Vice President for Human Resources

POLICY'S INITIAL DATE: August 1, 1955

THIS VERSION EFFECTIVE: April 14, 2025

- [Purpose](#)
- [Employee Eligibility](#)
- [Service Requirement](#)
- [Where Courses are Offered](#)
- [Limitations](#)
- [Required Approval](#)
- [Graduate Degree Limitation](#)
- [Amount of Tuition Discount](#)
- [Other Limitations](#)
- [Cross References](#)

PURPOSE:

To provide full-time employees, retirees, and those with Emeritus status the opportunity to advance their education by taking University courses at reduced tuition fees.

EMPLOYEE ELIGIBILITY:

The following categories are eligible for tuition discount:

- a. Full-time employees, including those on an approved leave of absence.
- b. An approved member of the armed services who is on the staff of the Department of:
 - 1. Military Science
 - 2. Air Force Aerospace Studies
 - 3. Naval Science
- c. A retiree, as outlined in University Policy [HR54](#), and those with Emeritus status under University Policy [AC25](#).

SERVICE REQUIREMENT:

Tuition discount is available for any semester or summer session in which classes begin on or after the employee's date of full-time, regular employment. This does not apply to eligible retirees or those with Emeritus status as indicated in "C" above.

Tuition discount will not be applied retroactively.

If the employee becomes ineligible for the tuition discount due to changes in appointment status or employment status after the beginning of the semester, the employee shall continue to receive the discount through that current semester only.

WHERE COURSES ARE OFFERED:

Eligibility for tuition discount applies at all University locations, including World Campus and the Pennsylvania College of Technology.

LIMITATIONS:

The tuition discount may only be applied to sixteen (16) credits per academic year.

The tuition discount applies to all resident instruction and continuing education credit courses for which regular tuition is charged, except for the professional curriculum such as those offered at the College of Medicine at The Milton S. Hershey Medical Center, Dickinson Law, and Penn State Law. The discount does not apply at summer camps or workshops operated by the University unless University credit is given and regular tuition is charged.

REQUIRED APPROVAL:

Approval for a full-time employee to schedule courses during their scheduled work hours is a special arrangement, and is granted only when the supervisor believes that the schedule

of courses will not interfere with the efficient operation of the employee's regular University duties.

GRADUATE DEGREE LIMITATION:

No academic employee above the rank of Instructor, Research Assistant, or equivalent may receive from the University the Master's Degree or the Doctor's Degree in any graduate program where the faculty member has membership, teaches courses, serves on Master's or Doctoral Committees, or has other supervisory responsibilities which might give rise to conflicts of interest. The faculty member should inform their department head of their intention to pursue an advanced degree.

AMOUNT OF TUITION DISCOUNT:

The tuition discount is a reduction of 75% of the tuition payable per credit.

OTHER LIMITATIONS:

Those receiving the tuition discount are not eligible for University scholarships and also may not receive funding from other University sources (general, restricted or unrestricted miscellaneous funds), with the exception of endowed funds specifically established for the benefit of employees.

When a department wants employees to take a course as professional development, the use of general funds is permitted. The department must pay 100% of the cost and the tuition discount does not apply. Departments are not permitted to ask employees to enroll using the tuition discount, and then to reimburse the employee for the 25% of tuition not covered.

If additional support is provided through an endowed fund specifically established for the benefit of employees, no direct reimbursement to the employee is permitted, and the application of these funds may only be used to cover remaining tuition after discount.

The tuition discount for a dependent child or spouse is available for any semester or summer session in which classes begin on or after the employee's date of full-time employment. If the employee becomes ineligible for the tuition discount due to changes in appointment status or employment status after the beginning of the semester, the dependent shall continue to receive the discount through that current semester only.

Tuition discount will not be applied retroactively to prior semesters.

Dependents are not eligible for tuition discount for any semester or summer session in which classes begin after the employee's final day of employment. These limits do not apply to an eligible retiree under University Policy [HR54](#) and as indicated in the section above. At such time that a dependent becomes ineligible for benefits, it is the responsibility of the employee to notify HR Services at 814-865-1473 immediately.

ELIGIBLE DEPENDENTS:

The following dependents of eligible full-time employees and retirees are entitled to University tuition discount:

- A spouse (unless appointed as a graduate assistant, graduate fellow, or non-stipend scholar);
- Children up to age 26 (regardless of whether they qualify as the employee's tax dependent, are a full-time student, or are married) until they attain their first Penn State bachelor's or Integrated Undergraduate Graduate degree. *The discount applies to undergraduate credits and Integrated Undergraduate Graduate (IUG) programs only; the student cannot be enrolled in a master's level or higher-level program.*

An eligible child is defined as: a biological child, a step-child, or a legally adopted child, or a child for whom the employee is the legal guardian.

Dependents who are eligible for the educational privileges provided by University Policy [HR36](#) are not eligible for the tuition discount provisions of this policy.

