2. Medical examination form – Approximately ninety (90) days prior to the Date of Availability of Resident's ILA, a medical form will be distributed to Resident which must be completed by a physician at Resident's expense, and immediately returned to Acts. All residents are required to have a designated physician prior to moving into the community.

The current Entrance Fee, less a sum equal to two percent (2%) per month, or fraction thereof, of the amount of such Entrance Fee for each month this Resident Contract has been in force, commencing from the Date of Availability.

11.2 Relocation From Residential Unit to Another as Required by Company

Company reserves the right to make all necessary arrangements and adjustments regarding residence not otherwise specifically provided in this Resident Contract. Company may relocate Resident to a different residential unit in the Retirement Community, substantially similar to that selected by Resident, if it determines that such a move should be made for the benefit of Resident or for the proper operation of Retirement Community, as determined by Company. In the event Resident is directed to relocate, Company shall be responsible for all reasonable moving and relocation expenses. Resident shall execute an addendum which shall reflect all changes in the Monthly Rate.

11.3 Transfer to Assisted Living Residence, Skilled Care Center, or Outside Facility

(a) Conditions of Continued Occupancy

Resident shall have the right to occupy the Residential Unit for so long as Resident satisfies the health and other Conditions of Continued Occupancy.

(b) Decision to Transfer

(i) Authority to Transfer

Company may transfer Resident from and between the Residential Unit and Skilled Care Center or Assisted Living Residence, or any other appropriate care facility, if it determines that such a move should be made because of the health and/or welfare of the Resident, for the proper operation of the Retirement Community, to comply with regulations of the Pennsylvania Department of Public Welfare, the Pennsylvania Department of Health, local regulations of the Fire Department, or any other duly constituted authority or agency, or to otherwise meet the requirements of law.

(ii) Role of Company's Utilization Review Committee

The decision as to whether a transfer shall be deemed temporary or permanent shall be made by Company's Utilization Review Committee. The Utilization Review Committee shall consider the opinion of Resident and the advice of a family representative, if available, and, if requested and at the Resident's expense, a private physician. The opinion of Resident and the advice of family and Resident's physician is advisory only and shall not be binding on Company. The Utilization Review Committee's decision regarding the temporary or permanent nature of any transfer may be made at any time. Upon a determination by Company's Utilization Review Committee that Resident is no longer capable of meeting the health or other requirements for Occupancy of the Residential Unit, Resident or Resident's next of kin, Legal Representative or agent acting on Resident's behalf, will be notified by Company that arrangements will be made for Resident's immediate transfer to an Assisted Living Residence, a Skilled Care Center or other appropriate care facility.

(c) Transfer to Assisted Living Residence

When Resident is in need of Assisted Living Services as determined by Company's medical director and/or the Utilization Review Committee and does not need Routine Nursing Care Services, Resident may be transferred permanently to Company's Assisted Living Residence, if available, or other facility providing Assisted Living Services. If there is no Co-Resident in the Residential Unit, Resident will, within thirty (30) days, Surrender the Residential Unit. The Residential Unit then occupied by such Resident shall be declared vacant and Company may reassign the Residential Unit to another person.

(d) Transfer to Skilled Care Center

When Resident is in need of Routine Nursing Care Services as determined by Company's medical director and/or the Utilization Review Committee, Resident will be moved to a shared accommodation in the Skilled Care Center or other facility providing Routine Nursing Care Services under this Resident Contract. Upon request, Resident may have access to a private room, if available, in Company's Skilled Care Center for which an additional fee may apply. If, after continued evaluation, it is determined by Company that Resident cannot return to his/her Residential Unit, and if there is no Co-Resident in said accommodation, Company may declare the Residential Unit vacant, and may reassign the Residential Unit to another person. Resident will, within a thirty (30) day period after such decision has been made, Surrender the Residential Unit.

(e) Transfer to Outside Facility

If it is determined by Company's medical director and/or Company's Utilization Review Committee that Resident cannot be cared for within the scope of the services Company provides in the Retirement Community, or Resident cannot otherwise meet the Conditions of Continued Occupancy, and if there is no Co-Resident in the Residential Unit, Company may declare the transfer permanent and the Residential Unit vacant and reassign the Residential Unit to another person. Resident will, within a thirty (30) day period from the date the decision is made, Surrender the Residential Unit and have all personal possessions removed from it.

(i) Temporary Transfer

During any temporary transfer to a hospital or outside facility, Resident shall continue to pay the Monthly Rate and shall be responsible for all costs and charges related to the transfer to and occupancy of the outside facility or hospital except as provided in Subsection 6.12.

(ii) Permanent Transfer

Upon permanent transfer to an outside facility, and after Surrender of the Living Accommodation, the obligation to pay the Monthly Rate shall end and this Resident Contract shall terminate. Any refund due shall be paid in accordance with the refund provisions of this Resident Contract. In the event of Shared Occupancy, this Resident Contract shall not terminate and Co-Resident shall pay the Monthly Rate until the permanent transfer or discharge of all Co-Residents from the Retirement Community and Surrender of the Living

Accommodation. Resident is obligated to pay all costs and charges related to the transfer to and occupancy of any outside facility or hospital except when Resident is transferred to an outside assisted living or skilled care provider because of the unavailability of a bed or room in Retirement Community.

(f) Release of or Return to Residential Unit After Transfer

(i) Temporary Transfer

If Resident is admitted temporarily to Company's Skilled Care Center, Assisted Living Residence, or a hospital or other outside facility, with a medical prognosis of recovery and return to health consistent with the Conditions of Continued Occupancy, then Resident shall retain Occupancy of the Residential Unit for the purpose of resuming residency. During any period of temporary transfer, Resident shall continue to pay the applicable Monthly Rate for the Residential Unit. Resident may return to the Residential Unit which has been retained in accordance with the terms of this provision at such time as Company determines that Resident can satisfy the Conditions of Continued Occupancy.

(ii) Permanent Transfer

If Resident is permanently transferred to Company's Skilled Care Center, Assisted Living Residence, or a hospital or other appropriate outside facility, Resident shall Surrender the Residential Unit within thirty (30) days of written notice of Company's decision to permanently transfer Resident. If Company, with the advice of Company's medical director, determines that Resident subsequently has recovered sufficiently to satisfy the Conditions of Continued Occupancy of a residential unit, Resident, upon request, shall be eligible for consideration to receive the next available residential unit with a floor plan comparable to the one relinquished, provided Resident repays Company any amounts refunded to Resident under the Resident Contract and pays the applicable Monthly Rate.

SECTION 12. Company's Policy Concerning Financial Difficulty

It is the policy of Company that Resident shall not be dismissed nor his/her Resident Contract terminated solely because of Resident's financial inability to continue to pay all or part of the Monthly Rate. However, Resident's acceptance into Company has been based on the accuracy of facts recorded on Resident's financial statement, by which facts Company determined that Resident was able

to meet all the financial obligations specified within this Resident Contract. If, in the opinion of Company, Resident either has misrepresented information on the financial statement or in any way weakens, through omission or commission, his/her ability or the ability of his/her personal estate to satisfy his/her financial obligations under this Resident Contract, because Resident has made gifts of real or personal property or any imprudent financial transactions after submitting the financial statement and/or after acceptance into Retirement Community, Company reserves the right to terminate this Resident Contract.

12.1 Failure to Make Payments

If Resident fails to make any of the Monthly Rate payments at the required time, or to pay any other amounts shown on the monthly statement within thirty (30) days after the first day of the month, then Company may give written notice to Resident to pay all such amounts and furnish most recent financial records. If Resident fails to comply with such notice, Company may terminate this Resident Contract, and shall provide Resident with the refund, if any, set forth in Section 14, less any outstanding balances or financial obligations.

12.2 Subsidy by Company

Should Company subsidize Resident's Monthly Rate, Resident agrees that any property which was his/hers at, or subsequent to the date of this Resident Contract, and remaining in his/her possession at death, is to be transferred to Company for the purpose of repaying (at least to the extent of the value of such property) an amount equal to the aggregate amount of subsidy furnished by Company during the period of residency. If the value of Resident's possessions/property exceeds the aggregate amount of subsidy furnished by Company, all excess proceeds will be returned to Resident's estate. This Resident Contract shall operate as a grant, assignment, transfer and conveyance to Company of such property, and Resident hereby grants to Company a security interest in such property, all of which may be enforced as a claim against Resident's estate, and to effect such assignment and to enable Company to enforce such claim, Resident shall execute such further documents, instruments or contracts, such as stock powers, Uniform Commercial Code financing statements, deeds, bills of sale and the like, as Company shall deem necessary or appropriate to protect or perfect its rights, interest and claims granted in this subsection. Company may, from time to time, request financial statements from any Resident whose Monthly Rate is subsidized by Company. This subsection shall apply whether or not Resident is in residence at Retirement Community at time of death and shall survive termination of the Resident Contract.

12.3 Special Consideration

Without in any way qualifying the right of Company to terminate this Resident Contract, if the sole reason for non-payment is insufficient funds,

beyond the control of Resident, the matter will be reviewed by Company with Resident. If Resident presents facts which justify special financial consideration, Company may solely at its discretion, partly subsidize Resident's Monthly Rate provided that such subsidy can be granted without impairing the ability of Company to meet and continue its objectives while operating on a sound financial basis. All determinations made by Company shall be regarded as a confidential transaction between Company and Resident except for reports required by regulatory or other government bodies.

12.4 Reduction of Income

Resident believes that his/her sources of income are adequate to meet his/her financial responsibility to Company and to meet and pay any additional costs to Resident, and to pay personal and incidental expenses during the period of residency. If Resident's sources of income do not meet these requirements, Resident may be required to relocate to a smaller unit in Retirement Community at discretion of Company, and Resident will make every reasonable effort to obtain assistance from family or other available means, and from public benefits, to the extent that Resident is eligible to receive them, including, but not limited to federal, state or county aid or assistance, Aid to the Blind, Veterans' Pension, etc. Resident agrees that he/she will apply for and diligently seek such benefits.

SECTION 13. Termination of Resident Contract

13.1 Termination by Resident Prior to Occupancy

If Resident or Resident's Legal Representative notifies Company in writing of his/her election to withdraw or terminate this Resident Contract before Resident takes Occupancy, this Resident Contract with said Resident shall automatically be terminated. If Resident dies before the Date of Availability, or if, through illness, injury, or incapacity, Resident is precluded from taking Occupancy and becoming a Resident under the terms of this Resident Contract, the Resident Contract shall be automatically rescinded. The Resident or his/her designated beneficiary shall receive a refund, in accordance with Section 14 of this Resident Contract.

13.2 Termination By Resident During Transition Period

Resident or Resident's Legal Representative may terminate this Resident Contract within thirty (30) days of execution of this Resident Contract by signing the attached Notice of Right to Rescind and delivering it to Company. After the lapse of the thirty (30) day rescission period and before the lapse of the Transition Period commencing on the earlier to occur of (i) the date Resident takes Occupancy or (ii) the Date of Availability of Residential Unit, Resident, or Resident's Legal

Representative, may terminate this Resident Contract by giving written and personally signed notice of termination to Company. Resident shall Surrender within a period of thirty (30) days from the date on which such notice is received by Company. The Resident Contract shall terminate on the date of Surrender. Resident shall be entitled to a refund, as provided in Subsection 14.1 of this Resident Contract.

13.3 Termination By Resident After Transition Period

Resident or Resident's Legal Representative has the right, at any time, to terminate this Resident Contract by delivery to Company of written notice of his/her intent to do so. The written notice need not cite a specific reason for the termination but it shall state a date, of not less than thirty (30) days or more than one hundred twenty (120) days, when the termination is to become effective, and on or prior to such date Resident shall Surrender the Living Accommodation. On the effective date of such termination, and contingent upon Surrender of the Living Accommodation, Resident's obligation to continue Monthly Rate payments shall cease and Resident shall be entitled to a refund, if any, as provided in Subsection 14.2 of this Resident Contract.

13.4 Termination by Death of Resident

Unless sooner terminated by its own provisions, this Resident Contract shall terminate at death of Resident, whereupon all obligations of Company under this Resident Contract, other than those relating to the removal of Resident's personal property, shall cease. At the death of Resident, Resident shall have no further rights in the Living Accommodation, and the Company shall have immediate access to the Living Accommodation. The removal of any personal effects of Resident in the Living Accommodation or from storage shall be the responsibility of Resident's executor, administrator, or Legal Representative, or of other persons entitled by law to receive them. Company will hold such personal effects for a period not to exceed thirty (30) days, but Company is not responsible for loss or damage to personal property in its possession. At the death of Resident, all Entrance Fee refunds, excess Monthly Rate payments (prorated daily to the date of Surrender), and any other funds deposited with Company under this Resident Contract shall be refunded in accordance with Section 14 of this Resident Contract.

In the event removal of Resident's personal possessions is not accomplished within thirty (30) days, Company has the right to continue charging the Monthly Rate or charge for storage of Resident's personal possessions until such possessions have been removed from the Living Accommodation.

13.5 Limitations on Termination for Shared Occupancy

If any Co-Resident is precluded from taking Occupancy of the Residential Unit because of death, illness, injury or incapacity, this Resident Contract shall remain in full force and effect as to the other Co-Resident(s), at the option of Co-Resident(s). The remaining Co-Resident(s) shall sign an addendum which changes the terms of this Resident Contract from Shared Occupancy to Single Occupancy, if applicable, and which reflects changes in the Entrance Fee and/or the Monthly Rate. As long as a Co-Resident continues to occupy any Living Accommodation within Retirement Community, the Resident Contract shall not terminate until the death, permanent transfer, discharge or voluntary departure of all Co-Residents from Retirement Community.

