**Community Support Service Providers  
Federal Financial Participation Rate Change and Continued Billing**

The Centers for Medicare and Medicaid Services (CMS), requires the Commonwealth of Pennsylvania, Department of Human Services, Office of Mental Health and Substance Abuse Services (OMHSAS) to assure all providers affirm payment of state funds prior to submitting invoices to PROMISE™ for federal reimbursement for recipients served in the fee-for-service program. Documentation should be maintained in the patient’s record at the provider entity and the County entity remains responsible for maintaining records of all state monies distributed.

With the start of the new federal fiscal year 2023/2024, which begins on October 1, 2023, the Federal Financial Participation (FFP) rate of reimbursement will be 54.12 percent; the state portion will be 45.88 percent.

The Department-established fees for these services along with federal and state splits for dates of service on or after October 1, 2023 are:
