaceutical Assistance Fund

The revenue for the Pharmaceutical Assistance Fund (PACE) is received from the Lottery Fund. This fund provides a limited pharmaceutical assistance program for older Pennsylvanians who are 65 years of age or over and whose annual income does not exceed the maximum specified for program eligibility. The PACE Fund is used for pharmaceutical claims processing for the Department of Health's Special Pharmaceutical Benefits Program and several disease specific programs. Funds not expended in the fiscal year in which they are appropriated are available for use in the following fiscal year.

Philadelphia Regional Port Authority Fund

The Philadelphia Regional Port Authority was created by Act 50 of 1989 to acquire and operate the port facilities of the former Philadelphia Port Corporation. The Philadelphia Regional Port Authority Fund handles payroll of the authority via transfer of funds from the authority's private bank accounts. The authority is authorized to issue bonds to finance port improvements and may pay off such bonds.

PlanCon Bond Projects Fund

The PlanCon Bond Projects Fund is a special revenue fund created by Act 25 of 2016 for the reimbursement of school construction costs from the net proceeds of bonds issued through the Commonwealth Financing Authority (CFA). The act authorized up to \$2.5 billion in debt to be issued by June 30, 2025, and the first bonds were issued in October 2016. Reimbursements to school districts for approved construction costs are made by the Department of Education. Act 85 of 2016 provides for CFA debt service obligations, which includes bond issuances for PlanCon projects, to be paid through a transfer of Sales and Use Tax receipts.

Port of Pittsburgh Commission Fund

The Port of Pittsburgh Commission was created by Act 133 of 1992 to promote and encourage capital investment in port facilities and port-related projects within the Port District encompassing Allegheny, Armstrong, Beaver, Butler, Clarion, Fayette, Greene, Lawrence, Washington, and Westmoreland counties.

Act 140 of 2000 expanded the authority of the commission to allow for economic development projects, including certain recreation projects sponsored by third parties. Act 111 of 2001 added Indiana County and Act 131 of 2006 added Blair County to the Port District. Grants supporting the commission's operations are deposited into this fund, along with interest earnings from deposited funds. The commission also has the authority to issue bonds to finance port improvements and may pledge its revenues to pay off such bonds.

Property Tax Relief Fund

Act 71 of 2004, the Pennsylvania Race Horse Development and Gaming Act, created the Property Tax Relief Fund to provide local property and wage tax relief payments to school districts. The fund receives revenue from the State Gaming Fund representing the balance of money collected in the State Gaming Fund after other distributions. Act 1 of Special Session 1 of 2006, the Taxpayer Relief Act, further provides for the distribution of funds from the Property Tax Relief Fund to school districts. In addition, transfers are made to the State Lottery Fund for an expanded Property Rent Rebate Program and supplemental senior citizen tax reduction payments. Act 78 of 2012 provides for additional funding for the Volunteer Fire Company Grants out of the Property Tax Relief Reserve Fund. The fiscal year ending balances include the Property Tax Relief Reserve Account and funding for property tax relief payments made in August and October each year. Act 42 of 2017 provides additional monies to the Property Tax Relief Fund through the expansion of gaming in the commonwealth.

Act 114 of 2020 authorized the Secretary of the Budget to transfer up to \$200 million of Personal Income Tax to the fund and shall be combined with other funds available for property tax relief payments. Due to the early payment of property tax/rent relief claims authorized by Act 20 of 2020, no costs are shown in 2021-22 for property tax relief payments by the Department of Revenue. This budget proposes that Table Game Taxes remain in the General Fund in 2022-23 and future years.

PSERS - Defined Contribution Fund

This fund was created to meet the provisions of Act 5 of 2017 to provide for receipt and accounting of member and employer contributions, investment of those funds, and payment of defined contribution benefits to retired school employees hired on or after July 1, 2019. Employers defined as school entities (school districts, intermediate units, and career and technical centers) pay 100 percent of the employer share of contributions to the fund. The commonwealth pays school entities a portion of these costs from appropriated funds based on a statutory formula. Commonwealth contributions of the employer share for non-school entities are also paid from appropriated funds. Earnings from investments provide additional revenue and pay for the associated expenses of the Public School Employees' Retirement System.

Public School Employees' Retirement Fund

The Public School Employees' Retirement Fund provides for receipt and accounting of member and employer contributions, investment of those funds, and payment of benefits to retired school employees.

According to the provisions of Act 29 of 1994, starting with the employer contribution payment for the third quarter of 1995 (school salaries paid from July 1, 1995 to September 30, 1995), employers defined as school entities (school districts, intermediate units, and career and technical centers) pay 100 percent of the employer share of contributions to the fund. The commonwealth pays school entities a portion of these costs from appropriated funds based on a statutory formula. Commonwealth contributions of the employer share for non-school entities are also paid directly to the fund from appropriated funds.

Earnings from investments provide additional revenue and pay for the expenses of the Public School Employees' Retirement System. The board is responsible for management of the fund and payment of benefits. The employer contribution rate is determined by the fund's actuary and adopted by the board.

Act 40 of 2003 changed the retirement system's amortization, thereby lowering the employer contribution costs. Act 120 of 2010 amended the benefit structure for most new members beginning July 1, 2011 and amended the funding provisions. Act 120 also established a new shared risk benefit plan. Act 5 of 2017 amended the benefit structure for most new members beginning July 1, 2019.

