Note: Statistics in this report will not match statistics reported in the Bureau of Justice Statistics (BJS) “Prisoners in 2012” report. The BJS report is a national report based on a survey of all 50 states, containing different accounting rules from those used to generate this report. The primary difference is that this report counts all inmates under Pennsylvania Department of Corrections custody, whereas most of the tables/figures in the BJS report only include inmates who are sentenced and who have a maximum sentence of 1 year or more.

Notes: The 2001-2004 percent of capacity does not include the Forensic Psychiatric Unit population at SCI Waymart. As of May 31, 2004, the Department began reporting "Operational Bed Capacity", which represents the optimal number of inmates that each facility can house based on a number of factors. In addition to cell size and security level, "Operational Bed Capacity" takes into consideration availability of inmate employment or programming, support services, and facility infrastructure. Prior capacity ratings were based solely on the physical characteristics of the cells (i.e., cell size and security level). This is not a change in how the Department operates. It is rather a change in how the Department assesses capacity with respect to quality of life and safety for both staff and inmates.

Glossary

Capacity: “Operational Bed Capacity” represents the optimal number of inmates that each facility can house based on a number of factors. In addition to cell size and security level, “Operational Bed Capacity” takes into consideration availability of inmate employment or programming, support services, and facility infrastructure.

Capital Cases: Inmate found guilty of first degree murder and sentenced by a judge to death by execution.

Commutations: A change of a legal penalty or punishment to a lesser one. A commutation for an inmate serving a life sentence is the establishment of a parole date.

Conditional Release: The release of an inmate from the Department of Corrections to another supervising authority. This method of release includes the following types:

State parole: When an inmate is released to the community and is supervised by the Pennsylvania Board of Probation and Parole.

County parole: When an inmate is released to the community and is supervised by the county probation/parole department.

Reparoled (State): When an inmate is paroled from a state correctional facility, returned to the Department of Corrections for a parole violation, serves time in the institution, and is again released to the community under supervision of the Pennsylvania Board of Probation and Parole.

County Transfers: When an inmate serving a county sentence is transferred to the Department of Corrections. The reason for the transfer could be for security, medical, or mental health reasons.

Court Commitments: A commitment imposed by a court sentencing an individual to confinement in a state correctional facility.

Detentioners: An inmate who has not been sentenced to a Pennsylvania state correctional facility, but who is being housed in a Pennsylvania state correctional facility at the request of another jurisdiction such as a county, another state, or the federal government.

Escape: The intentional act of an inmate to leave the custody of the Department of Corrections. The act of escape includes the following types:

Breach Escape: When an inmate, in the process of intentionally leaving the custody of the Department of Corrections, compromises the secure perimeter of the facility.

Walk Away: When an inmate intentionally leaves the custody of the DOC while on an authorized release or furlough (i.e., work detail, medical treatment, educational release, etc.). A walk away, as opposed to a breach escape, does not compromise the secure perimeter of the facility as it occurs outside the secure perimeter (i.e., wall, fence, etc.).

Incarceration Rate: The number of state sentenced inmates incarcerated per 100,000 Pennsylvania residents.

Lifer: An individual with a minimum and maximum sentence of natural life.

Minimum Sentence: The minimum amount of time imposed by the court that an inmate must serve before being eligible for release from prison. This sentence cannot exceed one-half of the maximum sentence under the Pennsylvania statute.

Maximum Sentence: The maximum amount of time spent imposed by the court that an inmate can be required to serve before being released from prison.

Non-Recommit Action: The release of a parolee who was returned to the department as a possible parole violator. If the return action is not adjudicated as a parole violation, the parolee is re-released to parole.

Glossary

Offender: Generally refers to an individual who is convicted of an offense but who has not been received by the state prison system. This term is used in the Receptions Section of this report to denote newly admitted individuals.

Parole Violators: Persons paroled from prison who violated the terms and/or conditions of their parole. Parole violators are generally classified as technical or convicted violators. Technical violators are recommitted for failure to adhere to the requirements of their parole plan (i.e., non-reporting to agent or program, non-criminal drug violations, etc.), while convicted violators are found guilty of new criminal offenses. A technical/convicted violator is committed for violating conditions of parole in addition to being charged with commission of a new criminal offense.

Part I Offenses: Offenses identified by the Uniform Crime Report which are of a serious nature and are usually reported to law enforcement agencies. Crimes identified as Part I Offenses include: criminal homicide, forcible rape, robbery, assault, burglary, larceny-theft, motor vehicle theft and arson.

Part II Offenses: Offenses not classified as Part I Offense as defined above because they are less serious crimes. Crimes identified as Part II offenses include: fraud, stolen property, forgery, narcotic drugs, and drunken driving (DUI).

Reparole: A parole release after a previous parole revocation. The initial parole and subsequent reparole occur during the same sentence.

Sentenced: Inmates who are serving time on court-imposed sentences. (Does not include inmates who are serving time because of parole violations.)

Uniform Crime Report (UCR) Offense Groupings: Offense classifications employed by Pennsylvania's criminal justice system. In order to remain compatible with the Federal Bureau of Investigation, the categories of offense classification utilized are the same as those employed at the national level. The crimes defined in this classification system are grouped as Part I or Part II offenses.

Unconditional Release: The means of release for inmates who have either served their maximum sentence or have had their sentences reduced or vacated by the court (e.g., max out, executed, court order, etc.).
