2023 ASSESSMENT MANUAL

Introduction

This manual should be used to calculate the Mcare assessment for 2023 as required by Act 13 of 2002 (“Act 13”). It is essential that this manual is read in its entirety. While the manual is intended to clarify and periodically modify procedures associated with calculating the assessment, the manual is not a substitute for complying with Act 13 (40 P.S. § 1303.101, *et seq.*) and the regulations (31 Pa. Code § 242.1, *et seq.*). Although the information in this manual is intended to complement Act 13 and its attending rules and regulations, if a conflict exists, Act 13 and its regulations are controlling.

The Mcare assessment is a percentage of the Pennsylvania Professional Liability Joint Underwriting Association (“JUA”) rates as approved by the Pennsylvania Insurance Department. The JUA rates to be used for the 2023 Mcare assessment calculation are the base rates that are effective January 1, 2023. It has been determined that the 2023 Mcare assessment rate is 19%.

TIP: CONSULTING THE JUA RATE MANUAL AT WWW.PAJUA.COM MAY PROVIDE DETAILS NOT SPECIFICALLY ADDRESSED IN THIS MANUAL.

MCARE PARTICIPATION

Participation in Mcare is mandatory for hospitals, nursing homes, birth centers, primary health centers, physicians, podiatrists, and certified nurse midwives (“health care providers” or “HCP(s)”) licensed in Pennsylvania and conducting 50% or more of their health care business within Pennsylvania. If an HCP is licensed in Pennsylvania and less than 50% but more than 0% of patients to whom the HCP renders healthcare services are in Pennsylvania, the HCP may choose to participate in Mcare. However, if the HCP opts out of participating in Mcare, the HCP must still meet the mandatory insurance requirements of Act 13 of 2002. See the Nonparticipating Transmittal Form e-316. Although not defined as a “health care provider,” those professional corporations, professional associations, and professional companies and partnerships that are entirely owned by HCPs and which elect to participate in Mcare must purchase basic insurance coverage.

Physicians and podiatrists are only required to participate in Mcare when they become eligible for unrestricted licenses, regardless of whether they apply for the unrestricted license. The relevant licensing boards set postgraduate training requirements to determine when physicians or podiatrists are eligible for unrestricted licenses. The postgraduate training requirements and related license type and prefix are summarized in the table below:

License Type	License Prefix	Training Before Eligible for Unrestricted License
Medical Trainee	MT	2 Years (accredited or unaccredited medical school)
Osteopathic Trainee License	OT	1 Year
Podiatry License	SC	None. Eligible upon grant of license.

(The information in this table is effective July 1, 2022. As a result of Act 16 of 2022, there is no longer a requirement for a third year of residency for medical school students who graduated from an unaccredited medical school. Please contact the relevant licensing board for questions regarding the eligibility of physicians or podiatrists for unrestricted licenses.)

2023 MCARE LIMITS

Act 13 provides that the total required amounts of medical professional liability coverage, including primary and Mcare coverage, for HCPs, excluding hospitals, are \$1,000,000 per occurrence and \$3,000,000 per annual aggregate. For hospitals, the required total coverage amounts are \$1,000,000 per occurrence and \$4,000,000 per annual aggregate. As in recent years, Mcare Fund participating HCPs will be required in 2023 to obtain primary coverage in the amount of \$500,000 per occurrence and \$1,500,000 per annual aggregate. Hospitals must obtain primary coverage in the amount of \$500,000 per occurrence and \$2,500,000 per annual aggregate. Mcare provides participating HCPs coverage of \$500,000 per occurrence and \$1,500,000 per annual aggregate in excess of the primary coverage.

EXEMPTIONS

HCPs as defined in the Mcare Act are exempt from participating in Mcare if they exclusively provide care:

- Outside the Commonwealth of Pennsylvania or have not provided care to Pennsylvanians
- As employees of the federal, state or local government including the military
- As a forensic pathologist

If a health care provider also provides care in other than exempted category, they must participate in Mcare for that part(s) of their practice.

HCPs who provide care in the Commonwealth of Pennsylvania may be exempt from participation in Mcare under the following circumstances that include restrictions:

- Less than 50% of the care provided by the HCP is in Pennsylvania, however, they must still maintain medical malpractice coverage as required by the Mcare Act
- The care provided by the HCP is exclusively within the restrictions of a Volunteer License
- Physicians with Active Retired licenses providing care only to themselves or their immediate family members

Additionally:

- HCPs without an active license, for whatever reason, who are not providing care are exempt from Mcare participation

SECTION I - REMITTANCE ADVICE FORM (Form e-216)

A. GENERAL INFORMATION Form e-216 serves as both a coverage reporting form and an accounting form. Electronic submission of the Excel Form e-216 is the preferred method for primary insurers and self-insurers to report basic insurance coverage to Mcare. Prior written permission must be obtained from Mcare before alternate electronic submissions will be accepted. Although a hard copy Form 216 will be accepted in isolated circumstances that are preapproved by Mcare, submitting both an electronic and hard copy of the same Form 216 is unacceptable.

Always download a new Form e-216 from our website each time you need to complete another Form e-216. Mcare periodically improves Form e-216. Downloading a new Form e-216 each time will ensure the latest version is used. Form e-216, along with all applicable Worksheet Exhibits, is available by:

1. Visiting our website at www.insurance.pa.gov
2. Clicking the “Mcare” link at the bottom of the page under “Special Funds”
3. Selecting “Coverage” from the Resources section on the right
4. Selecting the link for the appropriate year’s assessment manual
5. Selecting the “e-216 Remittance Advice Form” link under “Reporting”
6. Opening or saving the file

Form e-216 is a Microsoft Excel Macro-Enabled Worksheet (.xlsm). Macros must be enabled to ensure that Form e-216 works as intended. Please keep the file in .xlsm format to preserve functionality.

Form e-216 calculates the assessment payable for physicians, podiatrists and certified nurse midwives based on the information provided in columns “A” through “N.” Facility and entity worksheets are tabbed at the bottom of Form e-216. These required worksheets will calculate the assessment for hospitals (HS WS), corporations (MC WS), birth centers (BC WS), nursing homes (NC WS), and primary health centers (PC WS). The coverage data entered on these worksheets can be transferred to the e-216 automatically using the Transfer to e-216 button. Additionally, a Facility/Entity Credit Calculator is available on Form e-216 to assist with cancelling facilities and entities. See the Mcare e-216 Tools Manual for further information on the Transfer to e-216 button and Facility/Entity Credit Calculator; this manual can be found on our website alongside the 2023 Assessment Manual and e-216.

