Dominance:

A business dominant in its field of operation is one that exercises control or major influence in its industry.

Independence:

Factors that determine independent ownership include the date the business was established together with its relationship with other firms in terms of operational and managerial control, personnel, facilities, equipment, financial support, exclusive dealings, and the extent to which resources are shared with other firms. A business that is a subsidiary of another business or is owned principally by another business entity or by a trust (including an employee stock ownership plan) does not meet this requirement. However, if a parent or holding company, established for tax, capitalization, or other purposes consistent with industry practice, in turn owns and controls an operating subsidiary, the subsidiary may be considered independently owned if it otherwise meets all small business eligibility requirements. In this situation, the individual owners and controllers of the parent or holding company are deemed to control the subsidiary through the parent or holding company.

FTE Employees:

FTE Employees is calculated over the duration of the **12-MONTH (52-WEEK) TAX YEAR** using the formula below. A tax year that follows the calendar year refers to the 12 consecutive months beginning Jan. 1 and ending Dec. 31. A fiscal year is any period of 12 consecutive months that ends on any day of any month, except for the last day of December.

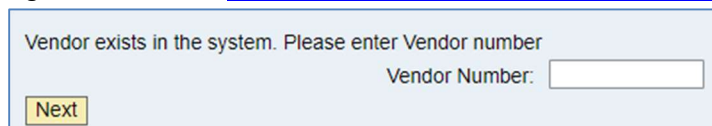

The most recently completed tax year will be used to determine Small Business eligibility. For new businesses established during the current tax year in progress, the FTE Employee value will be calculated from the date the business was established through the date the Small Business application was submitted.

IMPORTANT: An EIN is required to register on the PA Supplier Portal. To acquire an EIN, visit <https://www.irs.gov/businesses/small-businesses-self-employed/how-to-apply-for-an-ein>. The PA Supplier Portal registration includes a "real time" validation that includes the IRS website. Please be aware that it can take anywhere from 7 days up to a month before a newly acquired EIN can be validated. Registrants are directed to wait at least one week (7-10 business days) from the date the IRS provided the EIN before attempting to register in the PA Supplier Portal.

If after two (2) complete weeks from the date of the IRS provided EIN, the registration is still not flowing automatically through the process, the registrant should submit an IRS W9 form or a copy of the actual IRS Letter 147C to ra-psc_supplier_requests@pa.gov or 717-214-0140 (fax) along with an explanation that the PA Supplier Portal registration is not allowing them through step 3. Include a screen shot of the IRS error message.

AND SMALL BUSINESS OPPORTUNITIES

Starting a New Application

The Bureau of Diversity, Inclusion & Small Business Opportunities (BDISBO) is continually exploring new ways to help Small Businesses, Small Diverse Businesses, and Veteran Business Enterprises do business with the Commonwealth of Pennsylvania and with local governments.

BDISBO verifies self-certified Small Businesses that wish to participate as Minority, Woman, LGBT, Service-Disabled Veteran, and Disability-Owned Business Enterprises through the **Small Diverse Businesses (SDB)** program and Veteran and Service-Disabled Veteran Business Enterprises through the **Veteran Business Enterprise (VBE)** program. Eligible Small Businesses must hold certifications as diverse or veteran businesses with one of the Department's approved third-party certification entities.

Small Business (SB) self-certification, a two-year certification which requires bi-annual renewal, is a prerequisite for verification as a Small Diverse Business or Veteran Business Enterprise.

To access the application and begin the certification process, you must first register as a vendor via the [PA Supplier Portal](#). Not sure if your company is registered? Don't know your registration number? Look it up at www.budget.pa.gov/Services/ForVendors/Documents/supplier-lookup-tool.pdf.

Starting a New Application

The Bureau of Diversity, Inclusion & Small Business Opportunities (BDISBO) is continually exploring new ways to help Small Businesses, Small Diverse Businesses, and Veteran Business Enterprises do business with the Commonwealth of Pennsylvania and with local governments.

BDISBO verifies self-certified Small Businesses that wish to participate as Minority, Woman, LGBT, Disabled Veteran, Service-Disabled Veteran, and Disability-Owned Business Enterprises through the **Small Diverse Businesses (SDB)** program and Veteran, Disabled Veteran, and Service-Disabled Veteran Business Enterprises through the **Veteran Business Enterprise (VBE)** program. Eligible Small Businesses must hold certifications as diverse or veteran businesses with one of the Department's approved third-party certification entities.

Small Business (SB) self-certification, a two-year certification which requires bi-annual renewal, is a prerequisite for verification as a Small Diverse Business or Veteran Business Enterprise.

To access the application and begin the certification process, you must first register as a vendor via the [PA Supplier Portal](#). Not sure if your company is registered? Don't know your registration number? Call toll free: (877) 435-7363 (option 1), or email ra-psc_supplier_requests@pa.gov.

DEFINITIONS

Dominance – A business dominant in its field of operation is one that exercises control or major influence in its industry.

Full-Time Equivalent (FTE) Employees – Employees includes full-time, part-time, and temporary employees, including owners and management personnel for all facilities, inside and outside the commonwealth.

FTE Employees includes all personnel noted above employed at any point during the given tax year. The value is calculated over the duration of the 12-MONTH (52-WEEK) [TAX YEAR](#) using the formula below.

The most recently completed tax year will be used to determine Small Business eligibility. For new businesses established during the current tax year in progress, the FTE Employee value will be calculated from the date the business was established through the date the Small Business application was submitted.

Gross Receipts – The *Gross receipts or sales* value reported on Line 1a of Federal Form 1065, *US Return of Partnership Income*, Form 1120, *Corporation Income Tax Return*, Form 1120S, *Income Tax Return for an S Corporation*, or Line 1 of Schedule C (Form 1040), *Profit or Loss from Business (Sole Proprietorship)*. This is the value taken before any deductions or subtractions.

Holding or Parent Company – A holding company is a parent company — usually a corporation or LLC — that is created to buy and control the ownership interests of other companies. The companies that are owned or controlled by a corporation holding company or an LLC holding company are called its subsidiaries.

Independence – Factors that determine independent ownership include the date the business was established together with its relationship with other firms in terms of operational and managerial control, personnel, facilities, equipment, financial support, exclusive dealings, and the extent to which resources are shared with other firms. A business that is a subsidiary of another business or is owned principally by another business entity or by a trust (including an employee stock ownership plan) does not meet this requirement. However, if a parent or holding company, established for tax, capitalization, or other purposes consistent with industry practice, in turn owns and controls an operating subsidiary, the subsidiary may be considered independently owned if it otherwise meets all small business eligibility requirements. In this situation, the individual owners and controllers of the parent or holding company are deemed to control the subsidiary through the parent or holding company.
