PA Department of Agriculture Hosting Farm City Day

The Pennsylvania Department of Agriculture will once again be hosting Farm City Day! The event will be returning to the Farm Show Complex May 6 and 7, 2026.

Kindergarten through 6th grade students across Central Pennsylvania are invited to step into the world of agriculture through hands-on learning stations that show how food, fiber, and natural resources move from farm to city. From meeting animals to exploring crops and conservation, it's a time of discovery designed to connect young people with the people and careers behind our food system.

Date: May 6-7, 2026

Time: 9 AM – 2 PM

Cost: Free

Learning stations will have hands-on engaging activities representing all aspects of agriculture from animals and bees to forestry and vegetables and beyond. This event will give students, caregivers and teachers the opportunity to fully engage with agriculture and plant the seed for further learning and exploration in the industry.

We would love to see you and your students attend. For more information, please visit the [PA Farm City Day webpage](#). To register your school or students, please visit the [2026 Farm City Day Registration form](#).

For all other questions, please contact Sara Gligora at sgligora@pa.gov.
