

Initial ASAM-Aligned Level 2.5 Facilities April 2026

Purpose: This list includes Department of Drug and Alcohol Programs (DDAP) licensed facilities that have completed an initial review for alignment with the ASAM Criteria, 3rd edition 2013 for Level 2.5 services. The initial review is primarily based on a review of submitted policies, procedures, and service delivery plans.

Color Key:

Tan Highlight – Newly aligned facilities will be highlighted for one month

Gray Highlight – Facilities that have closed or are no longer providing ASAM-aligned services (to be removed in the next update)

⚠ Disclaimer: This list reflects the outcome of an initial review by DDAP and does not guarantee current or ongoing ASAM Criteria alignment. Program operations may change over time, which could affect continued alignment with the ASAM Criteria.

In addition, official ASAM alignment reviews for all ambulatory levels of care, including Level 2.5, will be conducted in the future as part of the federal 1115 Waiver. Providers listed here will be subject to review by their respective Behavioral Health-Managed Care Organization (BH-MCO) once that process begins. This official determination supersedes the initial review results shown here.

If you have questions regarding the list of providers or are interested in information on alignment, please contact DDAP's ASAM Resource Account at RA-DAASAM@pa.gov.
