FEES

There is a one-time, entrance fee that covers occupancy and varies according to the amenities of the selected cottage or apartment and selected entrance fee plan. We offer three entrance fee plans.

The Traditional Plan – One hundred percent (100%) of the entrance fee is amortized during the first 60 months of occupancy. If a resident leaves the Village during the first 60 months, any unused portion of the entrance fee will be refunded according to the terms and conditions of the residency agreement. If the case of single occupancy, a resident leaves the cottage or apartment during the first 60 months to enter SpiriTrust Lutheran's personal care or skilled care, an amount equal to the refundable portion of the entrance fee will be established as the Health Care Reserve which will be applied to the charges incurred for the cost of that care upon depletion of Resident resources. In the case of multiple occupants, the Health Care reserve will not be available until the Health Care reserve is established at the time the last remaining resident has relinquished the unit and until both Residents have depleted their resources. In the event the Co-Resident remaining in the RLU dies or leaves the Community, the Health Care Reserve shall be available to the transferred Co-Resident. Any refunds are paid within 60 days after the Village receives an entrance fee from the next person who occupies the residence.

Estate Preservation Plans – These plans offer a refundable portion regardless of the amount of time the residence is occupied. Estate Preservation Plans require a larger upfront payment.
Plan I – This plan offers a 50 percent refund of the entrance fee. Under Estate Preservation Plan I, the entrance fee amortizes over the first 30 months of residency to a 50 percent refund balance according to the terms and conditions of the residency agreement. If the case of single occupancy, a resident leaves the cottage or apartment to enter SpiriTrust Lutheran's personal care or skilled care, an amount equal to the refundable portion of the entrance fee will be established as the Health Care Reserve which will be applied to the charges incurred for the cost of that care upon depletion of Resident resources. In the case of multiple occupants, the Health Care reserve will not be available until the Health Care reserve is established at the time the last remaining resident has relinquished the unit and until both Residents have depleted their resources. In the event the Co-Resident remaining in the RLU dies or leaves the Community, the Health Care Reserve shall be available to the transferred Co-Resident. Any refunds are paid within 60 days after the Village receives an entrance fee from the next person who occupies the residence.

The various entrance, rental, and monthly service fees are attached as Exhibit 4. It is also expected that the monthly service fees will be increased periodically to cover increases in the cost of providing services to residents. Residents will be given at least thirty (30) days' advance notice of any increase in monthly service fees. The full fee schedule and procedures are fully explained in the residency agreement, a copy of which is attached and marked as Exhibit 5. Dear Sir or Madam:

This is in response to your letter of February 12, 2015 regarding your tax-exempt status. Our records indicate that you are affiliated with a group exemption. As a subordinate of a group exemption, you should submit information about changes to your purposes, activities, method of operation, name or address to your parent organization rather than reporting such changes directly to the IRS.

The Internal Revenue Service does not issue determination letters to subordinate organizations. Therefore you should contact your parent directly for written verification of your tax exempt status.

The central organization that holds a group exemption (rather than the IRS) determines which organizations are included as subordinates under its group exemption ruling. Therefore, you can verify that an organization is a subordinate under a group exemption ruling by consulting the official subordinate listing approved by the central organization or by contacting the central organization directly. You may use either method to verify that an organization is a subordinate under a group exemption ruling.

If you have any questions, please call the phone number in the heading of this letter.

Sincerely,

Tamera Ripperda

SpiriTrust Lutheran is an affiliated entity recognized by the Evangelical Lutheran Church in America (ELCA) as being included under our Group Exemption Ruling. This inclusion establishes that this entity is exempt from Federal Income Tax under Section 501(c)(3) of the Internal Revenue Code and is not a private foundation as defined in Code Section 509(a). The four-digit Group Exemption Number 9386 is the same for the ELCA, its synods, its congregations, and its related entities. The nine-digit Employer Identification Number is different for each synod, for each congregation, and for other employing entities. The nine-digit number is used, for example, when federal withholding and Social Security contributions are filed by the employer.

The IRS issued the attached Group Exemption Letters dated April 5, 1988 and July 13, 1988, to the ELCA. In accordance with the terms of the April 5, 1988, letter, entities affiliated with the ELCA, who have provided the ELCA with their federal employer ID number, are exempt from Federal Income Tax under ELCA's Group Exemption Ruling.

Very truly yours,

Resident Representative is the Resident's ☐ Agent under a valid Power of Attorney, ☐ court-appointed Guardian, or ☐ a person authorized by the Resident to serve as the Resident Representative. Resident Representative ☐ does/☐ does not have access to Resident's income and financial resources available to pay for Resident's nursing care services.

Resident, having applied for admission, and Resident Representative, if any, affirm that the information provided in the "Application for Admission" is true and correct, and acknowledge that the submission of any false information may constitute grounds to terminate this Agreement.

Therefore, Center, Resident, and Resident Representative, if any, agree to the following terms and conditions pursuant to Admission on .

1. PROVISION OF SERVICES.

1.1 Basic Services. The Center provides: (a) routine skilled care services at the daily rate as described in the Schedule of Charges for private and semi-private accommodations; (b) blankets, bed linens, towels, and wash cloths; (c) laundering of linens and washable personal clothing; (d) three meals each day, except as otherwise medically indicated; (e) non-prescription stock

medications ordered by a physician; (f) stock personal hygiene supplies; and (g) activity programs and social services.

1.2 Ancillary Services and Supplies. Center will provide ancillary services and supplies at the option and upon the request of the Resident, or upon the direction of Resident's treating physician or the Center's Medical Director, in exchange for additional charges as those charges are reflected in the Schedule of Charges attached to this Agreement and incorporated by reference. The ancillary services and supplies are subject to change from time to time at the discretion of Center.

1.3 Services of Other Providers and Non-Center Services. The services of other providers and non-Center services are made available to residents from time to time. For example, a licensed physician, a dentist, a registered pharmacist and licensed pharmacy for the provision of pharmaceutical supplies, a licensed hospital, rehabilitation therapies and diagnostic services, laboratory, x-ray, podiatry, optometry, medications, ambulance service and hearing aid repair will be made available at Resident's expense. The Resident has the right to select his/her own physician or any other service provider so long as the physician or other service provider is properly licensed or registered under the law, and all applicable government rules and Center policies are met.

1.4 Role of Attending Physician and Medical Director. Resident shall obtain the services of a qualified physician who will provide medical care during the Resident's stay at the Center and who shall comply with the Center's rules, regulations, policies and procedures. Center is not obligated to provide Resident with any medicines, treatments, special diets or equipment without specific orders or directions from Resident's attending physician. In the event Resident's personal physician is unavailable, Center's Medical Director may issue appropriate orders. Resident is responsible to pay for all services or equipment ordered by Resident's attending physician or Center's Medical Director for Resident's care.

1.5 Private Duty Companions. Resident may, at Resident's expense, engage private duty companions. Private duty companions may provide only that assistance any visitor to the Center is permitted to give and must comply with Center's policies. Center reserves the right to exclude from its facility any private duty companion who fails to comply with its rules.

2. CHARGES.

2.1 Recurring/Periodic Charges For Basic Services. Resident shall pay in exchange for the basic services the daily rate in effect at the time the service is rendered as such rate is reflected on the Schedule of Charges, which may be amended from time to time by Center. Charges for a resident, regardless of payor source, will begin no earlier than the date of admission.

2.2 Additional Charges for Ancillary Services and Supplies. Resident is responsible to pay for other services and supplies provided by or through Center which are not covered by the daily rate. Resident shall pay in exchange for ancillary services or supplies the charges in effect at the time such ancillary services or supplies are rendered, as such charges are reflected on the Schedule of Charges. Any items not identified on the Schedule of Charges will be provided at charges established by Center. The charges for ancillary services and supplies are subject to change from time to time.

2.3 Charges for Outside and Non-Center Services. In addition to Center's charges, Resident shall pay all fees and costs for goods or services furnished to or for Resident by anyone other than Center as described in Section 1.3 of this Agreement unless otherwise covered in full by Medicare or Medicaid or another third-party payor. Resident or Resident Representative is responsible for payment of such fees and costs whether the goods and services are furnished by a person or provider made available by Center, or by a person or provider selected by Resident, and whether the goods or services are provided at Center or elsewhere. These fees and costs are not included in the daily rate. Fees for professional services rendered by a physician are not included in the daily rate and will be charged directly to the Resident by the physician.

3. PERIODIC BILLINGS AND PAYMENT DUE DATE.

3.1 Monthly Statements and Other Billings. On or before the fifth (5^{th}) calendar day of each month, Resident or Resident Representative will be sent a billing statement reflecting charges for skilled services for the upcoming month and charges for ancillary services and supplies which were incurred in the prior month. Statements are due and payable upon receipt.

3.2 Modification of Charges. Center reserves the right to change from time to time the amount of its charges or how and when its charges are computed,

billed or become due. Center shall provide sixty (60) days advance written notice of any such changes.

3.3 Late Charges and Cost of Collection. Any bills unpaid after the 15th day of the month of issue are subject to a late charge of one and one-half percent (1.5%) per month, and Resident or Resident Representative is obligated to pay any late charges. In the event Center initiates any legal actions or proceedings to collect payments due from Resident under this Agreement, Resident or Resident Representative shall be responsible to pay all attorneys' fees and costs incurred by Center in pursuing the enforcement of Resident's financial obligations under this Agreement.

3.4 Obligations of Resident's Estate and Assignment of Property. Resident and Resident Representative acknowledge the charges for services provided under this Agreement remain due and payable until fully satisfied. In the event of Resident's discharge for any reason, including death, this Agreement shall operate as an assignment, transfer and conveyance to the Center of so much of Resident's property as is equal in value to the amount of any unpaid obligations under this Agreement. This assignment shall be an obligation of Resident's estate and may be enforced against Resident's estate. Resident's estate shall be liable to and shall pay to the Center an amount equivalent to any unpaid obligations of Resident under this Agreement.