The 2023 Form e-216 is to be used to report coverage only for policies issued or renewed in 2023. This is because the 2023 Form e-216 will calculate the assessment based on 2023 rates. When reporting mid-term additions and deletions to an existing master policy, use the effective year of the master policy to determine the applicable assessment year and rates.

NOTE: FORM E-216 IS A TOOL TO ASSIST IN THE CALCULATION OF THE ASSESSMENT; HOWEVER, ALL ASSESSMENTS MUST BE REVIEWED FOR ACCURACY BEFORE SUBMITTING TO MCARE. TRANSACTIONS SHOULD BE REPORTED AND RECEIVED AT MCARE IN CHRONOLOGICAL ORDER.

Coverage information along with collected assessment payments, if applicable, should be received by Mcare within 60 days of the effective date of coverage in order to be considered timely. Failure to pay a sufficient assessment within 60 days of the effective date of coverage may result in disciplinary action against an HCP’s medical license and the denial of Mcare coverage in the event of a claim against the HCP or eligible entity.

B. PAYMENT If payment is due, the payment must be sent to Mcare at or about the same time as the e-216 is e-mailed, but within 60 days of the effective date of coverage. When money is due to Mcare, the check, ACH or wire number and payment amount must be included in the Form e-216 and the carrier code must be included on the face of the check or in the designated space of your ACH or wire so we can match the e-216 with the payment. **Please make payments payable to: Medical Care Availability and Reduction of Error Fund or “Mcare”.**

Setting Up Electronic Payment Assessment payments may be made through an electronic funds transfer (“EFT”) payment process. The EFT payment method is an alternative to the check payment method. To learn more about this payment option and the required minimum standards, please send an e-mail to Mcare’s Fiscal Unit at ra-in-mcare-exec-web@pa.gov expressing your interest.

If payment is due with your Form e-216, the assessment total must be equal to the payment amount remitted unless the primary insurer or self-insurer has a prior credit balance and it is properly documented on the e-216. If utilizing a credit, the payment amount should equal the amount due. For more information on credit balances and tracking them on the e-216, please see [page 7](#).

NOTE: WHEN PAYMENT IS DUE WITH AN E-216, THE “RECEIVED DATE” IS THE DATE THE FULL PAYMENT HAS BEEN RECEIVED BY MCARE. WHEN NO PAYMENT IS DUE WITH AN E-216, THE “RECEIVED DATE” IS THE DATE THE VALID E-216 IS RECEIVED BY MCARE.

C. ELECTRONIC SUBMISSIONS Electronic submission of Form e-216 is the preferred method of reporting basic insurance coverage to Mcare. A hard copy 216 is no longer required when submitting your e-216 with or without payment. The e-216 and accompanying documentation must be sent to ra-in-remittance@pa.gov.

When remitting to Mcare, please include the following in your e-mail:

- A subject line with proper formatting. **Proper subject line formatting for your e-216 submission** is very important as your e-mail will be sorted based upon this information. The correct subject line is automatically populated on your e-216 in cell G9 and may be copied and pasted to your email.
- A brief description of what is being submitted in the body of the e-mail. A cover letter is no longer required, but information formerly contained in the cover letter should be provided in the body of the e-mail.
- An attached Form e-216 with credit balances being tracked when appropriate.
- Supporting documentation provided as separate attachments.

The above requirements can be met easily using the **Submit e-216** button seen on the next page. Clicking this button will create an email with the appropriate subject line, a brief description of your submission, and a copy of your Form e-216 attached. If you are submitting multiple e-216s or need to include any supporting documentation, these will need to be attached to the email manually. For more on the Submit e-216 button, see the Mcare e-216 Tools Manual; this manual can be found on [our website](#) alongside the 2023 Mcare Assessment Manual and e-216.

Credit balances belong to the carrier of record and one credit balance per carrier may be maintained. The heading of the Form e-216 tracks credit balances. B. COMMENT COLUMN The Comment column is a required field and must be completed on each coverage line of the Form e-216. It is very important that this information be accurate. Please be mindful to use the “New” comment only for business that is new to your company. Please use the “Rnw1” comment only for business that is a renewal. (Example: HCP is with “Company A” 1/1/21-1/1/22, and then renews with same company for 1/1/22-1/1/23; coverage should be reported as “Rnw1”.) Please use the “Cncl” comment only when basic insurance coverage is actually being cancelled. A description of each comment can be found on the Form e-216 by placing your cursor on the red triangle at the top of the Comment column.

If submitting a Form e-216 with multiple Related License or Assigned Numbers, please type the related number in column V for each line of coverage with an affiliation. One continuous Form e-216 per remittance should be e-mailed regardless of how many Related License or Assigned Numbers are reported. If this is problematic, please contact the Coverage Specialist who handles your account. Please type the corresponding name of the hospital, corporation, or group as a heading in the name column on the line above each group of HCPs having the same Related License or Assigned Number.

1. The first line is a simulation of a cancellation of the previously reported coverage. Enter the full original coverage period in the coverage “From Date” and “To Date” and the endorsement effective date in the “Cancel Date” column.

- On the second line, use the endorsement effective date as the “From Date” and the expiration date as the “To Date” and complete the Form e-216 with the amended coverage information.
- Both lines should be coded as End in the Comment column of Form e-216.

**John Q. Doctor was reported with an incorrect retro date of 1/01/12
His correct retro date is 1/01/13**

Corrections should only be submitted in response to an Outstanding Issues List received from Mcare. A correction is a new transaction and should be entered on a new Form e-216. In other words, it is not acceptable to simply update an erroneous submission and resubmit it. The Form e-216 containing the correction(s) is not a replacement, but a new submission that should contain only new transactions; a new 216 Date should be listed in Cell B2. Submitting a copy of the Outstanding Issues List along with the Form e-216 containing a correction is not necessary.

Please note that failure to provide correct information or full payment to Mcare may result in a health care provider being reported to their licensing authority for no coverage.