Note: The tuition discount for spouses with a Graduate academic career (i.e. being enrolled in one or more graduate classes) are taxable.

WHERE COURSES ARE OFFERED:

Eligibility for a dependent tuition discount applies at all University locations, including World Campus and the Pennsylvania College of Technology, and is subject to the limitations below:

- a. Any dependent of an executive, administrator, academic administrator, academic, staff employee or retiree who has already been approved for the tuition discount and is beyond the age of 26 as of July 1, 2015, will remain on the tuition discount until they attain their first Penn State bachelor's degree, as long as they do not have two consecutive semesters of non-registration. After two consecutive semesters (excluding summer) of non-registered status, the tuition discount will be permanently discontinued.
- b. Any dependent of a technical-service employee who has already been approved for the tuition discount and is beyond the age of 26 as of January 1, 2018, will remain on the tuition discount until they attain their first Penn State bachelor's degree, as long as they do not have two consecutive semesters of non-registration. After two consecutive semesters (excluding summer) of non-registered status, the tuition discount will be permanently discontinued.
- c. A dependent who reaches the maximum age of 26 will continue receiving the tuition discount until they attain their first Penn State bachelor's degree, as long as the original approval for the tuition discount was prior to the dependent reaching age 26

and the dependent has not had two consecutive semesters of non-registration after reaching age 26. After two consecutive semesters (excluding summer) of non-registered status, the tuition discount will be permanently discontinued.

- d. If a dependent who meets the criteria outlined in “c” has a serious illness or accident, that prevents them from being enrolled for more than two consecutive semesters, upon re-enrollment to the University, the dependent will be eligible to continue to receive the tuition discount. The dependent will continue eligibility for the tuition discount until they attain their first Penn State bachelor's degree, as long as they do not have an additional two consecutive semesters of non-registration. After two consecutive semesters (excluding summer) of non-registered status, the tuition discount will be permanently discontinued.
- e. If the dependent is an active or honorably discharged member of the armed services, the dependent will be eligible for the tuition discount beyond the age of 26 with proof of military service. The tuition discount will apply until they attain their first Penn State bachelor's degree; after two consecutive semesters (excluding summer) of non-registered status, the tuition discount will be permanently discontinued, unless recall to active service prevents consecutive semesters of registration.
- f. When more than one parent is employed by the University, or holds Emeritus Status, the tuition discount for a dependent is available to only one parent.

OTHER LIMITATIONS:

The tuition discount applies to all resident instruction and continuing education credit courses for which regular tuition is charged, except for professional curriculum such as those offered at the College of Medicine at the Milton S. Hershey Medical Center, Dickinson Law, and Penn State Law. It does not apply at summer camps or workshops operated by the University unless university credit is given and regular tuition is charged.

DEPENDENT OF A DECEASED FACULTY OR STAFF MEMBER:

Eligible dependent children or a spouse of a full-time employee who becomes deceased as an active employee, are eligible for the tuition discount according to the years of service outlined below.

Eligible Dependent Children and Spouses:

- Employee with 0-5 years of full-time, continuous service = 2 semesters
- Employee with 5-10 years of full-time, continuous service = 4 semesters

- Employee with 10 years or more full-time, continuous service = 8 semesters
- Dependent must be enrolled within the number of years equal to the employee's years of service.
- All other dependent eligible rules apply.

To initiate the tuition discount application in this circumstance, please contact HR Services at 814-865-1473.

THE PENNSYLVANIA STATE UNIVERSITY RETIREMENT PLANS

Most employees participate in one of two retirement programs at Penn State University -- the State Employees' Retirement System (SERS) and the Teachers Insurance and Annuity Association-College Retirement and Equity Fund (TIAA). A small number of employees participate in the Public-School Employees' Retirement System (PSERS) and currently no employees participate in the Federal Civil Service Retirement System. Membership in the federal plan is required for any position funded entirely by federal funds.

As of November 2025, there are 20,994 employees participating in one of the three programs. A breakdown of participation is as follows:

SERS	6,800
TIAA	13,329
PSERS	865

The employee contribution rate for SERS is determined by the member's class and ranges from 5.00-9.30% of gross salary. Employee contribution rate to TIAA is 5.00% of gross salary. EFFECTIVE JULY 1, 2025, the University contributes 18.92-39.96% as the employer to SERS and 9.29% to TIAA.

These contribution rates for SERS for both the employee and the employer are determined by the Commonwealth. The contribution rates for TIAA are determined by the plan documents governing the plan.

Election of a retirement system is mandatory for all full-time employees. In addition, state law requires participation for part-time employees upon the completion of 750 hours of employment in a calendar year. The retirement systems are not integrated with the Federal social security benefits and the retirement benefit is in addition to the benefit provided by social security.

