Overall Summary

- Even though students were encouraged to be on camera since the beginning of the year, due to technical challenges, we were not able to consistently track data until February.
- The "NOT SEEN" includes students who were absent as well. Therefore, if you account for this, we were closer to 95% seen most weeks.
- Some students were on a week and then off a week, so the overall number of students seen during a three-week window would be slightly higher.
- State Testing and Memorial Day Week saw a drop in the overall number of students who were visible according to our wellness policy.

DEPARTMENT OF EDUCATION

In Re: Agora Cyber Charter School	:	
Cyber Charter School Renewal	:	**2010**
Application	:	

Background

Amendments to the Charter School Law ("CSL"), 24 P.S. §§17-1701-A – 17-1751-A, that became effective July 1, 2002, include new Subchapter (c), which sets forth new provisions for the establishment and oversight of cyber charter schools. *See,* Act of June 29, 2002, No. 88, §14, adding 24 P.S. §§17-1741-A to 17-1751-A ("Act 88"). Pursuant to Act 88, the Department of Education (the "Department") has the authority and responsibility to renew or not renew the charter of a cyber charter school. 24 P.S. §1741-A (a)(2). The Department shall revoke or deny renewal of a charter under the provisions of section 1729-A. 24 P.S. §17-1741-A(a)(3). If the Department sends a notice of non-renewal to the cyber charter school, it must hold a public hearing concerning the non-renewal. 24 P.S. §17-1729-A(c).

Agora Cyber Charter School ("Agora") submitted a renewal application to continue operating as a cyber charter school. **Based on its review of Agora's renewal application, the Department is renewing Agora's charter. However, the Department found certain areas of Agora's operations that must be corrected, and therefore, the Department is requiring that corrections be made regarding these areas of concern by March 31, 2011 or the Department will begin revocation proceedings.** Those areas of concern include:

1. Curriculum alignment with state standards.
2. Aligning benchmark assessments with PSSA content and ensuring 100% student participation in the formative and benchmark assessments.

a. Increase participation in the Agora Day Out Program or participation in a similar tutoring/remediation program.

b. Increase student performance on the PSSA and ultimately make AYP.

3. Consistent monitoring of teacher professional development and more stringently abide by Agora's Teacher Professional Development and Induction Plan.

4. More transparent invoicing through the Education Management Organization.

1. ***Agora must align the entire curriculum to PA Chapter 4 standards***. Agora met with the Department's Bureau of Teaching and Learning to respond to questions about Agora's curriculum. As a result of that meeting and the review of Agora's renewal application, the Department is requiring that Agora develop a formal standards-aligned K-12 curriculum for all academic areas.

Due to the scope of this work and the detail it requires, the Department will allow Agora until March 31, 2011 to complete the curriculum. The Department is, however, requiring that Agora focus their efforts of alignment on Mathematics and Language Arts so that this curriculum is aligned by August 31, 2010. Agora will work with the Chester County Intermediate Unit to assist with this alignment, but Agora is ultimately responsible for the alignment and providing proof of such alignment from Chester County IU to the Department by the timeline set forth below.

Agora must continue to submit the required curriculum work to the Department's Charter School Office through **March 31, 2011**. Ongoing submission of new curricula material by Agora will also allow the Department to assess Agora's progress and allow for technical assistance as necessary.

The timeline by which the Department will hold Agora responsible is as follows:

Complete standard alignment, revision and development of curriculum in the following disciplines K-12 by August 31, 2010:

2. ***Currently Agora is using a formative assessment that is not aligned with state standards and therefore not assisting to increase student performance on the Pennsylvania Statewide Student Assessment ("PSSA"). Additionally, only 5% of the students participate in the schools remediation program ("Agora Days Out").*** While Agora currently uses the Scantron

Performance and Achievement Series Test ("Scantron Assessment") to monitor the academic growth of individual students, this test poses two significant problems: (1) the test is not aligned to state standards and (2) only 90% of Agora's student population participates.

Agora has indicated that an alignment study was completed by Scranton; however, that study was not included in the application for review. Agora places a great deal of emphasis on the positive correlation between its use of Scantron Assessment gains from fall to spring each school year (compared to PSSA results). However, this increase in achievement on the Scantron Assessment has **not** led to increases on the PSSA for either Reading or Mathematics, which would indicate that the formative assessment is **not aligned** to the state standards. Since Agora relies so heavily on the Scantron Assessment to project student achievement on the PSSAs, it is unfortunate that the gains Agora is seeing on the Scantron Assessment tests are not also being demonstrated as increased student achievement on the PSSA.