3.5 Preservation of Income and Resources. Resident represents and warrants that the disclosure of his/her income and resources is complete and accurate to the best of his/her knowledge, information and belief. In agreeing to admit Resident to the Center, the Center is relying upon these representations. Resident acknowledges that he/she will not transfer any of his/her assets to the extent such a transfer would make him/her eligible for Medicaid benefits earlier than if Resident's assets had been spent down by paying for Resident's care and personal needs.

4. MEDICARE/MEDICAID PROGRAMS.

4.1 Participation in Programs. Center currently participates in the federal Medicare program and the Pennsylvania Medical Assistance program ("Medicaid"), which is a Medicaid Managed Care program operated under the name Community HealthChoices and administered by several Managed Care Organizations. The Center reserves the right to withdraw from the Medicaid or Medicare programs at any time in accordance with law. The Center also

reserves the right to determine which Community HealthChoices Managed Care Organization with whom it will contract.

4.2 Actions of Medicaid and Medicare Agencies. The Pennsylvania Department of Human Services ("DHS") is responsible for administering benefits under the Medicaid program through the Community HealthChoices Managed Care Organizations. The Centers for Medicare and Medicaid Services ("CMS"), of the United States Department of Health and Human Services, is responsible for administering the Medicare program through an administrative contractor. Resident acknowledges that Center is not responsible for, and has made no representations regarding, the actions or decisions of DHS or the Community HealthChoices Managed Care Organizations, CMS, or the Medicare administrative contractor in administering the programs.

4.3 Medicaid Benefits.

a. Obligations of Resident. Resident is obligated to make full and complete disclosure regarding all financial resources and income during the application process. Failure to identify all resources and income, or the submission of false information, may result in the termination of this Agreement. Resident is obligated to notify the Center when Resident's resources available to satisfy the Resident's financial obligations under this Agreement have been reduced to Twenty Thousand Dollars ($20,000). Resident is obligated to apply for Medicaid benefits at such time as Resident's resources will no longer be sufficient to pay all the Center charges for Resident's care and stay or when directed to do so by the Center. Resident shall provide any documentation requested by the County Assistance Office. Upon Center's request, Resident shall execute an authorization for Center to obtain Resident's financial information for the purposes of securing Medical Assistance benefits, pursuing a hardship waiver, and bringing Resident's account current. In the event Resident applies for Medicaid benefits, Resident shall continue to pay and apply all of Resident's available resources toward the fulfillment of Resident's financial obligations under this Agreement while the Medicaid application is pending an eligibility determination by DHS.

b. Patient Pay Amount. For residents approved for Medicaid benefits, the Center will accept payment from the Commonwealth of Pennsylvania and, if applicable, the Resident's Patient Pay Amount as determined by DHS as payment in full only for those services covered by the Medicaid program. Resident remains obligated to pay such Patient Pay Amount, less any qualified medical expense deductions, on a monthly basis. Services covered by Medicaid are identified in the Resident Handbook, and the Resident remains obligated to pay for those services not included. In the event Resident applies for Medical Assistance benefits, Resident or Resident Representative, upon request of Center, and to the extent permitted by law, shall arrange for assignment to the Center of any payment on behalf of Resident in an amount equivalent to the Patient Pay Amount as determined by DHS.

c. Determination of Eligibility. Resident and Resident Representative are obligated to cooperate fully in any Medicaid eligibility determination or redetermination process. In the event that Resident's eligibility for Medicaid benefits is denied, interrupted or terminated due to the failure of Resident or Resident Representative to cooperate in the Medical Assistance application, redetermination or appeal process, the Resident and Resident Representative shall be liable for the daily rate plus charges for ancillary services and supplies during any non-payment, and the Center may terminate this Agreement.

d. Authorization to Apply for and/or Appeal (Medicaid). In the event of Resident's incapacity and in situations where Resident's resources are depleted or appear to be depleted to the extent that Resident can no longer pay privately for skilled care, and it appears that Resident has become or will become eligible for Medicaid benefits to cover the cost of Resident's continued stay in the Center; and if there is no other legal representative of Resident known to the Center or other friend or relative known to the Center who is authorized and/or is available or willing to act on Resident's behalf, after the Center has made a good faith effort to identify such persons; then Resident hereby authorizes the Center to request, file and/or apply for Medicaid benefits on behalf of Resident for the limited purpose of assisting Resident

to secure payment through the Medical Assistance program for Resident's continued stay in the Center. In the event the application for Medicaid benefits filed on behalf of the Resident is denied, or in the event Medicaid benefits are granted and subsequently discontinued, Resident hereby authorizes the Center to file on Resident's behalf an appeal of any such denial of Medicaid eligibility or discontinuance of Medicaid benefits, and to take such actions to secure Resident's Medicaid benefits as the Center deems reasonably necessary or appropriate and consistent with law. Resident warrants and represents that the financial information disclosed in the Application for Admission is true and accurate and may be relied on by the Center in pursuing Medicaid benefits on behalf of Resident.

e. **Authorization to File a Hardship Waiver with DHS on Behalf of Resident**. If DHS' application of a transfer of assets penalty operates to deprive Resident of medical care such that Resident's life would be in danger, or would deprive Resident of food, clothing or shelter, or other necessities of life, then in the event of Resident's incapacity, inability or unwillingness to act, and if there is no other legal representative of Resident known to the Center or any other friend or relative known to the Center who is authorized and/or is promptly available or willing to act timely on behalf of Resident, then Resident authorizes Center to file a Hardship Waiver with DHS on Resident's behalf.

4.4 Medicare Part A and Part B Benefits. To the extent that Resident is a beneficiary under either Medicare Part A or Medicare Part B insurance and the skilled services or ancillary services or supplies ordered by a physician are covered by such insurance, the Center or other provider will bill the charges for the covered services or supplies to the Medicare program. The Resident is responsible for and shall pay any co-insurance or deductible amounts under Medicare Part A or Part B insurance. The Center shall accept payment from the Medicare administrative contractor as payment in full only for those services deemed to be covered in full under the Medicare Part A or the Medicare Part B program. Services not covered by Medicare are identified in the Resident Handbook. [Attachment A – Medicare Secondary Payer Questionnaire]

a. **Permission to Bill Medicare A and/or B**: I request that payment of authorized Medicare benefits be made either to me or on my behalf for any services furnished me by or in SpiriTrust Lutheran, The Village at , including physician services. I authorize any holder of medical and/or other information about me to release to CMS and its agents any information needed to determine these benefits for related services.

4.5 Medicare Part D Prescription Drug Benefits.

a. **Enrollment in Medicare Part D Plan**. If Resident is an eligible beneficiary under the Medicare Part D insurance program and has enrolled or has been mandatorily enrolled in a Medicare Part D Prescription Drug or Medicare Advantage Plan ("PDP"), Resident shall advise Center in writing of Resident's chosen PDP upon admission. In the event that Resident becomes an eligible beneficiary under Medicare Part D after admission, or subsequently chooses to enroll in a PDP following admission, Resident shall notify Center in writing of Resident's chosen PDP prior to enrollment in the PDP. Resident shall advise Center if Resident elects to change PDPs, and shall provide written notice of such election, including the name/identity of the newly-selected PDP prior to the effective date of the change in the PDP.

b. **Resident's Responsibility to Pay for Pharmaceuticals.** Resident is responsible to pay the charges for all prescription and other drugs or medications while a resident in Center, except to the extent that such drugs and medications are covered in whole or in part by any applicable government reimbursement program. Some or all of the charges for prescription drugs and other drugs and medications may be covered by certain benefits available through Medicare Part D or other private insurance or governmental insurance/benefit programs, including Medicare Part A or B. In the event that coverage for any prescription drug, supply, medication or pharmaceutical provided to Resident is denied by any applicable governmental reimbursement program or other potentially available third party payor or insurance program, then Resident or Resident Representative shall remain

responsible to pay for all such prescription drugs, supplies, other medications or pharmaceuticals.

c. **Actions of Medicare Part D Plan.** Center is not responsible for and has made no representations regarding the actions or decisions of any PDP, including, but not limited to, decisions relating to the establishment of the PDP formulary, denial of coverage issues, or contractual arrangements between the PDP and the Resident, and with respect to any decisions made by the PDP relating to any long term care pharmacy provider that may be under contract with Center.

d. **Dually Eligible Residents.** If Resident becomes eligible for Medicaid at any time during Resident's stay at Center, and also qualifies for benefits under the Medicare Program, then Resident shall be required to enroll in a PDP to ensure coverage of Resident's prescription drug needs. Resident and/or Resident Representative shall take all necessary action to enroll Resident in a PDP, and shall advise Center of such enrollment upon Resident's acceptance into the PDP. Resident acknowledges that should Resident and/or Resident Representative fail to select a PDP, then CMS will assign Resident to a PDP. Resident shall provide written notice to Center of the name of the Resident's PDP and the effective date of enrollment.

e. **Billing and Resident Cost Sharing Obligations.** To the extent that Resident is a beneficiary under Medicare Part D, and the pharmacy prescriptions and/or services ordered by a physician are covered by Medicare Part D, then the Pharmaceutical Provider (as required by law) shall bill the charges for the covered services to the Resident's PDP. Resident is responsible for and shall pay any and all cost-sharing amounts applicable under Medicare Part D insurance. Center shall not be responsible to pay for any fees or cost-sharing amounts, including co-insurance and deductibles, relating to the provision of covered Medicare Part D pharmaceuticals to Resident. To the extent that Resident may qualify as a "subsidy eligible individual" who would be entitled to a reduction or elimination of some or all of the cost-sharing or premium amounts under the Medicare Part D

benefit, Resident and/or Resident Representative has the sole responsibility to apply for such benefits.

f. Authorization to Request and/or Appeal Coverage Determinations. In the event that Resident is denied coverage under Resident's PDP for pharmaceutical services or supplies prescribed by Resident's attending physician, then the following shall apply:

(1) Resident and/or Resident Representative may independently (i) request an exception from Resident's PDP to cover non-formulary or non-covered Medicare Part D drugs that are otherwise needed or required by Resident; (ii) file a request for a redetermination of any coverage denial issued by Resident's PDP; (iii) file an appeal with the appropriate agency and judicial tribunals to challenge any denial of a request for redetermination.

