INDEPENDENT AUDITOR'S REPORT

January 14, 2022

To the Board of Trustees Insight PA Cyber Charter School Exton, Pennsylvania

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and the major fund of the Insight PA Cyber Charter School ("the School"), Exton, Pennsylvania, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the School's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation

To the Board of Trustees Insight PA Cyber Charter School

and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

<u>Opinion</u>

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of the Insight PA Cyber Charter School as of June 30, 2021, and the respective changes in its financial position and the respective budgetary comparison for the general fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited the Insight PA Cyber Charter School's 2020 financial statements, and we expressed unmodified opinions on the respective financial statements of the governmental activities and the major fund in our report dated December 18, 2020. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2020 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 9 and the schedule of the School's proportionate share of the net pension liability - PSERS, schedule of School pension contributions - PSERS, schedule of the School's proportionate share of the net OPEB liability - PSERS, and schedule of School OPEB contributions - PSERS on pages 35 through 38 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

To the Board of Trustees Insight PA Cyber Charter School

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the School's basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ("Uniform Guidance"), and is not a required part of the basic financial statements. The schedule of expenditures of federal awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated January 14, 2022, on our consideration of the School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the School's internal control over financial reporting and compliance.

Barbacane, Thomaton & Company LLP BARBACANE, THORNTON & COMPANY LLP

The Board of Trustees of the Insight PA Cyber Charter School ("the School") offers readers of the School's financial statements this narrative overview and analysis of the financial activities of the School for the fiscal year ended June 30, 2021. We encourage readers to consider the information presented here in conjunction with the School's financial statements.

Financial Highlights

The 2020-2021 school year was the fourth year of operations for the School. For the year ended June 30, 2021, the School's net position increased by \$16,862,745 from the prior year. Revenues totaling \$68,455,201 increased by \$37,702,110 from the prior year primarily due to increases in student enrollment leading to increases in tuition charges of \$33,854,584. Expenses for the same period totaled \$51,592,456 and increased by \$21,745,964 from the prior year primarily due to an increase in instructional services of \$15,743,069 and an increase in support services of \$5,647,792. The first year of operations for the School was 2018, and the size of the student body continued to grow significantly in 2021.

As of June 30, 2021, the general fund reported fund balance of \$25,219,506, which is an increase of \$18,766,276 from the prior year. The Insight PA Board of Trustees preliminarily committed the following funds for future school needs:

- \$1,561,996 committed for future facilities and furniture expenditures,
- \$175,000 committed for future employee tuition reimbursement and professional development expenditures,
- \$580,000 committed for future innovation-related expenditures (as outlined in charter agreement with PDE),
- \$300,000 committed for future technology expenditures,
- \$750,000 committed for COVID-related expenditures, and
- \$300,000 committed for future employee benefits expenditures.

This leaves a nonspendable general fund balance of \$733,657 and an unassigned general fund balance of \$20,818,853.

Overview of the Financial Statements

The discussion and analysis are intended to serve as an introduction to the School's basic financial statements. The School's basic financial statements as presented comprise three components: management's discussion and analysis (this section), the basic financial statements, and required supplementary information.

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the School's finances in a manner similar to a private-sector business.

The statement of net position presents information on all the School's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference between the components (assets and deferred outflows of resources less liabilities and deferred inflows of resources) reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the School is improving or deteriorating.

The statement of activities presents information showing how the School's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows.

The government-wide financial statements report on the functions of the School, which are principally supported by subsidies from school districts whose student-residents attend the School.

In the statement of net position and the statement of activities, the School is comprised of the following activities:

Governmental Activities – All of the School's basic services are reported here.

Fund Financial Statements

A fund is a group of related accounts that are used to maintain control over resources that have been segregated for specific activities or purposes. The School, like government-type entities, utilizes fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The School's three kinds of funds, governmental, proprietary, and fiduciary, use different accounting approaches. The School currently has no proprietary or fiduciary funds.

All the School's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. Such information is useful in assessing the School's financing requirements. In particular, fund balance may serve as a useful measure of a government's net resources available for spending for program purposes at the end of the fiscal year.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Required Supplementary Information

The schedules of changes in the net pension liability and net OPEB liability and of School contributions are presented for purposes of additional analysis.

Government-wide Financial Analysis

Management follows the Governmental Accounting Standards Board Codification of Accounting and *Financial Reporting Standards* ("GASB Codification"), which requires a comparative analysis of current and prior periods within management's discussion and analysis.

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the School, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$22,289,359 at June 30, 2021. The following table is a comparative analysis of fiscal year 2021 to 2020:

STATEMENTS OF NET POSITION

	Governmental Activities		
	2021	2020	
Current assets Capital assets Total Assets	\$ 31,234,744 264,976 31,499,720	\$ 11,519,887 329,509 11,849,395	
Deferred outflows of resources	3,645,877	5,177,876

Current liabilities Noncurrent liabilities Total Liabilities	\$ 5,952,935 6,682,000 12,634,935	\$ 4,989,435 6,309,000 11,298,435	
Deferred inflows of resources	221,303	302,222	
Net Position: Investment in capital assets Unrestricted Total Net Position	264,976 22,024,383 22,289,359	329,508 5,097,106 5,426,614	
Total Liabilities, Deferred Inflows of Resources and Net Position	\$ 35,145,597	\$ 17,027,271	

The statement of activities shows the cost of program services and the charges for services and grants offsetting those services. The School's revenues are predominately local school district funds based on student enrollment. For the year ended June 30, 2021, the School's total revenues of \$68,455,201 exceeded expenditures of \$51,592,456 by \$16,862,745.