What further incites the Department's concern with the results seen in the Scranton Assessment is that Agora is unable to rely on the PA Value-Added Assessment System ("PVASS") because nearly half of the students were new to Agora in 2009. For these students, a lack of prior years' data makes it impossible to show growth in student achievement from one year to the next.

In summary, it was determined that there was no correlation between the Scantron Assessment results and actual achievement on the PSSA using PVAAS as a resource. Agora should begin using 4Sight as a benchmark assessment. The use of this assessment will solve two of Agora's problems. One, this will provide an aligned assessment that will serve as a better predictor of students achievement on the PSSA. Two, this will provide an opportunity for more

frequent assessment so that students transferring into the school in the middle of the year can be regularly and appropriately assessed.

These more frequent assessments will provide a better idea of academic needs and should be used to develop Response to Intervention ("RTI") programs that are more suitable for students enrolled at Agora.

Currently Agora provides for a tutoring program, Agora Days Out ("ADO") Program, but has only a 5% participation rate. As the only remediation program offered by Agora, this is not sufficient to meet the needs of the students and is being offered in a way that is counter to the essence and intent of the Charter School Law ("CSL). Directives of the Department that fulfill the essence and intent of the CSL state that because Cyber Charter Schools are statewide schools all students across the state must be offered the same services. Therefore, the Department is requiring that the ADO program be evaluated by Agora and a report be filed by **August 31, 2010** detailing how this program will be available to all Agora students around the state.

Agora is currently in Corrective Action I, consistently missing the Black/African American subgroup in Math. Of the targets Agora has met, all have been met using methods other than Annual Measurable Objectives ("AMOs"). Instead it has been necessary to use safe harbor, confidence intervals, and growth models.

Agora's AYP status is of serious concern to the Department. Of equal concern is that in Agora's renewal application there is no clearly defined plan for addressing remediation.

In order to continue operation, Agora must:

1. Provide a satisfactory alignment study for the Scranton Performance and Achievement Series Test to the Department's Charter School Office or they must begin using a

different assessment that has been aligned with the PA state standards and notify the Department to that affect by August 31, 2010.

2. Provide a plan to the Department's Charter School Office by August 31, 2010, that clearly states what Agora will do to address the remediation and provide additional academic resources necessary for struggling students.

3. Agora must monitor Teacher Professional development and certification and must abide by their self-developed Teacher Professional Education and Induction Plan. Agora's Professional Education Plan was approved by the Department on February 5, 2010 and its Teacher Induction Plan was approved by the Department on October 10, 2007. However, in reviewing the renewal application, there are several concerns.

There is no documentation in the application to indicate that PDE 426A forms (Attachment A to Semi-Annual Employee Evaluation for Instructional I Teachers) are being completed to document semi-annual observations of Level I certified teachers. The renewal application included only one "professional growth plan" designed by the school. Agora must submit to the Department by August 31, 2010, all PDE 426A forms for Level I instructors.

The Department did see several completed PDE 338P forms, which are applications for Level II certificates. In these cases, forms were signed off appropriately and indicated that teachers completed the induction program as required for Level II certification.

While there is **evidence of ongoing professional education program activity consistent with the PDE-Approved Professional Education Plan** (aka Professional Education Report), Agora is encouraged to upload Act 48 rosters documenting professional development activities that are consistent with and timely offered in accordance with its approved Professional

Education Plan. The application contained copies of Act 48 upload rosters for two different sets of professional development activities, one covering 41 educators, and another covering 76 educators. Staff found that Act 48 activity rosters were uploaded for two activities specified in the plan, although the uploading occurred well beyond the timeframe indicated in the plan for those professional development activities to take place. Staff was unable to find any other rosters which indicated timely delivery of the professional development activities indicated in Agora's Professional Education Plan.

4. ***Agora must provide more transparency in their agreement with an Education Management Organization (EMO).*** Specifically, in the event that Agora and its management company or EMO do not use a preferred fee-for-services contract to arrange compensation payments to the EMO for the management services rendered under the contract, the EMO is obligated to disclose relevant details of the services rendered pursuant to the agreement. The periodic billings for services provided under contract must include:

- A specific list of services provided during the billing period.
- The specific identity of individuals performing the services.
- The dates and times that the services were performed.
- The applicable hourly rate of compensation.
- The total compensation billed for each individual's services rendered.
- If certain costs of management services relate to a sophisticated management system comprised of hardware and software, which was used during the billing period,

documentation of Agora's usage of the management system should be available to substantiate any associated itemized costs.

