This bulletin may be downloaded by visiting the Driver and Vehicle Services  
website at [www.dmv.pa.gov](http://www.dmv.pa.gov)

Tom Wolf, Governor

Yassmin Gramian, Secretary

BULLETIN NO. 22-02

January 2022

## SPECIAL EDITION

### Elimination of Weight Class Stickers

Historically, trucks with a registered weight of 5,001 pounds or greater were required to display a registration class sticker in their windshield. This was an antiquated and unreliable indicator for law enforcement and inconvenient for the industry/vehicle owners. PennDOT published its intent to eliminate registration weight class stickers in the Pennsylvania bulletin in May of 2020.

The final regulatory package was submitted to the Independent Regulatory Review Commission (IRRC) and approved on December 9, 2021. The effective date for the removal of weight class stickers is January 29, 2022.

All motor vehicle forms and publications related to registrations weight class stickers are being updated to remove the reference of a “weight class sticker.” The updated forms will be available on our website at [www.dmv.pa.gov](http://www.dmv.pa.gov).

All weight class stickers in your agent inventory should be destroyed effective January 31, 2022.