13.6 Termination by Company

Company may terminate this Resident Contract prior to Occupancy in accordance with Subsection 2.2 or after Occupancy for "just cause" (as described in Subsection 13.6(a)) based on the judgment of Company by providing Resident with at least thirty (30) days written notice. If such action is taken by Company, Resident will have a maximum of sixty (60) days from the date of Company's notice to Surrender the Residential Unit. On or before the termination date, Resident shall Surrender. On the date of Surrender, Resident's obligation to continue Monthly Rate payments shall cease and this Resident Contract shall terminate. Resident or Resident's designated beneficiary shall be entitled to receive a refund, if any, as provided in Section 14 of this Resident Contract.

(a) Just Cause

Just cause shall include, but not be limited to, (i) a default in payment (a default in payment occurs when monthly payments are not received in accordance with Section 9, (ii) the submission or omission of any material false information in the application documents and process, (iii) the failure of Resident to abide by Company's rules, regulations, policies and procedures, (iv) the breach of any of the other terms of this Resident Contract, or (v) a good faith determination in writing by Company that continued Occupancy by Resident creates a serious threat or danger to the life, health, safety or peaceful enjoyment of Resident or other residents or persons in Retirement Community.

In situations where continued Occupancy threatens the life, health, safety or peaceful enjoyment of the Resident or other residents, only such notice as is reasonably practicable under the circumstances will be provided to Resident or Resident's Legal Representative, and termination may be effective immediately.

13.7 Surrender

The obligation to pay the Monthly Rate shall continue until the Surrender of the Living Accommodation by Resident or by the estate or family or Legal Representative of Resident in the case of death. The Monthly Rate shall be prorated for the month of Surrender.

SECTION 14. Refunds of Entrance Fee

The refunds, if any, payable to Resident, if this Resident Contract is terminated in accordance with its terms are as follows:

14.1 Notice of Termination Prior to or During Transition Period

Entrance Fee payments will be refunded in full if this Resident Contract is terminated prior to Occupancy or within the thirty (30) day rescission, or if written notice of termination of this Resident Contract is received during the Transition Period and Resident Surrenders within thirty (30) days. The Entrance Fee refund will be reduced by any costs specifically incurred by Company at the request of Resident to the extent those charges were not paid by Resident.

14.2 Notice of Termination After Transition Period

In the event written notice of termination of this Resident Contract is received after the Transition Period and prior to death, Resident is entitled to a refund of the Entrance Fee paid less the Administrative Fee and less a sum equal to two percent (2%) per month, or fraction thereof, of the amount of the Entrance Fee paid less the Administrative Fee for each month this Resident Contract has been in force, starting on the first day of the month after the earlier of the date of Occupancy or Date of Availability, and ending on the date of Surrender. The Entrance Fee refund will be reduced by any costs specifically incurred by Company at the request of Resident to the extent those charges were not paid by Resident.

14.3 Termination by Death of Resident

(a) Prior to Occupancy or During Transition Period

In the event of the death of Resident before Occupancy or during the Transition Period, the Entrance Fee less those costs specifically incurred by Company at the request of Resident, (to the extent those charges were not paid by Resident), will be refunded to Resident's estate or to Resident's designated beneficiary.

(i) Shared Occupancy

In situations of Shared Occupancy, in the event of the death of a Co-Resident before Occupancy or during the Transition Period, Resident's estate or his/her designated beneficiary shall receive a refund of the difference between the Entrance Fee for Shared Occupancy and the Entrance Fee for Single Occupancy for the Residential Unit at the time of signing this Resident Contract.

(b) After Transition Period

If death should occur after the Transition Period, Resident is entitled to a refund of the Entrance Fee paid less the Administrative Fee and less a sum equal to two percent (2%) per month, or fraction thereof, of the amount of the Entrance Fee less the Administrative Fee for each month this Resident Contract has been in force, starting on the first day of the month after the earlier of the date of Occupancy or Date of Availability, and ending on the date of Surrender. If death occurs after the fifty (50) month amortization period, the Entrance Fee is not refundable and shall automatically become the exclusive property of Company upon the death of the Resident.

(i) Shared Occupancy

In situations of Shared Occupancy, the amount of the Entrance Fee less the Administrative Fee shall be assigned to the surviving Co-Resident in the event of the death of a Co-Resident.

14.4 Termination by Company

In the event that Company terminates this Resident Contract in accordance with Subsection 13.6, Resident shall be entitled to receive a refund, if any, for some or all of the Entrance Fee as provided in Subsection 14.1 if termination is prior to Occupancy or during the Transition Period or Subsection 14.2 if termination occurs after the Transition Period.

14.5 Designation of Beneficiary

Resident may designate a beneficiary for receipt of any refund of the Entrance Fee if: i) the designation is in writing, ii) the designation is witnessed by two or more competent witnesses, iii) the designation is noncontingent and iv) the designation is specified in percentages and accounts for 100% of any refund due.

14.6 Timing of Refund Payments

Prior to Occupancy, any refunds of the Entrance Fee shall be made within sixty (60) days of the Company's receipt of Resident's written notice of intent to cancel the Resident Contract. After Occupancy, any refund of the Entrance Fee shall be made within one hundred twenty (120) days of the effective date of termination of this Resident Contract, or death.

14.7 Deductions from Entrance Fee Refund

(a) Deductions for Subsidy

In the event that Company approves subsidy for Resident in accordance with Section 12 of this Resident Contract, Company, in its sole discretion, may deduct from any refund of the Entrance Fee amounts equivalent to the amount of any subsidy provided to the Resident.

(b) Deductions for Amounts Due on Monthly Statement

Any amounts due and unpaid as reflected on Resident's monthly statement will be deducted from any Entrance Fee refund.

14.8 Release of Obligation

Upon termination of this Resident Contract, Company is released from any further obligations to Resident except for the payment of any refund which may be due under this section. Resident is released from any further obligations except for the payment of any amounts due Company, including the repayment of any financial assistance, the payment of the Monthly Rate until Surrender and the recovery of all personal property.

SECTION 15. Rights and Obligations of Resident as to Property

The rights and obligations of Resident as to property are as follows:

15.1 Right to Real Property

The rights and privileges of Resident do not include any rights, title or interest whether legal, equitable, beneficial or otherwise, in or to any part of the real property, including land, buildings and improvements owned or administered by Company, except the right granted to Resident to take Occupancy of the Residential Unit in accordance with the terms of this Resident Contract. Resident shall have no interest in the real property of the Company. Resident's rights are primarily for services, and this Resident Contract does not create the relationship of Landlord and Tenant and it does not confer any legal or equitable ownership or other interest in the real property or in Company itself. Any rights, privileges or benefits

arising under or related to this Resident Contract shall be subordinate and inferior to all mortgages or deeds of trust on any of the premises or real properties of Company, previously or subsequently given, to secure any loans or advances made to Company or its successors, now outstanding or made in the future, and subordinate and inferior to all amendments, modifications, replacements, or refundings. Resident agrees that, upon request of Company, or the holder of any such instrument, he/she will execute and deliver any document which is alleged to be necessary or required to effect or evidence such subordination.

15.2 Right to Personal Property of Company

As in the case of real property, Resident has no right, title or interest, legal, equitable, beneficial or otherwise in or to any part of the personal property owned by Company, and this includes carpets, window blinds, appliances, kitchen cabinets, and fixtures in the Living Accommodation, even if upgraded at Resident's cost.

15.3 Responsibility for Damages

Any loss or damage to real or personal property of Company, caused by the negligence of Resident, Resident's guests or Resident's pet, shall be charged to and paid for by Resident. Similarly, if any negligence of any of the above-mentioned results in injury, illness or damage to any other resident, Company assumes no responsibility and Resident hereby releases and discharges Company from any injury to Resident or damage to Resident's personal property caused by the fault or negligence of other residents of Company or of their guests or pets.

15.4 Responsibility for Protection of Resident's Property

Company shall not be responsible for the loss of any personal property belonging to Resident due to theft, fire, or any cause, unless said property is specifically entrusted in writing to the care and control of Company, and then only for lack of ordinary care to safeguard, and account for, such property. Company is not responsible for personal injury to other residents or guests within Resident's Residential Unit. Resident shall have the responsibility, at his/her own expense, of providing and maintaining a standard property and liability insurance policy as deemed necessary by Company, and to file a copy of said policy detailing the coverages with Company's administrative office.

15.5 Removal of Resident's Personal Property

If the Residential Unit is vacated under the terms of this Resident Contract, the contents of the Residential Unit must be removed within thirty (30) days. After the thirty (30) day period, Company shall have the right, at Resident's expense, to remove all personal property of Resident from his/her Residential Unit, and store the same, at Resident's expense and

risk. If the property is stored in a commercial storage warehouse or commercial storage facility, Company shall have no responsibility for such property during transfer or after it has been placed in storage, and Resident, or Resident's estate, shall be liable for all moving and storage fees incurred.

SECTION 16. Arrangement for Guardianship, Resident's Estate and Burial

16.1 Advance Directives and Power of Attorney Requirements

Resident, no later than the Date of Availability shall inform Company of his/her decision regarding advance directives stating Resident's wishes concerning the type and extent of medical care he/she receives if he/she is unable to make wishes known. Resident who has executed advance directives shall provide to Company a copy of such document no later than Date of Availability.

Likewise, Resident, no later than the Date of Availability, shall appoint a power of attorney to act on Resident's behalf in the event Resident is unable to represent him/herself. A copy of the power of attorney will be provided to Company no later than the Date of Availability.

16.2 Legal Guardian

If Resident becomes incapacitated or unable to properly care for self or property, and no representative has been lawfully designated to act on behalf of Resident or no lawfully designated representative is available or willing and able to act on behalf of Resident, then Company may institute legal proceedings to adjudge Resident incapacitated and have a guardian appointed for Resident's estate and person or both. Resident authorizes Company to nominate a legal guardian to serve subject to court approval, and Resident releases Company from any liability related to the nomination. All costs of such legal proceedings, including counsel fees, shall be paid by Resident or the legally appointed guardian of Resident's estate.

16.3 Burial Plans

Company does not provide any burial or funeral benefits or services. Resident agrees to arrange for and take care of all such plans and costs.

SECTION 17. Non-Transferable

The rights and privileges of Resident under this Resident Contract to a Living Accommodation, facilities, services and medical care are personal to Resident and cannot be transferred or assigned by act of Resident, or by any proceeding at law, or otherwise. If any person, other than the person(s) who have/has signed

this Resident Contract, commence(s) to live in Resident's Living Accommodation without following the proper procedure established by Company, then, Company may immediately terminate this Resident Contract.

SECTION 18. Notice

All notices to be given in accordance with this Resident Contract shall be deemed to have been properly given if and when delivered personally or sent by mail as follows:

To Company: _____

_____

_____

To Resident (before taking Occupancy):

SECTION 19. Average Annual Cost of Providing Services

The average annual cost to Company of providing to Resident the care specified in the Resident Contract is reflected in the disclosure statement which will be made available to Resident.

SECTION 20. Right of Self-Organization

All residents living in the Retirement Community shall have the right of self-organization and may meet privately at the Retirement Community to conduct business. The Board of Directors or a designated representative shall meet quarterly with the residents of the Retirement Community for the purpose of free discussion of subjects which may include, but are not limited to income, expenditures and financial matters as they apply to Company and the Retirement Community and proposed changes in policies and services. Company shall provide residents with at least seven (7) days notice of each quarterly meeting.

SECTION 21. Waiver

No act, agreement, or statement of any Resident, or other individual purchasing care for a Resident under this Resident Contract or under any contract to furnish care to Resident shall constitute a valid waiver of any provision of any

Pennsylvania Statute enacted and intended to benefit or protect the residents of the Retirement Community, or any individual purchasing care for such residents.

SECTION 22. Arbitration

22.1 Procedural Rules

Any controversy, dispute or disagreement arising out of or relating to this Resident Contract, or concerning any rights arising under this Resident Contract or a breach of this Resident Contract, may be settled by voluntary arbitration. This arbitration shall be conducted on Company's property in accordance with the American Health Lawyers Association ("AHLA") Alternative Dispute Resolution Service Rules of Procedure for Arbitration. The decision shall be final, binding and non-appealable, and any court having proper jurisdiction may enter judgment on the award rendered by the arbitrator.

22.2 Time Limit for Arbitration

Any request for arbitration of a dispute must be requested and submitted to AHLA or an alternate neutral arbitration service selected by Company if AHLA is unable or unwilling to serve, prior to the lapse of two (2) years from the date on which the event giving rise to the dispute occurred. In the event AHLA is unable or unwilling to serve, then the request for arbitration must be submitted to Company within thirty (30) days of receipt of notice of AHLA's unwillingness or inability to serve as a neutral arbitrator. Company shall select an alternative neutral arbitration service within thirty (30) days thereafter and the selected arbitration agency's procedural rules shall apply to the arbitration proceeding. The failure to submit a request for Arbitration to AHLA or an alternate neutral arbitration service selected by Company within the designated time (i.e., two (2) years) shall operate as a bar to any subsequent request for arbitration, or for any claim for relief or a remedy, or to any action or legal proceeding of any kind or nature, and the parties will be forever barred from arbitrating or litigating a resolution to any such dispute.

SECTION 23. Uncontrollable Interruption of Services

In the event that Company is unable to fulfill any of its obligations under the Resident Contract resulting from an interruption of, or failure to provide, contracted services due to an act of God or other cause beyond the reasonable control of Company, specifically including labor strikes or other forms of labor disturbances, and/or embargoes, fire, flood, earthquakes, inclement weather or acts of the Resident, then Company shall not be liable or responsible for any personal injury to Resident or damage to Resident's property arising from any such event. Company will make every effort to provide the usual services in such event and Resident shall continue to pay the Monthly Rate.

