

# PROVIDER QUICK TIPS

#47

## DME Suppliers, Independent Labs and Mobile X-Ray Providers are Required to Provide Complete Information in the Referring Provider Field of Claim Forms

Effective immediately, all DME Suppliers (including Pharmacies that dispense medical supplies), Independent Labs and Mobile X-Ray Providers must provide the full license number of the prescribing practitioner in the referring provider field for all claim submission methods. All numeric and alpha characters must be included. Failure to provide complete and valid information in this field will result in the setting of Error Status Code (ESC) 1027 “Referring physician not on file” and the claim will deny.

Thank you for your service to our Medical Assistance recipients.  
DHS values your participation.  
Check the Department of Human Services’ Web site often: [www.dhs.pa.gov](http://www.dhs.pa.gov)