Public Transportation Trust Fund

The Public Transportation Trust Fund was created by Act 44 of 2007 to provide dedicated funding for public transportation in the commonwealth. Act 89 of 2013 increased funding and revenue sources for the fund. Revenues come from scheduled payments by the Pennsylvania Turnpike Commission, a portion of the Sales and Use Tax, certain motor vehicle fees, vehicle code fines and surcharges, and transfers from the Public Transportation Assistance Fund and the Lottery Fund. Monies in this fund are disbursed as grants to public transit agencies for operating costs, capital and asset improvements, and programs of statewide significance.

Effective in 2022, Act 89 eliminates \$400 million in annual transfers from the Turnpike Commission to support mass transit operations. The fund balance does not reflect substantial commitments for public transportation operating and capital.

Purchasing Fund

Created in 1933, this fund finances the purchase of materials, supplies, services, and equipment by the Department of General Services and Executive Offices for use by other departments, boards, and commissions. Salaries for the personnel administering the fund are paid by the fund. Revenue sources are periodic appropriations from the General Fund and reimbursements by other departments, boards, and commissions for the materials and supplies provided them.

Real Estate Recovery Fund

This fund was established in 1980 to reimburse aggrieved persons any amounts unpaid from final judgements against any person licensed by the Real Estate Commission. Revenue is derived from additional fees paid by licensees, with interest on investments being retained by the fund.

Recycling Fund

This fund was created by Act 101 of 1988 to finance the planning, processing, resource recovery, and recycling of solid waste. Revenue is generated by a fee on all waste disposed in landfills or processed by resource recovery facilities. Expenditures are for recycling and planning grants, market and waste minimization studies, and public information and education activities throughout the commonwealth. Act 125 of 1998 allowed for up to \$1.5 million annually for five years of Recycling Fund money to finance the cleanup of illegally deposited waste on state forest and state park lands. The fund balance does not reflect commitments directly impacting local governments as well as the Pennsylvania Recycling Markets Center at Pennsylvania State University.

Act 114 of 2020 authorized transfers to the General Fund from various special fund balances.

Rehabilitation Center Fund

This fund was created by Act 55 of 1959 for the operation of the Hiram G. Andrews Rehabilitation Center and is funded from fees for services rendered by the center. Most of these services are rendered to vocational rehabilitation clients. The Department of Labor and Industry is continuing the pursuit of diversification and integration of services offered at the center. These plans include training enhancement for clients of the center and economic development opportunities for the Johnstown region and surrounding counties.

Reinsurance Fund

Act 42 of 2019 created the Reinsurance Program including the establishment of the Reinsurance Fund as a special fund within the State Treasury. The Reinsurance Fund will be administered by the Insurance Department to fund the Reinsurance Program. Receipts into the Reinsurance Fund are to be transferred from the PA Health Insurance Exchange Fund (PHIEA) calculated as net of user fee revenues less PHIEA expenses. Expenditures from the fund will be used to implement and operate the Reinsurance Program and make reinsurance payments to eligible insurers under the Reinsurance Program. In making expenditures from the Reinsurance Fund, available federal money must be expended first.

Rightful Owners' Claims Payment Fund

The Rightful Owners' Claims Payment Fund was created by Act 45 of 2003 to make reimbursements and prompt payment of claims to an owner for a restitution payment previously held as unclaimed by any court, public corporation, public authority or instrumentality of the commonwealth, or by a public officer or political subdivision. Under the act, five percent of the funds transferred annually into the Treasury will be deposited into the Rightful Owners' Claims Payment Fund to create the capability to make a reimbursement in the event a claim is filed. The remaining ninety-five percent balance of the restitution monies annually escheated from the entities identified are to be deposited to the Crime Victims' Compensation Fund.

School Safety and Security Fund

Act 44 of 2018 (amending the Public School Code) established the School Safety and Security Committee within the Pennsylvania Commission on Crime and Delinquency for the administration of the School Safety and Security Grant Program. Each fiscal year, the first \$15 million of all excess fines, fees, and costs collected by any division of the Unified Judicial System (UJS) shall be deposited into the School Safety and Security Fund. Act 24 of 2021 eliminated the UJS deposit for fiscal year 2021-22. This budget proposes replacing the fiscal year 2022-23 UJS deposit with a transfer from the Personal Income Tax. Act 2A of 2020 included a transfer from the COVID Relief Fund, while Act 23 of 2020 provided for a subgrant from the Elementary and Secondary School Emergency Relief (ESSER).

Grant funding is dispersed throughout the commonwealth and is used by school entities to supplement existing school spending on safety and security.

Self-Insurance Guaranty Fund

This fund was created by Act 44 of 1993, the Pennsylvania Workers' Compensation Act. The purpose of this fund is to pay claims arising from defaulting self-insurance employers and defaulting members of self-insurance pooling arrangements under the Workers' Compensation Act for injuries occurring on or after October 30, 1993. The fund is maintained by assessments on self-insurers. Act 53 of 2000 provides for payments of claims resulting from injuries prior to October 30, 1993, through a Prefund Account funded by transfers from the Workmen's Compensation Administration Fund. Act 49 of 2001 limited annual transfers to the Prefund Account to \$3.8 million. The Prefund Account and the fund are administered by the Department of Labor and Industry.