SECTION III - CALCULATING THE MCARE ASSESSMENT

Mcare assessment payments are to be sent to Mcare at the same time as the Form e-216 and any other required documents are e-mailed. Always download a new e-216 from our website each time you need to complete another e-216. This section is designed to assist in the manual calculation of the Mcare assessment for the various types of HCPs and eligible entities participating in Mcare.

A. PHYSICIANS, PODIATRISTS, AND CERTIFIED NURSE MIDWIVES

REQUIRED FORM: [EXHIBIT 4](#) (REMITTANCE ADVICE FORM E-216)

NOTE: PENNSYLVANIA LAW REQUIRES PHYSICIANS, PODIATRISTS, AND CERTIFIED NURSE MIDWIVES TO HAVE FULL ANNUALIZED, SEPARATE, AND INDIVIDUAL LIMITS AND MAY NOT SHARE LIMITS WITH ANY OTHER INSURED.

1. Determine the appropriate classification. When two or more classifications are applicable to the coverage being reported, the assessment for the highest rated classification will apply. (Refer to [Exhibit 3](#))
2. Determine the appropriate territory. When two or more territories are applicable to the coverage being reported, the assessment for the highest rated territory will apply. (Refer to [Exhibit 12](#))
3. Locate appropriate prevailing primary premium. The assessment for a physician, podiatrist, or certified nurse midwife must be calculated by multiplying the prevailing primary premium by the 2023 annual assessment rate of 19%. (Refer to [Exhibit 1](#))
4. Apply other applicable assessment rating factors as outlined in [Section IV](#).
5. Submit a completed Form e-216.

B. PROFESSIONAL CORPORATIONS, ASSOCIATIONS AND COMPANIES, AND PARTNERSHIPS (SPECIALTY CODE 80999)

REQUIRED FORMS: [EXHIBIT 4](#) (REMITTANCE ADVICE FORM E-216)
 [EXHIBIT 5](#) (WORKSHEET FOR PROFESSIONAL CORPORATIONS, ASSOCIATIONS AND COMPANIES, AND PARTNERSHIPS)

NOTE: PENNSYLVANIA LAW PROHIBITS PROFESSIONAL CORPORATIONS, ASSOCIATIONS AND COMPANIES, AND PARTNERSHIPS, AS DEFINED IN PENNSYLVANIA BUSINESS LAWS, FROM SHARING LIMITS WITH ANY HEALTH CARE PROVIDER. ADDITIONAL INSUREDS MAY NOT SHARE LIMITS WITH A PARTICIPATING PROFESSIONAL CORPORATION, ASSOCIATION, AND COMPANY OR PARTNERSHIP.

Although not defined as a “health care provider,” those professional corporations, professional associations, and professional companies (i.e., a limited liability company that renders professional medical services) and partnerships (i.e., a partnership that renders professional medical services) as defined in Pennsylvania business laws that are entirely owned by HCPs and which elect to participate in Mcare must purchase basic insurance coverage.

Proof of Mcare eligibility is required for any entity that is newly reported to Mcare or that changes its professional corporation, professional association, or partnership status. Copies of the articles of incorporation filed and stamped with the Pennsylvania Department of State’s endorsement and a list of owners and shareholders or members are required for professional corporations, professional associations, and professional companies. Copies of partnership agreements and operating agreements are required for partnerships and professional companies, respectively.

Copies of articles of incorporation, operating agreements, and partnership agreements should be e-mailed to the Coverage Specialist prior to submitting coverage so that eligibility can be determined. Eligible professional corporations, professional associations, professional companies, and partnerships must be reported on the Form e-216 and submitted along with their applicable worksheets.

1. Calculate the assessment for a professional corporation, association and company or a partnership by computing the sum of 15% of the total 2023 Mcare assessments for each owner, shareholder, member, partner, independent contractor, and employed health care provider (Refer to Example 1). Mid-term endorsements, additions, or deletions for HCPs under the corporation’s policy should not be reported as endorsements to the corporation’s assessment.

NOTE: ALL OWNERS, SHAREHOLDERS, OR MEMBERS OF A PROFESSIONAL CORPORATION, PROFESSIONAL ASSOCIATION, AND PROFESSIONAL COMPANY, AND ALL PARTNERS OF A PARTNERSHIP MUST BE HEALTH CARE PROVIDERS AS DEFINED IN ACT 13 OF 2002. HOWEVER, THEY DO NOT NEED TO BE AN MCARE PARTICIPATING HEALTH CARE PROVIDER.

Example 1

Five health care providers are owners, shareholders, members, partners, independent contractors, or employees of Professional Corporation “Y” which provides emergency room services in Territory 1.

License #	Name	Specialty Code	County Code	HCP's Assessment	Other Rating Factors
MD123456	John Smith	03531	51	\$ 7,336	Y3
MD654321	Jane Smith	03531	51	\$ 9,781	
MD012345L	Mark Jones	03531	51	\$ 9,781	
MD054321E	Sally Jones	03531	51	\$ 9,781	
MD246810	Joseph Miller	03531	51	\$ 6,358	PT 16

The sum of the total 2023 assessments for all health care providers who are owners, shareholders, members, partners, or employees of Professional Corporation “Y” is \$43,037. (\$7,336, \$9,781, \$9,781, \$9,781 and \$6,358 = \$43,037). Thus, the 2023 assessment owed by Professional Corporation “Y” is \$6,456 (\$43,037 X 15% = \$6,456).

If any of the owners, shareholders, members, partners, independent contractors, or employees have different policy dates than the professional corporation, professional association, and professional company, or partnership policy, they shall be listed on the worksheet with their annual 2023 assessment that is effective or will be effective in the same calendar year as the professional corporation, professional association, and professional company or partnership’s policy (Refer to Example 2).

Example 2

Professional Corporation “Z” has a policy effective from 7/01/22-7/01/23. The owners, shareholders, members, partners, independent contractors, and employees have individual effective dates as follows:

John Smith	02/01/23-02/01/24	2023 Policy
Jane Smith	07/01/23-07/01/24	2023 Policy
*Mark Jones	11/01/23-11/01/24	2023 Policy

*When Mark Jones renews his 2023 policy on 11/01/23, his assessment will be \$9,808. The corporation’s assessment is based on his 2023 assessment even though it is not in effect at the time the corporation renews its coverage.