- If certain costs of management services relate to the purchase of goods, materials, and incidental costs such as travel reimbursement, these items should also be listed with their costs and reason for incurring the costs.

- If certain costs of management services relate to the costs of services rendered by subcontractors of the EMO, the subcontractor (like the EMO) is obligated to disclose relevant details of the services rendered pursuant to its agreement with the EMO and clearly describe the purpose of the costs and the benefits to Agora.

Additionally, PDE requires that an audit clause be added to the agreement between Agora and the EMO. The Department requires that Agora include the following audit clause in its agreement with its management company or EMO and include the audit clause in any future agreement with a management company or EMO.

> The Commonwealth reserves the right for State and Federal agencies or their authorized representatives to perform financial and performance audits, if deemed necessary. If it is decided that an audit of this Contract will be performed, the Contractor will be given advance notice. The Contractor shall maintain a reasonable accounting system and related books, records and documents which support that services provided and fees earned are in accordance with the Contract and that the Contractor has complied with Contract terms and conditions. The Contractor agrees to make available, upon reasonable notice, at the office of the Contractor, during normal business hours, for the term of this Contract and the retention period set forth in this clause, any of the books, records and documents for inspection, audit, or reproduction by any State or Federal agency or its authorized representative.
>
> The Contractor shall preserve all books, records and documents related to this Contract for a period of time which is the greater of five years from the Contract expiration date, or until all questioned costs or activities have been resolved to the satisfaction of the Commonwealth, or as required by applicable federal laws and regulations, which ever is longer. If this Contract is completely or partially terminated, the records relating to the work terminated shall be

preserved and made available for a period of five (5) years from the date of any resulting final settlement.

Records, which relate to litigation or the settlement of claims arising out of performance or expenditures under this Contract to which exception has been taken by the auditors, shall be retained by the Contractor or provided to the Commonwealth at the Department's option until such litigation, claim, or exceptions have reached final disposition.

Except for documentary evidence delivered pursuant to litigation or the settlement of claims arising out of the performance of this Contract, the Contractor may, in fulfillment of his obligation to retain records required by this clause, substitute photographs, microphotographs, or other authentic reproductions of such records, after the expiration of two (2) years following the last day of the month of reimbursement to the Contractor of the invoice or voucher to which such records relate, unless a shorter period is authorized by the Commonwealth.

Therefore, based on the above, the charter renewal application for the Agora Cyber Charter School is renewed for a period of five years. However, the Agora Cyber Charter School must make the corrections identified by the Department in this decision and provide written confirmation of the corrections to the PDE Charter School Office by the timelines set forth in the decision above, or the Department will begin revocation proceedings.

Program Review Date: 04/23/2021

Title IA: Fiscal

Component I: General Fiscal Requirements/Uniform Grants Guidance

Fiscal monitoring is different than program monitoring: Fiscal monitoring will include a review of a subgrantee's financial operations, which may include a review of internal controls for program funds in accordance with state and federal requirements, an examination of principles, laws and regulations, and a determination of whether costs are reasonable and necessary to achieve program objectives. This activity involves an assessment of financial statements, records, and procedures. It is similar to an audit but has a lesser degree of detail and depth and, usually, a higher degree of frequency.

Fiscal monitoring includes, but is not limited to:

- Reviewing a random sample (usually 3-5 per program) of invoices or bills for expenditures charged to the program to determine if appropriate units of measure are reported and that costs (units x rate) are correct and that costs align with grant objectives and were approved in the application for funds.
- Comparing budgets or budget limits to actual costs to determine if the LEAs expenditures are likely to be more or less than budgeted
- Obtaining documentation that services billed or items purchased were actually delivered according to the contract
- Comparing invoices with supporting documentation to determine that costs were allowable, necessary, and allocable.

An expenditure is allowable if it is an approved use of funds under the statute or regulations governing a program and meet the intent of the program.

An expenditure is necessary if it is part of an approved application for funding.

An expenditure is allocable to the extent that the expenditure is used to meet the intent of the grant program (costs are pro-rated across grants if used to meet several grant program objectives).

Community Eligibility Provision (CEP) 7 CFR 245.9(f)97) (iii)

The Healthy, Hunger-Free Kids Act of 2010 (Public Law 111-296) offers LEAs an alternative to collecting household applications in the National School Lunch and National School Breakfast Programs, which eliminates unnecessary paperwork previously required by the Richard B. Russell National School Lunch Act. The CEP is a reimbursement option for eligible LEAs and schools that wish to offer free meals to all children in high-poverty schools.

