INDEPENDENT AUDITOR'S REPORT

Board of Directors
Masonic Villages of the
Grand Lodge of Pennsylvania
Elizabethtown, Pennsylvania

Opinion

We have audited the accompanying consolidated financial statements of Masonic Villages of the Grand Lodge of Pennsylvania (a not-for-profit organization) and subsidiaries, which comprise the consolidated balance sheets as of December 31, 2024 and 2023, and the related consolidated statements of operations, functional expenses, changes in net assets, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, based on our audits and the report of the other auditors, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Masonic Villages of the Grand Lodge of Pennsylvania and subsidiaries as of December 31, 2024 and 2023, and the results of their operations, changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of Pennsylvania Acacia Insurance Company, Ltd, a wholly-owned subsidiary, which statements reflect total assets of \$ 18,051,460 and \$ 16,438,980 as of December 31, 2024 and 2023, respectively, and total revenues of \$ 1,739,190 and \$ 2,086,677, respectively, for the years then ended. Those statements were audited by other auditors, whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for Pennsylvania Acacia Insurance Company, Ltd, is based solely on the report of the other auditors.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Masonic Villages of the Grand Lodge of Pennsylvania and subsidiaries and to meet our other ethical responsibilities in accordance with the relevant ethical requirements related to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Masonic Villages of the Grand Lodge of Pennsylvania and subsidiaries' ability to continue as a going concern within one year after the date that the consolidated financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Masonic Villages of the Grand Lodge of Pennsylvania and subsidiaries' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Masonic Villages of the Grand Lodge of Pennsylvania and subsidiaries' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

NOTE 1: Summary of Significant Accounting Policies - Continued

Assets Whose Use is Limited

Assets whose use is limited include assets held by trustees under an indenture agreement.

Resident Accounts Receivable

Accounts receivable for services provided to residents consists of amounts owed directly from residents on a private pay basis and amounts owed from third-party payors on behalf of residents and are generally due 30 days after billed. Receivables from third-party payors are recorded at established rates, net of contractual adjustments specific to each payor. Receivables from private pay residents are recorded at established rates. Receivables are considered to be past due when payments have not been received by Masonic Villages within 90 days of their contractually stated due date. The provision for uncollectible private pay resident accounts receivable is based on management's assessment of the collectability of individual receivables and the aggregate aging of all of the private pay resident accounts receivable. Masonic Villages references an aging schedule segregated by payer and location to estimate expected credit losses relative to resident accounts receivable. The basis for this is expected credit losses for resident accounts receivable may be determined by the length of time a receivable has been outstanding. This is particularly true with payers requiring claim submissions within a specific period or look back period for eligibility. Each payer and location are carefully examined, noting accounts with greater risk of credit loss because of timeframe, challenges with county assistance office, non-responsiveness from guarantors, etc. An estimated reserve is associated with such accounts which is aggregated into a total specific reserve. The total specific reserve is removed from the aging schedule totals. A general reserve is applied to the net aging schedule totals based on qualitative factors for economic, environmental, and other factors. Expected credit losses relative to resident accounts receivable include the specific reserve and the general reserve. Losses are charged against the allowance for uncollectible private pay resident accounts receivable when management believes the lack of collectability of a receivable is confirmed.

Inventory

Inventory consists of medical supplies and pharmaceutical products, livestock, and maintenance supplies and is valued at the lower of cost or net realizable value. Cost is determined on the first-in, first-out basis.

Notes Receivable and Allowance for Uncollectible Notes Receivable

Masonic Villages has provided short-term loans to residents entering its Retirement Living facilities. These loans are evidenced by a note which authorizes a judgment against the resident's property to effect loan satisfaction and are recorded at the gross amount of the loan proceeds, reduced by an allowance for uncollectible notes receivable. Interest income from notes receivable is accrued on the straight-line method. Notes are considered to be due one year from the date of the note.

Nonaccrual notes receivable are those on which accrual of interest has ceased and where all previously accrued but not collected interest is reversed. Notes are placed on nonaccrual status when, in the opinion of management, full collection is doubtful. Interest accrued but not collected as of the date of placement on nonaccrual status is reversed and charged against current income. While a note receivable is on nonaccrual status, subsequent cash payments received are either applied to outstanding principal balance or recorded as interest income, depending on management's assessment of the ultimate collection of principal and interest.

NOTE 1: Summary of Significant Accounting Policies - Continued

Notes Receivable and Allowance for Uncollectible Notes Receivable - Continued

The allowance for uncollectible notes receivable is evaluated on a regular basis by management and is based on historical experience, the nature and volume of the notes receivable portfolio, adverse conditions that may affect the borrower's ability to repay, and prevailing economic conditions. This evaluation is inherently subjective, as it requires estimates that are susceptible to significant revision as more information becomes available. Notes are considered to be past due when principal and interest payments have not been received by Masonic Villages within 90 days of their contractually stated due date. Losses are charged against the allowance for uncollectible notes receivable when management believes the uncollectability of a note is confirmed.

Because of the limited number of notes receivable on the books, Masonic Villages examined each note and evaluated its collectability based on financial profile of resident as well as timeframe for repayment (i.e., closing scheduled for sale of home). It was determined no credit losses are expected on the notes receivable at December 31, 2024 and 2023. Additionally, throughout the years, Masonic Villages has not experienced credit losses which were materially in excess of our estimates.

Contributions Receivable

Contributions receivable recorded by Masonic Villages consist of charitable lead trusts and promises to give.

Masonic Villages will be the recipient of specified funds over the terms of several charitable lead trusts upon the death of the beneficiaries. Contributions receivable are recorded at the net present value of the expected trust assets to be received based on the fair value of the trust assets, the contractual or risk-free rate of return (which ranges from 1.52% to 4.25%), and the life expectancy of the current beneficiary or term of the trust.

Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. The discounts on those amounts are computed using risk-free interest rates applicable to the years in which the promises are received. Amortization of the discounts is included in contribution revenue. Conditional promises to give are not included as support until the conditions are substantially met.

Investments and Investment Income

Masonic Villages carries investments at fair value. When available, fair value of the investments is determined using quoted market prices of a national securities exchange. In other instances, fair value is determined using other observable market data or Masonic Villages' own assumptions. Contributed investments are initially valued at the quoted fair value on the date received, which is then treated as cost.

Investment income on borrowed funds held by a trustee and investment income from all other investments without donor restrictions are reported as operating revenues. Investment income and gains (losses) on investments with donor restrictions are added to (deducted from) the appropriate net assets with donor restrictions.

Masonic Villages reviews the investment portfolio's performances at least quarterly, including evaluation of any available for sale debt securities in an unrealized loss position for possible impairment. A debt security is deemed impaired if the fair value of the investment is less than its amortized cost. In this evaluation, consideration is given to the issuer of the securities and their creditworthiness, any changes to the rating of the security and any adverse conditions specifically

NOTE 1: Summary of Significant Accounting Policies - Continued

Investments and Investment Income - Continued

related to the security, among other factors. Also, the business and financial outlook of the issuer, as well as broader economic performance indicators, may be evaluated. If this assessment indicates that a credit loss exists, the present value of cash flows expected to be collected from the security is compared to the amortized cost basis of the security. If the present value of cash flows expected to be collected is less than the amortized cost basis, a credit loss exists and an allowance for credit losses is recorded for the credit loss, limited by the amount that the fair value is less than amortized cost. Any impairment that has not been recorded through an allowance for credit losses is recognized as unrealized losses in the consolidated statements of operations and the consolidated statements of changes in net assets. Changes in the allowance for credit losses are recorded as provision for (or reversal of) credit loss expense. Losses are charged against the allowance when management believes the available for sale debt security is confirmed as uncollectible or when there is an intent or requirement to sell the security. Masonic Villages has elected to exclude accrued interest receivable on available for sale debt securities from the allowance for credit losses calculation. A debt security is placed on nonaccrual status at the time any principal or interest payments become 90 days past due. The receivable for interest income that is accrued but not collected is reversed against interest income when the debt security is placed on nonaccrual status. Estimating expected credit losses relative to our investments required a detailed analysis of the underlying investments, in particular debt securities. As of December 31, 2024, Masonic Villages reviewed each debt security holding in the portfolio, specifically noting the applicable rating of the issuer. This data was then summarized and ranked. Of the total portfolio, 98.78% of the debt securities were rated B or better; 98.71% were rated BB or better; and 97.72% were BBB or better. Based on this and the prior year evaluation, Masonic Villages does not have any available for sale debt securities it considers to be impaired at December 31, 2024 and 2023, which would require an allowance for credit losses.

Property and Equipment

Property and equipment are recorded at cost, or if donated, at fair value at the date of receipt. Masonic Villages reviews all disbursements greater than \$ 1,000 for capitalization as property and equipment. Expenditures for repairs which extend the useful life of the assets are capitalized and routine maintenance and repair costs are expensed as incurred.

Depreciation is provided over the estimated useful life of each class of depreciable asset and is computed on the straight-line method. Estimated useful lives are land improvements - 10 to 20 years, buildings and improvements - 20 to 40 years, and equipment - 3 to 20 years.

Deferred Financing Costs

Deferred financing costs are amortized over the period the obligation is outstanding using the effective interest method.

Collections

Masonic Villages, directly or through its subsidiaries, including Masonic Library and Museum, owns or manages collections of Masonic memorabilia, paintings, antique furniture, farm equipment, and other artifacts related to the history of Masonic Villages and Freemasonry. These collections are located at the Elizabethtown, Pennsylvania campus and at the Masonic Temple in Philadelphia, Pennsylvania. The collections, which were primarily acquired through contributions since Masonic Villages' inception, are not recognized as assets in the consolidated balance sheets. Contributed collection items are not recognized as revenue in the consolidated statements of changes in net assets.

Retirement Living - Entrance Fee Units

Entrance Fees - Fees paid by a resident upon entering into a resident agreement for Retirement Living, net of the portion thereof that is expected to be refundable to the resident based on refundable contract choice (refundable fees), are recorded as deferred revenue and are amortized to revenue using the straight-line method over the estimated remaining life expectancy of the resident. Contingent contracts are those that provide a minimum refund percentage greater than zero and state that re-occupancy is required prior to the payment of a refund. The refundable portion of a contingent contract is not amortized to revenue but remains as a liability until withdrawal. Some of Masonic Villages' Retirement Living resident agreements are contingent contracts because they include certain minimum guaranteed refund amounts to the residents.