SERS - Defined Contribution Fund

This fund was created to meet the provisions of Act 5 of 2017 to accumulate reserves for the payment of defined contribution plan retirement benefits to eligible state employees. Money in this fund is used to pay expenses of the plan and benefits to participants of the State Employees' Defined Contribution Plan and their beneficiaries. Participation in the defined contribution plan is mandatory for most new state employees hired on or after January 1, 2019 and available to employees of non-state entities, such as the Pennsylvania State University, the Turnpike Commission, the Delaware River Port Authority, and other public and quasi-public institutions authorized by the Retirement Code. The fund receives revenue from employee contributions, employer contributions, appropriations, and income derived from its investment portfolio. All of these revenue sources belong to the participants in the plan and are therefore credited directly to individual participant accounts managed by the third-party administrator. Employers pay 100 percent of the employer share of contributions to the fund, which participants vest in after 3 years of service. PA Fiscal Code (Act 2020-23), signed into law on May 29, 2020, authorized the SERS Board to assess employers a per-participant charge for the administrative fees, costs, and expenses of the plan. Management of the fund and payment of benefits are overseen by the State Employees' Retirement System.

Small Business First Fund

Act 67 of 1996 created the Small Business First Fund. The fund replaced the Air Quality Improvement Fund, Storage Tank Loan Fund, and the Pennsylvania Capital Loan Fund. Balances and program commitments in those funds were transferred to the Small Business First Fund. The fund may receive transfers from the Minority Business Development Fund to facilitate its programs for small businesses. Act 50 of 2009 enabled the fund to transfer monies to the Machinery and Equipment Loan Fund in support of its activities.

This program provides low-interest loans for small businesses of 100 employees or less. Eligible projects include land and building acquisition and construction; machinery and equipment purchases; working capital; compliance with environmental regulations; and municipal or commercial recycling. In addition, companies eligible to participate in this program are those impacted by the reduction in defense-related activities and those involved in exports, advanced technology, and the hospitality industry. Act 161 of 2014 transitioned the administration of this fund to the Pennsylvania Industrial Development Authority, while also authorizing funds to be transferred by an action of the PIDA board between the Small Business First Fund, the Machinery and Equipment Loan Fund, and the Industrial Development Fund to maximize the effectiveness of the programs. The fund balance does not reflect commitments for business expansion.

Special Administration Fund

The purpose of this fund, administered by the Department of Labor and Industry, is to cover those administrative expenses of the Unemployment Compensation Law not properly and validly chargeable to the Administration Fund. The receipts of the fund are generated from interest and penalties collected from claimants and employers under provisions of the Unemployment Compensation Law. Act 5 of 2005 requires that all monies in excess of \$200,000 in the fund, less encumbrances for litigation, shall be transferred by June 25th of each year to either the Unemployment Compensation Contribution Fund, the Job Training Fund, or both.

State Employees' Retirement Fund

This fund was created in 1923 to accumulate reserves for the payment of pensions to eligible former state employees. Money in this fund is used to pay retirement, disability, and death benefits to members of the State Employees' Retirement System and their beneficiaries. Membership in the system is mandatory for most state employees and available to employees of non-state entities, such as the Pennsylvania State University, the Turnpike Commission, the Delaware River Port Authority, and other public and quasi-public institutions authorized by the Retirement Code.

The fund receives revenue from employee contributions, employer contributions, and income derived from its investment portfolio. Employer contributions are an actuarially determined percentage of payroll sufficient to fund current and future benefit payments. Investment income is used to credit interest to each member's account, to pay the administrative expenses of the retirement system, and to accumulate monies for the payment of future benefits. Management of the fund and payment of benefits are overseen by the State Employees' Retirement Board.

Act 40 of 2003 changed the retirement system's amortization period, thereby lowering the employer contribution costs. Act 120 of 2010 amended the benefit structure for most new employees hired after December 31, 2010 and established a new shared risk benefit plan. Act 5 of 2017 made further changes to the retirement benefit structure for new employees hired after December 31, 2018. New employees may now choose between a defined contribution plan and two hybrid defined benefit/defined contribution plans. The defined contribution plans are operated out of the SERS – Defined Contribution Fund.

State Gaming Fund

Act 71 of 2004, the Pennsylvania Race Horse Development and Gaming Act, established the State Gaming Fund to receive gaming license fees and 34 percent of the gross terminal revenue (GTR) generated by licensed gaming facilities. Act 42 of 2017, expanded gaming in the commonwealth to include a new category of slot machine licenses, interactive gaming, and airport gaming. The fund receives 52 percent of gross interactive gaming revenue (GIGR) generated through simulated slot machines and 14 percent of GIGR generated through simulated table games. Fund revenues are annually distributed to various programs and the remainder is transferred to the Property Tax Relief Fund. Also, licensed gaming facilities deposit an additional 4 percent of GTR for slot machines, 2 percent of gross table game revenue, and 2 percent of GIGR into the fund for local share distributions where gaming facilities are located.