STATEMENTS OF CHANGES IN NET POSITION

	Governmental Activities		
	2021	2020

Total Expenses	51,592,456	29,846,492	
Change in Net Position	\$ 16,862,745	\$ 906,599	

Governmental Funds

The focus of the School's governmental funds is to provide information on near-term inflows, outflows, and the balance of spendable resources. Such information is useful in assessing the School's financing requirements. In particular, fund balance may serve as a useful measure of a government's net resources available for spending program purposes at fiscal year-end.

The School's General Fund reported an ending fund balance of \$25,219,506, an increase of \$18,766,276 from the prior year. The Board of Trustees committed funds, as outlined on the first page of this analysis, and certain funds were held in nonspendable form, leaving an unassigned fund balance of \$20,818,853.

Budget Variations

The School's budget is prepared in accordance with Pennsylvania law and is based on the modified accrual basis of accounting. The School may amend its revenue and expenditure estimates periodically due to changing conditions. Actual revenues exceeded budgeted revenues due mainly to more revenue from school districts than anticipated.

Actual expenditures exceeded budgeted expenditures due mainly to additional salaries and benefits associated with teachers as well as increased supplies and support expenditures as a result of more students than anticipated.

Capital Asset and Debt Administration

Capital Assets

As of June 30, 2021, the School's investment in capital assets, net of accumulated depreciation totaled \$264,976. Capital assets include buildings, site improvements, books, and furniture and equipment. Additional information on the School's capital assets can be found in Note 4 of this report.

Long-term Debt

The School has no long-term debt as of June 30, 2021.

Economic Factors and Next Year's Budgets and Rates

The fiscal and operational stability of our Commonwealth's charter schools is directly linked to the State of Pennsylvania's Budget and shifting political realities. This issue manifests itself most clearly in the way that the state determines each charter school's per-pupil allotment, which is calculated by the student's school district of residence and Form PDE-363. Form PDE 363 uses a "state-determined" formula, which calculates per pupil allotments, based on school district expenditures minus a list of "permitted deductions." These deductions currently leave Pennsylvania's charter schools with an estimated average 75 percent of the funding available to our state's traditional public schools. Further manipulation of the mechanism through which the state funds charter schools could necessitate charter school program reductions, hinder program maintenance, and/or prohibit the program development required meet to the Commonwealth's increasingly high expectations for student learning.

Though the charter school concept is widely recognized as a viable and indeed necessary educational model, the issue concerning how charter schools are funded will likely remain politically controversial in the foreseeable future. In Pennsylvania, very well-funded special interest groups have lobbied persistently to progressively deplete funding of charter schools. Nevertheless, the demand for this educational choice continues to increase, and the quality of services provided by charter schools continues to improve. Fortunately, there are many passionate and deeply committed individuals in our movement actively reaching out to the General Assembly and Governor to communicate funding facts as well as charter school student accomplishments.

Future Events that will Financially Impact the School

The School is in growth mode and will continue to be for at least three to four more years, with projections demonstrating growth to approximately 5-6,000 students during that time. With enrollment growth comes increasing revenue, increasing expenses, and economies of scale that will allow the new revenue to out-pace the expenses.

The School converted from the Public School Employees' Retirement System ("PSERS") to a 403(b) plan for all new employees hired on or after July 1, 2018. This retirement benefit will continue to result in

savings for the School as the School increases the number of employees during the growth period referenced above, as all the new employees will participate in the 403(b).

The School was issued an initial charter by the Pennsylvania Department of Education ("PDE") for three years; it expires on June 30, 2021. The School submitted a Charter Renewal Application on September 30, 2020 to the PDE. It is important to note that the PDE has been "sitting on" cyber charter renewals. That is, they accept the renewal request, allow the school to continue to operate, but do not issue a formal charter renewal. This lacking process has been brought to the attention of Pennsylvania state legislators, the Governor, the Charter School Office of the PDE, and the state advocacy group for Pennsylvania charter schools (PCPCS).

Contracting the School's Financial Management

The financial report is designed to provide interested parties a general overview of the School's finances. Questions regarding any of the information provided in this report should be addressed to the CFO, Insight PA Cyber Charter School, 350 Eagleview Boulevard, Exton, PA 19341.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Insight PA Cyber Charter School ("the School") have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to local governmental units. The Governmental Accounting Standards Board ("GASB") is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant accounting policies of the School are described below.

Reporting Entity

The School is a charter school located in Exton, Pennsylvania. The School was established and operates under the provisions enacted by the General Assembly of the Commonwealth of Pennsylvania in 1997 and is operating under a charter agreement which expired on June 30, 2020. The expired charter remains in place throughout the renewal with the Commonwealth of Pennsylvania.

