Activity One: Decision Making Activity Worksheet: My Life Has Value

Short Answers:

1. Imagine sharing the roadway with people who do not recognize value in themselves or other people. What would our highways be like and what would it be like to drive on them?
2. How can you make a difference? What driving choices are you willing to make to care for yourself and other roadway users?

3. Driver Education is a course in caring. What does the statement mean to you and do you agree with it? Explain.

Field study questions:

1. With a partner, stand at a four-way intersection with stop signs for half an hour. Record the number of drivers who make a full stop and those who roll through. Observe the number of drivers who yield and fail to yield. What do these numbers indicate about how drivers care for other drivers' safety?
2. For the next week, read and clip articles from newspapers reporting roadway crashes. Describe these crashes and the driving choices that caused them to occur.
3. What do **you** think about the state of highway safety in this country? Base your answer on observations as a passenger and as a new driver. How do you plan to increase highway safety by making caring choices?
