

# OCYF Trauma Team

## New Trauma Training Now Available!

*Developing Trauma Sensitivity for Child Welfare Professionals* explores what it means to be trauma-sensitive. This module is the second in a series designed to transition Pennsylvania's Child Welfare organizations into being Trauma-Informed and Healing-Centered. The OCYF Trauma Team would like to thank their partners at the Child Welfare Resource Center for their assistance with this work.

### What you will learn:

- fundamentals of trauma sensitivity
- attachment
- relationships
- brain science
- signs and symptoms of trauma
- implementing trauma-informed principles
- responding to trauma
- self-care

### Who is the intended audience?

- child welfare professionals including but not limited to:
- intake,
- ongoing,
- family services,
- independent living, and
- other private and public providers such as adoption and foster agency staff including caseworkers, supervisors, and administrators.

**ENROLL**

## Other Trauma Courses Available through E-Learn include:

- Raising Trauma Awareness in child welfare casework practices in PA
- Developing Trauma Sensitivity for OCYF
