Fiscal Matters

Major Fundraising Activities

ISPA has no major fundraising activities planned.

Fiscal Solvency Policies

The 2020-2021 school year was Insight PA Cyber Charter School's fourth year of operation. As indicated in our previous year's Charter School Annual Report, the school was then in the process of broadening and revising our financial policies. Since then, all fiscal policies and procedures were reviewed by internal staff and our auditors. Previously approved policies were updated, if needed, new policies were added, and all then approved by the Board of Trustees. A copy of the updated Financial Policies and Procedures Manual has been uploaded for this annual report. Also attached is the most current copy of the the school's Uniform Grant Guidance Manual (UGG), related to federal funding. This manual was also approved by the Board of Trustees.

Accounting System

Insight PA Cyber Charter School uses the accrual method of accounting. The school utilized the Sage Intacct accounting application until February of 2020. In February 2020 the school switched to Netsuite that allows for alignment with the PDE's Chart of Accounts, along with being fully compliant with PA, GASB, and GAAP reporting requirements. The Netsuite secure, cloud-based financial management application includes accounting, cash management, purchasing, vendor management, financial consolidation, revenue recognition, contract management, project accounting, fund accounting, inventory management, and financial reporting functions.

Charter School Law Affirmation

Pennsylvania's first Charter School Law was Act 22 of 1997, 24 P.S. § 17-1701-A et seq., which primarily became effective June 19, 1997, and has subsequently been amended.

The Charter School Law provides for the powers, requirements, and establishment of charter schools. The Charter School Law was passed to provide opportunities to teachers, parents, pupils and community members to establish and maintain schools that operate independently from the existing school district structure as a method to accomplish all of the following: (1) improve pupil learning; (2) increase learning opportunities for all pupils; (3) encourage the use of different and innovative teaching methods; (4) create new professional opportunities for teachers; (5) provide parents and pupils with expanded choices in types of educational opportunities that are available within the public school system; and (6) hold charter schools accountable for meeting measurable academic standards and provide the school with a method to establish accountability systems.

The charter school assures that it will comply with the requirements of the Charter School Law and any provision of law from which the charter school has not been exempted, including Federal laws and regulations governing children with disabilities. The charter school also assures that it will comply with the policies, regulations and procedures of the Pennsylvania Department of Education (Department). Additional information about charter schools is available on the Pennsylvania Department's website at: <http://www.education.state.pa.us>.