(2) In the event of Resident's incapacity, and if there is no other legal representative of Resident known to the Center or any other friend or relative known to the Center who is authorized and/or is promptly available or willing to act timely on behalf of Resident, or if Resident's physician is unable or unwilling to act on behalf of Resident, then Resident authorizes Center to (i) request an exception from Resident's PDP to cover non-formulary or non-covered Medicare Part D drugs that are otherwise needed or required by Resident; (ii) file a request for a redetermination of any coverage denial issued by Resident's PDP; (iii) file an appeal with the appropriate agency and judicial tribunals to challenge any denial of a request for redetermination.

(3) If a request for exception (filed by Resident, Center or any other authorized representative) is ultimately denied following either reconsideration by the PDP or appeal to an appropriate tribunal, and if the requested pharmaceuticals are deemed medically necessary by Resident's physician, and no reasonably acceptable substitute from the formulary of Resident's PDP exists, then Center shall make arrangements to provide the requested pharmaceuticals to Resident through an arrangement with an outside pharmacy. In any such situation, Resident shall be responsible to pay all fees and costs for the non-

covered pharmaceuticals, consistent with the requirements of this Section.

g. No Effect on Medicare Part A Covered Skilled Services. Resident's Medicare Part D prescription drug benefits do not apply while the Resident's stay in Center is covered under Medicare Part A. While Resident is in Center on a Medicare Part A stay, Resident's pharmaceutical needs generally are covered by the Medicare Part A program.

4.6 Non-covered Services. Resident is and remains obligated to pay Center for services and supplies not covered by the Medicaid or the Medicare programs.

5. MANAGED CARE ORGANIZATIONS.

5.1 Participation in Managed Care Organizations. The Center is an authorized provider of skilled care services to members of certain managed care organizations (MCOs). A listing of the MCOs for whom the Center is an authorized provider is available from the Administrator.

5.2 Enrollment in a Managed Care Organization. Resident or Resident Representative shall notify the Center in writing prior to enrolling with an MCO or switching Resident's MCO enrollment.

5.3 Actions of Managed Care Organization. Resident acknowledges that an MCO for whom the Center is not an authorized provider may not approve payment for services provided by the Center. Resident acknowledges that the Center is not responsible for and has made no representations regarding the actions or decisions of any MCO for whom the Center is an authorized provider, including decisions relating to a denial of coverage.

5.4 Obligations of Resident. The Center will accept payment from the MCO as payment in full only for those services and supplies covered by the MCO. Resident is responsible for any co-payments or other costs assigned to Resident under the specific terms of the managed care plan. Resident also shall pay for any services or supplies not covered by the MCO under the specific terms of the managed care plan. Co-payments and other costs assigned to Resident and charges for services or supplies not covered by the specific terms of the managed care plan are identified in the Schedule of Charges. Managed care plans typically require pre-authorization of services

by the MCO. If Resident chooses to have services which the MCO refuses to pre-authorize, Resident shall pay the Center for those services. Resident shall pay the Center in a timely manner for all non-covered services retroactive to the date of the initial delivery of services.

5.5 Withdrawal from Participation in the MCO. The Center reserves the right to terminate its contractual relationship and its status as a network or authorized provider with one or more of the listed MCOs at any time in accordance with law and the terms of the applicable agreement. In the event that the Center terminates its contractual relationship with the MCO in which Resident is enrolled, Resident may convert his or her coverage to a health plan for whom the Center is an authorized provider or transfer to a facility that is an authorized provider for Resident's MCO. The Center shall provide thirty (30) days advance notice of its decision to withdraw as a participating provider from Resident's MCO so Resident and the MCO can coordinate a transfer to another facility.

5.6 Notice of Change in Insurance Coverage. Resident and/or Resident Representative shall notify the Center immediately of any change in Resident's insurance status or coverage made by the insurance carrier including, but not limited to, being dropped by the insurance carrier for any reason, or a decrease or increase in insurance benefits. Resident and/or Resident Representative shall give the Center notice before Resident is unable to meet Resident's insurance premium or before Resident implements an increase, decrease or termination from insurance coverage.

6. DURABLE FINANCIAL POWER-OF-ATTORNEY. Resident is strongly encouraged to furnish to Center, no later than the date of admission, a durable Power-of-Attorney executed by Resident as Principal designating someone other than the Center or a representative or affiliate of Center as Agent, for the limited purpose of financial decisions and payment of services. In the event Resident fails to designate an Agent under a Power-of-Attorney, Resident shall be responsible to pay for any guardianship proceedings related to the appointment of someone or a legal entity to make decisions on behalf of Resident, if and when Resident lacks capacity to make such decisions as determined by Center.

7. READMISSION-BED HOLD POLICY.

7.1 Private Pay Residents. If Resident leaves Center for a period of hospitalization, therapeutic leave, or any other reason (other than Resident's death), and if Resident is not eligible for, or receiving Medical Assistance benefits, Resident or Resident Representative may reserve a bed by electing, verbally and in writing, to pay the daily rate in effect during the time period of Resident's temporary absence. After an absence of fifteen (15) consecutive days due to hospitalization, or thirty (30) days per year due to therapeutic leave, the Resident shall receive a credit as indicated on the Center's Schedule of Charges for each additional day of absence during any bed reservation period. If Resident or Resident Representative, either verbally or in writing, elects not to reserve a bed or Resident or Resident Representative fails to make a verbal or written election to reserve a bed within twenty-four (24) hours of Resident's departure from Center, then Resident's or Resident Representative's decision not to reserve a bed or his/her failure to make an election shall be construed as a request for discharge, and the Resident will be voluntarily discharged from Center effective the date of the Resident's transfer. Readmission of Resident to the Center shall be subject to bed availability.

7.2 Medical Assistance Residents. If Resident is eligible for, or is receiving Medical Assistance benefits, and Resident leaves Center for a period of hospitalization or therapeutic leave, Resident's bed will be reserved for the applicable maximum number of days paid for a reserved bed under the Pennsylvania Medical Assistance Program. The bed reservation period may be subject to change in accordance with any changes in the Pennsylvania Medical Assistance Program. If the period of hospitalization or therapeutic leave exceeds the maximum time for reservation of a bed under the Pennsylvania Medical Assistance Program, then Resident will be entitled to the first available accommodation suitable for Resident's level of care if, at the time of readmission, Resident requires the services provided by the Center. Alternatively, following the lapse of the bed reservation period covered by the Medical Assistance Program, Resident may reserve a bed by electing to pay the Medical Assistance per diem rate charged immediately prior to the leave, and by providing written notice and advance payment for the days included in the reservation period.

7.3 Medicare Residents. In the event that a resident eligible for Medicare Part A benefits is transferred to or readmitted to a hospital, the Medicare Part A benefit does not cover periods of hospitalization, beginning with the date the Resident is admitted to the hospital (or, if the Resident does not return to the

Center by midnight of the day of Resident's departure from Center, then the date the Resident is transferred to the hospital), and continuing until Resident's return from the hospital. Resident or Resident Representative may reserve a bed by electing, verbally and in writing, to pay the daily rate in effect during the time period of Resident's temporary absence. If Resident or Resident Representative, either verbally or in writing, elects not to reserve a bed or Resident or Resident Representative fails to make a verbal or written election to reserve a bed within twenty-four (24) hours of Resident's departure from Center, then Resident's or Resident Representative's decision not to reserve a bed or his/her failure to make an election shall be construed as a request for discharge, and the Resident will be voluntarily discharged from Center effective the date of the Resident's transfer. Readmission of Resident to the Center shall be subject to bed availability.

8. OBLIGATIONS OF RESIDENT REPRESENTATIVE.

8.1 General Obligations. Resident has the right to identify a Resident Representative (usually the Agent in the Resident's Power of Attorney or Guardian), who has access to Resident's income and financial resources available to pay for Resident's nursing care services. If the Resident selects a Resident Representative, then said Resident Representative shall sign this Agreement and the Resident Representative Agreement in recognition of this designation with the intent to be legally bound by all provisions in this Agreement except as modified by the Resident Representative Agreement. The Resident Representative shall be obligated to fulfill the duties on behalf of the Resident imposed by this Agreement and the Resident Representative Agreement in accordance with the law governing fiduciary duties. The Center may petition a court to appoint a Guardian and take other legal action if the Center reasonably believes that the Resident's needs are not being properly met or the duties imposed by this Agreement or the Resident Representative Agreement are not being fulfilled by the Resident Representative. Resident, Resident's estate, or Resident Representative shall pay the cost of such Guardianship proceedings, including attorneys' fees.

8.2 Potential Liability. The Resident Representative's duties, obligations and responsibilities are set forth in the Resident Representative Agreement, which is incorporated by reference herein in its entirety. By signing this Agreement, Resident Representative acknowledges he/she has read the Resident Representative Agreement, understands the terms therein, and that he/she

shall be bound by all terms set forth in the Resident Representative Agreement.

9. PERSONAL FINANCES.

9.1 Personal Funds Management. Resident is and will be responsible to provide his or her personal funds, and Resident has the right to manage his or her personal funds. Resident may authorize Center in writing on a document provided by Center to hold Resident's personal funds, and may revoke at any time Center's authorization by providing Center with a written notice signed and dated by Resident or Resident Representative. If Resident authorizes the Center to hold Resident's personal funds, the Center shall hold, safeguard and account for Resident's personal funds in accordance with applicable provisions in the Resident Handbook.

a. Personal Fund Management:

(1) ☐ I choose to deposit personal funds with the Center. Please see the Finance Office Manager to assist in opening a personal funds account.

(2) ☐ I do not wish to deposit personal funds with the Center.

9.2 Refunds of Personal Funds. Any personal funds or valuables of Resident held by Center, after deductions for payment of any outstanding bills or other amounts due Center, such as any costs incurred by Center to repair Resident's room for damages caused by Resident, will be refunded within thirty (30) days after Resident's eviction, discharge or death. In the event of Resident's death, such refund will be made to the duly authorized representative of Resident's estate or to such entities or persons entitled to the refund under current law.

