

## Evidence-Based Prescribing: Tools You Can Use to Fight the Opioid Epidemic Modules 1-7

These activities have been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through partnership with the Office of Drug Surveillance and Misuse Prevention, and the University of Pittsburgh. The University of Pittsburgh is accredited by the ACCME to provide continuing medical education for Physicians and Physician Assistants.

The University of Pittsburgh designates each module for a maximum of 1 AMA PRA Category 1 Credit™. Physicians should claim only the credit commensurate with the extent of their participation in the activity. The maximum number of hours awarded for this Continuing Nursing Education activity is 1.0 contact hours. Other health care professionals will receive a certificate of attendance confirming the number of contact hours commensurate with the extent of participation in this activity.

The University of Pittsburgh has been authorized by the American Academy of PAs (AAPA) to award AAPA Category 1 CME credit for activities planned in accordance with AAPA CME Criteria. This activity is designated for 1.0 AAPA Category 1 CME credits. PAs should only claim credit commensurate with the extent of their participation.

These modules also fulfill one of the required eight training hours on opioid or other substance use disorders treatment, as mandated by the Consolidated Appropriations Act of 2023 for DEA-registered practitioners through June 30, 2025.

### Opioid Education Requirements for Clinicians

Through June 30, 2025, modules 1–7 can be used to meet the Medical and/or Osteopathic Boards' CME credit requirement of Patient Safety/Risk Management, and modules 3–7 can be used to meet the Act 124 of 2016 opioid education requirements.

However, a provider cannot use the same module to meet both the Act 124 and Patient Safety/Risk Management requirements. See below for the specific requirements that each module meets:

Act 124 Pain Management	Act 124 Prescribing Practices for Opioids	Act 124 Identification of Addiction	Patient Safety/Risk Management
Module 3	Modules 4 and 7	Modules 5 and 6	Modules 1, 2, 3, 4, 5, 6 and 7
