Part 3 – SDB Outreach Compliance Statement

1. List the Identified Items of Work for subcontracting opportunities for the solicitation along with specific work categories:

Concrete, Masonry, Steel, Misc Metals, Millwork, Doors/Frames/Hardware, Storefront, Painting, Flooring, Drywall, Earthwork, Landscaping, Specialties, Final Cleaning

2. Attach to this form copies of written solicitations (with Bid or Proposal instructions) used to solicit Identified SDBs for these subcontract opportunities.

3. Offeror made the following attempts to contact the Identified SDBs:

Each identified SDB was personally sent an initial solicitation and follow-up solicitation through our Construction Bidding Software (BuildingConnected). Building Connected is an online platform that allows us to organize bid packages, send out solicitations, track and monitor solicitations. This platform provides access to all of the construction documents for reviewing and download. Every SDB that we invited would have received our initial invite and all notices of addendums, scopes of work, and other pertinent memos via an email through Building Connected.

In addition, all identified SDB contractors were personally called to solicit pricing for the project or they were sent personal emails from Wohlsen personnel which is different from the email received through Building Connected.

We also stayed after the Pre-bid meeting to meet with all of the SDB contractors that were present at the Pre-bid to make sure that we had each others contact information and discussed bidding scope.

In our Good Faith Effort folder I have provided a sample screenshots from Building Connected to show sample bid invites and how to read our documentation of follow-ups.

4. Bonding Requirements (Please Check One):

☐

This project does not involve bonding requirements.

☒

Offeror assisted Identified SDBs to fulfill or seek waiver of bonding requirements.
(DESCRIBE EFFORTS):

Wohlsen made the decision to use a hybrid approach of using subcontractor bonding and its Subcontractor Default Insurance policy and Prequalification program for the submission of this proposal. These programs will allow identified SDBs to seek a waiver of bonding requirements by completing the prequalification process with Wohlsen. By using this policy, traditional subcontractor bonding requirements can be reduced or eliminated since Wohlsen is the policy holder.

5. Pre-Bid/Proposal Conference or Supplier Forum (Please Check One):

☒

Offeror did attend the pre-Bid/Proposal conference or Supplier Forum

☐

No pre-Bid/Proposal conference or Supplier Forum was held
