

## About the Pennsylvania Firefly Assessment

The Firefly Student Progress Indicators are online benchmark tests designed to show a student's learning needs and mastery of content at the time the test is administered. Firefly test results project how a student will perform on the PSSA or Keystone Exams. Schools can use them to measure student progress and guide instruction throughout the school year.

Name: DUANE ADAMS  
PA Student ID: 4983113398  
Birth Date: 12/17/03

Student Grade: 8  
Tested Date: 10/28/24

School: SAMPLE SCHOOL 1  
District: SAMPLE DISTRICT

## Mathematics Score

**631**

### Support Needed

Student needs support to gain the required skills for success on future state assessments.

### Near Target

Student is likely at (or near) the level of skill needed for success on future state assessments.

### Prepared

Student is likely prepared for success on future state assessments.

The student's Mathematics scale score is indicated by a: ○

If this student were to test again under similar circumstances, the student's score would likely range from 607 - 655

## Mathematics Performance By Reporting Category

## Mathematics Progress

## Projected PSSA Mathematics Performance

Projected student performance on the spring summative assessments will be reported beginning with the 2025-2026 Firefly administration. This field is intentionally blank for the 2024-2025 Firefly administration.

## Understanding your student's score

This report provides information about your student's recent performance on the Firefly assessment. It includes results from a single test session and will include progress within the year if your student has taken the assessment more than once. The Firefly scores have been used to predict a score range of how your student will perform on the PSSA or Keystone Exams. Additional information to help you interpret this report is available at [www.education.pa.gov](http://www.education.pa.gov).