SECTION 24. Miscellaneous

24.1 Entire Resident Contract

This Resident Contract, together with the application form, financial statement and medical records, including applicable signed amendments, constitute the entire Resident Contract between Company and Resident. Resident warrants that all representations are true and correct. Company is not liable and shall not be bound by any statements, representations or promises made by any person representing or purporting to represent Company, unless such statements, representations or promises are set forth in this Resident Contract.

24.2 Policies, Procedures, Rules and Regulations

Resident will observe all policies, procedures, rules and regulations which Company shall adopt for the convenience, comfort, safety and well-being of all Residents and the Retirement Community, which are subject to change from time to time.

(a) Policy Regarding Alcoholic Beverages

Resident and guests shall refrain from drinking alcoholic beverages in all common areas, except in certain designated areas as defined by Company, which are subject to change.

(b) Smoke-Free Policy

Resident and guests shall refrain from smoking in the Retirement Community, including the Living Accommodation, common areas and grounds, except in the designated areas, which are subject to change.

24.3 No Waiver

Any failure by Company to exercise any right or remedy under this Resident Contract shall not be construed as a waiver of the right to exercise the same or any other right at any time, or from time to time thereafter.

24.4 Invalidity, Unenforceability

If any portion of this Resident Contract shall, for any reason, be held to be invalid or unenforceable in any jurisdiction in which it is sought to be enforced, such invalidity and unenforceability shall not affect any other provision of this Resident Contract, and it shall be construed as if such invalid or unenforceable provision were omitted.

24.5 Amendments

This Resident Contract may be amended only in writing executed by both Resident and Company's corporate officers.

24.6 Section Headings

Section headings are for reference purposes only.

24.7 Binding Effect

This Resident Contract shall be binding upon, and inure to, the benefit of Company and Resident, and their respective successors, permitted assigns and Legal Representatives.

24.8 Counterparts

This Resident Contract may be executed in two or more counterparts, each of which shall be deemed an original, but all of which, when taken together, shall constitute but one Resident Contract.

24.9 Pennsylvania Law

All matters affecting the interpretation of this Resident Contract and the rights and obligations of the parties hereto shall be governed by and construed in accordance with the laws of the Commonwealth of Pennsylvania.

24.10 Receipt of Copy of Resident Contract and Disclosure Statement

6.2 Assisted Living and Routine Nursing Care Services

As part of the Monthly Rate applicable to the Assisted Living Residence and Skilled Care Center, Company shall provide, or make available, in accordance with Resident's needs, Assisted Living Services in private accommodations and Routine Nursing Care Services in shared accommodations. In the event that those services are provided on the campus of Retirement Community, Resident shall sign an admission contract upon transfer to either the Assisted Living Residence or Skilled Care Center, which contract(s) will supplement the terms of this Resident Contract. In the event that any payment provision of the admission contracts in the Assisted Living Residence or Skilled Care Center are in conflict or inconsistent with any terms or provisions of this Resident Contract, then this Resident Contract shall control and govern the relationship between Resident and Company. After the two (2) months of temporary transfer,

Resident shall pay the Monthly Rate applicable to the Assisted Living Residence, which is also subject to periodic increases. The Monthly Rate shall cover Assisted Living Services. (b) Assignment of Required Insurance and Third Party Payments

Resident assigns and transfers over to Company all rights of Resident to required public and private insurance and benefits to the extent necessary to pay Company for services provided to Resident under this Resident Contract. If Resident becomes eligible to receive payment from any third party for services provided under this Resident Contract by Company, Resident shall at all times cooperate fully with Company and each third party payor so that Company may make claim for and receive any applicable third party payments. Resident authorizes Company to make any and all claims for such insurance and benefits and agrees to execute all documents necessary to enable Company to collect or enforce such claims. If for any reason Company cannot apply directly for such benefits, Resident shall from time to time apply for the payments for services provided by Company to which Resident is entitled under applicable insurance benefit programs, and pay to Company the benefits received within ten (10) days of payment by the third party payor.

(c) Enrollment in a Health Maintenance Organization ("HMO") or Other Managed Care Plan

Resident may only enroll in a health maintenance organization ("HMO") or other managed care plan for which Company is a network or participating provider, unless Company provides prior written consent. Prior to enrolling in any HMO or managed care plan, Resident shall sign an addendum identifying the plan and reflecting Company's approval or disapproval. In the event that Resident subscribes to an HMO or other managed care plan, including a managed care plan that provides Medicare benefits, and Company is not a participating provider in Resident's managed care plan, Company may elect, at its option, to attempt to negotiate a contract with and obtain payment from Resident's managed care plan for covered services to be provided by Company. If Company is or becomes a network provider in Resident's managed care plan, Company reserves the right to withdraw from participation as a network provider. If Resident's managed care plan and Company do not reach an agreement on the terms under which services would be provided, or if the Resident's managed care plan does not agree to provide payment for covered services provided by Company or if Company withdraws from participation in Resident's managed care plan, Resident shall either transfer to and receive services from a participating provider in Resident's managed care plan or shall pay Company, in addition to the Monthly Rate, the daily rate for Routine Nursing Care Services which would have been covered by Medicare indemnity coverage, but only for the limited period of time during which Medicare or other required insurance coverage would have been available. (d) Long Term Care Insurance

Company does not require Resident to maintain a long term care insurance policy. However, if Resident maintains such a policy, Company will assist Resident in making claims for such insurance benefits in accordance with Company's prevailing policy and procedures. If insurance benefits are received directly by Company, Company will apply proceeds to Resident's future Monthly Rate and

ancillary charges. After all such charges have been paid to Company, the balance of any insurance benefits will be refunded to Resident.

6.8 Transfer to Hospital or Other Specialized Service Facility

Company does not provide ambulance services, hospital care, acute care, Transitional Care or Subacute Care or other services provided by a Special Service Facility. If Resident suffers an accident or illness while away from Retirement Community, Company will have no responsibility to pay for Resident's medical, surgical, hospital or nursing care obtained offsite; however, after Resident returns to Retirement Community, Company shall assume its responsibility to provide those services as specified in this Resident Contract that are deemed necessary by Company.

6.10 Accident or Illness Caused by Others

In the event Resident is physically injured by an individual or entity not a party to this Resident Contract, Resident grants to Company a right of subrogation, and authorizes Company to bring such demands, claims or legal proceedings in the name of or on behalf of Resident for purposes of recovering from any third party or third party's insurer responsible for Resident's injury, the dollar value of all care provided by Company to Resident as a result of any such injury. Resident shall cooperate and sign any documents necessary to facilitate Company's ability to exercise its subrogation right. After all costs and expenses incurred by Company (including legal fees and cost of care furnished to Resident by Company because of such injury) have been reimbursed to Company through subrogation, the balance of any recovery, will be refunded to Resident.

6.11 Limitations on Care

Company is not designed to care for persons who abuse alcohol or drugs or who require specialized psychiatric care or service not authorized or permitted under the skilled care or assisted living licensing regulations. If Company determines that Resident's continued presence in Retirement Community is either dangerous or detrimental to the health, safety or peace of Resident or other residents, then Company may temporarily transfer Resident to an appropriate institution of Company's choosing and Resident shall continue to pay the Monthly Rate directly to Company. Company will then be responsible to pay to the institution an amount that shall not exceed the Company's prevailing daily rate for shared accommodations in the Skilled Care Center. Any additional charges

beyond the amount paid by Company are the obligation of and shall be paid by Resident. If Resident prefers an institution other than that chosen by Company, Company will then be responsible to pay the lesser of the Company's daily rate for shared accommodations in the Skilled Care Center or the daily rate of the institution chosen by Company.

6.12 Responsibility of Company for Services Included in Monthly Rate

Resident shall not be liable to any health care provider for the cost of any services which are covered by Company under this Resident Contract and which are paid for by Resident through payment of the Monthly Rate. In the event that Company authorizes any health care provider to provide services, which Company is required to provide under this Resident Contract, Company shall assume responsibility for the payment of those health care services.

6.13 Privately Employed Private Duty Contractors

Subject to the approval of Company, Resident may utilize the services of privately employed private duty contractors, or other licensed agencies unrelated to Company, who provide personal or health care services in the Residential Unit. Such services are subject to Company's prevailing policy and requirements, which are subject to change, and must be approved in advance and in writing by Company. Resident is responsible to pay for all such services. In exchange for Company's approval of Resident's utilization of a private duty contractor or other licensed agencies unrelated to Company, Resident releases Company from any liability for the acts or omissions of any individual or agency providing services to Resident in the Residential Unit. Live-in companions, whether paid or unpaid by Resident are not permitted, except with Company's advance written consent.

6.14 Change in Ancillary Fee Schedule

The Ancillary Fee Schedule associated with services not included in the Monthly Rate may be modified by Company from time to time with sixty (60) days advance written notice of any changes, except for changes required by State or Federal assistance programs.

SECTION 7. Application Fee and Priority List Deposit

7.1 Application Fee

Resident has paid to Company a non-refundable Application Fee at the time of submitting an application and executing the priority list contract.

7.2 Priority List Deposit

Resident has paid to Company a Priority List Deposit at the time of submitting an application and executing the priority list contract. Payment of the Priority List Deposit, along with the submission of the priority list contract places the Resident on the priority list. The Priority List Deposit will be applied as a credit toward the Reservation Fee.

SECTION 8. Entrance Fee

8.1 Purpose and Use

Company may use the Entrance Fee in any manner it deems appropriate and may apply it to any corporate purpose. Company is not holding any part of the Entrance Fee in trust for Resident and has not assumed and is not assuming any fiduciary obligation to Resident concerning the Entrance Fee or any other amounts paid for admission to or continued Occupancy in the Retirement Community.

8.2 Payment Schedule

(a) Reservation Fee

Upon execution of this Resident Contract, Resident shall pay a Reservation Fee. The Reservation Fee is equal to ten percent (10%) of the Entrance Fee, less the Priority List Deposit.

(b) Final Payment

Upon the Date of Availability or Occupancy, whichever is earlier, Resident shall pay the remaining balance of the Entrance Fee.

8.3 Right to Establish Entrance Fee

Company reserves the right to establish Entrance Fee rates and Monthly Rates (as described in Section 9) of a different amount for persons being admitted for Occupancy after the date hereof, and the rates charged such other persons need not be uniform with or proportional to those charged to Resident under this Resident Contract. The Entrance Fee amount, as defined in this Resident Contract, shall not be increased or changed during the duration of the agreed upon care, except for changes required by State or Federal assistance programs or regulations, or if Resident changes from the Residential Unit to another residential unit (as described in Subsection 11.1).

8.4 Administrative Fee and Amortization of Entrance Fee

(a) Administrative Fee

An Administrative Fee in an amount equal to five percent (5%) of the Entrance Fee is non-refundable after the Transition Period and will be retained by Company.

(b) Amortization of Entrance Fee

After deducting an Administrative Fee, which is five percent (5%) of the Entrance Fee, the remaining Entrance Fee shall be amortized by Company in the amount of two percent (2%) per month for a period of fifty (50) months from the date of Occupancy or Date of Availability, whichever is earlier. After the fifty (50) month period, there will be no refund of the Entrance Fee.

SECTION 9. Monthly Rate

9.1 Standard Monthly Rate

In addition to the other amounts paid by Resident to Company under this Resident Contract, Resident will pay to Company the standard Monthly Rate established for the Residential Unit, or the Monthly Rate applicable to the Assisted Living Residence and Skilled Care Center, whichever is applicable.

9.2 Adjustments in the Monthly Rate

The Monthly Rate may be adjusted from time to time. Company shall provide at least sixty (60) days written notice of such change unless such change is required by State or Federal assistance programs or regulations.

9.3 Payment and Due Date

The Monthly Rate is billed in advance and shall be due and payable within five (5) days of the date of Resident's monthly statement. The obligation to pay the Monthly Rate shall commence on the earlier to occur of (i) the date Resident takes Occupancy of the Residential Unit or other Living Accommodation or (ii) the Date of Availability, whether or not Resident moves in at that time. The Resident shall be billed on a monthly basis for all other charges, including but not limited to miscellaneous and ancillary charges or other services. Payment for all other charges shall be due with the Monthly Rate.

9.4 Service Charge for Late Payment

A service charge of one and one-half percent (1.5%) per month will be added to amounts past due in accordance with Company's prevailing policy. Resident is obligated to pay all reasonable attorneys fees and costs incurred relative to the collection of any amount past due.

SECTION 10. Co-Resident

10.1 Co-Resident's Fee Responsibility

In situations of Shared Occupancy, each Co-Resident shall be jointly and severally liable for all payments due under this Resident Contract. Upon the death of one or more Co-Residents, or should one or more Co-Residents leave the Retirement Community, any remaining Co-Resident(s) shall be responsible for payment of the applicable Monthly Rate and any other past or future charges.

10.2 Marriages/Additional Occupant

If Resident decides to marry/reside with a non-resident while occupying the Residential Unit and desires that the new spouse/additional occupant share the Residential Unit, the spouse/additional occupant must comply with the entrance procedure outlined in this Resident Contract and shall execute a then current version of the Resident Contract. The spouse/additional occupant shall pay an Entrance Fee equal to the then current Entrance Fee for the smallest residential unit in the Retirement Community at the time the spouse/additional occupant takes Occupancy. The prevailing Monthly Rate for Shared Occupancy will commence on the day the spouse/additional occupant moves into the Residential Unit. In the event the spouse/additional occupant is not accepted as a new Resident, Resident may terminate the Resident Contract pursuant to Section 13 and receive any refund as set forth in Section 14.

