PennDOT's Driver and Vehicle Services team is working with the Bureau of Office Services on extensive renovation projects at both the Lewistown and Somerset Driver License Centers (DLCs). Lewistown DLC upgrades include a complete HVAC replacement, new restrooms, and new gas, water, and sewage lines that will eliminate onsite septic and well systems. Somerset DLC upgrades include a high efficiency mini-split and LED lighting. Additionally, PennDOT's	<input checked="" type="checkbox"/>	3	3	
19 C	<b>Special Measure - Any Category!</b> Have an idea for a new Checklist Measure that we haven't captured? Tell us about it - Please be brief!	PennDOT owns more than 3,800 buildings and structures and thus may not be able to select "YES" for checklist questions that specifically reference measuraes taken within ALL buildings. Despite this, PennDOT has completed smaller, yet meaningful, projects at specific sites. Examples include completing an LED lighting upgrade and replacing window HVAC units with programmable AC/heat pump systems.	<input checked="" type="checkbox"/>	1	1
