[Pursuant to Section 708(a)(5) of the Sunshine Act, at 9:00 a.m. the Board entered into Executive Session with Laura Neal, Esquire, Board Counsel, to have attorney-client consultations and for the purpose of conducting quasi-judicial deliberations. The Board returned to open session at 11:00 a.m.]

***

The regularly scheduled meeting of the State Board of Dentistry was held on Friday, May 15, 2026. Godfrey Joel Funari, DMD, Chairperson, called the meeting to order at 11:00 a.m.

***

[Laura Neal, Esquire, Board Counsel, informed everyone that the meeting of the State Board of Dentistry was being held in a hybrid format, both in person and by livestream videoconference, pursuant to Act 100 of 2021, which requires boards to use a virtual platform to conduct business when a public meeting is held.

Ms. Neal noted the meeting was being recorded and voluntary participation constituted consent to be

recorded.

Ms. Neal also noted the Board entered into Executive Session with Board Counsel to have attorney-client consultations and for the purpose of conducting quasi-judicial deliberations.]

Appointment - Annual Financial Presentation

[Tamie Laudenslager, Fiscal Management Specialist, Bureau of Finance and Procurement (BFP), gave the annual financial presentation. In reviewing the licensee counts, she noted, as of that morning, the Board had a total of 31,464 licensees. Regarding renewal fees, she stated the Board was currently in the second incremental increase of a fee package

approved in 2019 which went into effect in 2022. The Board is scheduled for the third and final increase of the package in April 2027.

Ms. Laudenslager presented revenue definitions prior to reviewing the breakdown of revenue. She noted the current biennium's revenue was projected to increase over the prior biennium. She noted the renewals and applications make up 95.8 percent of the Board's income with other avenues bringing in varying additional funds.

Ms. Laudenslager moved on to the expenditures. She noted expenses hit the Board in three ways: timesheet based, direct costs, and licensed population. She showed expenses for the last three fiscal years and the current FY25. She noted the increase in expenses could be attributed to the licensing modernization project.

Ms. Laudenslager concluded the slide presentation by showing a summary the expenses and revenue together. She noted the fee increase had brought the Board out of a negative for the biennial; however, the restricted funds balance was still in the negative. She stated BFP would not be recommending another fee increase at the current time and would be monitoring the final increase in April 2027. She

added, because the financial presentation is usually in May, BFP will likely do a second presentation later in 2027 to show how the last increase affected the numbers.

Dr. Sullivan referred back to the definitions of revenue. She noted late fees were listed under the miscellaneous definition. She stated there had been confusion with the lack of a grace period for renewals and questioned what late fees were being referenced.

Ms. Laudenslager commented the Board did not really have any late fees for FY25. She noted the miscellaneous category was projected for $500, which was technically zero percent of the projected revenue. She added the miscellaneous category includes more than just the late fees.

Acting Commissioner Claggett commented the grace period was eliminated in 2019 and licensees have 60 days to renew.

Dr. Sullivan asked if the Board could discuss allowing people to renew with a late fee, not just for revenue but because of the burden on the administrative group as they work to renew licenses that people forgot to renew.

Acting Commissioner Claggett asked if Dr.

Sullivan was interested in adding an administrative late fee which Dr. Sullivan confirmed.

Acting Commissioner Claggett explained the grace period would not be reinstated as it was ended due to not being helpful. He did not think an administrative late fee could be added, but he would follow up on the suggestion.

Ms. Laudenslager thanked the Board for their time and noted BFP would be back next year in May as well as later in the year.]

Approval of minutes of the March 13, 2026 meeting

CHAIR FUNARI:

Are there any changes, corrections, additions, deletions to the draft minutes of March 13, 2026?

[The Board discussed changes to the minutes.]

CHAIR FUNARI:

Okay. With that, do I have a motion to accept the minutes as amended?

ACTING COMMISSIONER CLAGGETT:

Claggett, so moved.

