

Exception Requests

Title 28 PA Code, Subpart A, Chapter 51.33 and Subpart G, Chapter 601.5 provides for agencies/facility to request “Exceptions” to regulatory requirements/standards. The Department may grant exceptions to this part when the policy and objectives contained therein are otherwise met, or when compliance would create an unreasonable hardship and an exception would not impair or endanger the health, safety or welfare of a patient or resident. No exceptions or departures from this part will be granted if compliance with the requirement is provided by the statute.

The Department has received inquiries into the process for requesting and granting of exceptions. The process is as follows:

- The Agency/Facility makes a formal request to the Division Director for an exception to a specific state regulation as per Title 28 PA Code, Subpart A, Chapter 51.33 (a) and Subpart G, Chapter 601.5. All requests must be submitted on the attached form with the signature of the agency’s/facility’s administrator.
- The request is published in the Pennsylvania Bulletin. Following publication, there is a 14-day comment period as per Title 28 PA Code, Subpart A, Chapter 51.33 (c).
- The Division Director reviews all comments received, information supplied by the agency/facility and comments/recommendations of the Health Facility Quality Examiner (HFQE) and HFQE Supervisor for the region.
 - If the 14-day comment period is completed and sufficient information has been provided, the Division Director renders a decision. A letter is generated to the agency/facility with the decision. Exceptions are approved for either a permanent or temporary period of time subject to annual review. The Agency/Facility is expected to maintain the State response on file.
 - If further information is required, a request is made to the provider for the additional information.
 - When the required information is received, the request is again reviewed.

The Department of Health reserves the right to revoke the exception for justifiable reasons. If you wish to request a reconsideration of a denial or revocation, you must write the Division Director within 30 days after service of the adverse notification (Title 28 PA Code, Subpart A, Chapter 51.34). In addition, exceptions are terminated in the event of a change of ownership.
