

### Targeted Funding

- ✓ Nearly **60 grant recipients** funded for substance use disorder (SUD) initiatives including:
  - ✓ \$1 million+ for **opioid use disorder (OUD) prevention**
  - ✓ \$1 million+ for **harm reduction services** in underserved areas
  - ✓ \$2 million+ to help Pennsylvanians access a DDAP-licensed **recovery house**

### Treatment Access

- ✓ Created a license to regulate SUD **telehealth treatment**, giving Pennsylvanians **additional access to treatment**
- ✓ Issued a license for Pennsylvania's **first mobile opioid treatment program (OTP)**, paving the way for greater access to **medication-assisted treatment (MAT)**

### Health Equity

- ✓ Partnered with **90+ organizations** to distribute **820,000+ doses of FREE life-saving naloxone** as part of DDAP's Overdose Prevention Program

### SUD Workforce

- ✓ Through our **student loan repayment program**, awarded **\$20 million** to nearly **350 SUD practitioners**—counselors, case managers, nurses, peer specialists, and others—to help repay their student loans and **keep them working in Pennsylvania**

### Stakeholder and Public Engagement

- ✓ Phase 2 of DDAP's **stakeholder engagement tour** took us to **10 counties** and **46 legislative districts** to meet with **350+ stakeholders**
- ✓ Reached **2 million Pennsylvanians** with our **stigma reduction campaign**—Life Unites Us

### Internal Operational Excellence

- ✓ Launched a **training management system** for the SUD workforce—a new one-stop shop for instructor-led and on-demand trainings
- ✓ Made it easier and more efficient for county drug and alcohol offices, known as Single County Authorities (SCAs), and licensed treatment providers to submit information digitally, **reducing administrative burdens**
- ✓ Restructured to form the **Bureau of Operational Excellence** and **Bureau of Administration** to refine internal processes, improve accountability of those we fund, and implement best practices that drive **continuous improvement**