DR. JASPAN:

Jaspan, second.

CHAIR FUNARI:

Roll call vote please.

Claggett, aye; Funari, aye; Casey, aye; Arndt, aye; Chavez, abstain; Fowler, aye; Jaspan, aye; Matta, abstain; Mountain, abstain; Murray, aye; Sullivan, aye; Warwick, aye; Wyant, abstain; Mukhtar, abstain.

[The motion carried. Dr. Matta, Dr. Mountain, Mr. Wyant, Ms. Chavez and Ms. Mukhtar abstained from voting on the motion.]

Report of Board Counsel - Regulatory Report

[Addie Abelson, Esquire, Regulatory Counsel, reported most regulations are moving forward with no significant changes to highlight.

Laura Neal, Esquire, Board Counsel, addressed the General Revisions, 16A-4628. She stated the dental law was amended the prior week to affect the education requirements and other sections of the Act related to restricted faculty and where restricted faculty can practice. In addition, Counsel plan to address the section on professional corporations based on research. Given the needed changes, she hoped to have something to present within the next couple of meetings for the Board to consider.

Regarding 16A-4629, Mobile Vans, she reported at the prior meeting, the proposed Annex was tabled without further action. She asked the Board for input on what direction she should move with the regulation. She recapped prior discussion, noting there were concerns regarding public health dental hygiene practitioners (PHDHP) and their ability to own mobile vans with fictitious names and to operate the vans without the direct supervision of a dentist in the van. At the time, she recommended setting the PHDHP issue aside pending a comprehensive review of the level of autonomy intended for PHDHPs under the law. She noted one option for the Board would be to set the PHDHP issue aside, not make further changes to the mobile vans Annex, and release it as an

exposure draft. The second option would be for Counsel to make additional changes to address the PHDHP concerns. She noted, if the Board wanted to move forward with an exposure draft, the vote would occur at the next meeting.

Dr. Arndt proposed the Board move forward with the exposure draft. He noted PHDHPs could be addressed separately, but he thought the Board needed to move forward as soon as possible on mobile vans.

Ms. Murry agreed with moving forward prior to addressing the PHDHP concerns. She was concerned the Board would not return to the PHDHP issue.

Dr. Jaspan commented, as he understood it, PHDHPs have certain practices where they practice without dental supervision. He stated, if a mobile van would show up at a public health center, it would be beneficial to provide hygiene services to those people not currently receiving the services. He noted the need to get the regulation moving as soon as possible.

Chair Funari asked Ms. Murray if she was concerned about ownership or about the ability to practice. Ms. Murray confirmed she was concerned about ownership.

Ms. Neal reiterated that no vote would be

happening at the meeting. She was asking for a direction from the Board, so perhaps a vote could happen at the next meeting. She noted, from a procedural standpoint, if the Annex were released as an exposure draft, if would give PHDHPs the opportunity to comment and request additional changes. This would provide the Board with additional information as to the community's concerns. She noted the benefit of an exposure draft was that there could be a complete rewrite and rerelease of an exposure draft if needed.

Ms. Neal informed the Board she needed to speak with Regulatory Counsel, but she believed while the regulation was being worked on, the Board might be able to release a statement of policy regarding mobile vans. The statement could clarify the Board's position of the vans being an alternate practice site; however, the statement would not affirmatively regulate mobile vans.

Dr. Casey agreed with Dr. Arndt comments. He recommended the Board put out the exposure draft and see what comments were received.

Ms. Fowler supported Ms. Murray and her concerns. However, in hearing of the exposure draft process, she thought the feedback received would provide

additional clarity. She pointed out none of the discussions were regarding expanding the scope of practice of PHDHPs. She was not aware if the Board could restrict someone from ownership of a particular piece of property under commerce law. She affirmed her commitment to making mobile vans as accessible as possible with the safest and best professional care that is available.

Ms. Neal stated she would present a draft at the next meeting for a vote and move forward from there.]

