The Juvenile Court Judges' Commission (JCJC) defines school-related as occurring in the school setting, including in the school, on school grounds, in school vehicles, at a designated bus stop, or at any activity sponsored, supervised, or sanctioned by the school. Failure to Comply charges are not considered to be school-related. Please note that the data reflects delinquency allegations received by a juvenile probation department. Therefore, the data does not include youth cited for summary offenses. It also does not include direct filed youth or youth older than 17 at the time of the offense due to juvenile court jurisdiction criteria. The school-related status of the charge was unknown for 106 allegations, which were excluded from the analysis.