Contractually Refundable Fees - Masonic Villages offers two types of contracts at its Elizabethtown, Dallas, Sewickley, and Lafayette Hill campuses. Under the terms of the first contract type, amounts refundable equal the contract amount less 5% for the first month of occupancy and 1% for each month of occupancy thereafter. As of January 1, 2014, new contracts for the Sewickley campus define amounts refundable as the contract amount less 6% for the first month of occupancy and 2% for each month of occupancy thereafter. As of January 1, 2023, new contracts for the Elizabethtown and Lafayette Hill campuses define amounts refundable as the contract amount less 6% for the first month of occupancy and 2% for each month of occupancy thereafter. Under the terms of the second contract type, amounts refundable equal 90% of the original contract amount whenever the resident chooses to permanently leave retirement living or the facility. In addition, a variation of the refundable contract type is available at the Dallas campus providing an annual 1% increase in the refundable percentage. At December 31, 2024 and 2023, entrance fees of \$ 107,932,869 and \$ 106,582,904 respectively, were refundable to residents (excluding deposits on unoccupied units) under the terms of the refundable contracts.

Obligation to Provide Future Services - Masonic Villages annually calculates the present value of the net cost of future services to be provided to Retirement Living residents. Costs of future services for Retirement Living residents at the Elizabethtown and Lafayette Hill campuses include the meals, housekeeping, maintenance, and facility costs that are provided under the terms of the Elizabethtown and Lafayette Hill contracts. Costs of future services for Retirement Living residents at the Sewickley campus who qualify for life care include the health care services, meals, housekeeping, maintenance, and facility costs that are provided under the terms of the Sewickley contract. Costs of future services for Retirement Living residents at the Dallas campus include the housekeeping, maintenance, and facility costs that are provided under the terms of the Dallas contract. The aggregate cost of future services is compared with the balance of deferred revenue from entrance fees. If the present value of the net cost for future services and use of facilities exceeds the deferred revenue from entrance fees, a liability will be recorded with a corresponding charge to expenses. Management's calculation resulted in an estimate of no liability for future services to be provided as of either December 31, 2024 or 2023, using a discount rate of 5% for 2024 and 2023.

These agreements are regulated by the Commonwealth of Pennsylvania Department of Insurance. Masonic Villages is required to maintain liquid reserves to cover the future costs associated with these agreements.

Resident Personal Funds

Masonic Villages receives and holds personal funds of certain residents as an agent of those residents. Cash and cash equivalents include resident personal funds totaling \$ 703,437 and \$ 791,704 as of December 31, 2024 and 2023, respectively.

NOTE 1: Summary of Significant Accounting Policies - Continued

Worker's Compensation Claims

For the years ended December 31, 2024 and 2023, Masonic Villages was insured for workers compensation claims in a large risk-large deductible program with a \$ 400,000 deductible for each injury/disease and a \$ 2,200,000 aggregate for each injury/disease. Premiums paid, net of any performance-based refunds, are recorded in wages, salaries, and benefits in the consolidated statements of operations.

Professional and General Liability Insurance Claims

For the years ended December 31, 2024 and 2023, Masonic Villages was insured for general and professional liability insurance claims under a healthcare liability umbrella policy with varying policy limits as determined by level of service and location. Under the primary policy, premiums are assessed retrospectively based upon terms of the policy. Retrospective premiums assessed on prospective losses are recorded as prepaid insurance until claims are fully settled at which time the premium is recorded in purchased services in the consolidated statements of operations.

Annuities Payable

Masonic Villages has several charitable gift annuity and charitable remainder unitrust arrangements with donors. Annuities payable are recorded at the net present value of the expected annuity payments based upon the amount of the contribution, the contractual rate of return (which ranges from 3% to 10.10%), and the life expectancy of the beneficiary of the annuity.

Bond Discount/Premium

Bond discount/premium is amortized over the period the related long-term debt obligation is outstanding using the effective interest method.

Net Assets

Net assets, revenues, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Net assets without donor restrictions are those available for use in general operations and may be used at the discretion of management and the Board of Directors. The Board of Directors may designate net assets to fulfill certain purposes and remove designations from net assets at their discretion.

Net assets with donor restrictions include donor restrictions that may be temporary or where the donor has specified that resources be maintained in perpetuity. Net assets with temporary donor restrictions may be met by the passage of time or other events specified by the donor. Donor imposed restrictions are released when the stipulated purpose for which the resource has been restricted has been fulfilled, when a stipulated time has elapsed, or both.

Support

Contributions received are measured at their fair values and are reported as an increase in net assets. Masonic Villages reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets, or if they are designated as support for future periods. When a donor restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the consolidated statements of changes in net assets as net assets released from restrictions. Donor-restricted contributions whose restrictions are met in the same reporting period are reported as support without donor restrictions.

NOTE 1: Summary of Significant Accounting Policies - Continued

Support - Continued

Gifts of goods and equipment are reported as support without donor restrictions unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as support with donor restrictions. Masonic Villages reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

Masonic Villages is the beneficiary under various wills and trust agreements. Amounts received from such sources are recorded when clear title is established, and the proceeds are measurable.

Donated Services

A significant number of volunteers annually donate their services to Masonic Villages. Because the services provided do not require specialized skills, the value of these donated services is not reflected in the consolidated financial statements.

Resident Service Revenue

Resident service revenue is reported at the amount that reflects the consideration Masonic Villages expect to receive in exchange for the services provided. These amounts are due from residents or third-party payors, including health insurers and government programs, and may include variable consideration for retroactive revenue adjustments under reimbursement programs. This consideration is recorded initially at Masonic Villages' established rates for the services, reduced when appropriate by contractual adjustments and charity allowances, to arrive at resident service revenue reported in the consolidated statements of operations.

Performance obligations are determined based on the nature of the services provided. Resident service fee revenue is recognized as performance obligations are satisfied. The performance obligations inherent within the services Masonic Villages provides are typically satisfied within specific measurable time periods or through the delivery of a service that is immediately consumed by a customer.

Nursing care, personal care, retirement living, and the residential care program for developmentally disabled individuals are considered to be senior living residency services. Under the senior living residency agreements, services are provided to residents for a stated daily or monthly fee. Masonic Villages has determined that the senior living services included under the daily or monthly fee have the same timing and pattern of transfer and are a series of distinct services that are considered one performance obligation which is satisfied over time.

In addition to senior living residency services, Masonic Villages also offers several ancillary service programs which include home care, home health care and hospice services. Masonic Villages enters into contracts to provide these ancillary services. Each service provided under these contracts is capable of being distinct. Accordingly, these services are considered individual and separate performance obligations which are satisfied as services are provided and revenue is recognized as services are provided.

Masonic Villages also provides goods and services to residents and non-residents that do not require specific contracts. This includes certain medical ancillary services, pharmacy, wellness center, beauty and barber services, meals, laundry, transportation, parking, and communications services. These goods and services are typically provided in a retail setting, where the performance obligations are satisfied, and the revenue recognized once the goods and services have been delivered to or consumed by the customer.

NOTE 1: Summary of Significant Accounting Policies - Continued

Resident Service Revenue - Continued

Masonic Villages' admissions process for senior living residency services includes a credit assessment of the prospective resident and obtaining an understanding of available third-party reimbursement from health insurers and government programs for the prospective resident. These evaluations typically occur prior to the provision of services. Acceptance of the prospective resident's credit status and applicable coverage from third party payors may require Masonic Villages to accept discounts from established billing rates. These discounts for senior living residency services represent explicit price concessions to the transaction price and are recorded as a reduction from resident service revenue.

Masonic Villages receives a significant portion of its revenue from Medicare, Medicaid and other third-party payors that receive discounts from established billing rates. Settlements with third party payors for retroactive adjustments due to audits, reviews, or investigations are considered variable consideration and are included in the determination of the estimated transaction price for providing services. Masonic Villages estimates the transaction price based on terms of the contract with the payor, correspondence with the payor, and historical payment trends. Retroactive adjustments are recognized in future periods as final settlements are determined. Adjustments arising from a change in the transaction price were not significant for the years ended December 31, 2024 and 2023. Laws and regulations governing Medicare, Medicaid, and other third-party programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates will change in the near term.

Financing Component

Masonic Villages has elected the practical expedient allowed under generally accepted accounting principles for revenue recognition and does not adjust the promised amount of consideration from residents or third-party payors for the effects of a significant financing component due to Masonic Villages' expectation that the period between the time the service is provided to a resident and the time the resident or third-party payor pays for the service will be one year or less. Masonic Villages also enters into Retirement Living contracts which provide for payments at the time of inception and are amortized to revenue using the straight-line method over the estimated remaining life expectancy of the individual contract holders. In these instances, the financing component is not deemed to be significant to the contract.

Contract Costs

Masonic Villages has applied the practical expedient allowed under generally accepted accounting principles for contracts with residents. As a result, all incremental contract acquisition costs are expensed as they are incurred, as the amortization period of the asset that Masonic Villages would have recognized is one year or less.

Balances of assets and liabilities for contracts with residents consisted for the following:

	<u>December 31, 2024</u>	<u>December 31, 2023</u>	<u>December 31, 2022</u>
Contract Receivables	\$ 9,055,544	\$ 7,588,861	\$ 5,672,135
Refundable Fee Liabilities	\$ 107,932,869	\$ 106,582,904	\$ 105,419,123
Deferred Revenue from Entrance Fee Liabilities	\$ 134,874,986	\$ 131,923,308	\$ 130,258,005

NOTE 1: Summary of Significant Accounting Policies - Continued

Charity Care

Charity care is provided to residents who have demonstrated the inability to pay and who are not eligible for third party reimbursement. Residents who meet Masonic Villages' criteria for charity care are provided services without charge or at amounts less than established rates. Certain residents qualify for charity care upon admission or when their financial resources are depleted. Therefore, Masonic Villages has determined it has provided implicit price concessions to these residents. The implicit price concessions included in estimating the transaction price represent the difference between amounts billed to residents and the amounts Masonic Villages expects to collect based on its collection history with those residents. These implicit price concessions are recorded as charity care allowances. Because Masonic Villages provides charity care to residents who are unable to pay for these services, it is not reported as resident service revenue.

Consolidated Statements of Operations Earnings Measurements

Masonic Villages' consolidated statements of operations includes two performance indicators to measure operating earnings. The loss from operations before change in fair value of derivative financial instruments serves as an intermediate performance indicator. The loss from operations before change in fair value of derivative financial instruments includes all revenue without donor restrictions from the provision of health care and residential services, operating revenue from incidental activities such as the farm, investment income, and expenses incurred in the performance of these activities. Unrealized appreciation (depreciation) on interest rate swap agreements and non-operating gains and losses are excluded from this intermediate performance indicator.

The final performance indicator is the loss from operations. The loss from operations includes all revenue without donor restrictions from the provision of health care and residential services, operating revenue from incidental activities such as the farm, investment income, expenses incurred in the performance of these activities, and changes in the fair value of derivative financial instruments. Non-operating gains and losses are excluded from the loss from operations.

Consolidated Statements of Changes in Net Assets Earnings Measurement

Masonic Villages utilizes the excess (deficiency) of revenues and gains over expenses and losses to measure its annual earnings. The excess (deficiency) of revenues and gains over expenses and losses includes revenues and expenses from program activities, contributions, investment income, realized gains (losses) from the sale of investments, and changes in the fair value of derivative instruments. The net unrealized appreciation (depreciation) on investments is excluded from the excess (deficiency) of revenues and gains over expenses and losses.

