

# Curriculum Materials for Evidence-Based Reading Instruction

This document presents curriculum materials for evidence-based reading instruction for kindergarten through grade 3 advancing the instructional priorities outlined in Act 135 of 2024.

#### **Reading Curriculum Materials**

The Pennsylvania Department of Education (PDE) and the PDE Reading Leadership Council (Council) identified The Reading League (TRL), the Colorado Department of Education (CDE), the Ohio Department of Education (ODE), and EdReports as clearinghouses for reading curriculum materials. These organizations are nationally recognized and provide high-quality, evidence-based resources to support schools in making informed decisions about literacy programming and have review processes that are in alignment with the requirements of Act 135 for reading curriculum materials.

In this context, a *clearinghouse* refers to a repository of programs or materials that have been evaluated using a transparent, research-based process. Such repositories may be housed within federally funded centers, private organizations, nonprofits, or state education agencies.

The list within this document features only the most recent editions of both curriculum materials and review tools used by identified clearinghouses and is organized by the number of positive evaluations each program received. A table focused on core reading instruction curriculum materials to support Spanish-speaking learners is also provided.

For a comprehensive list—including prior versions of curriculum materials, those reviewed using earlier versions of review tools, and materials that were not positively reviewed by clearinghouses, see the <u>PDE</u> Reading Curriculum Materials for Evidence-Based Reading Instruction Comprehensive Resource (Excel).

## Intended Use for Local Education Agencies

The lists are designed to support local education agencies (LEAs) in making informed decisions about the selection and use of reading curriculum materials and professional development. Inclusion on the list does not constitute approval by the Pennsylvania Department of Education; rather, it indicates that the material or program was evaluated by one or more of the identified clearinghouses. LEAs retain full discretion in determining how to use this information to meet their literacy needs and are not limited to selecting only the resources included. The lists are not exhaustive and will be reviewed quarterly to incorporate newly evaluated materials from the clearinghouses.

Blank cells within the table indicate there is no information on the review, or lack of review, for that resource by a given clearinghouse.

<sup>\*</sup> TRL does not assign overall or composite ratings. The scores displayed on PDE's lists are summaries of how curriculum materials performed and are not intended to replace the full TRL reports.

#### Core Curriculum Materials List

This list features only the most recent versions of both curriculum materials and review tools used by identified clearinghouses and is organized by the number of positive evaluations each program received as of **November 18, 2025**.

For a comprehensive resource, including prior editions of curriculum materials, items reviewed using earlier versions of clearinghouse tools, and materials that were not positively reviewed by clearinghouses, see the <u>PDE Reading Curriculum Materials Comprehensive Resource (Excel)</u>.