DEPARTMENT OF EDUCATION

April 12, 2019

Dr. Michael Conti
Chief Executive Officer
Agora Cyber CS
1018 West 8th Street
King of Prussia, Pa 19406

Dear Dr. Conti:

Enclosed is the Report of Findings presenting results of the cyclical monitoring which was conducted by the Bureau of Special Education (BSE) in the Agora Cyber CS the week of January 14, 2019.

The Executive Summary is arranged in two parts and includes an Appendix. PART I presents the Summary of Findings including an explanation of the review process and general findings. PART II describes the corrective action process. A description identifying findings of noncompliance, corrective action required, improvement planning needed, and results of interviews of staff and parents can be found in the Appendix. The charter school must complete corrective action within the calendar days as outlined in the Charter School Corrective Action Verification/Compliance and Improvement Plan developed with the BSE Adviser. Follow-up onsite reviews verifying the charter school's completion of corrective action will be conducted by the BSE. The BSE Adviser will contact the charter school to schedule the initial visit within 60 days of issuance of the monitoring report.

34 CFR 300.600 mandates the BSE to carry out monitoring activities and implementation of any necessary corrective action. Legal compliance is the basis on which high quality programs are built. It is policy of the Department of Education to promote and ensure compliance with special education statutes and regulations through an array of activities such as a coordinated program of plan review, compliance monitoring, technical assistance, and funding decisions. However, if the Department does not succeed in obtaining prompt compliance through activities such as monitoring, then more rigorous steps can be taken to make sure compliance is resolved. These include:

- Disapproval or rescinded approval of the local special education plan
- Deferment of the disbursement of state or federal funds pending resolution of the issue
- Reduction of the amount of funds (for example, by the amount of money it takes to provide an appropriate education to a particular child or children) if a charter school is unwilling to provide appropriate services

None of these steps are desirable and none should be necessary if each charter school is familiar with and attentive to the rules governing special education.

If you have any questions about this report, contact Dr. Beth Marvin, the Chairperson of the compliance monitoring team.

Please convey my thanks to all staff who participated in the review. Their time and assistance is appreciated.

Sincerely,

Patricia Hozella

Patricia Hozella
Interim Director

PART I
SUMMARY OF FINDINGS

A. Review Process

Prior to the Bureau's monitoring the week of January 14, 2019, the Agora Cyber CS was formally notified of the dates the onsite review would be conducted. Notice and invitation to comment was also provided to the Local Task Force on Right-to-Education. The charter school was informed of its responsibility to compile various reports, written policies, and procedures to document compliance with requirements.

While onsite, the monitoring team employed a variety of techniques to gain an in depth understanding of the charter school's program operations. This included:

- Interviews of charter school administrative and instructional personnel
- Review of policies, notices, plans, outcome and performance data, special education forms and formats, and data reports used and compiled by the charter school (Facilitated Self-Assessment)
- Comprehensive case studies (including classroom observations, student file reviews, and interviews of parents and general and special education teachers).

B. General Findings

In reaching compliance determinations, the Bureau of Special Education (BSE) monitoring teams apply criteria contained in federal and state special education regulations. Specifically, these are:

- Individuals with Disabilities Education Improvement Act of 2004
- 22 Pa. Code Chapter 711
- 34 CFR Part 300

This report focuses on compliance with regulatory requirements and also contains descriptive information (such as interview and survey results) intended to provide feedback to assist in program planning.

C. Overall Findings

1. FACILITATED SELF ASSESSMENT (FSA)

The team reviewed the FSA submitted by the charter school and conducted onsite verification activities of the information submitted in the FSA. The onsite verification activities included review of policies, notices, procedures, and file reviews.

2. **FILE REVIEW** (Student case studies)

The education records of randomly selected students participating in special education programs were studied to determine whether the charter school complied with essential requirements.

The status of compliance of the Agora Cyber CS is as follows:

Sections of the FILE REVIEW	In Compliance	Out of Compliance	NA
Essential Student Documents Are Present and Were Prepared Within Timelines	85	2	73
Evaluation/Reevaluation: Process and Content	219	1	560

TOTALS	**951**	**9**	**900**

3. TEACHER AND PARENT INTERVIEWS

Interviews were conducted with parents and teachers of students selected by the BSE for the sample group. The goal is to determine if the charter school involves parents and professionals in required processes (e.g., evaluation, IEP development), whether programs and services are being provided, and whether the charter school provides training to enhance knowledge. Parent and teacher satisfaction with the special education program is also generally assessed.