9.3 Refunds of Prepayments or Overpayments. Any prepayments or overpayments made by Resident and held by the Center will be refunded, subject to deductions for payment of any outstanding bills or other amounts due the Center, within thirty (30) days after Resident's discharge or death. In the event of Resident's death, such refund will be made to the duly authorized representative of Resident's estate or to such other entities or persons entitled to the refund under current law. No interest shall accrue on any funds required to be refunded under this Agreement.

10. CHANGES IN ROOM ASSIGNMENTS. The Center reserves the right and discretion to move Resident to another room or bed within the Center, and the right and discretion to move Resident's roommate, if any, at any time consistent with the needs of the Center.

11. TERMINATION, TRANSFER OR DISCHARGE.

11.1 Resident Initiated. Resident may terminate this Agreement upon thirty (30) days written notice to Center. If Resident leaves Center for any reason other than a medical emergency or death, Resident must give written notice to Center at least thirty (30) days in advance of transfer, discharge or termination of this Agreement. If advance written notice is not given to Center, there will be due to Center its daily rate and other charges then in effect for Resident's stay and care for the required thirty (30) day notice period. The charge applies whether or not the Resident remains at Center during the thirty (30) day notice period. The charge specified in this Section does not apply to a resident whose payor source is Medicare Part A or Medical Assistance.

11.2 Center Initiated. Center may terminate this Agreement and Resident's stay and transfer or discharge Resident if:

a. the transfer or discharge is necessary to meet Resident's welfare and Resident's needs cannot be met in the Center;

b. Resident's health has improved sufficiently so that Resident no longer needs the services provided by Center;

c. the safety of individuals in the Center is endangered due to the clinical or behavioral status of the Resident;

d. the health of the individuals in the Center would otherwise be endangered;

e. Resident has failed, after reasonable and appropriate notice, to pay for (or to have paid or treated as paid under the Medicare or Medicaid Programs) charges for Resident's care and stay at Center; or

f. Center ceases to operate.

11.3 Notice and Waiver of Notice. The Daily Rate may continue to be charged until all of the Resident's property is removed from the Resident's assisted living unit. After completing an inventory, the ALR, in its sole discretion, may move and place Resident's personal property into storage at the ALR's expense. The charges for those services are included in the Monthly Services Charge. Repairs, maintenance, and replacement of Resident's property and furnishings will be the responsibility and at the cost of Resident.

2.5 Maintenance of Grounds. Community shall provide grounds keeping, lawn care, snow removal, and grounds lighting in accordance with Community's policy which is subject to change from time to time. These services are included in the Monthly Services Charge.

2.6 Administration and Insurance. Community will provide insurance on Community's property only and administrative services as part of the Monthly Services Charge. Resident is responsible for the cost of property and liability insurance for Resident's personal property at the level established in the Residential Living Handbook.

2.7 Taxes. Property taxes are included in the Monthly Services Charge.

2.8 Food and Meals. The Monthly Services Charge does not include food and meals.

2.9 Transportation. Community will provide limited scheduled local transportation service and such transportation is included in the Monthly Services Charge, as reflected in the Residential Living Handbook distributed at the time of admission. In its discretion, Community shall provide unscheduled transportation service, subject to availability, for an additional fee. Community reserves the right to amend the transportation schedule of charges.

2.10 Activities. Recreational, educational, social and religious programs shall be provided as part of the Monthly Services Charge. Activity areas will be available for Resident use. Certain special activities and outings will be available in accordance with Community's policy reflected in the Residential Living Handbook.

2.11 Call System. A twenty-four (24) hour call system is available for residents only and is included in the Monthly Services Charge. (See Residential Living Handbook for further details.)

2.12 Parking. Community will provide parking in accordance with its policy reflected in the Residential Living Handbook.

2.13 Other Services. Other services, such as hair care, are available at an additional charge and are not included in the Monthly Services Charge. Unless this Agreement expressly and specifically states that a particular service is included in the Monthly Services Charge, there will be an additional charge for the service in accordance with the Schedule of Charges.

2.14 Changes in Services. Community reserves the right to add or delete certain services in its sole and absolute discretion. Thirty (30) days advance notice of any changes in services or charges for services will be provided.

SECTION 3: MEDICAL, HEALTH, SKILLED CARE, AND PERSONAL CARE SERVICES

3.1 The Skilled Care Centers and Personal Care Residences. Community operates skilled care centers and personal care residences licensed by the Commonwealth of Pennsylvania and, subject to availability and Resident's eligibility, shall be made available on a priority access basis. Subject to Section 13.10 of this Agreement, Resident must satisfy all then-current requirements for admission, including financial requirements, in order to qualify for a level of care transfer. If eligible, Resident will be offered priority admission to the skilled care centers and personal care residences. Resident shall sign an admission agreement upon temporary or permanent transfer to either the personal care residence or skilled care center, which agreement(s) will supplement the terms of this Agreement. In the event any provision of the admission agreement is in conflict with or inconsistent with any of the terms or provisions of this Agreement, then this Agreement shall control and govern the relationship between Resident and Community. There is no guarantee that a space will be immediately available at the time Resident may require skilled care or personal care. The Community will use its best efforts to accommodate Resident's level of care needs.

3.2. Temporary Skilled Care or Companion Services. The use of private duty nurses or companions must be approved in writing by Community. As a condition of Community's approval, all private duty nurses or companions must provide Community with an appropriate release and indemnification agreement as well as proof of workers' compensation insurance, criminal background checks, tuberculosis assessments, and competency skills pursuant to the Home Care Regulations. To the extent required by law, Resident shall be required to provide workers' compensation insurance. Resident is responsible to pay the cost for private duty skilled care or companion services. Community reserves the right to disapprove all nurses and companions and to prohibit the use of such services. The Resident may use the services as long as Resident is able to meet the conditions of occupancy. If requested by Community, Resident shall sign a Home Care Addendum, which shall be attached to this Agreement and incorporated by reference.

3.3 Assessment for Occupancy. The Community shall have the right to make an assessment of Resident's ability to satisfy the conditions of occupancy and remain in the RLU.

3.4 Accident or Illness Away from Community. In the event Resident suffers an accident or illness while away from Community, and Resident relies on health care and support services available in the area where the accident or illness occurred, Resident's health insurance or other personal resources available to Resident must be used for payment for such services.

3.5 Limitations on Care. The skilled care centers and personal care residences are not designed to, and Community does not have the capability to, care for persons who are afflicted with uncontrolled or untreated mental illness resulting in behavior contrary to the conditions of occupancy, active alcohol or drug abuse, or who require specialized psychiatric care or services not authorized or permitted under the personal care or skilled care licensure regulations or high acuity skilled care services beyond routine skilled care. If Community determines that Resident's, or in the case of double occupancy, one Co-Resident's, behaviors, conduct, actions or omissions are such that Resident's or one Co-Resident's continued presence in Community is either dangerous or detrimental to the life, health or safety of Resident, Co-Resident or other residents, or the peaceful enjoyment of Community by other residents, Community may terminate this Agreement and transfer Resident or Co-Resident to an appropriate outside care facility. Such determination will be made in writing and signed by the Executive Director of Community and Medical Director.

3.6 Services Not Available. Community does not provide private duty nurses, including temporary skilled care services in any of the RLUs, or companions, specialized treatment, dialysis, refractions, eyeglasses, hearing aids, prescription medication, drugs, dentistry, dentures, inlays, orthopedic appliances, therapy for psychiatric disorders, or any other health or medical service not specifically set forth in this Agreement. Some services, however, may be provided at Community by outside providers or by Community at an additional charge.

3.7 Exclusions (Not Covered by Monthly Services Charge) and Costs in the Skilled Care Centers and Personal Care Residences. There will be a separate and additional charge for all medical, health, skilled care or personal care services. Resident must meet the requirements for admission to the skilled care center or personal care residences, and pay the charges for such services as set forth in Section 9.3 of this Agreement.

3.8 Medicare or Other Private Skilled Care Insurance. During any temporary stay in the skilled care center in which the charge for routine skilled care services, (i.e., the Daily Rate) is paid or accepted as payment in full by any applicable private skilled care insurance or by Federal Health Insurance for the Aged and Disabled, commonly known as

Medicare, Resident shall continue to pay the Monthly Services Charge for reservation or use of the RLU.

3.9 No Liability to Health Care Provider. Community shall not be responsible for payments to any health care provider for services provided to Resident under this Agreement.

SECTION 4: FEES

4.1 Entrance Fee.

A. Payment and Due Date. Resident shall pay the Entrance Fee in full in the amount of $____ prior to the Occupancy Date or admission. No Resident will be permitted to move into an RLU until the Entrance Fee is paid in full.

Resident acknowledges that the Entrance Fee is just one component of fees due under this Agreement.

B. Limitations on Increases in Entrance Fee. After the signing of this Agreement by Resident, there will be no increase in the Entrance Fee for the RLU.

C. Use of Entrance Fee. The entire Entrance Fee shall be used by Community for any corporate purpose and in any manner deemed appropriate by Community in its sole and absolute discretion consistent with law. No portion of the Entrance Fee will be held in trust for the benefit of Resident, and Community assumes no fiduciary obligations with respect to any amounts paid for admission to or continued occupancy at Community.

D. Application of Entrance Fee. Under the Traditional Plan, during the first month of a Resident's occupancy, Community will earn fifteen percent (15%) of the total Entrance Fee. Beginning in month nine (9) and during each subsequent month, or partial month, through month sixty (60) of occupancy, Community will earn $1/60^{th}$ of the total Entrance Fee. This portion is referred to as the "earned" portion; any part of the Entrance Fee not then earned is referred to as the "refundable" portion. After month sixty (60), the Entrance Fee is fully earned by the Community and there is no refundable portion.

