

## **Nonpublic Medical Assistance Day One Incentive (MDOI) Payments**

### **For FY 2022-2023 – Payment One and Payment Two**

A nonpublic MDOI will be calculated for each qualifying nonpublic nursing facility for a maximum of two MDOI payments for Fiscal Year 2022-2023. To qualify for a payment, the facility must be a nonpublic nursing facility during the entire Resident Day quarter used to obtain the resident days for calculating the payment, have an overall occupancy rate of at least 85% and an MA occupancy rate of at least 65%. Resident Day information must be submitted on or before the reporting due date and will not be adjusted for changes after that date.

#### *All Nursing Facilities are in a Community HealthChoices Zone*

For qualifying nursing facilities in the southwest Community HealthChoices zone, the Department of Human Services (Department) will use the nursing facility assessment quarterly resident day reporting forms submitted by October 31, 2022, for the July 1, 2017 - September 30, 2017, Resident Day Quarter for the first payment, and January 31, 2023, for the October 1, 2017 - December 31, 2017, Resident Day Quarter for the second payment.

For qualifying nursing facilities in the southeast Community HealthChoices zone, the Department will use the nursing facility assessment quarterly resident day reporting forms submitted by October 31, 2022, for the July 1, 2018 - September 30, 2018, Resident Day Quarter for the first payment, and January 31, 2023, for the October 1, 2018 - December 31, 2018, Resident Day Quarter for the second payment.

For qualifying nursing facilities in the Lehigh/Capital, northwest and northeast Community HealthChoices zone, the Department will use the nursing facility assessment quarterly resident day reporting forms submitted by October 31, 2022, for the July 1, 2019 – September 30, 2019, Resident Day Quarter for the first payment, and January 31, 2023, for the October 1, 2019 - December 31, 2019, Resident Day Quarter for the second payment.

The overall occupancy rate is calculated as the Total Resident Days for the Resident Day quarter divided by the available days. (number of beds at the end of the quarter times the number of calendar days in the quarter) Calculation of the MA occupancy rate is the Total PA MA days from the Resident Day quarter divided by Total Resident Days from the Resident Day quarter.

For nursing facilities that meet the qualifying criteria, their nonpublic MDOI for each payment is calculated as the Total PA MA days for the applicable resident day quarter times the applicable MDOI per diem. The MDOI per diem varies between payments based on the total funds available for the nonpublic MDOI payment divided by the sum of the Total PA MA days for all qualifying facilities.

The total funds available for both payments is \$38,277,511.97 and the Total PA MA days for qualifying nursing facilities is 5,612,074 which results in a nonpublic MDOI per diem amount of \$6.8205644.