License #	Name	Specialty Code	County Code	HCP's Assessment	Other Rating Factors
MD123456	John Smith	03531	51	\$ 7,336	Y3
MD654321	Jane Smith	03531	51	\$ 9,781	
MD012345L	Mark Jones	03531	51	\$ 9,781	

The sum of the total 2023 assessments for all health care providers who are shareholders, owners, partners, or employees of Professional Corporation “Z” is \$26,898. (\$7,336, \$9,781, and \$9,781= \$26,898). The 2023 assessment owed by Professional Corporation “Z” is \$4,035 (\$26,898 X 15% = \$4,035).

2. Apply other applicable assessment rating factors as outlined in [Section IV](#).
3. Complete the Professional Corporations, Associations and Companies, and Partnerships worksheet ([Exhibit 5](#)) and submit with completed Form e-216. List the annual assessment for each HCP on the worksheet. Indicate any discounts applied to an HCP’s assessment in the “Other Rating Factors” column.

NOTE: THE HCP’S ANNUAL ASSESSMENT MUST BE LISTED ON THE WORKSHEET EVEN IF REPORTING A SHORT-TERM COVERAGE PERIOD FOR THE HCP BECAUSE THE WORKSHEET WILL PRORATE THE HCP’S ANNUAL ASSESSMENT BASED ON THE DATES PROVIDED.

C. HOSPITALS (SPECIALTY CODE 80612)

REQUIRED FORMS: [EXHIBIT 4 \(REMITTANCE ADVICE FORM E-216\)](#)
 [EXHIBIT 6 \(WORKSHEET FOR HOSPITALS\)](#)

NOTE: PENNSYLVANIA LAW REQUIRES HOSPITALS TO HAVE FULL ANNUALIZED, SEPARATE, AND INDIVIDUAL LIMITS. ADDITIONAL INSURED MAY NOT SHARE LIMITS WITH A HOSPITAL.

1. Determine all of the territories in which the hospital provides services under the same license. (Refer to [Exhibit 12](#))
2. Calculate the total prevailing primary premium for a hospital by computing:
 - a. The sum of the annual occupied bed count (patient days divided by 365 and rounded to the nearest whole number - no partial numbers) for each of the following bed types: Hospital (acute care), Mental Health/Mental Rehabilitation, Extended Care, Outpatient Surgical, and Health Institution, multiplied by the appropriate rate. (Refer to [Exhibit 2](#)) Please include an explanation in the body of your submission email when there are year over year changes to bed counts greater than 20%.

NOTE: WHEN REPORTING THE LIST OF ANNUAL OCCUPIED BED COUNTS ON EXHIBIT 6 FOR THE HOSPITAL, PLEASE DO NOT INCLUDE NURSING HOME BEDS.

PLUS

- b. The sum of the annual visit count for each of the following visit types: Emergency, Other, Mental Health/Mental Rehabilitation, Extended Care, Outpatient Surgical, Health Institution, and Home Health Care, divided by 100 and rounded to the nearest **whole** number, then multiplied by the appropriate rate. (Refer to [Exhibit 2](#)) Please include an explanation in the body of your submission email when there are year over year changes to visit counts greater than 20%.
3. Calculate the assessment for a hospital by multiplying the total prevailing primary premium (“PPP”) (the sum of the annual occupied bed and visit counts) by the Experience Modification Factor (“EMF”) (as provided by Mcare), then multiplied by the 2023 annual assessment of 19%. (Mcare assessment = PPP x EMF x 19%) See note at bottom of page.
4. Apply other applicable assessment rating factors as outlined in [Section IV](#).
5. Complete Hospital Worksheet ([Exhibit 6](#)) for each territory in which the hospital provides services, under the same license, listing the bed and visit counts separately for each territory and submit with completed Form e-216.

NOTE: EXPERIENCE MODIFICATION FACTOR MUST BE ENTERED AS A NUMBER (DECIMAL) AND NOT AS A PERCENTAGE ON THE HOSPITAL WORKSHEET, EXHIBIT 6 (98.9% SHOULD BE ENTERED AS 0.989).

NOTE: THE HOSPITAL WORKSHEET MULTIPLIES THE BED COUNTS BY THE TERRITORY RATE TO REACH THE SUBTOTAL AMOUNT. IT DIVIDES THE VISIT COUNTS BY 100 FIRST, THEN MULTIPLIES BY THE TERRITORY RATE TO REACH THE SUBTOTAL AMOUNT. ALL COUNTS SHOULD BE ENTERED AS AN ANNUAL AMOUNT. ALTHOUGH HOSPITALS' ASSESSMENTS ARE BASED ON A TOTAL OF BEDS AND VISIT COUNTS PER TERRITORY, ASSESSMENTS FOR PHYSICIANS, PODIATRISTS, AND CERTIFIED NURSE MIDWIVES EMPLOYED BY HOSPITALS ARE BASED ON THE HIGHEST RATED TERRITORY IN WHICH THE HEALTH CARE PROVIDER PRACTICES.

D. NURSING HOMES (SPECIALTY CODE 80924)

**REQUIRED FORMS: EXHIBIT 4 (REMITTANCE ADVICE FORM E-216)
 EXHIBIT 7 (WORKSHEET FOR NURSING HOMES)**

NOTE: PENNSYLVANIA LAW REQUIRES NURSING HOMES TO HAVE FULL ANNUALIZED, SEPARATE, AND INDIVIDUAL LIMITS. ADDITIONAL INSUREDS MAY NOT SHARE LIMITS WITH A NURSING HOME.

1. Determine all of the territories in which the nursing home provides services under the same license. (Refer to [Exhibit 12](#))
2. Calculate the total prevailing primary premium by computing the sum of the annual occupied bed count (patient days divided by 365 and rounded to the nearest whole number) for the appropriate bed type: Convalescent or Skilled Nursing, multiplied by the appropriate rate. (Refer to [Exhibit 2](#))

Each nursing home must report either convalescent bed counts or skilled nursing bed counts, not both. If 50% or more of patients are age 65 and under, all bed counts must be reported as convalescent. If 50% or more of patients are over age 65, all bed counts must be reported as skilled nursing.

