- Paul DiLorenzo, ACSW, MSLP – Director
- Emily Burger, MS, NCC - ODP
- Stacie Gill DiPippa - OCYF
- Shaye Erhard - OMHSAS
- Robin Levine MSW, Institute Curriculum Coordinator
- Sharon Kennedy, PaTTAN

▶ What is the Pediatric CBI?

- An in-depth and interactive educational experience for participants.
- 18 sessions: two days per month for 9 months
 - March 2025 through November 2025
 - Back up-date in December
- Focus is on children, youth, and young adults (0 to 21) who have complex needs and their families.

Pediatric CBI Goals

Children, youth, and young adults with complex needs and their families often face significant barriers to treatment, supports, services, and ultimately living an everyday life.

It is the goal of this Pediatric Capacity Building Institute (CBI) to increase the **administrative** and **clinical** capacity across all systems supporting these youth and their families.

Pediatric CBI Goals

Participants will:

- Strengthen their clinical knowledge and understanding of these youth and their families.
- Utilize the knowledge gained, to strengthen, improve, or create programs and approaches to more effectively support these youth and their families.
- Increase their understanding of best practices and approaches to complex needs planning.

Pediatric CBI Goals

Participants will:

- Strengthen engagement of those with lived experience.
- Have an improved understanding of each other's systems, available resources, processes, policies, setting/service types, rules, and funding.
- Through enhanced networking, build a statewide cohort which better supports these youth and their families.

Pediatric Curriculum Topics

Participants will hear from national, state, and local experts regarding:

1. Infant Mental Health & Child Development
2. Trauma / Vicarious Trauma
3. Cross System Knowledge & Multisystem Planning
4. Resiliency
5. Early Intervention / Education in non-educational settings

Pediatric Curriculum Topics

Participants will hear from national, state, and local experts regarding:

5. Psychiatric Diagnosis / Psychopharmacology
6. Communication / Sensory Needs
7. Therapies / Services, Programming / Evaluation / Assessment
8. Understanding the Child and Family – Biopsychosocial Approach
9. Relational Health and Permanency

Participation

- The success of the Institute depends on the active involvement of all participants.
- Participants play diverse and pivotal roles in the success of PA's statewide capacity building initiatives.
- You bring a wealth of knowledge and experience to this group. Active participation will ensure a rich experience for everyone.
- Graduation Project and Opportunity to Engage DHS Leadership

Session Dates:

2025
