**ADJOURNMENT**

## **Informational Statements to be included in the Public Meeting Agenda**

### **For ALJ Cases:**

These cases are appeals taken from adjudications rendered by an Administrative Law Judge (ALJ) in citation proceedings initiated by the Pennsylvania State Police, Bureau of Liquor Control Enforcement in accordance with section 471 of the Liquor Code, 47 P.S. § 4-471.

In all of these matters, an administrative hearing has already been held before an ALJ during which the parties were given the opportunity to present sworn testimony and other evidence, as well as to make legal arguments, in support of their respective positions.

The Board must affirm the ALJ unless the ALJ's decision is an error of law, an abuse of discretion or is not supported by substantial evidence. In some instances where noted, it may also be necessary for the Board to remand the matter back to the ALJ for additional action to be taken. In that the Board is acting in its quasi-judicial (appellate) capacity, deliberations on these matters may have already occurred during authorized executive sessions.

The reasoning for any final decision by the Board on these matters will be set forth in a publicly issued written opinion which will be released immediately after the Board session. Any party aggrieved by the Board's decision has the right to pursue an appeal to the applicable county court of common pleas in accordance with the Liquor Code.

### **For Application Matters such as New Licenses, Transfers of Existing License, or Extension of Premises:**

In all of these matters, an administrative hearing - open to the public - has already been held before a Board-assigned hearing examiner. All interested parties, including the applicant, the Bureau of Licensing, and valid protesters and/or intervenors, were given the opportunity to present sworn testimony and other evidence, as well as to make legal arguments, in support of their respective positions. The Board has reviewed the administrative record created before the hearing examiner along with any briefs submitted by the parties, as well as the recommendations made by the assigned hearing examiner and the Board's legal counsel. In that the Board is acting in its quasi-judicial capacity, deliberations on these matters may have already taken place during authorized executive sessions.

In each case, the Board may either vote to approve the application outright, vote to approve the application subject to a conditional licensing agreement setting forth specific conditions agreed upon by the parties and which are reasonably intended to address specific concerns made part of the record, or vote to refuse the application its entirety. For any case in which the Board would like additional time to review the record prior to making its decision, the Board reserves the right to place a hold on such matter in which case "official action" will not be taken until a future Board meeting.

Any party aggrieved by the Board's decision has the right to pursue an appeal to the applicable county court of common pleas in accordance with the Liquor Code, or, in certain circumstances, directly to the Commonwealth Court. In the event that an appeal is filed, the Board, as required by the Liquor Code, will file a written opinion setting forth the specific reasoning for its decision.

**For License Renewal Cases:**

These cases involve applications for renewal of licenses to which the Bureau of Licensing has raised objections. In all of these matters, an administrative hearing - open to the public - has already been held before a Board-assigned hearing examiner. The parties were given the opportunity to present sworn testimony and other evidence, as well as make legal arguments. The Board has reviewed the administrative record created before the hearing examiner along with any briefs submitted by the parties, as well as the recommendations made by the assigned hearing examiner and the Board's legal counsel. In that the Board is acting in its quasi-judicial capacity, deliberations on these matters may have already taken place during authorized executive sessions.

In each case, the Board may either vote to approve renewal of the license outright, vote to approve renewal of the license subject to a conditional licensing agreement setting forth specific conditions agreed upon by the parties and which are reasonably intended to address the operational issues of the licensee, or vote to refuse renewal of the license in its entirety. For any case in which the Board would like additional time to review the record prior to making its decision, the Board reserves the right to place a hold on such matter in which case "official action" will not be taken until a future Board meeting.

An applicant aggrieved by the Board's decision has the right to pursue an appeal to the applicable county court of common pleas in accordance with the Liquor Code. In the event that an appeal is filed, the Board, as required by the Liquor Code, will file a written opinion setting for the specific reasoning for its decision.

**For Noise Exemption Cases:**

These matters involve municipal petitions for exemptions from the Liquor Code provisions dealing with amplified sound. In all of these matters, an administrative hearing – open to the public - has already been held before a Board-assigned hearing examiner during which the parties were given the opportunity to present sworn testimony and other evidence, as well as to make legal arguments, in support of their respective positions.

The Board has reviewed the administrative record created before the hearing examiner along with any briefs submitted by the parties, as well as the recommendations made by the assigned hearing examiner and the Board's legal counsel. In that the Board is acting in its quasi-judicial capacity, deliberations on these matters may have already taken place during authorized executive sessions.

In each case, the Board may either vote to approve the municipal petition for noise exemption outright, vote to limit its approval to a more defined area of the municipality than what is being requested, or vote to refuse the petition in its entirety. The Board must act upon a municipal petition for noise exemptions within 60 days of receiving such petition.

Any party aggrieved by the Board's decision has the right to pursue an appeal to the applicable county court of common pleas in accordance with the Liquor Code. In the event that an appeal is filed, the Board will file a written opinion setting for the specific reasoning for its decision as required by the Liquor Code.

**For All Matters in Which the Board is Acting in its Quasi-Judicial Capacity**

No additional testimony or evidence may be presented by the parties during the Board's public meeting. While the Board reserves the right to allow comments to be made by the public concerning any particular case, this is being done so with the understanding that such comments are not the equivalent of sworn testimony and, thus, will not be given any weight by the Board when rendering its decision. Additionally, the Board is not required to respond to any public comments offered, nor is it required to answer any questions concerning these matters.