NOTE: WHEN REPORTING THE LIST OF ANNUAL OCCUPIED BED COUNTS ON EXHIBIT 7 FOR THE NURSING HOME, PLEASE DO NOT INCLUDE ANY HOSPITAL BEDS.

3. Calculate the assessment for a nursing home by multiplying the total prevailing primary premium by the 2023 annual assessment of 19%.
4. Apply other applicable assessment rating factors as outlined in [Section IV](#).
5. Complete a Nursing Home Worksheet ([Exhibit 7](#)) for each territory in which the nursing home provides services, under the same license, listing the bed counts separately for each territory and submit with completed Form e-216.

E. PRIMARY HEALTH CENTERS (SPECIALTY CODE 80614)

REQUIRED FORMS: [EXHIBIT 4 \(REMITTANCE ADVICE FORM E-216\)](#)
 [EXHIBIT 8 \(WORKSHEET FOR PRIMARY HEALTH CENTERS\)](#)

NOTE: PENNSYLVANIA LAW REQUIRES PRIMARY HEALTH CENTERS TO HAVE FULL ANNUALIZED, SEPARATE, AND INDIVIDUAL LIMITS. ADDITIONAL INSUREDS MAY NOT SHARE LIMITS WITH A PRIMARY HEALTH CENTER.

Proof of Mcare eligibility is required for any entity that is newly reported to Mcare. A copy of the entity’s Pennsylvania primary health center certificate is required and should be e-mailed to the Coverage Specialist prior to submitting coverage so that eligibility can be determined. To obtain a copy of a primary health center certificate or to apply for certification or recertification as a primary health center, contact the Bureau of Managed Care at 1-888-466-2787 or RA-INBURMNGDCAREPRDR@pa.gov with “PHC Certification” included in the subject line.

1. Determine all of the territories in which the primary health center provides services under the same license. (Refer to [Exhibit 12](#))
2. Calculate the total prevailing primary premium by computing the sum of the annual visit count for each of the following visit types: Emergency, Other, Mental Health/Mental Rehabilitation, Outpatient Surgical, and Home Health Care divided by 100, then multiplied by the appropriate rate. (Refer to [Exhibit 2](#))
3. Calculate the assessment for a primary health center by multiplying the total prevailing primary premium by the 2023 annual assessment of 19%.
4. Apply other applicable assessment rating factors as outlined in [Section IV](#).
5. Complete a Primary Health Center Worksheet ([Exhibit 8](#)) for each territory in which the primary health center provides services, under the same license, listing the visit counts separately for each territory and submit with completed Form e-216.

F. BIRTH CENTERS (SPECIALTY CODE 80402)

REQUIRED FORMS: [EXHIBIT 4 \(REMITTANCE ADVICE FORM E-216\)](#)
 [EXHIBIT 9 \(WORKSHEET FOR BIRTH CENTERS\)](#)

NOTE: PENNSYLVANIA LAW REQUIRES BIRTH CENTERS TO HAVE FULL ANNUALIZED, SEPARATE, AND INDIVIDUAL LIMITS. ADDITIONAL INSUREDS MAY NOT SHARE LIMITS WITH A BIRTH CENTER.

1. Determine all of the territories in which the birth center provides medical or healthcare services under the same license. (Refer to [Exhibit 12](#))
2. Calculate the assessment by computing the sum of 25% of the total 2023 assessments for all HCPs who use the facility or who have an ownership interest (Refer to Example 3).

Example 3

Three health care providers whose specialty codes are 08029 use or have an ownership interest in Birth Center “X” in territory 1.

License #	Name	Specialty Code	County Code	HCP's Assessment	Other Rating Factors
MD654321	Jane Smith	08029	51	\$19,480	
MD054321E	Sally Jones	08029	51	\$ 9,740	PT 08
MD246810	Joseph Miller	08029	51	\$19,480	

The sum of the total 2023 assessments for all health care providers who use the facility or who have an ownership interest in Birth Center “X” is \$48,700 (\$19,480, \$9,740, \$19,480=\$48,700). The 2023 assessment owed by Birth Center “X” is \$12,175(\$48,700 x 25% = \$12,175).

3. Complete a Birth Center Worksheet ([Exhibit 9](#)) for each territory in which the birth center provides services, under the same license and submit with completed Form e-216.

G. SELF-INSURED ENTITIES

REQUIRED FORM: [EXHIBIT 4 \(REMITTANCE ADVICE FORM E-216\)](#)

NOTE: PENNSYLVANIA LAW REQUIRES SELF-INSURED TO HAVE FULL ANNUALIZED, SEPARATE, AND INDIVIDUAL LIMITS. ADDITIONAL INSURED MAY NOT SHARE LIMITS WITH A SELF-INSURED.

- Self-insured entities should follow the same procedures as primary insurers when submitting the Form e-216. All renewals and endorsements to the plan, including additions and deletions, should be received by Mcare within 60 calendar days of the effective date of the renewal, additions, and/or deletions in order to be considered timely.
- The worksheets listed below are also to be used by self-insured entities, when applicable, and must be completed and submitted along with a completed Form e-216.
 - [Exhibit 5](#) (Worksheet for Professional Corporations, Associations and Companies, and Partnerships)
 - [Exhibit 6](#) (Worksheet for Hospitals)
 - [Exhibit 7](#) (Worksheet for Nursing Homes)

H. PHYSICIAN TELEMEDICINE For the purposes of calculating an Mcare assessment, participating HCPs should be rated as if treating patients in person at the patient’s geographic treatment location. When two or more specialties or territories are applicable on the primary policy, the highest rated classification and territory should be used when reporting to Mcare.

NOTE: FOR PHYSICIANS NOT LICENSED IN PENNSYLVANIA THAT ARE PRACTICING TELEMEDICINE WITHIN PENNSYLVANIA, PENNSYLVANIA LAW DOES NOT REQUIRE PHYSICIANS LICENSED OUTSIDE OF THE COMMONWEALTH TO PARTICIPATE IN MCARE. FURTHERMORE, MCARE DOES NOT HAVE ANY AUTHORITY TO COLLECT AN ASSESSMENT ON BEHALF OF PHYSICIANS LICENSED OUTSIDE OF THE COMMONWEALTH. AS SUCH, THERE IS NO DOCUMENTATION TO BE FILED BY OR ON BEHALF OF THESE PHYSICIANS.

