

## Who we are:

**Community to Home (C2H)** is a home-visiting program offered across Pennsylvania at no cost to families for **Children and Youth with Special Health Care Needs (CYSHCN)** residing in rural counties. C2H aims to improve health outcomes for **CYSHCN** who are impacted by health disparities. C2H utilizes evidence-based **Community Health Worker (CHW)** models to diminish barriers and promote equitable and quality healthcare access.

## What we do:

Our CHWs work to create a plan of continuous care for families with newly diagnosed children or children who are at risk of a diagnosis. Our CHWs are trusted members of the communities they serve. This trusting relationship allows our CHWs to serve as liaisons between health and social services—leading families to a path of wellness.

## Our services:

Our CHWs who specialize in health literacy, health education, and care coordination help to facilitate access to services by providing:

- Family-centered home visits
- Roadmaps to self-sufficiency considering unique family needs
- Attendance to appointments, including Individualized Education Program (IEP) meetings, doctor's visits, benefits meetings
- Linkages to community resources
- Support in understanding child's health and development

Community to Home services will be provided by Alliance for Nonprofit Resources and Health Promotion Council, depending on the family's county of residence.

**Health Promotion Council Counties:**

Adams	Franklin	Mifflin	Schuylkill
Blair	Fulton	Monroe	Susquehanna
Carbon	Huntingdon	Perry	Wayne
Columbia	Juniata	Pike	Wyoming