SECTION 11. Relocation to a Different Living Accommodation or Outside Facility

11.1 Relocation From Residential Unit to Another as Requested by Resident

Upon Resident's written request and written approval of Company, the Resident may exercise a limited option to move from the Residential Unit to another in accordance with the Company's prevailing policy. Resident must notify Company in writing of the type of residential unit desired. Company reserves the right in its sole discretion to approve or deny requests to move. In the event Resident receives approval from Company to move to another residential unit, Resident shall sign an addendum to this Resident Contract reflecting all costs and charges related to exercising the option to move, including the Entrance Fee and Monthly Rate for the

selected residential unit. Resident may be required to pay a refurbishment fee as determined by Company in accordance with Company's prevailing policy.

(a) Relocation to Larger Sized Residential Unit

On the Date of Availability of the larger sized residential unit, an additional Entrance Fee will be paid. The additional Entrance Fee is equal to the difference between the Entrance Fee of the larger residential unit as of the time Resident first took Occupancy and the Entrance Fee paid for the smaller Residential Unit designated in Section 3.

(b) Relocation to Smaller Sized Residential Unit

Any refund of the Entrance Fee as a result of relocation to a smaller sized residential unit is calculated as the difference between:

(i) Present Residential Unit

The current Entrance Fee, less a sum equal to two percent (2%) per month, or fraction thereof, of the amount of such Entrance Fee for each month this Resident Contract has been in force, commencing from the Date of Availability, and

(ii) Proposed Residential Unit

The current Entrance Fee, less a sum equal to two percent (2%) per month, or fraction thereof, of the amount of such Entrance Fee for each month this Resident Contract has been in force, commencing from the Date of Availability.

11.2 Relocation From Residential Unit to Another as Required by Company

Company reserves the right to make all necessary arrangements and adjustments regarding residence not otherwise specifically provided in this Resident Contract. Company may relocate Resident to a different residential unit in the Retirement Community, substantially similar to that selected by Resident, if it determines that such a move should be made for the benefit of Resident or for the proper operation of Retirement Community, as determined by Company. In the event Resident is directed to relocate, Company shall be responsible for all reasonable moving and relocation expenses. Resident shall execute an addendum which shall reflect all changes in the Monthly Rate.

11.3 Transfer to Assisted Living Residence, Skilled Care Center, or Outside Facility

(a) Conditions of Continued Occupancy

Resident shall have the right to occupy the Residential Unit for so long as Resident satisfies the health and other Conditions of Continued Occupancy.

(b) Decision to Transfer

(i) Authority to Transfer

Company may transfer Resident from and between the Residential Unit and Skilled Care Center or Assisted Living Residence, or any other appropriate care facility, if it determines that such a move should be made because of the health and/or welfare of the Resident, for the proper operation of the Retirement Community, to comply with regulations of the Pennsylvania Department of Public Welfare, the Pennsylvania Department of Health, local regulations of the Fire Department, or any other duly constituted authority or agency, or to otherwise meet the requirements of law.

(ii) Role of Company's Utilization Review Committee

The decision as to whether a transfer shall be deemed temporary or permanent shall be made by Company's Utilization Review Committee. The Utilization Review Committee shall consider the opinion of Resident and the advice of a family representative, if available, and, if requested and at the Resident's expense, a private physician. The opinion of Resident and the advice of family and Resident's physician is advisory only and shall not be binding on Company. The Utilization Review Committee's decision regarding the temporary or permanent nature of any transfer may be made at any time. Upon a determination by Company's Utilization Review Committee that Resident is no longer capable of meeting the health or other requirements for Occupancy of the Residential Unit, Resident or Resident's next of kin, Legal Representative or agent acting on Resident's behalf, will be notified by Company that arrangements will be made for Resident's immediate transfer to an Assisted Living Residence, a Skilled Care Center or other appropriate care facility.

(c) Transfer to Assisted Living Residence

When Resident is in need of Assisted Living Services as determined by Company's medical director and/or the Utilization Review Committee and does not need Routine Nursing Care Services, Resident may be transferred permanently to Company's Assisted Living Residence, if available, or other facility providing Assisted Living Services. If there is no Co-Resident in the Residential Unit, Resident will, within thirty (30) days, Surrender the Residential Unit. The Residential Unit then occupied by such Resident shall be declared vacant and Company may reassign the Residential Unit to another person.

(d) Transfer to Skilled Care Center

When Resident is in need of Routine Nursing Care Services as determined by Company's medical director and/or the Utilization Review Committee, Resident will be moved to a shared accommodation in the Skilled Care Center or other facility providing Routine Nursing Care Services under this Resident Contract. Upon request, Resident may have access to a private room, if available, in Company's Skilled Care Center for which an additional fee may apply. If, after continued evaluation, it is determined by Company that Resident cannot return to his/her Residential Unit, and if there is no Co-Resident in said accommodation, Company may declare the Residential Unit vacant, and may reassign the Residential Unit to another person. Resident will, within a thirty (30) day period after such decision has been made, Surrender the Residential Unit.

(e) Transfer to Outside Facility

If it is determined by Company's medical director and/or Company's Utilization Review Committee that Resident cannot be cared for within the scope of the services Company provides in the Retirement Community, or Resident cannot otherwise meet the Conditions of Continued Occupancy, and if there is no Co-Resident in the Residential Unit, Company may declare the transfer permanent and the Residential Unit vacant and reassign the Residential Unit to another person. Resident will, within a thirty (30) day period from the date the decision is made, Surrender the Residential Unit and have all personal possessions removed from it.

(i) Temporary Transfer

During any temporary transfer to a hospital or outside facility, Resident shall continue to pay the Monthly Rate and shall be responsible for all costs and charges related to the transfer to and occupancy of the outside facility or hospital except as provided in Subsection 6.12.

(ii) Permanent Transfer

Upon permanent transfer to an outside facility, and after Surrender of the Living Accommodation, the obligation to pay the Monthly Rate shall end and this Resident Contract shall terminate. Any refund due shall be paid in accordance with the refund provisions of this Resident Contract. In the event of Shared Occupancy, this Resident Contract shall not terminate and Co-Resident shall pay the Monthly Rate until the permanent transfer or discharge of all Co-Residents from the Retirement Community and Surrender of the Living Accommodation. Resident is obligated to pay all costs and charges related to the transfer to and occupancy of any outside facility or hospital except when Resident is transferred to an outside assisted living or skilled care provider because of the unavailability of a bed or room in Retirement Community.

(f) Release of or Return to Residential Unit After Transfer

(i) Temporary Transfer

If Resident is admitted temporarily to Company's Skilled Care Center, Assisted Living Residence, or a hospital or other outside facility, with a medical prognosis of recovery and return to health consistent with the Conditions of Continued Occupancy, then Resident shall retain Occupancy of the Residential Unit for the purpose of resuming residency. During any period of temporary transfer, Resident shall continue to pay the applicable Monthly Rate for the Living Accommodation. Resident may return to the Residential Unit which has been retained in accordance with the terms of this provision at such time as Company determines that Resident can satisfy the Conditions of Continued Occupancy.

(ii) Permanent Transfer

If Resident is permanently transferred to Company's Skilled Care Center, Assisted Living Residence, or a hospital or other appropriate outside facility, Resident shall Surrender the Residential Unit within thirty (30) days of written notice of Company's decision to permanently transfer Resident. If Company, with the advice of Company's medical director, determines that Resident subsequently has recovered sufficiently to satisfy the Conditions of Continued Occupancy of a residential unit, Resident, upon request, shall be eligible for consideration to receive the next available residential unit with a floor plan comparable to the one relinquished, provided

Resident repays Company any amounts refunded to Resident under the Resident Contract and pays the applicable Monthly Rate.

SECTION 12. Company's Policy Concerning Financial Difficulty

It is the policy of Company that Resident shall not be dismissed nor his/her Resident Contract terminated solely because of Resident's financial inability to continue to pay all or part of the Monthly Rate. However, Resident's acceptance into Company has been based on the accuracy of facts recorded on Resident's financial statement, by which facts Company determined that Resident was able to meet all the financial obligations specified within this Resident Contract. If, in the opinion of Company, Resident either has misrepresented information on the financial statement or in any way weakens, through omission or commission, his/her ability or the ability of his/her personal estate to satisfy his/her financial obligations under this Resident Contract, because Resident has made gifts of real or personal property or any imprudent financial transactions after submitting the financial statement and/or after acceptance into Retirement Community, Company reserves the right to terminate this Resident Contract.

12.1 Failure to Make Payments

If Resident fails to make any of the Monthly Rate payments at the required time, or to pay any other amounts shown on the monthly statement within thirty (30) days after the first day of the month, then Company may give written notice to Resident to pay all such amounts and furnish most recent financial records. If Resident fails to comply with such notice, Company may terminate this Resident Contract, and shall provide Resident with the refund, if any, set forth in Section 14, less any outstanding balances or financial obligations.

12.2 Subsidy by Company

Should Company subsidize Resident's Monthly Rate, Resident agrees that any property which was his/hers at, or subsequent to the date of this Resident Contract, and remaining in his/her possession at death, is to be transferred to Company for the purpose of repaying (at least to the extent of the value of such property) an amount equal to the aggregate amount of subsidy furnished by Company during the period of residency. If the value of Resident's possessions/property exceeds the aggregate amount of subsidy furnished by Company, all excess proceeds will be returned to Resident's estate. This Resident Contract shall operate as a grant, assignment, transfer and conveyance to Company of such property, and Resident hereby grants to Company a security interest in such property, all of which may be enforced as a claim against Resident's estate, and to effect such assignment and to enable Company to enforce such claim, Resident shall execute such further documents, instruments or contracts, such as stock powers, Uniform Commercial Code financing statements,

deeds, bills of sale and the like, as Company shall deem necessary or appropriate to protect or perfect its rights, interest and claims granted in this subsection. Company may, from time to time, request financial statements from any Resident whose Monthly Rate is subsidized by Company. This subsection shall apply whether or not Resident is in residence at Retirement Community at time of death and shall survive termination of the Resident Contract.

12.3 Special Consideration

Without in any way qualifying the right of Company to terminate this Resident Contract, if the sole reason for non-payment is insufficient funds, beyond the control of Resident, the matter will be reviewed by Company with Resident. If Resident presents facts which justify special financial consideration, Company may solely at its discretion, partly subsidize Resident's Monthly Rate provided that such subsidy can be granted without impairing the ability of Company to meet and continue its objectives while operating on a sound financial basis. All determinations made by Company shall be regarded as a confidential transaction between Company and Resident except for reports required by regulatory or other government bodies.

12.4 Reduction of Income

Resident believes that his/her sources of income are adequate to meet his/her financial responsibility to Company and to meet and pay any additional costs to Resident, and to pay personal and incidental expenses during the period of residency. If Resident's sources of income do not meet these requirements, Resident may be required to relocate to a smaller unit in Retirement Community at discretion of Company, and Resident will make every reasonable effort to obtain assistance from family or other available means, and from public benefits, to the extent that Resident is eligible to receive them, including, but not limited to federal, state or county aid or assistance, Aid to the Blind, Veterans' Pension, etc. Resident agrees that he/she will apply for and diligently seek such benefits.

SECTION 13. Termination of Resident Contract

13.1 Termination by Resident Prior to Occupancy

If Resident or Resident's Legal Representative notifies Company in writing of his/her election to withdraw or terminate this Resident Contract before Resident takes Occupancy, this Resident Contract with said Resident shall automatically be terminated. If Resident dies before the Date of Availability, or if, through illness, injury, or incapacity, Resident is precluded from taking Occupancy and becoming a Resident under the terms of this Resident Contract, the Resident Contract shall be automatically rescinded. The Resident or his/her designated beneficiary

shall receive a refund, in accordance with Section 14 of this Resident Contract.

13.2 Termination By Resident During Transition Period

Resident or Resident's Legal Representative may terminate this Resident Contract within thirty (30) days of execution of this Resident Contract by signing the attached Notice of Right to Rescind and delivering it to Company. After the lapse of the thirty (30) day rescission period and before the lapse of the Transition Period commencing on the earlier to occur of (i) the date Resident takes Occupancy or (ii) the Date of Availability of Residential Unit, Resident, or Resident's Legal Representative, may terminate this Resident Contract by giving written and personally signed notice of termination to Company. Resident shall Surrender within a period of thirty (30) days from the date on which such notice is received by Company. The Resident Contract shall terminate on the date of Surrender. Resident shall be entitled to a refund, as provided in Subsection 14.1 of this Resident Contract.

13.3 Termination By Resident After Transition Period

Resident or Resident's Legal Representative has the right, at any time, to terminate this Resident Contract by delivery to Company of written notice of his/her intent to do so. The written notice need not cite a specific reason for the termination but it shall state a date, of not less than thirty (30) days or more than one hundred twenty (120) days, when the termination is to become effective, and on or prior to such date Resident shall Surrender the Living Accommodation. On the effective date of such termination, and contingent upon Surrender of the Living Accommodation, Resident's obligation to continue Monthly Rate payments shall cease and Resident shall be entitled to a refund, if any, as provided in Subsection 14.2 of this Resident Contract.

13.4 Termination by Death of Resident

Unless sooner terminated by its own provisions, this Resident Contract shall terminate at death of Resident, whereupon all obligations of Company under this Resident Contract, other than those relating to the removal of Resident's personal property, shall cease. At the death of Resident, Resident shall have no further rights in the Living Accommodation, and the Company shall have immediate access to the Living Accommodation. The removal of any personal effects of Resident in the Living Accommodation or from storage shall be the responsibility of Resident's executor, administrator, or Legal Representative, or of other persons entitled by law to receive them. Company will hold such personal effects for a period not to exceed thirty (30) days, but Company is not responsible for loss or damage to personal property in its possession. At the death of Resident, all Entrance Fee refunds, excess Monthly Rate payments (prorated daily to the date of Surrender), and any other funds deposited with Company under

this Resident Contract shall be refunded in accordance with Section 14 of this Resident Contract.