- I. TEMPORARY OR CAMP LICENSES** Physicians practicing pursuant to a temporary or camp license must be included on an e-216 submitted to Mcare by the primary carrier/self-insurer/RRG that is providing professional liability coverage for the physician or a Declaration of Compliance that sets forth the appropriate exemption.

NOTE: THE REVIEW TOOL ON FORM E-216 WILL INDICATE AN ERROR WHEN REPORTING TEMPORARY (“TMD”) OR CAMP (“TCP”) LICENSES. YOU CAN SKIP THESE ERROR MESSAGES.

SECTION IV - ADDITIONAL ASSESSMENT RATING FACTORS

In addition to the above information, there are other factors that affect the HCP’s assessment that are listed below:

- A. PART-TIME** Physicians, podiatrists, and certified nurse midwives who advise their primary insurer or self-insurer in writing that they practice on annual average:

- “08” 8 hours or less per week shall be charged 50% of the otherwise applicable Mcare assessment (50% discount).
- “16” 16 hours or less, but more than 8 hours per week, shall be charged 65% of the otherwise applicable Mcare assessment (35% discount).
- “24” 24 hours or less, but more than 16 hours per week, shall be charged 80% of the otherwise applicable Mcare assessment (20% discount).

NOTE: PART-TIME DISCOUNTS ARE NOT AVAILABLE TO HEALTH CARE PROVIDERS REPORTED WITH AN FTE FACTOR LESS THAN 1.000.

- B. NEW PHYSICIANS OR NEW PODIATRISTS** These providers may receive the discount indicated from the otherwise applicable assessment:

- “Y1” Charge 25% of the otherwise applicable assessment for the first year of coverage (75% discount).
- “Y2” Charge 50% of the otherwise applicable assessment for the second year of coverage (50% discount).
- “Y3” Charge 75% of the otherwise applicable assessment for the third year of coverage (25% discount).

The first year of coverage for a new physician or a new podiatrist begins on the date medical liability coverage is effective if such coverage is effective within six months after:

1. The completion of (a) a residency program, (b) a fellowship program in their medical specialty, or (c) podiatry school or
2. The fulfillment of a military obligation in remuneration for medical school tuition.

Such physicians or podiatrists must be either joining a medical group or opening their own medical practice. If the initial coverage is effective more than six months after (1) or (2) above first occurs, the physician or podiatrist will be considered to be in the year of coverage that would apply if coverage had been effective within six months after (1) or (2) above. In other words, a new physician or podiatrist cannot have a full year of Y1 unless it is effective within six months of (1) or (2) above (Refer to Example 4).

Example 4

Full year Y1:

- Physician/Podiatrist completes residency 01/01/23. A full year is afforded if coverage is effective anytime between 01/01/23 and 07/01/23. If coverage is effective 03/01/23:
 - Y1: 03/01/23 – 03/01/24 (Policy dates are the same)
 - Y2: 03/01/24 – 03/01/25 (Policy dates are the same)
 - Y3: 03/01/25 – 03/01/26 (Policy dates are the same)

Less than full year Y1:

- Physician/Podiatrist completes residency 01/01/23. Less than a full year is afforded if coverage is effective after 07/01/23. If coverage is effective 09/01/23, report as if Y1 were effective between 01/01/23 and 07/01/23. If using the latest start date of 07/01/23:
 - Y1: 09/01/23 – 07/01/24 (Policy dates are 09/01/23 – 09/01/24)
 - Y2: 07/01/24 – 07/01/25 (Policy dates are 09/01/24 – 09/01/25)
 - Y3: 07/01/25 – 07/01/26 (Policy dates are 09/01/25 – 09/01/26)
 - Changes to the Y-discount should be reported as mid-term endorsements in this scenario.

NOTE: A HEALTH CARE PROVIDER MAY ONLY USE ONE LIFETIME (Y1, Y2, Y3) SERIES OF NEW PHYSICIAN OR NEW PODIATRIST DISCOUNT. THIS DISCOUNT IS NOT AVAILABLE TO CERTIFIED NURSE MIDWIVES.

C. RESIDENTS AND FELLOWS may receive the discount indicated from the otherwise applicable assessment:

- “R” Charge 50% of the otherwise applicable assessment for a Resident (50% Discount).
- “F” Charge 50% of the otherwise applicable assessment for a Fellow (50% Discount).

A resident or fellow is a physician enrolled in a medical or osteopathic residency or fellowship program who has successfully completed the prescribed period of postgraduate education that is necessary under applicable law to become eligible for unrestricted medical, osteopathic, or podiatry licensure in the Commonwealth of Pennsylvania. Podiatrists enrolled in a residency or fellowship programs are eligible for unrestricted podiatry licensure without a prescribed period of postgraduate education. Physicians and podiatrists are only required to participate in Mcare when they become eligible for unrestricted licenses, regardless of whether they apply for the unrestricted license.

NOTE: RESIDENT/FELLOW AND NEW PHYSICIAN DISCOUNTS CANNOT BE USED TOGETHER.

D. SLOT POSITIONS Slot rating is limited to (a) employees of an institution licensed as a hospital, (b) a physician practice plan owned by a hospital or that hospital's corporate parent organization, or (c) an entity where multiple HCPs fill one position in a manner substantially similar to the aforementioned. Slot rating is used to account for certain risks (see notation below) associated with a block of in-hospital clinical medical service exposures (i.e., several physicians rotating through one full-time equivalent position). The slot positions must be within the scope of duties and normal business of the institution and within a single medical specialty and job description. When added together, all HCPs within this one slot or block of exposure must equal one Full-Time Equivalent ("FTE"); this means that the HCP's combined FTEs must equal 1.000 on the e-216 at renewal.

When multiple HCPs fill a slot-rated position, the assessment shall be appropriately divided among them on a pro rata basis for the FTE position. If the aggregate hours of clinical time of those filling a slot exceed 40 hours per week, a new slot must be created. Each HCP in a slot must be reported to Mcare with full, separate, and individual coverage limits as required by the Mcare Act. Such coverage is available only for the individual professional liability of the HCPs within the slot and is not available for entities. The number of HCPs in any one slot shall be limited to 12.