The following chart illustrates the amounts of the Entrance Fee earned by Community over the first five (5) years of this Agreement term:

At the End of	Percentage Remaining
12 months	80%
24 months	60%
36 months	40%
48 months	20%
60 months	0%

No part of the refundable portion of the Entrance Fee is intended to be, or shall be deemed to be a security deposit, and the Resident shall have no right to receive interest thereon or an accounting thereof.

E. Refundable Portion. Upon termination of this Agreement, any applicable refund shall be paid in accordance with the limitations in Section 10.

4.2 Monthly Services Charge.

A. Amount and Due Date. Resident shall pay to Community a Monthly Services Charge of $_____ within ten (10) days of receipt of monthly billing statement unless otherwise noted. The amount of the Monthly Services Charge may be adjusted as set forth in Subsection (C) below.

B. Failure to Make Payment. If the Resident fails to make payment of the Monthly Services Charge, as and when due, Community may deduct the amount of the unpaid installment, plus interest at one and one-half percent (1.5%) per month, from the refundable portion of the Entrance Fee if applicable. In the event Community elects not to make such deductions, or when the refundable portion is exhausted, Community may terminate this Agreement.

C. Changes in Monthly Services Charge. The Monthly Services Charge may be raised or adjusted once per calendar year. Community will give at least thirty (30) days advance written notice of any changes or increases in the Monthly Services Charge.

4.3 Co-Resident's Fee Responsibility. In the case of Double Occupancy, each Co-Resident shall be jointly and severally liable for all payments due under this Agreement. If one Co-Resident dies or leaves the Community, the remaining Co-Resident shall be responsible for the Monthly Services Charge and any other charges.

SECTION 5: FINANCIAL ASSISTANCE POLICY

5.1 Inability to Pay. It is Community's policy not to terminate this Agreement solely because of Resident's inability to pay the Monthly Services Charge and other charges, so long as Resident qualifies for and Community is capable of providing financial assistance. The financial information provided in the application documents for admission, in documents subsequently requested by Community, or with Resident's request for financial assistance, must not contain any material misrepresentations or omissions. It is Resident's responsibility to look to all other available sources of financial assistance such as family, church and other agencies, including the Pennsylvania Department of Human Services which administers the Medical Assistance Program (called "MA Program"), before requesting financial assistance from Community. Resident may not transfer assets represented as available in the application documents for admission for less than fair market value unless the transfer does not impair Resident's ability to fulfill Resident's financial obligations to Community for future skilled care or personal care services. If Resident impairs Resident's ability to pay Resident's financial obligations by transferring assets for less than fair market value, or takes such other actions that would disqualify Resident from benefits under the MA Program, then Resident shall not be considered for financial assistance and this Agreement may be terminated.

Community's ability to provide financial assistance is contingent upon a number of factors including the availability of charitable gifts and the financial condition of the Community. If Community determines that Resident qualifies for financial assistance, then Community may provide such assistance as is necessary to enable Resident to meet the Monthly Services Charge obligation or other charges, provided that such assistance can be granted or continued without impairing the financial stability of the Community. If financial assistance is initially granted, there is no guarantee that such assistance can or will continue indefinitely or for any specific period of time as reflected in Community's Financial Assistance Policy, which may change from time to time.

Community reserves the right to select the location and type of accommodations it deems most appropriate for any resident receiving financial assistance. Community shall have the option of relocating Resident to a smaller RLU as practicable in the event that Resident's resources are depleted.

Subject to the provisions of Section 10.3 of this Agreement, Community shall deduct amounts necessary to fulfill all of Resident's financial obligations to Community from any remaining balance of the unearned and/or refundable portion of the Entrance Fee. Resident hereby authorizes such deductions from any remaining balance of the unearned and/or refundable portion of the Entrance Fee, which otherwise would be due as a refund.

5.2 Disclosure of Financial Resources. Community reserves the right to require Resident, upon request, to update the financial information disclosed in the application for

admission. Disclosure allows Community to monitor and project financial assistance needs.

SECTION 6: MARRIAGE AND/OR ADDITIONAL OCCUPANTS

6.1 Non-Resident. In the event that a single Resident desires to marry or have a friend or related person enter Community and share Resident's RLU, the spouse, friend or related person must file an application for admission and meet all age, medical, and financial requirements applicable to residents of Community. Admittance of an Additional Occupant shall be at the sole discretion of Community. If the proposed Additional Occupant receives approval to occupy the RLU, a separate Residential Living Agreement or an addendum must be executed, and an additional fee may become payable depending on the following circumstances. If the proposed Additional Occupant predeceases the Resident, then the Additional Occupant shall not be required to pay an additional fee. If the proposed Additional Occupant survives the Resident, then the Additional Occupant shall pay an amount equal to fifty percent (50%) of the Entrance Fee for the RLU in effect at the time of Resident's death. The fifty percent (50%) Entrance Fee shall be paid within thirty (30) days of the Resident's death, and shall be amortized over a period of forty-eight (48) months commencing on the due date of payment. After the lapse of forty-eight (48) months, the fifty percent (50%) Entrance Fee shall be fully amortized. Resident and Additional Occupant shall be jointly and severally liable for all financial obligations incurred under this paragraph.

In the event that the proposed Additional Occupant does not meet the requirements for admission, then the proposed Additional Occupant may request admission under such other terms and conditions as may be acceptable to Community or Resident may exercise the option to terminate this Agreement.

6.2 Other Resident. In the event that Resident desires to marry another resident admitted under a separate residential living agreement and thereafter occupy a single RLU, Resident first must provide Community with proof of marriage. In the event of marriage, or if Resident desires to have a friend or related person admitted under a separate residential living agreement occupy a single RLU, then the Residents shall select and designate in writing at least sixty (60) days in advance of the proposed move, which one of the two RLUs occupied by the Residents shall be thereafter occupied jointly as Co-Residents. The RLU not designated for joint occupancy must be surrendered on or before the date of the proposed move to the designated unit. The Resident moving to the RLU designated for joint occupancy may be entitled to receive a refund in accordance with Section 4.1 upon the re-occupancy of the vacated RLU. The residential living agreement shall be amended to reflect the change in the RLU, and any other matters reasonably necessary for the transfer of Resident to the designated RLU.

6.3 Divorce. In the event of a divorce, this Agreement is automatically terminated. Community has the discretion to enter into a new residential living agreement with Resident to remain in the RLU so long as Resident meets all admission criteria, including financial requirements.

SECTION 7: HEALTH CARE RESERVE

7.1 Creation of Health Care Reserve.

A. Single Occupancy. If Resident is permanently transferred to the Community's skilled care center or personal care residence, no refund of the Entrance Fee will be due or paid to Resident at that time. Instead, an amount equal to the refundable portion of the Entrance Fee will be established as the Health Care Reserve at the time Community receives full payment of the applicable Entrance Fee for the RLU designated under this Agreement from another resident. The Health Care Reserve amount will be calculated at the time of surrender as reflected in Section 8.5. The Health Care Reserve will be maintained by Community until this Agreement is terminated due to Resident's death, discharge or voluntary departure from the Community, or until it is exhausted. Any portion of the Health Care Reserve remaining upon the termination of this Agreement will become available as a refund in accordance with Section 10. The Health Care Reserve will only be established if Resident is permanently transferred to the Community's skilled care center or personal care residence. If established, the Health Care Reserve will be available as reflected in Section 7.2.

B. Double Occupancy. If and at such time as the last remaining Co-Resident in the RLU is permanently transferred to the Community's skilled care center or personal care residence, no refund of the Entrance Fee will be due or paid to Resident at that time. Instead, an amount equal to the refundable portion of the Entrance Fee will be established as the Health Care Reserve at the time Community receives full payment of the applicable Entrance Fee for the RLU designated under this Agreement from another resident. The Health Care Reserve amount will be calculated at the time of surrender as reflected in Section 8.5. The Health Care Reserve will be maintained by Community until this Agreement is terminated due to the death, discharge or voluntary departure from the Community of the last surviving Co-Resident, or until it is exhausted. Any portion of the Health Care Reserve remaining upon the termination of this Agreement will become available as a refund in accordance with Section 10. The Health Care Reserve will only be established at such time as the last remaining Co-Resident in the RLU is permanently transferred to the Community's skilled care center or personal care residence. If established, the Health Care Reserve will be available as reflected in Section 7.2.

7.2 Utilization of Health Care Reserve.

A. Single Occupancy. The Health Care Reserve shall not be available to Resident until the Health Care Reserve has been established and until Resident has depleted Resident's resources. Upon depletion of Resident's resources, the Health Care Reserve shall be applied by Community to the charges incurred by Resident in the Community's skilled care center or personal care residence in accordance with the terms and conditions of Section 9.3. Community shall continue to apply the Health Care Reserve to pay any outstanding charges incurred by Resident until the termination of this Agreement, or until the Health Care Reserve is exhausted. This Agreement shall not be construed so as to require the spend-down of resources below the amount that may be preserved for Resident's benefit pursuant to Medical Assistance eligibility laws and regulations.

B. Double Occupancy. The Health Care Reserve shall not be available to Resident until the Health Care Reserve has been established and until both Co-Residents have depleted their resources, subject to Medical Assistance eligibility laws and regulations as more fully set forth in this provision. Upon depletion of resources, the Health Care Reserve shall be applied by Community to the charges incurred by Resident in the Community's skilled care center or personal care residence in accordance with the terms and conditions of Section 9.3. Community shall continue to apply the Health Care Reserve to pay any outstanding charges incurred by Resident until the termination of this Agreement, or until the Health Care Reserve is exhausted. This Agreement shall not be construed so as to require the spend-down of resources below the amount that may be preserved pursuant to Medical Assistance eligibility laws and regulations for the benefit of the Co-Resident remaining in the RLU or the benefit of the Co-Resident permanently transferred to the Community's personal care residence.

In the event the Co-Resident remaining in the RLU dies or leaves the Community, then the Health Care Reserve shall be available to the transferred Co-Resident upon depletion of the transferred Co-Resident's resources subject to Medical Assistance eligibility laws and regulations.

7.3 Possible Refund of Health Care Reserve.

A. Single Occupancy. Any portion of the Health Care Reserve remaining upon the termination of this Agreement due to Resident's death, discharge or voluntary departure from the Community shall become available as a refund in accordance with Section 10 of this Agreement.