In the event removal of Resident's personal possessions is not accomplished within thirty (30) days, Company has the right to continue charging the Monthly Rate or charge for storage of Resident's personal possessions until such possessions have been removed from the Living Accommodation.

13.5 Limitations on Termination for Shared Occupancy

The remaining Co-Resident(s) shall sign an addendum which changes the terms of this Resident Contract from Shared Occupancy to Single Occupancy, if applicable, and which reflects changes in the Entrance Fee and/or the Monthly Rate. As long as a Co-Resident continues to occupy any Living Accommodation within Retirement Community, the Resident Contract shall not terminate until the death, permanent transfer, discharge or voluntary departure of all Co-Residents from Retirement Community.

13.6 Termination by Company

If such action is taken by Company, Resident will have a maximum of sixty (60) days from the date of Company's notice to Surrender the Residential Unit. On or before the termination date, Resident shall Surrender. On the date of Surrender, Resident's obligation to continue Monthly Rate payments shall cease and this Resident Contract shall terminate. Resident or Resident's designated beneficiary shall be entitled to receive a refund, if any, as provided in Section 14 of this Resident Contract.

health, safety or peaceful enjoyment of Resident or other residents or persons in Retirement Community.

In situations where continued Occupancy threatens the life, health, safety or peaceful enjoyment of the Resident or other residents, only such notice as is reasonably practicable under the circumstances will be provided to Resident or Resident's Legal Representative, and termination may be effective immediately.

13.7 Surrender

(i) Shared Occupancy

In situations of Shared Occupancy, in the event of the death of a Co-Resident before Occupancy or during the Transition Period, Resident's estate or his/her designated beneficiary shall receive a refund of the difference between the Entrance Fee for Shared Occupancy and the Entrance Fee for Single Occupancy for the Residential Unit at the time of signing this Resident Contract.

(b) After Transition Period

If death should occur after the Transition Period, Resident is entitled to a refund of the Entrance Fee paid less the Administrative Fee and less a sum equal to two percent (2%) per month, or fraction thereof, of the amount of the Entrance Fee less the Administrative Fee for each month this Resident Contract has been in force, starting on the first day of the month after the earlier of the date of Occupancy or Date of Availability, and ending on the date of Surrender. 14.7 Deductions from Entrance Fee Refund

(b) Deductions for Amounts Due on Monthly Statement

Any amounts due and unpaid as reflected on Resident's monthly statement will be deducted from any Entrance Fee refund.

14.8 Release of Obligation

Upon termination of this Resident Contract, Company is released from any further obligations to Resident except for the payment of any refund which may be due under this section. Resident is released from any further obligations except for the payment of any amounts due Company, including the repayment of any financial assistance, the payment of the Monthly Rate until Surrender and the recovery of all personal property.

SECTION 15. Rights and Obligations of Resident as to Property

The rights and obligations of Resident as to property are as follows:

15.1 Right to Real Property

The rights and privileges of Resident do not include any rights, title or interest whether legal, equitable, beneficial or otherwise, in or to any part of

the real property, including land, buildings and improvements owned or administered by Company, except the right granted to Resident to take Occupancy of the Residential Unit in accordance with the terms of this Resident Contract. Resident shall have no interest in the real property of the Company. Resident's rights are primarily for services, and this Resident Contract does not create the relationship of Landlord and Tenant and it does not confer any legal or equitable ownership or other interest in the real property or in Company itself. Any rights, privileges or benefits arising under or related to this Resident Contract shall be subordinate and inferior to all mortgages or deeds of trust on any of the premises or real properties of Company, previously or subsequently given, to secure any loans or advances made to Company or its successors, now outstanding or made in the future, and subordinate and inferior to all amendments, modifications, replacements, or refundings. Resident agrees that, upon request of Company, or the holder of any such instrument, he/she will execute and deliver any document which is alleged to be necessary or required to effect or evidence such subordination.

15.2 Right to Personal Property of Company

As in the case of real property, Resident has no right, title or interest, legal, equitable, beneficial or otherwise in or to any part of the personal property owned by Company, and this includes carpets, window blinds, appliances, kitchen cabinets, and fixtures in the Living Accommodation, even if upgraded at Resident's cost.

15.3 Responsibility for Damages

Any loss or damage to real or personal property of Company, caused by the negligence of Resident, Resident's guests or Resident's pet, shall be charged to and paid for by Resident. Similarly, if any negligence of any of the above-mentioned results in injury, illness or damage to any other resident, Company assumes no responsibility and Resident hereby releases and discharges Company from any injury to Resident or damage to Resident's personal property caused by the fault or negligence of other residents of Company or of their guests or pets.

15.4 Responsibility for Protection of Resident's Property

Company shall not be responsible for the loss of any personal property belonging to Resident due to theft, fire, or any cause, unless said property is specifically entrusted in writing to the care and control of Company, and then only for lack of ordinary care to safeguard, and account for, such property. Company is not responsible for personal injury to other residents or guests within Resident's Residential Unit. Resident shall have the responsibility, at his/her own expense, of providing and maintaining a standard property and liability insurance policy as deemed necessary by Company, and to file a copy of said policy detailing the coverages with Company's administrative office.

15.5 Removal of Resident's Personal Property

If the Residential Unit is vacated under the terms of this Resident Contract, the contents of the Residential Unit must be removed within thirty (30) days. After the thirty (30) day period, Company shall have the right, at Resident's expense, to remove all personal property of Resident from his/her Residential Unit, and store the same, at Resident's expense and risk. If the property is stored in a commercial storage warehouse or commercial storage facility, Company shall have no responsibility for such property during transfer or after it has been placed in storage, and Resident, or Resident's estate, shall be liable for all moving and storage fees incurred.

SECTION 16. Arrangement for Guardianship, Resident's Estate and Burial

16.1 Advance Directives and Power of Attorney Requirements

Resident, no later than the Date of Availability shall inform Company of his/her decision regarding advance directives stating Resident's wishes concerning the type and extent of medical care he/she receives if he/she is unable to make wishes known. Resident who has executed advance directives shall provide to Company a copy of such document no later than Date of Availability.

Likewise, Resident, no later than the Date of Availability, shall appoint a power of attorney to act on Resident's behalf in the event Resident is unable to represent him/herself. A copy of the power of attorney will be provided to Company no later than the Date of Availability.

16.2 Legal Guardian

If Resident becomes incapacitated or unable to properly care for self or property, and no representative has been lawfully designated to act on behalf of Resident or no lawfully designated representative is available or willing and able to act on behalf of Resident, then Company may institute legal proceedings to adjudge Resident incapacitated and have a guardian appointed for Resident's estate and person or both. Resident authorizes Company to nominate a legal guardian to serve subject to court approval, and Resident releases Company from any liability related to the nomination. All costs of such legal proceedings, including counsel fees, shall be paid by Resident or the legally appointed guardian of Resident's estate.

16.3 Burial Plans

Company does not provide any burial or funeral benefits or services. Resident agrees to arrange for and take care of all such plans and costs.

SECTION 17. Non-Transferable

The rights and privileges of Resident under this Resident Contract to a Living Accommodation, facilities, services and medical care are personal to Resident and cannot be transferred or assigned by act of Resident, or by any proceeding at law, or otherwise. If any person, other than the person(s) who have/has signed this Resident Contract, commence(s) to live in Resident's Living Accommodation without following the proper procedure established by Company, then, Company may immediately terminate this Resident Contract.

SECTION 18. Notice

All notices to be given in accordance with this Resident Contract shall be deemed to have been properly given if and when delivered personally or sent by mail as follows:

SECTION 19. Average Annual Cost of Providing Services

The average annual cost to Company of providing to Resident the care specified in the Resident Contract is reflected in the disclosure statement which will be made available to Resident.

SECTION 20. Right of Self-Organization

All residents living in the Retirement Community shall have the right of self-organization and may meet privately at the Retirement Community to conduct business. The Board of Directors or a designated representative shall meet quarterly with the residents of the Retirement Community for the purpose of free discussion of subjects which may include, but are not limited to income, expenditures and financial matters as they apply to Company and the Retirement Community and proposed changes in policies and services. Company shall provide residents with at least seven (7) days notice of each quarterly meeting.

SECTION 21. Waiver

No act, agreement, or statement of any Resident, or other individual purchasing care for a Resident under this Resident Contract or under any contract to furnish care to Resident shall constitute a valid waiver of any provision of any Pennsylvania Statute enacted and intended to benefit or protect the residents of the Retirement Community, or any individual purchasing care for such residents.

SECTION 22. Arbitration

22.1 Procedural Rules

Any controversy, dispute or disagreement arising out of or relating to this Resident Contract, or concerning any rights arising under this Resident Contract or a breach of this Resident Contract, may be settled by voluntary arbitration. This arbitration shall be conducted on Company's property in accordance with the American Health Lawyers Association ("AHLA") Alternative Dispute Resolution Service Rules of Procedure for Arbitration. The decision shall be final, binding and non-appealable, and any court having proper jurisdiction may enter judgment on the award rendered by the arbitrator.

22.2 Time Limit for Arbitration

Any request for arbitration of a dispute must be requested and submitted to AHLA or an alternate neutral arbitration service selected by Company if AHLA is unable or unwilling to serve, prior to the lapse of two (2) years from the date on which the event giving rise to the dispute occurred. In the event AHLA is unable or unwilling to serve, then the request for arbitration must be submitted to Company within thirty (30) days of receipt of notice of AHLA's unwillingness or inability to serve as a neutral arbitrator. Company shall select an alternative neutral arbitration service within thirty (30) days thereafter and the selected arbitration agency's procedural rules shall apply to the arbitration proceeding. The failure to submit a request for Arbitration to AHLA or an alternate neutral arbitration service selected by Company within the designated time (i.e., two (2) years) shall operate as a bar to any subsequent request for arbitration, or for any claim for relief or a remedy, or to any action or legal proceeding of any kind or nature, and the parties will be forever barred from arbitrating or litigating a resolution to any such dispute.

SECTION 23. Uncontrollable Interruption of Services

In the event that Company is unable to fulfill any of its obligations under the Resident Contract resulting from an interruption of, or failure to provide, contracted services due to an act of God or other cause beyond the reasonable control of Company, specifically including labor strikes or other forms of labor

disturbances, and/or embargoes, fire, flood, earthquakes, inclement weather or acts of the Resident, then Company shall not be liable or responsible for any personal injury to Resident or damage to Resident's property arising from any such event. Company will make every effort to provide the usual services in such event and Resident shall continue to pay the Monthly Rate.

SECTION 24. Miscellaneous

24.1 Entire Resident Contract

This Resident Contract, together with the application form, financial statement and medical records, including applicable signed amendments, constitute the entire Resident Contract between Company and Resident. Resident warrants that all representations are true and correct. Company is not liable and shall not be bound by any statements, representations or promises made by any person representing or purporting to represent Company, unless such statements, representations or promises are set forth in this Resident Contract.

24.2 Policies, Procedures, Rules and Regulations

Resident will observe all policies, procedures, rules and regulations which Company shall adopt for the convenience, comfort, safety and well-being of all Residents and the Retirement Community, which are subject to change from time to time.

24.3 No Waiver

Any failure by Company to exercise any right or remedy under this Resident Contract shall not be construed as a waiver of the right to exercise the same or any other right at any time, or from time to time thereafter.

24.4 Invalidity, Unenforceability

If any portion of this Resident Contract shall, for any reason, be held to be invalid or unenforceable in any jurisdiction in which it is sought to be enforced, such invalidity and unenforceability shall not affect any other provision of this Resident Contract, and it shall be construed as if such invalid or unenforceable provision were omitted.

24.5 Amendments

This Resident Contract may be amended only in writing executed by both Resident and Company's corporate officers.

24.6 Section Headings

Section headings are for reference purposes only.

24.7 Binding Effect

50% REFUNDABLE PLAN

THIS ADDENDUM, made this _____day of _____, 20____, amends the Resident Contract (the "Contract") dated _____, 20_____ , and any preceding addenda or amendments to the Resident Contract by and between _____ called "Resident" (and where two individuals sign the Contract for Shared Occupancy, they are called collectively "Resident" where the context permits, and individually Co-Resident") and ACTS Retirement-Life Communities, Inc. (called "Company").

BACKGROUND

Contemporaneously with the execution of this Addendum, Resident entered into the Contract with Company; and

The Contract provides for an Entrance Fee which is amortized by Company over a certain period of time; and

Company desires to offer and Resident desires to accept a refundable Entrance Fee option called the "50% Refundable Plan," which allows for a refund of fifty percent (50%) of the Entrance Fee; and

Resident and Company desire to enter into this Addendum to modify the refund and other applicable provisions of the Contract.

NOW THEREFORE, in consideration of the mutual promises contained in this Addendum and intending to be legally bound, Company and Resident agree as follows:

1. **Limited Option Period**

   Resident must elect the 50% Refundable Plan on or before the execution of the Contract. After execution of the Contract, the 50% Refundable Plan shall not be available to Resident.

2. **Payment of Entrance Fee**

   The Resident shall pay to Company an Entrance Fee in the amount of _____ dollars ($_____).

3. **Administrative Fee**

   An Administrative Fee in an amount equal to five percent (5%) of the total Entrance Fee paid will be retained by Company.