State Insurance Fund

Act 227 of 1915 created this fund which finances expenditures related to the rebuilding, restoring, or replacing of buildings, structures, equipment, or other property owned by the commonwealth that have been damaged or destroyed by fire or other casualty. This includes natural or man-made disasters. Revenue is derived from interest earned by the fund, interest received from the Fire Insurance Tax Fund, and from reimbursements by insurance companies. If needed, money may also be directly appropriated to this fund. Receipts of the fund include reimbursement from the commonwealth's excess insurance policy, which is responsible for damages for any occurrence in excess of \$1 million. This fund satisfies the requirements of the federal government for the Disaster Insurance Program.

State Racing Fund

The State Racing Fund is a special revenue fund composed of monies received from taxes and license fees collected by the State Horse Racing Commission for the regulation of horse and harness racing. The administration and enforcement of racing in Pennsylvania is governed by Act 114 of 2016. The Act repealed and restructured the Race Horse Industry Reform Act (Act 93 of 1983 and subsequent amendments) and provided funding for promotional costs. Licensed racing corporations who annually conduct at least 100 days of racing continue to remit wagering taxes at the rate of 1.5 percent. License and fee revenue is derived from the licensing of jockeys and other persons participating in racing as prescribed by the State Racing Commission. Penalties and interest on taxes due, interest on securities, and uncashed tickets comprise miscellaneous revenue.

Currently, most of the revenues for restricted racing programs comes from Act 71 of 2004, the Race Horse Development and Gaming Act. Funding is generated from gross terminal revenues from slot machines and is transferred from the Pennsylvania Race Horse Development Trust Fund.

This budget proposes the re-authorization of the Act 114 of 2016 drug testing transfer provision from the Pennsylvania Race Horse Development Trust Fund on July 1, 2022 to cover the cost of the drug testing program and proposes reduced funding from the Pennsylvania Race Horse Development Trust Fund for restricted racing programs.

State Restaurant Fund

This fund was created by Act 259 of 1943 to finance the purchase and maintenance of equipment for the operation of the restaurant in the State Capitol as well as any other restaurants in other state office buildings. At present, the Capitol East Wing Cafeteria is the only restaurant operated through this fund. Revenue is derived from profit-sharing with the contracted vendor.

State Stores Fund

The State Stores Fund serves as the general operating fund for the Liquor Control Board. The State Police receives funds for the enforcement of the Liquor Code. The Department of Drug and Alcohol Programs also receives funds for alcohol misuse programs.

This fund receives revenues primarily from the retail and wholesale of goods. Revenues are also received from license and permit fees not credited to the Liquor License Fund, fines and penalties, lottery sales commission, and losses and damages recovered. Expenditures cover all costs associated with the operation and administration of the Liquor Store System and enforcement of the Liquor Code. Acts 39, 85 and 166 of 2016 created significant Liquor Code changes, which expand wine sales to licensed retailers, Sunday store openings and hours, and incorporated lottery sales, pricing flexibility, special liquor order changes, customer relationship management enhancements, and numerous licensing changes.

State Workers' Insurance Fund

The State Workers' Insurance Fund (SWIF) was created by Act 338 of 1915 and operates within the Department of Labor and Industry. It is a self-sustaining fund providing workers' compensation insurance to employers, including those refused policies by private insurance firms. SWIF is subject to underwriting rules, classification, and rates promulgated by rating bureaus authorized by the State Insurance Commissioner. Premium rates are established by them based on the history of accidents by industry. (Administrative costs are paid from the fund, including expenses related to Insurance Department and Auditor General examinations.)

Act 68 of 1990 provides for the transfer of money from SWIF. Annual payments are made to the General Fund equal to the amount which would have been paid in taxes had SWIF been subject to taxes. The act also established an Advisory Council to recommend the amount of surplus in SWIF, if any, that could be distributed without jeopardizing its legal obligations to policy holders. If such a surplus exists, the SWIF Board may then recommend distribution of the surplus as refunds to current or former policyholders. The funds recommended by the board to be transferred or refunded to policyholders must be approved and appropriated by the General Assembly.

Storage Tank Fund

This fund was created by Act 32 of 1989 for the operation of an aboveground and underground storage tank regulation, registration, and enforcement program. Revenues to the fund consist of registration and permit fees, fines, judgements, bond forfeitures, interest, and recovered costs. Expenditures include the remediation of leaking underground storage tanks. Act 61 of 2017 authorized an increase, from \$3,000,000 to \$7,000,000 in the reimbursement that could be requested from the Underground Storage Tank Indemnification Fund (USTIF) to the Storage Tank Fund for costs associated with investigating, determining responsibility, overseeing remediation and third-party response, and closing out cases of spills and leaks, as well as for inspecting, determining compliance, and taking enforcement action against owners of storage tanks.

Substance Abuse Education and Demand Reduction Fund

This fund was created by Act 198 of 2002 and amended by Act 36 of 2006. The purpose of the fund is to provide research-based approaches to prevention, intervention, training, treatment, and education services to reduce substance abuse and to offer statewide programs to assist families in accessing those services. The fund also provides for statewide programs to educate employers, unions, and employees about the dangers of substance abuse in the workplace and provide comprehensive drug-free workplace programs and technical resources for businesses.

Revenue to the fund consists of assessments on individuals convicted, adjudicated delinquent or granted accelerated rehabilitative disposition, and also those individuals who plead guilty or nolo contendere to either a violation of the Controlled Substance, Drug, Device and Cosmetic Act or a violation relating to driving under the influence of alcohol or controlled substance. The Community Drug Program, within the Office of Attorney General, is to receive 10 percent of the grant monies available for annual award through the Pennsylvania Commission on Crime and Delinquency.

