

December 5, 2022

Greetings:

In an effort to assist you with the assessment process and to encourage timely and accurate remittance advice forms, we are pleased to provide the 2023 Mcare Assessment Manual (Assessment Manual). There have been no changes made to the prevailing primary premium, specialty classes, or territories. The assessment percentage for 2023 is 19%.

Please be advised that there were no substantive changes from our most recent edition of the Assessment Manual. However, in an attempt to provide clarity, a few revisions have been made. For example, we have added clarification to the Mcare Participation Section. In addition, you may notice that in Section III we have stressed that physicians, podiatrists and certified nurse midwives may not share limits with any other insureds.

As you may be aware, Mcare has a subscription service that is intended to provide up to date information on Mcare reporting by providing occasional emails on pertinent topics. If you would like to subscribe to the mailer, please send an email to RA-IN-Remittance@pa.gov with the subject line "I'd like to subscribe". Your information will not be shared outside of Mcare and you can unsubscribe at any time.

The Assessment Manual does not supersede Pennsylvania laws and regulations and cannot address all possible situations. Users of the Assessment Manual are encouraged to regularly access Mcare's website at <http://www.insurance.pa.gov> for current information. Any questions regarding how the Assessment Manual applies to specific facts should be addressed to your Coverage Specialist.

If I can be of assistance to you, please feel free to contact me at tmummah@pa.gov or at 717-350-5545.

Sincerely,

A handwritten signature in blue ink that reads "Tawny K. Mummah".

Tawny K. Mummah, Esq.
Executive Director