B. Double Occupancy. Any portion of the Health Care Reserve remaining upon the termination of this Agreement due to the last surviving Co-Resident's death, discharge or voluntary departure from the Community shall become available as a refund in accordance with Section 10 of this Agreement.

7.4 Eligibility for Financial Assistance. Upon exhaustion of the Health Care Reserve, Resident, or in situations of double occupancy, both Co-Residents, shall be required to look to all other available sources of financial assistance before requesting financial assistance from Community, including an application for benefits from the MA Program administered by DHS, in accordance with Section 5.1.

SECTION 8: TERMINATION OF AGREEMENT

8.1 Rescission Period. Resident may terminate this Agreement within seven (7) days of execution by signing the attached Notice of Right to Rescind and delivering it to Community.

8.2 Prior to Occupancy.

A. Resident Election. After the lapse of the seven (7) day rescission period, but prior to occupancy, Resident may terminate this Agreement by delivering written notice to Community at any time prior to occupancy.

B. Termination by Community. Community may terminate this Agreement at any time prior to occupancy by delivering written notice to Resident.

8.3 After Occupancy.

A. Resident Election. After the lapse of the seven (7) day rescission period and the commencement of occupancy, Resident may terminate this Agreement by delivery of written notice to Community sixty (60) days prior to termination, and by the surrender of the RLU, such termination to be effective upon surrender. Surrender of the RLU shall be complete when Resident has ceased to occupy the RLU, has removed all personal possessions from it, and has turned over to Community the keys for it.

B. Termination by Community. Community may terminate this Agreement upon a determination of just cause and delivery of thirty (30) days written notice or such written notice as is reasonable under the circumstances to Resident or Resident's representative. Just cause shall include, but not be limited to:

(1) A default in payment as and when due;

(2) The submission of any material false information in the application documents;

(3) The failure of the Resident to abide by Community's rules, regulations, policies and procedures;

(4) The breach of any of the other terms of this Agreement, **[**including a change in the liquidity of Resident's assets, such as the purchase of an annuity that impairs Resident's ability to fulfill timely Resident's current financial obligations to Community as explained further below, or a transfer of assets to an irrevocable trust or any other transfer whereby assets disclosed in the application for admission are no longer available **[**in whole or in part**]** to pay for Resident's care and services**]**; or

(5) A good faith determination in writing by Community that continued occupancy in the living accommodation by Resident creates a threat or danger to the life, health, safety or peaceful enjoyment of Resident or other residents or persons at Community.

[If Resident substantially impairs Resident's ability to fulfill timely Resident's financial obligations to Community due to a change in the liquidity of Resident's assets or a transfer of assets to an irrevocable trust or any other transfer, then Community may terminate this Agreement following an opportunity to cure. If Resident fails to cure or correct the non-compliance within a period as determined by Community and to its satisfaction, then Community may terminate this Agreement for just cause upon thirty (30) days written notice to Resident or Resident's representative.**]**

In situations where continued occupancy threatens the life, health, safety or peaceful enjoyment of the Resident or other residents, only such notice as is reasonably practicable under the circumstances will be provided to Resident or Resident's representative, and termination may be effective immediately. The refund provisions of this Agreement shall apply to terminations for just cause in the same manner as such provisions would apply to any other termination. Community also may terminate this Agreement without cause in the event it elects to discontinue operations.

C. Termination by Death. This Agreement shall terminate when the RLU has been surrendered to Community within thirty (30) days from the date of death, whereupon all obligations of Community under this Agreement shall cease. In the event of Resident's death, any applicable refund shall be paid in accordance with Section 10 of this Agreement.

D. Termination upon Permanent Transfer to an Outside Care Facility. If Resident is permanently transferred to another facility, this Agreement shall terminate. Any applicable refunds shall be paid in accordance with the refund provisions of this Agreement. In the case of Double Occupancy, this Agreement shall terminate only as to the transferring Co-Resident. The Co-Resident remaining in the RLU shall continue to pay the Monthly Services Charge. No refund shall be due so long as the remaining Co-Resident continues to reside in the RLU and until all other conditions for a refund have been satisfied.

8.4 Double Occupancy. The misconduct or breach of one Co-Resident will only terminate that Co-Resident's rights under this Agreement, and the remaining Co-Resident may continue to reside in the RLU. The death of one Co-Resident does not terminate this Agreement.

8.5 Surrender. The obligation to pay the Monthly Services Charge shall continue until the RLU has been surrendered by Resident, or in the case of death, by the estate or family of Resident. Surrender of the RLU shall be complete when Resident has ceased to occupy it, has removed all possessions from it, and has turned over to Community the keys for it. Amortization of the Entrance Fee shall cease upon surrender and any applicable refund or Health Care Reserve amount (as the case may be) will be calculated as of that time.

SECTION 9: TRANSFER TO COMMUNITY'S CARE OR OUTSIDE FACILITIES

9.1 Conditions of RLU Occupancy. Resident shall have the right to occupy the RLU for so long as Resident satisfies the conditions of occupancy, which may be subject to change from time to time. Continued occupancy of the RLU shall, in general, be controlled by Resident's level of care assessment as evidenced by at least an annual physical examination at Resident's expense.

9.2 Decision to Transfer. With the concurrence of its Medical Director, Community may transfer Resident from and between the RLU and its skilled care center or personal care residences, or any other appropriate care facility if it determines that such a move should be made because of the health, safety or welfare of the Resident, or for the proper operation of Community, or because Resident no longer satisfies the conditions of occupancy of the RLU. If Resident is transferred permanently to the skilled care center or personal care residence, or to any other appropriate facility authorized under this Agreement, Community may declare Resident's RLU vacant and reassign the RLU to another resident. The decision as to whether a transfer shall be deemed temporary or permanent shall be made by Community in its sole discretion, with the concurrence of its

Medical Director, after consideration of the opinion of Resident, the advice of a family representative, if available, and, if requested and at the Resident's expense, a private physician. The opinion of Resident and the advice of family and Resident's physician are advisory only and shall not be binding on Community. Community's decision regarding the temporary or permanent nature of any transfer may be made prior to the lapse of sixty (60) days from the date of transfer or at any other time deemed appropriate by Community.

9.3 Costs Related to Transfer.

A. Single Occupancy.

(a) Temporary Transfer. During any temporary transfer to Community's skilled care center or personal care residence, a hospital or an outside facility, Resident shall continue to pay the Monthly Services Charge and additionally all costs and charges related to the transfer to and occupancy of the Community's skilled care center or personal care residence, the hospital or outside facility. Community reserves the right to declare the transfer permanent at any time in accordance with Section 9.2 above.

(b) Permanent Transfer.

(i) Community's Skilled Care Center or Personal Care Residence. Upon permanent transfer to Community's skilled care center or personal care residence, and after surrender of the RLU, the obligation to pay the Monthly Services Charge shall end. This Agreement shall remain in full force and effect upon Resident's permanent transfer. In accordance with the terms and conditions of Section 7, the charges incurred by Resident in the Community's skilled care center or personal care residence shall be deducted from the Health Care Reserve until the termination of this Agreement, or until the Health Care Reserve is exhausted.

(ii) Another Facility. Upon permanent transfer to a hospital or an outside facility, and after surrender of the RLU, the obligation to pay the Monthly Services Charge shall end and this Agreement shall terminate. Resident is obligated to pay all costs and charges related to the transfer to and occupancy of the hospital or outside facility.

B. Double Occupancy.

(a) Temporary Transfer. During temporary transfer of one Co-Resident to Community's skilled care center or personal care residence, a hospital or an outside facility, the Monthly Services Charge shall continue to be due and payable, and the transferred Co-Resident shall be charged and both Co-Residents shall collectively be responsible to pay the charges for care and services in Community's skilled care center or

personal care residence, the hospital or outside facility. In situations where one Co-Resident temporarily transfers to Community's skilled care center, this provision shall not be construed as a third party guarantee nor shall it impair such Co-Resident's eligibility for Medicare or Medical Assistance benefits. In the event both Co-Residents are temporarily transferred to Community's skilled care center or personal care residence, a hospital or an outside facility, the Monthly Services Charge shall continue to be due and payable, and both Co-Residents shall be charged and shall collectively be responsible to pay all costs and charges related to the transfer to and occupancy of the Community's skilled care center or personal care residence, the hospital or outside facility. Community reserves the right to declare any transfer permanent at any time in accordance with Section 9.2 above.

(b) Permanent Transfer.

(i) Community's Skilled Care Center or Personal Care Residence. During permanent transfer of one Co-Resident to Community's skilled care center or personal care residence, the current Co-Resident occupying the RLU will continue to pay the monthly services charge. The transferred Co-Resident shall be charged and both Co-Residents shall collectively be responsible to pay the charges for care and services in Community's skilled care center or personal care residence. In situations where one Co-Resident permanently transfers to Community's skilled care center, this provision shall not be construed as a third party guarantee nor shall it impair such Co-Resident's eligibility for Medicare or Medical Assistance benefits. In the event both Co-Residents are permanently transferred to Community's skilled care center or personal care residence, then, after the surrender of the RLU, the obligation to pay the Monthly Services Charge shall end. This Agreement shall remain in full force and effect upon permanent transfer. In accordance with the terms and conditions of Section 7, the charges incurred by both Co-Residents in the Community's skilled care center or personal care residence shall be deducted from the Health Care Reserve until the termination of this Agreement, or until the Health Care Reserve is exhausted.

(ii) Another Facility. During permanent transfer of one Co-Resident to a hospital or an outside facility, the Monthly Services Charge shall remain the same, and the transferred Co-Resident shall be charged and both Co-Residents shall collectively be responsible to pay the charges for care and services in the hospital or outside facility. In the event both Co-Residents are permanently transferred to a hospital or an outside facility, then, after the surrender of the RLU, the obligation to pay the Monthly Services Charge shall end and this Agreement shall terminate. Both Co-Residents shall be charged and shall collectively be obligated to pay all costs and charges related to the transfer to and occupancy of the hospital or outside facility.