PART II
CORRECTIVE ACTION PROCESS

PART I of this report presented an overall summary of findings. In the Appendix to the report, we have provided the detailed findings for each of the criteria of the compliance monitoring document, i.e. FSA, File Reviews, Interviews and Classroom Observations. The detailed report of findings includes:

- Criteria Number
- Statements of all requirements
- Whether each requirement was met, not met, not applicable or other
- Statements of corrective action required for those criteria not met. ***Criteria not met that require corrective action by the charter school are gray-shaded.***

Charter schools are advised that in accordance with requirements of the Individuals with Disabilities Education Act, all noncompliance must be corrected as soon as possible but in no case later than one year from the date of the monitoring report. The BSE is required to verify timely correction of noncompliance, and must report annually to the federal government and the public on this requirement.

Upon receipt of this report, the charter school should review the corrective action and improvement planning required. The report is formatted so that findings from all components of the monitoring are consolidated by topical area. The report lists the finding, and whether corrective action is required. For certain types of findings, corrective action will be prescribed, and will not vary from charter school to charter school. For example, if the finding is that the charter school lacks a specific required policy, it is reasonable to have the BSE prescribe a standardized remedy and timeline for correcting this deficiency. However, the majority of corrective action activities will be individually designed by the charter school based on their own unique circumstances and goals. Consistent with IDEA's general supervision requirements for states, BSE must approve all proposed corrective action.

With respect to the File Review, because students were selected at random, findings are generalized to the entire population of students with disabilities. During the corrective action review, the BSE Advisor will select students at random and will review updated data, i.e. records that were developed subsequent to the monitoring. Consequently, the charter school should approach corrective action on a systemic basis. As indicated above, the charter school is also required to correct student specific noncompliance identified during monitoring under the ICAP process. If there has been a finding of noncompliance in the Educational Benefit Review component, the individual students are identified to the charter school and, because of the significance of the provision of a free appropriate public education (FAPE) to these students; the charter school must take immediate corrective action.

The BSE Adviser will schedule an onsite visit with the charter school within 60 days following issuance of the monitoring report. The BSE Adviser, charter school, and PaTTAN staff will develop a Charter School Corrective Action Verification/Compliance and Improvement Plan. PaTTAN and IU staff are available to assist the charter school.

Upon conclusion of the corrective action process, the charter school will be notified of its successful completion of the monitoring process.

Agora Cyber Charter School

Board of Trustees Policy

INDIVIDUALIZED EDUCATION PROGRAM POLICY (IEP)

The Board of Trustees of the Agora Cyber Charter School ("Charter School") recognizes and directs that in addition to the federal requirements incorporated by reference, the state regulations require that the IEP of each student with a disability must include when appropriate:

(1) A description of the type or types of support as defined in this paragraph that the student will receive, the determination of which may not be based on the categories of the child's disability alone. Students may receive more than one type of support as appropriate and as outlined in the IEP and in accordance with this chapter. Special education supports and services may be delivered in the regular classroom setting and other settings as determined by the IEP team. In determining the educational placement, the IEP team must first consider the regular classroom with the provision of supplementary aids and services before considering the provision of services in other settings.

(i) Autistic support. Services for students with the disability of autism who require services to address needs primarily in the areas of communication, social skills or behaviors consistent with those of autism spectrum disorders. The IEP for these students must address needs as identified by the team which may include, as appropriate, the verbal and nonverbal communication needs of the child; social interaction skills and proficiencies; the child's response to sensory experiences and changes in the environment, daily routine and schedules; and, the need for positive behavior supports or behavioral interventions.

(ii) Blind-visually impaired support. Services for students with the disability of visual impairment including blindness, who require services to address needs primarily in the areas of accessing print and other visually-presented materials, orientation and mobility, accessing public and private accommodations, or use of assistive technologies designed for individuals with visual impairments or blindness. For students who are blind or visually impaired, the IEP must include a description of the instruction in Braille and the use of Braille unless the IEP team determines, after the evaluation of the child's reading and writing needs, and appropriate reading and writing media, the extent to which Braille will be taught and used for the student's learning materials.