The SERS plan is available to employees of the University and agencies of the Commonwealth of Pennsylvania. SERS provides a fixed dollar annuity with benefits determined by length of service and average salary for the three highest years of earnings. SERS retirement benefit is calculated using a formula. The formula is either 2.0% or 2.5% times the number of years and months of retirement credit, times the average of the highest three years of earnings. There are a variety of retirement options available under the plan. All employees new to SERS are enrolled in a hybrid plan that provides both a defined benefit and a defined contribution plan. For the hybrid defined benefit plan, the formula to determine the benefit is 1.25.% times the number of years and months of retirement credit, times the average of the highest five calendar years of earnings. Retirement income from the defined contribution plan is determined by the amount of money contributed to the account by the employee and the University, and the performance of the investments selected by the employee.

In 1974, the Commonwealth enacted legislation that enabled Penn State to offer TIAA as an alternate retirement plan. TIAA and CREF are nonprofit insurance and annuity companies, whose membership is limited exclusively to employees of colleges and universities and to employees of any other not for profit institutions. TIAA is a legal reserve life insurance and annuity company and returns a fixed annuity. Its companion, CREF, was established to provide benefits based on variable investments, primarily in the equities and bond markets. Retirement income from membership in TIAA is determined by the amount of money contributed to the account by the employee and the University, the age at retirement, and the performance of the investments offered by TIAA. There are several retirement options available through TIAA at the time of retirement.

PURPOSE:

To define Penn State retiree status for full-time employees and the associated benefits. Employees represented by a union should reference their appropriate Collective Bargaining Agreement.

PENN STATE RETIREE DEFINITION:

A Penn State retiree is an employee who is no longer actively employed, and at the time of retirement was a full-time employee who met one of the following criteria when leaving University employment:

1. If most recent full-time employment began prior to January 2010:
 - a. Completed at least 15 years of continuous full-time service and are age 60 or older; OR
 - b. Completed at least 25 years of full-time service at any age.
2. If most recent full-time employment began on or after January 1, 2010:
 - a. Completed at least 25 years of continuous full-time service and are age 60 or older; OR
 - b. Completed at least 15 years of continuous full-time service and are age 65 or older.

Note: Time served in a Postdoctoral appointment will not be applied towards retirement qualifications or calculations.

MEDICAL ELIGIBILITY AND COVERAGE FOR RETIREES HIRED PRIOR TO JANUARY 2010:

Full-time employees hired prior to January 2010 may continue to be covered under the health plan benefits available to retired employees and their eligible dependents if, at retirement, they meet the Penn State Retiree Definition and the employee meets one of the following conditions:

1. Completed at least 15 years of continuous full-time service, are age 60 or older, and were enrolled in a University-sponsored medical plan for 15 continuous years immediately preceding retirement*; OR
2. Completed at least 25 years of full-time service at any age and were enrolled in a University-sponsored medical plan for 10 years immediately preceding retirement*.

**Enrolled either as the primary subscriber or via spouse's PSU medical plan.*

For more information on health plan benefits, please visit [Penn State Benefit's Guide to Retirement](#).

RETIREMENT HEALTHCARE SAVINGS PLAN (RHSP) FOR RETIREES WHOSE MOST RECENT FULL-TIME EMPLOYMENT BEGAN ON OR AFTER JANUARY 1, 2010:

Full-time employees hired on or after January 1, 2010 will be automatically enrolled in the [Retirement Healthcare Savings Plan \(RHSP\)](#).

The University will contribute a fixed monthly amount into this account which can be used to purchase health insurance and for other qualified medical expenses for eligible retirees and/or dependents.

Full-time employees whose most recent full-time employment began on or after January 1, 2010, are eligible to access the RHSP account when they are no longer actively employed and at the time of their retirement have met one of the following criteria:

1. Completed at least 25 years of continuous full-time service and are age 60 or older;
OR
2. Completed at least a minimum of 15 years of continuous full-time service and are age 65 or older.

For more information on the Retirement Healthcare Savings Plan (RHSP) benefits, please visit [Penn State Benefit's Guide to Retirement](#).

BENEFITS THAT TERMINATE AT RETIREMENT:

Coverage under Penn State group dental, vision, accidental death & dismemberment (AD&D), short-term disability, and life insurance plans terminate at retirement.

Retirees may elect to continue dental and/or vision plans for up to 18 months under COBRA provisions. Retirees will receive COBRA information from our COBRA processing partner, with instructions on enrollment and payment of premiums.

Accidental death & dismemberment (AD&D), long-term disability, and life insurance plans may be converted to individual policies within 31 days of retirement by contacting the appropriate benefits vendor.

DEPENDENT PROTECTION AFTER THE DEATH OF A RETIREE OR AN ACTIVE EMPLOYEE

Upon the death of an active employee who meets eligibility for retiree status outlined above as of the date of death, or upon the death of a current Penn State retiree, eligible surviving dependents may continue coverage consistent with the [Active Employee Summary Plan Document](#) or the [Retirement Summary Plan Document](#).

Upon the death of an active employee who does not meet eligibility for retiree status outlined above as of the date of death, eligible surviving dependents will be made an offer of COBRA coverage consistent with the [Active Employee Summary Plan Document](#).
