REQUEST FOR QUOTES (RFO) PROCEDURES: Commonwealth Agencies will issue an RFQ to qualified Contractors, through the Commonwealth’s Custom Portal, powered by the JAGGAER system. Contractors will respond to the RFQ in the system. The requesting Agencies may require the qualified Contractors to furnish, upon request, additional documentation in the RFQ. The qualified Contractors selected for the RFQ process will receive a Purchase Order (PO) and will supply the service to meet the specific requirements as indicated in the RFQ.

The ITQ Contract’s that are set up as County specific Contracts are to be reflected in all Agency Request for Quotes. Only the Suppliers qualified in the County or (Counties) identified will be eligible for participation in the Agency project Request for Quote.

- Agencies will exercise a scoring method based upon the criteria set forth in the RFQ. The Scoring Methods are defined as follows: Best Value
- Refers to the process of selecting the quote which provides the greatest value to the agency based on evaluating and comparing all pertinent criteria, including cost, so that the Contractor whose overall proposal best suits the agency’s needs is selected for each individual project; and
 - Low Cost
 - Refers to the lowest cost quoted from all proposals received that are deemed both responsive and responsible for the project.
