**REPORT OF MATERNAL DEATHS
PENNSYLVANIA OCCURRENCES, 2023**

The Abortion Control Act requires that deaths occurring in Pennsylvania arising from pregnancy, childbirth or intentional abortion be reported to the Department of Health (department). The official maternal death definition that is used in the Abortion Control Act comes from the World Health Organization (WHO), which defines maternal deaths as the death of a woman while pregnant or within 42 days of termination of pregnancy, irrespective of the duration and site of the pregnancy, from any cause related to or aggravated by the pregnancy or its management but not from accidental or incidental causes.

This definition is also used by the National Center for Health Statistics (NCHS). In order to be consistent with previous reports as well as other state and national reports, the number of maternal deaths listed does not include all deaths occurring to pregnant or recently pregnant women. The only cases listed in this report are those officially assigned with an underlying cause of death based on the International Classification of Diseases, 10th Revision (ICD-10) death code of A34, O00-O95, and O98-O99. This is different from various pregnancy related and pregnancy associated deaths which can look at the broader impacts of pregnancy on death and may include deaths where the individual was within one year of the conclusion of pregnancy.

To be in compliance with the Abortion Control Act, the department annually compiles a statistical report based upon the data gathered in reports of maternal death. The statistical report is to be available for public inspection and copying. This is the department's annual statistical report. The following tables are based on the data submitted in reports required by the Abortion Control Act. Another source of information on maternal deaths is death certificates, also filed with the department.

Questions on the reporting of maternal deaths should be addressed to the Division of Health Informatics, Pennsylvania Department of Health at ra-DHIContactUs@pa.gov or 717-782-2448.
