

Initial ASAM-Aligned Level 3.7 Facilities November 2025

Purpose: This list includes Department of Drug and Alcohol Programs (DDAP) licensed facilities that have completed an initial review for alignment with the ASAM Criteria, 3rd edition 2013 for Level 3.7 (Medically Monitored Intensive Inpatient) services.

Color Key:

Green Highlight – Newly aligned facilities will be highlighted for one month.

Gray Highlight – Facilities that have closed or are no longer providing ASAM-aligned services (to be removed in the next update)

Disclaimer: This list reflects the outcome of an initial review by DDAP and does not guarantee current or ongoing ASAM Criteria alignment. Program operations may change over time, which could affect continued alignment with the ASAM Criteria.

In addition, official ASAM alignment reviews for Level 3.7 services are currently being conducted as part of the federal 1115 Waiver. Facilities listed here may have already been, or will be, reviewed by their respective Behavioral Health-Managed Care Organization (BH-MCO) under that process. This official determination supersedes the initial review results shown here.

If you have questions regarding the list of providers or are interested in information on alignment, please contact DDAP's ASAM Resource Account at RA-DAASAM@pa.gov.
