

Areas of Interest

Minor Civil Divisions (MCD)

2024 Q3 Initial Data

Notes:

- 1) Areas of Interest (Aois) are those Minor Civil Divisions (MCDs) with over the year growth or decline.
- 2) The categories are as follows:
 - year-over-year employment growth of at least 5% AND net gain of at least 25 employees is considered "Growth";
 - year-over-year employment decline of at least 5% AND net loss of at least 25 employees is considered "Decline".
 - four consecutive quarters of over the year employment growth, with annual growth rate of at least 5% AND annual net employment gain of at least 25 is considered "Long-Term-Growth";
 - four consecutive quarters of over the year employment decline, with annual decline rate of at least 5% AND annual net employment loss of at least 25 is considered "Long-Term-Decline";
- 3) It is possible that a noneconomic code change could temporarily falsely identify an area as growth or decline.
- 4) Confidential information has been suppressed.
- 5) Data in this report are not comparable to other Quarterly Census of Employment and Wages data reported elsewhere.