(iii) Deaf and hard of hearing support. Services for students with the disability of deafness or hearing impairment, who require services to address needs primarily in the area of reading, communication, accessing public and private accommodations or use of assistive technologies designed for individuals with deafness or hearing impairment. For these students, the IEP must include a communication plan to address the language and communication needs, opportunities for direct communications with peers and

professional personnel in the child's language and communication mode, academic level, and full range of needs, including opportunities for direct instruction in the child's language and communication mode; and assistive technology devices and services.

(iv) Emotional support. Services for students with a disability who require services primarily in the areas of social or emotional skills development or functional behavior.

(v) Learning support. Services for students with a disability who require services primarily in the areas of reading, writing, mathematics, or speaking or listening skills related to academic performance.

(vi) Life skills support. Services for students with a disability who require services primarily in the areas of academic, functional or vocational skills necessary for independent living.

(vii) Multiple disabilities support. Services for students with more than one disability the result of which is severe impairment requiring services primarily in the areas of academic, functional or vocational skills necessary for independent living.

(viii) Physical support. Services for students with a physical disability who require services primarily in the areas of functional motor skill development, including adaptive physical education or use of assistive technologies designed to provide or facilitate the development of functional motor capacity or skills.

(ix) Speech and language support. Services for students with speech and language impairments who require services primarily in the areas of communication or use of assistive technologies designed to provide or facilitate the development of communication capacity or skills.

(2) Supplementary aids and services

(3) A description of the type or types of personnel support.

(4) The location where the student attends school and whether this is the school the student would attend if the student did not have an IEP.

(5) For students who are 14 years of age or older, a transition plan that includes appropriate measurable postsecondary goals related to training, education, employment and, when appropriate, independent living skills.

(6) The IEP of each student shall be implemented as soon as possible, but no later than 10 school days after its completion.

(7) Every student receiving special education and related services provided for in an IEP shall receive the special education and related services under that IEP, subject to the terms, limitations and conditions set forth in law.

The Charter School ensures that the IEP team review the IEP periodically, but not less than annually, to determine whether the annual goals of the child are being achieved; and revise the IEP, as appropriate, to address any lack of expected progress toward the

annual goals and in the general education curriculum, if appropriate. In addition to the requirements incorporated by reference with regard to development, review, and revision of IEP, the Charter School shall designate persons responsible to coordinate transition activities.
The CEO or designee is directed to implement all procedures in accordance with this policy.

TO THE EXTENT THAT ANYTHING IN THIS POLICY COULD BE CONSTRUED TO CONFLICT WITH THE SCHOOL'S CHARTER OR APPLICABLE STATE AND/OR FEDERAL LAWS, THE APPLICABLE STATE AND/OR FEDERAL LAWS AND/OR CHARTER CONTROL.

High School Scheduling for 24-25 SY

N ewly ID'd and N ewly E nrolled (cells will not be locked under the blue line)

- Shelley will be adding newly enrolled and newly ID'd students to the bottom of the HS scheduling sheet. As you hold IEP meetings, please update the HS course scheduling sheet and e-mail the School Counselor with the student's special education course recommendations.
- Students that are newly ID'd cannot have courses added to their schedules until we have a signed, approved NOREP that the office has reviewed but you can still note your recommendations. Once the office notifies you that the signed, approved NOREP has been received, the counselor will then schedule the SE courses.
- **Changes for Current Students** (cells will be locked)
- If you have any SE course changes to make for 24/25 SY due to an IEP team decision this summer for current students, please add to the changes tab on the sheet and follow up via email with the school counselor, so they know what courses the student needs (CC: your AD).

What do I do over the summer when a student is possibly in Crisis? (1)

Keep the student in class with you and/or on the phone to ensure her/his safety while contact a summer administrator. Administrator should follow ALGEE protocols to determine the level of crisis response needed.

1. **A**ssess for risk of suicide or self-harm
2. **L**isten non-judgmentally
3. **G**ive supports and information
4. **E**ncourage appropriate professional help
5. **E**ncourage other supports

While the administrator is engaging the student, the teacher should be attempting to get an adult attached to the child and ensure the child is physically safe, seen, and not in need of medical care. See if student has a mental health provider or direct line to a therapist or crisis facility to contact. Make contact as needed.

What do I do over the summer when a student is possibly in Crisis? (2)

If you are unable to reach an adult or unable to verify safety, call 911 and request a well check.
Make sure to let 911 know of the county the student is in because they may need to connect you to the correct county dispatcher.

