

### Key Points

- 2025-2026 Flu Prebook will open in PIERS on Wednesday June 23 and will close on Friday July 18.
- Providers who do not submit their 2025-2026 flu prebook order in PIERS by the deadline will have to wait until flu vaccines are made available for additional provider orders.
- Please make every possible effort to ensure accuracy of your flu prebook order. Double check the number of doses entered matches the number of doses you want to order.
- Follow the instructions in QRS – Prebook to complete your flu prebook order in PIERS.
- Expired 2024-2025 flu vaccines should be returned via PIERS.

Dear VFC Provider,

The 2025-2026 Flu Prebook will open in PIERS on Wednesday June 23 and will close on Friday July 18, 2025.

Providers will not be able to access or submit flu prebook orders in PIERS after July 18, 2025. The Bureau of Immunizations (BOI) staff do not have the ability to submit a late flu prebook order on behalf of providers. Anyone who misses the deadline will have to wait until flu vaccines are made available for additional provider orders in November 2025 or earlier if possible. Notify the PA VFC resource account [RA-pavfc@pa.gov](mailto:RA-pavfc@pa.gov) immediately if you discover a mistake was made on your flu prebook submission.

A Quick Reference Sheet titled QRS-Prebook that provides guidance on filling out and submitting the flu prebook order is available in PIERS under Reports in PA WEBIZ Forms and Resources. Providers will receive a notification in PIERS when 2025-2026 Flu Prebook is available. PIERS will also send periodic, automated reminders to providers who have not submitted their prebook order. Only one prebook order is needed per clinic.

Distribution of the influenza vaccine will most likely begin in September 2025. As with every influenza season, orders will be completed based on the supply of vaccine available. Providers who have prebooked large quantities of flu vaccine can expect to receive partial fulfillments of their prebook orders until their full order has been fulfilled.

To prepare for upcoming Flu Prebook, please review the products that will be available for ordering as well as your organization's formulary. **Please order only the vaccines on your formulary and in your EMR.**

### VFC Pediatric Flu Vaccine:

FluMist, NDC: 66019-0312-10, .2mL single dose sprayer – 10 pack, Ages: 2-49 years  
Flulaval, NDC: 19515-0904-52, .5mL single dose SYR – 10 pack, Ages: 6 months +  
Fluzone, NDC: 49281-0425-50, .5mL single dose SYR – 10 pack, Ages: 6 months +  
Fluzone, NDC: 49281-0643-15, 5mL MDV – one 10-dose vial, Ages: 6 months +  
Flucelvax, NDC: 70461-0655-03, .5mL single dose SYR – 10 pack, Ages: 6 months +

**Adult Flu Vaccine available to order only for providers approved to use 317 funding:**

Fluarix, NDC: 58160-0912-52, .5mL single dose SYR – 10 pack, Ages: 6 months +

Fluad, NDC: 70461-0025-03, .5mL single dose SYR – 10 pack, Ages: 65 years +

To ensure that providers are able to obtain an adequate amount of vaccine, please indicate the number of doses you anticipate needing through October 2025. We expect flu ordering to be open in PIERS in November 2025 for additional orders or sooner if possible.

Please direct any questions to the VFC Resource Account at [RA-pavfc@pa.gov](mailto:RA-pavfc@pa.gov).

Thank you,  
The VFC Program
