

Who we are:

Community to Home (C2H) is a home-visiting program offered across Pennsylvania at no cost to families with **Children and Youth with Special Health Care Needs (CYSHCN)** residing in rural counties. Our **Community Health Workers (CHWs)** are here for you. Our CHWs work to create a plan of continuous care for families with newly diagnosed children.

Our services:

- Family-centered home visits
- Linkages to community resources
- Support in understanding child's health and development
- Roadmaps to self-sufficiency considering unique family needs
- Culturally sensitive and linguistically appropriate social support
- Attendance to appointments, including Individualized Education Program (IEP) meetings, doctor's visits, benefits meetings

Community to Home

Your path to wellness.

Community to Home

Eligibility:

- 21 years of age and under
- Newly diagnosed child with special health care needs OR newly residing in a PA rural county
- Households with an income of 300% or less of the federal poverty level