Cash and Cash Equivalents

Cash and cash equivalents include investments in highly liquid debt instruments (i.e. money market funds) with original maturities of three months or less, excluding amounts classified as assets whose use is limited.

Leases

Masonic Villages has entered into leasing arrangements for a parcel of land at the Dallas campus, the use of equipment at several locations, and a fleet of vehicles. Masonic Villages recognizes right-of-use assets and right-of-use liabilities that arise from lease arrangements on the consolidated balance sheets at the commencement date of the lease. The value is determined based on the present value of future payments over the lease term based on incremental borrowing rates to discount the cash flows.

NOTE 1: Summary of Significant Accounting Policies - Continued

Income Taxes

Masonic Villages is a not-for-profit entity as described in Section 501(c) (3) of the Internal Revenue Code and is exempt from federal income taxes on related income pursuant to Section 509(a) of the Code and files a Form 990, "Return of Organization Exempt from Income Tax". Pennsylvania Acacia Insurance Company, Ltd. is a single member, tax-exempt corporation. The Foundation, Masonic Library and Museum, and Ashlar are all single member, limited liability corporations and are disregarded entities for income tax purposes.

Generally accepted accounting principles require organizations to disclose significant tax positions that are subject to uncertainty about the merits of the position taken or the amount of the position that may ultimately be sustained upon examination by the taxing authorities. The effects of tax positions are recognized in financial statements if, in the opinion of management, the tax position would more likely than not be sustained upon an examination by the taxing authorities, including the resolution of any applicable appeals or litigation. Masonic Villages' most significant tax position is that it is exempt from payment of federal and state income taxes. Accordingly, Masonic Villages has not reported any income tax expense in the consolidated statements of operations and the consolidated statements of changes in net assets for the years ended December 31, 2024 and 2023. Masonic Villages has not recorded liabilities for income taxes or unrecognized income tax benefits in the consolidated balance sheets as of December 31, 2024 and 2023. Masonic Villages' Form 990 is generally subject to examination for a period of three years after the returns are filed.

Use of Estimates

The preparation of consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements. Estimates also affect the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Derivative Financial Instruments

Derivative financial instruments used by Masonic Villages consist of pay-fixed, receive variable interest rate swap agreements. The purpose of these interest rate swap agreements is to limit Masonic Villages' exposure to interest rate changes on its variable-rate debt.

Disclosure about Fair Value of Financial Instruments

Financial instruments include cash and cash equivalents, short-term investments, investment securities, resident accounts receivable, notes receivable, deposits, long-term debt, and interest rate swaps.

The fair value of cash and cash equivalents are deemed to be the same as their carrying value. The fair value of resident accounts receivable equals their carrying value since they are stated net of estimated uncollectible amounts. The fair value of the long-term debt is determined based on the quoted market price of the long-term debt at the consolidated balance sheet date. The fair values of interest rate swap agreements are based on quoted market prices if available or valuation techniques which consider the present value of estimated expected future cash flows. Disclosure of additional fair values is contained in the following notes.

Reclassifications

Certain reclassifications have been made to prior period balances to conform to the current year presentation.

NOTE 2: Liquidity and Availability

Financial assets available for general expenditure without donor or other restrictions limiting their use within one year consist of the following as of December 31, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
Cash and Cash Equivalents Available for Operations	\$ 19,994,678	\$ 15,828,713
Investment Income Receivable without Donor Restrictions	1,180,399	1,063,638
Resident Accounts Receivable	9,055,544	7,588,861

	<u>\$ 592,826,052</u>	<u>\$ 540,520,153</u>

Under Masonic Villages' liquidity management strategy, financial assets are structured to be available as expenditures, liabilities and other obligations become due. Masonic Villages also invests cash in excess of daily requirements in short-term investments. Investments without donor restrictions are subject to an annual spending policy that is described in Note 7. Although Masonic Villages does not intend to spend from its investments without donor restrictions in excess of the maximum spending policy limit, amounts from these investments could be made available, if necessary.

NOTE 3: Cash and Cash Equivalents

Masonic Villages holds cash and cash equivalents that have been restricted by donors for certain purposes. Masonic Villages is not permitted to use restricted cash and cash equivalents for general operations. The components of Masonic Villages' cash and cash equivalents as of December 31, 2024 and 2023 are as follows:

	<u>2024</u>	<u>2023</u>
Available for Operations	\$ 19,994,678	\$ 15,828,713
Held for Resident Deposits	<u>703,437</u>	<u>791,704</u>
Total without Donor Restrictions	20,698,115	16,620,417
With Donor Restrictions	<u>1,813,895</u>	<u>1,788,426</u>

NOTE 4: Resident Accounts Receivable

Masonic Villages' resident accounts receivable consists of amounts owed from individuals, insurance companies, and government agencies. As of December 31, 2024 and 2023, Masonic Villages' aggregate resident accounts receivable over 90 days past due totaled \$ 3,886,839 and \$ 2,009,209, respectively.

Masonic Villages' resident accounts receivable are reduced by an allowance for uncollectible accounts. In evaluating the collectability of resident accounts receivable, Masonic Villages evaluates its past history and identifies trends for each of its major sources of revenue to estimate the appropriate allowance for doubtful accounts and provision for bad debts. Management regularly reviews data about these major payor sources of revenue in evaluating the sufficiency of the allowance for doubtful accounts. For receivables associated with private pay residents (which

NOTE 4: Resident Accounts Receivable - Continued

includes both residents without insurance and residents with deductible and copayment balances due for which third-party coverage exists for part of the bill), Masonic Villages records a provision for bad debts in the period of service on the basis of past experience, which indicates that many private pay residents are unable or unwilling to pay the portion of the bill for which they are financially responsible.

The difference between the standard rates and the amounts actually collected after all reasonable collection efforts have been exhausted is charged off against the allowance for uncollectible accounts.

The changes in the allowance for uncollectible accounts receivable for the years ended December 31, 2024 and 2023 were as follows:

	<u>2024</u>	<u>2023</u>
Allowance at January 1	\$ 1,254,233	\$ 891,612
Provision for Bad Debts	498,015	464,412

Promises to give consist of the following as of December 31, 2024 and 2023:

The discount rate used for promises to give received during the years ended December 31, 2023 was 1.51%.

NOTE 6: Notes Receivable

Notes receivable with Masonic Villages' Retirement Living residents totaled \$648,534 as of December 31, 2024 and \$ 650,938 as of December 31, 2023. Interest was charged at rates ranging from 0% to 5% per annum. There were no notes receivable outstanding beyond their due date, included in the aforementioned totals, as of December 31, 2024 and 2023. There were no notes receivable on nonaccrual status as of December 31, 2024 and 2023. Based on management's evaluation of the notes receivable portfolio, no provision for uncollectible notes receivable is required.

NOTE 7: Investments

Consolidated Fund investments and certain short-term investments are administered by twenty-six different investment management firms and held in safekeeping by JPMorgan Chase Bank, N. NOTE 7: Investments - Continued

The Consolidated Fund investment policy includes specific guidance on the maximum amount that each organization participating in the Consolidated Fund may withdraw from its Consolidated Fund investments each year. The maximum amount that may be withdrawn and spent is equal to a percentage of the three-year average fair value of a participating organization's Consolidated Fund investments. The investment policy permits withdrawals from investments without donor restrictions in excess of the spending policy maximum. For the years ended December 31, 2024 and 2023, the spending policy percentages recommended by the Grand Lodge Committee on Finance and elected by the Trustees of the Consolidated Fund was 7% and 5%, respectively. Masonic Villages reports the cumulative excess of the restricted spending maximum over amounts withdrawn from Consolidated Fund investments with donor restrictions as net assets with donor restrictions available to be appropriated for expenditure.

Masonic Villages' performance in comparison with the spending maximum amounts is summarized in the following table:

	<u>Without Donor Restrictions</u>	<u>With Donor Restrictions</u>	<u>Total</u>

NOTE 10: Interest Rate Swap Agreements

On July 1, 1999, Masonic Villages entered into an interest rate swap agreement on the 1999 Bonds with Wells Fargo Bank, NA (formerly known as Wachovia Bank NA). This agreement expires on July 1, 2034. Wells Fargo Bank, NA exchanged a fixed rate of 4.5925% on the outstanding principal of the 1999 Bonds for the variable interest rate Masonic Villages would have paid. Masonic Villages entered into this agreement to limit the exposure to interest rate changes on the 1999 Bonds.

On April 1, 2008, the Lancaster County Hospital Authority issued Variable Rate Demand/Fixed Rate Health Center Revenue bonds (Masonic Homes Project), Series 2008 (2008 Bonds) for \$ 144,950,000. The proceeds of the 2008 Bonds were used to completely refund the outstanding principal of the 1999 Bonds, the 2001 Bonds, the 2002 Bonds, and the 2004 Bonds. Masonic Villages received the proceeds of the 2008 Bonds in four separate series that corresponded to the outstanding principal amount and repayment schedules of each of the refunded bond series. Series A of the 2008 Bonds (\$ 37,420,000) replaced the 2001 Bonds. Series B of the 2008 Bonds (\$ 34,725,000) replaced the 2002 Bonds. Series C of the 2008 Bonds (\$ 29,550,000) replaced the 2004 Bonds. Series D of the 2008 Bonds (\$ 43,255,000) replaced the 1999 Bonds. The new bonds were structured in four separate series to correspond to outstanding principal amounts and repayment schedules of the four refunded bond issues. This approach enabled the interest rate swap agreements to continue to be used with the new variable rate demand bonds.

The rate setting measure prior to May 1, 2023 was 67% of London Interbank Offered Rate (LIBOR). Effective May 1, 2023, use of LIBOR as the rate setting measure on the interest rate swap agreement supporting the 2008 D Bonds was replaced by use of Secured Overnight Financing Rate (SOFR) calculated at 67%.

NOTE 10: Interest Rate Swap Agreements - Continued

The interest rate swap is recognized as an asset or liability in the consolidated balance sheets at its fair value. Changes in fair value are recorded as a change in unrealized appreciation or depreciation in the consolidated statements of operations and the consolidated statements of changes in net assets.

As of December 31, 2024 and 2023, the fair value of Masonic Villages' interest rate swap agreements were as follows:

	<u>2024</u>	<u>2023</u>
1999 Bonds / 2008 Bonds (Series D) interest rate swap agreement	\$(2,394,773)	\$(3,249,177)

By using derivative instruments, Masonic Villages is exposed to credit and market risk. If the counterparty fails to perform, credit risk is equal to the extent of the fair value gain in a derivative. When the fair value of a derivative contract is positive, this generally indicates that the counterparty owes Masonic Villages and, therefore, creates a repayment risk for Masonic Villages. When the fair value of a derivative contract is negative, Masonic Villages owes the counterparty and, therefore, it has no repayment risk. Masonic Villages minimizes the credit (or repayment) risk in derivative instruments by entering into transactions with high quality counterparties that are reviewed periodically by Masonic Villages' management.