Surface Mining Conservation and Reclamation Fund

This fund was created in 1945 to finance reclamation projects on land scarred by surface mining. Projects include recontouring, terracing, and planting of trees, shrubs, and grasses. Revenues are provided by charging surface mining operators for licenses and permits and by fining them for failure to apply for the licenses and permits as well as by forfeiture of collateral bonds, cash, or securities for failure to comply with an approved reclamation plan. Five percent of the fines and penalties collected in one fiscal year is transferred to the Environmental Education Fund in the subsequent fiscal year. The remaining 95 percent, up to a maximum of \$500,000, is transferred to the Reclamation Fee O & M Trust Account. Act 95 of 2012 required sum-certain guarantees to cover stage III reclamation liability under a permittee's reclamation bond, to the extent funds are available.

Act 10 of 2020 authorized the Secretary of the Budget to transfer up to \$50 million of special fund balances to a General Fund restricted account for COVID Health Care System Assistance. Act 24 of 2020 returned the funds, and Act 114 of 2020 transferred the funds to the General Fund for appropriation by the General Assembly.

Tobacco Settlement Fund

The Tobacco Settlement Fund is a special revenue fund comprised of monies from all tobacco settlements under the Tobacco Master Settlement Agreement. Act 77 of 2001 created the Tobacco Settlement Fund (TSF) to receive the revenues from the Master Settlement Agreement that was reached with the five major tobacco companies on December 17, 1999. The TSF was established to provide funding for health care insurance for the uninsured, home and community-based services for seniors, tobacco use prevention and cessation, broad-based health research, medical care for workers with disabilities, hospital uncompensated care and an endowment component to preserve a portion of the receipts for future use. Since 2005-06, a portion of the tobacco revenue has been used to offset the escalating cost of long-term care services for persons with disabilities and older Pennsylvanians.

This budget proposes to continue the 2021-22 allocations for the Master Settlement Agreement (MSA) funds anticipated to be received in April 2022 as follows: 4.5 percent for tobacco use prevention and cessation activities, 13.6 percent for health and related research, 8.18 percent for uncompensated care, 30 percent for Medicaid benefits for workers with disabilities, and 43.72 percent for health-related purposes.

Treasury Initiative Support Fund

The Treasury Initiative Support Fund was created in 2009 to account for funding received in support of Treasury initiatives and to track spending as required by the various funding agreements. Treasury established the Keystone Home Energy Loan Program (HELP) in 2006 to offer affordable energy efficiency financing options to homeowners. These consumer loans are bundled and purchased as an investment into a Treasury investment pool. This program received funding to administer components of the Alternate Energy Investment Act of July 9, 2008, Special Session 1. It has also received funding to support the HELP loans, including funds for a geothermal energy component. Support received to assist a Micro Lending investment program is also included in this fund. In addition, Treasury has received independent foundation grants to develop a nationwide market to support the sale of energy efficiency loans and to make investments that promote energy efficiency improvements on college and university campuses in Pennsylvania.

Tuition Account Guaranteed Savings Program Fund

Act 11 of 1992, amended by Act 58 of 2000, provided for the establishment of two programs for postsecondary educational savings. Both programs are administered by the Tuition Account Programs Bureau within the Treasury Department with oversight by the Tuition Account Programs (TAP) Advisory Board. This fund offers a guaranteed rate of return tied to tuition inflation. Revenue is derived primarily from application fees, Tuition Account Guaranteed Savings Program contracts, and investment income. Fund expenditures consist mainly of payments to educational institutions for tuition and administrative costs.

The ending fund balance shown in the statement includes substantial investment assets. The net investment adjustment receipt item is included to reflect the carrying value of long-term investments as of June 30.

UC-FEMA ONA / Lost Wages Fund

The UC-FEMA ONA / Lost Wages Fund was established by administrative decision to account for funding received pursuant to FEMA-DR-4506-PA, which provided for the UC FEMA Other Needs Assistance for lost wages. This program enabled the commonwealth to provide \$300 weekly supplemental payments to individuals unemployed due to the 2019 novel coronavirus pandemic (COVID-19).

Unconventional Gas Well Fund

This fund was created by Act 13 of 2012 to provide for the collection and distribution of unconventional gas well impact fees. The fee revenue is used by commonwealth agencies for monitoring and oversight of unconventional gas wells, emergency responder training, and for rail freight assistance projects. Distributions are made to county conservation districts, host counties and municipalities, and to local municipalities. Receipts deposited into the Unconventional Gas Well Fund are derived from an impact fee assessed to drillers of natural gas wells in the Marcellus Shale regions of the commonwealth. The fee is assessed per gas well and may be adjusted based on the number of wells and changes in the Consumer Price Index for all urban consumers in the Pennsylvania, New Jersey, Delaware, and Maryland area.

Underground Storage Tank Indemnification Fund

The Storage Tank and Spill Prevention Act, Act 32 of 1989, as amended, established the Underground Storage Tank Indemnification Fund to administer a program to provide claim payments to owners and operators of underground storage tanks who incur liability for taking corrective action or for bodily injury or property damage caused by a release from underground storage tanks. Expenses for administration of the fund are also covered. The fund is administered by the Insurance Department in conjunction with a nine-member Underground Storage Tank Indemnification Board.

