PA Department of Military and Veterans Affairs (DMVA) Outreach Division is the driving force behind our mission to better serve Pennsylvania's 640,000 veterans. The objectives of our Outreach Teams are simple:

- Identify the needs of Veterans, Service Members, their families, beneficiaries and caregivers
- Determine resources, benefits and services that meet those needs
- Facilitate connections to those resources

By dividing the Commonwealth into five regions, the Outreach Teams can better identify and create partnerships with local community resources and providers, including resources that are not traditionally thought of as veteran services or programs. RPOCs and VSSs live and work within their region and are a source of support to advocates and professionals who work with Veterans, Service Members and their families.