At December 31, 2024 and 2023, the net payments associated with the terms of the swap agreement totaled:

Fixed rate payments:

1999 Bonds / 2008 Bonds (Series D) interest rate swap agreement	\$ 1,084,404	\$ 1,161,903
---	--------------	--------------

Variable rate payments:

1999 Bonds / 2008 Bonds (Series D) interest rate swap agreement	<u>(835,962)</u>	<u>(865,626)</u>
Net payments to interest rates provider	<u>\$ 248,442</u>	<u>\$ 296,277</u>

NOTE 11: Long-Term Debt

On November 1, 2023, the Lancaster County Hospital Authority issued Fixed Rate Health Center Revenue Bonds, Series 2023 (2023 Bonds) for \$ 26,920,000. The proceeds of the 2023 Bonds were used to advance refund the outstanding principal of the Series 2013 Bonds and to pay the issuance costs of the 2023 Bonds.

The refunding transaction increased Masonic Villages aggregate debt service payments by approximately \$ 418,000 through May 2038. The aggregate accounting loss on the refunding of the 2013 Bonds of \$ 78,502 was recorded as an operating expense of Masonic Villages for the year ended December 31, 2023.

NOTE 11: Long-Term Debt - Continued

All of Masonic Villages' outstanding bonds are secured by a pledge of Masonic Villages' gross revenues. A summary of long-term debt at December 31, 2024 and 2023 follows:

The loan agreements place limits on the incurrence of additional borrowing and require that Masonic Villages satisfy certain measures of financial performance as long as the debt is outstanding. For the years ended December 31, 2024 and 2023, Masonic Villages met the minimum debt service coverage ratio contained in the loan agreements.

Masonic Villages and PNC Bank, NA (PNC) entered a Continuing Covenants Agreement on December 19, 2013 for PNC to directly purchase all outstanding principal of the 2013 Bonds. Under the terms of this agreement, PNC will hold the outstanding principal of the 2013 Bonds as an investment asset for a minimum of ten years. This agreement terminated upon issuance of the 2023 Bonds. On May 31, 2018, Masonic Villages amended Continuing Covenants Agreements with Wells Fargo Bank, NA (Wells Fargo) for Wells Fargo to purchase all outstanding principal of the 1996 Bonds and 2008 Bonds, Series A, B, and C. The 1996 Bonds, 2008 Bonds Series A and B were refunded on August 1, 2022 with the issuance of the 2022 Bonds. On August 1, 2022, Masonic Villages entered into Continuing Covenants Agreement with Wells Fargo to directly purchase all outstanding principal of the 2022 Bonds. On November 1, 2019, J.P. Morgan Chase Bank, NA., agreed to extend a letter of credit to support the 2008 Bonds, Series D issued through the Lancaster County Hospital Authority. This letter of credit expired after five years on October 3, 2024. Upon expiration, J.P. Morgan Chase extended the letter of credit by one year to October 3, 2025.

NOTE 12: Endowments

Masonic Villages' endowment consists of several individual funds established for a variety of purposes. Masonic Villages' endowment includes both donor-restricted endowment funds and funds designated by Masonic Villages' Board of Directors to function as an endowment. Net assets associated with endowment funds, including funds designated by Masonic Villages' Board of Directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

NOTE 12: Endowments - Continued

The Commonwealth of Pennsylvania has not adopted the Uniform Prudent Management of Institutional Funds Act of 2006. Guidance for the administration of endowment funds in Pennsylvania is provided in Act 141, which was passed by the Pennsylvania legislature in 1998. Under Act 141, Pennsylvania not-for-profit organizations are permitted to elect an annual amount that may be used from their endowment funds based on an annual spending rate between 2% and 7%. Act 141 permits the spending of accumulated principal and income from an endowment fund if the amount withdrawn is less than or equal to the annually elected percentage. Masonic Villages' interpretation of Act 141 classifies interest income, dividends, and capital appreciation earned by donor-restricted endowment fund investments as donor restricted activity. All interest income, dividends, and capital appreciation in excess of the annual spending amount are reported as net assets with donor restrictions available to be appropriated for expenditure in future years. Masonic Villages intends to preserve the fair value of the original gift as of the gift date of the donor-restricted endowment funds, absent explicit donor stipulations to the contrary. As a result of this interpretation, Masonic Villages classifies as net assets required to be maintained in perpetuity (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment is classified as net assets with donor restrictions available to be appropriated for expenditure by Masonic Villages in a manner consistent with the standard of prudence described by Act 141.

Masonic Villages considers several factors when making a determination to appropriate or accumulate donor-restricted endowment funds. These factors include the duration and preservation of the fund, the mission of the Masonic Villages, the purpose of the donor-restricted endowment fund, satisfaction of specific donor instructions, general economic conditions, the possible effect of inflation and deflation, the expected total return from income and the appreciation of investments, other resources of Masonic Villages, and the investment policy of the Consolidated Fund.

Masonic Villages has invested substantially all of its endowment assets in the Consolidated Fund. The Trustees of the Consolidated Fund have adopted an investment policy and strategies to achieve the greatest return possible for the amount of risk assumed by the Consolidated Fund. Under this policy, assets are invested in a manner intended to produce results that exceed the Consumer Price Index for the entire Consolidated Fund. There are also goals established for categories of fixed income and equity investments within the Consolidated Fund to meet or exceed the performance of appropriate generally recognized financial indices. Actual returns in any year may vary from these goals.

To satisfy the long-term rate-of-return objectives of the organizations participating in the Consolidated Fund, the Trustees of the Consolidated Fund rely on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Consolidated Fund targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

The Consolidated Fund investment policy includes specific guidance on the maximum amounts that each participating organization may withdraw from its Consolidated Fund investments each year. The maximum amount that may be withdrawn and spent is equal to a percentage of the three-year average fair value of a participating organization's Consolidated Fund investments.

NOTE 12: Endowments - Continued

This approach is consistent with the provisions of Act 141. For the years ended December 31, 2024 and 2023, the spending percentages elected by the Trustees of the Consolidated Fund was 7% and 5% respectively. In establishing this policy, the Trustees of the Consolidated Fund considered the long-term expected return on the endowment funds of the organizations participating in the Consolidated Fund.

An underwater endowment fund is defined as a donor-restricted endowment fund for which the fair value is less than either the original gift amount or the amount required to be maintained by the donors or by law that extends donor restrictions. Masonic Villages has interpreted Act 141 to permit spending from underwater endowments to the extent the donor-restricted endowment has net assets with donor restrictions available to be appropriated for expenditure. Masonic Villages did not have any underwater endowments as of December 31, 2024 and 2023.

Endowment net assets consisted of the following as of December 31, 2024 and 2023:

These assets were transferred upon the deaths of the donors and the corresponding termination of charitable gift annuity arrangements.

Masonic Villages received liquidating distributions from trusts previously recorded as perpetual trust held by third parties during 2023. This distribution, totaling \$ 182,132 was recorded as a satisfaction of the donor's restriction and transferred from net assets with donor restrictions to net assets without donor restrictions for the year ended December 31, 2023.

NOTE 15: Retirement Plans

Masonic Villages sponsors a retirement plan established under Section 403 (b) of the Internal Revenue Code. This retirement plan is available to substantially all Masonic Villages' employees and is funded by contributions made by employees and Masonic Villages to a third-party administrator. Annual contributions by the employees are subject to maximum limits established by federal legislation. Masonic Villages made contributions to the defined contribution retirement plan totaling \$ 3,676,122 and \$ 3,636,447 during the years ended December 31, 2024 and 2023, respectively. Masonic Villages also incurred administrative costs related to the defined contribution retirement plan totaling \$ 42,869 and \$ 67,117 during the years ended December 31, 2024 and 2023, respectively.

In April 2012, Masonic Villages established a noncontributory retirement plan under Section 457 (b) of the Internal Revenue Code. This retirement plan is available to certain senior management employees of Masonic Villages and is funded solely by contributions made by employees to a third-party administrator. Annual contributions by the employees are subject to maximum limits established by federal legislation. Accumulated assets of this noncontributory retirement plan are included in Masonic Villages' investments with a corresponding liability reported in accrued expenses in the consolidated balance sheets. The accumulated assets and the corresponding liability totaled \$ 1,456,714 and \$ 1,265,823 as of December 31, 2024 and 2023, respectively. Masonic Villages incurred administrative costs related to this noncontributory retirement plan totaling \$ 2,304 and \$ 1,332 during the years ended December 31, 2024 and 2023, respectively.

NOTE 16: Resident Service Revenue

Masonic Villages has agreements with third-party payors that provide for reimbursement to Masonic Villages at amounts different from its established rates. Contractual adjustments under third-party reimbursement programs represent the difference between the billings at established rates for services and amounts reimbursed by third-party payors. Masonic Villages' major third-party payors are Medicare and Medicaid.

For the years ended December 31, 2024 and 2023, services rendered to Medicare program beneficiaries were reimbursed on a prospective payment system or fee schedule, depending on the medical services provided. Under the prospective payment system, Masonic Villages is reimbursed according to the beneficiaries' acuity level and services provided. Under the fee schedule, Masonic Villages is reimbursed the lesser of its charge or the allowable amount per the fee schedule.

Services rendered to Medicaid program beneficiaries are reimbursed based on a prospective case-mix payment system. Under this system, nursing facilities are categorized into peer groups based on geographic location and number of certified beds. The Commonwealth of Pennsylvania's Department of Human Services (Department) establishes per diem rates to reimburse nursing facilities using peer group data adjusted for each individual facility's resident acuity.

In January 2005, the Department implemented a nursing facility assessment program for nursing facilities operating in Pennsylvania. Under this program, the Department collects an assessment from nursing facilities operating in Pennsylvania based on each facility's assessment days. The payments received by the Department from this quarterly assessment are used to obtain federal matching funds to maintain reimbursement for those nursing facilities participating in the Medicaid program. Masonic Villages recognized nursing assessment costs of \$ 1,538,890 and \$ 1,614,359 for the years ended December 31, 2024 and 2023, respectively. Nursing assessment costs are reported as a component of other operating expenses by Masonic Villages in the consolidated statements of operations. Masonic Villages recognized decreased Medicaid reimbursement of \$ 539,574 and \$ 811,738 from the nursing assessment program for the years ended December 31, 2024 and 2023, respectively. Decreased Medicaid reimbursement from the nursing assessment program is reported as a component of contractual adjustments under third party programs.