Act 13 of 1998 established a new loan program to assist owners of regulated underground storage tanks to upgrade their underground storage tank systems to meet federal Environmental Protection Agency upgrade requirements or to remove them from service. Act 100 of 2000 expanded the upgrade loan program to include the removal of underground storage tanks. The act also established an environmental cleanup program and a pollution prevention program that are administered by the Department of Environmental Protection. A loan of \$100 million was made to the General Fund on October 15, 2002 in accordance with Act 91 of 2002. While Act 72 of 2013 changed the repayment of the \$100 million loan to the General Fund to before July 1, 2029, the \$67.5 million principal balance, as well as the accrued interest of \$19.0 million, was paid in full on June 30, 2021. Act 61 of 2017 increased the reimbursement to the Storage Tank Fund from \$3,000,000 to \$7,000,000, annually, and extended authority for the Underground Storage Tank Environmental Cleanup Program and the Underground Storage Tank Pollution Prevention Program until June 30, 2022.

Act 10 of 2020 authorized the Secretary of the Budget to transfer up to \$50 million of special fund balances to a General Fund restricted account for COVID Health Care System Assistance. Act 24 of 2020 returned the funds, and Act 114 of 2020 transferred the funds to the General Fund for appropriation by the General Assembly.

Unemployment Compensation Benefit Payment Fund

Employers' and employees' contributions under the Unemployment Compensation Law are credited to the commonwealth's account in the federal Unemployment Trust Fund (UTF). Requisitions of money from the UTF for the payment of unemployment compensation benefits to eligible individuals are the revenue for the Unemployment Compensation Benefit Payment Fund. Available Year estimates include continued unemployment assistance provided through the Continued Assistance for Unemployed Workers Act of 2020.

Unemployment Compensation Debt Service Fund

This fund was created in accordance with the Unemployment Compensation Law. The fund is administered by the Department of Labor and Industry and was originally used for the collection and repayment of interest on loans from the federal government to the commonwealth's account in the Unemployment Trust Fund (UTF).

Act 60 of 2012, the commonwealth's UC Reform Legislation, allowed for the issuance of bonds to repay the state's Unemployment Compensation debt to the federal government. The name of the fund was changed to the Debt Service Fund and its purpose was expanded to process payments for bond obligations and administrative expenses, payment of annual interest on federal loans, workforce investment and infrastructure improvements, and once debt levels are reduced to established thresholds, payment or transfer to the Unemployment Compensation Trust Fund for payment of unemployment compensation to individuals. The repayment of the bond obligations incurred following Act 60 was completed during 2019-20. In 2020-21 the commonwealth was approved for a loan from the UTF, which included a CARES Act provision for a temporary waiver of interest payments and accrual of interest through December 31, 2020, with the first interest payment due by September 30, 2021. The Continued Assistance for Unemployed Workers Act of 2020 provided an extension of waived UTF interest accrual through March 14, 2021.

Uninsured Employers Guaranty Fund

This fund was created by Act 147 of 2006, amending the Pennsylvania Workers' Compensation Act. The purpose of this fund is to pay claimants or their dependents benefits when the liable employer failed to insure or self-insure. Funding is from assessments on insurers and self-insured employees. Act 132 of 2018 increased assessment revenues from 0.1% to 0.25% of the total compensation paid by all insurers or self-insured employers during the previous calendar year. Projected expenditures are dependent upon claim volume, the merits of such claims, and associated claims costs. During the period 2014-15 to 2017-18, various loans and transfers from the Workmen's Compensation Administration Fund were needed to keep the fund solvent.

Veterans Trust Fund

The Veterans Trust Fund was established by Act 87 of 2012. The fund is administered by the Department of Military and Veterans Affairs and consists of proceeds paid by the Department of Transportation relating to special plates for veterans and \$3 checkoffs on driver's license and motor vehicle registration applications, as well as grants, gifts, donations, and other payments from an individual or governmental entity. The purpose of this fund is to provide grants for programs or projects supporting Pennsylvania veterans and their families.

Video Gaming Fund

Act 42 of 2017 established the Video Gaming Fund to receive all license fees provided for in the act and 42 percent of the gross terminal revenue (GTR) generated by licensed gaming facilities. These monies are to be distributed annually to various programs as set forth in the act with the remainder being transferred to the General Fund. Also, all licensed gaming terminal operators deposit an additional 10 percent of GTR into the fund for local share distributions where the gaming terminals are located.

Vocational Rehabilitation Fund

This fund, administered by the State Board of Vocational Rehabilitation in the Department of Labor and Industry, was created to provide vocational rehabilitation services to any person who has a disability, mental or physical, which constitutes a handicap to employment or to achieve independent living status. Services can be provided directly or through a purchase of service arrangement. Receipts for this fund come from federal vocational rehabilitation funds, transfer of General Fund appropriations for matching the federal funds, interest earned, and local match.