- If 911 is unable to connect you, you may have to google the local police phone number.
- If the local police number is not available (not all communities have 24-hour police), call the closest state trooper barracks.
- The police will need the address and phone number of the current location of the student – it may not be the one in EdPlan or TV. The kid could be at a relative's house or something. Information on the current status of the situation. A call back number for the administrator. Sometimes they ask if we are aware of any weapons on premise or danger.
- Ask for office/dispatcher name and request for a phone number and a call back after they go to the home.
- Inform the child – not until you know help is coming- that help is coming. She/he may be upset or afraid. Please reassure that no one is in trouble. It is only to help them. Stay on the phone until the police arrive. Sometimes the officers will talk with you on scene, sometimes they call back, sometimes they don't.
- Follow up the next day with the parents.
- Note all interactions made in EdPlan.

MID-YEAR CHECK IN

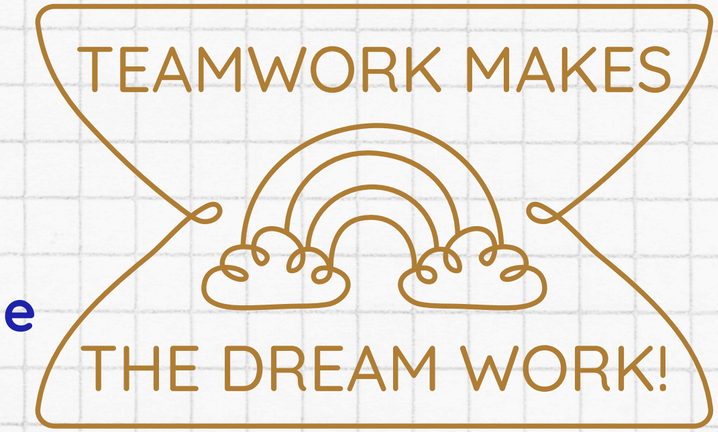

LEARNING INTENTION

You will identify effective strategies to utilize the Group IA in the classroom

SUCCESS CRITERIA

- I will share feedback on the Group IA's ability to support student growth.
- I will share at least 1 new strategy that I can use to involve my Group IA with supporting students in the classroom.
- I will identify steps the IA and I will take in the event of a classroom crisis situation.

GROUP IA'S

THE WHY

1. Eliminate excessive IA's/PCA's in the classroom, not supporting any students (no-shows, etc)
2. Build relationships with teacher & students
3. Consistent support
4. Teacher, IA & student satisfaction
5. RS companies can provide full-time jobs to individuals
6. Get better quality IA's

SHARING THE FEEDBACK

Many of our IA's are working really well in your classrooms!!
We want to hear how you are facilitating that?

- What do you have your Group IA doing?
  - During live instruction?
  - During table time?
  - When you have meetings/ conferences?

SUCCESSFUL IA STRATEGIES

LIVE INSTRUCTION

Notebook checks

Handle chat box for participation

Calls home for MIA or PNP students

Shared Google drive-add lesson

Remind absent students of any missing work

Model between you and IA what you want students to do. "When we go to tables, I would ask Ms. X xxx. And she can respond with xxx.

Together, model how to work together as partners/groups with different table activities.

Mark attendance for you via a shared doc. Teacher transfers into Agora system

TABLE TIME

Moves around tables to assist, re-engage students

Pull small groups of students to review

If IA is agreeable to creating a Teams account, can use that for individual communication between IA and teacher. (Teams is a free account and anyone can create one)

IA pulls names from a baggie for turn taking.

ASYNCH/CONFERENCES

Hold Wed afternoon sessions-homework help, review content, etc

Homework help sessions
Invite certain students to small group session (5 or less)

Assist during benchmarking

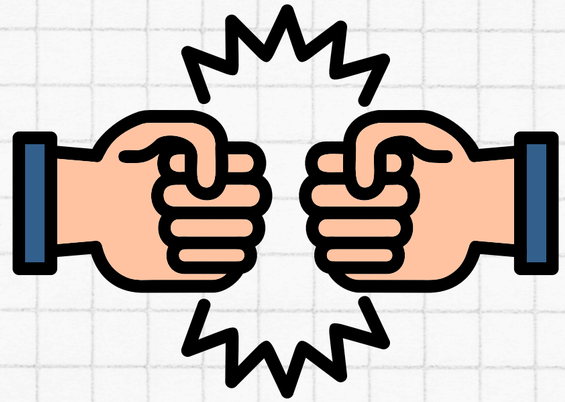

Hold Wed afternoon sessions-homework help, review content, etc

Hold sessions during PD or Asynch days-homework help, review content, etc

HOW CAN YOU WORK THROUGH CHALLENGES?

