

Twenty Mile Creek

This area is the largest steelhead fishery on the east side of Erie with fishing access to the New York state line. It has some pockets of posted property, especially south of the State Route 5 Bridge and south of the railroad tubes south of State Route 20. Good shore fishing at the lake.

Restroom facilities are available at the angler parking area on the west side of the stream north of State Route 5. This is a Northeast Township Park and it has ample parking.