Masonic Villages recognizes resident service revenue associated with services provided to residents who have third party coverage on the basis of contractual rates for the services rendered. For uninsured private pay residents that qualify for charity care, Masonic Villages recognizes revenue on the basis of its standard rates for services provided, reduced by the estimated portion of the standard rate the resident is unable to pay. The estimated portion of the standard rate the resident is unable to pay is recognized as a charity care allowance. For uninsured private pay residents that do not qualify for charity care, Masonic Villages recognizes revenue on the basis of its standard rates for services provided. On the basis of historical experience, a portion of Masonic Villages' uninsured private pay residents that do not qualify for charity care will be unable or unwilling to pay for the services provided. Masonic Villages records a provision for bad debts related to these uninsured private pay residents in the period the services are provided.

Generally accepted accounting principles require organizations to disaggregate revenue from contracts with customers to depict how the nature, amount, timing and uncertainty of revenue and cash flows are affected by economic factors. Masonic Villages disaggregates its resident service revenue from contracts with customers by payer source and by service type.

NOTE 16: Resident Service Revenue - Continued

Masonic Villages' major payor sources consist of the Medicaid and Medicare programs, other third-party payors (primarily commercial insurance and managed care organizations), and private pay individuals. Resident service revenue, net of contractual and charity care allowances provided (but before the provision for bad debts), recognized in the consolidated statements of operations for the years ended December 31, 2024 and 2023 from these major payor sources is as follows:

NOTE 17: Charity Care and Community Service

Masonic Villages' mission has been to provide services to residents, regardless of their ability to pay, who have medical, social, or financial need.

Masonic Villages provides services to adult individuals who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. Criteria considered in Masonic Villages' charity care policy include the income and net worth of the adult individuals applying for charity care. Adult individuals applying for charity care must also be determined to be ineligible for reimbursement from applicable government programs for the services to be provided. Charity care may be provided to qualifying adult individuals for Personal Care, Retirement Living, Residential Care, and certain medical and nonmedical ancillary services. All services provided in the Children's Home are provided as charity care.

Masonic Villages maintains records to identify and monitor the level of charity care and community service it provides. These records include the amount of charges forgone based on established rates for the services and supplies furnished under its charity care policy. Charges forgone for charity care are excluded from net resident service revenue recorded by Masonic Villages. The cost to provide charity care is estimated on an annual basis for each service area providing charity care. Estimated charity care costs for an individual service area are determined by multiplying the individual service area's forgone charges by the ratio of the individual service area's direct and allocated indirect expenses to its gross charges. Masonic Villages' aggregate estimated cost of providing charity care is the sum of the charity care costs calculated for the individual service areas.

Charges forgone for charity care and the estimated costs of providing charity care for the years ended December 31, 2024 and 2023 were as follows:

	<u>2024</u>	<u>2023</u>
Charges forgone	<u>\$ 12,382,574</u>	<u>\$ 12,966,707</u>
Estimated cost to provide charity care	<u>\$ 11,382,230</u>	<u>\$ 11,751,052</u>

Masonic Villages has received contributions restricted for the care and support of Retirement Living residents eligible for charity care. These contributions are recorded as net assets with donor restrictions and periodically released from restriction to subsidize charges forgone to provide charity care to Retirement Living residents. Net assets released from donor restrictions to subsidize charity care provided to Retirement Living residents totaled (\$122,192) and \$ 262,687 for the years ended December 31, 2024 and 2023, respectively.

Masonic Villages also participates in the Medicare and Medical Assistance programs which make payment for services provided to financially eligible residents at rates which are less than the cost of such services. Management estimates the unpaid costs of these programs are approximately \$ 29,500,000 and \$ 27,800,000 in 2024 and 2023, respectively.

Masonic Villages conducts two programs that benefit people not residing at one of the five locations. The Home Assistance program (Home Assistance) provides financial resources and other services to Pennsylvania Masons and their families in need. Home Assistance is provided in two forms: charity care and temporary assistance. The cost of providing Home Assistance totaled \$ 224,815 and \$ 172,010 for the years ended December 31, 2024 and 2023, respectively. Masonic

NOTE 17: Charity Care and Community Service - Continued

Villages has also established an Outreach program (Outreach) to assist individuals in their communities. People contacting Outreach receive information about various aspects of long-term care, including government programs available, selecting a long-term care facility, insurance, transportation, and counseling. The cost of Outreach totaled \$ 46,797 and \$ 1,068 for the years ended December 31, 2024 and 2023, respectively.

During 2024 and 2023, Masonic Villages permitted its meeting and conference facilities to be used by several not-for-profit organizations, including the Elizabethtown Area School District. Masonic Villages received no rental fees for the use of the meeting and conference facilities. The cost of providing this service to these organizations totaled approximately \$ 10,700 and \$ 7,500 for the years ended December 31, 2024 and 2023, respectively.

Masonic Villages made contributions of cash and in-kind services to not-for-profit organizations in the communities it serves. For the years ended December 31, 2024 and 2023, these contributions totaled \$ 326,097 and \$ 350,089, respectively. Masonic Villages also awarded scholarships to several individuals. Individuals receiving scholarships included graduating high school students based on academic achievement, financial need, and community service. Scholarship payments totaled \$ 291,300 and \$ 291,150 for the years ended December 31, 2024 and 2023, respectively.

NOTE 18: Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a natural basis in the consolidated statements of operations. Functional expenses reported in the consolidated financial statements represent combinations of specific cost centers within the Masonic Villages' accounting structure. Cost centers are used to focus on specific operational activities, such as an individual program or administrative service. Use of the cost centers enable individual expenses to be assigned directly to the appropriate activity as incurred throughout the year. Certain expenses that are incurred at an entity level are not assigned to an individual cost center and must be allocated among the programs and supporting services benefited using a reasonable basis that is consistently applied. Employee healthcare costs are an example of an allocable expense.

NOTE 18: Functional Allocation of Expenses - Continued

NOTE 19: Transactions with Affiliated Organizations - Continued

Contributions to Affiliated Organizations

Contributions from Masonic Villages' net assets with donor restrictions are made to the Grand Lodge of Pennsylvania Charity Foundation. These contributions are reported as satisfaction of donor restrictions in the consolidated statements of changes in net assets. The contributions are made from the Reidler Helping Hand Fund, which was established to benefit Masonic Villages and the Grand Lodge of Pennsylvania Charity Foundation. Contributions from this trust to the Grand Lodge of Pennsylvania Charity Foundation totaled \$ 777 and \$ 540 for the years ended December 31, 2024 and 2023, respectively.

Administrative and Program Service Expenses

Masonic Villages has entered into a resource sharing and fiduciary agreement with Grand Lodge. Under the agreement, Masonic Villages has agreed to pay Grand Lodge a fiduciary services and management fee in the amount of \$ 250,000 annually. In addition, as defined in the resource sharing and fiduciary agreement, Masonic Villages will no longer require Grand Lodge to reimburse Masonic Villages for costs associated with human resources, accounting, information technology and public relations. Grand Lodge waived the management fee for the year ended December 31, 2024. Masonic Villages cost associated with the fiduciary and management fee totaled \$ 250,000 for the year ended December 31, 2023.

NOTE 20: Split-Interest Agreements

Masonic Villages has entered into several split-interest agreements with donors. These split-interest agreements include charitable gift annuities, charitable remainder unitrusts, charitable remainder annuity trusts, charitable lead trusts, and perpetual trusts held by third parties. Under split-interest agreements, a donor makes an initial gift to a trust or directly to Masonic Villages in which Masonic Villages has a beneficial interest. Donated assets are maintained by a trust or Masonic Villages and distributions are made to a beneficiary or beneficiaries during the term of the agreement.

At the end of the agreement's term, any remaining assets covered by the agreement are distributed to Masonic Villages.

Assets received under split-interest agreements are recorded at the fair value of the assets on the date received. Liabilities to beneficiaries are recorded at the net present value of expected payments based upon the amount of the contribution, any contractual rate of return, and the life expectancy of the beneficiary. Contribution revenue is classified as either without donor restrictions or with donor restrictions based on the existence of any donor-imposed conditions in the split-interest agreement.

As of December 31, 2024 and 2023, the fair value of assets recognized under split-interest agreements by Masonic Villages, consisting principally of cash and investments, was as follows:

	2024	2023
Perpetual Trusts Held by Third Parties	\$ 50,473,350	\$ 47,661,100

	\$	1,058,513	\$	413,365

Masonic Villages is an income beneficiary of several perpetual trusts held by third parties. Distributions of income are made at the discretion of the trustees. Income distributed to the Masonic Villages by perpetual trusts held by third parties amounted to \$ 2,257,060 and \$ 2,469,536 for the years ended December 31, 2024 and 2023, respectively.

NOTE 21: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the organization can access at the measurement date.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3: Inputs that are unobservable inputs for the asset or liability.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Domestic and International Common Stock, Mutual Funds – Equity Securities, Exchange Traded Funds, Royalty Trusts and Real Estate Investment Trusts

Valued at end of day quoted prices in active markets for identical assets, if available (Level 1). If the market is not active, they are valued using quoted prices for similar assets in active markets or identical assets in inactive markets (Level 2)

U.S. Government Securities, Domestic Corporate Bonds, Municipal Securities, Mortgage-Backed Securities, Assets Backed Securities and Demand Notes

Valued at end of day pricing using quoted prices for similar assets in active markets or identical assets in inactive markets.

NOTE 21: Fair Value Measurements - Continued

Money Market Mutual Funds

These funds are valued at the end of day closing price based on net asset value (NAV). The value is based on quoted prices for similar assets in active markets or identical assets in inactive markets.

Perpetual Trust Held by Third Parties

The value of perpetual trusts is determined based on the end of day value of the underlying investments. The investments are valued using quoted prices in active markets or quoted prices for similar assets in active markets or identical assets in inactive markets.

Private Equity Investments

Valued at the bid price of the investment or if there is no price for the investment in question, the value is the amount which would be paid to a seller for an immediate transfer to another plus any charges for the transfer. The value of an investment which has no price is determined using comparable assets of public markets, private transactions or valuations of comparable companies or assets.

As described in Note 7, Masonic Villages' most significant investment is its share of the Consolidated Fund.

NOTE 21: Fair Value Measurements - Continued

The fair values of the Consolidated Fund's assets measured on a recurring basis as of December 31, 2024 and 2023 are as follows:

The Consolidated Fund has investments in certain financial instruments whose fair values are measured as a practical expedient by using the net asset value per share of the investment. This feature may limit the ability of the Consolidated Fund to liquidate these financial instruments quickly, if necessary. Financial instruments whose fair values are determined as a practical expedient by using the net asset value per share of the investment and their redemption features are as follows as of December 31, 2024 and 2023:

The fair values of Masonic Villages' assets are measured using different techniques. Fair values for investments are determined by reference to quoted market prices and other relevant information generated by market transactions. Fair values of perpetual trusts held by third parties are measured by applying known beneficiary percentages to the fair values of the trust's assets which consists of a combination of actively traded securities and other securities which are valued using significant other observable inputs. When unable to obtain a fair value for a perpetual trust, the fair value is estimated by calculating the present value of income received from the trust under a reasonable rate of return percentage. Fair value for contributions receivable from beneficial interests in charitable lead annuity trusts is determined by calculating the present value of the annuity using published life expectancy tables and discount rates ranging from 1.52% to 4.25%. Fair values for unconditional promises to give are determined by calculating the present value of the future cash flows expected to be received, using the stated terms of the promise to give and applicable discount rate of 1.51%.

