### **Reminder—2025 SSI Cost of Living Adjustment (COLA)**

This communication is intended to remind providers that the federal Supplemental Security Income (SSI) payment will increase beginning January 2025.

SSI is a federal program that provides benefits to adults and children who meet the SSA's requirements for disability, income, and resources. This income benefit is designed to help qualified individuals meet basic needs for food, clothing, and shelter. Periodically, a COLA affects the maximum monthly allotment.

**Effective January 2025, the SSA increased the SSI Allotment by 2.5 percent to reflect an increase in the cost of living. This raises the maximum monthly income to \$967 for an eligible individual and \$1,450 for an eligible couple.**

There is no anticipated increase in the Personal Needs Allowance or Personal Care Home Supplement for 2025.

To account for the COLA, Personal Care Homes and Assisted Living Residences must update contracts for residents receiving SSI to accurately reflect actual charges for rent and services.
