IV. POLICY

It shall be the policy of the Department to promote reentrant success by utilizing an evidence based comprehensive case management approach that supports the effective reintegration of reentrants back to the community.

V. PROCEDURES

The primary function of the CRPA is to ensure that the Department policy of progressive, corrective, and rehabilitative management of reentrants is achieved consistently across all parole districts, with the objective of managing reentrants in the communities as long as they can be safely and effectively supervised.

1. Evidence-Based Practices

- a. CRPAs shall serve as a local expert in matters pertaining to evidence-based practices (EBP) and facilitate cognitive-behavioral interventions, groups and/or workshops, including, but not limited to, Carey Guide Interventions, Employment Workshop, Getting Back on Track, **Monthly Supervision Fee Budgeting**, Successful Parole: Handling Conflict in the Real World, and the Pennsylvania Department of Corrections (DOC) Violence Prevention Booster program. CRPAs shall maintain **resource information** and develop **new** resources concerning services available to reentrants in the community.
- b. CRPAs shall be available to advise supervision staff in matters relating to the identification of criminogenic needs utilizing the risk/need principle.
- c. CRPAs shall serve as a resource and advise **parole** supervision staff in the development of initial and subsequent case plans, utilizing evidenced-based practices, related to appropriate programming options, available community resources, and reliable employment opportunities.
- d. CRPAs shall assist parole managers in reviewing measurement strategies and practices of case planning to ensure that evidence-based strategies are being employed (**e.g., Orientations and Carey Guides**).

2. Reentrant Groups

Group delivery

- a. CRPAs may utilize technology **such as but not limited to TEAMS, FaceTime, or Zoom**, to deliver services to reduce barriers if it is best for the reentrants attending the group. For example, technology can be used when there is a lack of transportation or child care, or in any other situation which does not permit the reentrant to be out in public or in the parole office.
- b. CRPAs are responsible for securing suitable space to facilitate their groups when meeting in person. If the district office does not have space available, the CRPA shall find suitable space in the community.
- c. If payments are required for facility use, and/or “terms and conditions” are associated with using the site, these requests must be sent for approval to the

Deputy Secretary of Reentry **as well as the Office of Chief Counsel**. All facilities that require a fee must have a vendor number or be willing to accept credit card payments.

- d. If a facility does not charge a fee or have “terms and conditions,” then the CRPA can use the space without prior approval.
- e. In the instance a facility requests a liability certificate, the facility must contact the **Director of the** Division of Reentry Operations **and the Office of Chief Counsel**.

3. Parole Orientation for New Releases

- a. The CRPA shall conduct an orientation class for every newly released reentrant to the district within 14 **calendar** days of release or as soon as possible. The orientation shall review parole supervision expectations, available services in the community, and determine if the reentrant has any immediate needs to be addressed.
- b. During the orientation, the CRPA shall identify the high-risk and/or high violent **Strong-R** reentrants and discuss the automatic enrollment into the Tools on Devices (TOD) to begin Carey Guide Interventions. If the reentrant does not have access to a smart phone and/or computer technology, the CRPA shall utilize the paper version of the Carey Guides to facilitate the intervention tools. All tools shall be assigned based on the top two criminogenic need areas discussed and agreed upon with the reentrant.
- c. The CRPA shall notify the **Agent of Record** (AOR) of any newly released reentrant who **failed to attend** the orientation, with the expectation that the reentrant shall **attend** the next orientation.
- d. For any Carey Guide Intervention, the information shall be added to Vant4ge Point creating an instance for each reentrant documenting the start and **end date of participation**, and documenting the level of success in the TOD system.
- e. After any reentrant contact is made, the CRPA shall make a notation in the Corrections and Parole Total Online Repository (CAPTOR) **within three (3) business days**.

In the event that some of the reentrants needs are being met in the community**
