

Limited English Proficiency Fact Sheet

for the

Pennsylvania Department of Health

Source: Language spoken at home for the population 5 years of age and older, American Community Survey, 5-year estimate (2018-2023).

1

Introduction:

Promoting Cultural and Linguistic Competency in Healthcare

In our diverse society, ensuring equitable access to healthcare services is paramount. The Pennsylvania Department of Health is committed to promoting Cultural and Linguistic Access and Services (CLAS) to eliminate health disparities and achieve health equity for all Pennsylvanians.

This Limited English Proficiency Fact Sheet serves as a resource to help address the needs of individuals with Limited English proficiency (LEP) accessing healthcare services within the state. By referencing the LEP data for each county healthcare providers and organizations can more effectively prepare materials to communicate with and serve LEP individuals in that county.

By understanding the information outlined in this document, healthcare providers can improve patient-provider communication, enhance the quality of care provided to LEP individuals, and ultimately contribute to the advancement of health equity across Pennsylvania