Water Supply and Wastewater Treatment Fund

Act 218 of 2004 established the Water Supply and Wastewater Infrastructure Capitalization Program. Funding for the program is generated from the \$250 million bond issue approved by the electorate in April of 2004. Funds are allocated to the Commonwealth Financing Authority and the Infrastructure Investment Authority (PENNVEST) to be used for grants and loans for new and existing water supply and wastewater system projects in the commonwealth.

Wild Resource Conservation Fund

This fund was created by Act 170 of 1982. Revenue is derived primarily from tax refund check-offs and voluntary contributions. The fund collects information relating to population, distribution, habitat needs, limiting factors, and other biological and ecological data to classify plants and to determine necessary management measures. These management measures include promotion of a statewide system of private wild plant sanctuaries; permitting of removal, collection or transplanting of endangered or threatened plant species; and regulation of the digging, harvesting, sale, and exploitation of designated species.

Workers' Compensation Security Fund

The purpose of this fund is payment of valid claims for compensation provided by the Workers' Compensation Act to individuals who are insured by an insolvent stock company. Expenses for administration of the fund are also covered.

Through June 30, 2000, payments equal to one percent of the net written premiums received for workers' compensation insurance policies written in the commonwealth by stock companies, mutual carriers, and reciprocal exchanges during the preceding annual reporting period were credited to the fund. Such payments were required only if the balance less known liabilities of the fund was determined to be less than five percent of the loss reserves of all such companies for payments of benefits under the Workers' Compensation Act.

Act 49 of 2000 removed the statutory annual assessment procedures in conjunction with giving prudent person investment authority to the Insurance Commissioner jointly with the State Treasurer for the investment of monies in the fund. This change was expected to generate increased earnings to the fund, thereby reducing the frequency of the assessment. The act requires the Insurance Department to manage the fund to maintain its actuarial soundness and a minimum balance of \$500 million as of December 31 of any given year. If the fund balance falls below \$500 million by calendar year end, the department will assess contributions to restore the balance in the fund in a timely manner.

Act 16A of 2016 authorized a transfer to the General Fund in the amount of \$165 million. Act 44 of 2017 delayed the repayment of this transfer until 2019-20. Act 20 of 2019 further extends this repayment until July 1, 2024.

Act 114 of 2020 authorized transfers to the General Fund from various special fund balances.

Cash Balance, Ending	\$ 824,438	\$ 837,687	\$ 850,932

Workmen's Compensation Administration Fund

This fund was created by Act 2 of 1976 to finance the expenses of the Department of Labor and Industry in administering the Pennsylvania Workers' Compensation Act and the Pennsylvania Occupational Disease Act. Act 44 of 1993 and Act 57 of 1996 amended the Workers' Compensation Act, expanding the administrative responsibilities of the department. The fund is supported by annual assessments on insurers and self-insurers under the act. These administrative funds are approved by the legislature for expenditure through the appropriation process. Administrative funds are also provided to the Office of the Small Business Advocate through the Department of Community and Economic Development to represent the interests of the employers in workers' compensation rate filings before the Insurance Department. During fiscal years 2015-16 through 2017-18, it was necessary to make transfers and/or loans from the Workmen's Compensation Administration Fund to the Uninsured Employers Guaranty Fund to keep the fund solvent.

Workmen's Compensation Supersedeas Fund

The purpose of this fund is to reimburse insurers for payments made by them to claimants under the Workers' Compensation Act who are later determined to be ineligible. The fund is maintained by annual assessments on insurers and self-insurers and is administered by the Department of Labor and Industry.

911 Fund

Title 35 Chapter 53 amended by Act 12 of 2015, the Public Safety Emergency Telephone Act established the 911 Fund to support a statewide integrated 911 plan. The fund is used to collect and deposit a surcharge collected by Wireless, Prepaid Wireless, VoIP and Wireline service providers on a monthly basis, the proceeds of which are remitted to the fund quarterly. Up to two percent of annual surcharge proceeds can be used by the agency for administrative costs with the remaining available balance being used for approved county grants.

Commonwealth of Pennsylvania

Governor's Executive Budget

STATISTICAL DATA

This section contains historical data for various Pennsylvania economic indicators. Data is obtained from published sources noted on each page. Additional data is available from the Penn State Data Center through their homepage at <https://pasdc.hbg.psu.edu>.

SELECTED DATA ON THE COMMONWEALTH OF PENNSYLVANIA

General

The commonwealth is one of the nation's most populous states, ranking fifth behind California, Texas, Florida, and New York. Pennsylvania stakes claim to a diverse economy and many thriving industries. At different times throughout its history, the commonwealth has been the nation's principal producer of ships, iron, chemicals, lumber, oil, textiles, glass, coal, and steel. This led Pennsylvania to be identified, historically, as a heavy industrial state. That reputation has changed over the last several decades as the coal, steel, and railroad industries have declined. The commonwealth's business environment readjusted with a more diversified economic base. Currently, the major sources of growth in Pennsylvania are in the service sector, including healthcare, leisure-hospitality, transport, and storage.

However, development of natural gas continues to be one of the biggest factors in Pennsylvania's economic outlook. Although direct employment in natural resources and mining is a small part of total jobs in the state, its rapidly rising location quotient helps to illustrate the growth seen in the last few years. More important to the economy at all levels are the related jobs created in other sectors, such as construction, transportation, and professional services. State manufacturers have already benefitted from demand for steel and equipment being used to drill the wells and get them connected to demand centers via pipelines. Pennsylvania's competitiveness in manufacturing should be enhanced by the decreased costs of energy and petrochemical feedstocks coming from beneath the state.