Entity-wide and Fund Financial Statements

The entity-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all activities of the School.

The statement of activities demonstrates the degree to which the direct expenses of a given program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific program. Program revenues include 1) charges for students who use or directly benefit from goods and services provided; and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Grants and other revenues not properly included among program revenues are reported as general revenues.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Entity-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Charges to the School are recognized as revenues in the year for which they are billed. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the School considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (cont'd)

Charges to the School, state appropriations, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when the School receives cash.

The School reports the following major governmental fund:

• **General Fund**. The general fund is the School's primary operating fund. It accounts for all financial resources of the School.

Receivables

All receivables are considered fully collectible by management. No allowance for bad debts is deemed necessary.

Prepaid Expenses/Expenditures

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both entity-wide and fund financial statements.

Capital Assets

Capital assets, including leasehold improvements and furniture and equipment, are reported in the statement of net position. Capital assets are defined by the School as assets with an initial, individual cost of more than \$2,000 and an estimated useful life in excess of one year. Such assets may be purchased or constructed and are recorded at cost or estimated historical cost. Estimated historical costs are based either on similar assets of the same era or on deflated current values. Donated capital assets are recorded at estimated fair value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized.

Capital assets of the School are depreciated using the straight-line method over the estimated useful lives of the related assets. Unless an asset's life has been adjusted based on actual experience, the School generally uses the following estimated useful lives:

Leasehold improvements	5 years
Furniture and equipment	3 - 7 years

Deferred Inflows and Outflows of Resources

In addition to assets, the statement of net position includes a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to future periods and so will not be

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (cont'd)

recognized as an outflow of resources (expense) until then. The School reports deferred pension and OPEB contributions resulting from pension and OPEB contributions to cost-sharing multiemployer plans subsequent to the measurement date of the net pension and OPEB liabilities and certain other items which represent differences related to changes in the net pension and OPEB liabilities which will be amortized over future periods. In addition to liabilities, the statement of net position includes a separate section for deferred inflows of resources. This separate financial statement element represents a source of net position that applies to future periods. Lease incentives are recognized as deferred inflows of resources until utilized to offset lease expenditures. Certain other items which represent differences related to changes in the net pension and net OPEB liabilities which will be amortized over future periods are also recognized as deferred inflows of resources.

Net Position

Net position represents the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Investment in capital assets consists of capital assets, net of accumulated depreciation. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation adopted by the School or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. Unrestricted net position consists of net position that does not meet the definition of "restricted" or "investment in capital assets."

Fund Balance

The School follows the provisions of the GASB Codification of Accounting and Financial Reporting Standards ("GASB Codification") relating to fund balance. The objective of this statement is to enhance the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied by clarifying the existing governmental fund type definitions. This statement establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of resources reported in the governmental fund.

Fund balances of the governmental funds are classified, if applicable, as follows:

Nonspendable – amounts that would be associated with inventory, prepaids, long-term receivables, property held for sale, and the corpus of a permanent fund. In essence, nonspendable is the fund balance term to indicate that the respective resources are not available to be spent in any way due to their very nature and/or their lack of availability.

Restricted – carries the same definition as set forth relative to net assets. This would include any fund balance that is restricted in its use by: a) external parties; b) constitutional provisions; or c) enabling legislation (e.g. debt service funds).

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (cont'd)

Committed – amounts for which the governing members of the Board of Trustees impose constraints on how funds may or may not be used. In such a case, the only way a constraint can be removed or changed is by the same type of action of the Board of Trustees.

Assigned – amounts intended to be used for specific purposes with the intent being expressed by the Board of Trustees or the Chief Financial Officer as authorized by the Board of Trustees.

Unassigned – all other spendable amounts.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balances are available, the School considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the School considers amounts to have been spent first out of committed funds, then assigned funds and, finally, unassigned funds, as needed, unless the Board of Trustees or Chief Financial Officer has provided otherwise in its commitment or assignment actions.

Budgets and Budgetary Accounting

Budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America. An annual budget is adopted for the general fund.

The budgetary comparison schedule should present both the original and the final appropriated budgets for the reporting period. The School has only a general fund budget; therefore, the original budget filed and accepted by the Pennsylvania Department of Education is the final budget as well. Appropriations lapse at the end of the fiscal year.

Income Tax Status

The School is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code and, therefore, has no provision for federal income taxes. The School qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization that is not a private foundation under Section 509(a)(1). The School did not engage in any unrelated business activities during the fiscal year.

Management believes it is more likely than not that its tax-exempt status and tax positions will be sustained if examined by authorities.

Use of Estimates in the Preparation of Financial Statements

The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u> (cont'd)

Comparative Data

Comparative totals for the prior year have been presented in the accompanying financial statements in order to provide an understanding of changes in the School's financial position and operations. However, presentation of prior year totals by fund and activity type have not been presented in each of the statements since their inclusion would make the statements unduly complex and difficult to read. Summarized comparative information should be read in conjunction with the School's financial statements for the year ended June 30, 2020, from which the summarized information was derived.