Slot coverage is not available to HCPs associated with group practices for non-hospital environments or to groups that contract to provide medical services within a hospital. Slot rating is not available to an HCP who works full-time in one specialty (40 hours or more per week) at an institution unless the position is a rotating resident position.

NOTE: PART-TIME DISCOUNTS ARE NOT AVAILABLE TO HEALTH CARE PROVIDERS REPORTED IN A SLOT.

The assessment for each HCP in a slot position should be reported at renewal. An HCP that is added to a slot mid-term is considered a non-money transaction when reporting to Mcare and no additional assessment will be imposed for that addition. Similarly, a cancellation for an HCP that leaves a slot position mid-term where the slot position remains open is also a non-money transaction when reported to Mcare and no credit will be issued. For coverage written on a claims-made basis, tail coverage must be reported for each departed HCP in a slot position. If a slot position is opened or permanently closed mid-term, please contact your Mcare Coverage Specialist for guidance on reporting.

NOTE: TAIL COVERAGE MUST PROVIDE EACH HEALTH CARE PROVIDER WITH A SEPARATE AND INDIVIDUAL COVERAGE LIMIT.

E. DAILY RATING (FORMERLY LOCUM TENENS) This includes HCPs practicing as locum tenens, per diem, with staffing agencies and other circumstances where the primary insurance coverage is written on a daily basis. Daily rating should only be used if a part-time discount will not accurately capture the amount of time an HCP is providing health care services in Pennsylvania. Before reporting daily coverage, the Mcare Participation requirements in the Introduction of this manual should be reviewed (See [pages 3 & 4](#)).

NOTE: EACH HEALTH CARE PROVIDER MUST BE PROVIDED A SEPARATE AND INDIVIDUAL COVERAGE LIMIT.

REPORTING DAILY RATED COVERAGE When reporting daily rated coverage on Form e-216 select "DR" or "LT" in the Policy Modifier column.

Reporting an annualized policy period with a Full-Time Equivalent ("FTE") is the preferred method for reporting physicians, certified nurse midwives and podiatrists who have daily rated policies.

Annualized reporting limits the chance of gaps occurring in the HCP’s Mcare coverage and lessens the likelihood that Mcare will contact the HCP about missing coverage.

To report an annualized daily rating policy, enter a coverage period on the e-216 that matches the underlying primary insurance coverage term and pay an initial assessment using the FTE that best estimates the number of days the HCP will practice in Pennsylvania during the term. A reasonable estimate can be determined using the number of days the HCP worked in the previous year. To calculate the FTE, divide the number of days to be worked by 365 (365 days should also be used in a leap year). An FTE less than .003 (one day) cannot be used. At the end of the policy term, an endorsement should be submitted to report the actual number of days worked (See [page 11](#) for directions on reporting an endorsement). The FTE Factor column of Form e-216 contains an FTE Calculator. Click the FTE Calculator button to open a calculator that will determine a 1-Day Minimum FTE Factor and an Actual FTE Factor based on the policy dates and days worked.

NOTE: IF THE POLICY TERM IS LESS THAN A YEAR, CALCULATE THE FTE BY DIVIDING THE NUMBER OF DAYS WORKED BY THE NUMBER OF DAYS IN THE POLICY TERM.

Example 5

The policy term being reported is 1/1/23 – 1/1/24. The HCP worked 60 days the previous year, so the estimated FTE would be 0.164 ($60 \div 365 = 0.164$). The HCP has the following assignments in PA for 2023: 2/6/23-2/25/23 (20 days), 5/1/23-5/26/23 (26 days), 7/1/23-7/26/23 (26 days). A total of 72 days of daily rating assignment in PA equals an FTE of 0.197 ($72 \div 365 = 0.197$). An endorsement must be reported changing the estimated FTE of 0.164 to the actual FTE of 0.197.

NOTE: PART-TIME DISCOUNTS ARE NOT AVAILABLE TO HEALTH CARE PROVIDERS REPORTED WITH AN FTE FACTOR LESS THAN 1.000.

ENDING A DAILY RATED POLICY If primary insurance coverage is written on a claims-made basis, tail coverage or its substantial equivalent must be obtained and reported to Mcare upon termination of the claims-made coverage. The coverage offered must provide for a reporting period of unlimited duration.

F. BIFURCATION (“BIFU”) If an HCP changes the effective date of their professional liability coverage to attempt to avoid or delay payment of an increase in the annual assessment rate, then the appropriate assessment will be bifurcated to include the assessment percentages applicable to each calendar year over which the new policy is in effect. This allows only 12 months maximum at the same assessment rate for the year that the policy effective date was changed. Reporting a bifurcated assessment is complicated and situation specific. If you believe you have a bifurcation situation, please contact your Mcare Coverage Specialist.

SECTION V - NONPARTICIPATING TRANSMITTAL FORMS (Form e-316 & Form e-316CV)

- A. GENERAL INFORMATION** Forms e-316 and e-316CV are Microsoft Excel Macro-Enabled Worksheets (.xlsm). Macros must be enabled to ensure that the forms work as intended. Please keep the files in .xlsm format to preserve functionality.

Forms e-316 and e-316CV can be downloaded from our website's [Coverage page](#).

- B. FORM e-316, [Exhibit 10](#)**, is the form to be used by primary insurers and self-insurers who provide coverage to nonparticipating HCPs. A nonparticipating HCP that conducts less than 50%, but more than 0% of their health care business or practice within this Commonwealth and does not choose to participate in Mcare. The health care business or practice is based on the number of patients to whom health care services are rendered by an HCP within an annual period.

Nonparticipating HCPs must secure basic insurance coverage limits as required by and consistent with Act 13 of 2002. Current coverage limits are \$1 million per occurrence or claim and \$3 million per annual aggregate.

- C. FORM e-316CV, [Exhibit 11](#)**, is the form to be used when reporting COVID-19 volunteers that meet the requirements of [Notice 2020-8](#) of the Pennsylvania Insurance Department. These HCPs are licensed physicians performing medical services as uncompensated volunteers at a hospital or nursing home. The primary carrier/self-insurer/RRG will set forth the hospital's or nursing home's professional liability coverage, which includes the volunteer and will cover liability for health care services rendered by the volunteer.