4. Designation of 50% Refundable Plan

There shall be a Refundable Component of the Entrance Fee, in an amount equivalent to fifty percent (50%) of the net Entrance Fee (after deducting the Administrative Fee), and an Amortizable Portion of the Entrance Fee in an amount equivalent to fifty percent (50%) of the net Entrance Fee (after deducting the Administrative Fee).

5. Limited Amortization of Entrance Fee

The net Entrance Fee shall be amortized by Company in the amount of two percent (2%) of the net Entrance Fee per month for a period of twenty five (25) months from the date of Occupancy or Date of Availability, whichever is earlier. After the twenty five (25) month period, an amount equivalent to fifty percent (50%) of the net Entrance Fee, shall be retained in full by Company and amortization of the net Entrance Fee shall cease. The Refundable Component of the net Entrance Fee, in the amount of $_____, shall not be amortized.

6. Modification of Refund Provisions

(a) Termination of Contract Prior to or During the Transition Period

The Entrance Fee will be refunded in full if the Contract is terminated prior to or during the Transition Period. Resident will receive a refund of the entire Entrance Fee paid, less those costs specifically incurred by Company at the specific written request of Resident, to the extent those charges were not paid by Resident. The refund shall be made within one hundred twenty (120) days of the effective date of termination of the Contract.

(b) Termination of Contract After Transition Period

In the event of termination of the Contract after the Transition Period, Company will refund to the Resident, Resident's estate, or designated beneficiary the Refundable Component of the Entrance Fee, which constitutes fifty percent (50%) of the net Entrance Fee, plus any remaining balance of the Amortizable Portion of the net Entrance Fee, less any amounts deducted to cover financial assistance pursuant to paragraph 7 below, to cover costs incurred to refurbish, restore or repair the Residential Unit in the event of unreasonable wear and tear, or to cover costs incurred at the specific written request of Resident, or to satisfy unpaid or subsidized charges.

(c) Termination by Death of Resident

In the event of the death of Resident before Occupancy or during the Transition Period, the entire Entrance Fee paid, less those costs specifically incurred by Company at the specific written request of Resident to the extent those charges were not paid by Resident, will be refunded in full to Resident's estate or to Resident's designated beneficiary. If death should occur after the Transition Period, the Refundable Component of the net Entrance Fee shall be refunded to the Resident's estate or Resident's designated beneficiary. Any unamortized balance of the Amortizable Portion of the net Entrance Fee shall be refunded with the Refundable Component. After the twenty five (25) month amortization period, the Amortizable Portion of the net Entrance Fee shall not be refunded and automatically shall be retained by Company upon the death of the Resident. In situations of Shared Occupancy, the amount of the Amortizable Portion of the net Entrance Fee shall be assigned to the surviving Co-Resident in the event of the death of a Co-Resident.

(d) Timing of Refund Payments

(i) Termination Prior to or During the Transition Period. In the event of termination of the Contract prior to or during the Transition Period, the amounts due as a refund will be paid within one hundred twenty (120) days of the effective date of the termination of the Contract.

(ii) Termination After the Transition Period. In the event of termination of the Contract after the Transition Period, amounts due as a refund will be paid within thirty (30) days of the admission of a new resident to the Residential Unit vacated by Resident.

7. Deductions for Financial Assistance

In the event that Company approves financial assistance to Resident in accordance with the financial assistance policy in Section 12 of the Contract, Company, in its sole discretion, may deduct from the Refundable Component of the net Entrance Fee and any unamortized balance of the net Entrance Fee, amounts equivalent to the amount of any financial assistance approved for the Resident. Such deductions shall be made at the time any refund becomes due and payable to the Resident under the Contract. If any portion of the Refundable Component is exhausted by deductions made to reimburse Company for financial assistance approved by Company, there shall be no refund, partial or otherwise, of the net Entrance Fee.

8. Federal Income Tax Disclosure Statement

The Internal Revenue Service ("I.R.S.") may characterize the amount to be refunded to Resident, Resident's estate, or Resident's designated beneficiary as an interest-free loan from Resident to Company, and may attribute to Resident annual receipt of interest income on the amount characterized as a loan, even though Resident did not receive interest payments. Resident should consult with Resident's accountant or attorney to determine whether and to what extent this provision affects Resident.

9. Other Terms and Conditions

All of the other terms and conditions of the Contract, to the extent not inconsistent with this Addendum, shall remain in full force and effect, and shall govern the terms and conditions of the relationship between Resident and Company.

IN WITNESS WHEREOF, ACTS Retirement-Life Communities, Inc. and Resident have duly executed this Addendum as of the date first mentioned above.

ADDENDUM

NON-LIFECARE SECOND OCCUPANT

THIS ADDENDUM, made this _____ day of _____, 20____, amends the Resident Contract (called "Resident Contract") dated _____, 20_____, and any preceding addenda or amendments to the Resident Contract by and between _____ (called "Resident") and ACTS Retirement-Life Communities, Inc. (called "Company").

BACKGROUND

Contemporaneously with the execution of this Addendum, Resident entered into the Resident Contract with Company; and

Resident desires to have _____ (called "Non-Lifecare Second Occupant") reside in the Residential Unit designated for Occupancy in Section 3 of the Resident Contract; and

Company desires to grant permission to Resident to allow Non-Lifecare Second Occupant to reside in the Residential Unit; and

Resident and Company desire to enter into this Addendum to modify the Monthly Rate for Occupancy of the Residential Unit and to set forth the terms and conditions under which Company shall grant permission to Resident to allow Non-Lifecare Second Occupant to reside in the Residential Unit.

NOW THEREFORE, in consideration of the mutual promises contained in this Addendum and intending to be legally bound, Company and Resident agree as follows:

1. **Conditions to Admission**

   Resident understands that Non-Lifecare Second Occupant is required to meet all of the conditions of Occupancy of the Residential Unit as set forth in Section 2 of the Resident Contract, with the exception of Subsection 2.3, Medical Qualifications and/or Subsection 2.6, Age Requirements. As a condition to admission, Non-Lifecare Second Occupant will supply satisfactory evidence that he/she has obtained his/her 55th birthday prior to admission.

If, at a time subsequent to the execution of this Addendum, Non-Lifecare Second Occupant meets the conditions of Occupancy of the Residential Unit as set forth in Section 2 of the Resident Contract, then Non-Lifecare Second Occupant may become party to Resident's Resident Contract, at Company's discretion, with the payment of the then current second person Entrance Fee and continuation of the second person Monthly Rate as set forth in Section 3 hereunder. Other than as set forth in the preceding sentence, all terms of this Addendum shall cease and this Addendum shall terminate with Non-Lifecare Second Occupant's decision to become party to Resident's Resident Contract.

2. <u>Services</u>

Resident understands that Non-Lifecare Second Occupant is entitled to all services provided by Company in the Residential Unit as set forth in the Resident Contract.

Resident understands that if the Non-Lifecare Second Occupant fails to meet any of the conditions of Occupancy of the Residential Unit and is in need of a higher level of care in the Assisted Living Residence or Skilled Care Center, it may be available on a per diem basis solely at the discretion of Company. If a higher level of care is required by the Non-Lifecare Second Occupant and is not available at the Retirement Community, Resident understands and agrees that Non-Lifecare Second Occupant is required to vacate the Residential Unit within thirty (30) days.

3. <u>Monthly Rate</u>

Resident agrees to pay to Company the established second person Monthly Rate for Occupancy of the Residential Unit, which is currently _____ ($_____). The second person Monthly Rate is in addition to the Monthly Rate paid by Resident for Single Occupancy of the Residential Unit and may be adjusted, and is payable to Company according to the same terms as set forth in Section 9 of the Resident Contract.

4. Relocation of Resident

(a) Temporary Relocation

If Resident requires temporary relocation to a level of care outside of the Residential Unit as set forth in Subsection 11.3 of the Resident Contract, and Non-Lifecare Second Occupant is unable to reside in Residential Unit without supervision, Resident agrees to arrange and provide the appropriate level of care for Non-Lifecare Second Occupant, but not necessarily within the Retirement Community.

(b) Permanent Relocation

If Resident requires permanent relocation to a level of care outside of the Residential Unit as set forth in Subsection 11.3 of the Resident Contract, and Non-Lifecare Second Occupant is unable to reside in Residential Unit without supervision, Resident agrees that Non-Lifecare Second Occupant is required to vacate the Residential Unit within thirty (30) days of the date of Resident's permanent relocation.

5. Termination of Contract

If the Resident Contract is terminated for any reason pursuant to Section 13 of the Resident Contract, this Addendum shall contemporaneously terminate and Resident understands and agrees that Non-Lifecare Second Occupant will be required to vacate the Residential Unit within thirty (30) days of the termination date.

6. Other Terms and Conditions

All of the other terms and conditions of the Resident Contract, to the extent not inconsistent with this Addendum, shall remain in full force and effect, and shall govern the terms and conditions of the relationship between Resident and Company.

IN WITNESS WHEREOF, Company and Resident have duly executed this Addendum as of the date first mentioned above.

With a lower entrance fee, this plan is designed for those who enjoy a comfortable and predictable income.

Acts Life Care Income Preservation
The Income Preservation Plan is for those who have a strong asset base. With Acts Life Care Income Preservation, your assets fund the entrance fee, while you enjoy higher income protection with more value-driven monthly service fees.

Acts Life Care 50
Acts Life Care 50 offers a refund of 50% of the net entrance fee for those who wish to provide a financial legacy. Under this plan, the entrance fee (less an administrative fee) amortizes over a 25-month period, with the balance being returned to you or your estate when your period of occupancy ends.

Acts Balanced Plan
Acts Balanced Plan is for those who wish to pay a lower entrance fee and assume the risk of higher health care costs should they need it. Though entrance fees are lower, all Balanced Plan residents will pay the same health care rate at the time of needing a higher level of care. This health care rate may be substantially higher than that of the monthly rate offered as part of Acts Life Care Premier pricing plan and other pricing plans.

Independent Auditors' Report

To the Board of Directors of
ACTS Retirement-Life Communities, Inc. and Subsidiaries

Opinion

We have audited the consolidated financial statements of ACTS Retirement-Life Communities, Inc. and Subsidiaries (the Company), which comprise the consolidated balance sheets as of December 31, 2025 and 2024, and the related consolidated statements of operations and changes in net assets and cash flows for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Company as of December 31, 2025 and 2024, and the results of its operations and changes in net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are required to be independent of the Company and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern within one year after the date that the consolidated financial statements are issued.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The consolidating information as identified in the table contents is presented for purposes of additional analysis of the consolidated financial statements rather than to present the financial position, results of operations and changes in net assets (deficit) and cash flows of the individual organizations, and it is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The consolidating information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the consolidating information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

1. Nature of Operations and Organizational Matters

ACTS Retirement Services, Inc. (ARS) is a not-for-profit Pennsylvania corporation that serves as the parent organization providing the highest level of governance and control over all of its controlled entities. The following is a listing of ARS' controlled entities:

ACTS Management Services, Inc. (AMS) is a not-for-profit Pennsylvania corporation providing management, marketing and development services to senior living providers. AMS is the sole member of ACTS Retirement-Life Communities Management, LLC (ARLCM), Acts Alliance Management, LLC (AAM) and Acts Construction Services, LLC (ACS), Pennsylvania limited liability companies. AMS and ARLCM provide management, marketing and development services to ACTS Retirement-Life Communities, Inc. (ACTS) and the Affiliates (as herein defined).

ACTS, a not-for-profit Pennsylvania corporation that, along with the Affiliates (as herein defined), provides residential, assisted living and skilled care services to senior adults in its 28 continuing care retirement communities (CCRCs), located in Alabama (2), Delaware (3), Florida (6), Georgia (1), Maryland (4), New Jersey (1), North Carolina (2), Pennsylvania (8) and South Carolina (1). ACTS operates 22 CCRCs as divisions within the legal entity of ACTS, and 6 CCRCs within three separate, related legal entities (the Affiliates).

On December 31, 2025, ACTS Signature Community Services, Inc. (ASCS), an entity under common control and a not-for-profit Pennsylvania corporation that provides home and community-based services and primary care services to residents of ACTS CCRCs, merged into ACTS and is now operating as a division of ACTS.

ACTS is the sole member of the following entities:

ACTS Legacy Foundation, Inc. (ALF), a not-for-profit Delaware corporation that provides fundraising, supports all charitable programs and manages the donor restricted funds for ACTS and the Affiliates.

ACTS is also the sole member of ACTS Acquisition and Development Company, LLC (AADC), a Florida limited liability company that engages in acquisition and development related activity on behalf of ACTS and the Affiliates. AADC is the sole corporate member of the following Affiliates:

Acts Communities of Maryland, Inc. (ACMD), a not-for-profit Maryland corporation which operates 4 CCRCs located in Maryland.

Mease Life, Inc. (ML), a not-for-profit Florida corporation which operates a CCRC located in Dunedin, Florida.

Bonita Springs Retirement Village, Inc. d/b/a The Terraces at Bonita Springs (TERR), a not-for-profit Florida corporation which operates a CCRC located in Bonita Springs, Florida.

Acts Community at Heritage Farms, Inc. (ACHF), a not-for-profit Tennessee corporation which was incorporated during 2025 with the intention to develop a CCRC located in Columbia, Tennessee.

Principles of Consolidation

The consolidated financial statements include the accounts for ACTS, ACHF, ALF, AADC, ACMD, ML and TERR (collectively, the Company). All significant intercompany accounts and transactions have been eliminated.