(c) Transfer Because of Insufficient Space. If, in the opinion of Community's Medical Director, Resident requires prompt access to a skilled care bed or personal care room and no appropriate space is available in skilled care center or personal care residence, the Resident may be transferred to an outside facility for skilled care center or personal care residence for a temporary period and until such time as a skilled care bed or personal care room becomes available. Resident, subject to eligibility, shall have access to the next available accommodation in the skilled care center or personal care residence. Resident is obligated to pay all costs and charges related to the transfer to and occupancy of the outside center or hospital.

9.4 Release of or Return to RLU After Transfer.

A. Temporary Transfer. If Resident is admitted temporarily to Community's skilled care center or personal care residence, a hospital or other outside care facility, Resident may return to the RLU at such time as Community determines that Resident can satisfy the conditions of occupancy.

B. Permanent Transfer. If transfer to Community's skilled care center or personal care residence, a hospital or other appropriate outside facility exceeds sixty (60) days, or if at an earlier time Community's Medical Director deems that Resident will not be able to satisfy the conditions of occupancy so as to resume occupancy in the RLU, then Resident shall surrender and vacate the RLU within thirty (30) days of written notice of Community's decision to permanently transfer Resident and release the RLU. If, in the opinion of Community, the Resident subsequently recovers sufficiently to satisfy the conditions of occupancy of an RLU, then Community, in the exercise of its discretion, shall make available as soon as reasonably practicable an RLU with a floor plan comparable to the one relinquished. In the event Resident occupies an RLU after being permanently transferred to the Community's skilled care center or personal care residence, then Resident shall execute an addendum with Community and pay the then current Monthly Services Charge. If Resident becomes eligible to occupy an RLU after being permanently transferred to a hospital or an outside facility, then Resident shall execute a new Residential Living Agreement with Community and pay the then current Entrance Fee and the then current Monthly Services Charge.

SECTION 10: LIMITED REFUND OF ENTRANCE FEE

10.1 Termination Before Occupancy. The Entrance Fee will be refunded in full if the Resident rescinds this Agreement within seven (7) days in accordance with the Notice of Right to Rescind. In the event of termination of this Agreement by death, illness, injury or incapacity of Resident, Community shall make a full refund of all Entrance Fee payments. If the Resident, at his option, terminates this Agreement, Community shall

make a full refund of the Entrance Fee except $1,000, less any amounts deducted to cover expense incurred by Community at Resident's specific written request (per addendum), which will be retained as an administrative processing charge.

10.2 Termination After Occupancy. Subject to the provisions of Section 7 of this Agreement, in the event of termination after occupancy, Community shall refund, if not fully earned or amortized, the remaining balance, if any, of the Entrance Fee, minus

(a) amounts necessary to restore alterations made, and to repair damage (other than reasonable wear and tear) caused by the Resident, and minus

(b) any amounts previously deducted on account of unpaid Monthly Services Charges

(c) any amounts previously deducted on account of unpaid charges for services in the skilled care center or personal care residence

(d) any financial assistance provided to Resident by Community.

10.3 Double Occupancy. Subject to the provisions of Section 7 of this Agreement, in situations of double occupancy, a refund of any applicable refundable portion of the Entrance Fee will be paid to the last surviving Co-Resident (or to such Co-Resident's estate or representative), except that, if both Co-Residents die within a thirty (30) day period, the refund will be divided equally and paid to the estate of each Co-Resident. There will be no refund, partial or otherwise, upon the death, permanent transfer, or voluntary departure from the Community of only one Co-Resident. In situations where one Co-Resident is transferred to Community's skilled care center, the charges for care and services in Community's skilled care center shall not be deducted from any remaining balance of the unearned and/or refundable portion of the Entrance Fee.

10.4 Possible Exhaustion of Health Care Reserve Prior to Termination. The refundable portion of the Entrance Fee is subject to the provisions of Section 7 related to the maintenance of the Health Care Reserve. In such event, all or part of the Health Care Reserve may be utilized for payment for nursing and/or personal care services. In the event the Health Care Reserve has been exhausted prior to termination, then no refund of any kind or amount shall be due to Resident or Resident's estate.

10.5 No Accrual of Interest. No interest will accrue to the benefit of Resident on any amounts required to be refunded under this Agreement, including the Health Care Reserve, and no interest will be paid on termination.

10.6 Conditions and Due Date for Refund Payments.

A. Prior to Occupancy. All applicable refunds will be made within sixty (60) days of Resident's request.

B. After Occupancy. Subject to the provisions of Section 7, all applicable refunds will be made within sixty (60) days following the date Community receives payment of the Entrance Fee from a replacement resident who agrees to occupy the terminating Resident's RLU. The Entrance Fee will continue to be earned until the RLU is surrendered. The Resident acknowledges, with reference to refunds described in Section 10, that Community may be unable to immediately locate a replacement resident for the RLU, and the Resident understands that the refund may be delayed until a suitable resident is located. Community will use all reasonable efforts to attempt to locate a suitable replacement resident. Also, Community may deduct the cost of charges for damages and restoration costs from the refundable portion of the Entrance Fee.

10.7 Distribution of Refund upon Death. Refunds, paid in accordance with the time frame specified in Section 10.6(B.), to Resident's estate shall be made to the duly appointed representative of the estate after proof of such appointment is provided to Community in the form of a certified copy of the testamentary letters confirming such appointment. In situations of double occupancy, any applicable refund shall be paid by Community to the estate of the last surviving Co-Resident unless otherwise agreed in writing.

SECTION 11: LIMITED OPTION TO MOVE TO ANOTHER RLU

After occupancy, Resident shall have a limited option to elect to move to another RLU, if and when another RLU becomes available, and in accordance with the terms and conditions set forth in this section. In the event Resident desires to exercise the option to move to another unit, Resident must notify Community in writing of the unit desired during the designated time period as reflected in Community's policy, at which time Resident's name will be placed on a waiting list maintained by Community. Names will be placed on waiting list in chronological sequence based upon the date that Community receives written notification of Resident's desire to exercise the option to move. Resident shall be given priority access to placement on the waiting list for the selected unit over applicants seeking initial admission to Community. Although the waiting list shall be maintained in chronological order, Community reserves the absolute right to give priority access to any resident requesting transfer in order to meet the particular needs of any resident that Community, in its absolute discretion, deems appropriate. The transfer to another unit shall be in accordance with Community's policy.

12.2 Will and Funeral Arrangements. Prior to the Occupancy Date, Resident shall make a will providing for the disposition of Resident's furniture and possessions and appointment of an executor or executrix of Resident's estate, and make funeral and burial arrangements. The name of the executor or executrix shall be provided to Community prior to occupancy. In the event Resident changes the name of the executor/executrix during the term of occupancy, Resident must provide Community with notice of the change and the name of the newly designated executor/executrix.

SECTION 13: RIGHTS AND OBLIGATIONS OF RESIDENT

13.1 Right of Self-Organization. Residents of Community shall have the right of self-organization. A properly authorized representative of Community shall hold quarterly meetings with the organization representing the residents. At least seven (7) days advance notice of each quarterly meeting shall be given.

13.2 Right to Receive Disclosure Statements. Community shall deliver to Resident at the time of the execution of this Agreement, and make available for review at least annually thereafter, the Disclosure Statement required by the Continuing Care Provider Registration and Disclosure Act, Act No. 82 of 1984.

13.3 Guest Privileges. Resident shall have the right to entertain guests in the RLU in accordance with Community's guest policy. Community does not accept responsibility or liability for the guest/visitors to an RLU.

13.4 Rights to Property/Subordination.

A. Contractual Right of Occupancy. The rights and privileges granted to Resident under this Agreement do not include any right, title or interest in any part of the personal property, land, buildings and premises owned or administered by Community. Resident's rights are primarily for services, with a contractual right to occupy an RLU. Nothing in this Agreement shall be construed to create the relationship of landlord and tenant between Community and Resident.

B. Subordination of Resident's Rights. Any rights, privileges or benefits of Resident under this Agreement, including but not limited to the said contractual right of occupancy, are and shall be subordinate to the liens of and rights under any and all existing or subsequent encumbrances, mortgages, deeds of trust or similar encumbrances on any parcel of real property or improvements thereon owned, held or operated by Community, and all amendments, modifications, replacements and refinancings of any such mortgages, deeds of trust or similar encumbrances. This subordination shall be effective and self-effectuating without any further act and without the execution or delivery of any other document by Community and/or Resident. However, upon request, Resident shall execute and deliver any document which is required by Community or any title insurance company, or by the holder or prospective holder of any such mortgages, or similar interests, to evidence or perfect such subordination. Resident understands and agrees that any holder of a mortgage does not assume any obligation, responsibility or undertaking of Community which obligations, responsibilities and undertakings remain those of Community alone.

13.5 Inspection of RLU. Resident shall permit Community, or its agents, or any representative of any holder of a mortgage or similar interest on the property, or, when authorized by Community, the employees of any contractor, utility company, municipal agency or others, to enter the RLU for the purpose of making reasonable inspections and repairs and replacements. Such entry will be made only with reasonable advance notice, except in emergency situations. Community shall have the right to enter the RLU to perform scheduled housekeeping, to respond to the medical alert system, to respond to the fire alarm system, and to perform routine maintenance and for other reasonably necessary purposes having due regard for Resident's privacy. There will be a minimum of one annual maintenance inspection.

13.6 Housekeeping/Housecleaning Responsibilities. Resident shall maintain the RLU in a clean, sanitary, and orderly condition. If Resident does not maintain the RLU in a reasonable manner, Community, after notice to Resident, shall have the right to maintain the RLU, and the cost of such additional cleaning or maintenance shall be charged to Resident.