- D. ELECTRONIC SUBMISSIONS** The preferred method for primary insurers and self-insurers submitting coverage to Mcare is to do so electronically via the following e-mail address: ra-in-remittance@pa.gov. This can be done easily by clicking the Submit e-316 or Submit e-316CV buttons found on the forms. Clicking this button will create an email with the appropriate subject line, a brief description of your submission, and a copy of your form attached. A hard copy Nonparticipating Transmittal Form 316 is no longer required when submitting your e-316.

SECTION VI - CLAIMS MADE COVERAGE REQUIREMENTS AND REPORTING

- A. GENERAL INFORMATION** Following cancellation, termination or nonrenewal of claims made coverage ("end of coverage"), a health care provider is required by Pennsylvania law to provide for claims made after the end of coverage. A primary insurer writing claims-made medical professional liability insurance is required by Pennsylvania law to offer such coverage for a period of 60 calendar days after the end of coverage. The coverage offered must provide for a reporting period of unlimited duration.

- B. EXTENDED REPORTING COVERAGE** Contemporaneous with the end of coverage of a claims made policy, a health care provider must secure coverage for claims that are made against them after the date of policy expiration. Coverage can be obtained from the primary insurer of the expiring policy, often referred to as "tail coverage", or from a new insurer authorized to write medical professional liability insurance in Pennsylvania providing policy retroactive dates that cover the expiring coverage time periods, often referred to as "nose coverage".

C. REPORTING EXTENDED REPORTING COVERAGE GENERALLY Mcare recognizes two types of tail coverage for Mcare reporting and coverage purposes; both types must provide for a reporting period of unlimited duration. Please select from one of the following two options when reporting tail coverage:

Extended Reporting Period (ERP) – this type of tail coverage shares the aggregate limit of the claims made coverage that is ending.

Stand-Alone (SAT) – this type of tail coverage does not share the aggregate limit of the claims made coverage that is ending. Rather, this type of tail coverage provides the HCP a new aggregate limit.

To report tail:

1. Enter the entirety of the HCP’s claims made exposure in the From Date and To Date fields; the From Date should match the Retro Date.
2. Enter “ERP” or “SAT” in the Policy Type field.
3. Complete all other applicable coverage information.
4. Enter “End” in the Comment field.

**Jane Q. Doctor was cancelled effective 7/01/23

D. REPORTING EXTENDED REPORTING COVERAGE WITH A RETROACTIVE DATE PRIOR TO JANUARY 1, 1997 Prior to January 1, 1997, the assessment was based on the cost of the basic insurance coverage and not the prevailing primary premium. Thus, when there was an end of coverage for claims-made coverage, a surcharge was paid on the extended reporting coverage. Given the passage of time, claims that would be reported with incident dates prior to January 1, 1997 would not require basic insurer premium and thus Mcare will not require a surcharge for tail coverage with a retroactive date prior to January 1, 1997.

E. INTERIM TAIL (IT) is a code available in the policy type field of the e-216 that was created by Mcare to accommodate insurers who are providing Rolling IBNR. IT is provided in recognition of this underwriting practice and it is to be used when reporting Rolling IBNR coverage to Mcare. IT is not a substitute for an ERP or SAT tail; a tail of unlimited duration must ultimately be reported for any claims-made policy, as stated previously in this section. IT is a placeholder, and indicates that the insurer is providing an extended reporting period that will later be reported as ERP or SAT. IT is used in situations where a roster of departed health care providers continues to be covered on a master policy by Rolling IBNR coverage prior to being reported with a tail of unlimited duration.

IT does not provide renewed per occurrence or aggregate Mcare limits. As with ERP, IT shares the aggregate limit remaining of the last reported claims-made coverage for that period at the Mcare layer. The insurer may elect to provide refreshed primary limits.

To report Interim Tail:

1. Enter the entirety of the HCP's claims-made coverage period in the From Date and To Date fields. The From Date should match the Retro Date and the To Date should match the date that the HCP left the group.
2. Enter "IT" in the Policy Type field.
3. Complete all other applicable coverage information.
4. Enter "End" in the Comment field.
5. Enter a Related Number in the Related License or Assigned Number field.

IT should be reported along with a cancellation when an HCP leaves a master policy mid-term. Differing from ERP and SAT, IT must be reported annually with each policy renewal following an HCP's departure; this indicates to Mcare that the HCP is still covered by Rolling IBNR and that the insurer has not yet issued an ERP or SAT, which provides a tail of unlimited duration.

It is possible for Rolling IBNR exposures to move from one insurer to another. In such circumstances, the new insurer should continue reporting IT annually if a tail of unlimited duration has not yet been obtained. Be advised that the last insurer to report IT coverage will be responsible for providing tail coverage for prior claims made coverage as if it had been reported to Mcare as an unlimited tail.

Please reach out to your assigned Mcare Coverage Specialist to discuss Rolling IBNR coverage and how to report IT coverage.

SECTION VII - DEFINITIONS

When completing the necessary forms and/or worksheets, it is important that you keep the following definitions in mind:

Beds

The number of beds equals the daily average number of occupied beds, cribs, and bassinets used for patients during the previous policy period. The unit of exposure is each bed, computed by dividing the sum of the daily numbers of beds, cribs, and bassinets used for patients for each day of the policy period, by the number of days in such period.

Convalescent Facilities

Convalescent Facilities are separately licensed nursing homes which provide skilled nursing care and treatment for patients requiring continuous health care, but do not provide any hospital services (such as surgery) and 50% or more of their patients are 65 and under.

Extended Care

All beds located within a hospital, licensed by the state and utilized for patients requiring either skilled nursing care or the supervision of skilled nursing care on a continuous and extended basis.

Outpatient Surgical

Outpatient Surgical Facilities are facilities that provide surgical procedures on an outpatient (same day) basis. Beds are used primarily for recovery purposes, and overnight stays, if any, are the exception.

Skilled Nursing Facilities

Skilled Nursing Facilities are separately licensed nursing homes which provide the same service as a Convalescent Facility, except that 50% or more of their patients are over 65.

Visits

The number of visits equals the total number of visits to the institution (regardless of the number of visits to particular departments within such institution) by outpatients (patients not receiving bed and board services), during the previous policy period. The unit of exposure is 100 visits each.