The fair values of Masonic Villages' liabilities are measured using different techniques. Fair values for annuities payable resulting from charitable gift annuity agreements and charitable remainder unitrust agreements with donors are determined by calculating the present value of the annuity using published life expectancy tables and the contractual discount rates. Fair values for interest rate swap agreements are determined based on the terms of each agreement and proprietary valuation techniques of Wells Fargo Bank, NA, which consider the present value of estimated expected future cash flows.

The fair values of liabilities measured on a recurring basis as of December 31, 2024 and 2023 are as follows:

Masonic Villages meets the requirements for disclosure of fair value information about financial instruments, whether or not recognized in the consolidated balance sheets. In cases where quoted market prices are not available, fair values are based on estimates using present value or other valuation techniques. Those techniques are significantly affected by the assumptions used, including the discount rate and estimates of future cash flows. In that regard, the derived fair value estimates cannot be substantiated by comparison to independent markets and, in many cases, could not be realized in immediate settlement of the instruments. Certain financial instruments and all non-financial instruments are excluded from disclosure requirements. Accordingly, the aggregate fair value amounts presented do not represent the underlying value of Masonic Villages.

NOTE 22: Minimum Liquid Reserve Requirement

Masonic Villages is licensed as a continuing care provider by the Commonwealth of Pennsylvania's Insurance Department (Insurance Department). In accordance with this licensure, Masonic Villages must establish and maintain certain minimum liquid reserves. Masonic Villages' minimum liquid reserve amount equals the greater of the next twelve months long-term debt service (Debt Service Method) or 10% of the annual budgeted operating expenses excluding depreciation (Operating Expense Method). Masonic Villages' governing body, the Board of Directors, has designated a portion of the Masonic Villages Reserve Fund to satisfy this minimum liquid reserve requirement. On October 31, 1996, the Insurance Department approved this approach to comply with the minimum reserve requirement.

NOTE 22: Minimum Liquid Reserve Requirement - Continued

The minimum required reserve amounts for the years ended December 31, 2024 and 2023 were determined using projected expense and principal payment amounts for the years ending December 31, 2024 and 2023, respectively. The required reserve is the greater of the amounts calculated under the operating expense and debt service methods. The minimum required reserve amounts calculated under the two methods were as follows:

	2024	2023
Operating Expense Method		
Operating Expenses	\$ 235,329,536	\$ 238,073,812

NOTE 23: Subsequent Events - Continued

Nursing Bed Sale

On April 9, 2024, Masonic Villages entered into an Agreement (Agreement) whereby the licenses of 47 nursing beds from the Elizabethtown campus would be transferred to a third party (Buyer) at an agreed upon price per bed. At the Elizabethtown location, 453 nursing beds are enrolled and certified as a provider of nursing facility services in Pennsylvania's Medical Assistance Program and the Federal Medicare Program. The transfer or sale is conditional upon Buyer's submission of a Bed Transfer Request and approval of the Bed Transfer Request by the Pennsylvania Department of Human Services (DHS). The Agreement includes a provision whereby Masonic Villages can terminate the Agreement on the date that is 180 days following receipt of the DHS' written response to the Bed Transfer Request. Masonic Villages has identified excess beds at its Elizabethtown and Sewickley campuses and is executing on a strategy of divesting the beds. Buyer received notice dated September 30, 2024 from DHS, denying the transfer. In accordance with 180 day termination provision, Masonic Villages authorized a 60-day extension for buyer to address reasons for denial. On April 8, 2025, the parties entered into an amended agreement to extend the deadline for the buyer to resolve the appeal.

NOTE 24: Commitments and Contingencies

Over the upcoming months, parties involved will work to resolve differences.

NOTE 24: Commitments and Contingencies - Continued

Masonic Villages' Lafayette Hill campus has two agreements with Whitemarsh Township (Whitemarsh) for annual payments in lieu of taxes for the tax-exempt Masonic Villages property. The first agreement, for gross receipts tax, requires a minimum annual payment to Whitemarsh of \$ 10,000, adjusted for an inflation factor based on the Consumer Price Index for the Philadelphia region. The second agreement, for real estate taxes, requires an annual payment to Whitemarsh based on the assessed value of the Lafayette Hill campus and Whitemarsh's current millage rate. Masonic Villages paid Whitemarsh \$ 61,927 and \$ 60,317 under these two agreements for the years ended December 31, 2024, and 2023, respectively.

During the year ended December 31, 2012, Masonic Villages negotiated an agreement with Dallas Township, Dallas Area School District, and Luzerne County for annual payments in lieu of taxes for certain tax-exempt properties at the Dallas campus. NOTE 25: Risk

Financial instruments which subject Masonic Villages to concentrations of credit risk consist primarily of cash and cash equivalents, short-term investments (i.e. certificates of deposit), fixed income securities, common stocks, and resident accounts receivable.

Masonic Villages typically maintains cash and cash equivalents which, at times, exceed \$ 250,000 in banks. Cash and cash equivalents and certain short-term investments are insured by the Federal Deposit Insurance Corporation up to a limit of \$ 250,000 per bank. Fixed income securities and common stocks are uninsured.

Masonic Villages grants credit to its residents and other third-party payors, primarily Medicare, Medical Assistance, and various commercial insurance companies. Masonic Villages maintains reserves for potential credit losses and such losses have historically been within management's expectations.

Investments of Masonic Villages are exposed to various risks, such as interest rate, market, currency and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect investment assets reported in the financial statements.

NOTE 26: COVID-19 Pandemic Financial Activities

Masonic Villages received federal assistance for the COVID-19 pandemic totaling \$ 139,644 for the year ended December 31, 2023. The assistance was presumed to reimburse the costs associated with the COVID-19 pandemic and lost revenue from the decline in resident occupancy and ancillary activities. The amount has been recognized as other operating revenue in the consolidated statements of operations. COVID-19 pandemic costs related to the use of agency nursing due to labor shortages have been reported in Masonic Villages' consolidated financial statements for the year ended December 31, 2023 in the amount of \$ 2,588,973.

NOTE 27: Leases

Lease liabilities represent Masonic Village's obligation to make lease payments and are presented at each reporting date as the net present value of the remaining contractual cash flows. Cash flows are discounted based on incremental borrowing rates. The rates used were the incremental borrowing rates in effect at the commencement date of each lease and ranges from 5.25% to 8.31%. Right-of-use assets represent Masonic Village's right to use the underlying asset for the lease term and are calculated as the sum of the lease liability and if applicable, prepaid rent, initial direct costs and any incentives received from the lessor.

Masonic Villages has 119 operating leases, consisting of 42 equipment leases, 76 vehicle leases, and one land lease. Certain of these leases offer the option to extend the lease term and the Masonic Villages has included such extensions in its calculation of the lease liabilities to the extent the options are reasonably assured of being exercised. The lease agreements do not provide for residual value guarantees and have no restrictions or covenants that would require incurring additional financial obligations. There are no variable or short-term lease costs for the year ended December 31, 2024.

Lease expense at December 31 is as follows:

	2024
Operating lease expense	\$ 978,103
Total lease expense	\$ 978,103

2.4.4 MASONIC VILLAGES CARE COMMITMENT AND RESIDENT FINANCIAL RESPONSIBILITY

(a) MASONIC VILLAGES CARE COMMITMENT. So long as you exercise Financial Responsibility during the term of this Resident Agreement and any Future Care Agreement, Masonic Villages will not terminate this Resident Agreement or discharge you from the Community due to your inability to pay Charges; provided, however, that, in such event, Masonic Villages, after consultation with you, may in its discretion move you to another Living Accommodation. You understand and acknowledge that Masonic Villages has relied on your promise to exercise Financial Responsibility in determining to accept your application, admit you to the Community and perform its obligations under this Resident Agreement and any Future Care Agreement. Your failure to exercise Financial Responsibility during the term of this Resident Agreement or any Future Care Agreement will be a material breach of this Resident Agreement giving Masonic Villages the right, in its discretion, to terminate this Resident Agreement or any Future Care Agreement and, in accordance with Applicable Law, discharge you from the Community.

(d) NO OBLIGATION ON MASONIC VILLAGES TO REVIEW YOUR COMPLIANCE. For the avoidance of doubt, your obligation to cooperate with Masonic Villages does not impose an obligation on Masonic Villages to review your compliance with this Resident Agreement or evaluate your exercise of Financial Responsibility at any particular time or at any particular intervals. The fact that Masonic Villages' does not conduct a review or evaluation of your compliance with this Resident Agreement will in no way limit your obligation to exercise Financial Responsibility or Masonic Villages' remedies upon its discovery of your failure to exercise Financial Responsibility.

(e) **NO DEEMED WAIVER OF YOUR OBLIGATION.** You understand and acknowledge that Masonic Villages may not discover or be made aware of your failure to exercise Financial Responsibility until a future time, including, in connection with your application for or need of personal care and nursing care services in the Health Center under a Future Care Agreement. There will be no deemed waiver or acquiescence of your obligation to exercise Financial Responsibility. As a result of your failure, or the failure of your agent, power of attorney or legal guardian, to exercise Financial Responsibility at any time during the term of this Resident Agreement or any Future Care Agreement, Masonic Villages may at any future date terminate this Resident Agreement and, in accordance with Applicable Law, discharge you from the Community.

(f) **ESTABLISHMENT OF RESERVE FUND.** If your current income is insufficient to pay Charges timely, you will take reasonable steps to liquidate capital assets in order to meet your financial obligations under this Resident Agreement or any Future Care Agreement. (h) **SPECIAL CONSIDERATIONS AND SUBSIDIES.** Masonic Village may, at its sole discretion and on an individual basis, taking into account factors such as but not limited to your good faith efforts to pay for services, choose to accept reduced payment for services provided or to subsidize such services. (iii) In the event the Living Accommodation is declared vacant, Masonic Villages may accept an Entrance Fee and execute a Resident Agreement with a new resident for your vacated Living Accommodation. 3.2.7 PERSONAL PROPERTY

(a) Masonic Villages will not be responsible for the loss of any property belonging to you, due to theft, disappearance, fire, breakage, or any other cause, unless the care and custody of such property was specifically accepted in writing by Masonic Villages, and then only due to Masonic Villages' failure to exercise ordinary care to safeguard such property.

(b) You or your personal representative will remove your personal property from the Living Accommodation within ten (10) days after the termination of this Resident Agreement. During this period, Masonic Villages will hold such property at the risk of you or your estate, provided that Masonic Villages will exercise reasonable care during such period to prevent unauthorized access to the Living Accommodation.