NOTE 2 CASH AND CASH EQUIVALENTS

Custodial credit risk is the risk that in the event of a bank failure, the School's deposits may not be returned. The School maintains accounts at an institution which is insured by the Federal Deposit Insurance Corporation ("FDIC") up to \$250,000. At June 30, 2021, the carrying amount of the School's deposits totaled \$22,331,686, and the bank balance was \$22,868,406. Of the bank balance, \$250,000 was covered by federal depository insurance, and \$22,618,406 was exposed to custodial credit risk because it was uninsured, and the collateral held by the depository's agent was not in the School's name. However, the exposed deposits were collateralized in accordance with Act 72 of the Commonwealth of Pennsylvania.

NOTE 3 DUE FROM OTHER GOVERNMENTS

Due from other governments at June 30, 2021 consisted of the following:

Due from school districts and Pennsylvania Department of Education \$ 8,169,401

NOTE 4 CAPITAL ASSETS

A summary of changes in capital assets is as follows:

	-	Balance ly 1, 2020	A	dditions	De	letions	Balance le 30, 2021
Leasehold improvements Furniture and equipment Accumulated depreciation	\$	8,557 411,876 (90,925)	\$	- - (64,532)	\$	- - -	\$ 8,557 411,876 (155,457)
Total Capital Assets, Net	\$	329,508	\$	(64,532)	\$	-	\$ 264,976

NOTES TO THE FINANCIAL STATEMENTS

NOTE 4 <u>CAPITAL ASSETS</u> (cont'd)

Depreciation expense was charged to functions of governmental activities as follows:

Instruction Support services	\$ 41,095 23,437
Total Depreciation Expense – Governmental Activities	\$ 64,532

NOTE 5 <u>DUE TO K-12, INC.</u>

In June 2014, the School entered into an agreement with K-12, Inc. to provide management services, online curriculum, instructional tools, materials, and other products through June 2021. Under this agreement, the School has purchased online curricula, instructional tools, materials, and other products totaling \$7,003,865 for the year ended June 30, 2021.

K-12, Inc. is not a division or any part of the School. The School is a body corporate authorized under Pennsylvania Charter School Law and is not a division or a part of K-12, Inc. The relationship between the parties was developed and entered into through arms-length negotiations and is based solely on the terms of this agreement and those of any other agreements that may exist from time to time between the parties.

The line item "accounts payable" shown on the statement of net position includes amounts payable and due to K-12, Inc. for curriculum materials. The amount due as of June 30, 2021 was \$1,718,460.

NOTE 6 OPERATING LEASES

The School leases office space in Exton, Pennsylvania, along with copier leases. The lease terms range from one to five years, and rental payments increase annually. Lease expense for the year ended June 30, 2021 was \$401,573.

The following is a schedule of minimum future rental payments under non-cancelable operating leasing arrangements having remaining terms in excess of one year as of June 30, 2021:

For the Year Ending June 30,

2022 2023 2024	\$ 410,493 418,897 71,412
	\$ 900,802

NOTES TO THE FINANCIAL STATEMENTS

NOTE 7 <u>PENSION PLAN</u>

Plan Description

The School contributes to the Public School Employees' Retirement System ("PSERS"), a governmental cost-sharing multiple-employer defined benefit pension plan that provides retirement benefits to public school employees of the Commonwealth of Pennsylvania. The members eligible to participate in the system include all full-time public school employees, part-time hourly public school employees who render at least 500 hours of service in the school year, and part-time per diem public school employees who render at least 80 days of service in the school year in any of the reporting entities in Pennsylvania. Benefit terms and contributions may be amended by passing bills in the Pennsylvania Senate and House of Representatives and sending them to the Governor for approval. PSERS issues a publicly available comprehensive annual financial report that includes the financial statements and required supplementary information for the plan. A copy of this report may be obtained by writing to the Public School Employees' Retirement System, P.O. Box 125, Harrisburg, Pennsylvania, 17108-0125, or by visiting the PSERS website at www.psers.state.pa.us.

Benefits Provided

PSERS provides retirement, disability, and death benefits. Members in Membership Class T-C and Membership Class T-D are eligible for monthly retirement benefits upon reaching (a) age 62 with at least one year of credited service, (b) age 60 with 30 or more years of credited service, or (c) 35 or more years of service regardless of age. Act 120 of 2010 ("Act 120") preserves the benefits of existing members and introduced benefit reductions for individuals who became new members on or after July 1, 2011. Act 120 created two new membership classes, Membership Class T-E ("Class T-E"), and Membership Class T-F ("Class T-F"). To qualify for normal retirement, Class T-E and Class T-F members must work until age 65 with a minimum of three years of service, or attain a total combination of age and service that is equal to or greater than 92, with a minimum of 35 years of service. Benefits are generally equal to two percent or two and one-half percent, depending upon the membership class, of the member's final average salary as defined in the Code, multiplied by the number of years of credited service. For members whose membership started prior to July 1, 2011, after completion of five years of service, a member's right to the defined benefits is vested, and early retirement may be elected. For Class T-E and Class T-F members, the right to benefits is vested after 10 years of service.

