- Notes:**
- In some cases, totals may not tie due to rounding.
 - These values do not include reinsurance or other risk-mitigation adjustments but are net of TPL-COB. Values are gross of pharmacy rebates and do not include subcapitation recorded outside of encounters. For additional encounter data detail, please see the accompanying databook narrative.
 - Data represents PH-MCO submitted, accepted PROMISe™ encounter data with incurred dates between July 1, 2022, and June 30, 2023, and runout through December 31, 2023. No adjustments have been made for any underreporting within the encounter data in this databook.
 - Utilization and unit cost metrics use detailed encounter line counts for all categories of service, except for Inpatient Acute Care, Inpatient - Rehab, and Nursing Home categories of service, which use a length of stay calculation.
