## Affordable Care Act (ACA) Provider Revalidation of All Provider Types Including All Associated Service Locations

**Important Reminder:** In accordance with the federally mandated changes resulting from the Affordable Care Act, the Department of Human Services (the department) must revalidate all providers at least every five years; therefore, **all providers (including all associated service locations - 13 digits) who enrolled on or before March 25, 2011 must revalidate their enrollment information no later than March 24, 2016.**

This may be accomplished by completing a new enrollment application including all revalidation requirements. These may be found on the department's home page under Provider Enrollment Applications on the right-hand side at the link below.

[http://www.dhs.state.pa.us/provider/promise/enrollmentinformation/S\\_001994](http://www.dhs.state.pa.us/provider/promise/enrollmentinformation/S_001994)

Please send in your application(s) as soon as possible to ensure they are processed timely with no interruption in your participation with the department or our partnered managed care plans. Providers who enrolled after March 25, 2011, will need to revalidate their enrollment information every five (5) years based on their initial date of enrollment and should check their revalidation date by logging into the provider portal for each service location at the following link:

Thank you for your service to our MA recipients.  
We value your participation.
