<u>Licensure Requirement – Military Experience Equivalency Notes</u>

Experience Requirement	Air Force Physical Medicine Craftsman, Orthotic duties satisfy experience requirement for licensure if the servicemember served at least 3,800 hours in this role over a 2-year period.
Education Requirement	A candidate for licensure must hold a bachelor's degree from a CAAHEP accredited program with a major in prosthetics or prosthetics/orthotics. The servicemember's current education level would not satisfy requirement for licensure. Servicemember's training, completion of physical medicine course, and credentials earned during time of service may count towards some degree credit at an academic institution.
Examination Requirement	A candidate for licensure must receive passing grade on the national certification examination and provide proof that they have met the qualifications and have received certification from the American Board for Certification in Orthotics, Prosthetics & Pedorthics (ABC) or, the Board of Certification/Accreditation (BOC). Servicemember has opportunity to become certified in prosthetics/orthotics during time of service.
