

**Help for
Refugee
Families**

SUCCESS!

GOOD JOB HAPPY FAMILY PROGRAM

Refugees know how important is for them to succeed in the workforce. The GJHF Program, through PA DHS' Refugee Resettlement Program within the Office of Income Maintenance, provides the vital support refugee families need to thrive.

Protection

The GJHF program delivers effective healing for trauma and stress. Program staff understand the concerns and challenges refugee families face and are committed to ensuring that all family members feel safe and supported.

Innovative ideas

TANF-eligible refugee families learn to develop their aspirations for the future into a step by step plan, using proven methods such as intensive English language instruction, skill-enhancing training, and the cultivation of social capital.

Case management

Teams of experienced, long-term, culturally competent case managers are on hand to help your clients stay motivated and focused while navigating the road ahead to a secure financial future for their families.

Serving TANF-eligible refugee families statewide