[The motion carried unanimously.]

***

MS. NEAL:

Next, we have Item No. 7, Bhaskar Savani, Case No. 19-46-012670.

At this time, Mr. Chair, I believe the Board would entertain a motion to adopt in part and reject in part the Proposed Adjudication and Order and direct Board Counsel to issue a Final Adjudication and Order consistent with

discussions during Executive Session.

CHAIR FUNARI:

Motion?

ACTING COMMISSIONER CLAGGETT:

Claggett, so moved.

Report of Board Chair

[Godfrey Joel Funari, DMD, Chairperson, welcomed Yasmin Mukhtar from the Office of Attorney General. He also thanked Dr. Jaspan for his six years of service as his term was expiring with the meeting. He added Dr. Jaspan's comments would be missed, and

he appreciated his input over the years. He also noted May 15th was Peace Officers Memorial Day.]

***

Report of Commissioner

[Arion R. Claggett, Acting Commissioner, Bureau of Professional and Occupational Affairs, thanked Dr. Jaspan for his service, noting he was appreciated and wished him well.]

***

Report of Board Administrator

[Caitlin Ostrowski, Board Administrator, echoed earlier thanks to Dr. Jaspan. Regarding Agenda Item No. 9, she stated, if a member of the Board received an inquiry or something related to an application, status update or similar request, it would be best addressed by Ms. Ostrowski or by another member of Board staff. She asked for such emails to be forwarded to her for the appropriate action or response.]

***

Report of Committees

[There were no reports from the legislative; accreditation and licensing; and scope of traditional and emerging practice committees. The probable cause committee reviewed two matters.

Ms. Neal noted, with Molly Pohlhaus no longer with the Office of Attorney General, a replacement needed to be appointed to the probable cause committee.

Chair Funari noted Dr. Jaspan would also need replaced. He had originally considered Ms. Jacobs as Dr. Jaspan's replacement with Dr. Arndt as the alternate. He asked if anyone had interest in joining the committee. He noted if the committee reviewed a case, members who did the review would have to be recused from Board discussions on the case.

Dr. Jaspan noted he would also need replaced on the licensing committee.]

***

Applications

MS. NEAL:

Item No. 11, Dhileep Jinna. This is an application for Anesthesia Permit - Restricted 1.

At this time, Mr. Chair, I believe the Board would entertain a motion to provisionally deny the application.

CHAIR FUNARI:

Motion?

ACTING COMMISSIONER CLAGGETT:

Claggett, so moved.

CHAIR FUNARI:

Second?

DR. JASPAN:

Jaspan second.

CHAIR FUNARI:

[The motion carried unanimously.]

***

MS. NEAL:

Okay, next, at Item No. 12 is an application for certification as an Expanded Function Dental Assistant of Allenah Lanier.

At this time, Mr. Chair, I believe the Board would entertain a motion to deem the applicant eligible for examination.

CHAIR FUNARI:

Motion?

ACTING COMMISSIONER CLAGGETT:

Correspondence

[Godfrey Joel Funari, DMD, Chairperson noted Agenda Item No. 14, ADEX Council of Examinations Informational Flyer was just for information and no discussion was needed.

Regarding Agenda Item No. 15, February 2026 Meeting Accreditation Actions Notice from CODA, he noted there did not seem to be any actions that would

affect the Board. He found it interesting that Geisinger's general practice residency was approved. He also found it interesting that the Centers for Disease Control National Center for Prevention Service in Atlanta, Georgia, had lost their accreditation.]

***

[Regarding Agenda Item No. 16, Potential Updates to Policies regarding Oral Appliance Therapy, Chair Funari noted a letter had previously been submitted by Dr. Becky Fox. The letter asked the Board to update policies requiring in-person physical examination impressions and construction of bite registration to be completed by the treating dentist instead of remote examinations with patient directed impressions.