(c) If you or your personal representative fails to remove your personal property during such ten (10) day period, Masonic Villages, at your cost, may remove your property from the Living Accommodation to a temporary storage facility, at your or your estate's risk of loss or damage.

(d) Any personal property remaining in possession of Masonic Villages, whether in the Living Accommodation or in temporary storage, will be deemed abandoned after thirty (30) days following the termination of this Resident Agreement. Thereafter, Masonic Villages may dispose of such property in any manner that it chooses and will be entitled to retain the proceeds, if any, from any sale or disposition of such property.

(e) You must, at your sole expense, purchase and maintain tenant or renter's insurance in accordance with the terms set forth in Section 3.2.14.

3.2.8 RIGHT OF ENTRANCE. You acknowledge that Masonic Villages may enter the Living Accommodation in order to carry out the purpose and intent of this Resident Agreement, including performing scheduled cleaning and housekeeping duties, respond to the response call system, respond to fire alert system, investigate non-responsiveness or reports concerning your health or well-being, perform emergency maintenance and inspect the Living Accommodation. Notwithstanding the foregoing, Masonic Villages recognizes your right to privacy and will endeavor to limit entrance to the Living Accommodation to legitimate emergencies and scheduled work as set forth in this Section.

3.2.9 GUESTS

(a) You may have overnight guests in the Living Accommodation for up to eight (8) consecutive days, provided that no person will reside for more than eight (8) days in any one month or more than forty (40) days in any year. Guests will at all times assume the risk of staying with you in your Living Accommodations or at the Community.

(b) You must carefully supervise your guests, including children, to ensure that they do not disrupt other residents or employees of Masonic Villages.

(c) For the avoidance of doubt, this Section 3.2.9 does not apply to the provision of home care, home health care or hospice care in the Living Accommodation. You will comply with Masonic Villages' policies in effect from time to time during your Occupancy concerning home care, home health care and hospice care services in the Living Accommodation.

3.2.10 PETS. With Masonic Villages' prior approval, you may care for up to two (2) domesticated pets in the Living Accommodation. You will notify Masonic Villages of the death of any approved pet and obtain the approval of Masonic Villages prior to caring for a new pet in the Living Accommodation. You will comply with all policies adopted by Masonic Villages from time to time concerning the care and maintenance of pets at the Community. Without limiting the generality of the foregoing, (i) no exotic pets will be permitted; (ii) Masonic Villages, in its sole discretion, may require you to remove a pet from the Living Accommodation and the Community if Masonic Villages' determines it to be a nuisance; and (iii) you will be responsible for any loss, damage or injury caused by your pet or pets to the person or property of others, and will defend, indemnify and hold harmless Masonic Villages therefor.

3.2.11 RESIDENTS' ASSOCIATION. You will be entitled to be a voting member of the Retirement Living Residents' Association. The Association will have resident representatives who will be nominated and elected by the resident members. Retirement Living Residents' Association meetings will be held on a regular basis, but not less frequently than quarterly, and Masonic Villages will provide seven (7) days' notice of such meetings.

3.2.12 SUBSEQUENT COHABITATION. You will not have a non-resident or other resident move into the Living Accommodation with you following Occupancy, except with the prior written approval of Masonic Villages. As a condition to Masonic Villages granting approval, you and the proposed Dual Occupant must together comply with Masonic Villages' requirements for Double Occupancy as may then be in effect. If you and the proposed Dual Occupant cannot comply with such requirements, then you may terminate this Resident Agreement and may thereafter be entitled to a Refund as set forth in this Resident Agreement. If you and the proposed Dual Occupant qualify for Double Occupancy, then you and the proposed Dual Occupant will be required to enter an amendment to this Resident Agreement or a new Resident Agreement reflecting the Double Occupancy. Except as provided in this section, it will be a material breach for you to allow any person to cohabitate with you in the Living Accommodation.

3.2.13 HEALTH CARE

(a) HEALTH CARE SERVICES GENERALLY

(i) You are eligible (but not obligated) to use the medical care and ancillary health care services provided to the Community by or through Masonic Villages. Alternatively, in your sole discretion, you may elect to use the medical and ancillary services provided by third parties.

(ii) Except as otherwise specifically provided in this Resident Agreement or any Future Care Agreement, Masonic Villages provides Medical Care and ancillary health care services strictly on a fee-for-service basis and you will be responsible for all Charges relating to such services. For the avoidance of doubt, no portion of the costs of such services are paid as part of your Entrance Fee or Service Fee, and such Charges may appear on your monthly statement.

(iii) You will be responsible for the cost of all medical and ancillary health care services provided by third party health care providers.

(iv) If Medical Care or ancillary services are provided by or through Masonic Villages, Masonic Villages will bill you for such services separately or on your monthly statement. If you use third party providers, you will be billed by such third parties.

(b) MENTAL ILLNESS, CONTAGIOUS DISEASE, ALCOHOL OR DRUG ADDICTION OR ABUSE. Masonic Villages is not equipped to care for persons suffering from certain levels of mental illness, contagious disease, alcohol or drug addiction or similar illnesses and dependencies. If Masonic Villages reasonably determines that you suffer from one or more of these conditions or illnesses, and that Masonic Villages is not equipped to care for you, Masonic Villages may arrange for your discharge from the Community and transfer to an outside facility that Masonic Villages reasonably believes is equipped to care for you. You will be responsible for the payment for any care or services received at such facility. Masonic Villages will not be liable or responsible for any claims or losses that you incur in connection with the discharge from the Community or your admission to and care received at another facility. Upon

such transfer, (i) this Resident Agreement will automatically and immediately terminate, (ii) you will no longer be required to pay the Service Fee after Surrender, (iii) Masonic Villages will pay any Refund due you as set forth in this Resident Agreement, and (iv) Masonic Villages will reimburse you for the prorated amount of any Service Fee it has received for the month in which the Living Accommodation was Surrendered. Notwithstanding the foregoing, Masonic Villages will cooperate with you and your agent in good faith to seek your discharge to a facility selected by you and your agent.

(i) Any and all psychotherapy and psychiatric consultations needed by you will be at your sole expense

(c) ACCIDENT OR ILLNESS AWAY FROM COMMUNITY. So long as this Resident Agreement is in effect, you will endeavor to promptly notify Masonic Villages if you suffer an accident or illness while away from the Community.

(d) HEALTH CENTER

(i) If, in the reasonable determination of Masonic Villages, you require nursing care or personal care services and, after consultation with you, Masonic Villages directs your transfer to either personal care or nursing care at the Health Center, you will enter and comply with the Future Care Agreement for the level of care required. The determination to transfer you to personal care or nursing care will be made only after consultation with you and reasonable efforts are made to rehabilitate you to function at your highest level, as it is the philosophy of Masonic Villages to maintain each resident at the highest level of functioning of which he or she is capable in order to meet the Requirements of Tenancy. For the avoidance of doubt, the final decision to transfer you to personal care or skilled nursing, will be within the sole discretion of the Masonic Villages.

(ii) Your default or breach under any Future Care Agreement will automatically be a material breach under this Resident Agreement so long as this Resident Agreement is in effect. Accordingly, your breach of a Future Care Agreement would permit Masonic Villages to terminate this Resident Agreement with respect to you and, if applicable, a Remaining Resident.

(iii) If you are in Double Occupancy, commencing immediately after Masonic Villages' reasonable determination that a transfer of you or Dual Occupant in Double Occupancy is permanent, the Remaining Resident will be charged the Service Fee for single Occupancy of the Living Accommodation.

(iv) If you are in Single Occupancy, in the event you are transferred to the Health Center or to another facility for long term care, you are encouraged to Surrender the Living Accommodation to preserve your financial resources. You will be relieved of your obligation to pay the Service Fee following the date of Surrender, but not the obligation to pay outstanding Charges.

(e) HOME CARE, HOME HEALTH CARE AND HOSPICE CARE SERVICES. Masonic Villages will provide you with a list of pre-approved, unaffiliated providers of such services. If available, you will be eligible (but not obligated) to use on a strictly fee-for-service basis Masonic Villages' home care, home health care, palliative and hospice care services in the Living Accommodation or after a transfer to the Health Center

(f) EMERGENCY SERVICES. Your Living Accommodation will have a Response Call System that alerts Masonic Villages staff of the need for help. Medical emergencies will be serviced through utilization of local medical emergency and ambulance companies and their paramedics and support personnel as needed. Masonic Villages does not provide EMS or EMT staff.

(g) COOPERATION. You will cooperate with Masonic Villages in securing reimbursement from any governmental or other third-party payors for the cost for Medical Care and any ancillary health care and nursing services provided by Masonic Villages. Your failure to reasonably cooperate with Masonic Villages to secure such reimbursement will constitute a material breach of this Resident Agreement giving Masonic Villages the right to terminate this Resident Agreement and, in accordance with Applicable Law, discharge you from the Community.

3.2.14 INSURANCE

(a) HEALTH INSURANCE. You must have and maintain at all times during the term of this Resident Agreement and any Future Care Agreement, Medicare Parts A, B and D or a program or programs of equivalent benefits accepted by Masonic Villages. You must also have and maintain a standardized Medicare supplemental plan such as Plan C through N or such other plan or coverage accepted by Masonic Villages.

(i) You will be solely responsible for ensuring that your insurance coverage is accepted by Masonic Villages and be responsible for the payment of all premiums for such insurance and for any co-payments or deductibles not paid by insurance. Failure to obtain and maintain insurance will result in declined admission to the Health Center.

(ii) To the extent permissible under Applicable Law, you authorize Masonic Villages, in its sole discretion and on your behalf, to (1) make application and procure for coverage under any federal, state, or municipal insurance plan or program for which you are eligible, (2) pay all premiums in connection with such insurance, (3) submit claims to your insurance carriers, and (4) invoice you for the actual costs incurred by Masonic Villages in connection with the foregoing.

(iii) If you do not have or maintain the required insurance or alternative insurance acceptable to Masonic Villages, Masonic Villages may, in its discretion, require you to establish and maintain a reserve fund in an amount and on terms reasonably satisfactory to Masonic Villages to ensure the timely payment of Charges.

(iv) You will be solely responsible for all co-pays or deductibles not

paid by insurance.

(b) **AUTOMOBILE.** If you have an automobile, you must maintain automobile insurance coverage with limits and terms that comply with Applicable Laws.

(c) **TENANT.** You must obtain and maintain tenant liability and Living Accommodation contents coverage with liability limits not less than \$300,000 per occurrence and contents coverage limits at least sufficient to cover the value of your personal property in the Living Accommodation. Masonic Villages will not be responsible for any losses that you incur with respect to your personal property.

(d) **PAYMENT FOR INSURANCE.** You will pay the charges for all insurance required by Section 3.2.14 in addition to the Service Fee and other applicable Charges.

(e) **FAILURE TO MAINTAIN INSURANCE.** Failure to maintain the required insurances which leads to your inability to pay for your Living Accommodations and Services, or to otherwise comply with the terms of this Resident Agreement, will be considered a material breach of this Resident Agreement.