All of the organizations in the Company with the exception of AADC are not-for-profit corporations as described in Section 501(c)(3) of the Internal Revenue Code (IRC). Further, all of the organizations in the Company with the exception of ACHF and AADC are exempt from federal income taxes on their exempt income under Section 501(a) of the IRC. ACHF has applied for federal tax exemption. AADC, as a single member limited liability company, is considered a "disregarded entity" for federal tax purposes. Because ACTS is exempt from federal income tax under Section 501(a) of the IRC, as a charitable organization described in Section 501(c)(3) of the IRC, and because AADC is a disregarded entity for federal tax purposes, AADC is considered exempt under Section 501(a) of the IRC as a charitable organization described in Section 501(c)(3) of the IRC.

2. Transfer of Membership

Effective November 1, 2024, ACTS became the sole member of TERR and, as such, TERR became an affiliate of ACTS. TERR remained a separate not-for-profit organization. In connection with the affiliation, AMS and ARLCM entered into a Management, Marketing and Development Agreement with TERR. There were no amounts of consideration transferred to execute the affiliation.

The recognized amounts of identifiable assets acquired and liabilities assumed at the date of affiliation were as follows (in thousands):

Cash and cash equivalents	$	1,703
Investments		24,461
Accounts receivable and other receivables		964
Prepaid expenses, inventory and deposits		115
Property and equipment		108,900
Deferred costs		684
Goodwill		7,644
Accounts payable and accrued expense		(9,560)
Long-term indebtedness		(59,494)
Entrance fee deposits		(597)
Refundable portion of entrance fees		(52,935)
Deferred revenue from entrance fees		(21,528)
Net assets with donor restrictions (membership affiliation)		(357)
	$	-

This transaction was accounted for using the acquisition method. The carrying amounts of cash and cash equivalents, accounts receivable and other receivables, prepaid expenses, inventory and deposits, deferred costs and accounts payable and accrued expenses approximated fair value as of the acquisition date due to the short-term nature of these amounts. Investments were recorded at fair value. The fair value of TERR's property and equipment as of the acquisition date was based on an independent third-party appraisal. The deferred revenue from entrance fees assumed as part of the transaction is comprised of contract liabilities for performance obligations outstanding and were recognized in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2014-09, *Revenue From Contracts With Customers (Topic 606)*, as of the acquisition date. The contract liabilities were also recognized at carrying value in accordance with FASB ASU 2021-08, *Business Combinations (Topic 805)*. The refundable portion of entrance fees for TERR is comprised of the refundable component of the entrance fees assumed as part of the transaction. As these liabilities are expected to be refunded, these are not considered contract liabilities as contemplated by FASB ASU 2014-09. As such, the liabilities were recorded at fair value using a risk-free discount rate and estimated remaining life expectancies for each resident, which approximate the time period over which the liabilities are expected to be settled. The fair value of TERR's long-term indebtedness are more fully described in Note 9.

The 2024 consolidated statements of operations and changes in net assets and cash flows include the activities of TERR for the two months ended December 31, 2024.

If the results of operations of TERR were combined with the operations of ACTS had the acquisitions occurred as of January 1, 2024, the Company's results would appear as follows:

Total operating revenue	$	758,114
Change in net assets without donor restrictions		2,609
Change in net assets with donor restrictions		1,416

3. Summary of Significant Accounting Policies

Cash, Cash Equivalents and Restricted Cash and Cash Equivalents

For purposes of the consolidated statements of cash flows, cash, cash equivalents and restricted cash and cash equivalents include working capital accounts invested in highly liquid instruments purchased with an original maturity of three months or less. The restricted cash and cash equivalents included in investments were comprised of debt related reserves and state reserves. The following table provides a reconciliation of cash, cash equivalents and restricted cash and cash equivalents reported within the consolidated balance sheets that sum to the total of the same such amounts reported in the consolidated statements of cash flows.

	2025		2024	
	(In Thousands)			
Cash and cash equivalents	$	31,509	$	28,512
Restricted cash and cash equivalents included in investments		143,106		55,219
Total cash, cash equivalents and restricted cash and cash equivalents	$	174,615	$	83,731

Investments and Investment Risk

Investments with readily determinable fair values are measured at fair value in the consolidated balance sheets. Investment income (including realized and unrealized gains on investments, interest and dividends) is included in net operating income in the consolidated statements of operations and changes in net assets unless the income is restricted by donor or law. Interest income is measured as earned on the accrual basis. Dividends are measured based on the ex-dividend date. Purchases and sales of securities and realized gains and losses are recorded on a trade-date basis.

The Company's investments are comprised of a variety of financial instruments. The fair values reported in the consolidated balance sheets are subject to various risks including changes in the equity markets, the interest rate environment and general economic conditions. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the fair value of investment securities, it is reasonably possible that the amounts reported on the consolidated balance sheets could materially change in the near term.

Investments include assets without restrictions and assets with restrictions. Assets without restrictions represent assets that are available for the general use and purposes of the Company. Assets with restrictions include amounts held in trust to meet debt related requirements, assets that are used to meet statutory reserve requirements and amounts restricted by donors for specific purposes or time periods.

Accounts Receivable and Entrance Fee Receivables

The Company assesses collectability on all resident accounts prior to providing services. An allowance for expected credit losses is recognized to reduce accounts receivable to its net realizable value for impairment of revenues for changes in resident credit worthiness. The allowance is estimated by management based on factors such as aging of the accounts receivable, and anticipated collection of the consideration. Accounts are written off through credit loss expense when the Company has exhausted all collection efforts and accounts are deemed impaired.

Entrance fee receivables are evaluated for collectability prior to residents being admitted to the communities based on the resident's credit worthiness. The terms and conditions of each entrance fee receivable are determined when a resident agreement is executed.

Accounts receivable, entrance fee receivables and other receivables, net were $32,468,000 at December 31, 2023.

Property and Equipment

Property and equipment are stated at cost. Donated assets are recorded at their fair value at the date of donation. Depreciation is computed using the straight-line method based on the following estimated useful lives:

Land improvements	10 to 25 years
Building and improvements	8 to 55 years
Furniture, fixtures and equipment	3 to 10 years

When assets are sold or retired, the asset values and related accumulated depreciation are eliminated from the accounts and any gain or loss is included in the consolidated statements of operations and changes in net assets. The cost of maintenance and repairs is charged to expense as incurred. Significant renewals and betterments are capitalized.

Gifts of long-lived assets such as land, buildings or equipment are reported as other revenue unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted contributions. Expirations of donor restrictions are reported when the donated or acquired long-lived assets are placed in service.

Depreciation expense was $114,728,000 in 2025 and $105,385,000 in 2024.

Interest is capitalized for assets that require a period of time to be constructed or to prepare them for their intended use. The amount of interest capitalized was $6,305,000 in 2025 and $5,496,000 in 2024.

Goodwill

In connection with the recording of the assets and liabilities of Heron Point of Chestertown, Inc. (HP) in 2010, Presbyterian Retirement Corporation, Inc. (PRC) in 2017, ACMD in 2019 and TERR in 2024, the fair value of the assets was less than the fair value of the liabilities. As a result, goodwill of $117,108,000 was recorded in connection with these transactions and allocated to each reporting unit.

HP merged into ACMD in 2022. As a result of this change in reporting structure, the goodwill previously assigned to HP's separate reporting unit of $22,551,000 was assigned to ACMD. PRC merged into ACTS in 2023. As a result of this change in reporting structure, the goodwill previously assigned to PRC's separate reporting unit of $4,926,000 was assigned to ACTS.

Goodwill is not amortized; instead, the Company evaluates goodwill for impairment on an annual basis or more frequently if indicators of impairment exist. In 2025 and 2024, the Company assessed qualitative factors (events and circumstances) to determine whether it was more likely than not (that is, a likelihood of more than 50%) that the fair value of ACMD, TERR, and PRC's separate reporting unit, which is now a division of ACTS, was less than its carrying amount, including goodwill. Based on the assessment of qualitative factors, the Company concluded that it was more likely than not that the fair value of ACMD, TERR and PRC's separate reporting unit, which is now a division of ACTS, exceeded its carrying amount, including goodwill. Therefore, additional testing to identify potential impairment was unnecessary.

As such, no impairment losses were recorded in 2025 and 2024.

Deferred Costs

Deferred costs include incremental costs of obtaining resident agreements that would not have been incurred if the resident agreements were not obtained and are recorded at cost. Deferred costs are amortized over the estimated life expectancy of the residents using the straight-line method, which approximates the period of time that services are expected to be transferred to residents. Amortization of deferred costs was $2,123,000 in 2025 and $1,728,000 in 2024.

Deferred Financing Costs

Deferred financing costs are amortized straight-line over the terms of the related debt, which approximates using the effective interest method and are classified net with the related debt. Amortization expense, which is included as a component of interest expense, was $800,000 in 2025 and $772,000 in 2024.

Derivative Financial Instruments

The Company uses interest rate swap agreements which are considered derivative financial instruments, to manage its interest rate risk on its long-term debt. The interest rate swap agreements are reported at fair value in the consolidated balance sheets and related changes in fair value are reported on the consolidated statements of operations and changes in net assets as a component of net unrealized gain on investments and investment contracts.

Entrance Fees

Under a continuing care contract (resident agreement) for a residential living unit, the Company receives entrance fee payments in advance. The Company offers both nonrefundable and refundable resident agreements. As of December 31, 2025 and 2024, the majority of the Company's resident agreements are nonrefundable.

Under the majority of nonrefundable resident agreements, residents who terminate their contracts will generally be entitled to a full refund less an administrative fee of up to 5%, and less 1% to 2% (based on the resident agreement) of the remaining entrance fee per each month of residency. Under refundable resident agreements, the entrance fee is reduced to no less than the guaranteed refund, as specified in the resident agreement, and refunds to residents are generally paid by the Company after a new resident occupies the residential living unit vacated by the former resident.

The nonrefundable portion of entrance fees is amortized to revenue over the actuarially computed life expectancy of the residents using the straight-line method, which approximates the period of time that services under the resident agreements are expected to be transferred to residents and the Company's performance obligation to the residents is satisfied and is classified as deferred revenue from entrance fees on the consolidated balance sheets. Amortization of nonrefundable entrance fees was $174,731,000 in 2025 and $152,461,000 in 2024. The Company updates its life expectancies approximately every five years. As a result, amortization of entrance fees increased by approximately $7,154,000 in 2025.

The guaranteed refundable portion of entrance fees is classified as refundable portion of entrance fees on the consolidated balance sheets and is not amortized to revenue.

The gross contractual refund obligations under existing resident agreements were approximately $651,808,000 and $659,163,000 at December 31, 2025 and 2024, respectively.

Under the majority of existing resident agreements, residential living residents are entitled to assisted living or skilled care services, as needed, with no increases in the current monthly service fees as a result of transferring to a higher level of care.

Obligation to Provide Future Services

The Company engages an independent actuary once every three years to calculate the present value of the net cost of future services and the use of facilities to be provided to current residents and compares that amount with the balance of deferred revenue from entrance fees. Based upon the last calculation performed (as of December 31, 2025 for TERR and December 31, 2023 for all others), the present value of the net cost of future services and the use of facilities, based on a discount rate of 5%, did not exceed the balance of deferred revenue from entrance fees. Based upon this calculation, and the analysis of management, no liability for the obligation to provide future services has been recorded at December 31, 2025 and 2024.

Charitable Gift Annuity Obligations

The Company entered into arrangements with certain donors whereby the donor contributes assets to the Company and, in return, is entitled to receive a series of annuity payments. Under the terms of the arrangements, the estimated liability is to be held in a segregated fund or account until the death of the donor. Upon receipt, the contribution is recorded as a restricted asset, and the present value of the future annuity payments is recorded as a liability. The difference between the asset and the liability is reported as a contribution with donor restriction or directly to other revenue on the consolidated statements of operations and changes in net assets if the gift is designated for a purpose without donor restriction.

Net Assets

Net assets, revenues, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions - Net assets available for use in general operations and not subject to donor restrictions. All revenue not restricted by donors is accounted for in net assets without donor restriction.

Net Assets With Donor Restrictions - Net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. All revenues restricted by donors as to either timing or purpose of the related expenditures or required to be maintained in perpetuity as a source of investment income are accounted for in net assets with donor restrictions. When a donor restriction expires, that is when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions.

Resident Services Revenues

Resident services revenues are reported at the amount that reflects the consideration the Company expects to receive in exchange for the services provided. These amounts are due from residents or third-party payors and include variable consideration for retroactive adjustments, if any, under reimbursement programs. Performance obligations are determined based on the nature of the services provided. Resident services revenues are recognized as performance obligations are satisfied.

Payment terms and conditions for the Company's resident agreements vary by contract type and payor source, although terms generally include payment to be made within 30 days. Resident services revenues for recurring and routine monthly services due from private pay residents are generally billed monthly in advance. Resident services revenues for ancillary services due from private pay residents are generally billed monthly in arrears. Resident services revenues due from Medicare, Medicaid and other third-party payor programs are billed monthly in arrears.

Resident services revenues are primarily comprised of skilled care, assisted living and residential living revenue streams, which are primarily derived from providing nursing, assisted living and housing services to residents at a stated daily or monthly fee, net of any explicit or implicit price concessions. The Company has determined that the services included in the stated daily or monthly fee for each level of care represents a series of distinct services that have the same timing and pattern of transfer. Therefore, the Company considers the services provided to residents in each level of care to be one performance obligation which is satisfied over time as services are provided. As such, skilled care, assisted living and residential living revenues are recognized on a daily or month-to-month basis as services are rendered.

The Company receives revenue for services under third-party payor programs, including Medicare, Medicaid and other third-party payors. Settlements with third-party payors for retroactive adjustments due to audits, reviews or investigations are included in the determination of the estimated transaction price for providing services. The Company estimates the transaction price based on the terms of the contract, correspondence with the third-party payor and historical payment trends, and retroactive adjustments are recognized in future periods as final settlements are determined.