Participants are eligible for disability retirement benefits after completion of five years of credited service. Such benefits are generally equal to two percent or two and one-half percent, depending upon the membership class, of the member's final average salary as defined in the Code, multiplied by the number of years of credited service, but not less than one-third of such salary nor greater than the benefit the member would have had at normal retirement age. Members over normal retirement age may apply for disability benefits.

Death benefits are payable upon the death of an active member who has reached age 62 with at least one year of credited service (age 65 with at least three years of credited service for

NOTES TO THE FINANCIAL STATEMENTS

NOTE 7 <u>PENSION PLAN</u> (cont'd)

Class T-E and Class T-F members, or who has at least five years of credited service for Class T-E and Class T-F members). Such benefits are actuarially equivalent to the benefit that would have been effective if the member had retired on the day before death.

Member Contributions

Active members who joined the system prior to July 22, 1983 contributed at 5.25 percent (Membership Class T-C) or at 6.50 percent (Membership Class T-D) of the member's qualifying compensation.

Members who joined the system on or after July 22, 1983, and who were active or inactive as of July 1, 2001, contribute at 6.25 percent (Membership Class T-C) or at 7.50 percent (Membership Class T-D) of the member's qualifying compensation.

Members who joined the system after June 30, 2001 and before July 1, 2011 contribute at 7.50 percent (automatic Membership Class T-D). For all new hires and for members who elected Membership Class T-D, the higher contribution rates began with service rendered on or after January 1, 2002.

Members who joined the system after June 30, 2011 automatically contribute at the Class T-E rate of 7.50 percent (base rate) of the member's qualifying compensation. All new hires after June 30, 2011 who elect Class T-F membership contribute at 10.30 percent (base rate) of the member's qualifying compensation. Class T-E and T-F are affected by a "shared risk" provision in Act 120 that in future fiscal years could cause the Class T-E contribution rate to fluctuate between 7.50 percent and 9.50 percent, and Class T-F contribution rate to fluctuate between 10.30 percent and 12.30 percent.

Employer Contributions

The School's contractually required annual contribution is based on an actuarially determined amount that, when combined with the employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. For the year ended June 30, 2021, the rate of the employer contribution was 34.51 percent of covered payroll, of which 33.51 percent was allocated to pensions, 0.82 percent for healthcare contributions, and 0.18 percent for Act 5 defined contributions. The School's pension contribution to PSERS for the year ended June 30, 2021 was \$582,515.

Pension Liability and Expense, and Deferred Outflows and Inflows of Resources

At June 30, 2021, the School reported a liability of \$6,401,000 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by rolling forward the

NOTES TO THE FINANCIAL STATEMENTS

NOTE 7 PENSION PLAN (cont'd)

system's total pension liability as of June 30, 2019 to June 30, 2020. The School's proportion of the net pension liability was calculated utilizing the employer's one-year reported covered payroll as it relates to the total one-year reported covered payroll. At June 30, 2020, the School's proportion was 0.0130 percent, an increase of 0.0001 percent from June 30, 2019.

For the year ended June 30, 2021, the School recognized pension expense of \$2,383,158. At June 30, 2021, the School reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources	
Contributions subsequent to the measurement date	\$	582,515	\$	-
Difference between expected and actual experience		17,000		153,000
Net difference between projected and				
actual investment earnings		281,000		-
Change in proportion		2,413,000		-
Difference between projected and actual		134,835		-
contributions				
	\$	3,428,350	\$	153,000

An amount of \$582,515 is reported as deferred outflows of resources resulting from the School's contributions subsequent to the measurement date and will be recognized as a reduction of the net pension liability in the year ended June 30, 2022. The remaining deferred outflows of resources and deferred inflows of resources will be recognized as follows:

Year Ended June 30,	Amount
2022	\$ 1,530,683
2023	921,682
2024	156,469
2025	84,001
Total	\$ 2,692,835

Actuarial Assumptions

The total pension liability as of June 30, 2021 was determined by rolling forward the system's total pension liability as of the June 30, 2019 actuarial valuation to June 30, 2020 using the following actuarial assumptions, applied to all periods included in the measurement:

NOTES TO THE FINANCIAL STATEMENTS

NOTE 7 PENSION PLAN (cont'd)

- Actuarial cost method entry age normal, level percentage of pay
- Investment return 7.25 percent, including inflation of 2.75 percent
- Salary increases effective average of 5.00 percent, which reflects an allowance for inflation of 2.75 percent, and 2.25 percent for real wage growth and merit or seniority increases
- Mortality rates were based on the RP-2014 Mortality Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2015 Mortality Improvement Scale.

The long-term expected rate of return on pension plan investments was determined using the building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The pension plan's policy in regard to the allocation of invested plan assets is established and may be amended by the PSERS Board of Directors. Plan assets are managed with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the pension.