Becky Fox, DMD, FAGD, D-ABDSM, Pennsylvania Dental Sleep Medicine, President Elect, American Academy of Dental Sleep Medicine (AADSM), stated two formal complaints had been filed the previous Friday to follow up on the initial contact. She was looking for a regulatory policy to be created putting guiderails on teledentistry and oral appliance therapies as it treats a medical condition, not necessarily a dental condition.

Chair Funari appreciated Dr. Fox's position. He noted the Board tries to leave a little bit of ambiguity in the regulations. He stated there are provisions in the Dental Practice Act that state a dentist has to do an examination, has to establish a record, and there are guidelines for taking impressions for final prosthesis. He added Dr. Fox had already taken steps so investigators could look into the issue. He noted it seemed to be a matter of establishing a precedence and putting it on record that based on investigation, the practice was not consistent with the Pennsylvania Dental Practice Act.

Ms. Neal pointed out if there is a situation where there may be a deviation from the expected standard of care, it would be addressed through investigation and reviewed for possible prosecution. She noted the standard of care is constantly evolving and the Board would likely only be able to address the issue through unprofessional conduct.

Mr. Jarabeck reviewed the investigative process which would involve an expert who would opine on the issue.

Dr. Arndt compared the situation to mail-in ortho cases which had gone through the process and found to not be legit. He noted even if the standard of care

is evolving, the basic standard of care would always be a direct patient to doctor examination. He suggested there not be a legislative change and that a case was needed to go after the simple fact of there not being a direct patient to doctor relationship and exam.

Chair Funari asked if the cases Dr. Fox was referring to were practicing under a medical license or a dental license. Dr. Fox responded they were practicing under a dental license out of Utah and the patient was never seen.

Mr. Jarabeck apologized, but he wanted to ensure the Board avoided prejudice in talking about any type of complaint which may come before the Board. He provided an example from ten years ago in which someone spoke about a matter before the Board, and the person's counsel objected to the Board hearing the case due to prejudice. Ultimately the Hearing Examiner issued the final order, and the Board was kept away from the case.

Chair Funari noted he was asking to determine if the Medical Board would need to be involved. Ms. Neal noted, without specifics, the situation becomes murky.

Dr. Jaspan commented the Prosecution Division

could not act unless there was a formal complaint. Mr. Jarabeck confirmed he was correct. He noted the complaint was made, and the issue he was referring to was ensuring the Board was not being prejudiced by having any information or facts in advance of a case being submitted.]

***

For the Board's Information

[Caitlin Ostrowski, Board Administrator, reported on receiving information from Bernadette Molina, a CODA representative. Upcoming site visits were scheduled at Penn Tech and Luzerne County Community College. She noted she could send the information to interested Board members. Responses would be due back by June 30, 2026, before the next Board meeting.]

***

[Paul J. Jarabeck, Esquire, Senior Board Prosecutor and Board Prosecution Liaison, asked the Board to circle back to the probable cause screening committee. He noted concerns with not having a third member as there would not be a tie-breaker in the case of internal conflict.

Chair Funari commented he would be making an assignment and not leaving the opening.

Mr. Jarabeck suggested the Board consider a committee of one member until the next Board meeting when the Board is able to have a discussion. He noted somebody may need time to think about joining the committee.

Discussion ensued on who might be a third member with Acting Commissioner Claggett suggesting Ms. Mukhtar could be on the committee. Ms. Mukhtar agreed to be on the committee.]

***

Public Comment - None.

***

Adjournment

CHAIR FUNARI:

I want to wish everyone a happy and safe Memorial Day and the 250th anniversary of the signing of the Declaration of Independence. Our next meeting will be July 17, 2026.

I'll look for a motion to adjourn.

ACTING COMMISSIONER CLAGGETT:

Claggett, so moved.

DR. JASPAN:

Jaspan seconds.

***

[There being no further business, the State Board of Dentistry Meeting adjourned at 12:32 p.m. The next scheduled meeting date is July 17, 2026.]