13.7 Health Insurance and Third Party Payments.

A. Required Insurance. Community expects that some of the cost of medicines, medical or skilled care services or equipment provided for Resident under this Agreement will be paid by present or future federal, state, municipal, or private plans or programs of medical/surgical insurance, including, without limitation, the benefits available through Social Security programs (commonly known as "Medicare A and B"). Resident is required to carry medical and surgical insurance for protection from medical

risks and is required to obtain prior to occupancy and maintain in force at "Resident's expense maximum coverage available under the federal government Social Security Health Insurance program known as "Medicare A and B", or an equivalent policy and at least one supplemental co-pay health insurance policy with Medicare co-insurance coverage for skilled care center care, (commonly known as "medigap" insurance). For a Resident under age 65, a substitute basic insurance coverage policy is required. If proceeds from Medicare and the co-pay health insurance policies are allowable for skilled care or related care provided by Community, those proceeds shall be paid to Community directly if billed directly by Community. Proof of such insurance must be provided at the time of application and prior to admission. In the event Resident fails to maintain in force, because of failure to make premium payments, such health care insurance after occupancy, Community reserves the right to make such payments for purposes of maintaining such insurance in force for Resident's benefit. Resident is obligated to reimburse Community for such payments made on behalf of Resident and the cost of such premium shall be added to and included in the Monthly Services Charge.

B. Assignment of Required Insurance and Third Party Payments. If Resident becomes eligible to receive payments from any third party for services provided under this Agreement by Community, Resident shall at all times cooperate fully with Community and each third party payor so that Community may make claim for and receive any applicable third party payments. Community has the right to any applicable benefits payable to Community under the insurance coverages required by this Agreement.

13.8 Use of Personal or Family Physicians. Resident may employ the service of any physician at Resident's expense. Community will not be responsible for payment of any costs for any medical or health care ordered by Resident's personal physician.

13.9 Personal Property and General Liability Insurance. Resident shall obtain at Resident's own expense, personal property and general liability insurance in such amounts as Community may deem appropriate as detailed in the Residential Living Handbook, and Resident shall provide Community with Certificates of Insurance verifying coverage.

13.10 Reduction of Income or Other Resources. Resident shall make every reasonable effort to meet Resident's financial obligations to Community. Resident shall not transfer control of assets or property for less than fair market value or make any gifts subsequent to the date of application for admission, nor make any transfers or gifts after occupancy, **[**including a transfer of assets to an irrevocable trust, or change the liquidity of Resident's assets in any manner, including the purchase of an annuity**]**, which would substantially impair Resident's ability **[**to fulfill timely Resident's financial obligations to Community**]** or the ability of Resident's estate to satisfy Resident's financial obligations to Community. **[**In the event Resident substantially impairs Resident's ability to fulfill

timely Resident's financial obligations to Community, Community may terminate this Agreement for just cause following an opportunity to cure. If Resident fails to cure or correct the non-compliance within a period as determined by Community and to its satisfaction, then Community may terminate this Agreement for just cause upon thirty (30) days written notice to Resident or Resident's representative. If Resident fails to cure within the afforded time and Community decides not to terminate this Agreement, then Resident shall not have access to or the ability to transfer to another level of care within the Community, and Resident shall not be eligible for financial assistance. Community's decision not to terminate this Agreement shall not be construed as a waiver of its right to terminate at a later date.**]**

13.11 Medical Examinations. Resident must be examined by a qualified physician of Resident's own choosing before occupancy and annually thereafter, and must make the results of the examination available to Community. The cost of all physical examinations shall be paid by Resident. If the pre-occupancy physical examination reveals that Resident is not capable of satisfying the conditions for occupancy of the RLU, Community may terminate this Agreement.

13.12 Responsibility for Property Damages.

A. Responsibility for Condition of RLU upon Termination. Upon termination of this Agreement, Resident shall vacate and surrender the RLU and leave it in as good condition as the date of occupancy except for reasonable wear and tear. If the RLU is damaged beyond ordinary wear and tear, or any unauthorized changes or upgrades are made to the RLU, then the costs of repair shall be the obligation of Resident, and the cost will be deducted from any available refundable portion of the Entrance Fee.

B. Property Damage Caused by Resident. Any loss or damage to real or personal property of Community caused by Resident shall be paid by Resident. In the event of Resident's death, Resident's estate shall be liable for any loss or damage to Community's property caused by Resident.

13.13 Release Regarding Conduct of Other Residents or Guests. Community assumes no responsibility for the conduct of Resident or any other residents, and Resident hereby releases and discharges Community from any claims for injury or damage to Resident or to Resident's personal property caused by the conduct of other residents or guests.

13.14 Responsibility for Resident's Personal Property.

A. Responsibility for Loss or Damages. Community shall not be responsible for the loss or damage due to fire, theft, or other cause of any property belonging to Resident, Resident's estate or Resident's guest, including motor vehicles, unless the care and control of such property is specifically accepted in writing by Community, and then only for willful or gross negligence in failing to safeguard and account for such property. Resident shall have the responsibility, at Resident's own expense, to provide such insurance as Resident deems necessary to protect against any such loss. No personal property insurance is provided to Resident by Community, and Resident bears the risk of any damage or loss to personal property held in storage by Community.

B. Obligations upon Termination. If Resident has become unable to comply with the conditions of occupancy of any living accommodation, or this Agreement has been terminated for any reason, Resident or the duly authorized representative of Resident's estate must remove all personal property from the living accommodation. If the Resident's personal property is not removed by Resident or Resident's representative within thirty (30) days of permanent transfer or termination of this Agreement, the personal property will be deemed abandoned and become the property of Community. Resident or Resident's estate shall be obligated to pay all costs for the removal, storage or disposal of Resident's property. If Resident's property is moved to and stored in a commercial warehouse, SpiriTrust Lutheran shall have no liability or responsibility for Resident's property during the transfer or storage of it.

13.15 Rules and Regulations. Resident shall cooperate fully with Community to maintain the RLU in a neat and orderly manner, and shall comply with all rules, regulations, policies, procedures, and Resident's responsibilities as specified in the Residential Living Handbook. Community's rules, regulations, policies and procedures are subject to change from time to time. All questions arising regarding interpretations and applications of the rules and regulations shall be resolved by the Executive Director.

13.16 Pets. Subject to the payment of a fee, pets, as specified by the pet policy in the Residential Living Handbook, are permitted in the RLUs. The fee is waived for residents requiring seeing eye/assistance dogs. Reasonable accommodations will be made for seeing-eye dogs or similar circumstances.

13.17 Trade, Business or Occupation. Resident may not utilize the RLU to engage in a trade, business, or other occupation without the written consent of Community.

13.18 Keys and Locks. Resident agrees not to install additional locks or gates on any doors or windows of the RLU without the express written consent of Community. If Community approves Resident's request to install such locks, Community will purchase and install the locks at Resident's expense. Resident shall provide Community with a key

to each lock. Upon termination, Resident agrees to surrender all keys to the RLU to Community.

13.19 Rights of Resident are Personal and Non-transferable. The rights and privileges of Resident under this Agreement are personal to Resident and cannot be transferred or assigned. No person other than Resident may occupy or use the living accommodations covered by this Agreement unless approval is obtained in writing from Community. Resident may not assign his/her/their rights under this Agreement.

SECTION 14: AVERAGE ANNUAL COST OF PROVIDING SERVICES. The estimated average annual cost of providing services for a Resident is $_____.

SECTION 15: CASUALTY LOSS.

15.1 Premises Rendered Unfit for Occupancy. If the RLU occupied by Resident or the building in which the RLU is located, is destroyed or so damaged by fire or other casualty so as to render the RLU or the building generally unfit for occupancy, Community will attempt in good faith to rebuild and replace the RLU and/or building with substantially similar accommodations.

15.2 Reasonable Alternate Accommodations. In the unlikely event that Community determines that rebuilding under Section 15.1 above threatens the financial viability of Community so as to preclude replacement of the RLU or building, then Community will strive to develop an alternative restoration plan using its best efforts to locate, identify or provide, if financially feasible as determined by Community, reasonable alternative accommodations for any resident affected by such a catastrophic loss.

15.3 Termination. If Community elects to terminate this Agreement, written notice of termination shall be given to Resident within thirty (30) days from the date of the damage to the RLU.

15.4 Repair. If notice of termination is not given under Section 15.3, or if the damage does not render the RLU unfit for occupancy under Section 15.1, Community shall rebuild or repair the damage to the RLU as soon as reasonably possible for occupancy by Resident, and this Agreement shall remain effective unless the parties may otherwise mutually agree. If Resident is unable to occupy the RLU for any period of time

during any reasonably necessary period of restoration of the RLU, the Monthly Services Charge shall be reduced proportionately, unless a vacant RLU is available for temporary occupancy by Resident. Community shall not be liable for any damage, compensation or claim by reason of inconvenience or annoyance arising from the need to repair any portion of the RLU or building, or the interruption in use of the RLU, or the termination of this Agreement by reason of the destruction of the RLU or building.

SECTION 16: NON-WAIVER OF ACT 82. Any brochures or advertisements describing Community are for the purpose of inviting inquiries only and do not express any contractual or binding obligations or commitments. Resident may not amend this Agreement except by a subsequent written agreement executed by the parties.

SECTION 20: INDEMNIFICATION. Community shall not be responsible or liable for, and Resident shall indemnify, defend and hold Community harmless from any and all claims, losses, damages, fines, penalties, expenses, judgments, reasonable settlements, or lawsuits, including actual attorneys' fees and all costs incurred in defending against any such claims, arising from, directly or indirectly, any injury or death to persons and any damages to property arising from, directly or indirectly, the actions, including but not limited to negligent, reckless, or intentional acts, or other conduct or omissions of Resident or Resident's guests or invitees. Resident's indemnification obligation is payable on demand by Community.

SECTION 21: SUBROGATION. In the event Resident is physically injured by an individual or entity not a party to this Agreement, Resident grants to Community a right of subrogation, and authorizes Community to bring such demands, claims or legal proceedings in Resident's name or on Resident's behalf for purposes of recovering from any third party or third party's insurer responsible for Resident's injury, the dollar value of all care Community provided to Resident resulting from any such injury. Resident shall cooperate and sign any documents necessary to facilitate Community's ability to exercise its rights under this Section.