A schedule of plan investments by asset class, target allocations, and long-term expected real rate of return is as follows:

Asset Class	Target Allocation	Long-term Expected Real Rate of Return
Global public entity	15.0%	5.2%
Fixed income	36.0%	1.1%
Commodities	8.0%	1.8%
Absolute return	10.0%	2.5%
Risk parity	8.0%	3.3%
Infrastructure/MLPs	6.0%	5.7%
Real estate	10.0%	5.5%
Private equity	15.0%	7.2%
Cash	6.0%	(1.0%)
Financing (LIBOR)	(14.0%)	(0.7%)
	100.0%	

NOTES TO THE FINANCIAL STATEMENTS

NOTE 7 <u>PENSION PLAN</u> (cont'd)

The above was the PSERS Board's adopted asset allocation policy and best estimates of geometric real rates of return for each major asset class as of June 30, 2020.

Discount Rate

The discount used to measure the total pension liability was 7.25 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at contractually required rates which are actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

<u>Sensitivity of the School's Proportionate Share of the Net Pension Liability to Changes in the</u> <u>Discount Rate</u>

The following presents the net pension liability, calculated using the discount rate of 7.25 percent, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.25 percent) or one percentage point higher (8.25 percent) than the current rate.

	1%	Current	1%
	Decrease	Discount Rate	Increase
	6.25%	7.25%	8.25%
School's proportionate share of			
the net pension liability	\$ 7,919,000	\$ 6,401,000	\$ 5,115,000

Pension Plan Fiduciary Net Position

Detailed information about PSERS' fiduciary net position is available in PSERS' Comprehensive Annual Financial Report, which can be found on the system's website at www.psers.state.pa.us.

NOTE 8 403(b) RETIREMENT PLAN

The School maintains a savings incentive plan 403(b) for its employees. All employees are eligible. Participants may elect voluntary salary deferrals under the plan up to the maximum permitted by law. The School contributes seven percent of employee eligible compensation to the plan. The School made \$650,405 of contributions to the plan for the year ended June 30, 2021.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 9 OTHER POSTEMPLOYMENT BENEFITS PLAN

Health Insurance Premium Assistance Program

The School contributes to the Health Insurance Premium Assistance Program, which is a governmental cost sharing, multiple-employer other postemployment benefits plan ("OPEB") for all eligible retirees who qualify and elect to participate. Employer contribution rates for premium assistance are established to provide reserves in the health insurance account that are sufficient for the payment of premium assistance benefits for each succeeding year. Effective January 1, 2002, under the provisions of Act 9 of 2001, participating eligible retirees are entitled to receive premium assistance payments equal to the lesser of \$100 per month or their out-of-pocket monthly health insurance premium. Benefit terms and contributions may be amended by passing bills in the Pennsylvania Senate and House of Representatives and sending them to the Governor for approval. To receive premium assistance, eligible retirees must obtain their health insurance through either their school employer or the PSERS' Health Options Program. As of June 30, 2020, there were no assumed future benefit increases to participating eligible retirees.

Premium Assistance Eligibility Criteria

Retirees of the system can participate in the premium assistance program if they satisfy the following criteria:

- Have $24\frac{1}{2}$ or more years of service, or
- Are a disability retiree, or
- Have 15 or more years of service and retired after reaching superannuation age, and
- Participate in the HOP or employer-sponsored health insurance program.

Pension Plan Description

PSERS is a government cost-sharing multiple-employer defined benefit pension plan that provides retirement benefits to public school employees of the Commonwealth of Pennsylvania. The members eligible to participate in the system include all full-time public school employees, parttime hourly public school employees who render at least 500 hours of service in the school year, and part-time per diem public school employees who render at least 80 days of service in the school year in any of the reporting entities in Pennsylvania. PSERS issues a publicly available financial report that can be obtained at www.psers.pa.gov.

Benefits Provided

Participating eligible retirees are entitled to receive premium assistance payments equal to the lesser of \$100 per month or their out-of-pocket monthly health insurance premium. To receive premium assistance, eligible retirees must obtain their health insurance through either their school employer or the PSERS' Health Options Program. As of June 30, 2020, there were no assumed future benefit increases to participating eligible retirees.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 9 OTHER POSTEMPLOYMENT BENEFITS PLAN (cont'd)

Employer Contributions

The School's contractually required annual contribution is based on an actuarially determined amount that, when combined with the employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. For the year ended June 30, 2021, the rate of the employer contribution was 34.51 percent of covered payroll, which was comprised of 33.51 percent for pension contributions, 0.82 percent for healthcare contributions, and 0.18 percent for Act 5 defined contributions. Contributions to the OPEB plan from the School were \$14,346 for the year ended June 30, 2021.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2021, the School reported a liability of \$281,000 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2020, and the total OPEB liability used to calculate the net OPEB liability was determined by rolling forward the system's total OPEB liability as of June 30, 2019 to June 30, 2020. The School's proportion of the net OPEB liability was calculated utilizing the employer's one-year reported covered payroll as it relates to the total one-year reported covered payroll. At June 30, 2020, the School's proportion was 0.0130 percent, an increase of 0.0001 percent from June 30, 2019.