3.2.15 YOUR AGENTS AND FIDUCIARIES

(a) **POWER OF ATTORNEY.** You have or will execute a general durable power of attorney, compliant with the laws of the Commonwealth of Pennsylvania, to appoint an agent to carry out the terms of this Resident Agreement on your behalf. At all times during the term of this Resident Agreement or any Future Care Agreement, you will maintain such power of attorney in effect, or promptly establish a new qualifying power of attorney if it is revoked or rescinded, or your agent has died, become incapacitated or will otherwise be unable to serve for any other reason. You will ensure that Masonic Villages has a copy of your power of attorney and any substitute or replacement powers of attorney that you enter from time to time during the term of this Resident Agreement or any Future Care Agreement. If Masonic Villages reasonably determines that the power of attorney as written is insufficient, you will cooperate in establishing a new power of attorney that satisfies the reasonable requirements of Masonic Villages. You will advise your agent under your power of attorney concerning your obligation to exercise Financial Responsibility and will direct your agent to do so on your behalf at all times during the term of this Resident Agreement or any Future Care Agreement.

(b) **FIDUCIARY DESIGNATIONS.** In the Second Addendum to this Resident Agreement, you provide the contact information for your agent under your general durable financial power of attorney, personal representative(s) under your will, your agent(s) and/or surrogate(s) under any health care powers of attorney and/or advance health care directives, and any other fiduciaries, such as trustees of trusts in which you have an interest. You will promptly notify Masonic Villages of any changes to your fiduciaries.

(c) **LEGAL GUARDIAN.** If you become unwilling or unable to properly care for your person or property and your agent(s) under your power of attorney fail or cease to properly care for your person or property, you authorize Masonic Villages to nominate a legal

guardian to serve on your behalf following the approval by a court in accordance with Applicable Law, and you release Masonic Villages from any liability in connection with such nomination, proceeding or appointment.

ARTICLE 4

MASONIC VILLAGES' OBLIGATIONS

4.1 CARE AND SERVICES GENERALLY. On the terms and subject to the conditions set forth in this Resident Agreement, Masonic Villages will provide you Occupancy in the Living Accommodation and the facilities and services described in this Resident Agreement.

4.2 DISTRIBUTION OF DISCLOSURE STATEMENTS. Each year during your Occupancy, Masonic Villages will make available to you a copy of the disclosure statement that it files in accordance with the Act.

4.3 INSURANCE. Masonic Villages will procure and maintain casualty and liability insurance coverage on the buildings, grounds, and common areas of the Community in such amounts as it deems advisable and consistent with industry practices.

4.4 UTILITIES AND SERVICES. Masonic Villages will provide water, heat, electricity, sewer, air-conditioning, trash removal, snow removal and lawn maintenance for the Community and the Living Accommodation.

4.5 HOUSEKEEPING. Masonic Villages will provide housekeeping services in all public areas. Masonic Villages will provide housekeeping service for the Living Accommodation at regular intervals determined by Masonic Villages, such services to include cleaning the bathroom and kitchen, dusting of cleared surfaces, and vacuuming.

4.6 MAINTENANCE AND REPAIR. Masonic Villages will perform and provide necessary repairs and maintenance services to the Living Accommodation and the Community. For the avoidance of doubt, repairs, maintenance, and replacement of your personal property will be the responsibility of, and at the expense of, you.

4.6.1 STRUCTURAL CHANGES. You must obtain the written approval of Masonic Villages before you make any structural or physical change to the Living Accommodation or to any fixtures. Masonic Villages' approval of any change requested by you may be conditioned upon your agreement to bear the expense of the change and any later restoration of the Living Accommodation to its original condition. Unless otherwise agreed to in writing by Masonic Villages, title to any change or replacement will vest in Masonic Villages.

4.6.2 LIVING ACCOMMODATION RENOVATIONS OR UPGRADES. It may become necessary or desirable during your Occupancy to perform renovations, enhancements, or upgrades to the Living Accommodation or other facilities at the Community. Masonic Villages reserves the right to move you to alternate living accommodations in order to facilitate the

completion of these renovations, enhancements, or upgrades. In such instances, every effort will be made to relocate you to a living accommodation that is substantially similar to the Living Accommodation. Any reasonable moving costs to the new living accommodation, if initiated by Masonic Villages and excluding the provision of new carpeting or paint, will be paid by Masonic Villages. During the temporary move, you will continue to pay the monthly Service Fee designated under this Resident Agreement, unless the living accommodation that you are relocated to has a lower monthly service fee, in which case you will pay the lower fee. After renovations, enhancements, or upgrades are complete, should Masonic Villages offer, and you accept, the opportunity to remain in the living accommodation that you have occupied on a temporary basis, you must pay any upcharge in fees for that living accommodation.

4.6.3 REDECORATION. Any redecoration of the Living Accommodation, by you, other than that scheduled and/or performed by the Masonic Villages, will be made only upon the written approval and will be at your sole expense. Any addition of permanent fixtures, by you, will become the property of the Masonic Villages when the Living Accommodation is surrendered.

4.7 FOOD AND MEALS

4.7.1 DINING PLAN. The Service Fee includes a flexible dining plan with meal options. Reasonable special dietary needs may be provided for on request and Masonic Villages reserves the right to charge you an additional fee for such special dietary requests.

4.7.2 GUEST PRIVILEGES. Masonic Villages encourages you to have guests present at meals served in the dining room. Masonic Villages will charge a reasonable price for the guest's meals and will bill you for such meals on your monthly statement.

4.7.3 DRESS CODE. You are required to adhere to the dress code then in effect as adopted by Residents' Association.

4.8 PHONE SERVICE. Because Masonic Villages and others will be required to contact you, you will have phone service installed in the Living Accommodation or provide an active cell phone number. The cost of installation and maintenance will be your expense. If you do not agree to have phone service installed upon Occupancy or provide an active cell phone number, you will be required to sign a waiver.

4.9 CABLE TELEVISION. If you desire to have cable television in the Living Accommodation, this service is available through the Masonic Villages. All costs of installation, outlet changes/additions, and monthly service fees will be your responsibility.

4.10 ACTIVITIES. Retirement Living will employ an activity coordinator to assist you in planning activities.

4.11 TRANSPORTATION. Masonic Villages will provide, at no charge to you, regularly scheduled transportation for shopping trips to local malls and shopping centers.

4.12 REAL ESTATE TAXES. Masonic Villages will pay all real estate taxes assessed to the Community.

4.13 SERVICES AVAILABLE FOR EXTRA CHARGE. You may use various services offered by Masonic Villages at an additional charge. A list of services that are currently available and their charges is attached as Exhibit A.

4.14 ANNUAL AVERAGE COST OF CARE. Based upon the experience of other continuing care providers with residents requesting the same or similar services and based upon financial information contained in recent Masonic Villages' projected financial statements, as adjusted for foreseeable increases in costs and assuming the ratio of Residents to staff in Retirement Living remains constant, the annual average cost to Masonic Villages for the services to be provided to you hereunder is estimated to be the amount specified on the First Addendum attached hereto. **This estimate does not include costs for personal care or healthcare services.**

4.15 NO DISCRIMINATION. Decisions concerning admission, the provision of services and referrals of residents are not based upon the applicant's race, color, religion, disability, ancestry, national origin, familial status, age, sex, limited English proficiency (LEP) or any other protected status.

ARTICLE 5

5.1 PRIOR TO OCCUPANCY

5.1.1 RIGHT TO RESCIND. You may rescind this Resident Agreement at any time within a seven (7) day period beginning on the date you sign this Resident Agreement and pay the Application Deposit. 5.1.2 DEATH OR INCAPACITY. If you die prior to Occupancy of the Living Accommodation, or through illness, injury, or incapacity are unable to meet the Requirements of Tenancy, this Resident Agreement will automatically be terminated. However, where either you or Dual Occupant in Double Occupancy Living Accommodation dies before Occupancy, the Remaining Resident will have the same options as if an individual application had been submitted.

5.1.3 BY MASONIC VILLAGES. Masonic Villages may terminate this Resident Agreement by giving you written notice prior to Occupancy if:

(d) It is determined, for any reason, that you pose a threat to the health, safety, or welfare of staff or residents;

(i) If Masonic Villages makes a good faith determination in writing that your Occupancy of the Living Accommodation creates a serious threat to the life, health, safety, or peace of you or other persons, Masonic Villages may terminate this Resident Agreement immediately notwithstanding the thirty (30) day notice period set forth in the prior sentence. On or before the effective date of termination, you must surrender the Living Accommodation.

(e) If your financial situation changes in such a way that you would no longer qualify for admission; and

(f) You otherwise fail to exercise Financial Responsibility.

5.2 AFTER OCCUPANCY

5.2.1 BY YOU. You may terminate this Resident Agreement after Occupancy by giving Masonic Villages at least thirty (30) days written notice thereof. You must surrender the Living Accommodation on or before the effective termination date.

5.2.2 BY MASONIC VILLAGES. Masonic Villages may terminate this Resident Agreement at any time after Occupancy by giving you at least thirty (30) days prior written notice if:

(a) You will have made any material misrepresentation or omission in the application or any other document or information required to be given to Masonic Villages by you;

(b) You fail to make any payment hereunder, including payment for charges rendered for personal care or healthcare services, and such failure continues for thirty (30) days after written notice thereof;

(c) You fail to abide by any other term or condition of this Resident Agreement after ten (10) days written notice of such failure and you have not corrected such failure or commenced the correction of such failure,

(d) You fail to follow the rules and regulations, procedures, and policies of the Masonic Villages;

(e) It is determined in writing that your continued occupancy creates a serious threat or danger to the life, health, safety or peaceful enjoyment of yourself or other residents of the Masonic Villages; and

(i) If Masonic Villages makes a good faith determination in writing that your continued Occupancy of the Living Accommodation creates a serious threat to the life, health, safety, or peace of you or other persons, Masonic Villages may terminate this Resident Agreement immediately notwithstanding the thirty (30) day notice period set forth in the prior sentence. On or before the effective date of termination, you must surrender the Living Accommodation.

(f) You otherwise fail to exercise Financial Responsibility.

5.2.3 BY DEATH

(a) SINGLE OCCUPANCY. In Single Occupancy, this Resident Agreement will terminate upon your death, provided, however, that your estate will be responsible for Charges until the Living Accommodation is Surrendered.

(b) DOUBLE OCCUPANCY. In Double Occupancy, this Resident Agreement will be terminated by the death of either you or Dual Occupant, but only as to that deceased Resident. The Remaining Resident may elect to move to a smaller Living Accommodation or may elect to remain in the same Living Accommodation. In either case, the Service Fee will be adjusted for single Occupancy, but otherwise this Resident Agreement will remain in full force and effect as to the Remaining Resident. The Remaining Resident will be responsible for all outstanding Charges for the deceased Resident.
