BI25-05	Vehicle Inspection Division Bulletin	November 2025

TOPICS IN THIS BULLETIN:

**Station Owner & Inspector Resource Guides
E-Safety Program Management Fee (PMF) Increase**

STATION OWNER & INSPECTOR RESOURCE GUIDES

Recently, a series of four new resource guides for safety and emission station owners and emission and safety inspectors have been mailed out to all stations. These guidebooks deliver easy to use references for Vehicle Inspection Station Owners and Inspectors to address the top concerns our Quality Assurance Officers have discovered during routine audits. This set of four, easy to use guidebooks, provide necessary resources, tips, and what to expect during audits for station owners. For inspectors, these guides provide various resources as well as helpful tips for maintaining certification.

If you did not receive a resource guide, please reach out to your QAO who can provide you with a copy. All guidebooks are also available online at www.padrivecleanportal.com.

E-SAFETY PROGRAM MANAGEMENT FEE (PMF) INCREASE

Effective January 1, 2026, the E-Safety program management fee (PMF), which is periodically reviewed, will be changing. The new fee will change from the current \$0.03 to \$0.08 per transaction. If you have any questions, please contact the Vehicle Inspection Division at (717) 787-2895.

Previous Safety Bulletins are available to view online at www.dmv.pa.gov/safetybulletins.