01. Submit a ticket HERE

02. Talk to your IA. Are they aware of the issue? What can they do to better support you/students in the classroom?

03. If it's an urgent situation (frequent IA no show, inappropriate behavior on web-cam. lack of engagement/support in the class) Send an email to Michelle Cukauskas

WHAT TO DO IF A CRISIS ARISES?

HAS ANYONE BEEN IN THIS SITUATION? WHAT DID YOU DO?

**Teacher should go into Crisis Room, not IA. IA can stay in room & students continue working independently or can dismiss the class, depending on the situation.

**If IA identifies the crisis, they must complete the incident report. If warranted, they also may have to fill out the ChildLine.

You will be directed to a page that lists the current Crisis Room staff. Please TEAMS message and/or TEAMS call both staff members to discuss your crisis. They will be on call ready help and to hear your concerns.

Author: *Dr. Colleen Freyvogel Bruss* For: SE teachers & Case Managers Created: 7/2024

Progress Track is the progress monitoring system within EdPlan. IEP goals pull from the finalized IEP to the *Progress Track* module. Teachers, case managers, and related service providers use *Progress Track* to log data from progress monitoring probes. Data tracked within *Progress Track* can be utilized for IEP/RR input and also supports with Progress Reporting.

To access the *Progress Track* module, click the *Progress Track* link found in green toolbar on the main landing page.

Author: *Dr. Colleen Freyvogel Bruss* For: SE teachers & Case Managers Created: 7/2024

Progress Track is the progress monitoring system within EdPlan. IEP goals pull from the finalized IEP to the *Progress Track* module. Teachers, case managers, and related service providers use *Progress Track* to log data from progress monitoring probes. Data tracked within *Progress Track* can be utilized for IEP/RR input and also supports with Progress Reporting.

To access the *Progress Track* module, click the *Progress Track* link found in green toolbar on the main landing page.

Charter School Law Affirmation

Pennsylvania's first Charter School Law was Act 22 of 1997, 24 P.S. § 17-1701-A et seq., which primarily became effective June 19, 1997, and has subsequently been amended.
The Charter School Law provides for the powers, requirements, and establishment of charter schools. The Charter School Law was passed to provide opportunities to teachers, parents, pupils and community members to establish and maintain schools that operate independently from the existing school district structure as a method to accomplish all of the following: (1) improve pupil learning; (2) increase learning opportunities for all pupils; (3) encourage the use of different and innovative teaching methods; (4) create new professional opportunities for teachers; (5) provide parents and pupils with expanded choices in types of educational opportunities that are available within the public school system; and (6) hold charter schools accountable for meeting measurable academic standards and provide the school with a method to establish accountability systems.

The charter school assures that it will comply with the requirements of the Charter School Law and any provision of law from which the charter school has not been exempted, including Federal laws and regulations governing children with disabilities. The charter school also assures that it will comply with the policies, regulations and procedures of the Pennsylvania Department of Education (Department).

Ethics Act Affirmation

Pennsylvania's current Public Official and Employee Ethics Act (Ethics Act), Act 93 of 1998, Chapter 11, 65 Pa.C.S. § 1101 et seq., became effective December 14, 1998 and has subsequently been amended.

The regulations of the Commission set forth the procedures applicable to all proceedings before the Commission as well as for the administration of the Statement of Financial Interests filing requirements. See 51 Pa. Code § 11.1 et seq.

The charter school assures that it will comply with the requirements of the Ethics Act and with the policies, regulations and procedures of the Commission. Additional information about the Ethics Act is available on the Commission's website at: http://www.ethics.state.pa.us.

Charter Annual Administrative Certification Affirmation

All public school principals, including charter and cyber charter school principals, are subject to the applicable certification requirements of the Public School Code (24 P.S. § 11-1109) as well as any Act 45 continuing education and Pennsylvania Inspired Leaders (PIL) requirements. In keeping with the intent of section 1109, any person who devotes half or more of their time to supervision or administration in a public school, without an identified principal, is serving as the "principal" of the school regardless of the locally titled position (i.e., school director, head teacher, etc.). Such individuals must hold a valid administrative certificate and comply with all applicable Act 45 and PIL requirements. In addition, the public school should properly identify the individual as a principal in PIMS/PERMS regardless of the local title utilized.

The Charter School assures that the Public School Code (24 P.S. § 11-1109) as well as any Act 45 continuing education and Pennsylvania Inspired Leaders (PIL) requirements are met as outlined above.