The state's manufacturing sector may not be what it was during the heydays of Pittsburgh's dominance in the steel industry and Philadelphia's claim to be the "Workshop of the World," but the state's share of manufacturing employment remains above the national average. Output of pharmaceuticals remains an engine of growth, while the rapid increase in the state's production of natural gas liquids provides the basis for gains in production of chemicals and plastics. Employment in the state's manufacturing sector will gradually increase over the next two years but remain below the pre-pandemic level.

Professional, scientific, and technical services will continue to be a bright spot for the state in terms of job growth and economic output gains. High-tech fields such as artificial intelligence, industrial automation, and bio-sciences will see the most growth, while more traditional fields such as legal services will see more moderate gains. The state's healthcare and social service sector will continue to be a reliable source of job gains, but overall growth may be slower than in years past. Gains will be focused in the large metro areas, while smaller towns and rural areas feel the effects of low (or negative) population growth and fewer available services.

Finally, the state's geographic location makes it a prime corridor for the transportation of goods. From its extensive rail service and ports to its grid of interstate highways, Pennsylvania remains an integral part of the northeast region's economic activity.

Population

The commonwealth is highly urbanized. The largest Metropolitan Statistical Areas (“MSAs”) in the commonwealth are those that include the cities of Philadelphia and Pittsburgh, which together contain the majority of the state’s total population. The population of Pennsylvania, 12.7 million people estimated in 2020, according to the U.S. Bureau of the Census, represents a population growing slower than the nation with a higher portion than the nation or the Middle Atlantic region comprised of persons 45 or over. The following tables present the population trend from 2016 to 2020 and the age distribution of the population for 2020.

Population Trends Pennsylvania, Middle Atlantic Region and the United States 2016-2020*

As of July 1	Total Population (In Thousands)			Total Population as a % of 2016 base		
	PA	Middle Atlantic Region ^a	United States	PA	Middle Atlantic Region ^a	United States

Employment

Non-agricultural employment in Pennsylvania increased from 2016 through 2019 before decreasing in 2020. Non-agricultural employment also decreased in 2020 throughout the Middle Atlantic Region, and the entire United States. The following table shows employment trends from 2016 through 2020 in these areas.

Non-Agricultural Establishment Employment Trends Pennsylvania, Middle Atlantic Region and the United States 2016-2020

Calendar Year	Total Establishment Employment (thousands)			Total Establishment Employment as a % of 2015 base		
	PA	Middle Atlantic Region ^a	U.S.	PA	Middle Atlantic Region ^a	U.S.
2016.....	5,883	19,382	144,333	100%	100%	100%

2020.....	5,619	18,287	142,252	96%	94%	99%

^a Middle Atlantic Region: Pennsylvania, New York and New Jersey

Non-manufacturing employment in Pennsylvania has decreased in 2020 but still reached 90 percent of total non-agricultural employment. Consequently, manufacturing employment constitutes a diminished share of total employment within the commonwealth. Manufacturing, contributing 10 percent of 2020 non-agricultural employment, has fallen behind the services sector, the trade sector, and the government sector as the 4th largest single source of employment within the commonwealth. In 2020, the services sector accounted for 49 percent of all non-agricultural employment while the trade sector accounted for 14 percent. The following table shows trends in employment by sector for Pennsylvania from 2016 through 2020.

Non-Agricultural Establishment Employment by Sector Pennsylvania 2016-2020 (In Thousands)

Within the manufacturing sector of Pennsylvania's economy, which now accounts for about one-tenth of total non-agricultural employment in Pennsylvania, the fabricated metals industries employed the largest number of workers. Employment in the fabricated metals industries is 14 percent of Pennsylvania manufacturing employment but only 1.4 percent of total Pennsylvania non-agricultural employment in 2020. The following table shows trends in manufacturing employment by industry for Pennsylvania from 2016 through 2020.

Market and Assessed Valuation of Real Property

Annually, the State Tax Equalization Board, Tax Equalization Division (the "STEB") determines an aggregate market value of all taxable real property in the commonwealth. The STEB determines the market value by applying assessment to sales ratio studies to assessment valuations supplied by local assessing officials. The market values certified by the STEB do not include property that is tax exempt but do include an adjustment correcting the data for preferential assessments granted to certain farm and forestlands.

The table below shows the assessed valuation as determined and certified by the counties and the market value and the assessed to market value ratio determined by the STEB for real property from 2016-2020. In computing the market values for uneven-numbered years, the STEB is statutorily restricted to certifying only those changes in market value that result from properties added to or removed from the assessment rolls. The STEB is permitted to adjust the market valuation to reflect any change in real estate values or other economic change in value only in even-numbered years.

Valuations of Taxable Real Property 2016-2020

Year	Market Value ^a	Assessed Valuation	Rate of Assessed Valuation to Market Value ^a
2016.....	839,594,528,100	599,849,032,792	71.4%
2017.....	847,630,312,124	628,417,398,959	74.1%
2018.....	877,385,372,915	642,305,663,711	73.2%
2019.....	922,018,498,396	677,415,063,122	73.5%
2020.....	966,037,072,558	696,790,394,130	72.1%