Contract Balances

Contract assets represent the Company's right to consideration in exchange for goods or services that the Company has transferred to a resident when that right is conditioned on something other than the passage of time (for example, the Company's future performance). The Company had no contract assets as of December 31, 2025, 2024 and 2023. Contract liabilities represent the Company's obligation to transfer goods or services to a resident for which the Company has received consideration (or the amount is due) from the resident. The Company's beginning and ending contract liabilities are separately presented on the balance sheets as of December 31, 2025 and 2024 as deferred revenue from entrance fees. Deferred revenue from entrance fees were $1,065,513,000 as of December 31, 2023.

Income Taxes

ACTS, ACHF, ALF, ACMD, ML and TERR are not-for-profit corporations. Each is exempt from federal income taxes on exempt income under Section 501(a) of the IRC and other income taxes under similar statutes (except ACHF which has applied for federal income tax exemption). Accordingly, no provision for income taxes has been recorded in the consolidated financial statements.

Measure of Operations and Performance Indicator

The consolidated statements of operations and changes in net assets include the determination of operating income and net operating income (the performance indicator). Operating income includes only those operating revenues and expenses that are an integral part of the Company's program activities and net assets released from donor restrictions to provide resident services. Net operating income includes all operating activities, as well as net unrealized gain on investments and investment contracts, loss on early extinguishment of debt, other valuation adjustments, and net gain on nonoperating events.

Changes in net assets without donor restrictions which are excluded from the determination of the performance indicator, consistent with industry practice, include contributions of long-lived assets (including assets acquired using contributions which by donor restriction were to be used for the purposes of acquiring such assets, if any).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The Company evaluated subsequent events for recognition or disclosure through April 29, 2026, the date the consolidated financial statements were issued.

4. Liquidity and Availability of Resources

As of December 31, the Company has financial assets available for general expenditure within one year of the date of the consolidated balance sheets, consisting of the following:

	2025	2024
	(In Thousands)	
Cash and cash equivalents	$ 31,509	$ 28,512
Accounts receivable, entrance fee receivables and other receivables, net	28,215	36,962
Investments without donor restrictions	306,134	280,206
Total	$ 365,858	$ 345,680

The Company has other assets restricted as to use: state reserves, interest in investments of the Community Foundation of Southern Alabama (CFSA) and SantaFe Senior Living Foundation (SFSLF) (collectively, the other foundations), donor-restricted funds and debt related reserves. These amounts have been excluded from the amounts above. During 2025, the interest in investments of SFSLF was transferred to ALF.

As part of the Company's liquidity management, cash in excess of daily requirements is invested in short-term investments and money market funds. The Company may designate a portion of any operating surplus to a general reserve. This fund may be drawn upon to meet unexpected liquidity needs.

Donor-restricted funds of $33,147,000 and $31,676,000 at December 31, 2025 and 2024, respectively, can be made available based on the passage of time or other events specified by the donor. The Company has certain investments without donor restrictions that have been internally designated for long-term purposes of $3,845,000 and $3,652,000 at December 31, 2025 and 2024, respectively, which have been excluded from the amounts above.

Additionally, the Company maintains lines of credit, as discussed in more detail in Note 8.

Fair Value Measurements

The Company measures its investments and derivative financial instruments at fair value on a recurring basis in accordance with accounting principles generally accepted in the United States of America.

Fair value is defined as the price that would be received to sell an asset or the price that would be paid to transfer a liability in an orderly transaction between market participants at the measurement date. The framework that the authoritative guidance establishes for measuring fair value includes a hierarchy used to classify the inputs used in measuring fair value. The hierarchy prioritizes the inputs used in determining valuations into three levels. The level in the fair value hierarchy within which the fair value measurement falls is determined based on the lowest level input that is significant to the fair value measurement.

The levels of the fair value hierarchy are as follows:

Level 1 - Fair value is based on unadjusted quoted prices in active markets that are accessible to the Company for identical assets or liabilities. These generally provide the most reliable evidence and are used to measure fair value whenever available.

Level 2 - Fair value is based on significant inputs, other than Level 1 inputs, that are observable either directly or indirectly for substantially the full term of the asset or liability through corroboration with observable market data. Level 2 inputs include quoted market prices in active markets for similar assets or liabilities, quoted market prices in markets that are not active for identical or similar assets or liabilities and other observable inputs.

Level 3 - Fair value would be based on significant unobservable inputs. Examples of valuation methodologies that would result in Level 3 classification include option pricing models, discounted cash flows and other similar techniques.

The fair value of the Company's investments and derivative financial instruments were measured using the following inputs at December 31:

Financial Instruments

Money market funds, mutual and exchange traded funds, time deposits and equities are valued based on quoted market prices in active markets, which are considered Level 1 inputs. U.S. government securities, corporate debt securities, other investments and municipal bonds are generally valued using quoted market prices of similar securities, which are considered Level 2 inputs. The Company has a beneficial interest in the investments of CFSA and SFSLF. Since CFSA and SFSLF generally invest the Company's funds in U.S. government securities, corporate debt securities, other investments and municipal bonds, the fair value of the beneficial interest in the investments of CFSA and SFSLF was deemed to be determined using Level 2 inputs.

The guaranteed investment contracts are reported at contract value, which approximates fair value, based on the ability of the counterparties to pay the guaranteed claims in accordance with the terms of the contracts. The credit ratings of the counterparties as of the measurement date uphold the guaranteed investment contracts ability to meet obligations set forth in the contracts. Contract value is the aggregation of contributions, plus interest, less withdrawals. Contract value approximates a discounted cash flow value calculated using an appropriate risk-adjusted market discount rate which correlates closely with the counterparties historical credit rates. The guaranteed investment contracts have redemption restrictions based on the terms of the underlying contracts. The redemption restrictions do not have a material impact on the contract value of the guaranteed investment contracts.

The Company measures its accumulated loss on investment contracts at fair value based on proprietary models of an independent third-party valuation specialist. The fair value takes into consideration the prevailing interest rate environment and the specific terms and conditions of the derivative financial instruments and considers the credit risk of the counterparty to the agreements and the Company. The method used to determine the fair value calculates the estimated future payments required by the derivative financial instruments and discounts these payments using an appropriate discount rate. The value represents the estimated exit price the Company would pay to terminate the agreements.

Any standby bond purchase agreement used as security, if executed, has a four-year repayment term.

During 2025, ACTS OG completed financing transactions through the issuance of two series of revenue bonds to provide for overall debt service savings, while also establishing a project fund for certain capital projects in the Pennsylvania and Florida CCRCs. The bond proceeds were primarily used to refinance $31,615,000 Montgomery County Industrial Development Authority (PA), Retirement Communities Revenue Bonds, Series 2018E; refinance $21,005,000 Pinellas County Health Facilities Authority Health Care Facilities, Refunding and Revenue Bonds, Series 2021 (the Series 2021 Bonds); refinance $25,000,000 of the outstanding borrowings on the lines of credit described in Note 8 on a long-term basis; and provide a source of funds for $90,000,000 in project funds. In conjunction with this transaction, the Company recorded a loss on early extinguishment of debt that is included in the 2025 consolidated statements of operations and changes in net assets. The loss was $1,437,000 and consisted of $177,000 in unamortized deferred financing costs and a $1,260,000 redemption premium for the Series 2021 Bonds.

10. Derivative Instruments and Hedging Activities

ACTS OG has interest rate swap agreements with financial institutions that are considered derivative financial instruments. The objective of the swap agreements is to minimize the risks associated with financing activities by reducing the impact of changes in the interest rates on variable rate debt. The swap agreements are contracts to exchange variable rate for fixed rate payments over the terms of the swap agreements without the exchange of the underlying notional amount. The notional amount of the swap agreements is used to measure the interest to be paid or received and does not represent the amount of exposure to credit loss. Exposure to credit loss is limited to the receivable amount, if any, which may be generated as a result of the swap agreements. Management believes that losses related to credit risk are remote and that the swap agreements are continuing to function as intended.

The net cash paid or received under the swap agreements is recognized as an adjustment to interest expense. ACTS OG does not utilize interest rate swap agreements or other financial instruments for trading or other speculative purposes.

Changes in fair value of the interest rate swap agreements are recorded as a component of net unrealized gain on investments and investment contracts. The change in fair value was $(248,000) in 2025 and $855,000 in 2024.

At December 31, 2025, the Company had the following interest rate swaps in effect:

Debt Series	Notional Amount	Maturity Date	Effective Interest Rate	Accumulated Unrealized Loss
Series 2002 (PA)	$ 5,185,000	2029	3.64 %	$ 179,000
Series 2003B (GA)	20,940,000	2033	3.54	1,124,000
Series 2003B (FL)	8,650,000	2029	3.35	198,000

The fair value of ACTS OG's interest rate swap agreements was $(1,501,000) and $(1,253,000) at December 31, 2025 and 2024, respectively, and was obtained from an independent third-party valuation specialist.

Plan expense was $6,350,000 in 2025 and $5,952,000 in 2024.

14. Concentrations of Credit Risk

The Company grants credit without collateral to its residents, some of whom are insured under third-party payor arrangements, primarily related to providing residential and healthcare related services.

The Company maintains cash accounts, which, at times, may exceed federally insured limits. The Company has not experienced any losses resulting from this, and management believes it is not subject to any significant credit risk related to cash accounts.

15. Commitments and Contingencies

Senior Living Services Industry

The senior living services industry is subject to numerous laws, regulations and administrative directives of federal, state and local governments and agencies. Compliance is subject to future government review and interpretation as well as regulatory actions unknown or unasserted at this time. Government activity continues to increase with respect to investigations and allegations concerning possible violations by healthcare providers of fraud and abuse statutes and regulations, which could result in the imposition of significant fines and penalties as well as significant repayments for resident services previously billed. Management is not aware of any material incidents of noncompliance.

Construction Agreements

The Company entered into construction agreements for certain development and renovation activities at various communities. Commitments were approximately $25,810,000 as of December 31, 2025.

Litigation

The Company operates in an industry where various suits and claims arise in the normal course of business. The Company maintains general and professional liability coverage on a claims-made basis through a commercial insurance carrier. 17. Functional Expenses

The Company provides housing, healthcare and other related services to residents within its geographic locations. The consolidated financial statements report certain expense categories that are attributable to more than one program service or support function. Therefore, these expenses require an allocation on a reasonable basis that is consistently applied. Expenses relating to providing these services are approximately as follows for 2025 and 2024:

DISCUSSION OF ACTUAL RESULTS TO BUDGETED EXPECTATIONS FOR THE YEAR ENDED DECEMBER 31, 2025

Total Operating Revenue:

Operating revenue was greater than budgeted expectations by $32.4 million (4.18%) in 2025 due to the factors listed below:

- Resident services revenue, net of amortization of entrance fees, was greater than the budgeted expectation by $5.3 million (0.99%) due to a significantly higher than budgeted average occupancy percentage in independent living coupled with greater than expected utilization of home services.

- Resident services revenue from third party payors was below budgeted expectations by $1.7 million (2.59%) due to lower than expected Medicaid resident census and utilization of outpatient therapy services covered by Medicare Part B, partially offset by higher than budgeted Medicare Part A resident census.

- Investment income was greater than budgeted expectations by $2.8 million (21.92%) during 2025 due to a higher than budgeted average rate of return coupled with realized gains that are not included in the budget due to the inability to predict market conditions.

- The amount of net assets released from restrictions to provide resident services exceeded budgeted expectations by $0.3 million (8.1%) in 2025 due to a greater than expected amount of purchases using donated funds as restrictions imposed by donors were met.

- Other revenue was greater than the budgeted amount by $1.2 million (16.69%) due to higher than anticipated amounts of café income and apartment modification income from new residents.

- Amortization of entrance fees was above the budgeted level by $24.4 million (16.24%) primarily due to a higher average occupancy, and entrance fee per resale, coupled with a greater amount of income recognized from terminated resident agreements.

Total Operating Expenses:

Operating expenses were unfavorable to budgeted expectations by $6.1 million (0.78%) in 2025 due to the following factors:

- Salaries, wages, and benefits were greater than budgeted levels by $3.4 million (0.92%) primarily due to higher than expected team member benefit costs.

- Contracted services were over budget by $6.1 million (6.53%) in 2025 due to a greater than expected amount of expenses related to property management services as vendors continued to pass their increased labor and supply costs through increased contract pricing.

- Utility costs were greater than the budgeted amount by $0.8 million (2.23%) due primarily to higher than anticipated costs related to communications and water and sewer services as a result of increases in rates.

- Food costs exceeded budgeted expectations by $0.4 million (1.24%) in 2025 due to the higher average occupancy percentage in independent living.

- Supply expenses were greater than budgeted expectations by $1.8 million (6.19%) due to higher than expected costs related to paper products, prescription drugs, medical related supplies, and increased technology spending in the form of various new software subscriptions to enhance resident and team member experience.

- Real estate taxes were greater than the budgeted amount by $0.3 million (1.72%) in 2025 due to higher than expected assessments for select properties.

- Insurance expense was under budget in 2025 by $0.7 million (4.97%) primarily due to reduced premiums related to property coverage.

- Other operating expenses were under budget in 2025 by $4.8 million (15.58%) largely due to lower-than-expected costs related to a nursing bed assessment in Pennsylvania, reduced equipment maintenance expenses, and savings in the costs associated with advertising, particularly in printed materials.

- Depreciation and amortization expenses were marginally less than budget in 2025.

- Interest expense was lower than budgeted expectations by $1.2 million (2.65%) due to a greater than expected amount of interest that could be capitalized coupled with lower-than-expected rates on variable rate debt.