Contributions

For the year ended June 30, 2021, the School recognized OPEB expense of \$56,745. At June 30, 2021, the School reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	O	Deferred utflows of esources	Infl	ferred ows of ources
Contributions subsequent to the measurement date	\$	14,346	\$	-
Difference between projected and actual contributions		8,181		
Difference between expected and actual experience		4,000		-
Changes of assumptions		11,000		6,000
Changes in proportion		180,000		-
	\$	217,527	\$	6,000

NOTES TO THE FINANCIAL STATEMENTS

NOTE 9 OTHER POSTEMPLOYMENT BENEFITS PLAN (cont'd)

Change in assumption: The discount rate used to measure the total OPEB liability decreased from 2.79 percent as of June 30, 2019 to 2.66 percent as of June 30, 2020.

An amount of \$14,346 is reported as deferred outflows of resources related to OPEB resulting from School contributions subsequent to the measurement date and will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2022. The remaining deferred outflows of resources and deferred inflows of resources will be recognized as follows:

Year Ended June 30,	Amount
2022	\$ 41,812
2023	41,812
2024	41,812
2025	42,490
2026	25,322
Thereafter	3,933
Total	\$ 197,181

Actuarial Assumptions

The total OPEB liability as of June 30, 2020 was determined by rolling forward the system's total OPEB liability as of June 30, 2019 to June 30, 2020 using the following actuarial assumptions, applied to all periods included in the measurement:

- Actuarial cost method entry age normal, level percent of pay
- Investment return 2.66 percent, S&P 20 Year Municipal Bond Rate
- Salary growth effective average of 5.00 percent comprised of inflation of 2.75 percent and 2.25 percent for real wage growth and for merit or seniority increases
- Premium assistance reimbursement capped at \$1,200 per year
- Assumed healthcare cost trends applied to retirees with less than \$1,200 in premium assistance per year
- Mortality rates based on the RP-2014 Mortality Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2015 Mortality Improvement Scale
- Participation rate:
 - Eligible retirees will elect to participate pre-age 65 at 50 percent
 - Eligible retirees will elect to participate post-age 65 at 70 percent

NOTES TO THE FINANCIAL STATEMENTS

NOTE 9 OTHER POSTEMPLOYMENT BENEFITS PLAN (cont'd)

The following assumptions were used to determine the contribution rate:

- The results of the actuarial valuation as of June 30, 2018 determined the employer contribution rate for fiscal year 2020.
- Cost method amount necessary to assure solvency of premium assistance through the third fiscal year after the valuation date
- Asset valuation method market value
- Participation rate: 63 percent of eligible retirees are assumed to elect premium assistance.
- Mortality rates were based on the RP-2014 Mortality Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2015 Mortality Improvement Scale.

Investments consist primarily of short-term assets designed to protect the principal of the plan assets. The expected rate of return on OPEB plan investments was determined using the OPEB asset allocation policy and best estimates of geometric real rates of return for each asset class.

The OPEB plan's policy in regard to the allocation of invested plan assets is established and may be amended by the Board. Under the program, as defined in the retirement code, employer contribution rates for premium assistance are established to provide reserves in the health insurance account that are sufficient for the payment of premium assistance benefits for each succeeding year.

Asset Class	Target Allocation	Long-term Expected Real Rate of Return
Cash	50.3%	(1.0%)
U.S. core fixed income	46.5%	(0.1%)
Non-U.S. developed fixed income	3.2%	(0.1%)
	100.0%	

The above was the Board's adopted asset allocation policy and best estimates of geometric real rates of return for each major asset class as of June 30, 2020.

Discount Rate

The discount rate used to measure the total OPEB liability was 2.66 percent. Under the plan's funding policy, contributions are structured for short-term funding of premium assistance. The funding policy sets contribution rates necessary to assure solvency of premium assistance

NOTES TO THE FINANCIAL STATEMENTS

NOTE 9 OTHER POSTEMPLOYMENT BENEFITS PLAN (cont'd)

through the third fiscal year after the actuarial valuation date. The premium assistance account is funded to establish reserves that are sufficient for the payment of premium assistance benefits for each succeeding year. Due to the short-term funding policy, the OPEB plan's fiduciary net position was not projected to be sufficient to meet projected future benefit payments; therefore, the plan is considered a "pay-as-you-go" plan. A discount rate of 2.66 percent, which represents the S&P 20-year Municipal Bond Rate at June 30, 2020, was applied to all projected benefit payments to measure the total OPEB liability.

Sensitivity of the System's Net OPEB Liability to Change in Healthcare Cost Trend Rates

Healthcare cost trends were applied to retirees receiving less than \$1,200 in annual premium assistance. As of June 30, 2020, retirees premium assistance benefits are not subject to future healthcare cost increases. The annual premium assistance reimbursement for qualifying retirees is capped at a maximum of \$1,200. As of June 30, 2020, 93,693 retirees were receiving the maximum amount allowed of \$1,200 per year. As of June 30, 2020, 688 members were receiving less than the \$1,200 per year cap, is a small percentage of the total population, and has a minimal impact on the healthcare cost trends as depicted below.

The following presents the system's net OPEB liability for June 30, 2020, calculated using current healthcare cost trends, as well as what the system's net OPEB liability would be if its healthcare cost trends were one percentage point lower or one percentage point higher than the current rate:

	1%	Current	1%
	Decrease	Trend Rate	Increase
School's proportionate share of the net OPEB liability	\$ 281,000	\$ 281,000	\$ 281,000

<u>Sensitivity of the School's Proportionate Share of the Net OPEB Liability to Changes in the Discount</u> <u>Rate</u>

The following presents the net OPEB liability, calculated using the discount rate of 2.66 percent, as well as what the net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (1.66 percent) or one percentage point higher (3.66 percent) than the current rate:

	1%	Current	1%
	Decrease	Discount Rate	Increase
	1.66%	2.66%	3.66%
School's proportionate share of			
the net OPEB liability	\$ 320,000	\$ 281,000	\$ 248,000

NOTES TO THE FINANCIAL STATEMENTS

NOTE 9 OTHER POSTEMPLOYMENT BENEFITS PLAN (cont'd)

OPEB Plan Fiduciary Net Position

Detailed information about PSERS' fiduciary net position is available in PSERS Comprehensive Annual Financial Report, which can be found on the system's website at www.psers.pa.gov.

NOTE 10 COMMITMENTS AND CONTINGENCIES

The School is subject to various claims, legal proceedings, and investigations covering a wide range of matters that arise in the normal course of business. In the opinion of management, all such matters are adequately covered by insurance, and if not so covered are without merit or are of such kind, or involve such amounts, as would not have a significant effect on the financial position or results of activities of the School if disposed of unfavorably.

<u>Grants</u>

The School receives financial assistance from federal and state agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audits by the grantors or their representatives. Any disallowed claims resulting from such audits could become a liability of the School. Management believes such disallowance, if any, would be immaterial.

NOTE 11 EXCESS OF EXPENDITURES OVER APPROPRIATIONS

General fund functions incurred expenditures in excess of appropriations in the following amounts for the year ended June 30, 2021:

Instruction – regular programs	\$ 5,867,787
Instruction – special programs	\$ 1,799,872
Instruction – other programs	\$ 265,785
Support services – pupil personnel services	\$ 285,365
Support services – instructional staff services	\$ 1,080,345
Support services – administrative services	\$ 826,408
Support services – pupil health	\$ 113,881
Support services – central services	\$ 1,369,941
Community services	\$ 5,187

The excess of expenditures over appropriations was financed by revenues exceeding budget.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 12 UNCERTAINTY - COVID-19 PANDEMIC

As a result of the spread of the COVID-19 coronavirus which is ongoing at June 30, 2021, economic and operational uncertainties have arisen which may impact the School in fiscal year 2022. There exist uncertainties surrounding the School's operations in the 2021-2022 school year. The uncertainties will have a direct impact on individual revenue and expense items. The extent of the potential impact is unknown as the COVID-19 pandemic continues to develop.

NOTE 13 FUND BALANCES

As of June 30, 2021, fund balances are composed of the following:

	General Fund
Nonspendable:	
Prepaid expenditures	\$ 733,657
Committed:	
Future facilities and furniture expenditures	1,561,996
Future employee tuition reimbursement and	
professional development expenditures	175,000
Future innovation-related expenditures	580,000
Future technology expenditures	300,000
COVID-related expenditures	750,000
Future employee benefit	300,000
Unassigned	20,818,853
Total Fund Balances	\$ 25,219,506

NOTE 14 SUBSEQUENT EVENTS

The School has evaluated all subsequent events through January 14, 2022, the date the financial statements were available to be issued.

SINGLE AUDIT

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

January 14, 2022

To the Board of Trustees Insight PA Cyber Charter School Exton, Pennsylvania

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities and the major fund of the Insight PA Cyber Charter School ("the School"), Exton, Pennsylvania, as of and for the year ended June 30, 2021 and the related notes to the financial statements, which collectively comprise the School's basic financial statements, and have issued our report thereon dated January 14, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting ("internal control") to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the School's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the School's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

To the Board of Trustees Insight PA Cyber Charter School

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of This Report

This purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the School's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Barbacane, Thornton & Company LLP BARBACANE, THORNTON & COMPANY LLP

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

January 14, 2022

To the Board of Trustees Insight PA Cyber Charter School Exton, Pennsylvania

Report on Compliance for Each Major Federal Program

We have audited the Insight PA Cyber Charter School's ("the School") compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on the School's major federal programs for the year ended June 30, 2021. The School's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and recommendations.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, contracts, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for the School's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the School's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. To the Board of Trustees Insight PA Cyber Charter School

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the School's compliance.

Opinion on Each Major Federal Program

In our opinion, the School complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal programs for the year ended June 30, 2021.

Report on Internal Control Over Compliance

Management of the School is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the School's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the School's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

NOTE A <u>SCOPE OF SCHEDULE</u>

The schedule of expenditures of federal awards reflects federal expenditures for all individual grants which were active during the fiscal year.

NOTE B BASIS OF ACCOUNTING

The School uses the modified accrual method of recording transactions. Revenues are recorded when measurable and available. Expenditures are recorded when incurred.

NOTE C INDIRECT COST RATE

The School has not elected to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.
